20 pages plus THE WAYNE HERALD EIGHTY EIGHTH YEAR

NUMBER FIFTY-ONE

WSTC Expects L. Iment Jump as Third Ter. Wayne State's third term of the 1982-83 year opens Monday with expectations for greater enrollment than in last year's third term. Reservations for dormitory rooms indicate possibity of a 20 to 25 per cent gain in the number of students taking advantage of the extra session provided by Wayne's trimester schedule. Most students returning after second term attendance have already registered. More are expected to sign up Monday. Classes will begin Tuesday The regular summer session—one term of nine weeks—will open June 3, and both the third term and summer session will continue to August 3 The summer curriculum offers The summer curriculum offers The second accident, which the Carsten auto and \$35 to the used car to the Rethwisch auto which then crossed the street and struck another auto. Belonging to Herb's Buick. Damage was listed at \$175 to the Rethwisch auto which then crossed the Carsten auto and \$35 to the used car to the Rethwisch auto which then crossed the Carsten auto and \$35 to the used car to the Rethwisch auto. Size to the Carsten auto and \$35 to the used car to the Rethwisch auto. Albert Davi-

Four other workshopes senior or graduate credit:

Improvement in English instruction, grades 7 12, June 5-21, behavior in the classroom, K-12, Jule 12; improvement in mathematics instruction, K-12, July 15 31, and administration and supervision of student teaching, (graduate credit only). June 5-August 1

The latter workshop is tuition free for teachers who have supervised college students in their directed teaching course.

July 15 31, and administration and supervision of student teaching, (graduate credit only). June 5-August 1

Organize Pilots Association With Headquarters at Wayne

a 'light clinic' has been spon-sored by the newly organized Pi-lots Improvement Association head-quartering in Wayne, and will be held April 23 starting at 8 p.m. in the city auditorium.

Vices," Johnson continued.
PIA president Spurlock empha
ized to everyone in the area i
terested in flight advancement
"stop in at the field and see us

"stop in at the field and see us."

Guest speaker for the flight clinic Tuesday will be the Federal Aviation Administration personnel who operate the control tower at the Sioux City Municipal Airport.

A question and answer period will be held after the evening address, as well as a social hour.

This type of aviation workshop is becoming quite popular among civilian flyers over the nation, Spurlock said, as it provides an opportunity for the discussion of pilots' mutual problems.

Former Telephone Operator Remembers Work Here

The Wayne Herald Wayne, Nebr

so much more blessed with hair than I.

I left Wayne in July of 1913 going to Vermillion, S. D., where I worked in the State Health Department for 32 years. My sister Henrietta who taught school in Minneapolis for thirty-five years now lives out here also. We have homes only a block apart and we both enjoy very active lives out here in wonderful Sierra Madre.

Wayne. Nebr.

Gentlemen:

A most interesting picture clipping appearing in your recent paper was sent to me by my sister,
Mrs. John Grier of Laurel.

The picture is of special interest to me as I am the "Bernice Moler" at the right of the picture. I still have a copy of the original among my treasures, however my picture shows Ted Philleo the owner at the equipment in the background.

There is a small discrepancy regarding the date. I was sixteen at the time the picture was taken and having been born in 1892, the date should have been about 1908 or "09.

With kindest wishes for any of the college. The dear Presbyter-agarding the date. I was sixteen at the time the picture was taken and having been born in 1892, the date should have been about 1908 or "09.

With kindest wishes for any of the college of the most wonderful people appear the size of the most wonderful people the most wonderful people appeared the Normal School the college. The dear Presbyter-agarding the date. I was sixteen at the time the picture was taken and having been been about 1908 or "09.

Frolik, Dean of the University of Nebraska Department of Animal Hus-bandry. Persons interested in attending the meeting should contact, Julian Canaday, Bloomfield:

Jayne Bruns Awarded Creative Writing Medal

Jayne Bruns, daughter of Mr. and Mrs. Malvin Bruns, Wayne, received a medal this week, given by "Read Magazine" for creative writing. Jayne is a seventh grader at District 23.

The award is given by "Read Magazine" to recognize and to stimulate an interest and achievement in creative writing by young people.

Wayne State's spring commencement.

A crowd of some 3,000 persons heard the chief executive remind the graduates of serious tasks confronting them and he punctuated the seriousness on several occasions with humorous stories that drove home his points. Morrison's speech was among the few commencement appearances that any Nébraska governor has made in recent years.

Following the ceremony, Morrison greeted scores of visitors attending a reception in his honor at the Student Center.

Then he toured the campus to inspect building needs, accompanied by President W. A. Brandenburg, Dr. Russell Owen, dean of administration, Dr. Gordon Shupe, member of the Normal Board, and Huge Srb, clerk of the Legislature.

NO-SOP SALAD
Among Minneapolis, Minn., cooks, Mrs. Verna Mayer is famous for her gournet tips. Here's one to be heeded by everybody who ever mixed a salad in advance. Put an upturned saucer in the bottom of the salad bowl, and place your greens above it. When extra dressing seeps to the bottom, it can't sop the greens andspoil their crunch! (I'm thriffy enough to save and resuse the captured dressing.)

REMNANT WRAPS

Slipped next door for sugar, ing a drawer of leftover fabric. "Quilting?" said I. "Wrap-ping gifts!" onng gifts!"

horrected she. Seems she vraps small boxes in gay brints, taping or basting hem in place. Of course I'll teal the idea ... wouldn't roun But lev's glue the fabric o the box-harves. The recipent of the gift can bear the the box-haives. The recip-nt of the gift can keep the exact a bonus present—to exact as one chooses.

noke signals were for In-uns — and even they don't to them often now! When out back, you're signalling your neighbors' noses. When you've an indoor gas disposer, you keep family secrets to yourself! No smoke, no odor, no trips to the back yard. Even the tiny handful of disposer ashes is useful, for they help your garden grow! Gas disposer payments might be portioned painlessly on your monthly ainlessly on your monthly bill from your Peoples Nat-ural Gas, or a budget plan from your gas appliance

A delightful partner for left-over ham, pork roast or chops. Try it soon: Blend to-gether 2 cups boiled, mash

PADDED PINKIES

Some nimble-fingered ladies sew beautifully with thimbles, but I'm not one of them! I pricked up my ears when a radio commentator suggested one can save pricked fingers, coating each fingertip with several layers of nail lacquer before needling. Might feel a bit crusty, but lacquer would wipe off easily after the sew session.

J. Splittgerber Weds Duane Biede In Wisner Rites

In Wisner Rites

Julie Ann Splittgerber, daughter of Mr. and Mrs. Henry Blede. Homer, were married in rites Sunday afternon at Christ Lutheran church, Wisner.

Rev. Edward J. Amend officiated at the double ring ceremony. Rod Witte, Randolph sang "O Perfect Love" and "The Lord's Prayer," accompanied by Mrs. Chester Maloney. Wisner The atlar was decorated with boundets of snap dragons and hums and the pews were marked with blue and white lace bows.

The bride, given in marriage by her father, were a gown of Chantully lace The inted bodice featured a sabrina neckine trainmed with sequins and pearls. The boundant shirred lace skirt was accented by a cascade of rosettes. Her veil of sheer illusion was held in the cremony. Mrs. Walter Splittger-feet Love" and "The Lord's Prayer," accompanied by Mrs. Chester Maloney. Wisner The atlar was decorated with boundated state on the pews were marked with blue and white lace bows.

