

WAYNE CHAMBER OF COMMERCE members visited the Wayne State campus in two shifts this week, the first group Tuesday, the second today. After viewing the remodeling of Connell Hall (the old Student Union), Chamber men lunched at the Student Center and heard President W. A. Brandenburg's description of future building plans, pictured above. Work on the

tax-financed fine arts building, he said, must await Governor Morrison's decision on priorities for all state construction. But the natatorium addition to Rice gym will proceed on the college's own schedule because it is financed by revenue bonds. Both the fine arts building and natatorium will be real show places, the president said.

Does Education Aid Income During Working Career?

From a purely dollars-and-cents standpoint, does it pay young men in Wayne County to stay in school longer? How much more does the average person with a college background make, during his working career, than one who has not gone beyond high school? What advantage does a high school graduate have over an elementary school graduate? These questions have come to the fore in connection with American Education Week, November 10th to 16th. The measure of what the typical local man is worth these days, in terms of earning capacity, is based on special studies made by the Commerce Clearing House, the Department of Labor, the Department of Commerce and others. They show that in Wayne County, taking into account the amount of education he is now acquiring and assuming no change in economic conditions, he can expect to earn a total of \$190,000 during his working years. This prospective lifetime income compares favorably with the expectations in many other parts of the country. All the findings point to a direct relationship between the amount of schooling a person gets and the amount of money he will make during his lifetime. There was a time, up to about 20 years ago, when experience was more important than education. Those days have passed.

Coach, Team, Give Clinics in Area

Wayne State's basketball team Wednesday staged the first of two clinics it held for high school teams and coaches. They performed at Clarkston Wednesday night and will go to Bloomington Thursday for a similar demonstration of basketball fundamentals. Coach Al Svenningsson said the main purpose will be to show techniques of teaching fundamentals, not merely to display the fundamentals. Coach Svenningsson will also be on the "Spot" at the Second Guesser's meeting Monday morning with the basketball season opening in just two weeks. He said he plans a chalk talk on his offense and defense, along with a general survey of the coming season. The Second Guessers meet every Monday morning at 8:45 a.m. at the Hotel Morrison. Everyone is invited to attend. The 1963-64 cage squad has seven returning lettermen, five graduates of last year's freshman squad, and two newcomers. The lettermen, Chuck Petersen, center; Roger Ginapp, Larry Calkins, and Dick Collins, forwards; Jim Murphy, Jon Garcia, and Dennis Torgerson, guards. The Wildcat basketball opener will be a road game at Northwest Missouri State Nov. 30. The home opener: Dec. 3 with Westmar.

Belden Senior Play

The Belden senior class play, "It's In The Bag," was presented Wednesday evening in the Belden school gymnasium. The cast included: Ronnie Eddie, Russell Fish, Louanne Keifer, Buren Smith, Jim Jorgensen, Larry Theis, Bob McLain, Mary Jo Harper, Patricia McLain and Everett Houck.

Allen School Play

Allen High school juniors will present their "Spring Fever" tonight (Thursday) and tomorrow night at Allen high school.

Monday Deadline for PO Job Applications

Start Construction of New Phone Building

Construction has started on the new building to house Winside's new dial equipment, according to B. H. Eiting, Northwest Bell manager at Wayne. The one story, 24' by 24' masonry building is being constructed on the company's recently purchased lot a half block east of the present office. Christiansen Construction Company, Pender, has been named general contractor for the building, which is to be completed by the first of the year. The new equipment will provide Winside with a newer telephone system of larger capacity. As one of the new services features available, customers will be able to dial their own long distance station-to-station calls over 77 million telephone numbers in thousands of cities throughout the United States and Canada. In addition, out-of-town callers who have Direct Distance Dialing service will be able to dial calls direct to Winside phones.

WSC to Host SEAN Meeting Saturday

Future teachers from most of Nebraska's colleges and universities will come to Wayne State College Saturday for the fall convention of the Student Education Association of Nebraska. The host Wayne SEAN expects about 150 students to participate in the sessions from 8 a.m. to 3 p.m. in the Student Center. Main speaker will be Dr. John H. Marvin, committee secretary for the committee on professional ethics of the National Education Association. Also participating will be Jane Prutton, first vice-president of the National SEAN, president of the West Virginia association, and student consultant to the NEA ethics committee. Two prominent Nebraska educators will serve as consultants: Lawrence Lemons, Scottsbluff, chairman of the State Commission on Teacher Education and Professional Standards; and Merlin Menagh, Imperial, chairman of the State Commission on Professional Rights and Responsibilities. Colleges that have sent in reservations include Concordia, Creighton, Hastings, Nebraska Wesleyan, the University of Nebraska, the state colleges at Chadron, Kearney, Peru and Wayne, and as a guest, the College of St. Mary. Several others are expected to attend. In charge of the convention are the Wayne State SEAN officers, headed by Erma Iwami, president.

Meeting Set to Determine PT-A Organization Question

All parents and all interested people are invited to attend a meeting Dec. 10 to decide on whether or not to establish a Parent-Teacher Association in Wayne. Should the meeting show a P-T-A organization is desirable for Wayne, another question to be answered is whether or not to have such an organization for each school or whether to have just one large P-T-A. The meeting, Dec. 10, starts at 8 p.m. in the gymnasium at the city high school. Children's Book Week Featured at Library

Wayne State Drops Finale To Huron College Saturday

Wayne State College's 1963 football campaign came to a strange close Saturday with a 27-26 loss to Huron College at Huron.

It was a strange game in that all of Wayne's scoring came in the second quarter, all of Huron's except one touchdown, in the fourth quarter.

Both teams played fast-running, hard-driving games. All the touchdowns climaxed explosive drives. Otherwise, both mustered bone-jarring defense equating the offense.

For Wayne the season itself was strange. The Wildcats posted a new season's scoring record of 250 points (old record: 245 in 1948), but wound up with a losing season of four wins, five losses. The team ranked high among the nation's small colleges in rushing and total offense, finishing with a total offense average of 371 yards.

For Fullback Burt Matthies, it was a stellar rushing year. His 143 yards against Huron lifted him to a 956 season. Matthies has scored 18 touchdowns and 60 points in 15 carries. He averaged six yards a carry and topped the team in scoring with 75 points.

Halfback Jerry Kilcoin posted his best game of the year with 178 yards in 15 carries and two touchdowns against Huron. Boosting him to a 758 yard rushing total and 66 points.

Kilcoin's first tally resulted from a 74-yard sweep around left end, with a Huron defender left and behind all the way, nearly upsetting the O'Neill speedster in a desperation lunge. Pat Shimoda made the score 7-6 with a conversion kick.

Huron had scored first on a 88-yard drive launched by recovery of a Wayne fumble. Halfback Eldon Haller went over from the yard out.

A four-yard Matthies plunge capped a 62-yard Wayne drive later in the second period. Shimoda again converting. The Wildcats held Huron on its next series, then rolled again for their third TD. Kilcoin had a 44-yard dash in the 81-yard campaign and finished with a four-yard end sweep for the score.

Huron fumbled and lost possession on the kickoff return, and Quarterback Dean DeBurr found End Roger Bentley for a 16-yard scoring pass on the next play. Shimoda's kick went wide, as it had on the third touchdown conversion.

Wayne went to the half-time rest with a 28-6 pad, but with two starting players injured, End Roger Cordes and Guard Clem McGil.

Slashing defense ruled through the third canto. Early in the fourth, Huron executed a nifty 44-yard scoring pass from Quarterback Bob Sparks to End Sam Mansch. Haller booted the first of his three extra points which proved the winning margin.

Huron interception of a Wayne pass set off the next Scalper goal drive from 43 yards out. Halfback Mike Kerner ran the last nine.

Wayne mounted another assault which reached the Huron 25. Two 15-yard penalties, both stouffed protested by the Wildcats, stalled the effort. Huron took over with about three minutes left and traveled 67 yards in a little over one minute. Kerner racing the last seven yards. Haller's kick put Huron ahead with 1:56 remaining.

Wayne tried to fire another attack, but Huron defenses prevailed, allowing the Wildcats nothing like the last-minute touchdown which Huron's Haller scored on a 85-yard kickoff return. On that be-

Letters to the Editor

Dear Sir:
Your recent editorial concerning school reorganization and the fact that the Kiwanis club had our friend Alan Burkhardt in for his oft repeated speech on Nebraska taxes has brought to my mind the need for your readers to have a few facts about taxes in Wayne county.

At fair time The Wayne county Farm Bureau prepared an information sheet on tax assessment in the county, which showed the following facts as furnished by our county assessor:

Total value of rural real estate, \$46,653,490.
Value of cattle \$7,182,950.
Value of hogs, \$1,177,295.
Value of sheep \$14,000.
Value of machinery \$4,636,510.
Value of personal property used in farm business, \$13,010,750.

Total rural valuation of real estate and farm personal property, \$59,653,245.
Total value of city real estate, \$14,022,000.
Value of personal property used in town business, \$2,009,240.

Total value city real estate and business schedules, \$16,031,240.

No household goods, cars, trucks, horses, or boats, etc., are included. Compare the figures and you can readily see who is paying the bulk of the taxes in Wayne county under our out-moded tax system that Mr. Burkhardt so fervently champions.

In your editorial, you stated that Nebraska has more school districts than all states west of here except California. Not one of those states limits their tax base to property tax as does Nebraska either. Do you think that the two conditions might have some relation?

According to the Educational Directory of Wayne County for 1963-64, District 17, Wayne city school system, has a valuation of \$7,509,600.

and there are 1419 children included in the school census. I blocked off an area of rural districts that might possibly be included in a re-organized K-12 district with district 17. The valuation of the rural area totals about \$8,900,000, and has 589 children in the school census. This would mean if such an area would actually be formed into a district under our present tax system, the rural area, with about 30% of the possible students would have to pay considerably more than half of the cost of the school. If you were living in the rural area would you vote for such a proposal?

According to the 1960 census, there were 1157 farm families in Wayne county out of a total of 2533 families. These farm families reported an average income of \$3283 while the average for all families was \$3763. While the tone of your editorial would indicate that we are one big happy family here in Wayne county, you can readily see that some of us kids are pulling the wagon while the rest of you are riding, and you don't seem to want to change off with us.

Considering Mr. Burkhardt's contention that the best way to broaden the tax base is with new industry, what is Wayne doing in that area? It has been reported to me that one of the local businessmen has been considering the expansion of his present plant to include a new industry which seems to me would fit in very well with the economy of our area, but that some of the city council have been trying to throw up some road blocks for him.

After spending money to attract some nebulous industry from some far area, one would think that Wayne would be happy to encourage a local man who was willing to spend some money on a plant that would pay taxes and furnish employment to several people.

I hope that I have given you and your readers some food for thought and that you will continue to write some more editorials. It is O.K. to tell us about Aunt Sally going over to Cousin Minnie's for coffee but I like to have my mind challenged once in a while too.

Yours truly,
Robert Boeckenhauer
(Ed. Note: It was gratifying to receive Bob Boeckenhauer's

letter on the subject of taxes and schools. In nearly any situation, open discussion by both "sides" generally ends in the proper action. The columns of The Wayne Herald are always open to any one who has comment on any subject. The Editor.)

RAW MEAT
● O. My children like to eat raw hamburgers. Is this harmful in any way?
A. The eating of raw meat should certainly be discouraged. Aside from the fact that cooked food is more digestible, certain meats, notably pork, should always be cooked. An estimated 27 million Americans have trichinosis, a disease caused by eating raw or improperly cooked pork containing nematode worms. Trichinosis can be avoided by highly raising the cooking temperature above "normal" sometime during the preparation of pork. While hamburger isn't supposed to contain pork—only the butcher knows. Our advice: don't eat uncooked meat.

BURSITIS
● O. I have bursitis in my left arm and shoulder. What can I do to get relief?
● A. Doctors now have methods of treating this troublesome condition which were not available a few years ago. Self-treatment is ineffective and inadvisable. See your doctor.

Capitol News First of Time Sales Bills Gets Preliminary Approval

LINCOLN — There were a few senatorial outbursts on the floor of the legislature in recent days while the lawmakers kept persistently at their task of trying to find suitable answers to the time-sales dilemma.

But for the most part, the senators spent their time debating bills aimed at easing the financial crisis. There were some arguments about the wisdom of enacting bills which some attorneys feel have a good chance of being declared unconstitutional.

What is generally considered the most important single piece of proposed legislation, LB 11, was given preliminary approval last Friday just before the senators adjourned for a long holiday weekend. They returned to their desks Tuesday afternoon.

LB 11 would leave the usury rate at nine per cent, would cut the maximum amount of a small loan from \$3,000 to \$1,500, and would also provide for installment loans carrying a 12 per cent interest rate. Among its numerous other provisions is one permitting a seven-year repayment period of installment loans.

Under the small loan section, the first \$300 of a loan could carry 30 per cent interest, the next \$200 would have 24 per cent, and the balance would have a 12 per cent rate.

Sen. Sam Klaver, Omaha, tried unsuccessfully to get the ceiling lowered to \$1,000 with the first \$150 having 30 per cent interest, with the second \$150 at 24. The \$700 balance would have been loaned at a nine percent figure.

During the extended debate on the bill, Sen. Terry Carpenter, Scottsbluff, said he believes it will make it possible for 95 per cent of the people to use installment loans — and at a lower rate than many of them have been paying.

