New School in Leslie Precinct Opens Monday

The new school in Leslie precinct opened on schedule Monday, despite vandalism at the school Friday night. Several windows and door glasses were broken. Sheriff Don Weible is investigating.

The new school resulted from a merger of four school districts. The district of the new school is No. 25, and it is a Class I school. The building is of brick and is divided into two class levels. The lower grades, kindergarten through fourth, is taught by Mrs. Helen Kai. Mrs. Resabe Taylor has the upper grades, fifth through eighth. Lower grades will begin classes in the new building Monday.

Emerson Girl Dies in Highway Mishap

Kathleen Luech, 11, Emerson, was killed on Highway 25 Monday while returning from school. She was one of five children who left the back of a pickup truck not far from the Luech home.

County Attorney Merle Kingsbury said Kathleen was evidently watching the other children who had stayed on the side of the road and backed across the highway into the path of an oncoming car.

"Driver" of the car was Russell Rasmussen, 18, who lives near Homer. Kingsbury said Rasmussen tried to avoid hitting the girl, but was unable to do so.

She was the daughter of Mr. and Mrs. Elmer Luech who farm near Emerson.

Funeral services were held Wednesday at St. Paul's Lutheran church, Emerson.

Meeting of Association for Retarded Thursday

Dixon — Dr. Jack Campbell, from the Special Education Department, Lincoln, will speak to the Tri-County Association for Mentally Retarded Children Thursday Jan. 12 at 8:00 p.m. at the Laurel School auditorium.

All parents and others interested in the problems of educating mentally retarded youngsters are invited to attend this meeting.

The Laurel PITA will serve refreshments at the close of the meeting.

Winter Story Hours to Start at Library Jan. 7

Winter story hours will begin Saturday at 3 p.m. at the Wayne public library. Children in the Wayne area between the ages of four and 10 are welcome to attend.

Mrs. Bonnell Fredrickson, city librarian, and her assistant, Patricia Olson, will tell stories at each session and show a film.

CAMPING TWO NIGHTS in snow last week turned out to be a more enjoyable experience for Boy Scout Troop 174 than some folks might guess.

The boys pitched camp in a grove of trees a mile north and a mile west of town and stayed from mid-day Monday to Wednesday noon. If they hadn't run out of food, they would have stayed two or three more days, they declared. Pictured around one of their three fires are Stuart Benthal, Phil Rees, Gary Lorenzen (kneeling), Eric Manley, Neal Rohke and Scoutmaster Dick Manley.

WSTC Winter Band Concert Tuesday

Wayne State's band will present its winter concert Tuesday night, joined by the college choir. The public performance, free of charge, will begin at 8 p.m. in the Rice auditorium.

Featured soloist is Bill Koerber, freshman from Wayne, who will play Weber's Concertino for Clarinet, Op. 26, accompanied by the band.

The choir, with band, will perform "Battle Hymn of the Republic" in the arrangement recently made nationally popular by the Fred Waring chorus. Vocal soloist for this number will be Gary Luckert, a 1959 graduate now serving as a graduate assistant in the English department.

The choir and band also will do a medley of Victor Herbert favorites, including: "March of the Toys," "Because You're You," "When You're Away," "I'm Failing in Love With Someone," "Gypsy Love Song," "Italian Street Song," and "The Irish Have a Great Day Tonight."

Another special performance will present the double brass quartet, playing Giovanni Gabrieli's "Sonata Piane Forte." This composition is one of the oldest in existence for a definite combination of instruments.

Among the band members will be the finale to "Symphony in B flat for Band," by Paul Fauchet, the first symphony composed originally for band.

Deadline for Spelling Contest Entries Today

Thus far 105 students have entered the annual Wayne Herald spelling contest. Deadline for entries is today.

County Supt. Gladys Porter said some teachers have designated they will have entries, but as yet have not sent in the names. It will be necessary for all the entry work to be completed by 5 p.m. tonight, Jan. 5, for the students to be eligible for the contest.

Bill Viridon to Speak at Old-Time Baseballers Meet

Bill Viridon, star outfielder with the world champion Pittsburgh Pirates, will be the main speaker at the NE Nebraska Old-Time Baseball Players association meeting at 8 p.m. Jan. 25 at the Wayne city auditorium.

