

Wayne Has First Death in Traffic in Almost 15 Years

F. C. Hammer, 77, died instantly when struck on Logan street at the Third street crossing Thursday night. It was the first traffic death on Wayne streets in 15 years.

The elderly resident, who was hard of hearing, was crossing the street when struck by a truck owned by Gus Glaser Meat Co. Donald Javorsky, 18, Wilber, was driver of the vehicle.

Javorsky was not charged in the accident since he was driving slow and it was thought the local resident did not see or hear the truck and walked in front of it. Skid marks were 16 feet, indicating a slow-moving vehicle. Another unidentified vehicle turning onto Logan is blamed for taking the driver's attention as the driver feared a collision, watched the oncoming car come into the intersection and looked up to see the pedestrian in front of him.

Officer Keith Reed, on duty at the time, summoned a doctor but it was determined that the pedestrian had died instantly. A skull fracture was the cause of death.

Wayne's last death in traffic within the city limits was 15 years ago, according to R. H. Hansen, former chief of police and Wiltse Mortuary. He said Philip Fuester was killed in the north part of town Sept. 19, 1950, when struck by a truck.

Wayne High School Gets NCA Approval

Full approval by the North Central Association of Colleges and Secondary Schools has been received by Wayne high school. Supt. Francis Haun has revealed. This is the highest rating given by the number one accrediting agency in the nation.

NCA approval had been received last year but there were some warnings issued. Since that time all the suggested changes have been met and this year's accreditation came without qualification or warning.

The 1964 warnings were on professional education preparation and a guidance program. One was completely covered anyway and the other has been brought up to specifications of the NCA to give WHS a top rating.

Student in Good Condition After Shooting Himself

A 22-year-old Wayne State college student, Robert C. Miller, Rockwell City, Ia., is in good condition after accidentally shooting himself with a .22 pistol the past week.

Sheriff Don Weible investigated. He reported that Miller had gone under a bridge with a friend, John Gard, Sioux City, to do some target shooting.

The two walked on slippery spots and Miller fell. As he fell, he brought up his right hand in which he held the pistol and the weapon discharged.

A slug went into his abdomen and out his left side. It missed his stomach by a narrow margin and failed to pierce any vital organs.

The youth was taken to the Wayne hospital and later transferred to Lutheran hospital, Sioux City. His father visited him later and then came to Wayne, reporting his condition indicated he would be out of the hospital in a few days.

Around 3,000 Musicians Will Be Here Next Week for District Music Clinic

High school music contest time is approaching in Wayne, and something new will be added this year as some 3,000 musicians percolate at the Wayne State campus, Apr. 22, 23, and 24.

Class A schools will be represented for the first time in years, if ever, in this division of the District III contest.

Thirty-six schools have entered musicians; 27 of them with bands, one with orchestra, 29 with mixed choruses, 28 with girls glee clubs, 10 with boys glee clubs.

The schedule: Class B bands Thursday afternoon and night; Classes C, D and A bands and Class A orchestra Friday afternoon and night; mixed choruses and glee clubs Saturday afternoon and night.

Piano, vocal solos and vocal ensembles of Classes A and B, and instrumental solos A and B on Thursday.

Vocal solos and ensembles, instrumental solos and ensemble of Classes C and D on Friday, instrumental ensembles Saturday morning.

Dr. Raymond Kelson, chairman of the WSC fine arts division, is contest director.

QUIET POLLS were hard to find in Wayne Tuesday but when the photographer went in for a picture of the voters only Mrs. Pat Hailey was inspecting a ballot. Chris Bargholz stands beside her. C. A. Preston and Mrs. Paul Rogge are seated on the right and Mrs. Don Sherbahn and Otto Gerleman are seated in the foreground. The latter five were in charge of ward 1, fire hall.

Four Wayne Teachers to Be New Ones

Four new teachers have signed contracts with the Wayne school district. This leaves two vacancies, according to Supt. Francis Haun.

Mrs. Ruth Toklakson will teach the second grade at Northeast elementary; Mrs. Evelyn Hamley, fourth grade, Northeast; Mrs. Joyce Zimmerman, third and fourth grades, Carroll elementary; and Mrs. Lecta Molier, 11th grade English, WHS. All are new to teaching except Mrs. Molier, who taught eight years at Wakefield.

Needed yet are a ninth grade English teacher and a commercial teacher who will also be assistant basketball coach. Mrs. Gil Otten, who has taught junior high English, will be half-time librarian at West elementary the coming term.

The board of education meeting Friday also heard 19 secretarial, custodial and lunch room staff members. They will take action later on hiring bus drivers.

Board members attended a Carroll Music Boosters program in Carroll Monday. The Carroll beginning band and the Wayne junior high band directed by Donald Schumacher presented the program. Refreshments were served.

No action has been taken by the board on contracting with elementary districts for pupils this coming term. Too many other matters have required the attention of the board so action will be taken later.

Commencement and baccalaureate have been set. Dr. Paul Miller, head of the Omaha school system, will be principal speaker at graduation in Rice auditorium May 24 and Rev. E. J. Bernthal of Grace Lutheran church will give the baccalaureate sermon May 23.

Next meeting of the board will be at 8 p.m. Monday, Apr. 19. Main business will be to canvass the absentee ballots in the school bond election.

Cash Night Drawing Still Needs Winner

The jackpot of \$400 for the cash night drawing went "a-begging" again last Thursday evening. Mrs. Jeanette E. McCoy, Laurel, was not in one of the participating stores when her name was called.

The jackpot remains at \$100 for tonight's drawing at 8 p.m., and money has been added to a stand-by jackpot.

Area Shippers

Area shippers to Sioux City last week included James Corbit, Wayne, 55 steers, 1,118 lbs., \$23.65; Chester Marozt, Hoskins, 23 steers, 1,187, \$24.00.

Equipment Bids Will Be Taken for New WSC Dorm

The Wayne State College Dormitory Authority, Inc., is asking for bids on furniture, drapes, carpet and miscellaneous accessories for the new nine-story 440-student dormitory which is now under construction here.

Bids will be received up to 10 a.m., Monday, May 3, at the state capitol building, Lincoln. Proposals are to be submitted to E. A. Larson, secretary or to the state capitol.

Needed will be dorm room furniture, lounge furniture, office furniture, desk chairs, apartment furniture, guest room and counselor room furniture, draperies, carpets and other items.

Drawings and specifications are available at the Leo Daly office, 6600 Indian Hills Drive, Omaha. Delivery of equipment will be coordinated with building construction which is expected to be completed by Sept. 1, 1966.

A legal notice covering more details of the bids appears in this issue of The Herald.

Raymond Schreiner, chairman of the WSC applied arts division, served on an evaluation committee reviewing the 7-12 curriculum of the Fremont public schools.

Wayne Herald Has Another Top Award

First place for general excellence in towns over 2,000 population during 1964 has been awarded to The Wayne Herald. A plaque denoting the honor is at the newspaper office and a picture appears on the front page of this section.

The Herald won first over the Kimball Western Nebraska Observer. Other winners were: Towns 1,000-1,999, Bridgeport News-Blade and Ainsworth Star-Journal; towns 500-999, Lyons Mirror-Sun and Bertrand Herald; and towns under 500, Springview Herald and Comstock News.

Church Services to Mark Death, Resurrection of Jesus Christ

Christ's crucifixion and arising from the grave will be marked with Holy week services in Wayne churches. Special services planned from one to three days have been announced.

The Church of Christ, without a minister, will hold regular services Sunday with church school at 10 and worship at 11. Communion will be a feature of the worship service.

At Wesleyan Methodist church, Rev. Walter Steinkamp reveals Maundy Thursday services at 8 p.m. Sunday school at 10 will be followed by church services with children's dedication a feature.

St. Anselm's Episcopal will have no Easter Sunday services but the holy eucharist will be celebrated at 10 a.m. at Trinity church, Norfolk, Wednesday, Apr. 21. St. Anselm's day will be observed at his namesake church with a holy eucharist service at 6 p.m. in the WSC chapel.

St. Mary's Catholic church has services Thursday, Friday, Saturday and Sunday, according to Father William Kleffman. Holy Thursday services will include mass and procession, 8 p.m., and adoration until midnight with the CYO present from 8:45 to 9:45, all women from then until 10:45 and all men from 10:45 to 11:45. Good Friday services include stations of the cross at 1 and special services at 8. Holy Saturday's Easter vigil and mass starts at 8 p.m. with baptismal and eucharistic services. Easter Sunday there will be a high mass at 7 a.m. and low masses at 9 and 10 a.m.

Redeemer Lutheran church will have Maundy Thursday services at 8 p.m. and Good Friday services with communion at 8 p.m. The church will be open from 12 to 7:00 Friday for silent devotions. Rev. S. K. de Fresse also reports Easter sunrise services at 6:30 at the church with the youth choir and Mrs. F. L. Ellis furnishing special music. It will be held at 10 a.m. Sunday school and at 11 the worship service. A special communion will be served at noon.

Carroll Roundup Later

A kindergarten roundup is planned at Carroll elementary school at a later date, according to Supt. Francis Haun. The roundup scheduled for the West and Northeast elementary schools in Wayne were held Wednesday of this week. Principal Loren Park will attend the roundup in Carroll and also was in charge of those in Wayne.

Mona Carlberg in Top Rank at WSC

Mona Carlberg of Ames, Nebr., is the scholastic leader of the senior class graduating Friday at Wayne State College. As the top-ranking senior in grade average, she duplicated the feat of her sister Janet, who led her 1961 class at Wayne.

