

## One-Fourth District 15 to Join Wayne-Carroll District

By a 3-0 vote, three county officials meeting to determine action on a school district proposal, favored allowing eight residents of District 15 to take their land out of that district and add it to District 17 (Wayne-Carroll) Monday.

County Treasurer Leona Bahde, County Clerk Norris Weible and County Superintendent Gladys Porter decided in favor of those wishing to withdraw. Others in the district had sought to keep them from withdrawing.

The eight joining District 17 are Bob Meyer, Boyd Straight, Kenneth Dunker, Richard Bauer, Harold Koberg, Lester Hansen, Frederick Tenme and Ralph Watson. They all live west of Highway 15 several miles north of Wayne.

Three of the thirteen sections in the district will be withdrawn. However, with these families pulling out of District 15 there are only five children of school age left, the minimum number for having a school in a district.

For the past three years District 15 has not operated a school but has contracted with District 17. A teacher has been hired for the coming term for the five pupils from three families remaining in the district. Most of the families have no school-age children.

A new bus will serve the District 15 pupils coming into District 17. They will be on a new route which will pick up the first ones at 8 a.m. and have them all in Wayne by 8:45. A similar schedule will be offered on the return trip in the afternoon.

Four attorneys were present for the hearing. Arguments were heard for and against the proposition in a meeting that ran from 11 a.m. until 3 p.m. when the county officials made their decision.

## Government Man Tells of Needs

A need for comprehensive community plans, area development, studies for what government aids are available all these things are needed in the agricultural areas if the outgrowth of population is to be stemmed.

This was the message reported by over 20 people at a luncheon meeting in Wakefield by Edward H. Hansen, Department of Agriculture representative Monday.

Hansen was in Wakefield to tour the Waldhaum site. See **TELLS NEEDS**, pg. 8

## Open House Courtesy to Oldtimers

Wayne County Historical Society is sponsoring an open house, from 11 a.m. to 3 p.m. Saturday, April 15, at the Woman's Club Rooms in the Wayne City Auditorium. It is being held in conjunction with the display of antique items and the parade of antique cars.

Special recognition will be given pioneers 80 years of age or older. Wayne County pioneers are especially invited and if they choose to wear centennial clothes or authentic clothes of years ago it will be even nicer.

Friends are invited to call at the auditorium to visit with the planners and renew acquaintances. Refreshments will be served to everyone who comes in.

Hosts will be Mr. and Mrs. David T. Phillips, Judge and Mrs. David Hamer and Mr. and Mrs. John T. Bressler, jr. All members of the WCHS are assisting in plans.

## Committee Seeks Art for School

"Would you like to help make the new Wayne High School building more attractive?" A committee of local people is working on such a project.

MRS. MILDRED WITTE is shown receiving a life PTA membership from Supt. Francis Haun at the PTA meeting Tuesday night.

## New Technician for Dixon County's SCS

Dixon County Soil Conservation District has an added worker, Duane Ford, technician from Syracuse, recently joined the SCS staff at Wakefield.

Ford grew up on a farm near Ewing and started conservation work at Neligh in 1952. He went to Otoe County in 1958 to assist a watershed engineering staff and later transferred to the regular SCS staff at Syracuse in Otoe County.

He was active in community affairs. At the time of his transfer, he was commander of the American Legion post and secretary of the Lions Club. He is a veteran of Korean action with the marines. His home in Wakefield is at 312 West Fourth.

## Honor Given to Wayne Teacher

Mrs. Mildred Witte, Wayne, was honored with a lifetime membership in the PTA at the Tuesday night meeting of that organization. With the membership went a gold pin, a certificate, a letter from the state office and the best wishes of members.

Also planned is an old-fashioned picnic June 11. The whole county is invited. If possible, people are to come by means other than cars—this is really old-fashioned. Clothing of older days will be worn and games, races and other events will be those of years gone by.

She is the teacher who went to the board meeting to thank board members for the privilege of teaching here. In saluting her before the presentation, Supt. Francis Haun paid tribute to her devotion, her desire to help the youngsters and her belief that the most important thing about a classroom was the pupil.

Mrs. Witte, who is moving to Winside, said she leaves the work with a heavy heart. She had taught in Wayne six years—the best years of all—and had

## Four Special Exhibits in Area Coming this Summer

Dick Lesh, Wayne State College instructor and a director of the Nebraska Arts Council, reports four special showings of exhibits to be brought to Wayne this summer. All will be free of charge and open to the public.

"Nebraska Art Today," a centennial showing closing at Joslyn Memorial, Omaha, will be put in the fine arts gallery April 19-29 and will run one month here. It features paintings by Nebraska artists as chosen by the Joslyn and Sheldon Art Galleries. An illustrated catalog of the showings indicates it features 100 years of Nebraska art.

Work in all forms of art will be featured. Included will be work by Lesh and by William Cordiner, formerly of Wayne.

Next exhibit will be in June when three to five 60-foot trailers will be brought here. Specially outfitted by professional displayers, they will be parked downtown to show Nebraska art, history and agriculture, possibly a history of water resources and possibly the air force tie-in with Nebraska's centennial.

Later in the summer a Conestoga wagon which can be dissembled and taken into the college library will be exhibited. It has sides which open up and features books that are meant to be handled by the public as they look over the huge wagon, authentic in most details.

Finally there is a Nebraska architecture exhibit. This modular presentation will be put up in the fine arts center in the fall. Photographs and models of significant architecture of the past and present will be features of the display.

Lesh promises further information on each of the shows as time goes by. He points out that Wayne is most fortunate in being able to secure all of these exhibits and emphasizes the tie-in with the centennial in some cases.

## Marilyn Young President Again

Mrs. Marilyn Young (Marlin) was elected president to succeed herself at the Tuesday night meeting of the Mrs. Jaycees at the home of Mrs. Bob Lund. She and Mrs. Steve Brasch were co-hostesses.

Other officers elected for the year coming up are: Mrs. Larry Stevenson, vice president; Mrs. Evan Bennett, secretary; Mrs. Jerry Basse, treasurer; board members, Mrs. Dave Dolph, Mrs. Ken Dahl, Mrs. Steve Brasch.

Two projects are coming up. One is to sand pencils and crayons (used and broken) for a missionary school in India. Anyone who has old crayons and pencils to give can contact Mrs. Jaycee by this weekend as they will be shipped to India the first of the week.

Also planned is an old-fashioned picnic June 11. The whole county is invited. If possible, people are to come by means other than cars—this is really old-fashioned. Clothing of older days will be worn and games, races and other events will be those of years gone by.

## McREL Site Closing; 'No Money for Them'

The Mid-continent Regional Educational Laboratory at Wayne is one of four in Nebraska to be closed. It will be one of four to be terminated June 11 according to the Omaha World-Herald.

Wayne, Kearney, Lincoln and Omaha have had the offices. The office of education has operated them but it says there is no federal money for operation of such sites now.

Similar orders have gone out to other laboratory sites throughout the country, according to James McDowell, Omaha area service coordinator.

## Silver Dollar Prize at \$350

Another Silver Dollar Night drawing will be held Thursday. At stake is a check for \$350 from the Wayne Chamber of Commerce and participating Wayne business places.

Wendell Puntney, Colorado, had a chance to win \$800 last week but was in Wayne so received \$30 consolation. This boosted the prize to \$350 for this week.

Anyone 18 or over may register at any store that participates. Some of the firms are located outside the Wayne City limits but there have been winners at those places too.

In the longest session since Dan Sherry took over as city clerk last 11:30, the Wayne City Council made some momentous decisions Tuesday night on four-way stops, sewer, ambulance service, water rates, low-cost housing and sidewalks.

One of the most interesting decisions concerns Seventh and Main. The council passed a resolution authorizing four-way stop signs. The city attorney and mayor were authorized to negotiate with the state highway department and to resist the interfering with the procedure of enforcing this resolution.

This means the council intends to put up the signs regardless of what the state wants. Highways 15 and 35 intersect there, three colleges is on one side, the business district on the other, the schools in one direction and the armory in another. The council members feel they know the needs as well as anyone and something has to be done so they're doing it.

A less controversial stop sign situation exists at Fairgrounds and Logan. The council authorized a stop sign for southbound traffic entering Fairgrounds Ave. from Logan St.

The council committee on ambulance service reported meeting with county commissioners regarding ambulance service. Clerk Dan Sherry reports the county approved expenses coming to about one-fourth mill tax will the county paying operating expenses and the city buying the ambulance.

Proposed rates for ambulance call would be \$10 per call plus 50 cents. See **CITY COUNCIL**, pg. 8

## First Aid School in City Starts Tuesday

## Hoskins Sale Set

A bake sale with the added attraction of coffee and cookies for those who have time to sit down and enjoy them will be held Friday, April 14, starting at 1 p.m. in the Hoskins self-service laundry. Proceeds will go to buy new stage curtains at Hoskins Public School. The patronage of the public is solicited.

## Honor Dinner Planned This Next Month

The annual boys and girls honors banquet sponsored by the Wayne Kiwanis Club will be held Sunday, May 7, at the Birch Room, J.V.C. Dr. James Maly, who was lost for a period in South America, will be here from Fullerton to address the group.

