

Wakefield Pastor Takes Wisconsin Chaplaincy Post

Wakefield, Neb., Dec. 10.—The Rev. Robert E. Kruse, pastor for 10 years at St. John's Lutheran Church here, will move early next year to Wisconsin.

He has accepted a call to serve as chaplain to patients in county and state homes, hospitals and sanitariums in the Chippewa Falls, Wis. area. His headquarters will be at Chippewa Falls.

His farewell service here will be January 3.

While in Nebraska, Rev. Kruse served as visitor of Circuit III from 1939 to 1943. From 1944 to 1953 he was district finance board chairman. As head of the "Conquest for Christ" committee, he led a campaign which raised \$325,000. He served on the planning council for the addition of a unit to Lutheran Hospital in Sioux City.

The Kruses have three sons, Donald and Allen, both in Chicago, and Eugene, Hebron, and a daughter, Sharon, at home. Rev. Kruse served at Pender and Clarendon, Tex., prior to coming to Wakefield.

Blue Devils Dump Norfolk In Ragged Tilt Tuesday, 47-22

Poor Passing Highlights Second Win

Wayne High's Blue Devils put up a stubborn zone defense Tuesday night and captured their second straight victory of the season, a 47-22 conquest of favored Norfolk.

The game was a ragged affair with neither team showing anything like a potent offense. Norfolk could not crack the Wayne defense for any decent shots and as a result the Panthers hit only 7 of 60 shots for the evening.

Wayne connected on 16 of 34 chances.

Passing and offensive floor play by both teams was extremely poor. Time and again both teams threw the ball away. The only bright spot for Wayne was the stout defense. Norfolk scored only 12 points in the first three quarters and only one field goal in each of the first and third quarters.

Wayne got into an early 2-0 lead on Lowell Johnson's jump shot and was never headed. The Blue Devils led 19-9 at halftime. They more than doubled Norfolk's output throughout most of the game.

Johnson paced the scoring for the evening with 14 points on four fielders and six gift tosses. Gary Blakeman led the losers with 11 points. Rod Tietfort followed Johnson with eight and Jerry Korff, Larry Hofeldt and Gordon Zapp chipped in seven apiece.

Need Improvement

Wayne will definitely have to improve on its shooting. In the first half Tuesday they hit only seven of 34 shots. They improved in the last two quarters, dunking nine of 20.

The box score:

Wayne County farmers put to rest an ice-removal procedure used for years to free windmills of their sheathings. Windmills, of course, rapidly are disappearing from the rural landscape. Television antennas frequently sprout in their place. The two structures present similar problems during ice weather. So, out came the shotguns.

A well-aimed blast from a 12-gauge reportedly will free an antenna from its potentially-damaging ice coating.

Eleven members of St. Mary's Catholic Church had their first communion Monday. They were: Marjorie Haase, Sandra Whorlow, Donna McGinn, Patricia Lansing, Judy Bilson, Barbara Jordan, Carol Chance, Ellen Rieken, Cecilia Haberer, Thomas Dorcay, and Ronald Haase. The three little angels were Carol Boyer, Nancy Chance and Connie Bottoloso. The eleven are the charter class for the new school.

City Lights Fail As Valve Acts Up

A gas control valve functioned improperly Tuesday at the Wayne light plant causing a seven-minute electrical interruption throughout the city.

The valve put the plant's newest and most powerful engine out of action, Plant Superintendent N. H. Bruggier said. Power was off while two other engines were put into operation. The valves trouble occurred shortly after 5 p.m. when power demand is heaviest.

Long-distance circuits were all repaired by Tuesday night.

Model 48D (illustrated)

\$2313⁸⁸

Optional equipment, accessories, state and local taxes, if any, additional. Prices may vary slightly in adjoining communities due to shipping charges. All prices subject to change without notice.

WE feature the delivered price of the Buick pictured here to make a point about the big trade-in allowances we're giving today.

The price you pay for the car itself—the local delivered price—is the first thing to look for when you're bargain-hunting.

It's this figure less what you get on your trade-in that determines your real cost—the dollar difference you pay.

That means—keep your eye on the dollar difference. The more car it buys, the better deal you make.

So with our low delivered price and

the high trade-in allowances we're giving right now—we think we have a whale of a buy for you.

And when you check into things, we believe you'll discover this:

You get more room and power for your money in this Buick than in any other car on the market.

You get hundreds of pounds more automobile here—more strength in the heavier frame, more durability in the thicker structural members—than in a long list of cars at this Buick's price or lighter.

You also get a lot more in a Buick that the specifications don't show—more fun, more thrill, more comfort, more pride and pleasure.

But why waste another day—with time growing shorter, winter coming closer, and your present car getting older? If you're looking for a real automobile at a real buy in a real deal—come look at Buick right now.

Meyer-Daniels Rites Held Sunday at Redeemer Church

Doris Mae Meyer, daughter of Mr. and Mrs. William Meyer, and Jerald B. Daniels, son of Mr. and Mrs. Roy Daniels, were united in marriage Sunday at 6:30 p.m. in the Redeemer Lutheran Church. Rev. S. K. deFreese performed the double ring ceremony.

Mrs. Fritz Ellis, accompanied by Gene Parning, sang "Because" and "The Lord's Prayer." Altar flowers were white snapdragons, white pompons and white chrysanthemums. The church was decorated with white pompons, chrysanthemums, red roses and ferns.

The bride was given in marriage by her father. She wore a gown of Chantilly lace with pleated nylon tulle flounce at the yoke trimmed with iridescent paillettes. The skirt ended in a chapel train. Her fingertip veil was held in place by

a crown of orange blossoms. She carried a bouquet of red roses.

Mrs. Robert Bergt, matron of honor, wore a green satin dress with a net overskirt. Bridesmaid was Mrs. Alvin Meyer. Her gown was of rose satin with net overskirt. Flower girls were Linda Meyer and Ruth Ann Baier. They wore white gowns of taffeta with net overskirts.

Robert Bergt was best man. Groomsman was Alvin Meyer. David Meyer and Randall Bergt, Wisner, were ushers. The men wore dark suits.

Mrs. Meyer wore a cocoa dress and Mrs. Daniels chose a gold dress. Both wore corsages of tulle and roses.

Reception was held in the church parlors. Mrs. Bernard Meyer cut the cake. Clara Bergt was in charge of the guest book and Shirley Mahon and Flora Bergt had the gifts. The waitresses were Sally Shell, Nadine Lage, Mary Ann Hoeman, Janet Larsen, Alice Baier and Deanna Baier. Those assisting in the kitchen were Mrs. Henry Arr, Mrs. Charles Sieckman, Mrs. James Mahon, Mrs. Walt Ulrich, Mrs. Arlen Fitch and Mrs. John Luschen.

The bride graduated from Wayne High school and has been employed at the County Treasurers office. The bridegroom, also a graduate of Wayne High, has been doing construction work in Alaska the last two years.

For going-away the bride chose a coral knit dress with black accessories. The couple will live on a farm southwest of Wayne.

Pryor and Mrs. Bill Heier. Final plans were made for the Christmas party to be held in the club rooms Saturday evening.

Ex-Wayne Clerk Has Des Moines Pastorate
Rev. John E. Wheatley, 42, who once worked here in the Gamble store, was the subject of an illustrated feature story in a recent Des Moines Tribune, outlining his career.

He has been pastor of Union Park Presbyterian Church there since Jan. 20, 1952.

Rev. Wheatley worked here for about two years in the mid-1930s, prior to entering Omaha Presbyterian Theological Seminary. It was while here that he decided to enter the ministry. Rev. Wilbur Dierking, former pastor of Wayne Presbyterian Church, aided Rev. Wheatley in his decision.

A native of Benkelman, he had intended to be a teacher and was graduated from Peru State Teachers College. He took the store job here because of the lack of openings in the teaching field.

