

Parallel Parking on Main Considered by City Council

Will Wayne have parallel parking in the business district? Should painting stalls for parking be delayed until a decision is reached? Those are problems (among many) faced by the Wayne City Council. The department of roads has long suggested that parallel parking on Main be undertaken but the matter has been shunted aside.

Now the parking spaces on Main are in need of repainting and the council does not want to paint for diagonal parking if parallel parking will be allowed soon. The matter came up for discussion at the Tuesday night meeting and the department of roads will be contacted before a painting decision is made.

A. E. Patterson, Omaha, won the contract for a new switch gear at the municipal power plant. The bid of \$88,900 included a guarantee that equipment would be delivered within 240 days.

A float to represent the city and county at various celebrations is to be constructed. Councilmen voted in favor of cooperating with the Wayne Chamber of Commerce and the Wayne County Fair Board in having the float constructed.

Dutch elm disease has reached Columbus. In Wayne there are many stately elms and it is hoped they can be kept. The council has ordered a check made on a firm specializing in the care and pruning of elms to prevent spread of the disease in case it ever reaches here.

Financial matters taken up included a plan for the city to pay 50 per cent of the cost of improved insurance coverage for employees. In order to go into See PARKING page 2

Memorial Day Rites Draw Large Crowds

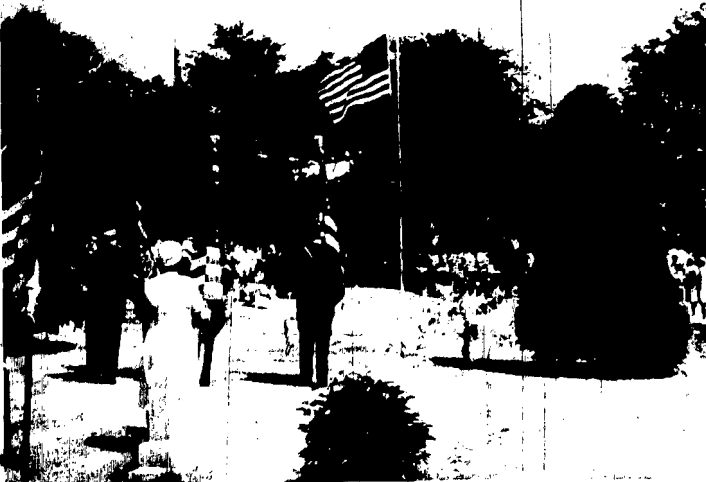

Memorial Day services in Wayne, Winside, Carroll and Concord drew large crowds Sunday and Monday. Favored by pleasant weather, all observances were held outdoors at least insofar as events scheduled outdoors were concerned.

Temperatures were in the 60's in the mornings with gentle breezes blowing. It was 10-15 degrees warmer in the afternoons but still not too warm to discourage people from turning out.

Evenings were popular for family and individual visits to graves of loved ones. With all cemeteries in top shape, the evening hours afforded the most beautiful time of the day to visit graves of deceased loved ones.

Poppies and American flags dominated the scene. Farm homes and city homes carried flags of all sizes, indicating the people had not forgotten.

In the only parade in the area, VFW and Legion color guards marched to the cemetery from the auditorium in Wayne. The WJHS band directed by Don Schumacher provided the sound and color needed. A VFW firing squad, two Auxiliaries and cars of flower girls were joined by others in a march and drive to the cemetery where services were held.

MEMORIAL DAY scenes such as this one in people gathered to honor departed loved ones marked a pleasant May day. Wayne's cemetery were common throughout the nation Monday. The many flags, the poppies and

Redeemer Lutheran Burns Mortgage Sunday in Rite

Burning of the mortgage on the parsonage of Redeemer Lutheran Church, Wayne, took place at the 4 p.m. services Sunday at the church. Pastor S. K. de Fresse presided and gave the prayers. The project is one of a series of major building projects at the church starting back in 1946. All have now been constructed and paid for.

Groundbreaking for the present church took place in 1946, the cornerstone-laying was in 1947, the church was dedicated in 1948, church mortgage was burned in 1954, ground breaking for the parsonage unit took place in 1957, ground-breaking for the parsonage occurred in 1963, the parish unit mortgage was burned in 1964; the new parsonage was dedicated in 1965 and the parsonage mortgage was burned in 1966.

The parsonage project had its beginning in late summer of 1963 when Mr. and Mrs. Emil Vahlkamp offered a gift to the congregation of a parsonage to be constructed as a part of the 50th anniversary commemoration. The gift was accepted by the congregation and work on the parsonage started at once.

Taking part in the mortgage burning were: Members of the building committee, Marvin Dunklau, chairman, Emil Vahlkamp, superintendent of the project, Richard Carman, Cecil Wriedt, Ed Gehlke and John Stever.

First Redeemer church treasurer presented the paper to Edward Krone. Mr. and Mrs. Vahlkamp touched the flame to the mortgage papers and Pastor de Fresse presided.

The drawing this week will be at 8 p.m. Thursday in order to qualify, you must be registered and you must be in one of the participating stores at the time the name drawn is announced.

'Apple Tree' Theme This Year at WPL

"Under the Apple Tree" will be the theme of the summer reading program at the Wayne Public Library this summer. The program is held annually during June and July.

Mrs. Gloria Koplin, librarian, invites all boys and girls who were in grades 1 through 4 this past year to take part. Registration will begin this coming Monday.

Apple blossoms and apples will be used to keep track of the number of books read by reading club members with prizes awarded at the end of the contest. Membership requirements include reading four books which gives a youngster an "apple tree" to fill.

Additional information on the program may be obtained starting Monday in the children's department of the library. All club regulations will be available for boys and girls then.

Mrs. Koplin has also announced a list of new books recently put on the WPL shelves. The list appears in another item in this week's Herald.

The Spook Speaks

A Wayne man and his son spent most of one Sunday looking for the boy's bicycle which was missing. Unable to find it in a thorough block by block survey, they finally turned in a description they went back home. There was the bike in the driveway but no one knows who put it back.

Some Wayne men were in a town near Omaha for golf. When through, all except one wanted to go into Omaha. The dissident vote came from one who said he had to get back to Wayne to play baseball. Reluctantly, he hurried up the Omaha trip and hurried back to the baseball player could get in his car and drive to the town where the game was. Next day one of the golfers asked the baseball player how he had done in the game. "I didn't get to play," was the reply. "In my haste, I forgot to take my baseball shoes."

A tourist was driving northwest on Highway 275. It was late at night and getting foggy along the next town. Seeing street lights, he pulled off the highway, drove until he saw a house with lights in it and stopped to ask where the hotel was. Only then did he find out he had driven into one of the well-lighted cattle feeding lots near Wisner. He decided it was fogger than he thought.

Business Notes

In the 16th anniversary observance of Arnie's the past week, three major prizes were given. All winners were from Wayne: Mrs. Bob Stanley, \$25 grocery gift certificate; Mrs. Al Voorhies, electric knife; and Mrs. Dale Lessmann, electric charcoal lighter.

WSC Summer Term to Start; Aerospace Workshop Offered

Wayne State is preparing for its summer session with enrollment scheduled June 19 and 11 for students who have not already registered by mail.

Undergraduates will enroll Friday, June 10, in the Rice Building, graduate students Saturday in the Administration Building.

The curriculum includes the usual regular subjects plus a variety of workshops. A recent addition is a Seminar on Communism from June 20 through July 1, its sessions Monday through Friday from 4 to 6 p.m.

Only one of the workshops has definitely limited enrollment - the aerospace workshop June 27 July 15, with a maximum of 45. It still has openings. A highlight of this workshop will be a flight to the North American Air Defense Command headquarters, buried in a mountain near Colorado Springs. Director Lyle Seymour reports.

The fate of the creative writing workshop scheduled to be taught by John G. Neihardt was in doubt this week. Dr. Neihardt has been ill with pneumonia, and college officials are not sure whether a replacement of his eminence can be substituted. The workshop was set for June 13-18. It might be postponed, continued with another instructor, or even canceled.

The other workshops: Remedial reading, June 27-July 13, taught by Dr. Walter Peterson; behavior in the classroom, July 18-Aug. 5, by Dr. Donald Merriman; English in the secondary school, June 13-July 1, by Mrs. Mildred Jones, open to experienced junior and senior high school English teachers; Music workshop July 31-Aug. 7, by Dr. Benjamin Bernstein, open to music majors and professional directors; play directing and producing, June 13-July 8, by Dr. Helen Russell, especially for directors of class plays; remedial speech observation, July 11-Aug. 5, by Dr. Russell in connection with the re- See SUMMER TERM page 6

Plans are almost complete for the summer band program in Wayne. Don Schumacher, who will be in charge again, invites all instrumentalists in the area to take part.

Present plans call for the first rehearsal to be held Monday, June 6, at 7:30 p.m. in the WHS band room. Bandmen from surrounding towns are invited to join the local band members in participating in a summer program.

Practice will be held every Monday night. First concert in the park is set for Friday, June 17.

The summer band program has proved popular in the past as a part of the city's summer program. Laurel and Winside bandsmen joined Wayne young people in the band program last year and WSC students also take part.

Schumacher asks that only those in high school or older take part. Anyone wanting further information can contact him at the school.

Allen Man Helps Boost Wayne Fund

Wendell Isom, Allen, helped boost the Silver Dollar Night fund in Wayne Thursday. It went up to \$200 because he was not in town for the drawing.

Isom could have taken a check for \$150 home with him. Because he was not here, the drawing this week will be for \$200. Isom received a check for \$150 as consolation.

The drawing this week will be at 8 p.m. Thursday in order to qualify, you must be registered and you must be in one of the participating stores at the time the name drawn is announced.

Tiedtke's Awarded Schools' Contract

Tiedtke's Plumbing & Heating Wayne has been awarded a contract to furnish and install eleven air conditioning units at Wayne and Carroll schools.

Six local firms had submitted bids for the project. Supt. Francis Haun met with the school board last week to open bids. The Tiedtke bid was judged the lowest at \$4,088.20.

Bids ranged from that amount upward, the highest bid being over \$2,000 higher. High bid was \$6,102 with the other bids ranging between that and the winning bid.

Tiedtke's have promised to have the installation work done by June 12, one day before summer school program starts. Workmen started on installation this week to prepare for the arrival of the air-conditioning units.

According to Supt. Haun, the air-conditioning is part of the equipment allowed under the federal aid to education plan. Rooms in the high school, West Elementary and Carroll Elementary scheduled for use this summer by classes are the ones getting the cooling units.

Another member of the Wayne Police Department has resigned. Chief of Police Vern Fairchild reports. This leaves the department short two men.

Don Tanner resigned Tuesday. He left the same day for his former location in Iowa where his family had been living with the idea they would move to Wayne when school was out.

Gordon Kibbe had resigned last month also after a short stay with the force. Tanner had been here only four months and did not tell his future plans when turning in his resignation. His uniform, his badges and his equipment.

Animals Rate Attention

Animals drew attention of Wayne police officers the past week. Dogs and cats were the subjects of calls by city residents. One complained of a cat running loose. A half-grown Siamese was picked up and impounded. Two reported dogs missing, one of them quite valuable.

Two others complained of dogs running loose. Three accidents were investigated and a vending machine was broken into resulting in other calls to the police.

Ranking highest in the tests were Marjorie Kai of District 25, Ruth Kenny of District 56, Doris Baker of District 88, Lynn Roggenbach of District 5 and Janet Wacker of District 51.

Others who took the test are Carol Barabatz, District 2, Michael Beiermann, District 8, Eddie Brodie, Steve Falk, Beverly Gries, Roger Langenberg, Douglas Moritz and Kurt Schellenberg, District 9, Hoskins, Debbie Saul, District 10. See RURAL PUPILS page 2

Tornado Warnings for Area Towns Offered as Reminder

All towns in the area except Dixon have tornado alert warnings. Dixon is seeking a new siren so it can give such warnings as well as call to fires. At present Dixon uses the siren on the truck to sound the fire alarm.

Families should note the alarms for the towns and advise their children what to do when the alarm sounds. The main thing to remember is that the alert is not intended to send people into the streets to scan skies but to send them to shelter as tornadoes have been sighted.

Carroll uses one continuous blast of the fire siren for a tornado or severe storm warning. When the siren sounds with a rising and falling of volume, it indicates a fire.

