## Iowa Junior Named WSTC Homecoming Queen

PATSY KEITGES (second from left) will reign as queen over WSTC homecoming activities next week. The student body Monday elected Miss Keitges, Holstein, Ia. junior, from a group of six candidates. The six, chosen by the W club, are (left to right): Deanie Gilchrist, Camdenton, Mo.; Miss Keitges; Jackie Dittrick, Meadow Grove, Ia.; Peg Goodwin, Sac City, Ia.; and Jean Banks and Ardis Halleen, Wausa. Each class will now choose one to serve as the queen's court. Miss Keitges, an elementary education major, has been Anderson hall president and is a member of the Student council, Newman club and WSEAN.

## Corn Support Rate Remains at \$1.05 In Wayne County

The price support rate on 1959 crop corn in Wayne county will remain at \$1.05 a bushel, ASC Chairman Carl Sundell announced today. This rate is unchanged from the minimum rate announced several weeks ago.

Under the present corn program, there are no acreage allotments and corn produced anywhere in the U. S. in 1959 is eligible for support if it meets quality and storage requirements. There are adjustments for grade, quality, location and other factors.

As in past programs, corn will be supported through loans and purchase agreements available from harvesttime through May 31, 1960. Loans will mature July 31, 1960.

Sundell also called attention to the fact that for the first time there will be monetary premiums and discounts for foreign material in soybeans offered for loans or purchase agreements.

The basic support rate for current crop soybeans in Wayne county will be \$1.76 per bushel for Grade No. 2.

## Carroll Couple to Mark Golden Wedding Sunday

Mr. and Mrs. Elmer Phillips, Carroll, will observe their golden wedding anniversary Sunday with open house for relatives and friends from 2 to 4 p. m. at the Carroll Methodist church.

## Achievement Day Planned Friday

Wayne County Home Extension council will hold its annual achievement day program Friday at the Hoskins Brotherhood building. Home Agent Myrtle Anderson announced this week.

Registration will open at 1 p. m. Installation of new county officers and recognition of retiring officers will be made by Miss Anderson.

Other program features include vocal numbers by "The Four Spees," Winside, and a fashion skill by Hoskins women. State convention reports will be given by Mrs. Clarence Schroeder and Mrs. Erwin Ulrich, Hoskins, and Mrs. Gus Longe, Wakefield.

## Navy Band Slated at College Today

THE WORLD RENOWNED Navy band will play two concerts today at Rice Memorial auditorium. Commander Charles Brendler, band director, and three of the featured soloists are pictured above. A near-capacity crowd is expected for the 2 p. m. concert. Seats are still available for the 8 p. m. presentation. The soloists are Frank Scimone, English post horn; Ben Mitchell Morris, tenor, and Gordon Finlay, cornetist.

## Peg Cost at \$400,000

Wayne's city council will hold a special meeting at 7 p. m. Tuesday to open bids for installation of a new generating engine at the municipal light plant.

Engineer's estimates for the project are \$380,000 for the generating unit plus an additional \$20,000 if an optional cooling radiator is purchased. The city engineers, at a regular meeting Tuesday night, told the council five manufacturers are expected to bid on the new unit.

The new engine will replace a 500-kilowatt McIntosh unit installed in 1932. The bids Tuesday will be for an engine generating between 1,850 and 2,250 kilowatts.

Replacement of the McIntosh engine was recommended by the engineers after a survey of peak load growth at the local plant. The engineers said the present firm capacity (total generating capacity with largest unit out of service) of the Wayne plant is 2,250 kilowatts. Based on predicted future loads, this peak will be exceeded in 1960.

By installing a 2,000-kilowatt unit to replace the McIntosh, the firm capacity will be raised to 4,250 kilowatts, the engineers said in a preliminary report. This would take care of the city's peak loads at the existing rate of growth until 1972, they added.

Installation of a new unit will be the third such project since 1952. A 1,250 kilowatt Nordberg engine was purchased in 1952 and a 2,000-kilowatt Worthington in 1956.

In discussing specifications for Tuesday's lettings, the engineers told the council that the present cooling system is adequate to meet local needs for four or five more years. However, they added it would be safer to install more cooling capacity now if the money is available. The added cooling power would then be sufficient until another generating unit is purchased, they said.

In other action Tuesday night the council took steps to ask for bids for purchase of a new fire truck, a project recommended by the state fire marshal's office. The truck would replace a 1941 model now in service.

Estimated cost of a new truck was set at about \$16,000. The council instructed Fire Chief Lee Swinney to prepare complete details on equipment needs for a new truck and turn them over to the engineers for compilation of specifications.

## Kiwanis Club Hears Development Expert

Lee Fetting, representative of the Northern Natural Gas co. community-development department, was guest speaker at a Wayne Kiwanis club meeting Monday. He explained the role of the community council in the city's progress.

## Friday Deadline to Submit Bids for 1960 Soil Bank

Farmers who expect to participate in the 1960 conservation reserve of the soil bank have another deadline coming up Friday. That is the last day to apply for contracts to begin next year, according to ASC Chairman Carl O. Sundell. Nineteen farmers have already submitted contract applications.

After the applications are returned to the county office, contracts that can be accepted under the regulations will be offered to farmers for signature before the 1960 crop season begins.

Payments to farmers who had conservation reserve contracts in effect this year will be made next week, Sundell said.

All farms with conservation reserve contracts have been checked to determine that contract provisions have been complied with during the year. Farmers signing contracts agreed not to harvest a crop or graze livestock on the designated acreage. In most cases the contracts also require a reduction in the total acreage of crops produced on the farm.

There are about 110 contracts in effect this year in Wayne county covering approximately 9,800 acres. This land is out of production and is to be devoted to an approved conservation use. Payments for the 1959 contracts will total about \$148,500.

Sundell also reminded farmers that requirements of the contract

remain in effect for the duration of the contracts. The end of the growing season does not relieve the contract holder of the obligations under the contract.

## Brodd Rites Held At Winside Church

Funeral services for Cora Brodd, 97, were held last Tuesday afternoon at the Winside Methodist church. Mrs. Brodd died last Saturday.

Rev. Kenneth Willard officiated at the services. Jean Boyd sang "The Old Rugged Cross" and "Beautiful Isle of Somewhere" accompanied by Mrs. Gladys Gaebler.

Pallbearers were Peter Jensen, Frank Weible, C. B. Miffield, Art Jensen, Warren Jacobson and James Troutman. Burial was in Pleasant View cemetery, Winside.

Cora May Reed, daughter of Mr. and Mrs. Charles Reed, was born Sept. 18, 1862, at Red Oak, Ia., and came to the Winside community as a child. She married Perry Brodd Feb. 17, 1904. She was a member of the Winside Methodist church and Social circle. Survivors include five sisters, Mrs. Ben Lewis and Mrs. J. G. Sweigard, Winside, Mrs. H. S. Moses, O'Neill, Mrs. F. I. Moses, Wayne, and Mrs. Edwin Damme, Sioux City.

## 200 Attend Dixon Achievement Day

Dixon—About 200 women attended the annual Dixon county extension club achievement day last Tuesday at the Newcastle high school auditorium. Mrs. Albert Armstrong was in charge of the event.

