Penny Witmer Weds Richard Urwiler In Double Ring Ceremony Dec. 30

Penny Witmer, daughter of Mr. and Mrs. George W. Witmer, 1141 S. 1st St., and Richard Urwiler, son of Mr. and Mrs. Earl Urwiler, 1401 S. 1st St., were married Dec. 30 at the Lutheran Church, Wayne. Rev. Phyllis Hickman officiated at the double ring ceremony. Penny was wearing a blue and green brocade ensemble with brown accessories. She carried an arrangement of pink roses, white carnations and stephanotis.

Mrs. Don Schulz, Wayne, was matron of honor. Marge Haase, Wayne, was bridesmaid. They wore gowns styled with burgundy velvet bodices and pink velvet skirts. Each carried a single pink mum arranged with roses. William Urwiler, Jr., Ia., was best man. Dean Bruggeman, Wayne, was groomsmen. Ushers were Paul Gustman, Fairmont, and William Erickson, Holstein, Ia. The bridegroom and his attendants wore black tuxedos.

Tammie Schulz, Wayne, and Jerry Marple, Broken Bow, lighted the candles. David Munter, Youngstown, Ohio, was ringbearer. Melanie Adams, Council Bluffs, Ia., was flowergirl. The bride's mother wore a pink brocade suit with matching accessories. The bridegroom's mother wore

Christine Ellis, Harold Isom Wed In Allen Ceremony

Christine Elaine Ellis, daughter of Mr. and Mrs. Herbert Ellis, and Harold W. Isom, son of Mr. and Mrs. Wendall Isom, Allen, were married Dec. 23 at Springbank Friends Church, Allen.

Rev. Phyllis Hickman officiated at the double ring ceremony. Herbert Ellis, the bride's father, and Larry McAfee, cousin of the bride, sang, accompanied by Jean Durant.

The bride, given in marriage by her father, wore a floor length gown of Chantilly lace and taffeta styled with a basque bodice of lace, jeweled sweetheart neckline and long tapered sleeves. The redigote skirt of taffeta edged in lace revealed a cascade of front ruffles with a detachable train of taffeta and lace held at the shoulders. Her veil of silk illusion was held by a crown of seed pearls. She carried a cascade arrangement of pink

sensation roses, white pompons, lace and greenery with a removable corsage of pink roses.

Diann Ellis served her sister as maid of honor. Bridesmaids were Carolyn Hickman and Kathleen Isom. They wore floor length gowns of brocade in shades of pink, maize and aqua. The gowns were styled in empire lines with full length trains. They wore matching circular veils and each carried a cascade arrangement of carnations, with greenery.

Debra Ellis and Scott McAfee lighted the candles. Lynette Sawtell was flowergirl. Stanley McAfee was ringbearer.

Steve Moseman was best man. Gary Mitchell and Ron Dowling were groomsmen. Ushers were Mike Ellis and Mike Isom.

A reception was held in the church parlor following the ceremony. Mr. and Mrs. Wayne Jones were hosts.

The bridegroom is in the service stationed in the Arizona.

a blue and green brocade ensemble with brown accessories. Each wore a corsage of pink roses.

A reception was held in the church basement following the ceremony. Mrs. Bill Gamble was hostess. Cheri Marsh was in charge of registering the 125 guests. Mrs. Dean Bruggeman and Mrs. Don Helgren arranged the gifts. Mrs. Milton Gustman, Mrs. Clarence Gustman and Mrs. Kay Curtis cut and served the cake. Mr. Darcell Adams and Mrs. Gary Schuttler poured. Mrs. Kay Curtis and Mrs. James Munter served punch.

Waitresses were Mary Oberg, Mary Wert and Mrs. Harry Zaretsky. Women of the church assisted in the kitchen.

The bride, a graduate of Wayne High School, attended WSC. She was employed in Lincoln prior to her marriage. The bridegroom is a senior at WSC.

Mary B. Hillen, Robert Van Cleave Married at Lincoln

Mary Beth Hillen, daughter of Mrs. Celestine Hillen, Newcastle, and Robert Van Cleave, son of Mr. and Mrs. George Van Cleave, Allen, were married Dec. 26 at St. Thomas Aquinas Catholic Church, Lincoln.

Rev. Raymond Hain officiated. Music was furnished by Judy Trumble and Jane Drake.

The bride, given in marriage by her uncle, James Richards, Newcastle, wore a gown of antique white fashioned with an empire bodice, square neckline and long sleeves. The lace was repeated in floral motifs on the A-line skirt, and the Watteau chapel length train. Her bouffant veil of silk illusion was held by a lace pillbox with a Dior bow. She carried an arrangement of red roses.

Mary Lou Kosch, Beatrice, was matron of honor. Jana Miller, Newcastle, was bridesmaid. Both wore floor length gowns of copen blue with satin empire bodices designed with portrait necklines and elbow length sleeves. They wore matching veiled headpieces and each carried a single long-stem white rose.

Steven Moseman, Allen, was best man. Lyle Geiger, Allen, was groomsmen. The bridegroom and his attendants wore black dinner jackets with tuxedo trousers.

Carol Ann Schulte, Newcastle, was flowergirl. Jeff Allen, Wakefield, was ringbearer. Ushers were Gary Pleas, Oxford, and Kurt Bennett, Chicago.

A reception was held in the church parlor following the ceremony. Mrs. James Richards and Mrs. Virgil Moseman cut and served the cake. Mrs. Donnie Allen poured. Celestine Himmen served punch. Marilyn Hoy arranged the gifts and Mrs. Kurt Bennett was in charge of the guest book.

The couple reside at 1117 H. St., Lincoln, where both are students at the University of Nebraska.

Madison High School's powerful rebounding strength proved to be too much for Wayne High as the Blue Devils wound up on the short end of an 81-65 score Monday night on the Dragons' home court. Although the Blue Devils had a better shooting percentage than the Dragons, they were unable to cope with Madison's rebounding power led by 6'9" junior Merlin Renner.

St. Cloud Edges WS in Swim Meet; Two Set Records

The Wayne State-St. Cloud State swimming meet Friday could not have been closer. Before the last event, the 400-year freestyle relay, host Wayne led, 50-47.

Wayne's foursom reached the end in school-record time, but St. Cloud beat the record too—1.6 seconds faster than Wayne at 3:41.3. On a winner-take-all scoring, St. Cloud emerged with a 54-50 edge, to avenge a 60-35 loss to Wayne last year.

Russ Nyberg and Jim Brown continued last year's winning ways, three and two wins, and each with a school record. Nyberg lowered his 200 freestyle mark to 2:00.9 and won the 100 and 500 free events. Brown dropped his 200 butterfly record to 2:24 and won the individual medley.

Marty Sears provided Wayne's other first, in the 200 back. St. Cloud's other first places: Steve Kenney with 13:13 pool record in the 1,000 freestyle; Tom Erdmann, 500 free; Joel Kleffman, diving; Jack Sproule, 200 breaststroke, and the 400 medley relay team.

Wayne swam minus eight who were academic casualties of the first term, including two lettermen. Even so, Coach Ralph Barclay rates the team a bit stronger than last year's which won conference and NAA district titles. Several strong newcomers fortify the remaining veterans, he said. Among the ineligible are several who bettered a number of school records in practice.

Next event on the WSC tank schedule will be at Kearney State Saturday afternoon.

Wayne State Cagers Lose Doubleheader to Chadron

Wayne State's basketball team increased its supply of experience last weekend while losing a pair to Chadron State at Chadron.

The young Wildcats went against an Eagle team loaded with upperclassmen who had lost only two of 12 games and had just won their own eight team tournament.

Even so, Wayne made it tough enough that Chadron Coach Mack Peyton refrained from wholesale substituting in the first game and waited until the closing minutes of the second before sending in the reserves to protect a 20-point lead.

Chadron ran away with the opener's first half, but had to hang on for an 84-76 decision at the end. The second game's first half was much more of a tussle than the final 98-75 score indicated.

"We were simply outmanned," Coach Al Svenningson said, "but I thought the boys did well in overcoming that 46-31 half lead in the first game."

Wayne several times whittled the deficit to eight points, but could not throttle Chadron's balanced attack, strong on outside shooting. Eagle Jim Rhodes especially was a menace though he managed only seven second-half points after a 20-point burst before intermission.

The Wildcat offense displayed its best balance of the season with five scoring 12 to 15 points, Joel Parks and Bob Strathman each hitting 15.

Svenningson's strategy changed for the second game meshed neatly for a good share of the first half. The Wildcats led several times before Chadron pulled away from a 19-all count with 1½ minutes left, and the margin was four to six points until the 49-41 rest.

Chadron Coach Mack Peyton apparently devised some counter strategy, for the Eagles zoomed quickly to leads of 15 and then 20 with a mixture of outside and inside shooting. Wayne's close guarding efforts backfired as Chadron hit 15 of 17 free throws in the second half, after connecting on 13 of 16 in the first.

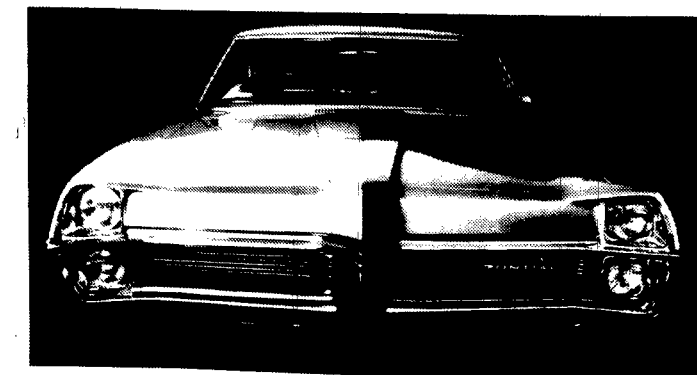

With four Wildcat regulars nursing four fouls in the late going, Svenningson ran in the subs, and they added 10 points in the last five minutes, including six by Norfolk Junior College transfer Roger Uecker.

Parks topped Wayne with 15; Strathman and Bob Hope hit 14, Ron Hintz, 13. For Chadron, Rhodes again was high with 26.

Wayne Freshmen Play David City in Meet

Wayne High School freshmen will play in the Schuyler invitational basketball tournament Jan. 24-25, Feb. 1-2. The Blue Imps have drawn David City in the opening round. Playing in the other bracket of the first round will be Fremont Bergan against Columbus Scotus. In the lower bracket, Schuyler plays North Bend and David City Aquinas plays Howells.

Maybe our '67 Pontiac is breaking sales records because people don't want to wait until '68 for a copy.

Our engineers have become used to seeing their ideas show up on other cars. Two years later. And that's why we have a lot of car buyers. Because our cars are selling faster than ever. And that's why we're so confident. When you think about it, why should you wait around for innovations like our disappearing windshield wipers? Or our imaginative options like our exclusive hood-mounted tach? Especially when you consider that our engineers

WSC Matmen Slate Four Meets After Month Layoff

After a four-week lay-off, Wayne State wrestlers have four meets in less than one week.

