

## Winside and Wayne Pupils Coming for Government Day

Boys and girls County Government day will be held Thursday, Mar. 25, in the courthouse in Wayne under sponsorship of the Legion Auxiliary posts at Carroll, Winside and Wayne. High school students from Wayne and Winside will take part.

Registration is at 9:30 in the county clerk's office. Those elected to serve will report to their respective offices to get acquainted with the officials with whom they will work.

At 10:30 a general assembly will be held in the district court room for welcoming and briefing followed by remarks on county government and laws. A question and answer period will be held, a film shown and Judge David Hamer will administer the oath of office.

Lunch will be served at noon in the Woman's club rooms at the Wayne City auditorium by the Legion Auxiliary. William Galbraith, Bremer, national executive committee member, will give the main address.

From 1:30 to 4 the "student officers" will work with the county offices in the positions to which they were named. Ad-journment will be at 4 in the court room. Chris Bargholtz, Wayne is chairman for the Government day plans.

Wayne high pupils elected officials last week and they are meeting in a story carried inside this week. Winside officials are elected earlier this month. A report on activities next week will include the names of all those taking part.

## Explorers to Get KOMA Dance Band

Anyone with a radio and kids in the family knows the "KOMA sound" and that's the sound Wayne Explorer Scouts want to bring here for a public dance. They have contacted the Oklahoma City radio station concerning the appearance here of one of the units as popular with young people.

The dance would be held to raise funds for Explorer projects and civic activities. Candy is also being sold to raise money.

Explorers have a rifle range at the Wayne armory. The past week they helped Boy Scouts pick up Goodwill Industries bags as a good turn project.

## Jaycees Will Cite Boss of Year in City

Wayne's "Boss of the Year" will be cited by Wayne Jaycees at a special bosses night dinner Monday, Mar. 29, at El Rancho steak house. He will be chosen from nominees by most club members.

Steve Brasch is in charge for bosses night. He reports that past bosses honored by Wayne Jaycees will be invited to the special guests at the Monday night dinner.

Speaker for the meeting will be George Morris, director of state institutions. A social hour at 7 will precede the dinner and the program.

Wednesday of this week the Jaycees had a meeting at which three sections marked the program. Max Hanson gave a resume of the school bond issue; a state Boy Scout group reported on Scouting in Nebraska; and a film of 1964 University of Nebraska football was shown. A joint meeting with the Mrs. Jaycees was held.

MOUNTAIN CLIMBER Ann Clegg, 2, daughter of Mr. and Mrs. Denzil Clegg, could touch the eaves of the Clegg home after the St. Patrick's day storm. She wasn't sure she wanted to while the man with the camera was around, but she did stand atop a drift to prove it was possible. The Clegg drift was possibly the highest in town after the storm.

## Return Overshoes; Keep Other Things

An energetic group of Boy Scouts, assisted by Scoutmasters and Explorer Scouts, picked up many items for Goodwill Industries but had to return three overshoes Saturday. Everything else they picked up went to help handicapped men and women keep their jobs.

A telephone call revealed that the Scouts had picked up three red overshoes along with the Goodwill bags. Sure enough, three were found, each for a child's right foot.

The overshoes were picked up by a grateful mother, who had been wondering what she would do with three left-footed overshoes if the others were not found. One pair was brand new, the others slightly used.

Scouts stored the sacks and boxes of items for Goodwill in the building south of McDonalds. A Goodwill Industries truck was scheduled to come this week to pick up several hundred pounds of used clothes, appliances and other items to keep Goodwill workers busy repairing for sale to people who are unable to afford new articles.

## Ten to Attend Meeting

Ten home economists from Wayne will be among 250 women attending the Nebraska Home Economics association annual meeting in Lincoln Friday and Saturday. Ida Warner and Erma Rodgers, WSC professors, Jan Reed, Linda Elliott, Mary Moser, Ann Bryant, Connie Meehan, Kathy Cahill, Rita Waddell and Bonnie Larsen, WSC students, will go from here. Laura Lane, associate editor of Farmer's Wife section of the Farm Journal will be featured speaker. Peggy Walton of the Manufacturing Chemist's association will also speak as will Joan Gaines, director of public relations of American Home Economics association.

## Science Fair Will Attract Hundreds

One of the most fascinating events of the year on Wayne State College's campus is coming Friday—the high school science fair.

Each year it attracts hundreds of exhibitors from schools all over Northeast Nebraska and several times that many other students, parents and townspeople flock to WSC auditorium to see what new wonders science has developed, even at the school level.

Prof. Irvin Brandt of the WSC science faculty reports excellent response from invitations by the sponsoring Northeast Nebraska Junior Academy of Science.

Among the exhibitors—if the fair is normal—are likely to be some showing projects of notable ingenuity, the kind that make visitors say, "There's a boy (or girl) who will do something important in science."

Exhibits will be ready for display at 10 a.m., with the students standing by till noon to explain their work. They also are expected to tend their exhibits from 1:30 to 5 and 7 to 8:30 p.m.

A health fair in conjunction with the science fair will display current developments in various fields of medical science by courtesy of several health associations.

## Ralph Bishop Dies Tuesday Evening

One of the top sports figures in Northeast Nebraska, Ralph Bishop, 46, died Tuesday night at the Dahl Retirement center where he has lived 16 years. Funeral services will be Sunday at 2:30 p.m. in the Methodist church with Rev. Cecil Bliss officiating and Wilste Funeral Home in charge.

Bishop, crippled since early childhood, developed a love for sports, an activity which he was denied but which he enjoyed watching. He coached Legion Juniors for several years in baseball and his 1963 team won the state championship.

He was a familiar figure at Wayne high and WSC sporting events in his wheel chair, often scoring for the local team. The Omaha World Herald awarded him a "Good Joe Trophy" for his work with youth and his model of good sportsmanship.

A native of the Battle Creek area, he lost his parents years ago and is survived by two sisters and several nephews. Bishop also had many friends, especially among the youth he worked with in the region. A more detailed story will be carried next week.

## Conference Fails Victim to Weather

Among the many victims of the weather the past week was the big area "Family Life Conference" scheduled for Thursday. It had been postponed and may have to be called off.

Anna Marie Kreifelts, area extension agent, had planned the conference on teenagers and their problems. The Nebraska Council of Home Extension clubs and the Nebraska Agricultural Extension service were sponsors.

Thursday was a miserable day and there was never any doubt but what the conference would have to be called off. Some had checked in the day before and remained until Friday due to being unable to leave where they were.

Another conference would depend on being able to secure the speakers for a certain date. Since their schedules are pretty much filled anyway, that may be a difficult job.

PUSHING THIS CAR in for auto mechanics course at Wayne High school is not too bad when it's not cold outside, but when it's below freezing and there's a covering of snow, it can be a "cold rod" for the boys to work on. Coryell Auto Co. gave the car to the school but there's no room for it inside when it isn't being worked on, according to Jerry Ball, instructor.

## Lack of Facilities Has Adverse Effect at WHS

In the early part of 1958, the schools in America were criticized severely for their failure to stress science in education.

Renewed emphasis began to be placed on science courses, but since that time it has, also, been brought to the educators' attention that now with all our modern scientific know-how, we have failed to train skilled workers, capable of working with our scientists in many major fields or industry.

