## County 4-H Public Speech Contest Will Be Saturday

The annual 4-H public speaking contest will be held Saturday, Apr. 22, starting at 10 a.m. in the courthouse court room, according to County Agent Harold Ingalls. The public is invited.

Competition is divided into junior and senior sections. Those 9-13 are to be in the junior division to speak no more than five minutes and 14 and older division to speak six to eight minutes.

Topics are unlimited. The young people are asked to talk on personal 4-H experiences if possible.

Each contestant will get a dollar plus a ribbon. Winning boy and winning girl in the senior division will compete in the district speech contest to be held May 6 in the library lounge at Wayne State college at 9:30 a.m.

## Dick Manley to Receive High Tribute in Scouting

Dick Manley, Wayne, and Lt. Gen. James Doolittle, Santa Monica, Calif., will be the two people honored Monday, Apr. 24, at Omaha when the Mid-America Council of Boy Scouts Inc. honored at a recognition dinner.

Manley is one of 15 Iowans and Nebraskans chosen for the Silver Beaver Award in recognition of service to Scouting. He has served as Scoutmaster in Wayne for several years and is currently the leader of Troop 174.

In addition to troop work, he has received the Eagle Scout as a boy, earned the Boy Scouts' key and the Scouters Award and also was awarded the Mid-America Council Award of Merit.

He is active in the Presbyterian Church and has served as Sunday school teacher and superintendent. He has been in YMCA, led Kiwanis youth activities and is on the faculty of Wayne State College, handling the bigger percentage of the news releases.

Manley and his wife will be among 1,500 attending the banquet in Ak-Sar-Ben Hall in St. Louis, chairman of Mutual of Omaha and United of Omaha, is in charge. Gen. Doolittle is in charge. **MANLEY, pg 8**

## Bridge at Hoskins Destroyed by Fire

A bridge on private land was destroyed by fire Tuesday of last week. Cause of the fire is not known, according to Fire Chief Herman Opler.

About 11:30 that night a passerby noticed the fire and called the fire department. It is thought the bridge had been burning for several hours by that time.

The big timbers were cut out most of the bridge was destroyed. The bridge was a cross-over from one part of the H. C. Falk property to the other and was not used by the public.

## Hundreds of Musicians to Be Here for District Competition

Musicians from 33 high schools will compete in the major event of the year this weekend, the annual district 11 music contest in the Wayne State College campus Thursday through Saturday.

Contest Director Raymond Kellon, chairman of the WSC fine arts division, said several changes have been made in scheduling this year. There will be no evening events. Saturday competition will be devoted entirely to mixed choruses and glee clubs. Classes A and B have all their events Thursday. Classes C and D, Friday—except for choruses and glee clubs of all classes.

Schools entering musicians are Allen, Bancroft, Beemer, Bloomfield, Cole-ridge, Crofton, Emerson, Hubbard, Hartington, Hartington Cedar Catholic, Homer, Laurel, Madison, Newcastle, Norfolk Catholic, Olin and Pender, Pierce, Ponca, Randolph, Randolph St. Frances, Stanton, South Sioux City, Stanton, Thurston, Wakefield, Walthill, Wausa, Wayne, West Point, West Point Central Catholic, Winside, Winer and Wynot.

## Stresses 'Relations' Importance Tuesday

Human Relations is vital to success, Dick Gee, area representative of the Dale Carnegie course, said Tuesday at a meeting of the Wayne State Faculty Wives. "For example 82% of the people fired lose their jobs for one reason—they can't get along with people."

"Most of our education," he said, "is in the area of knowledge but human relations is not so much a matter of knowledge as of attitude and skill. Even in engineering which requires a lot of technical knowledge, surveys show that 85% of one's financial success depends on the ability to inspire, motivate and get cooperation out of people."

Gee reported that enrollments and interest in the Wayne Dale Carnegie class continue to grow at a fast pace under sponsorship of The Wayne Herald.

## Marvin Young to Be Jaycee Prexy

Marvin Young was elected president of Wayne Jaycees at a meeting Tuesday night in the Fire Hall. He succeeds Kenneth Dahl as leader of the young men's civic organization.

Dick Hammer is first vice president and Wes Wingett second vice president. Jerry Bose is secretary and Pat Gross treasurer. New members of the board are Gross, Wingett and Keith Kassel-der.

The chapter is striving for a "blue chip" rating and secured eight new members as part of the requirements. New members are Kesselder, Wingett, Don Dandinger, Bob Ditman, Doug Trampe, Kent Stephenson, Bill Mau and Ray Bendig.

Events coming up include the teenage road-e-o Sunday, the awards banquet at El Rancho May 19 with Larry Topp in charge and the Boy Scout district fun fair May 27.

## Three Appear at Church Services

Three outstanding speakers will be in the program for a meeting of representatives from area Presbyterian churches Friday, Apr. 21, at 8:00 p.m. in the United Presbyterian Church, Wayne. All members, friends and officers of the Wayne Church are invited. Pastor John Voth reports.

Rev. Fortunato Castillo, Columbus, N. M., is speaker. Margaret Patton, former editor, is another and Rev. Norman Koehler from the congregation on economical times is the third.

Rev. Castillo has served in his home country and in the U.S. He is pastor of

Los Angeles area church and serves as director of an aid center for Spanish-Americans.

Miss Patton is assistant secretary of the board of the Presbyterian board of Christian education. She has served as an interpreter and has edited a number of publications for the church.

Rev. Koehler has been pastor in Japan, has served in mission projects and has been a navy chaplain. He and the others join in an evening of discussion offering the people of the church an opportunity to become better acquainted with mission programs of the church.

## Allen Fifth Grade Sees Teacher 'Pass'

It was a rare treat the fifth grade of Allen Grade School enjoyed Wednesday in Wayne. They were able to see their teacher pass with diploma and degree.

Mac Reuter teaches fifth grade at Allen and has for years. She has not completed work on her degree and graduation was Wednesday so the fifth grade has been teaching at Allen came on a bus for the program.

She has now gotten in some "practice teaching" at Allen. As a result, she was practicing in a class she was full-time teacher for a while and her substitute teacher was there to supervise her.

A bachelor of arts degree in education was awarded to the Allen teacher at WSC.

## WSC Gives 149 Degrees During Wednesday Rite

Wayne State College Wednesday graduated 149 seniors with bachelor's degrees and 11 graduate students with master's degrees.

The commencement followed completion of the second term in Wayne's trimester schedule.

Speaker for the graduation rite was Senator Gale McGee of Wyoming, a graduate of Wayne State in 1936 and a recipient several years ago of the college's "Distinguished Service Award."

Two awards to faculty members were announced at commencement, both bestowed by the Wayne State Foundation: \$500 award for excellence in teaching to Irvin L. Brapp, associate professor of chemistry; and a \$500 research grant awarded to E. Guenther, instructor in biology.

The award for excellence in teaching, given for the first time, was made by vote of the student senate and the faculty senate.

Area graduates and degree winners included: Bachelor of arts in education, Patricia Nordner Carnes, Wayne; Peg Gustafson, Emerson; Judith Allen, Hartman, Stanton; Don Helgren, Wayne; Gary Lubberstedt, Wayne; Elaine Meyer, Wayne; Mac Reuter, Allen; Patricia Rapson, Waverly; James Salton, Wakefield; Richard Warko, Pierce; Twill Willse, Wayne; Terri L. Wittgo, Stanton.

Bachelor of fine arts in education, Marcia Linn, Allen; and Jerylin Thompson, Winside; bachelor of science education, Duane Elmer, Wayne; and Eric Robinson, Wayne; bachelor of arts, Leonard Gabelen, Ronald Haise, Kenneth Hansen and Patricia Lansing, Wayne; bachelor of science, Carlene Black, Allen; and Robert Oberg, Pender.

## City-County Ambulance Unit Approved at Special Meeting

### Orientation at WHS Next Week

All eighth grade pupils in the area have been invited to Wayne High School for a special orientation program Monday, Apr. 24, at 7:30 p.m. Ken Deissler, guidance counselor, is in charge with teachers helping to explain courses to be offered in Wayne High School next term.