The bride's mother wore a navy blue with white accessories. Both wore pink carnation corsages. A reception was held in the cremony. Mrs. Walter Splittger-feet Love" and Mrs. Frank Rockwell, Homer, were hostesses. Ylene elicide, Homer, were hostesses. Ylene liedel, Homer, registered the file of the cremony. Mrs. Walter Splittger-feet Love of sheet inted bodice featured a sabrina neckline trainmed with sequins and pearls. The boundant shirred lace skirt was accented by a first the proposed of the color of the pearls and sequins. Shirten of the pearls and sequins. Shirten of the pearls and sequins shirted lace skirt was accented by miss the pearls and sequins. TOTAL PERFORMANCE:

DOESN'T FEEL THE BUMPS...WHEN YOU TEST-DRIVE FORD'S NEW \$10,000,000 RIDE

he 1963 Ford gives you a ride every bit as smooth as cars cost-

sing hundreds more, and for two reasons: a revolutionary new suspension system . . . and added road-hugging weight.

If took ten million dollars to develop the new Ford ride. We designed a revolutionary new suspension system for the '63 Ford. Where ordinary suspensions move only up and down to absorb road shock, the Ford suspension moves backward as well. In this double-action suspension system, foil springs up (roat and leaf springs in the rear combine to give you fireness.

well. In this double-action suspension system, coil springs up front and leaf springs in the rear combine to give you firmness in cornering and a special smoothness over the road.

We added weight, strength and stability. The new Ford is now actually hundreds of pounds more car than any other car in its class. This remarkable weight advantage is in the suspension, frame, and body. And, as you know, this added weight means a more stable ride.

But a solid, road-smoothing ride is only part of Ford's total performance story for 1963. Look how Ford swept the field this

year in the grueling Daytona, Riverside and Atlanta 500's and in the demanding Pure Oil Performance Trials Only a car with total performance—the best combination of strength, balance, precision control, braking power and road-clinging suspension—could roll up so many wins.

Before you buy any new car, test-drive a Super Torque Ford: If you haven't driven one lately, you can't really know what a new Ford is like. Make this important discovery—if it's built by Ford, it's built for performance...total performance.

Jean Eynon won the "Time Magazine" quiz on current events. The quiz was presented to American History students all over the country. Jean was the winner from WHS. Books were given as prizes. Jean chose a Webster's Collegiate Dictionary for her prize.

students about careers that are often taken for granted.

"Peaceable Kingdom"

"This is kinda scary," was a comment heard from the Wayne High chorus members Saturday night as they presented the "Peace able Kindgom" at Dana College

WH Choir Presents

At Blair, Nebr.

In THURSDAY NIGHT'S CONCERT, the girls' triple trio will be one of the groups singing their contest numbers. In the front one of the groups singing their contest numbers. In the front row are Jane Mellor, Janine Brown, Karen Christensen; second row: Sandra Lynn Nelson, Nancy de Freese, Shirlee Nissen; back row: Connie Botolfson, Jean Christensen, Judy Simmer.

Music Department to Give Concerts Thursday, Friday

The Music Department of Wayne
City Schools will present pre-contest concerts Thursday and Friday, Apr. 18 and 19, at 8 p.m. in
the City Auditorium, Featured will
be the large groups, small ensembles, and soloists who will repretrio, and sophomore mixed trio,
sent the school at the District III Soloists will be Nancy de Freese,

THE WOODWIND QUINTET will present their contest selections Friday night. In the front row are ReNee Gildersleeve, Marilyn Nuernberger, Nancy de Freese; back row: Sandra Olds, Judy

BEST "RAINY DAY" PROTECTION

flute; Mariiyn Nuernberger, oboe; Jack Schieber, baritone, Judy Simmer, basspon; a nd Debbie Wightman, clarinet. The Friday night program will consists of the following: senior high choir, concert band, madrigal, boys' octet, brass sextet, woodwind quintet, clarinet quatet, trombonic quartet, and French horn quartet.

Numbers to be performed on both nights will represent many hours of rehearsal time for both ensembles and individual students. The compositions are also the most difficult performed during the year by any of the groups and have required a great amount of work on the part of everyone in the muisc department.

Mr. Isaac Jenkins and Mr. Donald Schumacher are directors of the vocal and instrumental music departments.

Admission will be charged.

Machine Reading Demonstrated At School

At School

Monday, Mar. 8, Mr. Del H. Igo, representative from Henkle Audio-Visuals, Incorporated, of Lincoln, visited the elementary school to show the materials developed by the Educational Developmental Laboratories (EDL). These materials are supplements to the reading program; their purpose is to reinforce the basic reading skill of the left to right reading attack without regressing over the material. The program motivates and challenges the student and keeps his attention high.

The basic instrument used is a specially devised filmstrip projector with a library of over 600 filmstrips available for reading. The controlled reader and other EDL materials are currently being used in over 25,000 schools nationally and approximately 25 schools and colleges in Nebraska. This program has been designed for use in all areas of instruction, remedial as well as developmental, for all grade areas from prerimer through college and adult. In addition to these reading materials, EDL has developed programs involving vocabilary development, listen-and-read tape programs, study skills libraries, and materials for tachistoscopie work.

While Minor Problems Are Debated The Judicial Issues Go Unnoticed

This country its known for its democratic ways of handling criminal and civil cases under our state and federal judicial systems. It says in the constitution that every citizen is entitled to a speedy trial by jury, and an impartial jury at that; so everybody takes it for granted that such is done. Actually, the speed is in the mind of the average citizen and on paper only.

of the average citizen and on paper only.

The courts are doing their best to keep up with the increasing number of cases, no doubt; but they are slowly, and at times rapidly, falling months behind.

Take for example, a case in New York, City where two youths accused of their spent a year in jail before a judge was able to hear their case. They couldn't raise money for bail, so they were kept behind bars while awaiting trail. When they were finally brought to trial, the judge found them in nocent.

trial, the judge found them innocent.

Just what were they doing in the
meantime? Reading educational
books brought in by angelic criminals, who a emselves were a
waiting trial? very coubtful. They
had a year to hacen to other convicts, the "Old Pro's" in the business on how to knock over a bank,
etc. Although I'm not saying this
is what they listened to, it's obvious that they were surrounded
with such.

So instead of complaining about
managed news, what to do about
Cuba and Berlin, and who was
guilty in the football fix, let's start
thinking about our judicial problem.

You never can tell: The year you save may be our own!

Jack Schrieber

Ten Attend State Fine Arts Festival

On an ordinary school day the halls seem very crowded, but last Wednesday they were filled to capacity with students from surrounding schools attending the annual Career Day. Many occupational areas were represented-from mechanic to beautician.

Each student attended three forty-minute sessions. The speakers discussed the advantages and disadvantages of their fields, the educational requirements, and the work itself.

The main objective of career day is to give students a broader view of vocational fields. It also has an educational value in that it teaches students about careers that are often teles for greater for severed. Fine Arts Festival

Ten WHS Students attended the Fine Arts Festival at Lincoln Friday. The students were Jayph Hughes, Nancy de Freese, Donna Elekten kamp, Karen Christensen, Marilyn Nuernberger, Jack Schrieber, Carla Rethwisch, Sandra Olds, Jean Eynon, and Judy Simmer. Mr. Jenkins and Mr. Schumacher drove the students down. They left Wayne at 6:30 a.m. and arrived home a little after 8:00 p.m.

The students thought the festival would be like a contest with an audience. They were surprised to find that each of them had been scheduled for a private session with a judge.

There was a banquet at noon in the Nebraska Union for the contestants. Representatives from the University urged the students to return next year.

night as they presented the "Peaceable Kindgom" at Dana College, Blair, Nebr. Students were accustomed to singing to an audience that was composed of their parents, friends, and other Wayne High patrons. This time it was different! The chorus was to sing to an audience of strangers; people to whom they would have to PROVE their ability as a choir. Mr. Jenkins later told the choir, "Here at home you know the addience likes you before you even begin to sing, but at Dana it was a different story. You had to prove yourselves worthy of their attention." Most of the students agree that the trip to Dana College was an experience that they will never forget. By the time the concert was over, the students had devoped a distinct desire for food. The reason? The choir members had not eaten since their noon meal; at 9 o'clock they were "starved." The college **FNC Members Attend** Columbus Rally

Five members of the Future Nurses Club went by car to a nurs-ing rally in Columbus last Satur-

Nurses Club went by car to a nursing rally in Columbus last Saturday.