In Concord the long continuous steady blast is for a tornado or other emergency (civil defense warning to seek shelter, for instance). A rising and falling alarm is for a town fire and two long blasts indicate a rural fire.

Hoskins' alarm for tornadoes is to "turn the alarm on and run like heck" or words to that effect. Two blasts of the siren indicate a rural fire and several rising and falling blasts are sounded for town fires.

Wayne has the most involved tornado warning. It takes five minutes to give the whole thing but those aware of the system should take shelter as soon as the first blasts are given. The tornado alarm here is a one-minute steady blast of the fire siren, one minute of silence, another one-minute blast, a minute of silence and a third one-minute blast. A one-minute steady blast ought to alert everyone and the second steady blast should find everyone headed for shelters. Fire alarms are given by using the regular fluctuating rise and fall of the fire siren.

Winside uses a long solid blast without any waning for a tornado and falling if there is a rising and falling volume of siren noise, the signal indicates a fire either in the country or in town.

The tornado alarm is not sounded indiscriminately. It is sounded only when there is apparent danger of a disaster through winds or other violence. Anyone having doubts should seek shelter first and express doubts later.

Mrs. Wanda Owens, manager of Wayne Chamber of Commerce, was one of two Chamber managers recognized at a meeting of managers in Lincoln Friday. She is one of two women managers in the state.

Certificates of appreciation were presented to Mrs. Owens and to Mrs. Sharon Krickbaum, Auburn, representatives of the distaff side in chamber manager posts. Other women are secretaries but there are no other women managers.

Mrs. Owens, a hard worker for Wayne and the area, is planning to attend a training session in Boulder, Colo., in July. She is also hoping to have open house at the Chamber's new office at 108 West Third this summer.

Around 360 at Winside's Reunion of WHS Alumni

Around 360 attended the annual reunion of the Winside Alumni Saturday night in the WHS auditorium. Classes of 1927 and 1936 were honored and members of the Class of 1966 were honored guests.

There were many highlights but one of the funniest events was the style show narrated by Dallas Schellenberg with men in latest "styles" and painted up almost as much as some women are in daily life. A spoof of fashions, it was a hit with young and old.

Henry Langenberg modeled the "box style" dress, and boxy it was. Herb Wills was the "paper doll" type with a dress of tissue paper and a trailing train of toilet tissue that unraveled as he swept across the stage.

Charlie Jackson wore a spring outfit that was covered with sprays of different sizes; Stan Soden wore a tea gown which was covered with tea bags and tea labels topped off with a teapot.

George Voss modeled a cocktail dress covered with peanuts in the shell and pretzels; George See WINSIDE ALUMNI page 6

Counties of Area in Need of Moisture Soon, Experts Say

Unconscious Yet

A 74-year-old Winside man, Oscar Mand, remains unconscious in the Wayne Hospital. Mand was injured May 12 in an accident on a county road between Wayne and Winside and has been unconscious since that time. He has now been unconscious for almost three weeks and his condition has not changed one way or the other.

Area Shippers

Area shippers to Sioux City last week included Bill Kay, Wayne, 35 steers, 1064 lbs., \$23.00 cwt. Shipping to Sioux City last week was Eldon Thies, Winside, 25 steers wt 953 lbs., \$24.90 cwt.

Rural Pupils Get Grades Following Entrance Tests

Test results have been received for the 65 eighth grade pupils who took high school entrance examinations in early May. Supt. Gladys Porter said all rural pupils, St. Mary's pupils and Public and Lutheran Parochial pupils in the eighth grade took the tests.

Ranking highest in the tests were Marjorie Kai of District 25, Ruth Kenny of District 56, Doris Baker of District 88, Lynn Roggenbach of District 5 and Janet Wacker of District 51.

Others who took the test are Carol Barabatz, District 2, Michael Beiermann, District 8, Eddie Brodie, Steve Falk, Beverly Gries, Roger Langenberg, Douglas Moritz and Kurt Schellenberg, District 9, Hoskins, Debbie Saul, District 10. See RURAL PUPILS page 2

Five Going to Lincoln

Five Wayne County 4-H club members are leaving Tuesday, June 7, for a week in Lincoln. Occasion is the annual 4-H Club Week. A picture of the group and details of their sponsorship will be carried next week. Representatives of this county, according to Agnet Hasild (Ingalls), are Kathy and Sandy Frank, Ann Barsbman and David and Sheryl Roberts.

Two Sign, Two Are Needed in Schools

Two more instructors for District 17 schools in Wayne and Carroll have been signed. Supt. Francis Haun reveals. Two more are needed to complete staffs of the three elementary schools and the high school.

Margaret Boe, Sioux City, is to be the kindergarten teacher in Carroll. She will also teach some remedial courses in the district.

Miss Boe was graduated in April from Wayne State. She was a cheer leader, a Pep Club officer and on the dean's list. Her major is in elementary teaching with a minor in English. Practice teaching was carried out in Omaha at Westside and Underwood Hills.

County Agent Harold Ingalls said he did not feel the situation was critical yet but he admitted the area was in need of a good general rain. He said the moisture situation gets worse as one goes west and north from this county. East and south of Wayne is in far better shape, he confirmed.

The region is falling behind the average for the period in rainfall. In most years it would have received two inches more rain than has fallen so far this spring.

In the west there were scattered showers as of Wednesday morning. Even some of these could help but everyone would be happier if they developed into a general rain. A stationary cold front is holding showers back but eventually they should move this way and everyone in the area (even those who just washed their cars) wants some of them to hit this region.

Firemen Called Out; Fire Whistle Sticks

Wayne firemen were called to a rural fire Tuesday afternoon. They were out of town before the whistle stopped blowing and the alarm kept sounding for another two minutes.

The fire was at the August Thun place six miles north of Wayne on Highway 15 and three fourths of a mile west. Fire burned corn stubs and did some damage to a tractor tire.

Workmen had been shelling corn in the area so it is thought a spark could have caused the blaze. Flames broke out in two places. The firemen had both out before much damage resulted.

Meanwhile, back in town, the alarm continued to sound. After the first wavering blasts, the siren stuck. It sounded for three minutes in all, most of the time in a steady blast that had residents scanning the clear skies looking for a tornado funnel.

THESE 'GIRLS' presented a style show at Winside's Alumni banquet Saturday. Dallas Schellenberg, left, narrated. From left the curies are: Henry Langenberg, Herb Wills, Charlie Jackson, Stan Soden, George Voss, George Jaeger, Chester Moritz and Dennis Boyers.

Area Trade School on Agenda for Kiwanians

An area vocational-technical school is to be a feature topic for presentation at Wayne Kiwanis Club in the near future. The activities of the past and of the future were discussed at this week's meeting.

The group met at the Women's Club rooms Tuesday noon instead of Monday noon due to the Memorial Day holiday. Bill's Cafe hosted the affair.

Since the approval by over 85 per cent of the South Central Nebraska counties of a trade school at Hastings, interest is rising in trade school proposals in other areas. Film strips and other presentations on the Hastings project are being made available to units such as Kiwanis club.

Dick Manley was program chairman but turned the session over to the president for reports on past and future projects. Paul Young, Norfolk representative of United States Gypsum Co., was a guest of the club.

Over \$900 Damage Reported to Cars

Police investigated three traffic accidents the past week. Over \$900 damage was done to six vehicles. Officers Keith Reed and Dan Tanner investigated a collision May 23 on Lincoln Street. Robert Peterson, Wayne, was driver of a southbound car which drifted across the street and struck the parked car of Richard Miller, Hoskins. Damage came to \$341.10 to the Peterson car and \$266.70 to the Miller vehicle.

The following day at Seventh and Logan, Officer Keith Reed investigated a two-car collision. Alfred Grenier, Blair, was eastbound on Seventh, and Rudy Carstens, Wayne, pulled onto Seventh after stopping. Sun glare reduced visibility and he did not see the Grenier car. Damage came to \$72 to the Blair car and \$58 to the local car.

May 26, at Pearl Street and the railroad crossing, Chief of Police Vern Fairchild investigated an accident. Jerry Lee Brasch, Wayne, pulled out of an alley along the tracks, made a right turn and failed to see Mrs. F. A. Suber coming from the south. The Brasch car crossed the center line and the vehicles collided. Damage was estimated at \$86.54 to the Brasch car and \$150.65 to the Suber car.

Three of Five Driver Violations Speeding

Three of the five court cases the past week in County Judge David Hamer's court involved speeding in the city. The other two also involved traffic violations.

Robert Beckelman, Pierce, was charged with speeding May 24. Officer E. L. Hailley brought the complaint. Fine for Beckelman was \$25 plus \$5 court costs.

The same day, Mrs. Dorothy Brooks appeared on a speeding charge and paid \$10 fine and \$5 costs. Chief of Police Vern Fairchild brought the complaint.

May 27, Mrs. Marilyn Young, Wayne, was fined \$10 on a speed violation and also paid \$5 costs. Chief Fairchild filed the complaint.

Jerry Lee Brasch, Wayne, was charged with driving left of center May 27. He paid \$15 in fine and court costs on the charges brought by Chief Fairchild.

Also heard that day was the case of Robert Peterson, Wayne. Charged with careless driving he paid \$25 fine and \$5 costs. Officer Keith Reed presented the complaint.

Telephone Caller Says City 'Lucky'

Wayne is lucky to be getting back to normal after an explosion at the city's water plant, a telephone caller Monday evening said.

Michael Hofkin, a former member of the Peace Corps who taught English in Thailand, spent almost 20 minutes, talking to Dr. J. M. Brown in Wayne. The Thailand youth will stay at the Brown home for a year as an exchange student.

In the first place, Browns learned the pronunciation of Phadet's first name. The "P" is silent and the accent is on the second syllable, PAD-ET.

Hofkin, who stayed in the home of Phadet's uncle, who is also a teacher, said the Thailand youth is an exceptional young man with a good outlook, an inquiring mind and a likable personality. He is not tipsy socially but he was one of the few who asked questions in classes.

The Philadelphia native gave new members of the council a rundown on plans and operations underway in street, sewer and water improvements; a 4-inch water main between Fourth and Fifth east of West Elementary was discussed; and the council approved membership for the local VFD in the National Firemen's Association.

Kathryn Perry Marries Darrell Connick In Rites At O'Neill Methodist Church

Kathryn Elaine Perry, daughter of Mr. and Mrs. Dale Perry, O'Neill, and Darrell James Connick, son of Mr. and Mrs. Darrell Connick, Elgin, were married May 15 at First Methodist Church, O'Neill. Rev. Melvin Cammack officiated at the afternoon rites. Music was furnished by Georgia Walters, Allen, soloist and Mrs. Harold Seeger, O'Neill, organist.

The bride given in marriage by her father wore a floor-length gown of white organza. The fitted dress featured a seamy neckline edged with appliques of alencon lace. The bodice skirt featured a chapel train. Her veil of silk illusion was held by a headpiece with crystal drops. She carried a cascade bouquet of pink roses on a white ribbon.

Mrs. Leon Daum, Wisner, served her sister as maid of honor. Bridesmaids were Marilyn Perry, O'Neill, and Mrs. Don Morey, Sioux City. They wore street length gowns of light blue satin with matching veiled headpieces and each carried bouquets of white colonial mums.

Bel Zaid, Russell, was best man.

Groomsman were Ronald and Kenneth Connick, Elgin. Terry and Jeff Connick lighted the candles. Ushers were Leon Daum, Wisner, Denny Radtke, Pender, and Don Hayne, Lincoln. Lori Thompson, Verdigre, was flower girl. Allen Leeson, Sioux City, was ringbearer.

A reception was held in the church parlors following the ceremony. Guests were greeted by Mr. and Mrs. Clay Johnson, jr., O'Neill. Mrs. Lyle Scranton, Norfolk, registered the guests. Cheryl Holtz, Wisner and Ann Johnson, O'Neill, cut and served the wedding cake.

Mrs. Edwin Morey, Sioux City, served punch. Mrs. Charlie Wood's, Palmer, poured. Mrs. Dean Perry and Mrs. Ray Calkins, O'Neill, Mrs. Jim Morey, Sioux City, and LaVeta and Diane Philbrick, July Block, Mrs. Wayne Newton and Annette Schulte, of Wayne, and Mrs. Tom Osborn, O'Neill, served at the bride's table.

The bride attended O'Neill Public School and WSC and is employed at the First National bank, Wayne. The bridegroom graduated from Rock County High School and is presently a junior at WSC.