The attorney general has said that LB 11 could very probably be defended successfully if its constitutionality were ever challenged. His statement regarding the measure undoubtedly had some significant influence with the legislature.

Serious misgivings have been expressed by some, however, about a number of other "remedial" bills. One of them, LB 19, would have the effect of guaranteeing the validity of all contracts written in the past or in the future in compliance with an unconstitutional law. The remedial measures were drawn up by attorneys for the finance industry.

Bottle Club Law
The bottle club bill, which took the news spotlight for a time in the legislature, survived its first major floor test handily when it received 34-1 initial approval.

The bill, much stricter than the one enacted by the regular session earlier this year, will provide for bottle club membership lists to be filed annually on May 1 with local officials and the state liquor commission. It will require a five-day waiting period between an individual's application for and issuance of a membership.

The clubs will also have to pay occupation taxes and will not have power of attorney to purchase liquor for members. This means that members will have to return to the locker or card system in obtaining liquor while patronizing their favorite watering spot.

Non-profit clubs, such as service organizations and country clubs, will be permitted to dispense drinks on Sundays. However, bottle clubs won't be able to do so unless authorized by local government officials.

The lawmakers turned down by a 25-11 vote a proposal from

lent. He also said he was not displeased that the commission bypassed for the time being activating of channel 16.

Reserve Ratio Hiked
State Labor Commissioner Lambert Eitel has raised the workmen's compensation reserve ratio one half per cent across the board. He said the increase was necessary to assure employer contributions for this year will be equal to unemployment benefits paid out by the department. The action by the commissioner is subject to approval by the governor.

John Siderer, state employment division director, said the action will not mean an increase in employer payment rates. Rates, he said, are actually going down, depending upon the risk involved.

Now Is Time, to Check For Grass in Cornfield
Now is the time to take a look at foxtail and other grass problems in cornfields, says John Furrer, University of Nebraska Extension agronomist.

Experiments in Illinois have shown that a harvest check can tell you how effective your control of grassy weeds has been and whether you need to improve next year, Furrer said.

Count the number of grassy plants per linear foot of row several places in fields. It gives a good indication of how bad weed problems are.

If you have one foxtail plant (or similar weed) or less per foot of row, you are doing a good weed control job. More grass than that indicates you

can spend more money for better weed control.

Two or three foxtail plants per foot of row equal a loss of 5.7 bushels of corn and 2.3 bushels of beans per acre. Additional grass points to even greater losses.

Planning better seedbed preparation and cultivation practices will help you reduce future foxtail infestations in row crops. Using pre-emergence weed-killers will also give you protection against bad weather delays in early cultivation.

Nebraska's Observe Farm-City Week
Civic organizations and farmers throughout the state will try to cement a closer relationship between rural and urban people during national Farm-City Week, November 22 to 28.

Merle Betts, public relations and research director for the Farm Credit Banks of Omaha, has been named chairman of the Nebraska Farm-City Week committee, which also includes representatives of farm organizations, agribusiness, press, and radio, vocational agriculture, chambers of commerce, and the University of Nebraska.

"Local activities to develop better farm-city understanding are being organized in many Nebraska communities," Betts said. The Nebraska observance will emphasize the role of farmers and ranchers, the role of city folks, and the dependence of each upon the other.

Conservation NEWS NOTES

This has been one of the best falls in several years to establish conservation practices. The crops were harvested early and the weather has been favorable to the application of conservation practices.

In the past few weeks terraces have been constructed on the farms of Art Schellpepper,

The Leaky Trough

Adolph Miller, Norman Deck, Myron Deck, and Carl Berg, all south of Winside, Terraces have been constructed on the farms of Bob Spangler, Pender, and Bob Peterson, Carroll. Waterways have been shaped on the farms of George Schmidt, Randolph, Harry Heinemann and Lester Proutz, Winside, and Laverie Schmor, Carroll. Many more jobs have been staked and will be completed this fall. Louie Willetts, Winside, just completed a nice farm pond. He plans to stock this with fish as soon as it fills up with water.

There seems to be considerable interest in grass planting. We are all aware that our farm programs are encouraging more grass and less cultivated land. The Soil Conservation Service continues to recommend Bromegrass or a mixture of Bromegrass and Intermediate Wheatgrass for cool season pastures. For warm season summer pasture we are strongly recommending improved strains of native grasses. If you are planning to retire some land and going into the farm program, you may be interested in this type of pasture. We will have the grass seed and a special grass seeder available for use in the Wayne County Soil Conservation District. We would also be pleased to show you some of these grass seedings in Wayne County if you are interested.

The meeting, Mister Editor, adjourned on that note.

Yours truly,
Uncle Zeke

New Fabrics for Outdoor Jackets
If you're looking for outdoor coats that would make good school wear, you will find a new array of fabrics from which to choose in clothing stores.

There are firmly woven outer fabrics combined with fiberfill bats quilted to the linings, pile knit linings or quilted or fused polyurethane (plastic) foam. There has been an increase in the use of cotton and synthetic fibers in outer wear. Comfortable clothing for cold, windy weather does not depend so much on the kind of fiber as on the way yarns and fabrics are made.

If a fabric is slightly porous, excess body heat is allowed to escape and perspiration evaporates. Since people feel uncomfortable when moisture collects on the skin, a completely windproof fabric would be uncomfortable.

The heavy fabric is not always warmer than the lightweight fabric — it depends on the way it is made. Fabrics that are good insulators are made with many air spaces between fibers and yarns. Some of the best insulators are thick woolen coating, fleeces or fur fabrics, quilted fiber, fill bats, and sheets of polyurethane (plastic foam).

A single fabric can be both a good windbreak (slightly porous) and a good insulator (thick) at the same time. As a result, coats are made of layers of fabric such as an outer material, an interlining and a lining. Usually the outer fabric is the windbreak and the lining or interlining the insulator.

Seasonal Cleaning Upset Not Necessary
While annual fall house cleaning may have certain advantages, it too often leaves the homemaker physically and emotionally exhausted. She would find it easier to distribute special cleaning processes over a period of time, thus eliminating annual upheavals. For example, include some special cleaning with her regular weekly cleaning.

Some household aids sold at the store are designed for special cleaning jobs and will be helpful, but cost extra money. May we suggest a one which is energy saver, and one which is safe to use from a poison standpoint, too.

Clean silver by electrolysis, using a large enameled kettle. Place a piece of bright aluminum foil in the kettle; fill with enough water to cover the silver. To each quart of boiling water add one teaspoon of baking soda and one-half teaspoon of white. Stir with a wooden spoon. Place the silver in the boiling solution so that each piece touches either the aluminum or another piece of silver in contact with the foil.

Let stand for 30 seconds or longer if tarnish is heavy. Remove silver and place on a soft cloth. Add a second lot of silver and repeat. Examine the silver, and if necessary, polish with a soft cloth to remove traces of tarnish. Then place in hot suds, wash and dry.

Way Back When

10 Years Ago
Nov. 12, 1953: W. A. Koeber was elected 1954 president of Wayne's Kiwanis club. Koeber succeeded Howard E. Tomper. Wayne County Sheriff Hans Tietgen this week posted a \$50 reward for information leading to the arrest of persons committing acts of vandalism within the county.

An estimated \$4,000 damage to the Paul Bengtson farm home about five miles north of Wakefield was done early Monday morning by fire of undetermined origin. Mrs. Elta Perrin, Winside, will be an honored guest at open house Sunday afternoon at the Winside library. Mrs. Perrin served 26 years as librarian in the Winside Public Library. Mrs. Russell Weststrand was elected president of Hospital Auxiliary Wednesday afternoon. Open house was held Sunday, Nov. 1, at the Fred Salmon residence in Concord to welcome home Capt. Joseph Mantz and his wife, Irene.

15 Years Ago
Nov. 11, 1948: Mrs. Max Ash, Wayne, was named chairman of the county American Legion auxiliary at the convention in Carroll Tuesday afternoon. Elections for AAA community committee and county convention delegates opened yesterday in Leslie precinct and will continue through Thursday, Nov. 18. Dad's night was observed at the regular meeting of the Music Boosters held in the high school auditorium this week. Cars belonging to Ed Kenny and Dallas Cunningham, both of Carroll, were involved in an accident five miles north of Carroll early Saturday morning. No one was injured. Mrs. Maria Koleh, Bancroft, celebrated her 104th birthday Nov. 1. The annual Cedar county Masonic meeting was held in Laurel Tuesday evening with 100 members attending.

20 Years Ago
Nov. 11, 1943: Anna Fredrickson, who has been teaching primary in Carroll city school, has been transferred to the high school to succeed Mrs. H. L. Brune who resigned to go to Worthington with her husband. Wayne city library book week display will be in the M. L. Ringer office window next week. The Miller Chevrolet garage safe, Pilger, was robbed Friday afternoon, about \$40 being taken. Officers are searching for two men who were seen leaving in a car bearing an Omaha

license. Volunteers are asked to come to the Red Cross rooms at the city hall Tuesday and Thursday afternoons between 2 and 5 for sewing. The local chapter has been asked to make 200 scarfs (sallpers), five dozen convalescent robes, bed shirts, bedside bags, water bottle and ice bag covers. District Judge Lyle Jackson, Neligh, plans to hold a session of district court. Train service on the Crofton branch Monday and on the Bloomfield branch Tuesday was annulled. A freight that left Emerson Monday afternoon at 3 had to return. So many trains on the main lines between Omaha, Sioux City and Minnesota points were stalled that most of the train equipment was sent to those regions first. A snow plow started Tuesday night to clear lines in this vicinity. Juniors of Winside high school will present the three-act comedy, "Hibbilly Courtship," in the municipal auditorium Friday evening.

25 Years Ago
Nov. 10, 1938: Wayne city council decided to gravel the streets adjoining the college at a meeting Monday evening. Earl Merchant bought the interest of his partner, B. F. Strahan, in the oil station here and is now sole owner. Mrs. Ernest Behmer was badly burned Wednesday morning with boiling coffee which she pulled from the stove. G. O. Macklin, Wayne, won a sales champion trophy, emblem of his branch sales championship. Mrs. Ray Huskirk, Wayne, is the first woman in Wayne county to become a member of the local American Legion organization. P. R. L. F. Good was elected president of college and university registrars at the state convention held in Omaha Friday and Saturday. Wayne county was one of the first in Nebraska to receive payments in the 1938 agricultural conservation program. The Shick test will be administered to all Wayne school students who desire it. Madison county was the only one in the vicinity of Norfolk in which voters Tuesday favored support for the farm bureau.

30 Years Ago
Nov. 9, 1933: The various departments of college training school are observing American Education week in some form or other. Marie and Walter Sund sang solos for last Thursday's broadcast from the Wayne Herald studio. Hoffman brothers of Winside plan to exhibit Hereford cattle at the International Livestock show in Chicago December 2 to 9. Carl Neuhke, Hawkins, won the Madison county corn husking contest a few days ago and won third place in the state contest which was held at Cozad Friday. Two unmasked men held up Herman Plohar, Winside, as he was clipping his general newspaper-street Friday. They appropriated between \$25 and \$45 from his safe. Jennings, son of Mr. and Mrs. W. W. Garwood, Carroll, has accepted a position as chemist for the Upjohn company in Kalamazoo, Mich.

May we add a word of caution. Oxidized silver (with dark decoration) will lose its shadow if cleaned this way — so submerge the piece only up to the darkened pattern area, and then finish with a polishing cleaner. Soft water washes and rinses cleaner than hard water. If water is hard, put a softening compound in the water before adding soap. Use softener in the rinse as well as wash water. Where some water softener services have been installed, owners have only had the hot water tanks connected thus leaving the cold water flow as hard water. If this water which is usually used for the rinse water is not softened with added softeners, the soap will form curds in the water and deposit in the clothes. This action causes the grayness developing in the laundered clothes.

"I guess your Pa never will catch on to them new-fangled things"

GRASSROOTS GLEANINGS

by Bill Stokes

There's a man in Culver, Ind., who has twelve orchid plants and has to give them weekly baths, **The Culver Citizen** reports. The orchid raiser said the bathing is "one of the biggest chores."

If this fellow thinks bathing twelve orchids is "one of the biggest chores," he should try bathing four boys.

An orchid does not have ears, and ears are the most troublesome when it comes to bathing boys. The ears become strangely sensitized at the first hint of soap and water, and an adult-wielded washcloth is a threat beyond all imagination.

If bathing orchids is one of the biggest chores, bathing boys is the biggest.

The Pipestone (Minn.) Star reported on the pipestone pipe from Pipestone that was given to Nikita Khrushchev by Orville Freeman. The pipe was a peacepipe and Khrushchev went through the motions of smoking it, though he doesn't really smoke.

That's like him. He goes through a lot of motions. Any guy who would pound his shoe on the table would probably blow soap bubbles with a peacepipe.

The Crookston (Minn.) Daily Times speculates that even though a woman lost twenty pounds while swimming the English channel, most women will stick to grapefruit and cottage cheese in the perpetual fight for a figure.

I don't know as I agree with **The Daily Times**. Right in my circle of female associates, there must be a half dozen girls who would gladly swim the English channel if it meant losing twenty pounds. In fact, I think some of them would swim the channel for ten pounds. And there are a couple of them who would tackle the Atlantic ocean if it meant dropping poundage.

