HOSKINS PTA gave Mrs. Norris Langenberg, (standing, left) an honorary lifetime membership certificate and pin Tuesday. Mrs. Harold Wittler, secretary, holds the certificate. On the right is Mrs. Carl Mann, vice president, Steve Ferrier (center) faces the camera. He is an Australian student at WSC, Mike Gray, Montreal, Quebec, is beside him on the right. With their backs to the camera on the right are Principal and Mrs. Dale Carter of Hoskins grade school.

Film on Eskimos, Medical Self-Help on Hoskins Agenda; Honor Mrs. Langenberg

Two coming events in Hoskins, vice announced Tuesday night at the Hoskins PTA meeting, one a film on Eskimo life and the other a medical self-help program Mrs. Norris Langenberg, Hoskins PTA member, was also honored at the session.

Friday, Feb. 25, a color film will be shown at 2 p.m. by a Wisner man. The film covers his trip from Newfoundland into far northern Canada and is primarily concerned with Eskimo life. The public is invited.

Wednesday, Mar. 2, a medical self-help program will start at 1:30 in the Hoskins school gym under sponsorship of Civil Defense. The public is also invited to this event.

Mrs. Langenberg, president of PTA, had met with other officers recently at which time they voted not to give a life membership to PTA or a donation to a scholarship fund in the name of some member. What she didn't know is that members of the group met and unanimously voted to honor her for the two instances.

Tuesday night she was presented with honorary life membership in PTA and a \$10 donation to a scholarship fund in her name. A certificate confirming the honor's gift was also presented to the flattered president.

Steve Ferrier, WSC student from Australia, was featured on the program. He was accompanied by a college friend, Mike Gray, formerly of Montreal, Quebec.

Ferrier told the group the US and Australia are similar but different. He said population is concentrated in three Australian cities and almost everyone lives within 10 miles of the coasts in spite of the fact the country is as big as ours.

Other information of interest included: His home state of Queensland and other parts of Australia are ending a drought that lasted 18 months and resulted in sheep selling for 10 cents a head, including a big comeback is needed; the money system changed this week to the dollar and cents form of the US.

After the sixth grade, pupils choose what route they want to take in education and in what fields; the government controls education; appointing teachers for all schools; at colleges only the full professors can drive cars; no crew cuts are allowed boys in schools but Beatie cuts are out too.

Pupils in Australia go to school 11 months a year and parents think it should be 11 1/2 months, or more; Queensland is the only Australian state with a unicameral form of government; Australia will pay fares for anyone who will come there and live two years — they figure after that they'll want to stay.

LT. GOV. PHIL SORENSON, speaker at a Wayne State Young Democrat dinner Friday, chats with two leaders of the campus YD organization: Ron Witham (left) of Pisopol, Ia., new president, and Larry Wewel (right) of Newport, 1965 president. Wewel announced his candidacy for state chairmanship of the Nebraska Young Democrats. Sorensen, despite numerous questions, declined to reveal his political plans following Gov. Frank Morrison's announcement of candidacy for the United States Senate.

Interstate Meeting Set for Wakefield

A meeting to discuss a proposed north-south interstate highway through this area will be held Tuesday, Feb. 22, at 7:30 p.m. in the Legion hall, Wakefield. Films, data and statistics will be featured. This route is being pushed by Lincoln, Fremont, Beatrice and other cities. Routes are also being promoted which would be near Norfolk in this area and further west in the O'Neill area. The one this group proposes would enter Nebraska near Ponca and would generally parallel Highway 9 and 17 to the Lincoln and Beatrice area, and southeast to Chester and connect with the Kansas portion of the Interstate. It is hoped a north-south route can be approved by 1972. Don Wolfe and Hecy Schilt from Lincoln Chamber of Commerce are promoting the work and generating enthusiasm. They will be present at the Wakefield meeting to which anyone interested is invited.

Final Rites for Robert Van Valin Held at Wakefield

Wakefield — Funeral services for Robert J. Van Valin, 33, were held Tuesday afternoon at Wakefield Presbyterian church. Mr. Van Valin died Feb. 12 at Norfolk. Rev. John Brum officiated at the rites. Music was furnished by Thomas Sherlock, soloist, and Mrs. Raymond Paulson, organist. Burial was in Wakefield cemetery. Robert James Van Valin, son of Carroll and Maynard Broderson Van Valin, was born Apr. 15, 1902, at Wakefield where he spent most of his lifetime. He was a graduate of the University of High School and a communicant member of First Presbyterian church, Wakefield. Survivors include his parents; a sister, Mrs. Lois Orr, 105 Anselm; two brothers, Charles, 210 E. 2nd, and Richard, Lewis, 1st. Iowa, Pa.

Carroll Couple Has Anniversary Mishap

Mr. and Mrs. Irvin Jones, Carroll, had reason to remember Sunday, Feb. 13, it was their 19th wedding anniversary. Now they have an additional reason to remember the date.

Getting a mixer ready to prepare a special dessert for the occasion, Mrs. Jones caught her left hand in the mixer. The blades mangled two fingers on her hand and she had to be taken to Methodist hospital, Sioux City, for attention.

Her husband was in the house at the time. He rushed to her aid when he heard her cries of pain. Pliers had to be used to force the mixer blades so they injured hand could be removed.

Doctors at Sioux City operated to put a pin in the mixer-related injured finger, hoping they could save it. They felt the other one that was injured could definitely be saved.

Mrs. Jones is selective service clerk and types and writes a lot so needs her fingers. Her husband said he thought the whole thing was partly his fault. "It was our anniversary — I should have taken

Wakefield Hosting Oratorical Finals

Wakefield will be the site of the District 3 Legion oratorical finals Wednesday, Feb. 23. Winners of the contest there will not a trip to the state finals at Ashland. Chris Bargholz, Wayne, chairman for the district finals, said the number of schools competing in the finals is the largest in recent years. There are nine schools planning to have representatives present at Wakefield.

Winners at Wakefield will get a \$25 savings bond in addition to the trip to Ashland. Medals will also be given to the top winners, District and.

Entries have been confirmed from Wausabe, Waver, Laurel, Wynot, Wamegah, Dunder, Coleville, Emerson-Hubbard and Huronston (Cedar Catholic). Names of the winners from each of those schools were not available.

Name Omitted on Lists

The name of a Wayne State student was inadvertently omitted when the lists were sent out from the college naming the ones who had earned recognition on the dean's list for high scholarship.

Elsie Meyer, Wayne, should have been included in the list. She has a 3.2 average at the college for the past term.

STAR PERFORMERS Monday at Carroll's Music Boosters program were the Lennon sisters and three of the Beatles. Identification is contained in the news article with the picture.

PHYLLIS DILLER stands in front of other entertainers at the Carroll Music Boosters program. Other stars left to right are Ed Sullivan, Lauro Welk, Dean Martin, Liberace, Louis Armstrong and Roger Miller. Real identities are given in the news story with this picture.

Carroll Group Puts on Unusual Type Program

Carroll Music Boosters put on an Ed Sullivan type show Monday night in the town's auditorium with a big crowd present. Typical of most such small town shows, it was a bit of fun at everyone's expense from their money as we the John Berquist was "Jed" Sullivan. Other names were prominent performers from the entertainment world with considerable work going into make-up and costuming.

Dean Martin was played by Wayne Kerstine (who dyed his hair for the part); Mark Johnson was Liberace (also dyed hair); Jennifer Sandahl, Susan Havener, Cindy Owens and Sharpe Cummings were the Lennon sisters; Susan Kane played Phyllis Diller (long cigarette holder and polka dot dress); Joan Owen was Roger Miller; Mike Olson was Louie Armstrong; Pam Olson was "Laura" Welk and George...

don Davis, Dallas Haveran and Keith Owens were three Beatles. Mrs. George Owens was selected as "queen of hearts" in a special program. Mrs. Diller was in a number of the program with Mrs. Wayne Kerstine as singing and about everyone in Carroll and rural areas having some part in the production.

Any Veterans Missed Regarding Insurance?

Have any area veterans been missed on the effort to contact all regarding the new GI insurance? That's what County Veterans Service Officer Chris Bargholz wants to know.

Bargholz said May 2 is the deadline for signing up. Reminders have been used in papers and through other media but he feels that some might have overlooked the law that went into effect in 1964 and has a definite deadline.