Ann Marie Hasebroock, Marilyn Stringer, Janice Ahlman, Beverly Gemelke, and Linda Taompson attended the rally which was sponsored by the Nebraska State League for Nursing.

Seventeen nursing schools were represented in Columbus. There were three practical n ur s es schools, and eleven three-year schools which sent speakers and nurses to talk with the girls.

A noon lunch was served to the girls arid the Columbus music department provided entertainment in the afternoon.

Mrs. Gertrude Scott, chairman of the committee on careers of the Nebraska State League for Nursing in Omaha, was responsible for planning the day's program.

An Aquarium — Seagreen

The choir members had not eaten since their noon meal; at 9 o'clock they were "starved." The college canteen was opened especially for them, and were those Pepsis and potato chips ever welcome! The choir returned to Wayne at 11 o'clock and the students rushed home to bed. The concert was over, the feet saling the terments were An Aquarium — Seagreen When It Rains

Spring is windy, sunny, cloudy and rainy. A student can go to school with a sweater on, not even suspecting that he will be walking home in a fhundardown.

school withi a sweater on, not even suspecting that he will be walking home in a thunderstorm.

On raim' days the school hall-ways take on a strange, seagreen color. A student entering the halls feels as if he's entering an aquarium. Classmates take on the shape of gliding, colored fishes. A teacher may be a glant squid or a maneating shark. A clap of thunder! The fish are human again and the aquarium is just a surging hall-way.

In the evening sthe word "student" each be thrown off for a while and the tired teen can drift into a world of listening to the rain beat and beat on the roof and the trees and the ground; and soon there's only a drowsy, deep quiet.

Deviled Eggs ... by the Staff

A notice to all juniors to pay their class dues has been posted on the board for about a week now.
You'd never guess the Junior-Senior Banquet is scheduled for less than a month from now, would

There's a new toy on the market with which you can hear what someone is saying up to three blocks away.

Man, if Miss Frederickson gets hold of one of those, nobody will be safe in study hall.

It is a known scientific fact that heat expands and cold contracts. Is that why the days are longer in the summer and shorter in the winter?

Patty Duke, co-star in the film version of "Miracle Worker." the story of the life of Helen Keller, was chosen best supporting actress at the Academy Awards presentation last week.

Since she is the youngest ever to receive the award (16), it pretty well answers the age-old question—"What is this younger generation coming to?"

few wecks.

The camp extends from July 28 to August 4. For anyone who is in terested in music or art or both and wants to have a good time while learning more about them, this a probably one of the best camps in this state.

As district music contest time draws near, all of the music minded students are busy. Some very strange melodies are heard as students walk down the halls humming their tunes trying to get them memorized.

The home ec girls at Wayne High were some of the "grandest ladies n the Easter Parade" this year.

about Johnny's spelling? Most of them made their Easter outfits in home cc.

Rumor has it that we were served rabbit last week in honor of Easter. It only seems right since we are served turkey for Thanksgiving.

Everyone scems to be suffering from acute spring feveritis. This is quite evident as grades begin to drop and assignments slip the students' minds. Especially the seniors'. They figure if they haven't made it by now, they never will.

The rush is on as activities such as banquets and field trips crowd the weekends. The students will definitely be ready for a vacation when May 24 arrives.

Down in the gym, Mrs. Hinkel-dey has her girls jumping on the trampoline. The girls flip-flep and bounce around so much that spot-ters have to be placed two feet-apart.

Students have had a fiard time finding time to study lately. No teacher can expect his students to work on an assignment over the weekend. So that leaves only five nights. "Monday Night at the Movies" takes are of one of the five. Tuesday at the Drive in takes another. Wednesday night is spent with the family. Thursday night the stores are open, and Friday night tevery student is so burdened with lessons he seeks escape through consultation with fellow students. See what I mean?

well answers the age-old question—
"What is this younger generation coming to?"

Builetins on Wayne State Teacher's Nineteenth Summer Music and Art Camp have been mailed and well circulated during the past few weeks.

Strange animals have strange, ways of getting into peculiar places. It seems a hound dog crept into the confining walls of Wayne City High. He just wanted to get a little "learning" and he shouldn't be denied the privilege.

Only four more weeks and a few odds days until the seniors will be dismissed from school. I Imagine those days will be "odd" in some ways. Seniors will have completed twelve or thirteen consecutive years of reading, writing, and arithmetic. No doubt they'll look back on those years as some of

Joe says that folks would do better if they quit talking so much about the business outlook—and spent more time on the lookout for business.

The art of salvaging mutilated and charred currency is an important activity of the government's money handlers. The treas ury's thoroughly trained technicians reconstruct millions of dollars worth of money from scraps that most people would consider junk.

Snap judgments would be better—if they did not come unsnapped so often.

Capitol News . . .

Lawmakers Return to Work After Brief Easter Recess

A comparatively calm atmosphere prevailed at the Capitol for six days when the lawmakers took time out from their busy schedule for the Easter vacation breather.

Early in the session, the legislators decided they would work the Thursday morning before Easter and return at 10 a.m. on the Wednesday following Easter. But they changed their minds and tacked an extra half day onto the vacation period and left for home at the close of business on Wednesday April 10. Vednesday April 10.

Wednesday April 10.

Before they did, the senators gave preliminary approval to one of the highly controversial public measures, LB 220. The first round OK came after three mornings of debate were devoted to the

proposal.
As it finally headed across the legislative board, the bill carried the emergency clause. This means it will become effective upon the governor's signature.

upon the governor's signature.

One of the key provisions calls for establishment of a power review board which will referee disputes among power districts. Another section stipulates that the state's power districts must agree before July 1, 1964, on what retail service argas they will serve. In the event disagreements arise on this point, the review board will take over.

One of the last amendments to be incorporated into the bill provides that municipally-owned electric utilities shall be given special preference when acquiring new loads within a city's zoning area.

The bill also empowers the review board to approve all major row, governing the control of the province of th

view board to approve all major new generation transmission fac-ilities and to exercise advisory authority over rate disputes be-tween power districts.

tween power districts.

Just before the measure received its initial approval, another amendment was added which provides that the various power districts shall pay for the cost of the review board. The districts will be assessed on their gross income to defray the board's costs. It was estimated that \$100,000 will be needed annually.

that \$100,000 will be needed annually.

Sens Arnold Runnke of Plymouth and Don Thompson of McCook claimed that enactment of the bill would be a "big step" forward in settling the state's many public power problems.

Runnke is chairman of the public works committee which thrashed out the details of the measure during many hours of special committee meetings.

Since the bill received a thumping vote of 39-0, it appeared it would have little difficulty mak-

Partisan Legislature

relected on a partisan hall made it out of the government and military affairs committee But it didn't laste long becaus the very next day the comme got together and killed the

the very next day the committee got together and killed the proposal.

This immediately triggered comment from state GOP chairman Robert Dehney of Fairbard Robert Dehney said, "to my mind this type of action by the committee gives one the impression of back room politics that is not in the public interest and Interefere strongly urge all otherstate senators to bring this bill out on the floor for a vote by the entire Legislature."

Officials of both the Republican and Democratic parties had given the bill their backing. In the past the legislators have generally expressed the view that the nonpartisan feature of the Unicameral is desirable. They argued it gave the lawmakers more freedom of action in following their convictions because it did not bring them under the discipline of a political party. Hugo Srb, the only clerk the Legislature has had since if

thel discipline of a political partyl-Hugo Srb, the only clerk the Legislature has had since in-augurating the Unicarmeral sys-tem, told the government com-mittee that Nebraska's present system is "the best in the nation." He urged the com-mittee not to tamper with it.

