Wink Loses Two Players From Squad

Trouble never comes singly to football coaches, and Wayne State's Jack Wink is having his share.

Two Lettermen Out On top of Saturday night's trouncing by Augustana, the first defeat for the college in the Memorial stadium, two of Wink's lettermen are forced to turn in their uniforms to replace an already scanty stock of letterman jackets.

Camaron Ostrand, senior end from Rosalia, has been called for duty in the army to report Sept. 27, one day before the Wildcats' game with Nebraska Wesleyan. Gerald Moyer, senior back from Scribner, has taken a job, which cuts him out of football.

Wink reports that the inexperienced Wildcats came through the Augustana rout "a little bruised but a lot smarter," and the daily drills are slated toward strengthening the weak spots before the first NCC game Saturday night.

Midland Next The Wildcats will travel to Fremont Saturday night to meet Midland college.

OBITUARY

Christ Charles Voss

Are Antibiotics In Livium The Secret of Faster Pig Gain?

Antibiotics are especially important for your fall pigs. You can't afford to take chances on hit-or-miss amounts.

That's why Nutrena's guaranteed antibiotic feeding program is the fastest-growing feeding idea in the hog belt. Hog raisers everywhere are switching to the Nutrena plan because it takes the guesswork out of antibiotic feeding. With this plan you can get after 200 lb. hogs in five months. And the time to start is now—when pigs need it most.

If you follow this simple feeding program, Nutrena is able to guarantee your pigs will get all the antibiotics they need at each stage of their lives.

For example, if you are raising fall pigs, they are probably just about ready now for a "big starter" feed. Young pigs don't eat much feed, but it must be palatable, nutritious, and "loaded" with enough of the right antibiotics if you want to avoid scours, save runts, and make them all step out fast toward heavier weaning weights.

So it's no time to take chances with just "some" antibiotics in your pig feed. How can you be sure to get the right amount of the right antibiotic at the right time? It's easy.

Start now, on the simple guaranteed Nutrena plan, with one of these two pig feeds: Nutrena 24% Soy & Fish Supplement is made to feed with your own grain. Nutrena Pig Pusher is a complete creep feed. You can take your choice, and either one is guaranteed to give your baby pigs effective amounts recommended by leading college authorities.

Let's Get Better Acquainted

Proclaiming "Know Your Bank" Week

The week of September 17th to 22nd has been proclaimed as "Nebraska Bank Week." During this week you are invited to visit your bank and see its inside workings. For us, it will be an opportunity to become better acquainted with you. For you, it will be a chance to see exactly how a bank is run and what happens to your money after it is deposited.

The purpose behind "Nebraska Bank Week" is this: We realize that only where there is mutual knowledge and understanding between parties can there be friendly, solid business relationships. We want to know you better and we want you to know more about us so you can take advantage of all the facilities and services we have to offer.

Be sure to visit us sometime during "Nebraska Bank Week."

DRIVE IN AT THE SIGN OF FRIENDLY SERVICE

Mobilol

WE KNOW MOST OF YOU SAW THE JOE CHITWOOD SHOW AT THE WAYNE COUNTY FAIR.

It was really grand entertainment. You couldn't help but marvel at the daring of the drivers in Joe Chitwood's act—they exhibited real courage with some dangerous stunts none of us would have cared to duplicate.

Did you notice the Chitwood troupe didn't spare the horses in telling everyone about the Mobilgas and Mobilol they used in their cars, even down to the gasoline they used to set fires.

Mobilgas... we think is the finest trade name in the automotive service station business.

Maybe you're missing something BIG

We know how you feel when a car has given you faithful service. You like it. You're loyal to it. And that's only human.

But just suppose you found out that some other car could make familiar roads seem a lot smoother. Suppose some other car held the curves in a way you'd never felt before. Suppose some other car had more thrilling power—steered like a dream—held its course like an airliner on the beam—and let you finish a long day's drive feeling daisy fresh.