Vern Hoescheit, president of the Three-I league, former Norfolk league catcher, will be master of ceremonies. Richie Ashburn, Tilden, Chicago Cub outfielder, will be invited to speak.

The following new officers were nominated: Iven Kamrath, Madison, president; Leo Jordan, Carroll, vice president; and Norris Weille, Wayne, secretary-treasurer. The officers will select their directors.

C. B. Missett, Winslow, and Jordan are on the entertainment committee; Louis Fox, Pilger, ticket; and Fritz Dimpfel, Wisner, public relations.

The directors will meet again Jan. 18 in Norfolk to complete plans for the annual meeting.

Present "Oklahoma"

Wayne Prep's music department will present Rodgers and Hammerstein's famed "Oklahoma" at WSTC's Rice auditorium at 7:30 p.m. Jan. 12 and 13.

Fred Verce is directing the elaborate production. The accompaniment will be played by the Wayne High orchestra.

Thieves Strike on 15th Anniversary Of First Robbery

History repeated itself last Wednesday when Holjs' Tavern in Carroll was robbed of some \$1,100 in money and goods.

In December of 1946, almost to the day, thieves broke into the same building, then the Bekand Store and stole 50 pints and 67 quarts of liquor and 10 cartons of cigarettes, valued at about \$200. To top off the robbery, the axe from the firehall in Carroll was used to force the door.

The thieves' thirst must not have been so great after all in 1946 since they abandoned the liquor about six miles west of Wayne. During the week earlier, the liquor stores at Hoskins, Pilger and Beemer were also entered.

In last week's robbery about \$700 in money and checks was taken, along with about \$400 in liquor, watches, electric razors and lighters.

The intruders forced the front door and cried open the safe. Sheriff Don Weible said.

St. Cloud Downs Wildcats 65-55 in Christmas Tourney

Wayne State again finished second in the Christmas basketball tournament as St. Cloud State of Minnesota downed the Wildcats 65-55. Wayne was second last year also, and finished third the year before.

Northern State of South Dakota took third with a 70-56 win over Adams State of Colorado. Wayne's two top gunners, Larry Conroy and Charles Rachow, suffered a bad night with seven and nine points, respectively, after averaging 20.3 and 16.4. Rachow had been battling flu all day, but did not sink a field goal all night — one of the few times he has been zero from the field in two seasons.

In the first-round game against Adams, the 6-6 Piller center had a chilly time at the free throw line, hitting only 500 (10 of 20), but still totaled 24 points. Rachow inauvultively canned 20. Wayne forged a substantial lead of 19-11 over St. Cloud within 7 1/2 minutes, then went scoreless for seven minutes while the Huskies moved to a 1-19 lead. The Wildcats were tripled 35-29 at halftime and never got closer than six points the rest of the game. The final score was 65-55, with the Wildcats leading 45-35 at the end of the third quarter. St. Cloud built a stout defense around the boards, seldom allowing a clear Wayne penetration, except when Ron Raver engineered his fast drive — showing the style that made him all-conference last year.

Raver, with 16 points, was the only Wildcat in double figures. Both Dennis Johnson and Ron Marcicelli shot above their averages in both games with totals of 19 and 17, respectively. Johnson, showing steady improvement over the season, had his first starting assignments in both tilts. Freshman Chuck Peterson, 6-9, also had his first starting job against St. Cloud, subbing for the ailing Rachow. Peterson snagged several rebounds and demonstrated improvement in rough scrapping under the boards. First-round action produced the closest game when St. Cloud outlasted Northern, 61-60, in a see-saw battle. Wayne had to work all the way to throttle a scrappy and fast Adams quint, 83-67. Not until the last three minutes did Coach A. Svenningsson substitute freely.

Panthers Trip Osmond in Cornfassel Meet Tuesday

Wayne Preps poised Panthers rallied in the second half Tuesday night to tip Osmond 54-51 in a see-saw battle in the first round of the Cornfassel conference basketball tournament at Newcasale.

The victory moved Prep into the semifinals against Coleridge Wednesday night. Wausa plays Hartington in the other semifinal tilt. Winners of Wednesday's games will meet tonight in the championship tilt. Wednesday's losers will vie for consolation honors in the first game.