The Wayne Board of Education realizes that we do not have an adequate offering in the field of skilled vocational courses, but the board has been unable to do much about it because of lack of room. Vocational skills can't be taught entirely from a textbook; students must learn by "doing" as well as studying, and in the present setup there is no area that can be used for such a program. The shop is already overcrowded.

With the millions of cars on the road today and the millions to be sold in the future, it is essential that we train quality mechanics. The primary training of a mechanic can be and is done in many high schools in our own state. The facilities needed are not elaborate but must be sufficient to do minor repair on the automobile.

## Senator McGee Speaks

Senator Gale McGee, of Wyoming, will be the speaker for Wayne State's Apr. 16 commencement.

A 1936 graduate of Wayne, the democratic senator has spoken to alma mater audiences several times, the last occasion in 1960 when he addressed the WSC 50th anniversary convocation. At that time he received Wayne's distinguished service award.

A total of 188 students are prospects for baccalaureate or master's degrees in April.

## Police Investigating 13 Larceny Cases in Wayne

Wayne police have been called for 13 separate cases of larceny involving items taken from automobiles in a little over a week. Police Chief Garth Dawson said the department is not sure whether all were committed in a one-night spree and missing items not noted until later in some cases or if there have been several nights when thieves were out.

Mirrors were taken from cars in seven instances. In all, 11 mirrors were missing from eight vehicles.

Mar. 15 Ronald Haase lost two mirrors from the exterior of his car in the first reported case. The following day Officer Keith Reed investigated these cases. Dick Dixon, two exterior mirrors gone; Dave Julke, rear mirror gone; Harry Kay, door mirror and fender mirror taken; and Buss Likes, two mirrors taken from two cars.

Two days later Keith Swartz reported a rear view mirror missing from a fender. Chief Dawson investigated that and Monday investigated the report of Leroy Ostrowsky, Yutan, who reported a mirror taken from the right front door of his car.

Four other cases of items from automobiles being taken were also reported. Mar. 16, Cecil Wriedt reported four chrome wheels taken from his garage. Officer Pat Halley investigated that and the call from Larry Swanson, WSC, who reported a whitewall tire and a rim taken.

Dawson investigated two more cases Friday. Wayne Albers, Cushing, Ia., reported a spare tire and wheel gone and Leroy Kibby, Butte, reported a battery missing.

As reported last week, a radio was taken from a girl's car at WSC and a spare tire was reported taken. Whether there is any connection between any of the incidents is not known, but police are following every lead and would appreciate word from anyone who saw suspicious incidents involving cars the past week and a half. (If you see someone with 11 mirrors on their car, that too should be reported.)

## Kiwanians Learn of Scout Work, Plan Canada Salute

Kiwanian club members were entertained Monday noon at the Morrison by two state Scouters. They also heard plans for the international Kiwanis goodwill exchange between Canada and the United States.

Gray Sterling, Omaha, who is retired from business but who has devoted much of his life to Scouting, is now an associate executive and is working voluntarily without pay on the Scout program. He told of his work with Scouts.

Instead of hearing why they should give to Scout work or why they should sponsor it, the Kiwanians heard about the work the Scouts are doing. Sterling told how Scouts are trained to help themselves as their character is molded and they are trained for leadership.

Ted Hanley, Omaha, assistant executive of the Covered Wagon council, told how love of country is stressed and the dangers of communism are accentuated. Kiwanians also learned about the Scout facilities at Philmont, N. M., and the book which Sterling wrote about the camp.

## Young Democrats Will 'Visit Clair Callan'

"Callan Calls Direct" is a tell-a-lecture being sponsored by the Wayne State Young Democrats Tuesday, Mar. 30, at 7:30 p.m. in the Birch room of the student center on the WSC campus.

An amplified telephone service will be provided. Congressman Clair Callan in Washington will be on one end answering questions put to him by those present in the Birch room.

KTIV in Sioux City will cover the lecture, according to Larry Wewel, WSCVD president. Wewel says the direct connection talk is a project to further interest in government activities.

## Visit Training School

Twenty-seven Wayne State students were scheduled to visit the training school at Kearney today as a project in a sociology course taught by Dr. L. Zeleny.

## Board Selects Polling Places for Elections

The city council and mayor of Wayne have set polling places for the election of municipal officials and for the school board election. Much area outside the city is included in the school district voting area.

For the municipal election to name council members, voters in the first ward will vote Apr. 6 at the City hall, those in the second ward at the public library and those in the third ward at the court house. For the school board election, polling places are the same.

Outside the city of Wayne for the school board election, village of Carroll voters will cast votes at the Village auditorium. All electors living in Dixon county but in the Wayne school district will vote at the Wayne Public Library.

Other polling places are: Deer Creek, Chapin, Wilbur and Sherman precincts, Carroll auditorium; and Strahan, Hunter, Brenna and Plum Creek precincts, Wayne Public Library.

SCS AWARDS given at the banquet in Wayne included the picture of the Marlin Westerhaus farm, which was the 1964 award for the honor. On the left is Bernhard Splittgerber, who has served the county SCS district 24 years and Ralph Watson, who accepted for his father, Albert Watson, serving the district 22 years. Splittgerber and Albert Watson were made admirals in the Nebraska navy at the dinner.

## Three Major Events in Music Planned at WSC

Three major music events are on the Wayne State calendar in coming days — the first tonight when the college choir sings at 8 in the Administration building auditorium. Dr. Earl Loessel will direct the choir in a variety of selections.

Concert band presents its spring show next Thursday, Apr. 1, under the baton of Dr. Raymond Keltson. And on Apr. 5, Dr. Benjamin Bernstein will conduct the college orchestra.

## Superintendent's Days Filled with Activity

Supt. Francis Haun of the Wayne schools is a busy man — busier than ever. In addition to his routine administrative tasks he has extra meetings almost every day and has had to travel on behalf of the district.

Monday he was in Lincoln meeting with the state department of education and the architect for the proposed new high school. Tuesday the state vocational agriculture department had representatives here to meet with him.

The voc ag department men were here to discuss the possibility of including vocational agriculture in the curriculum of Wayne high school. A definite decision has not been made yet.

Wednesday he attended a vocational education meeting in Norfolk. The rest of the week he had meetings, sometimes both night and day, regarding the bond election coming up and the proposed new building.

Oh, yes, when he gets a chance he also goes out looking for teachers to replace those who have resigned. There's simply no "time on his hands" as it's all taken.

## Appointments Advisable

If you want to see the representative of the Norfolk social security office Thursday, Apr. 25, you should be scheduled to be in Wayne from 1 to 3 p.m. It is advisable to write the Norfolk office for an appointment. Leo Sitts, who will be in the courthouse Apr. 1, reports that those having appointments are handled first. He will answer any questions regarding social security and will assist in figuring out policy if any changes have been made in status recently.

## Wayne City Council Approached

Wayne City council approached some new and old problems this week. A meeting Thursday is set to consider a new landfill dump; managers for the swimming pool have been selected; and closing of an alley is to be brought up.

T. A. Filipi, director of environmental health services for the state of Nebraska, will meet with the council at a special session Thursday. Purpose will be to start a landfill dump to replace the present dump which is almost full anyway.

