## City Council Buys New Police Patrol Car at Tuesday Meet

### Will Install New Portable School Signs

Wayne's city council Tuesday night purchased a new police patrol car for the city police. Cost of the new unit will be \$780.11 plus the old patrol car.

Low bidder on the new unit, a Ford V-8 police special, was Sewer Motors. Their bid was nearly \$1,000 under the only other bid submitted.

In other action the council authorized the volunteer fire department \$250 to pay expenses for 12 of its members to the state firemen's convention Monday, Tuesday and Wednesday.

The council also authorized N. H. Dugger to attend the second annual diesel operators conference at Lincoln this weekend. Brugger will participate in a panel on bearing failures and maintenance.

In a measure to insure better safety around the city schools, the council authorized Police Chief W. H. Eason to build portable stop signs which will be placed in the middle of the four intersections around the City schools during school hours. The signs will be taken off the street after school closes.

The street commissioner was also directed to install slow signs along the new Catholic school on Seventh street.

The street department is investigating the possibility of grading and graveling Third street from Blaine west. This action was requested at Tuesday's meeting by Kermit Fork.

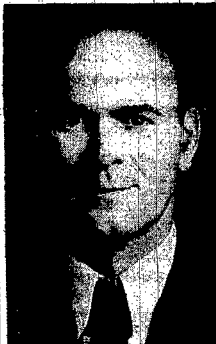

**Building Permit**  
Kermit Corzine was issued a building permit to erect more units on the east side of his motel on East Seventh. Northern Natural Gas was given an easement to run a pipe line across the airport. This is for installation of a line parallel to the present pipe which runs from 14 miles east of Wayne to the company's station on East Seventh.

Other action included payment of a week's salary to Rev. J. Simpson, light plant employee. The salary had previously been deducted from Simpson's claim of sick leave.

Rev. O. B. Proett, Dick Wilson and Gordon Shupe appeared before the council to discuss the recently organized Community Chest and its plans.

### Dalton Named President of Teachers Group

Superintendent John E. Dalton, Carroll, was named president of the Wayne County Education association at the group's meeting last Tuesday night at the Wayne city schools.

JOHN E. DALTON

Other officers named were George Norris, Winside, vice president; Mrs. Ida Greene, Wayne, secretary; and Geneva Nygren, Wayne, treasurer. Dalton was also named representative to the District assembly at Lincoln in December. Orvid Owens, Wayne, was named alternate.

Dr. O. F. Moore, Wayne State faculty member, gave a report of the NEA meeting at Miami to the group.

Music for the program was furnished by city school groups. Beverly Owen accompanied a vocal trio composed of Lynelle Vahlkamp, Wilma Tennant and Barbara Buchner. Earl Green, Paul Otte, Robert Sickman, Beverly Owen, Joan Leonard, Charles Messerschmidt and James Marsh took part in an instrumental group.

The association of town teachers in the county will meet at Carroll in December.

### Local Groups Now Setting '54 Budgets

Interest in Wayne's newly organized Community Chest is mounting daily as the board of directors reads plans for the first city-wide united fund drive.

One local woman read about the impending drive, has already figured out her pledge and has a check ready when workers call.

Plans for the fund drive were discussed Tuesday noon when Chest directors met at Hotel Morrison. Budget and campaign chairmen Gordon Shupe and Clarence Kuhn gave reports on their committees' actions to date. Kuhn reported 450 volunteer workers will be used during the house-to-house canvass.

A definite date has not yet been set by the directors but it is expected to come during the first week of November. Plans call for business houses to remain closed from 8:10 a.m. the day of the campaign.

A special pep rally for drive workers will be held at the city auditorium the morning of the residential canvass. High school and college bands will be on hand for this rally.

Directors plan to have the drive completed by 10 a.m. as solicitation will be divided into small units. Each worker will make only four calls.

Local social organizations are now submitting their budgets to Shupe's committee so that a goal for the campaign can be determined. Budgets turned in include Boy Scouts, Cancer society, Heart fund, Girl Scouts and Salvation Army.

The cross budget will be in tomorrow, and others by the weekend. The committee is considering allotting funds to assist a summer recreational program.

## FARM NEWS REVIEW AND FORECAST

### "Our Roots Are In This Land"

in stabilizers" and to witness the new administration's ability to use them.

## Commodity Briefs

### SLAUGHTER PRICES

On high grade animals, seasonally upwards and expected to remain steady for remainder of season. Numbers marketed have been light. Prices expected to weaken again when marketings become heavy. Low grade prices to continue weak through year.

### FEEDER PRICES

No trend set yet. Activity slow in Sand Hills. Offer prices too low to range men and asking price to high to feeding man. Many high quality good condition feeders will go to slaughter if feeders and ranchers don't get together. Cattle will move!

### 1954 PROSPECTS

Unless severe drouth, about same amount of cattle will be slaughtered as in 1953 — some 35 - 36 million head. Cattle prices steadier — fluctuations due primarily to bunching of marketings and seasonality. No drastic price breaks seen.

### HOGS

Production has not expanded nearly as much as would expect from prices. Prices expected to gradually decline seasonally for remainder of season but prices to be higher than last winter. Lighter hogs may again be in demand as numbers increase.

### CORN

Production prospects down from July 1 estimate — by about 58 million bushels. According 1953 crop estimated at about 197 million bushels — down 65 million or 25 percent.

## Beef Cattle Feeding Systems

The production of beef is very flexible. The farmer has much latitude in deciding where to fit into the breeding or feeding of beef cattle. The kind and amount of feed available, the capital available, the amount of risk he can afford to take and his experience with cattle—these are major considerations in deciding what kind of cattle enterprise to adopt.

The principal methods of handling feeder cattle are as follows:

1. Buy calves in the fall, winter, and feed in drylot.
2. Buy calves in the fall, winter, feed on pasture.
3. Buy yearlings in the fall, feed in drylot for the spring market.
4. Buy yearlings in the fall, winter, feed on pasture.
5. Buy common to medium quality cattle in the fall, feed for the spring market.

There are several other choices as to sex and age of cattle, drylot, or pasture feeding.

Another system which uses a maximum of pasture and roughage is to buy calves—winter them, run on pasture, winter as yearlings, feed on pasture or finish in drylot following the pasture period. This system would fit particularly well on farms with large supplies of pasture and roughage where two groups of cattle can be handled separately—at least a part of the year. Such a system is very flexible. If the feed supply is reduced or if the price situation changes, cattle can be marketed as feeders or as grass-fat cattle. Under this system the farmer buys calves and sells two-year-old fat cattle each year.

### ADDITIONAL CONSIDERATIONS

In selecting a feeding system a number of items need to be considered.

The heavier the cattle purchased the higher the risk involved.

The older the cattle the higher the feed requirements per pound of gain.

The older the cattle the more roughage that can be consumed relative to grain.

The longer the feeding period the more unpredictable the selling price.

