of Emerson high school and attends NBT college, Stolay City.
Her finnee was graduated in
1901 from Emerson high school,
and is a junior at the University
of Nebraska.

Because gas dries clothes more efficiently, and because gas rates are low, you can operate a gas clothes dryer for one-fourth the cost of running the other type dryer. The economy of a new gas dryer is matched only by its speed. A gas dryer is the only kind that can handle a load as quickly as your automatic washer does. Choose the automatic clothes dryer that works fast and works to save you money...choose the one that dries with gas.

Gas dries clothes for 1/4 the cost of the other type dryer

Presbyterian Mariners

ups, but do occasionally pop up as items of great importance during a game. Such was he case at Stanton Friday night.

Wayne High was called for seven more free-throws which Blue Devils. Both clubs hit 22 field goals although the Wayne at tempts even more points, and a victory over the Blue Devils. Both clubs hit 22 field goals although the Wayne at tempts were greater than that of Stanton.

Wayne jumped into the lead in the first minute of play 4-0 with a field goal and two free-throws, but the next glance at the score board showed Wayne at an 8-4 deficit. The Devil's Tour point lead was their first and last of any size, and though Stanton did lead nearly the entire game they never actually were me entrol until the closing minute of play. Stanton pulled in front and led by a five point margin at the end of the first period, ly to 14.

The margin of five built by the Mustangs in the first, continued through the second and Stanton led at the internission, 3d to 31.

Stanton had a weak quarter in third as trey came up with only 14-points. An opportunity for Wayne arose in this period, but they failed to make use of it and lost two points by scering just 12. Stanton's five point margin was then increased to seven, 50 to 43.

The Devils came back in the fourth period and gake Stanton a scare with three and a half minutes.

station's rive point margin was then increased to seven, 50 to 43. The Devils came back in the fourth period and gave Stanton a scare with three and a half minutes left on the clock by reducing the margin to one, 53 to 52. But Stanton caught fire once again and had the difference at teh, 68 to 56. The two clubs exchanged points until the final buzzer and Stanton holding the warm side of a ten point margin, 70 to 60.

Wayne committed 28 fouls in the contest, as compared with Stanton's 21, and gave the Mustangs 38 attempts of which they completed 25 for a percent of 66. Wayne made good 14 of 28 for an even 50 per cent.

made good 14 of 28 for an even 50 per cent.
Stanton team captain H. Hansen had Mustang and game honors in the point-scored department with 23. He was followed by Remm with 17. Jim Mau led the Wayne hoopsters with 17, followed by Doug Manske with 11. Statistics: Wlayne

Wayne Outlasts Kearney 84-79

wayne State cagers Saturday when they outlasted Kearney, 84-79. All nine Wayne players contribut-ed to the score while only five of Kearney's seven tallied. These five

All nine Wayne players contributed to the score while only five of Kearney's seven tallied. These five averaged higher than Wayne's top-five, but reserve strength won out for Wayne.

Lukkily, too. Kearney started and finished with a vengeance in an effort to end Wayne's string of wins in the previous five games.

The Antelopes enjoyed a 20-13 advantage after eight minutes of see-saw play, and they hung in tight the rest of the first half, leading twice again before the Wildcats moved ahead to stay 34-33, with four minutes left. Wayne led at the half 46-43.

Roger Ginapp hit all his 13 points in the first half, and Pallesen scored half of his 18. Then Wayne's multiple threat proved its worth after intermission. With Ginapp under heavy pressure, blek Collins broke the Kearney defense with 11 of his 15 points. Pallesen continued his pace, and the other Cats kept the Antelopes louse.

Wayne extended its halftime margin to fairly comfortable leads, up to 10 points, until an Antelope surge gave the Wildcats a scare at 80-78, with 2:20 left to play. From that point on Wayne adopted a cavilous control strategy. Result: no more field goels by either team. But Kearney's effort's to gain control produced two fouls which substitutes Bob Hope and Jim Murphy converted into two pairs of free throws.

Announcing. DRUGIAX A SERVICE TO TAXPAYERS

Ever wish, at income tax time, that you had a complete record of every cent you spent for drugs and drug products throughout the year—and how much of it was legally deductible?

That kind of a record could save you money. And that kind of a record can now be yours, every year, absolutely free of charge.

This new service is called DrugTax. We are making it available to all of our customers immediately, free of charge, as another way of saying "thank you" for their patronage.

patronage.

You would be surprised at the number of drug and

You would be surprised at the number of drug and medical supplies that can be of a deductible nature—items such as antiseptics, aspirin, cough, and cold preparations, and hundreds of others.