The city's dump is a modified landfill. If the council approves a type would be used where low ground would be trampled, trash would be packed down and then covered. This type presents no sanitation problem as trash is not exposed to air for any great period of time.

Wayne's swimming pool will reopen now manager and assistant this summer. Opening Memorial day, it will have Richard Maurer as manager and Richard Brown as assistant. Last year Brown was manager and Maurer assistant.

The change was made because Maurer, who attends Concordia, will be able to go here before the pool opens while Brown, who goes to college in California, will not be able to until after the first week in June. The two will be allowed to choose their own lifeguards and assistants.

The council will hear a report from the City Planning commission on the proposal to close the alley between lots 12 and 13 in block 21 of the original town of Wayne. The planning commission recommends closing.

Similar recommendations will be made for any others who have lots abutting on alleys opening onto Main street. It is thought closing these alleys will improve the city and contribute to safety.

The alley recommended for closing is between the Wayne Herald and the Milling building between First and Second streets. Alan Cramer had requested the closing to allow for expansion of Herald facilities. Cramer, a member of the planning commission, was not present when the matter was brought up for consideration.

# St. Anselm's Episcopal to Make Plans for New Church

by Dr. Laura Franklin

The Episcopal church in Wayne, after five years of regular Sunday services in the Wilste chapel, is acquiring a local habitation and a name. The recent purchase of lots 24-25-26, block 23, College Hill Addition, from Dr. and Mrs. Roy Matson makes it possible for the church to have a permanent location in Wayne.

The Diocese of Nebraska purchased the land through the Nebraska Builders for Christ fund. The location of the lots on Main Street near the college campus is in accord with the Church's desire to serve its college students.

The name St. Anselm's Episcopal Church — by which it is to be known henceforth — was also chosen partly because of the college relationship of the church. St. Anselm, Archbishop of Canterbury 1093-1109, was a doctor of the church and a scholarly theologian. He was the author of several theological treatises, among them an explanation of the atonement which has become largely accepted. St. Anselm was also a staunch defender of the church against the encroachments of the throne. Because of his refusal to submit to William, II's and Henry I's demands to wield spiritual powers, Anselm spent two periods in exile. But it was the king who gave in, not the archbishop. For daring to say "No" to Norman tyranny, Anselm won the love and admiration of the English people.

Apr. 21, St. Anselm's day, as well as being the newly acquired name of St. Anselm's church, also serves as the anniversary date for the beginning of Sunday services in Wayne five years ago. Although there had been Episcopal services in Wayne off and on between 1921 and 1938, they had been discontinued in 1938 because of the lack of an available priest.

## Teachers' Institute Victim of Big Storm

Spring institute for Wayne county rural teachers was another victim of the St. Patrick's day storm. Supt. Porter said she was not sure whether it would be postponed or cancelled.

Rebecca Leo, Mrs. Norma Harms and Mrs. Kay Novotny had made program arrangements. However, driving conditions were at their worst and it was decided early not to attempt to hold the gathering.

Rural school children missed a day of school but they were scheduled to miss it on account of institute anyway. Had the storm come a day later, they would have missed one day on account of institute and another day for a storm.

Supt. Porter said the ones on the program have not speaking engagements so it may not be possible to schedule another date. If this happens, the institute will probably be called off entirely.

## Counties Will Hold School Meeting Here

Cedar and Wayne counties will have representatives in Wayne Monday, Mar. 29, for a joint meeting concerning the proposal to let District 22 of Wayne county become a part of District 45, Cedar county.

Supt. Gladys Porter of Wayne county said she would meet with Supt. Oig Decker of Cedar county. Other county and community representatives are also expected.

Purpose of this phase of the merger is to study petitions. Superintendents must verify the validity of the signatures and make sure there are enough as required by law.

District 22 high school pupils now attend school in Randolph. The proposed merger would send about a dozen elementary pupils to the public school system in Randolph.

### How Would You Like to Plan 18,000 Meals a Week? Food Service Does It!

Would it bother you to have to plan 18,000 meals a week? A local food service which is one of Wayne's biggest employers does it almost every week.

Outside the school systems, there is probably no bigger payroll in Wayne than that of Broughton Food Service, Inc., which handles meals for Wayne State college. There are 28 full-time employees at the campus operation. Broughton hires cooks, bakers, line servers, accountant and general utility workers fulltime. Students earn cash and their meals in part-time work as bus boys, table cleaners and other workers.

Stanley H. Pederson is manager with Jim Bales assistant. Pederson came from Princeton, Minn., two years ago and Bales is from Wayne.

The food service company headquarters at Marietta, Ohio, and provides similar operations at colleges across the country. It pays the college for the right to serve meals and the college pays Broughton for handling the immense planning and serving operation.

An average of 900 students eat at each meal 20 times a week. Meals are served three times a day six days a week and twice a day Sunday — no evening meal.

The cafeteria in the student center is open for breakfast from 6:30 to 8:30, for lunch from 10:45 to 1:15 and for dinner from 4:30 to 6:30. Workers are on hand from 5:30 a.m. until 7 p.m., either preparing for one meal or cleaning up for the last one.

Broughton also operates the snack bar which is open seven days a week. Students who eat there are not contracting for

meals. Short orders are offered but a hot dinner dish is also offered daily. Pederson plans his menus six weeks in advance. A food service committee consisting of two student council members assists in developing an interesting food program and making known student wishes regarding menus. Any student with ideas on the menu or food can attend meetings at 5 p.m. Thursdays when student council representatives meet with the food service heads.

Cooking is no small chore. Cooks put on 50 to 60 chops at a time. One meal can take as many as 400 pounds of fresh potatoes. Choices of meat are often given and no

one knows which meat will be the choice of the majority. It's such a big operation the dishes no more than get put away than they're brought out again for the next meal. Broughton is used to it at Wayne State and other colleges across the nation.

**Allen Wins First**  
Mar. 12, Allen won the first Pender Invitational speech contest in competition with five other schools. Allen had three superiors and seven excellent in the contest. Superiors were awarded to Kathy Bareman in informative public speaking, oral interpretation of drama, and the one act play. Oral interpretation of drama participants include Steve Moseman, Brian Ellis, Duane Prescott and Dennis Mitchell. The one-act play consists of Dennis Mitchell, Bob Van Cleave, Roni Meyer, Kathy Bareman and Carol Jean Jackson. Receiving excellent were the following people: Ellen Carpenter, Roni Ann Meyer, Bob Van Cleave, Carol Rastede, Judy Carlson, Carol Jean Jackson and Randall Ruback. Other schools taking part were Lyons, Wisner, Winside, Pender and Wakefield.

**Historical Society Meets**  
Dixon County Historical Society met Mar. 16 at Allen. Communications were received from the Mormon church at Salt Lake City relative to the exact location of the Mormon Trail through Nebraska and it was disclosed the trail did not come as far north as Dixon county. The committee on constitutional and by-laws will meet at 7:30 p.m., Mar. 20, prior to the next regular meeting of the Dixon County Historical Society, to write some proposed amendments to the constitution and by-laws. Rev. Craig, pastor of the Ponca Methodist church, extended an invitation to the Historical Society to hold their next regular meeting in the Methodist church basement April 20 at 8 p.m.

