'Ever Wrestled With Big Kangaroo in a Closet?'

Have you ever wrestled with a full-grown kangaroo in a clothes closet?

Have you ever found a contact lens in a bushel of crushed ice?

If your answer is "yes" to either or both of the above questions then the members of the Wayne Volunteer Fire Department feel that you are qualified to be a fireman.

Asked to give their views on the need for better facilities, the firemen came up with a written report which includes the above questions. They point out that wrestling a kangaroo and finding a lens are not really requirements "but neither is getting up in the middle of the night in a snowstorm at 3 a.m., stumbling around to find your clothes while your wife answers the fire phone in an effort to get you

headed in the right direction so that you can help protect property, life and limb of the good people in Wayne who are going to vote for adequate space and facilities for proper care of protective clothing, equipment, etcetra to enable these good voters of Wayne to sleep through this snowstorm."

The "kangaroo trick" they refer to is the chore of drying wet hose in too little room. The "lens in the ice trick" is trying to find equipment that has to be stacked or piled behind something for lack of space.

The "liking to get up in wee hours of a.m. trick" is really called "dedicated civic response"—and all this for no pay!

"Tell us," the firemen concluded in their written

report, "you do appreciate the WVED and its protection by going to the polls on Apr. 4 to help them get their addition to the fire station."

Chief Ivan Beeks was asked about the hose situation. He referred to the winter fires Wayne has had and added that the worst fires are almost always in the winter. He cited the Surber Furniture fire a few years ago in below zero weather with no place to dry hose. If Wayne had experienced another major fire a few days after that the hoses would not have been ready because they were not dried out.

Two years ago another instance occurred, the Liveringhouse fire. It took firemen five days to get all the hose they used dried out that winter. Only one truck had dry hose until firemen over a period of almost a week got the rest of the hose dried. Wakefield VFD sent firemen here to help dry and load the hose because the situation was so precarious for Wayne. A major fire in that hose-drying period could have meant disaster, Chief Beeks said.

The situation is, firemen have little room in which to lay hose out and dry it. Unlike homeowners who just let the hose in the garden lay where it is, firemen have to dry hose out, especially in dry weather, or they find the hose is useless. It is also expensive and they have to make it last.

Wayne has gotten by in the past, but firemen are not sure the city will always be so lucky. They are willing to fight fires with whatever is provided but they would appreciate some help on facilities since they donate time for drills, meetings, fires and all the work it takes to get back to readiness after fires.

To show the people what they mean they are planning open house with refreshments Sunday, Apr. 2. They will answer questions about the fire station and the needs. The public is invited to come in and see the true situation before deciding how to vote on the \$75,000 bond issue for a new fire station.

Convicts' Stories To Be Told Here

What causes a life of crime? What results from it? What does a convict think about, think toward, in prison?

Wayne State students, and the public, can hear authoritative answers to these questions today (Thursday) when the Nebraska Penal Complex brings a program that has

CHAMPIONS: These happy co-eds of Wayne State won the WSC College Sport Day volleyball tournament. (Front row) Jo Ann Pellan, Connie Werner, Sue Steinhoff, (second row) Norene Phillips, Pat Chaney, Connie Weeder, Coach Berniece Fulton and Beverly Miller. Another regular member of the team, Vanita Willets, is not pictured; in this tournament she played with another Wayne team.

WSC Women Win Own

The Wayne (Neb.) Herald, Thursday, March 23, 1967

Volleyball Tourney

Wayne State women won their own College Sports Day volleyball tournament Saturday with a victory over Chadron State.

Nebraska Wesleyan finished third after losses to the winning Wayne team and to Chadron. Wesleyan had, in the first round, beaten another Wayne entry, and Chadron, in the same round, lost to the same Wayne sextet that won the finals.

Kearney State was a victim of Wesleyan and Chadron in the double elimination meet. Dana lost to the two finalists.

Members of the champion team: Pat Chaney, Ainsworth; Beverly Miller, Craig; Jo Ann Pellan, Mead; Norene Phillips, Rochester, N.Y.; Sue Steinhoff, Hornick, Ia.; Connie Weeder, Oakdale, and Connie Werner, Battle Creek. Their coach is Mrs. Berniece Fulton of the WSC physical education faculty.

Town Team Sets Mark

Wayne town team set a new scoring record in the final game of the season Sunday afternoon on the WCA court. The locals downed a game but out-manned Wisner team 125-60 with Jim Mau hitting for over 50 points to lead the locals. Wayne was consolation runnerup in the Pender tournament last week, defeating Scribner in the consolation finals 78-54.

Russ Nyberg Top Entry in Finals

Russ Nyberg proved in the National NAIA swimming meet last weekend that his honor as most valuable Wayne State swimmer was justified—though he did not need to prove it.

The sophomore freestyler from Chicago placed in three events at Buffalo, N.Y. His best performance was an eighth place in the 500-yard freestyle, with a 5:24 clocking that was four seconds better than his previous record.

Coach Ralph Barclay said the time would have won the race in last year's national meet. A picture in the Buffalo Courier-Express shows Nyberg making a spectacular start in the 500—he was already entering the water while all others in the race still had feet on the starting blocks.

Nyberg also earned a 13th place in the 1,650-yard freestyle with a 19:29 time and 14th in the 200 freestyle at 1:56.2, both times better than his previous best.

Wayne's other national entry, Jim Brown, failed to place.

Meanwhile, four WSC wrestlers competed in the National NAIA meet at Lock Haven, Pa. Heavyweight Bob Kruse won his first round with a decision over Houlton of St. Norbert, then lost a decision to Schmidt

Boys Have Easy Time

Beating Girl Cagers

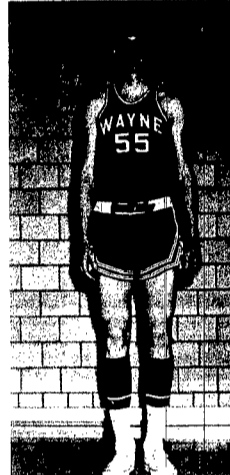

The seventh and eighth grade boys had no trouble with winning games Saturday. Each team played girls from respective grades with the boys wearing boxing gloves.

The eighth grade boys built up a mammoth lead in what was strictly no contest. Seventh grade boys did not score as many points but their margin was almost as great.

Hank Overin's scheduled for this Saturday has sixth grade intramurals at 12, Giese versus Scheel, Sturm versus Brown following. At 2 the seventh and eighth grade girls play, at 3 Mau-St. Mary's and at 4 Tietgen-Kamish.

Herb Swan Named Captain of Team

Herb Swan, a senior, received three of the top honors accorded Wayne High School basketball players the past season. He was elected honorary captain to top off his feat

or being the leading rebounder on the team (132) and being the most improved player.

Gordon Jorgensen took two honors. The junior hustler was the leading scorer on the team (326 points) and was named the most valuable player.

