

FFA Chapter Observing Tenth Birthday

Wayne Prep's FFA chapter is marking its tenth anniversary this week to focus public attention on the work of their organization during National FFA Week Feb. 18-25.

Officers of the local chapter are pictured above. Seated are, left to right: Advisor Si Burnett; Larry Heithold, vice president;

Harvey Mohlfeld, vice president; Merle Roeder, president; Dale Woelher, secretary, and Harlan Ruwe, treasurer. Standing are Bill Corbit and Bob Haber, sentinels.

More details of the local organization and its history will be found elsewhere on this page.

400 View Experiment Farm At Annual Meeting Tuesday

College Men Tell Plans For Farm

More than 400 persons toured the new Northeast Nebraska Experimental farm east of Concord Tuesday morning as members of the association held their first annual meeting.

One hundred fifty cars were used to carry visitors to the farm, then back to Wakefield, where civic clubs served lunch. In the afternoon an estimated 500 persons heard four University of Nebraska specialists outline plans for the farm.

Speakers included Dr. E. E. Frolik, associate director of agricultural research; Dr. F. L. Daley, crop and soil research; Dr. Tom D. Rhoades, animal husbandry; Dr. H. F. Amon, professor of soils.

Frolik told the farmers they could expect to see experiments in continuous corn study; cropping systems; watersheds; soil tests; livestock and forestry; and hog management studies.

The farm is leased for 1956 to Francis Weisler and only preparatory work may be done on the farm until his lease expires. A university-appointed farm superintendent will take over operation of the farm in spring 1957.

University officials are screening applications now for the position of superintendent of the farm. Nothing definite has been decided, they said.

Prep Junior Named to Cornhusker Boys' State

Greg Kralman, Wayne Prep junior, has been named Wayne representative to Cornhusker Boys' State. It was announced this week by Legion Commander Merlin Frevert. The annual event will be held at Lincoln June 10-16.

Chairman of the afternoon meeting was Walter Chace, Pilgrim vice president of the association.

Puppet Program Set at College

Daniel Lloris had his internationally famous puppets will appear at the WSTC auditorium at 8 p. m. tonight as part of the college's special programs series.

The puppet theatre will present a 25-scene revue in tonight's program, including nine production numbers. Lloris employs more than 100 marionettes from chorus girls to polar bears.

Lloris is known for a versatile command of languages and voices. He operates the entire program single-handedly. Although a native American, he has presented his show in French, German and Italian.

Props include costumes that glow in the dark, costumes made of miniature light bulbs, special fire effects and others.

The program is open to the public at no charge.

Jaycees Offer Speakers For Local Organizations; Annual Election Planned

Wayne Jaycees are offering speakers to appear at meetings of local clubs and organizations. It was announced this week by Chairman Robert L. Johnson.

The action is part of the Jaycee "Stake in Better Government" project. Program chairmen can arrange a speaker by phoning Johnson at 142 or 31.

Five new directors will be elected at a Jaycee meeting next Thursday night. Candidates are John Anderson, Don Echtenkamp, Warren Ellis, James Fitzpatrick, Melvin Froehlich, David J. Hamer, Jr., Arthur Jensen, Johnson, Earl Larson and James Pokett. New board of directors will meet Mar. 15 to name 1956-57 officers.

The Wayne chapter is planning a visit to the Hartington unit Mar. 12. Paul Peterson is organizing the delegation.

Lyle Marotz Files for REA Post in Primary

Incumbent Lyle Marotz, Hoskins, filed for re-election to a six-year term as director of Wayne County REA Thursday. He was the fourth candidate to file for the May primary election.

Albert Watson, the other REA board incumbent, has not yet filed for re-election.

Fifteen districts include those of County Judge David J. Hamer, Clerk of District Court John T. Bressler, Jr. and Second District Commissioner George Stolz.

Rural Teachers Slate Yankton Student Tour

Wayne County Rural Teachers association held a dinner meeting last Monday night at Peace EUB church near Hoskins.

The group plans to sponsor a tour to Yankton and nearby points of interest for rural county fifth through eighth grades. They also voted to accept an offer of The Wayne Herald for a county spelling contest.

Rural Education Meeting Set Here Next Thursday

Two more speakers on the educational conference panel slated here next Thursday were announced this week by Gordon Nuernberger, president of Wayne County Rural School Boards association.

Speaking on elementary education will be Alva Louise (Mrs. Hamer) of Lincoln, Neb. Dr. Alleg Burkhardt, Norfolk superintendent of schools, will discuss secondary education in rural schools.

Third member of the panel will be Avery J. Linn, state director of committee on reorganization.

Nuernberger will act as moderator for the panel. The conference is slated at 2 p. m. at Wayne city auditorium.

Others on the committee for the educational conference include Richard Jones, Hoskins, vice president of the association, and Ralph Watson, secretary-treasurer.

The conference will be open to the public, Nuernberger said, and there is no admission charge.

Howard Fleer Wins Local FFA Unit Speech Award

Wayne Prep FFA members completed several special activities this week in observance of their tenth anniversary. The local chapter is participating in the observance of National FFA Week Feb. 18-25.

Howard Fleer was named winner of the local speech contest Monday. Second place went to Bill Corbit. Fleer spoke on the soil bank while Corbit talked on silage.

Corbit, Bob Haber, Merle Roeder and Harlan Ruwe appeared on Sioux City TV Tuesday noon with Advisor Si Burnett to explain the goals and activities of the local unit.

Wayne's chapter was organized during the 1946-47 school year.

County Assessing to Start Mar. 1; Slash Stock Values

21 Get Awards at Legion Program; Huffman Speaks

Twenty-one men received special membership awards Wednesday night at a special program held by the Wayne American Legion post at the Vets club rooms.

Guest speaker for the evening was State Commander Stanley Huffman, Ewing. He also presented the awards. Nine of the men honored received awards for 35 years continuous membership. All honorees have 20 years or more membership.

Lou Pospishil Chosen to Head Local NFO Group

Lou Pospishil was elected chairman of Wayne county chapter of National Farmers organization Friday night at city hall.

Other officers chosen were John Rhoades, vice chairman; Harry Heinemann, secretary; Leo Hansen, treasurer.