Osteopaths Bill

Usteopaths Bill

The public health committee has killed LB 665 aimed at licersing osteopalls for the practice of medicine and surgery if they pass the examination of the state board. Through the years repeated alternits have been made to get such a bill out of committee and on the legislative floor for full defiate, but the measure has been axed with regularity by the committee.

Sen Torry Carabita of Section

committee.

Sen. Terry Carpenter of Scottsbluff, who submitted the bill this session, said he will attempt to
revive it. He had said he thought
the measure had a chance of
passing this session.

passing this session.
Osteopaths claim their medical training includes that required for MD's and they should be entitled to take the state board exam and if they pass them to practice in Nebraska.

practice in Nebraska.
The osteopaths said they wan "fair practices for those who qualify" but the incideal doctors charged the osteopaths "are trying to do through legislation what they can't meet through educational background."

Lottery Law

Sen. Carpenter told the judiciary committee to kill his bill which called for repeal of the recently enacted lottery law.

Carpenter said he had been advised by the attorney general that there is 'no middle ground' and the law either has to be left alone or repealed outright.

to be left atom right.
Some of the legislators had hoped they could amend the bill in some way to protect small merchants competing against chain store operators who are conducting lotteries.

Carpenter noted no small mer-chants showed up for the hear-ing to support the measure and

devote the needed attention to
the job.

Native Grasses Committee

the Nebraska Centennial Commission.

Chairman of the committee is Warren Fairchild, executivel secretary of the Nebraska Soill and Water Conservation Commission.

The committee members said a history of the state's native grasses should definitely be a part of the centennial program because native grass is so closely tied to the state's economy.

Species which were part of the natural vegetation in Nebraska when the white man first arrived on the scene were: blue stem, prairie seed reed, side oats grama, blue grama, hairy grama, switch grass, Indian grass, western seed grass, neddle grass and prairie corn grass.

Remember the fellow, who on his twenty-fifth wedding anniversary, said it wasn't really such a long time, but it sure as heek seemed like it. We get a lot of changes in twenty-five to forty years—also you get some repetitions.

Lately there has been considerable comment and space given relative to a farm program that embodied a two price system for farm products—one price for that used in domestic needs and the other price dealing with the surplus, which would have to seek the price level of the world market.

Thirty-five to forty years ago you had a program of a somewhat like nature, offered as the McNary-H augen Farm Bill. Course you remember that it was vetoed at least twice. Maybe, dressed un a bit differently

Course you remember that it is votoed at least twice. Maye, dressed up a bit differently might provail this time. I have a stems and men's tanks change a lot in thirty to rif yours. Things we recoiled room then, we now accept as a coing proper procedure.

bein: proper procedure.

About thirty-five years ago the late President Coolidge sent to Congress an annual message. This message depicted America as prosperous and at peace with the world. Well, we are still prosperous but as for peace, I wonder. In this same message Mr. Coolidge just dropped agentle hint, that if they had any new appropriations in mind, they were risking a veto for the reason that such appropriations would lead to a June deficit and that was in itself "unthinkable". would read to a June deficit and that was in itself "unthinkable". Today it isn't a question of whether or not there is a debt or a deficit—what we wonder about is, how large it will be.

about is, now large it will be.
Well maybe, that's the way it should be. The world doesn't stand still, so neither can a lcountry or its people. We have come a long way since Calvini Coolidge's day, both in our thinking and in our doing and big things are not done by countries or men, whose thoughts and ideals are little.

men, whose thoughts and ideals are little.

You can't run a big business or a great country on peanut money. You say though that perhaps there is a happy medium somewhere between the two extremes. You are so right, but the trouble is that it's hard to arrive at and settle upon just what is that "happy medium" nowadays.

Extension

Myrtle Anderson Notes

Even after Easter, you'll Even after Laster, you in want to keep on cooking eggs, serving eggs and eating eggs. Perhaps inot to the extent that you did during Lent, but if you're soing to cook, you just can't prepare mainy meals without using eggs.

You can perk up your enthusiasm for eggs by just a little imagination. For example: next time you scramble eggs add a little deviled ham and a half

eup of chopped mushroo Cook in a double boiler serve on hot buttered toast:

Keep Canned Foods Cóol

All canned foods should be kept in a cool place to avoid loss of thiamine and Vitamin C, advises Dr. Philip L. White, Secretary to the 'AMA Council of Foods and Nutrition.

Foods and Nutrition.

There may be a loss of as much as 30 per cent of the thiamine content of canned meats in only six months when stored at 70 degrees F. Canned vegetables may lose up to 15 per cent of their thiamine when stored at 85 degrees F. and if stored at 80 degrees the loss rises to 25 per cent

Interfacing Makes the Difference
To make clothes with that high-priced look is possible by the use of interfacing. Homemakers who sew can take a tip from the nation's top designers by using interfacing to point up the silhouette lines that give sivele its distinction. It gives smooth clean lines to details and gives body to lightweight or suppler fabrics. It also assures that the good lines of the garment are there to stay—don't disapper, after a few wearings. Interfacing prevents the neck-

ment are there to stay—don't disappeăr, after a few wearings. Interfacing prevents the neckline of a garment from stretching-makes a patch pocket trim and prevents straight skirts from wrinkling across the front. Collars have that professional look when interfaced. Edges where buttons and buttonholes—are placed trim and straight can be prevented from sagging. A wide belt requires an interfacing to keep its shape.

An interfacing is recommended even though the pattern envelope may not mention it. Patterns specify interfacing when the style cannot be made without it. Otherwise it is assumed that the seamstress will recognize the places in the garment where such a facing would improve the finished apparatuse

Co. Agent's

When to Fertilize Corn
Sidedressed nitrogen fertilizer has produced more bushels of dorn per acre than pre-plant nitrogen fertilizer on a pound per pound of nitrogen basis, in longtime University of Nebraska Experiment Station studies.

The typical corn plant uses most of its nitrogen after the darly tassel stage of growth. Little nitrogen

darly tassel stage or growth.
Little nitrogen is taken up during the first four to six weeks of growth. Hence, shotsant is a lamounts of nitrat nitrogen which may have accumulated in the soil before and during this period, may be leached deep into the root zone of the crop and often right out of the reach of corn roots. This leaching can be caused by either excessive rainfall or irrigation, or both, and is more serious in coarse textured soils with no restrictions in the subspit than in medium and fine textured soils.

On the other hand, spring present represents are full treatment.

with no restrictions in the subspit than in medium and fine textured soils.

On the other hand, spring preplant application of nitrogen fertilizer has certain advantages over sidedressing. These include (1) less competition for the farmer's labor in the early spring; (2) more days to get the fertilizer on; (3) less risk of bad weather interfering with the fertilizer application and causing the corn to "get away" before the fertilizer is sidedressed; and (4) easier to get a custom applicator in the spring than during a 10-day or 2-week period a sidedressing time.

One or more of these advantages to pre-plant application of nitrogen may offset the extra deficiency of sidedressed nitrogen and make the earlier application of introgen may offset the extra deficiency of sidedressed nitrogen and make the earlier application of rootworms which have developed resistance to aldrin and heptachlor are expected to attack corn in eastern and central Nebraska in 1963.

That word came from Robert Expectle of the contral Nebraska in 1963.

That word came from Rob rt E. Roselle, University of Ne braska Extension entomologist, who says it is difficult to predict the corn rootworm infestation at this time.

at this time.
"Farmers who wish to avoid
possible rootworm damage may
want to apply the new chemicals—diazinon or thimet—which
have been very effective in University of Nebrasa tests," Roselle points out.

selle points out.