Each of the 17 county extension clubs displayed their year's achievements and reports were given by each president. Skits were presented by each of the clubs attending.

Reports of the state council meeting at Fremont were given by Mrs. Jim Puckett, Mrs. Basil Wheeler and Mrs. Joe Mattes. Hostess clubs were Daily Doors, Hillcrest, Martinsburg-Mixers and Ponca Woman's club.

New county officers elected are: Mrs. James Puckett, Allen, chairman; Mrs. Joe Mattes, Wakefield, co-chairman; Mrs. Elmer Schutte, Dixon, vice chairman-elect; Mrs. Duane Calvert, secretary, and Mrs. Jim Warner, treasurer.

## County Delegates At Merger Meet

Three members of the Wayne County School Reorganization committee attended a joint meeting with the Madison county committee Tuesday at Madison.

They were Gordon Nuernberger, Wakefield, and Richard Miller and Herman Opfer, Hoskins. The meeting was held to discuss a comprehensive Madison county merger plan involving some Wayne county districts.

At a meeting of the Wayne County committee last Wednesday night, petitions were received from four Leslie precinct districts requesting a merger. The petitions seek to dissolve Districts 4, 27 and 73 and merge them with District 25.

The petitions, bearing the required 55 percent of signatures, were accepted and will be forwarded to the State Reorganization committee for study and recommendations.

## Training Meeting Scheduled Monday

Mrs. Clara Leopold, Lincoln, state family economies specialist, will conduct a training meeting for Wayne county extension club leaders at 1:30 p. m. Monday at the Wayne courthouse.

Topic for the presentation will be "Minding Your Husband's Business." The meeting is open to all interested women in addition to the extension club leaders.

The 3,500 musicians from 68 Nebraska high schools will form the word "Peace" on the football field and then sing "America." The band members will also march in a parade Saturday morning through downtown Lincoln.

## County Vote in Wool Referendum Announced

Sixteen Wayne county wool producers voted in favor of continuing deductions from their government wool payments to finance a market promotion program, ASC Chairman Carl Sundell announced today.

Preliminary results of the September mail referendum show the Wayne county vote was 16 for and six against the plan.

Nationally, Sundell said, results showed about 69 percent favored continuation of deductions.

### Denesia, Kollmorgen Named Grid Royalty

ROGER DENESIA and Judy Kollmorgen were crowned Wayne High's grid king and queen in ceremonies preceding the Blue Devil-Neligh football game Friday night at WSTC's Memorial stadium. Denesia is pictured above presenting a bouquet of roses to the new queen. She presented him with the game football. Wayne won the Husker conference game 26-0.

### Wayne Can Clinch Share of Husker Loop Crown Friday

Wayne High's Blue Devils will be seeking to clinch a share of the Husker conference West division crown Friday night when they travel for a game with Stanton's Mustangs.

A Wayne victory will assure the Blue Devils of at least a share of the division crown, which they won a year ago. Plainview is the only other team with a chance of sharing the crown if Wayne wins Friday. The Pirates have yet to meet Neligh and Pierce.

A Wayne victory Friday coupled with a Plainview loss to either Neligh or Pierce would move the Blue Devils into their second straight conference playoff.

Wayne moved a step nearer a repeat crown with a 26-0 homecoming victory over Neligh Friday night at WSTC's Memorial stadium. After a listless performance in the first half, Coach Harold Maciejewski's charges rebounded for their third straight victory and fourth of the season against one loss.

Neligh halted Wayne's first scoring threat on its own one-yard line when a fourth down pass from Buster Likes to Roger Denesia was short of the goal. The Warriors punned out to their own 28 and Wayne started its first scoring march.

Likes got 15 yards in three plays but was thrown for a nine-yard loss on a statue of liberty sweep. Denesia then hit the speedy sophomore halfback on the 15-yard line with a pass and he threaded his way through four Neligh defenders for a touchdown. Marlin Lessman's plunge for the extra point failed.

Neither team threatened seriously throughout the remainder of the first half. Midway in the third period came the turning point of the game. Jim Nichols recovered a Warrior fumble on the Neligh 32.

Lessman, who was a workhorse for the Blue Devils all evening, got 19 yards in three carries and Bill Witt added six. A sweep by Likes moved the ball to the Neligh 2, from where Lessman crashed over. He also added the extra point to his 13-0 with 3:27 remaining in the third quarter.

Another Neligh fumble set up another Wayne touchdown six minutes later. Bob Johnson recovered on the Wayne 39 two plays before the third period ended.

### Underdog Panthers Tip Coleridge 7-0 In Conference Tilt

Wayne Prep's underdog Panthers put up their stiffest defensive performance of the season Friday night to edge Coleridge 7-0 in a Cortassel conference game on the losers' field.

The game's lone touchdown was set up by a Coleridge fumble in the third quarter. Halfback Fred Bernthal took a screen pass from Corky Luff on the Bulldog 33 and scrambled his way into the end zone. Bill Reeg converted the extra point.

The halftime intermission interrupted the most serious Coleridge threat. A Tom Morrison-Nal Williams-Roger Fleener pass-lateral moved the ball to the Panther 8. Morrison hit Williams on the 3 with another aerial. Fleener then moved within six inches of the goal line as the half ended.

Prep's stout defense halted any serious Coleridge threats in the final quarter.

Bernthal was Prep's top ground-gainer. He carried 13 times for 79 yards, an average of 6.1. Fleener and Morrison carried the biggest share of the Coleridge offense.

Wayne Prep 0 0 7 0-7  
Coleridge 0 0 0 0-0

### Osmond Nips Winside 8-6 on Safety Friday

Osmond's Tigers used a safety to nip Winside 8-6 Friday night in a Cortassel conference game Friday night at Osmond. The win was Osmond's second in five starts.

The winners got the deciding points in the second quarter when a Winside pass from center went over the head of the punter and through the end zone.

On the following kick by Winside, sophomore quarterback Dave Clayton returned the ball 58 yards for a touchdown only to have a penalty nullify the score.

Midway in the third quarter Osmond countered its scoring drive. Ken Krikavac smashed the final four yards for the tally. Chuck Timmer's conversion kick was blocked.

Winside's touchdown came in the final quarter on an 18-yard run by Dennis Warnemunde.

### Area Harriers to Vie Saturday in Wayne State Meet

All three of last year's winning teams will be back Saturday to compete in the Wayne State invitational high school cross-country meet.

Crofton capped the 1958 run, with Bassett (Rock County) in second place and Valentine in third. The first two will bring full teams at least five runners, but Valentine will enter only a partial team.

Four other schools have entered full teams: Norfolk, Norfolk Sacred Heart, Randolph and Creston. Partial teams are coming from Laurel, Lyons, Newcastle, O'Neill and Butte.

They will run a course of slightly under two miles on the Wayne golf course. The meet will begin at 10 a.m. Bill Rupp, WSTC, cross-country coach, is director of the meet.

### Holy Trinity Eleven Scores Fifth Victory

Hartington Holy Trinity scored its fifth straight victory without a defeat Friday night by trouncing Laurel 27-0. The Trojans have outscored their five opponents 75-6.

