

C&NW Hearings Stations Will Be Tuesday

A hearing regarding a proposed closing of many area railroad stations is scheduled for Tuesday, Feb. 1, at 9:30 a. m. in the Norfolk auditorium. Winside and Hoskins are two of the area towns affected.

The Chicago & North Western railroad wants to close the stations and serve them from nearby points. In the case of Winside and Hoskins, they would be served by Wayne.

Other towns scheduled to lose station service are Stanton, Pilger, Wisner, Scribner, Beemer, Hooper, Elgin, Albion, Battle Creek, Mead, Grave, Petersburg, Newman Grove, Atkinson, Stuart, Bassett, Inman, Newport and Ewing.

The hearing is open to the public but not everyone will be given a chance to speak. Attorneys representing the various towns and clients are to be given an opportunity to speak against the proposal.

It is not known whether Winside and Hoskins will make a concerted effort to keep their stations open or not. The railroad has allowed facilities and equipment to deteriorate and in appearance the stations in towns such as those seem to be deserted already although individual agents have done personal work to keep things as attractive as they can.

Two Meetings Scheduled

Wayne school officials will be taking in two meetings the first week in February, according to Supt. Francis Haun. Wednesday, Feb. 2, the schools taking part in the Class B tournament here will send representatives to draw up pairings for the district meet. Thursday, Feb. 3, a Husker conference meeting will be held at El Rancho, Pilger.

AREA SHIPPERS . . .

Area shippers to Omaha last week included Mortenson Bros., Dixon county, 21 steers, wt. 1175, \$26.25; Lleyd and William Hugelman, Dixon county, 21 steers, wt. 1141, \$27; Walter Fleer, Wayne county, 22 steers, wt. 1328, \$26.75.

Girl Scout Camp, Cookies, Training Ahead in This Area

Girl Scout day camp, cookie sales and training dates are among the activities coming up for discussion among adults in the Girl Scout program. Dates for all three have to be set later.

Mrs. Ralph Barclay has agreed to serve as director of day camp for Brownies and Juniors. Her assistant will be Mrs. Carl Ellermeier with Mrs. Bill Ross business manager.

Day camp will be held on the John Russell Johnson place northwest of town again this year. Girl Scout leaders congratulate themselves yearly for having this grove available as it is near-perfect, for the activity.

A day camp training session will be held three days in April at Pilger; Girl Scout cookie sales will be a February event; and Girl Scout week is to be observed in March.

Ruth Sheldon Knowles in Dinner Appearance Here

Wayne area residents will be able to get firsthand information on Vietnam, Cuba, communist activities and the world in general Wednesday, Feb. 2 at 7 p. m. in the WSC student center when Ruth Sheldon Knowles appears at a dinner meeting.

The dinner is open to the public and no advance reservations are necessary. Tickets may be purchased at the door the night of the dinner.

Appearing under sponsorship of the Nebraska Petroleum Council, she will give talks in only five cities, Omaha, Lincoln, Norfolk, Wayne and Beatrice. Granddaughter and daughter of independent oilmen, Mrs. Knowles is a petroleum specialist who has held posts in three different governmental positions as consultant.

Among the topics she will discuss here will be a recent round-the-world trip. This took her to South Vietnam as a war correspondent where she was the first woman named honorary member of "Green Berets," an elite army unit.

In addition to telling what she knows about Vietnam, she will tell of experiences in Castro's Cuba and in other trouble spots around the world. Following her talk, a question and answer session will be held.

It is seldom a correspondent of Mrs. Knowles' stature is available for appearance in cities this size. For that reason and because she has such an interesting story to tell, to men, women and young people, local officials are urging a large turnout for the dinner meeting.

Special Legion Meet Here Saturday Night

A special meeting of Irwin L. Sears Legion Post 43 will be held Saturday, Jan. 29, at 8 p. m. in the office of Chris Bargholz, 108 Main. All Legion members are asked to attend.

District Commander Lauren Hermalbrecht, Bancroft, District Vice Commander Eugene Swanson, Wakefield, and Area Commander Ray Stauffmeier, Beemer, plan to attend. It is possible Bill Galbraith, national officer, will also attend.

A report on Vietnam activities will be the principal topic. Other matters concerning Legion and Legionnaires will also come before the group.

SELECTIVE SERVICE inductees this month were Roger Wattier, Jerry Granquist, John Grashorn, Doug Manske, Terry Karel, Jerry Wehrer and

Six More Go to Service; February Call to Be Small

Six more Wayne county young men left Wednesday morning for induction into the armed forces. However, Mrs. Elita Jones, selective service clerk, said only one is scheduled to be called for induction in February.

Of the six leaving Wednesday, five had volunteered for induction. Two other men were scheduled to leave, but they joined branches of the service of their own choice.

John E. Grashorn, son of Edward Grashorn, Wayne, was inducted through the usual route at Omaha. He and the five other inductees were accompanied by 17 young men who took physical examinations.

Volunteering to go were: Jerry L. Granquist, son of Mr. and Mrs. Harry Granquist, Wayne; Douglas B. Manske, son of Mr. and Mrs. Lloyd Manske, Wayne;

Jerry L. Wehrer, son of Mr. and Mrs. W. G. Wehrer, Wayne; Roger C. Wattier, son of Mr. and Mrs. Leo Wattier, Randolph; and Terry D. Karel, son of Mr. and Mrs. Mike Karel, Wayne.

Mrs. Jones reports these two recent volunteers among those due to be inducted: James R. Fairbank, son of Mrs. Raymond Root, Norfolk, who went to the army; and Ronald D. Wacker, son of Mr. and Mrs. Gerhard Wacker, Carroll, who went to the marines.

The departures are being made from the selective service office now that the bus no longer stops at the office. In February the bus will pick up one for induction and 16 to take physicals.

Two Banks Take Action Different from Others

Last week it was announced three Wayne county banks, State National, First National and Winside State, were raising interest rates varying amounts on different types of savings. This week two more county banks announced plans that are different from these banks' plans and different from each other.

Commercial State bank, Hoskins, will go all the way on raising interest, according to Ed Kollath, president. Effective Jan. 1 the interest rate on all savings TWO BANKS — See page 8

Emerson Resident Misses Cash Night

Advena M. Relitz could not be in Wayne Thursday night. Because of her absence the Emerson woman lost a chance for \$400 in the Wayne cash night promotion.

The pot remains the same for this week. A consolation check goes to the Emerson resident and \$400 remains in the account for someone in Wayne Thursday night at 8.

In the meantime, the reserve pot is building up. It is \$250 now and if there is a winner Thursday that will be the amount of the cash prize next week.

Humbog Watershed Meet Will Be in Winside Monday

Farmers in the Humbog Watershed are invited to attend an informational meeting on watershed development Monday, Jan. 31, at 7:30 p. m. in the American Legion Hall in Winside. Arnold Marr of the Soil Conservation Service reports.

Humbog watershed is located south of Winside and in the north part of Stanton county. A watershed project has been found feasible by the Elkhorn river basin survey party and the meeting Monday is to see if local people are interested in the conservation program.

Ronald Flees, watershed specialist from the state soil and water conservation commission, and Ralph Grenier of the SCS will explain benefits of a watershed program. A question and answer period will also be held.

Questions to be answered in WATERSHED — See page 8

No Assessing Rush Reported Saturday

In spite of busy assessors five days a week, there is still no rush on Saturdays according to County Assessor Henry Arp. He said "Saturdays have been disappointingly slow."

The disappointment arises because Arp and his staff put in extra time to accommodate the people. The few who come in on Saturdays find there is no line, no waiting and fast service.

If you can get into town Saturdays, the Wayne courthouse can be one place to stop. The ASSESSING RUSH — See page 8

Snow Queen Featured at High School

A "reverse dance" with a snow queen is being sponsored Saturday at Wayne high school by the Future Homemakers of America. Two girls from each class are candidates for queen.

Seniors vying for the honor are Dianne Meyer and Sheryl Roberts; juniors, Belinda Bebee and Lana Danielson; sophomores, Mary Lou Sieger and Cyndee Kerstine; and freshmen, Beth McLean and Linda Forbes.

"The Tourocs" of Wayne State college will furnish the music for the affair. In reverse dances such as this, the boys are invited by the girls.

Theme for the affair will be a winter dance lasting from 7:30 to 11. Last year's queen, Cheryl Lessmann, will be on hand to preside until she crowns a new queen.

Half the profits from the dance will be given to the AFS chapter to help bring a foreign student to Wayne in July. Tickets are being sold in advance but also may be purchased at the door.

Connie Marquardt Wins at Winside

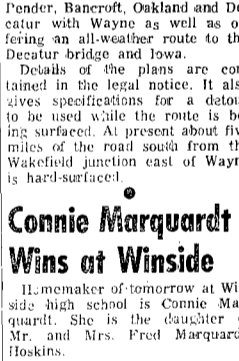

Homemaker of tomorrow at Winside high school is Connie Marquardt. She is the daughter of Mr. and Mrs. Fred Marquardt, Hoskins.

Miss Judene Zechin, home-making adviser at the school, received word of the award the past week. A senior at the school, Miss Marquardt received the highest score in a written test taken by senior girls at WHS in December.

She will get a pin emblematic of her achievement. More important, she will compete in the state scholarship program and possibly in national competition.

Nebraska's homemaker of tomorrow will get a \$1,500 scholarship and her school gets a set of encyclopedias. Each state runner-up gets a \$500 educational grant.

General Mills sponsors the program and offers national scholarships worth \$5,000, \$4,000, \$3,000 and \$2,000. The Betty Crocker awards are being offered this year in almost 15,000 schools.

Hearing Changed

The public hearing on the proposed new zoning ordinance for the city of Wayne has been rescheduled. It is now set for Wednesday, Feb. 23, at 7 p. m. in the Wayne City auditorium. Details on the hearing will be given in future editions of The Herald.

Winside Community Club's Approval Given Betterment

Winside Community club met Monday night in the Methodist church with around 50 present giving approval to participation of the club in the Nebraska Centennial Community Betterment contest.

Mrs. Arlene Zeffka and Mrs. N. L. Dittman spoke on behalf of the betterment work. Their club, Federated Woman's club, is sponsoring the participation of Winside in the contest and will seek the assistance of all other organizations in the community.

According to Mrs. Zeffka, club chairman for betterment, town beautification, cleaning of lots, getting rid of trash and improvements in the business section are desired. Rural members present suggested that they could help by improving their mailboxes, yards and farm appearance.

Jean Boyd and Walter Bleich volunteered to work with FWC on betterment projects. President Frank Weible will name two more to join them on a WCC committee.

Supt. Wayne Gesirlich presented a report on the Winside plans for use of federal funds. He told how the program is working out and discussed the outlook for the future.

In general, the Winside project will cover reading, physical development, guidance and counseling and library use weekends and evenings. A reading course already underway under instruction of J. WINSIDE CLUB — See page 8

CAREER NIGHT sessions included this group talking to Bob Thomas, Norfolk, on radio and television announcing. The pupils are Larry Hamley, Jerome Eulberg, Glenn Graves and Leon Backstrom.

Career Night Has Successful Start

The first career night was surprisingly successful, according to Stan Hansen, guidance counselor at WHS. He said the Tuesday night affair drew all the business and professional people signed up and almost all of the members of the junior and senior classes.

Something new in this area, the night was offered to give pupils a chance to talk to people who are active in the fields the pupils are considering. About 50 business people took part.

Hansen said the idea had worked out so well it would probably be made an annual event at the school. Similar nights have been held in other schools but not in this region, as far as is known.

Adults had rooms and period assignments for three different sessions. In that way, pupils were able to go to three different rooms and get ideas from three different people on the three fields they thought they would like best.

Those chosen were the first ones called. Next year others in the same lines of employment will be asked to take part so the counseling can be passed around.

The pupils liked the idea and were enthusiastic about the way they were able to learn of the advantages, disadvantages, training, remuneration and openings in the various fields. Adults taking part were generous in praising the young people for the sincere interest they showed in learning about various fields.

