

NOW YOU SEE 'EM, NOW YOU DON'T

The morning after last week's sudden blizzard found these parked cars on West Third street almost out of sight. Note the narrow "catwalk" shoveled out along the wall of the Fred Blain clothing store building. In the far background is the Wayne auditorium.

### Storm Flurries

**Fit to Be Froze**  
Van Bradford was near Carroll when the storm struck and had to stay overnight at the nearest house. Remaining in the truck, to spend the night in the blizzard, was a refrigerator.

**Services Postponed**  
Funeral services for Mrs. Wilhelm Lessman were postponed a day because of the snowblocked roads. Mrs. Lessman died March 3 at Wakefield and rites were to be in Wayne March 8, but impassable roads made this impossible.

**Two Doors, Two Denominations**  
At Carroll the blizzard went in the front door and out the back. But it was two different churches. The front door of the Bethany Presbyterian church was blown open, and the back door on the Zion Congregational church met with the same mishap.

A good part of the blizzard was deposited in both churches by Wednesday.

**'Anybody See A Hat?'**  
The hat of M. D. Fisher of Wayne was among those that blew off during Tuesday's storm. Groping through the blizzard he bumped into a man.

"See my hat?" he questioned.

"H—, no!" was the reply. "I can't even see you!"

**Marooned in Pilger**  
Dr. A. V. Brunke was marooned in Pilger last March 7 and Fred Fehke had to stay in Wisner, so Mrs. Brunke and children spent the night at the Fred Rohke home.

**A Mile's A Mile**  
J. C. Dawg of Laurel, former Wayne resident, provided one of Laurel's most harrowing blizzard stories.

He was marooned in his car 18 hours just one mile west of town. About his only amusement was to watch the fence post "know you see it, now you don't" act as the winds blew the snow in swirling clouds.

He started to walk back to town when his car stalled but was soon convinced that with zero visibility and the howling wind he wouldn't make it. He returned to the car. He finally managed to start

the engine and the heater, taking some of the chill off the car. It was 6 a.m. Wednesday morning before it had cleared enough to walk to town.

**Shucks, Twarn't Nuff!**  
Young Dickie Korn can take care of himself as he proved during Tuesday's storm. Mr. and Mrs. Adolph Korn and three of their children were caught away from their Wayne home during the blizzard.

Eight-year-old Dickie came home from school, stayed alone in the house through the night and even fixed himself breakfast the next morning.

**500 Chicks Burn**  
At Dixon a brooder house on the Carlyle Garvin farm was completely destroyed by fire during the storm. Five hundred six-week-old chicks were lost. Fire started from the oil burning brooder stove. Stalled for 18 Hours

Three adults and a baby were stalled 18 hours in a pickup truck south of Wayne. Mrs. Walter Lermer, Mr. and Mrs. Donald Greenwood and 9-month-old Rodney Gene came out of the ordeal with colds but no other ill effects.

They had been to Omaha and were five miles west of Wisner on the return to Wayne when the car stalled. They kept moving through-out the night to keep warm.

In the morning they discovered a farm house was only 50 feet away!

**Laurel Collisions**  
A head-on collision near Laurel brought injuries to Mr. and Mrs. Carroll Doan of Wayne. Mrs. Mabel Hinds and Kenneth Hinds, Mr. and Mrs. Walter Johnson of Concord were also injured in the accident.

In another accident, C. A. Carowick, superintendent of schools at Hartington, and Roy Seybold escaped serious injury when their cars piled up.

**20-Car Pile-Up**  
A 20-car pile-up on highway 20, about one mile southwest of South Sioux City, brought injury to four persons. Mrs. Phil Verzanti, wife of a Ponca attorney, and Oscar and Ernest Carlson of Dixon were among the injured.

# Council Juggles Light Problem

## C of C Makes Plans for City's Diamond Celebration in 1955

Origin Dates to 1880; Lots Sold At \$25 to \$100

First steps were taken Monday night at a Wayne Chamber of Commerce board meeting to organize a diamond jubilee celebration.

This is preliminary planning for the big year of activity in 1955, 75th anniversary of the founding of Wayne. Temporary chairman of the 1955 celebration is Martin L. Ringer.

The central organization for the anniversary will include all men and women actively engaged in some business or profession in Wayne for the past 25 years or more.

The event is based on this 1880 history:

"In June, 1880, O. D. Brown, R. B. Crawford, James Britton purchased one-half section where Wayne is now located for \$5.50 an acre and donated it to Frank Peavy who was connected with the railroad, as a town site, reserving an interest in it for themselves."

According to James Britton's history "From Then To Now."

The story goes on to tell how "town lots" during the first year after the Peavy Town Site company became identified with the real estate business sold from \$25 to \$100 depending on the location. These same men purchased the 80-acre tract on which the court house now stands for \$1,000."

### \$2,200--All in Silver Dollars

Monday, March 6, was Silver Dollar Day in Wayne. But this time the event was not sponsored by the Chamber of Commerce. It was the quarterly payroll of the National Guard unit located in Wayne, Service Battalion 568 of the 10th Cavalry. Forty-six members received a total of \$2,200 in silver from the battery commander, Capt. Robert C. Nelson.