Larry Haberman scored two touchdowns for the winners on a 14-yard run and a one-yard plunge. Guard Bill Schwartz, who was moved to halfback in the second half, ran 14 yards for the third touchdown. He kicked three extra points.

### Likes Scores First Touchdown in Blue Devil Win

BUSTER LIKES, Wayne high's sophomore halfback, is pictured above eluding a Neligh tackler while enroute to the first Blue Devil touchdown in a 26-0 victory over Neligh Friday night at WSTC's Memorial stadium. Likes took a pass from Roger Denesia on the Neligh 15 and eluded four Neligh tacklers in a twisting run for the score.

### Wayne Faces Unbeaten Peru Football Roundup In League Game Saturday

Wayne State's Wildcats go to Peru Saturday afternoon hoping to mar the Bobcats' undefeated, unscathed record. They also hope to disappoint the second homecoming crowd in a row.

Wayne spoiled a Chadron homecoming 16-13 Saturday afternoon, but had to wait until the closing moments to pull out of a tie. Ross Boyill did the trick with a field goal from the six-yard line with 1:40 remaining in the game. He kicked into a brisk crosswind estimated at least 20 miles an hour.

The Wildcats earned all their scores on long drives. Chadron tallied first on a 74-yard run that accounted for half of the Eagle rushing yardage. The second Chadron touchdown came on a long pass which Boyill caught and intercepted. Instead he handed it into the hands of a Chadron receiver who tumbled into the end zone.

Chadron halfback Virgil Meyer, one of the state's fast sprints, broke loose on the 74-yard gallop midway in the first period. The conversion kick was wide.

On the final play of the first period, Wayne started a drive that went 33 yards to a score. Merlin Mittels plowed the last 22 yards with excellent blocking. Skeeter Mahler kicked the point into the wind.

Chadron had three ground plays after the kickoff, then punted to the Wayne 22. The Wildcats used 11 plays to score again with Mittels' kick, this time 54 yards. Mahler's kick was wide this time.

The winners on their second touchdown win less than a minute left in the half when Guido Santoro lobbed a pass from the Eagle 45. Don Farley grabbed the ball as it squirted off the field's hands. Jim Schwartz ran the extra point after a kick attempt failed.

Both teams engaged scoring threats in the second half. Early in the third period Chadron intercepted Don Pate's pass in its end zone. Chadron mustered its one ground drive early in the third period and punted to the Wayne 14. The next four plays lost ground.

### Randolph Ends 25-Game Losing Streak Friday

Randolph ended a 25-game losing streak Friday night by trouncing Winside 21-0.

A 95-yard return of the second half kickoff by Neil Lackas highlighted the Randolph scoring. Jon Pate got another touchdown when he picked up a Hartington fumble and ran 49 yards. Clarence Burner got the other tally on a seven-yard run.

Randolph 0 0 7 14 0-21  
Hartington 0 0 0 0 0-0

### WSTC Cheerleaders Re-Elected

THIS CORPS OF CHEERLEADERS must have pleased WSTC students. All six were re-elected this fall. Seated (left to right) are LeVonne Echtenkamp, Wayne; Ardis Halleen, Wausa; and Marilyn Nelson, McLean. Standing are Evonne Anderson, Wakefield; Kay Wagner, Carroll; and Shirley Johnson, Early, Ia. All are underclassmen; three are sophomores and the others juniors.

### Wildcat Runners To Seek Fourth Victory at Crete

Wayne State cross-country runners will go after their fourth straight win this season against Doane college at Crete today. They also have a meet slated Monday with Dana at Blair.

The Wildcat harriers swept the first five places in beating Omaha U Friday on the Wayne golf course. Wayne scored 15 points to 46 for Omaha.

Don Weitzenkamp placed first with a time of 19:17 over the 3.4 mile course. Trailing him were Bob Gemmill, Ken Katzer, Lambert Belina and John Kruse in the scoring positions. (Only the first five finishers from each team count in final standings.)

Omaha placed sixth, seventh, tenth through thirteenth and sixteenth. Other Wayne runners were Larry Pierce, Joe Green, Larry Johnson and Burnell Ebert.

### Wakefield Remains Unbeaten on 14-6 Win at Bloomfield

Wakefield's Trojans ran their victory streak to four straight Friday night as they spoiled Bloomfield's homecoming with a 14-6 victory over the Bees.

The winners took a 7-0 lead in the first period when Lonnie Nixon broke loose for 40 yards. A pass from Anderson to Dale Fischer added the extra point.

Bloomfield moved within a point early in the second quarter when Leise scored but a conversion attempt failed.

Anderson clinched the victory for the Trojans with a one-yard plunge in the third period. He also kicked the extra point.

One 60-yard Bloomfield kickoff return was nullified by a clipping penalty.

Wakefield 7 0 7 0-14  
Bloomfield 0 6 0 0-6

# THE SIGN OF AN Out-of-Town Roofer or Siding Applicator

(HE WILL NO DOUBT CALL ON YOU)

## ON YOUR HOUSE IS NOTHING TO BE PROUD OF

- 1 IT IS A SLAP IN THE FACE TO WAYNE LABOR.  
Wayne carpenters and lumber dealers selling roofing and siding maintain homes and support families in your community. They help you give YOUR support to your churches and schools. Why give TAXES work to strangers?
- 2 THE SIGN OF THE STRANGE ROOFER GENERALLY MARKS THE HOME OF AN EASY MARK FOR SMART PEDDLERS.  
Some fast-talking salesman has stung that house-owner for a salesman's expense and commission added to the real value of the roof or siding. In Wayne you save that amount or get it in additional quality.
- 3 THE SIGN OF THE STRANGE ROOFER OR SIDING APPLICATOR ON THE USUAL COMPOSITION SIDING OR SHINGLE JOB MARKS THE HOUSE OWNER AS NO JUDGE OF VALUE.  
He probably does not know that the number of pounds of roofing to the square when applied to the roof is the all-important distinction between different roofs. The smart salesman has probably shown him a thick sheet of roofing which looks heavy but is applied to the roof so that it makes only one thickness weighing about 160 pounds to the square. Carhart's would most likely advise a slightly thinner composition but WOULD APPLY IT SO AS TO MAKE TWO THICKNESSES WEIGHING ABOUT 230 pounds to the square.
- 4 THE SIGN OF THE STRANGE ROOFER MARKS THE HOUSE OWNER AS ONE WHO IS WILLING TO PAY A HIGHER PRICE TO A STRANGER THAN A LOWER PRICE TO A NEIGHBOR FOR COMPARATIVE ARTICLES.  
We have yet to find a composition roof or siding job put on in or near Wayne by roof or siding peddlers where the owner could not have secured the same quality through local channels, applied by local labor, and have saved a considerable sum.
- 5 THE CARHART LUMBER CO. IS NOT AFRAID OF COMPETITION.  
All we ask is that you have local roof and siding jobs figured by local people before you sign any contracts. (You are not required to sign any contracts with us.) Check on the weight of the roofing; the number of squares; the quality; and find out the advantages of buying locally where you have a guarantee for years. When something goes wrong we are as near as your telephone—you KNOW where to find us, but where will you find the here-today-gone-tomorrow roofing and siding peddler if something goes wrong, one, two, or three years from now? We can supply the latest styles and colors in roofing and siding. We also suggest that we can help you with other plans.

