run this tractor for 6 months : . WE'LL BUY

HALF YOUR FUEL

OURSELVES

're making you this offer

why we're making you this offer.

We figure if we offer to pay half your fuel, you'll keep track of your costs. That's all we want: for you to see how low they'll be. You'll find that you're burning only 6 gallons of fuel where your gasoline tractor burned 10— and buying your diesel fuel for a whole lot less!

We're netting you'll say you'd neven go back to gasoline. Especially when you find that your upkeep is as low as your fuel cost. Your Oliver Diesel has the simplest engine ever put in a farm tractor—no carburetor, no plugs, fewer' moving parts—very easy to keep in top working order.

no starting engine, no starting fuel
Oliver Diesels start and run on diesel fuel.
They give you instant starts even in freezing weather. They withstant a longer lay-up than any spark lignition travior. Best of all, Oliver makes a diesel in any size you want—two-plow, three-plow, four-plow—whatever size is best for your openations.

you're paying for a diesel, why not have one?
That's what users say: with the high fuel cost of a glasoline tractor, you're paying for a diesel whether you have one or not. That's why farmers by the thousands are going over to low-cost diesel power. You will yourself sooner or later. Why not buy your diesel now istart your now, while this special offer still holds.

BUY AN OLIVER DIESEL AND

WELL BUY HALF YOUR FUEL

Phosphate

These Are the Two Plant Foods Most Often Lacking on Your Farm

CROP ROTATIONS are mighty important in slowing erosion, saving top-soil and water and building tilth. But Rotations alone won't grow top yields. A full feed of fertilizer is needed, too.

How fast your crops grow depends more on NITRO-GEN tham upon any other nutrient. It does take phosphorus for young plant cells to divide to make new ones but without NITROGEN there would be NOTH ING TO DIVIDE.

On the other hand, PHOSPHORUS is intimately associated with all life processes and is a vital constituent of every living cell. Without phosphorus there COULD BE NO LIFE.

We have nitrogen, phosphate and mixed fertilizers. Be sure of your supply for spring by placing your order NOW.

HOW TO HELP

FARROW BIG, UNIFORM PIG LITTERS THIS YEAR

doing pigs. Little, weak, pound and a hair runts just uon viave a chance.

So take the advice of successful hog raisers and feed those unborn pigs for size—before birth—through the sow. An outstanding motherhood supplement, Nutrena Sow-30, supplies the vital pig making ingredients unborn pigs need. Then, after farrowing you have a better chance for robust, riskylnigs with a good healthy start.

As little as 12 pounds of Sow-30 per pig, or about 100 pounds for your sow, can make a big difference. So this year, go after those big, thrifty litters. Give your sow Nutrena Sow-30 during the gestation period.

te. Plerce, Cedus, Dixis, Thurston, Cuming, and Madison counties: \$3/00 per year, \$2.00 for but, \$4/00 for three morths. Outside counties despite the property of the prop

winner to Put it?

Last week Wayne's city council informally discussed putting a bond issue for swimming pool funds on the ballot ... and no doubt will do so it a petition for the bond saue is submitted. Local organizations have volunteered to get signers.

If approved, the bonds would provide about \$40,000 toward a swimming pool—\$35,000, the maximum allowed by law for such a bond issue and \$5,000 for "internal improvements." That would be the first real step in the direction of a swimming pool for Wayne and the surrounding territory; it behooves everyone to express an opinion on the subject. Fill out the form below and send it to The Wayne Herald today. You may be the answer.

SWIMMING POOL LOCATION

I suggest locating the pool:

SWIMMING POOL LOCATION

I suggest locating the pool:

Such a project will take a lot more noney than the bond issue can raise the rest—whatever it armore.

pool for wayne and to the more munities.

Such a project will take a lot more money than the bond isspe can raise—but the rest—whatever it arounts to—probably could be raised by subscriptions of civic-minded persons in the town and countries.