Nearly 100 county farmers attended the meeting. Memberships from six precincts reporting totaled more than 200, Pospishil said.

County officers were elected by precinct representatives. Speakers included Bill Rynard, Winterset, Ia. farmer; W. Mallins, Corning, Ia., and Vince Rossiter, Hartington banker.

Officers met again Saturday night to map a more intensive membership drive.

NFO was formed in Corning, Ia. to represent farmers to petition the government "for legislation designed to insure prosperous agriculture."

Sales Slated; Argue Friday Night Shopping

Many Wayne merchants are offering merchandise at low prices this weekend in observance of George Washington's birthday.

Bargains in this promotion will go on sale Friday morning. Fris-specific items check the ads in this issue of the Wayne Herald.

Keved in with this event is a change to Friday night shopping hours instead of Saturday night.

Most merchants who plan to be open for Friday night shoppers have indicated it in their ads.

Not all stores will be open Friday night. Some have opposed the change and have announced they will remain closed Saturday night.

Each group is represented with an ad in this issue of the Wayne Herald.

Kiwanis Club Hears Boy Scouts Report

Wayne Kiwanis club held its annual Boy Scout meeting Monday noon at Hotel Morrison.

The group heard talks by Explorer Scoutmaster J. H. Wible, Institutional Leader K. M. Olds and Scoutmaster A. Paul Cook. All are affiliated with Troop 175, a Kiwanis-sponsored unit.

Dr. O. B. Proett read an eulogy to Dr. John D. Rice.

County NFO Officers

Shown seated here in their first meeting after election are officers of Wayne county NFO chapter. Left to right are: Lou Pospishil, chairman; Harry Heinemann, secretary; John Rhoades, vice chairman; Leo Hansen, treasurer.

Officers were photographed Saturday night outlining plans for their membership drive in the county. They were elected Friday at a meeting of precinct officers at city hall.

Heart Fund Officers Meet

Wayne county Heart Fund officers met Friday to map final plans for their campaign for funds in the county.

Here Chairman Dr. Robert Benthack, center, is showing a mailing piece to Treasurer Everett Rees, left, and Vice Chairman Lyle Seymour.

County quota has been set at \$500. Wayne's share is \$400.

Feb. 29 Deadline For 1955 Plates

Wednesday is the deadline for Wayne county residents to drive their motor vehicles on 1955 license plates. County Treasurer Leona Bahde reminded this week.

Residents can purchase 1956 plates at the treasurer's office. Purchases this week were about 300 behind the total recorded a year ago. Slightly over 4,000 have been issued since sales began Jan. 3. Deadline for purchase of plates was extended this year from Feb. 15 to Mar. 1.

Organ Recital Set Wednesday

WSTC music department will present Lewis Gerard in an organ recital at the college auditorium at 8 p. m. Wednesday, it was announced this week.

A clinic has also been scheduled at 3 p. m. Wednesday by Gerard. He will discuss playing problems and demonstrate compositions.

Gerard, born in England, became a church organist when nine years old. He has appeared in concerts throughout Europe and the U. S.

He was organist and choir master at the famous Pembroke chapel, Liverpool, before its destruction by bombs in World War II.

Blaze Destroys Sports Gear at WSTC Friday

Fire of unknown origin destroyed about \$10,000 worth of football and track equipment at WSTC Memorial stadium early Friday morning.

The fire, discovered by Athletic Director Don Emery about 8 a. m., broke out sometime during the night in the equipment room at the south end of the stadium. All track gear was stored there. Electric clocks in the building were stopped at 5:25 a. m.

Heat and smoke either destroyed or damaged about 75 percent of football equipment which was stored in a room directly above the fire. Damage to the building was confined to electrical wiring and interior paint.

Tables, benches and lockers in the equipment room were burned; part of the wiring at the south end of the building was destroyed and smoke and heat caused paint damage throughout the south end.

Emery estimated track equipment loss at about \$3,000 and Coach Barney Lewellyn said football gear lost was about \$7,000.

Since Nebraska law prohibits carrying of insurance on state-owned property, none of the loss was covered.

Delegates Named By Republicans

Wayne county Republicans met Monday night at Hotel Morrison to name delegates to the state primary convention.

Elected were William Von Seggern, Charles McDermott and T. S. Hook, Alternates and Mrs. Lawrence Ring, C. A. Bard and John Peterson. The primary is scheduled Mar. 19 at Lincoln with Vice-Pres. Richard Nixon as featured speaker.

Ex-Sen. Hazel Abel was guest speaker at Monday's meeting. She discussed her experiences in the Senate. Nearly 120 persons attended the dinner.

Shown seated here in their first meeting after election are officers of Wayne county NFO chapter. Left to right are: Lou Pospishil, chairman; Harry Heinemann, secretary; John Rhoades, vice chairman; Leo Hansen, treasurer.

Officers were photographed Saturday night outlining plans for their membership drive in the county. They were elected Friday at a meeting of precinct officers at city hall.

Wayne county Heart Fund officers met Friday to map final plans for their campaign for funds in the county. Here Chairman Dr. Robert Benthack, center, is showing a mailing piece to Treasurer Everett Rees, left, and Vice Chairman Lyle Seymour.

County quota has been set at \$500. Wayne's share is \$400.

Assessors to Visit Homes, Farms, Firms

Wayne county assessors will take to the field next Thursday with detailed depreciation schedules to determine 1956 county assessments. County Assessor Henry Arp said this week.

Assessing will be done in the same manner as 1955, Arp said. Taxpayers will not have to report. Fourteen Arp assistants will call at the home, farm or business in person.

The assistant and taxpayer will fill out schedules right on the spot. Valuation figures obtained for the schedule will be reduced 50 percent to conform with Nebraska law, which calls for half the actual value as the basis for tax levies.

For example, a grade call between six and 12 months would be valued at \$50, but will be assessed for tax levies at \$25. A television set valued at \$200 would be assessed at \$100.

There are detailed depreciation schedules for household goods and farm machinery. They are slightly different from those used a year ago.

