Marilyn Schultz Weds Gerald Gehner In Rites at Grace Lutheran Church

Marilyn Schultz, daughter of Mr. and Mrs. Charles L. Schultz, Wayne, and Gerald Gehner, son of Mr. and Mrs. William Gehner, Wayne, were married Jan. 28 at Grace Lutheran Church.

Rev. E. J. Bernthal officiated at the 7 p.m. ceremony. Music was furnished by Donald Schumacher, soloist, and Mrs. E. J. Bernthal, organist.

The bride, given in marriage by her father, wore a floor length gown of imported rosepoint lace. The bouffant lace skirt was fashioned with a chapel train. Her silk illusion veil was held by a crown trimmed with pearls and rhinestones. She carried a cascade bouquet of red roses and white carnations.

Bonnie Hefel, Sioux City, was maid of honor. Bridesmaids were Lynette Carlson, Laurel, and Linda Gehner, Wayne. They wore floor length gowns of red velvet and each carried two white carnations.

Renee Gehner was flower girl and Mark Schultz was ringbearer.

Alvin Gehner served his brother as best man. Charles and Warren Schultz, the bride's brothers, were groomsmen. Ushers were Tom Leonard, Norfolk, and Bryant Erdman, Wayne.

A reception for 150 guests was held in the church basement. Dawn Hughes and Pat Perdue arranged the gifts. Barbara Beltz was in charge of the guest book. Assisting

ringbearer. Alvin Gehner served his brother as best man. Charles and Warren Schultz, the bride's brothers, were groomsmen. Ushers were Tom Leonard, Norfolk, and Bryant Erdman, Wayne.

Final Rites For Fred F. Maas Held at Hoskins

Funeral services for Fred F. Maas, 58, were held Feb. 11 at Evangelical United Brethren Church, Hoskins. Mr. Maas died Feb. 8 at a Norfolk hospital following a lengthy illness.

Rev. John E. Saxton officiated at the rites. Music was furnished by Mrs. Melvin Meierhenry, soloist, and Mrs. Paul Scheurich, organist. Pallbearers were Gilbert Jochens, Pierce, William Wajten, Norfolk, Marvin Schroeder, Winfield, Landreth Maas, Leonard Marton and Raymond Jochens. Burial was in Hillcrest Memorial Park Cemetery.

Lois Ann Noonan, James Nuernberger Married at St. Mary's Church Febr. 4

Lois Ann Noonan, daughter of Mr. and Mrs. William Noonan, Wayne, and James L. Nuernberger, Wakefield, son of Mr. and Mrs. Gordon Nuernberger, Wayne, were married Feb. 4 at St. Mary's Catholic Church, Wayne.

Rev. William Kleffman officiated at the double ring ceremony. Music was furnished by Mary Hugo, West Point, soloist, and Mrs. George Goblirsch, Wayne, organist. The altar was decorated with baskets of white mums.

The bride, given in marriage by her father, wore a gown of satin peau de soie. The empire bodice featured a sabrina neckline and long tapered sleeves. The bodice and skirt were accented with motifs of re-embroidered Alencon lace. The skirt featured a detachable cathedral train. Her elbow length veil of silk illusion was held by a jeweled crown. She carried a shower bouquet of white calla lilies and red roses.

Mrs. David Dolph, Carroll, served her sister as matron of honor. Cynthia Schnur, Denver, was bridesmaid. They wore

floor length gowns of cranberry red velvet styled in empire lines with A-line skirts. They had Dior bow headpieces and each carried a Colonial bouquet of white carnations and spring flowers centered with a red rose.

Wisner Site of Beef Feed Days

Three Nebraska Feeders Days will be held next week, one of them at Wisner. Sponsored by the University of Nebraska, the sessions will take up beef feeding, ever bigger in the state, which now ranks second in the nation in the industry.

Twice as many cattle were on feed in Nebraska in 1966 as were on feed in 1959. Continued growth lies ahead, according to NU experts.

"Nebraska's New Dollars from Cattle Feeding" will be discussed by Dr. Frank Baker. Increasing the efficiency of the beef cattle feeding operation will be discussed.

Improved nutrition, animal health and other management considerations will be considered. The role of roughage, the importance of silage additives and other topics will also come up.

Walker Tolman, NU Northeast Station nutritionist will speak at Wisner. Other speakers at all locations will be Dr. Paul Guyer, Dr. Charles Mohr, and Dr. Dean Hodges. Their topics include "Profit When you Buy and Sell," "Brain Diseases of Feedlot Cattle" and "Concepts of Consumption."

Area residents interested are invited. Time of meetings can be obtained from county agents. Wisner feeders are joining in sponsoring the meeting there.

Wayne Jaycees Go to Kearney Convention

Four Jaycees and two Mrs. Jaycees attended the state winter planning session in Kearney last weekend. Among other things, they voted in favor of daylight saving time for Nebraska.

Mr. and Mrs. Marvin Young, Mr. and Mrs. Dick Hammer, Ken Dahl and Larry Stevenson were local representatives. Young received a key award for his work as a past state chairman.

Instructional meetings, forums and group sessions were held on various subjects. Ogallala was selected for the summer planning session, Omaha for the state convention and Fremont for the next winter planning session.

Nebraska ranks third in the nation in active Jaycee chapters and the district including Wayne ranked first in the state so the district president received a "spark plug" award. Sufficient funds were reported in for the swimming pool at the state home at Beatrice. The Nebraska president will be nominated to run for national vice president.

Around 700 Jaycees and 450 wives attended the meetings.

New Middle School

Explained at PTA

Wayne PTA meeting was held Feb. 14 in the West Elementary School building.

John Voth, program chairman, introduced Loren Park, who spoke on the proposed new Middle School, of which he will be the principal. Park stated that procedures on the plan will be slow and deliberate and patrons will be given progress reports. They will use a "4-4-4" pattern. Kindergarten and 1-4 will be elementary, 5-8 will be middle school, 9-12 will be high school.

The middle school will provide a gradual transition from elementary to high school. Park emphasized that no child will be able to advance through the four grades covered in less time than other children. If, or when, basic work is completed for a required grade level, the child will be able to do enrichment work in an area of special interest.

Park also said there will be problems trying to fit the middle school program in the old building. All problems cannot be foreseen at this time. There will be intra-mural sports only. Perhaps some clubs will be organized with teacher supervision. Possibly some form of student government will be introduced. Park stressed that primary interest is in the children and their proper growth and development.

Mrs. Claude Harder, Mrs. Maurice Proett and Mrs. Dorothy Jorgensen were named as a committee to present a slate of officers for election Mar. 14. The program will be announced later.

Twelfth Night

(Continued from pg. 1) student assisted by all drama students. The charm of "Twelfth Night" is that it involves two intertwined plots, seriousness and fun are in perfect balance. A love theme is interspersed with comedy.