The final honor went to another senior, Bob Morris. He had the best free throw record, hitting 66 per cent of his shots from the charity line, according to Coach Harold Maciejewski.

Services Held in Iowa

For Mrs. C. McConnell

Funeral services for Mrs. Charlie McConnell, 93, were held Mar. 14 in Council Bluffs. Mrs. McConnell, who made her home with her daughter, died Mar. 11.

The McConnells came to Wayne in 1910. Mr. McConnell died in 1938. In 1939 Mrs. McConnell went to make her home with her daughter, Mrs. Lucile M. Brown in Council Bluffs.

Blue Devil Relays Friday Open Area's Track Season

Firemen Called Two Times This Tuesday

The Blue Devil Relays are scheduled for the WSC oval Friday, Mar. 31. They will be the opening track event of the season for most area high schools. John Tollaksen, track coach at Wayne High School, is in charge of the relays. He reports invitations have gone out to many schools, large and small, for the two-class meet.

All Class B schools will be in one class and Classes C and D in the other. There will be seven relays in each class: 440, 880, mile, two-mile, spring medley, mile medley and shuttle hurdle relay.

Two feature events in addition to relays will be the 100-yard dash and the shot put. Schools will be limited to one entry apiece in these events and all boys will compete together regardless of which class relays teams are in.

Team trophies will be awarded for the winner in each relay event and members of the winning team will receive medals. Ribbons will go to boys on teams winning second, third, fourth and fifth in each relay.

A team championship will be awarded in each of the two classes. Medals will be given to the top five places in shotput and 100.

Television Man Will Speak to Winsiders

Del Benjamin, promotion manager of KVTU, Channel 9, Sioux City, will speak to the Winside Community Club Monday, Mar. 27, at the regular meeting at 7 p.m. in St. Paul's Lutheran Church.

"A Tall Tale," will be his topic. Included is a color film on the construction of the KVTU tower (one of the tallest in the nation) to be followed by a question and answer period on television programs, commercials, production, future and other aspects.

Benjamin has had his own TV variety show and has taken part in special broadcasts. At present he does a variety of work on audience promotion, sales promotion, client services, public relations, station advertising and personnel relations.

Officers of the Winside Community Club are asking for a big turnout. The popularity of these out-of-town features for the regular monthly meetings will help determine the future course on entertainment.

men were called to the Russell Lutt farm 2 1/2 miles east of Wayne. Weeds along the highway were burning, apparently starting from a trash fire.

No one knows who called the fire department as no one from the farm or nearby farms appeared. The firemen were the only ones showing up and they figure a passerby turned in the alarm, fearing the fire would spread and grow if firemen were not called.

Tuesday night on the Ralph Beckenhauer farm a mile west and a mile south of Wayne corn shucks were being burned. The fire spread through the grass and to a pile of old cobs.

It was feared a change in wind would be a threat to piles of corn so the fire department was called. Firemen put out the fire before it could do any damage.

Scout Troop Camps Out for Vacation

Scout Troop 174 plans a campout Friday and Saturday at Boy Scout Park, taking advantage of the Easter school vacation.

Activities will include cooking tests, map and compass work, axmanship and a hike.

The troop has reelected three patrol leaders—Mark Lambert, Dale Tomrle and Ken Roland—and elected one new leader, Dana Jolley.

A board of review is scheduled at the meeting Monday night.

GIRL SCOUTS of Troop 257 posed for this picture in the office of The Wayne Herald-Tuesday after completing a tour of the offset printing plant. Leader of the troop at the rear, far right is Mrs. Merlin Sievers. Assistant leader, Mrs. William Filter is also in the back row to the left of Mrs. Sievers.

Carroll Firemen Get

Two More Fire Calls

Carroll firemen were called out twice within the last few days. Both times the cause was burning grass and weeds.

Saturday the grassed area on the Perry Jarvis land across the street north from the Carroll Grade School caught fire. It is thought small boys playing there could have had matches. Little damage was done.

Monday at the Dallas Cunningham property around the old locker plant trash was being burned. Sparks ignited grass and weeds and the volunteer firemen were called out. Again there was little damage.

Pierce County Unit Plans Annual Feed

Pierce County Farm Bureau will hold its annual banquet Thursday, Mar. 30, at 7 p.m. in the Plainview High School auditorium. Tickets are on sale at the bureau office in Pierce. Featured speaker will be Paul Siedenburg, FB insurance man from Des Moines. Vernon Held, Wausa, is the new agency manager for the bureau. He and family will move from Wausa to Pierce.

DIXON COMMUNITY meeting attracted those refreshments following the business meeting group Monday evening, as they were served at the Dixon cafe.

Dixon Firemen Fight Fire for Over Hour

Dixon firemen were called to the Everett Lisle farm northwest of town Tuesday afternoon. For a little over an hour they fought a fire in grass and brush.

Lisle was burning trash in a trench silo when the fire spread through brome grass and idle acres. It spread into a grove and threatened nearby farm buildings.

Firemen from Dixon went five miles north and one mile west to the scene. With farmers in the area also helping, they had the fire out in an hour and then watered down the area to make sure it would not flare up again.

WE ARE SINCERELY GRATEFUL for cards, flowers, memorials, food and every other help and expression of sympathy at the time of the illness and death of our beloved daughter, wife and mother, Mrs. Maude Sheets and George Macklin family. m23

I WISH TO THANK my friends and relatives for flowers, visits, gifts and letters I received while in the hospital and since my return home. John Test. m23

THE BOYS OF DIXON grade school basketball team wish to thank all who gave to our uniform benefit last Thursday. They would especially like to thank Clyde Shively, Noelyn Isom, David Apts, the Dixon Village Board, Charles Greenlee and all the ladies who donated and served the lunch as well as those who played basketball. We now will have new uniforms for next year.

THE WAYNE COUNTY Historical Society cannot possibly take the space required to thank each individual personally for their assistance and donations and those who donated food and who helped serve to make our sale a success. We wish to thank Mr. and Mrs. Clifford Johnson for donating space for our annual food sale. We are most grateful and hope you will consider this your personal thanks. m23

I WISH TO THANK all who remembered me with cards and flowers and those who visited me while I was in the hospital. Thanks also to Dr. Matsen and the nurses for their wonderful care. Mrs. Amanda Lessman. m23

Lions Club Holds Talent Show Soon

Wayne Lions Club is planning its annual talent show Tuesday, Mar. 28, at the Wayne City Auditorium. Full details will be given in next Monday's Herald.

There have been a lot of entries with considerable duplication. Efforts are being made to round the program out, so there will not be too many numbers of the same type.

At the meeting of the Lions Club Tuesday night at St. Mary's Catholic School, Paul Rogge was a guest. Cliff Dahl reported on a visit to the Lions Club at Brookings, S.D.

Nominations for officers for the coming fiscal year will be made at the next meeting of the local club.

