Candle Drips, Molasses Cake and One-Egg Cake

Scrape off candle drippings from your linen tablecloth with the dull edge of a table knife. Now place it between two blotters and iron over. If there is still a stain, try a mild dry-cleaning solution.

Across Rivers and Wilderness

Natural gas comes to you from gas fields hundreds of miles away. A pipeline supplier called Northern Natural Gas Company brings it to your Peoples Natural Gas, who in turn brings it to you helping lead an easier, more pleasant life.

Why Stand For It?

If you've never tried sitting at your ironing board, try it now! You may want to stand when pressing dresses or shirts, but it's easy enough to do hunkies, towels and all flat-work, sitting in a chair.

Refrigerator Tips

Line the drawers or vegetable crispers with paper towels to catch extra moisture and prevent staining. Toss out when you defrost.

One-Egg Molasses Cake

Put you'll like this recipe from Mrs. Robert Collins of Hamburg, Iowa.

GETHER: 1 1/2 cups all-purpose flour (sifted), 2 tsp. baking powder, 1/2 tsp. soda, 1/2 tsp. salt, 1 sp. cinnamon, 1/2 sp. each, cloves and nutmeg, 1/2 cup CRISPER AND CRISPENING POWDER, 1/2 cup shortening, 1/2 cup sugar, 1 egg, beaten thoroughly, STIR IN: 1/2 cup molasses, in cream mixture. Add dry ingredients alternately with 2 cup milk or buttermilk, stirring only enough to blend thoroughly after each addition. Pour into greased square pan 8 x 8 x 2. Bake in moderate 350 degree gas oven about 50 minutes.

A woman is as old as she looks, but a man is only as old as the woman he's looking at.
