# In Sincere Appreciation 15 YEARS

As we observe the fifteenth anniversary of the opening of our hospital we want to express our appreciation to the six members of the original staff who are still with us. They have worked long and diligently to enable us to provide the people of Northeast Nebraska with good hospital and medical service. A hospital is people and these are six of the people who have had so great a part in the service our hospital has

Our Thanks to the People of  
Northeast Nebraska for Their  
Continued Support Since Our  
Hospital Opened April 6, 1942

A hospital can exist only if it is supported by the people of the community it serves. We are very grateful for the fine support given us by so many during our 15 years of operation.

This hospital, although privately owned, is essentially a community enterprise. It serves the community and in a sense must be served by the community. You, the people of Wayne and Northeast Nebraska, play a large part in developing the service your hospital CAN give.

The generous support you have given us is indicated in part by the 1,964 babies who were born here since April 6, 1942.

The Worst Sorrows in Life Are Its Fears

Is it surprising that there are still people who fear to go to their Dentist regularly. They are afraid that he may possibly discover a new cavity that needs filling.

Your Dentist can prescribe the proper vitamins or antibiotics that will help you to keep your teeth longer.

Should he suggest any particular dental-aid, we will be glad to follow his instructions exactly.
