Wayne City Council Sirs: We read with much interest the article in The Herald concerning the possibility of parking meters in Wayne we do not teel that Wayne is large enough to make this move necessary. Parking is not at much of a premium except, perhaps, on Saturday nights when. I take it, the meters would not be in operation anyway. We feel that Wayne should appreciate the pat-ronage of the surrounding terri-tory enough to allow them the privilege and courtesy of free park-ing on its strets! Why not he a friendly town instead of trying to be a city.