**DO NOT SIGN ANY PAPERS UNTIL YOU HAVE CONSULTED YOUR LOCAL CARPENTER OR DEALER AND SAVE MONEY.**

# SCHOOL NEWS

**Eighth Grade**  
We enjoyed two films this week. "The Mohammedan World" and "Fur Trade." In the spelling test there were three perfect scores made by Judy Simmer, Renee Gilderslev and Lynn Janke.

Tuesday morning during our science period Nancy de Freese and Cheri Mach performed an experiment showing how convection currents transfer heat.

Mrs. Miller and Mrs. Wried treated the junior high boys and girls to watermelon at the city park Tuesday afternoon.

The junior high football team lost to Stanton 12-0. Another game is scheduled with Stanton Monday.

**Sixth Grade**  
Roger Sartain brought Italian and German dolls for class study. These were acquired while he was living in Europe. He also showed

pictures of interesting places visited in the Netherlands, Germany, Italy and France.

Models of pole houses such as used in the tropical regions of Mexico, were made by Terry Magdanz, Gary Mordhorst and Stacy Swinney.

Carol Costello and Kathy Voorhies rated perfect reading scores in the Weekly Reader reading tests.

In the six-week spelling test, Dean Eiofson, Margaret Fahrenkrog, Terry Magdanz and Robert Shirck had perfect scores.

**Fifth Grade**  
Paulette Merchant, Debbie Wright, and Sheri Johnson had perfect papers in the spelling test of 100 words. The contest ended in a tie, 27-27.

Wally Ulrich showed his collection of foreign money to the class

In connection with our reading, members of the class have been performing tricks of magic. In art we made crayola pictures for the bulletin board.

Linda Kay brought leaves for room decoration.

**Third Grade**  
We enjoy our lessons in the Weekly Readers.

This was the close of our first six-weeks. Several tests were given. Those who received perfect scores in a 60-word spelling test were Susan Shirck, Patrick Osborn, Jan Lamp, Vickie Lindsay, Linda Forbes, Diane Janke, Kathy McNatt, Bradley Hansen and Michael Carlson.

Mrs. Paul Telgren and Mrs. Wayne Tietgen visited our classes Thursday afternoon. Mrs. Birdie Mitchell, Norfolk, and Mrs. Walfred Carlson, Jr. visited us Friday morning.

**Second Grade**  
The following people had birthdays during the week and brought treats for their classmates. Jimmy Wacker, Bruce Mordhorst, Laurie Walters and Jimmy Gray.

The entire second grade visited the fire department Friday for Fire Prevention Week.

Visitors during the past week were Mrs. Lester Wacker, Mrs. Mern Mordhorst, Mrs. Arthur Walters, Mrs. S. M. Nedergaard, Mrs. Darold Kraemaer and Mrs. Miekey Gray.

**Combination Room**  
Diane Johnson, Kevin Lamp, Cynthia Nelson and Charlie Weible, David Ellis, Sandra Paulson and David Simmer have perfect attendance.

The health classes made booklets of their Jumper Joe study sheets. A picture showing Joe's family picking apples was used for the cover.

The second grade enjoyed a trip to the fire house. We were especially interested in the modern equipment which K. N. Parke pointed out and explained to us. Mrs. Thomas invited the first grade students to her room while the second grade and Mrs. Stirtz accompanied Mrs. Fisher and her

room to study the fire department. Those who made perfect grades in spelling last week were Debra Farnes, Cheryl Gillespie, Tommy Jensen, Margaret Osman and David Simmer.

**Kindergarten**  
Joan Garvin joined our afternoon class. She had not attended kindergarten before.

The circus was the high point in our week so we played our Bozo the clown album and started circus booklets. Mrs. Macklen put up a freize of circus animals.

Almost every home represented in our class made the home fire safety check and returned the list. Mrs. Albert Milliken and Mrs. Lloyd Russell were visitors Friday.

**Carroll Primary Room**  
We sang several songs for the Woman's club hobby show Thursday.

A TV set made from a large cardboard box is interesting to use for various programs of the reading and language classes. Kevin Hurlbert brought a cotton plant for the children to study. He brought it from Virginia, where he had visited his brother.

All grades enjoy the Weekly Reader, the children's newspaper. This year the kindergarten pupils were surprised with an edition printed for them.

## Brock Announces Nov. 7 Exams for Academy Entrance

Third district Congressman Larry Brock today advised he has arranged for the U.S. Civil Service commission to conduct another written examination Nov. 7, for young men who file application for nomination to the Air Force and Maritime academies for admission in July, 1960.

The examination will be conducted at Fremont, Norfolk and Columbus and will be available to all applicants who will have reached their seventeenth birthday, but not their twenty-second, by July 1, 1960. Applicants must be at least high school seniors by that date.

New applicants should direct a letter to the Congressman's Washington, D. C. office, House Office Building, to have their name included on the examination rolls. Formal application and other details regarding physical examination, references, etc. will be mailed to them.

All requests to compete in the Nov. 7 examination must be received in Brock's Washington office by Oct. 15.

Mr. and Mrs. Jim Atkins and family, who had been making their home with A. J. Atkins, moved Friday evening to their house on Third street.

## Capitol City Filled by Talk About State Investigations

LINCOLN—There has been a lot of talk about investigations in the capitol city. The Highway department, purchasing department and mental hospitals all have had a taste of it.

Reports are that Gov. Ralph G. Brooks is considering naming a committee of state senators to look into Highway department operations. Sen. Terry Carpenter, Scottsbluff, apparently beat the governor to the punch in announcing this.

But Carpenter's announcement was far from complimentary to the governor. He says Brooks has no business naming senators to such a committee when the Legislature itself voted against such a probe.

Also, Carpenter says the proposed investigation is designed to throttle him. The Scottsbluff senator says he has been looking into the department and will have a few things to say about it himself.

State Tax Commissioner Fred Herrington, a Republican, kicked off a gubernatorial inquiry into state purchasing practices. In a letter to Purchasing Agent A. Clifford Anderson, a Democrat, the tax commissioner ordered his personal clearance of any purchases above \$35 which were not let for bids.

Herrington says he has received complaints that certain suppliers have been favored with state business without submitting bids. Involved in the controversy are some chairs in the governor's office, in the mansion and some desks in the motor vehicle department. Governor Brooks ordered an immediate study of state buying practices.

Superintendents of the three state mental hospitals were called before the governor to tighten custody of sexual psychopaths.

The governor was told by the superintendents that 18 sexual psychopaths have escaped from the three state hospitals and have never been heard of since. Thirteen fled from the Lincoln State hospital, two from Hastings and three from Norfolk.

The governor heard Board of Control Chairman Charles Leeman charge that law enforcement agencies apparently do not follow through when the escapes are reported. The governor told the board to either get the personnel to guard the sex patients or place them back in the penitentiary where there is maximum security.

One suggestion that evolved from the meeting was that such inmates be photographed and fingerprinted, thus giving law enforcement agencies another tool with which to work to capture escaped sex criminals.

Brooks said his inquiry was triggered by an escaped Kansas sex psychopath who assaulted a six-year-old Lincoln girl. The man is now awaiting trial in Lincoln.