What obviously keeps most of them from diving in and swimming off is "That awful last year's bathing suit."

It may not mean anything to people outside of the newspaper world, but it was heartening to read in the **Sunday Times of Spencer, Ia.**, that someone has discovered that newspapers can be used to keep raccoons out of the sweet-corn patch.

No, you don't run a notice to all raccoons. According to **The Times**, you spread the newspapers out around the corn patch. Raccoons will not walk across newspapers, so it said.

You can't help but wonder what part of the newspaper would be the most effective in keeping out the masked bandits. They'd probably be the most reluctant about walking across the women's page for fear of starting a style trend toward raccoon coats.

Anyway, it's comforting to those of us in the industry to know that from time to time we may stop a raccoon.

Did you ever ask yourself how long it would take a seven-year-old boy to eat a cow? Neither did I until I read in the **Tipton Daily Tribune, Tipton, Ind.**, that a 55-pound boy eats more than a pound of hamburger per week.

This means that the boy would devour an entire cow in just a few years. It's frightening.

I don't dare calculate it accurately, but my four hamburger hounds must have eaten a sizeable herd of cattle in the past decade.

Whitetail Deer... pied piper to hunters

by Paul Craig

Now is that time when the whitetail deer pokes its antlered head into civilization and lures away a million men.

That flashing, bounding "flag" for which the creature is named, is a Pied Piper device that men come forth to follow like eager, stumbling children.

They follow it to the sandy jackpine ridges, into the spruce swamps, along the scrub-oak hills and by the willowy river bottoms.

They sit on stumps with rifles across their knees and they wait for the thunder of sharp hooves beating a staccato of alarm, or for that soft rustle of leaves that signals a whitetail sneak.

The hunters doze on the stumps in the afternoon sun and then they snap to rigid attention—their hearts now thundering louder than any hooves—when there is a glimpse of brown or white movement on the face of the wilderness.

If the deer is the right kind according to law, if the rifle is aimed properly and if the trigger is squeezed in the right split-second, if the man's hands do not tremble beyond control, if his pounding blood does not obscure his vision, if, if, if, and if one "if" is against the hunter, there is no venison.

Then there will be only a story, an alibi, an adventure to share in the evening when the hunters gather in shacks and lodges.

There will be red-shirted partners to sympathize or to tease, as socks steam over the stove and smoke curls blue into the dim shadows of the rafters.

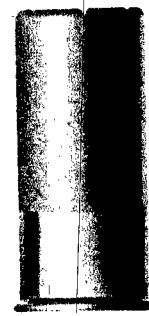

Then maybe a hand or two of dealer's choice before mass snoring fills the darkness and shakes the walls.

It will all start again in the pre-dawn stillness. Black, strong coffee is first, with heaping, steaming breakfasts to follow.

Then it is off to the runways to stand shivering and waiting for the day and the deer—to listen and look and dream of a giant buck with antlers like treetops.

Ordinary paper shells start losing power from the day they're made. Moisture, humidity and temperature steal power...up to 28% in just twelve months. And the longer you keep 'em, the more they lose. Plastic shells made by Remington keep 100% of their power. They start out as the most powerful shells made...and stay that way. And the tough weatherproof plastic case means they'll never scuff, swell or split. Now made in a wide range of "Express" high-base loads and new "Shur Shot" low-base field loads. Remember, Remington plastic shells keep your power dry! Ask for them by name. **Remington**

HYBRIDS**

There is something NEW in Corn!

Yes—there's something NEW in Seed Corn—something Different. It's the DeKalb XL Family—a brilliant scientific achievement in corn breeding. These hybrids represent a greater concentration of desirable qualities which promise high yields—greater disease resistance—superior stalk strength—the ability to take the EXTRA stresses of modern, intensive farming—high populations and heavy fertilization.

All experimental lines are deliberately exposed to every possible hazard. Only those few, TOUGH enough to survive, are used in breeding DeKalb's XL varieties.

IMPORTANT—From all indications, DeKalb XL varieties are going like "wild fire." Be sure of your supply. See your DeKalb Dealer. Don't put it off.

As farms get larger, the tractor power needed also becomes greater. Six (or more) row equipment is here to stay . . . and the power to use it is fast becoming a necessary part of farming.

Yet, the need for power to do the smaller chores around the farmstead is just as important as ever . . . maybe more so. What do you do? Do you try to do everything with the larger tractors . . . or do you do like the Clarence Schleicher family, Rt. 2, Columbus, Wisconsin, and buy one of the small tractors?

We think there is a lot of merit in having one of these small tractors for many farmers.

Clarence Schleicher has two big tractors and some 200 acres to farm. As he puts it, "When they are needed in the field, they

better be there." And, he added, "Even if we did have a little spare tractor time along the way, they usually have equipment on them that would have to be removed and later put back on every time we had a job to do around the farmstead. The little one is always ready.

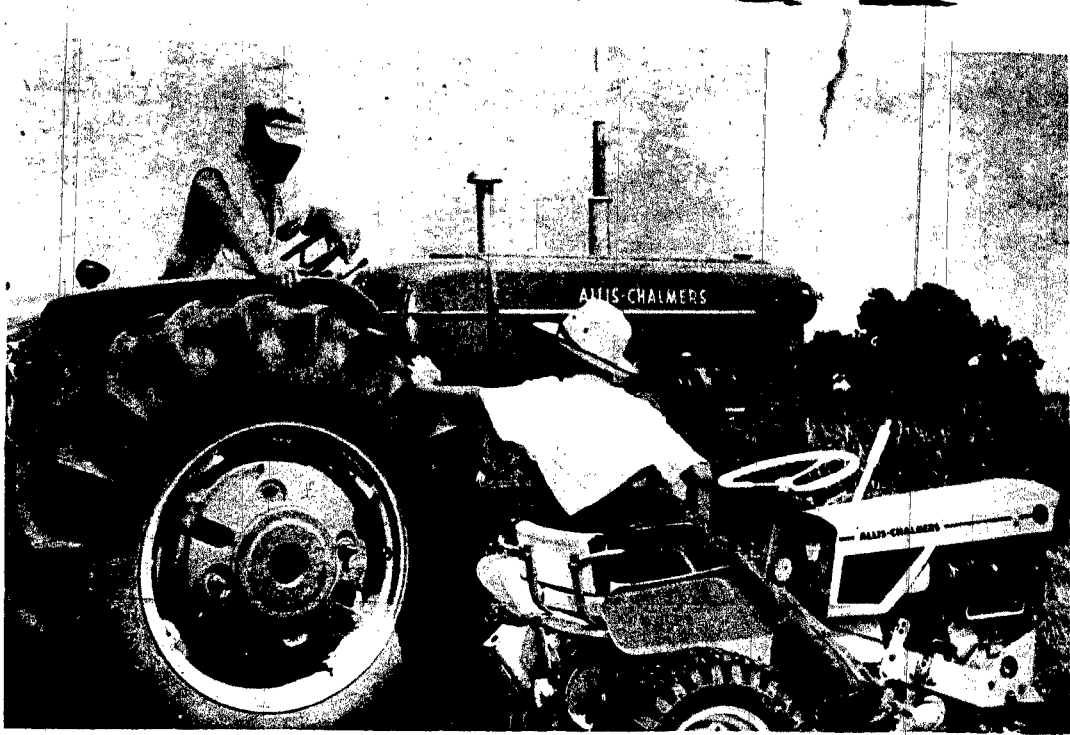

"Anyway," Schleicher continued, "why tie up a 5 or \$6,000 tractor to do the work that a tractor costing one-tenth that amount can do . . . and probably better."

In Schleicher's case, probably the best reason for getting the smaller tractor was available "boy power." Actually, son Norbert, 11-years old, is the principal operator of the little tractor. Just take a look at some of the many jobs it performs regularly . . . and there'll be additional ones to be done as the need arises.

Taking care of the chickens, calves and doing other such chores suddenly becomes fun for Norbert since the little tractor came under his command.

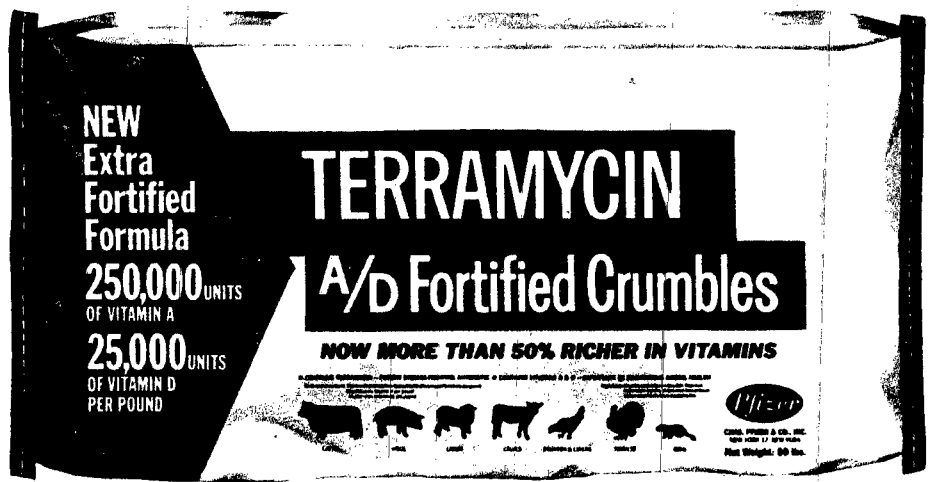

Delivering a message . . .

LITTLE TRACTOR OR NOT?

If you are weighing the merits of buying one of the small tractors for your farm, you'll want to consider its many possible uses around the farm.

- With the plow, harrow and cultivator, you'll tend your garden, no matter how small.
- With the dozer, or scraper, you'll be able to clean such things as chicken houses and other confined areas, as well as clear snow from walks and areas too small for larger tractors.
- With a portable generator you'll have available power when and where you need it . . . even out in the field.
- With the mower, you'll be able to get into places impossible with larger equipment . . . and with a lot more convenience.
- With the wagon, you'll save your back on a hundred and one jobs around the place.
- And, in addition, you'll want to consider the extra saving over the larger tractors.

I want my house to look like Grandma's

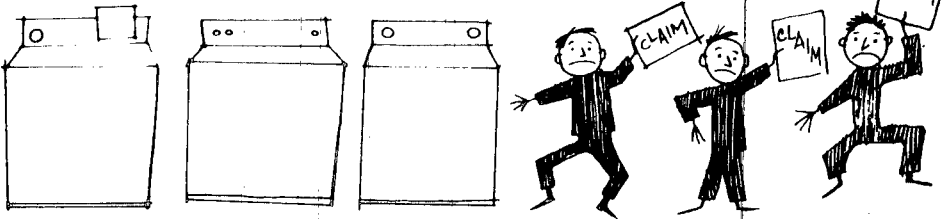

Plants to me bring back "young" memories! "House of Flowers" is the name I remember the first time I became fully aware of the extent of vegetation inside Grandma's house.

The house is a relic of the period when kitchens served as the center for family activities. Because the women had to spend so much time there, they naturally wanted their surroundings pleasant. Grandma was no exception. Plants seemed to add the wanted touch, so Grandma set about acquiring plants.

"House of Flowers", the name fits Grandma's house perfectly. Strictly speaking it's the name of a florist shop. But Grandma's house almost falls into that category—does yours, too?

Do you tend a plant and it thrives? Do you have what many refer to as a "green thumb", or do you only wish you had these attributes? Is most of the vegetation in your house a result of relatives' gift giving; a splendid plant which lasts awhile then finally succumbs?

Grandma had every possible corner of her house occupied by a plant. There was the florist's cyclamen which hadn't withered away as mine usually do. Grandma's secret was the watering. Many people think plants need a daily flooding. This isn't so. Actually, any plant can be killed by too much water. It's a good idea to check the soil with a "finger" test. Before watering the plant soil should be very dry to the touch.

When my "rubber plant" started to get yellow, dry leaves, Grandma told me to stop taking "over care" of it. So, I didn't water it or pay attention to it every day. Once a week was enough and I'm happy to say the plant thrived in the inattention!

I learned many other things about plants from Grandma. For quite a time I was suffering from what seemed to be an allergy. Grandma informed me I'd have to get rid of my primroses. It seems certain people are allergic to this plant. So I got rid of the primrose and also my rash.

A part of Grandma's house was devoted to what I termed "Begonia Territory". It was a not too sunny part of the home and these plants required careful watering. Violets were another plant I learned a lot about from Grandma. African violets seem like a very hardy plant and they are with the proper attention. Above all, this type of plant should not be overwatered.

Also, the violet is best watered from the bottom. Grandma had taught me the best way to keep violets was in a pot which could sit in a dish that could hold water so the plant could drink from the bottom when it needed it. Incidentally, plants seem to do better on water which has not been commercially softened. Ideally rainwater is the best, but regular water supplemented with occasional plant food additives is sufficient.

It is very easy to take cuttings from violets and start another plant. Remember not to allow the leaf to become submerged; it will rot. An easy way to guard against this is to use wax paper and put the violet slip through it into the water. The paper will then act as a support for the leaf and cap for the water holder.