WSC Enrollment Rises

Enrollment for Wayne State's second term, which opened Jan. 10, reached 2,127 this week, Registrar Stanley Willis reported. Compared with second-term enrollment a year ago, 1,813, this year's figure is a gain of 17.2 per cent.

'Record' Crowd at Club Installation

What may have been a record crowd for a regular Kiwanis meeting attended installation Monday noon at the Woman's club room. Harold Ingalls, Wayne county extension agent, was installed as president succeeding Don Reed.

R. W. Leffler, North Omaha club and lieutenant governor of the Iowa-Nebraska district, was installing officer. Board members and officers for the year were installed.

Other officers are: Ray Schreiner, president-elect; Mern Mordhorst, vice president; and Ken Parke, secretary-treasurer. Others on the board of directors are Roy Coryell, Sid Magdanz, Al Wittig, Lyle Marotz, Deniz Clegg, Francis Haun and Kent Hall.

Two events coming up in February were discussed. One is the annual Kiwanis club party with Kent Hall committee chairman.

Mern Mordhorst is chairman of the other committee involved in February activities. Plans of this group are centered on the annual pancake feed.

Wayne must have more sources of firm power to keep up with the growing needs for electricity, the Wayne City council revealed Tuesday night. With that in mind, the council is seeking to have the new sources of power available before the end of the year.

One manufacturing company had a representative present Tuesday to show plans for a 4,000 kilowatt engine. Other firms will be asked to present plans at future sessions.

Before deciding on how to meet the needs, the council will consider several alternatives. However, the project will be pushed along as fast as possible so the new source will be available by Dec. 31.

Another power project is in prospect. An area between fifth and 14th streets on Walnut was recently added to the city and sewer service is now being sought.

Sewer District 25 work has been accepted along with the engineer's report. Proposed assessments for property owners in the district have also been received by the council.

Ordinance 624 was passed authorizing the issuance of various purpose bonds in the amount of \$81,000. This would cover the costs of Paving Districts 45, 46 and 47 and Sewer Districts 22, 23 and 24. Starz - Wuchob - Bender, Omaha, will be fiscal agent for the bonds which are in the amount of \$1,000 each with the first six due in 1968 and the last eight due in 1976.

A second police patrol car with two-way radio is being considered for Wayne. Council members decided to get more information before making a decision on this addition.

Mayor Chris Tietgen and Attorney John Addison will represent the city at a liquor commission meeting in Lincoln Jan. 28. The hearing is automatic when an applicant is turned down. The meeting concerns the application of Lois Netherda for a new license.

Finally, a state industrial development and community development meeting is to be held in Kearney Feb. 10. Council members voted to send two representatives to the session.

Registration Closing for Adult Class

Closing date for the pre-registration for adult education classes in Wayne is Friday, Jan. 28, according to Anna Marie Kriffel, area extension agent.

A pre-registration form is being printed on page 5, section 1 of this week's Herald. They should be mailed to Wayne high school by Fr. day.

Courses to be offered (provided there is enough interest) are: Machine woodworking and finishing; bookkeeping, interior decorating; trimmastics; beginning sewing; ad-knitting.

Each course will consist of eight weekly two-hour sessions. Classes will be from 7:30 to 9:30 p. m. at the high school and will begin Feb. 7 or Feb. 8.

A \$10 registration fee is charged for each course. Registration will be completed and fees collected at the first meeting. In case of insufficient enrollment, any class can be cancelled.

Women's trimmastics was originally scheduled for Mondays. It has been changed to Tuesdays and will include shuffleboard, volleyball, exercises, trampolines and basketball.

WHS Pupils Giving Fund All-Out Effort
Wayne high school pupils are not depending on the adults to furnish money to bring a foreign exchange student here. They are going all-out in an effort to raise the needed \$750.

Last week's appearance of the Harlem Stars here gave the fund a big shot in the arm. The student council cleared around \$200 on the game plus about \$50 more on concessions.

The Future Homemakers of America unit has voted to give one-half the proceeds from its winter dance next week to the AFS fund. Friday night at the Neligh-Wayne game the student council operated the concession stand. German club members voted to hold a bake sale to raise money.

Not enough can be paid for the Harlem Stars. They put on a show to delight young and old. In addition to being skilled basketball players, they were masters of comedy, ad lib and rehearsed. As a result, everyone seemed pleased with the

show they put on. The Stars featured some tall players. Hollis Clay was short at 6'0". Other stars were Leroy Hill 6'10"; Donald Beckner 6'8"; James Batiste 6'5"; Arnett Abram 6'4"; and Delmas Scorza 6'1". The team was so talented as it was tall and is a sure bet to draw a crowd if it appears here again.

HOSKINS PRIDE is its fire department and rescue squad. Chief Herman Opfer (left) and Jim Falk, who has advanced training in first aid, are shown in front of the rescue unit. In the rear is the big and complete fire truck used for rural and town fires.

Hoskins Emergency Rescue Unit Service Offered to Wide Area for Past Two Years

Not called on too frequently but valuable when needed, the Hoskins emergency rescue service of the Hoskins Volunteer fire department is almost two years old. It serves 76 sections in and around Hoskins.

The Hoskins VFD bought a used ambulance in 1964. It was repainted, repaired and refurbished. Since then it has made six major calls but like insurance it's good to know the people have it and it's especially appreciated when it's needed most.

Chief Herman Opfer reports five men in the department, including himself, had had first aid training. Jim Falk has had advanced first aid training. All are qualified to drive the vehicle and operate the equipment.

Service is obtained by calling the fire department phone in Hoskins at 444. Ten fire phones ring and the first of the trained men reaching the fire hall take the rescue unit out.

Calls so far have been for individuals with broken legs, perforated ulcers, heart attacks and others. There have been no major accidents where the Hoskins unit has been called, but volunteers did use resuscitation in an attempt to revive one man who died of a heart attack.

Falk, Opfer, Gene Hartman, Elmer Peters and Arvon Krueger are the first aid men with the rescue unit. They have a resuscitator, oxygen and first aid equipment in the ambulance at all times.

The area they serve includes the town of Hoskins and rural land extending south into Stanton county, west to Pierce county, on a zig-zag line on the east toward Winside and north several miles. If called, they would respond to requests for assistance outside this area.

Hoskins is pretty proud of its rescue unit because it is the only such unit in the area. It is also proud of the huge new fire truck which is one of the biggest and best equipped in Northeast Nebraska.

Volunteers are ready to go with fire truck or rescue unit at a moment's notice. Like firemen everywhere, they train, hold meetings, make runs in all kinds of weather

Belden-Randolph School Merger Being Discussed

According to The Randolph Times, the school boards of Belden and Randolph have held meetings to discuss the possibility of merging the districts. A study will be made before the matter is decided.

Belden, population 140, is seven miles from Laurel and eight from Randolph. It has 21 in high school and 57 in grade school. Of these, seven high school pupils and seven grade school pupils come from outside the Belden district.

Within eight miles of Belden there are five high schools. There are public schools at Belden, Laurel, Coleridge and Randolph and a Catholic high school at Randolph.

According to The Times, the Belden board feels facilities there are adequate for maintaining a K-8 school in case a merger with Randolph is effected. The district has a valuation of \$647,000 and a mill levy of 45.01 mills.

The Randolph paper said the Belden district is also considering other plans. This could mean merger with Laurel or with Coleridge (seven miles north) or building better facilities.

Area Veterans to Get VA Insurance Checks

Chris Bargelz, Wayne county service officer, reports Wayne county veterans and other veterans in the region can expect to get GI insurance dividend checks within the next few months.

The first of 4,606,000 checks were to be sent out in January. Checks are to be made automatically on the monthly anniversary dates for the policies.

Amounts to be received depend upon the age, amount and type of insurance and length of time held. However, the average World War II veteran will get about \$47.50 and the average World War I veteran \$73.50.

Nebraska has 35,200 veterans of World War I who have NSLI policies. Korean veterans do not get the annual dividend payments, Bargelz said.

Cub Scouts Planning Banquets Next Month

Both packs of Cub Scouts in Wayne are planning their annual blue and gold banquets in February. Pack 174 will hold theirs Feb. 22 and Pack 175 will hold theirs Feb. 23.

Meeting Tuesday Night, Pack 174

had skills on travel depicting different modes of transportation, here and elsewhere, in the present and in the past. Jim Hansen became a new member. Jody Whitney visited the pack and plans were made for making awards and the banquet.

Pack 175 also met Tuesday with each boy bringing a model of some type of transportation. Plans were made for the committee meeting Jan. 31 at the Harvey Beach home and for a window display at the Chris Bargholz office Scout week.

Wayne Debaters Enter Tough Meet at Fremont

The Fremont debate meet Friday and Saturday was a rough meet. Dave Chambers had two teams from Wayne high there and they managed three wins out of ten.
Duane Shell and John Brandstetter won two and lost three. Sam Olson and Dean Skokan won one and lost four. In extemporaneous speaking, Tom Havener did not make the finals.
The meet at Fremont was handled by a former Wayne resident, Larry Brandstetter, son of Mr. and Mrs. Orville Brandstetter. He is debate coach at Fremont high. Chambers will take two teams to Merriamside college Feb. 4-5 for another debate. Larry Hamley will enter original oratory, Tom Havener boys' extemporaneous, Linda Garvin girls' extemporaneous and Ross Ann Rottner oral interpretation.
Wayne high will hold a debate tournament of its own Feb. 19. So far eight schools have entered teams.

Here's a toast to your new car and mine — may they never meet.

Wayne Splits Neligh and Ralston Tilts; Pierce Here Friday for League Action

The Wayne High Blue Devils had no trouble in handing Neligh a 74-71 defeat Friday night, but came out on the short end of a 78-64 score against Ralston Saturday night. The Wayne high reserves split, however, the weekend with a pair of victories. Coach Dean Elofson's "B" team rolled over Neligh by the score of 75-47 and Ralston 50-41.

In the varsity tilt Friday night, Coach Harold Maciejewski's Blue Devils got off to a slow start in the first quarter, but managed to hold a 14-11 advantage as the first stanza ended. The Blue and White increased their lead to 34-22 in the second quarter, and the 12-point margin was as close as Neligh would get for the remainder of the game.

Wayne reached its scoring peak in the third quarter, scoring 22 points on 9 field goals and 4 free throws. The Devils ended the night with an 18-point performance in the final quarter, and walked away with their eighth victory of the season.

Dean Elofson led the team both in scoring and rebounding. The 6'6" senior scored 24 points and pulled down 25 rebounds. Mark Robinson was Wayne's second leading scorer, pouring in 18.

The reserves rolled over Neligh 75-47 in the preliminary game. Steve Kerl led the team

in scoring with 18. Gordie Jorgensen had 16, Dave Brown 11, Steve Johnson 8, Dave Tietgen 7, Doug Farrens 6, Don Skokan 3 and Eric Nedergaard, Larry Hix, and Gene Hanson with 2 each.

Ralston 78, Wayne 64
Wayne found the going a little tougher at Ralston Saturday night and lost their second game of the season, 78-64. The Rams utilized a press in the first quarter as they jumped to a 24-15 lead. The Devils again scored 15 points in the second quarter and trailed by the score of 45-30 as the half came to a close.

WHS narrowed the margin to 60-47 in the third quarter, as Coach Maciejewski's cagers performed the extremely fast Ram offense. The Devils' final attempt to narrow the gap failed in the fourth quarter and the Blue and White were outscored 78-64 as the game ended.

Dean Elofson again led Wayne in scoring with 33. He was followed by Gary Mordhorst with 11 and Bob Morris with 8. Elofson also led the team in rebounds with 17.

The reserves looked impressive in their 50-41 victory over Ralston. Aggressive rebounding on defense was a major factor in the victory. Gordie Jorgensen led the team scoring with 11. Steve Johnson had 10, Dave Brown 8, Steve Kerl 7, Doug Farrens and

Allen Runnerup in Newcastle Tourney

Allen's Eagles were colder than the outdoors the first quarter Friday night and went down to defeat 45-41 at the hands of Newcastle in the invitational tournament at Newcastle. Emerson Sacred Heart beat Ponca for consolation honors.