The lighter the cattle purchased the less capital (other than feed) is required.

Some experienced feeders feel that feeding a heavy grain ration in the drylot requires more experience than feeding on pasture.

## Cattle Outlook for '54

The influence of the drought has been over-emphasized and over publicized in relation to market prices.

The drought and higher rate of slaughter in the southwest has already reduced cattle numbers below what they had been at the last peak in the cattle cycle (1945). This area has already gone through its liquidation period as far as the cattle cycle is concerned.

However, fewer cattle in the southwest will not actually add much strength to cattle prices because there are plenty of cattle in other areas. Actually, some of the southwest cattle moved to the southeast and other areas.

### PRICES TO STABILIZE

Almost all cattle reports imply that fat cattle prices will improve seasonally as we move toward the end of 1953. The long-time seasonal price pattern in "prime" and "choice" meats is upward from June to October when we observe 20-year averages. However, last year and the average for the last five years shows that "choice" steer prices moved downward from July through December.

Higher grades of slaughter cattle should show continued price strength throughout this fall because present supplies and production are dropping faster than current consumption of this type of beef. However, short time price increases for "choice" and "prime" grades this year will be mild compared to some of the years before 1951, because there is still a fair supply of high grade cattle.

The long time or 4 or 5 year outlook in retail demand for "choice" and "prime" carcasses may not be as strong as it used to be. Housewives are selecting more and more of their own steaks without sales pressure from the butcher. Self-service meat counters reflect consumers demand for small cuts with limited fat. Customer selection of meat that comes from top "good" and low "choice" grades has led retailers to buy a greater proportion of their total purchases in light weight carcasses. This change is not revolutionary, however, because it depends on the conversion from personal butcher service to self-service meat stores. The change-over to self-service is slow and is most profitable in the most densely populated areas. It is a trend that beef producers perhaps should watch the next few years.

### POOR QUALITY — LOW PRICED

The prices of "utility" and "commercial" grade cattle will remain so low that it will not be easy for fat cattle to increase much in price. "Common" grade cattle will remain below 14 cents per pound the rest of this year. Actually, there are a lot more cattle in the 8 and 14 cent bracket than there are in the prime class.

With price pressure of low grades downward and higher grades upward, good and low choice grades may be expected to remain fairly constant for a few months. The foregoing price statements must not be assumed to be rigid. Prices can fluctuate wildly in response to temporary shortages and heavy market receipts. Buyers and seller activity can cause sharp daily and weekly price changes.

The 20 cents price spreads between low and high grades can be expected to continue throughout the liquidation phase on the cattle cycle which can last two or three years. The reason for this is that there are some people who have to eat canned beef and bologna while others can afford \$3.50 prime steak dinners. So long as there is a combination of high incomes and big appetites there will be a good market for top "choice" cattle but it is a limited market—limited in the amount that can be sold at a price advantage. The difficulties in selling low grade beef from the range and the ability of feedlot buyers to drive a bargain they will like will hold down prices of low grade cattle this fall.

Now may be a good time to buy. Feeders, stockers and yearlings are about as low as they will go under present cost-slaughter price relationships. There are possibilities of deriving profits from price gains in the next 30 months if employers, both private and public, do not turn too many of our employed people out of work. Employment and incomes are expected to remain high in the next few months but may begin to show weaknesses as we move through 1953.

### FAVORABLE CONDITIONS

This appears to be a good time to buy for long term breeding and feeding operations because:

1. Historically, large numbers of farmers have decided at about the same time to increase the size of their herds or reduce them. In the last 12 months a number of farmers have decided to reduce their operations. Some cattle associations have openly advocated smaller herds. When the majority are reducing their cattle herds, it's time for the individual to get in to be ready for the next peak in cattle prices.
2. Pork producers did not bounce back in production as they did in former years. Competition from pork is therefore reduced. Many pork consumers may be convinced that beef is a better buy and may be converted to beef on a more permanent basis.
3. The United States Department of Agriculture, livestock industry and food distributors are participating in a nationwide advertising program for beef producers this fall. The promotional campaign is designed to increase consumption of lower grades of beef and will continue for several months.
4. The increase in consumption of beef in 1953 will eliminate more than 5 million cattle and calves. This added to the average annual slaughter of 30 million will make more than 35 million head of cattle and calves slaughtered this year. This rate of slaughter will reduce the rapid growth in numbers enough to make the 1953 relationship between slaughter and numbers about equal to 10 year averages and trends. This probably means that the liquidation phase of the cattle cycle is at hand and will gain intensity as more cows, heifers and calves are sold in the next year.
5. The range country has been overgrazed during the last few years. Its capacity has been hurt temporarily in places and permanently in others. Since grass and hay are about the only major source of feed in the range country the ranchers will not be able to use the ranges as intensively in the next few years as they have in the past, whether they have rain or not.

The foregoing forces are merely a few that may be considered in choosing your feeding and production program. Emphasis of each one changes with the length of your feeding and production enterprise. The long-time outlook appears more promising in terms of price margins than the next 12 months. Short time feeding operations are discouraging with present feed prices. However, there will be money in feeding if feeders can move cattle from lower to higher grades through feeding or by doing a good job of buying cattle and feed.

## Economic Situation . . .

There has been considerable speculation (and worrying) the past year about what would happen to business in the U. S. if and when a truce was realized in Korea. Just what has happened to business now that a truce has been in effect for two months? Nothing important. To date, operating profits for 1953 have reached a record high — almost 6 percent greater than ever before. Personal incomes are larger than ever — higher prices just about offsetting it — but savings are down. What about 1954? A slight downturn is expected perhaps from 5 to 10 percent. Already steel production and automobile assemblies are down from this spring's level. The rate of downturn depends to a large extent on the resourcefulness of Washington. The federal government has many economic stabilizing tools at its disposal. The coming months will give us an opportunity to test the quality of these "built-

## The Beef Cattle Situation

Marketings of fat cattle will decline somewhat during the fall months. This may cause a seasonal rise in prices of fed cattle. Prices of grass cattle are not expected to strengthen for several months as there will be heavy shipments coming in for slaughter and cattle feeders may delay purchase of feeding stock unless they feel prices are such that they can feed at a profit.

According to the United States Department of Agriculture, cattle numbers in the nation on January 1, 1953 were 93.7 million head, an increase of 6 million head during the past year and the largest number in history. Almost all of the increase has been in beef cattle. A slight increase in numbers is expected this year — the first since 1949. The peak of the last cattle cycle was in 1945—a total of 85.5 million head and the low followed 4 years later which was the peak in slaughtering and consumption. The general trend in cattle numbers has been upward during the past half century.

Early in the twentieth century the time between high points in the cattle cycle was about 17 years. There was a lapse of but eleven years from a high in the cycle in 1934 until a high was again reached in 1945. It would seem that a high might be reached soon in the present cycle. The serious drought situation in many parts of the country coupled with heavy marketings of cattle elsewhere may halt the present rise in numbers. Heavy liquidation could be a major factor in causing an early return (two or three years) to higher prices in the cattle market.