Eighth Grade
The monthly meeting of the "Busy Bees" club was held Nov. 22. New committees were appointed and it was decided that we draw names for the exchange of gifts at Christmas.
Our social studies class is studying the Constitution of the United

States and the setting up of our form of government. We are also working on a new picture for our mural.
The arithmetic-spelling contest between the Indians and the Pilgrims was won by the Pilgrims. A new contest with ourselves has been started. Prizes will go to the

student showing the most improvement and to the one with the highest average.
The Legend of Sleepy Hollow is being read and illustrated by the class.
Fifth Grade
Patty Anderson, Buddy Borrihoff, Karen Johanson, Michael Karel, Lorraine Morris and Barbara Wolke had perfect scores in spelling mastery this week.
Mr. Willett visited our reading class on Friday.
Ten pupils have completed a written book report for our "Reading Is Fun" chart.

Christmas decorations are being made in Art class.
Health posters were made in health class on Monday.
Mrs. Swanson substituted for Mrs. Ricketts on Monday.
Fourth Grade
Christmas is drawing near and several of our lessons are centered around the "Christmas Time" theme. We are writing poems and stories and singing many carols. One bulletin board shows the wise men seeking the bright star, and the other contains many colorful pictures of the Nativity. We are also hanging our stockings on a line hoping Santa might visit our room a little early this year. Names were drawn this past week for the room Christmas exchange.
In arithmetic nearly all have mastered the long division method. Now we find it's fun to work these problems.
In social studies we have finished the study of the Netherlands, and for the remaining days before vacation we will study our own community. It should be interesting to see our list when completed. In the Netherlands unit test Susan Wright, Sherry Gray, Jack Miller and Jerry Biardstetter received perfect scores.
Sixth Grade
In the spelling contest, the Spelling Champs were winners. The losing side, the Spelling Dodgers, treated the Champs to candy bars.
New captains were chosen for another contest. Patty Olson is the leader of the Tiger Champs. Kenny Vogel leads the Flying Saucers.
The grade is busy making Christmas decorations and gifts. Names have been drawn for exchange of gifts.
The geography class is completing its study of Australia and New Zealand.
The English class has been giving book reports.
Those who have been neither absent nor tardy this year are: Judy Kollmorgen, Patty Olson, Judy Carlson, Brad Koeber, Monte Schram, Dicky Strong, Robert Tiedtke, Kenny Vogel, Lee Wort, Bill Witt, Carol Wright and Donna Sherbahn.
Second Grade
The second grade drew names for a gift exchange at their Christmas party.
Mrs. Lars Nissen was a guest in our room on Friday afternoon.
Mr. Willett visited our number class during the past week.
Seventh Grade
There were seven "live ducks" at the close of our spelling contest last week. They are Judy Tietson, Sharon Westerman, Nancy Sherbahn, Beverly Palmer, Phyllis Dunklau, Roberta Haas and Sandra Kay.
In the arithmetic baseball game Sharon Westerman's team is leading by a score of 13 to 11 at the end of four innings.
Linda Mau and Virginia March are captains for the teams in our new social studies contest which will begin this week.
Beverly Palmer and Sally Lutt were absent because of sickness.
Judy Tietson was among the senior band students who attended the band clinic at Stanton Wednesday, Dec. 2.

In the Spirit of Christmas

Few communities of Wayne's size are fortunate enough to have Handel's magnificent "Messiah" presented annually, the 1953 performance taking place Sunday, Dec. 13.

Several factors probably account for this. Not many places with 3,600 population have enough talent even to attempt such a formidable musical task.

Beyond a doubt, such a massive undertaking requires untold hours of properly-channeled work. Unwillingness and inability to do the work required would rule out such a procedure in some communities with otherwise sufficient talent to do justice to Handel's masterpiece.

Wayne should place high on its list of Christmas blessings the fact that the community is liberally endowed with musical talent and with persons who know how to put that talent to best use. The community owes much to the Kiwanis club for its efforts in sponsoring the "Messiah."

Certainly, everything surrounding the presentation is in the spirit of Christmas. The proceeds help support the Kiwanis year-round, community service work. The exemplary efforts of the club include such things as providing a financial reservoir for year-around aid to needy youngsters. And the time of year the performance is given indeed is auspicious. It is far enough ahead of Christmas to aid immeasurably in helping us remember and keep uppermost in our thoughts the true meaning of Christmas.

ONE GLANCE AT OUR READING ROOM and you will know that Santa has visited us. We have lovely, new drapes at the windows, and they add that finishing touch to our decor which was lacking. The furniture looks richer, the drapes bring out the colors in the floor and on the walls and give the room a luxurious look. The pattern is a

ray, large, splotchy leaf in red, two shades of green and brown, on a grey background. A Christmas poinsettia on the card catalogue blends in so beautifully that we wish it could be Christmas all year round. Come in and enjoy the warmth and beauty of the room with us.

THIS WEEK I AM GOING TO TELL YOU ABOUT some westerns. Zane Grey is still popular and many of his books have been replaced, not just once but many, many times. This week we replaced "The Haskinick Outfit" and added a new title, "Maverick Queen." Then we have another new book, the Literary Guild selection for December, "Lincoln McKeever." The setting of this story is the New Mexico Territory of the early days. It is great in its own magnificent setting and rich in meaning. The novel follows a rebellion into an area that surges with hatred and blood feuds to defend a man charged with murder in a trial with one issue—justice. The book was written by Elazar

Lipky a native of New York, graduate of Columbia college and Law school, appointed to the office of the District Attorney of New York. Even if you aren't ordinarily a western fan you will enjoy this book and I recommend it especially to the men.

WE HAVE A VARIETY OF NON-FICTION which we have added to that Christmas Present Shelf we told you about last week. There is a book by Daniel Poling, "The Romance of Jesus," which is a fictionalized life of Christ. "The Best Plays of 1952-53" by Burns Mantle and "The Fireside Book of American Songs." The song book is well illustrated in color and besides the music there is a short history of all the folksongs of our land.

OUR FIRST NEW CALENDAR FOR 1954 was given to us by one of those Audubon bird print calendars. The red cardinal pictured for the first month harmonizes so well with our drapes we will be loath to turn it over.

is a wide choice of exposures for the house as on farms. Heating units to replace or supplement home furnaces are not yet available to the average home owner at reasonable cost, but are being tested in experimental houses.

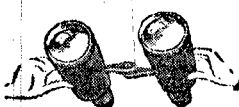

About 90 per cent of the heat of the sun can pass through window glass. With proper equipment this heat can be collected, stored and released as needed. Even without special equipment, heat waves that come through windows are re-radiated by interior surfaces, then become too long to pass through glass so are held indoors. This is why a closed automobile becomes so hot inside when it stands in the sun.

Many modern homes already use solar windows to help in winter heating. These big windows need

to be placed according to the latitude and seasonal angles of the sun so they can help warm the house in winter without causing discomfort in summer. The hang of the roof also can be tilted to let in the most sun in winter and the least in summer. Such window plantings can help, too, by casting shade in summer. Unless carefully placed, windows may cause discomfort and inconvenience and even expense in furnishing. Such windows are not satisfactory if they are constantly curtains for privacy or shuttered to keep out heat if they are exposed to winter winds. Coming Events

Small articles of lingerie recently have been found draped on Wayne business buildings and in other public places. City police are disturbed by the renewed outbreak of this perverted practice. Two primary factors cause the police to hope they soon catch the perpetrator or persons responsible. One is the lingerie draping probably is the work of an abnormal person, who could easily grow more abnormal and become a serious menace to our community. Second, the underthings presumably are stolen from clotheslines.