The Eagles take on Winside on the AHS court Friday night. Coach Jon Olson's team will be out for an upset of the rampaging Wildcats.

Thursday's first round game between Ponca and Allen was one of those frantic games you rarely see. Never had so much gone so wrong so many times for two teams.

Here are things that happened: Shots went behind the backboard; wild throws and scrambles on the floor were common; the ball was stolen, taken back and restolen; one player sat on an opponent's head; a dribbler hit his own knee and saw the ball bound into the stands; another dribbler went one way and the ball went the other; and over the basket was common.

In spite of the frantic action it was a good game to watch. The score was tied 18 times and the lead changed hands 10 times. Allen led 14-10 after one quarter but trailed 29-27 at the half and then went on to lead 53-45 after three periods.

Harold Isom and Dennis Mitchell had 22 points each to lead the Blue and Gold. Jim Ellis made 12, Gary Mitchell 7, Ron Dowling 4 and Dale Jackson 2. Bob Rock-

well led all scorers with 27 for Ponca.

In the championship tilt Friday, Newcastle opened an 11-2 lead in the first quarter. Allen outscored the host school 39-34 the rest of the game but the deficit was too much. Newcastle

led 21-14 at halftime and 35-30 at the end of three.

D. Mitchell's 15 led AHS. Dowling and Isom each added 9, Ellis 4 and G. Mitchell 2. Gordon Cochran had 15 and DeWayne Knudson 14 for the Indians.

Always Crucial Game With Peru

The term "arch rivals" is used more often than any to describe athletic warfare between Wayne and Peru State colleges.

For good reason. More often than not, something valuable rides on their games.

And so it will be Saturday night when Wayne invades the Bobcat den for a tussle which will help set the direction of Nebraska College conference basketball fortunes.

Peru, with four straight victories, has won both its conference games and is 9.5 for the season. Wayne now is 10.5 and has a 2-2 conference slate.

They have met four common foes, but the comparative scores give little clue to relative strength. Wayne beat Dana, 107-94, and Peru downed the Vikings, 100-60. Hastings was a victim of both, 95-69 to Wayne and 72-60 to Peru. Wayne defeated Washburn, 84-75, but Peru fell to the Logabods, 97-70. Peru whipped Kearney 80-62, but Kearney racked 11 Wayne, 89-83.

Both teams expect to be at full strength for this clash in an ancient series dating to 1919. Peru enjoys a slight edge of 42 wins to 36 by Wayne.

Statistically, they are close—Wayne averaging 83.1 points to 77.2 by its opposition while Peru has averaged 82.9 to 75.2. The top five scorers have aggregate averages almost identical.

The Wildcat's have only one game next week at Nebraska Wesleyan, and play at home Feb. 12 against Kearney.

Wayne Frosh Lose to Scotus in Tournament

Wayne freshmen, defending champs of the Schuyler freshmen tournament, lost to Columbus Scotus 66-50 Monday night in the first round. This eliminated the local quintet.

The Wayne team led 14-12 after one quarter and 28-27 half-time. Scotus (formerly St. Bonaventure) went ahead 47-46 in the third period and then outscored the locals 19-4 in the final stanza.

Harry Lindner, Dave Tietgen and Harvey Hansen all fouled out for Wayne and Chuck Fisher was in trouble with four fouls. No Scotus players fouled out.

Leading Wayne scorers was Fisher with 16. Tim Robinson had 11, Tietgen 8, Hansen 7, Lindner 6 and Tom Denesia 2. Blahak with 22 and Brunner with 15 led the winners.

Hoskins Grade School Defeats Winside 35-30

Hoskins grade school won over Winside 35-30 Saturday morning on the Winside court. It was the first win for Hoskins over Winside in several years.

The Dale Carter team from HGS plays at Dixon Friday night. The team has also been entered in the Belden tournament late in February and Coach Carter is seeking other games.

Dave Witt took scoring honors in the Saturday tilt with 16 points for Winside. Roger Langenberg with 11 and Kirt Schellenberg with 9 led the Hoskins attack.

Other scoring for Dan Cahill's Winside team included 6 by Dennis Redel, 4 by Bob Jackson and 2 each by Fritz Weible and Gary Soden. Hoskins scorers included Lon Grothe with 7, Monte Barcus 6 and Doug Deck 2.

Winside led 9-7 after one quarter but Hoskins led 15-14 at the half and 24-21 at the end of three periods. The fourth quarter was a wild affair with 20 points being made, 11 by Hoskins and 9 by Winside.

For Wayne, Les Echtenkamp is 32, Mike Liveringhouse 34, Mike Biltoff 14, Bruce Pfeuffer 30 and Pat Chambers 24.

Hoskins Takes Two of Three Games Tuesday

Hoskins grade school won two of three games with Wayne's Recreation team Tuesday night at Hoskins. The smallest boys lost 20-10 but Hoskins came through 16-15 in the intermediate boys game and 29-14 in the older boys tilt.

Next action for Hoskins is Friday at Dixon. Wednesday night they play a benefit tilt at home against Norfolk Christ Lutheran.

In the first game, Jim Sturm led Wayne to a win with 14 points. Mark Johnson, Bruce Zimmerman and Roger Saul each made 2. For Hoskins, John Behmer and Larry Bruggeman had 4 each and Scott Deck 2.

Eddie Bragie led the intermediates with 8 for Hoskins. Clifford Bursee added 4 and Dorwin Smith and Kevin Johnson 2. For Wayne, Dale Clegg had 5. Tom Bornhoff 4, Kyle Willis 3, Kelly Dill 2 and Jack Star 1.

The larger boys were paced by Kirt Schellenberg with 10 and Roger Langenberg with 8 for Hoskins. Monte Barcus made 5, Doug Deck 3, Steve Falk 2 and Eddie Bragie 1. For Wayne, Dick Tietgen hit 5, Steve Pennington, Craig Johnson Dan Mau and Dale Clegg 2 each and Brock Giese 1.

In all cases the Wayne team score made a difference grade lower than the boys on the respective Hoskins teams.

Chadron Here for Wrestling Saturday

Chadron State's wrestling team will be the next foe of Wayne State matmen Saturday night at 7:30 in Rice gym.

Wayne won eight of nine matches to defeat Southern State at Springfield, S. D., Thursday. It was the second victory of the 1966 season and WSC's eighth straight dual win over two seasons.

Five Wayne matches resulted in pins, and Southern's one win also resulted in a pin. Results: 123 — Bill Schwarz, Wayne, pinned Glen Scott in 1:34, 136 — Jeff Meineke, Wayne, decided Gene Larson, 14-0, 137 — Ron Topp, Wayne, pinned Tom Balfany in 1:35, 145 — Rich Gray, Wayne, decided Gary Kleinsasser, 5-0; 152 — Mark Moen, Wayne, pinned John Solheim in 5:00; 160 — Larry Mirkelson, Wayne, pinned Wayne Everson in 1:59; 167 — Ron Kunkel, Southern, pinned Dave Mathias in 1:00; 177 — Roger Felt, Wayne, pinned Walter Jones in 2:06; Heavyweight — Bob Kruse, Wayne, decided Mike O'Connor, 8-1.

Wayne State Freshmen Keep Cage Slate Clean

Wayne State's freshman basketball team scored its seventh victory in seven games Tuesday night with a 111-55 conquest of Nebraska Christian college at Norfolk. The spree lifted their average back to the century level at 100.3 a game while their opponents have averaged 66.4.

Ralph Swanson gained the team's No. 1 scoring position with 126 points, for a season total of 126. Joel Parks ranks second with 120.

WSC Swimmers Get Off to Good Start

Victory No. 3 was the goal of Wayne State swimmers in a Wednesday night (Jan. 26) meet with Kearney State in the new Wayne pool, following a win Saturday over Grinnell and Lutheran Colleges.

For Coach Ralph Barclay's Wildcat swimmers the Grinnell win was especially pleasing as Grinnell has lost only a few meets in the last decade. The score: Wayne 67, Grinnell 50, Lutheran 49.

Wayne performances, said Barclay, were commendable in the Luther pool at Decorah, Ia., because the pool lacks drain gutters which aid swimmers in making turns.

Wayne won six of 11 events, three by Russ Nyberg of Chicago, two by Jim Brown of Omaha and one by Barry Johnson of Oak-Land. Nyberg and Brown each set two pool records, and one of Brown's times also set a Wayne record, 2:22.6 in the 200-yard individual medley. His other win was in the 200 breaststroke at 2:41.9.

Nyberg won the 100 freestyle in 1:46 and the 500 freestyle in 6:07, best pool records, plus the 200 freestyle in 2:08.6. Johnson beat out teammate Larry Swanson of Chicago for first place in diving.

Other Wayne placings: Swanson fourth in the 500 free; Lynn Groff of Adel, Ia., third in the 500 free and fourth in the 100 free; Wendell McComaha, Tekamah, third in the 200 butterfly, fourth in the 200 individual medley; Keith Rittscheer, Sloan, Ia., second in the 200 breaststroke; Paul Cerio, Syracuse, N. Y., fourth in the 200 backstroke; Marty Sears, Lyons, third in the 200 backstroke and fifth in the 200 free; Mark Williams, Omaha, fifth in the 50 free.

Wayne came in third in both the 400 medley and freestyle relays.

South Americans Lose Games But Win New Friends

Allanico university's touring basketball team may not have counted their Tuesay night game with Wayne State much of a success, but they certainly scored socially.

The Colombian national champions from Baranquilla fell prey to Wayne's typically North American hard-running, fast-passing game — under somewhat different rules than the Latin play. The result: a 99-61 victory for Wayne.

When the visitors were guests of the college Spanish club at a hamburger and French fry feed (also typically North American) it was a toss-up whether the Colombians or the Wayne State fans had more fun or learned more of the other's language.

Conversationality, this event succeeded better than the basketball game, where the visitors frequently seemed mystified by some of the standard officiating calls. Even so, the game proceeded amicably, and the Atlanticians often drew Wayne cheers for neat scoring plays.

The first few minutes produced meager action on the scoreboard. Midway through the first half Wayne held only a 21-16 margin, but the Wildcats found the range for a 48-21 intermission lead. Thereafter, Coach Al Svenningsson used his reserves liberally and got a 51-point second half.

Thirteen of the 15 Wildcats scored, yet only two were in double figures — Dean deBurr with 18, Dennis Nebrand with 14. Atlantico's Francisco Manzana hit 21 before fouling out late in the game.

The Colombians have seven more games, after losing their first three on a five-week tour ending July in time for their return to classes early in March. Their schools take vacation from just before Christmas until March.

Basketball is a relatively new sport in Colombia, played mostly at the university level. Atlantico Coach Miguel Zapata said most of his team have played only three years, and most are majoring in sciences or business.

They play by the international rules of basketball which differ from the U.S. rules to some extent. They do not have the three-second limit in the free throw lane on offense, or the 10-second limit in moving to the forecourt. They also can take the ball back over the center line, and they are not fouled by some of the contacts called in the U.S.

Still, the Atlanticians adapted pretty handily to the U.S. rules, except on contact infractions. At the hamburger feed, however, there were no officials, and nobody blew a whistle for infractions of grammar rules. The conversation ranged over basketball, weather, geography, language, dancing, the Beatles and considerably more.

And as the visitors boarded their bus for Lincoln there were requests from the Wayne State hosts to "be sure and write."

Letter to the Editor

Dear Editor:
On behalf of the Wayne Junior Chamber of Commerce, I would like to thank The Wayne Herald for the excellent coverage given our organization during National Jaycee Week and throughout the year. Without your help and the help of the various business firms in Wayne, the goals of our different projects would be much harder to reach.

Sincerely yours,
Dick Sorenson,
President, Wayne JC's

Am wondering why you don't print more local news. That is the only way we have in keeping in touch with folks we know. Who is interested in clubs and church affairs? Those who attend already know about this. Folks who live far off don't care about where the old ladies are going to knit at — or cards either.