### SLAUGHTER UP 1 3

Beef cattle slaughter this year has been unusually high, an increase of about 30% over last year for the period January to June. Slaughter for the remainder of the year is expected to exceed that of the comparable period last year but probably at a lower rate than during the first half of the year. Slaughter cattle increases are not limited to fed cattle but include grassers from range and pastures with some moderate increase in cows slaughtered. All classes show an increase from the drouth areas. Slaughter increases in the southeastern and southwestern states far exceeds the percentage of slaughter increase in the midwestern area. The heavy slaughter for the year is expected to materially slow up the rate of increase in cattle numbers if not to level off the top point of the cycle.

### BEEF CONSUMPTION RECORD HIGH

Beef consumption both total and per capita will reach a high level this year. It is expected that the per capita consumption of beef and veal this year will be at least 80 pounds—perhaps an all time high.

Full employment and a high level of industrial activity provide good incomes which favor high consumption of red meats. Pork, lamb, mutton, poultry and fish compete with beef and veal for a place on the consumer's table but these substitutes are in comparative short supply this year and with the result that a high level of beef consumption will follow. This high consumption rate is further stimulated by lower retail prices for beef.

### IMPORTS - EXPORTS MINOR

Imports and exports of cattle or beef are not of great importance in their impact on domestic prices of these products. Beef and veal imports in 1952 equalled about 2 1/3 percent of the total U. S. production. During the same year the imports of live cattle totalled 138,000 head or less than two-tenths of one percent of the numbers on hand January 1, 1952. Exports of live cattle in 1952 totalled 11,000 head while beef exports were 1.3 million pounds. Both these amounts were too small to have any important significance in price determination or in disappearance of domestic beef and veal.

# Hoskins Beef Barbecue Event Attracts 1,250 Wednesday

Approximately 1,250 persons attended the annual barbecue at Hoskins Wednesday. The event was sponsored by local businessmen. The Wayne High band played for the program. Concessions and free rides were provided also. Chuck Davis, Norfolk, barbequed the baby beefs in an open pit. His helpers were John Klause and Fred Lorenz. Wives of local businessmen did the serving. The committee in charge included Mrs. Ed Winter, Mrs. Herman Opfer and Mrs. Erwin Ulrich.

## Klug Reunion Held Sunday

The Klug reunion was held Sunday at 18-Ha-Zouka park, Norfolk. A large group attended. The baby beefs were prepared by Mrs. Ernest Pults. Youngest was Diana Nitz, four-month-old daughter of Mr. and Mrs. Arvin Nitz, Norfolk. This occasion marked the birthday of the one-year-old twins, Lynn and Leona, daughters of Mr. and Mrs. Gilbert Klug, Norfolk. The 1954 reunion will be held in the same park. The following towns were represented at the reunion: Arlington, Madison, Stanton, Norfolk and Hoskins.

Mr. and Mrs. Warner Stromberg and Oscar, Norfolk, were Friday evening guests in the J. E. Pingel home. Mr. and Mrs. Herbert Klug were Thursday evening visitors in the Mrs. Emelia Schmidt home.

## Fred Miller Honored On Birthday Tuesday

Fred Miller was honored Tuesday night at a dinner at his home, the occasion being his eighty-fourth birthday. Present were Rev. and Mrs. W. F. Sprengeler and Vernon, and Harold Runke, Hoskins, Rev. and Mrs. J. Harms and Eunice, Beemer, Rev. Robert Harms, Bridgeport, Mr. and Mrs. Gerhart Harms and Marilyn, Mrs. Hattie Vossburg and Gustav, Stanton, and Mr. and Mrs. Carl Bauermeister, Norfolk.

## Birthday Party

Mrs. Erwin Ulrich entertained a group of ladies at her home Tuesday afternoon in honor of her mother Mrs. Ernest Pults' birthday. Two decorated birthday cakes were baked by her granddaughter Mrs. Robert Wesley and daughter-in-law Mrs. Reuben Pults.

## Birthday Party

Mrs. Lloyd Larson entertained the following group in honor of her daughter Jeannette's seventh birthday. The afternoon was spent playing games and contests. A dessert luncheon was served.

## Get-to-Gether

Mr. and Mrs. Vernon Behmer entertained the Hoskins Get-to-Gether club at their home Thursday evening. At Progressive pitch prizes were awarded to Mr. and Mrs. Ed Schaffer, guest prize; Mr. and Mrs. Hans Asmus, club high and Mr. and Mrs. Herman Opfer, club low. Next meeting will be held at the Harry Strate home November 12. A luncheon was served.

## Birthday

Mr. and Mrs. Sam Ulrich entertained in honor of LaDonna's birthday Sunday evening. A birthday cake, baked by Mrs. Robert Wesley, centered the table.

## Canasta Club

Mr. and Mrs. Louis Gosh had the first meeting of Canasta club Thursday evening. Mr. and Mrs. Harry Drevsen will be hosts at the next meeting.

Returns to West Coast Mrs. Pauline Marquardt, Los Angeles, who has spent the past 3 1/2 months with her parents Mr. and Mrs. Henry Amodeo and in the Henry Hohlke home, returned to her home Saturday.

## Highland Woman's Club

Highland Women's club met Thursday afternoon in the Mrs. Wayne Thomas home with 17 members and two guests present. Guests were Mrs. August Spangler and Mrs. Elmer Kaun. Mrs. Art Behmer was elected to be the reading leader for 1954. Group singing was led by Mrs. Art Behmer. Next meeting will be held at Mrs. Arnold Wittless Nov. 12.

## Birthday Anniversaries

Mr. and Mrs. Alfred Wagner entertained 50 relatives and friends Sunday in honor of their birthdays which are Oct. 10 and Oct. 27. Mrs. Wagner served lunch at the close of the evening.

## Birthday Party

Mrs. Clarence Hoeman entertained a group of ladies at her home Friday afternoon. This marked her birthday. Mrs. Ruben Falk baked the decorated heart-shaped birthday cake. A luncheon was served.

**Mary Anderson, M. Dahlquist Wed Saturday**  
Concord—Mary Charlotte Anderson, daughter of Mrs. Helen Anderson, and Marilyn Verle Dahlquist, son of Mr. and Mrs. Clarence Dahlquist, Laurel, were united in marriage Saturday evening, Oct. 10, at 7:30 in the Evangelical Free Church. The double ring ceremony was performed by Rev. Ray Johnson.

Baskets of chrysanthemums, mums, palms and ferns banked the altar. Mrs. Edward Linn, accompanied by Mrs. Roy Johnson, sang "Oceans" and "Oh Perfect Love." Patty Gunnarson and Sharon Gunnarson lighted the tapers. They wore rose-beige gowns of tulle with over skirts of nylon tulle. The bride wore a traditional satin gown with a cathedral train. Her portrait neckline was outlined in pleated satin ruching overlaid with chintilly lace and pearls. The veil of imported silk illusion fell from a bonnet brim trimmed with seed pearls. She carried a cascade bouquet of white carnations.