Revival of activity took them to Dakota Wesleyan at Mitchell, S.D., Wednesday night. Then they make their season home debut Friday at 4 p.m. against Colorado State College. Saturday at 4:30 p.m. Wayne greets the Yankton squad. Both meets in Rice Gym are free of admission.

Monday the Wildcat matmen go to Sioux City for

Wayne has a fine record of its own, with three straight conference championships out of the four NCC meets. Six Wayne grapplers are returning conference titlists.

However, the squad is missing two top performers. Heavyweight Bob Kruse has decided to give up wrestling to concentrate on senior classes, and 123-pounder Bill Schwarz is academically ineligible.

Boys Club Teams Split with South Soo

Wayne Boys Club teams split with South Sioux City Tuesday as the Wayne 8th graders fell 31 to 23 while

Wayne's 7th graders downed SS 7th graders 23-18. Leading the Wayne 8th grade scoring was Clabonoff with 6, followed by Kamish, Tietgen and Glase with 4, Creighton and Mau with 2 and Biltoff with 1. Score at half was South Sioux 17, Wayne 10. High for SS was Logan with 11 and Doer and Grant each added 6.

Balanced scoring helped Wayne 7th grade group down South Sioux City 22 to 18 as Lueders and Dill came through with 6 points each. Bornhoff had 5 and Hansen 4 and Kudrna 1 to round out the scoring for Wayne. For SS Connelly with 8 and Horen with 6 led scorers.

Right reserved to limit quantities.

THE COLLEGE BAND at Wayne State is shown as photographed by Lyman Studio prior to the Christmas concert. Dr. Raymond Kelton, director of the band, is shown standing at the extreme left.

Pedersen —
(continued from page 1)
applicants in the United States and Canada to serve in gospel work under the Home Mission Board of the Baptist General Conference.

Members of GIA will travel in small groups through Wisconsin, Minnesota, North and South Dakota and Canada. Their ministry will be enhanced through children's meetings, music, magic, Bible picture stories and visitation into homes.

Miss Pedersen, a sophomore at WSC, plans to return to the college next January to complete her education for a degree in elementary school teaching. Rev. Pedersen is pastor of First Baptist Church, Wayne.

Extension Council Tells 1967 Goals

Wayne County Home Extension Council met Jan. 3 at the Wayne County courtroom. Present were 24 women, representing 14 clubs.

New officers include Mrs. James Robinson, Hoskins, chairman; Mrs. Kenneth Gustafson, Wakefield, vice chairman; Mrs. Bill Kugler, Wayne, secretary-treasurer; Mrs. Marvin Victor, Wakefield, chairman for Wayne-Carroll group; Mrs. Clarence Schroeder, Hoskins, chairman for Hoskins-Winside group; Mrs. Fred Brummels, Hoskins, health chairman; Mrs. G. E. Jones, Carroll,

safety; Mrs. George Langenberg, sr., Hoskins, education and reading; Mrs. Gerald Hale, Randolph, citizenship; Mrs. Rudy Longe, Wakefield, historian.

Myrtle Anderson, area extension agent, reminded members of the driver improvement classes to be held in January and February. Trooper O'Dell, Norfolk, will conduct the classes.

County goals for 1967 include aid to Norfolk Opportunity Center, helping at the County Fair, giving consideration to senior citizens in rest homes in the area and helping promote the Nebraska Centennial.

Miss Anderson also announced an open meeting in February during which John Furrer, safety specialist from Lincoln, will present information on poisons commonly found in the home and on the farm, and methods of using and storing these products more safely. Meetings scheduled are as follows: Feb. 7, Wayne courtroom, 7:30 p.m.; Feb. 8, Northeast Station, 1:30 p.m.; Feb. 8, Hartington City Auditorium, 7:30 p.m.; Feb. 9, Pender Fire Hall, 1:30 p.m. and Feb. 9, Jackson Legion Hall, 7:30 p.m.

The above meetings are open to the public and all Home Extension club members are urged to attend. Other plans include a spring tea to be held May 12 at Hoskins and Achievement Day to be held at Wayne, Sept. 26.

Next Council meeting will be April 4 at 1:15 in the courtroom.

Wollenhaupt at Meet

Prof. Willard Wollenhaupt of WSC business division attended a meeting of the Nebraska CPA Association in Omaha Tuesday evening.

Wollenhaupt was recently appointed to a three-year term on the sub-committee of the public relations committee, dealing with cooperation with educational institutions.

in short term treasury bills. Builders are making good progress in construction, Supt. F. R. Haunsald, and the board soon will be taking bids for class room furniture. Some equipment is still needed for the food serving area in the new high school. The board plans to serve but not prepare hot

lunches at the new high school. Preparation will be done in the central kitchen in the elementary building. Stage equipment is still in planning, although the board saw detailed drawings of library furniture showing wall colors and other details. No final approval was granted pending further study of the drawings.

Blizzard Hits —

(continued from page 1)
official snowfall probably was somewhere between two and four inches, and carried .18 inch of moisture in it.

By contrast, the heavy snow which hit here in October had 1.25 inches of moisture.

All traffic in the area came to a standstill during the storm but county, city and state snow removal equipment went to work as soon as the storm began to subside and by Sunday traffic was moving normally or near normally in many areas.

Although some rural roads were still blocked Sunday, most families were able to get out by mid-afternoon.

School Board —

(continued from page 1)
reached.

A report on the building program showed that 66 per cent of the building costs are paid and another \$350,000 is still invested

12 Months in 1967!

What will you do to help your financial standing during the weeks and months?

When you spend your income for food and drinks it is soon used up. When you spend your money on your savings account at the year's end you still have it, with interest added. One way to grow is to lay your plan and work the plan. When you start a savings account - small or large - at Wayne Federal, just keep building. You are sure on the road for a thrifty 1967.

At WAYNE FEDERAL your investment is guaranteed to \$15,000.00. Also, your account is sure to grow with interest. There is no better place to save money than

Wayne Federal Savings and Loan Association.
305 Main St. Wayne, Nebr.

SWEARING IN of Wayne county's recently-elected officers was held Thursday at the courthouse. Those being sworn in by County Judge David Hamer include, left to right, Clerk of District Court John T. Bressler, jr., Treasurer Leona Bahde, Sheriff Don Weible, Superintendent Gladys Porter, Clerk Norris Weible and Attorney Don Reed. Weible and Reed are assuming office for the first time while the rest of the officers were re-elected. Roy Davis, county commissioner from Hoskins-Winside area, was sworn in a few days earlier.

?  **COOPERATE**

CAN FARMERS

Many corn and bean producers are interested in narrow rows, but not yet ready to make the big investment in equipment. Can they try narrow rows by grouping together and using one set of planting and harvesting equipment? "No," many said. "We'd all want to plant and harvest the same day." Groups throughout the midwest tried it anyway. How did it work out? What was learned?

How are They Affected by Narrow Row Planting? HEAR THE ANSWERS...

AREA FARMER REPORTS...

Hear Farmers Report on How They Fared Last Year Using Ideas They Received at the 1966 Clinic.

It has been a wild year in the corn-bean belt. Floods - drought. Hot weather - cold spells. The usual storms. Bugs - weeds.

In 1965 Clyde Hight of Illinois established a new corn record of 201 bushels per acre on 388 acres. In 1966 many farmers in Clyde's area had almost total crop failure from lack of moisture. What happened to Clyde?

What happened during 1966 to other thousands of farmers using production techniques recommended at last winter's corn-bean clinics? What happened to producers not using these tactics?

Navy Recruiter D. R. Hopkinson and Lt. Marcia Goes

Navy Recruiters Tell About Officers' Training Almost Too Good to Believe

Young women of the area were getting their eyes opened this past week when a pair of navy boosters were in Wayne telling about the tremendous opportunity offered young women in an officers' training program. The benefits sound almost too good to believe.

Lt. Marcia Goes, Kansas City, and D. R. Hopkinson, Norfolk, were in Wayne. They spent some time at Wayne State College contacting prospects for a WAVES officers' program. Mrs. Goes' husband is a civilian employed in Kansas City—has just been

assigned the Nebraska area for recruiting women for naval officers. This was her first visit here. Hopkinson is in Wayne the second and fourth Thursdays of each month at the selective service office and post office to recruit men and women for the navy.

Girls from Wayne County and the surrounding area are being sought for a program that will develop 500 WAVES officers. Married or single women with a good background and a college degree in the 21-27 age group are sought. Those selected will get

\$5,000 a year salary plus board, room, medical care, hospitalization, dental care and other benefits. Within 4 1/2 years they can be getting \$8,000 plus the benefits.

All sorts of duties are offered. There are 30 fields where women officers do the work of male officers so the men can go to sea. Bases in Spain, Italy, France, Germany, Hawaii, Puerto Rico, Alaska and Japan are among those where women can ask to be sent. No WAVES officers are sent to Vietnam.

Work in the various fields includes personnel administration, public relations, communications, computer programming, intelligence, lawyers' assistants, special services, liaison offices, supply, NATO and many others.

Where would the officer recruits live? Lt. Goes said they hardly know they are in a military branch as they do not live in barracks, do not march, wear uniforms during working hours only.

WAVE officers are treated first like women and then as officers. They do not lose their "individuality" in handling jobs which give them a chance to show their leadership capacity in positions of responsibility.

If a WAVE officer is married she is sent to the same base where her husband is as often as possible. If both are in the navy this arrangement has priority.

For college juniors, the WAVES offer a special program where they go to Newport, R. I., for eight weeks in the summer between junior and senior years. Upon graduation from college they get commissions, take eight weeks of indoctrination and are assigned.

Fringe benefits include: Travel free on any military aircraft inside the USA or overseas (Lt. Goes took a "free" trip on military planes around the world); special rates on commercial plane flights; special rates at many hotels; personal and home supplies at "lower than home" prices in commissaries overseas; and most of all the opportunity to gain security, something most women want and need in this hectic age.

Lt. Goes will not be around regularly to contact young women interested. However, those wishing information may contact the chief recruiter, Norfolk Navy Recruiting Office and literature on the officer program for women will be sent with no obligation. Lt. Goes will contact those who display further interest.

With all of the features WAVE officers' program offers, there could be a

rush of young women to get in on the benefits while young. The enlistment period is for two years and when you're young and a woman, the WAVE program seems to offer some irresistible features.

Major Charles Kay, son of Mr. and Mrs. Harry G. Kay, Wayne, sent copies of the Saigon Post and the Saigon Daily News, English language newspapers, from Vietnam, to The Herald. Anyone with relatives in Vietnam or others wishing to look at these "close to the war front" papers is welcome to come into the office and see them. Major Kay is in helicopter rescue work. He recently had some time off so went to Hong Kong and called his parents from there.

Pilot wings have been awarded Capt. Lawrence Peterson, son of Mr. and Mrs. R. M. Peterson, Wakefield. He was graduated from Reese AFB, Tex., and is assigned to

Seymour Johnson AFB, N.C., for flying duty with the tactical air command, which provides combat reconnaissance, aerial fire-power and assault airlift for the army. Capt. Peterson attended Elm Creek High School. He received a BA degree at Wesleyan in 1960 and was commissioned upon completion of officer training school at Lackland AFB, Tex.