This banquet is open to Kiwanians from all towns. It is also open to the public and tickets may be secured from members of the boys and girls committee, Ken Hall, Francis Haun, Bill Richardson, Orvid Owens and Claude Harder.

At the meeting of Kiwanis Monday noon, Dr. Max Lundstrom called for a "Golden Match" program for the local club. Members will endeavor to find candidates for the club the same ages they were when they joined Kiwanis.

Adon Jeffrey introduced Ken Parke, secretary, who gave an informative talk on the origin and growth of Kiwanis. Claude Harder reported on the honors banquet plans.

President-Elect Mervyn Mordhorst presided. Guests were Richard Gee, Dale Carnegie representative, a guest of Mordhorst, and Dr. O. B. Proot, former Wayne Kiwanian now a Lincoln member where he is administrator of retirement home, the guest of Paul Mines, just back from Arizona.

## Business Notes

In addition to antique displays in stores and windows all over town, Sav-Mor and Arnie's will have a special attraction Saturday 10 to 12 and 2 to 4. Free rides will be given in an old lumber wagon pulled by a mule team.

## Crowds Set Records

## Attending WSC Play

Records were broken in several categories for the Wayne State College drama production, "Sleeping Beauties." More people came, more attended each showing and busloads came the greatest distance.

Rising City pupils were brought to the matinee performance. This meant a 150-mile round trip for the youngsters, but they thought it was worth it. Several other schools had round trips of around 100 miles.

The play ran three matinees and one night. See **CROWDS**, pg. 8

## Business Notes

In addition to the antique displays at most places, Corvett Auto Co. is having "Shoot-Out" at the OK Corral from 9 to 12 Saturday for youngsters in the 8-12 age group. Corvett will furnish the guns for use on a 15-foot range. Prizes will be given for the best score with the b-b gun. First prize is a gun, second \$3 and third \$3.

## Hays, Kans., Gets New Plant Wayne Tried For

What happened to the industry that was interested in Wayne? It went to Hays, Kans.

The Wayne Chamber of Commerce received word this week that Baker Laboratories had decided to locate in Hays. Wayne was one of a number of cities in the Midwest considered for the plant.

A payroll of around 800 is anticipated for the pharmaceutical firm. Wayne had gone all out in an effort to get it with Chamber and industrial committees both working hard to land the plant.

Now Wayne wants to know what the city lacked that

## Winside Women Want the Birds

"Bring on the martins!" That's the aim at Winside where the Federated Woman's Club has erected a martin house in the park in hopes the martins and the people won't have to share the park with the mosquitoes this summer.

Mrs. Charles Jackson and Mrs. Kenneth Brockmoller assembled the bird house after they read in The Herald about what god mosquito-consumers the martins are. They must have gotten the house up just in time for "scuds" were reported looking it over soon after it was up.

Martins are really particular about their houses. They do not want them too close to buildings, poles or trees. They want landing levels just below holes of certain size and they want several "apartments" in each house.

Charles Jackson, Walter Bleich and Allan Koch came to the assistance of the women when it came to getting the martin house up on the pole. They chose a metal one which eliminates any cat problems and they put it on a spot in the park as far from any tree or structure as possible.

## Commencement at WSC Wednesday

Wayne State's spring commencement is scheduled for next Wednesday, April 19. If weather permits, the traditional site will be in the Willow Bend. If not, the ceremony will move to Rick Auditorium. The time is 10 a.m. in either place.

Senator Gale McGee of Wyoming, a 1936 graduate of Wayne State, will be the speaker for a graduating class which includes about 138 candidates for bachelor's degrees, 10 for master's degrees.

A 1914 FORD was being prepared for the antique car parade in Wayne when this picture was taken. Charles and Larry (left to right) are the sons of Dick Chinn, who was preparing the car for showing. They thought the "new convertible" was great. Dale Lessmann is owner of the car.

## Bargain Days Offer Many Attractions Besides 'Buys'

## Carroll Woman Heading WCRTA

Mrs. Edith Cook, Carroll, is the new president of the Wayne County Rural Teachers Association. She takes the place of Mrs. Zeta Jenkins, Carroll, who has served the past year.

Members of the WCRTA met Monday afternoon at the court room in the Court House. They heard Loren Park explain the summer school program in Wayne. Forms were given out which teachers are to use for pupils. They were informed that not all pupils qualify for the summer classes being offered and testing is required to make

## Uterine Testing Plan Advocated

About 14,000 women in the United States will die of uterine cancer this year, the Wayne County Cancer Society reports. Uterine testing could save a lot of these lives, the members say.

Uterine cancer is one of the most curable forms of cancer there is. It can now be detected and treated before symptoms appear, and that's where the testing comes in.

A number of hospitals provide routine use of Pap smears for hospitalized women to detect uterine cancer. However, it is not

## Bargain Days Offer Many Attractions Besides 'Buys'

There will be a lot of bargains in Wayne Thursday, Friday and Saturday for "Old Fashioned Bargain Days" but there will be a lot of other attractions too as business places, individuals and clubs join in making the three-day period a real crowd-pleaser.

Clerks and employers are being asked to wear centennial or authentic clothes all days, but especially Thursday and Saturday. Customers coming to town in clothes of another era will also be welcomed.

Prizes will be given for displays of antiques in stores. Cash awards of \$15,

## Rifle Association To Be Formed Here

The National Rifle Association will sponsor a special "hunter safety course" in the handling of rifles and shotguns. Richard Lesh, who has qualified as an instructor, will be in charge. Boys and girls interested in the course will get shoulder patches and certificates. Parental permission is required. Names of those interested should be left with Ken Deisler at WNS before the last week of the month. The course is designed to encourage safe gun handling and to reduce hunting accidents. It presents information concerning the operation of guns, safe gun handling, good shooting and hunters' responsibilities. Purpose of the course is to give hunters the basic facts which enable them to avoid hunting accidents. Several sessions indoors and the rest in the range at Wayne Municipal Airport are planned. Anyone interested in further information should contact Richard Lesh, 375-3793, Wayne.

## WSC Net Team Wins First Matches Here

Wayne State's new tennis courts had their first competition Tuesday with happy results. The college net team defeated Sioux Falls College, 4-2, avenging a 5-2 loss to Sioux Falls there last Thursday. Wayne won four of the five singles matches but lost both doubles matches. The singles winners: Rod Whorlow, Roger Ceecker, John Laing, and Gary Rittenhouse. In the previous meet Ceecker and Chuck Frazier were Wayne's only winners; so Ceecker is the only undefeated singles performer.

GEORGE EYNON beat the throw to first base during Wayne High's 6-0 victory over Creighton Tuesday.

## Wayne Pitchers One Out from Perfect Tilt in 6-0 Defeat of Creighton Nine

It was the final inning, two men were on and 1, Macke was at bat. He hit a double. The next man was out, assisted to the pitcher that Macke ruined a perfect game for Wayne high pitcher, Tuesday, a 6-0 non-run contest being the last out of group as Wayne won out over Creighton St. Lodger's on the local diamond.

George Eynon had pitched the first five frames, striking out 11 and giving up no hits. Jerry Tize hurled the last two innings, striking out 4. He struck out the first two men up in the sixth frame and then came the double. Mark Johnson had a double and Larry Bix a triple for Wayne's extra base hits. Steve Kerl had two singles and Steve Schram one for the other side blows.

Wayne stole five bases during the course of the game. St. Lodger's got one man on base and that was Macke. No walks were issued by Wayne pitchers while M. Becker for the losers issued four walks, struck out one and gave up five hits. Wayne goes to West Point Catholic Thursday. Randolph St. Francis will be here for a game next Monday afternoon.

Following is the box score of Tuesday's tilt:

## Steve Cromwell Top Linksman for Wayne

Steve Cromwell, sophomore transfer from Lakota, continues to pace the Wayne high golf team. He was the leading golfer in a triangular golf meet at Indian Trails, Beemer, Friday. Coach Harold Maciejewski's ace from the South Dakota champion team had a score of 42 at Indian Trails. This was the best any of the 15 players from

West Point Central Catholic, West Point and Wayne could get. Charles Fisher was next low man for Wayne with 46 and Jim Sturm, a freshman, came through with a 54. Two other players for WNS whose scores did not count were Don Siskin and Tom Denesia. Mike Olson, one of the repeaters, was gone. West Point won the meet with a team score of 114, best three scores for 15 players on each team. Wayne had a 112 and WPC a 140.

**Almost \$37 Million Paid Vets, Families**

During 1966 Nebraska veterans and their families received \$37.2 million in cash benefits and services, according to Chris Burgholz, Wayne County veterans service officer. All facts come from the annual report of the V.A.

Living veterans were paid \$22.8 million for service-connected disabilities and pension for total and permanent non-service-connected disabilities. There are 32,174 recipients of these payments in the state.

Death compensation and pensions were paid dependent's of 40 deceased veterans, totaling \$7.4 million. Of majorance dividends, and indemnity payments came to \$8 million.