Alice Anderson, Chicago, was maid of honor for her sister, Mary Jo Mord, Wausa, and Margaret Winkist, Laurel, were bridesmaids. Their gowns were styled identically with bolero jackets over strapless bodices and bouffant skirts of nylon tulle. Her portrait neckline was outlined in pleated satin ruching overlaid with chintilly lace and pearls. The veil of imported silk illusion fell from a bonnet brim trimmed with seed pearls. She carried a cascade bouquet of white carnations.

Mrs. Anderson chose a green dress with brown and green accessories. Mrs. Dahlquist wore a brown and beige two piece dress with brown accessories. Both had shell pink carnation corsages. Reception was held in the Lutheran church parlors. Posts were Mr. and Mrs. Oscar Bloom. Verle Dahlquist was matron of honor. The guest book, Mrs. Winton Wallih had the gift table. Alice Forsberg

**Coterie Meets Monday**  
Coterie met Monday with Mrs. A. T. Cavanaugh. Bridge prizes went to Mrs. M. N. Foster and Mrs. Herbert Welch.

Mrs. Herold and Mrs. Kruse wore navy blue nylon dresses and white carnation corsages. Reception for 125 guests was held in the church parlors. The four-tiered wedding cake centered the bride's table. Norma Jean Weimert, Laurel, was in charge of the guest book. Those assisting were Mrs. Oscar Stueckrath, Mrs. LeRoy Dommer, Mrs. Fred Weimers, Mrs. Pete Anderson, Mrs. Naomi Voss, Mrs. Merle Russell, Naomi and Eileen Stueckrath and Ila Kruse.

The bride graduated from Laurel High school. The bridegroom is a graduate of McLean High school and is a World War II veteran. They will make their home in McLean.

**Robert Benthack Weds Jean Ory Friday Evening**  
Jean Ory, San Antonio, Tex., and First Lt. Robert B. Benthack, son of Dr. and Mrs. Walter Benthack, were united in marriage Friday evening at 6:30 in the First Presbyterian church. Rev. O. B. Proest officiated at the single ring candle ceremony.

Mrs. John Bressler played the organ. The tapers were lit by Elaine Benthack, sister of the bridegroom. The bride wore a lilac cashmere wool suit with gold accessories and an orchid corsage. Mrs. Bob Smith, Golden, Colo., sister of the bridegroom, was attendant. Her suit was navy blue and she wore a corsage of pink carnations. Lyle Seymour was best man. The men wore dark suits with white carnation boutonnieres. Mrs. Benthack chose a navy blue suit.

The bride graduated from Texas State college for Women, Denton, Tex., and was associated with the American Red Cross Social Service at Brooke Army hospital, Ft. Sam Houston. The bridegroom attended WSTC, University of Minnesota and received his doctor's degree at the University of Nebraska Medical school. Lt. Benthack entered the service in April, 1952 and has been with the Army Medical Corps in Korea.

The couple left immediately following the ceremony for Canada and Niagara Falls. They will live at Camp Chaffee, Ark. where Lt. Benthack is stationed.

**Marjorie Herold Weds Marilyn Kruse In Randolph Rites**  
Randolph—Marjorie Herold, daughter of Mr. and Mrs. Henry Herold, Laurel, and Marilyn Kruse, son of Mr. and Mrs. Louis Kruse, McLean, were united in marriage Sunday, Oct. 4, at 7 p.m. in St. John's Lutheran church, Randolph. Rev. Harold Hoff performed the ceremony.

Garden flowers and candelabra decorated the church altar. Mrs. Marion Mall, accompanied by Mrs. Arvid Bloomquist, sang "Through the Years" and "The Lord's Prayer." Larry Kruse and Marvin Stueckrath were candlelighters.

The bride wore a chapel length gown of white chintilly lace over satin. It featured a fitted bodice, long pointed sleeves and a double tulle, pleated over the skirt which was accented by lace medallions. Her finger tip nylon veil was held by a crown of seed pearls. She carried a colonial bouquet of pumpkins and red rose buds.

Mrs. Dale Miller, sister of the bride, was matron of honor. Her gown was green with matching beaded head. Bridesmaid was Donna Jean Herold, sister of the bride. She chose a lavender gown. Both carried bouquets of chrysanthemums.

Gene Kruse and Eldon Rakov were attendants. Ushers were Wayne Kruse and Durbin Stueckrath.

# Most-liked low-priced car

... among people who want more for their money when they buy ... and more money when they sell!

There's a big reason why more folks are buying more Fords than ever before. No other low-priced car offers so many of the things people want and need for today's driving. In fact, to get such "Worth More" Ford features as a V-8 engine, completely automatic transmission and fine-car power steering in any other car, you'd have to step well up from the low-price field.

Of course, Ford owners will discover that Ford's worth more when they sell it, too. Surveys of used car prices show year-old Fords returning a higher proportion of their original cost than any other car.

## because it's most like high-priced cars

... more and more people are considering Ford as the one fine car in the low-price field!

It's hard to believe that a car which is built like the finest still sells in the low-price field. Yet a Ford with its hightight Crestmark body, its Full-Circle Visibility (most in its field), its new fine-car ride and roomy luggage locker (roomiest in its field) delivers at a figure that keeps it right down in its price class.

Ford's V-8 is the same type of engine powering America's finest (and costliest) cars. And Ford's Mileage Maker Six is the most modern Six in the industry.

See ... Value Check ... Test Drive the Ford of your choice at your Ford Dealer's. Find out why Ford is America's "Worth More" car.

## 4-H Work & Value Cited

October is traditionally the month in which many of the leaders of Nebraska 4-H clubs take the first steps in preparing for the coming year of 4-H activities. In October the emphasis is on enrollment—re-signing past members for another year and spreading the opportunities offered by 4-H clubs to many boys and girls who have not held membership in this largest of the nation's organized programs for rural young people.

There's an anniversary significance attached to enrollment month this year. It was at this time that a Keokuk, Ia., county superintendent of schools sent out letters to all schools in the county arranging meetings for discussion of what he considered a vital question: "Do we need an education of the heart as well as greatly as an education of the head?"

**Earliest Records**  
This is one of the earliest print-records of the activities which later developed the 4-H program. The movement of educational clubs for farm boys and girls has developed into the present-day 4-H club program which now includes more than 2 million members.

In the 4-H program for the young people who opportu-nity fall, there are broad opportunities for developments. The members will work on projects of their own, with the help of their parents, volunteer local leaders and college-trained representatives of the Agricultural Extension Service.

**Special Projects**  
A boys' club member, for example, cares for animals or crops which he owns or in which he has a partnership interest. In the girls' clubs, the member has help in working on projects of her own.