Mona compiled an average of 3.98, one of the highest in Wayne history and close to a straight A mark of 4.0. She graduates summa cum laude and with highest honors in business, her major field. The distinction of

"highest honors" requires an all-A record in major courses.

Carol Ann Traut, Omaha, also participated in the honors program and is graduating cum laude (grade average, 3.29) and with honors in French.

Twenty-two seniors who did not go through the honors program will graduate "with distinction," which requires a grade average of at least 3.2. They are: Andrea Johnson, 3.7, Rockwell City, Ia.; Ellen Kahland, 3.60, Neligh; Douglas Strader, 3.64, Ewing; Ruth Toklakson, 3.56, Wayne; Marjorie Forbes, 3.57, Wayne; Duane Moore, 3.50, Hooper; Jeanne Harder, 3.478, Wayne; Brenda Karr, 3.381, Ireton, Ia.; Carl Buzzi, 3.369, Bedford, N. Aerospace Education Returned to Schedule

A workshop in aerospace education is back on the Wayne State summer schedule after an enthusiastic innovation last year.

Dr. Lyle Seymour, director, said today the deadline for reserving a place in the class is April 30. He also had a welcome notice that the previous limitation of 30 has been raised to 40 registrations.

The reason for a larger class is simple: larger Air Force transport planes are being used this year than the C-54 which flew the workshop to Ohio.

Dr. Seymour has plans—subject to weather—for a three-day trip to Texas, visiting the NASA Space Center at Houston and the Civil Air Patrol headquarters at Ellington AFB.

The workshop is scheduled for June 28-July 15, providing three credit hours in education at the senior-graduate level. Class activities will be similar to last year's with a variety of aviation authorities coming to lecture.

Council Approves Closing of Alley

In a lengthy meeting covering a variety of subjects Tuesday night, the Wayne City Council approved closing the alley on the west side of Main street between First and Second streets so a building addition can be constructed.

Closing of the alley had been requested by Alan Cramer of The Wayne Herald, who plans an addition plus remodeling of the buildings on both sides of the alley. No information on when construction is planned or what changes will be made has been released.

A five-acre stand on a lot at 309 E. 7th, the rear of a lot owned by James Coan, was approved and a permit ordered issued. Coan's property fronts on Logan street on the south side of Seventh. Mrs. F. G. Klintberg received a permit to move in a building to be remodeled as a garage.

A service area agreement over water that the utilities would serve consumers was signed with See COUNCIL APPROVES page 4

Wayne Boy Struck by Car Suffers Broken Leg, Cuts

A 5½-year-old boy, Terry Biggers, son of Mr. and Mrs. Donald Biggers, Wayne, was injured when struck by a car on East Sixth street Wednesday evening of last week.

The lad apparently dashed from between two parked cars into the path of an oncoming car. Mrs. Donna Shuffelt, Wayne, driver of the vehicle, did not have time to stop or swerve enough to avoid hitting the boy.

Officer Keith Reed, who investigated, said the accident was termed unavoidable. He said there were only nine feet of skid marks, indicating Mrs. Shuffelt was driving at a low rate of speed at the time of the accident.

Terry was rushed to the Wayne hospital where he was found to be suffering from a broken left leg, head injuries and cuts and bruises. Had it been a faster driver, his injuries might have been much more serious, stated the police report.

Stock Delivery to Be Meeting Topic

Delivery of hogs and cattle to the Sioux City stockyards will be the main topic of a National Farmers organization meeting Saturday, Apr. 17, at 8 p.m. in the ASC office in Wayne.

President Roland Victor said all members are urged to attend the meeting. Delivery schedules will be worked out for the Sioux City plants during the evening.

The NFO is trying to get all farmers to work together for their common good, according to officers. With the cooperation of all members and others interested in better prices for stock, much can be accomplished, they believe.

Girl Scout Meeting Set

Prairie Hills Girl Scout council will hold its annual meeting at Neigh Thursday, Apr. 22 at St. Francis Catholic church with registration and coffee at 10 and meeting at 10:30. Lunch will be served at noon. Supt. Donald MacLay, Norfolk, will be guest speaker on "Our American Heritage."

Workers with Girl Scouts are invited. Those with 20 or more years of service to Girl Scouting will be honored.

Dr. Raymond Kelson, head of the WSC fine arts division, served as clinician and adjudicator for the Clarkson pre-contest clinic Apr. 6.

Big Egg Hunt Attracts Over 300 Kiddies

In 40-degree weather and under threatening clouds, the Mrs. Jaycees held their annual Easter egg hunt Sunday afternoon at the West elementary school with around 300 kids showing up.

The hunt was divided into three groups to give everyone a chance to find the eggs. Groups were: Pre-schoolers; five to seven-year-olds; and eight to ten-year-olds.

Prizes for finding golden eggs went to Mark Rezac, David Lessman, Darren Proett, Lori Garrison, Ross Jansson, Judy Reeg, Debbie Nelson, Jern Suber, Mark Clegg, Kelly Dill and Joe Roberts.

There were also prizes for those finding the most eggs. Jean Proett and Tena Russell won in the girls' division and Darren Proett and Mark Rezac won in the boys' division.

Mrs. Marlene Sutherland and Mrs. Judy Sorenson were chairman for the event. Most other Mrs. Jaycees members took part in putting on the hunt.

St. Mary's Holds Own Hunt for Easter Eggs

St. Mary's parochial school held its annual Easter egg hunt Sunday afternoon at the school. It was meant to compete with other such hunts but has been an event for the school children for years.

All age groups were included with Father William Kleffman in charge. St. Mary's club assisted and helped make the hunt possible with colored eggs for all.

Mark Lowe won the big prize of the afternoon, finding a special marked egg. For finding this particular egg he received a huge stuffed bunny. Mark is a third grade pupil.

Special prizes were also given for those finding eggs with certain numbers. Children of the school and any others who wanted to come took part.

St. Bonaventure, Pender Win Relay Championships

Columbus St. Bonaventure and Pender won team titles in Class B and Class C in the Blue Devil relays postponed from Friday until Monday because of track conditions.

Pender had quite a battle, winning Class C with 26 points. Creighton was right behind with 23. Ponca, 22. Lyons 19, Wakefield, 16, Battle Creek 11, Oakland 9, Osmond 8, Allen and Norfolk Burns 3 and Winside, Belden, Coleridge, Pilger, Randolph St. Francis, Stanton and Wausa 0.

St. Bonaventure in Class B doubled the score on Bloomfield 52-21. Crofton had 17, Tokamah 16, Wayne 14, Laurel 11, Hartington Cedar Catholic 7, Madison 4 and Pierce and Plainview 2.

Harold Meyer of Winside won heat one of the 100, Hoffer of Plainview was second and Hochstein of Cedar Catholic the third. Hochstein won the finals in 10.6.

In the other feature event (neither of which counted in meet standings), Gunn of Laurel won the shot with a heave of 50' 11". Mike Carman of Wayne was second, Johnson of Wausa third, Johnson of Battle Creek fourth and Curtis of Plainview fifth.

Wayne State Wins Game, Loses Next

Wayne State's baseball team, which won its first game Saturday, lost its second on Sunday. The Wildcats dumped Peru State Saturday, 8-7, for their sixth straight win over three seasons, then lost the nightcap, 8-3. Jim Mau started on the mound for Wayne in the first game, gave way to Terry Horsley in the fifth who yielded to Fred Pierce in the seventh.

Bob Gaeta's triple scoring two runs in the sixth brought a 6-6 tie to give Wayne all it needed. The Cats used three hurlers in

Wayne High Team Going to Norfolk

Wayne high's track team, fifth in their own relays Monday, take on the genuine track competition this coming week when they go to Norfolk.

Coch Jerry Ball hopes for a better showing by the Blue Devils. He looks for considerable improvement in the two-mile relay team which was edged out in the final yards Monday and expects individual performances to improve.

WHS has had few outdoor workouts while teams farther south have had a number of meets. More warm weather and dryer ground is needed before the Devils start rounding into mid-season shape.

Board Approves Wayne High Baseball Season

The board of education of Wayne high school has approved baseball as a spring sport. Mike Mallette will be in charge of the baseball program this year.

Scheduling will be a real problem as there are few baseball teams in this area. As of this writing, not a single game has been scheduled for the diamond squad.

District 17 will furnish transportation, balls and bats for the team. The boys will have to furnish their own shoes and gloves and the Legion will allow the team to use the Legion baseball teams' uniforms.

Squad members have been working "out" inside the City auditorium. They may have time to get in condition as no games will be played for a week or two and warm weather should arrive permanently sometime in that period.

A list of those out and the positions they play will be carried in next week's paper.

WSC Trackmen Going to Meet in South Dakota

Wayne State trackmen, finally able to practice outdoors but hampered by final exams this week, are preparing for the Corn Palace Relays Saturday at Mitchell S.D.

Their goal: to improve on their performance last Saturday at the South Dakota University Invitational. Only four Wildcats managed to earn points for a seventh place Wayne tie among 15 colleges. Ed Humpal chalked up a pair

College's Faculty Men Attend Many Functions

Dr. Robert Clayton of the WSC physical education faculty was the main speaker for the South Dakota College Physical Education Association convention Friday. His topic: "Programmed Learning in Physical Education."

Two Wayne State faculty members, President W. A. Brandenburg and Dr. J. R. Johnson, have the distinction of listing in the Dictionary of International Biography, 1944-45, published in London, England.

William Corghner of the WSC art faculty has been invited to participate in an exhibition of sculpture next fall at the Sheldon Memorial Art Gallery in Lincoln. He also is currently represented in a showing of small sculptures for the home at the Sheldon Gallery.

