Winside Farmer First to Seal Corn Crop; Loan Price \$1.54

Over 106 Bu. Test Yield Is Reported

Wayne county farmers are harvesting one of the best corn crops they have ever grown. Ray Finn, Winside, reports a hybrid yield test on his farm hit over 106 bushels per acre.

Because of the bumper harvest, County PMA Chairman Thomas P. Roberts expects many of the farmers to make application for price-support loans through the county PMA office.

The large supply of corn has tended to lower the price so many of the farmers may sell their corn. A farmer can get immediate cash if he wants it, and can still market his crop in an orderly manner under the price support program. Purchase agreements give protection to farmers who do not want loans.

Loan Rate \$1.54

The loan rate in Wayne county is \$1.54 a bushel through May 31, 1953 for both loans and purchase agreements.

Thomas J. Leonard, Winside, was one of the first farmers to seal some of his '52 crop. Leonard sealed 1,084 bushels of corn. The moisture content was 16.9.

Nationally, the support price on the 1952 corn crop averages \$1.80 a bushel, which reflects 90 per cent of the Oct. 1 parity price. Price support for 1951 corn crop averaged \$1.37 a bushel.

Construction Loans Available

Storage facility loans are also available from the Commodity Credit corporation to help farmers construct additional needed storage, drying and ventilating equipment.

ACP Sign-Up Ends Nov. 15

Chairman Roberts also reminds farmers that the sign-up period for the 1953 Agriculture Conservation program closes Saturday, Nov. 15.

Local Woman Injured in Car Accident

Mrs. Amelia Lessmann, Wayne, was injured Monday morning 12 miles from Rock Rapids, Ia., in an automobile accident while on her way to attend the funeral of her sister, Miss Fred Kret, in Morris, Minn. Tuesday.

Mrs. Lessmann was with a brother and other sisters, Herman Schmill and Mrs. Lester Stone, Casper, Wyo., and Mrs. William Guthrie, Omaha. Mrs. Schmill and Mr. Guthrie were along also.

Mr. Guthrie was driving the car, heading northward on highway 75. A cement truck drove onto the highway from the east, without stopping. Trying to avoid an accident, the driver swerved the car at the intersection but the vehicle went out of control and upset in the east ditch.

Mrs. Lessmann and Mr. Schmill were thrown from the car by the impact. Almost immediately the automobile caught fire, but Mrs. Guthrie and Mr. Schmill dragged the others from the wreckage.

All were rushed by ambulance to the hospital in Sioux Center, Ia., a town about 90 miles from Wayne.

Injuries include: Mrs. Lessmann, three broken ribs, slight concussion and a back injury; Mrs. Stone, punctured lung and back injury; Mrs. Schmill, cut leg, one rib broken; Mr. Schmill, badly bruised; Mr. Guthrie, back injury, broken vertebra and broken ribs; and Mrs. Guthrie, badly bruised and sprained ankle. They all suffered shock.

Elmer Lessmann, Lincoln, Merle and Willis Lessmann, and Mrs. Dorothy Parenti and Mrs. Robert Johnson, Wayne, went to the hospital Tuesday to visit the injured persons. The ladies remained with them. Mrs. Lessmann was improved that evening.

Children's Clothing Drive Set

Campus school will take part in a state-wide Children's Clothing Drive to collect serviceable used clothing during the week of Nov. 3. Mrs. Dora Dalton, homemaker teacher, announced today. The collection in the Campus school is sponsored by the Campus school chapter of Future Homemakers of America.

Known as "Save-the-Children Bundle Week," the five-day clothing collection is part of the 10th national Children's Clothing crusade held under the auspices of a national committee of school superintendents, State Superintendent of Public Instruction, F. B. Decker, heads the clothing drive in Nebraska, and has announced a goal of 200,000 pounds.

Clothing obtained will be distributed to children in isolated rural areas of the United States (southwestern Indian reservations), in western Europe, the Far East and in Lebanon.

Child war victims in Korea, Lebanon, Finland, France, Greece, Austria, Germany and Italy will be overseas beneficiaries. In America, clothing is distributed in a carefully planned self-help program in needy rural areas of eight southern states. Many children in the American areas served come from families with cash incomes of less than \$100 a year.

Dr. M. B. Street said, "The Campus school will do its share in meeting the state quota."