A fuschia is a plant which can offer plant lovers a real challenge. According to Grandma, the fuschia grows year after year without pruning. This makes it inconvenient to handle and somewhat unattractive, since many of its branches remain bare and unsightly. But once a year the fuschia's elegant lantern-like blooms make up for the plant's pouting mood during the rest of the time.

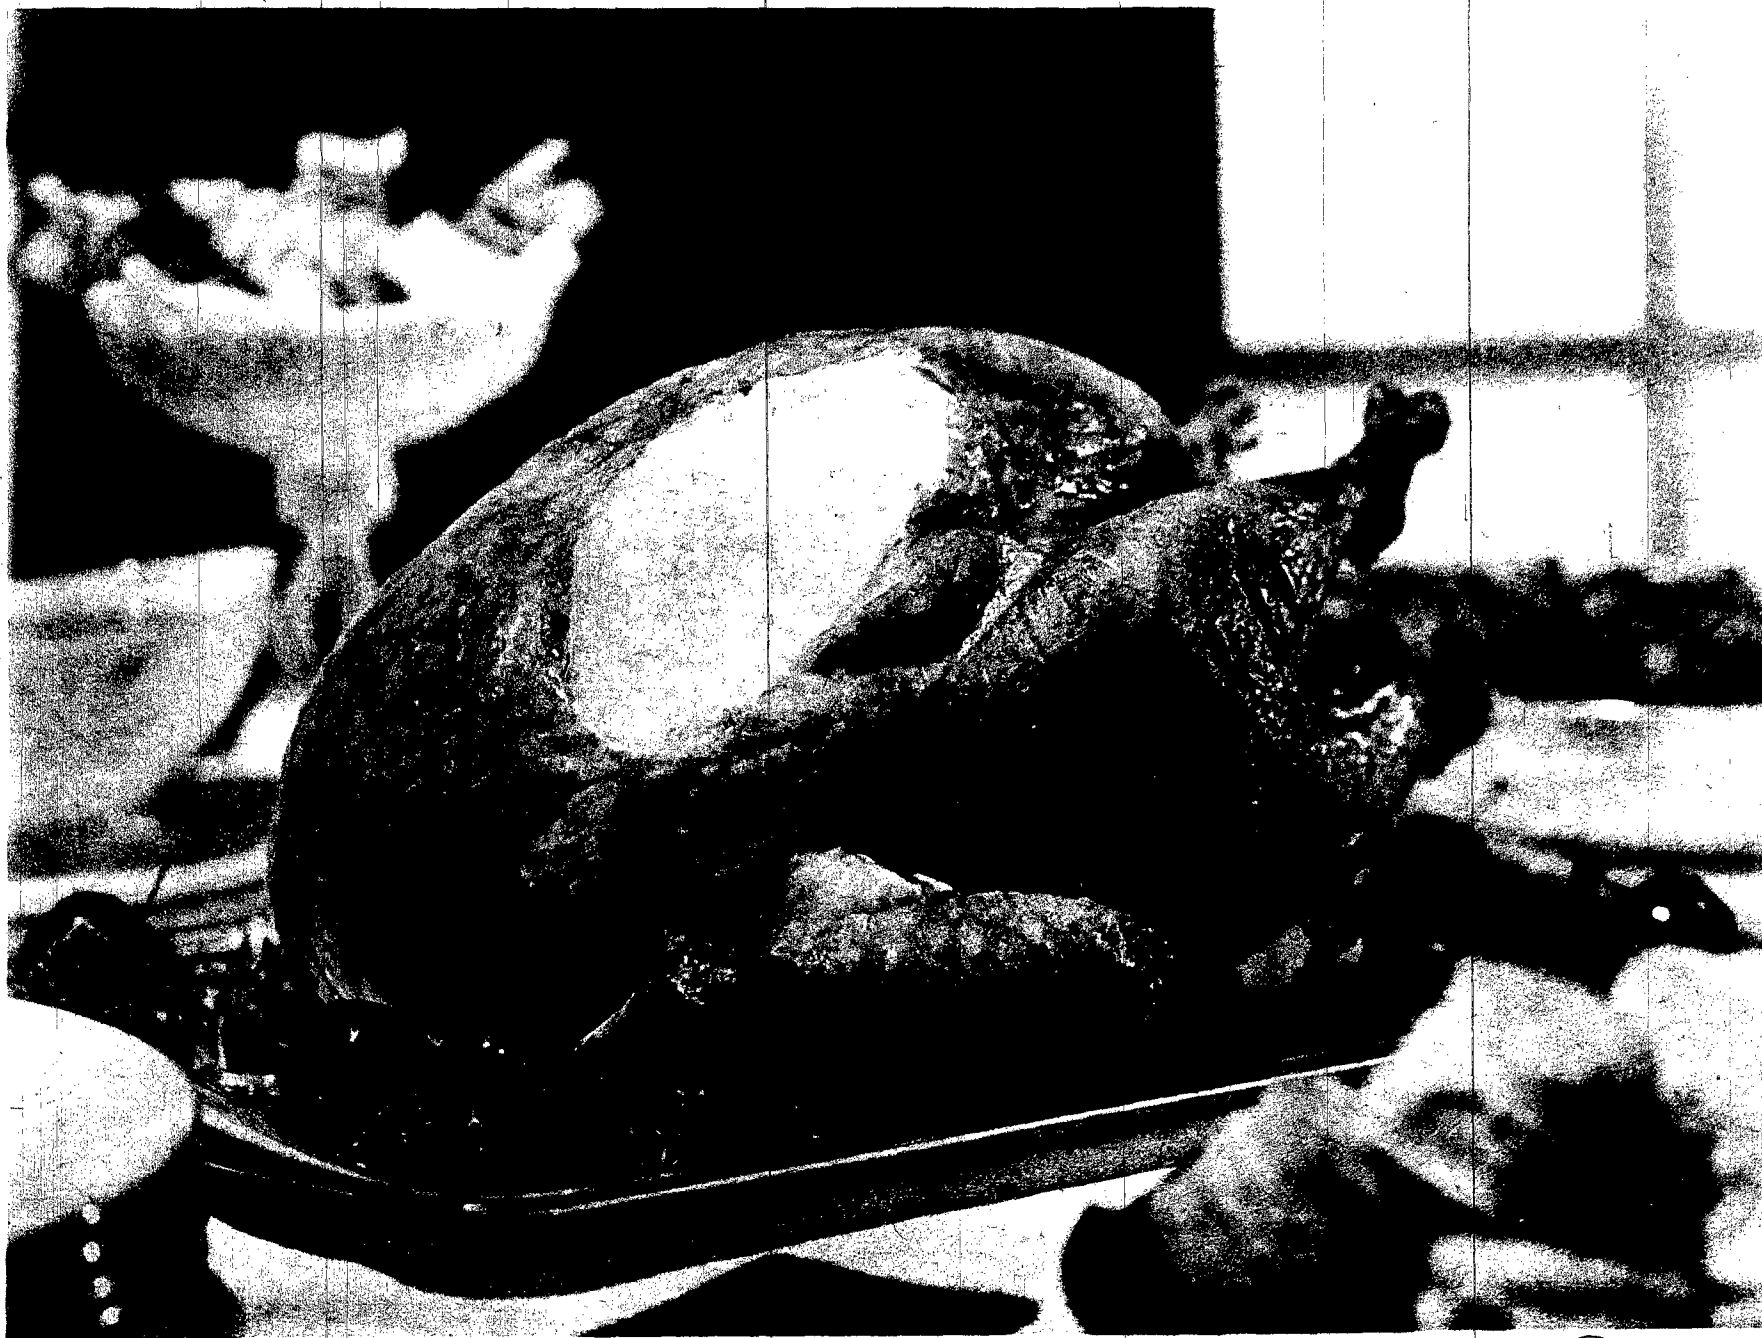

I have learned a great deal about plants from Grandma. My house was about to become as tenanted with plants as hers was. Then I learned yet another lesson from Grandma!

A cousin of Grandma's had arrived from Florida with another plant for her. This was not an ordinary plant—an air plant. It grows without dirt or water, taking its moisture and nutrients from the air. All Grandma had to do was pin the air plant on a curtain and wait for it to grow.

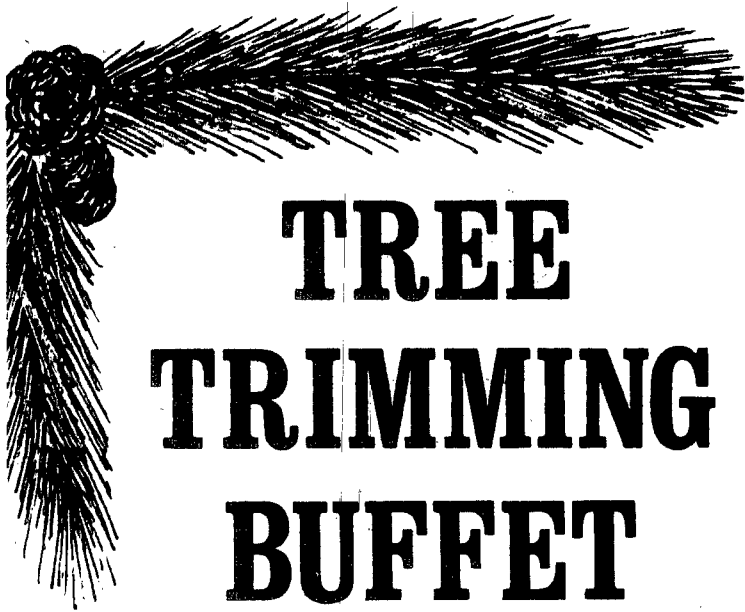

A simple matter... the answer to my problem, too! The only thing I'm wondering is how long it'll be before we run out of curtain space!

HOLIDAY FOOD FESTIVAL

For Thanksgiving, Christmas
and New Year's, we have a special
collection of holiday food
specialty for you.

Holiday fun with...

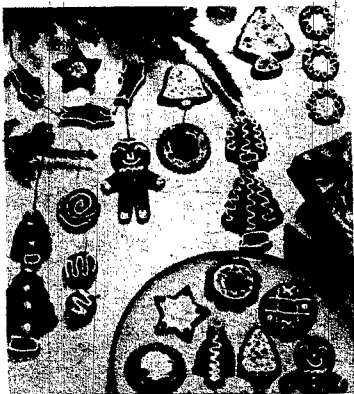

TREE TRIMMING BUFFET

Trimming the tree is a time honored ritual and the fun is enjoyed by all — from the two-year old to Grandpa. Invite a few special friends over to the house to help decorate. Have your tree set up and ornaments and tinsel ready and waiting before your guests arrive. When the last ball is hung and the lights are turned on for the first time, treat your guests to a holiday buffet. The food you serve should be as festive as the tree you decorate. So, how about this menu:

Baked Ham
 Holiday Salad
 Assorted Breads Relish Tray
 Mincemeat Cakes
 Spiced Tea Coffee

For holiday fun decorate your Christmas tree with shiny "apples." These surprise tree ornaments are actually popcorn balls gaily wrapped in aluminum foil.

Why not have tree-decorations pretty enough and good enough to eat? These Tree-Trim Cookies add a special touch to the well-trimmed tree.

All the goodness and flavor of Christmas baking seem to be contained in this old-fashioned Stuffed Bread.

STUFFED BREAD

- 1 cup milk
- 1/2 cup sugar
- 1 teaspoon salt
- 1/2 cup shortening
- 1/4 cup warm water (105-115°F.)
- 2 packages or cakes yeast, active, dry or compressed
- 4 1/2 cups flour
- 1/2 teaspoon cinnamon
- 1 cup chopped dates
- 1 cup chopped walnuts

Scald milk. Stir in sugar, salt and shortening. Cool to lukewarm. Measure warm water into a large mixing bowl. Sprinkle or crumble in yeast. Stir until dissolved. Stir in lukewarm milk mixture. Add about half the flour and the cinnamon. Cover; let rise in warm place, free from draft, until doubled in bulk, about 30 minutes. Stir in remaining flour. Turn out on lightly floured board and knead until smooth and elastic. Place in greased bowl; brush top with shortening. Cover; let rise in warm place, free from draft, until doubled in bulk, about 1 hour. Punch down dough. Cut off about 1/2 of the dough. Knead dates and nuts into it and form into a narrow loaf. Roll remaining dough into a rectangle about 1/2 inch thick. Put the fruit loaf in the center and cover it completely with the sheet of dough. Moisten and pinch the edges together. Place on a greased baking sheet. Cover; let rise in a warm place, free from draft, about 1 hour, until doubled in bulk. Bake at 350°F. about 50 minutes.

MOLASSES TREE-TRIM COOKIES

Sweet Light Dough:

- 1/2 cup shortening
- 1/2 cup granulated sugar
- 1 egg
- 1/2 cup dark molasses
- 2 3/4 cups flour
- 1 teaspoon soda
- 1 teaspoon salt
- 1/4 teaspoon vanilla

Spicy Dark Dough:

Follow same recipe given above, except substitute brown sugar for granulated sugar.

Add:

- 1 teaspoon cinnamon
- 1 teaspoon ginger
- 1/4 teaspoon allspice

Thoroughly mix shortening, sugar, egg and molasses. Sift dry ingredients together and stir into molasses mixture. Add flavoring. Chill dough several hours, or until very stiff. For more tender cookies and easier rolling, divide chilled dough into two or three portions and roll out a portion at a time. Roll dough about 1/4-inch thick on a lightly floured board. Cut out in holiday shapes. Place about 1-inch apart on greased baking sheet. Bake in a moderate oven (375°F.) 8 to 10 minutes. Cookies are done when light touch with finger leaves no imprint. Cool. Decorate. Makes about 5 dozen.