"This kind of program," says R. K. Bliss, former director of the Agricultural Extension Service in Iowa, "actually combines science with practice. Club work stimulates personal incentive through ownership or partnership. It includes demonstration and comparative methods of teaching and adds zest through friendly competition."

He regards 4-H club work as "perhaps the most effective mass movement in youth citizenship training in this country."

**Work Together**  
"Club work does more than teach boys how to farm and girls how to manage a home," he says. "It teaches them to work together, play together and live together."

During this month, 4-H members, leaders and friends of 4-H in all communities are inviting boys and girls between the ages of 16 and 20 to join with them in this program.

County extension service workers are leaders of 4-H club work in the county. They and any other local leader can tell the story of 4-H to parents and young people who are interested in the opportunities it offers.

**Visitation Results**  
Rev. Homer Bollinger, Osceola, assisted the laymen at Winside in the campaign of visitation evangelism last week. As the result of the visitation it is expected that we will have 15 candidates for membership on Membership day, Nov. 15.

## It Happened In NEBRASKA...

Always the hub of frontier activity, the "smithy" was in constant demand for wagons, plows, horseshoes. Here the first blacksmith shop in West Union shows a typical sod hut. In those days the blacksmith was every bit as important as the gas station attendant, mechanic and farm implement dealer is to us today.

In pioneer days, taverns were far cruder, too. What a difference today—with the Nebraska tavern owner playing an important role in community life, and being regarded by all as a respected businessman.

### 4-H - A Valuable Institution

This is the traditional month for 4-H clubs to conduct their membership drives—and it is a good month to consider the value of the 4-H program.

As it affects the member, 4-H club membership provides farm youths with training in agriculture or home economics, social and recreational advantages, chances to earn and save money.

As it affects the public, 4-H serves as a training ground for tomorrow's leaders in business, agriculture and government. Many 4-H'ers have set good names for themselves in their communities, in their state and nation.

Fill out and return your 4-H membership blank as soon as you receive it.

### Why A Community Chest?

It now appears that Wayne will have a Community Chest this year in an effort to co-ordinate many of the individual drives normally conducted throughout the year. In view of this, it is well to ask ourselves some questions. Some of these questions and their answers follow:

Why a Community Chest? That question will be asked by hundreds of persons within the next three weeks and will receive many different answers.

First of all there is the most obvious answer — it co-ordinates many drives into one big effort. All the cooperating agencies share in the benefits — all the cooperating agencies share in the work.

In the matter of manpower alone, there is tremendous savings in the Community Chest effort. The number of persons required to canvass the town once — multiplied by the number of agencies conducted

ing drives will give a reasonable figure. The same number of man-hours required to make one independent drive can make the co-ordinated drive for the Community Chest.

**Who benefits by a Community Chest?**  
That's simple — we all do. The health, happiness and well-being of a community is affected by the health, happiness and well-being of each individual. When everybody gives, everybody benefits.

Your individual contribution may be ear-marked by you for a specific agency if preferred. If you do not designate a preference, it will be divided among all the participating agencies.

**Should you give to the Community Chest only the amount that you would ordinarily give to one independent drive?**

No. Give as much or more than you would give to all combined, but it needn't be all at once. If you cannot give that sum at one time, you may pledge the amount in monthly or quarterly payments and you will receive statements as each payment is due. In this manner you may spread the payments over the whole year.

**Is much of the money diverted to salaries and expenses?**

No. All Wayne workers will donate their services. Any luncheons or dinner meetings will be "dutch treat". They serve only as a means to get all the workers together at one place at one time. It actually costs money out of the pockets of the workers to donate their time and services to the Community Chest.

**What agencies participate in Community Chest?**

At this point, it will depend on which agencies want to participate, providing, of course, they meet the requirements of the Community Chest.

To be admitted to Community Chest, an agency must:

1. Prove that it meets a need not already filled or capable of being filled by an existing agency and that this need is great enough to warrant the support of a separate agency.

2. Meet the accepted standards in its field of service.

**How are Community Chest funds divided?**

Each participating agency is asked to submit a budget request for the year. That budget is carefully considered by a board of citizens who are familiar with community needs. This group recommends the amount of funds each agency needs and forwards this to a central committee.

Funds will be divided on a pro rata basis if the goal is not reached.

**Is the Community Chest idea comparatively new?**

No. It was originated in Denver, Colo., in 1887, but the name "Community Chest" was applied by Rochester, N. Y., in 1919. The red feather symbol was added by New Orleans in 1928. In 1950 there were 3,300 Community Chests in the United States and Canada, and the number is still growing.

**Why a Community Chest? Certainly a little consideration of the problem with these facts in mind will convince anyone**

that a Community Chest is the best, most economical method — both in dollars and in manpower — to conduct drives for community welfare, while at the same time providing the most for the dollars you give for human welfare.

**"OCTOBER'S BRIGHT BLUE WEATHER."**  
This is a beautiful day, although probably by the time this column goes to press it will turn cold and cloudy. Anyway, if you can tear yourself away from that last-of-the-season golf game, the football broadcast or yard-clearing, come down to the library. We have some new and very good books to put out this week.

**"I'M SURE YOU ARE ALL FAMILIAR WITH** the following writers: Josephine Lawrence, Helen Topping Miller and Elizabeth Goudge. We have their newest books. Josephine Lawrence's new novel "The Web of Time" is the story of Munsey Willis, whose retirement has become a very touchy problem. "Every retired person should have a hobby. Why don't you collect sea shells?" was the advice given him by his friends. How he handled his problem and his family is the substance of this warm and penetrating novel. Elizabeth Goudge's "The Heart of the Family" is a continuation of the story of the Eliot family which she first introduced in her stories "The Bird in the Tree" and "Pilgrim's Inn." The Eliot children and grandchildren are in this book along with all the marvellously portrayed minor characters.

**WHAT PENN HOOK HAS TO PROVE TO HERSELF** and Marsh Nichols concerning her uncle, a U. S. Senator, makes up the story "Lollow Silver" by Helen Topping Miller.

**FOR YOU WHO LIKE A GOOD BUT EASY** reading autobiography you have "Doctor Pygmalion" by Maxwell Maltz, M.D. After making his first delivery of a child and finding it with a drawn and twisted harelip, the young intern decided he would like to devote his life to erasing the physical and mental scars that disfigure so many lives. He not only tells of many of his operations but also of his own love life and the life of his parents who lived on the lower East Side of New York City.

**"EVERY AUTHOR, I SUPPOSE, HAS AT** least one story inside him that simply has to come out," writes James Ramsey Ullman concerning his novel "The Sands of Karakorum." This is a story of mood and emotion, of tension and mounting terror and deep imaginative power. But above all, it is a story of man's faith and hope in the wasteland of a darkened world. His fable of the black sands, says Mr. Ullman, has haunted him for many years. Now that he has at last set it down, it should haunt many another as well — long after he has turned the last page and put out the light.