Dr. Benjamin Bernstein, WSC orchestra director, will conduct the Orchestra Festival of the Council Bluffs, Ia., public schools Apr. 23. It is third year in this capacity.

Fencing Provides Privacy Outdoors

For privacy and a sense of shelter, outdoor living space should be enclosed. Containment may be accomplished by a fence, a series of panels or a trellis.

These screens provide decorative protection—area delineation, privacy from passers by and sun or shade, when or where you want it.

When it comes to functionalism that's handsome too, fences and fence panels must certainly be given top priority in yard development.

Used alone or in conjunction with activity areas, fences can provide as little or as much protection and privacy as desired in a variety of attractive designs.

The more solid and taller the fence, the more privacy and protection achieved. Degree depends on purpose—whether the fence is to keep children in the yard or stray dogs out, to delineate between children's play area and yard proper, to create a barbecue patio or to screen utility areas from general view.

Fence design is limited only by the imagination.

Choices include basketweave, herringbone, lattice work, wood "bricks," parquets, alternating panels back and front, and vertical louvers.

The fence may be rough sawn or smooth, painted or stained, rustic or refined, depending on your architectural scheme.

Inland Red Cedar and Incense Cedar are particularly well suited to exterior construction because of their natural resistance to weathering.

All fence members which come into direct contact with the ground should be treated with a preservative. This applies especially to fence posts which should be sunk in the ground about one-third their length and should be set on a two-inch layer of gravel for proper drainage.

It's only natural that homeowners, in keeping with contemporary ideas regarding outdoor living, should seek new and attractive ways by which to enhance outdoor activity areas. And it's also only natural to use "natural" lumber for these outdoor activity areas.

Wrestling Match Being Disputed 'No Contest'

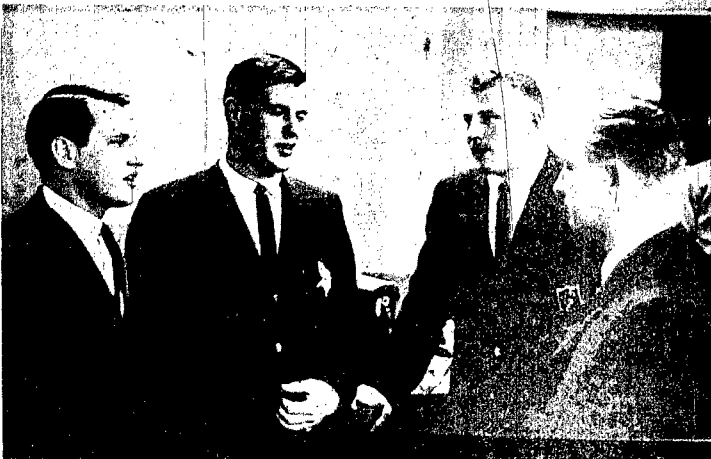

A disputed wrestling meet between Wayne State and Westmar College has been ruled "no contest" by the national executive committee of the NAIA, and Westmar drew censure for crowd conduct at the meet.

Officials of both colleges received notice from A. O. Duer, executive secretary of the National Association of Intercollegiate Athletics, that the "unfortunate incident" at LeMars, Ia., Feb. 2 should be entered on the records as no contest—thus ending claims of victory by both colleges.

The NAIA committee report declared that the most serious phase of the meet involved the lack of crowd control "in permitting the fans of Westmar to come down onto the wrestling surface and manhandle the official of the meet and the Wayne State coach."

The report continued: "We ask that Westmar College take adequate precaution in the future to be sure that there will not be a recurrence of such unsportsmanlike conduct. This type of conduct will not be tolerated in any institution holding membership in NAIA and any future breaches of the sportsmanship code of ethics in this area will be firmly dealt with."

The disputed result of the meet stemmed from misunderstanding between the official and the two heavyweight wrestlers in the final match. At one point both wrestlers thought the official had whistled the action dead. When the official indicated that the match was to continue, Bob Kruse of Wayne

PROS AND AMATEURS: Dennis Kirby (left) and with Minnesota Viking John Kirby (next) to bro-Burt Mathies (right) Wayne State gridders, chat with Green Bay Packer Lloyd Voss.

quickly pinned his opponent, Wade Winters. The official signaled a victory for Kruse.

Later, however, the official notified Wayne Coach J. B. Merriman that he had reversed his ruling and was ordering continuation of the match. Kruse, by then dressing, and Merriman declined, contending the match had been fairly won. The official then declared a forfeit to Winters.

Westmar recorded the outcome as its victory, 19-11, while Wayne claimed it a 16-14 win.

Athletic officials of both colleges appeared before the NAIA committee last month in Kansas City, Mo.

Safety Patrol at St. Mary's School in Habit of Promoting Safety at All Times

A "19-man" safety patrol at St. Mary's parochial school is promoting safety inside and out. The boys handle the outdoor chores while the girls are in charge inside.

Sister Sigharda Nuss reports that the boys are assigned to take care of putting up and taking down the flag. They also see that all bikes are taken out of the racks properly and escort children to the main crossings where they assist in getting them across intersections safely.

Girls are in charge when the pupils march in and out at recess time. They also keep order between halls to make sure pupils walk, maintain order and are quiet. Other duties are to supervise the drinking fountains and promote safety on the stairways.

The girls are led by Capt. Beth McLean and Lt. Mary Ellen McCright. Heading the boys' division are Capt. Mike Garvin and Lt. Tom Denesia.

There are ten other girls in the patrol. Monica and Maureen Dorsey, Debbie Allen, Cynthia Bottoffson, Kathy Coan, Betty Haase, Dianne Haberer, Susan McCright, Sue Pochman and Sandy Macke. Five other boys in the patrol are Dave Draeger, Jerome Kriska, Tod Armluster, Doug Pankleman and Bill Revaz.

Sponsored by the American Automobile association, the patrol members have this pledge: "I pledge myself to . . . report for duty on time; perform my duties faithfully; strive to prevent accidents, always setting a good example myself; obey my teachers and officers of the patrol; report dangerous practices of students; and strive to earn the respect of fellow-students."

Ten truths of safety for pupils are: Help your patrol; keep from between parked cars; look all ways before crossing; wear white after dark; cross only at corners; watch for turning cars; be extra alert in bad weather; never allow more than one rider on a bike at a time; do not play where there may be traffic; and walk on left facing traffic when roadways have to be used.

St. Mary's is a safer place and St. Mary's pupils are safety conscious because of the patrol. Sister Sigharda says. The pupils take the patrol business seriously and their safe habits tend to "rub off" on the adults because the kids insist on safety at all times, not just in and around school.

Concert Singers Outnumber Crowd

The chorus outnumbered the audience for the Friday but it was still the best crowd to ever attend a school music festival, according to Supt. Gladys Porter.

Members of the chorus, over 600 children from Wayne county rural schools, sat in the seats of the bleacher-type east side of the City auditorium. The audience, around 150 parents and patrons, sat in chairs on the auditorium floor.

Vernon Precheil directed and Mrs. Powell was accompanist. Robert Haag led in the Pledge of Allegiance to open the program.

Grade 8 and Grades K through 7 had individual numbers. The entire group of 60 sang eight numbers ranging from "Yankee Doodle" to "Skip to My Lou" and "Old Folks at Home."

Special numbers were a vocal group from Dist. 74; tap dance by pupils in Dist. 80; tonette group by Dist. 45; trumpet solo for Dist. 51; minuet dance for Dist. 66; and accordion accompaniment with vocal group by Dist. 77.

Ice cream bars were served to all the youngsters who took part in the program.

Eight Cars Damaged in City in Two-Day Period

Eight cars were damaged in four accidents Friday and Saturday of last week. Total damages came to almost \$500.

On the WSC campus, the car of Dennis Kirby, David Cley, slipped sideways on a slick street and struck the car of Charles Fisher, Orchard. Officer Carl Scheel of the campus police and Chief Dawson estimated damages at \$150 to the Kirby car and \$60 to the Fisher vehicle.

The same day on Pearl street, Willard Wilcox, Wayne, stopped to pick up a pedestrian, Dennis Otte, Wayne, came around the corner and was unable to avoid the stopped vehicle, according to Officer Pat Halley, who investigated. Damages came to \$5 to the Otte car.

A third accident occurred on Main street when a car driven by John Barr, Jr., Wayne, struck the vehicle driven by John Zach, Pierce. Damages came to \$125 to the Zach car and \$35 to Barr's. Officer Keith Reed investigated. Saturday on Main, W. N. Guthrie, Omaha, backed from the curb and hit the Joseph Jones car coming down the street. Chief Dawson investigated and reported \$50 damage to the Jones car.

Talent-Laden Banquet Held by College Club

You don't often see such a mass of athletic talent as gathered last Thursday night for the Wayne State W Club's annual sports banquet.

Heading the list of notables were a pair of professional football players who carved quite a niche for themselves in University of Nebraska records and now are on the way to success after their rookie year in the big time. They are John Kirby, Minnesota Viking linebacker, and Lloyd Voss, Green Bay Packer tackle. Both were speakers at the banquet, recounting their pro experiences.

Also present were nearly 100 W clubbers—the best of WSC talent—headed by six who received special trophies.

To one of them went a new award, not previously announced—Steve Feinstein as freshman athlete of the year, a promising football quarterback, a starting shortstop in baseball, and a prospect in basketball.

Other trophy winners previously announced: Burt Mathies and John Boch, most valuable gridders on offense and defense; Dean DeBurr, MVP in basketball; Bob Kruse, MVP in wrestling; Jim Brown, MV in swimming.

New Teams on Football, Basketball Schedules

A pair of new opponents have been added to the Wayne high basketball schedule and one new foe will be added in football, Supt. Francis Haun reports. The changes are effective in the 1965-66 school term.