Veterans originally eligible for National Service Life Insurance between 1940 and 1957, those who have no GI insurance or less than \$10,000 in such insurance and those who have service-connected disabilities can sign up.

Any area veteran who wants more information can contact Bargholz at his office in Wayne. Information is also available from the VA regional office, Lincoln.

Kiwanians Hear About Life in Alaska City

There are opinions in Alaska for the skilled but too many unskilled are already there so those without special training should not go there. That's one idea among Alaskans conveyed to Wayne Kiwanians at the Monday meeting.

Reinford Mattson, speaker for the noon session, knows what he is speaking about. He is superintendent of schools in Anchorage and stopped here to interview prospective teachers among students of WSC.

Mattson, who had come to the adjacent 48 states to attend an administrator's meeting and to talk to students who might be interested, also was scheduled to stop in Iowa, North Dakota and South Dakota to talk with teachers.

Living on a five-acre tract, he told what it was like to be in the big earthquake. A neighbor, Lowell Thomas, Jr., lost almost everything, but Mattson did not fare as badly.

Fishing and hunting are not sports in Alaska, he said. With one cast he brought in a 77-pound salmon so he went home. Hunting caribou is the same way. Caribou travel in herds of hundreds and no skill is required to bag one. Polar bear hunts are one-sided as the bears don't have a chance against men and planes.

Howard Simons, past president of the Norwalk, Conn., Kiwanis club was also a guest. Max Lundstrom, program chairman for the month, said Loren Kamish of WSC would appear next week to tell of the jump board he invented and patented and what procedure is required to obtain a patent.

Lions Club Returning Next Month to Hotel

Wayne Lions club, forced out of Hotel Morrison because of the remodeling program, return to the hotel for their monthly meeting next month. President Lowell Johnson said the first meeting there since remodeling was completed will be Mar. 7.

Meeting Tuesday night, the Lions made plans for the district Lions club meeting in West Point Sunday. From ten to twelve couples from the local club plan to attend.

A highlight of the Mar. 7 meeting will be the report of the project committee. A resume of fund-raising projects and civic activities for the summer and fall period will be presented at that time.

Jason Preston and Al Resnussen presented Tuesday's program showing a film on racing provided by Firestone. Richard Gavitt, district extension forester from Northeast station, was a guest of the club.

Wakefield Blue-Gold Feed Last Wednesday

Wakefield Cub Scouts held their blue and gold banquet Wednesday evening in Salem Lutheran church with Charles Olson as master of ceremonies. A special guest was Mrs. Roger Becker from France.

Cubmaster Charles Peters presented den mothers with gifts. Each den presented a short program and the Boy Scouts gave awards to the following: Bobcat badge, Kirk Peters and Bradley Miner; Wolf, Don Berry, Dennis Byer, Tim Rouse, David Hitz, Bradley Miner and Kirk Peters; Bear, Douglas Soderberg and Kevin Bengston; Lion, Charles Rouse and Gary Addink; Gold arrow points, Bradley Miner, David Hitz, Dennis Byer, Douglas Soderberg, Kevin Bengston; silver arrow points, David Hitz two, Dennis Byer four and Sam Tieson; Rusty Johnson and Gary Addink; one-year pins, Mark Hanson, Tim Rouse, Larry Siebrand and Keith Siebrand; and

Towns and School Districts Plan Caucuses Next Month

Towns and school districts in the area are planning caucuses for Tuesday, March 1, as requested by law. Candidates for town boards and school boards will be named at the various sessions.

The caucuses are traditionally ignored by the majority of the people. However, out of these sessions come the candidates who have a lot to say about how school and municipal affairs are operated for the next few years.

In Wayne, candidates will be named for members of the board of education. Two positions being open. City posts include mayor and councilmen from three wards in each city. Two parties will name candidates for the positions.

Winside caucuses will be conducted with school board and village board candidates also. Two school board members and three town board members are to be elected this year.

Similar situations exist in Carroll, Haskins, Concord and Dixon.

Hot Shots: Hot Shots L.H. club met Feb. 7 at the Richard Bier home. Ideas were presented for a booth at the fair. Ricky Milligan was assigned to compile the ideas for further study. Treasurer reported about \$100 and members discussed buying something for the fair. Dave Roberts reported...

Band Concert Will Be Presented Next Week

Wayne high school band members are preparing numbers for program to be presented Sunday, Feb. 27, at 2 p.m. in the Wayne City auditorium. It is the first program postponed from Feb. 13.

Don Schumacher, instrumental music instructor at the school, is in charge. Band, small groups and soloists will be featured in the program open to the public.

The numbers will be listed in a program to appear in the weekly paper. Other information on the concert will also be given in that issue.

Letter to the Editor

Dear Editor,

You writing to you in regards to your "Sas" about women drivers. I do a lot of driving and I have a few things to say. Isn't that what you want to hear? If you drive the highway and come upon a "Sas" coming about 20-30 miles an hour, driving a lady or man, I think you'll agree that the biggest danger are men. What are they doing? Probably looking the crops over or cattle, etc. They are risky driving at that speed aren't they? My husband is a truck driver and has been for a long time and that's his biggest complaint, and he says its usually men driving.

Could you give me a few statistics on men and women drivers? What percentage are the accidents and etc.

THE WAYNE HERALD

90th Year — No. 44 Wayne, Nebr. 68787, Thursday, February 17, 1966 Section 2 — Pages 1 to 8

CARROLL POSTMASTER John Rethwisch was shown first and second grade pupils through the new post office when a Herald photographer Kersting.

Carroll Kids Learn of Government Facility

Youngsters from four Carroll classes have toured the only government facility in town the past week. Postmaster John Rethwisch has conducted tours through the new post office.

The procedure was identical for two groups, one Friday and the other Monday. They made valentines for their mothers at school, took them to the post office, each purchased a stamp and the valentines were mailed.

Postmaster Rethwisch then showed them what happened to mail as he cancelled the stamps, sorted the mail and put the valentines in the proper boxes. After explaining the rest of the facilities, the general postmaster handed out treats to pupils and teachers (the money for the treats coming from his pocket and not Uncle Sam's).

Mrs. Wayne Kersting had her first and second grade pupils at the post office and Monday Mrs. Sam Zimmerman had the third and fourth grade pupils from CGS there for the same tour.

Norma Lutt Sweetheart Candidate February 11

Norma Lutt, daughter of Mr. and Mrs. Russell Lutt, Wayne, was one of five candidates for title of sweetheart at the eleventh annual sweetheart ball sponsored by St. Joseph school of nursing in Sioux City Friday evening.

Sponsored by student nurses, the dance and queen selection activity are on the valentine theme. Senior girls of the school

are considered and five are chosen as candidates by popular vote of the entire student body. Dolores Vandy, Sioux City, was revealed as queen at the ball. Mr. and Mrs. Lutt were present in the ball and coronation.

Wayne Freshman Gets High Honor at Doane

Bruce Jorgensen, son of Mr. & Mrs. Dorothy Jorgensen, Wayne, a member of four freshmen men chosen for membership in Phi Eta Sigma, the highest honor a freshman at the school can attain.

Requirements for membership are unusually high, an average of 90 or better. Only about three per cent of the men in the freshmen class ever achieve this honor.

Monday, Feb. 11, he was initiated into the honor society along with students from Crete and Peshtigo. He had previously been placed on the Dean's list for his high scholastic standing.

Melvin Ahlers Promoted

Melvin Ahlers, son of Mr. and Mrs. Albert Ahlers, Wayne, was recently promoted to Airman first class. Ahlers is stationed in Thailand.

Leland Herman Heads Curtis Drive in Area

Leland Herman, Wayne, is the Northeast Nebraska chairman of a new group planning a "people's campaign" in behalf of the reelection of Sen. Carl Curtis. Herman is also in charge of the Wayne and Stanton county campaign.

Others in this area include James Warner, Dakota City, for Dakota, Dixon, Cedar, Thurston, Knox and Pierce counties; C. E. Benz, Fremont, for Dodge, Saunders, Curtiss and Butte counties; and Harold Gerhart, jr., Newman Grove, for Madison, Antelope and Boone counties.

Richard Smith, Lincoln, is state chairman and named the area and regional chairmen. He selected Mrs. L. L. Scheer, Norfolk, as vice chairman to assist Herman.