Diazinon and thimet are poisons. Both can cause ill effects if not used properly. Both can be absorbed through the skin or through the lungs. Care must be taken with both materials to avoid skin contact and breathing of the fumes or dust. Thimet is more toxic than Diazinon. The

Governor R. L. Cochran spoke and the Masonia Grand lodge laid the cornerstone for the men's new dormitory at the college at an impressive program today ... Wayne city council at regular session Tuesday evening, contracted for car testing equipment for the new safety lane being established here. The cost totals 31,463 ... T. H. Fritts of Fremont purchased the Economy Market from Herbert Priess and took possession Monday. Mr. Fritts recenly bought the grocery department of the Albert Store, and he plans to combine the two stores in one super market about June 15 or July 1 in the Abern building; which will be remodeled soon, so that Mr. Fritts will have the south half. *

30 Years Ago

May 4, 1933: Wind, accompaning the storm of Saturday afternoon, did some damage in the west part of Wayne county. Hoskins Trinity Lutheran church was taken from its foundation and considerable damage was done to the structure. At special sossion of the city council Tuesday evening present officers were re-appointed to serve for the ensuing term . Fifty single men with dependent relatives made application last week to join the national emergency work . Wayne Volunteer firemen met at city hall Tuesday evening, and voted to take over the landscaping of city hall grounds. James Pile heads the committee in charge, and will supervise the planting of shrubs and building of a lily pool . The hard wind storm which struck Winside Saturday afternoon did considerable hamage on the O. I. Ramsey home. A large hen house was blown over and twisted into pieces and a hay rack was picked up and carried about 100 feet, then crasted to the ground. The Ramsey home was not in the path of the cyclone . The corn crib on Phillip Greenwald's farm near Altera burned to the ground early Friday morning, destroying 800 bushels of corn, and the Ford touring car parked inside the crib was badly burned.

DEAR MISTER EDITOR:
Our boys in Washington has been gitting deeper and deeper in debt now for about 30 year and I been wondering what would happen if we final went plum busted. I recollect in 1924 that Germany went bankrupt and was trying to spend printing money that wouldn't buy nothing.

ing money that wouldn't buy nothing.

Well, I see where the House Committee on Guvernment Operations, whatever that is, has come out with the figgers. This agency says the U. S. holdings, as of June 30, 1982, was worth \$229.4 billion, and butted agin our national debt of \$299.8 billion, made us \$1.2 billion in the black.

lion, made us \$1.2 bitlion in the black.
They give a list of our holdings and the two biggest was 772 million acres for real estate worth \$86 billion, and holdings owned by the Defense Department worth \$165 billion.
Farthermore, this Committe says these figgers is based on purchase price and would be way low on the imarket today. Fer instant, they say the 18 acres around, the White House cost original \$1.00p and is listed at that price in the holdings.
But I see in the papers next

at that price in the holdings.
But I see in the papers next
day where some Republicans in
the Congress claims these figgers was worked up by the Democrats and ain't to be trusted.
But any way you look at it,
Mister Editor, Democrat or Republican figgers, our holdings is
just one-half of one per cent
ahead of what we owe. I ain't
no authority on money when you
git above \$50 but it tooks to me
like we're gitting the red ink
and the black in mighty close
together.

and the black in mighty close together.

I was giving these items to the fellers at the country store Saturday night and Ed allowed as how the average tax-payer, unless he went to Harvard or some even add and subtract such figgers, much less understand tem. Ed says he has quit trying to read Guvernment finances since them Congressmen put the tally sheet in orbit.

Harry said it was all he could do to keep un with the price of hogs since we crossed the New Frontier. Fer instant, he told the fellers, he sold a bog last year and went to town to test out the

price on sausage. He said he sold another hog last week fer the same price and went to town to test it out on sausage and it was up 2 cent a pound. What he wants them fellers on the House Committee on Guvernment Operations to tell him is who is gitting the average of the range where a average citizen can understand it.

Sunday afternoon visitors in the Collaboration of the Mrs. Marie Ahern and O. J. Jones home in baner of Sally's thirteenth brithday were the Mrs. Marie Ahern and Mrs. DeWayne Grantield the Mrs. Dewayne Grantield will be May 14 in the Ted Winterstein home.

Infants Baptized

Infants Baptized
Five children were baptized
Stunday at Palm Sunday services
held at the Methodist church. The
children are Monica Sue, daughter of Mr. and Mrs. Delmar Eddie;
Robbi Dom. son of Mr. and Gr.
Don Harmier; Steven John, son of
Mr. and Mrs. John Bowers; Todd
Eugenc and Kelly Jean, children of Mr. and Mrs. Donald Volwiler. Eagert Lage and Mrs.
Mary Drake also recently became
members of the church. The choir
sang a special number accompanied by Mrs. Art Lage.

Carroll Saddle Club met cvening to ride for the first time this season. Harry Nelsen was in charge of the business meeting. The group erected new lights and on Monday evening they built a loading dock at the arena. They decided to ride every Wednesday evening if weather permits.

Those on the committee to plan the play day set for June 9 are Harry Nelsen, president of the club. Gordon Davis, Don Harmer, Melvin Jenkins, Ernest Junk and Lyle Cunningham. Friday evening the Saddle Club entertained the Madison County Rangers, Pierce Rough Riders, and the Randolph

Weiman's Club
Woman's Club was postponed
from Thursday, April 11, to Fri
day, April 19, Leaders are Mrs. Eil
lery Pearson, and Mrs. Ivor Morris. All club members are to bring
bookies for lunch. Election of offficers will be held.

Surprise Birthday Party
A group of friends held a surprise birthday party for Mrs. Dora Griffith at her home Monday evening. It was a no-host lunch. Those altending were Mrs. Laura Johnson, Mr. and Mrs. Grover Buss, Eva Eddie, Mrs. Marie Ahern, and Mrs. Alex Eddie and Dorothy.

THE WAYNE HERALD

WEDNESDAY, APRIL 17, 1963

April is the month when the whole world bursts into color. It's a time when all the great outdoors proudly displays its elegant costume. The earth is covered with massive green outdoor carpets while bright gay flowers poke their colorful heads up through the ground. The homemaker brings her favorite season indoors with flowered chintz and snowy crisp curtains and gives a dash of Spring to her wardrobe. Finally she gives a lift to her family meals by serving colorful new dishes in starring roles and gives old favorites exciting little new touches.

Her springtime specialties range from main dishes through quick breads, salads and desserts. She may even team them together and come forth with a Blossom Time Luncheon, choosing foods that are light but festive and geared to feminine tastes. But regardless of how she uses them, she'll add a special touch that is all her own to each springtime dish.

DEEP-DISH STRAWBERRY PIE

Five Minute Pie Crust

2 cups flour 1 teaspoon salt 4's cup lard 14 cup soater

Combine flour and salt. Add lard and blend with pastry blender until mixture resembles coarse meal. Measure water right from the tap and add all at once to flour mixture. Press dough with knife until dough just holds together.

Filling

4 cups strawberries, washed and capped to 1 cup sugar (depending or sweetness of berries)

1/2 teaspoon salt

2 tablespoons butter or margarine

Mix sugar with flour and salt. Toss lightly with the berries. Fill a 1-quart baking dish with the fruit mixture and dot with butter. Top with the pastry which has been rolled out on pastry cloth to size 1 inch larger all around than top of baking dish. Flute edges and cut slashes in pastry to allow steam to escape. Bake in 425°F oven for 25 minutes or until crust is browned. Serve slightly warm with plain or whipped cream.

RHUBARB TURNOVERS

Rhubard Filling

2 cups sliced rhubarb ½ cup water

1/3 cup sugar

Combine rhubarb and water in saucepan and cook until rhubarb is tender (5 to 10 minutes). Mix sugar and cornstarch. Stir into rhubarb sauce and continue cooking until thickened and clear. Set aside to cool while making turnover dough. Makes about 1½ cups filling.