These items are assessed on the theory their worth the first year is 50 percent of purchase price. The figure is dropped to 40 percent for the second year, 35 percent for the third, 40 for the fourth, 35 for the fifth and sixth, 30 for the seventh and eighth and 25 for the ninth and tenth. They remain constant at 20 percent of cost after the tenth year.

Class A intangibles (money in bank and postal savings) will be assessed at 25 cents per \$100. Class B intangibles (stocks, bonds and shares) will be assessed at 40 cents per \$100.

Other comparisons of full values for grade cattle in 1955 and 1956 are listed in the table below.

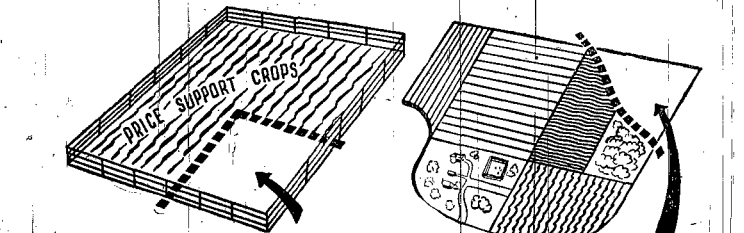

1955 1956
Calves, 6 mos. \$30 \$15
6-12 mos. 60 30
12-18 mos. 80 40
Steers, 18-30 mos. 110 60
Heifers, 18-30 mos. 90 70
Steeers over 30 mos. 140 100
Stock cows 80 70
Milk cows 140 90

Cattle on feed 60 days or more will be assessed at \$12-\$14 per hundredweight. The county average, however, for all fat cattle must be \$13.

Drastic reductions were also made in hog assessments. Butcher hogs will have a \$9 per hundredweight value. This compares with \$14 last year. Sows were reduced from \$12 to \$8. Chickens, ducks and geese will be valued at \$7 per dozen.

Corn's value will also be cut. See ASSESSMENTS—page 2

How The Soil Bank Works

The Acreage Reserve

Would provide incentives for taking part of present acreage allotment entirely out of production on a temporary basis.

Considerable discussion has been caused recently by President Eisenhower's proposed soil bank plan. The billion-dollar bank is part of a nine-point program urged by Eisenhower to help reduce accumulated surpluses of agricultural commodities which have pushed farm prices downward.

The soil bank was divided into two divisions as proposed by the Administration . . . the acreage reserve and the conservation reserve. The first is supposed to directly benefit producers of wheat, corn, cotton and rice. The second, it is said, will benefit all farmers.

In his proposal, the President listed the following points concerning the acreage reserve:

1. It is voluntary, but payments based on the value of crops that land would have produced if planted, would be high enough to take 15 to 20 million acres of high-productive land out of use until the surplus is reduced to normal carry-over levels.

2. It stops the rotation of one problem crop to another farm-

The Conservation Reserve

Would provide payments for removing 25 million acres from all production and adopting sound soil and moisture-conservation practices.

and lands in serious danger of wind or water erosion. These acres unnecessarily maintained in production now add substantially to the market glut, often with no real profit to the owner and at serious harm to our soil resources.

3. It will help free up present markets and remove the threat of future surpluses.

4. To farmers facing the threat of dust bowl conditions or water erosion due to continuous cropping, it provides the necessary incentive to change over to sound soil-conserving farming practices.

5. The income payments would make it unnecessary for the farmer to maintain this land in production . . . and unnecessary for the government to buy and store surpluses from this land.

6. Interests of livestock producers and dairymen would be fully protected since participants would contract not to graze these lands. Reduction of feed grains now grown and fed on these farms would also help to reduce livestock production.

er's problem crop or to livestock.

3. Producers of livestock or poultry who reduce their planting could get grain previously grown and needed to feed their stock from the surplus.

4. Or, payment certificates, drawn against the surplus, could be turned into immediate cash. At the same time, reduced production and reduced surpluses would allow prices to go up with the crops harvested from the acres that were planted.

5. Payments would give farmers a guaranteed income from their soil bank acres regardless of drought, insect damage or other disaster. It would give them a chance to build up productivity for the future.

Conservation Reserve

In explaining the conservation reserve, the Administration said these advantages would result:

1. It will benefit all farmers . . . both the owner of the land and other farmers as well.

2. It will remove from the market the produce of marginal lands

Assessments—

(Continued from page 1) from 120 to 90 cents per bushel. The bid for corn remains at \$3.50. Alfalfa hay was cut to \$14 per ton, the same as clover. Assessed valuation for Wayne county in 1955 was \$29,011,350. The figure for the city of Wayne was \$4,693,920. Assessment of the county will be completed by Apr. 20. Arp added. No worksheets will be mailed to taxpayers as was done in other years since assistants are calling on individual farms, home and businesses. Assistants Named Wayne county assistant assessors and their precincts are: Henry Walker, Hoskins town and precinct; Owen Jenkins, Garfield; Walter Tietgen, Sholes town and precinct; Arthur Behner, Hancock; Dale Leonard, Chapin; Maurice Ahern, Carroll town and precinct; John Dunklau, Wayne first ward and Brenna; William Hest, Wayne third ward and Brenna; Albert Sals, Wilbur; Harry Schulz, Plum Creek; Carl Sundell, Hunter; Albert Sundell, Lister; Luther Bard, Wakefield; Charles addition and Logan, and Ed Weber, Wayne second ward and businesses.

Delaine Miller and Donald Matthes Wed At Winside Church Sunday Evening

—Picture by Wayne Photo

Winside—Delaine Betty Miller, daughter of Mr. and Mrs. Adolph Miller, Winside, and Donald L. Matthes, son of Mr. and Mrs. August Matthes, Wisner, were married at a candlelight service Sunday evening in St. Paul's Evangelical Lutheran church.