Burgholz said there are disabled veterans of World War II and the Korean con-

flict trained under rehabilitation to overcome handicap. They received almost \$11.5 million in subsistence, tuition, supplies and equipment. Sons and daughters of deceased or disabled Nebraska veterans received \$421 thousand for tuition, subsistence and other payments.

**Band Gives Concert**

The seventh and eighth grade band from the Wayne-Carroll district furnished a big portion of the program for Carroll Music Boosters Monday night at the Carroll Auditorium. Don Schumacher directed the band in a concert which was pleasing to the large crowd in attendance. Two small instrumental groups also took part in the program.

**Reseal Program Set for Grains**

The Wayne County ANSUS office has announced a reseal program for five grains after 1966 maturity date, enabling farmers to continue price-support loans and storage payments on 1967 and 1968 crops of wheat, corn, grain sorghum, barley, and oats.

At the same time, storage payments on wheat, corn and grain sorghum may be extended for another year. Producers with reseal grain may repay loans with interest and then dispose of grain as desired or may deliver grain to CCC to settle loans.

Official at the ANSUS office point out that repayment may be made any time before the date to

deliver shown on the producers' delivery instructions.

Also announced was the incentive payment of \$21.80 for every \$100 wool growers received from the sale of shorn wool during the 1966 marketing year. The payment rate on unshorn lambs sold or slaughtered during 1966 will be 32 cents a hundred.

**Hospital Broadcasts**

The personnel department of the Norfolk State Hospital will be featured Sunday, Apr. 16, at 8:30 a.m. on WJAG. Chaplain Paul Laubs is to interview two office staff members, Mrs. Glynn Oak and Mrs. Marion Moring. Inquiries and comments from the radio public are welcomed.

**Plans Announced for State Essay Contest**

Coryell Auto Company, Wayne, has joined thevrolet dealers in Nebraska to sponsor a \$10,000 essay contest Apr. 10 to May 15. Essays, in 100 words or less, will be on "I Like Nebraska Because..." Students in sixth through twelfth grades in Nebraska schools and who are residents of Nebraska are eligible.

Chevrolet will award a grand prize of a 1967 Camaro. Other prizes range from a \$1,000 savings bond for the first runner-up in the state to \$25 bonds for winners in local cities.

Local public and school officials will act as judges. Each dealer will award

from one to three \$25 bonds for best entries in their areas. A total of \$10,000 will be awarded in the contest.

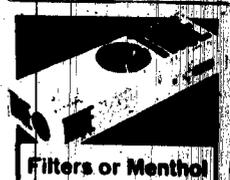

Further details may be obtained from school officials and Coryell Auto Company.

**Car Wash, Clean-up Planned by Scouts**

Boy Scouts of Troop 175 will sponsor a car wash and clean-up Saturday at Claude's Standard service. A team of Scouts will work from 9 a.m. to 12 noon and another will be on duty from 1-4 p.m.

Persons desiring to use the service may want to know that money raised through the work program

will be used to help defray summer camp expenses of the Scouts of Troop 175.

pretty in a black dress and cap dotted so thick with cotton as to give the appearance of having been caught in a heavy snowfall." The men at the ball were not neglected by the reporter who wrote, "Some of the gentlemen were costumed in a wonderful way. Will Maxwell was dressed in red and looked like a Turk, and Cal Goodrich wore a blue Mother Hubbard and a poke bonnet, in which rig he succeeded in breaking some of the girls all up." Such were a few of the highlights of a fancy dress, carnival held at the Casino Skating Rink in the Capital City some eighty-two years ago.

#### Business Notes

Northwestern Bell Telephone Co., Omaha, has filed a centennial service proposal that would give Wayne area residents (and all residents of Nebraska served by the company) 60 minutes of long distance calling time per month from their home telephones to any other point in the state for \$10. An eight-month trial of the plan is asked. Calls could be placed day or night as long as they were station-to-station. An additional charge of \$1.25 would be made for each 10 minutes per month over the 60 minutes proposed. What it amounts to is a charge of about 10 cents for a three-minute call. Some calls at present could cost up to \$1.00 for three minutes. Federal tax would have to be paid on the service.

### Out of Old Nebraska

Recreation in the Capital City 1885. On January 18, 1885 the Journal featured the opening of "Lincoln's New and Elegant Rink" called the "casino." The roller skating rink, described as the largest and finest west of Chicago was proudly proclaimed to have cost at least \$13,000 including equipment. The dimensions of the new recreation center were 114 x 84 feet. At one end were dressing and cloak rooms, together with offices for the manager and for ticket sales. On the sides of the hall galleries extended the length of the building, with four rows of chairs on each side providing seating for 1200 spectators. The skating floor in the center of the building measured 200 x 60 feet with a bandstand at the side extending out over the heads of the skaters. Illumination was provided by three electric lights and innumerable gas jets, and for heat there were six huge stoves ingeniously distributed out of the way of the skaters. At the opening, some 1000 tickets were sold at the door, about half of this number it was estimated represented skaters, the rest, spectators.

City Council - (Continued from page 1)

per mile one way. For anyone living out of the county, the costs would be 50 per cent higher. A hearing will be held Monday, Apr. 17, at 7 p.m. at the City Auditorium in regards to the proposed service. The public is invited.

Bids will be sought on a new ambulance. It would have two-way radio with the base station at the hospital. A monitoring radio unit would be operated by the police department.

A huge sidewalk improvement district was approved. It covers everything west of Main Street inside the city limits and calls for building sidewalks wherever there are no sidewalks along property now.

The ordinance, No. 644, was passed because the council feels children and others should not be forced to walk in the streets and it should not be necessary for someone to be killed in such circumstances before sidewalks are put in. All property owners would be treated alike under this ordinance and the rates would be lower due to the size of the project.

All Wayne schools, High Middle and Elementary will be west of Main this fall. Next year, all property east of Main will be put in another such sidewalk district.

New water rates were discussed as presented by the water commissioner. They represent a slight increase as approved. The increase will compensate for increased costs of the pumping service.

A housing authority was appointed as provided by state statutes, Section 19-1004 RRS 1948. The mayor was asked to name commissioners who would look into the needs for low-cost housing for the elderly and low-income groups of the city.

Two storm sewer districts were authorized by resolutions of necessity. One is Storm Sewer District No. 67-1, which includes the area between Circle Drive and Pine Heights Road between Tenth and Eleventh Streets.

The other is for District No. 67-2. This covers an odd-shaped area between Fourth and Seventh Streets in the area of West Elementary School.

A third district in the east part of town was considered but action will be taken later. Dates have been set for hearings on two districts and notice will be published later in the Herald.

Dr. Gordon Shupe requested a change in zoning for Seventh and Lincoln to allow building of an apartment complex. This was referred to the zoning commission for consideration and recommendation.

Harten Fairness requested a license for a bowling club at the Black Knight. This had been in his wife's name before. There was no one appearing in opposition to the change so the council approved the license.

Also approved was a contract with Powers & Associates, Fremont, for continuing service on zoning regulations. Ten conferences are scheduled over the next 12 to 24 months.

The airport committee reported repairs at the airport are going well. One of the old hangars will be torn down and sold rather than renovated. A firm is expected to be here in May to start paving runways.

A used pickup was purchased for the park department. It will be used to transfer equipment about and to haul off refuse in the summer.

Mike Eynon appeared as representative of Grace Lutheran Church. He requested three things: A lighted sign for the church; limited parking midnight to 5 a.m. on Ninth from Main east to the alley between Nebraska and Logan Streets; and a security light on the south side of the alley between Nebraska and Logan.

The parking limitations and the security light were approved with action scheduled later on the lighted sign.

City Clerk Sherry was authorized to advertise for bids on two units, one an aerial man-lift to be used in power line work, tree-trimming work and other jobs for power, street and park departments. The other equipment would be for a truck to be purchased locally on which the aerial lift would be mounted.

A sanitary sewer district (No. 31) would be formed by resolution of necessity. It would be in Lot 5, Block 29, Original Town, and Lot 1, Block 3, Roosevelt Park Addition, Fairgrounds Avenue on South Nebraska. Engineers' estimate of the bid is \$3,000.

Two bids were received on air-conditioning for the Woman's Club Rooms where the council meets. Tiedke's bid \$1,645 on a three-ton unit and Ray's Refrigeration bid \$1,547.24 for a five-ton unit. The matter was referred to a committee for consideration.

The city engineer reported progress at the power plant. The engineering company expects to set the engine and generator on bases this coming week; the building is roofed in against weather; sewer lines will be put in within two weeks; the control panel is stored in Omaha ready to be shipped when the engine is in place; and the contractors expect to set up radiators this coming week.

Cornhusker Paving Co. will be contacted regarding unaccepted paving districts of that firm. The attorney will write the firm regarding replacing the unaccepted concrete.

Cecil Wriedt presented a petition for creation of paving districts in Cecil Wriedt Second Addition with a connecting street on East Sixth. This covers approximately seven blocks of new paving.

The mayor appointed Dan

Sherry, administrative official of the zoning ordinance. Clerk Sherry by this authorization can issue building permits and if he rejects an application it can be brought up for consideration by a board of review.