Business Notes

New patented diamond cutting is now featured at Dale's Jewelry, Wayne. The firm has added the diamonds which have 144 facets, more than was possible before. Two Dutch diamond cutters named Huisman have patented a process that represents the first change in diamonds in 60 years. The patent covers the lower portion of the stone, called the "pavilion." Instead of 24 facets on the pavilion, Huismans have devised a way for 72. They have as many

as 144 facets on one diamond, way more than possible before, according to Dale Gutshall, local jeweler.

The problems of owning a Cougar and remaining a bachelor.

We know a customer. Perfectly happy young bachelor. Bought a Mercury Cougar in November. Became engaged two days ago. It's a problem. There's something about this cool new luxury

personal car that women really go for. Maybe it's the lithe lines, the sports car flair, the gleaming die-cast grille, the muscular V-8 engine. Or maybe it's all of these. (It's easy to see why

Cougar has been named "Car of the Year" by Motor Trend Magazine. Quite an honor. Quite a car!) Come in and see for yourself. But if you're a bachelor, don't say we didn't warn you.

TWO STATERS from Allen are Elayne Snyder and Ron Kraemer, chosen to represent their school and community at the annual summer gatherings in Lincoln.

Allen's Staters An Active Pair

An active pair have been chosen to represent Allen at Girls State and Boys State this summer. They are Elayne Snyder and Ronald Kraemer.

Miss Snyder will represent the Legion Auxiliary. Her alternate is Della Lindahl, daughter of Mr. and Mrs. Lawrence Lindahl.

Daughter of Mr. and Mrs. William Snyder, Allen, Elayne is active in band, girls' glee club, select choir, woodwind choir, triple trio, chorus and attended all-state as flutist this year. She is a cheerleader, was freshman class treasurer, sophomore vice president, FHA song leader and treasurer of senior MYF.

Elayne is active in FHA and has been named president for next year. She was junior attendant at this year's FHA sweetheart ball. She is a senior Girl Scout, honor roll student, assistant editor of the school annual and had a role in the junior class play.

Kraemer is the son of Mr. and Mrs. Ervin Krae-

mer, Concord. He is sponsored at Boys State by Floyd Gleason Post 141, American Legion. His alternate is Wayne Rasmussen, son of Mr. and Mrs. Clifford Rasmussen, Waterbury.

Ronald is in mixed chorus, mixed quartet, instrumental soloist, select choir and is a soloist in his church choir in the music line. He is a member of Allen FFA, St. Paul's Lutheran Church near Concord, is president of his church Walther League and is zone vice-president for the young peoples' organization.

Area Declam Contest Final Ratings Given

Dr. Robert Johnson, Wayne State College, has released the final list of ratings for the district declamatory contest here last week. These are in addition to ratings given in a separate article in another section of the paper.

Debi Armbruster, Wayne, earned superior for her part in "Sorry, Wrong Number." The play rated excellent. Other cast members were Doug Danielson,

Eric Nedergaard, Debbie Wright, Marcia Ehlers, Jeanne Whorlow, Dennis Ellmeier, Jo Merriman and Jon Merriman.

Following are all the superior ratings for area entries: acting, Ellen Luschen, Wisner; Debi Armbruster, Wayne; discussion, Larry Murfin, Allen, Jim Pedersen, Laurel; informative public speaking, Bob Dangberg, Winside, Mike Schutte, Laurel;

Interpretative public address, Ann Pedersen, Laurel; oral interpretation of prose literature, Kay Ebmeier, Laurel; original public address, Marilyn Dirks, Laurel; and extemporaneous speaking, Janet Urwiler, Laurel.

Wayne Hospital Notes

Admitted: Mrs. Clark Banister, Wayne; Sarah Barbey, Hayward, Calif.; Mrs. Robert Huff, Wayne; John Oliver, Wayne; E. J. Echtenkamp, Wayne; Clarence Ross, Laurel.

Dismissed: Mrs. Larry Bundt, Laurel; Mrs. Henry Warnemunde, Winside; Lynn Froid, Fremont; Mrs. Don Hochstein, Wynot.

Sorry Randolph

(Continued from page 1) proof it WAS Wayne and the Randolph 75th anniversary plates had a picture of Wayne instead of a picture of Randolph. It takes a smart man to tell his hometown as it appeared 80 years ago!

AFS Units

(Continued from page 1) key positions. The financial report showed the needed \$750 for another exchange student has not been raised this year. There are still some projects coming up and club and individual donations are welcomed.

In all, the treasury has \$810. This includes the surplus left over from last year's drive, however. Questions for the future include the idea of bringing two exchange students here at once or even better, sending a Wayne student to a foreign country for a year with reports to be

made back to the school, town and chapter. Further discussion on this will come up later.

Sophomores

(Continued from page 1) Sophomores in band will report to band Tuesday morning. Those not in band will not go to school but will report to the Wayne City Auditorium for seating at 9:55. Testing will begin at 10.

The morning session will last until 12. The afternoon session will be from 1 to 3. A pre-registration period will last from 3 to 4.

Small Groups

(Continued from page 1) Don Schumacher are directors. Some of those taking part in the recital they are preparing will give the same numbers in the district music contest.

April will be a music-filled month for WHS. Tuesday, Apr. 4, the choir, band and other groups will present a concert of contest numbers at 7:30 p.m. in the Wayne City Auditorium.

Friday, Apr. 7, Sallie Bergt, John Brandstetter and Karen Wills from the vocal department and Mark Johnson and Mike Olson from the instrumental department will attend the fine arts festival in Lincoln.

The large groups from the vocal and instrumental departments will give a concert in late April at the Wayne City Auditorium. Details on this and the other programs will be given later.

Concord Man

(Continued from page 1) his birthday is planned. A niece and nephew, Mrs. William Garcia, Turlock, Calif., and Warren Anderson, Modesto, Calif., will fly to Omaha Saturday and come to Concord to help him observe the day. A few friends will stop in to have birthday cake and coffee.

Two governmental leaders have remembered him: Gov. Norbert Tiemann sent him a congratulatory letter plus a centennial medalion. Pres. Lyndon Johnson sent him a birthday card

from The White House. Carlson was one of five children in his family. He came to Concord 75 years ago, maintaining his home there with the exception of a few years in Chicago and Texas. He has lived in Concord since 1925, when he moved from a farm to his present home.

He joined Concordia Lutheran Church in 1899 and is the oldest member on the roll. He has been on the church board, Sunday school teacher and sexton for 26 years.

Until the last few months he read and enjoyed short periods in front of the television set. Now his eyesight has failed so much he does not care to indulge in reading or watching TV. Many things of interest are read to him and he enjoys hearing the news of the area, state and nation.