**Gas Tax Funds**  
Nebraska counties received \$756,558 as their share of the September gasoline and special fuel tax take. Another \$472,848 went to the counties for improvement of rural mail routes. Distribution of the \$33,886,681 gasoline tax and special fuel tax was announced by the state treasurer.

**Highway Allocation**  
Federal authorities have announced Nebraska will receive \$29,225,000 in Federal aid highway funds this year.

State Engineer Roy Cochran says the \$15,324,000 allocated for the Interstate highway is about one-third the \$47 million that has been available in the past. Interstate funds are matched on a 90-10 basis with the state putting up the 10.

The state's allocation for Federal-aid primary, Federal aid secondary and Federal aid urban funds is \$13,901,000.

**Idle Funds**  
About \$1.5 million in idle state funds has been taken out of Nebraska banks and invested in Federal securities. That's the report from State Treasurer Richard Larsen.

There was some \$4.5 million idle money in 290 banks when Larsen announced earlier in the year that he would take those funds and invest them, with interest going to the state general fund. Dividends from the investments have ranged from 3.75 to five percent, Larsen says.

### Price Analysts Forecast No Major Price Improvements on Hog Market Before '61

A YEAR-AHEAD LOOK at hog prices by agricultural price analysts indicates that no major price improvement can be expected before 1961 in spite of an expected cutback in the number of sows farrowing this coming winter and spring.

About five percent more hogs will be going to market this winter and spring. Then, as farmers cut back breeding plans, heavier runs of sows will temper seasonal price gains next summer.

Prices in the fall of 1960 could be a little higher than at present, but it will be 1961 before we get sustained \$18 prices.

**WIND UP FALL** buying of feeder cattle and lambs soon, suggest agricultural editors. Fall prices have slipped about as low as can be expected.

Besides, if you wait much longer, selection will not be as good. You'll have less management trouble with feeder stock bought now than if you wait until next month or later to buy.

## In Bookland

By Mrs. F. A. Mildner  
City Librarian

ABOVE MY TYPEWRITER IS A BULLETIN board where we post reminders of tasks to be done, leave messages for those who follow on the next shift and sometimes little jokes we pass on to each other. For several years there has been a clipping there which is worn and tattered, but I put it there because I thought it expressed exactly what a library means to me. This is what it says: "A library is such a thrilling reality. It can mean so much to so many. A library is a treasure house of life where minds can leap forward, where souls can be inspired, where laughter can be found, where tears sometimes creep in. A library is a mountain-top where we can submerge the I into a we, or a they or an us. A library is a wonderful challenge for inner growth and outer accomplishment. A library is the threshold of richer friendships, clearer understandings and wider and deeper living." It makes me sad to be taking down these personal things from the bulletin board and to be cleaning out my desk, but I know that some day someone will be found to take my place who will come to feel the same way about a library. Without that feeling she wouldn't even want to sit at the desk because it would just be another job instead of a wonderful experience.

**WE WERE VISITED THIS WEEK BY ONE OF THE** rural schools whose teacher comes to the library regularly for books to take out to her pupils. Mrs. Lemoine-Cunningham brought her students so they might see where their books were coming from and they all seemed to enjoy the experience. We hope many more teachers will follow her example. Many have visited us each year and we often see some of the children on Saturdays when they come to town with their parents. They have found it an interesting place to spend some of their time. We invite them especially during the month of November as there will be no special observance of Children's Book Week this year. There will be lots and lots of new books, carefully selected and made ready these past few months.

**THERE ARE TWO NEW BIOGRAPHIES ON THE** rental shelf this week. One is about John Paul Jones, the "Book-of-the-Month" selection and the other the strange, beautiful and true story of her life by Alice Tisdale Hobart which she has entitled "Gusty Child." The writer lived most of her life in China and wrote about it in her many "True" novels. The exciting life she has led reads like a novel because of her varied experiences.

### Safety Council Outlines Rules for Safe Picker Operation; See Lower Feed Price

Each year some farmers in every county are killed, injured or maimed for life in corn picker accidents. These accidents are extremely costly in money, lost time and suffering by the farmer and his family.

A safe operation of a corn picker takes a high degree of skill and more than a little common sense. No other farm machine combines so many potentially dangerous moving parts as a corn picker. Thousands of fingers, hands and arms are lost each fall in these harvesting implements.

Remember a corn picker can whisk a foot stalk through its snapping rolls in one second. Then think what it could do to your hand or arm. Here are some rules from the National Safety Council for safe picker operation:

1. Always stop the picker before oiling, adjusting or unclogging. Make "shutting off the power" a habit every time you leave the tractor seat.
2. Keep safety shields and guards in place. Never operate a machine without them. Use tractor engine shields to prevent fire on mounted pickers.
3. Dress for the job. Always wear close-fitting clothing that is warm and comfortable. Never wear extra-thick gloves.
4. Watch out for falls. Never let anyone else ride on the machine with you. See that you have a firm footing when you climb on and off

Uncle Zeke FROM Plum Creek says:

It was voted unanimous that it ain't going to sell unless they put in a few jokes and cooking recipes.

Folks has got used to having a little of everything in their almanacs and they ain't going to change their reading habits for the "The Weather Bureau." The jokes and recipes is the main thing and the weather forecast is secondary, especially if it's coming out of Washington. Per insant, they're saying official that we're in for a cold winter but I ain't cutting no extra fire wood till I have time to get my Grier's Almanac down and see for shore what kind of winter we'll have.

Them weather bureau folks don't do none too good just figuring it out from day to day, and I ain't got much faith in 'em on an annual basis. But Ed says he'll order one if they put a few jokes fer him and some cake recipes for his old lady and that if they git cramped for space they can just leave out the weather business.

Yours truly,  
Uncle Zeke

**DEAR MISTER EDITOR:**

The boys up at the country store Saturday night was paying their respects to the medical profession. We got one feller that sets in on our sessions pretty regular that ain't again fresh air, shade trees, pure spring water and wedded motherhood. Everything else he's agin and he was giving doctors a hard time Saturday night.

He allowed, fer instand, that you can't hardly git a doctor to come out in the country no more and when you go to town to see one you have to set and wait so long there ain't no chance of getting the disease in its early stages. He said his wife went to see the doctor about a cold in the head and afore he got to her it developed into double pneumonia.

Another feller said we wouldn't have no country doctors in another 20 year, just specialists. He claims a country doctor treats what you've got and on the other hand, in the case of specialists, you've got what he treats.

I ain't knocking doctors, Mister Editor, but I did read not long ago where a New York surgeon was asked by the court what he operated on a certain patient fer and the doctor said he operated on him fer what he had—appendicitis and \$300.

Some of the fellers bring up the rumor that the U. S. Weather Bureau was going to git out a booklet next year that would give the weather forecast for a whole year.

**Antique Show at Carroll**

Carroll Woman's club sponsored a hobby and antique show Thursday afternoon at the local auditorium. About 50 women attended the event.

The oldest object on display was an iron gem-pan brought by Mrs. John Owens, Wayne. It came from New York and was used by her great-grandparents. It is at least 200-years-old.