A bicycle ordinance was passed, No. 615, it calls for paying 50 cents a year for metal bike license plates. The costs would cover the tags and the records to be maintained by the police. The act would expedite recovery of lost and stolen bicycles.

Any one not licensing a bike could be fined. Those sold or traded would require a transfer charge of 25 cents. The police department will issue the licenses and keep the records.

In other action the council approved \$200 for expense money for firemen attending a fire school and approved a list of volunteer firemen as presented by the fire department to the council.

Honor Given - (Continued from page 1) taught 33 years in various schools.

Rev. Fred Warrington called attention to the showing of "The Restless Ones" at the Gay Theatre May 2-3-4. A film that pulls no punches on teenage life, it offers "the Christian answer" to the problems. He asked parents to take their youngsters to see the show.

Sup. Hann told about the area vote-tech school vote coming up in May. He pointed out that only 25 per cent of the high school graduates of the state go on to finish college and there should be some sort of training for them. The Northeast district has a valuation of about \$500 million, he said.

Dorothy Jorgensen was installed as president succeeding herself. Rev. John Voth introduced her and other officers: Mr. and Mrs. Jim Thomas, first vice presidents; Mr. and Mrs. Tom Lambert, second vice presidents; Mr. and Mrs. Jerald Kohl, secretaries; and Mr. and Mrs. Eldon Ball, treasurers.

The president gave recognition to the program and hospitality committees for their work the past year. Mrs. Ninette Cartes Enriquez of Chile, Miss Grazia Bozzoli from Italy and Phadet Gawsombat from Thailand appeared on a panel. They told about education for young and old in their countries and answered questions. Moderator was Dr. Walter Peterson.

A yellow perch, weighing two pounds, won the state record in that category for Joe Adams of Mullen.

Set Annual Farm Bureau Banquet - (Continued from page 1) The Wayne County Farm Bureau will hold its annual banquet Saturday, Apr. 22, at 7 p.m. in the Birch Room, WSC. The affair is open to the public but there is a deadline for obtaining tickets.

State National Bank and First National Bank, Wayne, are selling tickets. They also may be obtained from Neil Sandahl, Dwayne Bohwisch or Dwayne Wilgren.

John Klinker, vice president of the Nebraska Farm Bureau, will be the principal speaker. Other entertainment is also being planned.

Deadline for getting tickets is Wednesday, Apr. 19. This was set so the food service catering the meal will know how many to plan on serving.

Cancer Test - (Continued from page 1) enough and women are being urged to ask for the testing of their own colitis.

About two-thirds of the women checked in a poll revealed they had taken the Paptest. The American Cancer Society would like to make it 100 per cent.

The Wayne County Cancer Society also reports the five-year action program is underway to reduce deaths from cancer of the most readily controlled types: larynx, colon-rectum, breast, oral cavity, lungs and skin. They account for 60 per cent of all cancer deaths.

About 300,000 died from cancer in 1966, when about one-third of those could have been saved. Almost a million will be under treatment for cancer by 1970 and at the present rate about one-third will die from the disease.

Early diagnosis can help cut cancer's toll. That is why the WCCS and the ACS are stressing tests of the uterus, colon, rectum, breast, oral cavity, lungs and skin. You are urged to ask your doctor for more information, check the ACS pamphlets put out on the subject, and give to the Cancer Crusade.

Crowds - (Continued from page 1) There were 2,378 admissions, an average of almost 600 per showings.

One afternoon every seat had been reserved in advance. One school did not remember to make reservations and 70 youngsters were brought by bus to an already packed Ramsey Theatre. Dr. Helen Russell, director, could not let them go back and miss the show so everyone started hauling in extra chairs and the 70 extras were accommodated.

As popular as the children's productions are becoming, WSC is either going to have to hold more performances or move them to Rice Gym. And with the Ramsey facilities, the thought of moving to Rice is out of the question.

Bargain Days - (Continued from page 1) \$10 and \$5 will go to the three best displays.

A lot of items are being brought in to stores for showing. Antiques on wheels are being entered in the Saturday parade at 1:30. Bob Merham is the one to call for those entering.

Nothing, if you do bring in an item or picture, furnish a description to identify it so those viewing the items won't have to argue about what they were used for or how long it has been since they were used.

The parade lineup starts at 1 Saturday morning east from Fairgrounds and Main. The parade route is up Main to Fifth, east to Logan and back to Fairgrounds Ave. All taking part are asked to be on hand no later than 11.

In case of rain, the parade will be moved back one week. Antiques will be left on display for another week.

This Chamber promotion has taken on the aspect of a real oldtime celebration. The best way to celebrate is by buying the bargains but enjoying the open house for oldtimers at the auditorium, watching the parade with its bands and antique cars and viewing the antiques in the stores will be worth the trip to town.

He said 13 and one-half million jobs will be needed in the rural areas in the next 15 years for the population to stay constant. This will require five and one-half billion dollars of yearly investment of private capital.

Hansen also stated that Washington is becoming aware that too many restrictions have been placed on the money being returned to local areas; and that steps are being taken to place more of the responsibility and decisions at the local level.

Highlight of the meeting was the meal of ham and egg omelette prepared from powdered ingredients.

Carroll Woman - (Continued from page 1) sure the limited classes are filled with those who qualify.

Leola Larson, Winfar was elected new vice president. Mrs. Elta Robert Hoskins is secretary. Morris Jacobson, Laura treasurer. The session was the final business meeting of the year. Supp. Glad Porter reports.

CONCENTRATE ON QUALITY

Prof. conscious hog raisers concentrate on quality by investing in Nurse Lassy. The Nurse Lassy ABC pig starter provides a program for full potential starting with proper nutrition and proper antibiotic medication as a supplement to the sow's milk.

At 7 lbs. Nurse Lassy II tests takes over the critical first weeks of nursing and provides the proper intake of nutrients as the piglets begin to nurse. The piglets will be healthy and strong at the stage for Nurse Lassy II to begin.

Another health, medication and soundly balanced piglet program. Larger strength of sow will be determined by your feeding operation and the nutritional value of your piglets. Follow up on the Nurse Lassy II program with the Nurse Lassy III program. The quality choice of today's profitable hog raisers.

## Fines Assessed for Out-Dated Plates

Driving without 1967 Nebraska license plates was the main charge filed in Wayne County court the past week. Seven cases were heard by Judge David Hamer from Friday to Monday, three involving illegal plates.

April 7 Sam Buntz, Greeley, Colorado, paid three fines plus \$5 costs on charges filed by state operator A. Buchholz. The fines included \$65 for over gross weight, \$100 for over gross on group of axles, and \$50 for over weight on tandem axle.

The same day James Reynolds, O'Neill, was fined \$10 and costs of \$5 for failure to display 1967 Nebraska license plates. City policeman John Redel brought charges.

Roger Miller, Winside, paid a fine of \$10 plus \$5 court costs on April 7 for trespassing. He also made restitution in the sum of \$13.51 on the charge filed by William R. Brogren.

A fine of \$10 plus \$5 costs was assessed April 10 to Lyle Cunningham, Carroll, on a speeding charge. Louis Svoboda was the arresting officer.

Doris Bierschenk, Carroll, also appeared before Judge Hamer on April 10 and was fined \$10 for driving without 1967 license plates and \$10 for

having no operator's license. Court costs totaled \$5 in the case brought before the court by Sheriff Don Weible.

Jesse Milligan, Carroll, paid a fine of \$10 and costs of \$5 the same day on charges of operating a vehicle without 1967 license plates filed by Sheriff Weible.

The final case on April 10 was a complaint filed by Trooper V. L. Cooper against Everett Blackford, Merville, Iowa. Blackford

paid a fine of \$12, plus \$5 costs for speeding.

MAIN STREET, Wakefield, looked like this around 1910. This picture is taken from a postcard owned by Mark Stringer. Either Wakefield had one-way traffic or that lone wagon is on the wrong side of the street.

### Wakefield, Pa., Visits Africa

The following was submitted by the Arthur Longes, Wakefield. It was so well written no effort was made to change it even though it is written in a more personal style than ordinarily used for news stories. It is by Mr. and Mrs. Arthur Longe, Wakefield, returned April 11 on a two-month visit with their daughter and family. To Dan Malin, an Addis Ababa, Ethiopia. They found Ethiopia to be a country of most natural beauty. It is mountainous. Addis Ababa is located on what is called the central plateau and has a beautiful view of mountains in most every direction. The Good Shepherd School, where the Malloys teach, is a fine place. It is making much progress and growing fast. They hope to build a new high school dormitory and two new homes for faculty in this next year.

They also considered a kind of change and contrast, an ancient land which has only in recent years taken its place in the modern world. In the city of Addis Ababa the contrast between the old and new is evident everywhere. Modern schools are balanced by almost Biblical in effect. Donkeys, cattle, and even camels, move through the streets beside late

modern American and European cars and trucks. Mud and mud with thatched roofs stand almost side by side with commercial buildings and apartment houses.