EDITORIAL COMMENT

The editorial department of a weekly newspaper is an important department. Normally it is the opinion of topics that concern most of the readers.

It is the duty of an editorial writer to search all available facts before he sits down to write. From this basis the writer should be able to give a clear picture of important topics.

The Rule, Not the Exception

Up on the hill at Wayne State college there are a few bad onions. Their activities were covered in an editorial a few weeks ago. This week those students who are the rule instead of the exception are considered.

These are the students who never get their names in the paper for being in trouble. They're too busy getting an education, paying for their learning and preparing for the future to get out of line.

Take the young couple with a baby. He works practically every minute he does not have classes. After work he studies. His wife has the baby at home to care for and she cuts every corner she can to get that they buy only the necessities.

Another young couple with a small child has a different solution. The husband has a parttime job and his wife has a fulltime job. They have even limited their social life in order to save every penny possible. They have to pay for a babysitter.

But not all WSC students are married. One young man was going from door to door in the business district to find work of any kind, washing dishes, janitor work or anything. He just wanted to go to college and he couldn't go unless he had a job.

Some are residents of the area. They get up to do farm chores, come to town for classes, go back to the farm for hours or other work and then study late. Their education is worth having so they figure it's worth working for.

Girls are the same. Some are waitresses, some are clerking and others are kitchen help. They work because they want an education more than anything else and if they have to make sacrifices they know it will pay off in the future.

But, not all students have to work. Some have money. They still help in campus activities, help each other and spend a lot of time studying. You may not know them but they are there and they are dedicated students.

Drive through the WSC campus late some night (or early some morning). Note the lights on in dormitory windows. Card games? Slumber parties? Gabbles? Chances are the lights are not on for those events. They are on because students are studying and some of those room lights will be off only a few hours before they come on again for early-morning studying.

These are the kids who are going to go out in the world and do things. They'll ever after be representatives of Wayne State college. They represent the highest level in collegiate America today and here in Wayne we can join the parents at home in being proud of them. —CEG

A \$100 Value - Just \$10

Would you be interested in getting a \$100 value for \$10?

Offers such as this should be approached warily but there is at least one such offering that can be accepted without reservation. It's membership in Ak-Sar-Ben.

Jack Benny, Al Hirt, Gisele MacKenzie, Carmen Cavallaro, Guy Lombardo.

Capitol News

Surplus-Deficit Question Should Finally Be Settled

LINCOLN — For years politicians have been divided and accountants intrigued over the deficit in the state treasury.

Now, State Accountant John Luebbe says he is getting close to finally settling the issue.

You may not agree with an editorial — but if you read the editorial and give serious thought to the subject discussed you have gained. You, as a reader, have given careful thought to an important problem and the writer is proud to have called your attention to an important subject that you may have overlooked.

Ice Pollies, thoroughbred races and a world championship rodeo are among the offerings. This is offered for \$10—NOT JUST FOR ONE PERSON BUT FOR TWO!

You can take your wife to Omaha for all these shows and your \$10 membership admits both of you. Besides Ak-Sar-Ben coliseum has just been renovated to offer more comfort and better viewing.

As if there weren't enough, you're practically giving your money for use in civic projects. Ak-Sar-Ben has long been one of the top donors to worthy causes in Nebraska.

Pen hospitals get thousands of dollars to help pay bills of charity cases; every county in the state gets money to help pay for fairs; Boys' clubs are supported; a children's zoo in Omaha has received donations; fire departments and rescue units get financial support; and Ak money goes elsewhere.

How Ak-Sar-Ben does this on a membership fee of \$10, exactly the same membership fee paid in 1895, is beyond comprehension. But Ak does it and it's not just an Omaha group, it's made up of thousands of Iowans and Nebraskans and including many in Wayne county and other counties. Besides that, Ak-Sar-Ben paid almost \$1,400,000 in taxes last year.

If you want to join for \$10 so you and your wife can take part in these many attractions and share in the worthy causes supported, contact Roy Christensen or Alan Cramer. "You can't afford not to belong" is a phrase that applies here as nowhere else. Join before this month is over or you've lost your chance. —CEG

You Can't Tell Them

If there's one government body in Nebraska that is not going to be told anything, it's the state highway department. Never has its failings been so evident as in the news releases that come out of Lincoln deploring railroad crossing accidents.

When Interstate 80 was planned, towns along the route begged, pleaded and prayed that the route would be north of the Platte river and the Union Pacific main line since every town from Grand Island west to the Wyoming border is for the most part on the north side of those tracks.

The highway department was having none of it. Meetings were held but they were merely a formality for department minds were already made up. Every meeting brought out the fact that traffic from the main population areas would have to cross the railroads at every town but that mattered not.

So, what is the main killer of Nebraskans on highways so far in 1936? Railroad crossing accidents. It has become so serious Gov. Frank Morrison has called for a study, pointing out that warning signals and barricades do not seem to help.

It will wind up with some costly overpasses being needed or else more lives will be sacrificed. There goes highway money that could have been used elsewhere. Where is the blame? On the state highway department's shoulders, staffed by men who fail to look beyond their water coolers. —CEG

IDA Act Growing

The Nebraska Resources Division reports that \$12.8 million in revenue bonds were issued last year under the state's Industrial Development Act (IDA).

This brought to \$26.6 million the bond issue under the act since its beginning in 1922.

The act permits to counties, cities and villages to acquire and develop property to be leased for industrial use.

Federal Official Lined

The U.S. Public Health Service has named Nebraska one of its key advisors to administer the state's Medicare program for the aged.

He is J. R. Nordstrom, a native of York who has been assigned to the Missouri Health Department for the past two years.

State Man Hired

The assistant chief of information and tourism for the Nebraska Game Commission has been hired as the first executive director of the Old West Trails Foundation.

BREAKTHROUGH FOR YOUTH

Norman Rockwell's painting, "Growth of a Leader," symbolizes the 56th anniversary of the Boy Scouts of America. Over 550 million members will celebrate with the theme "Breakthrough for Youth."

Cool Mining Not Feasible

State Geologist Eugene C. Reed says it may never be economically feasible to deep mine coal in Nebraska unless other sources across the country become scarce.

He said the cost of sinking mining shafts would be prohibitive in light of the current demand and market.

"I'm not saying Nebraska doesn't have a good coal resource," Reed said. "But what we have now is too far underground to get at and still make the effort pay."

More Applications Sought

The director of student placement at the University of Nebraska says nearly 60 companies have scheduled job interviews at the school this year but only two of them are from Nebraska.

Frank M. Hallgren encouraged state-based companies to increase their recruiting efforts at the university.

He said many Nebraska firms assume they can find abundance of qualified employees at the University whenever they want them.

Hallgren said interviews can be arranged a year in advance. He said companies can place their openings with the University and invite applications from the students.

Firm Bids For Scoreboard

A Richmond, Va., firm has offered to install an automatic roll-call vote recording machine in the Capitol's legislative chamber for \$7,500 a year rent.

The proposal will be discussed by the Legislative Council Executive Board later.

The chief new feature over the present device is a place where the ballot may be instantly totaled and publicly displayed.

Now the clerk of the legislative committee must announce the vote each time.

Nutrition Conference Set
New developments in nutrition, disease control and management of livestock and poultry will be outlined at the annual Nebraska Feed and Nutrition Conference to be held at Lincoln February 22.

Dr. Walter Woods, representing a joint Nebraska feed industry-University of Nebraska planning committee, said a corps of speakers representing both universities and commercial concerns associated with the livestock feed industry will review latest research findings.

In the traditional of the Nebraska Feed and Nutrition Conference, an attempt has been made to provide a list of persons interested in the major livestock and poultry enterprises. Dr. Woods said.

Can an established stand of alfalfa be fertilized with phosphorus fertilizer? If test on soil samples from poor spots shows phosphorus, it will pay to topdress the alfalfa with superphosphate if the moisture supply is enough to support heavier hay production.

Editor, addressing the National Assembly in 1919 — "When the people are encouraged to turn to government to settle all of their problems for them, the last step in the revolution is thereby established. For then the people expect the government to provide them with all of the material things they want. And when these things are not forthcoming, they resort to violence to get them. And what do you think the government itself has told them that those respectabilities belong to government rather than to them? I am convinced that a revolution would not be possible if the only responsibility between government and the people was to guarantee them their liberty and security."

