More Farmers Signing Up for 1949 Program Increase in Corn Acreage Expected in Wayne County

Although weather and road conditions have prevented completion of sign-up work, more Wayne county farmers will participate in the 1949 farm program than last year.

Chairman Thomas P. Roberts of the county AAA said Tuesday that about 60 percent of the farmers in the county have signed for 1949. The total to date already is greater than the number participating in 1948.

Roberts expects the number of 1949 signers to be increased substantially in the next couple of weeks through the rescheduling of sign-up meetings.

The new schedule of meetings follows: Saturday, March 26—At the Wayne AAA office for Brenna, Plum Creek, Hunter, Wilbur and Strahan precincts.

Tuesday, March 29—At Fleece's cafe, Winslow, for Brenna, Hancock, Chapin, Deer Creek, Sherman and Wilbur precincts.

Wednesday, March 30—At the Farmers State bank, Carroll, for Garfield, Chapin, Deer Creek, Sherman and Wilbur precincts.

Meetings also will be arranged in Sholes and Hoskins. Dates will be announced next week.

MEANWHILE, ROBERTS said planting plans of Wayne county farmers indicate a larger acreage of corn in 1949 than was planted in 1948.

"THIS," HE SAID, "is an idea that should be corrected." This chairman declared that information received at the PMA office indicates that 1949 acreage will not be considered in establishing crop bases if production controls become necessary in 1950.

"Farmers who increase their corn acreage in 1949 for this purpose will simply be aiding in bringing about the necessity of production controls," he concluded.

Funeral services were held Sunday afternoon at the Beckenhauer chapel for George Wilkins, who died in Wayne March 17 at the age of 76.

Survivors are two daughters, Mrs. Hazel Nuppen of Huron, S. D., and Mrs. Ida Aikin of Redondo, Calif., and several grandchildren. None was able to come for the rites.

Grace Lutheran Congregation Welcomes Pastor and Family

In a solemn service of installation Sunday afternoon, Rev. E. J. Bernthal of Sheridan, Wyo., became pastor of Grace Lutheran church in the presence of a city audience of parishioners and visitors.

Rev. W. E. Homann of Bancroft, president of the northern Nebraska district of the Lutheran church, Missouri synod, preached the sermon and officiated at the installation rites.

The board of elders, composed of Otto Heithold, Frank Longe and Ray Langemier, received the new pastor in the name of the congregation.

FOLLOWING an organ prelude played by Alma Tempe, the choir, under the direction of Rev. H. M. Hilpert, sang "We Bid Thee Welcome in the Name of Jesus."

In his sermon, based on John 20:21, Rev. W. E. Homann pointed out the importance and the divinely imposed responsibility which the call of the Christian ministry entails.

ASSISTING in the installation rites were Rev. D. A. Gimbel, Rev. Fred R. Lammert, Rev. M. F. Scheips, Rev. H. A. Hilpert and H. W. Robert, all of Norfolk.

A dinner was served at 6:00 in the undercroft of the church to some 400 guests. Mrs. Raymond Langemier, Mrs. Frank Longe, Mrs. Otto Saul, Mrs. Emil Otte and Mrs. Carl Wolters served as the committee on arrangements.

"Farmers who increase their corn acreage in 1949 for this purpose will simply be aiding in bringing about the necessity of production controls," he concluded.

National Guard Has Inspection Slated Today Evening Part of Program Is Open To Wayne People

Wayne National Guardsmen will be at their military best today (Thursday) when they stand their first annual federal armory inspection for officers from the inspector general's department of Fifth army headquarters.

Officially designated as a service battery of the 568th field artillery battalion, Nebraska National Guard, the local unit has been in existence less than a year, but has developed into an organization which is determined to impress the federal inspectors with the proficiency and skill has attained.

The battery's first sergeant, John Knipping, said the Guardsmen have been "working hours of overtime in preparation for their inspection." It will be a new experience to many Guardsmen.

The inspection will begin at 2:00 this afternoon when the army officers make a thorough check of the armory, records, equipment and other routine matters.

TONIGHT at 7:30 the battery will be inspected, and this part of the event is open to the public. During the evening, Guardsmen will hold regular training classes as a demonstration of what they are learning.

PERSONNEL of the Wayne National Guard unit consists of three officers, a warrant officer and 51 enlisted men. Commanding officer is Capt. Robert Nelson, who was assistant company commander during the week-end maneuvers at Ft. Belvoir, Wyo.

Enlisted personnel includes veterans of World War 2, college students and several local young men. Sponsoring organizations hope to encourage spontaneous singing and instrumental groups in celebration of music week.

Music week was organized in Wayne under the leadership of Leon Eezy when he was head of the college music department in 1926. He led in the formation of a Wayne music association which sponsored Music week.

Mrs. Lawrence Ring Tries Ride in an Ox Cart

The women on the farm women's tour of Europe have had a chance to use almost every type of transportation on their trip. Last week, they tried one of the oldest forms—the ox cart.

Strictly speaking, they rode in an ox wagon when they visited the farm of George Helmrich just outside of Nurnberg, Germany.

Peter Helmrich, son of the farm owner, is shown taking some of the women for a spin around his father's farm. The women are (left to right): Mrs. S. O. Knudson of Sioux Rapids, Ia., Mrs. J. J. Meyers of Carroll, Ia., Mrs. Oliver Jewett,

of Isabel, S. D., Mrs. Lawrence Ring of Wakefield, Neb., Mrs. Hattie Giese of Dunlap Ia., Mrs. Ralph A. Olsen of Ellsworth, Ia., Mrs. Louise Pitka and Mrs. Florence Steffy, both of Montezuma, Ia.

The American women visited farms in Bavaria and compared their ways of agriculture with those of the middle west. Cattle looked sleek and fine, but as one woman said, "they give so little milk it doesn't seem worthwhile to take the time to milk them. Where one of our cows gives two gallons, a German cow gives only two quarts."

They found that farm labor in nearly all western European countries was cheap and plentiful. Many laborers prefer farm work because of the increased food rations on a farm.

Mary Foster, director of the tour, is making radio recordings while in Europe, and air-mailing the transcriptions back here for broadcasting.

(Mrs. Ring and other members of the tour returned to the U.S. this week. Another article, written by Mrs. Ring in Zurich, Switzerland, appears in today's Wayne Herald.)

William Broscheit, 82, resident of Wayne for 51 years, died at his home Saturday morning after an illness of only a few days. Mr. Broscheit was a brick mason and had operated a general repair shop in Wayne for many years.

Funeral services were conducted Tuesday afternoon at the Beckenhauer chapel with Rev. S. K. de Freese in charge. Mrs. Edwin Bahe, accompanied by Mrs. Martin Ringer, sang "The Old Rugged Cross" and "In the Garden." Pallbearers were Eph Beckenhauer, Carl Lueders, Bill Peters, Herman Lundberg, Chris Lueders and Walt Mjller. Burial was in Greenwood cemetery.

Mr. Broscheit leaves two children, Edward and Mrs. Hertha Hatfield, both of Wayne; two grandsons, Erwin and Harold Hatfield; and two great-granddaughters, a sister, Mrs. W. E. Roggenbach of Wayne, and a brother, Emil Broscheit of Denver, also survive. Mrs. Broscheit died in July last year.

Plans are underway for a two-day Fourth of July celebration to be held in Wayne July 2 and 3. Al Bahe, who has been in charge of preliminary arrangements, said Wednesday that the program will include a stage show, baseball and a midway. Prospects are also bright for midget auto racing.

Wayne State Teachers college, the state board of vocational education and the Wayne Chamber of Commerce are planning a course in window decorating and display which probably will begin next week.

All local business men and women and employers desiring to take part in the program of instruction are asked to notify the Chamber of Commerce office immediately. The enrollment will be restricted to those who enroll first will have precedence.

The course will be taught by Jake Erskine, who is owner and operator of the Erskine Display agency in Sioux City and who has been display head of several large department stores.