Parents are asked to accompany the youngsters to the meeting. They will see **ORIENTATION, pg 8**

### Special Movie Set

The Best of Ones, a movie about teenagers' problems and the Christian answer to them, will be shown May 23 and 4 at the Clay Theatre with the Wayne Municipal Association sponsoring in presenting the show. According to those who have seen it, the movie "pulls no punches" in showing what teenagers are facing in every aspect of living today.

### Winside Attains High Math Honor

Mrs. Jim Troutman has a right to be proud. She received word Tuesday that the math pupils at Winside High School had rated in the top ten in the state in the recent national math testing program.

Three were named to the first team. They are **SEE MATH HONOR, pg 8**

### Group Seeking 'Art of Region'

The committee to get art for the new Wayne High School has given an idea of the type of art that will be sought. In plain words, it wants representative art—pictures that represent the area in which we live and if possible by Nebraska artists.

Mrs. Dorothy Ley recently purchased a water color by Thomas Palmer, professor of art at the University of Omaha. This, the committee feels, is representative of the type of work wanted.

Palmer's work is commanding good prices **SEE ART, pg 8**

### Prize Back Up Again Thursday

The prize in the Wayne Silver Dollar Night drawing is back up to the maximum amount. There was no winner last Thursday so the lucky person could get \$400.

Mrs. Ver Gene Vollmer, Beemer, would have won \$350 if she had been in Wayne at 8 last Thursday. Because she wasn't, someone has a chance at \$400 at 8 p.m. this Thursday.

To win, the one whose name is announced must be in one of the participating firms at 8. Anyone 18 or over is eligible to register and it is necessary to register only once.

### Tax Forms Arrive for Businesses

The state lost no time getting tax forms out once the income and sale tax bill was signed. The day after the bill was signed Wayne County business places started receiving report forms.

In order to collect tax, business places must pay a small fee. Anyone collecting tax without the fee paid can be fined up to \$500.

County Treasurer Leona Bahde reports she has some of these forms on hand. Any business place that does not have them or ruined one can get the forms free from Miss Bahde's office.

The state provides for payment to the places that collect the taxes. However, the tax does not go into effect until May 1 and cannot be collected before then and after that day must be collected by firms licensed to collect.

Further information can be secured on filling out the forms and filing for the license to collect the tax at the treasurer's office.

A special meeting of the Wayne City Council was held Friday evening at the Wayne City Auditorium with Wayne County commissioners present to go over plans for a joint city-county ambulance service to take the place of the private ambulance service which is being lost.

Around 25 interested residents attended a meeting which was open to hundreds. Those there were interested enough to ask questions, helping to make the session a lively one.

The plan agreed upon calls for the city to buy an ambulance. The new police car will be an ambulance-equipped station wagon and when the city trades in the older police car it will be replaced by another ambulance-equipped station wagon.

Al Wittig, chairman of the city council ambulance committee, reported on what has been done and what will be attempted. He reported the rates, which are \$10 per call plus 50 cents per mile one way. Costs are the same for all county residents but non-county residents will pay 50 per cent more.

The county has agreed to pay the operating costs. This will vary, depending upon how much revenue **SEE AMBULANCE, pg 9**

### Bargain Days Results Good

In what was one of the happiest bits of promotion thinking in several years, Wayne Chamber of Commerce pulled off Old Fashioned Bargain Days Thursday, Friday and Saturday. Many came to town several times for the event and what is important to businessmen, they were buying.

C. C. Manager Wanda Owens expressed the thanks of the organization to all who helped. This includes the other organizations that took part, the people who responded so generously with antiques for display, the ones on committees, the merchants who offered space and specials, and most of all the buyers and viewers.

## No One Will Talk About One Killer

The curtain has been drawn aside on one type of cancer that is a killer. In a day when all sorts of diseases are mentioned, modestly is a forgotten thing and sex is an everyday conversation topic, there are still people who won't ask their doctor about checking for this cancer.

It kills 11,000 people in this country every year. About 33,000 of them could be saved if they were not so modest about talking about the possibilities of the disease, according to the Wayne County Cancer Society.

But, we mention the disease? It is easier of the colon or rectum. Proctoscopy can detect this disease, and three out of four patients with cancer of this type can be saved.

Wayne County Cancer Society members point out that many people have **SEE KILLER, pg 8**

TOP WINNER in antique displays was the window of J. M. McDonald's. One woman in antique dress and another in modern attire were looking over displays of old clothing, old albums and old items at the time the picture was taken.

## Taxes Due Soon

County Treasurer Leona Bahde reports real estate taxes for the first half of 1966 become delinquent Monday, May 1. After that date they will draw interest at six per cent. This covers only the first half of the taxes. The rest will be due later.

## Carroll Library Open House Set

The library board, the librarian and the residents of Carroll are holding open house Saturday, Apr. 22, from 3 to 5 p.m. at the Carroll Public Library. Residents of the area are invited.

Refreshments will be served. Visitors will be shown the accommodations and the services that can be offered in the library which until a year or so ago was in the back of the Farmers State Bank.

Librarian is Mrs. E. L. Pearson. Mrs. Clarence Morris is chairman of the board. Mrs. Charles Whit-ney secretary and Mrs. Willard Moore and Mrs. Otto Wagner board members.

## Soil Survey Will Gain Information

Donald Kerl, soil scientist with the Wayne County Soil Conservation District, reports farmers have asked how to break alkali spots. Information on this is an example of what can be offered when the Wayne County soil survey is completed.

The soil survey found alkali spots are small areas of soils (usually less than an acre in size) which have a concentration of unfavorable salts. They usually occur in ground slightly higher than some surrounding bottomland.

As the higher areas dry out faster, they tend to draw moisture from the moist bottomland. Kerl points out. This moisture has a low concentration of salts and at the moisture is used up by crops and evaporation, the salts tend to collect there.

Over a period of many years this concentration of salts becomes too strong for good crop growth. Along with reduced yields, the soil develops poor structure and tilth. These soils tend to stay wet longer **SEE SOIL SURVEY, pg 8**

## Two Bills Get VA Boost - Bargholz

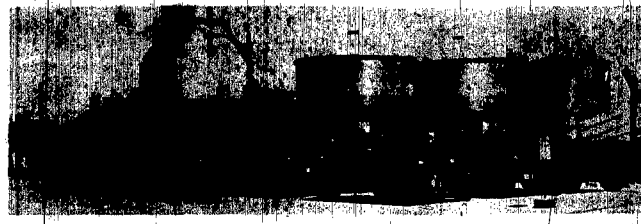

Two bills have received support from the VA, according to Chris Bargholz, Wayne County veterans service officer. The bills are based on the President's message to congress Jan. 31.

One bill provides benefits to veterans who have served in the Vietnam conflict or during the period since Aug. 5, 1964. Benefits are the same as those given for veterans of World Wars I and II and the Korean Conflict.

Disability compensation at wartime rates, disability

pensions for non-service-connected veterans and death pensions for widows and children, extension of VA medical benefits, a burial flag, \$250 burial allowance and \$1,600 toward purchase of a car for disabled veterans are among the provisions.

The other bill calls for a 5.4 per cent increase in pensions for non-service-connected disability and death. Benefits would go to vets, widows and dependents. It also provides that retirement benefits and social security increases would not be counted for income purposes in determining eligibility for these pensions.

## 'I Will Prepare Myself...'

History reveals that John Milton was one of the greatest, if not in fact the greatest, of all English poets. He was born in London early in the 16th century. He lived a useful, colorful and productive life, even though he suffered great tragedy. In his mid-thirties he began to lose his eyesight. At the age of 16 he had become totally blind.

He did not give up and quit. He merely changed his method of operation. He could not write his own lines anymore, so he dictated to a secretary. Having lost his eyesight, he went ahead to develop his mind even further. Some 19 years later, he produced what was considered his greatest work, "Paradise Lost" and still later, "Paradise Regained." Even though he could not see, he painted beautiful, vivid and living pictures in words, for all posterity to see, to enjoy and remember. The pages of history are replete with the biography of men and women who forged out to freedom, success and service to humanity, even in the face of great handicap and misfortune. For example, Beethoven composed his greatest works in music after he became totally deaf. Franklin D. Roosevelt, the only President in the history of our country who ever received a third nomination for that office, went ahead to be re-elected to a third and even a fourth term to the office of President of the United States. He did it, in spite of the fact that he was a physical cripple. These people were made of the stuff that caused them to forge on in spite of their handicaps, and prepared themselves through the development of their latent talents and abilities.