Viola is shipwrecked, comes to a duke's court disguised as boy. Her twin brother is assumed lost in the wreck and therein lies a case of mistaken identity. A countess falls in love with the young page, and it takes the still-alive twin brother to evolve a solution.

One hilarious scene features the cowardly Sir Andrew prodded by Sir Toby Belch to duel with the page (really a girl). Another laugh-provoking scene is a revel involving a clown and several others. There are many other funny situations throughout the play.

Speaks on 'Asia' Tonight at WSC

Wayne State College's special program series will present tonight (Thursday) a lecture by Roger Hillsman, former assistant secretary of state for far eastern affairs and now professor of government at Columbia University.

The 1943 West Point graduate, who served with Merrill's Marauders in World War II and later commanded a guerrilla battalion behind enemy lines, has held several government positions with the Central Intelligence Agency and State Department.

His topic for the 8 p.m. lecture in Ramsey Theater will be "Asia: Its Problems Inside and Outside." Hillsman is the author or co-author of several significant books, including "Strategic Intelligence and National Decisions" (1956), "Alliance Policy in the Cold War" (1959), and "The Guerrilla-and How to Fight Him" (1962).

City Council

(Continued from pg. 1) until 11:50 as it covered many topics. Among them was the ambulance service problem brought about by wage-hour laws, Medicare and highway safety act.

Off-street parking was approved for eight cars along the terrace in front of Dahl Retirement Center. This would allow visitors to pull off Main onto terraces.

Herman Heinemann was present to tell about the traffic problem on West 11th St. Parking causes congestion and the council members agreed that those parking need to help alleviate the situation, so police were authorized to contact them to ask for cooperation.

Bids were in for a new police patrol car but after the discussion on ambulance service the councilmen thought they should consider a station wagon patrol car which could be fitted out as a rescue unit.

City Council

it too will become a park. Pedestrians are to get help at many intersections. Signs will be put up requiring vehicles to stop when crosswalks are occupied by pedestrians.

The city engineer is making a study of utility rates, according to Sherry. Water and rate schedule changes are being considered and a report will be made later before the council decision is made.

Concerning a new fire hall, firemen reported 20 per cent and more of the voters at the last election have signed a petition to call for a vote. Only 10 per cent is required.

MARCIA LUNZ plays Maria in "Twelfth Night"...

work must get time and a half for work over 40 hours. It requires more equipment than most funeral homes have or can afford. It requires two trained men on duty every hour—three shifts a day.

Labor alone could cost firms such as Hiscox and Wiltse \$32,000 a year. Both have been providing ambulance service at a cost that offered no profit, merely serving the public along with their funeral home businesses.

Willard Wiltse took over from Wiltse and Beckenhauer in 1954, being associated with his father-in-law, William Beckenhauer before that.

expected to get together to work out some arrangement so the county has a service it has long taken for granted but soon will not have.

Vo-Tech School

(Continued from pg. 1) on where the school is to be located will be made later by a governing board, but all counties will benefit.

Ken Dahl and Bob Carhart were in Ponca to present the plan Tuesday. A group had gone to Pender earlier but the decision by the commissioners was not made until Thursday.

Bob Carhart, Wanda Owens, Bob Shively of Columbus and Ross Siedel of Norfolk attended a mental health meeting at Concord Tuesday. They gave an explanation of the plan and told of the needs for such a school in the area.

City Caucuses

(Continued from pg. 1) room, those from the second ward in the Wayne Public Library and those from the third ward in the basement lobby of the Wayne County Court House.

Popular Party members at 7:30 p.m. in the Wayne City Auditorium to name city council ward candidates. For the Popular Party, electors of the first ward will meet in the Wayne City Auditorium, electors of the second ward in the Wiltse Mortuary chapel and electors of the third ward in the main floor lobby of the Wayne County Court House.

Zoning Plan Has Commercial Room

The zoning map as planned by the zoning commission is not as tight-reined as reported in the Herald last week. In fact, a generous plan for business expansion is allowed, zoning commissioners say.

Members of the commission have revealed that only one-fourth of the area specifically zoned for B-1 (highway business) is now being used for that purpose at present. There is room for a 293 per cent expansion.

The B-1 zone covers various types of business and amusement places along highways. Zone B-2 allows all the types allowed in B-1 plus some additions and B-1 allows all permitted in B-2 with light industry.

Mayor W. A. Koeber and Councilman Al Wittig presented changes in the zoning map some Councilmen are considering to the Commission at its regular meeting Monday night. Specifically, some councilmen favor zoning 10th Street commercially for two blocks east of Main.

Streets. This area, as in the 10th Street area, has been recommended by the Commission to be zoned for multiple family dwellings.

Set School Hearing

A hearing on the application of Melvin and Bertha Wilson to transfer their farm land from District 7 to District 25 will be held Thursday at 11 a.m. in the county courtroom.

Norman Hoegberg Has Resignation Accepted

Norman Hoegberg, WSC professor whose resignation created a stir here, has had his resignation accepted by the Nebraska State Normal Board. He has also had his motion to strike and demur regarding his restraining order over-ruled.

Taking first things last, District Judge Fay Pollack over-ruled Hoegberg's motion to strike and demur. The judge granted an injunction which keeps Hoegberg from appearing on campus or in buildings of WSC.

Modern math—Savings Bond Style

If you bought ten \$25 U.S. Savings Bonds, you'd pay \$187.50 ... and get back \$250 at maturity.

Whether you buy just one Bond—or a Bond every month on the Payroll Savings Plan—that \$4 for \$3 return is guaranteed by the U.S. Government.

And now, with the new 4.15% interest rate, E Bonds mature faster—in just 7 years! Your old Bonds will earn more, too. And they'll continue to grow for you, at the new interest rate, as long as you hold them. So now Savings Bonds are better to buy, and hold, than ever.

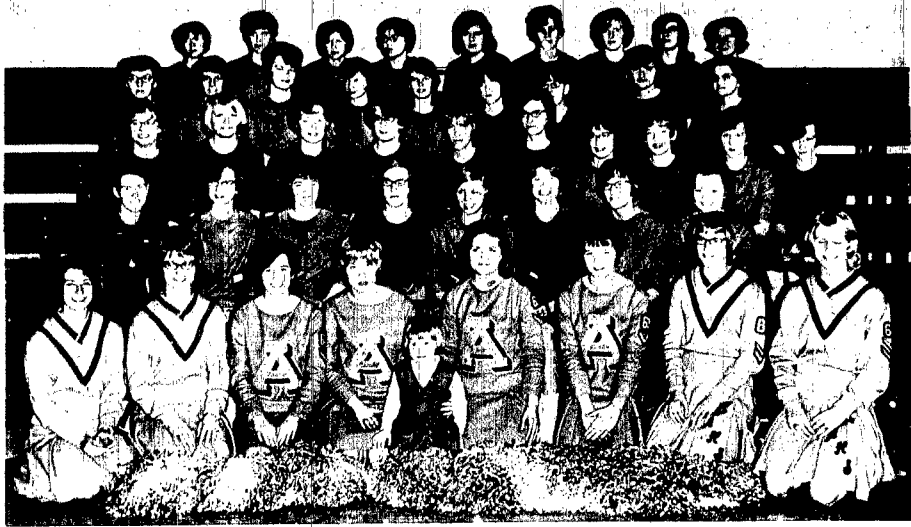

And buying Savings Bonds helps build your security another way, too—by helping build your country's security. Knowing you're doing your part to support our men in Vietnam is a star-spangled good feeling you can't measure with numbers.