The unit was paid in silver to remind the merchants of the \$17,000 per year that is poured into the town through the National Guard unit.

Enlistments are still curtailed by the National Guard unit here at Wayne. Administration Assistant John Knipping announced today. Although the unit has a personnel ceiling, some new enlistments are being accepted to replace the personnel lost through discharge and transfer.

The unit announces the appointment of Harold W. Stamper as unit quartermaster, effective March 21. The unit has been without a quartermaster since Dec. 1, when Cletus J. Sharer resigned to accept employment elsewhere.

Final plans are being made for the National Guard birthday party to be held by this unit on May 22. This will mark the second anniversary of the local Guard unit, which has twice won awards at summer field training.

### Mrs. Ida Sanborn, 83, Dies at Stanton

Mrs. Ida Sanborn, 83, who formerly lived southwest of Wayne, died Tuesday morning at Stanton.

Mrs. Sanborn had been housekeeper for Jacob Waggoner for the past 17 years and had lived on the farm southwest of Wayne. She moved to Stanton two weeks ago.

Near relatives are a niece, Mrs. Edgar Roe of Pilger, and a sister-in-law, Mrs. Del Hanna of Pilger.

Funeral services were not arranged at press time Wednesday.

### Wayne Election Officials Named

Election officials for the coming April 4 city election were named at the city council meeting Tuesday.

The following were designated:

First Ward: Judges—Herman Sund, Mrs. Mollie Vath; Clerks—Mrs. Fred Ellis, Mrs. Paul Rogge.

Second Ward: Judges—Mrs. Elsie Heine, Mrs. Harry G. Kay, Mrs. Hazel Bressler; Clerks—Winona Standley, Grace Steele.

Third Ward: Judges W. R. Ellis, C. L. Pickett; Howard James; Clerks: Mrs. Julia Haas, Mrs. L. A. Fenske.

Nominated by Wayne's Citizens' party for the election are the following:

Glen Hendershield for mayor, Walter S. Bressler for city treasurer, Carl Nuss and C. N. Olson for the board of education, and Bernard Meyer, first ward, Ed Fabre, second ward, and L. B. McClure, third ward, for councilmen.

### Decides to Call In Engineers

The second to the last meeting of the present Wayne city council was held Tuesday night. And the problem of street lighting for Wayne was again the center of discussion.

More opinions were expressed; more plans were discussed; several actions were proposed. But not a word of official action went into the city records.

Two important items were left hanging under the heading of "verbal action":

One was the plan for a ballot on which voters might express their opinions on the proposed street lighting project.

Another was a sample questionnaire was set before the clerk and read to the councilmen. It was more than a "yes or no" affair. It asked the voter how extensive he thought the lighting project should be.

But the ballot idea, previously unofficially okayed, quickly fell to the side and was substituted with another idea:

To contact electrical engineers. Straining the discussion, the result seemed to be an agreement to sound out the fees and caliber of several engineers to go ahead and hire one; and to finally arrive at a cost estimate and to let contracts.

Beyond the fact that the city clerk was advised to write to engineers, no explicit plan of procedure was put forth.

A further idea discussed was to personally study the results of lighting in other cities to determine the best system to be installed.

**Beer Permit**  
The council Tuesday read and allowed city claims and adopted a resolution providing for a beer permit to give an on and off sale beer permit to Forest Betz.

The next and final meeting of the present council will be March 28.

The election of city officials will be held April 4.

### Carroll Coup Badly Injure In Home Fall

Carroll—Mr. and Mrs. M. J. Jorgenson, aged 70 and 65 respectively, received severe injuries a fall at their home Sunday morning.

Mrs. Jorgenson was entering the house. The trap door led to the basement stairs and she made a misstep and fell down the basement steps.

At the same time Mr. Jorgenson was coming up from the basement. His wife fell against him, knocking both of them to the bottom of the flight of stairs.

Both received severe shocks. Mrs. Jorgenson had three broken ribs, broken shoulder cap and head cuts. Mr. Jorgenson sustained a back injury.

They were taken to Bent's hospital at Wayne.

### 4,000 Is New Census Guess

Wayne will gain about 450 additional persons that local boosters have not been claiming when Uncle Sam counts noses in the 1950 census.

The census bureau has ruled that in order to provide "more realistic" data, college students will be counted as residents of their college towns rather than their home towns.

The Wayne Chamber of Commerce estimates Wayne's present population as between 3200 and 3400, and the addition of Wayne college students should make this about 4000.

The 1940 census recorded 2719 persons in Wayne.

### Kiwanians Honor 4-H Club Leaders

Lincoln Speaker Praises 4-H Job

"Our 4-H leaders are doing a wonderful job of building citizenship."

Those were the words of Clyde Naves, district extension supervisor from Lincoln, as he spoke before Wayne Kiwanians and 4-H honored guests here at the Morrison hotel Monday.

The speaker praised the 4-H leaders, who receive no pay, for the job they are doing in helping build the youth of our community.

Comparing the objectives of Kiwanis and 4-H clubs, Naves found them to be quite similar. Commending both groups, he referred to an inscription he once saw:

"The service we give to our community is the rent we pay for the space we take up."