Higher Production Possible
A nationwide study conducted by a committee representing land grant colleges and U. S. Department of Agriculture indicates that considerable increase in farm output can be accomplished when necessary. This would require wider adoption of improved practices plus greater use of fertilizer and machinery. Some shift in land use with greater emphasis on feed production and livestock would likewise be needed.

An interesting note in their report is that one-fourth of today's agricultural output is dependent on commercial fertilizers and a one-fifth increase in production would require an increase of 70 per cent in the use of these fertilizers. **Legumes Make Acres Bigger**

Results from pasture trials have shown that the addition of two or three acres of alfalfa seed per acre in conjunction with the seeding of bromes grass pasture has produced 50 per cent greater carrying capacity than where bromes is seeded alone.

This actually means that an acre of this mixed pasture does the same job as 1 1/2 acres of straight bromes grass. The addition of the legume also stimulates the growth of bromes and undoubtedly increases its palatability. **Cool Water Best For Pigs**

Quite a few farmers use automatic, electrically heated hot water heaters. They'll do both their boss and themselves a favor by making sure these devices don't overheat the water. Tests at Iowa Experiment station show hogs gain faster when given water at 41 degrees than at 60 degrees.

Also, of course, cooler water means lower power costs. The tests further demonstrated that maintaining low water temperature is more important for low cost operation than are covers or insulation of the system. **Heating Homes With Sunshine**

Solar heating, though still in the experimental stage, may be best adapted to a location where there and Mrs. Howard Gaunt and daughters and Anton Granquist. "Our Roots Are In This Land"

Commodity Briefs

CATTLE The number of cattle on grain feed in Nebraska is estimated to be 5% below a year ago according to the October 1 government estimates. In Illinois numbers are down 3% but in Iowa numbers are up 10%; for the three states numbers are up 3%. The increase was in cattle on feed more than 6 months and weighing under 900 lbs.—numbers over 900 lbs. down 8%. Numbers of heifers on feed up 5% over last year.

GRAIN STORAGE Additional acceptance by the USDA for the construction of new grain storage has been announced. The total today is 136 1/3 million bushels capacity. Nearly 7 1/2 millions will be added to 3 Lincoln grain dealers' capacity.

CORN Practically all of the estimated 204 million bushels are harvested. No marketing quotas in '54.

FEED SUPPLY and MOVEMENT of FEEDER CATTLE

Supplies of feed grains and concentrates for 1953-54 are more than adequate for domestic and export requirements. Hay supplies are generally adequate through most of the northern and western sections of the country, but large areas of the South, as well as parts of Missouri and Kansas, are short of hay. The total hay supply of the nation for 1953-54 is slightly larger than the supply last year, and supply per unit of hay-consuming livestock also is larger this year. The supply of by-product feeds in 1953-54 probably will be close to the large supplies of over 22 million tons in each of the last two years. However, the supply of high-protein feeds is a little smaller than in 1952-53, although the supply per animal unit is expected to be larger than in most recent years.

HAY SUPPLIES AMPLE

In Nebraska, the crop of hay in 1953 is approximately 6% less than last year, but well above the 1942-51 average. The production of grain sorghums and barley is below that of 1952 and also less than the 1942-51 average. The crop of oats was approximately equal to the 1952 production but below the average. The corn crop as estimated for September 1, was 25% below last year's high production, but 13% less than the 1942-51 average.

Because of the unusually large supply, the prices of feed grains are now relatively low. Corn has been well below the support price of \$1.60 per bushel and large quantities of corn are expected to go into storage under the price support program. This may result in some tightening of supplies and an advance in corn prices later in the feeding season.

The price which farmers received for hay per ton in Nebraska in October was approximately \$6.00 less than in October 1952. This is an average for the state as a whole and does not reflect the prices in areas where hay supplies are short. Prices of high-protein feeds declined sharply during the past year and are expected to remain somewhat lower this fall and winter than a year earlier. These prices may advance later in the feeding season, especially if hog and poultry production increases early in 1954.

The total supply of feed concentrates in the United States for the 1953-54 season is 172 million tons. This is 10 million tons above the 1946-50 average. The supply per grain-consuming animal unit is only slightly below the record level of the three years, 1948-50. The 1953-54 supply of corn of 4 billion bushels is only slightly below the record supply of 1949-50. The national supply of other feed grains is

below average. The 1953-54 consumption of feed grains will probably be a little less than the 1953 production. The carryover is therefore likely to increase and, for 1954-55, it may be close to the record carryover of 30.6 million tons in 1950.

MEAT SUPPLY EASING OFF

In appraising the feed supply situation it is important to note that total meat production in the United States is expected to be slightly smaller in 1954 than it was in 1953. This is due to expected moderate reduction in slaughter of lamb, mutton, beef and pork. Furthermore, the increase in cattle numbers has now been halted and the 1953 pig crop was a 5-year low.

The number of cattle on feed in Nebraska on October 1 this year is estimated at 312 thousand and head, or 5% less than on October 1, 1952. In Illinois there were 3% less cattle on feed, but in Iowa, the number in feedlots on October 1 was up 10%. The average for the three states showed an increase of 3% compared with October in 1952.

LIGHTER CATTLE ON FEED

Nearly all of the increase in the number of cattle on feed October 1 in the three states was in cattle weighing under 900 pounds. The number on feed weighing over 900 pounds was 8% smaller than last year. Cattle on feed weighing 600-900 pounds increased 20%; those weighing 900-1100 increased 3%; those weighing under 600 pounds decreased 9% while the number weighing 1100-1300 pounds was down 41%.

All of the increase in cattle on feed on October 1 was in the number that has been on feed for more than 6 months. This reflected a tendency to hold back some of the cattle that were on feed earlier in the year. The

number of cattle on feed for 3 to 6 months was about the same as a year earlier while the number on feed for less than 3 months was 3% less than on October 1, 1952.

Shipments of stocker and feeder cattle to country points in Nebraska between July 1 and October 1 were 14% below a year ago and were the smallest for this period since 1947. In the three states combined (Nebraska, Illinois and Iowa) the number of cattle placed on feed

was 6% below that of the same period last year. During the same period the marketings of cattle in these states was 7% more than in the same three months in 1952.

The October 1 survey indicated that cattle feeders intended to market 30% of the cattle then on hand during October and 76% by the end of the year. The proportion expected to be marketed during October was the highest reported for that month since these surveys started in 1948.

ECONOMIC SITUATION

In spite of falling agricultural prices the past year and a half, creeping inflation still exists for the consumer. To consumers the value of the dollar dropped another cent between May, 1952 and September, 1953. Compared to the goods and services a dollar would buy during the 1935-39 period the dollar as of September 15, 1953 was worth 52 cents. By the 1909-14 relationship the dollar was worth only 36 cents.

How much will the tax reduction starting January 1, 1954, help to increase consumer spending next year? Personal income tax rates will

be reduced 10% starting January 1, 1954. But the 10% applies only to that part of the income over and above the exemptions. Also, on January 1, 1954, Social Security tax rates go up 1/2% — from 1 1/2 to 2%. But Social Security rates apply to the total income. On earnings of say, \$4,800 annually and with say, 4 dependents, the wage earner would save about \$42 in income taxes, but pay \$18 more in Social Security taxes. The net result would be a saving of about \$24 annually or less than 50 cents per week.

Market News Service For POULTRY and EGGS

Legislative Bill No. 289 authorizes the state department of agriculture to cooperate with the federal government in providing egg and poultry price information. Section 3 of this act provides that, no money from the general fund of the state or money raised by taxation or assessments made by the state shall be used for carrying out this Act.

Nebraska's Director of Agriculture is authorized to receive voluntary contributions and gifts from the federal government, private agencies and individuals to carry out the provisions of the Poultry Information Act. This means that the Act will be ineffective until money is available to carry it out.