Indeed, the American tar payer has been losing millions of dullars annually because he havit been aware of how many drug items are legally deductible.

But you must be able to offer proof of purchase in order to claim such items in preparing your federal income tax return. And when you buy from us, you get that proof—in the form of an annual record, mailed in February.

Come in today and let us tell you more about DrugTax. And from now on, buy all of your drug and medical supplies from the store that gives you the free DrugTax record.

Boys Attend School Freshmen Are Due For a Change

The Wayne High freshmen are iff to a slow start, but Coach Mat-ukis said, "He was sure it would

was expanded by three new students.

The students, three brothers, John, Joe and Pete Grashorn, came to Wayne from Fort Colins, Colo.

On Tuesdey the three, who were eighth, ninth and tenth graders, turned in their books and left for a destination unknown.

While they were in Wayne, the three boys stayed with their yount and uncle, Mr. and Mrs.

Albert Grashorn.

Before residing in Colorado the hoys lived in Norfolk.

Signs of Spring Fever May Be the Cause

May Be the Cause

"I sure hope I don't flunk" "I'll
never he able to live it down."
This is just a bit of the conversation that is buzzing at WayneHigh The first semester at WayneHigh the first semester at WayneHigh will end next Friday.
Teachers are preparing tests
while trudents are trying to prepare term papers. It really list'
as rough as the students make it
sound. If the months after the
semester go by as fast as the
unes before the semester we'll
all be out of school before anyone knows it.
The only advice we can give you
is to be sure and study. The students that might not make it are
the ones that act as if they have
spring fever in the middle of the
winter. You must admit, though,
with this weather we really are
bound to feel a fouch of it coming
on.

An Active Member in For Four Days
Last Friday, Wayne City High was expanded by three new stu-

The least experienced member f the sports department is Hardd Thompson. He doesn't have to tay football or basketball to be a lart of the team. He is the Stu-

old Thompson. He doesn't have to play fe-tball or basketball to be a part of the team. He is the Student Manager.

Harold has been student manager for five years. He stated, "I've always been interested in sports but because of a health difficulty. I am unable to participate."

Some of Harold's duties are to take care of the players, run errands for Mac, and to see that all the supplies are along for the out-of-town games. Before the home games, he gets the players' chairs set up, and gets the clock and supplies ready.

Harold has had a course in First Aid affiliated with the Student Training Course. While taking the course, he learned how to wrap aikles for sprans and how to treat cuts.

touching him so he conforms to her wants.

The movie was written by Elea-nor Perry and was based on a novel by Theodore Isaac Rubin, M. D. It was filmed in Philadel-phia, and was voted the best American film of 1962 by Time magazine.

First Conference Game Lost by Blue Devils

Madison
The Wayne High Blue Devils lost their first conference game to Madison, 71-52.
The tough defensive play and the accurate shooting by John Koenig and Garry Nathan proved too much for the Devils.

Koenig and Nathan lead all corers 20 and 22 points respec-

Many, many more projects too numerous to mention

A debt or gratitude to the city which provides him a home and the privileges of citizenship. Through the Jaycees, young men are given the opportunity to do their share in civic

THE JAYCEES OBJECTIVES:

To make the community a better place in which to live. Develop leadership among its own members. Give young men a voice in affairs of their community, state and nation.

WHO CAN JOIN THE JAYCEES:

All young men in the Wayne area between the ages of 21 and 35 are invited to join the Jaycees — this is your community — your organization.

WHAT ABOUT JAYCEE DUES:

Jaycee dues are \$5.00 semi-annually.

THE JAYCEE CREED

WE BELIEVE:
That faith in God gives meaning and purpose to human life; That the brotherhood of man transcends the sovereignty of nations;

That economic justice can best be won by free men through free enterprise:

That governmen should be of laws rather than of men; That earth's greatest treasure lies in human personality And that service to humanity is the best work of life.

THE NATIONAL JAYCEE STORY

The world's largest young men's civic organization began because young Henry Giessenbier, in St. Louis, Missouri, felt that young men should not have to wait around until middle age to participate in civic affairs. Giessenbier was struck by the thought young men should be organized for the purpose of performing civic service and developing leadership in themselves. He called a meeting of interested young men and 32 responded.

By 1916 the work of the new organization had attracted attention of many others. The Jaycees had promoted projects aimed at securing greater participation in government, a better relationship among agriculture, industry and labor, less juvenile delinquency and a host of other activities. Word about their activities spread and inquiries began to pour in from all parts of the United States. In 1919 Giessenbier sent a call to all known groups asking them to St. Louih to for a national organization.