The program is being set up by Cecil Stanley, state superintendent of distributive education.

Annual District Event Scheduled Here Saturday

24 Schools Enter Day-Long Event At Wayne College

Students from 24 northeast Nebraska high school will participate in the annual declamatory and one-act play contest at Wayne State college Saturday.

Nearly 200 students will compete in oratorical, dramatic and humorous readings, original oratory, extemporaneous speaking, radio newscasting, poetry reading and discussion. The last three divisions are new this year.

Twelve of the schools also will present one-act plays. The schools are divided into A and B divisions, according to enrollment. Many of them have held local elimination contests. Winners are competing in the district meet here.

LeRoy Laase, William Dempsey and D. S. Williams of the University of Nebraska will serve as judges. The schedule of the performances follows. The number listed after class denotes the number of entries.

Library Election Likely in May A bond to cover the cost of a special election for the proposal to improve and enlarge the Wayne city library was filed Tuesday with the city clerk. A petition asking the council to call the election was filed March 12.

The council now must approve the bond, pass a resolution setting the date of the election and publish an election notice. These matters will be considered at the council meeting next normal evening.

The election probably will be held early in May. The state legislature's education committee Tuesday approved and sent to general file a bill to authorize Nebraska's four state teachers colleges to grant liberal arts degrees.

The measure, L.B. 294, had undergone several changes since it was originally introduced. Before being amended, the bill would have permitted the schools to issue any degree now granted by any other college or university.

The bill is now ready for action by the legislature. Dr. Russell Rundquist, who has been associated with Dr. Walter Benthaugh for the past several months, left Wayne Sunday. He and Mrs. Rundquist plan an extended vacation in the south before choosing a new location.

Dr. Rundquist Leaves Wayne Dr. Russell Rundquist, who has been associated with Dr. Walter Benthaugh for the past several months, left Wayne Sunday. He and Mrs. Rundquist plan an extended vacation in the south before choosing a new location.

Move to Wayne Mr. and Mrs. Herman Kling, formerly of Winslow, have moved to Wayne, their home is the former Mrs. Charles Shultheis property at 720 Main, which they bought.

The Weather Lincoln—Following is the U.S. weather bureau's extended forecast for the period from Thursday through Sunday: Temperatures will average 4 to 8 degrees above normal; warmer in the eastern section Thursday and Friday; by colder Friday and in the eastern sections of the district Saturday with rising trend again Sunday. Precipitation average near normal, about .10 to .25 in Nebraska. Precipitation will occur mostly as rain.

Henry Victor Returns Home— Says Germans Fear Russian Onslaught

Henry Victor returned from Germany Saturday with the declaration that the German people in the western zone fear the day when the American and British occupation forces may pull out and leave them to face the Russians.

The Wayne man, who spent a month visiting his mother in Bieren, Germany, said the Germans believe that if the Allied forces leave, the Russians will immediately occupy the rest of Germany and sweep on through all of Europe.

The people at Bieren, located only 10 kilometers from the Russian zone, live in mortal terror of the Russians, Mr. Victor said.

The trip was made by airplane and Mr. Victor said the service on the Scandinavian airliner was superb. The 48-passenger plane with a crew of 6, made the trip from New York in 17 hours and 10 minutes. This did not include a 30-hour delay in Scotland because of poor flying conditions over Oslo, Norway, the next stop.

NO TROUBLE was experienced at all during the trip, but Mr. Victor did encounter plenty of trouble which almost forced cancellation of the entire trip. Before he could clear his passport, it was necessary for Congressman Karl Stefan to intercede for him with officials in Washington, D. C. It took just a few hours to get the go-ahead, but those few hours were uneasy ones for the prospective traveler.

One of the main reasons Mr. Victor made the trip at this particular time was so that he could be with his mother on her birthday. He had given up hope of getting to Bieren on time after his delay in Washington and again in Scotland, but when he finally arrived at her home, he discovered he had had the wrong date in mind and that her birthday was not until three days later. This was his first trip back since 1934, when he spent two months there. He first came to America in 1923.

HIS MOTHER lives on a farm with his four sisters, a hired girl and a hired man. They raise wheat, rye, oats, potatoes, beans, a few milk cows, pigs and chickens.

ens. They also raise vegetables for themselves, some of which they store away for the winter.

Eggs are very dear and sell for about 40 German pennies each, or about 8 for an American dollar. That is not an unusual price over there, since everything is "outlandishly" high. The present rate of exchange is the equivalent of 100 pennies for one dollar. That is in the banks, however, since the black market, which now deals almost exclusively in money exchanges 10 marks for a dollar.

Another instance of high prices is that of cigars, which still sell for about \$1.50 per pack. Before Mr. Victor left the states, he sent ahead some packages, one of which contained two cartons of cigars which he intended for his own use. When he arrived in Germany, he found that the cigars had been confiscated and that he could not convince them that he merely wanted them for himself and finally resorted to help from the American consulate. His appeal was granted, and the cigars were returned.

A TYPICAL MEAL in most German homes consists of meat and potatoes. No bread or coffee is served at meal time. What coffee they do have is a substitute, made from barley. If one has the money to buy real coffee, which is a poor grade, the cost would be around \$1 for enough to make three cups.

Mr. Victor's family was almost disbelieving when he told them of the contrast of their bread to ours. Over there they carry a long load of bread on their own backs, and the sugar is limited to one-half pound per person per month. Mr. Victor's family were looking forward to the day when they could once again have rice with cinnamon, and cocoa, two luxuries which they haven't enjoyed since the war. Tea and chocolate candy are also on the "not to be gotten" list. Soap, once very scarce, is available again, but only the kind which does not lather very well.

TAXES in Germany are as high as wages are low. The average working man makes only 100 marks a day, or around \$1.50. Food and clothing are available to the consumer, but the consumer doesn't have the money to buy them. Fuel is scarce and coal is still rationed. It was unthinkable to them that we should have a car, and have a tree sawed down and hauled away for the wood because no one is willing to do the work. Every little twig and branch is valuable to them as firewood.

Many of the public buildings are not heated; none of the saloons are electrically lit, and the rationing after a fashion. For a time, the German people were only allowed to use their electricity for an hour during the day for washing, and only until 7:00 at night. Fortunately the winter there has been very mild without any frost.

EVERY AMUSEMENT is very expensive in Germany, and only a few people can enjoy the theater or dances. Everyone looks forward to Sunday and the free football games. One finds two radios for about every 10 houses, and the restricted use of electricity also restricts the use of the radio. Mr. Victor's family gets a lot of enjoyment out of the phonograph, and he plans to make some records over here to send to them.

Paper is very scarce and consequently newspapers are rationed. The Victor home takes a newspaper which is issued twice a week and whose two pages are only about three-fourths the size of a Wayne Herald page.

MR. VICTOR reports that war damage is still in evidence in many places. In Hanover, for example, he says that there are still thousands of bodies under the debris which have never been uncovered. There is very little building in progress because of the lack of money.

He has created a very serious housing problem. Most of those whose homes were bombed, in addition to many thousands of refugees, have crowded into the available housing, sometimes as many as seven to one room. This is true on farms as well as in the city.

Some of the stories of the war which Mr. Victor discussed with his people appeared nearly like fantastic tales to them, because they were never told the truth about the war. Buchenwald and Dachau were just places to them with a horrible name, and they came with which we regard them.

Some manufacturing is again carried on in Germany, but only of such articles as farm machinery, household articles and cigars. A cigar factory, located not far from the Victor home, uses only American tobacco.

WHEN ASKED if the German people would like to come to America to live, Mr. Victor said yes, but only those between the ages of 15 and 40. The older ones are content where they are, in spite of all the hardships they have endured and still endure.

Mr. Victor had promised Congressman Stefan that he would pay him a return visit when he got back to the states, but he says his homesickness got the best of him and he came straight from New York to Wayne. Already he is planning a return trip, in about five years, and next time he'll take his wife and perhaps some of his family with him.