Wouldn't you feel you're missing something big unless you tried it out? There is such a car. Its name is Buick.

It has big 300 coil springs on every wheel. It has a Fireball Engine. It has a "front-end geometry" that does miracles with steering. And it has Dynaflo Drive.*

And incidentally, it wears a price tag

NO OTHER CAR PROVIDES ALL THIS!

Building a Better Community

Almost a year's work was spent on the Vincent Thielman home at 817 Windom, with almost all the work done by Frank Thielman. The four-room home was begun May, 1950 and was finished April, 1951. Overall measurements are 32x26 with the living and dining area consuming 19x13 of that. The kitchen is 10x11 and the bedrooms are 10x12. There is a garage on the north side of the white shingle home, and a full basement affording a laundry, bedroom, recreation, bath and a workshop for Mr. Thielman. The home has very adequate closet space.

Finest green walls accentuate the red plastic leather divan and many other saving devices. The Thielman did the interior painting. The color of the smoky grey rug is repeated in the grey green and red flowered drapes. The wood-work is light golden oak, with a facade.

Autoist Finds New Use for Car
Earl Brown (right) today found that his car has an extra value over and above transportation. He learned from his neighbor, Jack Wilson, that his car can serve as security for a loan at the First National Bank. Wilson originally financed the purchase of his new car at the bank; then, after the original loan had been partly paid off, he used the car as collateral for an additional loan. To arrange a loan, go to the Loan Department of the First National Bank—use your car as security.

NOW is the time to buy our weather-defying wood storm sash!

Let winter winds howl! Your family can live in comfort behind the low-cost protection of wood storm sash if you order right now. Choose our sturdily built wood storm sash—for these reasons:

Important Fuel Savings That Last Year After Year
Based on scientific research, a 2-foot 4-inch by 5-foot 2-inch window with well fitted wood storm sash is estimated to save 100 pounds of coal per year—or 8 1/2 gallons of oil—or 12 therms of gas per year.

A Weather-tight Fit on Every Window
Our standard size wood storm windows will fit standard wood window frames without additional framing expense. Wood storm sash are readily fitted to any window—even one which has settled out of "square"—because wood is so easy to readjust.

Wood Storm Windows Have EXTRA Insulation
Because wood is a non-conductor of heat—our storm windows have an additional natural insulating value—discourage condensation and frosting. Scientifically protected against decay and moisture absorption—our wood storm windows assure you the utmost protection for your family—and for your pocketbook! Order yours today!

4 Invitations... that only

Chrysler

can give you!

✓ **COME FEEL 180 V-8 HORSE-POWER!** Chrysler's revolutionary new Fire-Power V-8 engine develops more power, gives smoother, more flexible responsiveness than any other engine ever put into an American car. Even on non-premium grade fuel, its built-in "Mechanical Octanes" enable it to outperform any other engine in any other car!

✓ **COME FEEL HYDRAGUIDE* POWER STEERING!** For the first time in any U.S.-built car, hydraulic power supplies four-fifths of the energy needed to park or steer... makes driving literally a brand new experience... gives steering ease and the safety of swift, sure steering control like nothing you've ever felt!

✓ **COME FEEL CHRYSLER POWER BRAKES!** Feel for yourself the new sense of security that comes when power from the engine helps your foot apply the brakes. Gently, smoothly, easily, swiftly, you "feather down" your Chrysler's speed... or bring it to a standstill, with as little as one-third the foot pressure you're used to!

✓ **COME FEEL WHAT ORIFLOW DOES TO ROUGH ROADS!** Chrysler this year uses a revolutionary new type shock absorber with over twice the ride-steadying power of those previously used on any cars at any price. Come feel for yourself what a difference this makes... come feel what happens when bumps disappear!

ONLY A RIDE CAN SHOW YOU WHAT ONLY A CHRYSLER GIVES!