A committee representing producers, feed and supply manufacturers, news and marketing agencies has been organized to raise the funds. Over two-thirds of the amount necessary to get the program started has been received or pledged — approximately sixteen hundred dollars is still needed. If the goal is reached, this news service would make available (free of charge), poultry and egg price information to producers, news agencies, buyers, or anyone interested in the information.

The present price reports often fail to reflect actual prices that buyers are willing to pay, or they do not quote graded prices.

Wildcat Gift Tosses Edge Maroons, 104-98, Monday

Wayne Hits 46 of 57 Free Throws

Ability to connect from the free throw line paid off handsomely for Wayne State's Wildcats Monday night.

Coach Chuck Obye's quintet dropped in 80 percent of their charity tosses to take a 104-98 overtime victory from Morningside's favored Maroons.

It was the second overtime game for Wayne in as many starts. They dropped a 66-65 decision to Omaha last week in the season's opener.

Hero of the game for the Wildcats was Freshman Forward Dick Moore, Clarkson, who tipped in a rebound with one second left in the regulation contest. This knotted the count at 87-all and forced the game into an extra period.

Wayne applied the clincher in the overtime with a 46-57 shooting performance. Higgins connected on eight straight gift tosses in addition to hitting three late baskets.

Higgins took scoring honors for the evening with 25 points, but six of the Wildcats finished with 13 points or more. Norman and VanDerWeide paced the Maroons with 18 apiece.

Morningside won the reserve game, 69-59.

The box score:

Totals	29	46-57	25	104

Wayne hit an amazing 46 out of 57 free throw attempts. Morningside made 20 of its 38 chances.

Wilbur Long put Morningside in front 1-0 in the first 20 seconds of the game but Wayne quickly grabbed the lead and held it until 1:40 remained in the final quarter.

Then Don VanDerWeide, Bill Ide and Dick Norman found the range. VanDerWeide put the Maroons in front 82-81 and Ide increased it to 84-81 with 1:20 remaining. Moore hit two free throws for Wayne but Al Brusting made it 86-83 with a tip-in. Higgins again put Wayne within one point when he dropped two free throws following Brusting's fifth personal.

Norman made it 87-85 with 28 seconds left after being fouled by Samuelson. This set the stage for Moore's tying basket.

Morningside tied the contest only once more. That was with a min-

Omaha Indians Down Wildcats In Overtime

Wayne opened its basketball season Wednesday night in Omaha. Don Claussen's three baskets in the overtime gave the University of Omaha a 66-65 victory over the surprising Wildcat team.

The "Cats" were called the underdogs but the score made it hard to tell. Wayne led all the way till the final minute. They were in front 20-17 at the end of the first quarter; 34-30 was the half time score with Wayne leading; at the end of the third quarter Wayne still held a lead 51-47.

Wayne was still leading with one minute to go as Dave Meyer, who played a good floor game, picked up his fifth and final foul. Bob Moscrey made one of two free throws and the game went into an overtime.

In the overtime the game was still tight but finally the Omaha squad got the lead and went into a two-minute stall, the Wildcats could do little with such a short time left.

Claussen had 17 points and Fred Shinrock netted 18 for the Indians. The Wayne scoring was even while almost everyone scored. Roger Higgins, hard working center, picked up 16 while Roger Miller poked the net for 15.

Wisner Edges Pilger In Tuesday Tilt, 44-42

Wisner-Pilger surprised Wisner's Bulldogs last Tuesday night but dropped a 44-42 decision when a last quarter rally fell short by one basket.

Norfolk Rocks Pierce, 42-30, in Opener

Pierce—Norfolk opened its season Friday night with a 42-30 decision over Coach Don Tietgen's Pierce basketballers here.

Norfolk had control throughout the game, which was a rough and tumble affair. Pierce lost three players via the personal foul route.

Hartington Blasts Bloomfield, 60-37

Hartington—Smarting from their defeat at Wayne earlier in the week, Hartington's Wildcats blasted out a 60-37 victory over Bloomfield here Friday night.

Larry Folkers and Jim Nelson led the winner's attack with 18 and 16 points, respectively. Dave Ready was outstanding for his floor game. Center Don True scored 17 points for Bloomfield.

Wisner Wins Second; Down Guardian Angels

Coach Jack Daumer's Wisner Bulldogs won their second straight victory Friday night, rolling to an easy 58-30 victory over West Point Guardian Angel.

Wisner had little trouble after piling up a 22-lead in the first quarter. Guardian Angel scored only three points in the third period.

BEFORE YOU BUY ANY NEW CAR—ASK YOURSELF THESE 5 QUESTIONS

Does it match the Aero Willlys on...

ECONOMY...

An independent auto-testing organization drove three AERO WILLYS cars, with overdrive, through all 48 states, covering more than 90,000 miles. On gas, they averaged better than 30 miles per gallon. And total operating cost was less than a penny a mile!

BETTER THAN 30 MILES A GALLON!

SAFETY...

"Motor Trend" magazine has published ratings of 20 leading American automobiles on safety. They picked AERO WILLYS as the safest car of them all! Modern, aeroframe construction... good visibility... low center of gravity... all make AERO WILLYS safer for you!

CONSTRUCTION...

Most automobiles are still made the old-fashioned, "two-piece" way—by just dropping a body onto a frame and bolting them together. AERO WILLYS is made the modern "aeroframe" way—one sturdy unit, for greater strength and safety, less body noise.

VISIBILITY...

From the driver's seat of an AERO WILLYS you can see all four fenders. This means safer driving, and much easier parking. Visibility forward is another big safety factor—you can actually see the road ahead of you as close as 10 feet in front of the car.

COMFORT...

AERO WILLYS gives you "small-car" economy—but "big-car" comfort! You get more than five full feet of seating width in both front and rear seats. And you can drive around curves without that uncomfortable feeling of sway or roll you get in most ordinary cars.

CAN ANY CAR IN AMERICA AT ANY PRICE GIVE YOU ALL THESE ADVANTAGES... EXCEPT THE BEAUTIFUL

Prep Drops First Games; Winside Places Ditman Scores 31 Friday

Wayne Prep's basketballers took to the court twice last week in opening their 1953-54 basketball season. The Prepsters lost to Winside on Friday, 59-37, and Tuesday to Walsboro, 54-47.

Friday's game was a wild affair with Bob Ditman, Winside's ace footballer, breaking loose for 31 points. Three technical fouls were called on Winside, one on Coach Eugene Pilten.

Wayne Prep led the Prep sport with 13 points. He was followed by Don Perry with 11. Bob Kelly had 14 to Winside. Prep's reserves won the opener, 29-22, with Ditman getting eight points.

In the Tuesday contest, Walsboro pulled away in the last quarter to win the victory. Don Perry scored 29 points for Prep but Ditman and Anderson scored 23 for Walsboro to take scoring honors.

Winside Places Four Men on All-Loop Team

Winside's basketball team, representing the 1953 Cornhusker conference football champions placed four men on the coaches all-league team. It was announced this week by Secretary Gerald Gunderson.

The four were Bob Ditman, Larry King, Bob Kell and Gerald Brugger. King was one of five juniors on the 13-man team.

Wayne Prep placed Don Perry and Merrill Ring on the squad.

Others named by the coaches were: Wendell Milander, Lowell Hunter and Ernie Rhoten, Coleridge; Richard Meyer and Robert Sudbeck, Crofton; Don Thomas, Newcastle, and Vincent Clayton, Osmond.

Randolph Tips Wausa In Overtime, 50-44

Randolph—A basket by Lewis in the final five seconds of the regulation game enabled Randolph to take a 50-44 victory from Wausa here last Tuesday night. Lewis' basket tied the score at 42-all and Randolph went on to win in the extra period.

Larson and Schenk led the scoring for Randolph with 19 and 16 points, respectively. Newman and Olson scored 12 and 10 for Wausa. Wausa won the reserve game, 33-29.