The program speaker was introduced by Don Warner, Wayne county agent. Also at the meeting were Catherine Kirwan, 4-H club supervisor of Lincoln, and Phyllis Ross, Wayne county home extension agent.

Honored Guests

The following 4-H volunteer leaders were honored guests of the Kiwanians:

Mrs. Clarence Apking, Mrs. Frank Hicks, Mrs. Julia Haas, Mrs. Herb Kollmorgen, Mrs. Robert Boeckenhauer, Mrs. T. P. Roberts, Mrs. Basil Osburn, Harold Gathje, Robert Waller and Lyle Gamble.

### Chamber Plans Spring Opening

New spring styles and fancy windows, the fire whistle, and the Wayne high school band will "dress-up" the Spring Opening planned for Thursday evening, March 30, by the Wayne Chamber of Commerce.

Windows will be unveiled at 7 p.m. Free gifts will be given by merchants to those holding matching tickets.

At the same time the public is invited to the Hobby Show, sponsored jointly by the Wayne Woman's club and the Chamber of Commerce, and held at the city auditorium. Last date for entries in the Hobby Show will be March 22.

### Protest Wayne Street Vendors

The fate of the apple and melon vendor on Main street in Wayne was slightly darkened at the city council meeting Tuesday.

Four Wayne grocery store managers, and John Kyl, Chamber of Commerce secretary, appeared in person before the councilmen to protest the "unfair competition" of the out-of-town vendors.

A plan to raise the present peddler's fee from the \$5 amount was dismissed.

Although no official action was taken, it was agreed that the present ordinance would hereafter be enforced, thus moving the seasonal peddlers from downtown Main street.

### C of C Plans Easter Egg Hunt April 8

Wayne kiddies will search for hundreds of eggs Saturday, April 8, in a big Easter Egg hunt sponsored by the trade committee of the Wayne Chamber of Commerce.

The eggs will be hidden in Bressler park. The area will be divided for the different age groups.

A free show will be given for the children at a local theatre.

### Arvid Hamer, 3 1/2, Dies in Japan of Blood Poisoning

Mr. and Mrs. David J. Hamer have received word by short wave radio from Japan of the death of Arvid Alan Hamer, 3 1/2 years old, only child of Lt. and Mrs. Arvid E. Hamer of Wayne. He died of blood poisoning at Yokote, Japan, where Lt. Hamer is stationed.

Memorial services were held at the Yokota Air Base chapel on Sunday morning, March 12, and 1950 census, has announced that persons interested in working a census enumerators in Wayne county should write immediately for blanks.

Application blanks may be obtained from William G. Ashford, district supervisor, bureau of census, 233 1/2 E. 6th Street, Fremont.

Requirements are that employees must have an automobile and that they must be between 21 and 45 years of age.

After the application has been filed, examinations will be given to applicants at the Wayne county court room March 24. There will also be a school of instruction for Dixon and Wayne county census workers at the Wayne county court room March 27-31 inclusive.

Eleven enumerators will be appointed for Wayne county.

### Letters Must Be Signed

Note to the "Wayne Teen-ager" who wrote a letter to The Wayne Herald in rebuttal to last week's editorial titled "Where Are Your Children?"

Your letter was read and appreciated, and we would be interested in publishing your viewpoint. You point about the "older generation" setting a better example, and about children asking themselves "Where are your mother and father tonight?" were especially good.

However, newspaper code demands a signature to every letter published, even if the name of the sender is to be withheld from print and placed in the confidential files of the newspaper.

Letters to the editor are always welcome. But they must be signed.

### Elect Harold Gathje County 4-H Head

Wayne county 4-H leaders held a meeting in Wayne Monday at which Harold Gathje was elected president of the group. Mrs. Herbert Kollmorgen, vice president, and Mrs. Basil Osburn, secretary-treasurer.

Plans were made to hold a county-wide 4-H party in April.

A committee was appointed to meet with the fair board on 4-H problems, and it was voted to have county elimination for girls' state fair entries in August.

### Pender Couples Touring South

Three Pender couples have been announced as members of a group now making a 16-day farm tour through 18 southern states and Cuba. The trip is under the sponsorship of an Omaha radio station.

This is the third annual tour of this kind. In 1948, 26 farmers went to Europe and in 1949, 200 farmers travelled to the west coast, Canada and Mexico.

Included in the 210 persons making the southern trip will be Mr. and Mrs. W. E. Wenke, Mr. and Mrs. R. F. Deane, and Mr. and Mrs. Carl Wichman, all of Pender.

## Corn Borer Here to Stay; Warner Tells Story of Pest

**Describes Life Cycle, Controls**

A statement made at a recent farm meeting seems to be true: that the corn borer will be a threat to Nebraska corn growers as long as Nebraska has favorable weather to grow a corn crop.

Because of the seriousness of the infestation of the corn borer in Wayne county in 1949, County Agent Don Warner feels that a complete understanding of the borer's habits and control methods are a "must" for all farmers.

Wayne county damage, according to a check made by Warner in October, ranged from 36 to 100 per cent.

The following article was prepared by Warner to give farmers in the Wayne area the latest information on the borer:

Many things have been written and said concerning the habits and control of the European corn borer and the result is confusion in the minds of the farmers.