Rev. H. M. Hilpert officiated at the double ring ceremony. Mrs. Norman Deek, Hoskins, was soloist. Accompanists were Mrs. Hilpert and Sharolyn Behmer, Norfolk. The church was decorated with baskets of gladioli and ferns. The pews were marked with white candles and bows of orchid, Nile green and yellow lace. The bride, given in marriage by her father, wore a gown of imported clipped tulle lace over satin and nylon tulle. Her sculptured lace basque was contoured with a portrait neckline traced with iridescent paillettes and seed pearls and featured long lace sleeves. The full tulle skirt was multi-tiered, fashioned with a whisper train. Her scalloped elbow length veil of nylon tulle fell from a lace crown with seed pearls. Mother of the bride designed and made the veil. She carried a cascade bouquet of white glamelias with a removable corsage of yellow roses. Matron of honor was Mrs. Warren Marolt, sister of the bride. She wore an orchid floor length gown of net and lace. A lace jacket topped the gown. The skirt was fashioned of lace with ruffles covering the back. She wore a headpiece of orchid net and velvet trimmed with sequins and carried a bouquet of white carnations.

Best man was Rollie Victor. Groomsmen were Richard Gaden and LaVern Roggenbach, Norfolk. Ushers were Vernon Miller, brother of the bride, and Wayne Prockemier, Howard's cousin of the bridegroom. Warren Marolt, brother-in-law of the bride, rolled out the white carpet. Candlelighters were Marjorie and Marilyn Matthes, twin sisters of the bridegroom. They wore identical gowns of yellow and orchid net featuring ruffles on the bodices. They wore net headbands to match their gowns and had wrist corsages. Mother of the bride chose a navy blue dress with black and white accessories. The bridegroom's mother wore a navy blue dress with black accessories. Both wore red rose corsages. A reception was held in the church parlors following the ceremony. The bridal table was centered with a three-tier wedding cake baked by the bride's mother and decorated by Mrs. Vernon Miller and Mrs. Warren Marolt. The serving table was decorated in the bride's chosen colors. Mrs. Clayton Plesh, Nickerson, sister of the bridegroom, poured. Mrs. LaVern Roggenbach cut the wedding cake, assisted by LaVon Barner, Winside. Waitresses were Mrs. Gilbert Otjen, Eunice Bjorklund, Mrs. Ernest Novik and Norma Yonston.

Mrs. Dean Allvin and Kathleen McClary had charge of the gift table. Mrs. Alfred Baier was in charge of the guest book. Mrs. Wilfred Miller, Mrs. Gerald Miller, Mrs. Willis Miller, Mrs. Max Krueger, Mrs. Richard Miller, Mrs. John Asmus and Mrs. Alfred Miller assisted in serving. The bride chose a light tweed suit with brown and blue accessories and wore a yellow rose corsage for her going-away ensemble. The bride attended rural school in Wayne county, graduated from Winside high school, attended WSTC and is now teaching District 28 near Winside. The bridegroom attended a parochial school in Wayne county, graduated from Pilger high school, served two years in the Armed Forces and is now farming. After a short wedding trip to Colorado the couple will reside on a farm south of Wayne.

Wayne, Wisner, Madison, Pender Victors in Tourney

Blue Devils, Wisner to Vie Today

Semi-finals of the Class B district basketball tournament will get underway at 7 p. m. tonight at Wayne city auditorium.

Wayne, Wisner, Madison and Pender advanced in first round games Monday and Tuesday. Wayne meets Wisner in the 7 p. m. game today while Pender meets Madison in the finale. Finals are scheduled at 8 p. m. Friday. There will be no consolation playoffs.

Wisner held off a second half Crofton rally Monday night to gain a 64-53 victory. Starting off slowly, Wayne pulled to a 76-56 conquest of Stanton in the second round.

Highly-favored Madison had to rally in the final period Tuesday night to take out a 45-43 decision over Pender. Pender and Hartington Holy Trinity staged another crowd thriller. The two teams went into the final quarter with Stanton knotted 46-46. The seeded Penderons pulled the victory out in the last minutes, however, 62-53.

Wayne gave Stanton the first basket Monday night and then started to apply the pressure. The team's hand came down for the first six minutes until Wayne surged to a grab at 17-11 lead at the quarter.

Larry Hofeldt hit five baskets in the second quarter as the Blue Devils spurred to a 34-26 lead. Stanton never threatened seriously in the final half.

The game was exceedingly slow with officials calling 51 fouls. Both teams attempted 42 free throws and converted 26. Wayne held a 25-15 advantage in field goals.

Hofeldt was the leading Wayne scorer with 29 points. Bob Schwartzbach had 17 and Kenny Dahl added 15 more. Rich Freiberg paced Stanton with 15.

Dwayne Jackson sparked Crofton's futile second half rally. He hit of his 26 points in the last two periods but the Warriors were never able to overcome a 34-22 halftime deficit. Jim Hansen led Wisner with 20 points.

Exceedingly cold from the field, Madison barely squeaked by lightening and Pierce in the opener Tuesday. The winners took a 13-10 lead in the first period but trailed 23-21 at intermission.

The second half was nip-and-tuck all the way. Ken Major scored 16 for Madison while Dennis Kiehl paced Pierce with 18.

Dick Shipwright sighted the spectators; he is over his virus infection in Tuesday's finale. The rangy Penderagon pumped in 31 points as his team owned Trinity 62-53.

Trinity was all even for three quarters until the Mersers were guilty of sloppy ball handling in the final eight minutes. This enabled Pender to pull away. Jim Hausman led Trinity with 21 points.

Blue Devils Cop Second Straight Husker Crown

Wayne High's Blue Devils copied their second straight Husker conference basketball championship Thursday night with a 73-48 decision over Pender at Oakland.

It was Wayne's fourteenth victory of the season. It was the third loss of the season for Pender, east division champions.

Trailing 16-12 after the first period, Wayne applied the pressure in the second quarter to take a 33-27 lead at intermission. The Blue Devils outscored the Penderons 22-10 in the third half and coasted to victory.

Pender played without the services of its top scorer, Dick Shipwright, who was recovering from a virus infection. Shipwright boasts a 30-point average for the season.

Balanced scoring marked the Wayne victory. Kenny Dahl led with 17 while Bob Schwartzbach added 16. Larry Hofeldt and Glenn Houdersheid chipped in 12 each. Dick Berg paced Pender with 16.

Prep Wins First District Test; Meet Dodge Tonight

Wayne Prep's Panthers survived their first district tournament test Monday night by gaining a 65-37 victory over Dakota City at Beemer.