If anyone has news, it can be called or sent in. Obvious ly we cannot call every telephone in the county to get the real news. —Editor).

On Tuesday night, Jan. 25, a Career Night was held at Wayne high school for the members of the junior and senior classes. A number of consultants from within the community gave of their time and efforts to take part in this Career Night.

Career Nights have been held in Wayne before, but I am certain that never before has there been greater cooperation and enthusiasm shown on the part of the community to help make this night a success. A few of these consultants took time from busy schedules to speak to only one or two students. As long as the students were interested, the community was too.

It was not possible for me to thank each consultant individually. May I use this means to express my gratitude, as well as that of the students, for another fine example of Wayne's community spirit. There is no way to measure the benefits of a program of this type, but each consultant should feel assured that he or she has added something to some student's life.

Sincerely,
Stanley L. Hansen

A group of directors of the Wayne County Centennial committee went to Norfolk Tuesday to help Madison county figure out how to get its centennial organization activated. Methods Wayne county used to become one of the state leaders in the project were explained. A progress report on Wayne county centennial activities was also given.

Dr. Charles Ingham, superintendent of Norfolk State hospital, will appear on the NHS program on WJAG Sunday, Jan. 30, at 8:30 a.m. An overview of the entire hospital system is scheduled for the broadcast. Correspondence from listeners regarding the programs is appreciated.

Frigid Weather Grips Region for Over Week
There was not much thawing in Wayne county the past week. Temperatures were below zero every night and hovered around the zero mark during the day time.

Remember all that snow that seemed to fall day after day? It didn't amount to much, bringing only .14 of an inch of moisture. This was less than a third of what fell in "the big snow" Jan. 15-16 when .35 of an inch of moisture fell in three inches of white stuff.

Moisture was recorded at State National bank Jan. 20, 23, 24 and 25 the past week with never more than .05 of an inch on any one day. Forecasters were calling for continued cold and possibly colder weather through the weekend.

Peoples Natural Gas Co. showed the lowest reading at 24 below Jan. 22 and 23 below the previous night. Warmest reading was 21 Jan. 20. No readings were available for Jan. 24.

Extra Care Makes New Rink Glossy
Thanks to the patience of two men, the new ice-skating rink at the swimming pool park acquired a glossy surface. Whereas the older ice rink was filled and allowed to freeze, this one was built up in stages.

Paul Otte and Milo Meyer, who have devoted a lot of time to getting the skating area, determined it should be the best. They waited patiently until just the right time to put water in.

Once water was in, it froze. The next day more water was added, raising the level. This kept going on with layer after layer freezing until last week when the last water was used, putting a glass-like surface over the entire area. Each layer is two to three inches deep and the ice is unusually smooth and solid.

With the advent of near-zero temperatures, there was no keeping the kids off. Too many had received skates for Christmas and were anxiously awaiting the chance to try them out.

Wayne now has two large rinks, one in the southeast part of town and the other in the northwest. Both are open at all times to anyone of any age. Thanks to the patience of two men, the new rink is off to an unusually "smooth start."

Only \$1,899,100 Mistake
A "slight" error crept into the account of the report of County Judge David Farmer last week. In the figure given for the value of estates probated, the figure appeared to be about \$1,846.92. In reality, it was supposed to read \$1,846,920. This was "only" about \$1,999,100 off the total that should have been carried in the story.

Smoke There, No Fire
Where there's smoke, there's fire, the old saying goes but Wayne policemen know different. The past week they checked a house where smoke was reported. They found no fire although there was a definite odor of something burned. Firemen were called individually to check and they found no fire. Only other police cases besides routine warnings, ticketing traffic offenders and investigating accidents involved a west watch taken from the WSC swimming pool and towing in a car left parked too long in one spot.

Four Men from Four Towns in Four Cases
Four men from four different towns were heard in four cases involving four different types of violations four separate days last week. Judge David Hamer heard the cases.

Jan. 19, Lawrence Apking, Winside, paid \$10 fine and \$5 costs on a city speeding charge. Filing the complaint was Chief Vern Fairchild.

The following day, Gene Homan, St. Edward, appeared on an insufficient fund check charge. He paid \$8 court costs after spending 30 days in jail and making restitution to Larson-Kuhn, the firm filing the complaint.

Hal Sandahl, Wayne, appeared Jan. 21 on a hit and run property damage charge. He paid \$25 fine and \$5 costs. Officer E. L. Hailey filed charges.

Jan. 24, Duane Hansen, Plainview, appeared on a charge of being overweight on capacity plates. His fine and costs came to \$105. H. Johnson, scale operator, was the complaining officer.

Sandahl's car crossed the street and struck it. The driver left the scene and was later required to appear in court. Damage came to over \$30 to each vehicle, according to Officer E. L. Hailey.

On Main street Jan. 22, Larry Bruns, Wayne, was backing from the curb. His car collided with another vehicle but the driver of the second car was not identified. Officer Reed investigated.

Biggest property damage came Jan. 23 when Leona Bahde, Wayne, backed from her garage onto East Ninth. She meant to press down on the brake and her foot hit the gas pedal instead. The car backed across the street, over a curb

'County Farm Income Could Go Up 10 Per Cent in Year'

An increase in farm income of around 10 per cent could be realized by Wayne county farmers next year with only a 10 per cent increase in corn and soybean yields, according to officials working on the corn-soybean-sorghum hog clinic to be held in Wayne.

The all-day session Tuesday, Feb. 15, is sponsored by local merchants in cooperation with such industrial giants as DeKalb, Allis-Chalmers, Amchem, Allied Chemical, Shell Oil and Behlen.

Farmers who put into use the ideas and methods offered at the clinic stand to benefit the most. Panels will discuss such things as chemical and weed control and new harvesting and handling techniques.

One of the panel members is Clyde Hight, Illinois farmer who averaged 201 bushels of corn on 388 acres. In a special five-acre plot, he averaged 230 bushels to

Cordes Fund Receives Big Boost in Carnival

Successful again — that's the report from Wayne State's Cordes Memorial carnival Friday night.

Although an exact figure of net proceeds was not available this week, it appears the second annual carnival will add between \$500 and \$600 to the scholarship fund established last year in memory of Roger Cordes. The athlete from Scribner died last January after a long bout with cancer.

From the profits, the scholarship committee will grant three awards — to a varsity athlete, to the outstanding woman major in physical education and to a student in one of the eight academic divisions.

A huge throng, probably well over 1,000 enjoyed all sorts of fun and frolic. Most popular activity was throwing baseballs to dump some pretty co-eds and two instructors — Joseph Crichton and William Springer — into a tank of water.

Two WSC Faculty Men Get Statewide Duties

Two Wayne State faculty members have been selected to assist in statewide duties.

Russel Anderson of the music department will serve on a committee preparing a K-6 curriculum guide in music, a joint project of the state department of education and the University of Nebraska's music and elementary education departments.

Richard Lesh of the art department was chosen by Gov. Frank Morrison as one of three judges to select winners in the Pre-Centennial Nebraskiana art show in June. Directors of the Sheldon and Joslyn art galleries complete the governor's judging team.

Hoskins Benefit Next Wednesday

A March of Dimes benefit is scheduled for Wednesday, Feb. 2 at 6 p.m. in the Hoskins school. Proceeds will give a big boost to the Hoskins fund drive.

A girls' volleyball game will be played first. Teams will be made up of two groups of girls from the Hoskins schools.

This will be followed by a boys' basketball game at about 7. Furnishing the opposition for the Trinity Lutheran-Hoskins team will be a team as yet unnamed.

A bake sale and lunch will also be held at the school in conjunction with the event. Proceeds from these projects will also go to the March of Dimes.

R. H. Banister Gets Retirement Present

Richard Banister was honored Friday, Jan. 14, when 40 of his fellow postal workers, postmasters, former postmasters and their wives gathered at the Wagon Wheel, Laurel, for a dinner marking retirement after 40 years as a postal carrier in Wayne.

Banister recalled changes in the city and the postal service. Many of his patrons, co-workers and friends supplied MC Clete Sharer with "Things we will always remember about Dick." These brought laughs, a few tears and a lot of fun to Banister, his wife and the others.

Warren Bilson presented an engraved gold watch to Banister on behalf of the group. Postmaster Don Wightman presented a letter and certificate of service on behalf of Postmaster General Lawrence O'Brien.

Banister says his retirement plans are flexible. After 40 years of walking the routes, he's going to do a little walking now and then — just to keep in shape.

March of Dimes Drive Mailers Out in County

March of Dimes mailers have been sent to Wayne county residents. It is hoped they will be returned before they are mislaid or forgotten.

Birth defects are being battled by the MOD now that polio has been conquered. About 250,000 babies a year are born with major birth defects and MOD is the only group to which parents can turn for help.

In addition, money goes to the Salk institute which helped with the research leading to the victory over polio. Similar funds in the past resulted in the discovery of Sabin and Salk vaccines.

The drive is supposed to end this coming week. If you plan to send in a contribution, you are asked to do it today before you forget.

Wayne Native Has New Service Rank

It is now Major Charles Kay. The Wayne high school native, son of Mr. and Mrs. Harry Kay, Wayne, has been promoted one rank by the air force.

Home on leave, Major Kay leaves in February for the Southeast Asia theatre. His wife and family will remain in Wayne while he is overseas for a year.

Major Kay is chief of the standardization evaluation section at

headquarters of Western Air Rescue center at Hamilton AFB, Calif. He flies an HH-43 helicopter and is a member of the aerospace rescue and recovery service.

This is the third tour overseas for the local man. Twice before he has been based in France. In all locations he has flown combat and peacetime air rescue and aeromedical evacuation missions.

After graduation from WHS, he attended Wayne State, where he earned a BA degree. He received his commission in the air force in 1953 through the aviation cadet program.

Chamber Will Sponsor Good Neighbor Entry

Wayne Chamber of Commerce is willing to sponsor a local entry in the Ak-Sar-Ben good neighbor recognition program. Anyone having any suggestions for those deserving the award should contact the C. of C. manager, Wanda Owens.

According to Manager Owens, the deadline is Feb. 15. It is preferred that nominations be made in writing so the outstanding one can be chosen for Chamber sponsorship.

Nominees should be someone who has performed an outstanding deed (or deeds) throughout the past year without thought of personal gain or a mercenary object and not concerned with the business in which the nominee is engaged.

Business Notes

T. H. Malloy, Wayne, has completed an intensive three-day workshop in Denver for International Harvester zone managers on management aids for farm equipment dealerships. Malloy is on the staff of the International Harvester Omaha farm district office and he was among 100 managers attending the sessions.

A Wayne representative for Aid Association for Lutherans, Arnold Maurer, placed more than a million dollars of life insurance during 1965, according to the AAL president. The organization is a fraternal life insurance society serving Lutherans in the United States and Canada.

Assessing Rush—

sor and his staff will appreciate your calling on them — it has been too lonely around these past Saturdays with lines waiting the rest of the week.

The assessor's office in the basement of the courthouse is open all day Saturdays during the assessment period. If in doubt, call the office before going there.

Watershed—
(Continued from page 1)
clude: How do you control the gully problems? What is the farmer's responsibility? What is the community's responsibility? What part does the local, state and federal government do?

Does watershed organization increase taxes? How do we apply for a watershed? Who develops the watershed plan? Do we have a voice in the plan and do we have to accept the plan?

Two Banks
(Continued from page 1)
accounts at CSB will be 4½ per cent.

On the other hand, Farmers State bank, Carroll, will not increase interest rates at all. However, according to President Phil Olson, this means the loan rate will not be raised either.

Olson said he felt that loan rates should be held down to build a good strong community. He said it would take a lot of money to notice the difference between 4 per cent and 4½ per cent interest.

He added that he felt it better to hold to 4 per cent over a long term and benefit farmers and livestock feeders needing money. With the interest rate being held in line, loan rates to them will also be held in line, Olson said.

Winside Club—
(Continued from page 1)
dy Stewart takes in one-third of the pupils in grades three through six.