N.E. Extension Notes

Durable or Permanent Press: How does Durable Press differ from Permanent Press? These terms will be found on many casual ready-made garments this spring. The consumer should realize that these two terms are used interchangeably. Some companies prefer Durable because it seems more realistic than Permanent.

The object of Durable Press finish is to produce a garment that will have a set shape or creases. The garment, if properly laundered or cared for will require no ironing for its lifetime of wear.

How is this finish achieved? Fabrics are treated with special chemicals before delivery to the garment manufacturer. The chemicals have not been set in the fabric by heat. After the garment has been cut, sewn, and pressed, the final curing of Durable Press finish is done in a special oven at temperatures required by the chemicals used on the fabric. Desired shapes, creases, and pleats are locked in and at the same time wrinkles and puckers are locked out. Durable Press finish adds to the cost of the garment approximately a dollar more for slacks.

Labels on Durable Press garments usually give care instructions which should be followed closely if the garment is to meet expectations. If the garment is turned inside out before laundering to protect sharp crease lines from rubbing against other surfaces. Water temperatures should be mild to moderate. Check hang tags regarding use of bleach. If the garment is to be hang-dried, do not wring it or put it through the spin cycle in an automatic washer. As a rule, garments have a better appearance if tumble dried at a low to moderate temperature. If the garment immediately after the dryer has stopped. If touch-up ironing is necessary, use the synthetic iron temperature.

Since oily stains are difficult to remove from Durable Press garments, some manufacturers add a repellent and water repellent finishes. Look for indications of finishes on the tag or label.

Don't be alarmed if Durable Press garments feel softer after laundering. They are not being pushed for a bigger crowd but we had no idea how dynamic she is. Also, we gave too little credit to the Nebraska Petro-

Stass

By Chas Greenlee

We were glad to see it in print. Parade magazine recently said in an article on television: "Television programs are created basically to appeal to the 12-year-old mind." Frankly, we thought they were aimed at an even lower level but it does confirm our idea that the television set is sometimes its best when it is off. Some of the fare we've seen on television is so insane as to be ridiculous. We thought because we felt this way we might be a little hard to please. Television does have a right to go before it is suited. Until then, there is nothing like a good book and there again we are not referring to trash but to the really worthwhile reading.

A clerk in a market had sold all of the dressed chickens except one. A little lady asked for a dressed chicken so the clerk put the only one on the scale and said: "This one will be \$1.35."

The lady hesitated a minute and said: "Well, I really want a little larger bird."

So the clerk took the bird back, brought it out again, placed it on the scale and said: "This one will be \$1.65."

The lady again hesitated and then replied: "I guess I'll take both of them then."

Ever go to a theatre and have "hot margarine popcorn" offered? Neither have we. There may be substitutes for butter but give us butter every time. Butter is especially good on toast, pancakes, waffles, popcorn or anything else that is heated. For the difference in price we wouldn't have anything but butter in the house. Pender butter is our favorite but there are other good brands too — just so they're butter and not the low-priced substitute. We also notice in some mixes and recipes "fresh butter" is specified but we've never found a better butter better heater yet. We know not what spread others may take but as for us, give us butter or leave off the spread.

Willie: "Teachers says we're here to help others."

Father: "That's right. We are."

Willie: "Well what are the others here for?"

Sometimes I wonder how Mert Ellis does it. He is out the go night and day at the City auditorium. Sometimes there will be events morning, noon, afternoon and night. Different arrangements are required for each of these times. It is a matter of the time and he is a "sitter" for some as they just appear out of nowhere with basketball and endless energy. He's pretty patient with them and this is not easy for kids can be exasperating at times. We wonder how he is being paid but we're sure he earns his money. If you're interested, follow in his footsteps seven days a week sometime. For that reason we're awarding him our journalistic "Biggest" for the week. It's long overdue!

Spec Tatt Torr in the Wakefield Republican practically comes out and accuses us of employing puns. He told of several sheep on one farm producing twin lambs, in each case one male and one female and one black, thus contributing to the integration movement. Then he writes, we would have said: "There were are." We'll have a sheep trick to try to pull the wool over the eyes of his readers and ram through an idea like that. It's as funny as something right out of Milton Jeff.

We've been the goat for such sheepish tricks ever since. We were awarded the sheep skin but for sheer punishment this makes us want to take it on the lamb. To which Spec would no doubt say: "Baaaaaaa."

SNOW QUEEN at Winside was Connie Marquardt. She is shown with Roger Hill, who accepted the king recognition for classmate Roger Miller, who was absent.

Senior candidates for royalty at the Winside student council snob ball were crowned Saturday night. The king was absent so he was crowned by proxy.

Chosen queen was Connie Marquardt, daughter of Mr. and Mrs. Fred Marquardt. Roger Miller, son of Mr. and Mrs. Jake Miller, was elected king, his honor being accepted by a classmate, Roger Hill, president of the student council.

Held as a money-raising event, the snow ball was sponsored by the council. Votes were "sold" at a penny apiece. Containers at the lobby of the school here contained names and votes were cast by dropping coins into the containers on which candidates were named, each pair having a separate container.

Greg Kirsch was master of ceremonies and revealed the royalty choices. Dancing was the main attraction from 8:30 to 10:30 with music furnished by a juke box. The committee had decorated the gym in a valentine theme with the red, white and pink colors and heart-shaped displays dominating the setting.

Mrs. Beverly Peggy Langenberg, Mrs. Leo Voss and Arna Carstens. Mar. 10 meeting will be with Mrs. Lisa Deck.

Rebekah Lodge Meets. Rebekah Lodge met Friday in the Chester White home with eight present. Mrs. Howard Iverson and Gail Reichert were honored for their birth days. Mrs. Andrew Anderson will be hostess next meeting.

Wesley Rices Honored. A housewarming was held Friday for Mr. and Mrs. Wesley Rices, formerly of Wakefield. The Rices reside south of Winside. Carl Rices went to Mrs. Albert Jaeger. Mrs. Hans Blocker, Alfred Janke and Billy Sackl. The group presented Mr. and Mrs. Rices with a gift.

Coterie Meets Thursday. Mrs. Eva Lewis entertained Coterie Thursday. Guests were Mrs. N. L. Ditman, Mrs. Carl Trouman, Mrs. F. T. Wagnernunde and Mrs. Louise Keal, Mrs. Harold Quinn, Mrs. Karl and Mrs. Troutman receiving prizes. Mar. 24 meeting will be with Mrs. Quinn.

Guest Day Held. The 44th anniversary of Trinity Lutheran Ladies Aid was observed Wednesday with 49 guests and 19 members present. President Mrs. Clarence Pfeiffer gave the welcome. Mrs. Jack Krueger, scripture and prayer. Mrs. Paul Zoffka read an article, "Hymns We Know." Jens Kvois, laurel, showed slides of a missionary tour to Hong Kong, Formosa and the Philippines. Mrs. Jack Krueger and Mrs. Lyle Krueger played an organ piano duet. Pastor H. F. Otto Mueller had the closing prayer. Churches represented were EUB Hoskins, Peace Eyan, Reformed, Methodist and Evangelical. Program committee consisted of Mrs. Willis Ritze, Mrs. Jack Krueger and Mrs. Zoffka. Lunch committee was composed of Mrs. Emma Spletter, Mrs. Russell Baird, Mrs. Fred Damme and Mrs. Clarence Pfeiffer. Next meeting will be Mar. 24.

Mr. and Mrs. Kenneth Wagner entertained at a family dinner Saturday in honor of his father, W. V. Wagner, on his 85th birthday. Feb. 4. Winside Tot Tumbles Out of Moving Vehicle. Jackie Gramberg, 5, is a lucky girl. She fell from a moving vehicle in Winside Friday and suffered only minor injuries. Her mother, Mrs. Kenneth Gramberg, was driving slowly as she made a u-turn on Winside's Main street. Suddenly the door came open on the right side of the pickup and Jackie tumbled out.

Apparently she landed on her shoulder and then her head. Her knees and hands were scratched and she had a gravel burn on her forehead but was able to go to school.

Her father is employed at Norfolk as short span supervisor for Vulecraft where the steel beams for Wayne's new high school building are being built.

