### Pass Play Sets Up Lone Wildcat Score

THERE WERE FEW BRIGHT spots for Wayne State's Wildcats Saturday night as they dropped a 20-7 decision to Doane at Memorial stadium. One of the best moments for the local eleven was the pass play pictured above which set up the Wildcat touchdown in the final period. End Rod Tietjen (left) is shown going above Doane's Ron Barker to nab Skeeter Mahler's pass on the Doane 8.

### Holy Trinity Hits Blue Devils 7-0 To End Win Skein

Hartington Holy Trinity ended Wayne High's seven-game winning streak Thursday night with a 7-0 victory over the Blue Devils at WSTC's Memorial stadium.  
Coach Harold Maciejewski's charges will open defense of their Husker conference title, at 7:30 p.m. Friday when they entertain Madison of WSTC's Memorial stadium. The two teams battled to a 7-7 draw last year.  
The two teams will boast identical records moving into Friday's tilt. Wayne defeated Wisner in its opener before losing to Trinity. Madison swamped Battle Creek 31-7 in its first game and dropped a 25-6 decision to Pierce in conference play Friday night.  
Trinity put an effective damper on Wayne's passing attack to gain the victory over the Blue Devils. The Trojans allowed Roger Denesia to complete only five of 20 aerials attempted.  
The visitors intercepted four of Denesia's passes. One of the thefts set up the game's only touchdown midway in the first quarter. Pete Hausman returned the interception to the Blue Devil 47.  
The Trojans then marched to the score. Larry Haberman got 24 yards in three carries to put the ball on the 23. Mark Eickhoff smashed over right guard for two and then Meyer circled left end for 18. This set the stage for Hausman's 10-yard run for the tally. Bill Schwartz kicked the extra point.  
Wayne threatened late in the opening period after Denesia hit Ron Schram with a pass good for 38 yards to the Trinity 30. The drive sputtered, however, as two passes went incomplete before the period ended.  
The Blue Devils moved to the Trojan 30 and a first down shortly before the halftime intermission but a Hausman interception again stilled any score. A 43-yard Schwartz punt went out of bounds on the Blue Devil 1 as the first quarter ended. This kept Wayne in the hole until one final threat fell eight yards short.  
With time running out, Wayne started a drive from its own 31 in a desperate effort to tie the score. Bill Witt and Marlin Lessman combined for a first down on the Trojan 47. Denesia then hit Witt with a pass on the Hartington 25.  
Lessman gained seven yards in two rushes and on fourth down Denesia exercised an option play good for 10 yards to the Trinity 8. Witt and Denesia got one yard apiece into the line as time dwindled. A third down pass to Likes fell incomplete and the final Wayne play saw Witt lose two yards on an end sweep. Trinity killed the remaining seconds with two quarterback sneaks.

### Trinity Ends Blue Devil Win Streak

HARTINGTON HOLY TRINITY spoiled Wayne High's home football debut Thursday night by edging the Blue Devils 7-0 at WSTC's Memorial stadium. The loss cut a Wayne victory streak at seven games. The Trojans used a solid pass defense like that pictured above to offset the threat of Roger Denesia's accurate throwing. Pete Hausman (left) is shown above going over the back of Blue Devil Buster Likes to break up a pass. Hausman set up the game's only touchdown when he intercepted a Denesia pass and scored six plays later on a 10-yard run.

### Panthers Swamp Newcastle 33-0 in Conference Battle

Wayne Prep's Panthers, guided by Corky Lutt, sophomore quarterback, smothered Newcastle's Raiders Friday night in a Cornetassel conference game at WSTC's Memorial stadium.  
The victory moved Prep into a first place tie with Wausa and Coleridge in the league standings. Wausa nipped Osmond 13-12 while Coleridge downed Winside 13-0. Prep travels to Winside Friday night.  
Friday's game started slowly but the Panthers' newly-found offensive power started rolling late in the opening period. The first Prep tally came on a sustained 53-yard march. Fred Bernthal swept left end from six yards out and plunged for the extra point to make it 7-0.  
Three plays after the Panthers kicked off, Bernthal again made his presence felt. He pirated a Newcastle pass, the only one attempted all evening, and gandy-dandied 37 yards through the entire Raider team for a touchdown. Mike Perry plunged for the extra point.  
Late in the second period, Richard Johnson broke through to partially block a Newcastle punt and set up the third Prep touchdown. Seven plays later Perry crashed over from the one-foot line. The attempted point try failed to give Prep a 20-0 lead at intermission.  
Bernthal scored his third touchdown of the evening shortly after the second half kickoff. He took the ball from Lutt on an optional end sweep and galloped 53 yards. Perry again plunged for the extra point and a 27-0 lead.  
In the final quarter, a penalty gave Prep the ball on the Newcastle 30. Six plays later Lutt sneaked into the end zone. A 15-yard end-around play by Richard Johnson set up the tally with Bernthal springing a key block.  
Bright spots for the Panthers were Lutt's sterling play as a replacement for Ken Brader and the strong defensive work of the entire squad, led by Mark Dorey and Perry. The Raiders were able to muster only one first down all evening. That came with the aid of a penalty.  
The statistics:  