Tom Fulcher's Batting Average Leads to Selection As Most Valuable at WSC

Wayne State Catcher Tom Fulcher originated a neat mathematical equation this season. .537 = MVP. His baseball teammates figured this to mean that a .537 batting average should mean a Most Valuable Player citation, and that's what they voted the senior from Fonda, Ia., who now makes Wayne his home.

Hit bat work ranks No. 1 in the latest NAIA national baseball statistics, well ahead of the second-place average, .511. Fulcher hit 29 times in 54 at bats, scored 18 runs, batted in 13, and stole 17 bases. That last statistic probably would rank high in the national figures if the NAIA club, listed stolen bases.

Wayne States appeared in two other national ratings. Senior Left Fielder Bob Garcia is tied 1st in average number of home runs per game with seven in 21 games, a .33 average. This is one of several reasons teammates voted Garcia honorary captain. Among other reasons a .277 batting clip, 23 in 75 at bats, and 17 runs batted in.

Bob Symonds, sophomore center fielder, ranks fifth nationally in RBI's per game — 28 of them in 21 games, a 1.33 average. His batting average of .254 was second highest among Wayne regulars. Brother Rich Symonds, second baseman, was Wayne's fourth highest in batting with .338.

Two other Wildcat starters hit above .300. Steve Feinstein, 3B, and Larry Hoffmeyer, 2B.

Several clubs with limited hitting contributed to the team's 14.301 average. Steve Backhaus (3B), .71 was 199. Doug Westwood (1B) for Dirks, Lori and Karl Erwin, Dean Hanson, Andy, Pam and Clark Holdorf, Kelly Kordell, Brian Johnson, Mark Martindale, Scott and Chuck Nelson, Kirk Peters, Rocky Reese, Sandy Taylor, and Rene Wallin, Mrs. A. J. Collins, Mrs. Gary Erwin and Mrs. Delmor Holdorf.

Larry Mix and Lynn Lessman had the extra base blows for Wayne. Mix hit a homerun with two men on and hit a double with two men on. Lessman batted out a triple to open the second inning.

Other hits for Wayne included two singles each by Gordon Jorgenson, Steve Schram and Wayne Davy Tietgen and a single for the locals, Jack Morris had the homer for Norfolk and Randy Mergenson hit the double.

In the Junior game, Dean Eloffson went the route for Wayne, striking out nine and giving up seven hits. Marty Jirovsky and another player unidentified in the Wayne scorebook allowed seven hits and struck out 16 while hurling for Norfolk.

All seven hits for Wayne were singles. Mark Johnson and Eloffson each had two and Randy Jirovsky each had one.

Jirovsky had a triple and a double to lead Norfolk's attack. Doug Osborn hit a triple and a single, Rod Nathan two singles and Wying one single.

No box scores are carried on the game as the scorebook was incomplete for both games. In the future box scores will be carried when complete reports are available.

The summer baseball program for all boys in the Winside area who are interested will start Monday, June 6, according to Tom Fulcher, who has charge of the program for the second year in a row.

Boys in the Winside region between the ages of 7 and 14 should be at the diamond at 1 p.m. Monday. With tournaments scheduled for both Peewees and Little Midgets, Coach Fulcher is hoping more boys will want to participate.

Weekend games will be scheduled out of town than last year. The entire program is being worked in with the summer recreation program being offered by Winside Schools.

Five Confirmed in Church at Concord

Five young people were confirmed Sunday on the "Festival of Pentecost" at Concordia Lutheran Church, Concord. Pastor John Erlandson spoke on "Our Confirmation Prayers".

Confirmation admits the young into full membership of the congregation with all its rights and responsibilities. Sunday, June 5, the group confirmed will receive the sacrament of the Lord's Supper for the first time.

The five confirmed Sunday were Kathryn Carlson, daughter of the Ervins, Carl and Linda Ervin, daughter of the Clifford (Pat) Ervins, all of Wakefield, Thomas Erwin, son of the Verle Erwins, and Peggy Vollers, daughter of the George Vollers, all of Concord; and Glenn Magnuson, Wayne.

Both the junior and senior choirs of the church sang at the festive services, the junior group singing "All Creatures of Our God and King" while the senior choir sang: "O, Jesus I Have Promised" and "The Lord Bless and Keep You."

Pastor Erlandson confirmed the class. Many friends and relatives of the young people were present for the special service in Concord Lutheran Church.

Wayne, Norfolk in Split in Baseball

Wayne's Midgets scored a 17-11 win over Norfolk Tuesday night on the latter's diamond. The Norfolk Juniors came back to earn a 7-2 decision over the locals in the nightcap.

Coach Hank Overin's teams play Friday night at Wakefield with the first game at 6. Sunday afternoon two games are scheduled on the local diamond against Laurel, first game at 1.

Delmar Walker came up only two hits in pitching the Midgets game. However, one was a home run and the other was a double. They fanned six Norfolk players.

Magnuson, Strait and Tundum shared hurling duties for the losers. They gave up 10 hits and struck out a total of two Wayne batters.

Larry Mix and Lynn Lessman had the extra base blows for Wayne. Mix hit a homerun with two men on and hit a double with two men on. Lessman batted out a triple to open the second inning.

Other hits for Wayne included two singles each by Gordon Jorgenson, Steve Schram and Wayne Davy Tietgen and a single for the locals, Jack Morris had the homer for Norfolk and Randy Mergenson hit the double.

DO-IT-YOURSELF STYLE: Co-eds in the basic design art class taught by Richard Lesh at Wayne State are in high style these days, sporting costume jewelry that's "in" back east, at high prices. But their jewelry cost only their own labor and a few items like papier mache, clay, paint. Pic-

tured exhibiting some of their bracelets, earrings, necklaces and rings are (from left) Alice Turner of Wayne, Carol Cook of Newcastle, Judy Seieroe of Mapleton, Ia., and Donna Steen of Holstein, Ia. Nine others in the class created similar jewelry.

far right, Dr. Warren Williams. June 28—Communism and geography, Dietmar Kellermann; the socialist deck, Dr. Hansen. June 29—Russian foreign policy aims today, Dr. Hansen; economic determinism, Charles Hubbard. June 30—Communism in Cuba, Dr. Rafael Sosa; Chinese brainwashing, Dr. Hansen. June 31—Question-answer session and test.

Winside Alumni -

(Continued from Page 1) Jaeger wore a pin-stripe dress which included clothsplins, rolling pins and safety pins; Chester Maroz wore a dinner dress complete with plates, forks, spoons and a pan for a hat; and Dennis Bowers wore a sports outfit which included a "slip over" that was really a slip which slipped over the rest of the outfit, including the can-can skirt, flounced out with real tin cans.

Eulalie Brugger, Somme y, Georgetown, Calif., received a corsage for coming the greatest distance among women graduates.

Lavern Lewis, Seaside, Ore., was given a boutonniere for being the man traveling the greatest distance.

Potted plants went to Mrs. Lucille Schroeder Smith, Des Moines, representing the Class of 1936, and Mrs. Elsie Ecker Janke, Pilger, representing the Class of 1927.

Program numbers included the invocation by Rev. H. M. Hilbert, welcome by Alvin Schmode, response by Roger Hill, presentation of corsages by Mrs. Russell Hoffman and Mrs. LeRoy Barner; minutes of the 1965 banquet by Mrs. Hoffman, treasurer's report by LeRoy Damme, historian's report by Mrs. Barner.

History of the Class of 1927 by Mrs. Alfred Janke, trumpet solo by Keith Kruetzer, accompanied by his mother; history of the Class of 1936 by Alvin Schmode, school song by everyone and music before the banquet by the WINS dance band directed by Mrs. Jane Laubig A. dance at the City Auditorium concluded the evening.

Pictures of most classes from 1921 to 1965 were displayed in the hall throughout the evening. Letters from graduates were available for the many who stepped to read them. Women of St. Paul's Ladies' Aid prepared and served the meal.

Officers elected for 1967 are: Hollis Francis, president; Bob Koll, vice president; Arlene Preisker, secretary; Herb Jaeger, treasurer; Jim Troutman, historian; Dottie Walker, table chairman; and Dennis Bowers, program chairman. All are from Winside except the president, who is from Norfolk.

The officers for this year's gathering were: Alvin Schmode, president; Norris Janke, vice-president; Mrs. Russell Hoffman, secretary; LeRoy Damme, treasurer; Mrs. Werner Janke, program; Mrs. George Farran, decorations; and Mrs. LeRoy Barner, historian.

Ann Sabs Garners Most Schuyler High Honors

Ann Sabs, daughter of Mr. and Mrs. Melvin Sabs, former Wayne County residents, gained a lion's share of the honors for the senior class at Schuyler High School this year. She is granddaughter of Otto Sabs, Wayne.

Commencement fell on Otto Sabs' birthday so the pleasure was doubled. Ann's mother is the former Adeline Rehms, Carroll.

Honors coming to Ann were: Rotary Club selected her as honor stu-

Ann Sabs

dent of the year; she was valedictorian of a class of 97. She received a \$300 University of Nebraska Foundation scholarship. She won a recently altered scholarship.

She was secretary of the band organization in which she played the flute; twirled baton with the marching band; was a member of matrilial and chorus; was in German and Science Clubs; was varsity cheerleader; is zone secretary of Walther League; and is active in Trinity Lutheran Church.

Ann plans to attend St. Olaf College, Northfield, Minn. She is a recipient of a scholarship from that school also.

One Swimming Group at Winside Has New Time

Winside's physical development program for the summer is ready to go as planned except that the time for one group of swimmers to report has been changed. Those in the group are asked to make note of the change.

Supv. Wayne Gessriech said one group was scheduled to report at 1:30 p.m. Monday, June 6. Instead, the members of the group should report at 1 p.m. at the high school.

Girls going swimming should be sure to bring swimming caps. All swimmers must furnish their own suits and towels.

Swimming will take place at the Wayne State College pool. A school bus will be used to take participants to Wayne and bring them back to Winside.

Interesting Tour Planned for WSC

It might be difficult to picture as interesting an event which has the title of General Semantics Testing Demonstration.

But it will be interesting—from 1 to 5 p.m. Tuesday, June 14, in the Wayne State Fine Arts Center.

For a catcher title, the demonstration might be labeled something like "The World of et cetera," or "Pardon, your words are showing," or "Do you really mean what you said?"

At any rate, the demonstration is a serious program for the public arranged by college speech students, with Mark Liebig as the chairman.

Perhaps a brief definition of semantics will clear up doubts. The International Society for General Semantics defines it thus: General Semantics is the study of the relations between language, thought, and behavior; between how we talk, therefore how we think, and therefore how we act.

The demonstration is not a formal program, but a series of exhibits which visitors will observe, take part in and respond to. A tour of the exhibits in various parts of the Fine Arts Center will take 20 to 30 minutes of fascinating time.

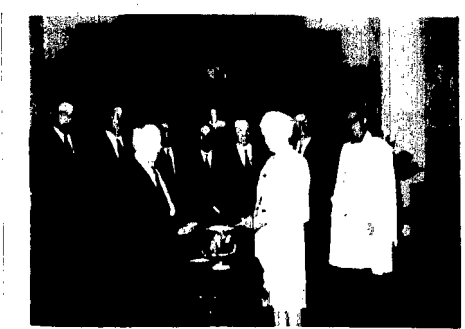

Carroll Vehicle Goes Into Ditch Saturday

A truck and trailer unit owned by Davis Fred & Grant, Carroll, went into a ditch on Highway 57 in Cedar County Saturday. It was driven by Lawrence Apking, Win side.

Trooper Dale Johnson, Plainview, who investigated, said Apking was pulled off the road and into the right ditch after he hit loose gravel. The load shifted and the frame of the tractor was twisted.

Although the unit did not overturn, it was believed the tractor was a total loss. Damage to the trailer was said to be minor.

The driver was injured in the mishap. A relief driver, Norman Anderson, Carroll, suffered pulled ligaments. He was in the steering of the cab at the time.

MORTGAGE BURNING took place Sunday at Redeemer Lutheran Church, Wayne. The story is on the front page. Shown in front are Mr. and Mrs. Emil Vahlkamp. Left to right in the rear are Richard Carman, Marvin Dunklau, Ed Gronc, Ed Gathje, John Siav, Cecil Wriedt and Pastor S. K. de Freese.