Presidents who have served during his 100 years include Benjamin Harrison, Howard Taft, William McKinley, Franklin Roosevelt, Dwight Eisenhower, Warren Harding,

Calvin Coolidge, Woodrow Wilson, Theodore Roosevelt, Harry Truman, John Kennedy and Lyndon Johnson. Several wars have been fought and two presidents have been assassinated.

He married Rosa Anderson of Laurel in 1900. They had two children and she and the children are both deceased. He has many relatives in Sweden.

EDITORIAL COMMENT

The editorial department of a weekly newspaper is an important department. Normally it is one person's opinion of topics that concern most of the readers.

You may not agree with an editorial—but if you read the editorial and give serious thought to the subject discussed you have gained. You, as a reader, have given careful thought to an important problem and the writer is proud to have called your attention to an important subject that you may have overlooked.

'Christ Is Dead' Once Right

There are those who would say Christ is dead. There have probably always been those who have said or thought this. Only once have they been right in designating Christ thus.

Christ did indeed die. But He is not now dead. He lives, as surely as the dawn of another Easter day rolls around to mark His resurrection.

Rolling away the stone on His grave must have been a tremendous task in those days so long ago. But even more difficult in this age of protest and disbelief is the task of rolling away the confusion, doubt and scorn that arise in the hearts and minds of some men. It is especially difficult because those men do not want that confusion, doubt and scorn rolled away.

But Christ lives in many ways in spite of those who would believe otherwise. He lives in nature, He lives in song, He lives in joy, He lives in love, He lives in faith and He lives in truth.

Sunday the living Christ will be the sole reason for millions to gather throughout the world to sing, pray, and tell about. He will live wherever men are gathered in His name. But more important, He will live even where there is doubt, confusion and scorn. His living love cannot be submerged by disbelief and hate any more than His truth can be hidden by lies and deceit. Christ lives—for those who believe in Him and with equal love for those who would deny Him.—CEG.

A Real Museum Piece

There is a real museum piece in Wayne. It's up for sale. What a buy it would make if the money were just available.

It's a house; an old house. It is one of the early mansions of the city and has 22 rooms, original oak floors and woodwork, windows set in copper, beautiful ornamental light fixtures, an unbelievably wonderful staircase and many other features you just don't find anymore.

With the house will go some items for making repairs. In fact, anything that could be damaged was thought of by the original owners who made sure they had replacements on hand. This goes for lights, fancy woodwork, tile, everything else.

The house is located across the street west from the courthouse on a corner lot. It's a treasure, and to build such a mansion today would cost about four times the asking price.

The building, of course, is the Dr. L. A. Jensen home. With the Jensens moving to Ames, the house is for sale. With the love and care they have put into that house following years of the same care by other owners, they hate to part with it, but if they must they must and they would like to know that someone else will appreciate that home and its irreplaceable treasure as much as they have.

Now to get to the point. That museum piece would make a good museum. It should be its own Number 1 attraction. It should be preserved for the public appreciation rather than sold to someone who will regard it only as another home to remodel, possibly convert into multi-dwellings and change to get rid of the old features that have been so handsomely retained.

Of course, there's the matter of money. Certainly the Wayne County Historical Society does not have the sum needed. A fund drive might produce enough but this is not exactly the most opportune time to bring up such an idea—tax problems being what they are in Nebraska and Wayne.

Maybe there is someone who has made a fortune in Wayne County and who would

like to memorialize their family. A museum bearing their name and belonging to all the county would be a far better memorial than a bank account left for relatives to divide—especially when some of the more successful could buy the house and still have plenty of money for the survivors to receive.

"The Blank Memorial Museum." Put your own name in there. It can't hurt to try it for sound. Some can go no further than just seeing how it sounds; others might give it more consideration as a way to repay the area for the success they enjoy and to honor the parents or other family members who went before.

Someday Wayne County will have a museum. It may not be in this building. It may not even be in Wayne. But it will be somewhere.

The needs of tomorrow to preserve the memories of yesterday should be considered today. This is just a reminder that everyone should be thinking about this—whether in a position to do something about it or not.—CEG.

A Project for People

There are few adults who can say they have had any part in the American Field Service program in Wayne. For the most part, the fact that there is an AFS chapter and program here can be credited to the young people of Wayne High School.

AFS officials say this is not the way it should be. Adults should share with young people the privileges and responsibilities of such a program.

Wayne will have a foreign exchange student this coming term, probably a girl this time. It will be the second time for the school to have a young person from a foreign country come here for a year, and each time the impetus for the project has come from the young people themselves.

These youngsters are in the same age group as those who draw condemnation every day. Unlike some, they are expending energy in doing something useful and enjoyable. What a contrast to those who besmirch the name "teenager" by finding the things most enjoyable are the things most destructive or most disapproved.

We would not want to see the AFS program taken out of the hands of the young. The fact that Wayne can be so successful in such a program without the adult supervision some chapters require is a major tribute to the caliber of our young.

Nevertheless, while reflecting credit upon them, the situation sends back a vision of discredit to the older ones. They should help carry the load. They should take a more active part.

If the situation does not change, another year may find the student exchange program on the local level coming to an abrupt halt. It will not be the fault of the pupils if it does. They have more than done their part.

Each parent of a pupil in a Wayne school should consider the far-reaching benefits of this exchange program. Each should ask himself if he has been fair in his support, even a fraction of the support needed in the form of attending a meeting.

Before another year rolls around, Wayne should have a more vigorous and more representative group of active participants. The young have carried the ball and this is not to recommend someone else taking it from them. It is a recommendation that they be given a little more support and protection so the full load is not in their hands.

They have done a good job. We can help them do a better one.—CEG.

Record-Breaking Budget in State Will Hit Pocketbooks

LINCOLN—Gov. Norbert T. Tiemann has presented to the Legislature a record-shattering \$592.4 million 1967-68 budget—a vast financial blueprint that is certain to force taxpayers to dig deeper into their pocketbooks than ever before.

Tiemann called it a responsible, realistic, progressive program of action that "will move Nebraska in the right direction at the right pace."

The Governor forsores a tax-supported general fund rise of \$46.3 million to \$220.6 million, including \$137.7 million from his proposed income-sales tax program.

More than \$138.5 million would come from the Federal Government, \$266.3 million from cash funds, and \$6.9 million from so-

called "revolving" funds. Tiemann said his income-sales tax budget is a downward adjustment of \$11 million a year from what he had expected to recommend a month ago.

But he acknowledged it could climb again if the Legislature repeals the intangible, head and household goods taxes and enacts programs of state aid to junior colleges, high schools and grade schools.

Legislation on these subjects is currently before the lawmakers and Tiemann asked they be supported. He did not recommend any dollars for them, though.

The budget nonetheless could make it possible, Tiemann said to lower his proposed 2 1/2 percent sales tax to 2 percent on July 1, 1968—the second half of the

biennium.

It's estimated the 2 1/2 percent sales tax would raise between \$50 million and \$70 million a year. There are no firm figures on the Governor's personal and corporate income tax, the rates of which would be set annually.