HOLIDAY SALAD

- 1 cup salad dressing
- 1/2 cup heavy cream, whipped
- Few drops green food coloring
- 1 cup diced peaches
- 1 cup drained crushed pineapple
- 1 cup miniature marshmallows
- Lettuce
- Peach slices
- Maraschino cherries

Combine dressing and whipped cream; add food coloring. Fold in fruit and marshmallows. Pour into a 1-quart ring mold; freeze until firm. Unmold on lettuce; garnish with peach slices and cherries.

TREE-TRIM POPCORN APPLES

- 1/2 cup corn oil
- 1/2 cup unpopped popcorn
- 1/2 cup light corn syrup
- 1/2 cup sugar
- 1/2 teaspoon salt
- Few drops red food coloring
- One of the following:
- 1/2 cup chopped nuts, OR
- chopped candied fruit, OR
- crushed peppermint candy, OR
- 1/2 teaspoon lemon extract

Heat the corn oil in a heavy 10-inch skillet or 3-quart kettle over medium heat for 3 minutes. Add the popcorn. Cover, leaving the lid slightly off center for the hot air escape. Shake frequently over medium heat until popping stops. (Do not pop more than 1/2 cup corn at a time.) Remove any imperfectly popped kernels. Place the corn syrup, sugar and salt in a saucepan and cook over medium heat until the sugar is dissolved. Add the red coloring and flavoring you desire, and stir. Pour over the popcorn, mixing thoroughly until all corn is coated. Use butter on the hands and shape into 12 balls.

Materials for Decorating:

- Aluminum foil
- Green gift wrap tape
- Ribbon or wire
- Green leaves (artificial or cut from Christmas paper)

Place each popcorn ball on a square of aluminum foil and wrap, twisting the foil together at the top. Use green tape to cover foil and make stem. Use tape also, to attach green leaves, and a ribbon or wire to hang the apples.

SPICED CRANBERRY TEA

- 1/4 teaspoon nutmeg
- 1/4 teaspoon cinnamon
- 1/4 teaspoon allspice
- 3 tablespoons loose tea
- 2 1/2 cups freshly boiled water
- 3/4 cup sugar
- 1 1/2 cups water
- 1/2 cup orange juice
- 1/4 cup lemon juice
- 2 pints (4 cups) cranberry juice cocktail

Tie tea in cheesecloth bag and place in freshly boiled water with spices. Cover and let steep for 5 minutes. Remove bag. Add sugar. Cover and let cool. Add other ingredients. Serve over ice in punch bowl. Or heat to boiling point (do not boil) and serve hot with cinnamon stick stirrer. Makes 2 quarts.

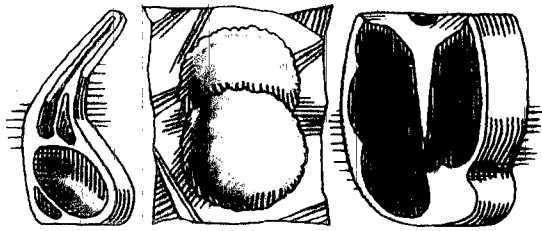

MINCEMEAT CAKES

- 2 cups cake flour
- 1 teaspoon baking powder
- 1/4 teaspoon baking soda
- 1/4 teaspoon salt
- 1/2 cup butter
- 3/4 cup sugar
- 2 eggs
- 1 cup mincemeat
- 1 teaspoon vanilla
- 1/4 cup buttermilk

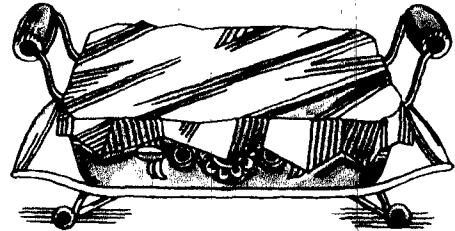

Cream together butter and sugar. Add eggs, one at a time, beating well after each addition. Add mincemeat and vanilla. Sift together flour, baking powder, soda and salt; add alternately with buttermilk. Fill greased cupcake pans two-thirds full. Bake in hot oven (400°F.) 20 minutes. Frost cakes with your favorite seven-minute frosting.

CRANBERRIES

Holidays are happy days! The bright little red cranberry adds its own festive note to any occasion — be it family meal or the season's top entertaining feature. The traditional relish is an ideal poultry accompaniment on Thanksgiving, Christmas and New Year's. And there are a million and one other ways to use these tangy, colorful berries. Try one of these recipes and give you and your family a cranberry treat this Holiday Season.

The brightest, gayest delicacies can be made with cranberries. Prove it by making this Macaroon Crusted Cranberry Pie.

Frosted Cranberry Balls make healthy nibbling and Cranberry Jelly Delights are a special holiday sweet.

MACAROON CRUSTED CRANBERRY PIE

Crust:

- 1 egg white
- 2 tablespoons sugar
- 1 tablespoon light corn syrup
- ½ teaspoon vanilla OR
- ¼ teaspoon almond extract
- 2 cups flaked coconut

Beat egg white until foamy. Add sugar and beat until mixture will stand in soft peaks. Add corn syrup and flavoring. Fold in coconut. Using the back of a fork, press macaroon mixture firmly on bottom and sides of well-buttered 9-inch pie pan. Bake in moderate oven (350°F.) for 15 minutes, or until lightly browned. Cool.

Cranberry Filling:

- 1 package vanilla pudding and pie filling mix
- 2 cups milk
- ¾ cup drained whole cranberry sauce

Combine pie filling mix and milk in saucepan. Cook and stir over medium heat until mixture comes to a full boil. Remove from heat. Cool only about 5 minutes, stirring once or twice. Fold in cranberry sauce. Pour into cooled Coconut Macaroon crust. Chill. Spread whipped cream on top.

PARTY CRANBERRY SALAD

- 1 cup chopped fresh cranberries
- ¼ cup sugar
- 1 3-ounce package cherry flavored gelatin
- 1 cup boiling water
- 1 cup pineapple juice
- 2 cups miniature marshmallows
- ¼ cup thinly sliced celery

Combine cranberries and sugar. Dissolve cherry gelatin in boiling water; add pineapple juice. Chill until almost firm. Fold in marshmallows, cranberries and celery; pour into a 1-quart mold. Chill until firm; unmold on lettuce.

CHRISTMAS CANDIED CRANBERRIES

- 4 cups sugar
- 1 cup water
- 4 cups (1-lb.) fresh cranberries

Mix sugar and water in large skillet. Heat the mixture until sugar is dissolved. Stir in cranberries. Slowly bring to a boil and remove from heat. Cool to lukewarm right in the skillet. Occasionally coat the berries with syrup during cooling. Repeat this boiling cooling process three times. (Or leave overnight). Drain cranberries and spread separately on waxed paper. Keep in refrigerator. Use as decorations on cakes and as candied fruit to nibble on. Float in punches using syrup as color base. Also good in fruit cups or on top of vanilla ice cream, with or without syrup.

CRANBERRY CANDIES

Frosted Cranberry Balls:

- 1 egg white
- ¼ teaspoon water
- 1 cup fresh cranberries
- 1 cup sugar

Lightly beat egg white and water together just until blended. Dip cranberries in mixture until completely coated. Roll in sugar. Let stand until dry at room temperature or refrigerate.

Cranberry Jelly Delights:

- 1 1-lb. can jellied cranberry sauce
- 2 packages orange or red gelatin
- 1 cup sugar
- ½ cup chopped nuts

Beat cranberry sauce until smooth. Heat. Dissolve gelatin in hot cranberry sauce. Add 1 cup sugar and stir over low heat until dissolved. Add nuts. Pour into a greased 9 x 5 x 3-in. loaf pan. Refrigerate until firm. Cut into 1 inch squares; roll in granulated sugar. After 24 hours, sugar again. Makes approximately 3 dozen 1-inch squares.

BAKED CRANBERRY WALNUT RELISH

- 1 quart (1-lb.) fresh cranberries
- 2½ cups sugar
- 1 cup coarsely broken walnuts, toasted
- 1 cup orange marmalade
- Juice of 1 lime or lemon

Wash cranberries and drain. In shallow baking pan stir with sugar. Cover tightly with aluminum foil. Bake in 350°F. oven for one hour. Meanwhile spread walnuts in separate shallow pan, toast in oven until light golden brown, about 12 minutes. Stir together baked cranberries, walnuts, marmalade and lime or lemon juice until well mixed. Chill.

CRANBERRY PINEAPPLE PUNCH

- 1 pint cranberry juice cocktail
- 1 cup orange juice
- 6 tablespoons lemon juice
- ½ cup pineapple juice
- ¼ cup sugar
- 1 to 2 cups water

Stir thoroughly and serve with crushed ice or ice cubes. Serves 4 to 6.

CRANBERRY APPLE CRUMBLE

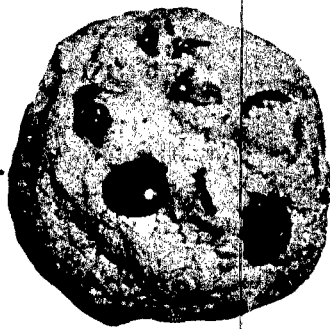

- 4 cups sliced apples
- 1 pound can cranberry sauce
- 1 teaspoon cinnamon
- ¾ cup flour
- 1 cup brown sugar
- ½ cup butter

Place sliced apples in 10 x 6 x 2-inch baking dish. Spoon cranberry sauce over sliced apples. Sprinkle with cinnamon. Mix together flour and brown sugar; cut in butter (as you would for pie crust). Sprinkle over cranberry-apple mixture. Bake in moderate oven (350°F.) 40 min.

Holiday fun

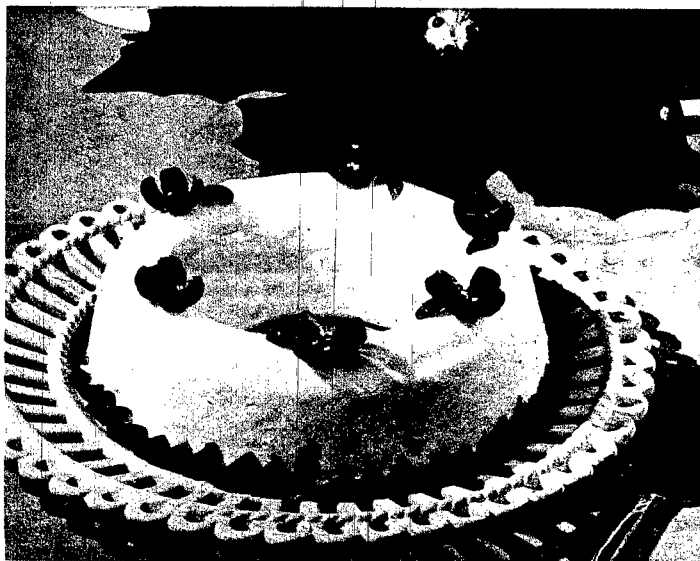

ENTERTAINING MADE EASY

Holidays are always busy days. There's nary a minute for those little extras, when you've children to care for, home to clean, gifts to wrap and meals to cook. But entertaining is a part of every Holiday season and planning ahead will ease the last minute rush. It will make it really fun to be the hostess. These delicious desserts — which can be made ahead of time and stored in your refrigerator or freezer — are one answer to your problem.

Set the stage for Holiday entertaining with this three tiered serving tray laden with assorted homemade cookies.

Serve Holiday Toffee Sauce hot or cold over a yuletide ice cream mold for a festive and frosty dessert special.

HOLIDAY TOFFEE SAUCE

2 tablespoons butter
 1/4 cup slivered almonds
 1/4 cup butter
 2 1/4 cups (1-lb.) light brown sugar
 1/2 cup light corn syrup
 1/4 teaspoon salt
 1 cup evaporated milk

Melt 2 tablespoons butter in a saucepan. Add almonds and a dash of salt; saute until lightly browned. Add 1/4 cup butter, brown sugar, corn syrup and salt. Stir mixture over low heat until sugar is thoroughly dissolved. Slowly blend in evaporated milk. Remove from heat. Serve warm or cold over ice cream, plum pudding, fruit cake or custard. Keeps 2 to 3 weeks. Makes 3 cups.

Interesting Variation: One 1 ounce chocolate candy bar may be added to the warm sauce. Stir over low heat until completely melted and blended thoroughly.

BUTTER BALL COOKIES

1/2 cup (1 stick) butter
 3/4 cup sifted confectioners' sugar
 1/2 teaspoon vanilla
 1 egg
 1 1/2 cups flour
 1/2 teaspoon salt
 2 teaspoons baking powder

Cream butter and sugar; blend in vanilla. Add egg and beat until light and fluffy. Sift together flour, salt and baking powder; blend gradually into butter mixture. Drop by teaspoon onto ungreased cookie sheet; bake 10-12 minutes in 350° F. oven. Remove to cooling rack. Frost with tinted Fluffy Frosting*; sprinkle with coconut. Makes 3 dozen cookies.