Funeral Services For Mrs. Jensen Held At Carroll

Funeral services for Mrs. Martin Jensen, 80, were held May 19 at Bethany Presbyterian Church, Carroll. Mrs. Jensen died May 17.

Rev. Gail Axen officiated at the rites. Music was furnished by Erwin Morris, R. I. Jones, Leonard Pritchard and Tvor Morris, vocalists, and Mrs. Lem Jones, pianist. Pallbearers were Eimer Jones, Tom and Adlen Pritchard, Owen and William Jenkins and Enos Williams. Burial was in the church cemetery.

Effie Pearl Oman, daughter of Peter and Martha Oman, was born Oct. 3, 1885 on a farm near Wayne. She spent most of her lifetime in Wayne County. She was married Oct. 4, 1905 to Martin Jensen at Wayne.

She was a member of Bethany Presbyterian Church, an honorary member of the Ladies Aid and taught Sunday school for many years.

She was preceded in death by her parents, her husband in 1925, her daughter, Mrs. Clifford (Frances) Lindsay in 1965, two sisters and four brothers.

Survivors include two sons, Arthur and Peter, Winside; two daughters, Margery, Winside, and Mrs. Otto (Jay) Maas, Laurel, five grandchildren; nine great-grand-

The Seminar on Communism is an unusual feature providing a thorough study of communism, its theory and practice from the origin to the present.

Students may enroll in this seminar for credit, or audit it for enlightenment without taking the final test, according to Dr. Gerald Hansen, director.

The seminar's schedule of lectures:

June 20—The communist revolution in theory, by Dr. Hansen, and party organization and procedure in the U.S.S.R., by Dr. Tom Stevenson.

June 21—Communism's ventures in America, by Dr. J. R. Johnson, and the communist revolution in theory (second part), by Dr. Hansen.

June 22—Sino-Russian ideological differences, by Dr. Hansen; The period of American intervention, by Dr. W. A. Brandenberg.

June 23—Communism in Latin America, by Dr. Thomas Flicke; Sino-Russian ideological differences, Dr. Hansen.

June 24—Capitalist exploitation, Dr. Hansen; communism and agriculture, Allen Appien.

June 27—Capitalist exploitation, Dr. Hansen; the answer from the

children and numerous nieces and nephews.

THESE ARE OUR DEAD

There are 385 names in this article, each a victim of a traffic accident in Nebraska during 1965. While each name has been published before, never have all 385 been combined. The total picture emphasizes the ghastly toll of traffic fatalities in 1965. An even larger number may die in 1966.

State officials in Lincoln have the uneasy task of keeping such records and preparing such lists. This newspaper publishes it in hopes you will be encouraged to drive more carefully. We do not want your name to appear in such lists.

These names represent only a fraction of the persons involved in automobile accidents in Nebraska last year. Thousands were injured, some crippled for life.

It is not always the "other guy" who is involved. It is not always the drunk, or speeder, or teen-ager who causes a wreck. It is not always "someone else" who suffers.

This senseless slaughter on our highways demands your concern!

"Only by your constant efforts to practice sound driving habits and to promote traffic safety can we reduce this terrible human carnage resulting from auto accidents," is how the Nebraska Insurance Information Service sums it up.

Won't you join this crusade for safety? It could save your life!

I WILL CONSIDER:

- BUILDING SITE—** How can I select a site which will cause my home to accrue in value?
- BUILDING ORIENTATION—** How can I use my building site to get the best appearance and take advantage of sunlight and cooling breezes and at the same time reduce my heating costs by proper room arrangement?
- PROPER INVESTMENT—** How do I determine the total home investment which is economically sound for me to make?
- SIZE OF ROOMS—** How do I decide whether to make my living room smaller in order to have a larger kitchen? Should I plan my laundry in the basement or on the first floor?
- PLAN TO BUDGET—** How can I plan my home so that its cost will not exceed my budget?
- COST OF MATERIALS—** Where can I find the cost of different materials so I can decide whether I can afford a fireplace or perhaps a second bathroom?
- NEWEST MODERN IDEAS—** Where can I get exciting new and modern ideas of planning and design so that my 1965 home will not be "an old model" when it is completed?
- EXTRAS—** How can I be guaranteed that there will not be any "extras" in cost after construction is started unless I have approved them?
- QUALITY OF WORKMANSHIP—** How can I be certain that all workmanship whether concrete foundations or cabinet work in my kitchen is as it should be?
- BEST FINANCING PROGRAM** Where can I get information about all of the different kinds of mortgages and how can I determine just which type of financing is best for me?
- COMPLETE HOME BUILDING SERVICE—** Where do I go to arrange all details of my home planning and building program and where do I arrange my financing?

OUR HOME PLANNING AND BUILDING SERVICE

is organized to handle every step of your home building program. This is a very valuable service. It could be expensive. However, it is available to you without any cost. If you are planning to build or buy, come in and talk to us. No obligation.

Wayne Native Doing Research on Killing Enemy of All Homeowners—Crabgrass

Robert (Leon) Parenti, son of Mrs. Dorothy Parenti, Wayne, is fighting a battle against crabgrass. However, his work is going on in a laboratory.

A graduate student in botany at Oklahoma U., he is too much of a scientist to go around carrying a "Stamp Out Crabgrass" sign. His work nevertheless makes him a "comrade-in-arms" of thousands of lawn growers who consider crabgrass a mortal enemy.

Parenti, 33, attended school here and received a bachelor of science degree from WSC in 1960. His master's degree was earned at South Dakota U. and he spent a four-year stint in the air force. He is working on a doctor of philosophy degree at OU.

In research on "digitaria sanguinalis" (crabgrass), he plans to show that the plant inhibits the growth of higher plants by producing a chemical that gets into the soil and stunts the development of its competitors. He has also been working on a related subject, a study of inhibitors of nitrogen-fixing and nitrifying bacteria, for three years.

Bacterial inhibition results in the reduction of nitrogen compounds necessary for the survival of higher plants. Parenti and a colleague believe this explains why it may take up to 100 years or more for an abandoned field to revegetate into true prairie.

He has received several honors this year in his work. Apr. 29 he presented a paper on his research at the Southwestern Association of Naturalists, Kingsville, Tex. It was judged the outstanding presentation in botany at the meeting.

Some day a practical scientist will come along to use Parenti's findings and develop a way to free lawns from crabgrass. Right now the OU student is more concerned with completing his dissertation and getting a job doing research on the ecology of desert plants.

Crabgrass does, as Parenti suspected when he started the study

three years ago, inhibit higher plants. He grew grasses in vials containing solutions made up of five parts crabgrass extract and one part nutrient solution. In a control group, vials contained five parts distilled water with one part nutrient solution. Grasses were much healthier in the control group.

Parenti eliminated the possibility that crabgrass "out-competes" other plants in getting nourishment. He used a system of recirculating pumps so crabgrass and all plants received the same nourishment. Withering plants resulted where solution went from crabgrass to other plants.

It all adds up to a lot of scientific work the layman would not understand. However, everyone can understand the need to find a crabgrass destroyer and the work this Wayne native is doing is being watched carefully in Oklahoma and all across the nation where word of his experiments and investigation has reached.

Area's Rural Carriers Cited for 'Bird Count'

Rural carriers in the area have been cited for assisting the state game, forestation and parks commission with counting game birds. Certificates have gone to most of the post offices in the region.

At Dixon and Concord, Anthony McGowan is the present carrier. At Hoskins, Clint Reber is carrying mail on the rural route. Winside's rural mail carrier is Dallas Schellenberg. Carriers working out of Wayne on rural routes are Joe Dorsey and Jim Thomas.

In all cases, the men named are those presently carrying mail. Since the citations cover the 20-year period rural carriers have been helping with the count, they would include all who carried mail on rural routes out of the towns since 1946.

ROBERT PARENTI, Wayne, graduate student in botany at Oklahoma U., is shown using a recirculating pump system to analyze the effects of one plant on another plant in the same environment in his crabgrass study.

Hoskins Youth Has Close Call Thursday

Roger Deck, son of Mr. and Mrs. Norman Deck, Hoskins, was the sole occupant of a pickup that suffered \$500 damage Thursday night when it overturned. The youth suffered minor cuts, bruises and bumps.

Deck, a pupil at Winside High, was northbound on a county road about one mile east of Hoskins. As he topped a hill, he saw a car stopped on the road in front of him.

Gary Fowler, Hoskins, had stalled his car on the hill. It had rolled back and finally across the road.

When Deck saw the stalled car, he started applying brakes but was unable to stop on the gravel road. He missed the Fowler car but the pickup went into the ditch and overturned. Trooper Marvin Adams, Nebraska Safety Patrol, investigated the mishap. Deck did not require medical attention.

Baptist Bible School Gets Underway Monday

Vacation Bible School will start at First Baptist Church, Wayne, Monday, June 6, and will be held daily from 9 to 2 through Friday, June 12. All boys, girls and young people age 4 through 14 and over are invited.

Pastor Frank Pedersen reports lunches should be brought for the noon meal. A school picnic Saturday, June 11, from 10 to 1 will conclude the school with a program at Sunday services June 12 winding up all Bible School activities.

"The Word of God for My Life" is the theme of the Scripture Press Bible Course. Bible stories, hand crafts, singing, games and instruction will be included.

Mrs. Pedersen is director with teachers being Mrs. Violet Swanson, Mrs. Judy Peters, Mrs. Crystle Carlson, Mrs. Jane Pennington and Jerrine Ream. Pastor Pedersen will present daily devotional messages.

Mrs. Margaret Peterson will supervise daily refreshments assisted by women of the WMS. Daily missions offering will be presented to the American Bible Society, 150 years old this year.

Peace Corps Test Set

Area residents interested in working with developing nations around the world can take Peace Corps placement tests Saturday, June 9, at 9 a.m. in the Norfolk post office. Tests are used to determine where applicants can best be utilized and there is no "grading" of them.

Troop Will 'Rough It' For One Week in June

Troop 173 Wayne Boy Scouts, is planning to "rough it" at Camp Eagle wilderness camp the week starting June 19. In contrast to the camps with all of the comforts of home, wilderness camp provides few facilities.

Scoutmaster Claude Harder said the Scouts would do their own cooking while living in tents for a week. Hauling water, fixing fires, cleaning up and other activities will be on the "pioneer" level.

According to Harder, two Explorer Scouts are to accompany the Boy Scouts for the camp. Some fathers are also expected to camp out with the boys near Fremont.

Both Troop 173 and Troop 174 assisted with traffic for the Memorial Day observance in Wayne. Other activities are also being planned for the summer by the two troops.

Plainview Man Gives Concord Station Fund

Marion Rasmussen, Plainview, one of 12 farmers throughout the nation selected as 1966 Ford Farm Efficiency Award winners, has presented a \$500 prize he won to the University of Nebraska North East Station according to The Plainview News.

The grant will be used for research in swine nutrition in total indoor confinement feeding of hogs. It was accepted on behalf of the station by Richard Adkins, Osmond, NU regent.

Rasmussen has been honored in several ways by Ford's implementation division for his progressive methods of farming and ability to make a good return on investments. Plainview honored him with a "Marion Rasmussen Day" at which awards were presented at a banquet attended by over 150.

The first sermon in Wayne County was preached by a woman.

Special Awards for Fair Work Revealed

Wayne County Home Extension Council has announced special awards for the best exhibits in various classes of the women's department at the Wayne County Fair Aug. 11-13. Anyone wanting further information should contact County Agent Harold Ingalls.

The council's fair committee will accept suggestions for items not included in this year's book for the 1967 premium book. Only articles listed in this year's book will be accepted for competition this year.

Special awards announced include \$250 gift certificate from Arnie's for the best jar of canned halved peaches and Henry Field \$3 certificate, best exhibit of duchess apples. Following are the other awards, all \$2 gift certificates given by the firm named.

Arnie's, best divinity; Arnie's, best pillow using Swedish weaving; Arnie's, best handkerchief with crocheted edging; Arnie's, best house dress; Arnie's, best original oil painting; Arnie's, best doughnuts.

Gurney Seed & Nursery, best green sweet peppers, County Home Extension Council, best whole wheat graham bread, CHEC, best unfrosted Chiffon cake, CHEC, knitted table judged best in its class, and CHEC, appliqued lunch cloth judged best in its class.

Many Cubs Get Awards During Pack Meeting

Many Cub Scouts in Pack 175 received awards at a pack meeting Tuesday night of last week. Den mothers and den fathers who have served a year or more were honored with corsages and boutonniere.

