Bible Drama to Be Given Here

Helen Eppert arrived in Wayne this week to begin work on the Bible drama, "The Light Eternal," a dramatization of the most important events leading up to and connected with the giving of the Ten Commandments.

The sponsors said it can be compared only with such productions as the motion picture, "The Ten Commandments," and the famous "Ten Days" play. It is told by a modern grandfather to his two grandchildren, who see the Biblical story portrayed by people wearing authentic costumes. Music also is an important part of the drama.

Both were taken to a Wayne hospital and were released after treatment for cuts and bruises. McCormack, whose home is in Highland Park N. Y., and Rath, who comes from Hooper, are Wayne college students. The car was owned by another student, Rogge Wahl of Concord.

Conservation Awards Given

Immediate urgency of soil conservation measures for Nebraska was stressed by State Senator Norris Schroeder Friday night as Wayne county's conservation leaders were feted at an honor banquet.

Schroeder pointed out that saving the soil must precede many of the improvements Nebraskans are seeking, but that the future is bright if proper steps are taken now.

The senator warned that though the huge river control projects and other spectacular efforts are labeled "conservation," the real job of holding the land must be done on each individual farm.

HE SAID THAT northeast Nebraska's soil has remarkable recuperative powers and that most of the poorer soil can be rebuilt to productivity.

Other speakers on the banquet program were Adon Jeffrey, Chamber of Commerce president; District Supervisor Albert Watson; and Art Lowser, representative of the Sioux City permanent agricultural committee which presented awards to Wayne county conservation winners.

TOP AWARDS went to Roy Day, David Rees and Senator Schroeder.

Names of entrants in the Wayne Herald's prize campaign... Each persons seems to hesitate, thinking that everyone else will be entering while they are thinking the same about them, and in this way the filing of candidates for prizes in the outside district is really pitiful. IT MAKES NO difference how many subscriptions are sold in the territory outside of Wayne county... Candidates do not have to work in any particular district, but instead may take orders anywhere... IF IT IS NOT convenient to come to the Herald office, merely drop us a card or phone 130 Wayne any day between 8 a.m. and 9 p.m. Realize that things do not come to those who merely wish, but to those who come to the office and opportunity when it comes along. Persons do not seem to realize how few subscriptions may win the prizes set aside for persons residing outside of Wayne county, and surely there could be no more pleasant surprise than an calling on friends and acquaintances and giving them a chance to renew their subscriptions at this time and save one dollar. THEN THE CANDIDATES KEEP ONE DOLLAR. COULD ANYTHING BE MORE FAIR OR MORE PLEASANT THAN THIS?

Kiwanis Club Told Lower Supply Fading

Harold Kramer, chairman of the board of managers of the Nebraska public power system, told Kiwanis members Monday that probably by 1952 the present available supply of electrical power would be used up and that the Missouri river development would have to provide the next source of power.

He pointed out that when the public power system was developed, there was a very small outlet for the power they were developing. Today the company must construct steam plants to augment the power they are developing from the hydro-electric plants.

Three officials of the Nebraska public power system, Paul Hampton, Ed Kelly and Ed Lusterick, were guests at the meeting. They were members of the Wayne county public power board. A. G. Sydow, Ed Grubb, Leo Maroz, Lawrence Ring, Alvin Watson and J. G. Swiggart.

The Wakefield second team beat Wayne high's reserve, 8-0 Tuesday afternoon at the college field.

Wakefield's touchdown came after the opening kickoff from a long 60-yard run from Wayne's 40-yard line. The second score was made in the last period when a lead pass from center over the head of Wayne's quarterback into the Blue Devils' end zone for a safety, counting two points.

Later in the first quarter, Reno Pfeil blocked a Wakefield pass, caught it, and ran to the Trojan's eight-yard line. But from there, penalties and losses threw away Wayne's touchdown threat.

Says Communists Inspired California Shipping Strike

Laura Lyons writes from Long Beach, Cal., that she recently visited at the Charles Dellancey home in Eagle Rock. Mrs. Dellancey is a sister of W. E. and Warren Wingett.