The Wayne FIA chapter is happy to take part in this humanitarian cause which serves not only the child victims of war abroad, but helps so many needy children in our own country. Leaflets will be given to all children in the school system to take home during the week, stating the purpose of the drive and asking the cooperation of parents," he stated.

FIA sponsored clothing collections in Nebraska last year raised over 40,000 pounds of clothing. Lillian Schmidt, state adviser, reported.

About 75 farmers and wives gathered at the Edward Baker farm seven miles northwest of Wayne Tuesday and harvested an estimated 6,000 bushels of corn from 100 acres planted on the 240-acre farm.

There were 13 pickers and four elevators used in the operation. Farmers report the first machine hit the field at 6:30 a.m. with everyone completely organized by 8 a.m. The field was stripped of its ears of corn by 1:30 p.m.

NE Nebraska Schoolmen Meet Here

A meeting of district III association of school boards was held at Wayne State Teachers college, Thursday night, Oct. 16 with Louis Smithberger, Stanton, district president, presiding.

The group went on record as being opposed to constitutional amendment No. 302, which will appear on the November ballot, and which would permit a change in the present method of taxing motor vehicles.

It was felt that some definite proposal should have been included in the amendment as to the contemplated new method of taxing automobiles in order that schools would not face the possibility of having to raise the mill levy on property in order to offset the revenue lost by the change.

They favor amendment No. 306, to create a state school board.

Another meeting is planned for December.

"They never had it so good!"

THE order is, "Forward march"—and off they go, feet sucking against the Korean mud, every bone crying, "I'm tired!"

The order is flop and eat—and they flop and try to eat, no matter how little they like the food.

The order is, "Take hill number 63!"—and they fight forward, not ready for death, but expecting it with every splatter of bullets.

Then, in the quiet moments, one soldier will turn to another and half grin and say, "You never had it so good."

A joke—a classic Army joke—but these days it has a real bitter note to it. Because at the same time everyone is wondering and saying:

"Did it have to come to this?"
"Couldn't the shooting have been stopped before it began?"
"What's the matter with our foreign policy?"
"Why didn't the Administration see this coming?"

"Must we keep paying for their mistakes?"
"WHAT? We've never had it so good? COME INTO MY FOXHOLE AND SAY THAT!"

All right—the damage is done—and we all know what has been badly begun must be well ended.

BUT—shall we forget or forgive those who blundered? Will YOU? Do you DARE? Will you trust America's future foreign policy to those responsible for Korea? Is this official fumbling what you want for America? You know it isn't!

Not if you value the lives of your sons. Not if you value your own life and welfare and that of your family. Not if you value the peace and prosperity of America.

No—you will want to clean house. You will want to sweep out of power and into the ash can the Administration that brought your country to this. You will run, not walk, to the polls. You will vote eagerly, glad that you can make a change. You will

"Progress Towards United States of Europe Being Made," Editor Says

By Mark E. Cramer
Included are personal impressions after a conference for the press with Ambassador William E. Draper and staff. U. S. Special Representative in Europe, at Hotel Talleyrand, Paris, Sept. 29, 1952.

Such a term as "United States of Europe" was never mentioned by Ambassador Draper or a member of his staff during a session around the big conference table in Paris, but to me there was evidence that a few milestones down the long and difficult road have been passed.

For their own defense and economic welfare, however, it appears now that such a united western Europe is a definite "must." But we who were listening and asking blunt questions could detect a few "straws in the wind."

Agreement Signed
The past six or eight months of this year, in my judgment, Mr. Draper said, "has seen a very important improvement in the effectiveness of the NATO organization. At the London conference (last spring) the contractual agreement was signed, eliminating the occupation status of Germany . . . at the same time, six countries to be in the EDC (European Defense Community) that is Germany, France, Belgium, Holland, Italy and Luxembourg . . . under which a European army would be created. (The plans are yet to be ratified. Draper feels certain it will be.)

And it is really a matter of historic importance, that for the first time in history . . . the French and Germans are agreed to work together and be a part of the same armed force . . . something that even three or four years ago could have been considered inconceivable.

Pool Resources
Another vital step has been the adoption of the Schuman Plan, according to the ambassador. It was an important political development. It has been ratified by six countries. The plan sets up officially the European Coal and Steel

Community, wherein they pool and use those vital resources as a whole, extremely vital to success of their military build-up.