In football, West Point Central Catholic is the new foe, taking the place of Hartington Cedar Catholic. Madison will be the first game foe and Wisner will be played later. Wisner has opened the WHS season for years. Date of the Neligh game has been changed.

In basketball, Blair will be the first opponents for the engers, a new opponent for the Blue Devils, appearing on the WHS court. West Point high will also play here, replacing Oakland on the court here. Teams for the Wayne high invitational have not been selected yet.

Letters to the Editor

How do we say "thank you" to the dozens of people who gave of their time, their talent, and their money to make sure that the people of our community understood the growing needs of our school district and the tremendous importance of the decision to be made April 13?

How do we express our thankfulness to those citizens who went into the secret of the voting booth and demonstrated their faith that quality education is basic to the well-being of our youth and of our community. Sometimes in case act the hidden aspirations, the unspoken hopes and ideals of a people are translated into reality. We feel such an act happened Tuesday, and we believe that our community will be stronger, better, and more united than ever before because of it.

"The future of America goes to school in Wayne, Nebraska, today" was the motto of the bond election campaign of our youth and of our community. We believe we have added security and strength to that future. On behalf of the children and youth of the Wayne-Carroll community, we say "Thank You" to all who helped.

ENROLLED in an auto body and fender repair class to start in September at Universal Trades School, Omaha, is Glen Nichols, son of Mr. and Mrs. Charles Nichols, Wayne. He is a senior at Wayne high this term.

Business Notes

Raymond Nelson, shop foreman of Merchant Oil Co., has been awarded a certificate of achievement by Sunray DX Oil Co. after completing a three-week course at the firm's dealer management center, Waterloo, Ia. He has been a service station foreman in Wayne for 10 years and was one of eight dealers from five states chosen to attend the course on service station operations.

Open house last week was held at King's Carpet & Draperies which is operated by Mr. and Mrs. Larry King adjacent to the McCullough Furniture store. Al Efflers received the door prize which was a 9x12 carpet. Kings report an excellent turnout for their opening.

Mrs. Andrew Nielsen, who had spent four months in California in the Anton Jensen home, returned Sunday. She is visiting this week in the Walden Brugger home, Windsor.

Wayne High Homemakers Observe Week Many Ways

Future Homemakers of America at Wayne high school joined a half million other FHA members in observing National FHA week Apr. 5-10, according to their sponsor, Mrs. Dave Chambers.

Monday each female teacher was presented with a fresh garden rose; Tuesday a committee prepared a bulletin board emphasizing the importance of staying in school;

Wednesday the classrooms were brightened with FHA girls in "dress-up" clothes and high heels; Thursday a committee completed a window display at Tiedtke's.

Highlight of the week was Friday when "Daddy Date Night" was held at the school. A potluck supper was followed by a business meeting and entertainment.

Numbers on the program, according to Cheryl Lessmann, were a skit by Stephanie Engle and Diane Rauss; barber shop quartet of Diane Youngmeyer, Doreen Diamond, JoAnn Saks and Belinda Beebe; skit by Judy Wehrer, Candy Nelson, Dianna Jorgensen, Pat Jorgensen; Joan Saks and Belinda Beebe on school dropouts; and a talk by Dave Chambers, speech and English teacher, on drop-outs.

FHA girls are home economics students in junior and senior high schools. Their group, founded 20 years ago, has as its creed: "We face the future with warm courage and high hope. For we are the builders of homes... for America's future. Homes where living will be the expression of everything that is good and fair. Homes where truth and love and security and faith will be realities, not dreams."

Projects as planned nationally include: You and Your Values; Focus on Family Friendship; Marriage Calls for Preparation; Stay in School; and Action for Citizenship. Miss Lessmann said all are aimed at FHA's goal, helping individuals improve personal, family and community living.

FHA is sponsored by the United States office of education and the American Home Economics association but receives its financial support from dues of members.

Mr. and Mrs. Chris Sonderstrup, Omaha, spent Tuesday and Wednesday in the Anton Pedersen home. Mr. and Mrs. Pedersen visited Saturday evening in the William Knoll home.

Buttons Galore at City Sisters Club

Members of City Sisters club weren't playing "Button, button who's got the button" at Monday's meeting; but they could have played the game with 50,000 buttons. The hostess, Mrs. Irvie Reed, who has been collecting buttons more than 70 years, had her collection on display.

Mrs. Reed became interested in the hobby when she was a child. She and other children of that day collected unusual buttons for a "charm string". Following World War II Mrs. Reed cataloged the buttons and put them on cards so they could be displayed at county fairs.

She has buttons of all sizes and shapes from almost all 50 states and from Canada, England, France, Germany, Belgium and Peru. Mrs. Reed says the hobby is a fascinating one and stimulates interest in history, art and natural resources.

S. Konold - W. Wichman Engagement Announced

Wakefield—Mr. and Mrs. A. O. Konold, Sioux City, announce the engagement of their daughter, Sandra, to Wilfred Wichman, son of Mrs. Frieda Wichman, Wakefield, and Harry Wichman, Wayne.

Miss Konold is employed at Warrior Beauty School, Sioux City. The Konolds formerly lived in Wakefield.

No wedding date has been set.

Miscellaneous Shower Honors Brides-to-Be

A miscellaneous shower was held Apr. 4 at Thurston Legion Hall honoring brides-to-be, Susanne Nelsen and LeAnn Sunderman. About 70 guests attended.

Decorations were in white and orchid for Miss Nelsen, and white and blue for Miss Sunderman. Contest prizes were presented to the honorees. Hostesses were Mrs. Dale Dohr, Mrs. Dale Brockman, Mrs. Albert Hammer, Mrs. John Sunderman, Jr., and Mrs. Russel Hoppper.

A shower honoring Miss Nelsen was held Apr. 4 at St. Paul's Lutheran church. Sixty-five guests attended. Hostesses were Mrs. Willard Hammer, Mrs. John Test, Mrs. Lester Menke, Joan Hansen, Mrs. Ardale Test and Mrs. Eugene Hegren. Susanne Nelsen and Larry Sunderman will be married Apr. 25 at St. Paul's church.

May 13 meeting will be with Mrs. Lowell Glassmeyer. Mrs. Fred Heier will be in charge of entertainment.

Panel Discusses Math, Science at AAUW Meet

Thirty-seven persons attended an AAUW meeting Thursday at the college. Highlight of the meeting was a panel discussion on science and math by Dr. Lyle Seymour, moderator. Irvin Brandt, Frank Prather and Harlan Bankratz.

Panel members, who are on the faculty at Wayne State, were in agreement that instructors and textbooks are by no means the only method of teaching science and math. Much of the learning process is done in the lab and science and mathematics are very much integrated. Modern methods of teaching are still in the experimental stage. Stanley Hansen, guidance director at Wayne city schools, presented the school bond issue.

Officers installed included Bonita Vandegriff, first vice president, program chairman, and Donna Strahan, treasurer. Mrs. Leslie Zeleny and Mrs. M. A. Waggoner were in charge of the serving committee.

THOUSANDS OF BUTTONS are carefully sewed on cards and filed by Mrs. Irvie Reed, who has over 50,000 different ones. On her lap she holds military buttons from Canada and the U. S., from nurses' and men's uniforms, some dating back as far as 1865. Cards on the sofa, left to right, are: picture buttons; Czechoslovakian buttons; buttons with birds on them; buttons with heads on them. On the floor are pins of all presidents except Eisenhower, Truman, Kennedy and Johnson and other political buttons and pins.

D. Rosacker - Greve Wedding Held in Wakefield April 3

Diana Lee Rosacker, daughter of Otto Rosacker and Dean Dale Greve, son of Mr. and Mrs. John M. Greve, Wakefield, were married April 3 at Saint John's, Ev. Lutheran church, Wakefield. Rev. E. J. Bernthal officiated at the double ring ceremony. Mrs. Ray Lund, Wakefield, sang "Today, O Lord, We At Thine Altar Stand" and "The Lord's Prayer," accompanied by Mrs. Martha Olson, Wakefield.

The bride, given in marriage by her father, wore a floor length gown of imported organza. The lace bodice was accented with sparkling iridescents. It featured a scoop neckline, long tapered sleeves and chapel train. Her illusion veil was held in place by a crown of crystals and aurora borealis beads. She carried a bouquet of pink and white sweet peas. Identical street length gowns of frolic blue with scooped necklines, bell shaped skirts accented by a self fabric ruse at the waist, and matching headpieces touched with pearls and topped by a circular net, were worn by the maid of honor, Shirley Greve, Norfolk, and bridesmaid, Debra Rosacker, Sioux City. They carried pink and white sweet peas centered by a white carnation. Cynthia Kay and Denise Greve, Wakefield, were flowergirls. They wore white lace dresses trimmed in blue with matching headbands.

Dwain Rosacker, Denver, was bestman. Bill Greve, Wakefield, was groomsmen. Ushers were

John Greve, Jr., Wisner, and Merlyn Kay, Wakefield. The attendants wore dark suits.

Mr. and Mrs. Eugene Bartels, Wakefield, were hosts to the reception held in the church basement. Mrs. Dewaine Rosacker, Denver, and Mrs. Bill Greve, Wakefield, cut and served the wedding cake, baked by Mrs. Edwin Fahrenholz, Allen. Mrs. Lawrence Johnson, Wakefield, presided. Mrs. Leona Thomson, Wakefield, presided at the guest book and Mrs. Randall Blatter, Wakefield, and Mrs. Charles Kinney, Ainsworth, assisted with the gifts. Others assisting were Dorothy Bell, Emerson, Mrs. William Kinney, Mrs. Erwin Bartels, Mrs. Harry Bartels, Mrs. Paul Blumenthal and Mrs. Lawrence Blatter, all of Wakefield.