A big event in the life of natives is their open market. They are open most days in the city and at least once a month in the rural areas. Art had the opportunity to visit a busy day at the market at a far rural area, where visiting and bartering began at daybreak. People come from every direction. Most are women in ancient dress. There are almost double with large cartwheels on their heads, or slung from their shoulders, or huge bunches of leafy plants, wood for sale. Other vendors may walk for miles with yokes across their shoulders and a few chickens, hanging from each end, heads down and about half dead. There are endless strings of tiny donkeys laden with goods for market.

One sees everything from livestock on the hoof to items for personal wear and adornment, crude musical instruments, earthenware pots and pans, swords and shields, some big long knives, very vicious looking. The modern world is represented by the lowly tin can, which is highly prized as a cooking vessel, eating utensil and a dozen other purposes. Also at the market are baskets, mats, fruit, vegetables, leather and beal work and skins and hides.

The native schools seem poor and inadequate, with many children crowded into small buildings. The only good school seen was the American school, built by our government for the 6,000 Americans in Addis Ababa. It has both high school and elementary and looks about like a small college campus. Of great interest was a tour of radio station R.N.O.C. (The radio voice of the Gospel). This is one of the most powerful Christian radio stations in the world. It is owned and operated by the Lutheran World Federation. The station serves an area of approximately one billion people in at least 30 countries. Christianity is the main religion in Ethiopia (30 million people are said to be Christians). There are many Moslems and unchurched. The main church was known until recently as the "Optic Church" and was descended from the ancient Egyptian Optics who date back as far as the year 350 B.C. in Alexandria, Egypt. It is now called the "Ethiopian Orthodox Church". Emperor Haile Selassie is a Christian and member of this church. Art had the pleasure of a trip 300 miles north of Addis Ababa with his son-in-law and three other men. They visited three outposts and saw primitive living and methods of farming. They also did a little hunting and bagged a wild pig. The fresh meat tasted good.

There were many fascinating things to see and learn in Ethiopia. Most impressive was to see first-hand the work of God

Shepherd and also the American Lutheran which is close by. It does much to widen one's mission horizons. The Longes enjoyed two days of sight seeing in Frankfurt, Germany, on their way home and enjoyed jet travel very much.

**Car Total Loss in Accident Sunday**

Mr. and Mrs. Gerald Ote escaped serious injury in an early-morning accident Sunday on Highway 15 two

miles south of Wayne. According to Trooper Robert Mavis who investigated the accident, the Wayne couple's car struck a cow at 1 a.m. Sunday morning and passed into the ditch on the west side of the highway where it overturned. Mr. Ote suffered lacerations and Mrs. Ote received bruises, but neither was hospitalized.

### Two Traffic Mishaps Investigated in City

Wayne police investigated two traffic accidents the latter part of last week. The city had gone more than a week without a traffic mishap before these two occurred.  
Apr. 8 on East Third in the 100 block, Alvin Tammo, Wayne, backed out of a parking stall, failing to see the car of Warren Schultz, Wayne, who was stopped in the traffic lane waiting for a traffic signal to change. He backed into the Schultz car.  
Officer Keith Reed investigated. He reported \$42 damage to the Schultz vehicle.  
The following day on Fairgrounds Ave. at its intersection with Logan Officer Reed investigated another mishap. Alvin Schumole, Wayne, and Curtis Hoole, Wayne, were involved.  
Reed's report shows Schumole westbound on Fairgrounds Ave. Hoole was southbound on Logan. No estimate of damages was given.

**WHICH PRINCE** do you think kissed the princess to awaken her? The four princes (left to right) are Larry Larsen, Brad Ford, Edd Fox and Ron Wachholtz. One prince was stupid, one stooped, one fat, one handsome. You guess which was which. Oh, yes, the princess. She's Linda Garvin.

## 'Sleeping Beauty' Makes Hit With Over 2,000 Children and Grownups

If the children who saw "Sleeping Beauty" during four performances at Wayne State College are to be believed, the musical was a great hit. They laughed, they cried, they groaned, they shrieked, they sighed, they cheered, they went through the full gamut of emotions as they enjoyed in real life acting a story that would never be the same on the television or movie screen.

The adults among the 2,000 and more who attended had to enjoy it too. Not only was the acting good but the kids themselves were a show, a study in what it's like to be young and live every moment with the ones on the stage. There must have been considerable wear on

Nelson was the top dog. He had a voice that matched the role. It even seemed to be changing as a not-too-bright king tried to run the court. Fred Wigington was the court magician and his rapid little shuffle as he padded about the stage was a riot. Both Nelson and Wigington were excellent. Thrustelbump, as played by Ellen Dickey, provided a lot of laughs. She was the plump fairy, too plump to fly. The kids loved her even more than her skinnier sister fairies, all well portrayed by Cyndy Fisher, Mary Mahberg, Irene Kulczewski and Vicki Ankerstar.

Special credit has to go to the four princes. Larry Larsen played a rather stupid prince. Boy, was he stupid! Brad Ford was the old bent-over aged prince. After four performances in three days he probably had trouble standing straight. Boy, was he stooped!

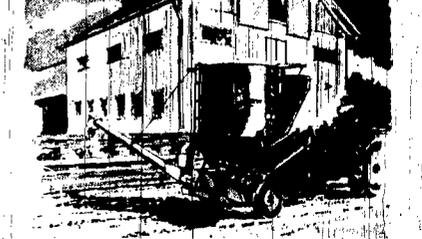

Ron Wachholtz was a big fat prince who had to be

That Hogal. Everyone hated her. She was bigger than Treackle. She was meaner. Her coarse voice was a contrast to the nice voice of Treackle. She was despicable, casting her spell over the princess. Of course, Ellen Blitzke was just right in the role and when the play was over she had wings uncrossed and was on her way to being lovable. In other words, Miss Blitzke was as inspired in her mean role as Miss Cook was in her lovable role.

**Business Notes**  
Wendell North and Kay Daugherty, salesmen for Wortman Auto Co., Wayne, have earned another honor. They were recently named among the top Mercury salesmen in the district. Saturday they were guests

at a banquet at Peody Park, Omaha, for 195 dealership car and truck salesmen in the Omaha sales district for Ford who won Ford's 300-500 Club membership awards for "excellent retail sales performance." The average member of the club sold \$500,000 worth of automotive merchandise in 1966 to earn recognition.

### No Burning, Dumping

Two residents were warned for burning at the wrong time last week and another was called into court for dumping trash. The city has hours for burning leaves or anything else and there are complaints when someone burns outside the set hours. In other action last week the police stopped a fight among some boys, towed in vehicles for being parked overtime, took down a complaint of a WSC student who had lost hub caps from his car, picked up a loose dog and returned it to its owner, investigated two accidents, found who dumped trash by locating a name on the paper in the trash and carried out routine patrol, traffic check, parking check and business place check activities.

### Allen Musicians Present Concert

Mary Ducey, Allen music instructor, will present individual and group numbers by Allen pupils Friday, Apr. 14, at 7:30 p.m. in a concert concert of music Allen's musicians will offer in district competition. A variety of music will be offered by nine different groups in addition to several instrumental and vocal soloists. The public is invited to attend.

The big groups are the band, mixed chorus and girls' glee club. Other group numbers by vocalists include the mixed quartet, the trio and the triple trio. Instrumental groups include the brass sextet, the clarinet quartet and the woodwind choir. Vocal and instrumental soloists complete the lineup.

### Dixon County Musk Thistle Drive Set

Dixon County farm families are being asked to join the "Good Neighbor and Kill Musk Thistle Program." This is aimed at wiping out the weed that can be a detriment to the farm it is on and the neighboring farms as well. Howard Gillaspie and Fred Hickman, Allen, are county agent and superintendent of the Dixon county Noxious Weed Authority respectively. They have made a survey showing many musk thistles making an appearance already. Counties in the musk thistle area in Nebraska are asked to campaign against the pest. When temperatures get up to 70 degrees, 2-4-D can be used to kill them. Getting them early is a favor to the farmer and his neighbors.

### SSA Man Coming to Wayne Next Tuesday

Robert Swan, a field representative of the Social Security Administration, will be in Wayne, Tuesday, Apr. 18, from 1 to 3 p.m. at the courthouse. He is from the Norfolk SSA office.

Swan points out that disabled workers who have had applications for social security disability benefits denied in the past because they were expected to recover in the near future may now be able to qualify for benefits if illness will last a year.

He invites queries concerning this and all other phases of the social security program. He will see people by appointment if one is requested of the Norfolk office in advance, but no appointment is necessary.

The Norfolk SSA office is open 8:30 to 4:30 Mondays through Fridays and 10 to 12 Saturdays.

### Troop 221 Has First Court of Honor; Discuss Organization of Auxiliary

A court of honor, the first ever for Boy Scout Troop 221, was held Monday evening at St. Paul's Lutheran Church. The church sponsors the Scout Troop.

Seven of the nine members earned the Tenderfoot rank. They are Galon Miller, Randall Miller, Jim Nieman, Mark Smith, Greg Stammer, John Suber and Max Teeter.

A lot of parents of the boys and others interested were present. Bob Carhart spoke on the purposes of a Boy Scout Auxiliary. The troop hopes to get organized in the future.