A third important step happened early in September, Draper stated.
"It was agreed at Strasbourg that the Assembly of the Schuman Plan would draft within the next six months a constitution for Europe. Again it is those same six countries that are involved . . . if that effort is successful it will mean creating a federal of some form in which those six presently sovereign countries will participate and will give up a certain part, at least, of their sovereignty."

There are now 14 countries in the NATO organization (since Greece and Turkey joined, last February) and there is a promise to get more money than the countries mentioned above develop and cooperate under a common defense plan and a workable constitution perhaps in the future all 14 can find their way to such a plan. It will take some time to get more money than the U. S. can afford, but there is continuing effort under way to each time to help themselves.

Procurement, Title?
The question of the new NATO "off shore" procurement plan came up for discussion. This is to make more money than airplanes, that are to be built and produced in Europe on other words of the shores of the U. S. As we got into the subject several of the newsmen started asking for more information. Here are some of the answers to questions:
"Question: May I ask a question first? You say that \$400 million was provided for off-shore procurement, of which the American taxpayers provided \$275 million. Is that right?"
"Ambassador Anderson: No, \$225 million."
"Question: And who is to have the title to the 1,700 planes, that are to be produced under this thing?"
"Ambassador Anderson: For the use of the Schuman Plan, according to the ambassador, it was an important political development. It has been ratified by six countries. The plan sets up officially the European Coal and Steel

Building a Better Community

There must be an adage to the effect that if a wife likes her kitchen, the home will probably be all right. Mrs. Arthur Puro loves her kitchen, and the rest of the home at 511 E. 7th is most certainly "all right."

The kitchen, located on the northwest section of the cedar natural-stained home, measures 15x11. Woodwork is stained natural and the walls are very pale green to match yellow, cream and margin accessories. Tile completes the bottom half of the walls. Rubber tile, tileum, "very comfortable on the feet," says Mrs. Puro, is pale cream and margin. There is a closet for cleaning utensils.

Walls in the 9'2"x12'2" living room are grey. The dark rose color flowered rug, rose chairs and drapes with a white and charcoal stripe rug and lampshade, furniture is walnut. The huge closet in the living room has sliding doors.

The bathroom has rose walls and light green tile. The floor is dark

The southwest bedroom, 9'2" x 12, is painted in light rose and has faun-colored curtains. The closet here has a sliding door. Light yellow walls are bright in the sunlight of the southeast 9'2" x 12'2" bedroom. The spread is green and curtains are white. The closet here also has sliding doors. There is a wide linen closet in the hallway.

The basement contains an extra room sometimes used as a bedroom, sometimes as a den. Walls are pink here and another closet affords plenty of storage space. There is space for a laundry room, fruit room and recreation room on the east.

A garage is attached to the east side of the home.

The Puros moved in Wayne three years ago. Dr. Puro is dean of students at Wayne State Teachers college. The family moved into the home July 1, after purchasing it from Emil Dupsky. The house was begun last fall.

The Puro children are Joan, 11 and Carol, 9 1/2.

Homecoming Queen

Joyce Echtenkamp, above, daughter of Mr. and Mrs. Harry Echtenkamp, regressed over homecoming festivities at Hahn High school Thursday night.

Jon Ronnfeldt was named king for the celebration.

Hahn High News Notes

Homecoming Celebration
The Hahn High Panthers won their homecoming game with the Wausau Vikings by a score of 16-13.

Following the game the W club sponsored a dance in the high school gym, at which time Jon Ronnfeldt and Joyce Echtenkamp, the homecoming king and queen, were crowned by the 1951 Banister.

The king and queen were attended by Dick Sorenson and Judy Sullens, from the senior class; Don Perry and Darlene Block, junior class; Merlin Gumborg and Mary Christensen, sophomore class; and Roger Ring and Lita Fuoss, freshman class.

Mark Ring was elected to be the junior attendant but because of an appendicitis attack Don Perry took his place.

Music was furnished by the college swing band and refreshments were served by the W club.

To F.F.A. Convention
Attending the national F.F.A. convention held Oct. 12-15 in Kansas City, were:

Class Hears Politicians

The American history and American government class went to hear the Republican caravan which was here recently.

Some of the students were most who impressed them asked here are the results:
Carol Simmon: The way they brought out the different issues.
Lily Echtenkamp: The age of the high school.
Dick Sorenson: The speech given by Bob Costo.
Jon Ronnfeldt: The speech given by Sen. Butler.
Joyce Ingram: A better idea of what is going on in the political world.
Lola Ronnfeldt: The way they tried to make the people like them by doing them nice things.
Darlene Block: Then speaking ability to impress the people.
Wilma McPherson: Harrison's speech.