Airman Bruce Johnson, son of Mr. and Mrs. John Russell Johnson, Wayne, has been at Lackland AFB, Tex. since Dec. 17. He is in basic training with the following address: AB Bruce L. Johnson, AF 26828748, Box 1524, Flight G-94, Lackland AFB, Tex. 78236.

A new address has been received for Dan Lorenz, son of Mr. and Mrs. Fred Lorenz, Hoskins. He is now in Vietnam. His address is: SP-4 Daniel F. Lorenz, US 55793116, 9th Div., Co. B, 2/60 Inf., APO San Francisco, Calif. 96373.

ASC Charles Arduser, Gulfport, Miss., did not arrive home in time to spend Christmas Day with his parents. Due to a snow-storm in the South, he was delayed and did not get to Belden to visit his folks, the Bernard Ardusers, until Dec. 28. He returned to his base Jan. 9.

Mr. and Mrs. Glen Noe, Allen, have received word that their son, Robert G. Noe, has been promoted to airman second class. Airman Noe is based at Lowry AFB, Colo., and is studying electronics in a course scheduled to end in March.

Pfc. Marvin Sauser, Ft. Bliss, Tex., arrived in Belden Dec. 17 and visited until Jan. 1 with his parents, Mr. and Mrs. Leonard Sauser.

A/3c Dennis L. Mitchell, son of Mr. and Mrs. James Mitchell, Allen, returned to Lowry AFB, Colo., after a Christmas holiday with his parents. He is being trained as an electrical precision photographic systems repairman.

Returning to Peterson Field, Colo., Jan. 2 was A/3c Kenneth Hintz, son

of Mr. and Mrs. Charles Hintz, Belden. He was transferred recently from Amarillo AFB, Tex., to Peterson Field.

Pvt. Victor Green, Ft. Bliss, Tex., spent two weeks at Allen with his parents, the Marvin Greens. His fiancée, Janice Stern, Aberdeen, S. D., and several other out-of-town guests visited at various times in the Green home while he was home.

Funeral Services Held Monday for Mrs. Hiller, 80

Funeral services for Mrs. Gwendolyn Hiller, 80, were held Jan. 9 at Carroll Methodist Church. Mrs. Hiller died Jan. 4 at Wayne Hospital.

Rev. E. John Kess officiated at the rites. Mrs. Clair Swanson, Mrs. Tom Roberts, Mrs. Bob Johnson and Mrs. Vernon Hurlbert sang "Beautiful Isle of Somewhere," "No Night There" and "Beyond The Sunset." Mavis Swanson was accompanist. Honorary pallbearers were David Theophilus, Tom Roberts, Edwal Roberts, Levi Roberts, Ivor Morris and Ed Prautwein. Pallbearers were Everett Davis, Bus Hansen, Vernon Hurlbert, Jack Rethwisch, Leonard Halleen and Clarence Morris. Burial was in Carroll Cemetery.

Gwendolyn Davies, daughter of David M. and Ann Davies, was born Jan. 3, 1887 at Wales, Ia. She came to a farm near Carroll with her parents when she was a small child.

She was married Sept. 20, 1911 at Carroll to Dolph L. Hiller. She spent the remainder of her life in Carroll. Her husband, her parents, a brother and four sisters preceded her in death.

Survivors include a daughter, Mrs. Francis (Leona) Perrin, Seward; a

son, Cpt. Louis M. Hiller, Ft. Lauderdale, Fla.; three grandchildren, Thomas Perrin, Seward, and Louis M. Hiller and Sherlee Hiller, Ft. Lauderdale, and several nieces and nephews.

Final Rites for Terry Simmerman Held Here Sunday

Funeral services for (Terry) Simmerman, 53, were held Jan. 8 at Hiscox Funeral Home, Wayne. Mr. Simmerman died Jan. 3 at his home in Wayne.

Rev. Cecil Bliss officiated at the rites. Pallbearers were Elmer Granquist, Merlin Prevert, Paul Wischhof, Henry Mau, Jean Nuss and Carl Scheel. Burial was in Greenwood Cemetery with military committal rites.

Terrance, D. Simmer-

man, son of Grant and Hattie Simmerman, was born March 21, 1913 at Wayne. When he was a child he moved with his family to Arco, Idaho. Four years later the family returned to Wayne. He attended Wayne High School and in 1942 enlisted in the Army, serving during World War II. Following his discharge from the service he made his home in Wayne. Survivors include his parents; two brothers, Texley, Nebraska City, and Marlyn, Ephrata, Wash.; two sisters, Mrs. LeRoy (Romaine) Schlich, Long Beach, Calif., and Mrs. LeRoy (Hollis) Stroud, Santa Paula, Calif., and three nieces.

Car-Truck Collision In Snowstorm

Saturday's heavy snowstorm was blamed for an accident about six and one-half miles east of Wayne on Highway 35.

With visibility at nearly zero, a semi-trailer truck driven by Harmon L. Blecher, 28, Lexington, about 1 p.m. hit a snowdrift on the highway and jackknifed into the ditch, but left the rear of the trailer on the highway.

Later, a car driven by Diane K. Didier, 29, Sioux City, came through the snowdrift. She was blinded by blowing snow and hit the trailer. There were no personal injuries, although damage to the car was extensive. Only slight damage was inflicted on the trailer.

Trooper Don Matejka of the state safety patrol investigated.

Mrs. Swanson's 22nd wedding anniversary. Guests that evening in the Swanson home were Mr. and Mrs. Clarence Morris, William Swanson and Mr. and Mrs. Dale Curtwright, Kearney.

Ex-Belden Resident Selected for Honor

Mrs. Rita Oberholzer, Athens, Ohio, has been selected for inclusion in the publication, "Outstanding Young Women of America," which lists 6,000 women between 21 and 35.

Nominations are received from women's organizations. Mrs. Oberholzer, daughter of Mr.

and Mrs. Ervin Stapelman, Belden, was nominated by Professional Women of Athens.

Selections are based on civic endeavors, religious activities and professional and political achievements throughout the year. Inclusion calls attention to the great capabilities of our young women and their ability to get things done.

Mrs. Oberholzer is a 1955 graduate of the University of Nebraska and has been home service director for Columbia Gas of Ohio, Athens, since graduation. She and her family live at 34 Lincoln St., Athens.

We Are Going To Let You Read Our Mail

Super Sweet FEEDS
DIVISION OF International MILLING COMPANY INC.
NEW ULM, MINNESOTA 56001

Dear Super Sweet Dealer:

The following additive changes have been made in Super Sweet Hog Concentrates:

- 42 Pig Mixer Concentrate - addition of 100 grams of penicillin per ton
- 40 Porkmasher - addition of 100 grams of penicillin per ton
- 35 Pig Grower Concentrate - addition of 50 grams of penicillin per ton

The above feeds have been modified to include a level of penicillin that research has shown that the increased gain and greater efficiency of feed utilization that results from feeding a low level of penicillin more than that the low level of penicillin helps control disease before it gets started.

In addition to this, 35 Pig Grower Concentrate will be available with 300 grams of penicillin - streptomycin (50 grams of penicillin and 250 grams of streptomycin per ton).

The use of penicillin - streptomycin as a treatment of non-specific disease conditions is recommended since it is one of the most effective for the money spent.

We will also continue to have available 35 Pig Grower Concentrate with ASP-250 and Tylan. 42 Pig Mixer Concentrate will also continue to be available.

Sincerely,
SUPER SWEET FEEDS, Division of International Milling Company Inc.
Lawrence P. Olson
Douglas P. Mosberg
Area Sales Managers
West & East New Ulm

Many times during the year we receive letters like this explaining how research has once more shown the advantage of adding or sometimes subtracting an additive in our feed. This is evidence of how the continuous research at the Super Sweet Farm is keeping our feed up to date.

Continuous improvement and changes in livestock feeds is possible only from a quality conscious, research backed company like Super Sweet. We don't sell the cheapest feed in the world, but price alone means nothing. How it performs and what it finally puts in your pocket are the things that count. This is why we sell Super Sweet. Call us for the best in service and products.

If you're a thrifty shopper,
you deserve both

(cash savings and **S&H** Green Stamps)

Why do these great supermarkets give you big cash savings plus America's Most Valuable Stamp?

There is simply no other way to operate a supermarket that gives you, the customer, as much value for your food dollar. Because there is no other way to keep up the volume that keeps prices down. Our customers want low prices on high quality food—and they want the extra value of S&H Green Stamps, America's most reliable, most valuable stamps. They expect it. They're entitled to it. And we're proud to give it. Because it brings us volume. And that's what keeps prices down. Not just in our stores. In our competitor's, too. Who benefits? You! And us. Come on over and save—today!

(continued from pg. 2)

ridiculous. We have now way of knowing, but if Christ were to walk the streets of Omaha today we don't think there would be much chance of His being mistaken for a beatnik. There's no chance at all of a beatnik being mistaken for Christ—especially if the beatnik opens his mouth and spews forth his beliefs, most of which are in direct conflict with Christ's.

SASS

Have you been to Omaha to see "The Sound of Music" lately? We gave ourselves a Christmas treat and saw it for the umpteenth time. It was as good this time as ever, but the theatre was packed even after 92 weeks so we had to sit close to the front. However, we'd go again at the drop of a hat. We would recommend that any club or school groups wanting to do something really worthwhile could charter a bus or drive to Omaha to see this near-perfect picture. It will be in Wayne someday and we'll be happy to see it again. It's a movie you can hardly see too often. We recommend it.

SASS

Shmoe: "I'm going to get a divorce. I can't stand living with that woman. She just talks, talks, talks, talks, night and day."

Joe: "What does she talk about?"

Shmoe: "She doesn't say."

SASS

We have now been tagged two new names. One is "anti-golfer." That, of course, comes from our stand on daylight saving time. "Speck" in the Wakefield Republican suggests that those who want an hour more daylight just get up an hour earlier and leave the clocks alone. One caller wants to know who is running the schools now, the board or The Herald. Our relations with the school board are so fine the caller wouldn't believe it anyway. Board members: respect our right to comment and editorialize and we respect the board members' right to make the rules, decisions and policy of the school. The caller didn't like it because we said we would give coverage of sports on the basis of good sportsmanship. What this has to do with the school board we don't know. We have a right to base our coverage on sportsmanship if we so choose. Now tell us who is anti-sportsmanship? Possibly a poor sport?

SASS

Matilda, a spinster, rushed into the house and exclaimed to her old maid sister: "Oh, Agatha, I'm going out tonight with a used car salesman."

"What's the difference?" Agatha assured her, "So long as he's healthy."