**Speech Contest Successful**  
District speech contest at Wayne, Mar. 20, was termed as a success for the Allen declaim and one-act play members. Six superiors were received, with Bob Van Cleave receiving the best actor award for section 1 of the contest. The one-act play, "The Flattering Word," also received a superior. Perhaps the most gratifying aspect of the entire contest for Allen was that no one received less than a rating of excellent. Superiors went to Carol Jean Jackson, poetry reading; Roni Ann Meyer, original public address; Judy Carlson and Carol Rastede, d.s.cussion; and Dennis Mitchell, Brian Ellis, Steve Moseman and Duane Prescott play reading. Receiving excellent ratings: Jean Durant, prose literature; Bob Van Cleave, extemporaneous speaking; Carol Rastede, interpretive public address; Kathy Bareman, informative public address and Randall Ruback, TV news commentary. For the past three years, Allen has received a rating of superior in the one-act play, and has also claimed a best actor or actress in each of those years.

## Danny Liska Show Funds Go to Improve Ike Lake

Funds from the Danny Liska show at Wayne auditorium Friday, Mar. 26, at 8 p.m. will go to provide a better Ike Lake near Wayne. The sponsoring Izaak Walton unit here is sponsoring the show and the lake improvements.

Danny Liska and his wife took a 15-month, 40,000 mile trip from northern Norway to southern Africa. The colored film and slides they took enable viewers to join them on the motorcycle trip for 1 1/2 hours.

Features of the film include a tender roundup in Lapland, scenes behind the iron curtain in Czechoslovakia, along camel caravan routes through the Sahara, pyramids and mosques, along the Nile, and the primitive tribes of Africa, lots of wild animals, zambesi falls and comets, other adventures.

Those who have seen the Danny Liska show in other communities call it the shortest bar and a half they've known. Entertaining to young and old, the show includes Mr. and Mrs. Liska was per seantied of their adventures.

As for the lake, it needs dredging and the SCS and Rural Area Development Committee are assisting in plans for dredging. The lake has flowing springs and the state has considered a "leaving pond" nearby to stock fish and make it a better recreation area.

If the lakes have their way, the lake will be deeper with greater water capacity and will offer better fishing. Visions of what can become of the lake in the future should make enjoyment of the Liska show Friday even greater.

The Pilger freshmen are sponsoring the same show Tuesday, Mar. 30, at 8 p.m. at PHS. For those who cannot attend in Wayne, the freshmen at Pilger will be glad to welcome you to their presentation.

Mr. and Mrs. O. W. Bartels, Dakota City, were visitors Saturday in the Charles Heikes home.

## Murphy, deBuhr, Neubrand Chosen

Two juniors who led Wayne State college to a 17-7 basketball campaign, have received post-season honors. Coach Al Svenningsson said Saturday.

Dean deBuhr, who scored nearly one-third of the team's points, was chosen most valuable player. Dennis Neubrand, first in rebounding and second in scoring, earned a new award, most improved player.

To honor Jim Murphy went the title of season captain, by vote of the team. The only senior player regularly. Murphy ran the team's plays and scored 213 points. He is from Florida, Ia.

Svenningsson also announced recommendations for basketball lettermen: Murphy, his third, deBuhr, Neubrand, Randy Harkabus, junior from Cedar Lake, Ind., and Ed Hope, sophomore from Howard, Ia., second time letterman.

Nominated for first letters: Phil Borrero, junior, Bayshore, N.Y.; Ron Hintz, freshman, Ruidard, Mich.; Ron Sadler, senior, Washita, Ia., and Bob Strathman, freshman, St. Louis, Mo.

deBuhr, Charles City, Ia., posted two Wayne scoring records en route to his MVP award: a 43-point game and a 615-point season, averaging 25.6. Neubrand, of LeMars, Ia., collected 209 rebounds and 291 points as numerical proof of the improvement that observers could easily see.

Harkabus developed slowly, gained a starting assignment at mid season, and finished third in scoring with 226 points, averaging 9.4, and in rebounding with 185. His field goal percentage of 49.7 topped the team.

Hintz etched the finest record of any Wayne freshman camper in years. He started all but three

of the 24 games, scored 200 points, averaging 8.3, and snared 134 rebounds from his guard spot. A hailhawk deluxe, the former Michigan all-star harassed opponents constantly with pass interceptions.

Hope, tallest of the regulars at 6-5, pulled in 169 rebounds and tallied 189 points while dividing post duties with Harkabus. His field goal percentage was 49.3.

Although Svenningsson relied on only six players for heavy duty—they scored 92 percent of the points—the yearling crew showed promise for next year, eight freshmen seeing some varsity action.

Besides lettermen Hintz and Strathman, the best fresh prospects are Jim Mau, a 6-5, 225-pounder from Wayne; Joe Mueller, twice an all-conference player from Arlington Heights, Ill.; and John Laing, a Sioux City Central product.

## Two Blue Devils Get Star Honors

Two members of the Wayne Blue Devils basketball squad were given honorable mention in the Lincoln Star's all-state basketball team in Class B the past week. Rick Borhett and Doug Manske received mention as being among the outstanding players in the state.

Doug Cottingham, Raiston, and Keith Maurer, Madison, were two Wayne opponents who were named on the all-state team. Honorable mention went to Dennis Huttman, Bloomfield, Rick Koch and Randy Williams, Raiston, Roger Davis, Schuyler and Rich McGill, West Point Cedar Catholic.

The Omaha World-Herald did not cite any WHS individuals. Maurer and Cottingham both made the first team in all-state Class B. Honorable mention went to Williams and Kirch, Raiston, Davis, Schuyler, McGill, WPCO, Huttman, Bloomfield, Tom Arndt, Pierce, and Ron Morlock, Madison.

## Winside Spikers Lose

Winside's girls' volleyball team went down to defeat in two straight sets at the hands of Wynot Monday night at the tournament in Colorado. This left the WHS girls winless for the season. Harting ton is also winless as a special game is to be played between the sextets Thursday evening as a part of the tournament.

## Cage League Will Schedule Playoff

A three-way tie in the senior division of the basketball league for Boys Club will be played off Saturday and Monday. Tiedtie's, Morris' and Jorgensen's ended in a tie for first place.

Jorgensen's lost for the first and second time this season Saturday and Monday. Saturday Tiedtie's turned the trick 74-69 and Monday Morris' won an overtime battle 77-71.

Morris beat Farrens 81-44 Saturday. Bob Morris led all scorers with 20. Gordie Snipe and Ken Jones each hit 16 for the winners. Ken Lehman with 10 and John Schulte with 8 led the losers.

Dave Danielson's 24 led Tiedtie's to the win over Jorgensen's. Craig Tiedtie added 16. For Jorgensen's, Gordie Jorgensen had 16, Dave Brown 15 and Lynn Lessman 12.

Monday night Tiedtie's beat Farrens 73-44 with Craig Tiedtie leading scorers with 22 points. Darrell Peterson hit 16, Jack Manske 12 and Kendall Longe 11. For the losers, John Schulte had 16 and George Ritter 10.

Dave Brown sank a shot at the buzzer to give Jorgensen's a tie with Morris. However, Morris went on to win. Ken Jones had 28, Bob Morris 23 and Steve Schram 13 for the winners. George Eynon had 22, Dave Brown 15 and Steve Keri and Jorgensen 13 for the losers.