The same group also attended the Democratic caravan.

Second Grade
The second grade published a small newspaper which came out in competition with national newspaper work, Oct. 2-8.

The class has made a map of their class room, drawing and coloring out of the furniture. They did this to help them better understand their study of maps. In this study they learned how to read the symbols, coloring, legends and directions on maps.

The second grade has made a terrarium out of layers of rock, soil and charcoal. They have put different kinds of plants and grass in this terrarium which they brought to school.

Pep Club
The Wayne Prep pep club gave the version of the homecoming game in a short assembly Thursday morning.

There were many cheers and songs led by the cheerleaders. The announcer, Tom Myers, interviewed some of the faculty during the half time. David Ratzke impersonated coach Anthony Clementi and Richard Lorenzen imitated, Bill Weaver.

The mock game ended 60 to 0 in favor of Hahn High.

"I See by The Herald"

Items about Wayne folks you know

Mrs. W. G. Schulz was in Oakland to visit her mother, Mrs. Hilma Gustafson last Saturday and Sunday.

The Hahn boys had many thrilling experiences. They heard the Secretary of Agriculture, Charles E. Brannon speak on "Thrift." They also heard the F.F.A. national band play and the chorus sing. Some of them were Kansas City airport, President Truman's summer White House, Automobile centers and refineries.

F. H. A.
The F.H.A. held a regular meeting Monday, Oct. 20, in the form of a swimming party. Following the swim the members were served hot coffee. Joyce Echtenkamp, Darlene Block, Carol Simmon and Jacky Victor were on the food committee.

For President, Sound Reasoning

Our national election November fourth will decide a great deal more than just who occupies the White House the next four years. Voters of our great country will decide fundamental questions of our future security and prosperity; questions that directly affect the lives of all Americans and the hopes and fears of every country in the world.

Columnist George E. Sokolsky recently offered the following six valid reasons why he has decided to back Eisenhower in the election. We believe his reasons are worth repeating in brief:

1. It is clear that Eisenhower, if elected, can find a cooperative majority in Congress, while Stevenson will not have a supporting majority of his own party in Congress. Should Stevenson be elected, the wasteful struggle between the president and congress will be continued.
2. Eisenhower has given every evidence of respecting the rights of the people of each state; Stevenson has indicated a preference for an overpowering central government.
3. The election of Eisenhower will preserve the two-party system; the election of Stevenson will destroy the tradition of two parties and will lead to a multiparty condition.
4. A new look at the domestic economic problem is essential and the Republicans have the advantage, as a party, of not having a vested interest in errors already made.
5. Eisenhower has made his position clear as an anti-Communist. Stevenson's anti-Communist speech "sounded to me like a defense of American Communists and an attack on those who oppose them."
6. Eisenhower may fumble on economic problems but his intention to reduce government spending provides hope for a lowering of taxes. Stevenson refuses to meet this problem.

The Republican party, led by Eisenhower and Nixon, is looking forward to safeguarding the progress our nation has made and to expansion of our future on the basis of real prosperity without war — not backward in an effort to defend the blunders, the waste and the betrayals of a party too long in power.

Americans have their country's future in their hands when they go to the polls November fourth. This could be one of our most important campaigns.

Think about the problems facing our nation. Think hard!
Choose a man who has proven his courage, competence and leadership... Dwight D. Eisenhower!

A Small Package

Armor-Vests for U. S. Troops
The U. S. Army is adopting the Marines' standard equipment body-armor, and has ordered 25,000 of these fibreglass armored vests. They will be given to front-line troops in Korea and the necessary arrangements are now being made to carry out this decision.

While the Army has been testing and experimenting, the Marines have been actually using their armor vest which the Army is now adopting.
It was made standard equipment of the Marines some time ago and put into quantity production in 1951. The Army armor vest is made of nylon duck, and has been produced thus far only on an experimental basis.

The Army says it is procuring Marine-type armor for its soldiers because of the "availability from industry on a quantity basis" of the fibreglass armor. And it adds that after more testing, it believes its own armor vest might be produced at about the same cost as the Marine-type.

