VA Simplifies Report System Under G. I. Bill

Lincoln—Veterans training under the G. I. bill, as well as their school and training establishments, will have less paper work to do under a simplified reporting system which will take effect April 1.
Ashley Westmoreland, Lincoln regional office manager, said, "After that date, VA no longer will require monthly progress reports for veterans in job-training establishments (and in schools other than colleges and universities).
"Instead, reports of conduct and progress will be incorporated in a report of earnings, which veterans now file and which they will continue to submit to VA every four months.
"Schools below college level after April 1 also will report veterans' progress and conduct on the VA report of earnings.
"As in the past, colleges and universities will not submit a report of conduct and progress, except in VA cases of those students for whom conduct or progress has been unsatisfactory.
The VA official emphasized that schools and training establishments should continue to report promptly and accurately.
HE ALSO URGED veterans to make certain the required reports of earnings reach the VA regional office immediately after the first of the month following the reporting period.
If the report is not received when due, subsistence allowances must be suspended," he said.
The one-page report is simple. The veteran merely provides necessary information, signs his name and turns the form over to the official of the school or training establishment who reports on his conduct and progress, and, when appropriate, earnings over the past four months.

EIGHTH GRADE—Norma Jean Engel left Friday for her new home in Laurel. Her classmates presented her with a gold cross necklace. Joel Jeffrey brought checks, notes, deposit slips and bank books for use in our study of business in arithmetic. Junior high basketball team was defeated by Pierce, 30-22, in the finals played Wednesday. The team received a trophy for winning second place. Jim Burr Davis and Joel Jeffrey are back in school after being out because of illness. Mary Ein-

ung, Shirley Kingston and Betsy Ross are out this week. Painting flowers was done in art last week. We are again placing stamps on our United States stamp map. Barbara Ellis brought stamps this week. This is the second year for our map. Joel Jeffrey has given the most stamps to the map. Joel brought a book, "How to Collect Stamps," by Ralph Kimble. Perfect spelling scores were made by Shirley McCormick, Paty Jeffrey, Barbara Ellis, Albert Nelson, Gary Jeffrey and Jack Korff. Ramon Jensen also received a perfect score in his spelling test. **SIXTH GRADE**—Art class is making cathedral window designs. The book, "On the Edge of the Fjord," by Alta Halverson Sey-

mour, is being read for opening exercises. Kathryn Stammer and Leland Reibold are back after being absent because of illness. Attendance has been poor the past few weeks due to so much sickness. Special reports have been given in geography on interesting things about Burma. Perfect scores in the weekly mastery test in spelling were earned by Della Gilbert, Jim Marsh, Paul Otte, Neil Palmer, Gloria Pfeil, Leland Reibold, Helen Stueff, Kathryn Stammer and Billy Jim Wagner. **FOURTH GRADE**—This extreme weather gave the English class a timely subject for writing. We had three exceptionally nice pieces of work. Jane Jeffrey, whose specialty is poetry, wrote this poem:

The Rain
That rain falls down, down
It just rains all the time in this town.
And shucks! I can't go out to play.
It just rains all the day.
Maybe it's lovely for the ducks,
But this is what I think of it,
"Shucks!"

Then on the story side we have Robert Schwarzenbach's opinion:
The Rain
I don't mind the rain because in the night it gives me chills and in the daytime it gives me thrills. I hear the rain tapping on the pane, but yet it gives me the creeps. I see the lightning flash and hear the thunder crash. I hear the little birds peep and beat the windows creak. All in all it's just March going out like a lion.

This is what Virginia Vogel says:
The Rain is Awful
I'm tired of this rain. I don't get to see my mother and dad any more because the roads are getting muddier and muddier so I don't think I can't get to school. I don't think they'll know me when I do get home.
We have been struggling with harder multiplication problems this week. We are multiplying by a two number multiplier. It's really hard to make a perfect paper on these problems as they're so tricky. In science we have been doing several experiments with electricity and light. Some of the children seem to be scientists in the making. **THIRD GRADE**—The class drew pictures illustrating their favorite songs. Those chosen to make large pictures to be shown when they sing for the other grades were Jim Hein, Mary Pawelski, Jerry Smith, Renee Wilse, Gary Strahan and Tommy Beckner. Twenty children made perfect

scores in the mastery test in spelling Thursday. Mothers of the 29 children in the second baton class came to school Wednesday morning to see the girls try on their new suits. These suits were made by the mothers and they look very nice. The jackets are gold trimmed in blue and the skirts are blue lined with gold. Several weeks ago the children planted vegetable and flower seeds in egg shells and they are having fun watching them come up. Each morning they run to the boxes to water them and see how much they have grown. In science the class has been studying about insects. Duane Fitch brought two grasshoppers to school that he had kept alive all winter. The children drew pictures of the grasshoppers. The children have been writing stories and verses about the coming of spring. Jim Hein wrote the following poem:

