Call Us Before Buying Advertising Service or Copy

Our press association has warned us that there are a num-of "hot_shot" advertising copy and mat.services being of-d to Nebraska merchants by out-of-town salesmen. Some reputable and some are not.

Many of the contracts are tricky, and if the merchant-does use the copy and mats EXACTLY as authorized he will be l or heckled into an expensive settlement.

Did you ever get a personal letter from the Bureau of Internal Revenue? Before you open it, you know what it's about. Taxes. But what about taxes? That makes all the difference! Maybe it's a refund! Probably (we all say) it isn't.

Taxes and death aren't the only certain things in life. Sin is, too. You don't need a letter from God or anybody else to know about sin. You know that your life has not been all it should be.

Some people aren't ready to admit that "sins" are so serious. Everybody does them. So what? The Bureau of God's justice has a form-letter for you if you're in that group. It's in the Bible: "The soul that sinneth-it-shall die!"

marked from God, too. But open it—it's a refund! Sin cancelled!
That's the good news we call the Gospel, God Himself has paid your,
debt. By the work of Jesus Christ on the cross and His resurrection
the guilt and punishment of your sin have been cancelled!

These two letters addressed to you are before you now. You can't avoid them. You know what they're about. You're charged for sin whether you open your letter or not. You'r Lutheran friends would urge you to face up to that fact and then to open the second letter-to share with them the Gospel that your sin is cancelled through Jesus Christ!