SASS

A Paraguayan orchid to Tom Dorsey. It's the second week in a row our bouquet has gone to a Peace Corps worker. Whereas last week we saluted Lonnie Behmer of Winnside who completed two years of Peace Corps work, this time we honor a youth who is just starting his work overseas. We were deeply impressed by both young men. Tom was a great admirer of President Kennedy and resolved long ago that President Kennedy had the right idea in a people-to-people program to help

others help themselves. We feel sure Paraguayan people will benefit from having a man of his feelings and ideals around. He may not have ambassadorial status but he is going to create a lot of good will for our nation and our people, going there with the attitude he has to help those who are long overdue at getting help. Our best wishes to Tom. We share the pride of his family in seeing him enthusiastically enter this field. May his rewards exceed his ex-

pectations in every way.

SASS

Shmoe: "I want the telephone number for Ignatz Sialvasovitzki on Oak Street."

Operator: "Spell that please."

Shmoe: "O-A-K."

SASS

Tell us, when you tie one shoe because the string feels loose do you immediately feel as if the other shoe string is loose? We do. Don't lose any sleep over it though. We'd just like to know why it didn't feel loose

in the first place.

SASS

Johnny came rushing in and told his father he had seen two lions fighting in the street. After several futile attempts to get Johnny to change the story, his father finally said: "Johnny, you know you are fibbing and I want you to kneel down and tell God your story and ask Him to forgive you."

In a short while Johnny came back beaming. "It's all right," he announced cheerfully. "God said those

big dogs had Him fooled at first too."

SASS

Former Wayneite Struck by Auto

A former Wayne resident, Dale Gramberg, 35, was seriously injured New Year's Eve when he was struck by a car while checking his own car on an icy street in Kansas City.

Gramberg, a former employee of Swanson TV, is now employed in the TV

sales and service department for Montgomery Ward. He was enroute home from work when his car stalled.

While looking at the engine to find the trouble, he was struck by a car that was skidding on icy surfacing. The vehicle crushed his left leg.

Wednesday of last week it was necessary to amputate the leg below the knee. Doctors saved the thigh, knee and a stump below the knee. He faces a long period of recuperation before being able to return home.

He grew up on a farm north of Wayne and graduated from Wayne High School. His father, Ludwig Gramberg, died several years ago. His mother lives in Omaha. A sister, Mrs. Herman Wacker, Wayne, and a brother, Kenneth Gramberg, Winnside, still live in this area.

Gramberg was in good spirits at last report, although he lost a lot of

The Wayne (Nabr.) Herald, Thursday, January 12, 1967

blood. He had been kept under sedation several days following the mishap. He is in North Kansas City Memorial Hospital, 2800 Hospital Drive, North Kansas City, Mo. 64116, and would probably enjoy hearing from friends in this area as his recuperation and adjustment will be lengthy.

Mr. and Mrs. George Rasmussen and family were visitors in the Albert Rasmussen home, Newcastle.

Mrs. Burgon Messler, Tacoma, Wash., and Mrs. Velma Frans spent the weekend with relatives at Madison, Columbus, Lindsay and Battle Creek.

BABSON'S REPORT

(Conclusion of Babson's Report published in two parts).

27. An encouraging aspect of the 1967 outlook is the affluence of consumers. I forecast a further upward trend in personal incomes, due to higher wage rates. However, if taxes are raised, take-home pay may not show a rise commensurate with the gain in gross pay.

28. Retail trade held up well in 1966, but there was a note of lethargy throughout the year. The pattern is not expected to show much change in 1967, with gains in dollar volume largely reflecting price inflation. Though consumers will have more money to spend, tight credit, high borrowing costs, and higher price levels could cause some tightening of purse strings.

29. Spending for food, apparel, and general merchandise should be greater in 1967. Also, consumers will devote a goodly portion of their spending budget for leisure activities, vacation, and travel.

30. Durable goods may not fare so well. Demand for home appliances, color TV sets, and furniture may be hampered by tight credit and high borrowing costs, plus the lethargy in new home building.

31. I forecast a decline in new auto sales. However, with the increase in the population of driving age, and with the record rate of personal income, new car sales could hold within 10% of 1966's.

32. Soaring living costs will hit the headlines more often in 1967. Ire will be directed most strongly at runaway service expenses—especially medical—and at advancing red meat prices.

33. Despite new highs in the cost of living, I predict there will be many signs of deflation in the midst of inflation. Chief among these will be sliding profits, rising bankruptcies and foreclosures.

34. Industrial commodity prices should be firm to slightly higher. Selective price markups will be necessary to offset wage hikes.

35. Profits began to wobble in the final half of 1966. I am convinced that hesitancy will give way to decline during the year ahead. Big squeeze on margins will come from soaring costs, especially labor.

36. But profits results will also vary widely from one company and one industry to another, as sales volumes sag, hold, or advance. For example, I am willing to "stick my neck out" and say that oil companies will enjoy a sales rise, but that the auto mak-

ers will be struggling with a volume slump all year. 37. The combination of less vigorous business, pinched profit margins, and stringent credit conditions points to an increase in business failures, shaking out the financially weak and inefficient. 38. Collections may be more difficult in 1967 on business accounts, consumer installment and charge accounts, and mortgage debt. I forecast a further rise in nonfarm real estate foreclosures. 39. Barring crop failures, I forecast another good farm production year. Farm prices should rule firm to slightly higher in 1967, but higher costs may result in a slight drop in net realized farm income. 40. Nevertheless, farm equipment manufacturers should enjoy good business. 41. 1967's stock market promises to be one of vicious selectivity. I am expecting the old aristocracy of super-able management based upon hopes of good future performance. 42. I forecast, however, that 1967 will still hold many dangers for the speculator. I urge readers not to borrow money to buy stocks, and urge investors to buy for growth and basic investment values. 43. The safest kind of long-term bonds are available now at prices affording very close to the highest income returns of the century. It is a good bet that there will not be so many top-grade issues on the bargain counter at the end of 1967. Should the 90th Congress boost income taxes, tax-exempt bonds will put on the best performance. 44. World opinion on the future price of gold has blown hot and cold many times in recent years. Though lately in the shade, I predict that gold will again be in the spotlight before 1967 is out. 45. I forecast that the dollar will not be devalued in 1967, but the pound will continue shaky. 46. Certainly, Congress will become more and more critical of the looting going on under cover of the Administration's War on Poverty. The whole program will be subjected to tighter supervision. 47. As 1967 wears along, the high hopes for more constructive conservative

Sales of fertilizers and insecticides should post gains.

41. 1967's stock market promises to be one of vicious selectivity. I am expecting the old aristocracy of super-able management based upon hopes of good future performance. 42. I forecast, however, that 1967 will still hold many dangers for the speculator. I urge readers not to borrow money to buy stocks, and urge investors to buy for growth and basic investment values. 43. The safest kind of long-term bonds are available now at prices affording very close to the highest income returns of the century. It is a good bet that there will not be so many top-grade issues on the bargain counter at the end of 1967. Should the 90th Congress boost income taxes, tax-exempt bonds will put on the best performance. 44. World opinion on the future price of gold has blown hot and cold many times in recent years. Though lately in the shade, I predict that gold will again be in the spotlight before 1967 is out. 45. I forecast that the dollar will not be devalued in 1967, but the pound will continue shaky. 46. Certainly, Congress will become more and more critical of the looting going on under cover of the Administration's War on Poverty. The whole program will be subjected to tighter supervision. 47. As 1967 wears along, the high hopes for more constructive conservative

action by the 90th Congress will give way to increased doubts as a legislative stalemate develops. Republicans will have enough to launch a program of their own. 48. There will be a lot of talk in 1967 about the economy's "still growing." But I warn readers to examine carefully the advance in Gross National Product which I am forecasting here. Biggest part of the increase will come from higher prices and wages. 49. I foresee that a breathing spell in the economy can prove helpful. The prolonged prosperity has bred waste, laxness, and inefficiency. These can be corrected only by a return to fundamentals. Just as the human body requires adequate rest in order to enjoy proper health, so too the economy, and the stock market as well, must undergo periodic resting

phases. 50. As the economy cools off in 1967, readers should be aware of reassurances that our problems are only temporary and will soon be followed by a decade of boom conditions. The promised land may be only across the river, but it is always wise to test the depth of the water before wading in. That is behind my forecast that 1967 will be a good year for businessmen and investors to have strong confidence for the future, but to proceed with caution and restraint until the uncertainties just ahead have been resolved.

Winside Tests Ready

Semester tests are ready for all classes of Winside High School, according to Supt. James Christensen. The tests will be given Thursday and Friday, Jan. 12-13. Second semester classes begin Monday, Jan. 16.

CORN-BEAN CLINIC

STARTS ANNUAL TOUR

See Pages 4 & 5

High population planting of 24,000 to 32,000 plants per acre with hybrid seeds gave the Baer fields a dense population that shaded the ground and preserved moisture. This photograph shows Baer (on the right) with a Farm Manager and a Seed Corn Research Agronomist looking at one of the fields of corn at the Manchester farm.

©1967 Rural Gravure

HE THINKS BIG WHERE CORN'S CONCERNED

DEKALB[®] BRAND

XL

The King of Corn!

Compare height of XL-45 with variety at right.

Real Shorties that are tough and take thick planting in narrow rows

Modern corn farming demands varieties that will take higher populations, narrow rows, higher fertilization, and specialized mechanical harvesting.

DeKalb's XL Single and Three-Way Crosses meet this demand. They're *tougher, shorter*. They stand, combine easily and yield **BIG!**

In 1967, go all the way with DEKALB XL Corn—the greatest improvement in corn since hybrids.

"DEKALB" is a Registered Brand Name. "XL" is a Variety Designation.

**MORE FARMERS PLANT
THAN ANY OTHER BRAND**

You could fill a combine hopper with all the articles that have been written about high population planting, narrow rows, heavy fertilization and ample use of herbicides and insecticides.

These topics are featured throughout the Cornbelt. But few farmers have carried these improved practices the extent that Elmer Baer has on his 1,250 acres near Manchester, Iowa.

Baer tried them all this year, and got good results — a whopping 140 bushel average on the entire acreage. Better than 200,000 bushels of corn!

Baer has some firm convictions on corn growing, and puts them all into practice at Manchester Farms, Inc. From planting to harvesting to fall plowing, every method is the most up-to-date.

Encouraged by good results in the '65 season, Baer aimed even higher in 1966. From fertilizer to plant population, he put down everything his soil could support.

"We tried a lot of new ideas on a large scale this year, and got a good idea of how each one measures up," says Baer. "For one, we varied our populations depending on the seed we used and on the width of the row. Our first 500 acres were planted with 28,000 to 30,000 kernels, and we got a final stand of 25,000 to 27,000 plants.

"On the 20-inch rows, we planted at 32,000 and, because of high germ-

ination, those fields had a stand of better than 30,000 plants per acre. On our last 250 acres, we dropped the population to between 22,000 and 24,000, and got about 22,000 stalks.

"For the first time this year, we used only one brand of corn . . . DeKalb. The DeKalb people have stressed the things we want in our corn, so we went all the way with them.