It was the prominent man of Harvard University, Professor William James, the one who earned for himself the title, "The Father of Modern Psychology," who, for years, contended that the average man never develops more than 10 per cent his latent ability. If we stop to think about it that's about like our eight cylinder car, engine running on less than one cylinder.

We have but to look around us and observe some of the people we know. We probably won't find it hard to single out a person who seems to have so many things in his favor; health, personality, good looks, sufficient education and such, but for some reason he never seems to accom-

plish very much. In contrast, we can probably think of some who lack many of these personal advantages, but who are succeeding in spite of it.

The truth is that we don't have to possess all the desirable qualities in order to succeed. We can neglect our strongest mental assets and concentrate on their development. We can

intelligently put them into practical application. If we have the chances are that we shall always remain in the ranks of the mediocre. In this enlightened age there is no excuse for failure. Because we can, through simple but deliberate analysis, discover our latent talents and quickly develop them to the extent that we shall soon rise above the crowd and go on to greater success and fulfillment. It is up to each of us to take the initiative to start moving in the right direction.

## Dixon Neighbors Give Helping Hand Tuesday to Farmer Hurt in Accident

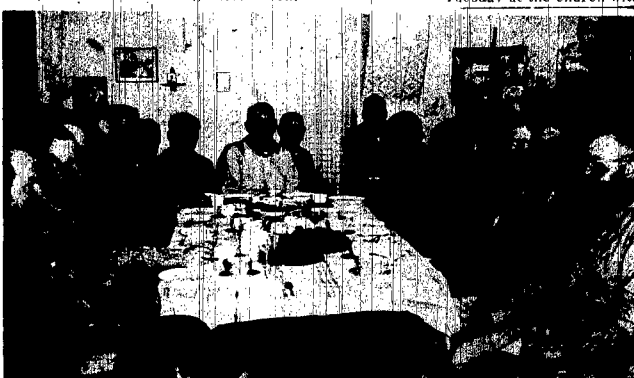

It did not take long for 18 friends of Eldred Smith to plow 60 acres for him Tuesday. He had been hampered in his farm work since an automobile accident last October.

In January he underwent surgery and has been unable to do heavy work since. He hired his corn picker in the fall and hired help for the spring discing.

It was not necessary to hire the plowing done. There were 18 tractors at work in his field and in a short period it was all over, the men were having lunch and the work was done.

Mrs. and Mr. Merlin Chambers and daughter came from Dakota City to help at the Smith farm. Mrs. Chambers is a daughter of the Smiths.

Mrs. Sterling Borg, Mrs. Chambers, Mrs. Marion Quist and Mrs. Smith prepared food which the women had furnished and others had sent. Although they started after noon, the men had the work done by 2:30 and were home a little after 4:30, being their own field work.

## Wayne Splits in Double Bill Here

Wayne State and Concordia divided a double-header here Tuesday. It was fortunate for Wayne, since original plans called for a single nine-inning game.

But after seven innings of the first tilt—with Concordia ahead by a 19-11 count—both coaches decided to call a halt and start over. The second game produced something more like a baseball score, 3-2, with Wayne staging a standard stunt, winning in the last inning.

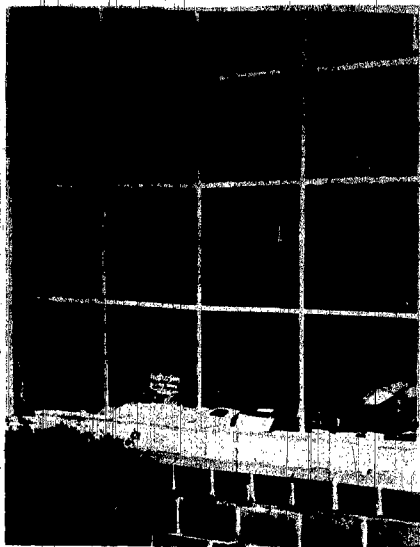

The first game started disastrously as Concordia scored five in the first inning and added more runs in all but the fifth inning. An eight-run burst in the fourth was the clincher.

Wayne used five pitchers—starter Lynn Tomjack taking the loss. Concordia sent four to the mound despite its big leads. Bob Gaeta homered in Wayne's four-run third inning. John Romsa also homered for Concordia and batted in five runs. Dick Everts had a fine day at the plate for the winners with two triples and two doubles in five at-bats.

In the nightcap Wayne scored once in the third. Concordia went ahead with two in the sixth. The Wildcats tied with a second run in the bottom of the sixth, then added the winning tally in the seventh when starting pitcher Duane Mendlik scored on Doug Townsend's single.

With a 5-2 record, Wayne went to Hastings Wednesday for a conference doubleheader.

Saturday the girls have a softball period from 2 to 3:30. The fourth fifth group practices from 10 to 12, the sixth grade from 12:30 to 2 and the seventh-eighth group from 3 to 4.

## Postpone Golf Meet

The Husker Conference golf tournament at Indian Trails Country Club, Beaver, had to be postponed Monday due to the winds. It has been rescheduled for the same course Monday, Apr. 21. A dual had been scheduled between Wayne High and Oakland that day but this will be postponed or cancelled.

## Wayne Continues Undefeated Ways

Wayne High continued its undefeated Monday with a 1-0 win over Randolph St. Frances on the local baseball diamond. The tilt was highlighted by a home run by Larry Hix of Wayne with one man on base.

Coach Mike Mallett's team has not had much opposition so far and could be getting overconfident. Friday the fans will know as the state champion team from Dodge (two years in a row) will be the opposition. Next Tuesday the Blue Devils play at Wood Point Central Catholic.

Hix had the distinction of driving in four runs in two times at bat in the first inning against St. Frances. There were 15 batters coming to the plate

in a wild first frame that saw WHS score 10 runs. George Hynon pitched three innings, striking out 6. Jerry Titze hurled two frames, fanning one, and Gerry Hurlbert pitched one frame. Brandl and Kaiser were on the mound for the Bluejays, striking out a total of 6.

Steve Kerl, Mark Johnson and Hix each got two safe hits as Wayne banded out 11 in five innings. St. Frances was able to get just one man as far as third base.

## WSC Loses Track Meet to Bobcats

A bit more depth and Wayne State could have beaten Peru State in a dual track meet here Tuesday. The host Wildcats won nine of 17 battles but lost the war, 76 to 69.

Best performance of the meet was Stan Thorpe's 15.1 flight of the 120-yard high hurdles, breaking a 18-year-old Wayne State record of 15.2 by Glen

Gotschall. Thorpe also won the triple jump with a 41-10 distance.

Another double winner for Wayne was Scott Nelson with a 13-0 pole vault and a 20-10 long jump. He came close to topping 13-7½ in the vault; it would have broken another school record.

For Peru, Tim Hendricks won the mile in 4:27.6 and the two-mile in 9:54.3. Mike Mulvaney also doubled in the weights with a fine discus heave of 159-5 and a shot put of 46-5½.

Wayne's other first-placers: Jerry Paulson, javelin, 183-10; Dan Castor, 440 dash, :52.9; 880 run, A. D. Henson, 2:02.1; Bob Cordes, 330 interme-

diates, 1:17.7; and the mile relay team, 3:35.8. Peru's other winners: George Gopfert, high jump, 54½; Curtis Holliman, 100 dash, :10.2; Jim Hagemeier, 220 dash, :23.1, and the 440 relay team, :45.5.

A soft track slowed running times despite otherwise ideal conditions.

Wayne Coach Dale Pennybaker praised the team effort, especially Thorpe, who not only won two individual events but placed second in three others and ran on the 440 relay team.

After the meet, the Wildcats dubbed themselves the Dirty Dozen—using a bit of poetic license since the squad numbered 13.