Tuesday night Prep deposed the defending champions as Ken Headlee sparked a surge in the final five minutes. He hit three quick baskets to give the Panthers a 50-43 advantage with four minutes remaining. Prep then moved into a semi-stall to draw out the Osmond defense.

Osmond led until the final two minutes of the first half when Prep tied the count at 20-20 on a drive paced by Bill Denkinger and Orrin Lutt. The lead then see-sawed with Osmond holding a 25-21 lead at intermission.

The tap-and-tuck battling continued in the second half with neither team holding more than a five-point lead until Headlee opened up.

Veldon Magnuson and Orrin Lutt led the Prep attack with 16 points each. Big Chuck Timmer was the pace setter for the losers.

Rev. Samuel Meske officiated at the rite. The church choir sang "Nearer My God to Thee" and "Asleep in Jesus." Mrs. Leonard Bersch was organist.

Pallbearers were Art Walters, Pearl Meyer, Dale Kinney, Merlin Lehtenkamp, Lavence R. Johnson and Ronald Ellis. Burial was in the Wakefield cemetery.

Fred Albert Lehman, son of Mr. and Mrs. Rudolph G. Lehman, was born April 14, 1961 at Concord, Neb. He was baptized in the Congregational Lutheran church and was confirmed in 1925 in the S. A. M. Lutheran church, Wakefield, by Rev. J. A. Martin.

Dec. 22, 1925 he married Adella Lehtenkamp. Mr. Lehman came to Wakefield in 1920 where he operated various business until 1951. In 1954 he became an invalid.

Babson's Report for 1961 Featuring Eight Sections

This year I have divided my forecast into eight sections as indicated by the following eight headlines. Instead of covering general business as a separate topic, I am sure that a reading of the following will give a clear idea of my thoughts on general business. Naturally, my first subject will be the political outlook.

POLITICS AND THE NEW PRESIDENT

I do not expect any big changes under President Kennedy. If he had won by a landslide I would be quite worried, but with a narrow plurality in the electoral college and only a small fraction of 1% over Nixon in the total popular vote, I think that our new President will be very much on his good behavior. Certainly he will not have much influence with either the Republicans or the Conservative Democrats of the South. He may make radical recommendations in his inaugural address to "save face," but most of these will not become legislation.

We will reexamine certain new welfare legislation which will include medical care for the aged, an increase in Social Security, a new minimum wage, increased public housing, help for the distressed areas, and more aid for education.

COMMODITY PRICES, INCLUDING GOLD

Higher prices of commodities at the retail level are more or less certain, but wholesale prices will probably decline in most instances. Prices will not rise because of inflation during 1961. The first of the price advances will be absorbed by the manufacturer. Owing to the increased competition in all lines, manufacturers and retailers will keep their selling prices down. This means that their profits will be less if they are unable to reduce their own costs. All of this means that general business may show less increase in activity and profits in 1961 than in the previous year.

Now, in relation to gold: Three-fifths of the Free World's gold comes from African mines; one-fifth from Canada; and the balance from the U.S. and elsewhere. There are many rumors that the U.S. will "revalue" its gold at a higher price for gold. This will not happen during 1961; and I think that the price of many gold stocks will decline during 1961. The very discussion in Congress of possible devaluation would cause us to lose more gold. Everything will probably be done to avoid such a discussion and I believe President Kennedy will publicly state that he is opposed to it.

Temporarily, dollar devaluation might be a shot in the arm for American business, but it will not cure the cancer of whatever else is causing the pain. Not only would foreign banks withdraw gold before such legislation was passed; but if such legislation should pass in the U.S., it would be followed by similar legislation in England, France, Switzerland, Germany, and other important countries. I advise investors now to forget this question of gold evaluation and not speculate in gold stocks at this time. Leading gold stocks are now selling 25% or more above their price of a year ago. Another thing that investors should remember when buying Canadian gold stocks is that a number of Canadian gold mining companies are now receiving a subsidy from the Canadian government to keep them from being shut down by high labor costs. This subsidy would come off as the price of gold rises.