Other items on exhibit which were 100 years old or more included a handmade rolling pin made by Mrs. William Pritchard's father and belonging to Mrs. Clair Swanson; a piece of German linen shown by Mrs. David Garwood; a slate owned by Mrs. C. A. Beaton that was used by J. L. Beaton, father of her husband; a sugar shaker used in Denmark by Mrs. Julius Eldhardt's mother; a chair owned by Mrs. Sarah Hubbell and a hand-made hood worn by Mrs. Anna Hansen's mother.

Hobbies displayed included crocheted work, oil paintings, quilts and African vases.

Mrs. Joy Tucker presided at the business meeting. Primary room pupils of the Carroll school, accompanied by Mrs. Inez Boeckenhauer, sang several numbers.

Lunch was served by Mrs. Earl Davis, Mrs. Levi Roberts and Mrs. Emma Davis, Mrs. Elly Pearson and Mrs. Arthur Glass were chairmen of the show. Mrs. Ivor Morris was publicity chairman.

Pupils of the intermediate and upper grade rooms viewed the exhibits after school.

## 24 People Work on Wayne Herald Weekly

### Would You Trade 8 Bushels of Corn for Year's Subscription

Eighty-four years ago, a year's subscription to the *Wayne Herald* was a bushel of corn. Today, a year's subscription to the *Wayne Herald* is only three dollars a year. Translated into today's corn value, about three bushels of corn will get you the *Herald* for an entire year. And the papers in those days were two pages whereas today it runs from 14 to 28 pages each!

For that subscription price you get something you can get from no other source—all the news in Wayne county. It's more than just news. In a few years the bound newspaper files of today will be the only complete history of Wayne county. What you get from week to week is history in the making.

For example, we have at the office old issues of *The Herald*. In them, a Council Bluffs merchant, in a display advertisement, offered "Old Monongahela" whiskey for sale by the barrel and cash wasn't necessary. He would accept "good and well-dried hides" in trade for

merchandise.

There were editorials and stories about an election coming up. A "men wanted" classified ad, seeking book salesman, said "many of our agents are making \$10 to \$15 per week."

Where else but in those old newspapers could you find such a vivid description of what people were doing and thinking in Wayne a few months after the first building had been erected on the prairie? The same may be said of all the newspapers published in Wayne before 1900.

There were four in all: the *LaPorte Review*, founded in 1873; the *Wayne Herald* successor to the *Review*; the *Wayne Democrat* in 1884; the *Wayne Graphic* in 1891.

In addition to those papers in Wayne, all of the other towns in the county at one time had papers. In fact, there were papers published in towns that no longer exist—like LaPorte.

But one by one, through financial failure, merger and consolidation, all but one of the Wayne newspapers ceased publication.

The survivor is your *Wayne Herald* of today, now in its 85th year of publication. We like to think that *The Herald* survived and grew bigger and stronger (while

two others failed) because it was the best newspaper. It ended up with all the subscribers because it printed all the news. And they got all the advertising from the merchants because they had all the subscribers and got results.

That's a goal we still strive for each week—putting out the best possible newspaper in Northeast Nebraska.

**Herald Newsprint Shipped By Carload from Canada**

An entire carload of newsprint is unloaded for *The Wayne Herald* every six months. This newsprint is made by Abitibi Mills in Sault Ste. Marie, Canada.

It takes about a week to 10 days for a carload of print to arrive here from Canada via rail.

**Lots of Visitors**

Visitors, lots of them each year, come to our newspaper manufacturing plant to see how the newspaper is produced. School classes, clubs, organizations, etc., generally find the trip very interesting.

It is requested that such trips be arranged before coming to the plant.

### Herald Originated Farm Sale Service

One of the unique services offered to this area is *The Wayne Herald's* special Farm Sale Service, originated at this newspaper.

It is a complete advertising service designed to give a farmer a simple and sure method of obtaining crowds at his farm auction. The newspaper has handled 144 of these sales since 1950.

A weekly calendar of coming sales is published to enable a farmer to choose a date that does not conflict with the date of other sales. In addition to this free listing, the Farm Sale Service:

- (1) Gives experienced help to the farmer in drawing up an effective sale ad, one that will draw a crowd.
- (2) Permits use of any of the livestock and other pictures maintained at the Herald office.
- (3) Gives thorough coverage of the auction sale ad throughout the area.
- (4) Prints free of charge large sale bills printed on bright colored paper.
- (5) Gives free arrows for posting to direct crowds to the auction on sale day.

This one-stop service is intended to help solve the problem of the farmer who must have a large crowd at his auction to make it a financial success.

## Serving Wayne County Over 85 Years

We've watched Arthur Godfrey, too, and know all about the virtues of humility. And week in and week out we think we are pretty humble about our work of producing your hometown newspaper.

So if it appears that we have forgotten our humility during this National Newspaper Week, Oct. 15 to 21, we think we can justify it. During the rest of the year we promote for others. Every cause in the community, every bond issue, every school or church building project, every civic improvement, every benefit, finds its supporters turning to us for help. And when the cause is just, the need real, we cooperate.

So in a week dedicated to the newspapers of America, we are taking advantage of an opportunity to advertise our own product; to "blow our

own horn" if you please.

Naturally, we are proud of the recognition *The Wayne Herald* has received in the past eight years among Nebraska newspapers. Proud because in a measure it proves to us that your county newspaper is striding forward in the efforts to produce the best newspaper possible, and being a vital force in its community.

Since 1950 when contests were instituted, *The Wayne Herald* has won 13 Nebraska Press Association and *At-Sar-Ben* awards, including first place in general excellence and service to agriculture.

The editorial qualities which build greatest interest among readers produce the best returns for advertisers. Below is a complete list of what our "trophy room" is filled with:

### Winner of 13 Awards

- 1958—SECOND in Nebraska, "General Excellence"
- 1957—Honorable Mention, "General Excellence"
- 1956—SECOND in Nebraska, "Service to Agriculture"
- 1956—Honorable Mention, "Outstanding Community Service"
- 1955—SECOND in Nebraska, "Service to Agriculture"
- 1955—SECOND in Nebraska, "General Excellence"
- 1954—Honorable Mention, "Outstanding Community Service"
- 1954—SECOND in Nebraska, "Service to Agriculture"
- 1954—SECOND in Nebraska, "General Excellence"
- 1953—FIRST in Nebraska, "Service to Agriculture"
- 1953—FIRST in Nebraska, "General Excellence"
- 1951—FIRST in Nebraska, "General Excellence"
- 1950—FIRST in Nebraska, "General Excellence"

### Pressures Against Good Newspapers

Sometimes it is a marvel that newspapers, by and large, turn out to be as good as they are.

Because frankly, about 90 percent of the pressure put on a newspaper man is pressure to put out a "mediocre" paper. Only about 10 percent of pressure we get is in the direction of better newspapering.

As a result, any time you find a good newspaper, you find behind it a newspaperman or staff that has resisted a good share of the many pressures put on it to suppress the news.

Here are some examples of the things we mean. And no one should take any of them personally, because each one happens about once a week or so.

1) A young man who's been fined for drunk driving demands that the newspaper keep his name out of the paper. Frequently he gives as his reason that his mother has a "bad" heart and if she saw the story it might kill her.