"Over 85% of our corn is XL-45, so you can see how that short stalk hybrid rates with us. We planted four other DeKalb varieties at varied populations to check them all out."

Normal planting time in the Manchester, Iowa area is traditionally mid-May, but Baer started planting on April 26. By May 5, 400 acres of 30-inch corn was in the ground. Then wet weather slowed the pace so that only 500 acres were planted by May 15.

The 20-inch corn was the next to be planted. And the 500 acres were put in from May 17 to 25. This left only 250 acres to plant. But wet weather hit again, and it took until June 2 to complete planting.

The total fertilization program in the spring was heavy. Average per acre allowance on the 1,250 acres were: 225 to 250 lbs. of nitrogen, 90 to 110 lbs. of phosphate, and 210 lbs. of potash. Seventy percent of the total was applied pre-plant and 30% after planting.

On two-thirds of the land, 750 acres, a liquid application of 18-46-0 was applied at the rate of 225 lbs. per acre. On 500 acres, a combination of 11-34-0 was applied at the rate of 300 to 350 lbs. And, 350 lbs. of 0-0-60 was applied in dry form on all of the acres.

As soon as the corn is harvested, large tractors with plows and disks move into the Manchester fields. Baer feels fall plowing can greatly increase a field's yield capacity.

Weed control got close attention too. Atrazine was applied pre-plant with a liquid fertilizer on 950 acres. On the remaining 300, it was mixed with oil and an ester at the rate of 5 lbs. of Atrazine per acre and applied when weeds were one to three inches high.

"Despite the wet spring, we were able to control weeds on 1,250 acres chemically with better results than we could have gotten on 400 acres using a cultivator," states Baer.

Insects were handled with an application of 10 lbs. of Aldrin applied behind the planter. Baer found very little damage from insects this year but is keeping a trained eye out for next year, since heavy northern rootworm infestation is expected in his area.

Minimum tillage was emphasized as much as possible in the Baer operation. "We used a disk to incorporate some of the Atrazine before planting, and 200 acres of 30-inch corn was just plow-planted," says farm manager Dan Driscoll. "We planted our 20-inch corn with a new Allis Chalmers 12-row tillage planter, and no other disk was used except with the nitrogen application."

Baer contends that no matter how many precautions you take or how many new methods you use, "High yields won't materialize unless you harvest early. In high yielding corn, you can lose as much as 30 bushels an acre by waiting too long to harvest."

His theory on early harvest was well demonstrated this year. Combines moved into his 30-inch corn on September 16, and by the 19th they had 60 acres harvested. "We had to move them from field to field, because all the corn wasn't dry yet," says Driscoll. "By the 24th of September, we had 25,000 bushels of wet corn harvested from 175 acres."

Harvested corn is taken to one of the Manchester farms continuous grain dryers, where it is dried and stored until favorable market prices prevail. But the story doesn't end there.

As the combines completed their work on the first 300 acres, they were soon followed by tractors with plows and disks. It's Baer's belief

that the more land that can be fall-plowed, the earlier corn can be planted the following spring.

"I'm convinced that fall plowing can mean a 10 to 15 bushel per acre increase over spring-plowed land," Baer says. "In 1964, on many farms that I know of north of Bradford, Illinois, fall-plowed land yielded double the corn of spring-plowed land."

At the same time, lime is spread on the fields with trucks and then plowed in. "I'm a strong believer in using plenty of lime," Baer declares. "Getting the soil to the right pH level is important for a good corn crop."

Because of his awareness of new approaches in farming and his willingness to adapt to them, Baer has proven that conscientious farming pays off.

During the growing year, fertilizer, herbicide, insecticide and seed people and interested farmers congregated on the Manchester farm and talked corn. Sitting on the fender of the car conversing with such a group is farmer Baer.

A Visit with Rabin Pullin, Jasper County, Indiana

"We couldn't build this \$20,000 structure if we couldn't master health problems."

"Digestive health is a real complex problem. I think it faces the entire industry."

"If we have good-doing pigs at 8 weeks, they'll almost certainly be good at 12 weeks... or 6 months."

**"With TNT,
scours control has been
phenomenal."**

Rabin Pullin's operation is a regular stop for Midwest farmers on swine tours. Here's why he uses TNT on the 2,900 hogs he sells from 325 litters:

"An enteritis condition would affect, in varying degrees, between half to two-thirds of our pigs. It wasn't enough to put us out of business. But it was aggravating. It would affect gains... and profits. In extreme cases, we'd lose two weeks to market.

"Then we used TNT. And, frankly, we just haven't had enough problems in 5 consecutive groups of pigs to even consider. We have fewer tailenders... fewer runts. Ben-

efits extend throughout the growing period.

"I'd get into hot water if I said TNT would cure every man's troubles. But I'd recommend it to anyone who has had chronic problems. I know we're going to continue using it."

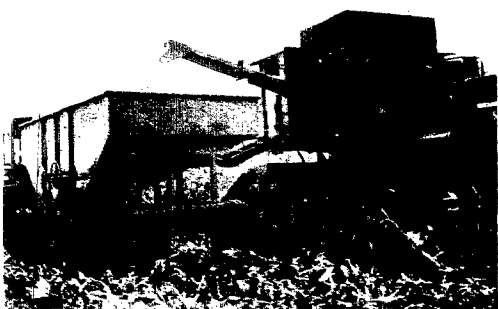

TNT worked for Rabin Pullin. It'll work for you.

Pfizer

TNT
TRIPLE-ACTING
NEO-TERRAMYCIN*
(neomycin-oxytetracycline)

"Get in on a good thing!"

Applying up-to-date methods yielded an average of 140 bushels on 1,250 acres for Manchester Farms, Inc.

CORN-SOYBEAN CLINIC BACK WITH PROGRESS REPORT

For the past two years, a Corn-Soybean Clinic has made a winter tour of the Midwest, showing to capacity crowds of Top Farmers, most of them enthusiastic about getting a complete story in a single day.

The 1967 version, on the road January 6 through February, promises new and exciting information along with a run-down on how last year's advice worked out.

There is much to tell. 1966 was a wild year. One of the worst droughts in history hit a large part of the hot production area.

Top producers like Clyde Hight in corn and John Reiser Jr. in beans were hit with almost impossible conditions. They will report in films at all clinics and will attend many in person.

Ag chemicals faced many challenges. Rain and cold weather threw planting off schedule. Drought and extreme heat followed. Improper application of chemicals caused losses.

We learned a good deal about fertilization during 1966, not only in corn but also in beans. Weed control was mainly responsible for increased soybean yields in the past several years. Now it looks as if high fertility, narrow rows and better seed will help to really break the yield barrier, thanks to pioneering by men like Reiser.

The rush to narrow rows in both beans and corn has produced many interesting results. Many farmers changed over completely. Others teamed up to use one set of equipment on test acreage.

Sunlight received new attention, our friends in Canada leading the way. Planting schedules, population and spacing, even shape of plants will be changed to make fuller use of light and water.

The marketing story is exciting too. We are selling for cash overseas, but also running into real competition from other nations and other crops.

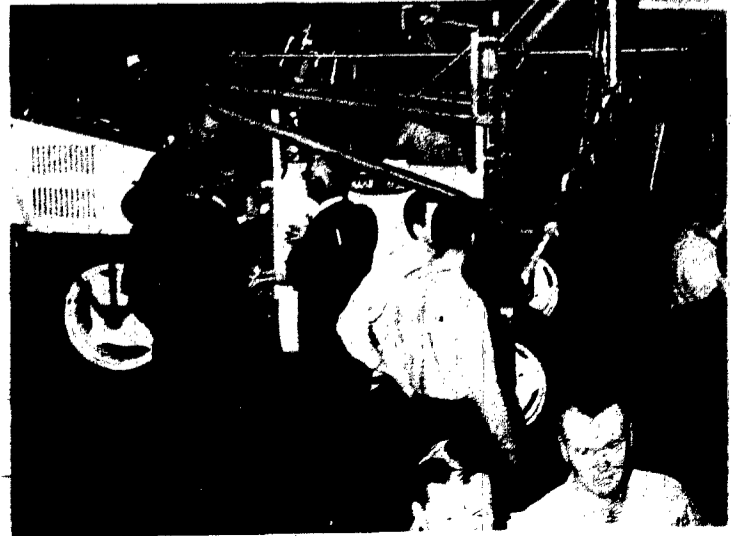

Check the map and locations at the right and be sure to attend the nearest Corn-Soybean Clinic. Your hosts, Allis-Chalmers, DeKalb, Amchem, Shell Chemical, Behlen, various fertilizer companies, local dealers and community boosters. Come early to get a good seat and visit with company people, dealers and Top Farmers. This will probably be your most interesting and profitable day of the year!

Corn-Soybean Experts can help you EARN \$25 MORE PER ACRE

MANY top farmers reported earning \$25 to \$50 more per acre during 1966 after attending last winter's Clinic and applying what they learned. They have high-profit proof that Clinic recommendations, based on actual farmer experiences, pay off.

You can prove it to yourself, too, by attending the Clinic and hearing the latest on . . . Narrow rows . . . High population . . . Chemical weed and insect control . . . Heavy fertilization . . . Early harvest . . . Better storage. Come to the Clinic . . . and put more profit in your farming!

This 2-Record Album for \$1

if you join the Club now and agree to buy any two records at the regular Club price in the next 2 months

24 COUNTRY AND WESTERN HITS BY 24 FAVORITE SINGERS!

What a round-up of hits! What a jamboree of stars! Here are 24 of America's top country artists singing 24 of their most famous songs. All yours for just ONE DOLLAR—to introduce you to the benefits of membership in Capitol Record Club's big new Country Music Division.

Here's your chance to renew acquaintance with old favorites...make exciting new discoveries.

Just mail the coupon at right with a check or money order (no cash) for \$1.45 complete, which includes postage and handling. Capitol will mail you The World of Country Music, a beautiful two-record album, along with your first copy of the Club's monthly magazine, KEYNOTES. The magazine announces the club's Country selection of the month picked by Country Music experts. If you want the selection, it will be sent to you automatically with a bill for \$3.98 plus a small shipping charge. Otherwise, you can pick any of hundreds of other albums—including not only Country and Western albums but also other popular vocalists and singing groups, music for easy listening and dancing, jazz, Broadway and Hollywood hits, concert favorites—if you prefer one of them to your selection of the month. You never have to buy a record you don't really want.

After you buy the two records called for in this trial membership, you may continue as a member, if you wish, and get valuable bonus certificates entitling you to free albums—at least one for every two you buy. No wonder so many people are turning to the Capitol Record Club. To join them, fill out and mail coupon now.

Country Music Division
CAPITOL RECORD CLUB
Hollywood & Vine
Hollywood, California 90028

Please accept me as a trial member of the Capitol Record Club and send me the two-record album WORLD OF COUNTRY MUSIC. I enclose a check or money order (not cash) for \$1.45 which includes shipping and handling. I agree to buy two more albums, at the regular Club price of \$3.98 plus shipping within the next two months.