Mrs. Harvey Grosse had charge of the program. It was on "Animals in the Jungle," Cub theme for the month.

Bobcat awards went to Virgil Kordell, Damon Rockwell and Ben Hedrick. Wolf badges to Arlin and Gene Carver, Charles Brockman, Jack Froehlich, Brad Hedrick, Steve Sauer, John Carlson and Steen Anderson. Lions to Mark Schram, Stanley Casner, Greg Stannier, Arlon Carver and Kerry Jech.

Gold arrows to Phil Koerber, Steen Anderson, Matthew Olson, Dick Carlson, Mark Rasmussen and Brad Harder; silver arrows to Phil Koerber, Steen Anderson, Matthew Olson, Kevin Jech, Randy Milligan, Dick Carlson, Doug Straight, Mark Rasmussen and Mark Gramer.

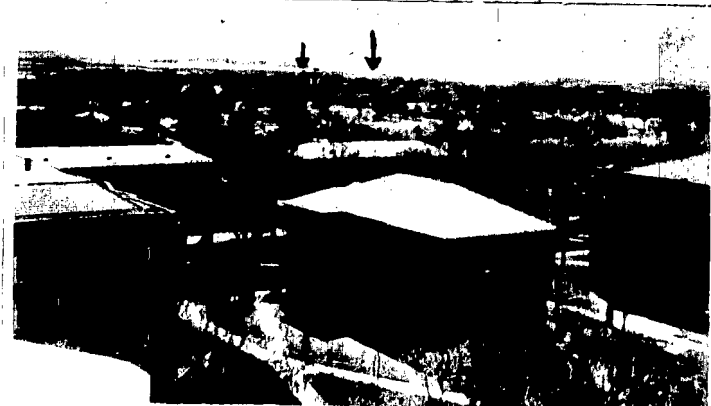

Assistant denier bars and denier bars went to Mark Powers, Mark Shurey, Matthew Olson, Doug Straight and Greg Anderson, and two-year service stars went to Greg Swinney and Mark Schram.

Legion Election Planned

Wayne American Legion will elect officers for the fiscal year at the meeting Wednesday, June 15. Plans were made for the voting at the Legion meeting Wednesday night of last week. Final arrangements for participation in the Memorial Day observance were also made.

Explorers Hold Dance

Explorer Scouts of Wayne are holding a teen-age dance Saturday night at the Wayne City Auditorium to raise money for promoting past activities. Music will be furnished by The Coachmen. A combo that recently made the hit recording, "Mr. Moon" Dancing will start at 8:30 and end at 11:30.

Is Member of Masquers

Janet Jensen, Wayne, is one of six new members of Masquers, dramatic organization at the University of Nebraska. New members were revealed at a banquet Saturday night. Best actor and actress awards were also made. No others from this area were listed as new members or honor winners.

Gets Doctorate May 29

Stanley Ewing Willis, registrar at Wayne State College, received his doctor's degree in educational administration at graduation rites at Colorado State College, Greeley, May 29. Previous to his graduate work, Dr. Willis served as superintendent of schools and principal for several Colorado and Idaho public schools. He was also an assistant professor of education at CSC and an education instructor with the CSC Pakistan Project.

Concord Fund Will Help City People Get Away

A \$10 donation has been sent from Concord to a fund which helps the people cramped in cities get out into the country for a while. The fund is built up from quite an area to provide the outing for those in the city who could not afford it otherwise.

While the donation is not large, it all helps. Concord has been taking money from the Salvation Army funds locally for several years to help out with the project.

A camp outing is provided for the underprivileged of the city through donations such as the one from Concord. The camp is made possible through the national and state Salvation Army.

Rich Maurer Graduates

Richard Maurer, son of Mr. and Mrs. Arnold Maurer, Wayne, will graduate June 4 from Concordia Teachers College, Seward. He is one of 240 graduates and will get a bachelor of science in education degree and a Lutheran teacher diploma with a major in music. He has accepted a teaching position in the upper grades at Emmanuel Lutheran School, Fort Wayne, Ind.

Emerson Wins Over Wayne Sunday

After spotting Wayne a 3-1 lead Emerson came back in the fifth, sixth and seventh innings to score five runs and earn a 6-5 victory over the locals in a Northeast Nebraska League opener Sunday night on the local diamond.

Dodge will be here Thursday for an 8:15 game featuring the champions of the Dodge County League. Next Sunday Wayne goes to Anthon for a game which will start at 7:30 local time.

Don Goeden started on the mound for Wayne, yielding to Jim Mau in the seventh frame. Goeden landed 19, gave up six hits and a loved 6 runs. Mau struck out two, gave up no hits in 2 1/3 innings and did not allow a run.

Goeden and Heigren had the loaded bats. Heigren had a double and a single in four times at bat and Goeden hit a double and two singles in the same number of trips to the plate. Harkabus and Kaman each hit a single.

Emerson's attack was led by Heigreges and Jackson with two hits each. Four other players each hit once, Gulman's triple being the only Emerson blow for extra bases.

Anderson went the distance on the mound for the winners. He struck out seven, allowed seven hits and yielded five runs.

Following is the box score:

Winside-Wakefield Will Play Game Later Date

Winside and Wakefield did not play their scheduled game in the opening round of the Northeast Nebraska League Sunday. The game will be rescheduled for a later date, according to Manager Bob Ditman, Winside.

The Winside team travels to Walthill this coming Sunday for a league game. Starting time is 8 p.m.

Wakefield and Winside are two new members of the league this year. Full rosters of the teams have not been received by The Herald.

Winside Boys Open Season This Week

The Winside Junior and Midget baseball teams will get into action Thursday, June 2. Hantrepped by lack of practice, they are hoping the opposition has had the same problems.

Winside will be at Winside at 4:30 for the Midget game and a Junior game at 8. Tom Fulcher, who handled the baseball program last year, is also in charge this year.

Fulcher says the Junior team is "experienced but here are still babies to fill." He added that the Midget team will be young and inexperienced and will have to make up in desire and determination what they lack in experience.

A full season of baseball for boys of all ages is included in the summer program at Winside this year. Details on the set up will be given in next week's paper.

In Nebraska, fishing permits are required of all residents 16 or over.

EDITORIAL COMMENT

The editorial department of a weekly newspaper is an important department. Normally it is one person's opinion of topics that concern most of the readers.

You may not agree with an editorial — but if you read the editorial and give serious thought to the subject discussed you have gained. You, as a reader, have given careful thought to an important problem and the writer is proud to have called your attention to an important subject that you may have overlooked.

That New Hoskins 'Industry'

Some have snickered because The Herald gave Hoskins' new industry such a big play last week. Since it is starting out with just three workers, all owners, it probably is not off to an auspicious start. Nevertheless, Hoskins deserves credit. The industry was going to go somewhere and the obvious place was Norfolk. But Ed Kollath and other Hoskins residents were interested. The enthusiasm and helpful spirit they displayed were genuine so Hoskins has the new plant instead of some other town having it.

Little? Sure the Hoskins Manufacturing Co. is small. But even the giants of industry were small at one time or another. An oak tree is an acorn when it starts growing but nevertheless it has to start sometime in order to grow. Many things about Hoskins are small, but you can't say that about its desire to become better. It has big ideas and people big enough to work together and accomplish something. So congratulations go to all Hoskins and this new firm. They are showing what can be done when there is a will to accomplish in the face of all sorts of odds. In future years as we look back, we think we'll have occasion to remember the small beginning of this firm and admire the foresight that enabled it to get a start in 1966.

An Unchanging Situation

Years ago the state and federal agencies were selecting a site for a weather station in Western Nebraska. After bids from several communities were heard, the decision was finally made in favor of the 'biggest town, Scottsbluff, when Alliance was the logical choice. Last week the state was considering offers for location of a district game, parks and forestation office. Several bids were heard (including Wayne's) before the decision was announced in favor of Norfolk, the biggest city bidding. This type of thing has gone on in Nebraska for too long, constantly bypassing towns because of their size when the little towns deserve consideration on a sincere basis rather than just consideration with the idea that they will be heard and then the final verdict will be made the way it was planned all along. Nebraska would not listen as towns begged to have the Interstate located north of the Union Pacific Railroad and North Platte River. Every hearing indi-

cated 90 per cent of the towns involved wanted the road on the north side. Now we find the Interstate is pulling traffic off other routes at a rate greater than expected and towns are being hurt more than it was anticipated. Again the town hurt the most are the small ones. This type of thing should be expected in Nebraska. Where else would you find a boys' training school, tuberculosis hospital and state college all in one town? Where else but Nebraska does the state capital city also have the state fair, the state university, a state hospital, the state museum, the state penitentiary and the state reformatory? Dozens of towns could have been benefitted had these facilities been passed around instead of concentrated. It does not appear there will be any policy change in the near future. The big will get bigger and the small will get smaller while state authorities scratch their heads trying to figure out what can be done to stop the decline of the small towns.

And They Call It 'Living'

Residents of big cities are known to scoff at we Nebraskans coming from farms and small communities. They figure because we cannot see stage plays, visit glamorous night spots and mingle with the elite we are just not "living." In Boston a person from Carroll would be considered unique — maybe even a peasant. New Yorkers would smile that all-knowing smile if they found out you are from Winside, figuring you come from the sticks. We've got news for Boston and New York. They are the ones who are not "living." In past weeks we have attended saddle club practices in Carroll, watched square dancers in Winside and attended a farm community picnic between Wayne and Wakefield. People in all those activities were "living" and are as fine as any peo-

ple to be found. At all three events we found those factors impressive: There was no drinking of any kind yet everyone seemed to be congenial and having a great time; there were older people, young adults, teenagers and pre-teens, all mixing and sharing good clean fun; there was no false pretense of "better than thou," no thought as to social standing and no attempt to impress anyone with one's importance. These were people representing the heart of America, good people, church-going people, friendly people. There are no finer folks, there is no greater joy than families enjoying activities together. What a shame that their way of life cannot spread to the unfortunate who populate the cities. The benefits are so numerous, they really should be shared with others.

Capitol News . . . Application Approval Goes To 12 "Head Start" Projects

LINCOLN — The U.S. Office of Economic Opportunity has approved 12 Nebraska applications for \$122,064 under project Head Start — the pre-school program for underprivileged youngsters.

State Technical Assistance Director Ron Jensen, who announced the action, said the communities will put up \$38,380 in matching funds.

The largest grant, \$58,060, will go to Omaha, which will contribute \$15,141 to the anti-poverty program.

Other applications, with local matching money in parenthesis: Fairbury, \$3,298 (\$932); Gordon, \$2,778 (\$708); Broken Bow, \$6,803 (\$1,894); Lexington, \$3,704 (\$1,080); Grand Island, \$11,400 (\$3,027); Chadron, \$4,590 (\$849); Kearney, \$7,288 (\$1,996); Fremont, \$7,985 (\$1,692); Red Cloud, \$3,595 (\$1,650); Santee Sioux, \$6,580 (\$1,440); and Macy, \$8,314 (no local funds).

Last year, there were Head Start classes conducted only in Omaha, Lincoln, Grand Island and Niobrara.

The intensive eight-week course, which will start in most areas by mid-June, seeks to supply basic educational needs to disadvantaged youngsters 5 and younger.

The purpose is to give "poor children" a running start when they enter school in the fall.

The children are taught by trained educators, volunteer aids, neighbors and even their own

parents — who are expected to learn a great deal themselves in the process.

Each program is tailored to fit the needs of the youngsters who attend.

Addresses Lawyers

State Atty. Gen. Clarence Meyer will address the National District Attorneys Foundation in Washington June 10.

He will discuss the state's Post-Conviction Act of 1955, which is being studied by other states as a possible remedy to the increased filings of habeas corpus actions by convicts who claim their constitutional rights were violated during their trials many years ago.

The act permits a convict to seek a new hearing in the state district court where he was convicted.

Meyer will also speak on co-operation in enforcement of criminal laws.

Committee Asked

The Governor's Committee on Education has been asked to back mandatory school reorganization and state financial aid to public schools.

The proposals were made by several subcommittees formed last year to delve into Nebraska's educational problems.

The mandatory school reorganization proposal would reorganize rural elementary or primary schools which comprise the bulk of Nebraska's 2,527 public school districts.

It asks the legislature to require these small grade schools, many of which are one-room operations, to join nearby, larger districts within a five-year period.