Gesirich said the pupils like the reading help and the district is happy with the results. It also is working on plans for summer physical development June 6-Aug. 12 which would offer swimming, baseball, softball, tumbling, wrestling and other physical competition. A summer reading program would require two teachers, two helpers and bus drivers.

The membership committee of the organization is working throughout this month and next. It is hoped to have 55-60 members (all of them active) by the Feb. 28 meeting at St. Paul's Lutheran church.

Other matters coming up were: Flooding the tennis court for ice skating, George Voss chairman; a tribute to the FWC for the Christmas lighting and decorating work including the Nativity scene; approving closing New Year's, Memorial day, Fourth of July, Labor day, Thanksgiving and Christmas in 1966; and introduction of guests, Mrs. Zoffka, Mrs. Ditman and Chas Greenlee.

Emerson Man Heads Northeast Feeders

New head of the Northeast Nebraska Livestock Feeders association is Robert Backowies, Emerson farmer-feeder. He was elected at the group's meeting in Laurel Jan. 17.

Other officers are: Don Mayberry, Pender, vice president; Kenneth Schroeder, Wakefield, treasurer; and Henry Bruns, Pender, secretary. Claus Malmberg, president two years and director before that, was named an honorary lifetime second vice president.

Eight directors selected to serve three years are George Olson, Winnebago, and Wayne Jensen, Emerson, Thurston county; Herb Bergl, Wayne, and Howard Greve,

Carroll Gets More Action For Contest

Calling in the women to help boost Carroll's betterment program the Carroll Community club had representatives of three women's organizations as guests Jan. 17 and got instant response on taking over one of the projects to assist the town in the betterment contest.

Mrs. Jack Kavanagh, Mrs. Mary Drake and Mrs. Alice Davis represented three women's organizations. On behalf of their groups they agreed to take over the park project.

Aimed at is a general cleaning up of the entire park, planting flowers and shrubs and doing other beautification work. Carroll's community club has aimed at getting adjoining land owned by the county for use in expansion of the park.

The CCC also intends to burn trash around town, get rid of abandoned car bodies and other such unsightly items, paint parking stalls on Main street, paint the trash containers in the business district and doing other work along the same line.

Signs have been ordered. These will be attached to the "population signs" on both highway entrances and will inform the traveling public that Carroll is competing in the state betterment contest.

In another field, it was reported to the 25 present at Marlene's cafe that the Scout movement is coming along fine. Arlyn Hurlburt will be Scoutmaster with Harold Loberg assistant. Cubmaster and assistant are still being sought.

Wakefield, Wayne county; Virgil Ekberg, Wakefield, and Donald McQuistan, Emerson, Dixon county; and Duane Hollman, Waterbury, and Ed Kubik, Emerson, Dakota county.

N. T. Tiemann, Wausa, republican candidate for governor, was principal speaker. He talked on financing state government, the small town's role in the economy and agricultural research.

Keith Burney, Hartington, state president, reported on state activities; Walt Tolman, Northeast station, Concord, beef nutritionist, reported on new experiments and showed samples of haylage used. Around 145 attended.

Shortage of Married Farm Workers in Area

There is presently a "critical" shortage of married farm workers in this area, the Nebraska State Employment service reports. Experienced men qualifying are urged to visit NSES interviewers in Wayne.

Interviews will be conducted by NSES representatives every other Wednesday in Wayne beginning Feb. 9. The interviews will be conducted at the courthouse beginning at 2 p.m.

There are also other fields where men are needed and there are men seeking work so employers also should check with the

labor representatives. Anyone seeking help or seeking work should attend one of the interview sessions.

JAMES DAY of the Wayne State music department will play a piano recital of Chopin music Thursday, Jan. 27, at 8:15 p.m. in Ramsey theater of the Peterson Fine Arts Center. The public is invited. Day has been a popular performer in his six years on the WSC faculty. His piano education includes study under several eminent teachers, Madame Rosina Lhevinne, Jan Chlapusko and Ann St. John.

'People in Future of State' Kiwanis Topic

"People in Nebraska's Future" was the topic for the Kiwanis club meeting Jan. 17 at the City auditorium. Eight men who took a recent course on the subject at Concord presented the program.

The training and the Kiwanis program covered the decreasing farm opportunities of the state, the loss of young people and the education and training needed for tomorrow's jobs. What individuals can do was discussed by the eight-man team.

Programs such as this are started to help Nebraskans understand the economic and social changes and what they mean for the future; to provide information on the growth potential for the state; to discuss improved human resource development; and to train community leaders in organizing and conducting self-administered discussion groups for consideration of problems and actions.

Men who took the course and who appeared on the program were Dr. Russell Owen, Francis Hal, Bob Carhart, Walt Moller, Cal Comstock, Chris Tietgen, Denzil Clegg and Harold Ingalls. Clegg took the lead in presenting the discussion.

Henry Ley was a guest of the Kiwanians. Bill's cafe catered the meal in the Woman's club rooms.

Those on the semester honorable mention list were: Scott Duering and Fritz Weible, eighth grade, Mary Jane Hansen, junior, and Larry Redel, Marcella Shufelt and Jerry Thompson, seniors.

REGENTS WINNER at Cole-ridge was John Nierman, son of the Martin Niermans, and a brother to Martin Nierman, Jr., a senior at WSC.

To Name State 'Mother'

The State Mothers committee is seeking nominations for the Nebraska Mother of 1966. A nomination blank with requirements for consideration is available at The Herald office or may be secured from Mrs. Ralph Hill, State Mothers Committee, 5100 Valley Road, Lincoln, Neb. Winner of the state title will be considered for the American Mother of 1966. Nominations are due before Mar. 1.

Trains in Maintenance

Chosen for training in aircraft maintenance is Airman Duane Pritchard, son of the William Pritchards, Winside. He is at Chantau AFB, Ill., undergoing specialist training now. He attended high school in Pierce and following graduation worked before enlisting in the air force. His basic training was received at Lackland AFB, Tex.

RECEIVES SCHOLARSHIP—Judy Tisthammer, Omaha, receives a \$125 scholarship for study at Wayne State from Delta Kappa Gamma, presented by Mrs. Mildred Jones (right), president of the sorority for professional women in education. At left is Mrs. Virginia Anderson, chairman of the Psi chapter's scholarship committee and associate dean of students at WSC. The chapter includes Cedar, Dixon and Wayne counties and annually presents the scholarship to a woman student preparing to teach. Miss Tisthammer is a sophomore majoring in mathematics and English.

Nominations Asked for Short Courses for Two Honors in Nebraska Region Next Month

Are there individuals in this area deserving of consideration for two state honors to be announced soon? They should be nominated at once by friends or relatives.

Ak-Sar-Ben is asking for nominations for Good Neighbor awards. Wanted are names of individuals and groups performing unselfish and neighborly deeds the past year.

Framed citations, gold lapel pins and other prizes will be awarded. Deadline for nominations is Feb. 20 at this address: Ak-Sar-Ben Good Neighbor Awards Committee, 304 S. 18th, Omaha, Neb. 68102.

In another field is the search for those to be honored for outstanding leadership in wildlife conservation the past year. The University of Nebraska Wildlife club wants to honor a non-professional conservationist for work in the field.

Nominations must be in by Feb. 1. A nomination blank for this purpose is available at The Herald office for anyone knowing of someone deserving consideration.

Northeast Nebraska farmers are to be offered crop and soil management short courses at five locations in February. Four sessions of two hours each are to be offered.

Concord's Northeast station is the site of the closest one to Wayne county. It will be held Feb. 4, 11, 18 and 25 at 1:30 to 3:30 p.m. Other sites are Bloomfield, Hartington, Norfolk and Neligh.

Farmers interested in attending any of the courses may get information on the times and dates from their county agents. Enrollment will be limited at some of the locations.

First session topic will be "Understanding Soils." The remaining sessions in order will be: Fundamentals of Plant Growth; Soil-Plant Fertilizer Relationships; and Problems in Soils and Crops Management.

Ulvered Alexander and Gene Schwartz, University of Nebraska agronomists at the Northeast station near Concord, will be in charge of the short courses. Enrollment is open now.

EDITORIAL COMMENT

The editorial department of a weekly newspaper is an important department. Normally it is one person's opinion of topics that concern most of the readers.

It is the duty of an editorial writer to search all available facts before he sits down to write. From this basis the writer should be able to give a clear picture of important topics.

Air Service

How would you like to board a plane at the Wayne airport, fly down to Omaha, board a jetliner and be in San Francisco within a few hours? New York? Miami? Seattle?

Sounds as if it's someone's pipe dream doesn't it? But, is it really so far-fetched?

West Central Airlines has brought up the idea of a "third level" of air service. It would connect Omaha and other major cities with small towns with passenger-mail-freight lines.

There would be no jets and the planes probably would not be fancy, but they would provide passenger and freight service to points not offering the other two levels of air service.

Wayne might support such a level of air transportation once its airport is surfaced. Certainly we lack passenger service by train. The bus and truck service we have is admittedly good but for those rush occasions only the air offers the right answer.

It is at least a situation which needs to be looked into. Right now it is necessary to go to Sioux City or Norfolk to board planes to connect with Omaha. With all the college business possible plus a rich area to draw from, Wayne should look into the possibility of being included in this "third level" plan.

In case you are not aware of what the first two "levels" would be, they are: First, nationwide service such as United and Braniff provide at Omaha; second, the regional service such as Ozark, North Central and Frontier offer to towns like Hastings, Rapid City, Scottsbluff, Fargo and other such cities.

Omaha's lack of initiative is puzzling when it comes to pushing for greater "first level" service. Certainly United is big (the biggest in the nation) and Braniff is THE great north-south route. But, if any city the size of Omaha has fewer major lines with no competition for business, it must be in deep distress.

If Omaha would press for service to the Southeast, the Northwest and other areas it could be even more attractive for Wayne to have third level air connections. If Omaha were as aggressive in getting competition to come in on air service as it is on many other fronts, it would become an even greater terminal.

From here it appears that both Wayne and Omaha have a future ahead as far as air service is concerned. The time to do something, in both instances is now. —CEG

One Mile or a Million

It seems strange in this day when scientists know more and more about what it's like several million miles away from earth they still are not much closer than they ever were to knowing what is going on right here on terra firma.

Wayne citizens recently planned a weekend jaunt. Weather forecasts by Wednesday were favorable. Thursday the forecasts were modified slightly with warmer than average temperatures still predicted but some clouds possible.

Friday dawned as a nice day. Forecasts were calling for five more days of good weather with temperatures above normal and only a slight cloudy period

You may not agree with an editorial — but if you read the editorial and give serious thought to the subject discussed you have gained. You, as a reader, have given careful thought to an important problem and the writer is proud to have called your attention to an important subject that you may have overlooked.

expected. So, the people from Wayne took off on their trip.

Saturday dawned with snow flying. The weather forecasters had hedged a bit, now calling for flurries but nothing significant. Temperatures were still to be higher than one should expect this time of winter.

Nevertheless, the apprehensive Wayne residents decided to get back home. They drove through snow, slush and ice-packed roads. Temperatures had dropped to near zero. Forecasters now indicated the flurries might be heavier than anticipated.

"Flurries" amounted to three to four inches of snow in the area. Forecasters looked at their thermometers, saw the readings were around zero so changed their predictions to "colder than normal" for the region.

This doesn't just happen once. It happens now and then, but even once is too much. If the government can spend billions to find out what the moon is made of, why not a few millions to find out what is wrong with weather forecasting!

One Wayne county farmer says he depends entirely on The Nebraska Farmer which has forecasts a month in advance; another said he has a Farmer's Almanac which is more reliable than day-to-day forecasts; and a city resident says he forgets the government forecasts, checks his barometer and usually can predict with more accuracy than the government does.

This is pretty unreasonable. Either the government should do something to acquire a little more accuracy in weather forecasting or else get out of the business. —CEG

Athlete of the Year

A deserving boy at another Nebraska college has won the coveted "state athlete of the year" award. Taking no honor from him, it is our opinion that the state athlete of the year as far as this newspaper is concerned is at Wayne State.