## Detecting...

By Everyone

A local taxpayer walked into County Treasurer Jean Boyd's office the other day and handed the genial treasurer two slips of paper. He then demanded to know why he wasn't notified his taxes were due.

The two slips he handed Boyd were notices of taxes due!

Here's a little puzzle we came across the other day. Maybe you can work it out. If the same letter of the alphabet is inserted 11 times in the proper places, a complete sentence will result.

Jingle, Jangle Jingle  
Heard two ex-Marines bragging about their respective outfits over coffee the other day. "When we presented arms," said one, "all you could hear was slap, slap, click."

## Way Back When...

30 Years Ago

October 11, 1923: To parents and others interested, bicycle riding on sidewalks is dangerous and is forbidden by ordinance. Penalty, imprisonment or fine for both. W. M. Orr, Mayor... Accompanied by their scoutmaster, Prof. A. F. Gulliver, twelve boy scouts of Wayne went to West Point last Friday to attend an annual district convention held in the park there.

25 Years Ago

October 11, 1928: New automobile plates for 1929 have been received by County Treasurer J. F. Steele. They are black with white letters... Fire thought to have been started by spontaneous combustion burned a small warehouse and some coal near the Wayne power plant this morning... Mrs. Clyde Oman, Wayne, received second prize in a slogan contest at Sidney, conducted by the Sidney Telegraph. Her slogan was "Plan, work, pull together and boost."

20 Years Ago

Oct. 12, 1933: State advisory board, in a meeting at Evansport Friday, approved Wayne's request for government loan to finance a new community hall which Wayne voters favored at a special election in September... Wayne P.E.O. was entertained by Neshah Monday... The Wayne business district underwent some extra cleaning-up this week preliminary to the visit of fire insurance men who were here yesterday to inspect the town.

15 Years Ago

October 13, 1938: Lawrence Faudel of Norfolk came Tuesday last week to take over the management of the Colucci Oak store... Wayne board of education has not yet received approval of the federal PWA grant for remodeling and enlarging the city school building... Wayne county's annual corn husking contest, sponsored by the Wayne Men's club, will be held Monday, Oct. 24, at 1:30 at the Frank Lielles farm four and a half miles south of Wayne on Highway No. 15.

10 Years Ago

Oct. 7, 1943: Mr. and Mrs. W. C. Andrews sold their residence on west 8th street to Mr. and Mrs. Carl Samuelson who live northeast of Wayne. Homekeepers are reminded to save tin cans which contain materials vitally needed in the war effort... The general draft of pre-war fathers was due to begin Oct. 1 according to word from Washington. Despite increased allotments of sugar to industrial users, home consumers are warned that likely no increase will be allowed to them in the near future.

"With us," said the other, "it was slap, slap, jingle."  
"Jingle? What was that?"  
"Our medals."

Wayne, Nebraska  
Gentlemen:

Due to the mail delay occasioned by the fact that I was tied up at Ak-Sar-Ben Field all last week, I just now saw the copy of the Wayne Herald containing your remarkable treatment of the story describing the grand champion steer at Ak-Sar-Ben. It was terrific, and I am sure the readers in your territory appreciate the excellent manner in which you covered the Ak-Sar-Ben Stee Show.

Yours very truly,

# FUTURE... Unlimited

Showing a champion... bringing home a blue ribbon from the fair is the favorite dream of many a farm boy. That's why he spends a good share of his waking hours helping it to come true.

He garnishes his calf's ground corn with minerals and molasses—worryes if it isn't licked up clean. He spends hours teaching his baby beef to lead... combs and carries its gleaming coat until aching arms rebel.

Dreaming dreams and then working hard to make them come true is the American way. That's the spirit which transformed a wilderness into the world's most powerful nation in a little over 100 years. That's the mainspring which made a peace-loving nation the arsenal of democracy. That's the habit which makes our country the land of opportunity and great accomplishments.

Back in 1837, John Deere's dreams and dogged determination gave the world the first successful steel plow. This new plow unlocked the wealth of the prairie soil—created a new agricultural empire. Today, the John Deere organization is pioneering new frontiers—working to make the American dream of a well-fed world a reality.

Careful preparation and lots of perspiration still make dreams come true in America. For in this free land, life is what you make it—the future is unlimited.

# Blue Devils Get Fifth Win; Nip Stanton 7-0 Friday

## Johnson's 50-Yd. Dash Nets Score

Vengeance, in the form of a 50-yard off tackle slant by Larry Johnson, crystallized for Wayne High's Blue Devils at Stanton Friday night.

Johnson's sprint gave their Blue Devils an all-important 7-0 victory over Coach Henry Nielsen's Mustangs in a game which could well have decided the Husker conference west division championship.

Both teams entered the game undefeated. The victory was all the sweeter for Wayne for it averaged a 16-7 defeat at the hands of the Mustangs a year ago. Wayne now has a record of five victories and no defeats and the Blue Devils have still to be scored upon.

Johnson's scoring gallop came on the third play of the second half. Ed Peterson had just given the local leads a first down at midfield. Johnson out inside left tackle, found a big hole and raced into the end zone. Larry Hofeldt added the extra point with a smash over right tackle.

**Only 58 Yards**  
Johnson had Wayne well scouted and the terrific Mustang line held Wayne's running game in check most of the night. Outside of Johnson's scoring run and another sprint around left end, the Blue Devils gained only 53 yards on the ground. The Stanton line may well be the toughest Coach Harold Maciejewski's charges may face this season.

## Sports News

Stanton was in scoring position three times but could not push the ball through the stubborn Blue Devil forward wall. The Mustangs got to the Wayne 24 late in the first quarter but were halted when a Wood to Weichenhals pass was incomplete.

In the third quarter Stanton again got inside the Wayne 30 but Wayne again stiffened and took over on downs. Early in the final period, Stanton put together five first downs to get to the 45 but Tietort intercepted a Wood pass to again stop the drive.

**Art Frelberg put Stanton right at the door four plays later when he blocked Larry Hofeldt's punt and recovered on the Blue Devil 81. Four plays netted only eight yards and Wayne took over.**

The statistics give an odd picture of the game. Stanton out-drove Wayne 11-4 but the Blue Devils outgained the Mustangs 142 yards to 133 on the ground.

Stanton attempted 13 passes and completed four for 60 yards but three Wayne interceptions succeeded in bottling up any serious scoring threats.

**Stanchess Effort**  
Wayne's line put up one of its staunchest efforts against the more experienced Stanton forward wall but could do little to get holes open for the local backs. When Wayne did get its backs into the secondary, the local lads went for good gains.

Johnson's 39-yard run in the first quarter almost went for a touchdown. Lowell Johnson prevented one Stanton touchdown when he put on a burst of speed to bring down Clair Prokuek from behind on the Wayne 29.