Requirements for earning the Tenderfoot rank and the First Class rank were discussed. Past activities of the Troop and future activities were reviewed. A lunch and fellowship period followed.

Jewell Schock is Scoutmaster for the troop, the newest Scout unit in Wayne.

Mrs. Elizabeth Bushy was able to leave the hospital Tuesday and spend a few days with her daughter, Mrs. George Avermann. Sunday dinner guests in the Avermann home were Mr. and Mrs. Eldon Hart and children, Howells. In the afternoon Mr. and Mrs.

Hal Maiese, Sioux City, came to see Mrs. Bushy who accompanied them home to convalesce. Mrs. Bushy will observe her 81st birthday Apr. 22.

Sunday afternoon Mr. and Mrs. Art Meyer were in Sioux City to help her cousin, LaMont Walker celebrate his birthday. They called on Mrs. Sophia Hildebrandt in a Sioux hospital and Mrs. Billard Bolke who had recently been hospitalized.

Mr. and Mrs. Stanley Dahlgren and children, Slaton, Minn., were dinner guests Sunday in the Edna Dahlgren home. Mr. and Mrs. Levi Dahlgren and Leola joined them in the afternoon. The Minnesota family called on Mrs. Paul Dahlgren in the hospital and on Mr. and Mrs. Eric G. Johnson. They spent the evening with the Dean Dahlgren family.

Mr. and Mrs. Ed Heekens and family, Cook, visited in the Lewis Brown home last Monday and with other relatives during the week.

He will teach in Allen this fall.

### McDermott Will Head Law Day Observance

Charles McDermott, Wayne attorney, has been appointed chairman of Law Day USA for Wayne County. Gov. Norbert Tiemann is honorary chairman for the state.

McDermott will be responsible for developing a program around the theme, "No man is above the law, and no man is below it." Theodore Roosevelt made that statement 67 years ago.

May 1 is the observance date. It is a special day throughout the state and in many other states, coming at a time when Communists observe their show of strength day. The USA observance emphasizes freedom under law, increased respect for law and courts and contrasted life under rule of law and rule by force and fear.

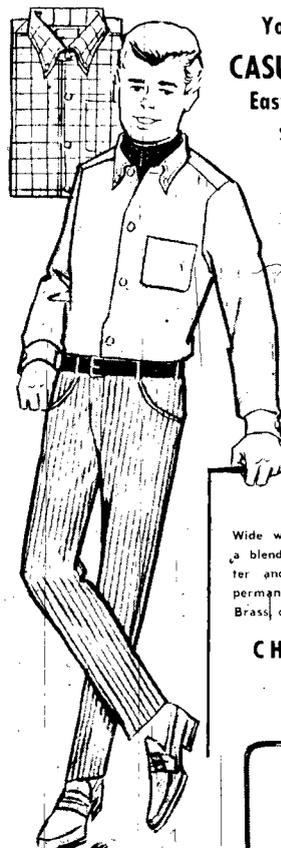

### Asking About College

Muriel Watland and Ruth Knutler, who make monthly surveys for the bureau of the census, will be asking about college education next week. Questions will provide data about men with college degrees, schools attended, fields of study, degrees granted, etc., and are part of the monthly population survey supplementing the regular monthly inquiries on employment and unemployment for the department of labor.

WAYNE HIGH of years ago looked like this. The building no longer stands. It offered quite a contrast to the school now in use. What a contrast it offers to the one that will be in use starting this fall. Mark Stringer furnished this picture.

Carnegie Class Response Soars

The response to the Dale Carnegie Course in the Wayne area has been fine according to Lenard Eichhorn, area manager. The Wayne Herald is sponsoring the course as a public service.

In an interview, Eichhorn said, "We are working on a backlog of telephone calls and other inquiries and those who have responded will be given additional information as soon as possible."

Over 30 Carnegie classes are conducted every year in Eastern Nebraska and Western Iowa. Classes have been held in such towns as Wayne, Fremont, Columbus, Albion, Neligh, Norfolk, Laurel, Lyons, Sioux City, Yankton, Omaha, Lincoln, Beatrice, Cherokee, Denison and Sioux Center. There are an estimated 5,000 graduates in this area alone and well over a million around the world.

### Lydia Christensen Dies in California

Lydia D. Christensen, 79, former Allen resident, died Apr. 3 at Pasadena, Calif. Funeral services were held Apr. 6 in Pasadena.

Miss Christensen spent the early years of her life in the Allen community. She served 49 years in India under the Women's Foreign Missionary Society. Most of that service was as a teacher and principal of a girls' school at Batala in the east Punjab section of India. Following her retirement in 1953 she went on many speaking tours.

She lived in Cedar Falls, Ia., where she was an active member of First Methodist Church and W.S.C.S. Survivors include three brothers, Ezra of Allen, Raymond, Cedar Falls, and Rev. Magnus, Wheaton, Ill.; five sisters, Anna Christensen, Elkhorn, Ia., Petra Richards, Newcastle, Esther Grow, Perry, Iowa, Agnes LaFavre, Tunjunga, Calif., and Ethel Shuts, Minneapolis.

Ezra Christensen, Allen, flew to California last week to attend funeral services for his sister.

### Name Winners of Poster Contest

A sidelight of the annual Children's Theater at Wayne State College was a grade school poster contest. To enter, the pupils were to make a poster about the play, "Sleeping Beauty," an old story with lots of magic in it.

Fifteen children performed a bit of their own magic. With their art skill they won prizes—\$1 for first place, 50 cents for second.

The winners: Kindergarten—David Draghu, Wayne County Dist. 61, first.

First grade—Randall Muhs, Wayne Dist. 65, first; Kurt Malchow, Wayne, Dist. 61, second.

Second grade—Carolyn Kubek, Battle Creek, first; Janice Hammer, Wayne Dist. 12, second.

Third grade—Sheryl Peterson, Wayne Dist. 63, first; Julie Misch, second (no school listed).

Fourth grade—Theresa Duda, Norfolk Grant School, first; Donald Nelson, Wayne Dist. 61, second.

Fifth grade—Steve Axford, Battle Creek, first; Audrey Muhs, Wayne Dist. 65, second.

Sixth grade—Curtis Dumas, Norfolk Grant School, first; Jeannine Falter, Tilden, second.

Seventh grade—Judy Jockans, Tilden, first; Kimberly Muhs, Wayne Dist. 65, second.

About 2,000 children of all ages, some of them grandparents) attended the four performances of "Sleeping Beauty."

## Leaders of 4-H in Dixon County Meet

Dixon County 4-H Junior Leaders Association will meet at the Daily Hall Friday, Apr. 14, at 8 p.m. President Joelyn Noe is asking for a big turnout. It will be the first outing meeting of the year, Miss Noe says. Several items of business will come up.

For one thing, Donna Fischer, secretary, will need a full list of members soon. She urges all who will belong to the County Junior Leader group to let her know soon.

Mr. and Mrs. Marvin Muller and Mr. and Mrs. William Sachau, are group counselors. They are encouraging 4-H participation in Rural Life Church services and Rural Life Sunday, Apr. 30.

## Two Allen Boys Get FFA Honors

Two Allen boys won ribbons at the FFA and vocational agriculture contests in Lincoln the past week. Stanton, Pender, Emerson, Wisner and Pierce chapters also won honors.

Roger Sandman's team from Allen was short members for the state contest. Sophomores on the team chose to stay home in order to attend the funeral of a classmate, Alan Barelman, Thursday.

Allen won a blue ribbon in tractor maintenance, only five teams rating blue ribbons. Melvin Johnson won a red ribbon and Wayne Rasmussen won a white ribbon.

Representing Allen were Wayne Rasmussen, Darryl Geiger, Melvin Johnson, Jerry Knoell, Terry Beacom, Ron Kraemer, Charles Geiger and Kenny Swanson. A/2c Dennis Mitchell and Adviser Roger Sandman accompanied the group.

Allen received a "superior chapter award" and the tractor maintenance team was fifth in the state. Rasmussen was appointed to the state program of work committee. D. Geiger, Rasmussen and Sandman attended the state banquet as Allen representatives.

The Allen FFA is planning its annual awards banquet Wednesday, Apr. 19, at the AHS gym. Tickets may be purchased from any FFA member.

Here are the other divisions and area winners: Farm management, Don Stigge of Wisner, red; Kevin Kai of Pender, white; Wisner team, red; Pender team, white; public speaking, Roger Peters of Pender, red; wildlife speaking, Duane Rhode, Emerson, red.

Farm carpentry, Stanton team, red; Ken Done, Stanton, red; metals judging, Jim McGuire, Wisner, white; crops and soils management, Pender and Wisner teams, blue; Stanton, red; Calvin Schulz of Wisner, blue; Glen Meyer of Pender, Bob Morse of Pender and Jim Woepfel of Stanton, red, and Dale Christensen of Pender, white.

Dairy management, Wisner team, red; Pierce and Pender teams, white; Paul Christensen of Pender and Wayne Hansen of Wisner, red; dairy cattle selection,

TAKING TIME OUT from studying for final exams Sunday were these two college organizations. Bressler Park was the scene of the picnic sponsored by Pi Alpha Lambda sorority in appreciation of the Tau Kappa Epsilon fraternity.