Main value of the new armor vest is its protective quality against low velocity missiles, which cause the majority of battlefield wounds — such as mortar shell fragments, grenades, etc. If the troops using these armor vests suffer fewer casualties, the Army might make an armored vest standard equipment for all combat soldiers. From results already observed it seems that would be a timely move.

Way Back When

30 Years Ago

Oct. 26, 1922 — C. M. Craven, Wayne, was elected president of the North Platte Photographic association which met in Norfolk last Wednesday and Thursday. At the meeting of the state normal board in Lincoln the first of the week, President George E. Martin, Kearney, raised a question in regard to permitting the dance at the schools and allowing recognition of fraternities and societies by the schools. Fire, which it is thought was caused from a bonfire, broke out last Friday afternoon in the barn at the Dr. William Hawkins place here in town and destroyed one side of the barn. Wayne high school football team defeated the Wakefield high school last Friday at Wakefield by a score of 34-0.

25 Years Ago

Oct. 6, 1927 — John Dreveson, Hoskins, and Albert Killian meet soon in the final of horsehoop pitching tournament started at the fair last week. Graveling of the Wayne county sector of the Wayne-Laurel highway will start within a week. Wayne county Red Cross has been urged to set a goal of 350 membership for 1928, the annual roll call being planned for this fall. Mrs. E. W. Huse, county chairman. Premiums offered at the Wayne county fair in the various departments last week totaled about \$6,000. Henry Gulliver recently received word from H. W. Wheeler of Eden Hills, South Australia, that the latter heard Mrs. Gulliver over the radio.

20 Years Ago

Sept. 29, 1932 — The stage is set for formal opening of beautiful new J. M. Pile memorial hall Friday afternoon, and hundreds of visitors are expected to inspect the dormitory during receiving hours from 4 to 5 o'clock. Ruth Peterson, Reek Island, Ill., former instructor at the college, left last Sunday from Chicago for New York City where she will attend Columbia University this year. Formal opening of the Graham Ice Cream company's new Wayne plant last Friday attracted several thousand people who appreciated inspecting the new structure with its modern machinery and other equipment, and who enjoyed the treats provided by H. P. Graham, president, while here to extend personal greetings to the visitors. County Superintendent Pearl E. Sewell's annual report shows that Wayne county's 79 rural schools had 2,000 pupils of school age, that is between 5 and 21, this year. The number was 2,030 in 1931.

15 Years Ago

Sept. 30, 1937 — Open house this evening at Larson's dry goods and grocery will formally mark the reopening of the store after a complete remodeling which has taken several weeks. A torrential downpour, accompanied by lightning and a gusty wind, brought 2.65 inches of welcome rain here last Thursday night, at the same time disrupting highway and rail traffic for a few hours and leaving the city in darkness for 18 minutes while hasty repairs were made at the city light plant. Fire of unknown origin burned the inside of a car at the Louis Sund residence late yesterday afternoon. Coats are \$10, \$15 or \$25 in cloth coats, and fur coats are \$35 or \$85. Shoes run from \$2.95 through \$4.95 and silk hose are 48c, 85c and \$1.00. The calf belonging to Donald Meyer, Wayne, placed first in the Hereford division at the interstate show in Sioux City last week, was sold Thursday for \$27 per hundred to a city market.

10 Years Ago

Sept. 24, 1942 — Air raid warden school had its first meeting at Wayne Teachers college Tuesday night. F. B. Decker, county superintendent, gave two hours of instruction in the duties of an air raid warden and Dr. W. G. Ingram gave an hour of instruction in the treatment which should be given incendiary bombs. About 60 Wayne county school children will be immunized Thursday by doctors of this vicinity. Lois Crouch, Wayne college librarian and vice president of the Nebraska Library association will go to Omaha Wednesday of next week to make necessary arrangements for exhibits by book publishers at the convention to be held the latter part of the week.

HUNTING SEASON IS HERE AGAIN and we have a display of books on pheasant hunting, guns, hunting tales and lore. If you are too tired to read them these evenings after a day's tramp through the corn fields, make a mental note to ask for them later this winter. If you are thinking about buying a new gun you will want to look over the "Gun Digest", or if birds eluded you this year see what the experts have to say on how to do it in such books as, "Pheasant Hunting" by Hightower, or "Hunting the American Game Field" by Anderson.

HALLOWEEN IS APPROACHING so we are ready in the library with appropriate decorations in the sand box and on bulletin boards. If you need any ideas for a Halloween party we have just the material you will need and have placed it on a special table so that you can find it easily.