# 'I Will Prepare Myself ...'

By Mike Rothbauer, Staff Reporter

A very prominent businessman went downtown to his office one morning, a couple of hours earlier than usual. He had some things he wanted to do before the employees came to work. No one was there when he arrived except old Tom, the custodian of the building. Old Tom was a faithful employee of many years' service to the company. When the boss walked into his office, there was old Tom emptying the ash trays, dusting the furniture and tidying up the place.

When the boss noticed him going about his routine, he said, "Tom, you know, as I look around this place, I can't help thinking what an asset you have been to our organization for all these years. You have kept this place clean and cheerful for our employees and our customers to enjoy."

"Tom," he said, "You are an important member of this organization and I want you to know that I appreciate what you and all you have done." Old Tom said, "Thank you, boss," and walked out of the room with his dust cloth in his hand.

Human Nature is the craving to be appreciated. He didn't say he wanted the desire—he said the craving. Man will not give us his best for money alone, but he will give us everything possible if we will give him a bit of sincere appreciation.

When we understand this simple principle, when we resolve not to criticize or condemn, but instead, look for every opportunity to drop a word of honest appreciation here and there, we will find that life will take on a new glow. We will find that more and more fine people will be attracted to us. This is a universal principle. We can use it at home, at the club, at the office, or any place else where we associate with other people. When we have made it a habit to give honest praise and appreciation, we shall have taken another giant step forward toward the self-preparation that will enhance our success and happiness. The development of a keen awareness of the thoughts, the feeling, and the reactions of other people is another way that I can "Prepare Myself," and assure that some day my time for a more rewarding life will come.

## AWARDS NIGHT king and queen at Winside Tuesday were Keith Krueger and Ruth Vahlkamp. (Photo by Lyman).

### Around 270 Attend Winside's Awards Banquet at Which Many Honors Given

An over-capacity crowd attended the Winside athletic-awards banquet Tuesday night in the WIS gym. Federated Women's Club had prepared for around 270 and some had to be seated at an extra table. Keith Krueger and Judy Walker were chosen by the election that day in the student body to reign as king and queen. Keith Krueger was elected as the choice of athletes of the school as "Athlete of the year."

Senior attendants to the royalty were Don Longe and Suel Paulson. Junior attendants were Carol Bleich and Dan Jaeger, sophomores, Keith Wacker and Lynne Troutman and freshmen, Dave Witt and Beverly Gries. Royalty from previous events crowned the king, queen and attendants and all sat at a separate table.

Bob Dangberg was master of ceremonies with Dr. Max Lundstrom of Wayne State College principal speaker. Invocation and benediction were given by Rev. E. J. Kess, W Club and Peg Club sponsor the affair each year.

Decorations included trophies as centerpieces at each table. Backdrop for the royalty was a castle of gold on white with "Golden Pathway to Sports" as theme in big gold letters. Red and white streamers were used to block off the serving area. A dance followed the program.

Journalism certificates were given by Mrs. Judy Picard to Mary Jane Hansen, Bob Dangberg, Judy Walker, Connie Nydahl, Linda Gohring, Wilma Ritze, Keith Krueger, Carol Bleich, Diane Wacker and Vicki Wade. Carol Bleich was named yearbook editor and Diane Wacker newspaper editor for the coming year.

Judene Zechin introduced Mary Jane Hansen as winner of the Crisco award for being the outstanding student in home-making. She also announced the result of election for 1967-68 cheerleaders, Joan Deek, Glenda Morris, Kathy Pfeiffer, Diane Wacker and Sandy Moehlemer. Sandra Moehlemer sold the most tickets to the banquet. Pep Club awards went to homecoming requirements and a gift certificate was given Howard Iverson, bus driver, for his helpfulness.

Mrs. Shirley Trautwein gave speech and dramatics certificates to Donald Longe, Ruth Vahlkamp, Denise Hansen, Bob Dangberg, Dennis Swanson, Carl Bleich, Vicki Wade, Bob Farran, Teresa Stenwall, Diane Wacker, Betty Anderson, Keith Krueger, Tom Witt, Connie Jones, Kathy Pfeiffer, Lee Trautwein and Dorinda Trautwein. Dangberg also won a medal for his superior acting ability.

Music awards were given by Mrs. Pete Kropp who announced entries in the district contest this week-end in Wayne. Keith Krueger was honored for his allegro horn and for the tribute Randolph paid him when he attended the Lewis Clark conference music contest.

Supt. James Christensen presented the Omaha World-Herald "Midland Teen of the Week Award" to Krueger, the only Winside pupil who has ever won it. Mrs. Jim Troutman presented match awards, details appearing in another article.

Gary Lind presented volleyball awards with special honor to Suel Paulson, all-conference. Dan Cahill presented basketball awards and revealed Randy Jacobsen as the 1966-67 captain and Reed Wacker as the most valuable player for the second year in a row.

PUPILS FROM District 3 school south of Wayne visited The Herald and other Wayne papers interest Tuesday. Maria Pfeiffer and Rhy Murray, Herald employees, were showing how pages are made up when this shot was taken. Teacher is Mrs. Nozle Lambing. Pupils (not in order) are Jimmy Meyer, Mark Beiermann, Debby Luft, Ricky Kay, Roger Meyer, Judy Boraholz, Denise Kay and Todd Geiermann.

## WSC Third Term Starts Friday

Wayne State finished its second term Wednesday and will plunge immediately into its third term Friday with an innovation.

The third term will be divided into two sessions, the first half ending June 13, the second half (summer session) starting June 15 and ending August 9 with commencement.

Students will be able to complete a full term's work in either session. This is accomplished by limiting course loads to eight or nine hours, extending class periods to 75 minutes—instead of the usual 60—and having more classes per week.

Enrollment is scheduled for Friday and Saturday; classes begin Monday in the first session.

# Two Young Men Hurt as Car Goes Off Highway 35 Near Wayne Wednesday

Two young Wayne men were injured as a 1966 car went off Highway 35 2 1/2 miles west of Wayne early Wednesday morning. The car was a total wreck but the boys' injuries were thought to be minor.

David Longe, son of Mr. and Mrs. Rollie Longe, was driving when the car left the road on the left side. The vehicle hit the driveway into the Leroy Echtenkamp farm yard, sailed almost 30 yards through the air before touching ground again and then was smashed up as it rolled, coming to a stop on its wheels.

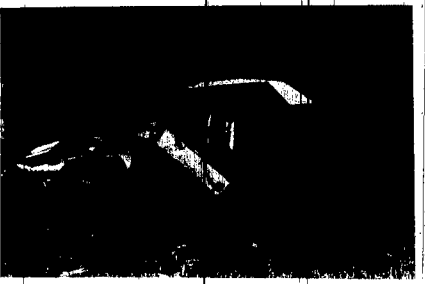

In the back seat of the car lying down was Jerome Eulberg, son of Jerry Eulberg. He was not thrown from the car. Longe was the driver. Don Weible, who investigated, that he pulled Longe from under the car.

The Echtenkamps were awakened by the sound of metal being smashed up. They went out to the scene just in front of their house and brought the boys in, summoned the sheriff and

the boys were taken to the Wayne Hospital. Dr. Roy Matson spent several hours working with the boys. The accident had occurred at about 1:30 and it took quite a while to check the boys who were sore and bruised. Longe suffered cuts on the head and face and his condition was reported good later in the day, although he was in considerable discomfort due to the facial cuts. X-rays were to be taken to determine if there could be internal injuries.

Eulberg was less seriously injured. He seemed to be sore from bruises incurred from being tossed about in the car. Sheriff Weible said the car went 42 feet from the point where it left the highway to the point where it stopped. He thought the car would be considered a total wreck.

Longe is here visiting his parents enroute to Ft. Myer, Va., where he is to be based as an honor guard. He is being transferred there from Ft. Lewis, Wash.

TWO YOUTHS were injured Wednesday morning when this car went off Highway 35 west of Wayne.

A Worthy Request From Mark Twain In 1893, as Secretary of Agriculture under the Cleveland Administration, J. Sterling Morton set out to give the department an economical and efficient administration. One of the most controversial issues was the distribution of free seeds to agriculturalists throughout the country. Morton found this practice to be largely inefficient and for the most part utilized by congressmen to curry favor with their constituents. Withstanding heavy congressional criticism, Morton maintained that the bureau of seed distribution should be disbanded. However, the following correspondence from the Morton papers in the Nebraska State Historical Society reveals that Morton was not altogether consistent in his opposition to the policy.