The bride and bridegroom are graduates of Wakefield high school. The bride has been employed as receptionist at Milton G. Waldbaum Co., Wakefield. The bridegroom is farming.

Winside Dinner to Fete WHS Athletes

An athletic banquet honoring boys out for football, basketball or track at Winside high school this term will be held Tuesday, April 29 at 6:30 p.m. in the school gymnasium. It is open to the public.

Crowning of the king and queen, revealing the "athlete of the year" award, naming royalty attendants from each class, presentation of the homemaker award, revealing cheerleaders for next year, making letter awards to athletes and other features are planned.

Dean Mann will be master of ceremonies for the short program. The name of the featured speaker was not learned by the time this was written. A dance following the dinner and program will feature teen-type music.

Winside Federated Women's club will serve the meal. The Pep Club is to decorate the gymnasium and members of the W Club will help financially and arrange for the speaker.

Mrs. Larry King, Mrs. Bill Schmitt and Mrs. Pete Krupp are Pep club sponsors assisting with plans. They report tickets are available in advance for anyone wanting to attend.

Rites Planned Thursday For Mrs. Della Street

Funeral services for Mrs. Della O. Street, 804 Carroll, are planned at 2 p.m. today (Thursday) at Carroll Methodist church. Mrs. Street died Monday at Wayne hospital.

Reunion in California

Five cousins gathered Mar. 29 in the Mildred Verilla home in California to honor Capt. Lewis M. Hiller on his 40th birthday. Some of the family members had not seen one another for 29 years. Present were Mr. and Mrs. Don Henning, Mildred Verrell and McKenny, Mr. and Mrs. Clifford McKay and Gladys McKay, Shirley McKenny visited the Wing-tis, Aherns, Pearsons and Gwen Hiller, Carry-I, emigrate from Illinois to California.

Missing Mirrors Mired Mainly in Muddy Muck

The mystery of the missing mirrors remains unsolved but some observing Boy Scouts found some of them mired in muddy muck the past weekend. Not all of those missing have been accounted for however.

Scoutmaster Gene Fletcher and some of his scouts saw a glint from under a culvert three miles east of Wayne while hiking. Investigating, they found eight car mirrors.

Wayne police were notified and they have been calling those who had reported mirrors taken. Some of the motorists were contacted personally when officers saw them. Identification of mirrors was necessary because they were returned to owners. It is thought other mirrors might have been hidden elsewhere after the siege of mirror-fornery a few weeks ago.

Wakefield Driver Has Day Nothing Goes Well

Thursday was one of those days when nothing seemed to go right for George Avermann, Wakefield. He was involved in two automobile accidents with a total of \$543 damage.

His first collision came at 7th and Main in Wayne when his car collided with one driven by Mern Mordhorst, Wayne. Officer Keith Reed of the Wayne police department investigated. According to the police report, Avermann turned left into the intersection after both cars had stopped at stop signs. His car hit the side of Mordhorst's with \$110 to the Avermann vehicle and \$107 to Mordhorst's.

Going home from Wayne, Avermann was involved in another collision 1 1/2 miles south of Wakefield on Nebraska 35. Sheriff

Don Weible investigated the mishap. No one was injured as cars driven by Robert Painter Platts-mouth, and Avermann sideswiped as they traveled in opposite directions. Damages came to \$175 to the Painter car and \$150 to Avermann's.

Natural Gas Rate Will Be Cut Here

Wayne users of natural gas are going to be paying less for the privilege of using the fuel. Peoples Natural Gas company has announced that rates will go down May 1. Gas users will save about \$40,000 a year, reflecting the lower cost to Peoples resulting from the reduction of federal corporate income tax rate from 50 percent to 48 percent. The reduction here is in addition to a \$50,000 reduction made last September.

Peoples pays Wayne and other communities it serves on the basis of gross annual revenue. These payments come to \$43,000 in Nebraska alone.

Wilson Staley, manager for Nebraska communities served by Peoples, said the firm is glad to have the savings and to pass them on to Wayne people and other gas users throughout the territory.

PRICES ARE RIGHT... Trade-ins Are High... 'Money-Stretcher' Deals Make It Easy to Buy

You may not be musical—so you may not sing this little tune as you drive away in your Chevrolet—but it's the theme song of every sale made—either a new or used car—at Coryell Auto Co. If you've been a little bit deafened by the clamor of doubtful car "deals" and "escalator" trade-ins, maybe you'd like to tune in our little symphony of satisfaction. At Coryell Auto Co. you can be sure the car you're buying is the best for your money; your trade-in was fairly arrived at; your "money-stretcher" purchase plan fits your budget. And—you must be satisfied... nice tune?

AND WHO DOESN'T? Personally, we're proud as pink paint over the honors awarded this newspaper last week by the Nebraska Press Association — first place in the state for general excellence. But everytime we try to take a bow, we can't help thinking that a newspaper is more than a paper and type, and that the effort for those honors began long before 1965. It takes a progressive community to build a good newspaper,

It takes people. Lots of 'em. Good, active friendly people with pride and courage. And it takes years of sound building. Years of consistent service and accuracy, week in and week out. It is you who should blush with us.

You, the printer of years gone by. You, the farmer, who has stepped ahead in agricultural progress, who has created and used the "hometown paper."

You, the merchant who has used our columns to improve and expand business, which in turn enabled the newspaper to steadily improve.

You, the reader, who has supplied so much news. You who have year after year valued the paper enough to find it worth another renewed subscription.

Sure we like awards . . . the great big kind of a "we" that is needed to joins hands for any kind of reward.

Have Any Uniforms Needing Cleaning?

Do you have a white sailor suit? Would you like to have it cleaned free of charge? Clayton Southwick, vocal music instructor at Wayne High school, needs around 20 white sailor uniforms for the school musical, "Hit the Deck." If they can locate 20 of assorted sizes, they will be glad to clean them.

The white suits would be hard to fix up if there are not enough ex-navy men or present navy men in the area to furnish them. For that reason, naval uniforms from all over the region will be accepted.

Uniforms should be left at the high school or the school notified of their availability. Identification of some type should be sewn inside each item included. "Hit the Deck" will be presented Monday, May 10. Southwick is being assisted by Don Shumacher, instrumental music instructor, for this production.

EDITORIAL COMMENT

The editorial department of a weekly newspaper is an important department. Normally it is one person's opinion of topics that concern most of the readers.

You may not agree with an editorial — but if you read the editorial and give serious thought to the subject discussed you have gained; You, as a reader, have given careful thought to an important problem and the writer is proud to have called your attention to an important subject that you may have overlooked.

'The Signals Were Working'

Twice in recent weeks and numerous times in previous weeks there have been railroad crossing accidents resulting in death in Nebraska. Invariably the statement appears: "The signals were working at the time."

This indicates that even with signals, railroad crossings are dangerous. Crossbars are not always the answer either, as drivers sometimes see them come down too late and accidents happen.

Planning of the route of Interstate 80 through Nebraska has ignored this situation. From Grand Island to Brady if you want to get from Highway 30 to I-80 you have to cross double tracks where trains pass every 5-10 minutes.

Perhaps there is still time to change the route west from North Platte. Here's the situation: Hershey, Sutherland, Paxton, Roscoe, Ogallala, Brule, Big Springs, Chappell, Lodgepole, Sunol, Potter and Bushnell lie north of the tracks and residents will have to cross double-line rails to get to the Interstate.

Sure, Sidney, Dix and Kimball are south of the tracks but Sidney has two overpasses and an underpass, Kimball has an underpass and Dix is just one of those towns with another railroad crossing but one which they won't have to use to get to the Interstate if it's south of the railroad.

In addition, the Interstate west should serve Nebraskans but it is being planned close to the Colorado line (within two miles at points) rather than to serve the Panhandle with cities like Gering, Alliance, Chadron, Scottsbluff and Oshkosh to the north.

The Interstate north of the railroad could serve communities just as well and eliminate countless crossings with and without signal lights. Cross-country and tourist traffic would also be served as well if the route were north of the tracks.

It's time The Wayne Herald and Omaha World-Herald, Rushville Star and Lincoln Star, Neligh News and Ogallala News, Ponca Journal-Leader and Nebraska State Journal, Nebraska Tribune and Hastings Tribune, Madison Star-Mail and Scottsbluff Star-Herald, and other papers started counting up the loss we face — either in lives or in the money spent to provide crossings at every community.

Unless the highway commission is building the highway south of the railroad solely for Dix, it's still time to plan a new route. Unless members of the commission are willing to adjust plans to save lives, there is a chance that the

Interstate will add to our death toll on the roads through its connecting links over double rail tracks rather than cut the toll.

The signals were working when three Lexington men died last week. They were working when two truckers died at Brady a few weeks earlier. They are working most of the time but people still die. Now is the time to get some signals working in the state highway department.

Wayne, Take a Bow

First impulse thought on the part of some newcomers or visitors to Wayne after seeing the beautiful WSC campus is: Does Wayne appreciate how fortunate it is to have such a college?

Several impulses later after a longer stay in Wayne the question might be: Does Wayne State realize how fortunate it is to be in such a town? The support this community gives the college borders on the impossible considering the size of the town. If the city were three or four times larger it might be visualized but for a town of 4,500 to do all Wayne does is something that has to be seen.

A check of some of the benefits of the college being here shows a locally-financed \$10,000 Wayne State Foundation. An athletic fund for recruiting is near the \$5,000 mark.