## College Sorority Has Picnic for TKE Public Service Workers Sunday

At least one group of Wayne State College students found time to tear themselves away from studying for final exams Sunday as the nice day paved the way for an enjoyable picnic. The picnic, sponsored by the girls of Pi Alpha Lambda sorority, was a well-deserved reward for the Tau Kappa Epsilon fraternity that did public service work last weekend by raking and cleaning the grounds at Dahl Retirement Center and LaPorte Cemetery.

In last Monday's paper we erroneously reported that the sorority that helped the TKE in their public service yardwork was a member of Chi Omega. It is now understood that the sorority, Pi Alpha Lambda, is just local but hopes to be accepted into the national Chi Omega sorority.

Dixon, Concord and Laurel VFD Called

Dixon, Concord and Laurel volunteer fire departments were called out Monday afternoon. You know where the White Brothers and Chambers farms along the Burlington Railroad right-of-way. It was the fourth time in less than six months the firemen have been called to those farms. Just two weeks ago to the day a big blaze threatened to get out of hand as it moved toward Dixon.

Mrs. Duane White has been watching for trains and checking right-of-way after the trains go by. It paid off Monday as she found a fire had been started.

The three fire departments were called and they had the fire out in fairly short order. The site is a little northwest of Dixon where there is still plenty of dry grass and crop to burn in spite of the four fires.

A good rain and some good growing weather for greener crops would help remove the fire threat. Until these factors come about, there is danger in railroad area, Dixon residents say.

## Peace Corps to Test

Residents of this area interested in the Peace Corps can take the placement test Sat. Apr. 16 at 1:30 p.m. in Norfolk. The test is used as a basis for determining assignments. There are no "passing" or "failing" grades. The application form and not the test is the most important factor in the selection of volunteers. Applications to take tests can be obtained from post offices.

Dorcas Society Meets

Mrs. Ring Hosts Circle  
Mrs. Lawrence Ring was  
hostess to LCW Circle 4  
Wednesday afternoon. Ten  
members answered roll  
call with a favorite Bible  
passage. Mrs. Robert V.  
Johnson was a guest and  
presented the lesson on the  
resurrection. Mrs. Mauritz  
Carlson accompanied her.  
Mrs. Robert Oberg  
will be the May hostess.

Mrs. Lawrence Ring took  
Mrs. Albert Sundell, Mrs.  
Roy Sundell, Mrs. Eric G.  
Johnson and Mrs. Earl Anderson  
all members of her  
circle, to South Sioux City  
Thursday afternoon for the  
northwest district fifth annual  
Assembly of LCW at  
First Lutheran church.  
Mrs. E. E. Hlyse accompanied  
them. Others present  
from here were Mrs. Paul  
Siewers, Mrs. Harold  
Gutjke, Mrs. Adolf Korn,  
Mrs. Laurence Hanson,  
Mrs. Martin Holmberg,  
Mrs. Reuben Goldberg,  
Mrs. Charles Pearson,  
Mrs. Norman Haglund and  
Mrs. Phil Ring. They heard  
Vivian Gullean, who is returning  
to Tanzania, Africa,  
for her sixth term as  
a missionary teacher,  
speak on "Out of Darkness  
Into the Light". Her parents,  
Dr. and Mrs. C. O. Gullean  
were at one time  
residents of the Wakefield  
community. Wayne  
churches will host the 1968  
assembly.

Mrs. Martin Holmberg  
entertained ten members  
of her circle Tuesday afternoon.  
Mrs. Vernon Fegley  
gave the lesson.  
Mrs. C. L. Bard was with  
a group of women who helped  
Mrs. Walter Fredrickson  
celebrate her birthday  
with a coffee at her home  
Friday afternoon.  
Mrs. Reuben Goldberg  
visited Wednesday to Friday  
in the Dick Eckley  
home, Sioux City, Mr. Goldberg,  
Mrs. Carl Loggren

and Mrs. Bert Best at Oakland,  
Ia., Sunday.  
Mr. and Mrs. Charles  
Pierston, Dr. and Mrs.  
Thomas Rinde, Fremont,  
and Pastor and Mrs. Robert  
V. Johnson were dinner  
guests Sunday in the  
Mauritz Carlson home.

Ladies of the neighborhood  
joined in an observance  
of Mrs. Ray Hammer's  
birthday Tuesday afternoon.

Mrs. Brad Pawling and  
Danny, South Sioux City,  
visited her mother, Mrs.  
Gleone Westad last Tuesday.

Mr. and Mrs. Verdel  
Lund were dinner guests  
Sunday in the Vern Carlson  
home. That evening the  
Carlsons were in the A. W.  
Carlson home visiting  
relatives from Iowa.

Mr. and Mrs. Vern Carlson  
helped Mrs. Ivan Johnson  
celebrate her birthday  
Monday evening.

**Quick Action Saves  
Truck from Damage**  
Quick action by a truck  
driver saved a truck from  
damage Thursday. Fire had  
broken out in the vehicle  
shortly after noon.  
Walt McAuliffe was  
driver of the garbage truck  
owned by Ivan Beeks,  
Wayne fire chief. McAuliffe  
spotted smoke coming from  
the trash, rushed to the  
truck, dumped the load in  
the street and called the  
fire department.  
Firemen were able to get  
the fire out in a short time  
and damage to the truck  
was minor. Beeks said a  
new paint job would have  
the vehicle back in good  
shape. Had the fire burned  
inside the big dump box,  
it would have ruined wiring,  
hoses and other items.  
Beeks said the fire was  
caused by a "hot barrel."  
In other words, someone  
had burned trash in the  
barrel, something had not  
burned up but more trash  
was put in, the collectors  
came along, dumped the  
barrel (not knowing it  
contained hot items) and  
the fire resulted. Beeks said  
the men watch for hot barrels  
but missed this one.

The Orville Larsons  
were in the Larry Jensen  
home in Emerson for supper  
Sunday celebrating  
three April birthdays.

Mr. and Mrs. Ivel Olson  
were with Mr. and  
Mrs. Jerome Pearson for  
supper Friday in the Bob  
Miner home celebrating the  
hostess' birthday.

In the Emil Lund home  
for dinner Sunday to celebrate  
her birthday of  
Wednesday were Mr. and  
Mrs. Art Longe, Mr. and  
Mrs. Richard Lund and the  
Fred Uleht and Eldon Bar-

Mrs. Dale Lund, Mary,

were dinner guests  
Thursday.

To celebrate Dean

# EDITORIAL COMMENT

The editorial department of a weekly newspaper is an important department. Normally it is one person's opinion of topics that concern most of the readers.

## Expect No Changes

The defeat of Dr. Lyle Seymour for another term on the Wayne City Council came about, we feel, because of some general dissatisfaction with city business in general and not with Dr. Seymour in particular. He was the "goat" of some would-be policy changers who had no other way to show their feelings.

Some voted for R. H. "Dick" Banister because they feel there will be a change. These are the ones who probably will be surprised that there will be few changes. When Dr. Seymour took office, he went in with the idea of doing his best in a thankless job. He weighed the values and then voted as he thought best for the city.

Banister will do the same. He has the interests of the city at heart just as Dr. Seymour has. He also has the interests of the taxpayers at heart—Dr. Seymour has. He will vote his conscience as Dr. Seymour did.

But Banister has to learn the functions of a city governing body just as Dr. Seymour and the other council members did. He will soon find out that the ideas those of us "on the outside" have about the way things should be done are of little value because council actions are practically governed by state laws. He will find that some of his ideas for changing the way things are done cannot be put into force because the city has laws of its own that set the manner in which those things are done.

No, don't expect any great change in city government. In fact, even if the entire council had been defeated you could still expect little change. There might be a few decreases in expenditures at one point but there would be increases in what is spent at another point.

That's the way city government happens to be in other towns and that's the way it happens to be in Wayne.

Banister is going to find out that those who complain the loudest about some of the council are often those who know the least about it. Once the facts are made known, the complainers quiet down, waiting for something else to criticize as "offended citizens" later on.

Good luck to Banister on the council. He has the wishes of Dr. Seymour for a successful period of service to the community. He has the example of Dr. Seymour to follow as a service-minded resident of the city, willing to get up with all the guff councilmen put with very few headaches to endure, headaches which Dr. Seymour may share with him as a man who has served and has sympathy for what Banister will now be going through.

Wayne owes Dr. Seymour a vote of thanks for what he has done as a member of the college staff interested enough to serve in city government. He has been most dedicated.

The city also owes Banister a chance to show what he can do. He can be a real asset to the council and to the city. If all he does is compile as sincere a record of service as his predecessor did, he will have done well. C.H.G.

## It Was Too Much Fun

Dress-up day at Wayne High School was simply too much fun. Keep it to yourself, kids; the adults may never find out how much fun it was.

The FHA sponsored the affair and three of the women teachers, most of the

men teachers and a lot of the pupils entered the spirit of the occasion with the enthusiasm only the young and those connected with the young can muster. It was a riot! Girls wore dresses that were worn by others years ago. No one laughed at the dresses then but they sure looked funny last week. (Lulu do the girls know that some of their clothing may not look funny to them today but it will provoke loud guffaws in a few years—and the same goes for hair styles).