STOCKS AND BONDS

It is unpopular for me to take a bearish position in my Annual Forecast. Most of the newspapers and my readers like optimistic forecasts. In all the years I have been making these forecasts, last December was the first time that I refused to take a definite position. At that time the Dow-Jones Industrial Average was 670 and today it is fluctuating around 600. Corporation earning reports now coming out are not good. In many cases the gross is kept up or per, haps increased, but the net is off. Many companies will show a decline for 1960 compared with 1959. Prosperity has continued so long

that most manufacturers, retailers and consumers are assuming it will last for at least another year. I cannot help but agree with this. Therefore, I feel that 1961 will see lower prices for the Dow-Jones Industrial Averages. I hope that many readers with small businesses are showing a profit. Those who are not should begin to reduce their loans and "trim their sails."

In many cases good bonds now yield more than good stocks. This is unfavorable to the stock market, and favorable to the bond market. Therefore, I believe that bonds will continue to attract present levels in 1961. Many readers will be wise in shifting now from certain stocks to bonds. There will be reductions in stock dividends, since it would be much better to hold bonds with fixed interest payments rather than risk a reduction in the dividend payments of stocks. I especially call readers' attention to "tax-exempt general obligation municipal bonds." These are the fixed-interest municipals of cities with a direct lien on all the taxable property in the city. I would advise against holding bonds of such large cities as might be vulnerable to bombing in case of World War III.

My favorite municipals are those of the capital cities in the interior of the country; in fact any growing interior city should be a high-grade investment. These bonds must pay their interest in respect to business conditions. The capital cities are especially helped by having the payroll of the state governments.

LIVING COSTS AND INFLATION

Living costs may rise somewhat during 1961 due to the increase in population and the desire for more comforts and conveniences. A person like myself, who has had children and grandchildren, knows how each succeeding generation considers as necessities what the parents considered luxuries. This, together with the higher cost of labor, is the primary reason for today's record-high (127.3) cost of living.

As there is only so much land available, farms will increase slowly. There, however, need not be a higher cost for food. The farmers are constantly raising greater crops which are being processed in more economical ways. The only reason for the cost of food to increase is the dependence of so many housewives on package "mixes." Ultimately all vegetables will be wholly or partly cooked and purchasable in containers.

Wages will hold up although there will be more unemployment in 1961. This means that take-home pay will be less for most families.

Inflation is not to be feared during 1961. With his small popular vote plurality, Mr. Kennedy will be very slow to do any thing to hurt the purchasing power of the dollar. Barring World War III, I believe that the dollar will be just as sound a year from now as it is today. Our U. S. dollar is looked upon by the world as a standard.

FARM INCOME AND PRICES

Good crops and moderate prices indicate a fair year in 1961 for farmers. I, therefore, look for a reasonably heavy volume of the things farmers buy during 1961, including equipment and gettng on with less for food. The farmers cannot expect any boom, but profits, on average, should be at satisfactory levels. My forecast, in detail, is:

Larger volume of marketings should more than offset any reduction in farm prices. Therefore, 1961 cash receipts for farmers should be slightly higher than 1960's \$12,300,000,000 net. I further expect that the intelligent farmer, by reducing his indebtedness, will be always an optimistic sign. As I indicate this forecast, I am told that growing conditions are favorable in most sections, with sufficient moisture in the ground and other seasonal optimistic factors. The prices which farmers will receive in 1961 for crops will, of course, depend upon weather, but, each year, agricultural success, is helping the farmers to avoid early frost losses and

EMPLOYMENT, WAGES AND TAXES

Strike activity may well be a postwar minimum during 1961, with any disruptions limited to independent separate companies. First, important industry-wide negotiations will come in the auto industry, but not until September 1961. Railroad workers cannot strike until November 1961 at the earliest. Most steel contracts hold until June 1962.

The average employment in 1960 was about 67,000,000 workers. I forecast that 1961 will average a million fewer workers. Country-wide, unemployment benefited as high as 4 1/2% in 1960 and for 1961 may hit 5% or more. The basic difficulty is that while industry is cutting back, the labor force is becoming larger. This means that it will be more difficult for those who get through schools and colleges to get positions in 1961. Most of us are well trained in business, mechanics, or electronics. Certainly the demand for executives will be less in 1961 than it has been in some years. Those executives who now have positions should strive to do better work, not ask for raises, and do everything possible to hold onto their jobs.