The state aid recommendation asked that part of a sales or income tax be earmarked for the operation of public schools.

Other proposals encouraged all schools in Nebraska to strive for state accreditation status and suggested a special position be established in the State Education Department for counsel for gifted children.

Party Lines Divide

Michigan Gov. Romney and Nebraska Gov. Frank B. Morrison are old friends. But party lines are party lines.

Morrison, a Democrat, offered Romney, a Republican, use of the state's chauffeured car during the latter's recent visit to Lincoln.

Romney judiciously declined the offer, noting he was in Nebraska to appear at a fund-raising dinner.

The GOP provided the transportation.

Problem Develops

The director of the Nebraska Centennial Commission reports a budget problem which he hopes will be solved by the next session of the legislature.

Don Shriner said the 1965 Unicameral allocated \$600,000 for the statehood celebration but some of this will have to be re-appropriated.

The reason, he explained, is that Nebraska's two-year fiscal period ends June 30, 1967, and any money not spent automatically goes into the state general fund unless appropriated again.

Shriner estimated about \$250,

NEBRASKA PETROLEUM COUNCIL

tion of the Commission's state funds will be left at the end of the current fiscal biennium. He said it was the expressed intent of the last legislature that all of the money for the center be expended and not a speck left over.

Nebraska Moves Ahead

A U.S. Bureau of Public Roads report shows Nebraska is competing for its portion of the Interstate highway program at a faster rate than the national average.

Construction contracts to lay Federal highway, Lincoln, Wyoming and Missouri.

Government Approves

The U.S. Department of Education has approved a plan submitted by Nebraska for a school to participate in the structural program of the new Interstate highway program.

Nebraskans Sign

The U.S. Department of Health and Human Services has approved a plan submitted by Nebraska for a school to participate in the structural program of the new Interstate highway program.

Appeal Rejected

The State Highway Advisory Commission has rejected an appeal for the removal of a mile of road from the state highway system.

New Approaches Given Cattle Finishing Job

Nine new approaches in the growing and finishing phase of cattle emphasize the dynamic nature of the beef industry. Frank Baker, chairman of the NU department of animal science told members of a Northeast Nebraska Cattle Feeders Association twilight tour Tuesday night.

New developments are: Evaluation of gain potential of feeder cattle from different sources; carcass potential of feeder cattle from different grades and different herds is being evaluated by feeding and slaughter procedures or use of ultrasonics;

High-concentrate or all-concentrate rations are being used to increase production efficiency; special supplements with high vitamin fortification containing high levels, or urea are being used to balance high-concentrate and high-roughage rations;

High silage rations are being used to produce slaughter cattle with adequate finish and a minimum waste, controlled environment is being tested; new methods

of feed harvesting and handling increase efficiency in converting crops to edible meat. Electronic computers are used to speed up routine calculations of least-cost rations; and new marketing and processing methods are studied to get maximum efficiency in movement of meat from "barn to broiler."

Baker said the beef industry produces almost one-fourth of the nation's agricultural income. This income is based on providing consumers with two-thirds of all the meat they consume, he said. The US beef industry has utilized the efficiency of beef cattle to a greater extent than other beef-producing countries and has produced a larger portion of its potential beef-producing resources than other countries. Baker added "These facts will greatly influence future developments in US beef production," he said. "The law of diminishing returns and competition for productive resources (land, labor and capital) and for markets, must be reckoned with to a greater extent than in the past."

Baker advised individual feeders: "When available feed resources, labor and capital for finishing cattle have been determined, the type of feeding enterprise must be planned to use these resources at the highest level of economic efficiency." He concluded that research and education programs such as carried out at NU and the Northeast Station will help feeders be more effective in watching "that cattle feeding cash register."

We were on a horse at Carroll the other day. Now this might not amount to more than mere mention as far as you're concerned but that horse knew we were not at home in the saddle

The horse had the situation well in hand and the mane idea was to let us know she knew it. After a little bouncing we were ready to hoof it having started on some saddles with the first step and wanting to let her to a gallop pole. It has been a quarter of a century since we've been on a horse and fittingly enough this was a quarter horse. As soon as we got a chance to halt, we dismounted before she could stirrup more trouble and said "Horse, shoe." She knows now she's queen of the saddle club and long may she reign. Ride again? Neigh! CLASS MEMBERS of the 1916 Wayne High School graduating class gathered for a dinner Tuesday at the home of Mrs. Lyle Gamble, Mrs. Florence Barta, Ralph Ingham, Mrs. Hobart Auker, Mrs. Lynn Tuttle and Mrs. Helene Hetscheid.

WHS Class of 1916 Has Brief Reunion

May 24 was the 50th anniversary of the graduation of 22 pupils from Wayne High School. Of the 20 members of the class of 22 still living, eight were able to be here for a reunion.

The eight members with wives and husbands attended the graduation in a group May 22. Mrs. Frances Oman Tuttle, pre-

sented a book from the American Heritage series on the western states to the school from the class. She also named class members present and spoke briefly of each one.

Following graduation, the group spent the evening in the Hobart Auker home Monday when some of the class members walked through the halls of WHS again.

Tuesday evening, seven of the class attended a banquet at the Methodist Church. Florence Gardner Barta was master of ceremony.

Others of the class not present or not heard from are: Fred Ash, Ovid, Colo.; Victoria Jenik, address unknown; Nita Foster Lowe, Minnetonka, Minn.; Minnie Will Liljedahl, Sergeant Bluff, Ia.; Edith White Aldrich, Fresno, Calif.; Harold Croghan, Florida; and Dorothy Huse Nyberg, Dahl's. A card signed by the class was sent to Mrs. Nyberg, one of the honor members of the class.

Letters were read from Ruth Ingham Summers, Apache Junction, Ariz.; Irene Carpenter, Milwaukee, LeRoy Owen, Los Angeles; Mrs. Elizabeth Mines Atwater, Des Moines, and Ward Randol, retired but still executive director of The Explorer's Club, New York, and a member of the council of the American Geographical Society.

Wednesday the class was entertained at a picnic prepared by Helene Baker Hetscheid at Norfolk. As they disbanded they expressed the query: 'Will we ever have another reunion?'

Present for the reunion were: Frances Oman Tuttle, Clarkson, Wash.; Ralph Ingham, Milwaukee; Florence Gardner Barta, Nebraska City; Julius Hurstad, Omaha; Helen Baker Hetscheid, Norfolk; and Grace Nettleton Auker, Albert Watson and Anna Granquist Gamble, Wayne.

Hoskins Man Hurt in Fall at Dehy Plant

George Wittler, Hoskins, was injured early Friday morning in a fall at Winside Dehy Co. plant. He was taken by the Hoskins Rescue Unit to a Norfolk hospital. Wittler fell from a truck and fractured his pelvis bone. Brought first to his home, he was found to be injured more than at first thought so the firemen were called to operate the rescue ambulance. From his home he was taken to Lourdes Hospital where examination revealed the fracture. Names of those operating the rescue unit for the call were not learned.

Carroll Church to Mark Anniversary

Zion Congregational Church three miles west of Carroll will mark its 75th anniversary Sunday, June 12. Full details of the observance are not available yet but will be carried next week.

Rev. Galt Aasen, Stanton, is pastor of the church. Dr. Fred Regier, United Church of Christ Conference minister, Lincoln, will speak at the services.

Worship service will be at 10 a.m. followed by a basket dinner at noon. At 2 p.m. the history of the church will be given and letters from members now and in the past will be read.

All former pastors of the church have been invited to attend if it has not been determined whether they will be present.

Winside Rural Carrier Assigned Permanently

A patron of the rural route out of Winside is now permanently assigned as carrier on the route. For almost two years he has been serving as "acting" carrier.

Dallas Schellenberg's appointment to the route becomes official Monday, June 6. Announcement of his appointment was made this past week by the post office department.

Schellenberg has been carrying as substitute on the route. He took over as sub in 1961. In August 1964, the regular carrier Herman Carstens, was killed in an automobile accident and since that time Schellenberg has been carrying the mail.

Iris Display at Concord Station

Dr. Donzell Clegg, superintendent of Northeast Station, Concord, has announced an iris display at the public Sunday afternoon, June 5. Everyone interested in iris display will be glad to hear of this.

The display will consist of 100 favorite varieties selected by the American Iris Society. Plants being shown were planted by members of the Elkhorn Iris Society who also care for the flowers.

Specimens from gardens of EIS members will also be on display. These will be inside the C. D. Haskell Building at the station east of Concord.

Persons in charge of the show are Mrs. J. M. Cox, president; Mrs. N. S. Pederson and Mrs. Arnold Freudenberg. All are from Norfolk.

Area Leads State So Far in Bonds

Region 4, which includes five counties in this area, leads the state in bond sales so far this year, according to Lawrence Rossiter, Hartington, regional chairman. The region has hit 47.9 per cent of its bond buying quota for the year.

Dixon County leads this region with 59 per cent of its quota. Others are Dakota, 53.5 per cent; Wayne, 48.1; Cedar, 45.3; and Thurston, 29.4.

Henry Ley, Wayne County bond sales chairman, reports \$34,121 worth of bonds sold in April, bringing the total for the year thus far to \$177,789. All of the counties except Thurston in Region 4 may mark on their quotas.

4 have exceeded this total. Here are bond sales in area counties: Dixon, 217,644; Dakota, \$190,145; Cedar, \$321,349; Thurston, \$190,189; Pierce, \$381,172; Stanton, \$190,770; Madison, \$847,950; and Cumby, \$392,770.
Ley attributes the splendid showing to the new higher 4.15 per cent interest rate. All over the state the story is the same with Thomas County having the best record so far, hitting 153.8 per cent of its quota with only one-third of the year gone.
Best record in this area is Stanton County where 70.0 per cent of the quota has been reached. Pierce with 63.4 per cent, Dixon 59.0 per cent and Dakota 53.5 per cent are the other counties past the half way mark on their quotas.

... BUT LONG DISTANCE RATES ARE LOWER!

Thirty years ago a Long Distance-call was a big event for the average family. Putting the call through often took several minutes, and the cost could put quite a dent in the family budget. Today you can call anywhere in the nation in a matter of seconds. Your voice is carried across the miles as clearly as if you were phoning a neighbor. And as for cost—just look at these comparisons:

	DAY RATES	NIGHT & SUNDAY RATES
North Platte to Miami	\$5.75	\$1.70
Ogawa to New York	5.00	1.60
Grand Island to New York	4.75	1.60
Valentine to New Orleans	4.00	1.55
Norfolk to Phoenix	3.75	1.50

Lowest rates in history are in effect after 7:00 p.m. any time on Sunday. During these periods you can make a 3-minute station-to-station call in the U.S., except Hawaii and Alaska, for 30¢ each way.

Letters to the Editor

Dear Editor:
In appreciation to Chas, for the editorial bouquet, I want to say, "I am so glad that I have fulfilled a year in the past, making the parents, children and also you, Chas, feel happy that I have done my duty as a faithful school-crossing attendant."
It makes my heart too, feel glad that there are kind people in and around our city of Wayne, who can realize when one tries to be kind and considerate of our younger generation, worrying over their lives so they also have a future as well as myself.
My heart reaches out to all of you with a hearty "Thank You" for your kind consideration.
Ben Lass

Dear Editor:
The Wayne veterans organizations wish to express sincere thanks to all who participated in and in any way helped make the Memorial Day services successful. Special thanks to Mr. Schumacher and the Wayne band, the ladies' auxiliaries, Al Babe for the sound system, and the kind folks who furnished convertibles for the parade. Tribute should also go to Marvin Weber, the main speaker, for a fitting message to us all.

FARM AND HOME SECTION

WEDNESDAY, JUNE 8, 1966

This cultivator easily adjusts to various row widths. Some narrow-row farmers use herbicides and get by with a single cultivation or none at all.

WHAT ABOUT NARROW ROWS?

One night at an association meeting somebody says there's a leptospirosis epidemic in the next county.

What do you do?

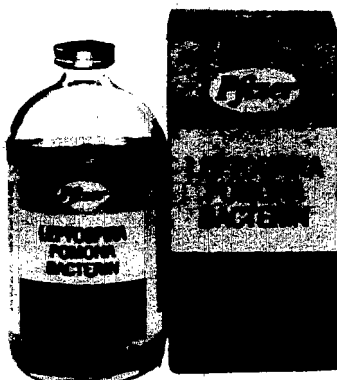

Agricultural Division, Chas. Pfizer & Co., Inc.,
New York, N. Y. 10017

You offer to do what you can to help. Then you continue with the meeting. Because you did what needed to be done long ago. You vaccinated with Pfizer Leptospira Pomona Bacterin, a chemically-killed whole broth culture of *Leptospira pomona*, which assures high potency in every dose. In most cases, a single injection annually protects your animals against "Lepto" throughout the entire year.