While she was there, they went to the open air amphitheater on the high school grounds and enjoyed a community sing. One artist was Hal McBride, a radio tenor, who was accompanied by his wife on the portable piano.

"Added to this international chaotic condition," Miss Lyons writes, "the Los Angeles-Long Beach harbor has been in turmoil. At one time 400 steel-helmeted policemen, all with gas masks and carrying sticks, have been there to quell disturbances. Admittedly this is not a labor dispute, nor is it a dispute over wages or conditions. This is a battle inspired by the communists to disorganize the port and create chaos and confusion." Right now (Sept. 27) the truckers are trying to get gasoline through in the northeastern section of Long Beach.

The correspondent says police has been bad in her county—over 50 have succumbed—but it has not reached an epidemic stage so the schools were opened Monday.

Miss Lyons closes her letter with "best wishes to all—at all times."

Bartels Says Berlin Situation Is Serious

The seriousness of the Berlin crisis was stressed Saturday by Russell Bartels, who spoke to DAR members at the home of Mrs. A. R. Davis.

Mrs. Bartels, who spent 22 months in Germany, told that the consensus of opinion in Europe is that war must come and the only question is when. Industrial production is largely responsible for wars, Bartels noted, and Stalin aims to gain the industry of Europe to match the production of this nation.

Communism is an economy that can be in power only if the entire world follows it, Bartels stated. The masses of people in Europe are against communism and therein lies hope, the speaker found. Help given by this country to those struggling for freedom in Europe is vital now, he said.

Mrs. E. W. Huse and Mrs. F. W. Nyberg, assisted Mrs. Davis in serving.

Mrs. Don Wightman, Mrs. J. G. Miller, Mrs. Harry Larson and Mrs. H. E. Ley entertain Nov. 13.

We'd like to demonstrate this tractor on your farm

We'll bring a Ford Tractor out to your place, without any obligation. And with it, one or two of those good Dearborn Implements, specially made for the Ford Tractor.

You'll find out how easily Ford Hydraulic Touch Control lifts and lowers implements and controls their depth. You can hold your watch while we demonstrate Triple-Quick Attaching of implements. You can get the feel of the easy Ford steering and positive brakes.

Then you'll know why Ford production... over 400 tractors a day... still can't keep up with demand. See this great Ford! Whatever tractor you own, you owe yourself this Ford Tractor demonstration. When can we make it?

Every precaution has been taken to safeguard the interests of participants and absolute honesty in all dealings is guaranteed. However, not all wisdom lies with one man or institution; for that reason an Advisory Board has been selected whose function shall be to decide any question of sufficient moment that might happen to arise during the campaign, and from which a committee shall be selected to act as judges and count the votes the last night of the campaign.

Henry Ley, Cashier, State National Bank, Wayne
Adon Jeffrey, Vice President, First National Bank, Wayne
C. A. Bard, County Clerk, Wayne County

All these men are well known to everyone in this locality, and their decision will be absolute and final.

This newspaper has contracts with the automobile dealers listed on this page whereby the three candidates winning the first three prizes in The Wayne Herald Trade Expansion Campaign have their choice among other prizes of orders of \$600, \$500 and \$400 on new latest model cars. Said cars to be the first received by these dealers for delivery after the close of the campaign of the models advertised. But it is distinctly understood that only one candidate can choose an order on the same car. First winner has first choice, second has second choice, and so on as explained on this page.

New and Renewal Subscriptions

Any subscription going into a home where The Wayne Herald was going at the beginning of this campaign is counted as an old or renewal subscription and votes are credited as such even though it is an entirely different name unless the old subscription is continued and an additional subscription is delivered. Any subscriber who was taking this newspaper at the residence address at the beginning of the campaign and should change to the business address or vice versa will be credited as an old or renewal subscription; unless it is continued at the old address and a new subscription started at the other address. International Control of the Atom

There are at least two ways of looking at the proposal to outlaw the use of atomic warfare.

One is this: If the atomic bomb were outlawed internationally, Russia might be less afraid to attack the United States; hence precipitate another war as soon as the Reds were sure the atom would not be used to bomb them off the face of the earth.