The Panthers are paired against a highly-regarded Dodge team in a 7 p. m. semi-final game tonight. Dodge trounced Homer 90-67 Monday night. If victorious, Prep will face the Beemer-Uehling winner in the tourney finals Friday night.

Balanced scoring brought the Monday victory. Larry Berres hit 23 points, Roger Anderson had 18 and Bill Corbit and Robbie Myers chipped in 12 each.

Prep led 19-15 at the first quarter but increased the margin to 43-27 at intermission. It was 53-46 at the third period but Wayne again surged to pull out the win. Both teams used only five men.

A SIZE

Some of our "sharp" buyers must have thought a lot of you folks wear size 4 to 5, so we are stuck with a lot of 'em. However, there are some other jewels you will probably laugh at that come in all of the larger sizes up to 9.

Have You Ever Heard Of Such a Sale?

Example: If you wear size 4, you pay only 40c, but if you wear a size 7, you pay 70c. We don't recommend you squeezing into a size 4 if you need a size 6, however. This will be a heyday for all you people with tiny feet.

We have invoiced some of this stuff two or three times and for the life of us, how could our "sharp buyers" make such horrible mistakes? Well, they did and they are still with us. It sure looked good when we bought it, we hoped. But it didn't sell. Now it gives us a head-

ache. Anyway, we've got an accumulation of mistakes. Inspired by Washington's traditional honesty, we're going to break down the hard way—with crazy low prices that will boot the stuff out Friday and Saturday.

**IF YOU CAN'T USE THIS STUFF . . .
GIVE IT TO YOUR MOTHER - IN - LAW!**

Sale Starts Friday Morning — 8:30

Don't be trotting down here for this awful stuff before 8:30 Friday. It won't do any good. But, by all means, be here when the bank clock strikes 8:30 Friday. We

are not responsible for broken limbs, lost wigs, nor are we going to referee hair pulling contests. You're on your own, so let your conscience be your guide.

Quality Seed Costs Less
Price alone is not the way to determine the quality of pure live seed. Cheap seed with a large amount of trash and a low germination rate may actually be more expensive than seed that is free of trash and weed seed and has a high germination ability.

Brucellosis Progress
Lincoln - Nebraska's drive against brucellosis in cattle is paying dividends. That is the word from Dr. J. L. George, state veterinarian.

HELP EISENHOWER pass the new farm program

You will benefit this year if Congress acts before spring planting time

"Although agriculture is our basic industry, farm families find their prices and incomes depressed amid the nation's greatest prosperity. . . . An oversupply of commodities drives down prices as mounting costs force up from below, generating a severe price-cost squeeze. . . . Remedies are needed now, and it is up to the administration and the Congress to provide them swiftly. As we seek to go forward, we must not go back to old programs that have failed utterly to protect farm families. . . . I recommend, therefore, the following nine-point program. I urge the Congress to pass this program with maximum speed, for delay can only aggravate and multiply the difficulties already sorely harassing millions of our rural people."

Dwight D. Eisenhower
From the President's special farm message 40 Congress.

The Eisenhower-Republican 9-Point Farm Program

- A VOLUNTARY, 2-POINT SOIL BANK**
to take 40 to 45 million acres out of production of your problem crops, get rid of the surplus, raise prices.
- LAW TO PERMIT FASTER SURPLUS DISPOSAL**
especially in foreign markets. Selling, not storage, is the answer.
- STRENGTHEN COMMODITY PROGRAMS**
on wheat, corn, dairy products, soybeans, cotton and rice. Ease production controls wherever possible.
- PROTECT FAMILY-TYPE FARMS**
by limiting the size of price support loans made to large corporate-type farms.
- EXPAND RURAL DEVELOPMENT PROGRAM**
to help low-income farm families live better, earn more.
- PUSH FORWARD THE GREAT PLAINS PROGRAM**
to stabilize income in drought-stricken areas, and to prevent another dust bowl.
- INCREASE FARM RESEARCH APPROPRIATION**
to find new uses and new markets for farm crops, lower production costs and increase farm profits.
- ASSURE ADEQUATE CREDIT TO FARMERS**
to meet capital needs of present farmers, help young farmers get started, tide farmers over emergencies.
- REFUND GASOLINE TAX TO FARMERS**
on motor fuel used in farming operations.

Answers to some of your questions

Q: Why will it work?
A: Because this is a program for farmers by farmers. We asked for, and got, sound advice from hundreds of farm leaders and thousands of farmers everywhere. This program gets at the root of the problem on a practical, non-political basis. It contains no double-talk or bureaucratic theories. It is the most business-like, down-to-earth approach to the business of farming and marketing of farm products this country has ever had.

Q: Why is it a more practical program than others that have been offered?
A: Because it is especially tailored to today's peacetime conditions. It fits right at the problem of price-depressing surpluses built up because of wartime policies too long continued. These surpluses hang over your farm like a hidden mortgage.

Q: Will all farmers benefit?
A: This program will directly benefit all farmers everywhere: producers of food grains, feed grains, oilseed and fiber crops, dairymen and livestock producers. It recognizes the special problems of regional groups and producers of certain crops.

Q: Will this program help strengthen farm prices?
A: Yes. The present mountain of surplus, and the threat of future surplus, now holds down prices. Every farmer realizes that "a government warehouse is not a market." As surpluses are used up prices will inevitably rise. (Marketing people have estimated that net farm income would have been \$2 billion higher in 1955 if it were not for the surpluses.)

Q: How much will it help?
A: Hundreds of millions of dollars in payments to farmers can be made this year under the Soil Bank plan alone if passage is not delayed. This is in addition to its effect in strengthening farm prices. Farmers would also get \$60,000,000 a year tax refund on gasoline used in their farming operations.

Q: How big is the surplus?
A: The government now holds an \$8-billion stock of farm products. We can't shut our eyes to it, throw it into the ocean or plow it under. It costs about a million dollars a day for storage and carrying charges alone.

Q: Why do surpluses drive down livestock prices as well as grain prices?
A: Continued overproduction of grains not only clogs the grain markets but forces continued expansion in an already over-expanded livestock production. Livestock prices as well as grain prices would be higher today if it were not for the surplus.