What's more, Pfizer Leptospira Pomona Bacterin is aluminum hydroxide adsorbed. This means you get slower absorption and better immune response.

So, inoculating your cattle, swine, sheep and horses with Pfizer Leptospira Pomona Bacterin is doing a favor for both your animals and your neighbors. You'll sleep better, too. Next time ask for Pfizer.

Narrow rows are catching on faster than pop-open beer cans. No doubt about it, narrow rows can widen profits . . . on your farm as well as your neighbors'.

"Okay, I'll agree to that," reply a lot of farmers with whom we've discussed the narrow-row subject. "But can I afford to make the changeover now? I'm geared to 38" rows with my planting, cultivating and harvesting equipment . . . some of my equipment's half-new."

Then they play their aces: "What does changing over to narrow rows cost? And how many extra bushels will I have to raise on each acre before such a changeover pays off?"

Such questions aren't easily answered. Briefly, here are some of the things to consider, basing the figures on the Doane Agricultural Service chart below:

1 — Herbicide costs will be higher. Figure \$1.45 an acre more. Going from 40-inch to 30-inch rows means 25% more herbicide.

2 — Seed cost will be higher for soybeans, but not for corn, unless you increase plant population. Soybeans for seed cost about 60¢ more per acre. Every 2,000 plant-per-acre increase in seed corn will add about 35¢ per acre.

3 — Labor, tractor and combine costs for soybeans total 21¢ less per acre for 6-row narrow equipment over the 4-row equipment, and 41¢ less for corn. One trip with 6 rows at 30 inches covers 180 inches, while 4 rows at 40 inches covers only 160 inches of machine width.

If your combine can be switched to narrow-row harvesting by simply changing cornheads like this one, a major portion of narrow-row changeover costs are eliminated.

COST OF CHANGING TO NARROW ROWS

	Change from new 4-row equipment to			
	6-row regular		6-row narrow	
	Total	Per acre	Total	Per acre
Soybeans, 200 acres				
Herbicides (14 in. band)	—	—	\$290.00	\$1.45
Seed	—	—	120.00	.60
Labor*	\$ 57.00	\$.29	27.00	.14
Tractor	28.50	.14	13.50	.07
Net changes	\$ 85.50	\$.43	\$369.50	\$1.85
Corn, 200 acres				
Herbicides	—	—	\$290.00	\$1.45
Labor	\$177.00	\$.89	57.00	.29
Tractor and combine*	64.50	.32	24.70	.12
Net changes	\$241.50	\$1.21	\$208.30	\$1.04
Depreciation and interest charges**	\$395.00		\$395.00	
Total added costs	\$ 68.00		\$972.80	

4 — Comparing 6-row narrow versus 6-row regular, the narrow 6-row system costs \$905 more than regular 6-row on 400 acres. Most of this comes from extra herbicide costs for corn and soybeans and extra soybean seed, not equipment. 5 — Therefore, total added cost of the 6-row narrow system over 4-row regular comes to \$972.80. This leads us to these conclusions:

With soybeans at \$2.50, it takes an average of only 2 extra bushels an acre on 200 acres to justify the shift. And, since we're using 400 acres in this comparison, that's assuming no yield increase for the 200 acres of corn, which is highly unlikely.

If all 400 acres were planted to corn at \$1.00 per bushel, it would take a yield increase of just 2 bushels to break even on the changeover. It's obvious that it isn't difficult to recover changeover costs.

Fertilizer costs are not included in this study. They would be higher, especially if higher plant populations are used.

On the other hand, if a new combine is not needed, and only a narrow-row cornhead is purchased, this will lower the changeover costs substantially from those quoted here. So if you're ready for a new combine, but not as yet ready for narrow rows, it will pay you to buy a unit which can be easily converted to narrow-row harvesting with a cornhead when you are ready for narrow rows.

* Labor charged at \$1.50 an hour, and tractor and combine time at 75¢ an hour for operating costs only; 3-row head on combine.
 ** Added depreciation and interest costs of a 6-row planter, cultivator and 3-row combine head over the costs of 4-row equipment and 2-row combine head. (U. of Ill.)

"I'm sold on Eastman Baler Twine. I started using it in 1964 and have had none of the rot, insect or rodent damage that is so common with conventional baler twines."

—Gerald Heetland, Hartley, Iowa. (15,000 bales per year)

"Easier on my hands; no blisters formed . . . more strength."

—Gordon Ropp, McLean County, Illinois

"Ties about 20 more bales."

—Clarence Uhden, Moody County, South Dakota

" . . . so good that any time I miss a bale it's my own fault. Far superior in every respect to the old twines I was using."

—Harley Morton, Bonner Springs, Kansas. (7,500 bales annually)

"Uniform thickness . . . works very well in baler . . . good strength."

—Roy Lerud, Norman County, Minnesota

"It just won't break. With ordinary twine there will be 'thir spots,' and when you hit one of them the twine breaks."

—Albert Paweltzki, Bridgewater, South Dakota. (8,000 bales annually)

"Our meadow is wet and this twine won't rot."

—Lawrence Reicks, Custer County, Nebraska

"You can get a tie so tight you can hardly get your fingers under the twine . . . the stuff doesn't break . . . weather doesn't affect it. One day I baled 1,089 bales without a single loose one."

—Dick Knock, Turner County, South Dakota. (30,000 bales annually)

"Feeds even . . . doesn't 'bird-nest' like some sisal I have seen . . . smooth on fingers . . . tensile strength is good."

—John Schermerhorn, Noble County, Indiana

Try It With Syrup

by Ginny Felstehausen

Syrup, you may say, is for pancakes, waffles, and French toast — and for making creamy smooth candy. And you're right, of course, but corn syrup has lots of other uses.

It's a wonderfully versatile cooking ingredient and is used in dozens of ways by many well-known chefs. These are special touches you can apply, too. For example, on a summer cook-out, grill chicken with a corn syrup barbecue sauce that really stays on. Adding just a little syrup while peas, corn, carrots or stewed tomatoes are cooking will perk up the flavor of your favorite vegetables.

Try using syrup in your next batch of homemade salad dressing. It makes the dressing cling to the salad ingredients instead of ending up in the bottom of the bowl.

Corn syrup is also a natural to use in making taste tempting desserts. It keeps frostings, chiffon pies and other desserts moist, smooth and tender. Try the **Pear Pie with Ginger Crumb Topping** in this issue of the **Farm and Home** section. It will be a sure dessert success!

A final note — in cooking with syrup, remember that it is less sweet than sugar. Therefore, it blends well with other ingredients without robbing flavor.

A little bit of Karo
puts a little bit of you
into every dish you cook

Only Karo® seals
in so much flavor...
so temptingly!

"Barbecue Sizzle Glaze" takes only
4 ingredients·4 minutes and Karo

- 1/2 cup Karo All Purpose Syrup
(dark corn syrup)
- 1 (14 ounce) bottle tomato catsup
- 1/4 cup Worcestershire sauce
- 1 Tablespoon mustard
- 1 (8 ounce) bottle Hellmann's/Best Foods
Italian Dressing

Combine all ingredients in a bowl. Brush on hamburgers, franks, chicken, spareribs, pork chops, etc., while cooking. Bottle the left-over sauce to use at your next barbecue.

Karo adds delicious flavor to your Barbecue Sizzle Glaze—helps blend all the ingredients—provides a luscious-looking glaze that helps seal in flavor and moisture. Keeps all the juicy goodness of the meat from dripping away in the fire. Whenever your recipe calls for light or dark corn syrup, always use Karo! Available in pint and quart bottles; in 5 and 10 lb. cans.

PEANUT BUTTER FROSTING

- | | |
|--|---|
| <i>1/2 cup creamy or chunk style peanut butter</i> | <i>3 to 4 tablespoons milk</i> |
| <i>1/2 cup light corn syrup</i> | <i>2 cups sifted confectioners' sugar</i> |
| <i>1/2 teaspoon vanilla</i> | |

Cream peanut butter. Add corn syrup and vanilla; blend. Add milk and confectioners' sugar alternately, beating until smooth and creamy after each addition. Add just enough milk to make a good spreading consistency.

QUICK RICH PANCAKES

- | | |
|-------------------------------|--------------------------------------|
| <i>2 eggs</i> | <i>2 tablespoons dark corn syrup</i> |
| <i>1 cup milk</i> | <i>1/4 cup corn oil</i> |
| <i>2 1/2 cups biscuit mix</i> | |

Beat eggs until soft peaks form, blend in milk, add biscuit mix and corn syrup. Mix just until thoroughly dampened. Fold in oil. Spoon onto medium hot griddle. When puffed up and bubbles begin to break, cook on other side.

GRAPE CHIFFON PIE

- | | |
|--------------------------------------|---------------------------------------|
| <i>1 baked 9-inch pastry shell</i> | <i>1/2 teaspoon grated lemon rind</i> |
| <i>1 envelope unflavored gelatin</i> | <i>3 egg whites</i> |
| <i>1 cup grape juice</i> | <i>1/2 teaspoon salt</i> |
| <i>1/4 cup sugar</i> | <i>1/2 cup light corn syrup</i> |

Sprinkle gelatin over grape juice in small saucepan. Let stand a few minutes to soften. Add sugar; stir over very low heat until gelatin and sugar are completely dissolved. Remove from heat. Stir in lemon rind. Chill to unbeaten egg white consistency. (If mixture becomes too stiff, filling will be less smooth and creamy.)

Beat salt with egg whites until mixture is stiff, but not dry. Add corn syrup, a little at a time, beating until stiff and glossy. Fold chilled gelatin mixture into beaten whites; chill, stirring occasionally, until thick enough to pile up (about 1/2 hour). Pile lightly into baked shell. Chill until ready to serve.

CREAM CUPCAKES

- | | |
|---------------------------------|-----------------------------|
| <i>1 cup flour</i> | <i>1/2 cup sugar</i> |
| <i>1 teaspoon baking powder</i> | <i>1/2 teaspoon vanilla</i> |
| <i>1/4 teaspoon salt</i> | <i>1/4 cup corn oil</i> |
| <i>1 egg</i> | <i>1/4 cup milk</i> |

Sift flour, baking powder and salt together. Beat egg; gradually add sugar, beating until fluffy. Add vanilla. Combine corn oil and milk in measuring cup; whip with fork until creamy. Add dry ingredients to egg mixture alternately with oil and milk, beating until smooth after each addition. Pour batter into paper lined or greased and floured cupcake pans. Bake in 350° F. oven until cupcakes test done, 20 to 25 minutes. Frost with Peanut Butter Frosting. Makes 8 (2 1/2-inch) or 36 (1 1/4-inch) cupcakes.

BROILED SHRIMP

- 2 pounds raw medium shrimp
- 1/4 cup corn oil
- 1/2 cup lemon juice
- 1/4 teaspoon crushed tarragon
- 1/2 teaspoon salt
- 1/2 teaspoon paprika

Clean and devein shrimp. Combine corn oil, lemon juice and tarragon; pour over shrimp in a shallow dish. Cover and marinate in refrigerator at least 15 minutes. Remove rack from broiler pan; line pan with aluminum foil, if desired. Preheat pan in broiler 5 minutes. Remove shrimp from marinade; place in broiler pan. Sprinkle with salt and paprika. Broil about 3 inches from heat 5 to 7 minutes. Serve immediately. Makes 6 servings.

Note: For salad use Celery Seed Dressing.

SAVORY GRILLED CHICKEN

- 1/2 cup dark corn syrup
- 2 tablespoons prepared mustard
- 1/2 cup vinegar
- 2 tablespoons Worcestershire sauce
- 1 teaspoon Tabasco sauce
- 1/4 cup minced onion
- 2 cans (8-ounce each) tomato sauce

Combine all ingredients in a saucepan. Bring to a boil; boil 2 minutes.

To Grill Chicken: Allow half of a 1 1/2 to 2 pound broiler per serving. Cook chicken pieces on grill, slowly, until tender. Turn often, baste with sauce.