The victory puts Wayne on top of the west division standings with three wins and no defeats. The only road block to the west division championship is Wisner's Bulldogs who are yet unbarren in conference play. Wisner must play Stanton, Wayne and Neligh, however. Oakland still leads the east division with two victories and no defeats. Coach Ken Fischer's crew blasted West Point 57-14 Friday.

## Pierce Nudges Hartington in Last Quarter

Hartington — A safety and a 44-yard sprint by Wilbur Warncke in the fourth quarter gave Pierce a 14-7 victory over a surprising Hartington eleven at Pierce Friday night.

The game was a hard fought affair with Hartington losing four regulars through injury and Pierce two.

Hartington jumped into a 7-0 lead in the first period when Curt Folkers took a 39-yard pass from Jim Gildersleeve for a touchdown. Pierce came back in the second quarter to make it 7-6 until the fourth period.

Pierce led 12-7 on Warncke's run in the last period and picked up a safety when a Hartington back was tackled in his own end zone.

The scoring by quarters:

Pierce	0 6 0 8-14
Hartington	7 0 0 0-7

## Four Grid Tilts Slated for Local Teams This Week

Four games are on tap for Wayne football teams this week—two on Friday, one Saturday and one Tuesday.

Wayne High will seek to defend its undefeated, unscathed upon record when it travels to Hartington Friday night to avenge a 14-6 defeat a year ago.

Hartington gave notice last week it will provide plenty of opposition to the Blue Devils by holding Pierce to a 14-7 victory. Hartington led 7-6 through three periods in this game. Hartington has a record of three wins and two defeats, winning from Bloomfield, Creighton and North Bend while losing to Laurel and Pierce.

Wayne Prep will seek its fourth Cornatssal conference victory Friday at Wausa. The Preppers lost a 55-24 decision to undefeated Randolph last week in a non-conference tilt. Randolph defeated Wayne 52-21 earlier in the season so Friday's tilt looks about even.

**Beemer Tuesday**  
The Preppers will play their second game in five days Tuesday when they entertain Beemer at Memorial stadium. Only comparison of the two teams is the drubbing Beemer took from timbered Wineside. Wayne lost to Wineside 60-13 while Beemer was buried 63-0.

Smarting from their 6-0 loss to Midland last week, Wayne State's Wildcats will travel to Kearney Friday with Coach Preacher Franklin's eleven. Saturday Wayne will be a decided underdog to the home team which is undefeated in conference play. Kearney swamped Chadron 53-13 last week.

**Phillips Runs Wild in Lyons Romp Over Decatur**  
Phillips — Hallback Vandle Phillips had a field day Friday night as Lyons romped over Decatur's Bulldogs 52-6 at Decatur.

Phillips got the winners rolling on the first play from scrimmage when he raced 55 yards for a touchdown. He scored five more times during the night on runs of 75, 42, 30, 16 and 73 yards. To cap his efforts for the night, he intercepted a pass in the last minute and raced 97 yards for another touchdown.

Evin Jones was the defense standout for Lyons. Decatur saw a pass from Doyle French to Ronald Pond.

The scoring by quarters:

Lyons	20 0 20 12 52
Decatur	0 6 0 0-6

## Pender Edges Wakefield in Last Quarter Rally

Pender — Pender rallied for two touchdowns in the last half Friday night to edge Wakefield 13-6 in a Husker conference east division tilt.

Wakefield got off to a 6-0 lead in the first quarter and led at half-time by the same margin. Pender knotted the count in the third quarter and got the winning third-down in the final period.

**Wineside Trims Crofton, 42-6, For Fifth Win**  
Wineside — Coach Sparky Pillen's six-man football squad ran into unexpected strength at Crofton Friday night but came through with a 42-6 Cornatssal conference victory.

Wineside stopped Crofton scoring drives three times inside its own 10-yard line.

Bob Dittman again paced with 24 points on three touchdowns and three placekicks for extra points. Darrel Wylie scored two touchdowns and Bob Koll added another.

Dittman now has a total of 144 points in five games. This is well ahead of his 1952 pace when he scored 187 to lead the state.

Wineside will entertain Humphrey tonight.

The scoring by quarters:

Wineside	8 14 14 6-42
Crofton	0 0 6 0-6

## Midland Spoils Homecoming; Wayne Wildcats Edged, 6-0

A determined band of Midland Warriors spoiled the annual WSTC homecoming celebration Saturday afternoon by handing the Wayne Wildcats a surprising 6-0 defeat.

It was Midland's first Nebraska College conference victory since 1946 and knocked the Wildcats out of contention for the conference championship. Midland had last beaten Wayne in 1927.

A 55-yard march, set up by Jim McWilliams' recovery of Don Kellogg's fumble, produced the winning margin in the second quarter.

Dick Grobe crashed over from the Wayne two-yard line on fourth down for the tally. McWilliams' placement for the extra point was blocked. Two 18-yard sprints by Freshman Ernie Snyder sparked the Midland march.

Midland was definitely up for the game and kept the Wildcats in the hole for most of the final three quarters.

Wayne's lone threat came midway in the first quarter when the Wildcats marched to the Midland six, only to be held for downs.

Wayne stopped two other Midland drives within its own 10-yard-line. The Warriors were halted for downs on the Wayne nine and the Wildcat one.

The loss virtually knocked Wayne out of conference championship contention. The Wildcats

## Schenck Tallies Five Times in Randolph Win

Undefeated Randolph, paced by Halback Ray Schenck, rolled to its fifth straight victory Friday night by trouncing Wayne Prep 55-24 at WSTC Memorial stadium.

Schenck, a junior, scored five touchdowns all on runs of 30 yards or longer, as Randolph coasted to a 28-6 halftime lead. The visitors showed too much speed and polish for the local six.

Don Perry kept Wayne in the running with two touchdowns while Marty Ring and Don Denlinger added one each.

Randolph will join the Cornatssal conference next year after playing an independent schedule this year.

Coach Ted Morgan's crew has capped victories over Wausa, Oberlin, Meadow Grove, Crofton and Prep.

**Emerson Outscores Guardian Angel 36-21**  
Emerson — A 14-point outburst in the fourth quarter enabled Emerson to edge West Point Guardian Angel 36-21 in a hard-fought game here Friday night.

Fred Warren and Bob McPherson scored 12 points each to pace the winners. Ervin Peters and Bill Passick were outstanding on defense for Emerson.

Guardian Angel jumped to a 14-0 lead in the first quarter but Emerson came back to lead 22-21 at the end of the third quarter.

It was the first 1953 Husker conference win for Neligh.

have one victory, a loss and a tie on their record. The conference championship will probably be decided when undefeated Peru and Kearney meet Nov. 6.

**Good Punting**  
Only bright spot for Wayne during the afternoon was the punting of Jim Anderson. The Wakefield senior averaged 35 yards on six punts despite the fact he had one blocked. One of his punts traveled 56 yards.