When the Roger Cordes carnival was given, merchants donated hundreds of dollars worth of prizes. If basketball programs, playbills or other printed matter is planned, Wayne merchants generously support the project with their good will advertising.

The holiday tournament is not a financial success but Wayne business and professional people underwrite it so all costs are met. Scattered throughout the crowds that attend games are Wayne people, not knowing most of the athletes personally but there to support WSC.

A Second Guessers club meets weekly during the football, wrestling and track seasons. Half the money taken in pays for meals but the other half goes to the college sports fund. Attending the meals and paying double price are Wayne business people.

Don't forget the rides to churches, the rooms provided, volunteers to help at functions, the banquets attended, the gifts donated and a hundred and one other "little" things Wayne does for a college that obviously does much for Wayne.

Wayne State and Wayne have a beautiful thing going. They were made for each other. Take a bow, Wayne. You deserve WSC — and WSC deserves you! — CEG

Remop Hearing Set

The special three-judge federal court panel which holds jurisdiction in the Nebraska Legislative reapportionment case will hold further hearings this Friday.

At issue is the validity of the redistricting act passed recently by the Legislature.

The Nebraska AFL-CIO has attacked the act as unconstitutional and void. It has asked the special tribunal to reapportion the Legislature itself on an equal-representation basis.

The new act increases the size of the nation's only one-house legislature from 49 to 50 members, and gives Douglas County its strongest representation ever at 12 senators.

merce Department confirmed a report that more than 300 merchant ships flying colors of neutral nations halted cargoes to North Vietnam during the last half of 1964.

At least 80 of the ships were British-owned and unloaded \$10 million worth of goods in North Vietnam.

Other "banned" countries involved in the North Vietnam commerce included Belgium, France, Italy, The Netherlands, West Germany and Japan.

A certain inconsistency was seen in the fact that while delivering cargo to North Vietnam, both Britain and Japan are supplying limited economic and other assistance to South Vietnam.

Quotable quotes: Sen. Thomas H. Kuchel (R-Calif.), "Whether anyone likes it or not, America is in South Vietnam, at her request, to help her preserve her independence. And we are not going to be driven out nor run away. America's purpose is clear, and communism must not misunderstand us. Otherwise, the Reds in Asia — may be elsewhere — could mistakenly ignite a fire to destroy far more than they bargained for."

N.E. Extension Notes

Storing Poisons Are you storing poisons under your sink? Most persons would reply, "Certainly not!" But take a close look at the items commonly found under a sink.

Do you have any laundry bleach, silver polish, drain cleaner, or detergent stored there? Such products can be poisonous. In fact, read the label! Notice the directions for use, the warnings and cautions printed on the label by the manufacturer to protect you and your family.

The law requires that hazardous household substances bear caution labeling to protect users. However each year the warnings go unheeded. Last year, for example, the Poison Control Center at Children's Memorial Hospital, Omaha, reported 107 calls involving cleaning, polishing, and sanitizing agents alone.

So, read the label each time you use a product. And store such products out of the reach of children.

Coming Events

The Family Life Conference has been rescheduled for May 14 at the Wayne City Auditorium, 9:00 a.m. — 3:30 p.m. Bring a sack lunch and learn what we as adults can do to help the development of our teenagers. Everyone is invited to attend.

Until recently, freezing techniques hadn't conquered the tomato successfully. But a new freezing trick — extremely low temperature freezing with liquid nitrogen is now making good quality, fresh frozen tomato slices possible.

This freezing process is being used on other fruits and vegetables which have freezing problems: avocados, melons, and papayas. And the new technique improves the quality of some of such old standbys as asparagus, strawberries and green beans.

What's your opinion of this "news" newspaper? We've been putting out the past week we received a letter from a subscriber at Carroll condemning us for our policy of leaving out the items where "Mrs. Blah spent Tuesday with Mrs. Snob" or "Mrs. Blah spent Saturday shopping in Norfolk." Honest, she wants those items in and she says "I am disappointed in the newsless newspaper that is now being published." We realize we have given the school issue a lot of space but we tried not to ignore the other news. This subscriber threatens not to renew her Herald subscription if we maintain our "no news unless it's really news" policy. She says "There are other papers being published around that are interested in the local people's news that is (sic) worth the money far more than the Wayne Herald is now." We'd like the names of those newspapers as we can send sympathy cards to any newspaper that can't find anything better than such drivel to fill its columns. Finally, the writer ends the letter: "Sincerely A Disgruntled Subscriber." We know she was sincere — so sincere she wouldn't even sign her name! If she had signed it, we would have printed her entire epistle. Now it's in File 13.

— SASS —

"What do you mean?" roared the politician. "By publicly insult me in your old rag of a newspaper? I will not stand for it and I demand an immediate apology!" "Just a minute," answered the editor. "Didn't the item appear just as you gave it to us? You said you had resigned as city planning commissioner."

"I did, but where did you put it?" In the column under the heading "Public Improvements."

— SASS —

One of our readers said our "April Fool" remarks about the traffic signals might not be so foolish. He told us the Wayne Country club has more motorized golf carts per capita than any other course in the country and once the golf season gets underway (assuming there will be a season) we may have more traffic on the course than there is between the girls' and boys' dorms at WSC. Where there are now dozens of putt-putts. If we hear of anyone getting "36 to the gallon," we'll know they mean 36 holes — and if they don't do better than that they'd better switch to pogo sticks. Some would rather fight than switch.

The Elgin Review tells this one: A fellow called the plumber and asked if he had a 1/2-inch plug in stock. "Male or female or both?" asked the plumber. "Look, mister," said the customer. "I just want to stop a leak in my sink. I don't plan on breeding them."

— SASS —

A local man said his wife has tried shopping in Wayne but she cited a recent incident to him as a reason why she was considering trying elsewhere. She was in a store, several customers were visiting and she went about looking at items. It seemed as if she stood there at least 15 minutes without being waited on so she put the items down and left. No Sale! We doubt if she could have waited 15 minutes but sometimes it might seem a long time. Personally, we don't know what store she was in for we've always received fast, courteous and friendly service at every store we've been in here. However, if even one person is dissatisfied, it could mean a loss of several customers for when she goes elsewhere she might just take friends with her. It behooves us all to make people glad they're buying in Wayne. If nothing else, "I'll be with you in a moment," will let the customer know she's not being ignored. What's the situation in your store?

— SASS —

The minister was congratulating the parents of the baby he had just baptized. "You have a brave little boy here," he said smiling. "Many children cry when I sprinkle them with water, but he cried like a little man."

"Thank you," whispered the mother, "but we must confess that we got him all prepared for it. I sprinkled him with a watering can for a whole week."

— SASS —

If there's an accident, let us know about it. We understand kids on sleds were hit this winter and we had no items on such occurrences. Our trouble lies at the hospital where they have declined to give us names of those treated for accident injuries. If that's their policy, we'll have to abide by it. However, one way to get around it is to let us know personally. If a friend, neighbor or relative falls out of a window, catches a finger in a belt, gets scalded with boiling water or falls a hip falling in the bathtub, chances are we will

Way Back When

30 Years Ago

Apr. 11, 1935: Rainfall for April has amounted to 1.21 inches to date. Plans are underway to hold a parliamentary meeting at the Wayne county fairgrounds in June for the purpose of raising funds to carry on improvements now being made in the grounds. Mrs. Grace Welsh Lutgen was named vice president of Third district Nebraska Federation of Women's clubs at a convention in Norfolk recently. Foundation for the new Christian church structure on east Fourth street is up and framework is started. An editorial comment reads: "A lot of fellows who spout so profusely about capital and labor never had any capital and never did any labor."

25 Years Ago

Apr. 18, 1940: Kenneth Whorlow and Dale Powers are Wayne's representatives to Boys' State. John Kyl, member of the 1940 senior class of Wayne State Teachers college, has been selected for award of the University of Nebraska tuition scholarship and recommended by the dean of the graduate school. Wayne will welcome about 3,000 high school students and instructors when the 12th annual district music contest is held here. Joe Lynch won first place in the marble tournament at Bressler park. Leroy Sund was second and Dan Farrell third.

Apr. 20, 1945: Schools are contributing much to the Junior Red Cross. Children of liberated internees on the Philippines will receive 52,000 pounds of dried milk, 1,500 gift boxes and 1,000 pounds of hard candy. Minor Fisher, Huron, S. D., purchased the Wayne Coast-to-Coast store from Victor Berg and took possession Friday. Wayne county farmers put about 30,885 bushels of corn under loan in March. This makes a total of around 188,710 bushels of corn in this county under the 1944 commodity loan program.

Apr. 13, 1950: "You can have it now, I don't no good to me anymore." Such must have been the thinking of the thief who drove off with the automobile of Russell Tiedtke, smashed it, and then left the car sitting by the ditch. A two-inch snow greeted Wayne citizens Wednesday morning. The snow covered the ground in the nearby morning hours but melted quickly in the day's sun. Chas Heylman and Alan Craemer, both of whom earned superior ratings in the district speech contest, will participate in the Arts Festival in Lincoln. Stanley Gamble, son of Mr. and Mrs. Lyle Gamble, has accepted a position as a chemical engineer in a nylon plant in Virginia.

April 14, 1955: Mrs. Clara Heylman, Wayne, suffered a broken arm Sunday morning in an auto accident on the west edge of Wakefield. Eight good neighbors came to the aid of Alvin Regg, farmer southwest of Wayne, Friday when they gathered and seeded his 1955 oats crop. Regg has been ill and unable to do the planting. Virgil Kardell, Wayne, was named winner of Corvair Auto Company's "Mystery Demonstrator" contest. Her estimate of 670 miles was closest to the actual total of 580.2 driven by the demonstrator during the contest.