To Oven-Broil Chicken: Cook chicken pieces on oiled broiler rack set about 4 inches from heat, until tender. Turn often and baste with sauce.

PEAR PIE WITH GINGER CRUMB TOPPING

- 4 fresh pears (Bartlett)
- 3 tablespoons corn starch
- 1/2 teaspoon salt
- 1/4 teaspoon ground ginger
- 1/2 cup water
- 1/2 cup light corn syrup
- 1/2 teaspoon lemon rind
- 1 teaspoon lemon juice
- 1 tablespoon margarine
- 1 unbaked 9-inch pastry shell
- 1 cup flour
- 1/2 cup brown sugar
- 1/4 teaspoon ginger
- 1/2 cup margarine
- 1/2 cup chopped California walnuts

Peel and core pears; slice into about 12 pieces. Combine corn starch, salt, 1/4 teaspoon ginger; add water and stir until smooth. Add corn syrup, rind, juice, 1 tablespoon margarine and sliced pears. Heat over low heat, stirring constantly, until mixture comes to a boil. Pour into pastry shell.

Blend together with pastry blender or 2 forks flour, brown sugar, 1/4 teaspoon ginger and 1/2 cup margarine until it looks like coarse crumbs. Add chopped walnuts. Sprinkle pie with topping. Bake in 450°F. oven for 15 to 20 minutes. Cool and serve.

SUMMER COOLER

- 2 cans (6-ounce each) frozen orange juice concentrate or frozen lemonade
- 1 1/2 cups light corn syrup
- 2 quarts ginger ale
- Ice cubes (about 2 trays) or cracked ice
- Orange slices decorated with cloves (optional)
- Mint sprigs (optional)

Empty frozen juice into punch bowl or pitcher. Blend in syrup. Add ginger ale and ice. Mix well. Serve garnished with orange slices and mint. Makes 24 (1/2 cup) servings.

CELERY SEED DRESSING

- 1 teaspoon salt
- 1 teaspoon dry mustard
- 1 teaspoon paprika
- 1 teaspoon celery seed
- 1/2 cup light corn syrup
- 1/2 cup vinegar
- 1 cup corn oil
- 1 tablespoon grated onion

Beat all ingredients together in a small bowl until well blended and thickened. Chill several hours in covered container. Shake well before using. Makes 1 1/4 cups. Serve with cottage cheese-fresh fruit salad or as suggested below.

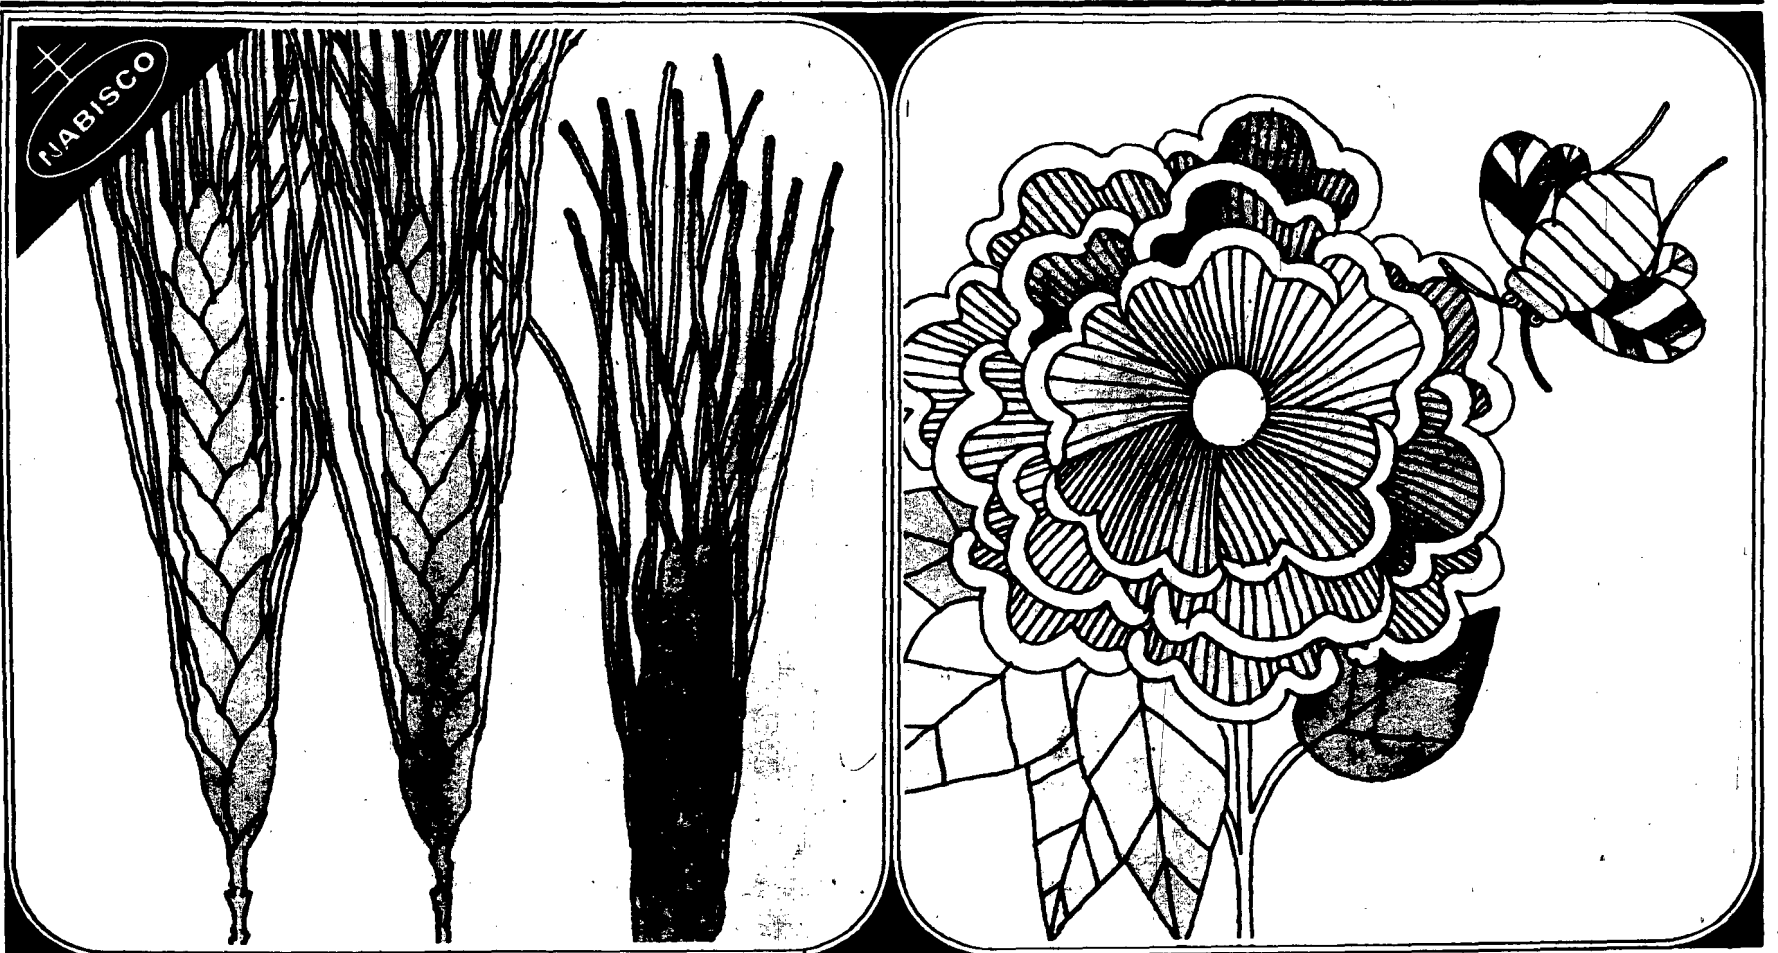

Cole Slaw: Toss 1/2 of above dressing recipe with 4 cups shredded cabbage, 3/4 cup coarsely shredded carrots, and 1/2 cup each coarsely shredded green pepper and thinly sliced celery. All vegetables should be well chilled. Makes 4 to 6 servings.

Vegetable Salad: Beat 3/4 cup cat-soup with other ingredients when preparing dressing. Use with any desired combination of vegetables. Store left-over dressing in covered jar in refrigerator.

PENUCHE SAUCE

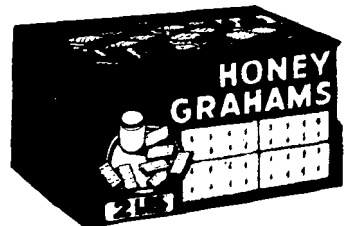

- 1/2 cup firmly packed brown sugar
- 1/2 cup dark corn syrup
- 3 tablespoons margarine
- 1/2 teaspoon salt
- 2 tablespoons light cream
- 1 teaspoon vanilla

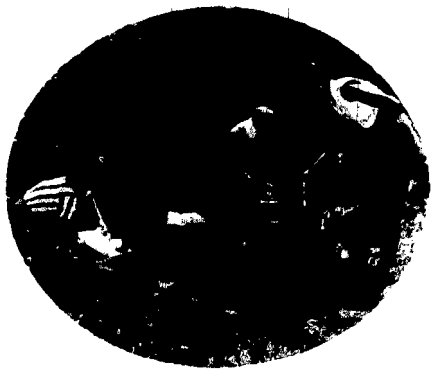

Combine brown sugar, corn syrup, margarine and salt in saucepan. Bring to boil over medium heat stirring constantly, then boil 3 to 4 minutes, stirring frequently. Stir in cream; bring mixture to boil. Remove from heat. Stir in vanilla. Serve warm over ice cream or plain cake. Makes 1 cup.

CAMPING ANTICS

Lots of rules for camping conduct have been written and discussed. Organized activity, planned ahead of time, is stressed as one of the most important musts. Familiarity with camping equipment is a common concept designed to forestall mishaps. Leaving a clean campsite upon departure is a basic courtesy easily understood.

Yet in between the rules are many unexpected twists. Somehow or other we can't always visualize ahead of time what may happen. When we're surrounded by so much fresh air, open sky and unrestrained freedom the old familiar family antics take on a different and often unexpected aspect.

Beginners, occasional camper-outers and dyed-in-the-wool tenting families all seem to follow a pattern of minor amusing mishaps. Not all the antics will occur at the same time, but sooner or later all things will happen to you — and you — and YOU.

Read on and pick out your own antics. Some of them may seem familiar — .

1. Erecting the abode calls for concentrated family coordination as mother stretches in two directions at once trying to keep Tipper from walking off with all the important tent poles. (Practice first at home?)

2. Tent-raising is momentarily disrupted while treed offspring is brought back to earth. (Have you laid down off-limit rules?)

3. Dinner plans are disrupted when camp stove refuses to balance on solid-appearing apple box. (The law of gravity is always with us on a camping trip.)

4. Night-time finds the kids ready to call it a day, except that Junior wants to camp by himself down by the big hollow tree. (Have you checked the people-capacity of your own tent lately?)

5. Peaceful dreams are interrupted by downfall of canvas domicile. (Tomorrow night will find stakes more firmly driven in the ground AND a flashlight within easy reach.) In the meantime —

6. Father foggily inquires what on earth Junior is doing on top of the car. It seems there was a big ol' black bear — !! (The result of an over-scary campfire tale. Serves you right, pop!)

7. It's too much work to re-adjust the tent with dawn only an hour away, so everybody crawls into the car. Junior perches ready to leap to safety in case that big ol' black bear — . (Every camp family learns to meet emergencies calmly.)

8. Early-morning review of situation finds everything on hand except Tipper. TIPPERRRRRR! — . (This is a good way of waking everybody in the campground before sunup — so they won't miss part of a beautiful camping day.)

9. TIPPER! — Have you been there all night? (No big ol' black bear was gonna get HIM!) (See? — pre-camp training paid off. HE wasn't lost — everybody else was.)

10. Excitement is provided by Momma when agile-footed offspring prevent her from being swept out to sea. (The kids wore rubber soles — momma forgot her own. But nobody will let Momma drown — who would cook dinner?)

11. And so the departure date, gloomily viewed by the kids, finally arrives. Home is always the haven when one runs out of groceries on a camping trip. Kids hate to think of taking a bath when they get home — which is a reminder to check bathing facilities when picking a family camp-site for a prolonged stay.