Statements such as "we will have to quit raising corn because of the borer;" "this winter will certainly kill them;" or "we could eradicate them by spraying the entire county" are erroneous.

Eastern states have lived with the European corn borer for 12 to 15 years and are still producing high yields of corn economically. We in Wayne county can also learn to live with the borer and still produce corn, because the pest will never be eradicated.

The reason the borer cannot be eradicated is because it lives on over 200 different kinds of plants and goes through several cycles wherein it cannot be controlled.

**Two Life Cycles**  
The European corn borer goes through two complete life cycles each year. It overwinters as a worm in a semi-dormant state in the stalks of whatever plant it has

### Give Evidence on Wire Recorder

Something new was added to county court proceedings Monday.

Russel Bartels, one of the attorneys in a probate case, recorded evidence of witnesses on a wire recorder.

This was not part of official court record but was done merely for the attorney's record.

## Corn Borer —

(Continued from Page One)

attacked. In the spring it transforms into a hard shelled cocoon from which an adult moth emerges in early June.

These moths fly long distances and lay up to 400 eggs each in late June or early July. The eggs hatch in a matter of two or three days depending upon the weather.

Then larvae or worms burrow into the stalk at the base of the leaves, or nodes. They again form cocoons in about a month, from which moths emerge to lay eggs again in late August and September, forming the second generation or brood which causes the most extensive damage.

This generation again overwinters as a worm in the stalk, ear sheath, or cob of the corn plant completing the cycle.

Control Measures In discussing possible control measures, there are two general methods: natural and artificial.

Natural controls include control by weather, parasites and insects. The weather is responsible in a large extent for the welfare of the corn borer. In the overwintering cocoon stage, the worm is protected by the plant. It cannot be frozen to death by weather, since it requires continuous freezing at 25 degrees Fahrenheit for a period of over 30 days to kill the worm.

However, alternately freezing and thawing the worm weakens him during a dry winter by removing moisture from his body. When the worm is transformed to a hard shelled cocoon he requires large amounts of water. If the weather is dry at this time and if the worm is weak he will die.

Again, when the moth lays eggs, moisture is required. If the weather is hot and dry during this critical period the mortality of the worms will be great. In some instances unfavorable weather has reduced corn borer population by as high as 85%.

In general however, weather favorable for corn production is also favorable for the corn borer.

Insects and parasites also reduce the corn borer population by feeding on the eggs and larvae of the borer or by infecting and weakening the worm or moth.

NEXT WEEK: Artificial control measures.

## Farmer Says Storm Worst Than '49

Walden Brueger, who lives eight miles west on highway 98, reports that the storm of last Tuesday was the worst he has ever seen. The drifting snow was so heavy that in some places on his farm the snow reached the power lines. Light and telephone service was eliminated for the night, and Wednesday morning found the Bruegers, as many other farmers, completely cut off from the rest of the world.

Feed for the animals was hauled from town because all contacts with feed on the farm were impossible to reach.

Mr. Brueger has lived on the farm for 42 years, and he believes that this storm was even worse than any received last year.

The group discussed plans for the home talent play, "Who Gets the Car Tonight?" which with other features will be presented March 24. The April meeting will be with Mrs. Bob Johnson when election of officers will be held. Mrs. Lloyd Morris, Mrs. George Owens and Mrs. Dove Lowe comprised the lunch committee.

**Wayne School Children Add Reporting to the Three R's**

The fourth graders at Wayne city school decided to write school news for The Herald this week. Each subject was reported by one of the students. Mary Lucille Pawelski wrote a poem entitled "A Day at School," describing the whole day.

Julianne Lamp reported on arithmetic as follows: "We have arithmetic every day and it is the subject we have the most fun in. We like to race, but last Tuesday we were as slow as turtles. We just decided we all needed practice in our multiplication combinations."

Like Old-Time Stories. "We received our reading books today," wrote Carol Jo Gifford. "The name of the book is 'Singing Wheels.' They look very interest-

ing. They have old-time stories. We all like those kind of stories."

Students are so enthused over geography they picked two reporters. Caroline Bickert and Nancy Betz, to tell about the study of the Congo. "Fourth grade packed bags and spent this week in the Congo," according to the girls. "We haven't seen a bit of snow because it is always hot and rainy there. We learned about the tsetse fly which natives say is more dangerous than a wounded elephant."

Nancy takes a personal view of geography, reporting further: "We visited their gardens. The women do the work in the gardens while the men fish and hunt. They raise some of the things that we do. I don't think that I would like to work in the gardens and that I do not like."

War News. War correspondent was Denny Kern who was chosen to furnish news about the Revolutionary War. The class has been studying about the war drum when he was plowing and left his plow and was off to war. He was one of the leaders of the Battle of Bunker Hill. The battle was really fought on Breed's Hill. One thing people said about Putnam was he dared to lead where any dared to follow. "We thought Putnam was a very brave farmer-soldier from Connecticut."

Roe Jean Woehler noted those who had 100 in spelling and said, "We all had very neat papers. Miss Woods put them on the bulletin board. We all hope we'll get 100's in our spelling test this week."