In junior play, Fishers beat Linders 55-47. Charles Fisher had 21 and Mike Garvin 14 for the winners while Tim Robinson made 12 and Doug Maurer 10 for the losers.

Hansen's best Tietgen's 57-56. Harvey Hansen set a new Boys Club junior scoring record with 39 points. Merle Rasmussen was second with 16. For the losers, Dave Tietgen had 23 and Ted Armbruster 12. Hansen's 22.8 average leads the junior averages with Charles Fisher second at 22.5 and Tietgen third with 21. The freshmen boys beat the girls team 47-20 using girls' rules and with the boys wearing boxing gloves. Saturday at 1:30 the 7th grade boys will run boxing gloves to play the seventh grade girls at the city auditorium.

Tiedtie has won the senior division for the best average. He made 24.2 points per game. Ken Jones was second with 20.5, Bob Morris had 20, Dave Daniels 16.8 and Gordie Jorgensen 15.2.

Director Hank Overin and Lynn Leusman had a 21 average but were disqualified for missing the final two games of the regular season. Otherwise he would have been second in the final standings.

# Library's Final Story Hour Will Be Held Saturday

Wayne Public library will hold its final story hour Saturday, Mar. 27, at 2:30 p.m. It will bring the curtain down on a three-month series of stories and movies for young children started Jan. 2. To mark the finale, a film almost an hour long, "And Now Miguel," will be shown. Librarian Gloria Koplin said no stories would be told due to the length of the film.

Assisting the librarian in the story hours this year were Elaine Meyer, Linda Seymour, Kathie Woods and Georgia Volkers. Due to other activities conflicting with the story hour, attendance has been made up of children of preschool and first-years-in-school age.

New fiction books recently added at the library include: "Voices of a Summer Day" by Irwin Shaw; "Mother Valley" by R. Gaudin; "The Lady Royal" by Molly Harcraft; "The Legend of the Seventh Virgin" by Victoria Holt; "End of a Party by Hillary Waugh; "Deep Is the Blue" by Max Ehrlich; "Katherine Wentworth" by D. E. Stevenson; "The Grove of Eagles" by Winston Graham; "Forever and a Day" by Emile Loring; and "Raymond and Me That Summer" by Dick Perry.

Non-fiction books added recently include: "The Barrymores" by H. Albert; "Incurable Physician by Walter Alvarez; "Stages of the Romance of Alfred Lunt and Lynn Fontanne" by M. Zolotow; "American Heritage History of World War I" by Jane Clemens; "The Story of Mark Twain's Mother" by R. Varble; "My Shadow Ran Fast" by Bill Sands; and "Games and Stunts for Schools, Camps and Playgrounds" by M. Mulac.

## Girl Hospitalized in Wakefield after Crash

Jill Kay, 15, daughter of Mr. and Mrs. Dale Kay, Wakefield, was hospitalized in Wakefield Saturday suffering with facial lacerations and a dislocated knee following an accident.

Miss Kay was in a car driven by Dennis Rasmussen, 18, Allen, when it collided with a snowplow on a county road two miles east of Dixon. According to Troopers Copcar and Yosten, who investigated, the snowplow had been stopped due to a flat tire.

A county employee was attempting to change the tire when he saw the Rasmussen car coming. He ran clear when he saw the car would hit the equipment. Other occupants of the Rasmussen vehicle were uninjured.

## Cub Scout April Theme Will Be 'Green Thumbs'

"Green Thumbs" will be the April theme for Wayne Cub Scouts. The theme was presented at a round table meeting for leaders and to pack meetings this week.

Pack 174 held a pack meeting Tuesday night at the Elementary school. Cubmaster Bob Goshorn reports most of the meeting was devoted to awards, catching up on award presentations that had been by-passed recently.

## First Radar Fine for Wayne Levied Monday

The first fine resulting from speeding recorded on radar in Wayne was paid in county court Monday. Officer Keith Reed brought in the driver.

John McKiernan, Laurens, Ia., was stopped after radar showed his vehicle exceeding the speed limit. He pleaded guilty before Judge David Hamer and paid \$10 fine and 55 costs.

Since no plans are completed yet for the erection of a church building on the new property, St. Anselm's church will use Wilce chapel for the present. Services are at 10:30 every Sunday.

## Baseball at WSC Starts Wednesday

It almost seems a joke. Baseball begins next Wednesday for Wayne State!

To date, however, the Wildcat baseballers have not practiced outdoors at all. They still need snow shoes to find the college diamond.

But this is normal. Several years the Wayne squad has played its first game after little outdoors practice, sometimes with none at all. And it will be the same this year when the Cats meet Washburn at Topeka, Kan., next Wednesday and Rockhurst at Kansas City Thursday.

The home opener is scheduled Apr. 7 against South Dakota U. Then Wayne begins defense of its NCC title. Apr. 10 at Peru.

Coach Jermier comes up with an optimistic view as he lists his 10 returning left arm men, though depth of pitching talent remains a question.

Missing are Keith Krommuhook, four-year mound ace who, won 18 and lost only six for Wayne and Ken Hutchinson. But, fireballing Ginnip, who has a season of baseball eligibility left, although his basketball time was used up this year.

Former lists several pitching prospects: Jim Mau, John Crenshaw, Fred Pierce, Bernie Robinson, Mike Mertz, Bob Hope, Larry Hulme, Valgene Carstons and Greg Schmaas. Wayne baseball fans are well acquainted with Mau's hurling and expect to see him at the college mound.

Except for graduated Ron Anderson at second base, both the infield and outfield can be manned by veterans, backed by some strong contenders.

Returning lettermen, in addition to deBurr and Ginnapp, are all-American Bob Gaeta at third, shortstop Mort Carlson, first sacker, Duane Wahner, catcher Mike Heard, outfielders Ron Sadler, John Beck, Tom Fulcher, and Dick Collins.

The rest of the schedule: April 17, at Hastings; 24, Creighton; 30, Morningside; May 1, Chadron State; 5, Northwestern; 8, Kearney State; 12, Omaha; 14, 15, NAA district playoff, site to be announced.

## Snow on Streets Boosts Accidents

After a two-week lull, the accident rate in Wayne boomed again following the St. Patrick's day snow. Six accidents have occurred since then, according to police records.

One mishap occurred before the snow. Joann Ostrander, Wayne, stopped at a stop sign at 7th and Lincoln and then pulled into the intersection, her car striking a car driven by Eleanor Krasnowski, Wayne, in the left side. Damages came to \$75 to the Ostrander car and \$25 to the Krasnowski car. Officer E. L. Halley investigated.

Traffic started moving Thursday after the storm. Kerry Miller, Wayne, stopped for a traffic signal at 3rd and Main and Dr. R. Casper, Wayne, backed from a parking space, striking the Miller car. Damages were \$15 to the Miller car and \$9 to the Casper car. The report by Officer Halley shows.

Friday was a bad day, four accidents occurring. In Pine Heights addition, Kenneth Ahlman, Wayne, lost control when his car hit a snow drift. The vehicle veered to the right and ran onto the curb and over a parking sign. Damage to the car came to \$17.