The enrollment to date totals 160, including 92 boys and 68 girls. The 1949 goal is 250 members, and the extension service hopes to enroll 300 members in 1950. Enrollment last year was 205.

The extension office asks all boys and girls and parents who wish to organize a club this year to inform the extension office in the near future.

Wayne County's California Picnic Slated April 24

The annual Wayne county picnic for Californians will be held at the Houghton park clubhouse, North Loop Beach, on April 24, according to word from Laura Lyons, secretary. The clubhouse is on Atlantic boulevard, just south of Artesia boulevard.

The association has reservations for the clubhouse from 11 a.m. to 4 p.m. Dinner will be served promptly at 12:30. There is a playground for children.

The presidents, Mr. and Mrs. Ralph Ingham, and Dr. J. T. Anderson are going to show movies at 2:30 which were taken at previous picnics and at the Wayne State Teachers college and downtown Wayne.

Miss Lyons says she has addresses of 100 former Wayneites in southern California and knows of several more but does not know their addresses.

There were two large pictures in the Long Beach Press-Telegram Tuesday, writes Miss Lyons March 17, "showing the mile-wide Elkhorn and a deer stranded in the swirling waters at Ta-Ha-Zouka park in Norfolk. I have been so interested in every account and picture of snow in the Wayne vicinities, and thought of the farmers moving March 1. That was the main topic of conversation at the Nebraska picnic in Bixby park, Feb. 26.

"It was a raw chilly day so I only saw a few kids at the registration table. On the program for that day was a good 11-piece children's accordion band and an excellent address by Joe Leedom, former member of the Nebraska state legislature from Gordon. Our Mayor, Burton Chace, formerly of Stanton and Wayne, welcomed the picnicers."

Both Traffic and Accidents Up as Highways Open

Lincoln—Nebraska drivers, on being released from their jail of snow, are making up for lost time both in miles traveled and traffic deaths. The Nebraska Safety Council said today.

Nebraska chalked up 12 fatalities in the first 15 days of March, almost one a day. The state already exceeds by four the number of fatalities experienced during the entire month of March last year.

At this rate, the report continued, traffic deaths during March of this year may well exceed the total recorded for all of January and February when there were 15.

"These spring-like days often lull us into a feeling of self-satisfaction which can be and often is fatal," Horace Crosby, president of the council said. "It is a relief to see winter on the way out, but let's not kill ourselves for joy, simply because spring is approaching," Crosby concluded.

Rural School Boards Convene in Norfolk

The annual meeting of the Nebraska Rural School Board association will be held March 30 at the Norfolk Junior college in Norfolk.

Wayne O. Reed, state superintendent of public instruction, will be the speaker in the afternoon.

The business session will include the election of a president and treasurer, and a possible change of name for the organization which would combine the offices of secretary and treasurer.

Otto Ulrich of Wayne county is vice president of the state group.

Meyer Reports on Small Business Poll

Elmer Meyer, chairman of district 7 in Nebraska of the National Federation of Small Business, has received the results of a ballot by the membership on six issues before congress.

The ballot showed 90 per cent of the membership against plans for establishment of a national fair employment legislation agency, 89 per cent against compulsory national health insurance, and 50 per cent wanted relaxation of government controls over consumer credit.

On specific legislation, 80 per cent favored the Patman chain-store taxation bills, 85 per cent asked favorable action on the Murray-Patman tire bill which would force tire manufacturers to stop selling at retail in competition with their own dealers and other independent merchants, and 89 per cent favored the O'Mahoney-Kaufman bill granting the federal trade commission power to prohibit monopoly-producing mergers.

Reschedule Kiwanis Birthday Dinner

The anniversary dinner of the Wayne Kiwanis club will be held April 25 in the Wayne State Teachers college dining room. Kiwanis club members in South Sioux City, Norfolk, Albion and Fremont have been invited to attend.

Speakers will be Bernard T. Caine of Sioux City, governor of this Kiwanis district, and Harvey Owen of Fremont, lieutenant governor.

The anniversary party was originally scheduled for Jan. 31 but was postponed because of bad weather.

Schedule Drivers Tests

A patrolman will be at the courthouse Thursday afternoon to give examinations for drivers licenses.

Toastmasters Club Hears Brief Talks

Short talks were given by Charles McDermott, Don Kanzier, Adon Jeffrey and Herb Kollmorgen at the regular meeting of the Toastmasters club Monday evening.

Dick Slagle served as toastmaster and Milo Dier was topic master. Chief evaluator was Alan Sandahl, and John Dier, Roy Corryell, Don Warner and Elmer Meyer were critics. Herbert Perry was a guest.

At the next meeting, a representative will be chosen for the district speaking contest to be held sometime in May.

Resigns Position

Dorothy Reinhardt, who for the past two years has been employed at the State National Bank here, has resigned her position as of March 31. She has accepted a position in Lincoln, beginning May 1.

Engine Nearly Ready for Test

Conversion of the municipal light plant engine to the dual fuel system (natural gas or fuel oil) is progressing. Barring unforeseen developments, it is expected the engine will be ready for a test run the latter part of next week.

To Enter State Guard Contest

The local National Guard battery is completing arrangements to enter Dorothy Bilson, recently chosen as "Miss Wayne National Guard," in the "Miss Nebraska National Guard" contest at the annual military ball in Lincoln April 16.

Postpone Tourney Second Round

Because of muddy roads, the remaining games of the grade school basketball tournament have been postponed until Saturday. Semi-finals will begin at 1 p.m. The Winside team came to the games Tuesday night in a trailer pulled by a tractor. They were met at the corner three miles south of town by Paul Rogge, Ed Babe and Carl Meyer, who brought them into Wayne.

The ride didn't affect their accuracy at the basket, as they romped over the Wayne "X" team by the score of 28 to 8.

Play First Round Of Third Annual Junior Tourney

Eight northeastern Nebraska junior high basketball teams completed Tuesday in the opening round of the third annual junior tournament at the Wayne city auditorium. Semi-finals and finals were scheduled Wednesday afternoon and evening.

In the opening game Tuesday, Pierce scored 6 points in the last minute of play to nose out Dixon, 26 to 25. F. Price scored 10 points to lead the winners, and Kuhl counted 20 for Dixon.

Wayne high's "O" team took an easy win over Wakefield, 25 to 8. Atkins garnered 12 points for Wayne, and Shellington netted 5 for Wakefield.

Concord eliminated Wayne prep in the third game, 20 to 14, as Reynolds dumped in 10 points to keep Concord safely in the lead throughout the tilt. Perry led Wayne prep scoring with 5 points.

Final encounter of the evening saw Wayne high's "X" team lose to Winside, 25 to 8. Vic Forth netted 4 points for Wayne, while Dittman paced Winside with 8.

Six Students at Wakefield Take Scholarship Tests

Six Wakefield high school students who are in the top percentile scholastically, took the examination Monday for Regents scholarships to the University of Nebraska. They were Bill Anderson, Leona Anderson, Ralph Conner, Marjean Borg, Marguerite Wiberg and Harriet Fischer.

Wakefield's grade school basketball team was runner-up in the annual Dixon county grade school tournament held in Allen last Thursday and Friday. Dixon was the winner.

Students from Wakefield high school who will enter the district declamatory contest in Wayne Saturday, and their divisions are: Marjean Borg, extemporaneous; Harriet Fischer, dramatic; John Nelson, oratory; Belva Manske, humorous; Leona Anderson, poetry; and Marguerite Wiberg, discussion. Mary Ellen Kingsbury is the teacher.

The senior class play, "Apple Blossom Time" is scheduled for Friday, April 29. The cast has been practicing under the direction of Miss Kingsbury.

Music students are busy preparing solos and group numbers for the district music contest to be held April 8 and 9 in Wayne. Jacqueline Helleberg is music director.