Traffic violations are considered "news." It may not be good news, but it is news. Newspapers cooperate with safety councils, patrolmen, etc. in safety drives. The printing of traffic violations also helps to call attention to the faults of all we drivers.

2) Figures show a drop in retail sales in the city or county. Some will feel that shouldn't be put in the paper; that it won't do the town any good; that it is a poor place to trade.

Some tend to get the newspaper mixed up

with the Chamber of Commerce.

Actually, we're all for the C of C and try to be a good member of it. But if Wayne or Wayne county shows a drop in sales, that is news, as well as when it shows an increase. If the printing of the news does not coincide with the objectives of a chamber of commerce, that is unfortunate.

"But," you might say, "I thought you were interested in community service." We are, very, very much so. But our No. 1 goal is printing the news first, last and always; to be a mirror of what is actually taking place in our area, not a colored version.

When a newspaper man is after a news story, he is only doing his job. Many of the stories he writes about he wishes he didn't have to write—but his job is to mirror what has happened.

Like we said, most of the pressure is in the direction of a mediocre paper. That's why newspapermen need weeks like National Newspaper Week which happens to be this week. It is a week in which we can take stock of ourselves and decide whether it's worthwhile fighting it all for another year or whether the smart thing would be to give in.

As for us, we'll just keep resisting and doing our best to publish a newspaper that our community will be proud of. Heck, that's half the fun of it!

When a newspaperman can't stand the heat, then he'd better get out of the kitchen.

### Another First... COLOR

In the constant effort to bring the newest to its many patrons, *The Wayne Herald* introduced the use of color ink, the first Nebraska weekly to offer color to its advertisers and readers each week.

This has happened because each week more people than there are homes in Wayne county invite, and expect, *The Wayne Herald* into their homes. Without their support *The Herald* could not continue its advancement in the coverage of news in words and pictures.

The advertiser, who along with the companies that supply them their goods, recognize the newspaper as the most effective media for presenting their goods to the public. Therefore, with their support *The Wayne Herald* felt they must provide them with the latest dimension in advertising service.

Color was introduced this year, and merchants using it have reported tremendous results in their response to advertising. Color attracts the eye and tests have shown it to be extremely effective.

### Lots of Ink

More than two barrels of ink, each weighing 500 pounds, are used by *The Wayne Herald* annually to print the paper. In 1959, we also started using colored ink for advertisements.

## Every Week...

This Newspaper Sells Thousands of Items For the Folks in This Community

Yes, every week this newspaper goes to work as a salesman for our many advertisers who have something to sell. For when you speak through the advertising columns of this paper, thousands of our readers pay attention. You can corral this potential market because these folks give our paper the thorough readership that pays extra dividends at the sales counter. Whether you have one slightly used washing machine to sell... or 100 new ones, TELL our readers... SELL our readers—through our Advertising Columns... display or classified.

TO THE NEWSPAPERS OF THE NATION:  
It is a pleasure to take part in the twentieth annual observance of National Newspaper Week.

"Your Newspaper... Freedom's Textbook" is a fine theme for this year's observance. To me, it stands for the hopes and achievements of American journalism. As our editors report the daily affairs of their communities with zeal and accuracy, they help to supply our citizens with the lessons of history, together with the information which is required to make history move steadily forward in the direction of freedom and justice.

I am delighted to add my best wishes for the success of National Newspaper Week.

### 'Job Printing' Big Herald Department

Few readers realize that in addition to printing of the newspaper each week, *The Wayne Herald* building also houses one of the largest commercial printing departments in NE Nebraska under the direction of Warren Price.

It's here that more than 1,000 commercial printing jobs are turned out each year; such things as catalogs, student directories, advertising broadsides, pamphlets, school newspapers, farm sale bills, letterheads, tickets, statements, envelopes and just about any other kind of printing you can think of.

Included in the job department are three automatic presses, a hand-fed cylinder press, a hand-fed platen press plus an automatic folder, stitcher, hole punch, perforator and paper cutter, to name the major pieces of equipment. The three automatic presses can turn out a combined total of 33,000 printed pieces each hour.

### 17 Little Ones

The main staff of *The Wayne Herald* consists of 12 employees. Of these, 10 are married and have a total of 17 children. Two of the staff are not married. A total of 40 persons depend on the newspaper for their livelihood.

### Utilities Used

During the year 1958, more than 20 electric motors in the *Wayne Herald* building consumed \$1,131.41 worth of electricity to produce the newspaper and commercial printing.

To maintain heat in the printing department and offices, it took \$416.77 worth of natural gas.

To say that 24 people are directly involved in getting out your *Wayne Herald* each week sounds impressive, until you think it over and conclude that that figure isn't nearly high enough. It actually should be up in the hundreds—maybe a thousand.

For the "24" includes only those employed in the office and the regular correspondents. It does not take into consideration the many "volunteer" reporters who contribute to the news columns or the employees of 22 postoffices in Wayne and adjoining counties from which papers are mailed each week.

All weekly newspapers depend upon the helpful people who telephone or mail news to the paper—the secretaries, historians and publicity chairmen of all kinds of clubs and organizations. And just plain folks who tell us what they and their neighbors are doing. Without them we'd be lost; for there couldn't possibly be a newspaper staff big enough to have someone on hand at every newsworthy event that takes place.

Credit also the news sources upon whom newspaper staff members call each week for news: the schools, city, county agricultural agencies, to name some specifically. Their cooperation is a "must" too.

And don't forget the advertiser! Advertising is news, too—news of where you can buy what you want at the right prices right here in your hometown. The businessman who does his advertising in his hometown newspaper helps make it a better paper and at the same time he helps make his own store a better one and his town a better place to shop.

But the brunt of the task of getting all of the news and advertising assembled and into print each week falls upon the 24 who work at it regularly—and they must do it ahead of deadlines and under pressure.

It's like the baseball umpire who was asked, "Is it a ball or strike?" His answer was: "Until I call it, it ain't nothing." And until an event is published in the newspapers where everybody can read about it, it ain't news.

Naming the ladies first here at the office, there's Mrs. Marie

Pretzer, who writes the local and social news; Mrs. Genevieve Williams, who handles the bookkeeping, and Sandra Jones, who writes locals and handles the subscriptions.

Then there's Bill Richardson, business, advertising and farm sales manager; Bob Johnson, who writes the news and sports and manages the commercial printing department; Monty McMahon, who works part-time on advertising, and Alan Cramer, the publisher, who has a hand in just about everything that goes on.

In the print shop there's Warren and Smokie Price, Raymond Murray, Maurice Blaker, Mrs. Yvonne Engstedt and Dick Strong, who handle all of the mechanical end of the process.

Their jobs are too technical and varied to attempt an explanation of what each does specifically and make it understood by the layman.

### Correspondents

Getting out of the office now and out over all the circulation area that includes all of Wayne county and adjoining areas, we have these regular news writers:

- Dixon—Mrs. Sterling Borg
- Leslie—Mrs. George Buskirk
- Carroll—Mrs. Arthur Cook
- Wakefield—Mrs. George Grimm
- SE Wakefield—Mrs. Ellis Johnson
- Winside—Gladys Reichert
- Sholes—Mrs. Martin Madsen
- Hoskins—Mrs. J. E. Pingel
- SW Wakefield—Mrs. Lawrence Ring
- Concord—Mrs. Gail Martindale
- NW Wakefield—Mrs. W. C. Ring

### Type Produced by Three Machines

In the old days of the newspaper business, every single piece of type was set individually—and all by hand.

