LARRY HOFELDT, former Wayne High athletic star, is continuing to display his prowess in sports at the University of South Doboto, Vermillion, where he is now a star member of the track team. A sophomore, Hofeldt has already-broken two records in the shotput and competes in the high jump and other field events. He established a new record of 50 feet, 8 inches at the Sioux City relays, which was also good for a new university record. The Wayne sophomore is an industrial engineering major and has a Rulus good over an experience.

## More Power...Lower Costs

## Nebraska Residents Use 15% More Electricity, Pay 10% Less Than Average Resident in Neighboring States\*

Public power agencies in Nebraska are building for the future. This year—and during the next few years—these agencies will invest nearly 80 million dollars in new faciliagencies will invest nearly so munon dones... ties, bringing new and improved electrical service to you.

At the same time Nebraska electric rates remain among the lowest in the nation ... more power—at low rates. This means growth and expansion for the entire state.

The Nebraska Public Power System, the State's major generation and transmission agency which supplies power to your retail electric system, is proud of its part in this program. During 1958 and 1959, NPPS will invest \$7,147,548 on expansion and service improvements — part of a scheduled 12-million dullar construction program. Another 23 million dollars will go into new plant capacity. for operation and integration into the statewide system.

Last year, kilowatt hour sales of your System totaled 1,429,962,362—a 71,1 per cent increase since 1950. This energy cost an average of 8.8907 mills per kwh—an 11 per cent increase since 1950.

Nebraska public power agencies are bringing you bette living — electrically!

# Cuts an Amazing 35 or More Acres Per Day!

Hard to believe? You bet. But it's true! And you'll admit that 35 or more acres per day is really hustling!

But that's not all—there are other "pluses" that make the No. 8 your best mower buy:

The No. 8 lits almost any tractor—it's an asy-on, easy-off Quik-Tatch mower that takes ne man less than five minules to attach or etach. Its caster-wheel design makes it ex-