Emil Engelbretson, Coach

Plenty of height. That's a good description of Holy Name's Ramblers this season. Topping the squad is 6'6" Center Richard Hartman. The Ramblers also have three other squad members over 6'2". Wayne will travel to Omaha to meet Coach Emil Engelbretson's crew Jan. 19.

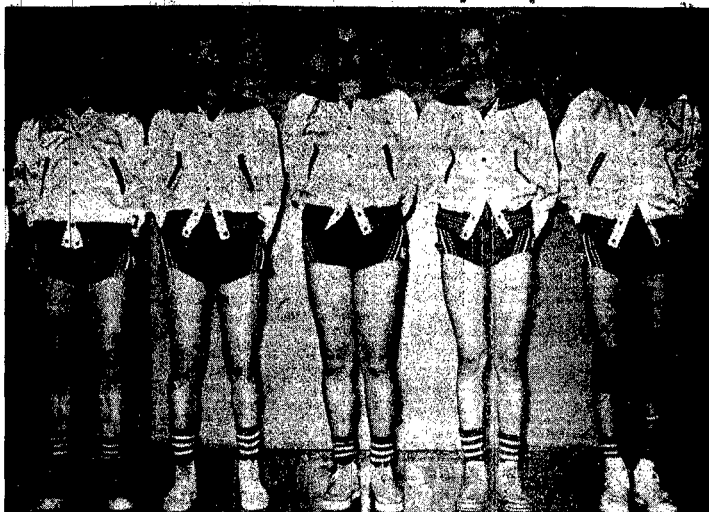

Lyons

Husker Conference (East)
Ed Berg, Coach

"We may win seven!" That's the prediction of Coach Ed Berg who confesses his Lyons Lions are lacking in experience. He predicts improvement during the season but does not see his team as Husker conference championship contenders.

Berg has seven lettermen returning, but none of them played a full season as a regular. Tallest

Concord's Basketball Skyscrapers

Opponents who meet Keith Boughn's Concord high basketball team this season must find a good defense against height. The five players pictured above are all over six feet.

They are, left to right: Wilford Hattig, 6'11", junior guard; Arlen Magnuson, 6'11 1/2", junior forward; Clyde Rice, 6'3", senior forward; LaRue Dahlquist, 6'3", senior forward, and Wylie Erwin, 6'3 1/2", junior center.

Stanton

Husker Conference (West)
Henry Nissen, Coach

Stanton is another team which has plenty of height. Coach Henry Nissen has seven veterans returning, including 6'5" Clair Prokuek. The Mustangs dropped a 53-48 overtime decision to Tilden in their opener.

Lettermen
 Prokuek; Dick Becker, 6'; Lonnie Wood, 5'9"; Ted Tow, 5'9"; Owen Hartman, 5'9"; Dan Harris, 5'10"; Rod Steele, 5'8".

Top Candidates

Why Ford delivers more car for your money

With more worth when you buy it... and more worth when you sell it... it's your best buy!

More go
 Whether it's Ford's high-compression V-8 or Six, you get more GO per gallon, thanks to Ford's Automatic Power Pilot. Only Ford in the low-price field offers V-8 power... only Ford a low-friction, high-compression Six.

More ride
 With Ford's advanced front suspension, front end road shock alone is reduced up to 80%. And with Ford's balanced spring and shock absorber action you travel "first class," whether on boulevard or the rough back roads.

More drive
 Fordomatic is the only "automatic" in its field which offers both torque converter smoothness and the get-up-and-go of an automatic intermediate gear. Ford also offers gas-saving Overdrive and easy-shifting Conventional.

More looks
 Modern, clean lines give your Ford style-setting beauty. And for eye-pleasing decor, you get exterior colors that harmonize with decorator-designed interiors. Ford's beautiful Crestmark bodies feature the most visibility in Ford's field and hull-tight construction. And the way these bodies last is just one more reason why Fords have such high resale value.

More advances
 Ford alone in the low-price field brings you such fine-car features as foam-rubber cushions on all seats, on all models... suspended pedals... Center-Fill Fueling... and optional Ford Master-Guide, the last word in power steering, which does up to 75% of the work when you make a turn or park your car. Test Drive the Ford and you'll see why over 1,000,000 car-buyers selected Ford this year!

Dear Santa . . .

(Youngsters wishing to write Santa Claus should address their letters to him to The Wayne Herald. The letters will be published and forwarded to Santa in ample time for him to give the requests consideration before he packs his sleigh for his annual visit to children throughout the world.)

Dear Santa Claus,
I am five years old and am in kindergarten.
I would like to have a walking doll and a high chair for my dollies. I would like a sewing machine but Mom says I'm too little. My big sister would like to have some blue slacks and a white sweater.
Don't forget the poor little boys and girls.
See you Christmas Eve

My name is Bill Young. I am 8 years old. I go to school at Dist. 61. I am in the third grade.
I have a pair of white rabbits for pets. Their names are Micky and Boyd.
I feed my rabbits and help my Daddy with the other chores.
I try to be a good boy. Will you please bring me a payloader, a truck, gun holster set, a tractor, and some candy and nut for Christmas.
Thank you Santa
With Love, Bill Young.

Dear Santa Claus,
My Name is Sibyl Kaj.
I am 7 years old. I am in the 2 grade at school. I go to Dist. 33. I have 3 sisters and six brother.
I hunt the eggs, feed the chickens. And get coals for Mom. Will you please bring a doll and a set of dishes and I will be good girl.
Thank you Santa Claus.
With Love,
Sibyl Kaj

Holidays Hold Added Danger For Children

Holidays can be dangerous days for the youngsters. The menace is fire.
Actually, the fire is a year-round threat to children—their No. 1 killer in home accidents. But at this time of year, added seasonal hazards increase the danger. Excited and over-tired youngsters are especially vulnerable to the dangers of loosely woven costumes and party dresses, decorative candles and unsafe toys.
Protect them advises Fire Chief William Mellor by following these simple fire safety suggestions:

1. Flameproof children's clothing made of loosely woven materials. Dip such garments in a solution of 9 ounces of borax and 4 ounces of boric acid to a gallon of water. Wring by hand, then hang to dry. Flameproofing will last until the clothes are laundered; then it must be repeated. Use it on doll's clothes, too, as well as adults' clothing, drapes or any washable fabric.
2. Remember, candles are dangerous at any time—but particularly when there are children around. Electric candles are just as effective in decorating, and much safer.
3. When buying electrical toys of any type, always look for the UL label. It means the toys have passed Underwriters' Laboratories tests for fire and shock hazards. As an added safety measure, supervise play with even safe electrical toys.
4. Some types of toys, such as those involving flame or pressure, should not be given to little children. Others, such as chemical sets, should be selected with care, and play with them should be supervised.
5. Never leave children at home alone!

Last year, nearly 1,300 children under 5 years old were killed by fire, according to the National Safety Council. Deaths among the 5-14 age group brought the total up to 1,700. In this season, in any season, keep the children safe.

NEW STYLING, NEW INTERIORS! Mercury is completely new in design, front and rear—looks wider, longer, lower than ever. Stunning new colors, many new fabrics never before available.

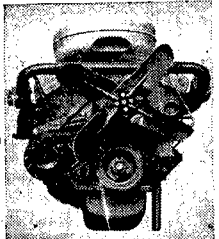

Entirely new performance that makes any driving easy!

DRIVING ease is something everybody wants—but you don't know what easy driving is until you drive this new 1954 Mercury!