Turnovers

2 cups sifted enriched flour 1 tablespoon baking powder I teaspoon salt 1/3 cup shortening 2/3 to 3/4 cup milk

Sift together flour, baking powder and salt. Cut or rub in shortening until mixture is crumbly. Add milk to make a soft dough. Turn out on lightly floured board or pastry cloth and knead gently 30 seconds. Divide dough into 6 equal parts. Roll each part out to circle about 6 inches in diameter. Spread & cup rhubarb filling on half of each circle. Fold over other half and seal edge securely. Bake on ungreased baking sheet in hot oven (425°F.) about 15 minutes. Or if desired, place lightly greased griddle over low heat. Bake turnovers slowly until golden brown on under side (about 7 minutes). Turn and brown other side. Makes 6 turnovers.

Nutty

We'll shell out for the peanuts when you bake these crunchy buns with Fleischmann's Yeast!

Crunchy Peanut Buns

(makes 18)

4 cup milk

Scald milk; stir in ½ cup sugar, salt and Fleischmann's Margarine; cool to lukewarm. Measure warm water into large warm bowl. Sprinkle in Fleischmann's Yeast; stir until dissolved. Stir in lukewarm milk mixture, egg and half the flour; beat until smooth.

Add enough flour to make a soft dough. Turn onto lightly floured board; knead until smooth and elastic (about 10 minutes). Place in greased bowl, turning to grease top. Cover; let rise in warm place, free from draft, until doubled in bulk, about 1 hour.

Combine brown sugar and honey; pour into two 9" round lager cake pans. Sprinkle with Planters Peanuts, whole or chopped.

Punch dough down; divide in half. On lightly floured board, roll out each half into a rectangle 14"x9"; brush with melted Fleischmann's Margarine. Mix 1 cup sugar and cinnamon; sprinkle evenly over dough. Roll up as for jelly roll to make rolls 9" long. Seal edges firmly.

Cut into & slices; place cut side up in prepared pans. Cover; let rise in warm place, free from draft, until doubled, about 1 hour. Bake in moderate oven (350°F.) about 30 minutes or until done. Cool on wire rack.

THE NEWEST TASTE

New Planters Dry Roasted Peanuts look different, taste different. There are no skins to come between you and the flavor. And Planters exclusive new process uses neither oils nor sugar. That's why they're dry to the touch... and oh, so delicious to the taste. Especially when you bake 'em, crumchy with flavor, into your yeast-raised buns and coffeecakes.

CRUNCHY PEANUT BUNS—SEE RECIPE ON RIGHT

HERE'S ALL YOU DO TO GET 25¢ OFF PLANTERS PROBLEM PEANUTS

Just wait till you taste these high handsome buns—golden with fresh-baked goodness, crackling with crispy nuts. Extra-good because Planters Dry Roasted Peanuts are the new exciting taste in nuts. Extra-easy because extra-active Fleischmann's is the high

high rising yeast. So just mail 3 empty packages of Fleischmann's Yeast, with your name and address, to: Fleischmann's Yeast, Box 15-D, Mount Vernon 10, New York. We'll send you a coupon worth 25¢ towards new Planters Dry Roasted Peanuts. Bake a little—save a lot. Start today!

Meat power from Swift provides a wealth of food energy and complete meat protein.

PEACH CARAMEL ICE CREAM PIE

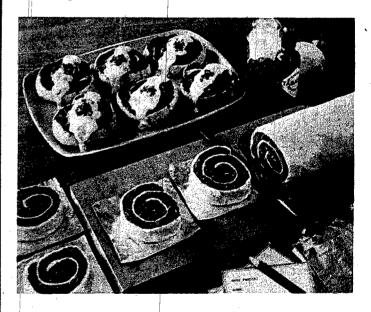

n cracker crumbs

2 pints vanilla ice ci 14 cup butter, melted

1/4 cup sugar 1/2 cup (1 stick) butter, melted 1-pound package frozen peach slices, thawed

1/2 cup brown sugar 1/2 cup chopped walnuts

Use a 9-inch pie plate and preheat oven to 400°. Mix graham cracker crumbs and sugar together; stir in melted butter. Firmly press crumb mixture on bottom of pie plate and bake 8-10 minutes. Chill. Drain peach slices reserving 1 tablespoon juice. Soften 1 pint ice cream; stir in half the peach slices. Spoon mixture into chilled crumbs crust. Return to freezer to harden. Combine butter, brown sugar and the reserved tablespoon peach juice in a saucepan. Bring to a rolling boil and continue to cook 8 minutes longer. Stir in L'cup nuts and spread over ice cream in crumb crust. Meanwhile, soften second pint of ice cream and stir in remaining peach slices. Spoon mixture over caramel filling; sprinkle with remaining nuts. Freeze until firm.

BEEF PINWHEELS

3 cups prepared biscuit mix Milk

1 medium onion, finely chopped

1½ pounds ground 1 cup corn flakes

2 teaspoons salt I tablespoon mine I egg, slightly bea oon minced parsley

Follow directions for rolled biscuits. Add 1/2 teaspoon Tabasco to milk. Roll into rectangle about 10 x 15 inches. Sprinkle remaining teaspoon Tabasco over ground chuck. Add other ingredients and mix well. Spread evenly over dough and roll as jelly roll. Cut into 12 slices about %-inch thick and place on shallow baking pan. Bake in moderate oven (375°F.) until pastry is brown, about 30 minutes. Allow 10 to 15 minutes longer when slices are frozen. Serve with Mushroom Sauce. Yield: 6 servings. May be made in advance and frozen.

Mix I can condensed cream of mushroom soup, & cup milk, 1 beef bouillon cube and % teaspoon Tabasco. Cook, stirring,

until heated.

CHESAPEAKE BROCCOLI

- l (10 oz.) pkg. frozen cut broccoli, cooked and drained l (6-½ oz.) can crabmeat
- 1 (4 oz.) can mushrooms, drained 2 tablespoons butter 1½ cups medium cream sauce
- I tablespoon Worcestershire sauce
 I teaspoon salt
 Dash pepper
 I cup cottage cheese
- 1/3 cup grated Parmesan cheese Paprika

Arrange broccoli and crabmeat in shallow 8 x 8 x 2-inch buttered baking dish. Saute mushrooms in butter; add. Season cream sauce with Worcestershire, salt and pepper and pour over all. Spoon on cottage cheese, sprinkle with Parmesan cheese and paprika. Bake 20 minutes at 375°F. Makes 6 servings.

ROAST LAMB WITH JEWEL GARNISH

The leg of lamb is easily roasted. The surface may be rubbed with a mixture of herbs if you wish. A popular combination is ground rosemary, paprika, sweet basil, salt, and pepper. A 6-pound leg of lamb roasted uncovered in a slow oven (325°F.) will be well done in about 3% hours.

Add 1 hour for a well-done leg of lamb weighing 8 pounds. The jeweled garnish is prepared by draining the syrup from canned pears. Add a few drops of mint flavoring and green food coloring. Return the pear halves to the syrup and let stand 3 to 4 hours. Remove the pears from the syrup and drain. Spoon 1 tablespoon of dairy soured cream into the center of each pear.

Remove mint jelly from the glass and cut two or three slices about % inch thick. Make emerald-cut jelly jewels by cutting into oblong pieces. Place a piece of mint jelly on top of the sour cream. Serve immediately with hot roast leg of lamb.

Karo Syrup adds a wholesome kind of sweetness that's easy to digest!

Now Karo Syrup makes a party of a meal! And Mom can sit down with the family and guests... 'cause the pancakes are made ahead of time. And are these Pancake Sizzlers delicious! Karo gives them a special flavor and texture. Adds dextrose, too—a sugar that needs no digestion.