A recent addition to the room is the grocery store. Tommy Beckner tells about it.

Grown-up Store. "We have a store. We have everything in it. I believe. The boys can buy many grown-up things. Of course we aren't 21 yet, but we like to think we are. The girls can buy cooking materials. We have washing soap, sugar and coffee. In fact, if you're low on groceries you might come up and buy something. We have a supply of most anything you would need!"

"Duane Fitch brought a toy cash register, Denny Kern and Renee Wittse brought play money. We've learned to make change very well."

Clifford Price added a few things about the room: "In our room we have some flowers. The one that is going to bloom is a daffodil. We're afraid it's going to bloom over the weekend and we won't be able to see the flower. The chicken pox bug has bitten Philip Griss and Catherine Brundley. We're afraid Derald Nielsen has them too. Ronny Stirtz doesn't have chicken pox, but he's been absent this week."

Eighth Grade. Elaine Fork is a new student in the eighth grade.

Mrs. Allen substituted for Mrs. Rickers this week.

Perfect attendance for the past six-weeks period included Gordon

Zapp, Marcia Witmer, Gayle Grubb, Marilyn Henegar, Paul Koplin.

Students on the honor roll are Joan Pawelski, Virginia Proett, Larry Johnson, Evelyn Roberts, Wilma Temme, Lovell Johnson, Betty McCullough, Gloria Ahlvers and Gordon Zapp.

Perfect spelling scores in the mastery test this week were earned by Virginia Proett, Gloria Ahlvers, Marcia Witmer, Evelyn Roberts, Larry Johnson and Charles Messerschmidt.

Seventh Grade. The following pupils were on the six week's honor roll: Gloria Plett, Steve Pawelski, Ardyce Woods, Linda Beck, Kathryn Stammer, Tootie Peck and Norriene Olson.

Third Grade. Bressler is leading in the arithmetic kite flying contest. Those who are just a few miles behind her are: Bobby Fritz, Judy Golay, Jerry Smith, Douglas Finn, Robert Hart, Sandra Eulberg and Muriel Koch. There were 18 scores of 100 Friday.

The class wrote letters to Fredrick Rickers, Linda Mau and Jimmy Skeahan, who are at home with chicken pox.

Boy Scouts from junior high and high school rendered real service in helping the grade children home during the blizzard Tuesday.

**No. 41 in a Series— KNOW YOUR FACULTY**

This column features a short story each week on one of the faculty members of Wayne State Teachers college. In the hope that townspeople and college instructors may become better acquainted.

Verna Elefson, history and government instructor at Wayne State Teachers college, claims to be basically a teacher and has proved the fact by stating that she has taught in rural schools, grade schools, high schools, junior college in Iowa and in the teacher's college in Indiana, Pa.

Miss Elefson received her BA and MA from the University of Iowa. She has done further graduate work at the State University of Iowa, at University of Chicago and at the University of Wyoming. She came to Wayne in 1929 and taught for a year in the seventh grade in training school. Since then she has taught history, government and education methods courses.

The instructor grew up in Wright county, Iowa, where 4-H club work originated. She later taught in a rural "demonstration" school where 4-H club

work was especially emphasized. There were 41 pupils in the school which included all of the eight grades. Each autumn a district fair was held, attended by all the township schools. The district 4-H girls and boys brought their poultry, livestock, canned goods, sewing and other work to be exhibited and judged as at a county fair. During the fair there were stock judging, rope tying, hitching and pulling and other contests. The day took much preparation for both students and teachers. It was a real activity program. Once a month throughout the year a parent-student agricultural meeting was held.

Miss Elefson emphasized the importance of student activity in learning that the student must partake in order to learn. The teacher may lecture well and know his or her material but the student is responsible in the learning process. Pupils have a tendency to like subjects with which they are already somewhat familiar, and to decide to major too soon or too superficially.

"The teacher believes in education as something important to civilization and society," stated Miss Elefson. "Those who know are happier and more able to express themselves. School gives the youngster a chance to know widely, to be informed and to think discriminatively."

The college instructor enjoys teaching history and political science. She prefers to have conversational discussion classes rather than to lecture. Students learn best when they are active themselves. To be informed about the past and present, to ask pertinent questions, to think discriminatively is the objective.

Miss Elefson states her fixed hobbies as reading and gardening and listening to the radio. She likes to dabble and experiment with plants, photography, cooking as diversions. "I am not expert at any of them," she says.

**COMING!**

**A New Telephone Directory**  
with a classified **YELLOW PAGE** section for the convenience of shoppers and merchants

A new Yellow Page Classified Business Directory will be included in the next issue of the Wayne directory to be delivered early in June.

This new "Yellow Page" section will list Wayne business firms under headings descriptive of their business and many products or services they sell, a complete and useful "Buyers' Guide."

**For Buyers**  
This new classified telephone directory will be a conveniently arranged buyers' guide making it easy to find where to buy articles or services you may need.

It also will list dealers for advertised products, refresh your memory when you are in doubt about a name or service needed, and be a quick and convenient source for business telephone numbers you may want to call.

**For Business and Professional People**  
Because this classified directory will go into every home and business place in Wayne having a telephone, it will be an especially effective spot to tell the public about the services or products you offer.