Mud Temporarily Stops Concert by Lutheran Choir

The 45-voice Lutheran student choir of the University of Nebraska, which was set up by congress in 1921 as a part of the legislative branch to aid the disbursements of the federal government, is one of very few government agencies which not only pays its own way but also makes a substantial contribution to the treasury each year and saves additional sums by the deterrent effects of its work. In the last eight years this office has collected back over \$608,000,000 which had been improperly paid out by various government offices.

The program was scheduled for 2:30 but was delayed for two hours because of mud. The choir sang in Oakland during the morning and in West Point that evening.

Members of the Wakefield members of the choir served a lunch in the parsonage following the program.

When the present comptroller general, Lindsay C. Warren, took office in 1941, annual appropriations for the entire government were about 17 billion dollars. For the present fiscal year they are nearly 42 billion. Since April, 1946, when the general accounting office reached its peak employment, it has reduced its own personnel by 3,400 persons. On Feb. 1 this year its employees numbered 9,499. During the last five fiscal years, this office has returned unused \$13,000,000 of its appropriations because it was unable to obtain the type of employees needed.

The general accounting office is one of the few government agencies that does not have a press agent. Mr. Warren says that during the past fiscal year his office audited over a year's payments by all departments; settled more than 550,000 claims; settled more than 62,000 fiscal officers' accounts; made 429 legislative reports to congress; rendered over 12,000 decisions; examined more than 800,000 contracts; visited 1,165 offices in 395 cities on inspections and surveys; and audited the multibillion dollar operations of the postoffice department.

The United States has 42,000 postoffices, 32,000 rural routes and 12,000 star routes. The average rural mail route is 50 miles long. Some run as high as 90 miles in length.

The postoffice department took in \$1,411,000,000 last year—the highest amount in postal history. More than 40 billion pieces of mail weighing 10,400,000,000 pounds were handled. However, the department is operating in the red. It wants \$1,540,000,000 to run itself next year. The postmaster general says postal rates will have to be increased in all categories before revenues equal expenditures.

Members of congress were invited to a celebration this past weekend "opening the gates" of Oak Ridge, Tenn., as an American-type city without restriction as to who may enter or leave. This ended security and entrance restrictions which had been in effect for 6 years. Arrangements in connection with the celebration showed possibilities of atomic energy in various fields. Publisher of the new daily newspaper in this wartime city is Alfred G. (Scoop) Hill, who has been connected with the ownership of several papers in Kansas and Nebraska, including the Fremont Guide and Tribune.

Ralph A. Van Orsdel, a former Nebraskan, recently was honored at a number of functions here for his years of service as vice president and general counsel of the Chesapeake and Potomac Telephone Co. of Washington, from which he has just retired. Both he and Mrs. Van Orsdel, the former Esther A. Hunter of Fremont, are graduates of the University of Nebraska. Mr. Van Orsdel practiced law in Omaha before coming to Washington in 1930.

Lloyd Bradford returned home from the hospital Saturday. He is getting along satisfactorily.

Several Wayne county 4-H club members plan to attend the stock loss prevention program in Sioux City Wednesday, March 30. Five members of the Pleasant Valley club are making arrangements to be there, and the Blue Ribbon Winners and Brenna Go Getters also expect to be represented.

The morning program will include a tour of the packing plants.

Man Injured as Truck, Car Crash

Melvin Doescher, West Point, suffered cuts and bruises to his hands about 8:10 p.m. Monday in a car and truck collision 4 miles southeast of Wisner. He was taken to West Point for treatment.

Patrolman Clarence Mayhew of Wayne, who investigated the accident, said Doescher had gone to the farm of a Mr. Carloff to help the latter get his car out of the ditch where it was stuck in the mud. Doescher parked his car on the pavement shoulder while they were working on the Carloff vehicle, and after they succeeded in freeing it from the mud, Carloff invited Doescher to drive to town with him, meanwhile parking the Doescher car in Carloff's lane.

As Doescher turned around to drive into the lane, the truck driver, James Hanson of Butte, coming from the east, was blinded by the lights of Carloff's auto and crashed into Doescher's car, Mayhew reported.

The Doescher car was demolished, and damage to the truck was estimated at \$800, the patrolman said.

Mrs. Ring Tells of Vatican City Trip

Zurich, Switzerland—Continuing on from Rome, where our audience with the Pope was an event long to be remembered. At 11:00, March 4, we went by bus to Vatican City, where we saw the Sistine chapel and the private museum of His Holiness which faces St. Peter's cathedral. Each of these is beautiful beyond description and very large. Swiss guards, in colorful uniforms designed by Michael Angelo, paced before the entrance of the room in which we waited.

Dressed in black, we stood in a semi-circle and held rosaries which were blessed as the shock hands with each and spoke a few words. He also pronounced a benediction upon our dear ones and prayed. Gentle in word and expression, we were impressed with his humility.

LATER IN THE day we heard talks by Col. Andrew Berding who is agriculture director of DRP in Italy, the president of the League of Voters and the president of the Business and Professional Woman's clubs. We attended a tea in the Berding home later when several

Italian notables were met and enjoyed.

The following day we went on to Florence, called the most beautiful city in Italy. Many leather goods, linens and souvenirs were purchased here by members of our party. We suffered from the cold while there.

One of the places of interest we saw was the famed Picti palace, built by a family in the 15th century. It is 400 yards long and contains 800 rooms. Many of the original furnishings are still in place. There is much Florentine mosaic in priceless tables one of which required 14 years work and contained petrified wood from Arizona. The building is now used as an art gallery. In it we also saw the original Madonna of the Chair, the painting which toured the United States in 1939 and 1940 and was insured for 20 million dollars.

WE SAW THE burial places of Michael Angelo, Rossini, and Amerigo Vespucci, and that of Galileo who discovered the earth's motions. Enroute to Verona, where we spent the night, we stopped at Bologna a few hours and enjoyed tea and pastries. Passing through Brenner pass, so familiar to many service men, we were thrilled with the beauty of the Alps as we crossed a corner of Austria. Many tunnels, one 12 miles long, made this ride an interesting one.

We took our lunches from the

hotel at Verona when we departed for Munich at 6:47 the morning of March 7, and rode all day. At the station, one of our party was met by her son, who is with the army occupation. This made us all feel that we had a personal interest there. He joined our party during our stay, as he was recovering from jaundice and had not been released from the hospital.

We were met at the train also by Mrs. Fred Harrison and director of the Office of Military Government for Bavaria, and many photographers and newspaper men. Accompanied by a military escort, we proceeded to our hotel where a banquet was enjoyed in the ladies of the occupation. Personnel were assigned to us during our stay and were of valuable assistance.

MUNICH, WITH A population of 800,000, was very badly bombed as much as 40 per cent total destruction. Six thousand planes are said to have flown over in one raid and one is amazed that so much rubble has been removed and rebuilding completed in such a brief time. Coupled with that problem is that of the refugees. One remembers that 25 per cent of all Bavaria is on relief and 5 per cent of all Germany, and that 35,000 coming in from Czechoslovakia, each week, the housing and food situation can be readily understood.

The population has increased two and a quarter million since the end of the war and necessitated placing of some of our homes as well as providing temporary living quarters. We visited a camp of which there are 400 in Bavaria, and in a room where 5 people have been living for three years, we were reminded that any relief we can give is but a "drop in a bucket."

We were all urged to continue sending clothing, toys and reading material. Two girls have been conducting a kindergarten entirely without pay, and although poorly dressed, were happy in the service.

WE WERE shown through the porcelain factory where the well-known Bavarian china is made and were welcomed by the mayor at the city hall. At lunch we were guests with representatives of the German-American Woman's club and then went to the American House for a panel discussion by leading women of the country.

On March 19 we proceeded to Nuremberg where representatives of the military government entertained us at luncheon and sight seeing, including a visit to a mother's rest home where Frau Nopitsch, who is the leading figure in the relief and welfare work of the Protestant church, is having wonderful work. Girls, numbering 60 who are being trained for parish work, sang for us, gave us souvenirs and expressed appreciation for what assistance from our churches is doing for them. Inspection of a children's home and school conducted by the government followed, and at dinner we heard an address on war crimes.