This line of thinking might lead many Americans to favor keeping the atomic bomb, and that leads to the second way of looking at international prohibition of atomic warfare: Atomic know-how is no longer a United States secret; the Russians know about it, too, are working on their own atomic bomb and, indeed, may even have one perfected at this time. Thus, in the event of war, the United States would not be the only nation to use the bomb... it might be used on us, also.

Seen from this angle, it becomes a horrible weapon which the thinking man hopes will never be used again.

Dangerous Months Ahead

Nebraska this year may come very close to accomplishing a noteworthy goal—the saving of 100 lives in 1948.

According to Ed Tinker, jr., executive director of the state safety council, Nebraska had reported 21 highway fatalities for the month of September, a saving of 13 lives for the month, as compared with the previous year, and a total of 55 saved this year.

Tinker said that if the state can maintain the same percentage of reduction the next three months it can come within eight of accomplishing the "Save 100 Lives in '48" program.

But it will require continued alertness, caution and common sense on the part of motorists and pedestrians... cold weather months are nearly here, with ice, sleet and snow to add to the many existing traffic hazards.

Where Do the Road Funds Go?

If all the money raised by highway taxes were spent for road building and improvement, the nation's highways would be in much better condition than they are today. Instead, much of the money is diverted for other purposes. As the Omaha Journal-Stockman says:

"Highway use taxes of different kinds have proved an easy way to sweeten public treasuries. Users have no choice. They have to pay to stay off the roads, and as they pay in dribs and drabs no great resistance is encountered. The result is steadily increased taxes, and whereas the original purpose of such taxes was highway construction and maintenance more and more the revenues thus accumulated are being diverted to other uses.

"In 1946 a total of \$94,579,000 of such taxes was diverted to other uses, and in 1947 the total jumped to \$170,518,000! According to the Federal Public Roads Administration, the state of Rhode Island led the states in such diversion, taking 57 per cent of the road money for other uses; Florida and Georgia grabbed 36 per cent; California, 25 per cent; Texas, 23 per cent; and so on, 31 states being listed in the diversion group. In the meantime the nation's highways are deteriorating faster than they are being built and maintained. The tourist is warned to stay off Highway So-and-So; it's in bad shape.

"Gas taxes, federal, state and even city, license fees, and now toll roads, all combine to take a tremendous sum from the road users of this country. Perhaps not too much. That isn't the point. But it seems only fair and right that all that money should go for highways, and none of it for purposes for which it was not collected."

lift, the advancement of the community." Little did he think when he made that statement that the public library system would still be trying to function under the same set-up, with the same financial support which was adequate for the small libraries first established. Now, 40 years later, with the libraries grown to 10 times their original size, the same amount of tax is supposed to keep them functioning, while the demand for books multiplies yearly. If libraries were worth establishing in our country in the first place, then is it not worth while to see that they continue to operate and continue to be that widening influence for the advancement of the community? Whose responsibility do you think this is?

How's Your Bridge Game?
Now that the cooler evenings are here the bridge games will be reviving and of course you know that some of the rules have been changed during the past year. Ely Culbertson has written a new book which he calls Contract Bridge for Everyone, which is a complete book of instruction with a digest of the new official laws. If you want to settle any arguments come in and check up on the rules.

Wildcats Set for Peru Prep Thumps After Wesleyan Loss Crofton High

Wayne's Wildcats will travel this weekend to Peru to tangle with their traditional rivals, the Peru State Bobcats, on Saturday at 2 p.m.

The game is Peru's homecoming. Two bus loads of Wayne students will make the trip in addition to the Wayne State band which will go to Peru by bus, also. Several carloads of students and townspeople are also expected to make the trip.

Last year Wayne and Peru fought to a 0-0 deadlock at Wayne's homecoming. Peru leads the Nebraska College conference as a result of its 24-2 win over Millard college last week and Wayne's loss to Nebraska Wesleyan 12-0.

However, the Wildcats will be at full strength and determined to bounce back toward conference leadership.