Such a process was not only tedious and time consuming, but also put such wear on the type that it often broke and became illegible—if it wasn't lost first.

All this changed with the invention of the Linotype machine, operated by a keyboard. As the name implies, an operator sets "a line of type" at a time. The lines are made from lead and after use are remelted and used over and over again.

*The Wayne Herald* has three of these machines to set the smaller type used in news stories. They will set a total of 11 different styles of type.

We also have a Ludlow machine which sets the larger type used in headlines and advertisements.

HERE'S THE MAN who really makes things run. He's Warren Price, mechanical foreman for The Wayne Herald. He's pictured above composing one of the many type forms he puts together during the years as head of the commercial printing department. A veteran of nearly 30 years with The

Herald, he can step into any department of the "back shop" when help is needed. Before joining The Herald in 1931, he worked on newspapers at Callaway, St. Paul, Omaha, Lincoln and Columbus. He is married and has raised a family of six children, two of them still at home.

## That Works Together To Bring THE

During National Newspaper Week, We pause to Say "Thank You"

**TO ALL OUR READERS**, we say thanks for your interest in your newspaper as is evidenced by the largest list of subscribers in Northeast Nebraska; and we thank you for your letters, your compliments, your gripes.

**TO OUR PRINTING CUSTOMERS**, our thanks for your growing patronage that has enabled us to expand this department. We now have the largest commercial printing plant in the area and turn out thousands of jobs each year.

**TO OUR ADVERTISERS**, our thanks for allowing us to aid you in building a greater business for you and for your confidence in placing more advertising in our newspaper than in previous years. Good newspapers and good stores go hand in hand. We are pleased to be recognized as judged among the "best" weeklies in Nebraska.

**TO ALL OTHERS** who have assisted us during the past year by bringing in pictures, news and assisted our staff in other ways in bringing the news of Wayne county before the people, we say Thank You.

MONTY McMAHON began working for The Wayne Herald last summer as a fill-in job during vacation from his duties as a vocal music instructor at Wayne High. Monty now has several advertising accounts he services regularly on week ends after his week's duties at school are done. Monty is married and has a daughter.

BILL RICHARDSON works so he can hunt and fish. His primary job with The Wayne Herald is selling advertising and he is shown here at left, planning an ad with Milt Mason, manager of the J. M. McDonald store. Bill is a native of Des Moines, Ia. and has a degree in journalism from Drake university. His first contact with working journalism was in North Africa during World War II where he helped publish a battalion newspaper for his Army unit. He is married and has two children, a boy and a girl.

A HIGH SCHOOL JOB as sports reporter Bemidji, Minn. got Bob Johnson interested in journalism although he didn't start his journalistic college until 1946. He received a degree from the University of Minnesota in 1949 and is now in Ia. Review the same year. He moved to Wayne during World War II he was with the Army theatre. Bob is married. He and his wife have a daughter.

MRS. YVONNE ENGSTEDT works part time as a linotype operator for The Wayne Herald. She learned the work at Wausau shortly after she was graduated from high school. She was married at the outbreak of the war. Her husband was killed in the war and Yvonne has taken care of her two daughters since. One now is a freshman in college while the other is in high school. About three years ago Yvonne began operating the Linotype again and now commutes to Wayne from her home in Dixon.

SANDRA JONES owns the voice many persons hear on their telephone saying, "This is The Wayne Herald. Any news today?" Besides writing many of the local items appearing in The Herald each week, Sandra takes care of subscriptions, reads proof, runs errands and makes coffee for the morning coffee break. She was graduated from Wayne High last spring and plans to work a year, then enroll in college. She is the daughter of Mr. and Mrs. Charles Jones.

DICK STRONG is a devil on a printing press. Dick works at Wayne High this year. Dick works part time during vacation printing casting mats, pouring lead pigs to fasten the type after the newspaper is set up. He is learning the printing trade. He started as a printer at the Wayne Herald when he was 16. He is married and has a daughter.

## THE WAYNE HERALD Into Your Home!

**ALAN CRAMER** is the second generation of Cramers to publish The Herald. He moved to Wayne as a high school sophomore in 1947 when his father, the late Mark E. Cramer, purchased The Herald from the late E. W. Muse. Cramer has served as publisher and co-owner since 1954, when his father died. Although he's not yet 30, Cramer combines a lifetime newspaper background with a journalism education at the Universities of Iowa and Nebraska. Cramer started as a "printer's devil" in the mechanical department as a kid of 13 and has 15 years experience in all phases of community newspapering. In college he worked as a reporter, photographer, copy editor and wire editor of student magazines and daily newspapers.

**THE SAYING SAYS** printer's ink gets in the blood and if it does, "Smokie" Price must have inherited it from his father, who's the shop foreman. Smokie joined The Herald team as a veteran trainee in June, 1956 after a two-year hitch in the Army. However, he worked as a "printer's devil" while he attended Wayne High, where he was a basketball star prior to his graduation in 1951. An avid fisherman and hunter, he's an active member of the Wayne Izaak Walton chapter. Smokie is married and has one daughter.

**MRS. EVAN WILLIAMS**, "Gen" to her friends, has the task of keeping the books for the Wayne Herald team. Gen is a native of Carroll. Besides her talent for keeping books straight, she also keeps us straight on names of families in the Carroll area. She worked several years for an automotive firm before she quit to raise her family. Now that her two youngsters are of school age, she has come back to work, this time at The Herald.

**MARIE PRETZER** has a multitude of duties, foremost of which is society editor for The Wayne Herald. Besides answering the phone, keeping track of appointments for staff members and waiting on customers at the counter, she helps out in other departments as the need arises. Marie is a native of Boyd county. She and her husband now live in Wakefield where two of their three children attend school. She lives a busy life ... commuting from Wakefield each day, readying the youngsters for school and putting in a full day of work at the Wayne Herald.

**MAURICE BLAKER** has a lifetime of experience in printing and publishing a newspaper. He started his printing career years ago in his native town of Wakefield. After seven years with the Wakefield paper he purchased the Tri-County Press at Emerson, which he operated 20 years. After selling his paper Maurice came to work as a Linotype operator and job printer for The Wayne Herald. His favorite pastime is fishing and other outdoor activities. Maurice drives to work daily from Emerson where he and his wife still live. They have two children; one son who is employed by a telephone company in Omaha and one daughter, who works in Chicago for an insurance firm.

**RAY MURRAY** will complete 11 years as a printer at The Wayne Herald next month. He's pictured above adding ink to the fountain of the color unit atop the newspaper's biggest printing press, the Duplex which can print from two to eight pages at one time. A Navy veteran of Pacific action in World War II, Ray joined The Herald in 1948 on veterans' training. A native of Wayne, he gave up painting to make printing his trade. While attending Wayne High he was a member of the basketball team which won the state championship in 1942. He was graduated in 1943. Ray is married. He and his wife, Marilyn, have one son.