Q: Why is the new Soil Bank Plan the most sensible approach to the surplus problem?
A: It will get rid of the surplus and prevent future surplus from piling up. It will stop the shift of another farmer's problem crops to your problem crops.

Q: How does the Soil Bank "Acreage Reserve" use the surplus to reduce the surplus?
A: In exchange for placing a portion of their allotted crop acres in the Soil Bank (removing them from production entirely for an agreed period), farmers will receive certificates. These certificates will be good for cash at the bank or for commodities drawn from surplus government stocks. In this way farmers will be using up the surplus instead of adding to it. This part of the program applies to corn, wheat, cotton and rice.

Q: How will the Soil Bank "Conservation Reserve" keep future surpluses from building up?
A: It will take 25 million acres out of all crop and livestock production for several years. This land will be put into grass, trees or water storage. It is voluntary and provides generous incentives for wide-spread participation. It, too, will help livestock producers as well as grain producers since it will reduce the surplus of feed grains that put more and more people into the livestock business.

Q: Are these programs entirely voluntary?
A: Yes. President Eisenhower and the Republican Party believe it is a basic right of every farmer to be free to plan his own farm program and make the best use of his land that he knows how. They also believe that farmers should have the chance to build up their soil without loss of income. The well-being of all Americans, as well as the future prosperity of farmers themselves, depends on maintaining productivity of our soil resources. Farmers who participate will no longer feel that they are forced to farm every acre to the limit, producing crops that aren't needed, in order to keep their income up.

Q: How do I benefit if I put some of my acres in the Soil Bank?
A: You get an opportunity to restore the fertility of your soil and at the same time you are assured of an income from the land you retire. As surpluses are reduced, prices will increase on crops you do produce.

Q: Why will Soil Bank participation help insure my income?
A: It will strengthen your cash position by giving you a guarantee—in effect, income insurance. The acres you take out of production will provide income regardless of drought, flood or other disaster.

Q: How will the Soil Bank help livestock producers?
A: With less feed grains being produced, fewer farmers will feel that they have to raise more livestock to "piece out" their income due to surplus-depressed prices of grain. Participants in the Soil Bank plan will sign an agreement not to graze their diverted acres.

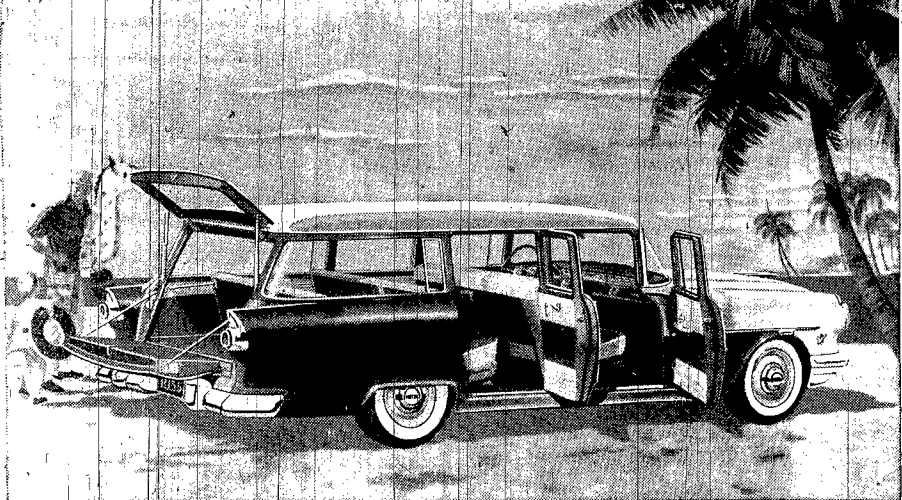

Q: When does it start?
A: Just as soon as the necessary legislation can be enacted. The President has urged all possible speed so farmers can plan their plantings and benefit fully during the present crop year. Your Republican members of Congress are behind the President. They believe the more you know about the program, the more you can help. You can help by writing members of Congress urging immediate action.

ERASING THE BLACKBOARD

At The Wayne County Schools

Wayne High . . .

First grade
Vicki Hilton's mother visited school Monday afternoon. David Jensen brought Valentine cookies for his birthday Tuesday. We also had our Valentine party Tuesday afternoon. Nancy Wert brought some pretty lozage for our room. We put it in water and watched some of the new roots grow. Jane VonSeggern brought some pictures which we showed during recess. Johnny Brandstetter and Jimmy Budensick brought some melted snow to show the dirt particles in it. Judy Wehrer, Karen Paulson and Bobby Morris brought books to read this week.

Second and Third Grade
Second grade had a Valentine party Tuesday afternoon. Teresa Nielsen left our group Wednesday. She moved to Lyons with her parents. She brought treats for her classmates before leaving. Mrs. Rolia Fabrenkrog visited second grade Monday.

Fourth Grade
Fourth grade pupils had a Valentine party Tuesday afternoon. Mrs. Berg visited and treated the room to ice cream and cake for Jackie's birthday. Mickey Atkins, Shirlee Nissen, Renee Gildersleeve and Larry Paulson were each absent this week because of illness. Pupils chose sides Friday for an arithmetic contest. Mrs. Walker visited Friday afternoon. She served ice cream and cake for Myra's birthday. Winners in this week's arithmetic relay race were Colleen Wendel, Mary Wert, Penny Witter, Jim Mau, Renee Gildersleeve and Betty Harrison.

Fifth Grade
Jim Baior's team won the spelling contest for the last six-week period. The number of 100's was 45 for Jim's team and 42 for Dean Weible's team. Nine fifth graders had perfect scores in the 100-word spelling test Friday. They are Dennis Bretburth, Donna Echtenkamp, Lynette Jewell, Marlene Johnson, Terry Marsh, Wilma Matra, Marilyn Nuernbeiger, Beverly Ulrich and Charlene Wendel. In art Friday we made designs for booklet covers. We have been enjoying the use of records in our music classes Wednesday and Friday. We held our Valentine party Tuesday. Dixie cups and were served.

Sixth Grade
Barbara Warner and Susan Wright treated the class on their birthdays. Film strips and special reports about various phases of work and life in Russia completed our work on this country.