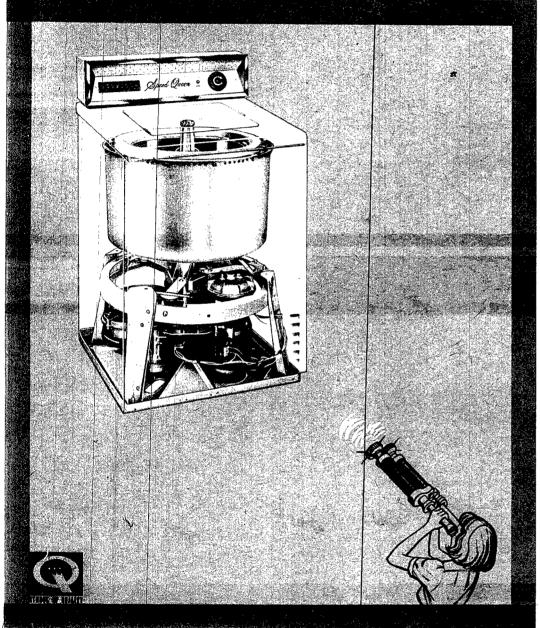

Always use easy-to-digest Karo Syrup. All-purpose Blue Label Karo or crystal-clear Red Label Karo are perfect for cooking and baking, delicious as pour-on syrups and so wholesome they're prescribed for babies' formulas, too. Green Label Karo is the maple-y flavored syrup with rich, fuller body for pancakes and waffles. Available in pint and quart bottles, also 5 and 10 lb. cans.

You may have this 11-inch Regat Covered Electric Skillet for only \$10. Send 2 Karo labels from any size bottles with check or money order, (do not send cash or stamps) to: KARO ELECTRIC SKILLET OFFER, P.O. Box 127-N, Kewaskum, Wisconsin. Void where prohibited or restricted by law. The customer must pay any sales tax. This offer expires June 30, 1963.

CAN YOU TOP THESE CAPTIONS?

Everyone has seen magazine photo spreads on baby pictures with catchy titles. But babies are always considered good material—just ask the politicians. What do you think of this selection. We have added our own captions. Perhaps you can think of better ones.

the big IF when buying a new washer

How to make 3 DIFFERENT CHOCOLATE TREATS FROM 1 RECIPE

REFRIGERATOR COOKIES

ASK NESTLÉS

Nestle's always gives you the very best ideas. And Nestle's Semi-Sweet Chocolate Morsels are pure semi-sweet chocolate. No artificial coating or glaze covers up their rich chocolate goodness.

NESTLE'S 3 IN 1 RECIPE

MELT over hot (not boiling) water, two 6-oz. pkgs. (2 cups) Nestlé's Semi-Sweet Chocolate Morsels. Remove from water. STIR in 1 cup chopped nuts, 34 cup sugar, 2 eggs, 1 tbs. corn syrup, 1 tsp. salt, 1 tsp. vanilla.

DROP COOKIES: Drop mixture by tablespoonfuls on foil-lined cookie sheet. Bake at: 375°F. TIME: 10 to 12 min.* YIELD: 30.

BROWNIES: Spread mixture in foil-lined 8" square pan. Bake at: 375°F. TIME: 30 min. Cool; cut in 2" squares. YIELD: 16.

Cool thoroughly before removing from foil.

REFRIGERATOR COOKIES: Pack mixture in 1-lb., 5" x 21/2" x 21/2" butter carton. Chill till firm. Cut in 14" slices. Cut each slice in half diagonally. Bake on foil-lined cookie sheet at: 375°F. TIME: 10 to 12 min.* YIELD: 40.

NESTLE'S MAKES THE VERY BEST CHOCOLATE!

INGENUITY.

SECRET OF EXTRA FARM PROFITS

Terramycin fights Scours

ONLY TERRAMYCIN GIVES YOU ALL THESE ADVANTAGES:

Broad range — to fight the many kinds of germs causing scours and its compilications that are susceptible to Tetramycin. No other antibiotic or drug is effective against more disease organisms than Tetramycin.

Complete solubility—to give pigs all the medication you put in the water, whether it's the Herd-Treater or the water tank.

power. Terramycin is the only broad-range antibiotic for farm use with the potency-protected molecule.

Greater absorption—to get broad-Greater absorption—to get broadrange antibiotic power carried by the
blood to the site of systemic intections Don't gamble on any other treatment when only Terramycin
gives all these advantages.
See your animal health supplier today, Chas, Pitzer &
Jacobson, Chair, New York 17, NY.

The agricultural experts and rural economic know-howers' keep harping: "You've got to save money, become more efficient, raise more on fewer acres, feed more with less work." sum it up, what they're saying is farmers are going to have to spend less money and try to make more with the end result putting more cash in their profit pocket at the end of the year.

If you asked any good business executive how to increase

the profits from a business he'd probably tell you: "Be ingenious! Devise ways of using what you have to make more money. This does not necessarily mean going out and spending piles of additional dollars in order to make an extra one percent

That's the crux of the whole story — in order to make money on today's farm — be ingenious. Let's look at an example of one farmer who seems to be doing a decent job of using what he has to increase his farm profit picture.

Cleo Nordmeyer is an Illinois farmer. His is primarily a

dairy operation consisting of 490 acres near Chebanse, Illinois. Cleo owns 160 acres and also farms 330 acres owned by his dad. It is a diversified operation. Here is how Nordmeyer is

making his farming operation pay off:

Last year he grew 200 acres of com, 80 acres of oats and 20 acres of soybeans. He had 170 acres in pasture and hay. His corn, planted 16 to 19 thousand kernels per acre consistently tops 100 bu. per acre.

His pipeline-equipped dairy barn has a four-stall milking parlor. For added efficiency in his dairy operation Nordmeyer has an 80 x 46 hay storage area with a movable self-feeding rack in a post-free building. Carrying through with the theory of using what you have on hand for better efficiency, Nordmeyer and his son built the combination equipment-storage and hay storage building themselves in one month (with some help from neighbors). Timbers from a razed school building help from neighbors). were used for uprights.

The feed mixing setup — built by the Nordmeyers themselves at a cost of \$1,000 including augers and bins — has bin capacity for 500 bushels of oats, 1,000 bushels of corn, 500 lbs. of dairy supplement, 3 tons each of swine and dairy supplements and a 3-ton holding bin for finished feed.

A concrete-lined trench silo adjacent to the barn is another example of Nordmeyer ingeniousness. The silo holds 350 tons of silage with alternating layers of grass and corn. A movable self-feeding rack, pushed into the silage by the cattle. is held in check by chains on each side. After estimating how long he'll have to feed silage, Nordmeyer knows how many links to let out on the chain each day.

Housed on an adjacent farm to their home place are 250 hogs which are farrowed and fattened each year. Starter feed and finisher supplement are the only commercial feeds Cleo uses for his hogs. Grower and sow rations are mixed right on the farm.

Nordmeyer's operation is a family one. Everyone helps. Son Nolan, 20, feeds the cows and feeds grain which is metered to each cow from a system of overhead hoppers and augers which are filled automatically. Cleo feeds the hay, adjusts

the self-feeder for silage and beds the cows.

The Nordmeyer chicken layer operation is well organized too. The layer house, built in 1959 has capacity for 1,250 birds on each side of the center gathering aisle. It is complete with automatic feeders, forced draft ventilation and slatted floors. A bulk feed bin (Cleo made this from a discarded gravity water tank) is located inside the hen house. Since he doesn't have a bulk truck Cleo has improvised a permanent, swinging auger which extends from the bin into his grain truck. Cleo does all

the feeding of the hens.