By 1941 the organization boasted 1,066 clubs. Then came World War, II and 85% of the Jaycees went into service. The end of the war found veterans returning with a new appreciation of America and a desire to take a more active part in their communities. In 1946, 25,000 members were added as were many new programs. By September of 1953, the membership of the U. S. Jaycees was upwards of 150,000 and nearly 2,200 local organizations were spread over the 48 states, Hawaii and Alaska. Jaycee organizations had also spread to over 50 foreign countries. Following the Korean war, the Jaycee story continued to grow with 2,500 clubs in the U. S. and upwards of 200,000 members. Your local Jaycees have grown with the National and State organizations extending their fields of activity to better serve our community.

Barbara Wolske Marries Joseph Wenther Saturday in Sioux City St. Joseph Church

Barbara Kay Wolske, Sioux City, Ia., daughter of Mr. and Mrs. Ed Wolske, Wayne, and Joseph F. Wenther, son of Mr. and Mrs. De Wenther, Jackson, were married Jan. 18 at St. Joseph church, Sioux City, by Rev. N. H. Boland. Organist was Mrs. Blelen Swanson, Sioux City. The bride, given in marriage by her father, wore a floor length gown of silk organza over whisper taffeta, styled with an empire badice, portrait neckline and three quarter length sleeves. The bride carried a cascade of yellow roses and a handkerchief which her grandmother, Mrs. B. J. Brandstetter, carried on her wedding day 55 years ago.

Maid of honor was Kathy Wolske. Lindt Wenther, Jackson, was bridesmaid. They wore sapphire blue satin dresses with bell skirts and fitted bodices, and blue halo headpieces with circular veils. They carried crescent cascades of pale veilow minature carnations. Debby Wolske was flower girl.

Dennis Hirschmun, Sloux City, was best man, and Mike Wilmes. Sioux City was groomsman. Ushers were Larry Brandstetter, Wayne, and Dan Twohig, Jackson. A recoplion for 75 was held at the Normandy, Sloux, City, Diana Dunklau registered giests. Sue de Freese arranged gifts. Mrs. Wilbur Wolske and Mrs. Dennis Steck elberg cut the cake.

The bride is a graduate of Wayne high school and the bride groom was graduated from Heelan high school and the bride groom was graduated from Heelan high school of South City, Both attended Wayne State College. They will reside at 112 28th St., Sioux City. The bride groom is employed by Concrete Pipe Machinery Company.

The Northwestern Mutual Life Insurance Co. of Milwaukee, Wisconsin, is proud to announce that

DAVE L. CURRY

has been appointed Special Agent, to be associated with the Dale C. Carstens District Agency in Wayne, Nebraska.

Mr. Curry is a recent graduate of Wayne State College. Dave, his wife Shari, and their son, Gregg, have purchased a home at 301 South Main Street in Wayne.

Dave has served the company successfully as a student representative while attending Wayne State and is currently the leading first year agent in sales in Nebraska for this company.

The editorial department of a weekly newspaper is an important department. Normally it is one person's opinion of topics that concern most of the readers.

one persons opening of the readers.

It is the duty of an editorial writer to search all available facts before he sits down to write. From this basis the writer should be able to give a clear picture of important topics.

Chamber Budget Increase

The Wayne Chamber of Commerce is asking for a increase in its budget this year, the first appreciable increase in quite a few years.

And it's coming at a good time.

There seems to be an increase in interest in Chamber activities over the past two years. This is a healthy sign... but the interest and ideas need financing.

The budget is far from being outsized for a community like ours but just a few shouldn't carry the majority of the load. That is why there is going to be an in-

You may not agree with an editorial — but if you read the editorial and give serious thought to the subject discussed you have gained. You, as a reader, have given careful thought to an important problem and the writer is proud to have valled your attention to an important subject that you may have overlooked.

crease asked in dues this year.

With the drive starting this week, everyone should consider whether or not they are giving their fair share.

Some, who are not in direct retailing, have said they do not reap any benefits from their Chamber dues. This is not

from their Chamber dues. Into is not true.

A good, active Chamber can help make a good, active town. This brings people. And there are very few businessmen who don't make their livings from people.

It's good for a Chamber member to remember that he will get a good return on his investment in the Chamber and it is an investment in his future.

Capital News . . .

Law Forces Church Schools To Deal with Uncle Sam

LINCOLN — A prohibition in Nebraska's constitution could force the state's drurch related schools to dead directly with the federal government to reap benefits from the recently enacted higher education facilities act. That was one of the opinions which resulted recently after a representative of the attorney general's office made a report to Governor Morrison and heads of Nebraska colleges and universities.