The Yellow Pages will help you reach people when they are ready to buy—a mighty good time to present your sales message!

For information concerning representation in the Classified Telephone Directory, please call the telephone business office.

Hurting Themselves

Marquis Childs, a columnist of liberal views who has often taken the side of labor in industrial controversies, recently discussed some important long-term aspects of John L. Lewis' policies as they affect the soft coal industry, the miners, and the public. In part, he said:

"The demands that Lewis has been able to enforce because of his monopolistic hold have created a distortion with serious implications for the whole economy. It has contributed to the price level that have steadily pushed up the whole price level. As a result many Americans—in agriculture and outside the unionized industries—are being priced out of the market."

"If enough people are priced out of the market, it will be quickly felt in a lessening demand for consumer goods. Even a mild depression would be likely to play havoc with the welfare system that Lewis has got out of the coal industry: a system that has little relation to actual soundness."

The foregoing is the big point, regardless of what happens in any particular strike or shut-down or dispute. The miners, naturally, want the best contract possible, the highest wages, the shortest hours, the pension benefits and all the rest. But what good would these things do them if the market for coal steadily dwindled, because the price to the consumer was too high and, consequently, there were fewer and fewer jobs?"

Any group—whether it be a labor union or an industry—which tries to force extreme demands, regardless of the effect on the rest of the nation, is riding toward destruction.

So maybe in the long run John L.'s latest victory at the coal mines is not a victory after all.

A cowboy friend wants to know what happened to the four boys with cheeks of-tan." He's tearing down the road to town at 80 per in Dad's car.

Save Your Gasoline

If nothing else, the snow planned at the Wayne, Neb. school from Friday will point out the need for it.

One doesn't have to travel to the larger cities when buying home appliances. Wayne dealers handle every big-name brand of appliances that you can mention.

What's more, when it comes to service and repair you're right at home.

Uncle Sam—A Big Spender

"It is hard to get any realization of what a tremendous money-spending machine our federal government has become," Senator Hugh Butler declared in an address given in Arizona.

"The war has been over for almost five years now, and yet the government is still spending at a rate five times as great as President Roosevelt's average rate of peacetime spending," the senator charged.

Butler added, "The entire cost of the Civil War and all the other federal expenses during those four years were three and one-fourth billion dollars—not quite enough to last this administration one month."

Two housewives, while waiting their turn at the grocer's, were overheard discussing the last depression.

"It came at such a bad time," said one. "Just when everybody was out of work."

A Pessimist Gives Up

Man comes into this world without his consent, and leaves it against his will.

When he is little the big girls kiss him, and when he is big the little girls kiss him. If he is active in politics, it is for graft; if he is not interested in politics, he is no good to his country.

If he makes a lot of money, he is dishonest; if he is poor, he is a bad manager. If he needs credit, he can't get it; if he is prosperous, everyone wants something from him.

If he is religious, he is a hypocrite; if he doesn't go to church, he is a hardened sinner. If he gives to charity, it is for show; if he doesn't, he is a stingy cuss. If he is affectionate, he is a soft specimen; if he doesn't care for anyone, he is cold hearted.

If he dies young, there was a great future before him; if he lives to a ripe old age, he missed his calling. If he saves money, he is a tightwad; if he spends it, he is a spendthrift. If he has money, he is a grafter; if he hasn't got it, he's a bum.

So, what's the best? Famous Last Line—A little praise won't hurt the wife, even though it may frighten her at first.—Kanawha Reporter.

Way Back When . . .

30 Years Ago

March 18, 1920—A small blaze in the rear end of the Wayne Bakery was discovered about 1 o'clock this morning by the night watchman, A. A. Chance. According to the Omaha Bee, Miss Elizabeth Mines, who is attending the university at Grinnell, Ia., has been appointed one of four members in the cottage in which she lives. A Lancelotti report of the first of the week stated that Ward Randol, Wayne student in the state university, had filed as a candidate for the republican nomination for representative from this country. Otto Voss, Hoskins, has taken the agency for the Cleveland tractor.

25 Years Ago

March 12, 1925—The city council voted to mark the streets and houses of Wayne in order that this city may fulfill the requirement which the government makes before free mail delivery is granted. A popularity contest at the State Teachers College named the six most representative young men and women to be presented in a special section of the Spizzerrinkum. They are Ruth Pyche of Beatfield, Anna Johnson of Nowhina Grove, Faye Bacon of South Sioux City, Ronald Reed, Paul Bowen and Ed Reynolds, Wayne. The Greater Wayne club sent J. J. Ahern, J. C. Nuss and C. M. Craven to Lincoln to ascertain how Wayne county would fare in application of the proposed gasoline tax. Valdemar Peterson and James Heitman judged a high school debate between Tomca and Lyons.

20 Years Ago

March 13, 1930 Wayne Professional and Business Womans club which is participating in the observance of national business women's week was organized in October, 1922, with a membership of 36. Five thought to have been started by a spark from an outdoor paper burner damaged the warehouse back of the city's first grocery store. Donald P. Miller who has been practicing law at Wakefield moved his office to Wayne. The Farmers Union store, Wakefield, moved the first of the week to the L. C. Nuenberger building which Silverbergs have occupied.