Discover that feeling for yourself, today ... while starting a solid financial foundation for your future. Ask about the convenient Payroll Savings Plan where you work—or buy Bonds regularly at your bank.

College President Gives Approval to Most of Changes Asked by Students

W.A. Brandenburg, president of Wayne State College, has replied to a memorandum given to him under the title "Grievances of Student Body." He granted 11 of the 16 requests for changes.

Following is a condensation of the requests and his replies:

1. Possibility of later hours for women, GRANTED. Revision of dorm hours (perhaps juniors and seniors only), to be decided by student faculty committee.

2. Possibility of student book exchange, NOT GRANTED. A contract with Wayne State College Book Store forbids this.

3. Investigation of improvement in food service, GRANTED. The manager of the food service agreed to meet with a student committee to hear complaints and to act on them. Attention was called to the fact there has been no increase in charge for meals at WSC since 1959. If menu requests call for more expensive food, students will pay more.

4. Investigation of inequities in the administration of the English Proficiency Test, GRANTED. Designate students to meet with Dr. Brandenburg and staff members administering test to discuss alleged inequities. A clear statement of alleged inequities is requested.

5. Abolishment of restrictions on off-campus housing for those over 21, GRANTED—with regard to sections entitled "Men and Women Students" and "Supervision." Dr. Brandenburg had informed the Student Senate a year ago that these sections were null and void but this apparently had been overlooked recently.

6. Possibilities of Rice, library and fine arts building being open weekends, GRANTED—with hours until 10 p.m. and with requests signed by 25 students using fine arts building, 50 for Rice and 50 for library and a stipulation that an equal number of students will use facilities during hours requested.

7. Investigation of red tape and run-around in Administration Building, and reasons in writing for negative answers, GRANTED.

Administrative processes not needed are also not wanted.

8. More equitable distribution of funds in various departments (particularly fine arts), NOT GRANTED. No tangible evidence offered that inequities exist.

9. Investigation of a student-faculty judicial system, GRANTED. Open hearings for students requesting them was granted last fall. Further proposals will be referred to the Committee on Selection and Retention.

10. Investigation of 5-day meal ticket and investigation to see why employees of food service residing on campus do not get same privileges as those residing off campus, NOT GRANTED. Revenue to retire debt is needed to pay off a legal obligation of the college and cannot be set aside. The food service is separate from the college and sets food service employee policy.

11. Possibility of change in ruling regarding mandatory class attendance, GRANTED. A specific proposal will be considered promptly by the Committee on Academic Policies.

12. Investigation to see why students on joint student-faculty committees do not get to vote, GRANTED. Dr. Brandenburg agreed to meet this week with the special committee of the Student Senate regarding this.

13. Reasons for the high rate of first year faculty turnover, and reasons for employment of instructors inadequately prepared for teaching assignments, NOT GRANTED. WSC lost five first year employees last year. Dr. Brandenburg quoted departed instructors who expressed appreciation for WSC. All instructors are qualified.

14. Reasons for inadequate funds for student functions (student union board, student newspaper), NOT GRANTED. Student union board has spent less than half the amount allocated for this term. The student newspaper was allocated \$5,700 and has \$2,996.20 balance left to spend.

15. Possibility of two-year scheduling of courses and investigation of revisions of present advise-

ment and registration procedures, GRANTED. Committee on Academic Policies will consider and act upon concrete proposals. Dr. Brandenburg is against two-year schedules, which he feels are not feasible due to student demand, enrollment and staff changes, but the matter will be discussed fully.

16. Students request a closer relationship between members of the student body and members of administration with more person-to-person communication, GRANTED. This will require student effort and faculty effort in equal proportion.

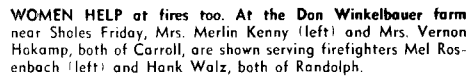

Dr. Brandenburg concluded by naming dean of students chairman for the Committee on Student Life. Associate dean of students, coordinator of student activities and assistant dean of instruction were also named. The Student Senate is to name four members of its choice. The committee will meet and act only when all members

are present. The chairman will vote in case of a tie. "This committee exists with the understanding that each of its members, in so far as is possible, will regard himself as neither student nor faculty member, but as full and equal members of a deliberative body."

The college president said he would accept decisions of the committee as long as they do not violate law, regulations of the college, the established operating budget of the college and the standards of accrediting agencies.

Dr. Brandenburg also replied to every charge made on a list of complaints made by Brice J. Wilkinson (Wilkinson's name typed on the bulletin). The 18-page reply is too long to print even in condensed form but every criticism is refuted with facts.

Anyone wishing to see Dr. Brandenburg's replies to the Student Senate, and to Wilkinson may examine those copies on file in The Wayne Herald office.

WOMEN HELP at fires too. At the Don Winkelbauer farm near Sholes Friday, Mrs. Merlin Kenny (left) and Mrs. Vernon Hokamp, both of Carroll, are shown serving firefighters Mel Rosenbach (left) and Hank Walz, both of Randolph.

Allen Firm Has Burglary Loss

Between 5:30 p.m. Friday and 7:30 a.m. Saturday someone broke into the Allen Lumber & Hardware Co., a Co-op-owned business place in Allen. Bud Mitchell, manager, reported loss in cash and merchandise at around \$130.

Mitchell discovered the break-in when he came to work Saturday. Entering through the back door, he found a glass broken out. It appeared that someone broke the glass, reached in to open the door and then helped themselves.

A glass display case was broken open. Two Stevens single-shot bolt-action 22 rifles were taken. Left in the same case were much more expensive rifles.

Shells taken are the type used in the rifles. Included were 20 boxes long rifle shells, 10 boxes long, 6 boxes long rifle high powers and 10 boxes shorts. A transistor radio and \$18 from the cash drawer were also taken.