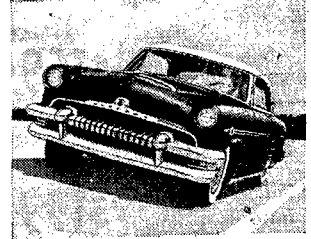

The new 161-horsepower V-8 engine is only part of the story. New engine design gives you the easiest, smoothest, safest response you've ever experienced in an automobile—and with greater economy, too. You use only a small part of that energy for normal driving—so you've a tremendous reserve available on hills, highways, in traffic, anywhere.

Ball-Joint Front Suspension is found only in Mercury in its price class. A few minutes behind the wheel of this wonderful 1954 Mercury can tell you far more than words how much easier and safer it makes cornering, turning, and parking.

For the easiest driving you can buy—drive a Mercury!

All-new V-161 for easier handling! Here's the finest engine ever used in a popular-priced car. And it has a new 4-barrel vacuum-operated carburetor and overhead valves. Its 161 horsepower gives Mercury more power per cubic-inch displacement than any car in its class for easier, safer acceleration—and even greater economy.

New ball-joint suspension for easier, safer control. This is a Mercury first—exclusive in its class—and gives an effortless new kind of handling ease—better cornering and road stability—easier parking.

Unfinished Advised

I. Hanks, Stanton, state of Nebraska Feeder's assn, Monday night urged local feeders to halt the rushing, finished cattle to market.

Hanks discussed the beef of 1954 and state associations for the coming year at a meeting of the Wayne Feeder's association at the EA building.

The increased number of on feed, Hanks predicted for the market for 1954. He said that farmers stand to financially by marketing their only when finished, but other action Monday. The group set tentative plans for the banquet. The dinner will probably be held in February.

Postponed. A meeting of officers had been held for Monday night but decided to postpone it until a banquet.

Members of the association's annual price guessing contest also be named at the banquet. Prizes will go to members who most nearly predicted the market price as of Dec. 15.

The meeting will be called after Christmas to final plans for the banquet. Agent Harold Ingalls said.

Much Fury Leaves But Little Snow

High winds swept across Wayne county Sunday, accompanied by intermittent snow flurries. At times, it appeared that a blizzard might develop. However, only a trace of snow fell.

Tuesday night as the temperatures dropped so did about a half-inch of snow. Archie L. Wert estimated the snow contained about .42 of an inch of moisture, sending the 1953 Wayne total to 24.30 inches. This is nearly an inch more than the 23.45 total for all of 1952.

Warning Issued To Businesses About Forgers

Be particularly cautious about cashing checks offered by strangers. County Attorney Charles McDermott advised Wayne county merchants this week.

Officials from nearby counties, he said, have reported that groups of "pretty well organized" forgers are working in the area. So far, he added, there have been no indications that the group has ventured Wayne county businesses.

However, McDermott said that a woman who gave a Norfolk address has passed several worthless checks in the county during the fall.

This time of year, the county attorney explained, conditions are ideal for bad check artists. Merchants generally are extremely busy and therefore sometimes are not as careful about cashing checks as during seasons when business is slower.

McDermott said he had heard that the organized forgers operating in nearby areas resort to such practices as having checks printed bearing the name of some non-existent company. Then, checks that appear to be payroll checks are written.

Among the unusual occurrences in the bad-check line recently, he said, happened to a Winfield farm. The firm's name was forged on a check that was cashed in Norfolk and about the same time someone came to the firm's place of business and cashed a worthless check.

Other members of the committee are Adon Jeffrey, Mark Dr. John Rice and Charles Amott. Directors and committee men for 1954 were present at a meeting to plan for club activities next year.

Ouch! Income Tax Time is Here Again

Let's face it! Income tax time is here again. And the deadline is particularly close to you farmers. Individuals who derive at least two-thirds of their gross income from farming should file an income tax return by Jan. 31, 1954 or file a declaration of estimated tax by Jan. 15, according to an announcement by Internal Revenue officials this week.

If the declaration of estimated taxes is filed, farmers then have until March 15 to fill their final return. Those who file their return and pay the tax before Jan. 31 need not file a declaration.

In order to assist taxpayers in filing their 1953 returns, an Internal Revenue agent will be at the places listed below on the dates indicated:

- Wayne postoffice: Jan. 18-22, Mar. 8-12.
- Pender courthouse: Jan. 14 and Mar. 8.
- Pierce courthouse: Jan. 29 and Mar. 2.
- West Point courthouse: Jan. 15.

County Commissioners Slate Monday Meeting

Wayne county commissioners will meet Monday, County Clerk C. A. Bard announced today. The meeting was moved from Tuesday because of the holiday.

Fees Upped On 1954 Licenses

Most Wayne county car owners are in for a pleasant surprise when they get their motor vehicle tax statements later this month. This was the news this week from County Assessor Henry Arp, who will mail the statements late in December.

In most cases, if you are driving the same car, your taxes will be about half the amount you paid for 1952.

Now license plates will go on sale Jan. 2, 1954. County Treasurer Jean Boyd said. Motor vehicle taxes will be paid at the same time the new plates are purchased. Boyd pointed out that vehicle owners must bring the tax statement from the assessor with them when they purchase new plates, as the statement will also serve as a receipt.

Plates by Mail. Persons who wish to receive their plates by mail must include entire statement from the assessor, license certificate and check of money order covering license fee, vehicle tax and 25 cents for postage. No licenses will be issued before Jan. 2.

Next year's plates are of a heavier gauge steel than that presently being used. They will have the same color combination of black with yellow numerals as used on the 1953 tabs. Deadline for purchase of new plates is Feb. 15, 1954.

Fees Increased. Although taxes on vehicles were decreased, license fees will be higher for 1954. Cars weighing 3,000 pounds or more will take an \$8 fee while those under that figure will be charged \$6. In 1953, the fees were \$5 for cars 2,800 pounds or over and \$3 for under 2,800.

Farm truck fees were also revised. Last year these trucks paid a fee of \$4 for up to 1 1/2-ton trucks. The 1954 schedule is as follows: 1-ton or under, \$1; 1-ton, \$10; 1 1/2-ton, \$16; and 2-ton, \$15.

Yearly fees for commercial trucks now will vary from \$10 for a 1/2-ton to \$620 on a 20-ton unit.

Starting next year vehicle owners will pay their taxes in advance. In other words, when you pay your taxes after Jan. 2, you will pay for 1954. A token tax of \$1 is being charged for 1953.

In order to compare the tax reductions brought about by the 50 percent tax law, here are a few samples of Wayne cars and the taxes on them for 1952 and 1954 (The 1953 figure includes the \$1 token for 1953):

Yr. Make	1952	1954
1948 Olds	30.74	15.35
1949 Stude	34.17	15.25
1949 Ford	34.18	15.25

Boy Scouts Get Awards at Laurel Court of Honor

Fifteen Wayne Boy Scouts and Explorers received awards Monday night at Logan Valley district court of honor in the Laurel auditorium.

Explorers Marlan Carlson and Richard Tempore received bronze palms while Kenneth Tempore got his life award.

John Kessler, member of troop 174, received his first class badge while second class badges went to Steve Tempore, Darrel Fuelberth and John Fuelberth.

Six youths received tenderfoot badges, three from 174 and three from troop 175. They were Jerry Kingston, Billy Reeg, Dick Jucei, Bob Boyer, Clifford Price and Frederick Ricketts.

Merit badges were given to the three Tempores, Kessler and Robbie Myers and John Bernthal.

County Officials Get State Posts

Three Wayne county officials were named to posts in their state associations last week at the annual convention of Nebraska Association of County Officials. J. J. Kunzman, agent at Wakefield, succeeded Owens. Clerk C. A. Bard (third from left), named president of the county clerk's association, and County Treasurer Jean Boyd (right), elected head of the county treasurer's group. Others in the picture are Clark G. Nichols, Minstare, county commissioner, and S. J. Gottlieb, president of the clerk's district court. David J. Hamer, Wayne county clerk of district court, was named secretary of that association.

viewed his retirement with mixed feelings of sadness and happiness. Owens was only 20 when he began working July 7, 1904, for the Chicago, St. Paul, Minneapolis and Omaha railway as a helper in the Tekamah station. He has been with the railroad ever since.