To Make Peppermint Balls: Prepare 1 recipe for Butter Ball Cookies, adding 1/2 teaspoon peppermint extract and 1/4 cup crushed peppermint candy with vanilla. Form into balls the size of large marbles, roll in granulated sugar and place on ungreased cookie sheet. Bake 10-12 minutes in 350° F. oven. Remove to cooling rack.

*Fluffy Frosting

1/4 cup sugar
 2 tablespoons water
 2 teaspoons light corn syrup
 1 egg white, beaten to soft peaks
 1/2 teaspoon vanilla
 Red or green food coloring, if desired

In saucepan combine sugar, water and corn syrup; cook for about 8 minutes to soft ball stage (234° F.). Pour syrup slowly over egg white, stirring constantly. Add vanilla; tint with food coloring if desired. This will stay soft for about an hour. If it begins to harden, reheat.

PRALINE CHRISTMAS CAKE

2 cups cake flour
 2 1/2 teaspoons baking powder
 1 teaspoon salt
 1 1/2 cup sugar
 1/2 cup shortening
 1 cup milk
 2 eggs
 1 teaspoon vanilla

Sift together cake flour, baking powder, salt and sugar. Cream shortening until fluffy. Sift in flour mixture. Add 1/2 cup milk and beat well. Add eggs, vanilla and remaining 1/2 cup milk. Beat well. Turn into a 13 x 9 x 2-inch greased pan. Bake in moderate oven (375° F.) for 35 minutes. Immediately spread with topping and return to oven.

Topping: Combine 1/2 cup brown sugar, 2 tablespoons flour, 3 tablespoons melted butter or margarine, 2 tablespoons water, and 1/2 cup chopped nut meats. Spread carefully over hot cake. Return to oven and bake for 5 minutes.

BUTTER-CRUST PEPPERMINT PARFAIT PIE

1/2 cup butter
 2 tablespoons sugar
 1 cup flour
Peppermint Filling:
 1 unbeaten egg white
 1/2 cup sugar
 1/4 cup water
 1 teaspoon lemon juice
 1/4 teaspoon peppermint extract
 3 to 4 drops red food coloring
 1 cup whipping cream
 1/2 cup finely crushed peppermint stick candy

Soften butter with sugar. Add flour. Mix just until a dough will form. Place 1/4 to 1/2 cup of the mixture in a small pan for crumb topping. Press remaining mixture evenly over bottom and sides of 9-inch pie pan with well-floured fingers. Bake at 375° F. until light golden brown; crumbs 10 to 12 minutes; crust 12 to 15 minutes. Cool.

Peppermint Filling: Combine in small mixing bowl egg white, sugar, water, lemon juice, peppermint extract and red food coloring. Beat with electric mixer at highest speed until soft peaks form when beaters are raised, 3 to 5 minutes. Beat whipping cream until thick. Fold into egg white mixture by hand or with mixer at lowest speed. Fold in peppermint candy. Spoon into baked shell. Sprinkle with reserved crumbs. Freeze until firm, 4 to 6 hours; cover with aluminum foil.

SNOW CAPPED MINCEMEAT COOKIES

6 tablespoons (1/4 stick) butter, softened
 1/4 cup sugar
 1 cup flour
 1/2 cup mincemeat
 1 egg white
 2 tablespoons sugar

In mixing bowl cream butter and sugar; mix in flour. Divide dough equally between 24 muffin cups (2 1/4-inch size). Press on bottom and part way up sides of cups to form shells. Bake 15 minutes at 350° F. Meanwhile beat egg white until foamy; add sugar gradually and beat until stiff. Remove shells from oven; fill each with 1 teaspoon mincemeat. Top with a swirl of meringue. Return to oven; bake until meringue is lightly browned 5-7 minutes. Makes 2 dozen cookies.

ALMOND EGGNOG CAKE

1/2 cup butter or margarine
 3 cups sifted powdered sugar
 3 egg yolks
 1 teaspoon vanilla
 Dash nutmeg
 1/4 cup rum, brandy or sherry
 1 cup toasted slivered blanched almonds
 1 (10-inch) angel food cake
 1/2 pint whipping cream

Cream butter until light; add sugar gradually and beat until light and fluffy. Beat in egg yolks, one at a time. Add vanilla and nutmeg. Gradually beat in rum. Fold in 1/2 cup almonds. Cut angel food cake into 4 horizontal layers and spread eggnog mixture between each one. Whip cream until stiff, sweeten to taste if desired. Frost top and sides of cake. Sprinkle top with reserved toasted almonds. Chill until serving time. Makes 12 servings.

CARAMEL MARLOW

2 cups miniature marshmallows
 1/2 cup vanilla caramel sauce
 1 cup heavy cream, whipped
 1/2 cup chopped pecans

Melt marshmallows with caramel sauce in top of double boiler; stir until smooth. Chill; fold in whipped cream and pecans. Pour into individual dessert cups. Freeze until firm. Makes 6 to 8 servings.

PUDDINGS

Mrs. Santa's little helpers will sniff with mouth-watering anticipation the aromas, both spicy and sweet, that come from the kitchen when Mommy makes a Christmas pudding. And there'll likely be visions of sugar plums dancing in their heads as the youngest members of the family watch breathlessly the chopping, cutting and mixing that goes into making a dignified English dessert. Holiday puddings take on a festive air when they're made in a beautiful mold, garnished with a touch of imagination and served with a tangy new sauce. Or if your family prefers, leave the traditional recipe this year and try a Fudgy Upside-Down, Frozen Christmas or Danish Rum pudding instead.

A new idea in Christmas puddings is this Danish Rum Pudding made with eggnog and topped with a tangy raspberry sauce.

Add glamour to your Holiday Pudding by flaming it—easily done by lighting sugar cubes dipped in lemon extract.

FUDGY UPSIDE DOWN PUDDING

- 1 cup flour
- 1/2 teaspoon baking powder
- 1/2 teaspoon salt
- 1/4 teaspoon baking soda
- 1 6-ounce pkg. (1 cup) semi-sweet chocolate morsels
- 1/4 cup butter
- 1 egg
- 1 teaspoon vanilla
- 1/2 cup milk
- 2 tablespoons light brown sugar
- 2 tablespoons boiling water

Sift together and set aside flour, baking powder, salt and baking soda. Melt semi-sweet chocolate morsels over hot (not boiling) water. Remove from water and stir in butter. Add and beat until blended egg and vanilla. Stir in flour mixture alternately with milk. Spoon into eight greased 6-ounce custard cups. Place cups in shallow baking pan. Sprinkle brown sugar over each cup. Pour boiling water over each cup; DO NOT STIR. Bake in moderate oven (350°F.) for 20 minutes. Cool 10 minutes. Invert cups on dessert plates. Serve warm with ice cream or whipped cream. Makes 8 servings.

DANISH RUM PUDDING

- 1 tablespoon (1 envelope) unflavored gelatin
- 1/4 cup water
- 2 cups eggnog
- 1/2 cup sugar
- 1 tablespoon cornstarch
- 1 teaspoon rum extract
- 1 cup whipping cream

Sprinkle gelatin over water to soften. Heat eggnog. Mix sugar and cornstarch, add to eggnog and cook, stirring constantly, until thickened. Remove from heat and stir in gelatin until dissolved. Cool. Blend in rum extract. Beat whipping cream until stiff, then fold eggnog mixture into it. Pour into custard cups and chill several hours or overnight. To serve, unmold and top with Raspberry Sauce. Makes 6 servings.

Raspberry Sauce:

- 1 cup (10-ounce package) frozen raspberries, thawed
- 1/2 cup currant jelly
- 1 tablespoon cornstarch
- 1 tablespoon butter
- 1/4 cup orange juice

Heat 1/2 cup raspberries and currant jelly together until simmering. Mix cornstarch with remaining 1/2 cup raspberries, add to hot fruit mixture and cook, stirring constantly, until thickened. Remove from heat and stir in butter until melted. Cool. Stir in orange juice, chill.

FROZEN CHRISTMAS PUDDING

- 1 9-ounce can (1 cup) crushed pineapple
- 1 4-ounce jar (1/2 cup) maraschino cherries
- 1/2 cup light raisins
- 2 cups miniature marshmallows
- 1/2 cup chopped blanched almonds, toasted
- 1 tablespoon grated lemon peel
- 2 tablespoons lemon juice
- 2 teaspoons rum flavoring, if desired
- 2 egg whites
- 1/4 teaspoon salt
- 1/2 cup sugar
- 1 cup heavy cream, whipped

Drain pineapple and cherries, reserving syrups. Chop cherries. Combine syrups and raisins; heat to boiling. Add marshmallows; stir until dissolved. Cool; add pineapple, cherries, nuts, lemon peel and juice, rum flavoring. Beat egg whites and salt until foamy; gradually add sugar, beating to stiff peaks. Fold into mixture. Fold in cream. Freeze firm in refrigerator tray. Makes 8 servings.

FESTIVE CHERRY HARD SAUCE

- 1/2 cup butter
- 3 cups powdered sugar
- 1/4 cup dark brown sugar
- 1 tablespoon water
- 1 teaspoon rum flavoring or vanilla
- 1/2 cup finely chopped nuts
- 1/2 cup dried maraschino cherries

Cream butter, gradually add sifted powdered sugar. Cream until light and fluffy. In a saucepan bring brown sugar and water to a boil. Stir boiled mixture slowly into creamed mixture and beat well. Add flavoring. Stir in nuts and cherries. If necessary, add a little more powdered sugar to make sauce fairly stiff. Drop by high mounded spoonfuls onto waxed paper, or put through cookie press or large tube of cake decorator to form fancy shapes. Chill and serve with hot pudding.

CHRISTMAS PUDDING

- 2 cups flour
- 1/2 cup sugar
- 1/4 teaspoons soda
- 1 teaspoon salt
- 1 teaspoon cinnamon
- 1/4 teaspoon ginger
- 1/4 teaspoon nutmeg
- 1/4 teaspoon cloves
- 1 cup ground or grated suet
- 1 cup buttermilk or sour milk
- 1 cup raisins
- 1/2 cup molasses
- Boiling water

Sift flour with sugar, soda, salt, cinnamon, ginger, nutmeg and cloves into mixing bowl. Stir in suet, buttermilk, raisins and molasses. Mix until dry ingredients are moistened. Turn into well-greased 2-quart mold or casserole. Cover with aluminum foil. Place on rack in large steamer or kettle. Add boiling water to height of two inches in steamer; cover. Steam 2 to 2 1/2 hours or until pudding springs back when touched lightly in center. Serve hot, cut into slices with Butterscotch, Hard or Nutmeg Sauce. (Pudding may be made ahead, if desired. Cool, then refrigerate in mold. To reheat in mold, cover and steam 30 minutes; or remove from mold, wrap tightly in aluminum foil and heat in 350°F. oven for about 30 minutes.) Serves 10.

Butterscotch Sauce: Combine 1 cup firmly packed brown sugar, 2 tablespoons flour, 1/2 teaspoon nutmeg and 1/2 teaspoon salt. Stir in 1 cup cream and 1 cup milk. Cook over medium heat, stirring constantly, until slightly thickened.

Hard Sauce: Cream 1/2 cup butter. Add gradually 2 cups sifted powdered sugar, creaming until light and fluffy. Blend in 1/2 teaspoon salt, 1 tablespoon boiling water, 1 teaspoon vanilla and 2 teaspoons rum or brandy flavoring, if desired. Chill until serving time.

Nutmeg Sauce: Cream 1/2 cup butter. Gradually add 1/2 cup sugar, creaming until light and fluffy. Blend in 1 egg yolk, 1 1/2 tablespoons flour and 1 teaspoon vanilla. Gradually add 1 1/2 cups boiling water. Cook in top of double boiler over boiling water, stirring constantly until slightly thickened. Stir in 1/2 teaspoon nutmeg.

FLAMING HOLIDAY PUDDING

- 1/2 cup shortening
- 1/2 cup molasses
- 1 egg
- 1 cup seedless raisins
- 1/2 cup currants
- 1/2 cup chopped citron
- 2 cups vanilla wafer crumbs
- 1/2 teaspoon soda
- 1 teaspoon salt
- 1 teaspoon cinnamon
- 1 teaspoon nutmeg
- 1 cup undiluted evaporated milk

Blend shortening, molasses and egg. Combine fruit and dry ingredients. Add alternately with evaporated milk. Pour into buttered 2-quart mold. Cover with aluminum foil. Steam two hours.

For Flaming Sugar Cubes: Dip in lemon extract just before using. Place around pudding and light. Makes 6 to 8 servings.

FLEISCHMANN'S YEAST

'Merry Christmas' Dough BASIC RECIPE

1 cup milk	2 packages
5 cups unsifted	Fleischmann's
flour (about)	Active Dry Yeast
1/4 cup sugar	1/2 cup warm water
1 teaspoon salt	1 egg
1 cup (2 sticks) Fleischmann's Margarine	

Scald milk; cool to lukewarm. Combine flour, sugar, salt. Cut in margarine very finely. Dissolve yeast in warm water. Add yeast, milk and egg to flour mixture. Beat till well blended. Cover tightly. Refrigerate overnight. Now you're all set to bake a Merry Christmas.