According to Mitchell, it did not appear that anything else had been disturbed. He called Sheriff Gus Schutte, Sheriff of

Dixon Co., to Robert M. Brady and Eileen Brady Lot 10, Block 4, Tobin's Addition to the Village of Newcastle, Dixon County. (\$375.00).

Grace A. Kinney to Edward L. Sandahl and Minnie H. Sandahl, Lots 10 and 11, Block 22, South Addition to Wakefield, Dixon County. (\$1.00 and other valuable consideration).

Emmett Garvin, Helen and Paul Turnik, Dorothy G. and Wilbur Rath to Donald E. Knoell, sr., Lots 1-6, 11 and 12, Block 17, Pacific Townsite's first addition to the Village of Dixon, Dixon County. (\$3,000.00).

Grace A. Kinney to Edward L. Sandahl and Minnie H. Sandahl, Lots 10 and 11, Block 22, South Addition to Wakefield, Dixon County. (\$1.00 and other valuable consideration).

Mr. and Mrs. Roy Sommerfeldt, was riding around with Pat Young, Laurel. On a rural road Sommerfeldt's hand was suddenly thrown back when it struck a mail box.

Sommerfeldt thought it was sprained at first but by Monday knew he should see a doctor. X-rays showed the bones in his hand near the wrist were smashed up pretty badly.

A cast was put on the arm from fingertips to elbow. Sommerfeldt was told he would have to wear the cast for around six weeks. He is the body man at Coryell Body Shop and with his right arm out of commission he is unable to do much of the work he ordinarily does.

Still More Questions

The February "questions of the month" by the bureau of census interviewers will cover employment in 1946. Questions will supplement the regular monthly survey on employment and unemployment. Ruth Koehler and Muriel Walland, Norfolk, make the rounds each month to selected area households as part of the regular survey.

Dinner guests Friday in the William Kugler home were Dr. and Mrs. Marvin Dietrich, Lincoln.

is conducting the investigation. Anderson Pharmacy had a glass broken from the rear door the same night but it appeared that entry was not gained.

The lumber and hardware company had a break-in about four years ago, Mitchell said. That time the only thing missing was cash. A garage and an elevator were also targets for break-in artists at the same time.

Man Suffers Broken Bones in Odd Mishap

A young Wayne man suffered broken bones in his right hand Sunday of last week doing the very thing many other people do while riding around. He was dangling his arm out of the window.

It was a nice day and Ed Sommerfeldt, son of Mr. and Mrs. Roy Sommerfeldt, was riding around with Pat Young, Laurel. On a rural road Sommerfeldt's hand was suddenly thrown back when it struck a mail box.

Sommerfeldt thought it was sprained at first but by Monday knew he should see a doctor. X-rays showed the bones in his hand near the wrist were smashed up pretty badly.

Wisner Bulldogs Beat Blue Devils

The Wisner Bulldogs took over the lead late in the third quarter 37-36 and never trailed again in sending the Wayne Blue Devils down to defeat 65-58 Friday night on the Wisner court.

Wayne has two games left in regular season play before entering the district tournament. The Blue Devils play West Point here Friday and close against Hartington Cedar Catholic here Tuesday night.

At Wisner Friday, each team had an extended scoring spree before things leveled off and the teams matched baskets. Trailing 14-10 in the first quarter, the Bulldogs caught fire to outscore Wayne 12-2 and early in the second quarter led 22-16.

The Black and Gold moved on to a 24-18 lead and then Wayne got hot, hitting 12 while holding the host team to 3 to give Wayne a 30-27 lead. The teams were tied 14-14 after one quarter but Wayne led 30-29 at the half. At the end of three stanzas the Bulldogs led 42-38.

Mike Cory was the game's leading scorer with 27 for Wisner. Curt Meyer added 13 and Gerry Ott 11. For Wayne, Dave Brown with 17 and Lynn Lessmann with 15 were the leaders.

Wayne outscored Wisner 40-36 from the floor but Wisner hit 29 of 40 free throws while Wayne was making 18 of 25 to provide the margin of victory. The locals hit 72.5 per cent from the free throw line and Wisner hit 72 per cent.

Herb Swan led Wayne in rebounds with 12. Dave Brown had 9, Lynn Less-

mann and Gordon Jorgensen 5, Steve Kerl and Bob Morris 2 and Mark Johnson and Dave Tietgen 1. Lessmann stole the ball 5 times, Brown 3, Jorgensen 2 and Morris and Swan 1. Morris and Jorgensen had 2 assists each, Brown and Lessmann 1.

The second team game was Wayne all the way, Wisner never leading. Wayne had two strong scoring surges, once when they outscored the host team 19-3 to move from a 10-7 edge to a 29-10 lead and again when they made 21 while Wisner was making 6 to move from 40-23 to 61-29.

Wayne led all the way, 22-8 after one quarter, 37-20 at the half and 59-29 going into the final period to post a 71-46 win. Free throws again helped Wisner, the Bulldogs making 26 points on free throws and 20 on field goals. Wayne made 25 points on free throws and 46 on field goals.

Steve Johnson had 14 points to lead Wayne. Charles Fisher and Dave Tietgen had 13 each, Bernie Binger 10, Larry Hix 9, Joedy Hoogner 7, Tom Denesia and Larry Elofson 2 and Steve Kerl 1, Gary Bellar had 12 to lead Wisner. John Feller and Mark Meyer hit 8, Mike Jensen 4, Dennis Ross 3, Larry Rabbass, Harlan Stork, Ken McGill, Bob Moeller and Roger Brand 2 and Hal Anderson 1.

Binger and Kerl led in rebounds with 9. Hix had 8, Tietgen 6, Harry Lindner 5, Fisher 4, Johnson 3, Mark Ellis and Hoogner 2 and Elofson and Denesia 1. Johnson and Binger had 5 steals each, Fisher 3, Kerl 2 and L. Hix, Ellis and Steve Hix 1. Tietgen and Kerl had 3 assists, Johnson 2 and Denesia 1.

Winside Loses to Hartington High

With a third quarter rush the Hartington High cagers downed Winside 74 to 67 on the Hartington court Thursday night, in a Lewis and Clark conference battle.

Winside battled the taller HHS Wildcats on even terms throughout the first three quarters with the score being tied 14 times and the lead changing nine times. Hartington led at the first quarter 19-14 and Coach Dan Cahill's charges took a 33-31 lead to the dressing room half-time break. Reed Wacker carried the hot hand in the second period scoring 15 points to add to five in the first quarter, accounting for 20 of Winside's 33 first-half points. Randy Jacobsen added 6, Keith Krueger 5 and Dave Witt 2 to round out the Red and White scoring for the first half.

Second half action looked favorable for Winside backers as they jumped to a 39-33 lead before Hartington employed a bothersome press and with but a minute and a half left in the third quarter tied at 49 all.