Our apologies to Wakefield. Last week over an article about Wakefield placing fourth in the state in the fine arts festival we had a headline that read: "Wayne Fourth in State; Several High." Wayne didn't even place or take part so the representation from this county by Wakefield and Winfield had to suffice. Anyhow, Trojans, you were fourth in the state which makes you first in Northeast Nebraska.

Would you go somewhere you weren't invited? You wouldn't? Then how come you were at the Livinghouse fire? You really got in the way if you were not helping. If someone told you to go to blazes, they didn't mean fires. You'll help most if you stay where you are and read about the fire in The Herald.

Farm Chemicals

The use of various chemicals is growing rapidly in modern farm production. Many of these have become essential to successful crop and livestock production. The experiment stations are continually testing many products and publishing reports on results obtained.

As with many new innovations, the combined experience of many users is the most reliable guide. Results are bound to vary widely among individual users. It is a wise practice to make trial use of new products rather than going all out.

Buy Evergreens With Care

Your chances of getting fresh undamaged evergreen stocks are best if you buy them direct from local nurseries. All stocks of ferns for sale should be stored in bins with moistened mulch packed around the balls to prevent roots from drying out. Evergreens displayed on bare concrete floors or walks become dangerously dry.

Large growing trees such as Spruce, Pine and Fir are used best in open lawn areas. For foundation plantings choose medium to low growing species.

Brome Management Pays

About fifteen percent of our farm acreage in Northeast Nebraska is kept in pasture. Our most important and productive grass is Brome. In far too many cases, these pastures are the most neglected and abused area on the farm.

A late spring, such as this one, always aggravates the problem. On many farms hay and silage are running short which makes it difficult to keep the pasture gate closed.

There are two practices which will pay dividends in brome management. The first is to apply 40 to 60 pounds per acre nitrogen per acre new. The second is to divide the pasture in two parts. This will allow alternate grazing at intervals of 10 days to two weeks.

If a stand crop is wanted, cattle can be kept off one part during the seed-forming season. The remaining stubble will make fair hay or it can be grazed again. A mixture of brome and alfalfa is rated the number one pasture in the nation. This mixture does pose some problems. One is the danger of bloat. And to it, it has been difficult to establish and maintain a balance between grass and legume.

Legislature Gives Approval To Proposed Hi-way Survey

LINCOLN — Nebraska's lawmakers have switched their position on a need for a comprehensive study of the state's vast highway system.

They have given rousing preliminary approval to a proposed \$300,000 survey of the needs, classification and financing of all public roads, streets and highways.

A private engineering firm would conduct the study, under the supervision of a legislative Council Interests Committee. The Federal Government would pay two-thirds of the cost.

Two years ago, the Legislature overwhelmingly defeated a similar proposal. It was agreed at that time that little could be accomplished.

But several senators said the change of heart was prompted by increasing highway problems, especially in urban areas. They said unless a remedy is uncovered quickly, many communities may perish.

"This is long overdue," commented Sen. Ross Rasmussen, Hooper, a co-sponsor of the resolution authorizing the study.

"Our highway problems are in such a ramble-jumble mess that we won't know where to turn. We need a good hard work at these problems."

The State Highway Department and the State Highway Advisory Commission backed the study. They said it would help determine what additional urban area major streets and county roads and what improvements on existing facilities will be needed to cope with expected traffic demands by 1985.

Sen. Cecil I. Craft, North Platte, who headed a 1963 roads classification study committee, warned that no problems would be solved by a study.

"If you are looking for a panacea, you will not find it in a study," Craft said. "The same old problems will be there when you get through."

is sure to follow.

The Legislature recently upped the state tax on cigarettes from six to eight cents per pack.

Professor Hits Progress

The head of the University of Nebraska's Bureau of Business Research believes Nebraska is letting progress pass it by. Dr. Elbert S. Wallace says the state has lost much of its pioneering spirit, and has become dominated by the philosophy that "we've always done it that way."

Wallace, who came to Nebraska in 1963 from Mississippi, said the expansion of governmental functions does not necessarily mean individual freedoms will decline as some Nebraskans profess.

"Real freedom consists in having the conditions and institutions which are satisfactory to the greatest number," he said.

Results Announced

A recent study sponsored by the Federal Government suggested that Nebraska should have at least 19 engineers to carry on water pollution control work.

Until a month ago, the state had two, according to T. A. Filipi, State Sanitation Engineer. But now the number is down to one.

Filipi said one of his engineers went to work Mar. 1 for the city of Seward at a pay hike of more than \$100 per month.

He added that the environmental health division of the State Health Department has had an opening for more than six years for a third member of the engineering staff.

"Everything is just fine until we start talking about salary," Filipi said.

Tax Hike Scuttled

The Legislature's Revenue Committee has brushed aside a proposal by Governor Morrison and rejected a bill to increase the state taxes on wine and hard liquor.

LB 846 sought to raise the tax on light wine from 20 to 40 cents a gallon, and on fortified wine from 55 to 85 cents a gallon. It would have boosted the rate

Carl Curtis CAPITOL COMMENTS

Exactly as forecast a year ago, many American taxpayers needed help to raise the money to pay their 1964 income taxes. Even the President confessed that he had to borrow for this purpose.

The big reason, of course, is that when the tax reduction legislation was enacted in 1964, no provision was made for withholding sufficient amounts from pay checks to take care of the taxes owing. More take-home pay looked good, and a deaf ear was turned to warnings of what would happen when tax-paying time rolled around in 1965.

Banks have reported unusually large number of personal loans to those needing money to pay taxes, and tax refund checks have dropped 14 percent below last year. The number of returns usually increases from 2 to 4 percent a year, but this year had dropped 7.5 percent by March 29.

The United States Government collects about \$14 billion a year in excise taxes which are, in a sense, sales taxes at the Federal level.

Taxes on alcohol and tobacco last year brought in about \$5.6 billion. Approximately \$3.8 billion was collected on gasoline, trucks and buses, tires and heavy vehicle highway-user charges. Passenger automobiles, radios and television sets, together with a few other items, accounted for another \$2.3 billion.

Excises on retailers produced \$0.5 billion and the remaining \$1.8 billion came from taxes on telephone and telegraph services, theatre admissions and several dozen miscellaneous taxes.

Seven Men Face Seven Charges in Seven Days

Seven individuals appeared in court on seven separate charges in the seven-day period ending Monday. No two charges were the same but the fines and costs in four of the cases were identical.

Frank Turner, Cherokee, Ia., paid a fine of \$10 plus \$5 court costs on a charge of stop sign violation. Charges were filed by Chief of Police Garth Dawson and this and all other cases were heard by Judge David Hamer.

A charge of speeding faced Noel Bennett, Wayne, with Chief Dawson again the complaining officer. Court costs and fine came to \$15.

Careless driving cost \$60 fine and \$5 costs for Terry Karel, Wayne. He was brought in by Officer Keith Reed.

Biggest fine was meted out to Dale Reichle, Orange City, Ia., brought in by Officer Pat Hailley on a charge of a minor in possession of alcoholic beverages. Reichle paid \$100 fine and \$5 costs.

Illegal parking was the downfall of Joseph Mashek, Fort Dodge, Ia. Officer Hailley brought the charge. Fine and costs came to \$15.

Ray Franken, Roscoe, was charged with having over the gross weight on his truck axles with

charges brought by Hubert Johnson, state scale operator. Fine and costs came to \$65.

Hjalmer Lind, Wakefield, was stopped by State Trooper C. H. Fransson and charged with passing on a hill with insufficient view. He paid \$10 fine and \$5 costs.

RIISING USE of electricity is depicted in this picture. The black mark indicates the growth in the consumption of electricity in the Wayne Public Power district area in 25 years, the first month's use being about 14,000 kilowatts and the average month's use now being over 2,240,000 kwh. Bernice Marotz has been with the firm since 1951. Manager Cal Comstock has been at WPPD six years.

Spectacular Growth over Last 25 Years Revealed

A gauge of any business, place's success is its ability to keep up with the times and show continued growth. Wayne County Public Power district's annual report shows a spectacular 14-fold growth in 25 years.

The REA headquarters in Wayne with a sub-office at Osmond. Records show that it started out buying electricity at a cost of \$50 a month 25 years ago. Today the power it purchases costs over \$15,000 a month.

Originally started in 1937 when 689 Wayne county residents signed petitions for its creation, the district was finally approved in 1938. In 1940 the district became a reality, eventually spreading throughout the county and into half the precincts of Pierce county.

Those 689 who signed the petitions took on a job many others were unwilling to try. There are now 2326 customers in the two counties and a few in neighboring counties.

There are more than two customers per mile and their average investment is almost \$1,600. Lines serving them criss-cross for 1089 miles.

Calvin Comstock, manager for the last six years, reports that the crews try to keep equipment and lines in shape so no outages occur. They try to anticipate trouble spots and thus are able to maintain near-perfect service. An example of how this is paying off is the fact that it has been over four years since WPPD has had an extended outage.

Kilowatt-hour sales, according to the audit report, increased 9.1 per cent in 1964 over the previous year, reaching a record 19,386,527 kwh. Gross revenue was \$460,737, up 6.7 per cent. To frost this cake the district cut the rates to consumers, saving customers \$12,000 a year.

Comstock pointed with pride to the wall of plaques for safety the power district has received. Another year with no lost-time accidents was chalked up. The last time any employee suffered an accident that resulted in lost-time was in 1961.

The value of safety cannot be

over-estimated, according to Comstock. He pointed out that the financial loss alone is high enough but there is a loss of personnel, a mark on the safety record and an insurance company record made.