Nebraska colleges and universities.

Deputy Atty, Gen. Gerald Vitamvas advised there is a constitutional probibition against any state agency administering funds for private schools. The section Vitamvas was reforting to states:

"No sectarian instruction shall be allowed in any school or institution supported in whole or inpart by public funds set apart for educational purposes, nor shall the state accept any grant, conveyance, or bequest of money, lands or other property to be used for sectarian purposes."

Dr. Freeman Decker, coordinator for the state normal board said it is possible the private schools might benefit from the federal act by dealing directly with [Incel Sam. This is how parochial schools are able to get included in the federal school lunch, program.

Vitamvas said before delivering

lunch program.

Vitamvas said before delivering Vitamvas said before delivering a formal opinion on the problem he will seek more information from the federal government. Morrison said he was confident some way would be found so private colleges would be covered by the new law. The act, cnacted by the 1963 Congress, would give Nebraska about \$2 million annually for construction of science buildings and libraries.

Research Center

Research Center
Govérnor Morrison, in his capacity as chairman of the Midwest governors conference, has urged Prysident Johnson to recommend location of a national aeronautics space administration (N A S A) electronic research center in the Midwest. Placing the center any other place, Morrison, told the president of the president, would jeopardize sound economic goals." On all criteria of comparison, the Midwest ranks as a superior location for the center, the governor said.

Last year NASA said it was

Last year NASA said it was looking for a spot to put the cen-ter. However, at the present time, according to Morrison, it appears the federal government feels the research facility should be on one of the coastal sea-boards. Ite said he planned to discuss the matter further this week with the president. Morri-son went to Washington to ad-dress the American Nuclear So-ciety.

Power Groups Meet

Power Groups Meet
The Nebraska Public Power
Committee (NPPC) and the State
Power Review Board have agreed
on a united effort in attempting
to arrive at the state's future
generation needs. The decision
was interpreted as the first tangible sign of agreement among
power groups over the generation
problem. The board had previously announced it intends to play
an active role in determining who
should build generation plants to
meet the constantly expanding
load growths.
At the request of the review
board, the NPPC last week reorganized on an informal basis.

At the request of the review board, the NPPC last week reorganized on an informal basis. The committee, created by the 1961 legislature, went out of existence as a statutory body Oct. 1, 1963. The NPPC a greed generally it should act mainly as a fact gathering group to assist the board.

New chairman of the NPPC is Jack Body, Holdrege. He said power agencies have a real interest in solving the generation problem but that the committee feels it should not recommend any policy matters to the board. At the same time, Body added, the industry has a duty to make recommendations to the board at the same time, Body added, the industry has a duty to make recommendations to the board concerning future generation needs and will not steer from carrying out that duty.

The board recently hired Bruce Abernethy, Lincoln, special consulant to check service area agreements if the industry is unable to do so by July 1, 1963.

The special of the review of the same as if the offense and will not steer from carrying out that duty.

The board recently hired Bruce Abernethy, Lincoln, special consulant to check service area agreements if the industry is unable to do so by July 1, 1963.

The committee of the industry has directed the board to decide service area agreements if the industry is unable to do so by July 1, 1963.

The committee, created by the brake here is also prohibited from obtaining on: Nashington, Oregon, California, Idaho, Montana, Nevada, Utah, New Mexico, Maine, Mississippi, Illinois and the District of Columbia.

Eiting said an offense committed by a Nebraska-licenseddriver in the compact states would be regarded — under Nebraska's point system law — the same site of Columbia.

1963.

Decision Appealed

General Motors Acceptance
Corporation (GMAC) has appealed to the U.S. Supreme Court
a Nebraska Supreme Court decision involved in the recent credcision involved in the recent cred-it finance crisis. Being appealed is a case involving a car sold on time under the 1959 install-ment sales act, declared uncon-stitutional last summer by the Nebraska court. The appeal no-tice alleges that the Nebraska

court violated the due process clause of the 14th amendment to the federal constitution when it imposed the penalty provisions of the state's installment loan act on contracts held under the installment sales act.

The Nebraska court held the contractin question was usurious. Parties in the suit were GMAC and Donald E. Mackrill. Scotts-bluff. The ruling in their case came shortly after the credit finance law of 1859 was held unconstitutional. The installment boan penalty calls for forfeiture of principal, interest and product. The U.S. Supreme Court can reject the case or accept it. If the case is accepted and argued, any ruling would supersede the Nebraska ruling. If the U.S. high court rejects the case, the Nebraska ruling would stand.

ate he is, to realize that almost

ate he is, to realize that almost everywhere throughout the world, hum an is we at a n d muscle still are required for almost every task. It is only in a very few n at ions that gasoline have taken over the back-breaking chores.