The next minute and a half spelled doom for Winside as Hartington piled up eight quick points for a 57-49 third quarter margin. With 1:07 left in the third period Dave Witt received an ankle injury and was replaced by Bob Wacker. The closest Winside could close the gap during the final stanza was 59-55 with 5:27 left.

Leading the offense for Winside was Reed Wacker with 28, followed by Jacobsen 16, Krueger 12, Bob Dangberg 7, Witt 2 and Bob Wacker 4. High point men for HHS were Dave Eickhoff and Charles Fleming with 21 and Steve Samuelson with 16.

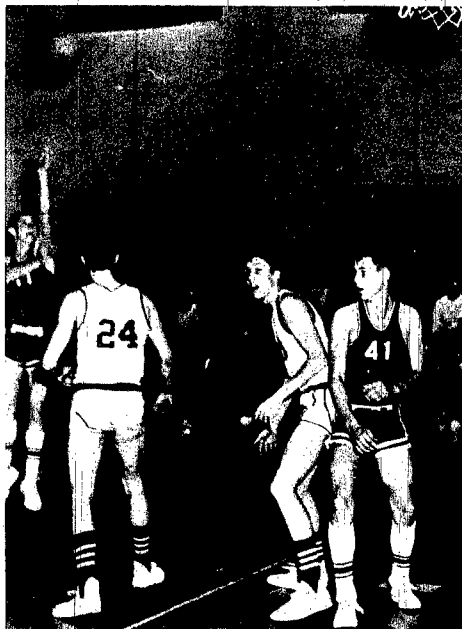

In the preliminary game Winside's Wildkitties lost an overtime thriller to HHS reserves 38-36. Kirk Troutman provided the fielder at the buzzer to send the game into overtime at 36 all. Hartington managed to score a field goal in the two-minute extra period as Winside shots rimmed the hoop hopelessly. Leading the scoring for Winside was K. Troutman with 10, followed by B. Wacker 7, B. Jackson 5, S. Duering and F. Weible 4 each and K. Wacker, G. Troutman and D. Farran 2 each. High for Hartington were Hinch with 18 and Fleming with nine.

Winside, Wakefield, Allen Paired Against Tough Teams in Tournament

Winside, Wakefield and Allen all drew tough opening assignments in the Class C district basketball tournaments coming up next week in the Pender and Randolph gyms.

The Winside Wildcats drew favored Walthill in the Pender tournament. Wakefield is in the opposite bracket as underdog against Homer. Allen is in the tourney at Randolph and drew to-seeded Coleridge.

In the Pender meet, opening night play Monday, Feb. 20, pits Walthill against Winside at 7 and Emerson-Hubbard against Decatur at 8:30. The following night Wakefield plays Homer at 7 and Pender meets Winnebago at 8:30.

At Randolph, Coleridge goes against Allen at 7 Monday with Wausa meet-

ing Randolph St. Frances at 8:45. Tuesday night Randolph meets Crofton at 7 and Osmond tangles with Ponca at 8:45.

At Pender the semi-final games will be Wednesday night with the finals Friday. At Randolph, the semi-finals will be Thursday and the finals Friday.

Winners of the tournaments will be district champions. However, in each case a regional play-off with one other team is required to see who goes to state.

Crowd Roars Approval When Dixon Wins One

Dixon defeated Kellbert (Obert-Maskell) in the big boys game after Kellbert had won the little boys game in basketball Friday afternoon on the Dixon Auditorium court. The crowd roared its approval of the proceedings.

In the smaller boys game, both teams are just starting and there were a few violations that the two boys from Kellbert (both extremely unbiased) had to overlook in order to keep the game moving.

The three-second rule was overlooked--it sometimes took 13 seconds to get the ball across the line; traveling was seldom called--even when several steps were taken or the boy with the ball slid on the dance-hall floor; holding the boy with the ball was as efficient as holding the ball; double-dribbles were overlooked but triple-dribbles were frowned upon; and the referees had to overlook some actions that are not covered in rule books simply because no one ever expected them to come up.

Kellbert third-fifth beat Dixon 6-5 after leading 2-0 at the half. David Dunn with 4 and Brian Hirschert with 1 did the Dixon scoring.

In that game three boys would often cover the man with the ball which should have left someone open, but no one ever seemed to be open. A delighted crowd watched the antics of the small fry who will some day have the game down pat.

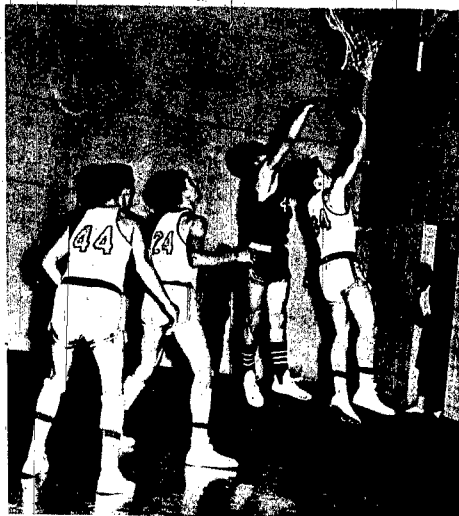

In the fifth-eighth game, Dixon won 20-13. At one time they trailed 9-2 but scored 9 points straight to take the lead and never trail again.

Jim Prescott had 7 points to lead Dixon. Charles Peters had 6, Regg Lubberstedt 4 and Gaylord Striven 3.

Dixon girls had a cheering section with four cheerleaders in black skirts, white blouses and green bows. They helped add color and noise to the excitement. Everyone had fun, the officials, the fans, the cheerleaders, the scorekeepers but most of all the boys.

To Plan Track Meet

It may seem unseasonal, but a meeting is scheduled for Winside Thursday, Feb. 16, to choose a site and to name a director for the Class C district track meet. This comes about a month before track season gets underway. Coach Pete Kropp, Winside, reports about 14 teams will be in the district. Winside was chosen as site of the meeting because it is fairly central for the schools involved.

TWO POINTS were scored for Allen as Jim Ellis went up for a shot against Hartington. Alan Smith (44) and Dale Jackson were on hand, just in case. Larry Wiggins found it impossible to stop the shot.

Hartington Beats Allen's Hustlers

Hartington had its hands full until the final minutes of the fourth quarter at Allen Saturday. Allen's small but scrappy Eagles pressed most of the way but finally bowed 61-49 to the taller Wildcats.

In the first half the lead changed hands five times and the score was tied five times. Allen managed to tie the count at 23-23 in the third quarter but then fell behind and never quite caught up, lagging by one-point margins at 28-27 and 44-43, by two points at 49-47 and by as much as nine points at 36-27.