Prep	Newc.
First downs	11
Yards rushing	191
Yards passing	86
Total yards	277
Passes attempted	16
Completed	6
Intercepted by	1

  
Wayne Prep 33 6 7 6-33

### Bloomfield Blanks Neligh Warriors

Bloomfield's Bees used long runs by Jim Leise and Doug Thompson to gain a 21-0 victory over Neligh Friday night at Bloomfield.  
Leise sprinted 15 yards in the first quarter to give the Bees a 7-0 lead. In the second period Thompson fielded a Neligh punt and raced 70 yards for a touchdown.  
The Bees scored again in the first half when Leise intercepted a Warrior pass and galloped 45 yards to the end zone. He then snared a pass for the third extra point to make it 21-0.  
Bloomfield 21 14 0 0-21  
Neligh 0 0 0 0-0

## SCHOOL NEWS

### Kindergarten

We saw the film, "Gray Squirrel," and illustrated the story. We have started the study of the fall season.

We are enjoying Mother Goose and action songs and have learned some finger plays. We have drawn pictures of our school for our bulletin boards.

### Combination Room

There are sixteen students in our room, seven in the first grade and nine in the second. Tommy Jensen has been ill with mumps this week.

A farm and home study unit is in progress. The children brought pictures of houses resembling their own and described the interior to the class. We have been interested in the construction of the new athletic building. The electric torch with its shower of sparks was especially fascinating and the children were allowed to watch the activity of the workmen.

Each time a new kind of work is begun we discuss the tools and materials used and try to visualize the finished product.

Many of the children have brought flowers for the room. We have new plants and vines, too. An autumn scene is being worked out for display on our project table.

**First Grade**  
Steven Sartain enrolled Sept. 8, having just returned from Germany.

Pupils are enjoying a new health book, "Being Six." A Spanish lesson each day this week has also aroused much interest.

**Second Grade**  
Because of the large enrollment and the crowded condition of the room, nine second graders have been transferred to a combined first and second grade room taught by Mrs. C. C. Sturtz. This leaves 31 in the original second-grade room.

Spanish has been added to the curriculum for first and second grades. It is taught daily by Mrs. Sturtz.

The second grade saw a film, "The Gray Squirrels," last week.

**Third Grade**  
We have new social studies books. We completed our first unit on homes. Types of homes in various communities were studied.

Mrs. Gordon Magdanz was a visitor Monday. Wayne Magdanz treated the class for his birthday. Warren Tiedtke treated for his birthday Friday.

In a spelling test including 22 words, the following received perfect scores: Sarah Ahlman, Mickey Carlson, Robert Clausen, Linda Decker, Mark Ellis, Linda Forbes, Bradley Hansen, Cinda Harder, Diana Janke, Jan Lamp, Vicki Lindsay, William Oetken, Patrick Osborn, Susan Shirck, Paula Telgren, Warren Tiedtke and Janet Zach.

**Fourth Grade**  
We are happy to have Lavern Brown back with us after being absent eight days because of mumps.

In social studies we are learning about the Indians who lived in Nebraska long ago. How to cut free hand letters is our subject in art. Safety pictures have been

### made in health.

Perfect scores in spelling were received this week by Steven Carlson, Douglas Farrans, Rickie Giese, Sherry Kern, Judith Lamb, Carol Mason, Pamela McNatt, Eric Nedergaard, Danny Polett, Douglas Ritze, Keith Soden, Sandra Strong, Jane Williams and Kathy Wolske.

### Fifth Grade

Paulette Merchant, Carl Matson, Mike Osborn, Sheri Johnson, Debbie Wright, Jane Osman, John Brandstetter, Sallie Bergt, Judy Wehrer and Linda Kay had 100 in spelling this week. Debbie's team is now leading Douglas' team 15-14.

Linda Boyer was chosen to make a record for the room of the language rules for writing sentences chosen by the class. The best maps of the New World were chosen by a committee and placed on one bulletin board. In health class we are making booklets about ourselves.

Wally Ulrich enrolled in our room this week. We now have 35 pupils in the room.

### Sixth Grade

Roger Sartain enrolled late due to his arrival from Germany where he attended school the past three years.

Several children brought collections of foreign coins for class study. Our social studies this semester are on the Latin American countries.

Ruth Ann Baier and Stacy Swinney brought bouquets of flowers for our room.

Our arithmetic class has been studying office machines and how they help. We visited the ASC office to observe the machine in operation.

Our health study is about our body and its different organs. We appreciated the courtesy of the science department in loaning us the new model of the human body to help in our study.

Carole Maciejewski and Brendt Lessman were absent because of illness.

We received some new supplementary text for our social studies this year. These new books supplement very much our text about Latin America and Canada.