Signs of Spring
I am so happy spring is here
So I can listen to the bird songs in my car.
I love to see the fresh green grass
And watch the children as I pass.
I ride my bike and play marbles too
In spring there are many things to do.

SECOND GRADE—Virginia March has the measles. The art class made a spring poster containing a cotton covered woolly lamb last Friday. We plan to make an Easter poster this Friday. The second grade was entertained Friday by four third graders who recited some poetry they had learned. The selections were as follows: "Taxis," Tommy Beckner; "The Wind," Ronnie Stirtz; "The Mumps," Jim Hein; "The Pop Corn Song," Renee Wilse. In art class we drew tulips and have been working on pencil drawing.

Easter Convocation Next Thursday
The convocations committee of Wayne college has extended an invitation to the people of the community to attend a special Easter convocation in the college auditorium Thursday, April 14, at 10 a. m. This is one of the traditional convocation features and will be in charge of the Westley club. Mr. and Mrs. Louis Meyer and daughters and Mr. and Mrs. Victor Haase were in Omaha last Tuesday. They visited at the Ray Meyer home and attended the ice show.

Assign Practice Teachers at Wayne Prep

Fourth Period Of Term Starts

New practice teachers for the fourth quarter have been assigned at Wayne prep. They are: Anthony vocal music and home-making 2; Franklin Bressler, 7th and 8th boys physical education; June Dawson, typing 2; Duane Dogr, 8th American history; Virginia Ferns, girls physical education; Kenneth Ganselom, vocal music and English 7; Monty Gustafson, driver education; Bonnie Vernon, instrumental music; Rex Johnson, high school boys physical education; Shirley Jones, 8th reading; Don Leonard, 12th English and journalism; Edgar Lee, drivers education; Sam Lotheby, geography; William Maben, 8th arithmetic. Harold Olson, instrumental music and world history; Marian Prather, 8th English; Betty Robson, homemaking 2; Ed Rochester, American government; Shirley Rowe, typing 2; Roland Schaefer, driver education; Bonnie Schroeder, 7th and 8th girls physical education; John Sherlock, industrial arts; Dan Stewart, American history; Kermit Stuve, industrial arts; Leverage Thelem, 7th general science; Beverly Wanser, high school physical education; Russell Wardenburg, commercial arithmetic; Bert Wayt, American government; Opal Witt, English 10; Bob Wolverson, high school industrial arts; William Young, algebra; Al Clement, instrumental music; Glen Henriksen, commercial arithmetic; Stanley Samuelson, chemistry; Duane Miller, instrumental music; Robert Nelson, 7th arithmetic.

because they are too small for the pull of gravity to overcome the friction on the dispersed medium. The class will start a new unit, "Carbon and Fuels," this week. **MEMBERS OF THE** Wayne prep journalism class attended the play, "Poor Little Rich Girl," last Monday evening. They were to see the play as a class assignment and they were to write critical reports of the play, as to the characters, the acting and the plot of the play. They have been studying critical reporting in class. **CONVOCATION ON** good manners, sponsored by the student council, was held Tuesday, March 29, at 1:00. The first half of the hour individual class meetings were held, and each division discussed different phases of manners. These discussions were guided by the president and vice president of the class and based on rules set down in the pamphlet, "How'm I Doin'?" This pamphlet concerns common-sense conduct and fundamental manners for high school students. The managers discussed in the pamphlet help

students to know how to conduct themselves in the classroom, study hall, at school parties and in sports. It also indicates the proper attitude toward other people in and out of school. The latter part of the hour two representatives from each class reported to the assembled group what had been discussed in the class meetings. Student council members stated that the aim of the convocation was to help all students realize their need for practicing good manners and respect for others. The meeting was conducted by Harriet Phipps, student council president. **SEVERAL REPORTS** have been given in the American government class concerning the specialized agencies of the economic and social council of the United Nations. Reports were given on the International Labor Organization, and World Health Organization, and films were shown in connection with these reports. The class is now studying "The National Government" and the es-