15 Years Ago

March 14, 1935 Presentation of a "W" club blanket to Dr. U. S. Conn in recognition of his 25 years of club membership was a feature of the college assembly. After prolonged debate lasting through Tuesday evening's city council meeting until 1:30 next morning, and continuing Wednesday morning, bid of the De La Vergne Engine company for purchase of a new Diesel engine was accepted. The contract calls for a 750 horse power Diesel engine and a generating unit to cost \$47,359. Shoes school held a prosperity carnival Friday, proceeds to be used for school equipment.

10 Years Ago

March 14, 1940 Wayne Men's club has designated March 20 as farmers' night and each club member will invite a farmer friend to a dinner. Dan Hildebrand of Seward, president of the United States Livestock association, will be a guest. Wayne Rural Public Power district has built 175 miles of the second section of the line to be built this year. The Chamber of Commerce board discussed the possibility of having a sign placed east of Pulger where No. 15 leads north to Wayne.

IN BOOKLAND

by Mrs. F. A. Mildner  
City Librarian

LENT IS A TIME FOR RENEWED DEVOTION. Many interesting and inspiring books of religious nature and in the fields of biography and fiction can enrich your Lenten devotions. Ask at your public library today for the Story of Christ's Life or the biography of Mary. We have a bulletin board displaying book jackets of many appropriate books for your Lenten reading.

BETWEEN THE WEATHER AND THE FLU we did have a hard time keeping our regular schedule at the library last week. Of course on that fateful Tuesday when the storm struck we couldn't possibly get to the library so we just forgot it and enjoyed the house party at Mrs. Cramer's where we had gone to attend a PEO luncheon. Every cloud has silver lining so the storm provided a jolly relief from routine for your librarian, not to mention a rousing jeep ride home before dark.

EVEN THE FLU HAS ITS GOOD POINTS. While confined to your bed you can take your mind off your troubles and stop worrying about all of the things you should be doing and can't if you read a book or two. By all means don't get caught without anything to read at a time like that. The best thing to do is always have one or two on hand just in case the worst does come to pass. We could recommend THE SECOND OLDEST PROFESSION by Robert Sylvester (and not because it just happens to be the one we got caught with either) and you'll see what really goes on in the making of a great daily newspaper. It is a forthright, violently blunt dissection of a facet of American life, and of the headline genius whose only interest was in greater circulation and whose only weapon was the distillation of half-truths. Another thing to have on hand when you feel especially miserable and wish you were on that vacation to the southland, which you can't possibly take, is an issue of HOLIDAY magazine. We read it from cover to cover and found it a great good substitute for that trip, and think of all the places you can visit in a few hours!

CONTRACTS WERE SIGNED AT THE LIBRARY Saturday afternoon with the successful bidders, the library board and the architect present.

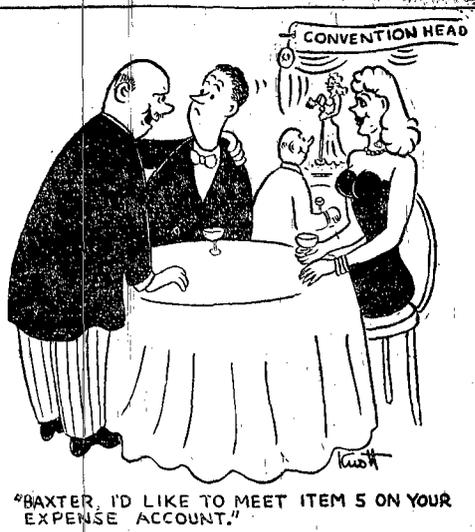

MISS HELMA MYERS, KINDERGARTEN supervisor of the Training school, was the story teller for the children last Saturday at Story Hour.

Don't Tell the Census Taker!

Wages in private employment in Nebraska have gone up during the past few years. The Department of Business Research of the University of Nebraska has estimated that the average wage earner received \$2,575 in 1949, an \$18 increase over the 1948 wage figures.

That figure looks even brighter when contrast it with an average wage of \$1,327 ten years ago.

## Creamery Cops AAU Tourney

Wayne Creamery's basketball team came through as champions of the District AAU tournament held in Norfolk last week. Norfolk's Herbs team was the last stepping stone to the top rung that the Creamery five hurdled with a 58-36 win.

The second quarter of play was all Wayne's as they unleashed a 28-point scoring spree to force the game after trailing 13-5 at the end of the first period. Gene Baumert was the big offensive threat, especially when it came to meshing free throws. He hit eight for eight, together with three field goals to be the high scorer for the Wayne outfit. Strarratt was high man for the opposing five with the same number scored.

Osmond dumped Wayne Stirtz's in an earlier game and then went on to thump Ainsworth for third place honors.

In the semi-finals, Wayne Creamery rolled over Ainsworth 60-41 to qualify them for their game against Norfolk's Herbs.

Winner and runner-up are eligible to compete in the regional AAU tourney to be held in Norfolk this Thursday and Friday night.

## Prep Bows to Uehling Five in Class D Play-off

Wayne Prep bowed before Uehling 40-30 Friday night in the finals of the regional class D play-off held at Pierce.