Dear Sir,—Your petitioner Mark Twain, a poor farmer of Connecticut—indeed the poorest one there in the opinion of envy—desires a few choice breeds of seed corn and in return will zealously support the Administration in all ways honorable and otherwise. To speak by the card, I want these things to carry to Italy to an English lady. She is a neighbour of mine outside Florence, and has a great garden, and thinks she could raise corn for her table if she had the right ammunition. I myself feel a warm interest in this enterprise, both on patriotic grounds and because I have a key to that garden, which I got made from a wax impression. It is not very good soil, still I think she could raise enough for one table, and I am in a position to select that table. If you are willing to add and abet a will-

ing man (and Gilder thinks you are) please find the signature and address of your petitioner below. Respectfully yours, Mark Twain No. 67 Fifth Avenue New York P.S.—A handful of choice Southern water-melon seeds would pleasantly add to that lady's employments and give my table a corresponding lift.

Dear Mr. Mark Twain,—I have your note of the 18th petitioning for choice breeds of seed corn and promising in return therefore to support the Administration in all ways, honourable and otherwise. The support you offer is so strong that the seed corn is forwarded at once. It is hoped that the "crop of support" may be much larger than is now promised among some of our friends in New York.

I am much pleased that you are to become an agent for the introduction of corn as a food among the Italians, and it is to be hoped that by a vigorous effort on the part of the English lady who is to cultivate the cornfield and a strong appetite upon your part when the corn shall have been grown and boiled, that this delicious food may be popularized among the dejected consumers of macaroni. The water-melon seeds are also sent, and will no doubt produce fruit calculated to inspire a fancy among all the youthful lazzaroni who may long for lusciousness.

Very truly yours, J. Sterling Morton

On October 12 Flanagan and his men were ordered to turn in their arms and return to Fort Leavenworth. They met a stage-coach at Gilman's ranch which had been attacked the previous day and accompanied it eastward. Soon a lone Indian was observed on a bluff, ten minutes later the stage and the little group of soldiers were charged by fifty Indians. Flanagan formed the men, nineteen in all, into a line. There were only seven revolvers among them as they turned in their arms. Luckily the Indians halted for five minutes and then retreated into the hills.

Flanagan and his men were reformed at Fort Kearny and proceeded down the trail to Fort Leavenworth. In his report he advised that in future Indian expeditions artillery be left behind because the enemy presented no solid target and the cannon were an

libraries, contains accounts of many adventures. Some of the action recorded took place in Nebraska. It was not between Union and Confederate troops but between the Union forces and the hostile Sioux and Cheyenne.

In November 1864 Lieutenant Thomas Flanagan, Sixteenth Kansas Cavalry, reported on his activities of August, September and October. His report is a good description of the difficulties of fighting Indians. It also gives a segment of the history of Nebraska.

Flanagan left Fort Leavenworth, Kansas on August 11, 1864 with thirty-five men and two pieces of artillery. They traveled by steamboat and were bound for Omaha but were forced to disembark at Plattsmouth because the Missouri River was too low for navigation beyond that point.

They left Plattsmouth on August 17. After they had traveled about forty miles to the west they met about two hundred men, women and children fleeing eastward. The people were afraid of Indians and were abandoning their homes. Flanagan thought that they were foolish. He noted that passing wagon trains tore up fences at abandoned farms for firewood.

Flanagan and his men arrived at Fort Kearny on August 24th in time to join Generals Curtis and Mitchell on an expedition against the hostiles. Near Plum Creek they saw eleven graves of people killed in the massacre of a wagon train which had happened on August 8. They traveled to the Republican River and the Solomon in Kansas. The Pawnee Indian Scouts with the expedition killed buffalo but no Indians were seen. Their camps were found and an Indian pony was discovered but no battle fought. On September 9 the troops started back toward Fort Cottonwood (later called Fort McPherson) because the horses were getting into poor condition due to the long marches and lack of corn. On September 16 while near Medicine Creek they thought they saw Indians and charged only to find that the supposed Indians were an independent company of

incumbrance to rapid travel. Read and Use The Wayne Herald Want Ads That Do the BIG Job.

**City Grows, County Drops in Estimate** Wayne is one of the fastest growing cities in Nebraska, according to an estimate by the University of Nebraska college of business administration. Paradoxically, Wayne County is losing population while the county seat grows. The city is credited with a gain of 435 population since 1960. The county is estimated to have lost 246 people. This means the area of the county outside the city of Wayne has to have lost 681 people, the city's growth failing to overcome the rural area loss. Once again the strangest situation is in Cumming County where West Point is estimated to have gained 1,010 people but the county has lost 85. This means the rest of the county outside the county seat has to have lost 1,095 people! No other situation in the area quite matches this Cumming County record. Norfolk is among the cities estimated to show a gain although not growing as fast as most cities of over 10,000. Norfolk gained 11.3 per cent. Showing bigger percentage gains were Omaha, Grand Island, Fremont, Bellevue, Kearney, Columbus and South Sioux City. The latter moved up from 7,200 to 8,949. Here's the picture for all area counties, 1960 population first and 1967 estimated population next: Bert, 10,196, 9,546; Cedar, 13,368, 13,537; Cumming, 12,435, 12,350; Dakota, 12,168, 13,372; Dixon, 8,104, 7,500; Knox, 13,300, 13,660; Madison, 25,674, 28,354; Pierce, 8,722, 9,101; Stanton, 5,782, 5,264; Thurston, 7,207, 7,184; and Wayne, 9,959, 9,733.

**SWEDEREDRICKSON**, center, of Fredrickson Oil Co., Wayne, was selected by R. F. Goodrich to market the radically new "Silverton Radial 990" tire. Dan Newsome, manager of radial tire sales from Akron, Ohio, and H. E. Mortenson, zone manager from Omaha, explains the difference in design and construction of the new tire contrasted with conventional tire. Radial-ply construction results in 60 per cent more mileage, greater stability and control and lower fuel consumption, Fredrickson learned. Cords run radially from bead to bead at right angles to the direction of travel instead of diagonally in a criss-cross fashion as in regular tires.

The committee that will purchase art for WHS will go to Sheldon and Joslyn Art Galleries and other places to get ideas. They seek art that will be as popular 15 years from now as it is today.  
Anyone wishing to help with this project may contribute by sending a check or money order made out to "High School Art Fund Committee." On the committee are Mrs. Jan Reed, Mrs. Helen Bressler, Mrs. Ginny Seymour and Gary Woodward.

### Killer

(Continued from pg. 1)  
never heard of the disease. Still, the WCC's points out, doctors recommend the procto check as one that should be in an annual health checkup by every person.  
Procto has been known for 50 years but 80 per cent of the doctors do not include it in their regular checkups. WCC's is recommending it be included in all checkups, especially for people over 40 years of age.  
What is a procto? It is made with a lighted tube passed into the rectum and lower colon to inspect walls visually. It can save more lives from cancer than any other phase of the annual checkup.  
The cancer that develops in the colon or rectum grows slowly and silently at first. It remains small and confined to one site. Then it gets larger, causes bleeding, results in changes in bowel trouble and by then the victim could be in trouble. Detecting the disease before symptoms appear is most important, doctors say.  
Wayne County residents are urged to talk about rectum-colon cancer—if not with anyone else, at least with their doctors. While they're thinking about it, they're urged to give to the Cancer Crusade now going on. Money could bring about the research that cures this unpreventable type of cancer plus all the other killing types of "the most hated disease."