The boys were expected to be limited because men just don't experience the fashion changes the women do for at least they didn't. That didn't stop the WIS-boys. They parted their hair, they got out old glasses, they found army uniforms of decades ago, they found old suits they sported tops of the 20's. They put as much enthusiasm into the event as the girls did.

It is too bad they couldn't have shared the experience with more. How the residents of the retirement center would have loved seeing a parade of some of those styles. How much fun it would have been if downtown there had been a platform where we oldtimers could have enjoyed a revue of the styles of bygone days. Well why not? Why can't we have something like this? Sure, the historical society is planning an event but let's have one special night program when stores are not open when everyone can gather and when descriptions of the clothing can be given. Let's allow the adults to wear some of the clothes their ancestors wore. Let's see if they can make such an event as successful as the kids did in their big show. Let's even ask the kids to help. This event was too much fun—too much fun not to be repeated, that is. Here's one feature of a centennial program the city of Wayne could put on. The city is going to have something besides the old-time bargain sales promotion isn't it? C.H.G.

## All That Allen News

Allen, shame on you. Your city and school have been "hogging" a lot of space in the Herald lately.

Well, that's the report that has sifted down to us. Little does anyone know that we're asking for more news from you. We like the way you are helping us out in making this paper a better area paper.

When we go to Allen for an hour each Thursday, we expect to get hints on news. We get it. Kids in grade school ask us if we know about an event coming up. High school pupils invite us to attend some program they have scheduled. Adults give us leads on what has been happening in Allen.

As a matter of fact, the situation in Allen is much the same as it was in Concord, Dixon, Winslow, Hoskins and Carroll when we first started going there. People flooded us with news tips, clared that they were going to get more coverage. They're still that way, as we caught up on a lot of news that had been overlooked there, just as we're catching up in Allen now.

Most people have told us they like the area status of the paper now, including these items we get in Allen and other towns in the region. They want more. We'll get more too, especially in Allen where they have a spirited bunch of people who are mighty proud of what's going on in their community. Maybe they can't tell the world about what's going on in Allen but they can tell the area through The Herald—and they're doing a darned good job of that! C.H.G.

# Current Legislation to Climax Long Tax Battle

**EDITOR'S NOTE:** The State Legislature is about to impose the first state sales and income taxes on Nebraska's 1.5 million residents through enactment of Gov. Norbert T. Tiemann's tax program. This historic action will climax a long battle over a broadened tax base. Here is some of the modern legislative history behind the struggle.

Lincoln—Nebraska's current tax angle is the chief topic of interest the wide and breadth of the state but this is nothing unusual—taxation has been a major problem facing the legislature since the mid-1940's.

of two states without a state-imposed sales or income tax, or a combination of the two. Efforts to change this have been repeatedly rejected in the past.

But this year Nebraska has no choice. It must adopt a new tax system because voters banished the state property tax last fall. It has supplied approximately one-third of state government operating costs for the past 100 years.

The legislature is soon expected to enact Republican Gov. Norbert T. Tiemann's replacement program. It imposes a 2 1/2 percent sales tax beginning May 1, and a personal and corporate income tax in 1968.

eral file, the initial and major floor debate pitted, failed. It was the first real organized effort for a new tax system.

1949—Sales and income tax bills were rejected. The sales tax reached the floor but was defeated there by a 26-12 margin.

1951—A sales tax proposal received little support. It was axed in committee.

1953—Separate sales and use tax plans died early in the session. The revenue committee heard the bills that spring, then buried them the same day. Attempts to revive the measures on the floor were unsuccessful.

A general sales tax bill was killed in the 1954 special session of the legislature. The same fate befell a combination income-sales tax plan.

Interest in Crownvetch Crownvetch, a legume that spreads by seed and fleshy rhizomes, has been the subject of renewed interest by Nebraska farmers for use as forage, a University of Nebraska agronomist said.

Dr. W. J. Moline, Extension Forage Specialist, said Crownvetch, which is not related to vetches with which Nebraska farmers are familiar, was studied in early research as a possible plant for roadside stabilization and for other soil conserving uses.

It is adapted to well-drained soil sites, and does well on droughty soil sites after establishment, Moline said.

He summed up other known data and current recommendations on crownvetch.

In general, has the same seedbed and seeding requirements as alfalfa.

Requires its own inoculant, as does alfalfa.

Feeding trials involving crownvetch are being conducted at many universities, but few findings are available in research literature. Pennsylvania reports indicate crownvetch equal to alfalfa.

Seedings can be established from seed or vegetative plantings. Seeding rates recommended in other states range from five to 20 lbs. per acre.

Successful plantings in Iowa were in calcareous to slightly acid soils, well-drained to moderately well-drained soils. Unsuccessful plantings were on acid, poorly-drained soil sites.

Until more is known about crownvetch in Nebraska conditions, start with a small area and see if this is what you want in a forage legume, Dr. Moline advised farmers.

Fertilizer Boosts Pasture Most farmers think of growing fertilizer on crops such as corn and small grain, but there may be even better reasons for fertilizing pastures.

Three tons of quality alfalfa hay are equal in feeding value to 126 bushels of oats or a 70 bushel corn crop, for example. That means that good management plus fertilizers can really pay off for the livestock man.

Grasses and legumes that grow early in the spring respond well to fertilizers. It's not too early to get this job taken care of even though it is dry—the earlier the better for cool-season grasses.

Nitrogen treatments are recommended for grasses and phosphate for legumes. We have, to him, but these suggestions point out that alfalfa is the best choice.

Mrs. Theophilus (who will be 83 this month) has served Wayne and the surrounding area so many years so many ways she deserves a bouquet of her own. We agree. What's the most costly bouquet there is? Never mind, it would not do, for her bouquet must be one of appreciation, devotion, admiration and humility. We know

pasture should be treated as a legume; if less, some nitrogen should be added to the phosphorus to get the most forage production. If the stands are there but not growing normally, a fertilizer treatment will help return them to production.

## Northeast Extension Notes

Ann Marie Kreifels

Cleaning winter clothes for storage need not be a costly chore. A family's dry cleaning bill can be cut in half by using coin-operated machines. But care is required.

These machines are designed for quick and easy garment cleaning. Old wrinkles will not be removed, and some spots and stains will not be removed unless pretreated before cleaning.

Not all articles can be successfully cleaned in coin-operated machines. Raincoats may lose their water-repellency. Insulation in electric blankets will be damaged. Leather, suede and natural furs can become brittle and matted. Plastic trims and buttons might soften and melt. Some foam-laminated fabrics will mat.

Many items which might be ruined in coin-operated machines can be successfully cleaned by a commercial dry cleaner.

Any garment feature needing special attention or care should be pointed out to the attendant at the coin-operated or commercial dry cleaning establishment.

Wife: "That fellow from the garage (we've had charged \$10.00 for the tire service showed him though!" Husband: "How did you show him?"

Wife: "I made him earn his money for towing. I kept the brakes on all the way!"

Several have asked us about the marlin Don Kerr wrote about in a letter. Now comes a release from the state extension service saying the bird has been created with "near eradication" of mosquito in some cities. Widespread marlin house projects have been the cause. The state says plans have to be made in advance, the marlin houses have to be spread out a little and multiple family units are best. If houses are too big, they attract sparrows instead of martins. Martins will not use houses that are close to buildings, trees or other natural features. They must be atop poles at least 25 feet from trees, poles or buildings and

to trust us with them. However, if you would just put them where you can find them we'll let you know when we're low on pictures again. We want to save a little room in this building for customers. We have pictures to the ceiling now. We want 'em want 'em!

She: "Oh, doctor, I just broke those new glasses you fitted me for. Will I have to be examined all over?"

Doctor: "No, just your eyes."

The American Cancer Society has sent word to the procto... for mail as this catches a type of cancer common to men. Now it sends word to the type of cancer common to women on striking cancer. About 14,000 women die each year from a type of cancer that is the most curable cancer there is. It can be detected by pap smear testing. We would like to have women of this area ask their doctor about the test. We'd like to have the woman take the test so they'll live as long as the men who get the procto check-up. Ask a Cancer Society representative, you women. Ask your doctor. Chances are you are doing fine but with a cure for 100 per cent of the cases detected by this test, you could hardly lose just finding out for sure. While you're at it, get your check ready for the Cancer Fund drive.

Wife: "That fellow from the garage (we've had charged \$10.00 for the tire service showed him though!" Husband: "How did you show him?"

Wife: "I made him earn his money for towing. I kept the brakes on all the way!"

Several have asked us about the marlin Don Kerr wrote about in a letter. Now comes a release from the state extension service saying the bird has been created with "near eradication" of mosquito in some cities. Widespread marlin house projects have been the cause. The state says plans have to be made in advance, the marlin houses have to be spread out a little and multiple family units are best. If houses are too big, they attract sparrows instead of martins. Martins will not use houses that are close to buildings, trees or other natural features. They must be atop poles at least 25 feet from trees, poles or buildings and