If you have to move 10,000 bushels of grain and wish to pay yourself \$1\$ per hour to shovel it, you'll pay about \$133 to get the job done. A 12-foot auger, including interest and depreciation as well as operational costs, will do the job for less than \$15\$. You can even collect \$1\$ an hour to stand and watch it work for less than hold the cart of where the supplementation and watch it work for less than hold the cart of where the supplementation of the su You can even collect SI an hour to stand and watch it work for less than half the cost of shovel-ing it by hand.

to stand and watch it work for less than half the cost of shoveling it by hand.

A Threat to the fiber industry:
A threat to the fiber industry is a product whose complex structure and unusual properties can best be appreciated by examining it closely under a powerful microscope. At the core of this fiber, we find a bundle of thread-like filaments that coil and uncoil permitting the fiber to flex like the muscle of your arm. Outside of these microscopically fine filament-bundles, are overlapping scales researching the shingles on a roof. Outside of these scales is an extremely thin, tough membrane which is very smooth and silky, and sheds water like a duck's back. The flexing of the fiber bundle gives it an unusual degree of clasticity. It also opens up the scales ever so signifity so that water vapor can pass within and be absorbed without the fiber surface becoming wet to the touch.

Bring any considerable number of these springy fibers together and they bulk up, entrapair, and provide unusual fires. They are so gossamer soft and genile, that hospitals apply patches of them to open sores to promote healing.

Scientists all over the world are making an intensive study of this unusual fiber. Tens of millions of dollars have been spent in an effort to duplicate it. But the formula for its manufacture is still a closely guarded secret.

Only sheep know how to make the darned stuff, and they just won't talk.

ed secret.

tions in connection with marketings of either wool or lambs during 1963.

The deadline is several months earlier than under previous wool programs, and producers are urged to file applications on completed sales as soon as possible to avoid possible confusion.

DEAR MISTER EDITOR:

DEAR MISTER EDITOR:

The fellers at the country slore
Saturdav night come up with a
important discovery. The Congress of the United States
ain't speaking in the same language. And when Congressmen
taiks in one toneue and the peofide in another they was bound to
be chaos in the land.

the in another they was been another they was been choose in the land.

I This discovery was made at what you might call a meeting at the Summit and all the best minds of the community was present; including Clem's preacher. It ought to go down in history alongside such tlems as Columbus discovering the New World and Demucrats discovering the New Frontier.

First off. Ed told about how the Concress passes a "debt ceiling" bill ever session. In the language of the folks back home, you hit the congress has raised the "debt ceiling" three times in the last 10 months.

Then the Congress, lamented Bug, don't pass mothing but "temporary taxes" when the folks back home knows all taxes was permanent.

Clem reported that Congressmen backing the medicine care fer the aged bill claims it won't cost the taxpayers a cent and explains it will be pald by the employers and employees. Clem

Way Back When

Jan. 21, 1954: June Wagner, Carroll, received a Jan. 21, 1984. June Wagner, Carroll, received a pin from Mrs. E. G. Smith for winning the citizenship contest sponsored by Wayne DAR. ... Harris Heinemann, Winside, won the Wayne county championship in a National Youth Corn Growing contest sponsored by a seed company. ... Trees and rose bushes worth \$1,100 were planted on the Wayne State college campus ... Twelve Wayne State students completed their college work at the end of the first semester ... James Alan Cramer was initiated into Sigma Delta Chi, honorary men's journalism fraternity, at University of Iowa.

CHEVELLE! by Chevrolet

One of the things you'll like best about it is 11 models to choose from. 300 SERIES

MALIBU S.S. SERIES

These two Super Sport models are Chevelle's finest. Front bucket seats, door-to-door' carpeting and an all-vinyl interior in seven colors. A wide choice of transmissions and extra-cost high-performance engines. Plus a whole host of other options.

MALIBU SERIES

Chevelle's middle-of-the-line series, the Malibu, retains many features found in the two Super Sport models. Like all Chevelles, it's a good foot shorter than big cars, making it easy to park and handle. Yet inside it's surprisingly spacious and comfortable.

Chevelle's most economical series—but don't let its gentle price tag fool'you. The 300 has all Chevrolet's traditional value and reliability. Full Coil suspension. Body by Fisher-Flush-and-dry rocker panels. Your Chevy dealer will tell you all the rest.