HOBBY GROUPS are usually formed about this time of the year. We expect to get them started in November since many folks like to make their own Christmas gifts and that gives them enough time before Dec. 25th. Last year we had figuring textile and oil painting. The wood carving and leather work were done at Lula Way's hobby shop. We have had requests this year for stamp collecting and the creative arts group of the university women have asked for Wednesday nights to be reserved for them, although anyone who wants to join them is welcome. Their activities will be varied but probably one of the first projects will be making Christmas cards. Whatever your hobby may be if you would like to join a group meeting at the library one evening a week, ask the librarian for more particulars.

HOW WOULD YOU LIKE an art exhibit at the library? We are trying to arrange for one during the month of November and if our plans materialize it will be an exhibit of water colors. Viewing them may stimulate an interest in water color painting for a hobby. Watch the paper for particulars.

HERE IS A LIST OF NEW BOOKS for this week: "A Worth Man" by Robert Standish, the man who wrote "Elephant Walk"; "Confessors of the Name" by Gladys Schmidt, the author of "David the King"; "With Water" by Helen Topping Miller; "The King" by Vera Caspary who wrote "Laura" and "Election"; "The Psychology of Money" by Norman Vincent Peale, together with Smiley Blanton, M.D.

Wayne Prep Only Team to Win Homecoming Test

Panthers Rip Wausa, 46 to 32

Wayne Prep walloped the Wausa Vikings 46 to 32 Thursday night in a six-man grid contest marked by long runs and spectacular run-backs of kick-offs. Wayne Prep Coach Anthony Clementi swept the bench during the homecoming game.

The Panthers took the first kick-off and marched to a touchdown in four plays. After forcing the Vikings to punt, they repeated the process in five plays to jump off to a quick 14-0 lead.

Coach Clementi's charge failed to a 34-14 lead at the half. During the first two periods, the Panthers

displayed some sharp blocking and tackling.

Jon Ronnefeldt was the leading gainer and scorer of the night, carrying the ball for 6 touchdowns. Don Perry carried for one. Tom Myers and Harold Surber scored two points each on extra-points.

Ronnefeldt repeatedly got away on long romps and ran kickoffs back for 65 and 70 yards to score.

An outstanding job of blocking and tackling was done by the entire squad with Bob Sherry leading the way.

Wausa's scorers were Plog and Beudette, with Plog scoring 13 and Beudette, 19.

Next week finds Wayne Prep going to Bremer after which they play Coleridge in the season's final in a game which might determine the conference championship.

Tied With Winside

At this time Coleridge leads the pack by half a game followed by Wayne and Winside who are tied for second place.

A victory by the Wayne team would throw the conference into a three-way tie.

Wakefield 7, West Point 6

Wakefield edged West Point, 7-6 on the Cadet's home field Friday night for the only game in the Husker conference that affected the standings and Wakefield's win had little to do with the east division race which has already been clinched by Pender. In fact, it simply took Wakefield out of a co-ownership with West Point for placement position. The Cadets gained full possession of the lower floor with the one-point loss.

Kearney State Wrecks Wayne State's Homecoming Festival

Antelopes Hit Wildcats for 37-7 Victory

Kearney State Teachers drove to two quick touchdowns in the first quarter Saturday afternoon, then romped to a 37-7 Nebraska College conference victory over Wayne State Teachers college.

The victory margin was the largest ever scored by Kearney in the rivalry between the schools dating back to 1924.

Two of Kearney's last-half tallies came on weird plays that gave a sour taste to Wayne's homecoming celebration.

Louis Streuckrath blocked a Wayne punt on the latter's 48 and the ball bounded to the 19 before Kearney recovered. Dick Elm bucked over from the one.

Another unpredictable bounce set up Kearney's final touchdown. Jim Berry raced 14 yards to the 32 and fumbled. The ball was bobbed by countless players until it went out of bounds—in Kearney's possession—on the one-foot line. Dale Portis went over.

Portis had hurried 45 yards to set up an earlier TD by Berry and Dale Taylor flipped to Glenn Hinkle for 44 yards and six points to open the final period.

Kearney scored the first two times it had possession, marching 52 yards to score after four minutes and again 38 after fielding a poor Wayne punt. George Leggett

got both touchdowns.

Punt Play Scores

Rdno Pfeil passed 14 yards to Gene Metz for Wayne's only score after five minutes of the second period.