Labor leaders will have a key to the White House with Mr. Kennedy as President. This may apply to the settling of strikes and contract disputes. The AFL-CIO will influence more things in Congress during 1961 than in 1959-60. The conservative Southern Democrats, however, will unite with Republicans to block radical labor legislation. Progress certainly will not outlaw the "right-to-work" legislation which has been passed in certain conservative states, nor will there get a revision of the Taft-Hartley Act. Congress will not attempt industry to collect dues from non-union members, but may attempt to limit court decisions ruling against excess union spending.

All the above means that labor will be able to hold its own during 1961 and secure some small increases in wages, pensions, and improved working conditions; but this may not be what labor expects to get from the election of President Kennedy.

The Federal Government will not increase income taxes during 1961, but may raise some local taxes and increase certain excise taxes.

BUILDING AND REAL ESTATE

Looking back over the years that I have been making these Annual Forecasts, it seems that building and real estate have been the last to suffer from the following recession. Readers all know that, after World War II low point new buildings, especially of homes, generally "lost" to an all-time high in 1957. Part of this growth has been due to increased population and higher incomes.

In addition to the natural growth to which new building was entitled, it was also encouraged by loans by banks without any down payment, the acceptance of twenty-year mortgages by banks in place of a business mortgage of five years, and the subsidizing of various kinds of tax stimulants, however, these have gradually become less effective. Hence, a decline in new building and new home construction is only natural to expect in 1961.

I do, however, forecast that a move for urban renewal will be urged and carried by the new President. This means cutting down the slums, tearing down and substituting brick apartment houses with playhouses. When any new building is built, it increases the value of the adjoining land and increases real estate taxes.

Therefore, 1961 may see real estate prices held their own and even rise in certain sections. Small farms near cities will continue to increase in price, and this will be true of most well-drained suburban property. Every family is justifying in wanting to buy a home in 1961, but I doubt if 1961 will be a good year to speculate in real estate. The bloom is surely off in Florida, where the supply of new homes temporarily exceeds the demand.

WORLD OUTLOOK

I cannot conscientiously close this Forecast for 1961 without calling readers' attention to the unsatisfactory situation that we find the world in today. I do not need to comment on Russia or China, as readers are well acquainted with conditions there. However, most

add that Mr. Kennedy is agreeable to a Summit Conference, as he is (before) in a talk with Mr. Khrushchev. Kennedy has already stated that he is willing to do something under the United Nations.

Readers should note the agreement which the Communists are making in other parts of the world. Southeast Asia has been taken as a whole by the Communists. We may expect continued gains in South Vietnam, Cambodia, and Laos.

I am especially troubled about the way the Communists are working into Central and South America. I know South America very well. There are a few rich but millions of very poor. The Communists are organizing great strikes in Latin America. As these strikes accomplish something for the wageworkers, they give the Communists good ammunition for further progress. This situation has been intensified by the agents of Castro.

Another very sore spot in Africa, which I visited, two years ago, South Africa will be a hot spot, without any help of hindrance from Russia. The Congo, however, which the United Nations is now trying to straighten out, is a serious problem; and the Congo people feel that their condition would be improved by Russia's help. This great African question, however, will be concerned with the new countries which have been given their independence from the colonial system they have been under for 100 years. Here, Russia, Belgium, and France are playing a waiting game to see if the new nations can make good by themselves.

I cannot imagine the Russians now going to war over Berlin. I am more disturbed about the gains in the Communist vote in European countries. For instance, the communists in Italy received only 19% of the vote in 1948, but 28% in 1958. Even in France, the Communist vote is again increasing. The monster attack of France was the Algerian rebels stamped out for good, while the farmers and small businessmen want DeGaulle to give Africa its freedom. When I was in France a few weeks ago, it was generally conceded that if DeGaulle should suddenly drop dead, jobs might rig. I dislike to end this forecast with these pessimistic comments; but even if our country is going along on an even keel, some occurrence, in some other part of the world, could upset all our plans. HENCE, BE SURE YOU HAVE MADE A WILL.

Way Back When

10 Years Ago
Jan. 11, 1951: Patricia Marie Zoucha, originally scheduled for Christmas delivery by the stork, was a few days late arriving at Wakefield Community hospital; but was born in time to fall heir to many gifts offered by 23 Wayne merchants. Her parents are Mr. and Mrs. Ray Zoucha. Two new Wayne county officials were picked Tuesday to fill vacancies left by resignations. Henry App was appointed county assessor and Harold Galls, county extension agent. Fire caused by a cigarette in a rooming house resulted about \$10,000 damage Friday in the basement of the Coast to Coast store. A complete rural canvass of Wayne county in the 1951 March of Dimes will be made.