THE FOLLOWING morning we visited the Palace of Justice where the trials were held and heard recordings of sentences pronounced on Hess, Von Ribbentrop and others. The system of interpreting into four languages simultaneously was explained and we were shown the gymnasium in which the condemned men were hung.

We visited a typical Bavarian farm which was a decided contrast to our modern conveniences and methods. Here, too, we found a refugee family whose husband and father has not been heard from since April 1945 when he was in the Russian zone. Oxen are used for field work and as is common here, share the house with the family. Crops such as we raise in Wayne county are grown but income is insufficient for the few family needs. All farms have electricity and a home has a radio and a sewing machine as the only breaks in an otherwise bleak monotony, it seemed to us.

We came to Zurich last evening where we are enjoying a weekend rest and some sightseeing, and are very comfortable and well fed. This is a beautiful country and people are leading a normal life.

Tomorrow (Sunday) we go to Brussels. Shall write more from London.

Margaret Wacker and Willis Nelson Marry in Service at Carroll

Miss Margaret Wacker, youngest daughter of Mr. and Mrs. Henry Wacker, sr., of Wayne, and Willis Nelson, son of Henry Nelson of Wakefield, were married at 5 o'clock Saturday afternoon at St. Paul's Lutheran church in Carroll. Rev. M. Reetz performed the double ring ceremony.

The bride was attired in a light blue suit, featuring a skirt with full back and fitted jacket with red roses and she wore red roses and headband of sweetpeas and red roses. Her accessories were brown. The bride's only attendant was her sister, Mrs. Kenneth Beyeler, who wore a light tan suit trimmed in black. Her corsage was of red roses and she wore red rosebuds in her hair. Green accessories completed her costume. The bridegroom wore a glen plaid suit. He was attended by his brother, Harold, whose suit was grey. Both men wore white carnation boutonnières. The young couple left immediately on a wedding trip to Denver. A wedding reception is being planned on their return to Wayne.

KNOW YOUR FACULTY

Faculty of Wayne State Teachers college in 1946. During the 3-year period the progressive head of the college has held office, he has initiated many improvements for the college and consequently for Wayne.

A long time plan for the building of a stadium was pushed, to near completion under Dr. Morey's administration, with the final work to be completed this spring.

Students at Wayne know Dr. Morey as an energetic leader who wishes to dispense the maximum amount of knowledge available to them while maintaining a truly free and democratic college way-of-life.

AN INTERESTING if rather unusual period of teaching was Dr. Morey's stay at Wayne, Kan., where he served as superintendent, instructor and coach concurrently. This, coupled with his natural ability to keep several issues moving at once, has given him the desired reputation of being a master director.

Miss Amy Livingston and Dr. Morey were married in August 1927. They were schoolmates while attending high school in Mahaska, Kan.

Their three children, Lawrence, Barbara and Veri, are all students of Wayne, Lawrence being a sophomore in college, with Barbara and Veri attending the campus high school.

DR. MOREY FINDS scant time to engage in activities of his own choosing, but does express a preference for basketball and track in the line of athletics.

In his own coaching days, Dr. Morey recalls that he had better

luck with his track team than with basketball, and attributed it to the fact that more emphasis was placed on conditioning.

"Smaller schools have a difficult time upon occasion that might possibly be remedied by consolidation. Dr. Morey stated, and explained that the facilities of some schools are inadequate merely through the smallness of a district and the number of students attending that school.

Through redistricting and consolidation, rural districts may have all the advantages of city schools. A consequence of this would be the improvement of roads within that area. Kansas has carried this plan out in many instances with success.

FRIENDLINESS IS something that goes along with Wayne. Dr. Morey feels, in that he enjoys his duties and associations here more than at any of his previous positions. Also Wayne shows the spirit of progress, he thinks, in recalling that only three years ago what he remembers as a field of corn, is now converted into a golf course with further plans calling for a park.

An active member of community functions and a positions that call for intelligent dealing of the many duties entailed, Dr. Morey is kept extremely busy.

EASTER — APRIL 17th

THE WAYNE HERALD

Wayne, Nebraska, Thursday, March 24, 1949
74th Year — No. 46 Sec. 2—Pages 1 to 8

Pick Wayne High Declam Winners

The local declamatory contest was held in the school convocation room March 15. Dramatic and humorous readings were given.

The judges, Carolyn Olson and Joyce Shelington of Miss Ramsey's dramatic class, placed "Eyes," by Fauneil Palmer, first in the dramatic section, and "Mrs. Schickelfritz Und Der Viscerackinks," by Bob Moses, first in the humorous division.

Other participants were Peg Hendrickson, dramatic, and Chere Houdersheldt, Shirley Mahen, Rosalyn Ellis, Patsy Wert and Kenneth Lipp, humorous.

The winners will take part in the district contest to be held Saturday, March 26, at Wayne State Teachers college.

THE PLAY. "A Wedding," which was presented to the student body earlier this year, is being rehearsed for district participation. The cast is as follows: Bob, Kenneth Lipp; Ted, Rowan Wiltse; Alice, Fauneil Palmer; Archie, Dick Boller; Mr. Grayson, Warren Ellis; Miss Grayson, Phyllis Foster; and Mrs. Tisdale, Dorothy Bilson.

Other entrants are Chere Houdersheldt, poetry reading; Jerry Slirtz, extemporaneous; Paul Einung, discussion; and Rowan Wiltse, newscasting.

EIGHTH GRADE. Barbara Ellis, Yvonne Koplin, Patty Jeffrey and Mary Einung attended the basketball tournament in Lincoln Wednesday.

Shirley McCormick, Jim Davis and Bob Morse went out this week due to illness.

Betsy Ross went to Omaha because of the serious illness of her father.

Junior high boys are practicing for their tournament.

Science booklets are being made on Nebraska.

Pictures and photographs of the west were shown the class in connection with the history of the west.

Eighth science class is making weather maps.

Arithmetic class is writing checks and notes in connection with the study of business in arithmetic.

SEVENTH GRADE. Geography class is working on South America booklets. Products are being put on Peru, Ecuador and Bolivia.

Seventh arithmetic is learning the use of the compass. They designed booklet covers this week.

THIRD GRADE. Gary Strahan celebrated his ninth birthday with

a party at school on Wednesday afternoon. He treated the class to ice cream bars. Mrs. Bus Strahan was a visitor.

Third graders memorized four poems last week, "Taxis," "The Mumps," "The Wind" and "The Popcorn Song." Several children recited the poems for the second and fourth graders.

Carol Jo Gifford has finished all of the units in her writing book and is now writing with pen and ink.

"Multiplying by 3 is a new skill learned in arithmetic. The children who know their 3's very well have their names in a large colored 3 on the blackboard.

The children made colorful window boxes out of cardboard egg boxes. They painted them bright colors, then cut out bunnies, birds, and chickens to decorate the front. They planted vegetable and flower seeds in egg shells and put them in the boxes.

Eighteen children had perfect scores in the mastery test in spelling last week.

SECOND GRADE. Beverly Palmer was 8 years old Wednesday, March 16. She treated her classmates to candy bars.

Mrs. F. E. Strahan visited classes in the second grade Wednesday afternoon.

The music class made wire recordings Thursday.

KINDERGARTEN. College classes came to visit our kindergarten rooms Thursday.

We enjoyed Sue Ann deFrees's records of the story of "Rumpelstiltskin."

Our new unit is about animals. We are using our "Look and Learn" science books in the study. We have made original pictures and brought magazine pictures.

New songs with our unit include "The Toad," "Little Sheep" and "Three Little Kittens."

Home from California. Mr. and Mrs. Art Ahern returned home Wednesday from a trip to California. They visited at the homes of their sons, William A. in Los Angeles and James W. in Burlington, and their daughter, Mrs. Roy Peters in Cedarville.