### Ambulance

(Continued from pg. 1)  
is taken in each month. Whatever is required to cover costs, the county will cover.  
Also to be provided by the county is the radio at the base station and in the ambulance. The city will pay for radios in the police cars which will be used as a "back-up service" when the ambulance is on a call.  
The hospital will man the ambulance since nurses are on duty there 24 hours a day. This does not mean all those using the service will be brought to Wayne. On the contrary, each patient will be taken to any hospital he chooses.  
Who will drive? Wayne has three qualified ambulance drivers who can drive. Charles Thomas, hospital administrator, Rowan Wiltsie and Claude Harder.  
A question was brought up about rescue units. It is noted that these units do not qualify for Medicare because registered nurses are not always on duty.  
Rescue units are also not suitable for over-the-road use and are not built

for handling injured persons, it was pointed out. Mainly they are for use in giving first aid and emergency care.  
The fire rescue squad and the police department in Wayne do not have the trained personnel in the field necessary to man the ambulance. It was pointed out. However, these two departments could be used in case of emergency such as storm, fire or other disaster.  
Where will the ambulance be housed? It is not known yet but consideration is being given to a plan calling for a building at the hospital in which the ambulance would be kept. The matter has been turned over to the council's building committee.  
Bids will be sought on the ambulance soon. Hisecox and Wiltsie are both discontinuing their ambulance service soon and then they city and county will be "in business" to provide the area with the service.

Judges for the displays were Mrs. Arden Melchoir, Stanton, Mrs. Merlin Anderson, Wisner, and K. N. Parke, Wayne. They were generous in their praise for the multitude of interesting items on display throughout Wayne. The clerks and businessmen in their old-fashioned clothes, the parade and other special events.  
People spent Thursday through Sunday looking in windows. Many could not see everything in one visit so they came back again and again. Many spent Sunday afternoon touring the shopping area looking at displays.  
The parade was a success with the WHS band, the county centennial queen, the mayor, Wayne Saddle Club color guard and riders, 23 antique cars, two antique trucks, mules with buggy, three old tractors, old sleighs, golf cart and police cars.  
Amy Corvell carried the colors and Mayor William Koerber rode in a 1918 Lexington owned by Lyle Cleveland. Nancy Falk, Hoskins, was in the queen's car.  
Wayne County Historical Society had over 100 registers at the lounge provided for pioneers. Details on that event and the Jaycees run-running shoot-out are contained in separate articles.  
It was a great series of days—as one merchant put it, "the best promotion and good will booster in years."

than surrounding soils and farmers complain of getting stuck in them.  
Acid-forming chemicals such as sulphur or gypsum applied at about two tons an acre should help, these spots, Kerl said. Manure applied heavily helps. Since spots are small, the cost of treatment should not be too high and it's sure worth a try.

ROBERT BAIER, son of Mr. and Mrs. Julius Baier, Wayne, has enrolled in a course in auto mechanics at Universal Trades School, Omaha. The course starts May 29.

### Math Honor

(Continued from pg. 1)  
Diane Main, Kirk Troutman and Linda Gohring. Four were named on the second team, Keith Krueger, Don Longe, Lois Dierichsen and Barbara Gallop. Miss Mann and Troutman were named to the "top 40" in the state.  
There were 178 schools entered with 48 in the median team score. Winside's score for the test was 102.5, good enough for tenth in the state in competition with schools of all sizes.  
The top three pupils' scores were considered for each school. Word of the honor was made known at the athletic-awards banquet Tuesday night.

### Home Helps in Area

Lee Loerch, Tekamah, trustee of the Nebraska Children's Home Society, Omaha, reports area counties were served by the home the past year. Two children and unwed mothers in Wayne County were among those served. In all, 166 children were placed for adoption, 530 were cared for along with 132 unwed mothers and additional services were rendered. Most couples who apply for babies for adoption are able to get their child within six months, a report from the home reveals.

### Dozen Allen Pupils Tops Scholastically

A dozen Allen pupils had top A's in grades, the past six weeks. Supt. K. R. Mitchell reports. Four had all A's in five classes and the rest all A's in four subjects.

Those with five A's were Lucinda Birchert, Margaret Ankoy, Wayne Rasmussen and Donald Ankoy, one from each grade. Those with four A's were Dennis Geigler, Tyler Roester, Craig Schull, Della Lindahl, Connie Nathan, Carl Jeffrey, Carl Tippalt and Paulette Thuman.

Others of the honor roll with all A's or B's were William Sachin, Cynthia Ellis, Linda Rasmussen, Jeanine Emry, Kathy Lockson, Roger Lauer, Maria Bubek, Jean Duran, Dale Jackson, Duane Sabbe,

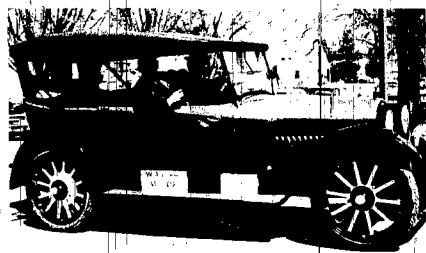

Vernon Puckett and Nancy Rastede.

### Ikes Working at Lake Saturday

Lake Walton League members will work on improving the Ikes Lake area Saturday afternoon and evening. Norris Weible, president, wants as many members and friends as possible to show up and help out.

Planting of 50 Nanking cherry trees will be one of the big projects. However, a general clean-up is in order so tools of all types, rakes, shovels, hammer, etc., will be needed.

While reports biologists from the state game commission have visited Ikes Lake to look over the mosquito problem. Samples were taken for analysis of plant life and recommendations for action will be given later.

WAYNE'S MAYOR, William Koerber, is shown as he took off his hat to greet bystanders for the antique car parade

TREE PLANTING operations got underway this past week in Wayne County. Merlin Biermann's two sons, Mike and Mark, are shown on the tractor. Joe Durcay and his son, follow along watching the machine at work.

want to know how to help the pupils plan their programs of studies.  
Information will be given on extra-curricular activities available, requirements for graduation, school policy and general school regulations. Several course changes will be made and new courses will be added so there will be information on these plans.  
Vocational emphasis will be noted in several departments. Advice for plans and answers to questions will help those planning to attend WHS next fall to be better prepared.

### Tree Planting Gets Underway

Tree planting operations in Wayne County began Sunday. The Soil Conservation District had its planter in operation on the Merlin Biermann farm southeast of Wayne.  
Joe Durcay is operating the planter for the district, according to Arnold Marr, unit conservationist. He expects to plant around 20,000 trees in the county this spring.  
Marr reports many of the county's attractive farmstead windbreaks have been started since the dis-

trict purchased a planter in 1960. The planter can put in 600 trees an hour far faster than hand planting.  
Biermann planted evergreen trees for the most part because they are not only attractive but they hold foliage in the winter and thus stop a lot of snow and wind. He plans to use chemicals to control weeds.

THREE 'OLDTIMERS' were photographed at the Wayne County Historical Society lounge Saturday. Left to right are Mrs. Otto Black, 70; Otto Black, 86; and Mrs. Anna Bright, 99.

Historical Society Facilities Popular.

The lounge facilities maintained in the Woman's Club Rooms at the Wayne City Auditorium Saturday proved popular. Oldtimers gathered and many friends came to visit them there. Mrs. Anna Bright was the oldest person to register. She is 99 this year and resides at Dahl's Retirement Center.

Otto Black, Wayne, longtime resident of Carroll, had lived in Wayne County the longest period of anyone registering. He has been in the county 86 years. His wife, born here, has lived here 79 years. Over 100 registered at the lounge. After a day of parades, viewing displays in the windows and greeting longtime friends, a place to sit down and relax with friends and refreshments was a welcome sight. Wayne County Historical Society sponsored the lounge for the day and members brought the refreshments which were served visitors.

Antique Car Leaves Parade, Turns Over

A 1928 Ford that had appeared in the antique car parade in Wayne Saturday overtook between Winsie and Hoskins after the parade. It had been driven over from Norfolk and was being taken back when the wind came up. Trooper D. Matejka, who investigated, said Karl Gubser, 15, was driving with a learner's permit. He was accompanied by his father, Dr. E. A. Gubser. The trooper said the young driver lost control of the high-wheeled car in the wind on the curve by the Dale Deck farm. The car tipped over on its side

and slid down the highway. Gubser said he lost control when his hat blew off and he grabbed for it. He suffered cuts and bruises and his father injured his hand, undergoing surgery that evening at a Norfolk hospital. Hoskins Rescue Unit took them to the hospital. There was little damage to the antique car.