NEXT HOME GAME of the Wildcats is the homecoming tilt on Oct. 16 against York college. The Wayne "B" squad will meet the Morningside college "B" team in an afternoon game on Monday, Oct. 18. Home finale will be with Kearney State on Oct. 29.

In a bruising game, Nebraska Wesleyan last Saturday posted a 12-0 defeat on the Wildcats who could not muster the stamina to offset the powerful reserve strength of the Plainsmen.

The game was well played and hard fought with both teams displaying good generalship and determined play.

Center Cliff Squires and Gordon were the Wesleyan defensive mainstays. Mercer sparked the offense.

THE KICKING of Jim Strahan, top end play of Jim Strahan and Gene Metz, stood out for the Wildcats. Guards Rex Johnson and Fred Arnold were defensive standouts.

Blue Devils Lose To Trojans, But Are On Upgrade

(By Paul Egan)

The Wakefield Trojans downed Wayne High, 18-0, Friday night at Wayne in a non-conference game.

The first touchdown came in the middle of the second quarter from a drive spearheaded by the passing of Quarterback Bill Anderson and the running of Halfback Harold Hypso and Fullback Dick Pospisil. An eight-yard pass from Anderson to Hypso in the end zone topped it off. Hypso failed to convert and the score remained at the half.

ON THE OPENING kickoff at the beginning of the third quarter, Wayne fumbled and Wakefield recovered on the Blue Devils' 19-yard line. The next play gave the Trojans their second score when Hypso, with excellent blocking, ran around right end into pay dirt. The kick for extra point was wide but Wakefield had widened their margin to 12 points.

The Blue Devils started rolling after this score but were stopped when Left End Ralph Conner intercepted Quarterback Don Tietgen's pass and ran to Wakefield's 40-yard line before Left Tackle Ted Horrell nailed him for Wayne. A pass by Anderson and a run by Left Half Larry Ring put the Trojans in scoring position on Wayne's seven. Three plays later Hypso flowed around his left end from the one-yard line to make the last score.

DECIDED improvement has been made in blocking and tackling for Wayne. Linemen Ronald Mann, Ronnie Willers and Game Captain Harold Corzine played heads up defensive ball, while Backs Dean Brindley and Don Tietgen sparked the offense. Several freshmen also saw game action in Friday's battle. Reno Pfeil and Don Tietgen make up the injured list. Pfeil was shaken up slightly while Tietgen received a broken nose, but both

Blue Devils Lose To Trojans, But Are On Upgrade

(By Paul Egan)

The Wakefield Trojans downed Wayne High, 18-0, Friday night at Wayne in a non-conference game.

The first touchdown came in the middle of the second quarter from a drive spearheaded by the passing of Quarterback Bill Anderson and the running of Halfback Harold Hypso and Fullback Dick Pospisil. An eight-yard pass from Anderson to Hypso in the end zone topped it off. Hypso failed to convert and the score remained at the half.

ON THE OPENING kickoff at the beginning of the third quarter, Wayne fumbled and Wakefield recovered on the Blue Devils' 19-yard line. The next play gave the Trojans their second score when Hypso, with excellent blocking, ran around right end into pay dirt. The kick for extra point was wide but Wakefield had widened their margin to 12 points.

The Blue Devils started rolling after this score but were stopped when Left End Ralph Conner intercepted Quarterback Don Tietgen's pass and ran to Wakefield's 40-yard line before Left Tackle Ted Horrell nailed him for Wayne. A pass by Anderson and a run by Left Half Larry Ring put the Trojans in scoring position on Wayne's seven. Three plays later Hypso flowed around his left end from the one-yard line to make the last score.

DECIDED improvement has been made in blocking and tackling for Wayne. Linemen Ronald Mann, Ronnie Willers and Game Captain Harold Corzine played heads up defensive ball, while Backs Dean Brindley and Don Tietgen sparked the offense. Several freshmen also saw game action in Friday's battle. Reno Pfeil and Don Tietgen make up the injured list. Pfeil was shaken up slightly while Tietgen received a broken nose, but both