Last week this student wrote a letter to the student newspaper. He praised the coaching staff, his team-mates, the blockers who opened holes in the line, the quarterback who knew what plays to call, the faculty and student body that backed the team and the townspeople who support the Wildcats.

Others have called this man to our attention. They have remarked about his obvious good manners, his soft-spoken way even though he is tough in football and virtually unbeatable in wrestling. Never in over a year at Wayne has the editor heard one criticism of this youth.

He's good in studies, he's better as an athlete and he's best of all as a gentleman representing the type of young men attending WSC who will go on to greater things.

Bob Kruse must have come from a mighty fine Illinois home. Even though he did not get the athlete of the year award to go with two all-American honors in sports, he is still athlete of the year in the eyes of those who know him well. He exemplifies the best in a group we have been called upon to praise before—the young men of the athletic department at WSC. —CEG

Capitol News

Many States Still Leery Of Uncle Sam's Handouts

LINCOLN — Not every state has its hand out for all the federal money it can get. State Education Department officials say it appears Nebraska will pass up nearly \$2 million of the \$8.9 million appropriated to it this academic year under the Federal Elementary and Secondary Education Act of 1965.

Jack Krueger, federal programs director for the department, said schools are eligible for the federal dollars but simply have not applied for the money. Included is the Beatrice District in southeast Nebraska.

Krueger admitted that a philosophical dispute over acceptance of federal funds for education purposes is one reason for the shortage of applications.

"A number of school districts are still fighting this out," he said. "They want to be sure no strings are attached."

Other reasons, he said, are lack of qualified personnel to staff the new programs, and the inability to place the new projects into the customary school programs.

Krueger said all school districts in Nebraska except for some small rural grade ones are eligible for funds under the Federal Act.

The money is apportioned on the basis of low-income family children in a district and must

be spent on projects aiding the educationally deprived.

Fear of government control where government dollars are involved is not new to Nebraska. The state, in fact, doesn't even have direct financial aid to public school districts. Efforts to move in this direction have been easily defeated in the past.

Morrison Not Telling

Governor Morrison says he has reached a tentative decision on what future political path to pursue but he's not revealing it for another two weeks at least.

The Democratic chief executive did, however, rule out the possibility he will return to private law practice. This narrowed the alternatives to three: another term as Governor, U.S. Senate, or federal judgeship appointment.

State Democratic Chairman John Mitchell said the state party might profit most if Morrison seeks an unprecedented fourth term.

Be he also said Nebraska would profit if Morrison was elected to the Senate.

Meanwhile, four Nebraska Republicans scratched their names from the list of potential candidates for the GOP nomination for Congress from the first district. They are Secretary of State

Frank Marsh, Lincoln Mayor Dean H. Petersen, Lincoln City Councilman John Mason and State Sen. Marvin E. Stromer.

Still in the picture are Lancaster County Atty. Paul Douglas, State Railway Commissioner Fred Peterson, former Rep. Ralph Beermann of Dakota City, David City farmer Loran Schmit, and State Sen. C. W. Holmquist of Oakland.

Stromer removed his name with praise for Democrat Clair Callan, who unseated Beermann in 1964. Stromer said Callan deserves another two-year stint in office.

Seeks Prison Farm Land

The University of Nebraska has applied to the Federal Government for about 640 acres of the Mead Ordnance Plant property.

The land was the site of the State Prison Farm, closed last year by Governor Morrison.

The University proposes to use the property for agronomic research and teaching. It is connected with the school's agricultural field laboratory at Mead.

Will Be Resubmitted

The State Education Department will reapply for federal funds for those projects turned down last month by the U.S. Office of Education. The government approved three of nine applications submitted under the title Third of the Elementary and Secondary Education Act. C. Edward Cavert, state administrator of the program, said slight revisions have been made in the rejected proposals, which come from Omaha, Lincoln, Al-

Funds Must Be Listed

The State Tax Commissioner's Office says Nebraska taxpayers must list their mortgaged home's escrow accounts on 1966 tax returns.

It also said financial institutions holding escrow accounts must list them with the state.

The Tax Commissioner's Office said the requirements were made by the last Legislature when it amended an unworkable state law.

ETV Chairman Named

J. Arthur Danielson of Lincoln has been elected new chairman of the Nebraska Educational Television (ETV) Commission.

Theron B. Maxson of Hastings was named vice-chairman.

The Commission has approved a \$1.4 million quarterly operating budget for the first three months of the year. The total biennium budget is \$3.6 million.

Sandstedt Encouraged

Nebraska Aeronautics Director James Sandstedt said he's encouraged with efforts by Omaha and Lincoln officials to get improved transcontinental air service for their cities.

He said the success of their bid will shape the entire state's commercial air traffic future. "Omaha and Lincoln are the keys to the development of air service in Nebraska," he said.

"If they are successful in their efforts to improve transcontinental traffic, then the situation will automatically become better in other parts of the state."

State Study Planned

Governor Morrison and the State Resources Division have launched a \$28,500, year-long study of a massive statewide plan for Nebraska's future development.

Resources Division Director David Osterhout said the study will lay the groundwork for state direction over the next quarter century.

It will cover the fields of economics, population, land use, transportation, recreation and state facilities.

Carl Curtis CAPITOL COMMENTS

As this is written, battle lines are being drawn for renewal of the Senate fight on right to work. This involves efforts to repeal the 4-word Section 14(b) of the Taft-Hartley Act. This section preserves the right of states to enact state laws prohibiting compulsory union membership and thus, in turn, preserves the right of the individual worker to decide for himself whether he wants to belong to a union.

The repeal effort is supported by the Administration, but just before Congress adjourned last fall, those who believe in voluntary rather than compulsory union membership turned on each other, temporarily, this assault upon the right of choice of the individual and the right of the states to determine for themselves what sort of labor laws they want.

This writer is steadfast in believing that membership in a union or any other private organization should be voluntary and not compulsory. Compulsion in such matters is directly contrary to the basic concept of individual freedom in this country.

It is on the premise that states should have the right to enact right to work laws that many are opposed to repeal of Section 14(b), not because of anti-labor views. Indeed, opponents of repealing the right to work section are of the opinion that Section 14(b) works in the best interest

Way Back When

30 Years Ago

Jan. 30, 1936: Dr. U. S. Conn, president of WSTC for 25 years, died at Long Beach, Calif. WPA workers in Wayne county for December numbered 68 and received \$887 according to a report from Lincoln. School attendance has been hampered by cold weather and drifted roads. Many pupils at Carroll had to ride home back around long distances to find high roads. Co. Agent Walter Moller finds pheasants badly in need of feed since snow has covered the ground.

25 Years Ago

Feb. 6, 1941: Bob Merchant accepts position with International Harvester Company. Chamber of Commerce Committees appointed for the new year are holding meetings to prepare for activities. Logan township in Dixon county, northeast of Wayne, has purchased a caterpillar patrol grader No. 12, the latest type road machine, for \$6,200. Dr. W. G. Ingram is a new instructor at the college. Straightening of Logan Creek northeast of Wayne to improve drainage of city sewage, will be contracted by Wayne city council Feb. 25. Wayne college a cappella choir, directed by Prof. Russel Anderson, has been invited to sing Palm Sunday, Apr. 6, at 2:30 p.m. in the Joslyn Memorial, Omaha. Franklin Henkel has been elected history teacher and football line coach at Clarinda, Ia., high school. Wayne men's club plans its an-

nual farmer night dinner and program Thursday evening at Hotel Stratton.

20 Years Ago

Jan. 31, 1946: R. L. Larson sold the remainder of his grocery stock to Al Lueders, Norfolk. Claude Harder was elected district president when representatives of nine chapters of Future Farmers of America met Saturday at Scribner. Liquor, cigars and cigarettes valued at about \$5000 were taken Wednesday night from the W. P. Galtzer liquor store, Winside.

15 Years Ago

Feb. 1, 1951: Mrs. F. A. Milder, Wayne librarian, was appointed chairman of the Nebraska Library association, Yale Kessler, president of the association announced this week. James Griffith, Wayne, placed first in the third district art contest last week sponsored by the Junior division of the Woman's club. She received a cash award of \$10. More than 1,800 car owners got their auto licenses during January, according to the county treasurer's office. This represents the highest total for the past 10 years. The Loberg property at 216 West Second street, Wayne, was sold to Edward Nermann at a referee's sale Monday at the Wayne county court house. The property brought \$7,970.

10 Years Ago

Feb. 2, 1956: Wayne's VFW Post will sponsor a local talent show, "Fannybone Follies," Wednesday and Thursday. Wayne city council approved a seven percent increase in wages for all city employees. Four men left Wednesday for Omaha for induction in the armed forces. They are Neil Doring, Vernon Hollman, Robert Likke and George Ott. Fred Ulrich, Hoskins, and Rev. George Ulrich, Missouri, twins, celebrated their 82nd birthdays last week in Illinois. The brothers had not had a joint celebration since 1915.

N.E. Extension Notes

Developments in Appliances

Ranges: The microwave oven for home use within a reasonable price range is a possibility in the foreseeable future. One producer is planning to test market a microwave oven this spring at the \$400 level.

Since not all food preparation is adapted to microwave oven cookery, the conventional range with standard oven will continue to hold an important place in the home kitchen.

For kitchen ranges there continues to be an effort to provide easy cleaning features such as teflon-coated and other removable oven liners, intense-heat self-cleaning ovens and lift-off doors. Some new stoves have such features as programmed cooking, no-turn broilers and meat probes.

Refrigerators: Some manufacturers have the frost-free feature in about half of their total lines of refrigerators; some in all but the least expensive models. The automatic ice makers are continuing to be a popular feature as evidenced in the sale of about 175,000 units with them in 1965. This was almost a 90% increase over previous year. Other features being added are 7-day meat keepers and adjustable main-position shelves. Attention is also being given to movability.

Vacuum Cleaners: A recent development is the cordless vacuum cleaner. The price over the cord types runs \$50.00 or more. Some reservations have been expressed as to how satis-

factory the cordless cleaner will be, since running time is short (less than an hour) and recharging time is long (one estimate of the last time is 17 hours). Laundry equipment: A top-line model being offered by one company in 1966 represents a significant advance in engineering adjustments to automatic washers to provide controls needed for the many kinds of fabrics available.

Letters to the Editor

Dear Editor: A grass-roots opinion: I wish we (U. S. Gov't.) would seek the U. S. post office (lock, stock and barrel) to some private company, say for the price of the national debt.

We make nothing out of it, so let it go.

Harrington Harri, gen. Tex. (You will be interested to know your letter came to us in only four days. We don't care if they sell the post office department but getting rid of the cause of all the delays—the sectional centers—would help get mail back on the delivery schedule we used to have with stage coaches, which would be an improvement. —Editor.)

Dear Editor: Since you invited dissenting ideas regarding your editorial advocating the publishing of individual personal property tax valuations, I shall be happy to accommodate you.

If, in addition to being "interesting," publishing such lists yields a county more revenue than not publishing them, perhaps the fault lies in the archaic system of taxing a person exclusively on what he owns, rather than what he earns and/or spends.

For example, if Nebraska were ever to adopt a sales tax, the taxpayer would have no opportunity to shortchange the state (assuming this was your implication) since he would pay the full tax—right on the spot (and never again on the same item, incidentally). And income taxes do away with the unreliable and highly subjective practice of trying to correctly determine the value of one's possessions. We can only hope that some day Nebraska will follow the lead of the more progressive states and update its tax structure.

In the meantime, it would indeed be an invasion of privacy to publish what should be the business only of each individual and the county assessor.

You suggest that "the county and everyone in it" benefit when personal property tax valuations are published. I submit that the real beneficiary would be the WAYNE HERALD. Your circulation would certainly pick up.

It's human nature to be a little nosy!