Small Girl Breaks Arm. Barbara Jean, 5-year-old daughter of Mr. and Mrs. Ferris Warner, broke her right arm in a fall from her tricycle Wednesday evening.

Reassuring Report

Is the presence of United States armed forces in Germany actually accomplishing anything worthwhile? Wouldn't the Germans rather have us get out of there?

These are questions most of us have wondered about from time to time with the uneasy feeling that perhaps there is little to gain by remaining in Germany. This week we received one reassuring first-hand report from Henry Victor, who has just returned from a month-long visit with his mother and other relatives in Germany.

Mr. Victor says the Germans fear the day when the Americans and British might pull out of Germany. If this happens, they feel certain the Russians will sweep through the rest of Germany and all of Europe. He says they not only want Allied forces to remain in Europe, but hope these forces will be strengthened.

Occupation of Germany is costing the American taxpayers huge sums of money every year, but it may be worth it if the occupation is accomplishing at least three objectives: (1) preventing Russia from taking over all of Europe, including those countries which now enjoy the freedom of their own governments, (2) preventing the spread of communism, and (3) teaching democracy to countries, such as Germany, which have never known the real meaning of freedom.

Russia waits to pounce. Europe apparently looks to us, and to the British, to keep the Reds at bay.

Working Together?

President Truman assures the nation there is no rift between him and congress. Just the same, congress so far has done none of the things he asked it to do, and, in fact, even seems to be heading away from his program. And the 81st congress, for that matter, is proceeding at an even slower pace than the so-called "do-nothing" 80th congress.

Perhaps congress and the president will soon reconcile their differences. Certainly, it seems that they should, because this is the congress the president asked for. But we'll be more inclined to agree with the president that he and the congress are working together when some constructive legislation is produced.

A Changed Attitude
 (Sioux City Journal)

Back in the prewar days, with employment not easily available for family breadwinners, prejudice against employment of married women was pronounced. Public opinion came close to having its own way on the issue. The 1940 census figures showed 6.7 million single women employed throughout the nation, with not to exceed 5 million married women working. In March, 1940, only 15 per cent of wives living with their husbands had regular jobs outside home.

Urgent need for additional workers during the war years broke down this prejudice, changed public attitude. With more nearly ample supply of male workers available in the postwar period, women relinquished many of the mechanical jobs they had been filling in industry. But many of them continued to work, having little difficulty finding something gainful to do.

A check on female employment in April, 1948, revealed that 22 of every 100 married women living with their husbands were working outside the home. This is explained, at least in part, by the high marriage rate in war and postwar years. Records show 34 million married couples in our population in April of last year, an increase of approximately 6 millions from the 1940 total.

Checking on the background of the 7 million married couples with both husband and wife employed reveals that 2 million of the husbands were veterans. This classification accounts for approximately 25 per cent of all married women workers at this time. In most instances the wife is young, eager to help build up sufficient savings to establish a home or maintain it. With so many married veterans in school or living with relatives, the way is made easier for women members of the family to take outside jobs. The current high cost of living also must be considered as a factor. But the pertinent fact is that prejudice against employing married women largely has disappeared.

"The most serious factor in the operation of the RFC and other lending agencies is the fact that they by-pass the constitutional power of congress over appropriations. It is a basic and traditional principle that congress should appropriate all money used or spent by government."—Raymond Marley

IN BOOKLAND

by—
 Mrs. F. A. Mildner
 City Librarian

CONFUCIUS OR SOMEONE said, "It is hard for an empty sack to stand upright. Read more books!" This is not a bad idea and here are a few that it wouldn't be a bad idea to read:

NO PLACE TO HIDE by David Bradley. This is a book about what the atomic bomb can do to ships, or water, or land, and thereby to human beings. It is written by a doctor whose job it was to watch for radioactive contamination during and after the Bikini tests. This book was a gift to the library by a local citizen. We have had several such gifts lately and it is very gratifying. It also helps the book fund.

DEATH BE NOT PROUD by John Gunther. This splendid writer has put on paper the story of the fight for life made by his 17-year-old son. This brilliant boy died of cancer and his father wrote this memoir which includes a chapter by Johnny's mother. When the author wrote this book he intended it for private publication only. But it was decided by his publishers and friends that the whole nation should have a chance to read it. No money is made from the book for either Mr. Gunther or his publishers. All the money is to go for cancer research for children. It is a beautiful and heart rending piece of writing. An inspiring story, and a moving account of doctor's medicine.

DOUBLE MUSCADINE by Frances Gaither is a drama of court-room suspense. It deals with the south and racial problems which are confronting us today because of the foundations laid down in the early days in which this story takes place.

STORY TELLER this week was Mrs. Orville Sherry. The new Easter decorations were ready for the children in the sand box as well as posters.

Campus School Pep Club Plans Banquet

All Wayne Prep boys who have participated in basketball or football or who will be on the track team, will be honored by the Pep club at an athletic banquet April 4 in the Student Union dining room.

Football, basketball and track coaches, along with M. J. Hassel, Dr. M. E. Street and Dr. V. P. Marley, will be guests of the Pep club. All members of the Pep organization will be admitted free to the banquet if the required number of hours were worked, but if others without enough hours wish to attend they must pay for their dinner.

The Pep club met Tuesday, March 14, at 4:00, and the following committees were appointed: Menu, Harriet Phipps, Margy Conry and Frances Phillips. Pep club sponsor, entertainment, Virginia Deninger and Bernard Bark, Barbara Morey; programs and place cards, Rita Kirwan, Ardye Stevens and Patty Victor; decorations, Donabeth Bressler, Pat Beck and Bonnie Groner; invitations, Barbara Dawe and Marian Ehlers.

Resides the appointing of committees the theme of the banquet was also chosen.

SECOND AND FIRST YEAR home economics students entertained guests at a luncheon and tea, the last week.

The first year group served a buffet luncheon Tuesday, March 15, at 2:30. Bonnie Groner, Virginia Deninger, and Margie Conry were invited, along with Miss Robinson, next quarter student teacher, Miss Lynn, Miss Way, and Miss Anthony were among the guests of the first year group at a tea Wednesday, March 16, at 3:00. Miss Anthony will be the student teacher next quarter. The seventh and eighth grade girls were also invited. Cookies and punch were served.

The object of the tea was to acquaint the girls with the home economics room, as they will be taking Home Economics in the future. Miss Wood is their supervisor and acted as hostess.

"CLEARING THE WAY," a movie, was shown to world history class March 17.

This picture deals with the problems that arose in vacating the land for the United Nations permanent site which lies between 42nd and 47th streets along New York's East river. This area had been the children's playground for years and they were disgusted. The Russian lady tried to make the children see that it is an honor to have the United Nations headquarters in the United States, but the children were still disappointed at losing their playground. The children were finally reconciled to the idea of giving up their playground after they visited the secretary to watch the commission on the "United Nations Appeal for Children" at work. They decided they did not want to "hold up the works."

A young engineer explained to the children the method of using an International Board of Architectural Engineers to draw the plans for permanent headquarters.

FOUR STUDENTS from the American history class have completed two models of early trains. They worked on this project in connection with their unit of study on "How The Industrial Revolution Changed Transportation and Communication," and how better means of transportation and communication have brought the people closer together. The one train was a model of the De Witt Clinton and the other of The William Gallo-way. Bill Kilpatrick, Carroll Thompson, Audrey Stevens, and Margie Conry worked on the project.

"The Development of Our International Relations" is the unit they are beginning now, with concentration on the period since 1865. Betty Robson and Opal Witt are the student teachers for this quarter.

AMERICAN GOVERNMENT students are studying state executive powers. These are the powers which are vested in the various branches of state executive offices. The chief executive officer of each state is called the governor, who is charged with the execution of laws. The students are learning that the foundation of the national government hinges largely upon the state executive offices.

THE JUNIOR ENGLISH class has been hard at work for about two weeks writing research themes on various topics. Most of the students are writing about people. They have used the college library for most of their information.