Spelling champions in this week's mastery test are Randy Baker, Carol Costello, Doreen Diamond, Dean Elofson, Margret Fahrerkrog, Mary Jane Kern, Donald Koeber, Cheryl Lessman, Terry Magdanz, Kevin Miller, Stacy Swinney, Kathy Voorhies and Roger Sartain.

### Seventh Grade

The following were elected class officers: president, Sandra Olds; vice president, Debbie Wightman; secretary, Kenny Marra, and treasurer, Linda Weible.

Janice Ahlman gave an African violet plant to the room. Deanna McConnell brought some roses. Dianne Pollard brought a hand woven linen towel and some flax seed.

Mrs. Wriedt showed us a woolen blanket and a mohair blanket imported from Scotland. These items, added to special reports and films, have made the study of the British Isles more interesting.

Four new students have joined the seventh grade. They are Alice Turner, Dianne Pollard, Julianne Peterson and Harold Mellick.

### Eighth Grade

This week our class had two review tests, one in English and one in social studies. We enjoyed an interesting film Friday morning entitled "Discovery and Exploration." Every one in our room made an explorer's chart listing the explorer, date, country for whom he explored and what he discovered or explored.

Four students who had a day's absence are Jackie Bergt, Betty Harrison, Lynn Janke and Myrna Walker.

In girls physical education class there are 37 girls enrolled. We are doing exercises and running relays.

### District H

Mrs. Lois Bronzowski, Teacher.

A turtle and barn owl came the first week of school to visit for several days. Neil and Elray Brogren brought them for us.

Darvin Smith celebrated his birthday the first day of school.

A health contest and a daily work contest are being held this first six weeks.

## Why we built two cars for 1960 ... as different as night and day

On October 2—for the first time in Chevrolet's 49-year history—you will be able to walk into your dealer's showroom, and see two totally different kinds of cars. One is the conventional 1960 Chevrolet, brand new in appearance and more beautifully refined and luxurious than you can imagine. The other is unlike any car we or anybody else ever built—the revolutionary Corvair, with the engine in the rear where it belongs in a compact car. We'd like to tell you why we built two such different cars, how we built them—and for whom we built them.

Why two kinds of cars? Because America itself has been going through some big changes in the past few years. Our cities have been straining at their seams. Traffic is jam-packed. Parking space is at a premium. And our suburbs have spread like wildfire. People are living farther from their work, driving more miles on crowded streets. There is new leisure time—but more things to do. There's a new standard of living—and more need for two cars in the family garage.

In short, America's automobile needs have become so complex that no one kind of car can satisfy them completely. That is why we at Chevrolet, keeping tab on these trends, have had a revolutionary compact car in the planning stages for more than nine years.

Thus, when we decided three years ago to prepare for production of such a car we were ready to build it the way it should be built. There was no need for a hasty "crash" program that would create only a saved-off version of a conventional car.

That is why the two cars you will see in your dealer's showroom October 2 will be two entirely different kinds of cars. One is the conventional '60 Chevrolet—brand new in beauty, with new space inside, new spirit under the hood, a new

feeling of sumptuousness and luxury never before attained by any car in its field. There is great V8 power linked with new thrust, plus Chevrolet's superb 6-cylinder engine. It is a traditional car that comes even closer to perfection—in silence, in room, in ease of control, in velvety ride—than any other car we have ever made.

The other is the Corvair, a compact car that is astonishingly different from anything ever built in this country. It has to be—because this is a six-cylinder compact car, with a really remarkable performance... a car designed specifically to American standards of comfort, to American traffic needs.

The engine is in the rear. Among the basic advantages resulting from this engine location are better traction on a compact 108-inch wheelbase and a practically flat floor. But to be placed in the rear, the engine had to be ultra light and ultra short. So Corvair's engine is totally new—mostly aluminum and air cooled; it weighs about 40 per cent less than conventional engines. It is a "flat" horizontally opposed six—so it is only three cylinders long... and that leaves a lot more room for passengers.

Another weight saving: like modern airplanes, the Corvair has no frame; the body-shell supplies it great struc-

tural strength... it's a welded unit that is virtually rattle-free.

The ride is fantastic. But to get it we had to design independent suspension at every wheel; conventional springing would give a compact car a choppy ride. Right now we'll make one prediction: no other U.S. compact car will ride so comfortably, hold the road so firmly and handle so beautifully.

Now there are two kinds of cars from Chevrolet—because it takes two kinds of cars to serve America's needs today. If you love luxury—the utmost in luxury—and if you want generous interior space, breath-taking performance, automatic drives and power assists—then the conventional '60 Chevrolet may be your choice.

If easy parking, traffic agility and utmost economy are high on your list—then you should seriously consider the Corvair. But the best thing to do is to look these two new cars over at your Chevrolet dealer's... take them out for a drive. It may be that the only logical choice for your family between two cars like this is—both. They make a perfect pair.