"Railroading," he said in an interview this week, "is less interesting today than it used to be. He attributed this to the fact that railroads now can haul more ton-

nage with fewer trains. "Fewer trains kind of dull interest." Before he had been railroading a year and a half, Owens was promoted to telegraph operator, serving in that capacity until 1907 when he became station agent at Magnolia.

Owens was born Feb. 28, 1884, in Burd county where his family farmed. When he was 3, they moved to Tekamah. He attended public school there and was graduated from Tekamah high school in 1906. He was married to Lenora Vance at Tekamah. She died in 1939. Aug. 29, 1942, he and Alma Nye, Pender, were married. He has three children, G. D. Owens, Arlington Heights, Ill.; J. J. Kunzman, agent at Wakefield, succeeded Owens.

and D. V. Owens, Detroit, like his father a railroader. He is a member of the Order of Railroad Telegraphers and the Presbyterian church. Mr. and Mrs. Owens plan to leave the first of the year for Florida where they will spend several months. Otherwise, Owens' retirement plans are indefinite.

Officially, J. J. Kunzman, agent at Wakefield, succeeded Owens. Clerk C. A. Bard (third from left), named president of the county clerk's association, and County Treasurer Jean Boyd (right), elected head of the county treasurer's group. Others in the picture are Clark G. viewed his retirement with mixed feelings of sadness and happiness. Owens was only 20 when he began working July 7, 1904, for the Chicago, St. Paul, Minneapolis and Omaha railway as a helper in the Tekamah station. He has been with the railroad ever since.

"Railroading," he said in an interview this week, "is less interesting today than it used to be." He attributed this to the fact that railroads now can haul more ton-

nage with fewer trains. "Fewer trains kind of dull interest." Before he had been railroading a year and a half, Owens was promoted to telegraph operator, serving in that capacity until 1907 when he became station agent at Mascot.

Owens was born Feb. 28, 1884, in Burr county where his family farmed. When he was 5, they moved to Tekamah. He attended public school there and was graduated from Tekamah high Nov. 24, 1906. He was married to Leona Vance at Tekamah. She died in 1939. Aug. 29, 1942, he and Alma Nye, Pender, were married. He has three children. G. D. Owens, Arlington Heights, Ill.; Mrs. Ray Beermann, Dakota City,

and D. V. Owens, Detroit, like his father a railroader. He is a member of the Order of Railroad Telegraphists and the Presbyterian church. Mr. and Mrs. Owens plan to leave the first of the year for Florida where they will spend several months. Otherwise, Owens' retirement plans are indefinite. J. J. Kunzman, agent at Wakefield, succeeded Owens.

Vehicle Taxes Cut; Rates On Sale Jan. 2

Unfinished's Advised

M. J. Hankins, Stanton, state president of Nebraska Feeders' association, Monday night urged local feeders to halt the pushing of unfinished cattle to market.

Hankins discussed the beef outlook for 1954 and state association plans for the coming year before a meeting of the Wayne county Feeders' association at the REA building.

Citing the decreased number of the top feed, Hankins predicted stronger cattle market for 1954. He added that farmers should try to finish marketing their cattle only when finished.

In other action Monday, the state group set tentative plans for annual banquet. The dinner being will probably be held in February.

Winners of the association's annual market price guessing contest will also be named at the banquet. However, prizes will go to members who most nearly gaged the market price as of Dec. 15.

A director's meeting will be called sometime after Christmas to definite plans for the banquet. County Agent Harold Ingalls said.

Much Fury Leaves But Little Snow

High winds swept across Wayne county Sunday, accompanied by intermittent snow flurries. At times, it appeared that a blizzard might develop. However, only a trace of snow fell.

Tuesday night as the temperatures dropped so did about a half-inch of snow. Archie West estimated the snow contained about .02 of an inch of moisture, sending the 1953 Wayne total to 24.30 inches. This is nearly an inch more than the 23.45 total for all of 1952.

Warning Issued To Businesses About Forgers

Be particularly cautious about cashing checks offered by strangers. County Attorney Charles McDermott advised Wayne county merchants this week.

Officials from nearby counties, he said, have reported that groups of "pretty well organized" forgers are working in the area. So far, he added, there have been no indications that the group has victimized Wayne county businessmen.

However, McDermott said that a woman who gave a Norfolk address has passed several worthless checks in the county during the fall.

This time of year, the county attorney explained, conditions are ideal for bad-check artists. Merchants generally are extremely busy and therefore sometimes are not as careful about cashing checks as during seasons when business is slower.

McDermott said he had heard that the organized forgers operating in nearby areas resort to such practices as having checks printed bearing the name of some non-existent firm, for example a construction company. Then, checks that appear to be payroll checks are written.

Among the unusual occurrences in the bad-check line recently, he said, happened to a Winslow firm. The firm's name was forged on a check that was cashed in Norfolk and about the same time someone came to the firm's place of business and cashed a worthless check.

Street is Paid Says

Right, B. J. Brandetter, L. McNatt, Jr., Dr. John Edgren and Troy Vaught, Dr. Edgren is C. of C. president. The others are directors.

Wanias Plan 54 Program

Wayne's Kiwanis club held its organization meeting Tuesday night at the State National and started work on an executive safety program for the community.

President-elect V. A. Korbner appointed Henry Ley chairman of a committee of public safety which will spearhead the organization's campaign for reduction of highway, farm and home accidents. Other members of the committee are Adon Jeffrey, Mark Mer, Dr. John Rice and Charles Jermott.

Club directors and committee members for 1954 were present at the meeting to plan for club fires next year.

Ouch! Income Tax Time is Here Again

Let's face it! Income tax time is here again. And the deadline is particularly close for you farmers. Individuals who derive at least two-thirds of their gross income from farming should file an income tax return by Jan. 31, 1954 or file a declaration of estimated tax by Jan. 15, according to an announcement by Internal Revenue officials this week.

If the declaration of estimated taxes is filed, farmers then have until March 15 to fill their final return. Those who file their return and pay the tax before Jan. 31 need not file a declaration.

In order to assist taxpayers in filing their 1953 returns, an Internal Revenue agent will be at the places listed below on the dates indicated:

Wayne postoffice: Jan. 18-22, Mar. 8-12
Pender courthouse: Jan. 14 and Mar. 8
Pierce courthouse: Jan. 20 and Mar. 2
West Point courthouse: Jan. 15

County Commissioners Slate Monday Meeting

Wayne county commissioners will meet Monday, County Clerk C. A. Bard announced today. The meeting was moved from Tuesday because of the holiday.

Fees Upped On 1954 Licenses

Most Wayne county car owners are in for a pleasant surprise when they get their motor vehicle tax statements later this month. This was the news this week from County Assessor Henry Carr, who will mail the statements late in December.

In most cases, if you are driving the same car, your taxes will be about half the amount you paid for 1952.

New license plates will go on sale Jan. 2, 1954. County Treasurer Jean Boyd said. Motor vehicle taxes will be paid at the same time the new plates are purchased.

Boyd pointed out that vehicle owners must bring the tax statement from the assessor with them when they purchase new plates, as the statement will also serve as a receipt.

Persons who wish to receive their plates by mail must include entire statement from the assessor, Bureau certificate and check or money order covering license fee, vehicle tax and 25 cents for postage. No licenses will be issued before Jan. 2.

Next year's plates are of a heavier gauge steel than that presently being used. They will have the same color combination of black with yellow numerals as used on the 1953 tabs. Deadline for purchase of new plates is Feb. 15, 1954.