tablishment of the union. A film, "A Servant of the People," was shown Thursday, March 31, which depicted the making of the constitution. Bert Wayt and Edwin Rochester are the student teachers for this quarter, and C. V. Wait is the supervisor. Reports cards were given out Wednesday, March 30, at Wayne prep. Mr. Hassel stated that, as a whole, they are quite satisfactory, and it looked as if the students spent their snowed-in hours studying their lessons rather than playing. The principal also stated that 19 students have had perfect attendance this quarter. This record is good considering the bad winter. Five Wayne prep girls have been transferred to the college life-size class under the direction of Mrs. Esther Carlson. The reason for this transfer is the shortage of student teachers in the high school class. The five girls who have passed their required tests and are ready for life-size are: Ed Buck, Betty Victor, June Klug, Ardyce Steven and Margie Cony.

Says Adults Are Responsible For Guidance of Young Folk

Guidance of youth is the responsibility and privilege of every adult. This conclusion was stressed by John Kyl, Chamber of Commerce secretary, who addressed Wayne Woman's club Friday. Kyl, who was presented by Mrs. O. R. Downen, began by stating that the youth problem in Wayne is small in comparison with that in cities. And many of the most difficult problems are those which are not easily seen, that is the adjustment of the nervous child, the physically handicapped, the sex case, the drinking youth, the one who cannot learn rapidly and others. Kyl told of five youths from wealthy New Jersey homes who set out on crime careers and finally committed murder. They had all the money and recreation they needed but they were not adjusted. One was teased by women teachers until he hated all women. One had a physical disability. One was jealous of attention given to an older brother. Another had too much attention. All were seeking status that they were not getting in the home, school or church. **WHAT CAN THE** Woman's club do to help children of Wayne have a healthy, normal life? Kyl stressed the fact that the home needs to give the child assurance that he is loved and is wanted. The home must do enough but not too much for the child. He must be a part of the home, have a place for his belongings and share in the family joys and trials. He should be commended for his successes and not shamed for his failures. At-

tention and not money is what children need and want. Kyl mentioned the need for recreational facilities in Wayne but noted that necessary improvements in sewage disposal and light service must come first. But, regardless of the fact that facilities are limited, Wayne will have a recreation program for young folks this summer. Playground supervision will be arranged as in the past. **KYL SUGGESTED** that the Woman's club might provide regular gatherings of parents and children, bringing all together to unite the effort for betterment and the pleasure to be derived. He suggested the need for sponsoring youth dances and community sings. Parents and children must work together. "Each of us must try to help our own child and the children of the neighborhood to a wholesome personality," Kyl concluded. It was announced that the Woman's club, in cooperation with B.P.W. and Legion auxiliary, will send a girl to Girls' State at Lincoln this spring. **MRS. RAYMOND SCHREINER** was elected president; Mrs. Willard Wilse, first vice president; Mrs. Fred Kyberg, second vice president and program chairman; Mrs. R. B. Standley, secretary; Mrs. W. G. Schulz, treasurer; Mrs. A. V. Teed, auditor; Mrs. Tom Johnson, house chairman; Mrs. W. S. Bressler, membership chairman; Mrs. C. N. Olson, music chairman; Faye Brittain, in charge of local publicity; Mrs. F. S. Berry, press

and radio chairman; and Mrs. Dorothy Kabisch, finance chairman. Mrs. Victor P. Morey reported for the nominating committee, and the new officers take up their duties May 12. Students of A. J. Atkins presented music. Paul Einung played a cornet solo, "Primrose Polka." Phyllis Foster gave a flute solo, "Andante." Dewayne Atkins played a trombone solo, "Little Chief." Mr. Atkins was accompanied. Mrs. Russell Anderson presented Atkins. **REPORTS OF** the state convention in Norfolk were given by Faye Brittain, Mrs. R. B. Standley and Mrs. Victor P. Morey for Mrs. C. C. Stirtz. Mrs. E. E. Goley was serving chairman. She was assisted by Mrs. C. A. Bard, Mrs. Russel Anderson, Mrs. W. S. Bressler, Mrs. C. M. Craven, Mrs. Jack Dawson, Mrs. S. K. deFreese, Mrs. H. J. Felber and Mrs. Margaret Siverson. The club meets this Friday when Rev. E. E. Goley speaks on "Easter in an Atomic Age." Easter music will be featured. Mrs. O. G. Nelson is serving chairman.