Winside Banquet Held for Cubbers. Cub Scouts of Winside, their mothers and their parents attended a snack supper Thursday at the school cafeteria. About 40 attended the annual blue and gold banquet.

Flag salute, puppet show, eagle dance and Cub songs were among program features. Awards were presented by Cubmaster Charles Jackson. Den mothers introduced were Mrs. Dale Kropp and Mrs. Wayne Gesirich.

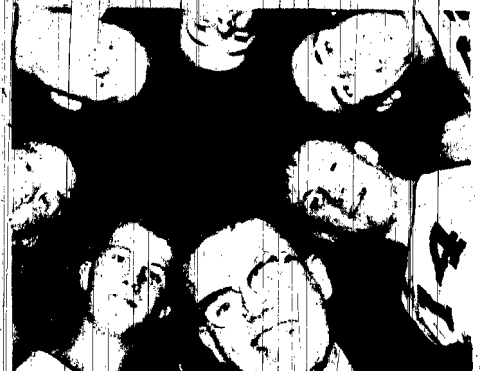

Bear badges went to Howard Allvin, Jeffrey Farran, Michael Gesirich, Richard Gohring, Frank King, Woodrow King, Robert Kropp, Larry Weible and Michael Stevers. Lion badges went to Steven Gesirich, Scott Jackson, LaRue Langenberg, Curtis Quinn and Michael Gesirich. Gold arrow points were awarded to Howard Allvin, Jeffrey Farran, Michael Gesirich, Scott Jackson, Robert Kropp, LaRue Langenberg, Curtis Quinn and Larry Weible.

Watershed Group Seeking Damages. An area group is looking for water damage. They don't want the damage but they want to find the farmers who have experienced it. Damages such as gullies, eroding across fields, fences destroyed by silt and gullying, road and bridge damage and other similar trouble spots are sought. All must be in the Humboldt watershed of Stanton and Wayne counties.

Arvid Marr of the SCS office, said a meeting of the temporary steering committee of the watershed met Wednesday in Winside. Plans were made then to collect for damages (due to flooding and erosion). Several farmers in the watershed area have volunteered to contact all other farmers to check on damage. They are Vernon Miller, Chester Maritz, Bill Brogan, Russell Thompson, Nels Anderson, Norman Deck, Gary Kant, Merlin K. Hansen, Alfred Janka, Jack Chase, Delvin Shultz, Walter Nelson, Willis Hoehne, Art Weichenhath and Bob Chase, all from the Winside-Ridge area.

After they have collected and tabulated the information, and there seems to be local interest, further steps will be taken to form a watershed watershed district.

A HUMANE TRAP is shown by Trapper Garold Jewell, Dixon. It's on the right and kills instantly as animals swim through it. Some of the old style traps are on the left.

First Lesson in Trapping Obtained from Skunk; Almost Finishes Outdoor Career

Garold Jewell, Dixon farmer, has been trapping for 45 years but his first effort at trapping almost caused him to lose interest. Administered by a skunk, the lesson lingered yet, although the odor is long gone.

According to Jewell, he was a boy of seven. His father had traps so he decided to put one out. He found a likely hole in the ground, placed the trap and came back the next day to check it. There was the cutest black and white animal, trapped but not dead.

Kind-hearted Garold decided to help the pathetic little creature so he sat on it while he released the trap. At about the same time he released the trap, the skunk

work but he wears hip boots and arm-length rubber gloves. He's so warm as he keeps moving the feet, not even wear long underwear. However, just in case he falls into the water which happens now and then he takes along two complete changes of clothing and extra hip boots. "You can't afford to stay wet in cold weather," Jewell says.

Nowadays there are few trappers in the area, the Dixon farmer said. In the old days every boy in town and a lot of men trapped. Rare was the day when there wasn't a fight in town over someone trapping in someone else's territory. It takes such a big territory to make the effort worthwhile now, few kids are interested in the work.

Jewell says he needs over 300 traps a year for his 100-mile long territory. He buys about 100 new ones every year to make up for those broken or stolen. Last year over 100 traps were stolen but he has special markings and a given ward placed and returned most of them to him.

He won't trap anywhere someone else has permission to trap and he no longer skins the animals himself. He got tired of

sitting in the basement skinning mink and muskrat until 10 or 11 p.m. seven nights a week. He just sells the animals, which makes about the same amount of money.

Farming is still his vocation but he likes to keep busy trapping in the winter. He sells the animals to Strange Bros., Sioux City. He used to sell the meat to mink raisers after he skinned them but now Strange Bros. sells the meat.

The mink raisers have hurt his market because they have made the animals more numerous. Wild mink only bring \$13 now, far less than they did years ago when he was young and all the mink pelts came from wild animals.

Worried about humane trapping? Jewell admits the old traps were slow death but he always placed them so they held the animals under water and drowned them as soon as possible.

Now he uses a new humane trap that kills instantly. Even the heaviest animals die when they go through the traps. He fixes up little barricades. Through the trap is the only way out and the animals do not seem suspicious of traps as once they find out what they are if it is too late.

Garold Jewell says he may give up trapping this year, but he's said that before. The hours are hard and the returns are small for the effort involved but chances are he'll be back again next winter. There's not much else he can do with several hundred traps hanging in his garage.

Impressive Booklet Put Out by College

An impressive booklet which bears the seal of Wayne State college and these words on the cover, "Of These We Are Proud," has been published by the college. It features distinguished alumni of the school.

No attempt was made to include everyone who has gone on to high levels, but as many fields as possible were included. No other college in Nebraska can compile a comparable list of notables as graduates, WSC officials feel.

John Neuhardt, poet laureate of Nebraska, rates 20 pages. In government service, Rep John

Kyl, Iowa, and Sen Gale McGee, Wyoming, were given prominence in the other men in government service are Val Heitsch, once a state ambassador to Denmark, and potential candidate for governor again, and Hugo Su, clerk of the unicameral.

Frank Brokunic, Schuyler, was cited as a community leader now a trustee of the Wayne State foundation; Henry Ley is still director of banking and a potential candidate for governor; James Reynolds is vice president of Reynolds Metals Co.; Joe Lischke was the all-American three years, the only athlete in history achieving that distinction and later being selected for the NAIA college hall of fame.

Dr. Freeman Decker is governor of state colleges; Howard McClain is administrator of the largest and one of the best school districts in Kansas; Dr. David Dardund is editor of The Journal of Teacher Education; William Stewart is president of Washington Valley college in Washington.

Dixon Group Makes First Picnic Plans

Plans for a picnic at Dixon are underway. The weather has been nice but not nice enough for a picnic. In this case the plans come now, the picnic later.

About a dozen attended a picnic planning meeting Friday noon at the Dixon date. Most of the discussion centered on a dance to be held this coming Sunday to raise money for the picnic.

Dixon's centennial committee is making the plans for the picnic and sponsoring the dance. The picnic is planned for August. Sunday morning from Bloomfield will play for a dance at the Dixon Town hall, according to Dick Hanson, president of the sponsoring group. Carroll Group Working Against Rail Mishaps

The Carroll Methodist church's commission on Christian social concerns is waging a battle against rail mishaps and they hope it spreads. It is a worthy cause originating in a town which is not served by a railroad.

Pastor John Horner is sending letters to the district superintendents, Tom McAnany, conference presidents and Tom Ryan, traffic safety coordinator for the state of Nebraska. Commission members hope their efforts and similar efforts from other quarters may get action.

The letters suggest that strips of reflective tape of standard shape be attached to the side of all railroad cars. These would be large enough to catch reflection from high beams one-fourth mile away and low enough to pick up dimmed lights, reflecting both from light at a 90 degree angle and from smaller angles, which covers angular crossings.

An advance warning system is more unique. It would supple-

ment the flashing sign and lowered barrier bars. Located at distance from crossings, it would allow when trains are in the vicinity.

A third suggestion is a coded radio signals emanating from the locomotive to set off flashing lights or flap bars. Flap bars, if used, were also suggested to catch the swaying beam from locomotive and reflect it to stop lights for cars approaching.

Pastor Horner's letters point out the side vision in cars is not the best it has ever been with distortion, trees, pillars, foggy windows and other people in the light seat. Consequent to drivers assume that since nothing is in front of them they are

all right, overlooking approaching trains from 90 degree or 120 degree angles.

