Terry Lutt treated us on his tenth birthday. Betty Claus, Don Larsen and Larry Thompson attended the land-judging demonstration at the Victor Haase farm. Carlo Beck, Raymond Stender, John Claus, Don Meyer and Larry and Don Larsen received 100 in the spelling mastery test this week.

District 18
Leland Beckner, teacher. School is now in full session with seven pupils. We all enjoy the new interior decorations. We have fish, snails, spiders, cocoons, grasshoppers, crickets and caterpillars on our science table.

Second grade is keeping a daily weather chart for September. Each child is given a card to record the weather. They also have a word tree where they leave drawings. They also ladder for color words. Achievement tests were given this week. Tommy Havener has had perfect scores in spelling since school opened.

District 19
Norma Pospisil, teacher. Nine pupils are enrolled this year. David and Marilyn Stringer, Janette and Karen Johnson and Bruce Ring have perfect attendance to date.

Pupils have started a science collection. Some of the articles include birds' nests and several kinds of spiders and insects. A report is written and posted about each insect and spider. Pupils go fishing in spelling each Wednesday and Friday. Each student earns a fish on his hook for each 100 in spelling.

The school earned three excellent and three superior awards for work at the county fair. We have five new chairs and a table which were greatly needed.