15 Years Ago
Jan. 10, 1946: The liquor store of the late Aug Johnson, Carroll, was entered and robbed Friday night. The merchandise taken was valued at \$200. P. L. Dugley, district engineer for the bureau of reclamation, investigated flood control, water and soil conservation and possible irrigation for Logan Valley. Norris Schroeder, nationally known as a grower of certified bromo grass, spoke at "Soil, Cattle and Conservation" at the Wayne's Extension meeting Monday. Wayne college basketballers defeated Omaha university of Omaha 59-29. Chapter of VFW was formed at Wayne.

20 Years Ago
Jan. 9, 1941: Mayor M. L. Ringer, L. W. Ellis, L. B. McClure and Walter Bressler of the city council will go to Lincoln Thursday to get paving bonds which the state has had. Senator William A. Crossland is in Lincoln representing Col-

fax, Stanton, and Wayne counties in the state legislature which convened Tuesday. Roy Spahr, who lives northwest of Wayne had the tip of the index finger on his left hand taken off in a hand corn sheller last Thursday. Wayne county RRA board meeting Tuesday chose H. D. Addison as the local attorney. Nebraska's newly elected senator, Hugh Butler, Omaha, took his oath of office in Washington, D. C. Jan. 3.

25 Years Ago
Jan. 9, 1936: School in district 21 southwest of Winside became a superior standing school, the first in Wayne county and 15th in Nebraska. Plans were made for the dedication of Wayne's new municipal auditorium, Jan. 17. Wayne's new telegraph operator, John H. Hilsabeck holds the title of the youngest operator in the world, He is 18 and the next youngest is 20. Mrs. F. T. Moxey, Wayne county demonstration club chairman, was one of 58 honored at home economics division of organized agriculture at Lincoln. The Globe Fratters, world's champions, won over Wayne college first team by a score of 37-31. Gerald Granquist Concord, left for Africa to resume work in his mission field.

30 Years Ago
Jan. 8, 1931: J. W. Saunders suffered two broken ribs and bruises Monday when a beam fell and pushed him off a ladder while he was working on Kingsbury hall which was being taken down at the college campus. B. W. Wright has completed a new oil station at his garage on South Main Street. Frank Heine was voted a new member of Wayne's fire fighting squad at the meeting held Tuesday evening. A valuable horse belonging to Evert Larson had a leg broken, necessitating killing the animal, when a Knox county car ran into a team being driven by Mr. Larson near his place east of Wayne Monday. At a banquet held last evening in Omaha for representatives of the Northwestern Mutual Life Insurance Company, T. S. Hook, Wayne, delivered one of the addresses on the program.

Microphones

The words of state senators will be recorded for posterity this session—and the courts, Clerk Hugo Srb says a recording system, costing about \$1,200, has been installed in the legislative chamber. Secretaries will make written records of the debate.

The idea for the plan was developed last session on grounds a transcript of testimony in the chamber would be a guide for the legal profession in determining intent behind laws.

Some observers feel, however, that the language of laws passed should govern, not what was said on the floor in debate. The 1959 session instructed that debate be recorded, and permanent records of debate be kept.

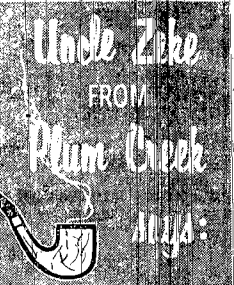

Senators speak into microphones and these will carry their words to the recording equipment.

Well the New Year has started, I'm beginning to learn how to write 1961 instead of 1960. Wish I knew about what is going to happen in 1961 as well as I know what has happened in 1960 or do I? On second thought that might not be so good either for I would probably spend more time worrying and stewing around about what is going to happen than I would in meeting the situation when it arose.