The Wildcats appeared sluggish most of the afternoon. Their only real offensive bursts came in the first quarter. Wayne held a 10-7 edge in first downs and had an 11-yard advantage in rushing. Midland was tops in passing 31-14.

**Eighth Grade**  
Five of the eighth grade boys went with the junior high team to Wisner Wednesday to play football. They lost, 19-12.  
Booklet covers for our current events papers are being made from finger paintings done previously in art class.

We are making plans for a mural telling America's story, which we are studying in social studies.  
Twenty-two students from our room have joined the junior high chorus which is a newly organized group.  
Mary Jean Wright was the only student in the room to have perfect scores on both spelling review tests.

**Seventh Grade**  
Jim Skeehan went to Wisner Wednesday with the junior high school football team.  
Luis Ulrich was absent two days this week because of illness.  
We listened to the radio broadcast from Norfolk Wednesday afternoon. This broadcast is sponsored by the Nebraska Historical society and deals with Nebraska history. The broadcast this week was about Lewis and Clark and Major Long.

Arithmetic champions this week are Larry Brandstetter, Sharon Westerman, Judy Tietz and Sally Litt.  
We have a large collection of casts made from animal tracks found in our vicinity.

**Fifth Grade**  
In language we wrote letters to various Chambers of Commerce requesting pictures and pamphlets of interesting places in their cities. These will be used in the study of these cities in our geography class.  
Mrs. Marra and Kenny visited us Thursday.

The colored leaves which the children brought were dipped in hot paraffin. They make a nice room decoration. Buddy Barnhoft gave us his gourds to use in the room.

Phil Pierson had the highest score in the geography test. Patty Anderson was the only one in the class to get a perfect score in the six-weeks mastery test of 100 spelling words. Those who missed only one word were: Barbara Wolke, Mike Karel, Lorraine Morris, Diana Dunklau and Buddy Barnhoft.  
Patty Hofeldt brought fall flowers for our room this week.

**Fourth Grade**  
Susan Wright received 100 in the geography test. Sherri Gray and Roger Luaders gave excellent reports on Iceland. They also drew a map of Iceland.  
This week Karen Hurlbert, Carroll, joined our group.

The contest in arithmetic is close. The Navy leads by two points.  
Our room is being re-dressed. The Halloween spirit has caught the fourth graders and each group brings new decorative results.

**Second Grade**  
The housing people had perfect attendance during the first six weeks of school: Sonia Anderson, Mickey Atkins, Jackie Bergt, Nancy deFreese, Mary Gray, Wanda Hoteleit, Sandra Jorgensen, Billy Luedtke, Jimmie Mau, Sandra Venet, Carol Kauer, Leta Rossick, cr, Peggy Sicken, Harold Tomson, Myra Walker and Penny Wilmer.

Linda Preston, Jimmie Mau and Nancy deFreese all celebrated birthdays during the past week.

Jim Dickens played a mouthpiece solo in music class Monday.  
A reading demonstration was given in the second grade Thursday by Miss Stiers, JoAnn Pawel, and Mrs. Fisher could attend other demonstrations.

Wanda Hoteleit brought flowers during the past week.  
Friday the second grade visited the firehouse in observance of national fire prevention week. Fire Chief William Mellor and Paul Rogge explained and demonstrated fire equipment. They later brought the entire class back to school on the fire truck. The art class drew pictures of things seen at the fire house. Jim Dickens brought his toy fire truck for us to see.  
Mrs. Merlin Preston visited our room Monday.

**First Grade**  
We visited the city Fire department Friday morning. Paul Rogge and William Mellor showed us many interesting things and gave us a ride on the fire truck.  
Mrs. Wilmer Marra and Mrs. Art Walters were visitors this week.

**Kindergarten**  
Kenneth Nolte had a birthday Sept. 29. Mrs. Nolte was a visitor during the morning. Mrs. Alvin Voorhes, Mrs. William Koerber, Mrs. Albert Black and Mrs. Gerhard Herbolshemer have also been recent visitors.

Both classes went for a science walk Friday to look for signs of the changing season. They observed falling leaves, bare trees, squirrels burying nuts, black birds gathering in a tree and other signs of winter's coming.

Our room has been decorated in observance of Halloween. We made black cats to take home.

**Junior Band**  
The following new members have recently been added to the junior band: Judy Kollmorgen, Donna Sherbaha, Patty Olson and Judy Carlson, clarinets; Cheryl Johnson, alto saxophone; Carol Wright, tenor saxophone; Bill Witt, French horn and Bob Tiedtke, trumpet. All of these youngsters began playing last year and are in the sixth grade. Last week the junior band began a study of musical terms. The band meets daily at 11:30 a.m.

**The Greatest Gasoline Development in 31 Years**

**New Conoco Super Gasoline**

with **TCP**

**Start the "TWO-TANK TEST" today!**

Conoco Super Gasoline with TCP has been rightfully called the greatest advance in motor fuels since the introduction of tetraethyl lead in 1922. For here, at last, is a gasoline so dramatically different that the average motorist can feel the improvement in his car after just two tankfuls. Yes, after your second tankful, chances are you will know why we say Conoco Super with TCP will:

- Boost power as much as 15%
- Increase spark-plug life up to 150%
- Give you extra gas mileage!

For Conoco Super is a new kind of gasoline—a gasoline especially developed to correct the greatest single cause of power loss affecting most of the cars on the road today.

**Combustion deposits drastically reduce power**

When you drive your car, deposits constantly build up on spark plugs and in the combustion chambers. These deposits can "cheat" you of power two ways. First, they short-circuit spark plugs—causing them to mis-fire. Second, deposits in the combustion chambers cause fuel to ignite before it should. This is called pre-ignition or "wild ping." The combined effect of mis-firing and pre-ignition is loss of power, lack of "pep" and wasted gas.

**How Conoco Super with TCP works**

TCP is a special chemical additive which is added to Conoco Super Gasoline. It was specifically developed to overcome the loss of power and fuel caused by combustion deposits. TCP neutralizes harmful deposits on spark plugs—your plugs spark as they should. It prevents deposits in the combustion chambers from causing pre-ignition—"wild ping" is controlled. Thus, every time you fill up with new Conoco Super, it's like getting your spark plugs cleaned and your engine tuned-up.

**TCP helps your car, whether new or old**

If you are driving a new car, with a high-compression engine, you need Conoco Super Gasoline to keep your car delivering all the power that was built into it. If you drive an older car, with tens of thousands of miles on the speedometer, Conoco Super can restore much of the "new car" performance and power you've been missing.

**Start your "TWO-TANK TEST" today**

When your gasoline tank is one-quarter full or less, fill it with Conoco Super with TCP. Now, there will still be some ordinary gasoline mixed in with your Conoco Super. So make sure your next tankful is Conoco Super, too. So rapidly does Conoco Super work, that with this second tankful, chances are you'll feel as if your engine has had a tune-up. You'll feel a boost in power. Try it today. We're sure you'll stay with Conoco Super.