Sincerely yours, Leon O. Brooks

This is part of a message to high school fans contained on the Bloomfield basketball programs: "These are high school athletes. They are performing to athletes. They are friendly rivals as members of opposing teams. They are not enemies. This, basically, is the theme of interscholastic athletics... the idea of friendly competition. The visiting team tonight, and in every interscholastic game, is a guest of the home team. They are expected to be so regarded and so treated. The attitude of sportsmanship should be reflected by all spectators, no matter what their personal feelings of loyalty may be to one or the other team in tonight's contest. Interscholastic athletics are for sportsmen, both on the court and in the stands." Surely no one can argue with that. Let it apply to Wayne just as they are getting it to apply to Bloomfield. Crops and Soils Workshop

Farmers in this area are invited to enroll in a Crops and Soils Workshop to be held at the Northeast Experiment Station beginning Feb. 4.

Gene Schwartz and Ulverd Alexander, University of Nebraska Northeast Station Agronomists, will conduct the series of meetings. Four sessions of two hours each will be held at weekly intervals.

The first session will include discussions on soil types and crop production, physical and chemical properties of soil, and the role of micro-organisms in the soil. The second session covers such items as plant growth, functions of nutrients and hunger signs in plants.

These sessions will be followed by discussions of fertilizer use, soil tests and the minor nutrient problems. The fourth and final session will consist primarily of soil fertility in relation to soil moisture, crop variety selection, weed control, insecticide use, narrow row and minimum till information.

Farmers interested in attending should contact the county Extension agent. The location, dates and time for the meetings are: Concord (N. E. Station), Feb. 4, 11, 18, 25 from 1:30-3:30 p.m.

need for emergency preparedness.

A complete farm and home survey, on an individual basis, is recommended to see what precautions are needed.

Such a survey would, for example, list all vital functions that are dependent upon electricity. Lighting, heating, refrigeration and pumping water would be on most lists.

The family should then decide what alternate sources of power are available and whether emergency generators should be purchased.

They should plan how to make the best use of what they have. Such things as fireplaces, camp stoves, sleeping bags, spare blankets and other gear will offer partial solutions as part of an overall plan.

Emergency lighting could be taken care of by candles, lanterns, oil lamps, battery lights, or flashlights. Naturally a supply of fuel and fresh batteries should be kept in stock.

Other problems, such as water supply, might be much more serious and difficult. This time of year, supply enough heat to prevent the pipes from freezing, or they might have to be drained. These questions each family must ask itself.

There is no magic formula which would fit everyone's needs. The nature of the emergency would be different in each home as would the amount of special equipment. But advance planning is something that can help everyone.

Casting is complete for Wayne State's major dramatic performance of the year, the production of "Carousel," Feb. 27, 28 and March 1.

Audition winners of the two lead roles are Joyce Piskac, Omaha, in the part of Julia Jordan, and Mike Chechopoulos of Morton Grove, Ill., as Billie Bigelow.

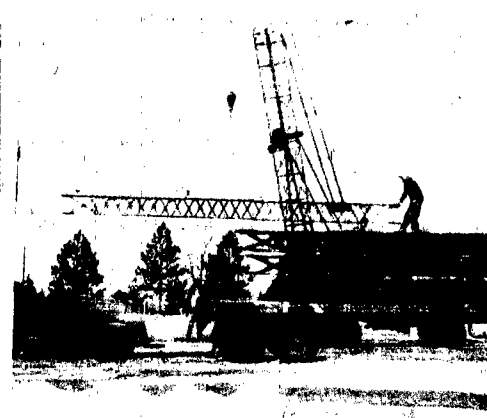

A husband and wife student duo won the second lead roles: Karelly Jordan as Carrie Pippidge and her husband Richard as Enoch Snow. She formerly lived in Sioux Falls, S.D., he in Omaha.

The other two major roles will be played by Constance Boermann of Dakota City as Nettie Fowler and Ron Dalton of Wausa as Jigger Craig.

"Carousel," a notable musical first on Broadway, then in a movie, is the most ambitious dramatic enterprise in Wayne State history — at least in the memory of Prof. Russel Anderson, who has been here three decades.

The show requires a cast of 47, nine different sets and 100 costumes, says Drama Director Helen Russell.

LISKAS PRESENT

"ELEPHANTS HAVE THE RIGHT OF WAY"

WEDNESDAY, FEB. 2, 7 P.M.

Carroll City Auditorium

Those who attend the Liska presentation "Elephants Have the Right of Way" at the Carroll City Auditorium on Feb. 2 at 7 p.m. will be treated to a tale of adventure narrated by Nebraska's globe-trotting adventurer, Danny Liska.

During the 1 1/2 hour long program, Danny takes his audience with him on a 15-month 40,000 mile motorcycle journey from the northernmost cape of Norway to the southern tip of Africa. The breath-taking sharpness of the color filmed with Danny's Leicas takes one to a reindeer roundup in Lapland, behind the Iron Curtain of Czechoslovakia, along the camel caravan routes of the African Sahara and behind the "Veil of Arabia" to view Arab life, mosques and harems and scenes seldom viewed by strangers. After leaving Egypt, Danny and his wife, Arlene, journeyed to the source of the Nile and into darkest Africa.

The major part of Danny's story was filmed among the more primitive tribes of Africa, to tell a story of Voodoo magic, of strange cults and customs, of witch doctors and the mad abandon of Africans dancing to the hypnotic throb of jungle drums.

The vividness of wild animals filmed upon the African veldt and spectacular views of mountains, jungle, the fantastic falls of the Zambezi will be a conversation piece for a long time among those who have attended the Danny Liska African Adventure Program.

GAS "GRAND-DADDY"

Ever meet a water heater that's been working steady for over six decades? Pennsylvanians recently did. A family in Pennsylvania own a gas water heater that's still in fine shape after 65 years of constant use—or, by estimate, after heating 3,500,000 gallons of water! Reason enough, say I, for seeing the gas water heaters at your Peoples Natural Gas Company, or gas plumber dealer when it's time for a larger model at your house.

parent doesn't see that even if all boys aren't Scouts, THEIR boys will be. There's no doubt about it; learning life as a Scout can mean becoming a better man in later years. We're glad the new district headquarters will be here. Wayne area people should become more Scout-conscious than ever.

In a New England town noted for its stormy blustering citizens, a clergyman told a friend: "We just had the greatest revival our church has experienced for many years."

"I'm glad to hear it," replied the friend. "And how many did you add to the fold?" "We didn't add any," said the clergyman, "but we got rid of three."

FEBRUARY CHERRY DROPS

A dainty way to give the nod to tradition, at next month's parties: cream together 1/2 cup soft shortening, 1 unbeaten egg yolk, 1/4 cup sugar, 1 1/2 tsp. grated lemon rind, 1 Tbsp. grated orange rind, 1/2 tsp. vanilla and 1 Tbsp. lemon juice, till very light and fluffy. Blend in 1 cup sifted cake flour only enough to mix. Chill dough. Roll into 1/2-inch balls then roll balls first in 1 unbeaten egg white, then in a combination of 3/4 cup chopped walnuts and 6 candied cherries, cut fine. Bake 20 minutes in a preheated 350-degree gas oven. (Makes 3 doz.)

CLEAN-UP GUES

Next time Junior comes home with a paint splat on his best shirt, bring out that jar of petroleum jelly and rub it into the stain. Looks messy, but helps much! Sponge with non-inflammable cleaning fluid, then launder with detergent in hot water. And while you have the petroleum jelly handy, rub it into that old oil-stained carpet. Wipe with a soft cloth... see how much brighter the colors look?

TUMBLE TIP

"Fussy" washables last lots longer when you tumble them dry in a new gas clothes dryer. Yup! Even your fancy slaps and frilly blouses. The secret, of course, is the gas dryer's special controls. Just dial the spring-time temperature your lovelies deserve. You can dry anything, anytime in any weather, when you own a gas clothes dryer. Ask your Peoples Natural Gas Company or gas appliance dealer how easy it is to keep blankets and shag rugs beautiful this way, too. Northern Natural Gas Company supplies natural gas to your local utility to make living lots nicer for you.

Oh, the woes of a newspaper editor. We had to leave something out last week, we had a date in wrong and we cut down an article that was brought in. There's no justice. We can't expect you to understand why these things happen but if you'll take section two of last week's paper you'll notice it is loaded with news and straight matter. Section three is loaded with ads. We have to print on a certain schedule if we're going to get out at all and the ads were late in coming in so we filled space with the news that was ready. Then we received important news (and important ads) and the last run was so over-flowing we could have made it a 10-page section instead of an eight-page section — except for the fact the capacity of our press is eight pages at a time. Even then we were a little later than usual

getting the paper to the firms that sell them and some people were unhappy because they had to wait. Publishers have been trying to get people to understand the situation since the first paper came out but there are still those who don't understand and apparently there's nothing this editor can do to help clarify the situation.

We can't get by printing what they print in either jokes or pictures). We prefer to remain that way too.

Living Memorials Aid Cancer Fund

Seven living memorial contributions to the American Cancer Society have been made in the names of deceased Wayne county persons in the period from Jan. 1, 1965, to Jan. 11, 1966, according to Mrs. J. N. Eining, Wayne county memorial chairman.

Contributions are used to support the society's research, educational and service activities. The contributions destined for such use from the period mentioned above come to \$138.

Every memorial gift is acknowledged, Mrs. Eining said. The acknowledgement names the person in whose honor the donation has been made. This card is sent to the relative designated by the donor. The amount of the memorial is not included and acknowledgements also go to the donor.

Memorial gifts to fight cancer and honor a deceased friend or relative may be given any time of the year. Information on the procedure may be obtained from Mrs. Eining.

Jaycees Offer Use of Recorder for Program

Wayne Jaycees have authorized purchase of a tape recorder for use in the training of retarded children. It will be used for the present program underway.

Meeting Tuesday night, the Jaycees voted to use proceeds left over from the Honey Sunday drive to pay for the recorder. Further details on its use will be made later.

Wayne Lions to Be More Conspicuous

Wayne Lions club members will be more noticeable as they work on projects from now on. New hats

with Wayne identification have been purchased for members. The hats will be used wherever the Lions go into action, including meetings two Tuesdays a month at Dorothy's cafe. When they go to Lions functions elsewhere, it will be easy to tell what Lions club they represent.

Meeting Jan. 18, the Lions had a program on sight conservation presented by Stan Smith. It emphasized the program of eye banks and for research for the blind, projects of every Lions club in the world.

Flowers were sent to two hospitalized Lions recently, Alfred Koplin and George Reuter. The meeting was cut short to allow Lions to attend the AFS benefit basketball game.

Dixon County ASCS Reveals Deadlines
Robert Blatchford, chairman of the Dixon County ASC committee, has revealed three deadlines for farmers of the county: Jan. 31 for wool payment applications; Apr. 1 on the feed grain and cropland adjustment programs; and four dates for price support applications on 1965 commodities.

The wool application date covers marketings of wool and unshorn lambs during 1965 for which all sales details were completed by Dec. 31. Payments are to begin in April.

Marketings after Dec. 31 are in the 1966 marketing program and will not be eligible for payment until 1967. Applications must be filed at the Dixon county ASCS office, Ponca by Jan. 31.

Signups for the 1966 feed grain program and the cropland adjustment program may be brought in between Jan. 31 and Apr. 1. Sign up under the cropland adjustment program will be on a first-come first-served basis.

Agreements will be completed during office hours weekdays 8 to 12 and 1 to 5. Details of the

program and how farms would be affected are available. Final dates for filing applications for price support on 1965 crop commodities are as follows: Barley and oats, Mar. 31; 1965 Apr. 30; grain sorghum and wheat, Feb. 28; and corn and soybeans, June 30. Application forms and details are available at the office in Ponca.

Dixon Benefit to Be Held This Week
A march of Dixie Benefit will be held Friday evening, Jan. 28, in the Dixon gym. Hoskars and Dixon basketball teams from elementary schools will play in two games.

Dixon's team won from Belden Friday afternoon at Belden 31-24. It was the first win for a Dixon team in three years.

Carol Knoell led the victory as Dixon squad with 12 points. Jim Abbs added 7, Dan Knoell 6 and Jim Thompson, Reg. 1, added 5 and Joe Ankeny 2 each. For Belden, T. Heuting had 12, T. Kruger and R. Graff 4 each and M. Fish and M. Kuger 2 apiece.