Employment Service Announces Schedule

Boxers Have Fine Record

Wayne State's nine boxing lettermen and coach Don Emery today claimed the midwest college boxing championship for 1948-49. Emery and the squad substantiate this claim by the northeastern Nebraska college's outstanding record plus an invitation to meet western colleges for a match.

Emery's lettermen are Leland Rouse, Lyons; Clifford Sovereign, Royal; Keith Boughn, Randolph; John Sherlock, Emerson; Don Sahr, Pender; Kenneth Frazier, Des Moines; Paul Hartmann, Emerson; Chris Jensen, Waterloo; and Art Jensen, Waterloo. Mason Moritz served as Wayne's student manager.

Wayne State has a formidable record during its three years of intercollegiate matches, having lost only two college matches to Minnesota university and DePaul university. Wayne has twice annexed the college conference championship and holds two victories over their closest rival for small college honors, Wisconsin State of Superior. Keith Boughn has won nine straight bouts during the past two years in the 145-lb. class to rank as standout Wayne fighter. Pressing Boughn for high honors is Leland Rouse, 125-pounder, who has dropped but two bouts in two years of competition. This year, five of his opponents failed to stand up more than two rounds. Paul Hartnett, 165-pounder, also claims five wins out of six bouts.

Chris Jensen finished the season strong by winning the last four bouts, which included the 165-pound championship of the rugged Inermountain boxing tournament at Pocatello, Idaho.

Pierce Junior High Tourney Victors

Wayne's junior high tournament finally ended up with a flourish Wednesday night, March 30, as the Piercites downed the Wayne high 'C' team, 30 to 22.

Jimmy Atkins played an outstanding game for the local cagers. Winside forfeited to Pierce in the semi-finals due to road conditions, while the Wayne outfit scrapped by Concord, 23 to 22.

Wayne's junior high boys were finalists' last year also when Plainview was victor.

Wayne Oilers Dump Lyons Quint, 63 to 48

Wayne Stirtz Oilers rolled over Lyons town team, 63 to 48 last Friday evening at the Wayne city auditorium with every man in the Stirtz lineup breaking into the scoring column.

Lyons towners led the Stirtz quintet at the end of the first quarter by a narrow 11 to 10 margin, but after their short lived lead the Wayne cagers pulled ahead and remained there. Score at intermission stood at 24 to 21 with Stirtz on top.

Last quarter of play became rather rough with two players leaving the game via the rough house route. Kropp of Wayne and Pounds of Lyons were banished for fighting.

Kropp, Strahan and Tietgen tied in scoring for Wayne by collecting 12 points each. Gustafson led the Lyons attack with 20 lallies.

Kiwan and Cyphers served as referees.

Here's why we say—

"Permalube is 10 ways better"

—the all-round long-lasting motor oil!

To be classed as premium, a motor oil must have certain proved qualities designated by the American Petroleum Institute. In simple terms, a premium motor oil must be fortified against harmful changes during use—changes which cause varnish, sludge, and bearing corrosion.

When you buy Permalube, you get a motor oil that fully meets these requirements—and then goes out and beats them 10 ways! It's the all-round, long-lasting, premium-plus motor oil.

In the engine of your car, Permalube never quits. It's long on mileage and short on acid-forming tendency. It actually keeps your engine clean. It fights heat, it wards off wear and greatly lengthens engine life. It cuts oil consumption to the bone!

When you buy premium-price oil, why not get premium-plus quality?

Get Permalube today at your Standard Oil Dealer's with your

STANDARD

PERMALUBE has these "premium-plus" qualities: 1. low oil consumption; 2. superior break-in ability; 3. maximum engine cleanliness; 4. minimum ring sticking; 5. low oil additive filter life; 6. minimum combustion-chamber carbon; 7. protection against engine wear; 8. exceptional cold-engine performance; 9. good control of water sludge; 10. protection against foaming.