Finally, he points out, drivers cross railroad hundreds of times and never see trains. Freely upon they receive a crossing much as they would a patrolled spot of black on gray concrete. Then the danger increases and the injury time they've crossed a crossing after 90 safe crossings.

Carroll Saddle Club Remains Active in Winter Months; Plans for Warmer Times

There's not much outdoor activity in the winter for a saddle club, but enthusiasm doesn't wane at Carroll. There are things to do the year-around including planning for the warmer days ahead.

Over 150 members belong to the organization in a community with 220 population. Some of the men and women are in their 60's and some of the youngest members are in the pre-school group as activities are planned for all ages.

Don Davis is the outgoing president. While he was in office the new arena along Highway 57 was fixed up, a source of considerable pride to the club and community.

Arnold Junck is the new president as of the first of the year. Martin Malsbend is vice president. Lucille Nelson secretary and Tillie Jones treasurer.

During the summer and fall months the club has riding activities once a week. In the winter time the club plays cards once a month. A skating party, wiener roast and trail ride are also on the agenda.

Plans call for the big play day for area saddle clubs Sunday, June 12. Carroll riders will also take part in similar events sponsored at other towns with clubs in three states.

Wayne County Has Shortage in Seals

Wayne county residents bought Christmas seals the past year and paid \$1,141.71 for them. This is slightly ahead of the previous year but still \$19.11 short of the quota for the county.

The Nebraska Tuberculosis Association, which conducts the drive, said there is still time for donations to come in. Receipts received now will count on the quota for the county.

Dixon and Pierce counties have both exceeded their quotas. Dixon by \$15.65 and Pierce by \$135.71. All other counties in the immediate area are short.

Cedar needs \$76.70 more, Cuming \$65.60 more, Dakota \$492.23 more, Madison \$38.75 more, Stanton \$17.85 more and Thurston \$82.40 more. The state needs slightly over \$10,000 to reach its quota.

If you do not know where to send your contribution for your seal you may mail it to Nebraska Tuberculosis Association, 406 W.O.W. Bldg., Omaha, Nebr. 68102, asking that it be credited to your county.

THAT CAR on the lawn is the vehicle driven by Mrs. Charles Heikes after it collided with the George Menkens car, shown in the foreground.

Woman Injured in Two-Car Accident

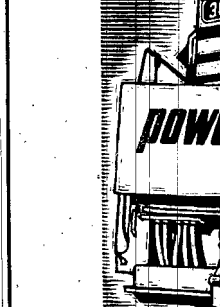

A personal injury accident occurred in Wayne Saturday. Mrs. Charles Heikes, Wayne, was hospitalized following a two-vehicle accident at the Twelfth and Main intersection.

Officer Pat Hailey, who was assisted by Carl Scheel of the campus police at the scene, reported Mrs. Heikes had turned onto Main after stopping at a stop sign. Her car was involved in a collision with a south-bound car on Main driven by George Menkens, Allen.

Three other accidents were investigated the past week. Feb. 9 on East Third in the 700 block, Mrs. Terry Jenke, Winfield, was westbound when Wilford Hammer, Wayne, backed away from the curb, the rear of his car hitting the right side of the Jenke vehicle.

BUICK 1000000 SWEEPSTAKES WOULD YOU BELIEVE YOUR CAR'S VEHICLE IDENTIFICATION NUMBER MIGHT BE WORTH \$2,332.00 IN CASH TO YOU? (This odd figure is also the price of a Buick Special*. Pleasant surprise, isn't it?) HERE'S HOW IT WORKS: Check that car registration of yours. If the first symbols of your vehicle identification number on it match up with one of those listed at the right, you might have won yourself \$2,332 cash. No slogan to invent, no puzzle to solve. To find out for sure if you won, just hop down to your nearest Buick dealer's. He's got a list of complete winning numbers posted. (No, you don't have to own a Buick to have a winning number.) If your complete vehicle identification number appears on his list—you're in the money. 011 2063 2074 313 3547 3P72 3257 4078 4J64 4Y85 626M 71P 8K1 162M 2064 2076 314 3582 3P74 3262 4E13 4J65 4Z4 626W 784 964P 163M 2067 2078 315 3585 3P76 4111 4E13 4J66 4Z3 626L 844C 963L 111 2069 2W26 316 3589 3P78 412 4E13 4J68 4Z2 630C 844F A11 2111 2E62 2W63 362A 31 3531 4121 4E52 4J69 4Z5 631M 844M B11 212 2E67 2W64 363W 31A 3534 413 4E53 4J8 4Z5A 632L 844K AK1 2121 2F31 2W67 3D60 3537 4151 4E54 4K8 4Z6 633M 844L BK1 213 2F41 2W69 3D63 3535 4161 4E61 4P72 4Z62 636L 844K L14 214 2F47 2Y85 3D66 3536 422 4E68 4P74 4Z63 638T 854L L34 2151 2J62 2Z51 3067 3K31 3W57 433 4F31 4P76 512 639A 862L 2161 2J67 2Z52 3D68 3K4 3W60 4531 4F32 4P78 604B 652D 853L 263P 2K31 2Z51 3E60 3K1 3W62 4541 4F31 4S41 604K 653S 864A 2A51 2S31 2Z52 3E63 3N51 3W63 4545 4F32 4S43 614M 6J8 864C 2A32 2S41 2Z53 3E65 3N52 3W66 4546 4J4 4S68 614P 6K2 874A 2A61 2S62 2Z57 3F31 3N53 3W67 4064 4J1 4U31 62PK 613 884S 2A62 2S67 3111 3F32 3N54 3W68 4072 4J3 4W41 62PC 714 894S 2A65 2U77 3112 3F41 3N55 3Y85 4074 4J6 4W43 62ET 734 812 2026 2U72 312 3G43 3P64 3Z54 4076 4J62 4W63 62FA 762K 848

RESERVE ACTION for Winside against Hartington saw Randy Jacobson going in for a layup. Bob Dangberg and Keith Schmode (12) are the other Winside players shown.

Winside Winner in Battle of Wildcats

The Winside Wildcats and Hartington Wildcats tangled on the court Friday night and after a hard-fought battle, Winside won by a 20-14 deficit. The Red Hawks led at the quarters 22-15, 17-14 and 57-39.

The final regular season game is Friday night at Emerson. The Wildcats then go into action in the District Class C tournament at Emerson.

Winside Loses Wayne, Hoskins Cage Tilts

Winside ran into a hustling group of Ponca freshmen and sophomores Monday night and bowed out of the freshman-sophomore tournament at WHS. Hartington, Norfolk Burns and Coloridge were other winners.

Wednesday night games were to match Hartington and Burns in the first game and Coloridge and Ponca in the second. Finals will be played Thursday following a consolation tilt.

In the opening game, Hartington beat Stanton 58-47. David Elckhoff made 22, Charles Fleming 17 and Dennis Cummins 10 to lead the winners. The Stanton Colts were led by Orlyn Kettler with 19, Greg Vranicich with 10 and Jack Hodall with 9.

Burns beat Hartington Cedar Catholic 62-61 in overtime on a shot with two seconds left by Charles Clark. Steve Becker's 24 led HCC with Bill Burney making 18 and Dan Kattol 9. Bob Sevanning had 19 and Clark and Rusty Mailard 16 each for Burns.

Coloridge beat Wakefield 56-42. Larry Leapley had 17, Don Brandl 15 and Bill Hefner 11 for the winners. Gary Preston had 11 and Willie Nixon and Dave Peterson 9 to pace Wakefield.

Randy Jacobson's 25 points were not enough in Winside's 55-41 loss to Ponca. Keith Schmode made 7, Kirk Troutman 4, Bob Wacker 2 and Rich Duering and Larry Pfeiffer 1 each. Clark Craig with 15 and Charles Carmel with 14 led Ponca and Terry Refort and Dale Johnson each added 8.

Blue Devils Post Wins Over Hartington Catholic, Wisner; Finale Friday Night

The Wayne High Blue Devils added two more games to their collection of victories over the weekend, defeating Wisner Friday night by the score of 78-63 and Hartington Cedar Catholic Saturday night 87-39.

Wayne went to Howells Tuesday to meet Scribner in the Husker conference playoff, and will entertain West Point Friday night in the final regular season contest.