Along with writing themes they learned how to make outlines for long themes, how to take notes, how to use footnotes, and how to make bibliographies for their themes.

They are now starting a short unit on American folk songs.

Glen Henriksen is the student teacher for this class.

THE CHEMISTRY students of campus high are studying the atmosphere around us, at least the biggest part of our atmosphere, nitrogen.

An experiment pertaining to nitrogen and its compounds was performed by the student teacher, William Mabon. In the experiment, he produced an ammonia fountain.

Dora Wood is the supervisor.

IF THERE ARE any students who may someday be great orators, their talent was probably shown in the sophomore English class Thursday, March 17. The students, under the direction of student teacher, Beverly Wanser, made 2 1/2 minute speeches before the class on any subject they chose. Some of the topics included St. Patrick's Day, hobbies, music, and sports.

Supervisor is Frances Phillips.

FOURTH GRADE stories The Pilgrims have been read in preparation for further study of the northern colonies.

Many interesting facts have

been discovered in learning about electricity.

The large cities between the Rocky mountains and the Mississippi river have been located and reasons for their most important industries have been determined from a study of the work regions near them.

The children are practicing drawing pictures of people.

A motion picture about the care of the teeth was seen and discussed.

THIRD GRADE—The third grade is giving puppet plays Thursday morning for the primary grades and for the mothers of the class.

Much interest in magnets has been shown by the group as Miss Rodekoeh has been letting the children experiment to find out what magnets can do.

Miss Frandsen's group gave a picture show depicting Bob's adventures with his dog Patches. The story was told by the group as their illustrations were shown.

An arithmetic demonstration was given for Mrs. Waldrige's class, Tuesday.

SECOND GRADE—The second grade gave numbers demonstration for Mr. Costerisan's class, Tuesday morning.

Wednesday morning, Ronald Biecke's reading group put on a play, "Wily Fox Goes Hunting," for the other reading group. The children made up the play from a story in their reader.

Thursday afternoon a film was shown on the "Care of Teeth."

Miss Johnson's science class visited the college power plant Friday morning.

FIRST GRADE Test 12 in "Round About Readers" was given last week. Steven Tempero, Donald Walter, Billy Reeg, Donna Jean Hughes, and Joyce Spiden had perfect scores.

The first grade gave a reading demonstration for Mr. Costerisan's

class Friday.

The film, "Teeth," was given to first and second grades by Mrs. Ingelhart Thursday.

KINDERGARTEN—To start our health unit, the kindergarten students took a trip through Johnson's bakery. Then they made butter which they spread on the bread they bought. The children made an experience story about their trip. They have a daily health chart.

Students heard the story of the life of St. Patrick and Bradley Nelson treated everyone on that day.

Mr. and Mrs. Adolph Baier and Donna were Sunday afternoon guests last week at the Clyde Baker home. Mr. and Mrs. Reuben Meyer and Nancy were evening guests.

Mrs. Donald Echtenkamp and daughters of Fremont were Wednesday afternoon visitors at the Alvin Temme home.

The Clarence Becks were last Sunday dinner guests at the Fred Gildersleeve home.

During 1948 thousands of families who wanted the security provided by life insurance joined The Equitable Society.

From every state in the Union—from big cities, from country towns, and from farms—The Equitable welcomed a host of new members last year, widening its family circle to a total of 4,150,000 men and women.

It is the thrifty action and self-reliance of this huge family banded together for mutual protection that makes possible the record of accomplishment which The Equitable brings to you in this annual report.

Of the \$307,600,000 disbursed last year to policyholders and beneficiaries, \$70,086,000 was paid out as dividends; and \$108,500,000 was paid in death benefits. Payments to living policyholders were approximately 65 per cent of all disbursements to The Equitable Family during the year—indicating a continuing trend of utilizing life insurance as a means of providing living as well as death benefits.

We have consistently done our best to preserve the funds and protect the interests of the members of The Society and their families in the realization of the fact that the Best interests of the life insurance policyholders are concurrently the best interests of the people in general.

There are some current economic conditions for which we are not responsible, which we cannot control, but against which we have tried and will try to protect those who contribute so greatly to the public welfare by their voluntary provision for the members of their families.

We shall be glad to send you a copy of the President's Report to the Board of Directors for the year 1948. This report gives the full details of The Society's finances, the main features of which are outlined below, and is available on request either to the home office or your nearest Equitable representative.

Wayne Boxers Take 6-1 Win

Wayne State's boxers scored victory No. 5 for the season as they took six bouts in a three-college match at the Wayne city auditorium last Friday night. An estimated 1,000 fans saw the last home fight card of the season.

Competing colleges besides Wayne were Central of Peñia, Ia., and Hastings. Central was the only other college to score, claiming one bout.

Eight bouts were scheduled, but the opening fight was ruled no decision when Referee Gerry Elyson of Norfolk stopped the event after 26 seconds of the first round as Leland Rouse, Wayne, opened a deep cut above the eye of Bob Ellsworth, Central college fighter. This was in the 125-lb. class.

RESULTS OF OTHER BOUTS FOLLOW:

145-lb.—Keith Boughn, Wayne defeated Henry Van Leeuwen, Central.

150-lb.—Don Stuhr, Wayne, defeated Jerry Mulienberg, Central, and John Sherlock, Wayne, won split decision from Stan Sturenberg, Hastings.

155-lb.—Ken Frazier, Wayne, defeated Ed Lisius, Hastings.

165-lb.—Paul Hartnett, Wayne, knocked out Bert Pormar, Central, in 1:20 of the second round.

175-lb.—Chris Jensen, Wayne, defeated Bob Arents, Central.

Heavyweight—Chet Cross, Central, defeated Art Jensen, Wayne. Coach Don Emery's Wayne mittmen have suffered only one team loss this season.

A HIGHLIGHT of the evening was the presentation of a fountain pen by the boxing squad to John Shetlock, captain of the team and the only senior.

Judges for Friday night's affair were Richard Kane of Wisner and Dean Schram of Wayne. Fred Dale and Si Strahan, both of Wayne, were timers.

Oilers Gird for Friday Tilt With Lincoln Nut House

Lincoln's Nut House cagers meet the Stirtz Oilers in the Wayne city auditorium this Friday night at 8:15.

A red hot game is promised with the University of Nebraska's Claude Retherford seeing action for the Nut House. In harness with an all-star group of Lincolinites.

The Lincoln outfit ramrodded their way to two wins in the National AAU meet in Oklahoma this year and were represented in the national meet in Denver last year.

Stirtz Oilers are winners of the district AAU meet held in Norfolk this year and were runners-up in the regional AAU meet last year.

The Wayne team has a high scoring quintet capable of changing positions rapidly to meet the threat of a fast break.

Independent teams around Wayne have found the local aggregation a shifty, deceptive, hard working bunch who pack a terrific scoring punch.

These two teams tangled for the first time this year Friday, March 25 in the Wayne auditorium.

Wayne Fighters In Idaho Tourney

Athletic Director Don B. Emery of Wayne State announces that he has received invitations for four members of the crack Wayne State boxing team to participate in the intermountain tournament at Pocatello, Idaho, March 25 and 26.

The tournament is regarded second to the National Intercollegiate tourney for college boxing, and four star performers from the leading boxing schools in the west have been selected by tournament directors to participate in the two-day program. In last year's tournament, the heavyweight champion Jay Lambert from Utah, was the U. S. Olympic representative.

The four honored Wildcats are Leland Rouse of Lyons in the 125 lb. class, John Sherlock, Emerson, in the 145 lb. class, Paul Hartnett, Hubbard, in the 155 lb. class, and Chris Jensen, Waterloo, in the 165 lb. class.

FIRST ROUND pairings will find Lee Rouse of Wayne State meeting Eugene Machig of Idaho State in the 125-pound class, John Sherlock of Wayne State matched against Ted Abbott of San Francisco State in the 145-pound division, Paul Hartnett of Wayne State battling Don Blackham of Nevada university in the 155-lb. class, and Chris Jensen of Wayne State meeting Jim Hughes of San Francisco State in the 165-lb. class.