At 4th and Main, James Sauer, Council Bluffs, struck through a stop light and struck a car driven by R. J. Wooten, Wisner. Damages were \$92 to the Wooten car and \$50 to the Sauer car. Officer Keith Reed reported.

Later at 7th and Main, Owen Grasshede slid on ice and struck the rear of the car driven by Maurice Proett, who was stopped.

Reed's report showed \$100 damage to the Proett car and \$175 damage to Grasshede's.

The last accident of the day was on Pearl Street where Carol Maciejewski was making a left turn. Alfred Bajer, jr., attempted to pass and struck the left side of the Maciejewski vehicle. Damages estimated by Reed were \$6.15 to Bajer's car and \$62 to Maciejewski's.

Monday evening on East 9th, Reed was called to an accident. Ida Canning had turned a corner, slid on ice and struck the rear of the parked car of Dennis Mattes. Damages amounted to \$50 to the Canning car.

## What Do Policemen Do During Spare Moments

Here's a question that can be answered with a question: What do Wayne police officers do with their spare time? The answer: What spare time?

Took last week for instance. The police investigated eleven cases of larceny, seven traffic accidents, were involved in three court cases, operated the radar and patrolled the town.

They also investigated a complaint of boys on bikes and dogs on foot trespassing across lawns and bushes; went out to "rescue" a man walking along a city limit fence after his car got stuck; picked up a stereo that had been reported stolen two days earlier and was reported left on a resident's porch.

Picked up a woman's purse left at a laundry; looked up the owner of a car parked parallel to a church's diagonal parking lot; found another driver whose car was blocking a crosswalk; picked up a stray dog; and performed dozens of other services not listed in their police record book.

There are only four members of the force. The work they do equals that covered by bigger departments in other cities.

Mr. and Mrs. Don Johnson and Kelly Mr. and Mrs. Jerry Hix and Mr. and Mrs. Dave Curry and Greg. were guests in the Dale Car home Thursday.

Callers Saturday afternoon in the John Lutt home were Mr. and Mrs. John Thompson and Wilbur, Dixon, Mrs. Harvey Lutt and Mr. and Mrs. Ray Habrock, Emerson.

IF MORE HELP seems to be going to Ken Marra, right, it only accents the everyday situation at WHS. Ken plans to go to college. Fred Peters, left, wants to go into electronics training. WHS offers lots of help for students planning college (about 50 per cent of them) but little help for those bound for vocational training. Stan Hansen, guidance counselor, is with the students in this posed shot. Peters said: "Even a basic start in some vocational subjects would help. Those going out from WHS to enter vocational training lack training others get in their schools and thus start out with a handicap."

## Vocational Needs Get No Assists at Wayne High School

(From the desk of Stanley Hansen, guidance director at Wayne high school.)  
One of the basic philosophies of American public education is that it provides an opportunity for an

education for all children and young people. This would appear to be a simple enough task. However, secondary education must, if it is to accomplish this task, gear its program to the characteristics and needs of all individuals. If we will admit that there are individual differences in ability, interest, and aptitude, then we must admit a need for a broad and flexible program to meet these diverse

Are we accomplishing this task at Wayne high school? The answer is rather obvious when we see that our program is geared mainly for the college bound but only about 50 per cent of our graduating seniors attend an academic college of some type. The needs of this 50 per cent have been filled. But what about the other 50 per cent? These people either attend a vocational school of some type or enter directly into the labor market. Throughout high school these students have been forced to compete on the same level of college preparation as the 50 per cent that went to college and to take courses for which they had little aptitude or interest.

Our school, at this time, because of lack of facilities, is geared to the college preparatory level. Those who have interests, abilities, or aptitudes other than college must be resigned to adjust themselves to our situation in our school today. Our facilities are presently being utilized to the bulging point. Through improved facilities in the new proposed senior high school we could offer a program to fit the needs of each individual. If we are to offer an educational opportunity for all, we must gear this opportunity to the needs of our students, not have our students gear themselves to the limitations of our facilities.

NO, THANKS. That's what Jerry Ball, right, has to tell Leo Wortman when offered a free engine, transmission and other items from Ford Motor Co. for use in training at Wayne high. The school does not have room for the equipment, but Wortman showed the instructor what the engine would be like if one could be accommodated.

## 'Routine' Report Leads to Discovery of Expanding City Industrial Organization

Friday afternoon the telephone at The Herald rang and a voice on the other end revealed that a meeting notice was to be turned in. A further check of what was a "routine" item led to discovery of a little-known Wayne "industry."

Here's how the item came in: "Last meeting of the board of directors of the T & G Toy Shop was held at 1004 Hillcrest Road, Wayne, March 19, 1965. The meeting was called to order by President Tom McDermott. Secretary Jack Suhr forgot what the last meeting was about as he was not here for the last six meetings."

Investigation revealed that the "T & G Toy Shop" is a toy manufacturing firm operated by four boys, Tom McDermott, George John, Jack Suhr and Kenny Peterson. The board of directors includes Tom McDermott, George John, Jack Suhr and Kenny Peterson. Organization members are Tom, George, Jack and Kenny.

Meeting each Friday in a club room in the Charles McDermott basement, the club sold stationery and cards to raise money for a plastic mold machine. This is for the use of present and future members who do not have one of their own — three of the four members have one each.

Tom is president and treasurer. George vice president, Jack advertising agent and Kenny secretary. A separate organization is the Hillcrest Molding Shop made up of (you know, four boys). It makes the toys the toy shop sells.

Merchandising is on a grand scale, in the McDermott basement and through house-to-house sales. When visited for pictures Saturday the toy shop was having a big sale, 40 per cent off on all items. (Prices on items usually run from 1 cent to 13 cents).

The dues are 5 cents a week, going into a fund to get vacu-forms and mold kits. Purpose is not to make money but to break even, and as one officer said: "To get practice in knowing how to make money."

Some out-of-date trading stamps were found so T & G Toy Shop's board of directors decided to give trading stamps with each sale. When buyers get 20 stamps they are given any 10 cent item free in

redemption of the stamps. The organization is interested in getting members. Made up now of four sixth grade boys who attend East elementary, they would like more members about their age — suffice hasn't reached them yet though as they unanimously stated: "No girls will be allowed to join." (However, girls can buy).

Plastic toys, signs, mustaches, glasses, cars, animals, boats and other items are made. Some are painted "while the customers wait" and the boys will take orders for immediate delivery.

With all these financial dealings, the boys still have other business ventures. Tom puts out a weekly newspaper, "Going Up," in deals with elevators, a hobby of his, and also with morticians and mysteries as he wants to be a mortician when he grows up. George wants to be a doctor when he grows up but at present he draws a comic book, "Titanic Five", which comes out four times a year.

Kenny writes cowboy stories along the order of those on Billy the Kid. The hero of each story is Kenny Peterson and he always "gets a reward at the end." A reward for his hero is not a kiss, but money. Jack draws pictures and shows quite a talent for art. He also saves stamps — but not T & G trading stamps.

The boys admit they are their own best customers so far and have net \$8.50 in the treasury (mainly from stationery sales) but they have big ideas. T & G may not be the giant of the plastics industry yet but it is breaking even — and if a profit is needed the directors can always sell stationery.