Courtesy and safety are stressed because trained personnel are not always available. WPPD has only 15 employees, all in Wayne except the two at Osmond. Handling a job ordinarily requiring more, it is vital that no time or employees be lost due to accidents. The \$83,366 payroll reflects on the wage increase authorized by the district to insure retaining qualified personnel.

Some other figures from the audit are: Average kwh use per farm, 9,386; 91.1 per cent of income from operating revenue; payments so far of \$2,240,057.57; and other such information all available to patrons in copies of the report.

REA objectives in Wayne and Pierce counties are four-fold: Operate on a non-profit basis with continuing progress; assure constant high quality central station service to all consumers; at the lowest possible cost consistent with sound management; Keep the consumer-owners informed on affairs, problems and methods of the district to retain understanding, acceptance and support so their needs and desires can be acted upon and they will support the district; and stimulate new and enlarged markets by promoting new uses for electricity in the home, on the farm and in industry.

Patrons of the company feel these objectives are being realized.

Attend Math Conference

Beulah Bornhoff, Darrell Krei, Robert Porter and Mrs. Marie Skokan, teachers in Wayne public schools, attended the spring meeting of the Nebraska section of National Council of Teachers of Mathematics in Grand Island Saturday. Textbooks and material were displayed. Dr. Bernard Gundlach talked on developing the connecting framework of mathematics. Dr. McCright of NU reported on Nebraska mathematics, group discussions were held and all phases of mathematics covered. All four teachers reported benefit from attendance.

Winside Play Pleases Near-Capacity Crowds

A three-act comedy presented Thursday afternoon for the grade school and Friday night for the public pleased crowds at both performances, according to those who attended. "Antics of Andrew" was presented by the senior class under the direction of Wes Boydston.

The longest and most difficult role was that of "Andrew," played by Gary Friend. He, Dean Mann, Lee Pfeiffer, Terry Muehlmeier and Charles Slahn were credited with giving the best performance in a production where roles for girls were limited.

Other cast members were Rod Brogren, Roger Johnson, Earl Koch, Carolyn Deck, Linda Wittler, Cheryl Behmer, Doug Hill, Helen Hamlin and Jane Deck. Assisting in directing was Judy Jordan.

Fritz Witt drew credit for an assist in helping to build the most elaborate stage set up in the WHS gym in years. There were slides, back and front for the makeshift stage. Never before in the gym has such an extensive set-up been provided — and Witt did it in less than a week.

Long Period without Fires Ended When Livinghouse Building Burns in Wayne

An extended period without a structural fire in Wayne ended when the Livinghouse building burned Apr. 2. Fire Chief Ivan Beeks reports the city had gone over eight months without a building fire.

The last fire in the city was on the college campus when a minor blaze occurred in a student's car. This was the first in-city fire in over six months.

Since that college fire on wheels, the city had gone 86 days without a fire. Chief Beeks said the firemen had hopes of setting a new record for fire-free days but fell a month short.

Longest period Wayne has ever gone without a fire in town or in the country is 114 days. That came in 1958 when rural and town residents must have been exceedingly careful.

Dec. 20 the local firemen answered a call to Winside for a fire. A number of farm fires were recorded in October and November. Last building fire was at the Standard Oil Co. bulk station July 15, 1964.

Wayne firemen hope to set an even better record in the coming months. You're invited to help.

Veterans Insurance to Be Offered for Many

Walter Chinn and Chris Bargholz attended a one-day school in Grand Island Thursday to learn more about the May 1 reopening of National Service Life Insurance for veterans. They were among 55 county and post service officers attending.

E. P. Onstot of the VA regional office in Lincoln has reported that booklets will be sent to Nebraska veterans who have inquired about the plan. Application forms will also be sent.

Over four million vets will receive the booklets and forms, including those on the VA compensation and pension rolls and vets now having less than \$49,000 in GI insurance.

Veterans should not complete or mail applications before May 1, the program's starting date. More information can be secured from Bargholz or Chinn.

Onstot has also revealed that children of live veterans disabled from service-connected causes may take part in the War Orphans Education assistance program. Formerly this was limited to the children whose fathers had died of disabilities incurred in military service.

The program allows up to \$110 a month for college or training school attendance. Age limits are 18-23 whether the children are married or single. Information on this aspect of benefits can be obtained by writing the VA office in Lincoln.

Nebraska veterans and their families received over \$51 million in cash benefits and services in 1964. A report on the distribution of money for such purposes is available from the government printing office in Washington.

Winside High Sign Up

A new informative sign for the use of Winside junior and senior high school has been erected on the south side of the school. It will be a marquee-type announcement for residents to find out when and where certain school activities will be held. First hillboard users were the seniors who announced their class play Friday. Supt. Wayne Cseriech said the red and white sign was made in Bill Schmitt's shop class. The superintendent said that the sign would be left where it is for the present but will be moved closer to the street this summer so it can be read better.

College Star Has Badly Injured Leg

A mystery surrounding a broken glass in the door at the McDonald store in Wayne was solved Friday when it was found that a Wayne Stater star athlete had been injured when he fell through the door.

Dean deBuhr, Nebraska athlete of the year, leading scorer in the conference in basketball and a leading player on the football and baseball teams at WSC, fell through the door and cut his leg the previous night. He had been taken by a friend to the Wayne hospital for medical care.

Several stitches were required to close the extensive cut and deBuhr went to the home of a Pender friend to recuperate. He was not available for details on the mishap.

Police records report Manager Mason called about the door when he came to work Friday. Blood on the broken glass indicated there had been an injury and a check at the hospital revealed that deBuhr had been rushed there by friends right after the accident.

Mr. and Mrs. Volmer Anderson, Wakefield, and Mrs. Roy Lennart spent Wednesday and Thursday in the Robert Glenn home, York. Sunday afternoon Mr. and Mrs. Lennart visited in the Harry Wendel home, Wakefield.

Explorer Scouts Will Hear District Leader

Wayne Explorer Scouts have invited the district Scout executive to their next meeting, Sunday, Apr. 25. He is expected to give them advice on future activities.

The Explorers want to know what other posts are doing, what plans to make for camping out, prospective canoe trips on the Missouri river and other activities. Many summer projects are being planned.

No word has been received from KOMA, Oklahoma City, on getting a teen-type band here for a dance. Explorer advisors Norris Weible and Everett Rees are working with the boys in trying to line up some such attraction.

Mr. and Mrs. George Magnuson attended an open house at Concord for Mr. and Mrs. Raymond Erickson's 40th wedding anniversary, Sunday.

150-bushel yields... easy
All you have to do is harvest half-pound ears from 21,000 plants per acre. That's the formula for 150-bushel yields.
So why don't you do it? Probably for the same reason you can't match all those top yield claims you hear about. Top efficient yield on your farm might be 120 bushels, or less.
Instead of trying to break records that P-A-G can shout about, we'd rather you'd try for top profits. That's why we talk about Selective Planting. This is simply selecting seed for a planned harvest, for resistance to disease and insect damage, for standability, for drying characteristics, and for easy harvest using your harvest methods.
P-A-G offers 37 Four-Way Crosses and 12 Special Crosses. All have special characteristics spelled out so you can select varieties with the right combination of factors to make you the most profit. We recommend some varieties for populations up to 24,000 (and we find that some customers plant them as high as 30,000 with good success) and we recommend that you load on the fertilizer because they'll take it and give you those extra high yields that produce the most profits. There are other varieties that do best at around 12,000 population. The important thing is that you can match variety to the yield-producing capability of your soil fertility. At the same time you select corns to meet your problems head-on and to meet the requirements and needs of your particular farm to the greatest degree.
The 49 varieties P-A-G now offers are the best from over 20,000 crosses developed and tested during the past 21 years. All 49 are modern, up-to-date corns with the proven performance to increase your farm profits. When you follow a Selective Planting program, you plant for profit... not for prizes.
Your P-A-G dealer can tell you which varieties will match your need... your conditions... your end-use requirements. Call him today!

WEIGH GRAIN, FEEDS, Alfalfa Pellets, Fertilizer and Bulk Materials

WITH THE NEW E-Z WAYER AUTOMATIC AGRICULTURAL SCALE

Fast, accurate weighing of grain, feeds and bulk materials from overhead bins and auger systems.

E-Z Wayer is fully mechanical. Just hang it under the bin and it is ready to go with a continuous flow. No electricity required. Developed and tested for two years by four Polk, Nebraska livestock feeders. Weighs from a continuous flow. Set the weight at a pre-determined amount such as 20-33 1/2 or 40 pounds. Accurate trouble-free mechanical counter. Compact. Only 14" x 18" x 24". Weighs 60 pounds. Move from bin to bin. Sturdily constructed of heavy 12 gauge, steel. Lifetime sealed bearings. Big capacity—1,200 pounds or 20 bushels of shelled corn per minute.

We kid you not: Ford does so ride quieter than Rolls-Royce*

Some of you skeptics—you Unkiddables—laughed when we said Ford V-8's were proved quieter than a Rolls-Royce. We kid you not. Just test-drive one of our '65s—the hottest-selling Fords ever! Want proof our LTD costs hundreds less than comparable luxury cars? We have it—the actual manufacturers' suggested list prices for comparably equipped Pontiac, Buick, Olds and Chrysler models! Come see—we're not kidding. We kid you not, record sales mean great used car buys, too.

*'65 Ford Galaxie 500 LTD

*Leading acoustical consultants conducted tests in which 1965 Fords (Galaxie 500 Sedan, XL and LTD Hardtops) with 289-cu. in. V-8 engines and automatic transmissions rode quieter than a new Rolls-Royce. These tests were certified by the U.S. Auto Club.