After one period it was tied 8-8 but HHS led 21-14 at the half. Allen outscored the Purple and White 7-2 to pull up to a 23-23 tie and then dropped back to trail 40-34 at the end of three stanzas. After pulling up to 49-47, the Eagles' hit a cold spell and Hartington poured it on by making 12 points while holding AHS to 2, which produced the final score of 61-49.

Dale Jackson led all scoring with 24 points for Allen. Jim Ellis managed 16 for the Blue and Gold. David Eickhoff and Steve Samuelson each had 18 to lead the winners.

Jackson led Allen in rebounds with 19. Charles Geiger had 11, Alan Smith 7, Dennis Schlines 5 and Jim Ellis and Rick Hank 3. Ellis and Geiger each had 3 steals, Hank 2 and Schlines and Smith 1. Schlines had 4 assists; Bob Anderson 3, Ellis and Smith 2 and Geiger, Jackson and Kevin Hill 1.

In the second team game, it was Hartington all the

Final Rites for Mrs. P. Anderson Held at Concord

Funeral services for Mrs. Phoebe M. Anderson, 65, were held Feb. 11 at Concordia Lutheran Church, Concord. Mrs. Anderson died Feb. 9 at Wayne Hospital.

Rev. John C. Erlanson officiated at the rites. Mr. and Mrs. Verdel Erwin sang "How Great Thou Art" and "Children of the Heavenly Father." Mrs. Winton Wallin was accompanist. Pallbearers were Richard and Waldo Johnson, Ward and Paul Peterson, Forrest Peterson and Courtland Peterson. Burial was in Concord Cemetery. Phoebe M. Peterson, daughter of Christian J. and Carolina Peterson, was born Oct. 16, 1901 at Concord. She was married March 7, 1928 to George Anderson at Sioux City. She spent most of her life in the Concord community. Her parents and a brother, Ernest Peterson, preceded her in death. Survivors include her husband; a sister, Mrs. Roy Johnson, Concord, and a brother, David Peterson, Lake Park, Minn.

Dixon, Concord Firemen Called

Dixon and Concord fire departments were joined by firemen from Laurel in fighting a series of grass fires along the Burlington Railroad between Dixon and Laurel Monday afternoon.

A defect on a piece of rail equipment is blamed for starting at least three small fires and one major fire. The latter burned several acres on the Dick Chambers farm 1 1/2 miles west and 1/2 mile north of Dixon.

The fire on the Chambers land was in soil bank area where there was a heavy growth. No equipment, buildings or livestock were in the way of the flames there.

Fire burned across the road from the Duane White farm home. A "back-furrow" was plowed by maintenance equipment to keep the fire from getting any closer.

Dixon Board Members Re-Elected to Posts

Board members, some residents of the rural fire district and some Dixon firemen attended the annual meeting of the Dixon Rural Fire District in the Dixon Fire Hall Thursday afternoon. They re-elected the board members whose terms expire.

Named to serve again were Garold Jewell and Bill Schutte. Holding over on the board are Noel Isom, Max Rahn and Newell Stanley. Next action for the newly-named board is to meet to set the levy for the year and name officers. The present mill levy in the Dixon district is one-half mill.

HOT TAFFY burned Danny Johnson last week. He is shown in his hospital bed with his mother looking on. (Several pictures this week are defective due to a film fault but are being used anyway.)

Hot Sticky Taffy Causes Bad Burns

Danny Johnson says he will never eat homemade taffy again but will eat the kind you buy in stores. At the time he was a little bitter, having been burned by hot sticky taffy syrup.

He is the 7-year-old son of Mr. and Mrs. Don Johnson, who reside at the airport. Sunday of last week he and his sister, Donna, were making taffy when the mishap occurred. Danny lost his balance, grabbed for something and his hand hit the pan of taffy. It spilled on him, covering his neck, shirt and tee shirt on the right side.

In pulling the shirts off his body, he suffered burns to his right hand. He also received second degree burns to his neck, chest and side.

Dr. George John put a yellow oily paper on the burns at the Wayne Hospital. Danny has been hospitalized a week but is much improved. He has been keeping up on studies as best he could and schoolmates have been sending notes to him while he recuperates at the hospital and at home.

Firemen Get Call to Another Fire in Car

Wayne firemen had their third fire call of the year Thursday, the first to a rural blaze. Like the other two, it was in an automobile.

Lawrence Sprouls, who farms southwest of Wayne, was en route to Winside when the car engine stopped and flames started coming out from under the hood. He ran to the Frank Lindsay farm home about 100 yards away to call for the fire department.

Lindsay, Sprouls and Brice Lindsay carried water to the car, dousing the engine. By the time firemen arrived, the flames were extinguished. The fire caused heavy damage; under the hood. Cause of the blaze was thought to be wiring.

Belden Man Hurt as Truck Tire Explodes

A Belden man who had become a father the previous day was injured seriously Friday in Sioux City when a truck tire he

was inflating exploded, sending the rim crashing into his head.
Alan Smith, 23, was rushed to St. Vincent's Hospital in critical condition. His head and left eye were injured in the mishap.

Going from Belden to be with him were his parents, Mr. and Mrs. Bill Smith. His wife, Mary, and his newborn were still hospitalized. They have one other son.

Smith is employed at a tire company. The Smiths reside at 512 W. 15, Sioux City, at present.

Three Dixon Scouts Earn Advancements

A board of review for the Dixon Boy Scout troop was held Saturday in the Dixon Scout Building. Three Scouts earned advancements in rank.

Jim Prescott, son of Mr. and Mrs. Allen Prescott, and Dick Spahr, son of Mr. and Mrs. Ray Spahr, earned the second class rank. Steve Macklem, son of Mr. and Mrs. Glen Macklem, earned Star rank.

Members of the board were Father John Rizzo, Scoutmaster, Lowell Saunders and John Young. In addition to rank advancements several merit badges were earned.

HOW WILL YOU HANDLE ALL OF THOSE STALKS?

BRADY 4-ROW CHOPPER
The best way to handle the tangled mass of tough, heavy hybrid stalks is a Brady flail shredder. It shreds your stalks, makes plowing easier, faster, better... knocks out most of your corn borers, too. You can even pull a tandem disc behind a Brady and be ready for minimum tillage. It's a great labor-saver... and excellent for clipping pastures and idle acres.

Wayne Airport Business Looking Up; Not All Involves Flying in Airplanes

The Wayne airport is a busy place these days. Not all of the activity involves flying airplanes, but most of it involves flying directly or indirectly.

Don Johnson and the Federal Aviation Administration gave a test to ten Thursday evening. It was the largest class from here ever taking the test at one time.

For three hours the group took written exams. Ordinarily they would have had to go to Lincoln or some other larger city but because there were so many the FAA men came here for the testing.

Included in the group were one woman, a 16-year old, a grandfather aged 57 and the son of the instructor. All had been taking the ground school classes for 12 to 13 weeks.