Scouts Fly Kites Despite 'Breezes'

The Cub Scouts from Pack 175 seemed to have picked a perfect day for a kite-flying contest when the competition began at 2 p.m. Sunday. But by 3 o'clock the wind had become so strong that many of the kites were permanently grounded due to broken strings, torn paper, or splintered wood. All of the boys got a chance to demonstrate their aviating ability in the first hour of good

kite-flying weather, but only the strongest kites lasted the whole afternoon. Medallions were awarded Damon Rockwell for the highest kite, Jack Froehlich for the farthest out, and Kevin Wittig for the kite that stayed longest in the air. A key chain was presented to Greg Anderson for the most imaginative kite. Cub Scout combs were awarded to Mark Cramer and Brian Hedrick for the most scout-minded kites.

A blue ribbon was given to Ralph Arett for second place in the farthest out division. Brad Hedrick won a red ribbon in the same division. Eddie Fletcher won a red ribbon for second place in the division for longest in the air. Red ribbons were also awarded Doug Straight, Randy Milligan, Virgil Kardell and Mickey Kemp for well-made kites. Bob Meyer and Gene Fletcher were in charge

of the competition. However, credit must be given to their wives for doing all the arranging, judging, and scoring tabulation.

**GOOD GUYS WIN:** In a high jinks prelude to Saturday's parade in Wayne, local Jaycees staged a cop-and-robbers type shoot-out at the corner of Third and Main. As usual, the good guys won and are shown here lugging the debris of the gun battle to the police pickup. Ken Dahl and Mary Young are shown taking the last of the bad guys away. Taking part in the plank were Dahl, Young, Don Stadus, Jim Marsh, Dave Dolph and Larry Stevenson.

**Jaycees Hold 'Chase' During Bargain Days**

Wayne Jaycees put a lot of life into the bargain days observance Saturday. They were up and down the streets in two cars, firing guns, hauling away "bodies" and in general cutting up and having fun.

The young men of the city whooped it up as "cops" chased "rum runners." The good guys won, as everyone knew they would. Just in case anyone had doubts, the cops paraded through the streets with the bodies of the bad guys laid out in the back of the paddy wagon. Jaycees had borrowed some starting pistols from the coaches of the area and although they were realistic enough they could not be fired or loaded fast enough. If oldtime law officers had depended on guns that were so slow the bad guys might have won!

EVANGELICAL FREE CHURCH, Concord, looks like this with the new brick addition on the front. It will be dedicated Sunday afternoon.

### Concord's Evangelical Free Church Will Dedicate New Addition Sunday

A dedication service for the new addition to Evangelical Free Church, Concord, will be held Sunday, Apr. 23, at 2:30 p.m. Rev. Marvin Westlund, superintendent of the midwest district, Evangelical Free Church of America will speak.

The public is invited, according to the pastor, Rev. Marvin Litorja. Following the service, refreshments will be served and the building will be open for viewing.

The new brick addition provides three classrooms, an enclosed entrance and a study for the pastor. Extensive remodeling was also done to the interior of the main church.

Folding wooden doors were removed from the sanctuary overflow room and sliding glass windows were installed. A new kitchen was provided in the basement with the old kitchen divided to provide two more classrooms.

Carpeting has been laid throughout the new addition. It was also put down in the old entryway and in the overflow room.

THIS IS how Evangelical Free Church, Concord, looked prior to building the new brick addition on the front.

TWO DANCES were visited Saturday night by young people at the Allen square dance. The other is of young people at the Wayne teen age dance. There were big crowds both places in Allen they had to open the fire hall doors and let some of the squares dance outside in front of the hall. In Wayne there was room for only a portion of the dancers on the floor at any time.

PRETTY MISSES! — Many admiring glances followed the progress of these two young ladies as they visited Wayne Saturday costumed in dresses of a long ago period. They are, left to right, Julie, 5, and Heidi, 4, daughters of Mr. and Mrs. Con Munson.

Mrs. Larry Lubberstedt and family were guests Sunday evening in the Norman Lubberstedt home to help Keith celebrate his birthday.

Mr. and Mrs. Howard Florke and family, Sioux City, were supper guests Sunday in the Vincent Kavanaugh home.

Mr. and Mrs. Frank Koester, jr. and Kerry, Dakota City, and Mr. and Mrs. Frank Koester, sr. and John Harms, Sioux City, were guests Sunday in the Myron Dirks home.

Mrs. Felix Patefield and Oscar Patefield, Coleridge, were visitors Sunday in the Garroll Jewell home.

Saturday Mrs. Ronald Ankeny and Margaret were visitors in the Charles Potter home, Sioux City.

Mr. and Mrs. Ray Chambers, Dakota City, were dinner guests Saturday in the Dick Chambers home, Frances Turner, Sioux City, was an afternoon visitor.

Mrs. MelFred Peterson, Hinton, Ia., a former Dixon resident, underwent surgery Thursday at a Le Mars, Ia., hospital.

Mr. and Mrs. Woody Swatos and family, Bloomfield, were dinner guests Sunday in the J. C. McCaw home.

Mr. and Mrs. Dick Schooley were visitors in the R. D. Schooley, jr. home, South Sioux City.

Mr. and Mrs. J. C. McCaw were dinner guests Sunday in the L. C. Doeschler home, Wayne, to celebrate Kenny's birthday.

Mr. and Mrs. Glen Conklin and Mrs. Madge McMullin, Craig, were dinner guests Sunday in the Ed Sala home, Lincoln.

Kevin Chambers, Dakota City, was an overnight visitor in the Eldred Smith home, last Saturday.

Mr. and Mrs. Gary Oxley, Creighton and Mr. and Mrs. Don Oxley and Darlene visited last weekend in the Neil Oxley, George Oxley and Richard Oxley homes, Omaha.

Dinner guests last Saturday in the M. P. Kavanaugh home were Mr. and Mrs. LaVern Kavanaugh and family, Lincoln, and Fr. John Rizzo.

Mrs. William Eckert, Dixon, Mrs. Elmer Christensen, Allen, Mrs. Oscar Kaddell, Laurel, and Mrs. Elsie Whitney, Carroll, were among the district WSCS officers who attended the annual state meeting of the group Monday through Wednesday in Lincoln.

Vern Fairchild made the arrest. Speeding was also the charge filed against Robert Wilson, Cherokee, Iowa. He paid a fine of \$15 plus court costs of \$5 for the complaint signed by Sheriff Don Washle.

The final case on April 17 was against Jeffrey Meincke, Charles City, Ia., for speeding. Sheriff Washle made the arrest which resulted in a fine of \$10 plus costs of \$5.

### Allen High Has Music Program

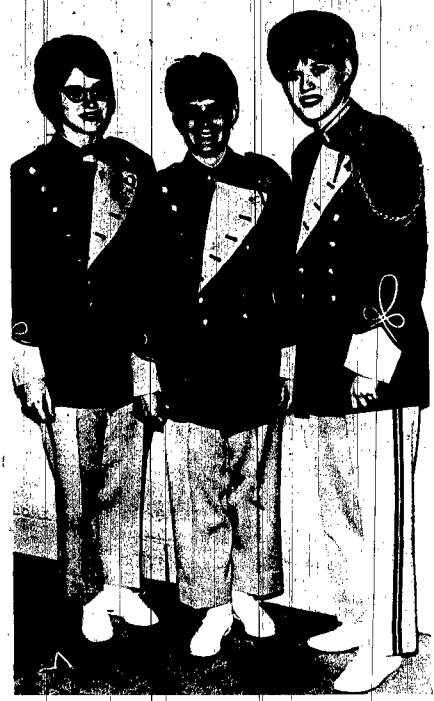

Patrons of Allen High School sat through a three-hour music program Friday

evening and seemed to enjoy it all. Numbers were those to be presented this week at the district music contest in Wayne.

Mary Jeanne Ducey directed the instrumental and vocal numbers of soloists and groups. Accompanists were Jean Durant, Cindy Ellis and Mrs. Marie Ducey.

Large groups included the girls' glee club, concert band and mixed chorus. Smaller groups included the girls' trio, triple trio, brass sextet, woodwind choir and clarinet quartet. There were 16 solo numbers, instrumental and vocal.