Christmas Whirls

1/2 basic dough	Candied red
Fleischmann's	and green
Margarine, melted	cherries, halved
1/2 cup prepared mincemeat	

Roll dough into 16" square; brush with margarine. Cut into 4" squares. Place on greased baking sheets. Cut each square diagonally from each corner to about 1/2" of center. Place rounded teaspoon of mincemeat in center. There are now 2 points to each corner of square. In rotation, bring one point of each corner to center; overlap and seal points. Top centers with halved cherries. Cover; let rise in warm draft-free place till doubled, about 45 minutes. Bake in 350° F. oven, about 12 minutes. Cool. Frost with confectioners' sugar icing.

Christmas Wreath

1/2 basic dough	1/4 cup chopped dates
Fleischmann's	1/2 cup firmly packed
Margarine, melted	brown sugar
1/4 cup raisins	1/4 cup chopped pecans
1/2 teaspoon cinnamon	

Roll dough into 9" x 22" oblong. Brush with margarine. Mix raisins, dates, sugar, pecans, cinnamon. Sprinkle over dough. Roll up from 22" side, as for jelly roll. Seal bottom edge. On greased baking sheet shape into 7" circle with sealed edge on bottom. Tuck ends inside each other; seal. On the top make 7 slashes halfway thru dough. Cover; let rise in warm draft-free place till doubled, about 45 min. Bake in 350° F. oven, about 25 minutes. Cool. Frost with confectioners' sugar icing and decorate with candied fruit.

Christmas Stollen

1/4 cup raisins	3/4 teaspoon grated
1/4 cup chopped	lemon rind
candied mixed fruit	1/2 basic dough
1/4 cup chopped	Fleischmann's
blanched almonds	Margarine, melted

Mix raisins, fruit, nuts, lemon rind; knead into dough. Roll dough into 11" x 7" oval. Brush with margarine. Fold in half lengthwise and form crescent on greased baking sheet; brush with margarine. Cover; let rise in warm draft-free place till doubled, about 45 min. Bake at 350° F. about 30 min. Cool. Frost with confectioners' sugar icing; decorate with almonds, citron, candied cherries.

GIFTS FROM YOUR KITCHEN

Christmas should be the time of giving of oneself — and in what better way can you do it than by sharing a few of your favorite kitchen goodies. The gifts you make at Christmas are the ones dearest to the hearts of those you admire. A candy pie for a shut-in, a jar of tasty homemade jam for the family next door, and a batch of Christmas muffins for a good friend all mean a proud giver and a thankful receiver. Of course, if you can select an unusual container or wrap your holiday offering ingeniously, then you've added even more charm to the gift.

Say "Merry Christmas" with a cookie-card. Use it as a gift tag or even as a place card, and listen to the comments it gets.

Give creamy smooth fudge a festive touch with the help of the Sugar Plum Fairy's magic wand. It takes only a few minutes when you use evaporated milk and semi-sweet chocolate morsels.

APRICOT JAM

5 cups prepared fruit (½ lb. dried apricots)
6 cups sugar
1 box (1¼ oz.) powdered fruit pectin

First, prepare the fruit. Add 5 cups water to ½ pound (about 1½ cups) dried apricots. Cover and let stand 4 hours or overnight. Drain, reserving liquid. Grind apricots or chop very fine; combine with liquid. Measure 5 cups into a very large saucepan.

Then make the jam. Measure sugar and set aside. Add powdered fruit pectin to fruit in saucepan and mix well. Place over high heat and stir until mixture comes to a hard boil. At once stir in sugar. Bring to a full rolling boil and boil hard 1 minute, stirring constantly. Remove from heat and skim off foam with metal spoon. Then stir and skim by turns for 5 minutes to cool slightly, to prevent floating fruit. Ladle quickly into glasses. Cover jam at once with ¼ inch hot paraffin. Makes about 10 medium glasses (5 lbs.) jam.

CHRISTMAS CARD MOLASSES COOKIES

1¼ cups flour
¾ teaspoon baking soda
½ teaspoon ginger
½ teaspoon cinnamon
½ cup dark molasses
¼ cup soft shortening
1 teaspoon grated lemon rind

Sift dry ingredients together. In a saucepan, bring molasses and shortening to a boil; cool slightly. Stir in flour mixture and lemon rind. Chill well. On lightly floured board, roll dough out to ¼-inch thickness. With sharp knife, cut dough into 4-in. x 6-in. rectangles. Or with Christmas cookie cutter, cut out Santas, reindeer, angels, etc. Place on greased cookie sheet. Bake in 375°F. oven for 8 to 10 minutes or until done. When cookies are cool, decorate with Ornamental Frosting put through a pastry tube or clean envelope. Decorate with silver dragees and tiny varicolored candies. Makes about 3 dozen cut-out cookies.

Ornamental Frosting:

1 pkg. (1 lb.) confectioners' sugar
½ teaspoon cream of tartar
3 egg whites
½ teaspoon vanilla

Sift sugar and cream of tartar together. Add egg whites and vanilla. Beat until so stiff that a knife drawn through mixture leaves a clean-cut path.

MERRY CHRISTMAS MUFFINS

¾ cup warm water (105°-115°F.)
1 package or cake yeast, active dry or compressed
¼ cup sugar
1 teaspoon salt
1¼ cups flour
1 egg
¼ cup (½ stick) margarine, softened
1 teaspoon lemon peel
½ cup currants
¼ cup chopped citron
Confectioners' sugar frosting
Slivered almonds
Candied cherries

Measure warm water into large warm mixing bowl. Sprinkle or crumble in yeast. Stir until dissolved. Add sugar, salt and about half the flour. Beat 2 minutes at medium speed on electric mixer or 300 vigorous strokes by hand. Add egg, margarine and lemon peel. Blend thoroughly. Gradually beat in remaining flour until smooth. Stir in currants and citron. Spoon into greased muffin cups filling each approximately ¾ full. Let rise in warm place, free from draft, until doubled in bulk, about 1 hour. Bake in moderate oven (350°F.) 25 minutes or until done. When cool, frost with confectioners' sugar frosting. Decorate with candied cherries and almonds.

SUGAR PLUM PIE

1¼ cups evaporated milk
1 cup sugar
1 12-ounce package (2 cups) semi-sweet chocolate morsels
1 jar (4 ounces) mixed candied fruit
½ cup coarsely chopped walnuts

Combine evaporated milk and sugar in 3-quart saucepan. Place over moderate heat and bring to a full rolling boil, stirring constantly (about 5 minutes). Continue to boil vigorously 7 minutes, stirring constantly. Remove from heat; add semi-sweet chocolate morsels and stir until smooth. Turn into buttered 9-inch aluminum foil pie pan. Combine fruit and nuts; sprinkle over surface, pressing firmly into fudge. Chill. Makes 2 pounds.

NIBBLE MIX

4 cups corn flakes
1 cup small pretzels
1 cup mixed nuts
2 tablespoons butter, melted
4 teaspoons garlic salad dressing mix

Heat cereal in slow oven (300°F.) about 5 minutes, or until warmed. Remove from oven. Add pretzels and nuts. Mix carefully to avoid crushing cereal. Pour butter over mixture and sprinkle with the salad dressing mix. Stir well. Return to oven and heat 15 to 20 minutes longer to blend flavors. Makes 6 cups.

ICE CREAM SAUCES

Quick Chocolate:

1 6-ounce package (1 cup) semi-sweet chocolate morsels
1 5½-ounce can evaporated milk
¼ teaspoon salt
½ teaspoon peppermint flavoring, if desired

Over hot water melt semi-sweet chocolate morsels. Beat in evaporated milk and salt. Blend in peppermint flavoring. Serve hot or cold. Makes about 2 cups.

Coconut:

2¼ cups sugar
1 cup light corn syrup
½ cup water
½ cup butter
¼ teaspoon salt
1½ cups evaporated milk
½ teaspoon vanilla
2 boxes flaked coconut
1 jar (4 ounces) green maraschino cherries
1 jar (4 ounces) red maraschino cherries

Mix sugar, syrup and water; add butter and salt. Cook until small amount of mixture forms a soft ball when dropped in cold water (234°F. on a candy thermometer). Remove from heat. Cool slightly; add milk and vanilla; mix well. Add coconut and cherries. Cool. Serve on ice cream. Makes about 5 cups.

COCKTAIL NUTS

½ pound unsalted nuts
2 tablespoons butter
Seasoning salt

Spread unsalted nuts on a cookie sheet. Bake in slow oven (300°F.) 15 minutes. Add butter and stir until melted. Sprinkle well with seasoning salt. Bake 10 minutes, stirring several times. Cool; store airtight. Makes 2 cups.

BASTING SAUCE

1 cup French dressing
2 teaspoons soy sauce
½ teaspoon ground sage

Mix French dressing (use any bottled kind or your own homemade), soy sauce and sage. Shake well. Pour into attractive apothecary jars. Label and give suggestions for use. Makes 1 cup.

1/2 teaspoon cloves

Cream shortening; add sugar and beat until light. Mix in molasses and corn syrup. Add sifted dry ingredients and knead well. Chill until firm, then roll out on lightly floured board; roll as thin as possible. Cut into desired shapes and place on ungreased cookie sheet. Bake in a moderate oven, 350° F., 8 to 10 minutes.

This makes a hearty cookie, with good New Orleans Molasses flavor all through. It's a perfect big-batch recipe for your contribution to the next church bazaar, supper or school fair.

Sweet Potato Bake. Here's a brand-new way to make holiday sweet potatoes really special! Place 2 cups hot mashed sweet potatoes or golden yams, $\frac{1}{4}$ cup Parkay Margarine, and $\frac{3}{4}$ teaspoon salt in a greased 1-quart casserole. Bake, uncovered,

in a moderate oven, 350°, 15 minutes. Then add the glamor touch—sprinkle with 1 cup Recipe-size Kraft Miniature Marshmallows—the good kind that stay soft. Bake for just a few minutes longer until marshmallows are deliciously browned.

Best-ever holiday treats with
Kraft Recipe-size Marshmallows
—the good kind that stay soft!

Festive Fruit Cake. Slowly heat $\frac{3}{8}$ c. evaporated milk, 2 c. Kraft Miniature Marshmallows and 6 tbs. frozen orange juice concentrate, stirring until marshmallows melt. Remove from heat and combine with $\frac{3}{4}$ c. chopped dates, $\frac{3}{4}$ c. raisins, 1 c. broken walnuts, 1 c. candied mixed fruit, $\frac{1}{4}$ c. candied red cherries, 4 c. graham cracker crumbs, 1 tsp. cinnamon, 1 tsp. nutmeg and $\frac{1}{2}$ tsp. cloves, mixing well. Press firmly into 9 x 5 x 3-inch loaf pan lined with waxed paper. Cover tightly and chill 2 days. Frost and garnish if desired. Makes three pounds.

Marshmallow Pumpkin Chiffon Pie. Combine $1\frac{1}{4}$ c. canned pumpkin, 1 envelope gelatin, $\frac{3}{8}$ c. packed brown sugar, $\frac{1}{2}$ tsp. salt, $\frac{1}{2}$ tsp. cinnamon, $\frac{1}{4}$ tsp. nutmeg, $\frac{1}{4}$ tsp. ginger, 2 egg yolks and $\frac{1}{2}$ c. milk. Cook over medium heat, stirring constantly until the mixture boils. Cool. Beat 2 egg whites until stiff but not dry. Gradually add $\frac{1}{2}$ c. sugar while continuing to beat. Fold into the pumpkin mixture with 2 c. Kraft Miniature Marshmallows (perfect for a chiffon filling because they're so fresh and soft). Pour into a 9-inch baked pastry shell. Chill pie until firm.

May we fit you for a range?

Most dealers just sell you a range. We make sure *ours* fits. From work-height studies and other experiments, we found that the average-size housewife (5'4") requires not one but two working heights for maximum surface-cooking comfort.

The result you see above is the first really great new range idea in years: a marriage of the modern wall oven with the most comfortable surface-cooking platform ever developed—the new two-oven Terrace Top flameless electric range available only from Westinghouse.

The front units are lowered to 33". Just the right height for stirring,

blending, flipping, beating (much less fatiguing than standard height units). The back surface units are two inches higher than the front ones but still lower than counter height. Perfect for foods that don't require constant attention.

Only our Terrace Top gives you this unique split-level cooking platform . . . a big, roomy oven down below . . . plus a spacious second oven up top (with Rotisserie) conveniently placed at eye level.

Why not stop in for a fitting now at your Westinghouse dealer's.

Gourmet Ideas for Holiday

Turkey

At holiday time the turkey becomes the great bird of American tables. We find turkeys in all sizes and forms. If the family gathering is to be a small one, turkeys may be purchased in weights as small as 6 pounds.

To win the appreciation of your family and guests with a perfectly roasted turkey, remember these tips. Except in the case of a pre-stuffed frozen turkey, thaw *completely* before roasting. Whether thawing under running cold water or in the refrigerator, leave turkey in its original plastic wrap. Follow package label directions. Depending upon size, the refrigerator method takes two to three times longer than the running water method. When stuffing the turkey, pack *loosely*, as stuffing will swell in cooking.

To brown evenly select a shallow roasting pan slightly larger than the turkey. Cook at a low constant temperature in a moderate oven (325°F.) until drumstick twists easily out of thigh joint and turkey breast and drumstick meat feels soft when pressed between thumb and forefinger. Well-done poultry makes the best eating.