The major spending areas in Tiemann's budget are:

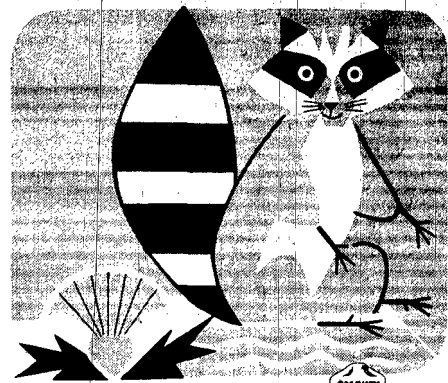

—\$131.4 million to the University of Nebraska and state colleges for higher faculty salaries, more classrooms to meet unprecedented enrollments and expanded research capability. This includes \$101 million from the general fund.

—An allocation of \$63.4 million to public institutions across the state. This provides for a broader penal rehabilitation program and a long-range mental health plan.

—A public welfare program of \$80 million to provide for increased hospital and medical service assistance under the medicare program.

—An appropriation of \$25

PLEASE... help prevent fires

million to the State Game commission for outdoor recreation facilities and tourism promotion.

Because the Governor had already worked much of the budget information into his inaugural address last January and in follow-up announcements, the budget generally lacked big surprises. Yet Tiemann did come up with provisions for:

—A stepped-up vocational-technical training program supported by state funds. "We dare not underestimate the importance of vocational training in Nebraska," he said.

—Employment of 21 additional State Safety Patrol troopers and funds to allow the patrol to initiate 24-hour radio service. The patrol sought 86 new troopers.

—Creation of a division of urban affairs within the new Department of Economic Development. The division would get \$200,000 at the outset.

This is the first time in state history a governor proposed an overall budget above the half-billion dollar mark.

But Tiemann told the legislators that he is prepared to support and defend it "in these chambers and in townhalls throughout Nebraska."

On the pressing issue of new taxation, the Governor said he takes the same stand.

"The first 60 days of my administration and your legislative session have been hectic, sometimes frustrating, always challenging," the 42-year-old former Wausa banker said.

"The people of Nebraska have thrown down the gauntlet to you and to me. They expect value received for every dollar spent and they are entitled to that expectation. I will do everything in my power to bring it to fruition."

However, Tiemann added, Nebraskans do not want a "do nothing" governor, or legislature.

"They appreciate candor, and courage, and honesty. This is what you and I must offer as we pick up the gauntlet," he said.

"There are legitimate needs to be met in the state of Nebraska...now let us meet them. I want Nebraska to progress, not regress, and I ask for your support in carrying out this task."

Following is a breakdown on proposed expenditures and receipts, by fund, under Tiemann's record budget program.

Tax Bill The Legislature is expected to take a final show-down vote on Tiemann's income-sales tax bill (LB 377) early next month.

Managers of the controversial legislation are confident they can muster the 33 affirmative votes necessary to put the sales tax into effect this spring, or early summer. The income tax would take until 1968.

The bill imposes a 2 percent sales tax, and a corporate and individual income tax. Rates on the latter would be flexible.

The proposal got 33-13 preliminary approval on the floor, indicating passage is virtually assured. But foes of the bill have vowed to try to block its passage to the end.

Nebraskans have never paid a state sales and income tax. They have relied heavily on the state property tax to finance their government for the past 100 years. But it was abolished by voters last fall.

"We have no other choice," said Chairman Jules W. Burbach of the Revenue Committee, chief pilot of the broadened tax base measure.

Nebraska laws. Its grade must then be assumed to be 0-0-0. If a chemical analysis is shown, silicon (the major element present in sand) is often the major constituent, along with several other elements (aluminum, sodium, fluorine, etc.) which are not essential for plant growth.

The micro-nutrient content is usually low and may often be less than the amounts presently occurring in your own topsoil.

Unfortunately, the product quite often has not been tested in unbiased research plots. Testimonials from satisfied users showing outstanding benefits to all parts of the plant and soil are usually the only information available. Benefits commonly attributed to the use of these products are (1) "no fertilizer burn" (2) "increased soil moisture" (3) "balanced nutrient availability" (4) "improved biological action" and many others. In some cases benefits may be obtained by application of the material, but the same benefits could usually have been obtained with much less cost.

These unproven materials are most commonly sold by door-to-door salesmen, not by reliable fertilizer dealers. The product is usually described as too "new" or "revolutionary" for the reliable fertilizer dealer or the county extension agent to be aware of. University agronomists are referred to as "refusing to test our product" or "paid off by commercial fertilizer companies."

In any case, increase in crop value per dollar spent must be the yardstick used to evaluate any such material.

No Bargain Northeast Nebraska Swine Council members reported recently on the high incidence of heat bulb failures. Several reported personal experience with lamps purchased at cut rate prices.

Several fires have been started and serious losses narrowly averted. Their reports indicate that these bargain rate lamps break easily where glass and porcelain join and several have virtually exploded.

The product usually carries no guaranteed analysis for nitrogen, phosphorus or potassium and consequently is not considered a fertilizer under present

Unnecessary Service Calls

You might be one of the homemakers who wastes money on unnecessary service calls for household appliances. A survey reported by Electrical Appliance Service News stated that some \$50 million a year is being wasted on unnecessary service calls. The survey estimated that the trouble with laundry equipment on over 20% of service calls was due to push buttons not pushed all the way in, faucets that were turned off, or cords not plugged in properly.

Another 10% of service complaints could be eliminated if homemakers would follow the use and care instructions given by the manufacturer of the appliance.

When calling for service it is suggested the homemaker give the make of the appliance, the model number, and the year it was purchased. The service man can then select the right parts and complete the repairs on the first call to your home.

Letters to The Editor

Dear Editor:

A Happy Saint Pat's Day to you and your busy staff down there. Let me say we are surely enjoying the paper coming out twice a week and know the people there are busy because of it. Yesterday's paper was especially good I thought. We have a lot in common with our neighboring towns and churches so the news from them makes it especially interesting.

It is sad tho, to see the movie ads for the drive-in theater again. You would think after a few winter months of preparation something decent would be shown. Instead it was something new to eat. A frozen chocolate banana. Maybe it's to keep the smaller ones busy while the rest of us watch the screen. Rest up movie-goers.

You'll need elbow-grease to remove those chocolate spots from the seats.

Now, after fast-time has been voted in for the golfers and the tax bill almost passed, I'm almost sorry I voted the way I did. I wouldn't mind fast time so much if it were used during three months (summer) of the year but six months is a little ridiculous. Our children hop on the bus at 7:30 each morning now. At present the sun is up which makes it easier, but with our time set an hour earlier, getting them to bed at nine won't be as easy for it will still be light and rousing them at 6:45 a.m. (5:45 D.S.T.), I see I'm in for a "gala." If these city folks would just go to work one hour earlier in the summer a lot of confusion would be eliminated.