## Winside Party Delayed

A St. Patrick's party scheduled at Winside high school had to be delayed because of the storm last week. As far as WHS pupils were concerned, St. Pat's day came Mar. 19 as that was the date the party was finally held under senior class sponsorship. An all-school dance with refreshments was given, music being provided by a juke box loaded with "teen tunes" and brought in especially for the occasion.

## We're Sorry, But Space Is Limited

The Herald has had to cut out some "personal" items in past weeks and will probably have to continue to do so in the future. Correspondents and authors turning in items should make note of this.

Space is limited and it is necessary to get as much news of interest to as many people as possible. For that reason the little personal community items which have limited interest in areas outside their immediate vicinity have had to be cut down.

News is used when it is "news" but the little items about neighbors visiting someone in the same town or area have to be cut down or eliminated. Special occasions like birthdays or anniversary gatherings are expected.

Some items have come in where visitors to an area call on five to ten families while in the region. This has resulted in five to ten different items about them. What is wanted is the main place where they visit — if they visited other friends and relatives in the area, that can be added to the item. Separate items about each call will not be acceptable.

If The Herald is wrong in thinking this is what people want the newspaper for, the policy can be changed. So far the comment is running about 100 to 1 in favor of the new policy.

PLAYBACK by BESTFORM®

Don't fuss with your girdle! "Playback" panty won't move no matter how much bending, stooping or sitting you do. That's because the "stay-in-place" panel in back stretches open or closes as you bend, walk, run, straighten up. The rest of the panty girdle stays right where it should to hold and control you beautifully in a light nylon and Blue C spandex power net. Try it! You'll never want to wear any other kind of panty. ## Prodigal Son Play Will Be Presented

"Prodigal" a new play by Mary Foldhaue Weber based on the prodigal son parable in the Bible, will be presented Wednesday, Apr. 7, at 7:30 p.m. in the Methodist church, Wayne. The modernized version tells of a younger brother who leaves his home, is betrayed, betrays and returns home for forgiveness.

A complete lighting and sound system is used. In staging, the cast uses the entire sanctuary area, surrounding the audience with the play.

This is the premiere tour in the Midwest by Theatre on the Road, Long Lake, Minn., but is the fourth annual tour of a religious play staged by the company.

Actors are Bain Boehlke, Wendy Lehr, Jim Fabor, Judy McDonald and Karis Ozols. An original music score was composed by Roberta Carlson, Karin Osborne is director.

Locally the play is being sponsored by the Mariners club of the Presbyterian church and the Methodist adult fellowship. No admission charge will be made but a free-will offering will be taken to cover costs of bringing the play here.

## Steve Glassmeyer Takes Part in One-Day Course

Steve Glassmeyer, Wayne, was one of 200 young people taking part in a science in agriculture course at the University of Nebraska Saturday. More than 15 demonstrations were put on for the pupils taking part.

Dr. J. O. Young, chairman of the department of horticulture and forestry, spoke at the luncheon. He "handed" the youngsters the problem of world hunger, which he said had been handed from generation to generation throughout history.

The difference in the problem being passed on this time is that the young generation has the tools to solve the problem. Science and education can be used to eliminate hunger, he said, adding that the need for people scientifically trained in agriculture is greater than the supply.

He urged young people to go to college as most leaders today have to be college trained. Dr. Young pointed out that agriculture is the world's biggest business and Nebraska is one of the biggest agriculture states so many should want to go out to banish the hunger of stomachs and the hunger of ignorance.

A gas water heater is **SPEEDY. SPEEDIER. SPEEDIEST.**  
A gas water heater works faster than any other kind you can buy.

It works so fast, you'll never run out of hot water. You can do the laundry, wash the dishes, scrub the floors and the kids, then start all over again if you want. There'll still be enough hot water. Gas water heaters are built for fast recovery. They're built to last, too. Lower working temperatures mean longer life. And because there are no moving parts service calls are almost unheard of. A gas water heater is the most economical, long-lasting water heater you can buy. And it's the fastest. If you live beyond the city gas mains, see your LP gas dealer.

**HAPPY SUPERVISORS** of the Wayne County SCS received a plaque for 25 years of service by the district at the banquet at WSC. Left to right they are Paul Everingham, Leo Hansen, DeWayne Willers, Roy Day and Werner Mann.

### History Lives for Crowd at Banquet

Dr. Robert Manley, professor of history at the University of Nebraska, made Nebraska history live in a talk at the SCS banquet Friday night at WSC. Using slides, a guitar, singing and a relaxed presentation, he made 45 minutes go by mightily fast as a dinner feature.

Prof. Manley had colored slides of present day Nebraska. He had scenic views, pictures of pioneer graves, black and white slides of pictures, belonging to the state historical society and other views which he used in his narrative about Nebraska's history.

As he told the story of the early days, he showed slides, sang songs of the pioneers depicted and interspersed personal items about his own love for his adopted state and how his family has searched out graves, pioneer sites and historical monuments. When he says, "Let's take a weekend off," his wife answers, "What, country are we going to visit?"

Actually, the professor does not spend all his time at graves but he did show slides of some, told of the story behind them and kept up an entertaining line of chatter and song that made it a most interesting evening for over 180 gathered to mark the 25th anniversary of the Wayne County SCS.

A 25-year plaque was presented by Warren Pateford, Laurel area SCS director, to Paul Everingham, Roy Day, Leo Hansen, Werner Mann and DeWayne Willers, present supervisors. Attorney Don Reed presented the State Chamber of Commerce award for the honor farm of 1964 to Martin Westermans.

Ron Fleets of the state office made Bernhard Splitzger and Albert Watson admirals in the

nine watersheds in the Wayne county district with 284,000 acres of land.

### Go to School Saturday

Lucky Winside youngsters were "allowed" to attend school Saturday instead of "having" to take the day off. Supt. Wayne Grubel said there was no school Thursday due to the storm. Classes ran Friday and Saturday with regular classes in session. Schools are allowed to miss so many days due to storm or road conditions but WIS has reached the breaking point and will have to make up many more days missed.

### WSC Graduate to Lecture as Guest

A 1937 Wayne State graduate and authority on Latin America, Dr. James C. Carey, will come back to the campus two days this week for a series of special lectures as a guest of the social sciences division.

Professor of history at Kansas State University since 1948, Dr. Carey will speak to the senior honors colloquium Wednesday evening and to several social science classes Thursday.

A native of Bancroft, he will be coming back to home county. After graduation from Wayne, he

James C. Carey

earned master's and doctor's degrees from the University of Colorado.

From 1940 to 1945, Dr. Carey was in educational work in Peru at the Colegio America del Callao. While there he was listed in "Who's Who in Peru" as an "alterman" of the Callao City Council and was director of the public library of Callao in 1946.

Carey returned to the United States in 1946 as a university fellow in history at the University of Colorado. In 1953-54 he was a visiting professor at Colegio Pan Americano in Man-

terrey, Mexico, and in 1961-62 he spent a sabbatical leave in Mexico and Peru.

He has written many articles on Kansas and Latin American history. His book on "Peru and the United States, 1900-1962," was published late in 1964 by the University of Notre Dame Press.

### Neihardt Memorial Project Underway

A project has started at Bancroft to restore the study where Nebraska's poet laureate, John G. Neihardt, wrote the stories and poetry which earned him wide renown.