Classes have been held once a week in the pilots' lounge. Sessions are sched-

uled for two hours but have lasted as long as four hours.

Some are working on flight instruction also. They are in various stages of this learning.

Another school will start in another week or so for anyone interested in ground school and eventual flying. Film strips, discussions, instrument study and other courses are to be offered.

Johnson is a many-purposed man. He is manager of the airport, operates a charter service, is an airplane mechanic, instructs both ground and flight school and provides servicing with fuel and other needs for transient aircraft.

He has been teaching classes in Wayne over 15 years. Originally he was from Lincoln but came here to operate the airport. In all, he has recorded over 3,000 hours of flight in-

struction time at Wayne.

His class this last week was made up of residents from the West Point, Randolph and Allen areas plus points in between. Members had been studying weather, navigation, map reading, fundamentals of airplanes and other topics covering six different subject areas.

Johnson is not the only member of his family to fly. His wife is a pilot and his son, Dale, also flies. Dale was a member of the class being tested the past week.

Two planes are used at the airport for instruction, one also being used in charter service. Several other planes are also kept there, owned by individuals, groups or corporations.

The Wayne airport is busy but it will become busier yet this year when the new runways and lighting are put in.

'Stop Sign Accidents' Ruin Traffic Record

Wayne went eight days in February without a traffic accident. Then two occurred, both of them involving stop sign intersections.

Feb. 9 at 12th and Pearl Jude K. Milliken, Wayne, was northbound on Pearl Street. Michael L. Oglevie, Columbus, was eastbound on 12th.

Oglevie failed to stop for the stop sign and his car was struck by the Milliken vehicle. The impact threw Oglevie's car 47 feet. Damage came to \$181.22 to the Milliken car, according to John Redel, investigation officer.

The following day at Ninth and Main, Donald Kramer, Wayne, was southbound on Main. Don Beckenhauer, Wayne, was westbound on Ninth.

Beckenhauer stopped, looked for traffic and failed to see the Kramer car. He pulled out, his vehicle striking the left rear of the Kramer car. Damage came to \$50.10 to Kramer's vehicle and \$6 to Beckenhauer's. Officer Alan Peck investigated.

Carroll District Meeting Planned

Carroll Rural Fire District will hold its annual meeting in the Carroll Fire Hall Saturday, Mar. 11, at 2 p.m. Candidates will be named and an election held for three board positions.

Members whose terms are expiring are G. E. Jones, T. P. Roberts and Levi Roberts. Other board members are Frank Vlasak and Gilmore Saks.

T. P. Roberts is secretary treasurer and Levi Roberts is treasurer. They reveal that setting of the levy, electing officers for the coming year and other business matters will come up.

LARRY SIEVERS, son of Mr. and Mrs. Alfred Sievers, Winside, has enrolled in a course in auto mechanics at Universal Trades School, Omaha. He is a graduate of Winside High School.

Eight WHS Debaters Take Part Saturday

Eight Wayne High School debaters took part in the invitational meet at Norfolk Saturday. Four competed in regular debate and four competed as novices.

Ann Bareilman substituted for Duane Shell as a partner for Larry Hamley. They won none and lost four. Tom Haverer and Jo Merriman formed

another team, winning one and losing three.

In novice competition, Graham Butler and Karen Willis were on one team and Ron Seymour and Dennis Ellermeier on another. Each team lost four and won none.

Coach Chet Christensen said no other debates are scheduled. If another invitation is received, Wayne will probably be represented by one or more teams.

Hoskins District Election Planned

Three directors for the Hoskins Rural Fire District are to be elected at the annual meeting Wednesday, Feb. 22, at 2 p.m. in the Hoskins Fire Hall. Two other directors hold over for another year.

The three whose terms are expiring are Art Behmer, Ezra Jochens and W. C. Behmer. Holding over are Alvin Wagner and George Langenberg, sr.

Hoskins Rural District covers portions of Wayne, Pierce, Stanton and Madison Counties. Officers at present are Art Behmer president and Ezra Jochens secretary-treasurer.

Following the naming of directors, a meeting date will be set. At that meeting the levy for the coming year will be established and officers for the coming year will be named.

EDITORIAL COMMENT

The editorial department of a weekly newspaper is an important department. Normally it is one person's opinion of topics that concern most of the readers.

It is the duty of an editorial writer to search all available facts before he sits down to write. From this basis the writer should be able to give a clear picture of important topics.

With those words, the Wausau, Wis., Record-Herald editorialized on the problems of editing newspapers. The Wausau paper hears them, the Wausau, Nebr., Gazette hears them and The Wayne Herald hears them.

As the Wausau editor says, "it is not cussedness that makes editors do this." Each paper strives to establish and adhere to standards and has reasons for selection and editing news.

News is a commodity. Papers sell it. However, news has to be kept in proper perspective to serve tastes of all readers, not just a few. Long-winded promotional articles with overly detailed stories are of only passing interest to most people.

It is journalistically necessary to edit news. The editor who does it may not always do it the way others would do it but he has to make the decision and then act. There is plenty of time later for opinions on how "it should have been handled."—CEG.

Such a Small Matter
It's a small matter, but surely a big place such as the University of Nebraska could find a way to cope with it—the policy of listing graduates and honor winners in alphabetical order instead of by town.

For papers such as The Herald that serve more than one county, there is no way to find names of area residents listed except to go through the multitude of names and hope to spot each one. When over 500 graduate at mid-term, it is bad enough but at spring commencement it is even worse.

It would be so much more simple if NU would do as most other schools do and list students by towns. Then The Herald could go through and find out who the graduates are from Randolph, Laurel, Pilger, Dixon, Concord, Stapton, Wakefield and the other towns covered fully or in part by this paper. The same would be true of the Custer County Chief at Broken Bow that covers dozens of towns. It would also be true of every paper in Nebraska that covers more than one community.

This is a small matter, but it becomes a big matter when someone's name is missed. After all, when they have worked so long for degrees, the graduates at least deserve to see their achievements listed in the area papers. We would be glad to do so if the University of Nebraska would only help.—CEG.

Capitol News
Governor to Recommend Record-Breaking Budget
LINCOLN—Gov. Norbert T. Tiemann has disclosed he will recommend a record-shattering executive budget to the Legislature for the two-year spending period beginning July 1.

You may not agree with an editorial—but if you read the editorial and give serious thought to the subject discussed you have gained. You, as a reader, have given careful thought to an important problem and the writer is proud to have called your attention to an important subject that you may have overlooked.

A New Fire Station
The die has been cast; Wayne firemen and the City Council have indicated a vote is needed on a bond issue to provide facilities for the fire equipment. From now on, it will be a matter of deciding whether or not there is a definite need right now.