WINTERTIME SALADS

by Betty Stern, Farm & Home Food Consultant

Perk up your winter meals with an attractive, delicious salad. No trouble with children not eating their salad with such recipes as Marshmallow Sunburst Salad or Special Occasion Salad.

Walnuts add appetite appeal and make a salad more inviting. Even more, walnuts supply so much food value in the form of protein that a liberal helping of a walnut salad can often serve as the main course of your meal.

SPECIAL OCCASION SALAD

1 cup salad dressing
½ cup heavy cream, whipped
few drops food coloring (depending on occasion)
1 cup diced pears
1 cup diced peaches

1 cup drained crushed pineapple
1 cup miniature marshmallows
Lettuce
Peach slices
Maraschino cherries

Combine dressing and whipped cream; add food coloring. Fold in fruit and miniature marshmallows. Pour into a 1-quart ring mold; freeze until firm. Unmold on lettuce; garnish with peach slices and cherries.

MAKE AHEAD LEMON SALAD

2 eggs
2 tablespoons sugar
¼ cup milk
2 tablespoons lemon juice
1 cup heavy cream, whipped
1 cup miniature marshmallows

1 cup (13½ ounce can) drained pineapple tidbits
1 cup orange sections, halved
1 cup seedless grapes, halved
½ cup California walnuts, chopped
Lettuce
Whole orange sections

Beat eggs until light and lemon colored; gradually add sugar, milk and lemon juice. Cook in double boiler, stirring until smooth and thickened. Chill. Fold in whipped cream. Add miniature marshmallows, fruit and walnuts. Chill 24 hours. Serve on lettuce, garnished with whole orange sections.

FROZEN FRUIT-MALLOW SALAD

1 9-ounce can crushed pineapple
1 3-ounce package cream cheese, softened
1 7-ounce bottle lemon-lime carbonated beverage
2-2½ cups peaches, diced (canned)

1 cup seedless grapes, halved
1 cup whipped cream
1½ cups miniature marshmallows
½ cup California walnuts, chopped

Blend pineapple into cheese. Stir in carbonated beverage. Mix fruit into the mixture. Freeze until partially thickened. Fold whipped cream, nuts and miniature marshmallows into the cheese mixture. Freeze until firm. Let stand at room temperature for a few minutes before serving.

FRUIT NECTAR SALAD

1 envelope unflavored gelatine
2 tablespoons sugar
¼ teaspoon salt
1 (12-ounce) can apricot nectar
½ cup water

8 whole cloves
1 tablespoon lemon juice
1½ cups drained diced, mixed fruits, canned or frozen (thawed)
½ cup California walnuts

Mix gelatine, sugar and salt thoroughly in a small saucepan. Add nectar, water and cloves. Place over low heat and stir until gelatine is dissolved. Simmer 5 minutes. Remove from heat and strain to remove cloves. Add lemon juice. Chill to unbeaten egg white consistency. Fold in mixed drained fruits and walnuts. Turn into a 3-cup mold or individual molds and chill until firm. Unmold on serving platter and garnish with greens and fruit. Serve with salad dressing.

NOTE: If fresh or frozen pineapple is used, boil for 2 minutes before combining with the gelatine.

FROSTED LIME-WALNUT

1 cup hot water
1 package lime flavored gelatin
1 can crushed pineapple (no. 2), undrained
1 cup cottage cheese
½ cup finely diced celery
1 tablespoon chopped pimiento
½ cup chopped California walnuts
1 3-ounce package cream cheese
1 tablespoon mayonnaise
1 teaspoon lemon juice

Pour hot water over gelatin; stir until dissolved. Chill, stirring occasionally, till consistency of unbeaten egg white. Add pineapple, next 4 ingredients. Pour into 8" x 8" x 2" cake pan. Chill until firm. Frost with combined cheese, mayonnaise, and lemon juice. Cut into squares; arrange on greens; garnish with walnut halves. Makes 6 servings.

ORANGE ICE CREAM SALAD

1 package orange gelatin
1 cup hot water
1 can frozen orange juice
1 cup vanilla ice cream
1 can drained mandarin orange sections or 1 cup fresh orange sections

Dissolve gelatin in hot water. Add the frozen orange juice. Let cool. When mixture starts to gel, beat until creamy and add the ice cream which has been softened enough to mix. Add orange sections. Pour into mold and put in refrigerator overnight or at least 6 hours. Serve on salad greens. Serves 6-8.

CARROT RAISIN SALAD

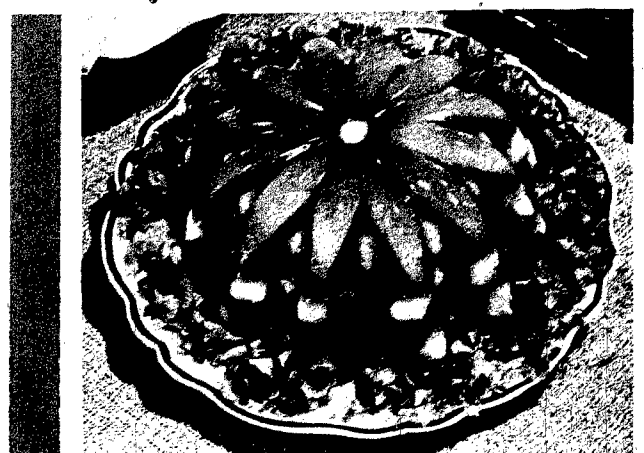

½ cup raisins
2 cups grated carrot
1 (8¾-ounce) can pineapple tidbits
⅓ cup mayonnaise or salad dressing
1 tablespoon lemon juice
¼ teaspoon salt
½ cup California walnuts, chopped
Salad greens

Combine raisins, carrot and drained pineapple. Blend in mayonnaise or salad dressing, lemon juice, salt and walnuts. Serve on crisp salad greens. Makes 4-6 servings. NOTE: If you should prefer to have plump rather than chewy raisins, pour hot water over them and let stand 5 minutes before combining with the other ingredients.

MARSHMALLOW SUNBURST SALAD

1 3-ounce package raspberry flavored gelatin
1 cup boiling water
1 cup cold water
1½ cups sliced peaches
2 cups miniature marshmallows
Lettuce
Mayonnaise or salad dressing

Dissolve raspberry gelatin in boiling water; add cold water. Chill until almost firm. Arrange several peach slices in bottom of -quart mold. Fold marshmallows and remaining peach slices into gelatin; pour into mold. Chill until firm. Unmold on lettuce; serve with mayonnaise or salad dressing.

Shortcuts to walnutty winners.

The Unbeatables: No beating the egg whites for these macaroon-type cookies! Flavor-bright with apricots. Crunchy-nice with walnuts.

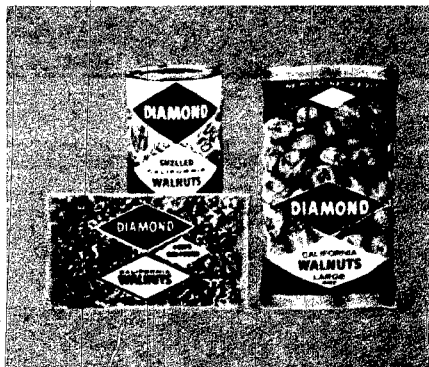

Chocolate Crunch: Minty, chocolate-walnut confections. Less sweet than fudge. Quicker to fix, too! Nothing to beat. Nothing to bake.

Walnut Walkaways: Cookie bars filled with cream cheese, laced with ribbons of delicious walnuts. Old-world flavor. New-world ease—just blend, shape and bake!

Prizeworthy **Diamond Walnuts** are used by all the Bake-Off winners for the sign of the Diamond on every shell is a guarantee of fresh, sweet, crisp kernels. You'll find Diamonds already shelled and kept nutcracker-fresh in clear bags or vacuum cans. Or you can get them in the shell in 1-lb. or 2-lb. cellophane bags. Diamonds are California's best walnuts and your best buy.

Chocolate Crunch

- ½ cup Land O' Lakes Butter
- 2 cups chopped **Diamond Walnuts**
- 1 cup Pillsbury's Best Flour (Regular, Instant Blending or Self-Rising)
- ½ cup firmly packed brown sugar
- 1 ½ cups confectioners' sugar
- ½ cup evaporated milk
- 1 to 2 teaspoons peppermint extract
- 3 envelopes (3 ounces) premelted unsweetened chocolate

About 60 bars

Melt butter in heavy skillet. Add walnuts, flour and brown sugar; blend well. Continue stirring until crumbs are toasted and golden brown, 5 to 7 minutes. Cool.

In mixing bowl, combine cooled crumbs with remaining ingredients. Blend well. Pour into greased 9-inch square pan. Chill at least 2 hours. Cut into 1-inch bars.

The Unbeatables

- 2 cups confectioners' sugar
- ½ cup Pillsbury's Best Flour (Regular, Instant Blending or Self-Rising*)
- ½ teaspoon baking powder
- ½ cup (3 to 4) egg whites
- 2 cups chopped **Diamond Walnuts**
- ½ cup chopped dried apricots

Oven 325°

36 cookies

In mixing bowl, combine sugar, flour, baking powder and egg whites. Add walnuts and apricots; mix well. Drop by teaspoonfuls onto well-greased cookie sheets. Bake at 325° for 15 to 18 minutes.

*For use with Pillsbury's Best Self-Rising Flour, omit baking powder.

Walnut Walkaways

- 1 package active dry yeast
- ¼ cup warm water
- 2 cups Pillsbury's Best Flour (Regular, Instant Blending or Self-Rising*)
- ¼ teaspoon salt
- ¼ cup Land O' Lakes Butter
- 1 egg
- 3-ounce package softened cream cheese
- ½ cup sugar
- 1 teaspoon prepared grated orange peel
- 1 teaspoon prepared grated lemon peel
- ½ cup finely chopped **Diamond Walnuts** confectioners' sugar

Oven 375°

About 24 cookies

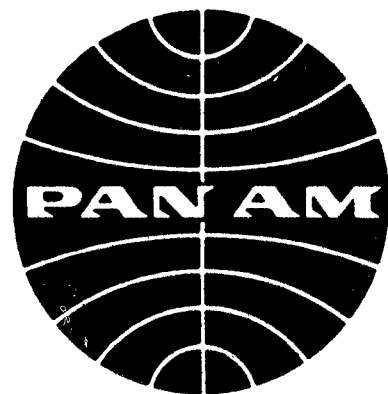

Soften yeast in warm water. Combine flour and salt in mixing bowl. Cut in butter until mixture resembles coarse crumbs. Add yeast and egg; mix just until blended. Roll out dough, half at a time, on floured surface to a 13x9-inch rectangle. Beat cream cheese, sugar and orange and lemon peels until light and fluffy. Spread half on each rectangle; sprinkle with walnuts. Starting with 13-inch side, roll up jelly roll fashion. Place, seam-side down, on lightly greased cookie sheet. Cut each roll halfway through lengthwise. Bake at 375° for 20 to 25 minutes. Cool. Sprinkle with confectioners' sugar. Cut diagonally into 1-inch slices.