Soil Conservation Service Receives Tree Shipment

The soil conservation service unloaded 11,000 trees today in Wayne for distribution to soil district cooperators. The trees for Wakefield and Walthill were also unloaded at Wayne because of impassable roads to those towns. Wayne county farms for which

trees have been ordered include those of Ed McQuistan, Lewis Jenkins, Lyle Jenkins, Ed Meierhenry, Clarence Schroeder, Lloyd Morris, Glenn Wade, Harold Wade, William Deitloff, Don Von Seggern, Bob Grafis, Owen Jones, Gerhard Grimm, Kenneth Warner, Raymond Jenkins, Ray Smith, Otto Peters, Albert Nelson and Lynn Roberts.

The district received some extra American elm trees which are available to any soil district coop-

erator who may want some. Anyone interested should notify the soil district office in Wayne.

Safety Council Lists Rules for Bicycle Riders

Lincoln—Have you seen Willie the Weaver? He may be only a 10-year-old boy, but he's a public menace just the same, according to the Nebraska Safety Council. He's the kid who threads his bicycle through the traffic on the streets as if he were darned a sock—risking his life and limbs and those of every motorist who has to jam on his brakes to keep from grinding bike and boy to a powder.

"MOST YOUNGSTERS know how to ride their bicycles," said Horace Crosby, president of the council. "And most of them ride well. But a few smarties will always try to show off. And when a kid gets hurt or killed riding his bike in traffic, sometimes it is the motorist's fault—but sometimes it's because the bicycle rider was stunting, hitching a ride on another vehicle, or weaving in and out of traffic."

During 1948 there were 163 accidents in Nebraska involving a bicycle and a motor vehicle in which three youngsters were killed and 122 injured, the safety official reported.

Traffic rules, signs and signals, and courtesy rules are for bicycle riders, too, Crosby said. Here are seven safe cycling tips listed by the Nebraska Safety Council.

1. If you ride your bike in the street, keep well to the right side and ride in the same direction as the automobiles.
2. Ride in a straight line—don't weave or stunt.

Willers-Hart Wedding Rites Performed Here

St. Peter's Lutheran church was the scene of the Sunday afternoon wedding of Miss Darlene Willers of Lincoln, daughter of Mr. and Mrs. Henry Willers of Pilger, and Raymond Hart, son of Mr. and Mrs. George Hart of Petersburg. Rev. R. L. Ritzen performed the double ring ceremony.

Decorations of the church were bouquets of calla lilies, Easter lilies and snapdragons.

Miss Agnes Riensche of Lincoln was soloist, accompanied by Mrs. R. L. Ritzen at the organ. Miss Riensche sang "In Walk Beside You" and "O Perfect Love".

The bride's gown was of white slipper satin. The yoke of marquisette was styled with a high round neckline trimmed with an Alencon lace ruffle. The sleeves tapered over the wrist and the gown featured a fitted bodice. The full skirt with bustle back ended in a three-yard train. A tiara of seed pearls held the finger tip length veil. The bridal flowers were pink roses tied with white satin ribbons.

Miss Norma Jean Willers, cousin of the bride, was bridesmaid. Her gown was of blue tulle made with a sweetheart neckline, fitted bodice and short puffed sleeves. She wore a blue and white rhinestone bracelet, a gift of the bride, and carried a colonial bouquet of pink roses and white daisies.

Arthur Hart of Petersburg, was his brother's best man. Both wore blue suits with white carnation boutonnieres.

The mothers of the couple each had pink carnation boutonnieres.

A 12 o'clock luncheon was served for the wedding party and a wedding dinner was served for the guests at the home of the bride at 6:30. The bridal colors of blue and white were used in decorations. A two-tier wedding cake, topped by a miniature bride and groom, centered the table.

The bride is a graduate of Pilger high school and attended Midland college for two years. She has been employed at the Tabitha Home in Lincoln. The bridegroom attended Petersburg high school. During World War 2, he served for 20 months in the armed forces, with one year spent on Okinawa. Since then he has been farming.

The couple took a short wedding trip, after which they will be at home in Lincoln. For her going-away ensemble, the bride chose a gray and blue suit with navy blue accessories and a rose corsage.

Among the relatives and friends attending the wedding were Mr. and Mrs. George Hart, Donald and Arthur of Petersburg, Agnes Riensche of Lincoln, Mr. and Mrs. William Willers, Mr. and Mrs. Herman Willers, Norma Jean, Arlene and Ronnie, and Rev. and Mrs. R. L. Ritzen of Pilger.