Although taxes on vehicles were decreased, license fees will be higher for 1954. Cars weighing 3,000 pounds or more will take an \$8 fee while those under that figure will be charged \$6. In 1953, the fees were \$5 for cars 2,800 pounds or more and \$3 for under 2,800.

Farm truck fees were also revised. A fee of \$4 for up to 1 1/2-ton trucks. The 1954 schedule is as follows: 1/2-ton, \$12; 1-ton, \$15; 1 1/2-ton, \$12; 2-ton, \$15.

Yearly fees for commercial trucks now will vary from \$10 for a 1/2-ton to \$20 on a 20-ton unit.

Starting next year vehicle owners will pay their taxes in advance. In other words, when you pay your taxes after Jan. 2, you will pay for 1954. A token tax of \$1 is being charged for 1953.

In order to compare the tax reductions brought about by the 50 percent tax law, here are a few samples of Wayne cars and the taxes on them for 1952 and 1951 (the 1954 figure includes the \$1 token for 1953):

Yr. Make	1952	1954
1948 Olds	30.74	15.45
1949 Stude	34.17	15.25

Individuals who derive at least two-thirds of their gross income from farming should file an income tax return by Jan. 31, 1954 or file a declaration of estimated tax by Jan. 15, according to an announcement by Internal Revenue officials this week.

If the declaration of estimated taxes is filed, farmers then have until March 15 to file their final return. Those who file their return and pay the tax before Jan. 31 need not file a declaration.

In order to assist taxpayers in filing their 1953 returns, an Internal Revenue agent will be at the places listed below on the dates indicated:

Wayne postoffice: Jan. 18-22, Mar. 8-12.
Pender courthouse: Jan. 14 and Mar. 8.
Pierce courthouse: Jan. 20 and Mar. 2.
West Point courthouse: Jan. 15.

County Commissioners State Monday Meeting

Wayne county commissioners will meet Monday, County Clerk C. A. Bard announced today. The meeting was moved from Tuesday because of the holiday.

Fees Upped On 1954 Licenses

Most Wayne county car owners are in for a pleasant surprise when they get their motor vehicle tax statements later this month. This was the news this week from County Assessor Henry Arp, who will mail the statements late in December.

In most cases, if you are driving the same car, your taxes will be about half the amount you paid for 1952.

New license plates will go on sale Jan. 2, 1954. County Treasurer Jean Boyd said. Motor vehicle taxes will be paid at the same time the new plates are purchased.

Boyd pointed out that vehicle owners must bring the tax statement from the assessor with them when they purchase new plates, as the statement will also serve as a receipt.

Plates by Mail. Persons who wish to receive their plates by mail must include entire statement from the assessor, license certificate and check or money order covering license fee, vehicle tax and 25 cents for postage. No licenses will be issued before Jan. 2.

Next year's plates are of a heavier gauge steel than that presently being used. They will have the same color combination of black with yellow numerals as used on the 1953 tabs. Deadline for purchase of new plates is Feb. 15, 1954.

Fees Increased. Although taxes on vehicles were decreased, license fees will be higher for 1954. Cars weighing 3,000 pounds or more will take an \$8 fee while those under that figure will be charged \$6. In 1953, the fees were \$7 for cars 2,800 pounds or over and \$3 for under 2,800.

Farm truck fees were also revised. Last year these trucks paid a fee of \$4 for up to 11,000 lbs. The 1954 schedule is as follows: 11,000 or under, \$8; 11,000 to 15,000, \$10; 15,000 to 20,000, \$12; 20,000 to 25,000, \$15.

Yearly fees for commercial trucks now will vary from \$10 for a 12-ton to \$200 on a 20-ton unit. Starting next year vehicle owners will pay their taxes in advance. In other words, when you pay your taxes after Jan. 2, you will be charged for 1954. A token tax of \$1 is being charged for 1953.

In order to compare the tax reductions brought about by the 50 percent tax law, here are a few samples of Wayne cars and the taxes on them for 1952 and 1954. (The 1953 figure includes the \$1 token tax for 1953):

Warning Issued To Businesses About Forgers

Be particularly cautious about cashing checks offered by strangers. County Attorney Charles McDermott advised Wayne county merchants this week.

Officials from nearby counties, he said, have reported that groups of "pretty well-organized" forgers are working in the area. So far, he added, there have been no indications that the group has organized Wayne county businessmen.

However, McDermott said that a woman who gave a Northfolk address has passed several worthless checks in the county during the fall.

This time of year, the county attorney explained, conditions are ideal for bad-check artists. Merchants generally are extremely busy and therefore sometimes are not as careful about cashing checks as during seasons when business is slower.

McDermott said he had heard that the organized forgers operating in nearby areas resort to such practices as having check numbers bearing the name of some non-existent firm or company, a construction company. Then, checks that appear to be payroll checks are written.

Among the unusual occurrences in the bad-check line recently, he said, happened to a Winside firm. The firm's name was forged on a check that was cashed in Northfolk and about the same time, someone came to the firm's place of business and cashed a worthless check.

Right, B. J. Brandstetter, L. McNatt, Jr., Dr. John Edern and Troy Vaught, Dr. Edern is C. of C. president. The others are directors.

Wayne's Kiwanis club held its 1954 program.

Wayne county commissioners will meet Monday, County Clerk C. A. Bard announced today. The meeting was moved from Tuesday because of the holiday.

Three Wayne county officials were named to posts in their state associations last week at the annual convention of Nebraska Association of County Officials.

Pictured above are County Clerk C. A. Bard (third from left), named president of the county clerk's association, and County Treasurer Jean Boyd (right), elected head of the county treasurer's group. Others in the picture are Clark G. Nichols, Minalre, county commissioners' proxy, and S. J. Gottlieb, president of the clerks' district court.

David J. Hamer, Wayne county clerk of district court, was named secretary of that association.

Fees Upped On 1954 Licenses

Most Wayne county car owners are in for a pleasant surprise when they get their motor vehicle tax statements later this month. This was the news this week from County Assessor Henry Art, who will mail the statements late in December.

In most cases, if you are driving the same car, your taxes will be about the same as the amount you paid for 1952.

New license plates will go on sale Jan. 2, 1954. County Treasurer Jean Boyd said. Motor vehicle taxes will be paid at the same time the new plates are purchased.

Boyd pointed out that vehicle owners must bring the tax statement from the assessor with them when they purchase new plates, as the statement will also serve as a receipt.

Persons who wish to receive their plates by mail must submit entire statement from the assessor, license certificate and check or money order covering license fee, vehicle tax and 25 cents for postage. No licenses will be issued before Jan. 2.

Next year's plates are of a heavier gauge steel than that presently being used. They will have the same color combination of black with yellow numerals as used on the 1953 tabs. Deadline for purchase of new plates is Feb. 15, 1954.

Fees increased. Although taxes on vehicles were decreased, license fees will be higher for 1954. Cars weighing 3,000 pounds or more will take an \$8 fee while those under that figure will be charged \$6. In 1953, the fee was \$5 for cars 2,800 pounds or over and \$3 for under 2,800.

Farm truck fees were also revised. Last year these trucks paid a fee of \$4 for up to 11-ton trucks. The 1954 schedule is as follows: 3-ton or under, \$8; 1-ton, \$10; 11-ton, \$12, and 2-ton, \$15.

Yearly fees for commercial trucks now will vary from \$10 for a 1-ton to \$620 on a 20-ton unit.

Starting next year vehicle owners will pay their taxes in advance. In other words, when you pay your taxes after Jan. 2, you will pay for 1954. A token of \$1 is being charged for 1953.

In order to compute the tax reductions brought about by the 50 percent tax law, here are a few samples of Wayne cars and the taxes on them for 1952 and 1954 (the 1954 figure includes the \$1 token for 1953):