HOWEVER THERE IS STILL A BIG PROBLEM TO SOLVE before the work

WHERE WILL THE POOL BE LO-

many possible sites would be ruled out because of drainage profilems. There not only must be sufficient fall to carry the water away, there must also be a pipe large enough to carry the water. Some existing sewers are working to capacity Tuesday at noon loss to the building to

advertised in POST, LIFE,

COUNTRY GENTLEMAN and

The fact is that no matter where the pool is located, it will make someone unhappy and serious consideration of the problem is the duty of every-

The Wayne Herald today prints a form for suggesting possible locations for the pool, and invites comment on the swimming pool, and invites comment on the swimming pool problem. Results of the survey will be tabulated and forwarded to city council members for consideration. Either through this medium or talking with your councilman, you can make your ideas and wishes known to serve as a guide for the council.

Tip to motorists: The seconds you save a speeding—may be the first you spend in eternity.

USE WAYNE HERALD WANT ADS — USE WAYNE HERALD WANT ADS - IT PAYS!

"I start where the last man left off"

Edison, to explain his incressant and tircless reading of scientific journals, technical papers, patents and books, said that he read to avoid uscless repetition of old experiments. "I start where the last man left off."

What Edison knews and perhaps said in an unquoted moment, is that thousands of then would be needed to "start where he left

"Just wait a little while," prophesied Edison, "and well make electric light so cheap that only the wealthy can afford to burn candles." Edison lived to see lamps that gave four times as much light and cost one-fifth'as much to buy. And electric lighting has progressed far beyond that.

He recognized that an invention does not end a search, It begins a search.

The lamp was a beginning in forcing not only its own evolution but the evolution of ineters, fuses, sockets, wiring, power distribution systems, transformers and generating stations.

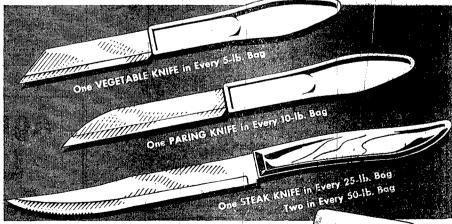

He lived to see the company that was formed to carry on de-

velopment of electric light and power evolve into one of the world's most important industrial research centers. Today General Electric laboratories employ several thousand men and women who are seeking new things on widely different fronts.

It is seventy-five years since Edison lit the first successful carbon

lamp. He will be remembered for inventions that changed the world. But let him be remembered, too, for inspiring so many men to start where he left off.

You can put your confidence in GENERAL (ELECTRIC

Here's an opportunity for you to get high quality, stainless steel Quikut kitchen knives, free of extra cost when you buy Robin Hood, the all purpose Flour. These hollow ground, razor sharp knives, with blades carefully wrapped for your protection, are packed right in

every bag.

Remember, Robin Hood, the one and only flour you need for all your baking, is guaranteed to give you better results or your money back plus 10%. Why not discover for yourself how deliciously better all your cookies, bread, pies and pastries can be every time. Buy Robin Hood all purpose flour today and get your Quikut knife free of extra cost while the limited supply lasts. Look for the special bags at your grocers—if he is out of Robin Hood, be sure to ask him for it.

Even the price is sensational! only

A you look at it, you can see a lot of what makes this new 1954 Buick

Special so sensational. You can see the long, low, sleek and ultra-glamorous lines that add up to the biggest automotive styling change

You can see the remarkable new wind-shield with the back-swept cornersgreatest visibility improvement since closed cars came on the market.

And of course you can see the pricethe local delivered price - which is

For that, as a shopping tour will tell you, is just a few dollars more than those of the so-called "low price

419 Main

But what you can't see is the rest of the sensational automobile that's yours for the low price shown here.

The spectacular power of this Special's brand-new V8 engine. The honest six-passenger roominess. The truly modern interior luxury. The superb new handling case. The sublime comfort of Buick's famed Million Dollar Ride-now steadied even more by a newly developed front-end geometry.

Fact is, there's so much that's terrific about this new glamor car, you ought to drop in and give it a really thorough study and sampling.

That way you'll prove to yourself that the buy—and the thrill—of the year is Buick. Come in this week, won't you?