For Wayne this season, Lee

Rouse has captured 5 matches. Rouse has seen the least action of the Wayne gloves. Five of his six opponents have failed to last out the second round.

THIRTY-THREE top-notch collegiate boxers are entered in the Idaho tourney. In addition to Wayne State, schools participating are Idaho State, San Francisco State, Nevada university, Southern Idaho college, Ricks college of Idaho, Snow college of Utah, Gonzaga college of Montana, Santa Clara State of California, Utah university, Montana university and Northern Idaho college.

Wildcat Track Prospects Good

Wayne State's track team prospects for the season are good with the return of 13 lettermen and a healthy crop of new material.

Coach Don Emery has a tentative schedule made out that includes six meets—all away from home. Building of the new stadium necessitated using the cinder track for certain heavy work that put it out of commission for this season, consequently all track meets will be on the opponents home ground.

Returning lettermen include: Jess Borg, Bonnie Cook, Jack Dale, J. D. Ferguson, Cecil Jacobson, Lowell Koehn, Bob Jacobson, Eugene Pilleh, Norman Stammer, Clarence Taylor, Gene Willmot, Chuck Watson and Dick Kirwan.

Forty-eight candidates in all are out to earn a place on the Wildcat cinder squad with Erling Clausen, Dick Cass, Dean Domeier, Dan Joiner, Dale Kennif, John Saros, and Arnold Lahrs showing up well in pre-season workouts.

Yankton college looms first on the Wildcat schedule when the team travels to Yankton April 15 to participate in a dual meet with the South Dakotans.

April 23 Coach Emery's men will meet in Sioux City for the Sioux City relays held at Morningside.

Sioux Falls relays are scheduled for May 1.

Eight schools are entered in the Doane Invitational meet to be held May 10 at Crete.

Conference relays are to be held at Doane this year May 20 and 21.

A tentative quadrangular meet with Omaha U., Creighton U., Morningside and Wayne has had no date agreed upon as yet.

Workouts have been carried on inside the past three weeks due to poor weather.

Rouse has captured 5 matches. Rouse has seen the least action of the Wayne gloves. Five of his six opponents have failed to last out the second round.

Blue Devils Fall To Gothenburg in Class B Opener

Wayne high Blue Devils made their bid in state tournament play Wednesday afternoon, March 16, and lost, 39 to 29, to Gothenburg.

Coach George Bailey's men earned their trip to Lincoln by virtue of their win over South Sioux City in the finals of class B district play in Wayne the previous week.

Play was ragged the entire first half with neither team sure of themselves.

SECOND HALF of play found both teams loosening up and the Gothenburg five outscoring Wayne to hold a third quarter advantage of 22 to 20.

A quick Berry-to-Tiefgen break in the fourth quarter evened the score at 22-22.

Immediately after this, Gothenburg's Dettelson and Gustafson broke loose for 8 points on fast breaks that pushed them into a good lead.

Big men, and too many of them, proved too muscled for the Wayne five in the final quarter as the Gothenburg high men had little trouble in clearing the backboards.

The Blue Devils kept with their opponents to the end, but the fast breaks of the Gothenburg five gave them the game.

Dick Dion was missed in the Wayne line-up during tournament play. Dick turned 29 the previous week, disqualifying him from further games.

Trojans Lose in Tourney Opener

The Wakefield Trojans, class C defending champions, had their long winning streak snapped last week Wednesday in the opening round of the state class C meet when they lost to Chappell, 26-21.

The smooth working Trojans kept Chappell in line through the first half, holding a 10 to 8 edge at the close of the first quarter and a 13 to 12 margin at the intermission.

Chappell's superior height then began to tell, and when the final period opened Wakefield was trailing, 19 to 16. Chappell widened the margin slightly in the last quarter to take the game, 26 to 21.

Bill Anderson, who was named to the all-tourney team, led his mates in scoring with 11 points.

Stirtz Oilers Down Cedar Rapids Five

Stirtz Oilers plowed mud last Saturday night to get to Cedar Rapids and take a 73 to 59 victory over the Pirate team.

What appeared to be an easy game turned into a stiff battle in the final 10 minutes with the score knotted 50-40.

Wayne's men led off with Strahan pulling his team to a quarter and half-time lead. A 36 to 27 score stood at intermission.

SMOOTH teamwork by all members and the accurate shooting of Kropp and Strahan held the Stirtz team out of danger most of the way.

Kayton and Jackson were the big guns for Cedar Rapids with their offense netting them 29 and 19 points respectively.

Strahan capped 31 tallies to lead the Stirtz team with Kropp gathering 14.

Very few fouls were called in the game which was fast but clean.

Meeting Tonight on Junior Legion Club

All boys who are interested in playing Junior Legion baseball this summer should come to a meeting at the fire hall Thursday evening at 8:00. Wayne Marsh, chairman of the club, expressed the hope that the team will be organized soon enough to compete with several high school baseball teams in the area for an earlier start in the baseball season.

Two Receive All Tourney Honors

Bill Anderson, forward for the Wakefield Trojans, was named to a forward post on the class C all-tourney team in Lincoln last week.

Don Tietgen of the Wayne Blue Devils rated the honor roll in the class B division.

Kimmel Again On Local Team

Charles Kimmel, Sioux City fireman who has become one of the area's most popular baseball pitchers because of his outstanding performance on the mound, has been rehired for the coming season by the Wayne Pioneer club.

Last year Kimmel pitched a no-hit no-run game against Tekamah and defeated the Storm Lake, Ia., Whitecaps in what most fans agreed was the top game of the season.

Several other players are being considered by the baseball committee and the roster will be completed shortly.

Meeting Tonight on Junior Legion Club

All boys who are interested in playing Junior Legion baseball this summer should come to a meeting at the fire hall Thursday evening at 8:00. Wayne Marsh, chairman of the club, expressed the hope that the team will be organized soon enough to compete with several high school baseball teams in the area for an earlier start in the baseball season.

Two Receive All Tourney Honors

Bill Anderson, forward for the Wakefield Trojans, was named to a forward post on the class C all-tourney team in Lincoln last week.

Don Tietgen of the Wayne Blue Devils rated the honor roll in the class B division.

Kimmel Again On Local Team

Charles Kimmel, Sioux City fireman who has become one of the area's most popular baseball pitchers because of his outstanding performance on the mound, has been rehired for the coming season by the Wayne Pioneer club.

Last year Kimmel pitched a no-hit no-run game against Tekamah and defeated the Storm Lake, Ia., Whitecaps in what most fans agreed was the top game of the season.

Several other players are being considered by the baseball committee and the roster will be completed shortly.

Stirtz Oilers Down Cedar Rapids Five

Stirtz Oilers plowed mud last Saturday night to get to Cedar Rapids and take a 73 to 59 victory over the Pirate team.

What appeared to be an easy game turned into a stiff battle in the final 10 minutes with the score knotted 50-40.

Wayne's men led off with Strahan pulling his team to a quarter and half-time lead. A 36 to 27 score stood at intermission.

SMOOTH teamwork by all members and the accurate shooting of Kropp and Strahan held the Stirtz team out of danger most of the way.

Kayton and Jackson were the big guns for Cedar Rapids with their offense netting them 29 and 19 points respectively.

Strahan capped 31 tallies to lead the Stirtz team with Kropp gathering 14.

Very few fouls were called in the game which was fast but clean.

Equality Before the Law 82 years ago this month Nebraska attained statehood. Through all these years, her Great Seal has proudly displayed the motto, "Equality Before the Law." Nebraska founders wisely proclaimed that every citizen is privileged to enjoy the benefits of personal liberty. That tolerance, not prejudice, should prevail. That there shall be mutual respect for the other fellow and his individual rights. Today, more than ever, folks in Nebraska realize that all this is a precious part of what we call Democracy—the right of every individual to choose for himself; to vote as he wishes; to drink a moderate beverage like beer.