Score by quarters:

Kearney	12	0	6	19	37
Wayne	0	7	0	0	7

Kearney scoring: TD's: Leggett, 2; Elm, G. Hinkle, Berry, Portis. Points after touchdown, Bowers (placement).

Wayne scoring: TD: Metz, Point after touchdown, Luebe (placement).

Wayne High Loses Tough Luck Tilt to Hartington

Wayne High's bid for a homecoming victory Friday night fell short and Hartington took a 14 to 6 grid contest from the Blue Devils.

Coach Lloyd Horton's team went out on the field Friday night and played good football. The team wanted to win and they played to win, but Hartington was aided by penalties at exactly the right moment, and

by plays that clicked when they had to click.

The Blue Devils were not out-fought or outgunned Friday night. They simply were not blessed by breaks, except had ones. "Dame Fortune" only had smiles for Hartington.

Hartington marched 67 yards early in the opening quarter for the only score in the first half. Butch Wiechelmann and Jim Gildersleeve ran the ball during the drive. Wiechelmann to Phil Robinson and Gildersleeve passes got the ball to Wayne's nine yard line. Wiechelmann then punched the ball over for the counter. Larry Folkler's placement was good.

Stanton 30, Schuyler 6

In the west division Stanton scored an impressive 30-6 win over Schuyler on the Mustangs' home field. Coach Nissen's team ground out 253 to 99 yards rushing advantage and had 12 first downs to Schuyler's five.

Plainview 20, Neligh 0

The Neligh Warriors bowed to a Plainview team sparked by Don Kokrda, Ashburn and Streuckrath, 20-0 at Plainview.

Plainview received the opening kickoff and went over after a sustained drive from the 30-yard line.

The Warriors threatened in the first quarter by marching from their own 20-yard mark to the Plainview 19, but lost on downs in their only serious threat.

A pass, Kokrda to Ashburn, in the second period was one of the longest passes seen by the Warriors this season. Standing on his own 33-yard line Kokrda passed to Ashburn who caught it on the 20-yard mark, and was downed on the spot. It was a 63-yard pass. Kokrda went off tackle to score on the next play.

Wisner with an open date last Friday, will entertain Stanton, Oct. 24, then will invade Wayne and Neigh on successive weekends, all three being conference games.

Laurel Trounces Bloomfield, 25 to 0

Laurel's gridders journeyed to Bloomfield Friday night where they trounced the host team 25 to 0.

The victors rolled up an impressive 335 yards rushing on 38 tries for a 8 1/2 average. The 37 yards made by aerials gave Laurel a yardage total of 422.

Laurel meets Ponca here Wednesday.

Wakefield Auxiliary Unit Slates Halloween Party

The American Legion Auxiliary held its regular meeting Oct. 13, with 47 members and two guests present.

The Auxiliary will sponsor the refreshments for a Halloween party for children from kindergarten through the third grade, including students from Wakefield's town and rural schools.

Betty Bressler, trophies and awards chairman, presented a check to Margaret Casney for winning first prize on her publicly scrap book at the district convention. She scored 95 points out of a possible 100.

Following the publicity award, Betty presented the Townsend trophy to the unit won by Frances Hyspe for her splendid work in "Americanism." This is a traveling trophy. Forty-seven units compete for it.

Christmas packages will again be sent to the local boys overseas. Margaret Gradert and Nina Borg will have charge of buying, wrapping and sending.

Edna Gustafson has charge of the tickets to be sold for the county convention banquet to be held in Wakefield Nov. 11.

Mary Jane V. Cleary reported Wakefield won the regional golf 4-3 this year. 11 of the unit in club district, having the highest per cent of clubs on before Sept. 1.

The Americanism chairman had charge of the program. The skit presented was written by Mrs. Arthur Johnson. It was an amusing, but educational play of a paraplegic voter and the careless voter.

A delicious lunch was served by the service committee.

It's Your Privilege To Vote!

One of the most cherished rights which we, in this free land of ours, possess is the right to vote as we please. It's like choosing the church we attend and raising our families as we wish.

All good citizens exercise their right to vote as a prime duty of good citizenship, and your neighbor, the taxpayer, is no exception. He, too, exercises his right by going to the polls.

In other ways, too, your taxpayer is a good citizen. He carries his share of the responsibilities of local government; he is a generous contributor and taxpayer; he maintains a home, and spends money with local merchants.

He is an important part of your community.