Nineteen hundred sixty was a pretty momentous, trying year, and nineteen sixty-one bids fair to put it to rest. Looks as though we have quite a job ahead if we are to do the things that not only will be expected of us, but will be required of us. We make a lot of New Year's resolutions. A few of them we keep. Most

of them are lost in the shuffle. This year I imagine that most of us didn't make any big batch of resolutions. Instead of that we made only one, and that one we must and will keep and carry out. It's the resolve that counts, not the number of resolutions. The big one, and smaller and smaller. It followed as how it seemed to be a barn was really simple. Look at it but now the new one is a big one to hide a sized heffer, Charlie says. This sad state of affairs, however, he said he'd heard of when you come to a place where the house was bigger than the barn you were looking at a place where the wife was the boss. There ain't no place like home, county store Mister Ed says, learning these little inside bits of life.

These column writers say John Kennedy ain't got as strong a hankering for golf as Ike. When Hoover was in the White House he said there ain't no two occasions where the American people has got any respect for a President's privacy—when he's fishing and when he's praying. And he claimed it was impossible for even a President to pray all the time.

I think our new President would show a heap of wisdom if he took up fishing. He might get a little privacy, and next to setting on a nail keg and whittling on a soft piece of pine, there ain't nothing better suited for deep thinking.

From what I see by the papers, the country is pulling off to a normal start in the new year. Even in Washington things is normal. Some changes in the Department of Agriculture has announced that onions is bad for the liver and that turnip greens has the same food value as boiled hay. It's good to know them Government agencies is working on important items and earning their pay. It takes 10 years to learn a kid to eat his spinach real good and the noble onion has enjoyed a good reputation for a couple of centuries but it takes one of them fellers in the Agriculture Department only two paragraphs to write the obligatory for the both of them.

And the fellers at the country store has about got back to normal. Nobody hung up a Casey at the session Saturday night. They was discussing mostly local and family problems. Clem, for instant, was giving his excuse for missing church Sunday. Clem allowed as how the soap folks has developed their detergents to the place his old lady is sitting his Sunday shirt so white he can't stand the glare. He said he had to take it off Sunday morning, just couldn't stand it, and without no Sunday shirt he couldn't git to preaching.

Capitol News Law College, Public Power, Obbink, Confront Solons

Lincoln—Nebraska's 43 lawmakers, including 35 first timers, opened for business this week. One of the pleasant things greeting the solons is higher pay. Because of a Constitutional amendment and a special session early in December, the legislators now get \$200 per month. Previous pay was \$872 per year. Now they will receive \$2,400 per year.

It is expected this change will turn out many more persons bidding for a seat in the Unicameral in the 1962 elections. Most of the problems facing the lawmakers this week were as old as Legislatures themselves—spending and what to do about it, where to get the money to operate state government, how to better run state affairs and matters relating to resources and membership of the Legislature.

Another periodic problem—how to realign the state into Congressional districts because of population changes—was there, too. Bills began coming into the hopper and will continue for 20 days after which only the governor or standing committees can offer them. Organization of the Legislature took up much of the first day's session which convened at midday Tuesday.

Thursday's calendar included inauguration and swearing in of elected officials. **Law Collège** A controversy over the University of Nebraska law college, that broke in the open in the 1959 session of the Legislature, is back in the news. Retiring Sen. Ray Simmons of Fremont renewed his charges that there is waste and inefficiency at the University; asking the work load for teachers at the law college, as being too low.

His father, Chief Justice Robert Simmons of the State Supreme Court said he concurred with his son's criticism of waste at the school but he did not specifically single out the law college. University regents issued a statement saying the teaching

Obbink Renamed
Governor Frank Morrison has renamed Jack Obbink a state aeronautics director. Obbink was fired by Republican Gov. Dwight Burney, now lieutenant governor, on grounds he failed to satisfactorily explain a trip to Kansas City in the state plane in which Robert Kennedy, brother of the Democratic President-elect, was a passenger.

Obbink claimed he was on legitimate state business but he could not reveal this to Burney without violating a confidence. Exact nature of the business was never released and there were many political repercussions from the ruckus.

Morrison said Burney had a right to have whomever he wished in his administration and he has the same right. He says he feels Obbink will be an asset to aviation in Nebraska.

Morrison will submit Obbink's name for confirmation to the Legislature. Although senators are elected on non-partisan tickets, the bulk of them are Republicans.

There is a possibility of trouble over the confirmation although most insiders feel as if now this does not appear too probable.