*For use with Pillsbury's Best Self-Rising Flour, omit salt.

Look for Diamond Walnuts at your food store. If your grocer doesn't stock them, he can get them for you.

Summer's spending the winter in Hawaii.

Spend a week yourself.

You'll love making like a real islander. Sporting a loud muumuu. Swinging the hula. Playing hooky from winter.

It's easy to swing a trip to Hawaii with us.

We'll arrange easy connections from wherever you are to one of our Jet Clippers® on the West Coast. We've got scores of flights from there to Hawaii every week. And you can even stop over in Los Angeles or San Francisco at no extra fare. One Pan Am ticket covers it all.

Choose from three classes of service, too. Go big-time with our First-Class *President Special* and you'll feel like *king* of the islands. Or choose *Rainbow*

Economy. Or our low-cost, no-frills Thrift class.

No matter how you fly, you'll enjoy Theatre-in-the-Air on most flights—a movie plus 9 channels for private listening.

If this sounds like the trip you've been promising yourself, call your Pan Am Travel Agent for the details. Or call us.

Ask about Pan Am Holiday 560. Jets, hotels, sightseeing trips, luaus, beaches, boat rides—the whole works packed neatly into a week's vacation.

Then head out to Hawaii with us. You'll have a good feeling flying the very best there is.

**TIME IS
RUNNING SHORT,
SIGN UP NOW!**

If you haven't already sent in for your Farm and Home Tours Hawaiian Holiday brochure, then you better do so soon, and you better make up your mind fast if you are going to go at all! This year's Hawaiian Holiday tour is filling up rapidly.

We have written several articles already on this new Hawaiian Holiday Tour; we have given you the day by day itinerary; we have given you the price . . . and where else in these United States can you find any 14-day tour to Hawaii, all-inclusive, for \$699.00? You just can't find it. It's the best price on the best tour to Hawaii this year!

We have arranged four departure dates so that you can pick the time best suited for you. We have lined up locations in this 14-day all island Hawaiian tour which we thought you, as a midwesterner, would like to visit. We have arranged for hotels which we again thought you would enjoy staying at.

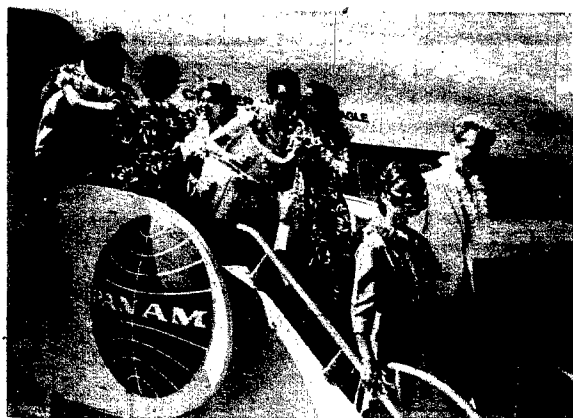

Our first group will leave for Hawaii on January 28; our second group will leave on February 4; our third group will depart February 11 and our fourth and final group will have February 18 as their departure date.

We feel it most important to emphasize this point over and over again: Hotels and accommodations in Hawaii are filling up fast!

You won't be able to sit and think about this for very many weeks more. In fact, in about two weeks our tour bookings will close. You must make up your mind at once.

We realize there are many of you who do not like to travel in groups. If this sounds like you . . . then we can take care of getting you to Hawaii on an individual basis and take care of touring you or your wife or friend among the islands just by yourselves and not with a group.

We would like you to go with us this year to Hawaii. We think we have kept the price down to a level which is the most competitive price to the islands. We think we have people going with us that you will enjoy being associated with on a group basis. We think this is the year to break loose and go to Hawaii. Why don't you send for your free folder today! Clip out the coupon on this page and mail to Farm and Home Tours, 20 North Carroll Street, Madison, Wisconsin 53703.

IT'S A DATE

The original home of the Date or Date Palm tree was Mesopotamia, where Babylonians were believed to have grown them 8,000 years ago. Although many dates are imported, a successful date industry has originated in southwestern U. S. in Coachella Valley of California and Salt River Valley, Arizona.

Dates have been with us so long but still many of us use them in only a few stand-by recipes.

DATE AND NUT CAKE

6½-ounce package dates, finely cut (about 1¼ cups)	1 teaspoon vanilla
1 cup hot water	1¾ cups flour
¼ cup soft shortening	1 teaspoon soda
1 cup sugar	½ teaspoon salt
1 egg	½ cup California walnuts, chopped

Heat oven to 350°F. Grease well and flour a square pan, 9 by 9 by 1¼ inches. Pour hot water over dates. Cool. Combine shortening, sugar, egg, vanilla in mixing bowl. Beat 5 minutes, high speed on mixer or by hand until fluffy (5 minutes total beating time). Sift together flour, soda, salt. On low speed, add alternately in four additions with date mixture. (Begin and end with dry ingredients.) Blend just until smooth. Add nuts. Pour into prepared pan. Bake 40 to 45 minutes, until toothpick stuck into center comes out clean. Ice with Easy Penuche Icing (below).

NOTE: Cake may be baked in oblong pan, 13 by 9½ by 2 inches for 25 to 30 minutes.

EASY PENUCHE ICING

¼ cup margarine	2 tablespoons milk
½ cup brown sugar (packed)	1 cup confectioners' sugar, sifted (about)

Melt margarine in saucepan. Add brown sugar. Boil over low heat for 2 minutes, stirring constantly. Stir in milk. Bring to boil, stirring constantly. Cool to lukewarm. Gradually add confectioners' sugar. Beat until thick enough to spread. If icing gets too stiff, add a little hot water.

CHOCOLATE DATE FINGERS

½ cup flour	2 teaspoons hot water
½ teaspoon baking powder	½ cup snipped, pitted dates
¼ teaspoon salt	1 package (6 ounce) semi-sweet chocolate morsels
½ cup granulated sugar	¾ cup California walnuts, chopped
1 egg, unbeaten	
1 teaspoon melted margarine	

Heat oven to 325°F. Grease 8" by 8" by 2" pan. Sift first 3 ingredients together. With electric mixer at "cream" (or with spoon), thoroughly beat sugar with egg till creamy. At low speed, or "blend," beat in next 4 ingredients, and flour mixture, just until mixed. Pour into pan; top with walnuts. Bake 30 to 35 minutes until done. Cool; cut. Yield: 2 dozen.

FUDGE STUFFED DATES

¼ cup margarine	1¼ cups sifted confectioners' sugar
1 package chocolate pudding	½ teaspoon vanilla
¼ cup milk	½ cup California walnuts, chopped

Melt margarine in a saucepan. Stir in pudding and milk. Cook over medium heat, stirring constantly, until mixture comes to a boil; boil 1 minute. Remove from heat; add confectioners' sugar; stir until smooth and well blended. Stir in vanilla and nuts. Turn quickly into a greased 8 x 6 inch pan. Cool until slightly firm. Fill pitted dates with candy; roll dates in sugar. Or save out a few nut halves and use to garnish stuffed dates; do not roll these in sugar.

BAKED GRAHAM DATE SQUARES

3 eggs
1 cup sugar
28 honey graham crackers, finely rolled (about 2½ cups crumbs)
1 teaspoon baking powder
¼ teaspoon salt
1 teaspoon vanilla
1 cup pitted, sliced dates
1 cup California walnuts, chopped

Beat eggs until light; gradually beat in sugar. Stir in remaining ingredients; mix well. Spread in greased 9-inch square baking pan; bake in moderate oven (350°F.) about 30 minutes. Cut into squares and serve warm with Orange Sauce. Makes 16 servings.

NOTE: Just as delicious served cold as Date-Nut Bars.

ORANGE SAUCE

¼ cup sugar
1 tablespoon cornstarch
¼ teaspoon salt
¼ cup water
6-ounce can frozen orange juice concentrate
2 tablespoons margarine
1 teaspoon grated lemon rind

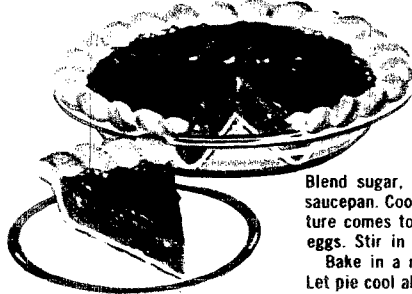

Mix together sugar, cornstarch and salt; blend in water. Cook, stirring constantly until mixture thickens and boils 5 minutes. Stir in orange juice concentrate, margarine and lemon rind; heat to boiling. Makes about 1½ cups sauce.

A favorite American recipe

America's favorite margarine

SOUTHERN FAVORITE

Southern Belle Pie

(Transparent Pie) — Makes 1 8-inch pie

¾ cup sugar	½ teaspoon vanilla
¾ cup light corn syrup	½ teaspoon salt
½ cup (1 stick) Blue Bonnet Margarine	1 8-inch pastry shell, unbaked
3 eggs	½ cup jelly, melted

Blend sugar, syrup and Blue Bonnet Margarine together in a saucepan. Cook over medium heat, stirring constantly, until mixture comes to a boil. Beat eggs. Blend hot mixture slowly into eggs. Stir in vanilla and salt. Pour into unbaked pastry shell.

Bake in a moderate oven (375°F.) for about 40-45 minutes. Let pie cool about 10 minutes. Pour melted jelly over top of pie. Serve when pie has completely cooled and jelly has set.

Look for additional recipe favorites on other Blue Bonnet packages.

BLUE BONNET

Everything's better with Blue Bonnet in it.

And you can make this American recipe three times more delicious with BLUE BONNET Margarine. As a matter of fact—anything you cook comes out better with BLUE BONNET. And

now BLUE BONNET is available in both whipped and soft forms, too. Get Regular BLUE BONNET, Whipped BLUE BONNET or Soft BLUE BONNET—America's favorite margarines.

Blue Bonnet looks like, cooks like, tastes like the "high-price" spread!

how to win the housework battle

OR... YOU RUN THE HOUSE... NOT IT RUN YOU

by Lynn Dorris

Beds to make, dishes to do, toys to pick up, floors to sweep, laundry to sort, and clothes to fold: my housework seemed to be a never ending chore. Finally I woke up to the fact that the house was running me, not vice versa. I didn't have a minute to call my own. That's the day I decided to make some changes.

I came to the conclusion that time is valuable and needs to be budgeted as well as money. To give an incentive to getting things done in a half day which I usually dragged through the whole day, I gave myself three hours in the afternoon to work on a pet project; gardening, sewing, or whatever happens to be my big interest at the moment.

I have found that it helps to treat time like money. If I save my time for a purpose then I have a reason for being more efficient.

One of the first things I realized is that I couldn't possibly be perfect in every phase of homemaking. To my family, having an immaculately clean house isn't as important as my having some time to spend with them so I forgot about trying to keep up with the model homemaker down the block and starting concentrating on what was important to my own family; a fairly neat home, good food, and time to be together!