The Devils got off to a fast start in Friday night's game against Wisner, scoring 22 points to Wisner's 17. The Bulldogs came back in the second quarter with 20 points and trailed at the half 33-17.

Wayne's defense played a big part in the third quarter, holding Wisner to 10 points. Mark Robinson led the Devil's scoring attack in the third stanza with 13 points, and his aggressive defensive play was a major factor in holding Wisner to only 10 points. Wayne again scored 22 points in the fourth quarter while limiting Wisner to 16 to win the first game of the weekend 78-63.

Mark Robinson led Wayne in scoring, netting 28 points. Dean E. Elson was the Devils' leading rebounder with 16, followed by Phil Kelton with 10.

Wayne H.G. also won the reserve game, 75-53. Gordon Jorgensen led the team in scoring with 17. Dave Tiefgen had 14, Dave Brown 10, Kenny Jones and Gene Hanson 7, Lynn Lessmann 4, Larry Mix and Steve Kerl 3, George Eynon, Lavern Brown, Don Skokan, and Tim Robinson 2, and Bob Barr 1.

Wayne vs. Hartington
Coach Harold Mactejewski's Blue Devils had no trouble in winning the Saturday night game, as they outscored the Trojans from Hartington Cedar Catholic 87-39.

The Devils scored 24 points in the first quarter, half of them by Senior Dean Elson. Hartington scored 13 points, and was behind 11 points with three quarters to go. The Devils increased their lead to 49-17 in the second quarter as Elson scored 16 points.

Wayne reached the scoring peak of the game in the third quarter, bucking 26 points. The third quarter was highlighted by a fast second desperation shot by Gordon Jorgensen with 3 seconds remaining in the quarter. Jorgensen, after receiving the ball from out of bounds, tossed the ball over his head from 3/4 court and undoubtedly made the game's most spectacular shot. The Devils cooled off in the fourth period and scored only 12 points, but walked away with the win.

Dean Elson led Wayne's offense with 39 points. Elson also led Wayne under the boards, re-

bounding 23. He was followed by Gary Mordhorst who pulled down 10 rebounds.

Wayne's B-team won the preliminary game 51-37. Dave Brown was the leading scorer with 17. Lynn Lessmann had 10, George Eynon 9, Dave Tiefgen and Kenny Jones 6, and Don Skokan and Gene Hanson 2.

Wildcat Matmen in South Dakota Win

A 34-3 win over Northern State at Aberdeen, S. D., gave Wayne State wrestlers a 5-1 season before their next meet, tonight at Kearney State.

The Wildcats won four of their eight victories by pins over Northern. Heavy weight Bob Kruse continued undefeated in six matches, 160-pounder Larry Michelson and 137-pounder Ron Tope defeated in five. Tope and 152-pounder Mark

Moore, 4-1, lead in pins with four each.

After the Kearney meet, Wayne has two at home with Omaha next Tuesday and Dakota Wesleyan on Feb. 28 before going to Boulder, Colo., against the Big 8 University Feb. 28, the last dual.

Results with Northern: 123 — Bill Schwarz, Wayne, won by default over LeRoy Daily, 130 — Jeff Heibel, Wayne, defeated Tom Martin, 62; 137 —

Ron Tope, Wayne, pinned Gary Boon in 4:12; 145 — Rick Gray, Wayne, defeated Dick Bleth, 6-3; 152 — Mark Moore, Wayne, pinned Dennis Gorman in 7:24; 160 — Larry Michelson, Wayne, pinned Rich Feuerstein in 5:20; 167 — Mike Colovos, Wayne, defeated Dan Koch, 2-1; 177 — Bill Schlitzer, Northern, defeated Roger Pett, 3-2; and 187 — Bob Kruse, Wayne, pinned Jim Anderson in 8:20.

WS Swimmers Have Three Tough Tests

Unbetter in five meets, Wayne State swimmers will find this week for their last three duals, and probably their toughest tests. They defeated Concordia College, Saturday, 61-25, winning seven of nine events.

Saturday they will entertain Colorado State College of Greeley at 2 p.m. in Carlson natatorium. Coach Barclay figures the Colorado grad, coached by Wayne State graduate Bud Best, will bring the best aggregation the Wildcats have encountered—and Wayne's depth of talent may be shallow for the challenge.

Wayne has two more dual tests at St. Cloud State, Minn., Monday, and Mankato State, Minn., Tues-

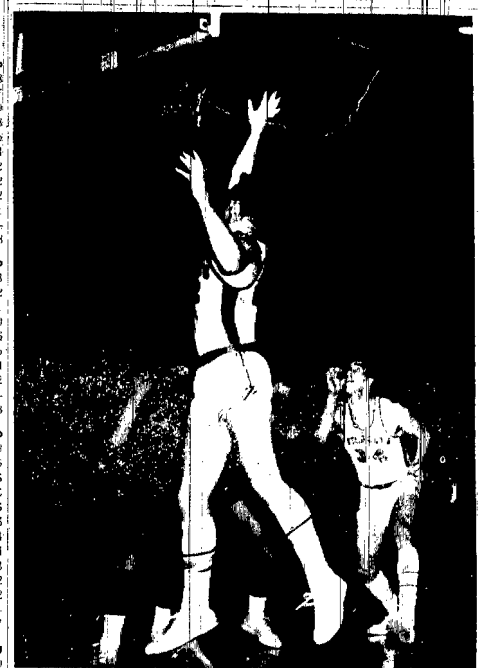

Wayne winners against Concordia: The 400-yard medley relay of Paul Cerio, Mark Williams, Keith Ritscher and Lynn Groff, in 4:32.5; Russ Nyberg in the 200 freestyle, 2:03.8, and the 500 freestyle, 4:48.1; Jim Brown in the 100 individual medley, 2:22.7; Wendell McCormick in the 300 butterfly, 2:54.7; Marty Sears in the 200 backstroke, 2:32.9; Jim Brown in the 200 breaststroke, 2:33.9.

Concordia's wins were by 10 Lecker in the 500 freestyle, 25.3, and the 400 free-style relay, with 4:17.3 by Vogel, Vogel, Landon and Jorgensen.

SELL IT WITH A WANT AD IN THE WAYNE HERALD

CUTTING LOOSE for another two points against Wisner was Dean Elson, Phil Kelton (34) and Mark Robinson are WHS players shown.

A NEW RECORD was in the making as Dean deBuhr hit again for WSC against Kearney. Wildcat Phil Borero (34) is shown coming in to rebound.

Wayne State's 109-82 Defeat of Kearney Highlighted by Dean deBuhr's Record

Fired by a spectacular 109-82 win over Kearney—including Dean deBuhr's record 43 points Saturday night—Wayne State enters the season finale of four games in eight nights this week and next.

Following a Tuesday (Feb. 15) game at Hastings, the Wildcats had Morningside on their schedule at Sioux City Saturday night, then a pair of home games with Southern State Monday and Peru State Wednesday night.

Victory over Kearney evened Wayne's Nebraska College Conference mark at 3-3, tied for second with Chadron State following Chadron's double loss at Peru. Peru, undefeated in six conference tussles, clinched the championship with only two games to play.

DeBuhr's 46-point set an all-time Wayne State single-game mark, beating his own 43-point effort a year ago against Nebraska Wesleyan. The previous record, 41, by Larry Coney, was achieved at Kearney's expense in 1962.

The new-record performance brought deBuhr within 63 points of breaking Coney's career record of 1,455. A 16-point average — his season average is 22.4 — will accomplish this feat for deBuhr.

The Charles City, Ia., senior missed his first five shots against Kearney, then swished seven straight, mostly from 25 to 30 feet out, and finished the half with 12 field goals in 21 tries — and not one free throw. Second-half Kearney defensive efforts gave Dean eight trips to the free throw line, six of them two-shoters, and he hit 10 of 15 attempts. With six

field goals, he collected 17 rebounds, far above his 6.6 average. But the game was not all deBuhr's. Even his average scoring plus the 20 points by Randy Harkabus, 10 points each by Dennis Neubrand, Rob Hontz and Bob Strathman, and a scattering from the rest would have topped the Antelope score.

Chances are others would have fattened their production had not deBuhr been blazing. Harkabus, for instance, connected on eight of 10 fielders, hinting five of seven.