People are going to vote for something they feel is needed and deserved. They don't want to vote for frills, and from the looks of things there are none since the projected cost has been cut to \$75,000 from the original request for \$100,000. A job of selling awaits firemen. No one else is in a position to tell the story the way they are. They should answer the call to describe the need with the same speed and ability they answer calls to fight fires.

Upon their ability to adequately picture the need rest the hopes for new fire station facilities. The decision is the public's job—convincing the public is the firemen's job.—CEG.

Ever Voted for President?
How many times have you cast a ballot for president of the United States? Think hard.

No matter who you are, the answer is the same. You never have voted for president. Under the United States law at present, you never will. You may vote for electors who will cast their votes but you do not vote directly.

This antiquated system has provided some situations in which the popular vote did not favor the winner. In an age when "one man, one vote" seems to be forced on everyone without regards to other circumstances, it is strange that this law is allowed to stand on federal matters.

At present it is possible for a majority of the people to vote in favor of one man but have another man elected by electors. The majority simply does not rule. Changing over could be involved. There would be danger of "federal control" of elections in setting standards uniformly for every point in the nation, South, North, East, West.

A bill to amend the Constitution to make direct election possible is before congress. It is certainly worthy of profound, considered and sincere thought.—CEG.

said two years ago the university underestimated its spending requirements. He said efforts will be made to avoid a similar situation in the future.

As a starting point he said his committee will ask the university to project its operation as well as capital construction plans for a five to six-year period instead of the customary two years.

"After all, there comes a point when this state has to decide whether it wants 100 miles more of highway or wants to educate 1,000 more students," Marvel explained.

Tax Concessions
Revenue Committee Chairman Burbach said it will take concessions by Governor Tiemann to get legislative approval of his income-sales tax program.

"This would be the best provision and the easiest to administer," Burbach said. Department Seems Assured
It is all but certain that the Legislature will create a new department of economic development to tell the nation Nebraska is a good place to live and do business.

proval recently. This was a major triumph for Governor Tiemann, a Republican. A similar proposal by former three-term Democratic Gov. Frank B. Morrison was defeated soundly by the 1963 Legislature. Morrison considered it one of his biggest disappointments in office. Specifically, the measure would elevate the State Resources Division to departmental status. A director would oversee the agency's operations.

Nebraska Joins
Nebraska has joined Maryland, Texas and Colorado in challenging certain provisions of the new Federal Minimum Wage Law. The act sets higher minimum on certain wages and provides for overtime compensation. It extends to some public workers previously excluded.

Changes Announced
Significant changes have been made in the rules and regulations for the 15th annual Midwest Market Hog Show, to be held at Fremont March 18.

The 70-year-old game baron said he's "had enough" and wants to "give someone else a chance." He said the decision has nothing to do with recent legislative criticism of his operations.

NU Feeders Day Program
Nebraska's growing cattle feeding industry and the technology required to keep it thriving will be discussed at a University of Nebraska sponsored Feeders Day at Wisner February 21.

Nebraska's feeding twice as many cattle now as in the late 1950's, and feeding operations are becoming larger and more specialized, points out Dr. Frank Baker, Chairman of the University of Nebraska Department of Animal Science.

The number of cattle placed on feed in 1966 actually represented twice the volume placed on feed in 1959. And a 1964 survey indicated Nebraska had more feedlots that market over 1,000 head of cattle during the year than any other state.

Plentiful Food—Celery
One of the best buys at Midwest produce counters these days is crisp, crunchy, fresh celery. Unusually large supplies of this popular vegetable from both Florida and California are reaching the market at the same time.

Alert shoppers probably already have noticed more attractive prices on the salad item. There's not much trick to picking the best of this vegetable value. Look for fresh, crisp, clean stalks. Pass up bunches with soft, somewhat pliable branches, signs of a seedstem instead of heart formation, or discoloration in the heart area.

Dear Editor:
I wonder if you would help me by publishing an appeal to your readers for information. I am compiling a listing of all of the kinds of tokens once used in Nebraska, such as general store and mercantile store tokens, livery and transfer company tokens, "hotel to depot" tokens, ferry tokens, bakery tokens, etc.

What did you expect a man of my age to do? The husband replied, "Play in the sand with a pail and shovel!"

We have about given up trying to satisfy one group of readers (we may have failed to satisfy more). These people love the little personal where the Blanks visit the Shmoes (down the road). We have explained that whereas this was news in horse and buggy days, it is not news now. So, now the same people will not give us the item when their aunt from Afghanistan visits—withholding news to spite us! It's a cinch we can't call everyone, so unless a neighbor and friend gives us a lead we will miss the news. We want NEWS! The little news tidbits can be passed along over the fence, under the dryers, through the telephone lines or around the block.

Our condolences to the kids. We hope they enjoy hearing music now because experts say they may have to wear hearing aids early in life or else lose hearing entirely if they subject themselves to the noise of teenage rock music several hours at a time. Workers subjected to manufacturing noise rated in decibels lower than much of the rock and roll music delivered in close quarters) wear protective devices. The kids don't. We'll never understand why it is necessary to have music so loud but we do know that the hospital patients, the staff, the dance sponsors and others near the auditorium are subjected to the noise too. If the kids can't consider their own welfare, they should at least think of those who are older. They could ask combos to tone down several thousand decibels. We've found a way to drown out the noise from the auditorium—we turn our radio or TV up!

Our bouquet of the week goes to some fellow workers—Pressmen Ray Murray and Lloyd Manske. They are the ones responsible for seeing that the paper you get each week is printed as near-perfect as possible. They are perfectionists! They are the comedians of the shop. Without their laughs, life would be much more dull. Besides, they have searched this column diligently week after week, month after month, year after year, hoping they might rate a bouquet some week, applauding the selection each time of someone else. Anyone who reads this column that regularly deserves more than a journalistic bouquet—but that's all we have to offer (hark and Ray).

Wayne is to be host to the district basketball tournament. Have you made up your mind now to be one that will help make this be "a perfect host city"? Maybe you're ready to go, cheer the first call that is made against your team, boo the officials if your team gets behind and make smart remarks in taunting the team that has a good player who fouls out or a fair player who can't hit. We hope you will get this out of your system before the tournament. We will have guests in our city. Treat them as respectfully as you would guests in your home. (We'll get an idea of what your

Litterbugs Get Dixon Warnings

Litterbugs at the city dump are getting warnings at Dixon. People are getting a little careless with their trash disposal, the town board has been told. Burlington Railroad officials have sent word that dumping has been done on

railroad right-of-way. Letters and other printed matter with people's names on them give a pretty good indication of who is doing it.

The town has ordered the right of way cleaned and will start checking on illegal dumping. Anyone dumping on railroad property is trespassing. Board members are unable to see the reasoning of dumping on railroad property adjacent to the dump itself.