Methodist Leagues Hold Rally Sunday

The sub-district Methodist league rally was held Monday evening at the Pilger Methodist church. Ninety young people attended. A business meeting and recreation period were held. Lunch was served.

Devotions were led by Ruth Ann McIntosh. Speaker of the evening was Jack Knicely. His subject was "India". He also displayed some souvenirs from India. Rev. Handell Collier dismissed the meeting with a prayer.

The following towns were represented: Pierce, Norfolk, Madison, Fairview, Beemer, Wisner and Stanton.

This column features a short story each week on one of the faculty members of Wayne State Teachers college, in the hope that town people and college instructors may become better acquainted.

tribute of Virginia Lynn, dean of women at Wayne State Teachers college since 1947.

Miss Lynn began her formal education in a rural school near Minden, in Kearney county. The last four years of her secondary education were completed at Minden high school.

Then a short period of teaching interrupted Miss Lynn's continuation of schooling after which she secured her A.B. degree from Hastings college in 1932 and her A.M. from Northwestern university in 1940. Graduate work was carried on at the University of Wyoming in Laramie and the University of Nebraska.

ONE OF THE most interesting jobs she was associated with was that of setting up the relocation center for the Japanese at Hart Mountain, Wyo., during the war. It was necessary to form an entirely new schooling system for the Japanese students.

Wayne Fat Lambs Hit All-time High

Sioux City—Ed Gathje and C. E. Wright of Wayne recently shipped these fat lambs to the Sioux City market, where the 323 head commanded \$29.25 per hundred-weight, at the time an all-time high for old crop lambs. The lambs averaged 99 pounds. One of the partners, Ed Gathje, is shown in the accompanying picture.

form a smooth operating school system was both an experience and a challenge, Miss Lynn recalls.

"IT WAS a type of an adventure, but an interesting one," she stated in summing up the war years at the relocation center. Miss Lynn served as counselor for the high school during this period.

Miss Lynn observed that most secondary schools in Wyoming are larger than those found in Nebraska, partially due to consolidation and also to the scarcity of population per square mile necessitating this consolidation.

Wayne and the school rate tops with Miss Lynn, but the weather of Nebraska doesn't stand as proportionately high. Too much snow and for too long a period have inclined her towards this opinion. The lower altitude of Wayne in contrast to that of Laramie does make a person feel better though, she admitted.

KNITTING and proving the culinary art are two of Miss Lynn's diversions. She explains her knitting habit from the fact that it keeps one constantly busy.

Working with young people has given Miss Lynn an insight into problems the students of today face that she continues to cope with capably and proficiently.

Kaiser-Frazer invades new price field!
Kaiser... new price \$1995
now world's lowest-priced big car

Our policy on prices:
"It has always been our goal to put a bigger, better automobile within reach of more people. To that end, we have bought the huge factory at Willow Run, and have a great engine plant in Detroit. In Cleveland, we have acquired the world's largest blast furnace for the making of steel. Our engineering-production team and our vast dealer organization have worked overtime to reduce manufacturing and distribution costs. In line with the settled policy of our Corporation, we are giving substantial savings to the public in the form of greatly reduced prices... even sooner than we expected. Now, almost any American family can own a really big, fine car!"

Kaiser-Frazer Corporation
HENRY J. KAISER Chairman JOSEPH W. FRAZER Vice-Chairman

Happy days are here again! Today you can get a big, big 1949 Kaiser Special for only \$1,995... a saving to you of over \$333.00!

Prices of all Kaiser and Frazer models have been materially lowered. These are by far the most sweeping price revisions the automobile industry has seen.

★ 123 1/2" wheelbase... 10 feet 7 inches seating space... 27 1/2 cubic feet trunk space... over 206 inches long... 7.3-to-1 compression ratio
Listen to Walter Winchell every Sunday night, ABC

So, now you can buy the big car you've always wanted... at virtually 'little car' prices and at 'little car' economy of operation! Think of what this means to you and your family in terms of riding comfort, driving ease and prestige!

Go choose your Kaiser or Frazer today. Your nearest Kaiser-Frazer Dealer can probably give you immediate delivery. Fair-and-square trade-in allowances... but you do not have to have a car to trade to get the benefits of Kaiser-Frazer price revisions!

So, enjoy the comfort, luxury and safety of a new, 1949 Kaiser... the lowest-priced big car in the world!

Look what these new prices save you!