The tilt started with Uehling scoring a bucket on a fast break and a gift toss, after which Prep evened the score, and again at 5-5 before the Uehling five pulled into a 11-7 quarter-time lead.

Pat and Mike Mallette gave the Prep men all they could handle with their smooth basket making ability. The fast-breaking Uehling quintet continued to give the Prepsters all they could cope with the remainder of the game.

Thompson, usual high scoring center for the Prep team, had a cold evening of 3, as did his teammates. At half-time Uehling held a 23-17 advantage which stood at 33-25 at the three-quarters mark.

Mike Mallette poured in a total of 15 tallies followed by Pat Mallette who counted for 12. Thompson dumped in 10 to lead Prep, making six of six free throws attempted.

In the game last boosted them into the finals with Uehling the Prep quintet trounced Platte Center 60-46 Thursday.

Though the spacier Prep team started slow against their larger opponents, they quickly warmed to the task and fashioned a 32-18 half-

time lead.

The game was a bit unique in that both teams had a large number of fouls called on them, while hitting a very low percentage of their free throws.

Tom Bahe was quick on the get-away after ball stealing and racked up 21 points, mostly on set-ups. Padroza was high point getter for the Platte Center five with his 17 points.

Prep won a total of 22 of their 23 games played for the season, piling up a total of 1,091 points against their opponents 657.

## South Sioux City Takes Class B Tourney Finals Monday Night

### Wayne High Cops Consolation Honors

South Sioux City's basketball five won the right to enter the state tournament at Lincoln this week by dumping Bloomfield in the finals 61-31 in the game played on the Wayne floor Monday night.

Wayne was ousted from competition Saturday night as an inspired Bloomfield team came from behind a six-point deficit with three minutes remaining to down the Blue Devils 38-35. The Blue Devils came back strong Monday night to top consolation honors as they ran over Wisner 44-38.

The tournament got underway a day late as the beginning of the blizzard prevented teams from getting to Wayne. In the first round of play, Wayne had an easy evening of it with Pierce offering small resistance after the first half. Meyer scored 16 points in the Blue Devils 39-25 win over the Bluejays.

Bloomfield had a bit different time of it when they ran up against a battling Lyons outfit. It wasn't until the final buzzer sounded that Bloomfield was sure of their narrow 42-41 win. Hansen and Tru were the stand-outs for the Bloomfield outfit.

Madison's dragons fell before the onslaught of the South Sioux City men 59-30 Thursday night in the second round of tourney play. Magers paced the winning team by dumping in 16 tallies.

Wisner and Stanton had a duel-to-the-finish affair with the Wisner ball handlers managing a 35-31 win after several close calls. Sudman was the big gun in the attack for Wisner.

Wayne Fades

Wayne fashioned a 28-21 half-time lead in their game with Bloomfield but faded in the final minutes of the game to lose 38-35. The game started as a see-saw affair with the Blue Devils managing a slight lead throughout the first period of play. Bloomfield pulled

up even with the Devils in the third quarter before the Wayne five again put six points between them and the Blues.

Two free throws and two buckets evened the count and a final flurry of last minute fouls on both sides gave Bloomfield the necessary margin for their win.

Agam South Sioux had little trouble in downing their opponent as their fast break quickly overcame Wisner's defense and the men from South Sioux won going away 48-24. Black showed exceptional floor work for the winning team.

In the finals the South Sioux outfit again used their fast break to best advantage in running rough shod over Bloomfield 61-34. The first few minutes of play were fairly even with Bloomfield keeping an even keel with their opponents by dunking their free throws.

Close-ins by Gilson and Magers gave South Sioux their 32-17 intermission margin. Black started hitting with shots from further out to rack up the evening's high score of 17. Melford was high point man for Bloomfield tallying 8 points.

The consolation game was a revenge game for Wayne as they downed Wisner 44-38 after losing to the invaders in an earlier season game. Wayne maintained a slight edge throughout the game, but were hard pressed to stop the shooting of Rathke who collected 20 points for the losers. Meyer was high man for the consolation winners with 17.

Mrs. Kenneth Ramsey attended Methodist Aid at Winside Tuesday afternoon when Mrs. O. I. Ramsey was assistant hostess. The family was again in Winside Saturday evening visiting with Mr. and Mrs. Eldon Burke and Jeffrey of Sioux City at the Mrs. Chris Lautenbach home.

Monday evening the 4-H club met at the Rollie Longe home when Mr. Gilbert, Mr. and Mrs. Robert Boeckenhauer, Mr. and Mrs. Norman Anderson and Mr. and Mrs. Lou Lutt were visitors.

The Rollie Longe family was among a group of relatives who took dinner and surprised the John Zits of Wisner on their 25th wedding anniversary Sunday noon. That evening they attended a similar affair at the John Sievers home when a large number were present.

Mrs. E. W. Lundahl formerly of our vicinity underwent major surgery in Omaha Saturday.

The Rollie Longes have been making daily trips to see Mrs. Albert Killion who has not been very well.

Mr. and Mrs. C. R. Ash visited at Roy Pierson's Saturday evening and had Sunday dinner with Mrs. Charlotte Lundahl.