Coach Al Svennington rated Wildcat efforts among the season's best. The 109-point spree has been topped only by a 112-pointer against Doane in 1960.

The half-time feature presented the Top 20 high school football players of Northeast Nebraska, as selected by the Norfolk Daily News. Players and coaches were guests of the Wayne Second Graders' club at a pre-game dinner.

The preliminary game ended the Wayne freshman squad's undefeated string after seven victories. Their 88-61 conquerors, a Wayne All-Stars team composed of alumni, current students, and others.

First Claim in Winter
Paul Fischer, Wakefield insurance salesman, had an unusual claim last week. A policyholder reported a calf had been killed by lightning during the thunder and rain storm. Fischer said it was the first claim of this type he has ever had in the month of February.

Come in and take on a tiger!

The only thing that looks low-priced on a Pontiac Tempest is its price sticker.

And that's removable.

Take it off, and there's just a pure, unabridged Pontiac: crisp, Wide-Track style and handling. A handsome interior. Plus the effervescent performance of a new, overhead cam 6 engine that puts out with all the spunk of an 8, yet saves like the traditional 6. And of course, being a Pontiac, Tempest allows you the luxury of choice—with options in engines, transmissions, suspension, practically everywhere. And like all Pontiacs, Tempest also has a standard safety package with items like seat belts to buckle-front and rear. (That ought to do for now. We'll tell you the rest when you get here.)

Dixon County Bureau Starts Petition Drive

Plans for a kickoff for the petition drive to have the property tax repealed on the state level were made Thursday evening at the county bureau office in Allen. It covered the drive to get 944 signatures in Dixon county.

Following another meeting Wednesday night of this week, volunteers plan to contact Dixon county residents for signatures. Similar drives are to be held throughout the state.

If enough signatures are obtained, the state property tax will be voted on in November. The idea came up when the drive to get the proposed income tax on the ballot was ruled valid and voters will get to ballot on that proposal so others decided they should have a right to vote on the property tax, backbone of the state tax setup.

Attends DAV Meeting

Chris Bargholz went to Kearney to attend a Saturday and Sunday DAV state mid-winter meeting. He is on the executive committee, the ways and means committee, and serves as department historian.

Concord Fireman Misses Call to His Own Place

Merced Johnson, Concord, is a faithful member of the volunteer fire department but he wasn't around Tuesday of last week when firemen went to his place. Fire wasn't the problem — it was water.

Mrs. Johnson found the basement filling with water after she noticed the house was getting cold. Water coming in due to the sudden thaw had put out the fire in the furnace.

She called Fritz Rieth and since it was the regular firemen's meeting night, he just had called made to several other firemen. No general alarm was sounded.

Firemen went to the Johnson home at the foot of a hill and used pumps to take water out of the basement. It took almost two hours and Johnson did not arrive home until most of the water had been pumped out.

Machinery being offered includes rakes, cultivators, disks, spreaders, sweeps, plows, harrows, elevators, hammermills, hoes and other items. Household goods include silverware, china, appliances, refrigerator, stove, bed, dresser, sofa oil heaters, washing machine and other items.

Ivan Nixon of Wakefield, and Orville Lage of Pliger are crying the sale which includes many miscellaneous items. First National bank of Wayne is clerking.

Concord Lagoon Gives Town Little Trouble

Concord's sewage lagoon never makes news, the town board agreed at the meeting Thursday night. The town has never had trouble with the lagoon and even this winter the extreme cold and the sudden thaw have not disrupted service.

The subject came up while council members were discussing the collection of water and sewer fees. It was decided that the man who collects for the town will get two per cent plus pay for connecting, disconnecting and other work with sewers lines.

Getting away from water, the subject of the citizens coming up drew consideration. Details on the March caucus will be given next week.

Carroll Man's Foot Injured in Mishap

Walter Redwisch, farmer living northwest of Carroll, is a lucky man. He tangled with a power take-off unit and came out of it with painful injuries but not loss of limb.

Redwisch was feeding cattle Saturday. Somehow, he is not sure how, his right foot caught in the PTO of the feed wagon and tractor unit.

Fortunately, it was a small tractor and his foot was in a shoe and overshoe so the combined strength stopped the tractor. Still, there it was, starting to snow, getting colder and he was among some noisy cattle.

Back in the house, his wife became concerned. She called to him but could not hear him answer. He was calling but the cattle were making more noise than either.

Finally, Mrs. Redwisch sent her daughter, Connie, to check. It was a half-hour after Redwisch had been caught in the PTO and she found her father trapped in the unit.

The two women found the clothing torn clear to the knee but had cut out the overshoe to get the foot free. They brought the injured

man to the Wayne hospital for care.

The doctor found Redwisch had chipped bones in his foot and had to have hundreds of stitches to sew shut the layers of skin, tendons and muscles that had been severed in the mishap.

Redwisch will be laid up for some time recuperating from the painful injuries but he is grateful he will not lose a foot and that it was not his hand that was caught. His son, Gene, who farms nearby, is handling the farm work while Redwisch is recuperating.

Visit Helpmobile Unit

Among 1,000 teachers attending the Nebraska State Education association helpmobile project in Norfolk Saturday were those from this area: Gladys Reichert, Mrs. Irene Kant, Mrs. Lena Miller and Mrs. Ruth Troutman, Winside; Mrs. Lois Dunklau, Randolph; and Mrs. Evan Bennett, Robert Porter, Carroll; Mrs. Beulah Bornhoff, Mrs. Glenn Magnuson, Loren Park and Mrs. Marilyn Snodda, Wayne. The unit offers teachers the opportunity to see outstanding Nebraska educators demonstrate new techniques. All delegates pay their own expenses. Math, science, social studies, educational television and audio-visual aids were features this year.

Man Crawls Two Blocks After Fracturing Leg

Marvin Victor, farmer living southeast of Wayne, fractured his leg Tuesday of last week during a heavy rainstorm. He had to crawl about two blocks distance to get help.

Victor had gone to the windmill to shut it off. He was walking back to the house when he slipped on some obscure ice and fell, shattering a bone in his right leg.

Mrs. Victor and two sons, Roger and Kevin, were home at the time. They used care in not jarring the leg anymore than it had been while Victor had been crawling and loaded him in the car.

He was brought to the Wayne hospital where the broken bone was reset. His sons are students at WSC and WIS and are taking care of the farm chores while he is recuperating.

Suffers Injury in Fall

Mrs. Mary Harmsier, a resident of Dahl Nursing home, suffered a fractured hip Friday evening when she fell. She was admitted to the Wayne hospital where the injured area is being treated. She is 83 years old.

'Carousel' Scheduled Here Three Evenings

A musical regarded as one of the greatest in American theatrical history, "Carousel," is to be presented Feb. 27-28 and Mar. 1 at Ramsey theatre on the Wayne State campus. A matinee performance will be presented Feb. 27 at 2.

Written by Rodgers and Hammerstein, it tells the story of a near-do-well's marriage with a gentle factory girl whom he falls in every way except he illuminates her life completely. The story, the music, the color and the settings are outstanding.

Mike Chechopous, Morfon Grove, Ill., has the lead role and Joyce Piskac, Omaha, has the feminine lead. Carol Jordan, Diana Frank, Constance Beerman, Richard Jordan and Ron Dalton are other stars in a cast of 57 with over 100 costumes and seven different sets.

Dr. Helen Russell is directing the production and William McMurtry is in charge of music. Sets were designed by Regina Rudolph and Robert Hilligas. While season tickets will be honored, reservations must be made

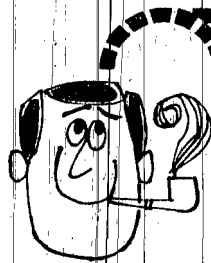

Clean Lot, Bigger Park Carroll Ideas

Carroll Community club is working on two projects aimed at making Carroll a better town. One is cleaning a vacant lot and the other is adding to the size of the park.

The lot is a big one that has been abandoned for years. It includes brush, weeds, a dilapidated building and junk.

Volunteers from the club and the community will haul away the junk, burn the brush and weeds and fix the lot up so it is no longer an eyesore. This will be a small project for the property covers a big area.

The county has decided the big huge property adjoining the park on the north. This too will be cleaned off and an old shed on the rear of the lot will be removed.