Enough complaints for today. We should thank the good Lord for our wonderful land in which we live. We are so fortunate compared to millions of other people.

Sincerely yours,
Cabby Clara
Concord, Nebr.

Dear Editor:

\$75,000 for an addition to the fire hall. Have we used best judgment in this planning? Can taxpayers bear the weight of this? By whose recommendations did we arrive at this 8-bay fallacy? Shouldn't it be considered to add-on the necessary space to the west side of the present fire hall? Has it been considered to have an auxiliary fire hall in another section of town? Is the present fire hall space being utilized to the highest degree? Is the rash of fires in Wayne (near school) a tool being used for this issue? There are too many questions for the project to be voted upon so early. May the taxpayers weigh good common sense as they go to the polls April 4. Agreed there is a need for expansion or addition—\$75,000 worth? NOW?

SASS

By Chas Greenlee

Let's face it. Under the present circumstances it is no longer possible to get all of the "big" news stories on the front page of The Herald. Even with two editions a week, some of the bigger stories must be carried inside. We're sorry. We would like to have all stories—and ads—on page one but it is not possible. Anyway, we're trying to make the entire paper lively so you'll read it all. You have been turning past the front page haven't you?

SASS: Barber: "Haven't I shaved you before?"

Patron: "Now, I got that scar in World War II."

SASS: Did any of you notice this? The Monday daily newspaper could be read quoting James Meredith as saying "he could no more think of ducking the contest for Adam Clayton Powell's seat in Congress than he could think of turning down a major party's nomination for president." You could hear over the radio at the same time that James Meredith had withdrawn from the race against Adam Clayton Powell. Well, there goes Meredith as a presidential prospect!

SASS: The pastor of a little church in Podunk was famous for the fact each of his sermons lasted exactly 22 minutes. Then one Sunday the sermon lasted 45 minutes.

"It was one of those things," said the pastor. "My secret device was to slide a cough drop under my tongue just before the sermon. It melted in exactly 22 minutes. Then I knew it was time to stop. This morning I was talking over 40 minutes before

you are a deserter?" Shmoe: "Judge, if you knew that woman like I do, you wouldn't call me a deserter—I'm a refugee."

SASS: Have you seen the new official Nebraska maps? Don't bother to send for one. You can get one just like them at any service station. We have always regarded the distinctive Nebraska maps issued by the state as something really special. Now the state game, forestation and parks department has taken an ordinary road map, added some pictures and put it out as the official state map. What a disappointment this centennial year. Phooey on whoever thought of that one!

SASS: "I sure have trouble keeping secretaries," one office manager told another. "I lose them for the strangest reasons."

"What happened to the last one?"

"She quit" because she said we had so many coffee breaks she couldn't sleep nights!"

SASS: Did you like our "all-girl front page" Mar. 16? We wound up with four pictures showing seven individuals, all female. Each had an achievement. Two are Girls Slaters, three are Girl Scouts, one is a Girl Scout leader and one is a teacher who has been promoted to a district post. Nice going, girls!

SASS: Traveling in Europe, the diplomat was forced to stay in a hotel which had restroom facilities "down the hall." He walked down to shave one morning, opened the bathroom door and found a woman taking a bath. She had neglected to lock the door.

"Pardon me, sir," he said as he backed out and shut the door. (Which proves he was a diplomat).

SASS: A trainload-size bouquet to Hoskins this week. That town is buzzing with centennial plans. Each week as we go there we have people remind us to check on the activities planned. Everyone is in the act. The people there are backing the centennial idea wholeheartedly and coming up with new ideas all of the time, having the idea that Hoskins' celebration will be the best in the county. It will have to go some to beat a few of the more established celebrations, but don't underestimate the determination of Hoskins to do things big as long as they're going to be done. Nice work, Hoskins. Mind if we tag along?

SASS: Junior was telling about Sunday school. "Our teacher told about when God sent Moses behind the enemy lines to rescue the Israelites from the Egyptians. When they came to the Red Sea, Moses called for engineers to build a pontoon bridge. After they all crossed, they looked back and saw the Egyptian tanks coming. Quick as a flash

Moses radioed headquarters on his walkie-talkie to send bombers to blow up the bridge."

"Junior," exclaimed his mother. "Is that the way teacher told the story?"

"Not exactly. But if I told it her way you'd never believe it."

SASS: We sure would appreciate your help on the two-editions-per-week set-up. We need pictures and news of servicemen from every town in the area. We need news. We need ads. We need ideas. Can we depend on you to help? If you like two issues a week, do your part to make them lively. We'll try harder with Monday's issues if you will. You've always helped us try harder with Thursday's issues.

Little Damage When Cars Come Together

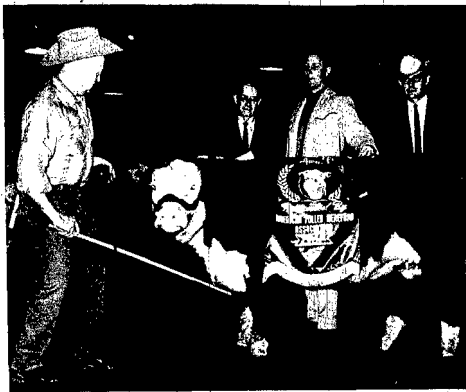

Neither car sustained much damage when two vehicles came together after one stopped and the other couldn't Saturday. Two out-of-town young men were drivers.

Dennis Junck, Carroll, stopped for traffic on West Third. Richard Behmer, Hoskins, was unable to stop in time to avoid hitting the Junck car.

Officer Keith Reed investigated. His report shows no one injured in either vehicle.

Hear Easter Message

Kiwanis Club members turned out in full force for Monday noon's meeting. It was time for the annual Easter message and Tom Lambert, program director for the month, introduced Rev. Robert Shirck, pastor of St. Paul's Lutheran Church, who gave an Easter address.

Speeding Charges on Five Cases in Court

All five court cases handled by Judge David Hamer Thursday and Friday involved speeding. Four of the cases were submitted by Nebraska Safety Patrol officers.

Marvin Dunklau, Wayne, appeared Mar. 16. He paid \$10 fine and \$5 costs on charges brought by Officer E. L. Hailey.

Appearing Mar. 17 was Ronald Wreidt, Wayne, also paying a total of \$15 in fine and costs. Trooper Willis Green filed the complaint.

The same day Edith G. Coryell, Wayne, appeared on a speeding charge brought by Trooper C. L. Howell, NSP. Fine was \$14 and court costs \$5.

Jon Meyer, Wisner, appeared Friday to answer charges brought by Trooper Green. Meyer paid \$10 fine and \$5 costs.

Finally, Larry Miller, Craig, paid \$15 fine and costs on the same charge the same day. Complaining officer was Trooper Green.