Seventh Grade
Winners in this week's arithmetic relay race were Budd Bornhoff, Irene Marra, Julie Splittgerber, Nancy Zumbum and Mike Karel. Seventh grade students had a Valentine party Tuesday. They made candy favors for each of the kindergarten class and hid them in the kindergarten room. Then the seventh grade pupils made candy favors and placed each favor on the end of a long string. They wound the strings into a spider web that was unwound by the third grade students. Seventh grade will conduct an Easter egg hunt for the first and second grade students.

Eighth Grade
In our junior high basketball tournament our boys won their first game when they played Humphrey St. Francis but lost their second game to Norfolk.

The Wayne (Nebr.) Herald, Thursday, February 23, 1956

this is your DREAM HOUSE

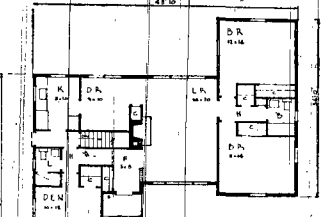

House No. A-122

It's lovely from the outside and just about perfect within. This long, low ranch-style house that brings you extras that happen only once in a lifetime.

An outstanding feature of this design is its superb circulation. Note how each area is provided with complete privacy. The bedroom wing is compactly set off from the living quarters. The bedrooms, larger than the average, feature spacious closets with sliding doors, and have cross ventilation.

There is a super-sized den for the master of the house which will also serve admirably as a TV room or as extra bedroom. The convenient back vestibule saves living room traffic and is easily accessible to both kitchen and entry stairs. Note ingenious placement of bathroom, with glass-enclosed stall shower.

For the convenience of readers who wish to study this plan in greater detail, we have prepared a complete sketch plan which can be obtained by sending 25¢ in coin to Modern Plan Service, Department 1, Lincoln Bldg., Mount Vernon, N. Y.

Area: 1,590 sq. ft. Cubage: 30,855 cu. ft.

Picture Windows In Kitchens Win Mothers' Favor

Picture windows and window walls in the kitchen are among the more popular innovations in new houses.

The emphasis on indoor-outdoor unity and with patios and play areas frequently opening off the kitchen, mothers want the larger windows to keep an eye on the youngsters at play and they like the feeling of spaciousness which larger kitchen windows provide.

In addition to the sliding glass doors which are steadily growing in popularity, housewives like a picture window right over the sink.

These windows frequently are glazed with double insulating glass which collects far less condensation in winter than do single glass windows and which retards heat gain in summer and heat loss in winter.

Wall Insulation Can Localize Fire

A thoroughly insulated house is often a house that's safer from fire.

This is particularly true when mineral wool is the insulating material and when it is installed so that it fills the walls.

Wall-thick mineral wool is accepted in building codes as a non-flammable fire stop. It makes it more difficult for a fire in the basement, where most fires start, to spread through the rest of the house.

During a fire, the air space between the wall studs tends to act as a flue. A draft is generated between the studs, drawing the fire upward. The wall-thick insulation keeps the draft from forming. It also bars the way to the flames.

Glass Block Wins Builders' Favor

More and more builders are choosing glass block to add functional beauty to one or several rooms.

Glass block comes in a wide variety of patterns, ranging from super-clear through various degrees of transuiscence. It has insulation value equivalent to an 8-inch brick or 12-inch concrete wall.

Better Pens Help Farmers Raise Healthier Pigs

Hog raising need no longer be a headache to the farmer.

According to Dr. Damon Catron, a farm expert at Iowa State college, the problems of the critical first few months of the growing cycle can be licked if farmers provide:

"New farrowing houses and pig nurseries . . . that give the hog producer maximum control over production environment."

Catron's strategy boils down to special feeding and watering devices for baby pigs, temperature control, special farrowing stalls, and sanitary conditions.

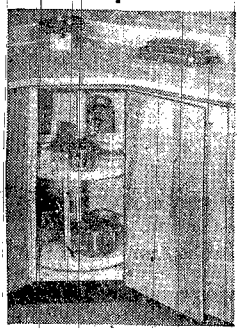

"Temperature control means efficient heating and ventilating plus adequate insulation. Three-inch-thick mineral wool batts or blankets of four inches of blown material wool in the walls and ceiling will help keep the farrowing houses uniformly warm in winter and uniformly cool in summer.

Good farrowing stalls also are essential. Sows often crush their young. In the narrow confines of a well-designed farrowing stall, there is no room for a sow to hurt the baby pigs.

Concrete floors are easy to keep clean and sanitary. Other non-porous materials are recommended for the walls. Sanitary conditions can be assured further by keeping the nursery away from other buildings where pigs are housed.

Feeding improvements include a feed alley in front of stalls, self-feeders for each sow, a water supply piped to each stall, and space for feed mixing and feed storage.

Corner Cabinet Boasts Spin Shelf

This corner kitchen cabinet with a spin shelf combines easy accessibility with generous storage space.

By rotating the spin shelf, objects in the rear of the cabinet are moved to the front, easy to get at. There is plenty of room for unwieldy pans and other kitchen utensils.

The corner cabinet is one of many versatile ponderosa pine stock kitchen units available through lumber dealers. There are styles to solve any kitchen storage problem. They come completely assembled or knock-down. The knock-down version comes unapplied. Only a hammer and a screwdriver are needed for assembly. The assembled version can be had three ways: unfinished, with a natural finish, or with a prime coat of paint.

Modern kitchens are colorful. Ponderosa pine cabinets are easy to paint to suit any existing color scheme. They can be repainted to meet future color needs.

Stronger Diagonally
By putting sheathing lumber on a house frame diagonally, much greater strength is added to the home, according to the West Coast Lumbermen's Association. Popular Douglas fir and west coast hemlock sheathing lumber not only affords great strength in the frame of a home but provides a naturally-grown insulation because of the open cellular structure of wood.

New Jersey Man Saves Dollars in New Home

Here's an idea one man used in building a house that saved him a lot of money.

Rufus Appar, an employee of Califon Lumber company, Califon, N. J., became interested in building an all-plywood house while working on a field promotion representative of the Douglas Fir Plywood association. This year, Appar began construction on a new home.