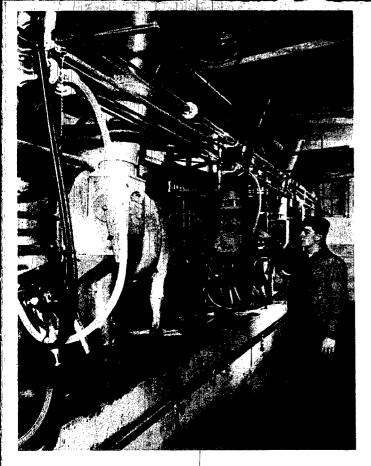

Half of their egg crop is marketed directly to a hotel, a hospital and restaurants in nearby Kankakee at 6-8¢ above Chicago prices. The remainder are sold at an egg station. Cleo candles all the eggs and delivers them himself.

Experience has taught Cleo that efficiency means extra profits. And he has learned through three years' experience with Diazinon fly control in his dairy operation that it can mean more money in his pockets. Prior to using Diazinon he used DDT and a leading insecticide, but due to resistance the flies could not be controlled.

Nordmeyer takes a hand gun applied to his field sprayer and applies Diazinon to the walls and ceilings of the barn and loafing shed, and he even covers the outside areas of buildings and lots where cows congregate for shade.

Cleo says that two to three quarts of liquid Diazinon, applied in 25 gallons of water, will provide control for about three weeks, depending upon the weather. Four such seasonal applications for his 55-cow herd costs him \$45 worth of

Cleo Nordmeyer has found that farming is profitable if done properly . . . by being ingenious, thorough and efficient!

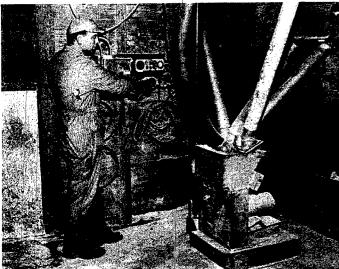

Son Notary 20, is mainly responsible for the Nordmeyer operation; he augers in the feed, fills the mangers, handles the pipeline-parlor setup (and, of course, works hand in hand with his dad in the field). Note how the Nordmeyers are using a new innovation in fly control. The Snip Fly Bands near the ceiling of the milking parlor are chemically impregnated, which knock flies dead in a couple of seconds. They are installed one band per 100 square feet of ceiling. They're not sticky and flies fall off simply by tapping the bands with a stick. These bands provide season-long control.

Big DEKALB Breakthru to Higher Corn Yields

Nordmeyer's 52.8 grade Holsteins, according to 1961 DHIA records, showed 11,272 lbs. production with two times per day milking. The 1961 daily records also showed 457.4 pounds of fat.

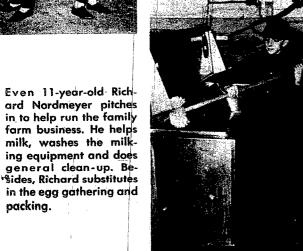

Using his mix mill operation in his barn, the dairy feed is made once a week and augered directly to a special bin near the milking parlor

The Nordmeyer daughters work too. Carolyn, 16, and Ellen, 14, gather the eggs. And if you haven't already guessed it, Mrs. Nordmeyer keeps the books. A third daughter, Nancy, 19, is away at nurses' training.

DeKalb is the MODERN corn for MODERN Farmers. Its far-sighted research has brought a significant breakthru in corn performance . . . a breakthru with varieties bred for superior performance under intensive cultural practices and tolerance from attacks of major corn yield robbers and disease. GO MODERN GO DEKALB!

Authentic "Measured Acreage" Results Show Outstanding DeKalb Yield Power

Superior performance of DeKalb Corn in 1962 shows definite evidence of the success of DeKalb Research in breaking corn yield barriers. Exacting "on-the-farm" checks of DeKalb yield ability on "Measured Acreages" were made with the highest possible degree of accuracy, and authenticated by unbiased, reliable, local people. These yields, some of which are shown below, may well be used as a guide toward a profitable 1963 harvest.

NAME	STATE	COUNTY	YIELD*	HARVESTED

*All yields shown were calculated up or down to a per acre yield of number 2 corn.

More Farmers Plant DeKalb Corn
Than Any Other Brand

DEKALB AGRICULTURAL ASSOCIATION, INC., DEKALB, ILL.
Commercial Producers & Distributors of DeKalb Corn. Chix & Sorghum
"DEKALB" is a Registered Brand Name.

THE TOUGHER THE JOB THE MORE YOU NEED

(the most powerful name in cleaning!)

1. Because AJAX Cleanser gives you special built-in scour power...gets out sink stains even bleach can't reach! 2. Because AJAX All-Purpose Liquid Cleaner—with ammonia—makes quick work of any cleaning. It cleans like a white tornado...gives doors, walls, woodwork—even wax-encrusted corners—a diamond-bright sparkle! 3. Because new AJAX Floor and Wall Cleaner has an exclusive ammonia formula that really puts the POW in powder. It's the first new powdered cleaner in years. Just watch it cut big jobs down to size! So, whenever you have a really tough cleaning job, get help from AJAX, the most powerful name in cleaning!

W Look for

FRANKFURT

By Susan Lowe

W ant to rate with the young set in the family? Wieners, franks, hotdogs - call them what you may! But whatever it is, this all-American food is a sure mealtime hit when given a "New Look."

To be sure, they can be boiled, broiled and pan fried, but there are more ways to serve the simple, savory frank as you'll discover by giving them special treatment. You'll please the kids by serving Potato Capped Franks, Frankfurter Jubilee and Frankfurter Roll-ups.

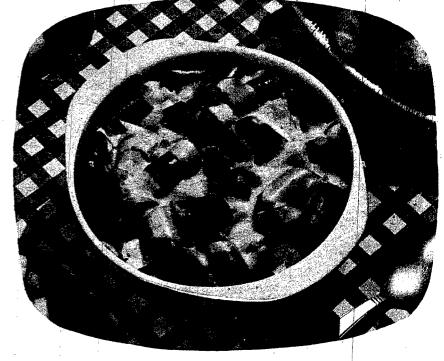

Versatility is only one of the many virtues of this member of the sausage family. They're economical - all-beef or allmeat frankfurters have no waste. They're easy to prepare - they come ready to eat. They're handy to have on hand franks combine tastily with eggs, cheese, vegetables and other meats.

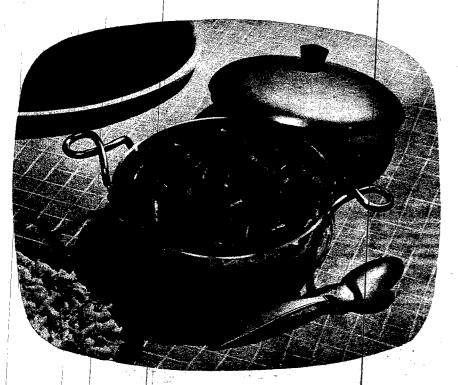

FRANKFURTER JUBILEE

- l pound frankfurters, cut diagonally in 1½ inch pieces
- 11/4 pounds (8 cups) coarsely shredded cabbage
- 1/4 cup butter or margarine

- 4 cup flour 2 cups milk 2 tablespoons

Grease a 2-quart casserole. Steam cabbage 5 minutes. Melt butter or margarine and blend in salt and flour. Add milk. Cook until thick, stirring constantly. Add mustard and mix thoroughly. Place half of cabbage in the bottom of casserole and arrange half of the frankfurter pieces on top of the cabbage. Pour over half of the mustard sauce. Repeat layers. Bake in a moderate oven (350°F.) 35 to 40 minutes. 5 to 6 servings.

BARBECUED FRANKFURTERS

- pounds frankfurters, c diagonally in 1-inch p cup chopped onion tablespoons vinegar

- tablespoons brown sugar cup lemon juice

Combine all ingredients except frankfurters. Simmer 20 minutes. Add frankfurters and cook slowly 10 minutes, stirring occasionally. 8 servings.

To grow corn weeds without weeds

ATRAZINE SIMAZINE

For dependable, full season weed control—put one of these herbicides to work for you.

DON'T PLANT WITHOUT IT!