Wayne Firemen Have Fifth Call of Month

Wayne firemen were summoned Saturday to a grass fire north of St. Mary's Catholic School. It was the fifth call in ten days for the VFD.

Apparently started from sparks from burning trash, the fire did little damage. A stiff breeze was blowing at the time so someone called in the alarm early for fear the flames might get out of control.

From Mar. 9 to Mar. 18 there have been five calls, three more than the department had in the same period last year.

Girls Slave Away as Boys Celebrate Win

Slave Day was Monday at Wayne High School. It was not exactly a normal day in a lot of ways.

Taking advantage of their win in the drive for the AFS fund, the boys had the girls doing menial tasks whenever possible. Biggest uproar was during the between-class breaks which were extended to give the pupils more time to get from one place to the other—and in the case of the girls, from where they had to carry the boys' things to where they had to be themselves.

Shining shoes was a treat for the boys. They seldom shine shoes themselves but

they thought the girls ought to. Some had their books carried, some had their lockers cleaned out and some had girls carry trays at the cafeteria—one girl stood in line with a tray in order to get seconds for her slave master.

It was all fun. Even the girls smiled. But there will be another year and the slaves of today could be the masters of tomorrow. The girls will never let the boys win three times in a row!

Nebraska's wild turkey program was initiated in 1959 with 28 birds from Wyoming and South Dakota. Less than four years later, the population had grown to over 3,000 birds.

SLAVE DAY meant carrying boys' books for girls at Wayne High. Here Nancy Ehlers is loaded down with books while boys walk around virtually empty handed. The boys in front are Bob Nelson, Brian Nelson and Kyle Wills.

How 'Staters' Chosen

The Herald has been asked to print an explanation of how Girls Staters are chosen. The Department of Nebraska Legion Auxiliary sets qualifications and requirements, the superintendent chooses the ones meeting the requirements and in Wayne the Legion Auxiliary, VFW Auxiliary and Woman's Club choose the delegate and alternate and then share expenses. The Legion Auxiliary supervises Girls State at NU. When the delegate returns, she reports on the week to the sponsoring organizations and anyone else interested.

LEAVING WAYNE for Ames, Ia., are Dr. Lloyd Jensen, longtime friend of Scouting, and son, David, an Explorer and representing Wayne at the international camporee this summer. With them on the left is Pat Jolley, Lewis & Clark Scout executive.

Iowa Gains Top Wayne Scouter

Wayne's loss is Ames' gain when Dr. L. A. Jensen moves from Wayne to Ames, Iowa will get one of the leading Scouters of this area, a man whose family is tied up with Scouting for girls and boys.

Dr. Jensen resigned as of Mar. 15 as Lewis & Clark District commissioner. This terminates ten years of service to boys of this city and the surrounding area.

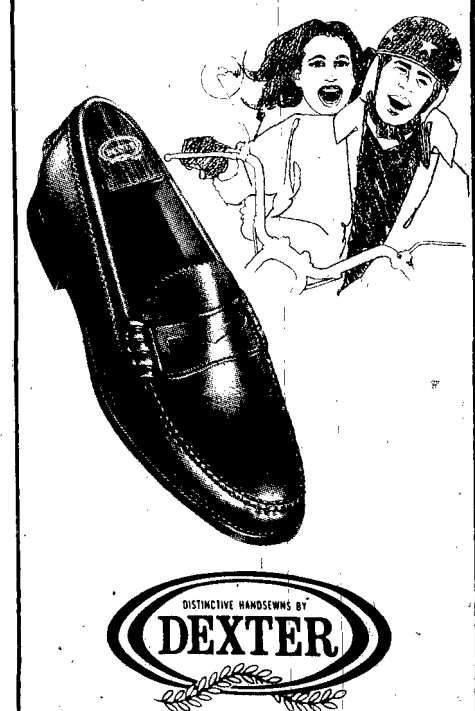

As a boy in Wakefield, he was active in Scouting. When he went to college, he was a counselor. After moving to Wayne, he served with the Diamond Dick District as assistant district commissioner. He was also assistant Scoutmaster for three years.

When the new Lewis & Clark District was set up, he became the first commissioner. He has also served as neighborhood commissioner and as merit badge counselor. District Scout Executive Pat Jolley said of Dr. Jensen: "He has gone far beyond the realm of responsibility of his position in helping boys."

One of his recent projects was investigating the

Kennedy Players at Presbyterian Church

Nine students from John F. Kennedy College, Wahoo, will present "Christ in the Concrete City" at United Presbyterian Church, Wayne, Thursday, Mar. 23, at 7:30 p.m.

"Christ in the Concrete City" was written in 1953 by an Anglican priest working in an industrial area of Britain. He attempted to portray in a dramatic way what the minister in such a place attempts to do in every way open to him.

It sets before a group of ordinary people the Passion of Christ. Trying to come to grips with the story, the characters dramatize it in terms of history "in the 15th year of the reign of Tiberias Caesar," and as "the greatest murder of all which is done now, by ourselves and all people."

Pastor John Voth of the Presbyterian Church invites the public to this Maundy Thursday rite. Communion will be a feature of the service.

Could You Make Use of Dollars

How are you fixed for cash? Could you make use of \$400 bonus money? If so, Silver Dollar Night is for you.

No money went out the past week. That means the drawing Thursday night at 8 will be for \$400.

Because each week no winner appears the reserve fund builds up, the reserve now stands at \$250. If there

is a winner this week, that \$250 will be the prize the following week.

Chilly Day Holds Down Hunt Crowd

Around 150 youngsters took part in the Easter egg hunt Sunday put on by Men's Club of St. Mary's Catholic Church. This was below attendance for previous years, probably due to the 40-degree weather that day. Children were divided into age groups so each

group could have its own hunt. Prizes were given to the ones who found eggs with designated numbers on them.

Kelly Richards won the top prize, a stuffed bunny. Around 40 others received candy prizes for having the eggs with the right numbers.

The hunt was held on the grounds of St. Mary's School. Men's Club members had "planted" the eggs earlier in the day.

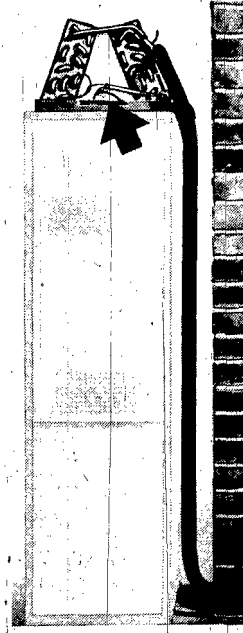

EASTER EGGS were being sought by youngsters (and helpful parents) as St. Mary's Catholic Men's Club sponsored its annual Easter egg hunt Sunday on the grounds north of St. Mary's school. The children scattered over a wide area and could not be photographed in one picture.