Name "Dixie" was given to the South, according to popular belief, by Negroes who were fond of a Manhattan slave owner by that name.

Laurel Dedicates New Facilities for Pupils
About 200 attended PTA Tuesday evening on last week at Laurel when tons of the new addition to the school were conducted. A program and refreshments were part of the activities.

It was less than 14 months ago Laurel district vote approved a \$170,000 addition. Contracts for a one-story structure were let Mar. 22, 1965, to Otto Construction Co., Wayne.

Contained in the new section are a home economics room, science department, music room with individual practicing rooms, several classrooms, rest rooms and the heating plant. A display case for trophies and 180 full-length lockers line corridors.

Supt. James Withee made brief remarks before student council members conducted tours. A jazz combo played in the music room and PTA's January committee served lunch in the gym.

Next PTA meeting will be a founders' day program Feb. 8. Mr. and Mrs. Oscar Meyer, Berber, Mo., and Armin Meyer, New Haven, Mo., were guests of Armin Buermanns Saturday to Tuesday. Weekend guests in the Wayne Marsh home to celebrate Mr. Marsh's birthday were Herbert and Bob Brown, Des Moines, Ia.

Dixon Water Main Breaks Wrong Day
There is hardly a "right" day for a water main to break but a water main on Dixon's Main street picked the wrong day to break. The temperature was below zero!

Although the water came up on the north side of Main, they found after digging to the main between four and five feet deep that the break was on the south side of the street. Rather than tear up the entire street, they hoped to put in a temporary flexible copper pipe to use until spring.

FORD 7-LITRE HARDTOP

When we go skiing, we go in style...in our '66 Ford. I choose the speed I want with the automatic speed control...select the music I want with the stereo tape player...and relax with one of the world's quietest rides.

(I should have stayed in the car.)

Ford sales are booming! One reason—engineering magic like this:
New stereo tape player option with easy-loading cartridges. ■ New station wagon Magic Doorgate—swings out like a door for people and down like a tailgate for cargo. ■ New automatic speed control option. ■ A ride so quiet that owners of European luxury cars—from a handcrafted Jaguar to a \$14,000 Mercedes—have said, after a demonstration ride in a Ford XL or LTD, that it was even quieter than their custom-built cars. ■ Quiet-test a '66 Ford for yourself.

Winside Rocket Club Launches Onto Roof

The Winside Satellites, a rocket club at the school supervised by Wes Boydston, launched two more rockets Jan. 20. A third rocket was not fired due to a part missing in its assembly.

Reporter Terry Cleveland said one rocket traveled 636 feet and the other 1700 feet. Both landed on the roof of the high school.

In both cases parachutes failed to open. A check revealed one had not been packed properly, and the other failed to open because strings on the parachute broke.

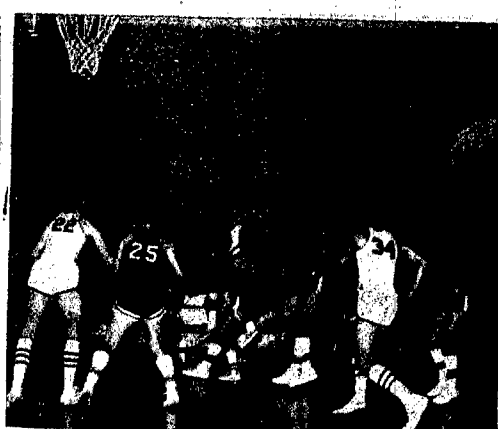

An ambitious program of rocket launchings lies ahead. The club has eight more rockets to be assembled during the winter months with launchings scheduled in the spring.

Social Security Man Can Explain Program

Medicare does not go into effect until July 1. In the meantime, there is much that is not understood and social security men are trying to explain it in their visits to various localities.

Bob Swan, field representative of the Norfolk social security office, will be in Wayne Thursday, Feb. 3, from 1 to 3 p.m. at the courthouse. At this time he will be able to give information to area residents who have questions.

Residents are urged not to drop private medical programs for the time being or they may not have any protection. Those wishing appointments to find out where they stand when the representative visits Wayne may write the district office at Box 884, Norfolk.

RANDOLPH CARDINAL Butch Van Auker used a hook shot to pass the ball away from Dick Ditman (35) of Winside, Friday. Other Winside players are Roger Hill (25), Reed Wacker and Bob Wagner. John Moen is No. 22 for RHS and Randy Beltz is 34.

Winside Defeats Randolph; Stanton Tourney Next Week

After a slow start brought on somewhat from not being over a win against Wausa, the Winside Wildcats settled down enough to beat a Randolph team that hasn't found the winning combination very often. The Friday night tilt at RHS ended with Winside ahead 67-50.

Winside plays in the invitational tournament at Stanton this coming week. They drew a bye the first round and see first action Wednesday against the Leigh-Clarkson winner at 7. Tourney consolation and championship games are Friday at 7 and 8:30. Friday night of this week the Cats play at Allen.

The Cardinals started off with an 8-2 lead and it appeared that the shadow of Wausa was hanging over Winside. However, the Wildcats came back to knot the count at 19-19 and from then on out the score was tied seven times and the lead changed hands four times.

After one quarter, WHS trailed 12-4. At the half they had a 26-25 lead and after three periods they were in front 43-37. A 24 point output the final stanza enabled them to pull away from the host quintet.

Roger Hill led in rebounds with 18. Dick Ditman and Reed Wacker each had 10. Bob Wagner and Randy Jacobsen 6 each, Larry Redel 4 and Keith Krueger 2. Ditman was tremendous at feeding the ball in points, getting 8 assists. Hill and Wagner had 3 each, Redel and Wacker 1 apiece and Bob Dangberg 1.

Redel led all scoring with 19 for Winside, hitting several of those "impossible" shots from the corner he was noted for last season. Hill had 16. For Randolph, Butch Van Auker had 17 and John Moen 12. Winside committed 22 fouls, Randolph 18.

In the reserve game, both coaches used every player they had. Randolph was so inexperienced it went one quarter without scoring a point as Winside won handily 38-12. Eleven WHS players figured in the scoring.

Tom Witt and Bob Wacker led the way with 8 each. Keith Krueger had 7, Keith Schmode 4, Randy Jacobsen, Bob Dangberg, Kirk Troutman and Keith Wacker 2 each and Don Longe, Larry Pfeiffer and Bob Farren 1 apiece. Darrell Hansen had 6, Guy Mueller 4 and Everett Rokahr and Dallas Graham 1 each for the losers.

Following is the varsity box score:

Winside	fg	ft	pts
Randy Jacobsen	3	3-3	6
Larry Redel	9	1-2	19
Bob Wagner	3	1-1	7
Roger Hill	6	4-8	16
Reed Wacker	2	2-2	6
Dick Ditman	3	2-3	8

Winside Seeks Instruments People Have to Rent or Sell

Winside school wants a band and seeks instruments that are for rent or sale in the area. They have no visions of "76 trombones" or anything that size but the people do want a school band.

Mrs. Jane Liebig has fought an uphill battle to get an instrumental program built up. Help is needed if the program is to be continued and Winside has a band to call its own.

If anyone in this region will sell or rent a used instrument, they can call Mrs. Liebig in Winside or Wayne or send a card or letter to her either place. Daytimes she is at Winside high (286-4435); at night she is in Wayne (375-2580).

Are the kids enthused? In the fifth through ninth grades alone there are 45 who are interested. These are the bandmen of the future and they should be encouraged, Mrs. Liebig feels.

It appears that if this effort to get band installed as a permanent feature fails, the outlook is bleak for the future. The whole band program may rise or fall on the accomplishments during the next few weeks.

All children are not talented in athletics, homemaking or cheerleading. Music is a field in which they might excel but until they get a chance to try it no one will know.

On this basis, Mrs. Liebig has carried on a one-woman drive to establish band once and for all in the school. She'll have to have the help of the parents, the kids and the other faculty members to achieve her goal.

But right now the order of business is to find instruments. Parents may get more enthused if they can find instruments for sale or rent that are just a little more reasonably priced than new ones. After a band program gets established, cost won't matter so much because

they will be able to see the results and will know they are putting money into a program that will continue.

If you live in this area and have instruments to sell or rent, contact Mrs. Liebig by mail or telephone.

Now at Minnesota School

Dr. Glen White, who taught educational psychology and was a supervisor of student teaching the first trimester at WSC, will teach a graduate course in secondary school curriculum and will also teach in the department of foundations of education at Mankato State, Mankato, Minn. He has been appointed an associate professor of secondary education. Mrs. White, who taught at WSC during the 1944-45 school year in the Division of Science and Mathematics, but who was not teaching this year, has been appointed to the MSC faculty. White's report they were only residents of Wayne 1 1/2 years but they miss the friendly atmosphere of this city. Their address now is 210 Dillon Ave., Mankato.

Dixon County Council Sets Budget for Year

Dixon county home extension council met Jan. 7 in the Methodist church, Allen, to set up a budget, a joint committee for the year and complete plans for 1966 activities, according to County Agent Howard Gillaspie.

Warren Fairchild, secretary of the Nebraska Soil and Water Conservation commission, was the main speaker. He told of watershed and water conservation practices in Nebraska.

Donzil Clegg, Northeast station superintendent, introduced Fairchild. Past presidents and county officers were honored with scrolls of merit.

Mrs. John Luishen, secretary of the Inland Bird Banding association, talked on birds, their habits and habitats. She also showed slides of some of the birds she had banded.

Others having parts in the meeting were Mrs. Norris Emry, county chairman; Mrs. Leslie Johnson, citizenship leader; Mrs. Duane Bokemper, group chairman; Mrs. Verle Holm, county treasurer; and Mrs. Rollie Hank, publicity chairman.

A TOUCHY SUBJECT!

SUBJECT: Dividends and Interest

The more overhead and declared dividends an institution pays out, the more interest it must acquire to offset the outgo. The Federal Reserve Board has increased interest on money they loan, therefore the market on money is up.

Wayne Federal chose to hold the line as far as possible. Dividends are now 4 1/4% and loans at present remain at the old price of 6%. We feel our obligation to the people of this community, both to those who build savings accounts and people who borrow money to build a home. With this arrangement there is no specified time to get your money — it is not required.

The home builder can now use his good judgement and arrange to build his home and save.

Win Honors Past Week in Speaking

Wayne high school speakers won several honors at the big debate and speech meet in Vermillion the weekend of Jan. 14-15. Several hundred pupils from four states took part in the competition.

Sam Olson and Duane Shell won superiors at the Vermillion meet, Olson in debate and Shell in discussion. They received certificates for their honors, only a dozen out of over 200 participants receiving the rating.

Wayne took part in eight debates and won six of them. Representing WHS were Linda Garvin and Sam Olson on one team and Rose Ann Renner and Ann Barelman on the other.

All was not work in the two-day competition. Instructor Chambers said Friday night entertainment included a stage production of "Music Men" by the University of South Dakota. He called it "fantastic."

Danny Liskas Present Carroll Show Feb. 2

Mr. and Mrs. Danny Liska will present a show in Carroll Wednesday, Feb. 2, at 7 p.m. in the Carroll City auditorium under sponsorship of the adult fellowship of the Congregational and Presbyterian churches of Carroll. It is open to everyone.

Featuring a superb color film, the program is narrated by Liska himself. It includes scenes from motorcycle trips on several continents. Liska has been in Lapland, behind the Iron Curtain, throughout Africa, across Europe, into South America and to other places. His wife, Arlene, accompanied him on part of these trips.

The audience will see and hear about such things as: Reindeer roundups, Czechoslovakian life under communism, camel caravans in Africa, Arab life, African jungle scenes including witch doctors and voodoo, wild animals filmed close up and other entertainment.

Members of the adult classes are sponsoring the show. "Elephants Have the Right of Way," as a service to the people of the area. The Liskas, who live at Niobrara, have been in demand all over the nation for the type of show they will be presenting in Carroll.