Approximate roasting time at 325°F. is as follows: 8 to 12 pounds, 4 to 5 hours; 12 to 16 pounds, 5 to 6 hours; 16 to 20 pounds, 6 to 7½ hours; and 20 to 24 pounds, 7½ to 9 hours.

RICE-MUSHROOM DRESSING

- | | |
|--------------------------------|-----------------------------------|
| 1½ cups rice | 1 teaspoon ground rosemary |
| 1 cup chopped onion | ½ teaspoon ground pepper |
| 1½ cups diced celery | ¼ teaspoon ginger |
| ½ pound sliced fresh mushrooms | 3 cups chicken broth |
| ½ cup butter or margarine | 3 eggs, slightly beaten |
| 1 teaspoon salt | 2 cups crushed crackers (¼ lb.) |
| 1½ teaspoons ground coriander | ¼ cup browned butter or margarine |

In a medium sized skillet (about 9-inch) sauté the rice, onion, celery and mushrooms in the ½ cup butter or margarine until rice is lightly browned, stirring occasionally. Add the seasonings and 2 cups of the broth. Cover and simmer 20 minutes or until rice is tender yet dry and fluffy. Remove from heat. Combine eggs and remaining cup of broth, then blend into rice mixture. Stir in crackers and browned butter or margarine. Bake uncovered in slow oven (325°F.) about 30 minutes. Makes about 6 cups.

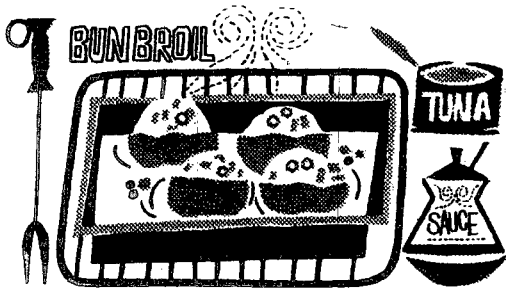

NOTE: If desired, omit baking and use mixture as stuffing for poultry (6 to 8 lb. bird).

TURKEY CURRY

- | | |
|------------------------------|---|
| 4 cups diced cooked turkey | 1 tablespoon Worcestershire sauce |
| ½ cup butter | ¼ cup flour |
| 1½ cups finely chopped onion | 1 cup milk from fresh coconut, or water |
| 2 cups chopped apple | 2 cups evaporated milk |
| 1 cup chopped celery | Boiled rice to serve 8 |
| 3 tablespoons curry powder | Shredded fresh coconut |
| 1 teaspoon salt | Chutney |
| ½ teaspoon ginger | |

Leftover turkey, or a combination of turkey, chicken, lamb or veal may be used. Heat butter in a heavy kettle. Add onion, apple and celery and cook slowly until onion begins to brown. Add seasonings and cook slowly 5 minutes. Sprinkle flour over mixture. Stir to blend well. Add coconut milk and cook until thickened, stirring constantly. Stir in the turkey. This mixture should stand several hours or overnight so that the flavors may blend. When ready to serve, add milk. Heat and serve over boiled rice. Shredded fresh coconut and chutney are delightful accompaniments. Yield: 8 servings.

TUNA TIP #8

CHICKEN OF THE SEA BUN BROIL

Make a tuna-loaf mixture. Spread it on buttered half-buns. Toast under broiler to heat through. Add a dab of tartar sauce and serve. Raving-good, and ridiculously thrifty! With tossed green salad, it's a surprise supper.

Duck

If there's a hunter in your family, roast duck may be the highlight of your holiday feast. The secret of preparing the duck so the skin will be crisp and delicious is to prick the skin and start the roasting in a very hot oven.

The tasty pan liquid is thickened to make the smooth sauce. A little apple cider is added for tang and golden raisins give it a hint of sweet flavor.

HONEY ROAST CHICKEN WITH MINCEMEAT LEMON SAUCE

2½ to 3 pounds dressed roasting chicken, split as for broiling 4 tablespoons melted butter 4 tablespoons honey

Place split chicken, skin side down, on rack in large roasting pan. Pour water into bottom of roasting pan to depth of ½ inch. Combine melted butter and honey; brush chicken with half the mixture. Roast in moderate oven (350°F.) about 35 to 40 minutes on one side until golden brown. Baste with honey-butter mixture several times during roasting period.

Turn chicken and brush skin side with remaining honey-butter mixture. Continue roasting about 35 to 40 minutes longer until top side is golden brown, (about 1 hour 15 minutes—total roasting time). Carve into individual portions. Serve with Mince-meat Lemon Sauce. Makes 4 to 6 servings.

MINCEMEAT LEMON SAUCE

9-oz. mincemeat ½ cup lemon juice
½ cup water

Break mincemeat into small pieces in saucepan. Add water. Place over medium heat and stir until lumps are thoroughly broken. Boil briskly for 1 minute. Stir in lemon juice. Makes 1½ cups.

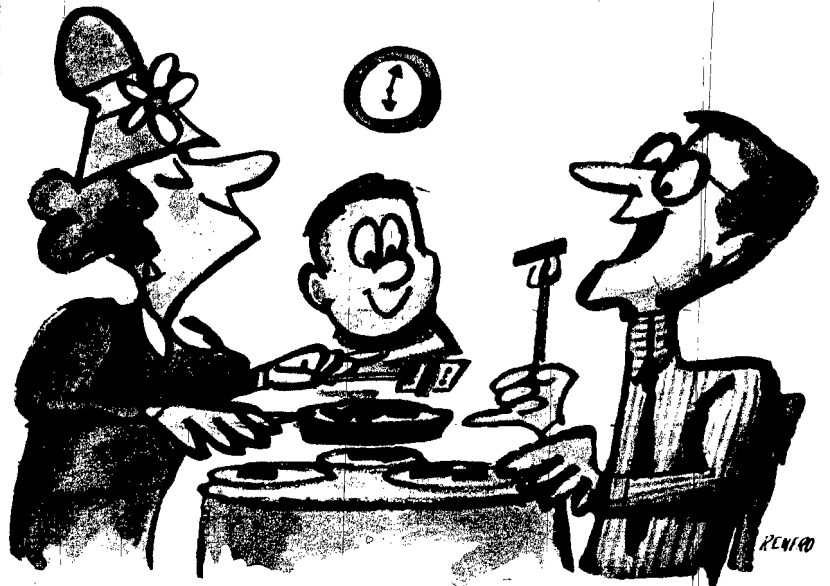

Duck a laFresno

1 (4-5 pound) duck ½ teaspoon salt
2 tablespoons butter 4 tart apples
½ cup chopped celery Apple cider
½ cup dark or golden raisins

Clean duck and stuff with following dressing. Melt butter, add celery and cook until soft but not brown. Remove from heat, add raisins and salt. Peel, core and quarter apples. Combine with raisin celery mixture and stuff duck with it. Skewer vent and truss duck for roasting. Prick skin in fatty areas. Place on rack in shallow roasting pan. Roast in hot oven (425°F.) about 20 minutes, or until the breast has started to brown. Turn and roast on the other side 15 to 20 minutes or until brown.

Turn again on its back and add ½ cup cider to the pan drippings. Reduce heat to 375°F. Continue roasting for about 50 minutes or until tender. Baste often while roasting with liquid in pan, adding more cider as it cooks away. Remove duck to serving platter and serve with Fresno Sauce. Makes 4 to 5 servings.

FRESNO SAUCE: Pour pan liquid into pint measuring cup, skim off fat and reserve 2 tablespoons. Add enough more cider to make 1½ cups liquid. Return the 2 tablespoons fat to roasting pan, add 1½ tablespoons flour and cook and stir until it begins to brown. Add the 1½ cups cider mixture stirring to scrape up the brown pan drippings. Add ½ cup golden raisins and ¼ teaspoon grated lemon peel. Cook and stir until sauce thickens.

Penuche Chews are a Winner with Prizeworthy Diamond Walnuts

ISABEL CAULFIELD, Watervliet, New York, is a young grandmother who likes to bowl and crochet. She developed her Bake-Off entry while looking for unusual snacks.

Penuche Chews

Adapted by Ann Pillsbury

Crisp with walnuts, topped with penuche frosting.

BAKE at 375° for 25 to 30 minutes.

MAKES 5 dozen bars.

Sift together: 2 cups sifted **Pillsbury's BEST All Purpose Flour**
1 teaspoon **salt**
½ teaspoon **soda**

Combine ¾ cup **Land O'Lakes Butter**
1½ cups firmly packed **brown sugar** and
½ cup **milk** in large saucepan. Bring to a boil, stirring constantly; boil 1 minute. Remove from heat.

Stir in: 1 cup sifted **powdered sugar**
1 cup **Diamond Walnuts**, chopped, and

1 teaspoon **Burnett's Vanilla**.

Blend in dry ingredients. Turn into greased 15x10x1-inch jelly roll pan or two 9x9-inch pans.

Bake at 375° for 25 to 30 minutes. Cut into 2½x1-inch bars while warm. Cool. Drop ½ teaspoonful **Frosting** on each cookie. Top each with a **Diamond Walnut half**.

Penuche Frosting

Combine in saucepan 2 cups packed brown sugar, ½ cup milk and ¼ teaspoon salt. Cook over medium heat, stirring constantly, until a little syrup dropped in cold water forms a soft ball (236° F.). Add ¼ cup **Land O'Lakes Butter** and 1 teaspoon **Burnett's Vanilla**. Cool to lukewarm (110° F.). Beat until of spreading consistency. If necessary, thin with milk.

City Girl to Farmer's Wife

by Rita Mueller and Larry Neibergall

It isn't often that a person's childhood dream comes true . . . but for Mrs. Don Hamann of Bettendorf, it has.

She's a farmer's wife and she loves it.

"When I was a little girl in Davenport I used to dream about living on a farm. I always hoped that one day I would marry a farmer. And sure enough I did and here I am," said Mrs. Hamann.

"My day usually starts before 6 each morning. While my husband is out milking the cows and doing the other chores I prepare his breakfast. Then I get our three children up."

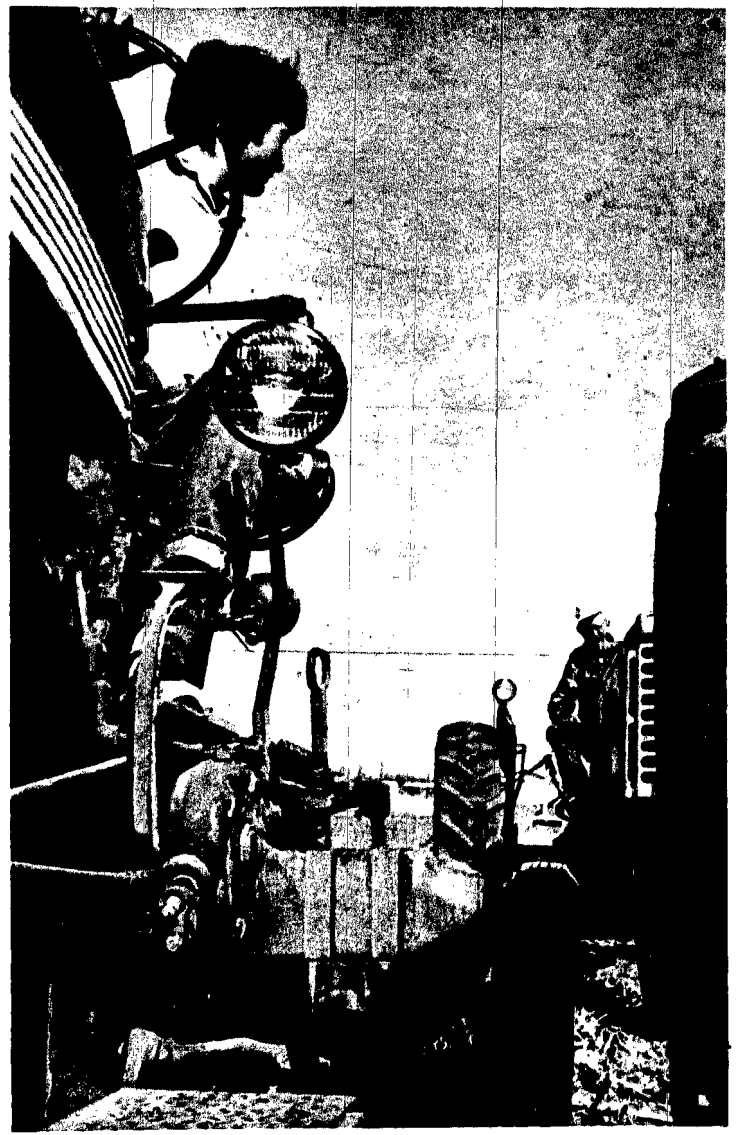

With her husband on one tractor and Elizabeth playing nearby Mrs. Hamann

climbs aboard the other tractor to begin her day of plowing.

"I learned to drive a tractor after we were married. I wanted to learn and so my husband taught me. If I could, I would spend my whole day in the field, as it is I usually spend about 10 hours in it, with time out to make lunch. I love the outdoors and these spring days are so beautiful. Of all the times during the year, though, I think I like hay baling time, it's my favorite.

"However, the entire day is not taken up with working in the field.

"I love to play bridge and I like to make my own clothes. When I have the time I always manage to do one or the other," says Mrs. Hamann.