The restoration is of special interest to Wayne because Neihardt studied at the Nebraska Normal College, predecessor of Wayne State, and is permanently memorialized in the name of Neihardt Hall.

Dr. Neihardt, now poet in residence at the University of Missouri, will speak in Bancroft at a fund raising dinner Mar. 25. His talk is to be based on his book "Flute Elk Speaks," in which he describes a Sioux Prayer Garden. A replica of this garden will be constructed on the grounds adjoining his old study where he wrote his poetry, including "The Bundle of Myrrin," "The Splendid Wagoning," "The Quest," and "The West" as epic poem, "A Cycle of the West."

The property has been purchased for \$750 donated by Neihardt admirers. Restoration will continue under sponsorship of the Bancroft Commercial Club and the Bancroft Garden Club, with Mrs. Martin Vogt as chairman.

Plans are to make the area a museum for Neihardt devotees. Copies of manuscripts, first editions of books, and photographs are being furnished by Dr. Neihardt.

To restore the study and grounds will take work and funds. Mrs. Vogt says Bancrofters will donate the work but the funds since the village is small (population 1500),

must come from Neihardt fans everywhere. Donations of a any amount should be sent to the First National Bank, Bancroft.

## PUBLIC NOTICES

Every government official or head of a public body should publish a regular intervals an accounting of it showing where and how each dollar is spent, we hold this to be a fundamental principle of democratic government.

**County Government Officers Selected**

County Government day officers at Wayne High school have been selected by popular vote of the student body.

Government day, sponsored by county Legion and Auxiliary posts, will be Thursday, Mar. 25, at the courthouse. Featured speaker will be William Galbraith, Beemer, former state Legion commander and present national committeeman. Registration starts at 9:30 and activities end at 4.

Windside High school elected county officers earlier this month. Wayne's election with John Tolakson in charge assisted by James Turner, was held this week.

Following are the names of the office winners with defeated candidates' names given second: Clerk, Sheryl Roberts, Nancy Wolters; district court clerk, Linda Seymour, Sandra Meyer; assessor, Sandra Olds Linda Garvin; surveyor, Jack Manske, Jerri Beam; Sheriff, Lowell Latt, Neal Reinke.

Attorney, Mark Robinson, Virginia Witt; treasurer, Debbie Wightman, Margo Jeffrey; commissioners, Dianne Meyer, Terry Beckenhauer and Larry Echtenkamp defeated Tilton Nelson, Ed Sherry and Sam Olson; judge, Phil Keltan, Dean Skokan; and superintendent, Dean Elfson, Sandra Dunklau.

**Corn Disease, Office Help, Disease Discussed**

Corn disease, increased help from the Northeast Extension office and the cost of raising beef were among subjects discussed at the Northeast Nebraska Experiment Station association meeting in Wausa Tuesday of last week.

David Wyszog, UN extension plant pathologist said a new disease of corn, maize dwarf mosaic, has been reported in western Iowa and Missouri but not in Nebraska yet. Even when it moves in, it should not be a statewide threat to corn, Wyszog said.

Johnson grass hosts the virus of disease and where this grass is widespread there will be some threat. Pathologists, however, are working on a disease-resistant variety of corn in case the threat becomes worse.

C. C. Noyes, state extension leader, pointed out that Northeast Nebraska has fewer farms but is serving a larger audience. Over the state the story is the same, with office calls up 17,000 in two years, farm calls up 4,000, phone calls up 30,000 and publications distributed up 250,000.

Threats of rootworm, dutch elm disease and other infestations caused some of the increase in interest. County agents are better prepared than ever to give help but the area stations such as the one at Concord are even better equipped to help and seem the answer to the needs of all counties served in furnishing qualified personnel with advantages of local service.

Hugo Zimmerman, UN area farm extension farm management specialist, said the average cost of keeping a beef cow in this area is from \$70 to \$90. Herds ranged from 16 to 76 cows, weaning ages ranged from 5 to 9 months, weaning weights varied from 275 to 550 pounds, 35 per cent of a typical operator's unit was in pastureland, cows were pastured 5.9 months.

Each cow had 2.7 acres of pasture for summer grazing and an additional 3.5 acres of cornstalks, milo and other stubble for just over 3 months wintering. Average price bull was \$519 and 14.8 per cent of each herd was replaced annually. Further studies will be on returns per cow, prices of cull cows and other cost and profit figures for beef men.

**Weather, Roads Limit Crowd at Pancake Feed**

Unsettled weather conditions and snow-packed roads limited attendance at the free pancake feed Friday put on by WNAX, Yankton, the University of Nebraska and Sioux City stockyards.

Officials were generally pleased with a crowd of 250 to 300 that did turn up. They felt that those who did show up were genuinely interested in the meeting's theme — cattle futures.

Dr. Michael Turner of the University of Nebraska, discussed cattle future following the free feed. Latest trends and prospects for the future for cattle breeders were discussed.

Bob Hill broadcast the WNAX noon news from the auditorium; Creighton Knau gave his farm news from here; market reports were given on the station by Warren Kester; and George German conducted his inquiring farm reporter program.

Livestock Feeders' association, Wayne County Extension services and other Wayne county groups assisted in sponsorship of the activities.

Callers Sunday in the Clarence Boling home were Mr. and Mrs. Loren Dempsey, Coleridge, Mr. and Mrs. Hazen Boling and Gene, Belden. Todd Boling, Belden, spent the week in the C. Boling home. Monday Mrs. Clarence Boling visited in the Don Boling home, Belden. Mrs. Sid Harrington was a caller in the Boling home Monday evening.

## An Open Letter To YOU...

### It's Our Job!

Waiting for "Someone Else" to provide better education for our children is an invitation to "Someone Else" to run our lives and, eventually, our country.

### Freedom Is Our Responsibility!

We can keep it only if we're willing to invest in it. Remember this important fact: The future of America goes to school in Wayne, Nebraska, today.

Vote "YES" on the School Bond Election April 13!

## CHEVELLE by Chevrolet

No other car of its size offers more

- 4 protective steel inner fenders
- keyless locking doors
- separate body and frame units
- a battery-saving Delco generator
- a four-position ignition switch
- a Full Coil suspension system
- curved side windows
- a 9-step acrylic lacquer finish
- flush-and-dry rocker panels
- self-adjusting brakes
- bonded brake linings

Chevelle Malibu Sport Coupe

No matter how you look at it, this car makes a lot of sense.

If you're interested in value (and who isn't), the eleven features above give you a good idea why more intermediate-size car buyers are thinking Chevelle.

If you're looking for a wide power choice, Chevelle starts out with a standard 130-hp Six, an ideal city performer. After that you can order from a variety of engines that turn it into an even greater highway performer.

Room? Large door openings. Wide

curved side windows for extra shoulder room. Great front and rear leg room. Those four, five or six passengers have it made. And so do you. Chevelle may seat like a big car but it handles like a smaller car.

Comfort? Thick wall-to-wall carpeting in Malibu models. Foam-cushioned seats. Easy-to-read instrument panel. The whole interior looks like those in cars costing far more.

Come on down to our showroom and take a drive soon. Chevelle begins to make even more sense after you've gone a couple of miles.