Crippled Children's Clinic To Be Held in Norfolk Jan. 21

The next Crippled Children's Clinic has been scheduled in Norfolk Jan. 21. It will be held at the Norfolk State Hospital with registration to begin at 7:30 a.m. and are to be completed by 10:30 a.m. The clinic is to serve the following counties: Boone, Cedar, Colfax, Cuming, Dakota, Dixon, Madison, Pierce, Platte, Stanton, Thayer, Union and Wayne.

The clinic is under the auspices of the Office of Services for Crippled Children with the cooperation of the Elks Association and children who are not now receiving services under the program of the Services for Crippled Children may be admitted to the clinic when referred by the family physician.

Children admitted to the Clinic for consultation or preliminary diagnosis may receive treatment under Services for Crippled Children if care cannot be arranged through private resources. However, they will not receive such care until formal application is made and the child is found to be eligible.

Children who are already receiving treatment under Services for Crippled Children will be seen for check up and after care services.

Although cleft palate and cleft lip cases are eligible for services under Services for Crippled Children, they need not be referred to the clinic. They should be referred by Application for Services for Crippled Children.

The Elks today is furnishing, without-cost, a noon lunch to all children and their parents who are registered for the clinic examination.

Old-Time Baseballers To Meet Here Jan. 25

Legislature Approves WSTC Cafeteria Work

Nebraska's Legislature Tuesday approved the construction of a food service facility at Wayne State Teachers College.

Approved, 39-0, was Resolution No. 2, introduced by Senator Peter Claussen, Leigh, approving the issuance of \$850,000 dollars in revenue bonds for the structure. Inability would be paid off by revenue from the building and no tax funds are involved.

National Guard Shows \$30,000 Payroll Here

A look at the records of the Wayne National Guard unit reveal the group had an annual payroll of \$30,000. This is just the Wayne unit. However, two-thirds of the amount left Wayne, since three-fourths of the unit consists of men from other communities.

Guard officials noted that if more men could be drawn from Wayne, say to a unit of 132 men, the estimated payroll would be between \$50,000 and \$60,000 annually.

This increase in strength would also increase the size of the armory now planned for Wayne.

Present strength of the unit is 88 men and four officers, but Monday night, 12 more men were sworn into the unit, bringing the total of enlisted men to 80 with four officers.

Start Plans Now For Windbreak Say Conservationists

The Wayne County Soil and Water Conservation District is asking farmers interested in planting windbreaks to contact the district office now.

District officials say it takes a lot of work to successfully grow a good windbreak, but by the present methods, it is more a matter of time than hard labor.

They called attention to the fact that ground preparation should be done in the fall or early spring, so preparations should be made now for spring work.

The windbreak must be properly spaced and the species of trees properly selected to the intended job, so if the work is started now, everything will be ready to go in the spring.

Obtaining the trees and planting them can be accomplished by contacting the district office in Wayne and the Wayne County ASC office makes an incentive payment for planned windbreaks.

Driver's Licenses

State examiners will be at the Wayne county courthouse Friday to give examinations for driver's licenses and permits.

Rooter's Day to Answer Farmers Questions Jan. 25

Hog breeders and raisers from this area interested in swine production and management will find answers to many of their questions at the Rooter's Day scheduled in Wayne Jan. 25.

Extension animal husbandry men and animal scientists at the University of Nebraska will discuss topics from nutrition through disease-free pig programs.

A special feature of Rooter's Day will be a film, "Swine Sanitation - A Key to Disease and Parasite Control." Much of the film was shot on Nebraska farms and at the University's Department of Veterinary Science.

New plans and information on swine and swine housing now available through the College of Agriculture and County Extension agents will also be discussed at the meeting.

These up-to-date plans are illustrated in a catalog prepared through the cooperative efforts of more than 20 agricultural engineers and animal husbandry men in the North Central states.

The event is being held in Wayne through the cooperation of the Wayne Chamber of Commerce, Agricultural and County Extension department of the college of agriculture.

NFO Pre-organization Meeting Held in Wayne

A pre-organization meeting of the National Farmers Organization (N.F.O.), national non-political organization of farmer membership, was held Friday in Wayne.

Charles Borderson, Bart county, spoke on "Collective Bargaining," which, according to Borderson, "is a new approach to agriculture and would give the farmer when he sells, the cost of production plus a reasonable profit."

The next meeting will be held Wednesday at the Hotel Morrison. The public is invited.