ALLEN RESIDENTS over 80 years old who were born there and have lived there since include this trio, Mrs. Ida Roberts Trube, left, Mrs. Florence Jeffrey Brownell and Lyle Swift. They were honored at the Allenites Centennial party.

Allenites Centennial Birthday Party Sunday Honors Pioneers in that Area

Allen gave a good demonstration of what a town can do when groups work together on a project. Several hundred gathered at the AHS gym Sunday for the birthday party for Nebraska, pioneer residents of the Allen area being honored.

Taking part were Allen Community, Bid & Bye, Chatter Sew, Cheerio, Elf, Sand Hill, TNT, Auxiliary, Worth While, Rest a While and Pleasant Hour Clubs.

Honored were three groups: Those who were born in the Allen area and lived there 80 years or more; those 80 or over who have resided at Allen since early childhood or manhood; and those who lived on family homesteads.

Of those 80 or over who had lived all their lives so far at Allen, three were present, Lyle Swift, born in 1882; Ida Roberts Trube; 1886; and Florence Jeffrey Brownell, 1887. Four others could not be present: Clay Wheeler, 1883; Clara Isom Hale, 1887; Joe Harper, 1884; and Ray Jones, 1886.

Those reaching 80 or above living most of their lives in the Allen area are Mr. and Mrs. Albert Johnson, Carl Anderson, Argo Dixon, Mrs. Mary Johnson, Walter Andrews, Mrs. Emma Noe, Mrs. Eva Jayne, Adolph Messerschmidt, Elmer Wharton, Ralph Isom, Dr. Harve Prouse, Mrs. Grace Good, Mrs. Annie Reuter, Mrs. Allie Herich and John Kjer.

Family homesteaders honored were: Mr. and Mrs. Willard Munson, 1871; Mr. and Mrs. Ronald Allen, 1874; and Mr. and Mrs. Percy Lockwood, 1873. Others in the crowd who had been there 50 years

or more were asked to stand. Gifts were given all those honored in the specific three groups.

Sue Snyder, Allen diamond jubilee queen, was present for the program. Oscar Koester, Allen community Club president, was master of ceremonies and welcomed the big crowd on behalf of the mayor, LeRoy Roberts. Koester also gave some interesting facts about Nebraska.

Rev. Phyllis Hickman read an Edgar A. Guest poem, "The Home Town"; Springbank Quartet sang six songs; Dixon County

Men's Centennial Chorus sang six songs; and Rev. Winkler gave the benediction. Guests were registered in a book and refreshments were served by club women. Boy Scouts gave the flag salute.

The federation of club officers that put on the Allenites Centennial party included: Opal Wheeler, president, Connie Lindahl, Camilla Larson, Eleanor Ellis, Joyce Schroeder, Evelyn Trube, Esther Koester and Irene Block.

Many of the people attending the program wore oldtime costumes. Nebraska Centennial souvenirs were displayed and antiques were shown at a special table.

African Speaks Here This Week

Dr. Colin Morris, political-religious leader from Zambia, Africa, will speak at the Wayne Methodist Church, Friday, Mar. 24. The program starts at 5 p.m. Rev. Cecil Bliss,

church pastor, invites all to attend.

He will speak on "Christian Hope in Africa," after which lunch will be served by the WSCS. Dr. Alva Clark, Omaha, and John Frey, Lincoln, will accompany him here and will have roles in the after-meal program.

At 7:45, Dr. Morris will speak on "The Church in

Africa." A question and answer period will follow. Dr. Morris is the only Caucasian in a position of major leadership in a new church, United Church of Zambia. He has also been an officer in the Northern Rhodesia Liberal Party. He has been cited by the president of Zambia for his religious and political work on behalf of human rights. He has also been praised for his work against injustice and for freedom.

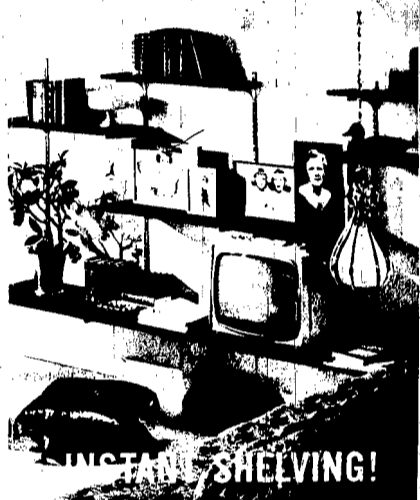

Dixon Benefit Gains

Enough for 15 Suits

Coach Bill Garvin, Dixon, reports the benefit for the basketball boys uniforms raised \$135 Thursday night. He estimates that will be enough to buy uniforms for 15 of the boys. No admission was charged but a free-will offering was taken at the door. Lunch was served during and after the game to help raise the money needed. There were no injuries but The Herald correspondent in Dixon notes that the sale of remedies for sore muscles had increased at stores. (Mothers had played in one game, boys in the other!)

Wayne, Winside, Allen Each Win One Superior in Declamatory Competition

Wayne, Winside and Allen each had one superior rating in the district declamatory contest here Saturday. The entry list was swelled by 120 more pupils than expected from six more schools than planned for.

Dr. Robert Johnson, head of the Wayne State College speech department, said all went well in spite of the extras. He said the 300 young people kept things moving by being on time for their scheduled appearances.

Wayne's only superior went to Debi Armbruster, chosen for her work in the one-act play. Winside's superior went to Bob Dangberg for informative public speaking. Allen's was won by Larry Murfin, entered in discussion.

In oral interpretation of drama, Howells, Winnebago, Homer, Hartington Cedar Catholic and Lyons won superiors. Winside rated good; one-act plays, Coleridge, Howells and Dodge won superiors with Allen rating average, Winside average and Wayne excellent; Ellen Luschen, Wisner, was among the actors rated superior.

Extemporaneous speech, Laurel rated superior, Allen average and Winside good; original public address, West Point, Laurel, Wynot, Hartington Cedar Catholic, Lyons and Rosalie superior; television news commentary, Clarkson, HCC superior, Bill Sachau, good, and Keith Krueger, Winside, good.

Oral interpretation of prose literature, Laurel, Winnebago, superior; Jean Durant, Allen, excellent, Denise Hansen, Winside, excellent; poetry reading, Hartington, HCC, Lyons and South Sioux City superior, Connie Sachau, Allen, average, Ruth Vahlkamp, Winside, excellent; Interpretive public ad-

dress, Laurel, Winnebago, Coleridge, superior; Debbi Carr, Allen, excellent; Wilma Ritze, Winside, good; Informative public speaking, Dangberg, Walthill, Layfol, Lyons, superior; Wayne Rasmussen, Allen, good; discussion, Murfin, Lyons, SSC, West Point, Coleridge, Laurel, superior, Don Longe, Winside, excellent.

Winners of superior ratings may go on to state contests. They were chosen by members of the staff of the University of Nebraska speech department.