I went to work avoiding work. I started to put things away as soon as I was through using them. The clutter doesn't build up then. This only takes a minute and is one of my best work savers.

To make it easier for family members to make less work, I provided mud scrapers and mats for wiping feet. I bought attractive coatracks for the children's room to make it easy for them to hang up their own coats and caps and to get them when they want. This saves many steps as well as time. I also bought inexpensive clothes hampers for each bedroom closet. This makes it easy for everyone to put dirty clothes away as soon as they are taken off.

To make housework more pleasant I started dressing up to work. I started getting up a half hour earlier each morning so that I could shower, comb my hair, and put on make-up before breakfast. If I wait until after breakfast I find it too easy to drift through the day without doing it. Now, I'm fresh as a daisy at breakfast and it seems to brighten my whole family's day.

An old problem of mine was starting more than I could handle, like watering the lawn, baking a cake, starting the laundry, and cleaning the living room at the same time. I usually ended up with a flooded driveway, a burned cake, and the living room chores unfinished. Now I start only what I can handle.

I've tried to get every housekeeping chore down to a system, figuring out the quickest and most efficient way of doing it. Before leaving the bedroom I make the bed, pick up, and dust. Then I head for the bathroom to get myself ready for the day.

As soon as breakfast is over I get the dishes done, wipe off the table and countertops, sweep the floor, and take out the trash. Then I start a load of laundry before tackling the living room. I have found that a routine pick up and vacuuming of each room each day actually saves time and work. By lunch time I have all the rooms finished and the laundry done.

As soon as lunch is over I go through the process of straightening the kitchen once more; then I start the ironing. This is one task I never let myself get behind in.

While I'm ironing, baking, or scrubbing I try to think about pleasant things. If I let myself dwell on the job my husband hasn't finished, idle gossip of the neighbors', or criticisms from the in-laws', I can easily work myself into a real stew so instead I fill my mind with pleasant thoughts and the work seems to go much faster.

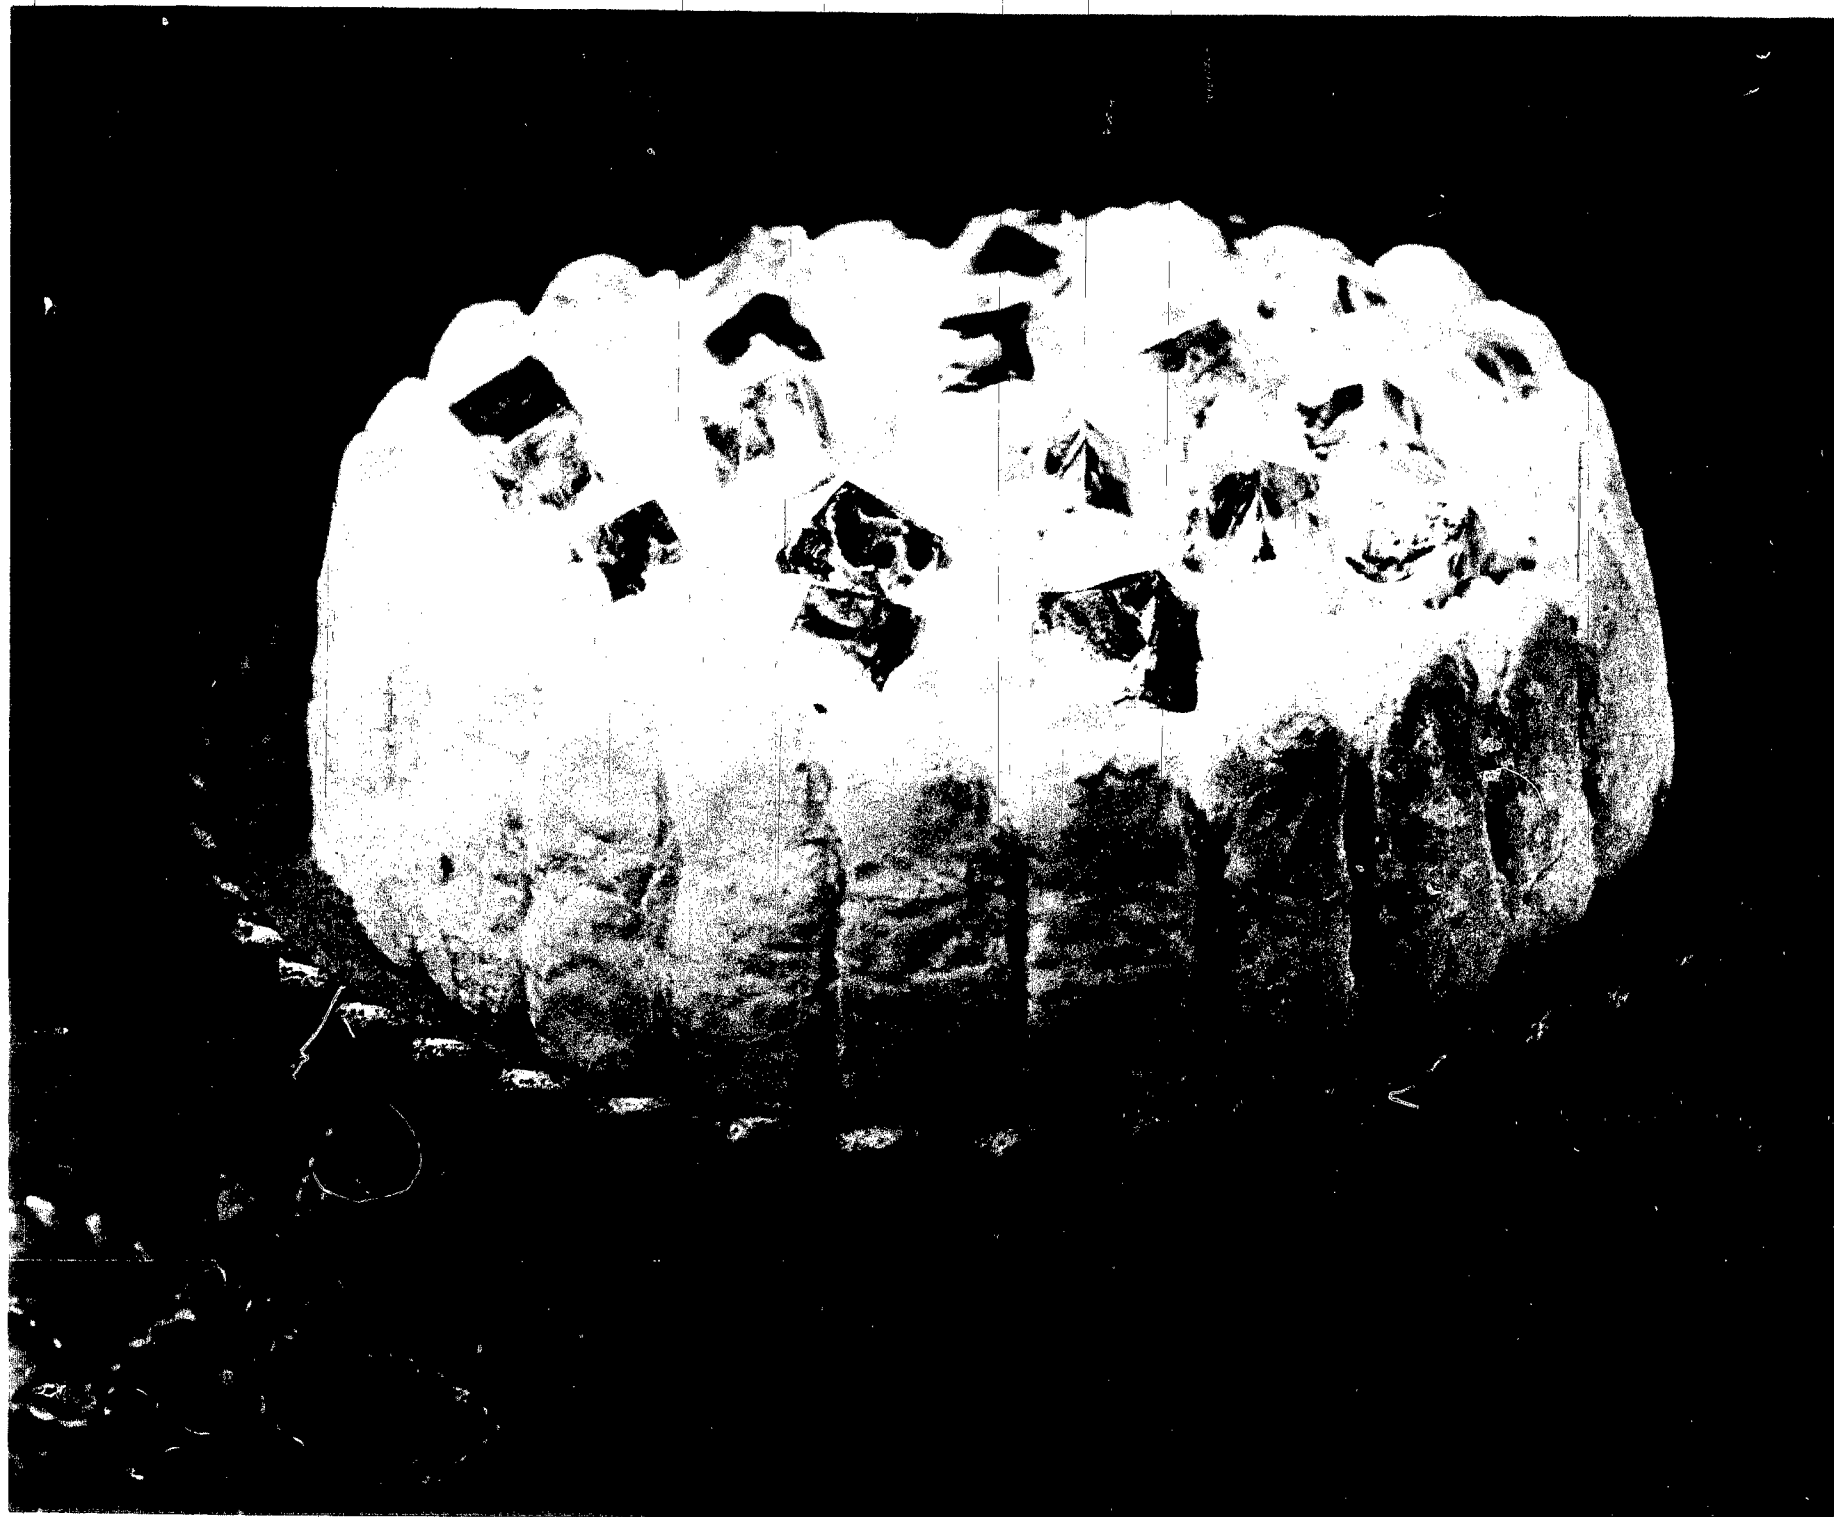

The housework is usually finished by two p.m. and I have free time to devote to my pet project until time to start dinner. What I use this time for isn't as important as the feeling that I run my house. It doesn't run me!