He used plywood throughout, including for roof sheathing, side walls and subflooring under wood strip finish flooring. Appar went one step further than most economy-minded homebuilders.

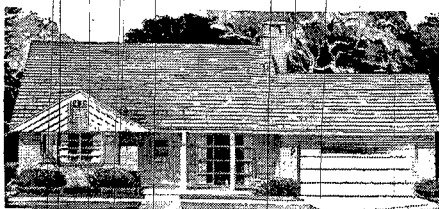

In order to save money, he had

all the foundation work, framing and sheathing done by hired carpenters and did all the finish work himself. The carpenters laid the Plyscord sheathing and subflooring panels in place and nailed them in the corners only. When Appar had any free time, he did the additional nailing himself.

In laying the subflooring alone, Appar figures he saved about \$120 by doing a small bit of labor himself. His attractive home will stand up against that of any of his neighbors and Appar is quite a few dollars to the good.

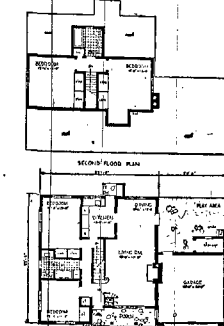

TRY THE WANT AD COLUMN IN THE HERALD

Accent on the Traditional

Traditional design, as shown in this house from the pages of Small Homes magazine, is still much in demand. Architect Paul T. Haagen has planned an adequate two-bedroom home, then has given a high pitch to the gable roof, making possible two more bedrooms and a bath upstairs. A front dormer can be added (shown on floor plan but not on elevation) to give extra light to the smaller upstairs bedroom if desired. The attached garage forms a sheltered play yard.

First floor area of this home is 1,349 sq. ft. Information on blueprints and their cost can be obtained by writing to the magazine, Small Homes Guide, Dept. 1682, 621 N. Dearborn, Chicago, 10, Ill.

Make Storm Door Say, 'Welcome'

"A storm door that does nothing but keep out the cold is only half-efficient," according to Beatrice West, New York color stylist.

"The screen-storm door hangs the year around and has to be good looking to be really efficient," she explained. "The front entrance is one of the most conspicuous areas of the house. It offers the initial welcome. It must be warm and friendly."

"Some home-owners take a great deal of care to make the front entrance elegant. Then they blindly destroy the impression they've worked to create by hanging a cold, unbecoming combination door."

Miss West points out that a combination door, such as one made of ponderosa pine, is well suited to the dual role of beauty and utility. Easily painted to harmonize with the color of the front entrance, it becomes a full-fledged part of the entrance.

Keep Paneled Walls Light

If you want your new wood-paneled walls always light and fresh-looking, H. O. Stroberger, prominent wood finishing expert, has the answer.

A white rez rubbed into wood before the finishing process begins keeps the paneling from darkening with age and brings out the grain, Stroberger says. This is most important in retaining the lovely, golden colorings of fir or hemlock.

The panels must first be sanded, home vibrator is preferable, then the white pigment is painted on with a brush. Before it has had time to dry, wipe down with a soft, dry cloth. Bits of the pigment will cling to the natural soft areas in the wood, accentuating the grain. After this has dried, the finishing process may be completed.

Other rez shades, such as a dull sage green, may be used in lieu of white to give the wood an interesting tint.

Stroberger also has a handy tint for bringing out knots in paneling used for dens, game or family rooms. He rubs a burnt umber shade into and around the knots to deepen them and give them added prominence.

Notice Farmers - Seedsmen Bur Ragweed

is a new threat to agriculture in Wayne County. It is a noxious weed in Nebraska found in the Southwest Quarter of Nebraska and as far north as Chadron. It is spread by auto or truck tires and in the tails of cattle, etc. Watch out for this weed. It is very hard to eradicate!

Seeding time will be here soon. Will your own seeds germinate well? Are they free of noxious weed seed? If you are buying oats or grass seed look at the tag. It must have a state approved label and the seed must be as stated on the tag.

The seed law requires that ALL SEED advertised for sale must be labeled whether in BULK OR IN CONTAINERS. The label is to be attached to each bag or container. SEED IS PROHIBITED FROM SALE:

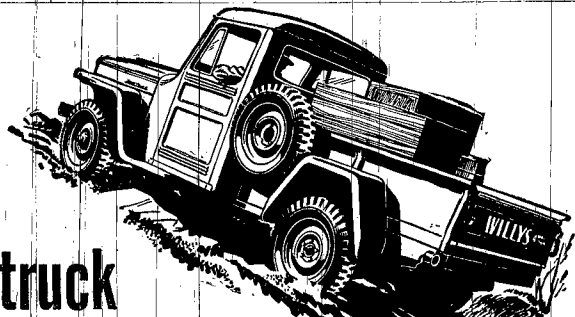

- 1. If it is not properly labeled. 2. If it contains over 5 percent weed seed. 3. If it contains primary noxious weed seed.

When buying feed grain watch for noxious weed seed. If in doubt call Ed Caauwe, Phone 10-F22, Seed and Grain Inspector, Wayne.

What about prices that are not in the ads?

Checking food ads is a good way of learning about low prices. But the ads can't tell the whole story. Savings made on "specials" can easily be wiped out unless all purchases are made at the right prices. So today start shopping at Safeway, where all prices are always low . . . and pocket the difference.

**So Help Us Washington!
We Cannot Tell A Lie**

We have invoiced some of this stuff two or three times and for the life of us, how could our "sharp buyers" make such horrible mistakes? Well, they did and they are still with us. It sure looked good when we bought it, we hoped. But it didn't sell. Now it gives us a headache. Anyway, we've got an accumulation of mistakes. Inspired by Washington's traditional honesty, we're going to break down the hard way—with crazy low prices that will boot the stuff out Friday and Saturday. IF YOU CAN'T USE THIS STUFF . . . GIVE IT TO YOUR FATHER-IN-LAW! Sale Starts Friday Morning—8:30. Don't be trotting down here for this awful stuff before 8:30 Friday. It won't do any good. But, by all means, be here when the bank clock strikes 8:30 Friday. We are not responsible for broken limbs, lost wigs, nor are we going to referee hair pulling contests. You're on your own, so let your conscience be your guide.