Four students from Wayne State College served as "judges" for the pro-

### Eight Draw Fines in County Court Action

Speeding again was the major complaint brought before Judge David Hamer in Wayne County court during the past weekend. All but two of the complaints filed from Friday to Monday were the result of drivers who exceeded the speed limit.

April 14 Ronald Schiefer, Omaha was fined \$10 for speeding and \$10 for possessing no operator's license. Court costs of \$5 were added to the fines. City policeman Keith Reed signed the complaint.

The same day Dennis Miller Moorhead, Iowa paid \$10 plus \$5 costs on a speeding charge filed by patrolman Louis Svoboda. The final case of the day was one in which Pat Young, Laurel, was assessed \$10 and \$5 costs for speeding. Patrolman R. Mavis was the arresting officer.

April 17 Wayne Motor Express, Wayne, was charged \$130 for overweight on axle and \$10 for over-weight on capacity plates. Scale operator A. Buchholz signed the complaint.

David Lockwood, Calumet, Iowa paid a fine of \$10 and \$5 court costs the same day for speeding. City policeman E. L. Hailey filed the complaint.

April 17 William Gutierrez, Lexington, Nebraska was fined \$25 plus costs of \$5 on the charge of intoxication. Police Chief

**TIGHT SQUEEZE!** This barn was being moved in Concord last week. Then efforts were made to take it down an alley between a pole and a barn. When this picture was taken it was one tight fit. The men were trying to figure out what to do next. The boys were thinking it was a great show.

## Testing Goes On at Wayne City Schools

It doesn't have to be the end of a nine-week period, semester or school year for testing to be going on at Wayne High School and Wayne Elementary School. Tests and results of tests are highlighted this week.

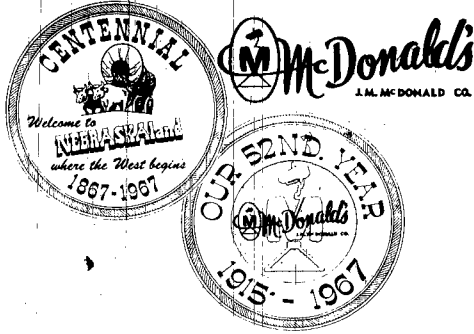

Kan Deissler, guidance counselor, reports IQ tests being given to the fourth through ninth grades. This will give IQ scores for all pupils going to Wayne Middle School next fall. Differential aptitude tests were taken by the sophomores in March and results were given out in English classes this week. The tests are designed for the pupils' use in learning more about themselves rather than for use of teachers.

Deissler was planning to learn more about testing this week. A testing workshop was scheduled in Wakfield Wednesday and he planned to take that in.

**TERRY CARSTENS**, son of Mr. and Mrs. Henry Carstens, Wayne, has enrolled in a course in auto body and fender repair in a class starting May 29 at Universal Trades School, Omaha.

sand greens, etc.? They are slipped in the paper just before it goes to the camera. We DO NOT put them in ourselves. We have a couple of comedians working in the back shop, Ray Murray and Lloyd Manske. They are responsible for those little "fillers" slipping in now and then (much to our dismay). They also do the "art work" on those "Out of Old Nebraska" pictures. We hope you understand our situation. We don't want those items about our comings and goings put in but they do get by, thanks to the jokers in the back shop. And to think we gave them "bouquet of the week" once.

SASS  
A nearsighted gentleman browsed through the antique art store and finally asked: "How much is that ugly old statue in the corner worth?"  
"About twenty thousand," whispered the horrified proprietor. "That's my wife."

SASS  
Our bouquet of the week goes to Esther Larson. If you don't know her you must be new here. Mrs. Larson is one of those untiring workers who can help every drive, every promotion and every good cause. She says she sometimes believes that people see her approaching and know she is going to be selling something, whether it be poppies for the veterans' benefits, tickets to the Wayne County Historical Society program or chances on a charity prize. One thing is sure, if there is any competition for selling the most in any of these fund drives, she could usually win. She goes at the work with a vengeance and she spends hour after hour working, more often than not for the good of someone else, some worthy cause here or elsewhere. She does a job that has to be done, that needs to be done and usually gets done. If she were not available, three other people would be needed to do the work she does. There are a lot of organizations and individuals who owe her a vote of thanks. Our contribution will be this bouquet, but we admit it is highly inadequate.

SASS  
There's a movie coming we think you should see. It's called "The Restless Ones" and it pulls no punches on the problems facing teenagers. It's a movie made for adults to see with their kids. Every parent is being urged to see it and to see that the teenagers in the family see it too. Not only does it tell the problems of the young but it offers the answers to the problems—the Christian answers. You'll hear more about this movie coming to the Gay Theatre under church sponsorship. We hope you will attend.

SASS  
Shmoe: "My new girl must not be a very good cook."  
Joe: "Why do you say that?"  
Shmoe: "I've had dinner with her family several times when she has prepared the food and every time the family prays just before they eat."

"I'm warning you," said the exasperated piano teacher, "if you don't start behaving, I'll, I'll, I'll..."  
"You'll what?" replied the defiant little boy.  
"I'll tell your parents you have great talent," responded the teacher.

We have a new delightful use for our cable-TV connection. We had our FM radio hooked on and now we get about a dozen stations. One of the new Omaha stations is on 24 hours a day with the best music yet. We have a real choice of good music and we appreciate it as much or more than we do the extra television channels. We saw "The Smothers Brothers" Sunday for the first time—not available from Sioux City. We also saw the birth of professional soccer on TV and that was enjoyable. This summer there will be more baseball offered too and other attractions. We're sure we are going to get more than our money's worth out of cable-TV this summer (and then there's next winter!).

Mrs. Newbywell asked the grocer: "Don't you think these eggs are rather small?"  
"Indeed I do," agreed the grocer. "But that's the kind the farmer sends me."  
"Yes," said the city bride, "that's the trouble with the farmers. They're so anxious to sell their eggs that they take them out of the nests too soon."

WTC Meets

A number from here attended the WTC meeting with Mrs. Lydia McGuire Friday afternoon. Mrs. Lawrence Ring led in devotions and Mrs. Elnor Ekberg presented the program on legislation. Plans were made for distributing south temperance leaflets for the week of April 23-29. Mrs. E. B. Hyspe reported on a meeting she attended in California. Mrs. McGuire was assisted with serving by her daughter, Georgia of Lincoln who came for her mother's birthday of Wednesday. Mrs. Ekberg will entertain the group in May.

The Hob Fredrickson family, Sioux City, and the Bertil Larsons, Emerson, were supper guests Sunday in the Orville Larson home. Mr. and Mrs. Dale Chicoine and David, Jefferson, S.D., visited in the Walter the home Thursday afternoon.

Rural Home Society will meet with Mrs. Ed Sandahl Thursday afternoon. Mr. and Mrs. Glen Olson took Mrs. Art Odegaard, Mrs. Ray Gamble and Raymond Granquist to Lincoln Sunday to visit Elnor

## Concord Family Has 'Wedding Ring Rain'

The Jerry Alvin family at Concord is beginning to wonder if it didn't rain wedding rings in their yard at one time. Two have been found there the past two weeks.

Jerry Alvin found a woman's gold band last week. It is a style from years gone by so they have no hope of finding out who owned this extremely small ring.

Her brother, Jim, found a man's wedding ring several days later. The family hopes to find the owner of this one, which is an extremely large ring.

The Alvins do not believe there is any connection between the rings, one being old and the other new. It is quite a coincidence, however, that both were found in the yard in a comparatively short period of time.

## Police Have Busier Weekend Than Usual

Wayne police had a busier weekend than usual this past week. Cars, kids and their own "break-in" job were included in activities. In addition to the three accidents investigated, routine patrol by car and foot and checking traffic and parking.

Two runaway kids were reported. There was talk of calling firemen to help search but the youngsters were found in Wakefield before that was necessary. A car was reported missing downtown. The owner, a college student, was taken to the campus and his car located. Someone apparently needed a ride to the campus.

Cars racing and cars driven across lawns were also reported. One resident complained about trash being buried on Sunday—a violation of city ordinances. A resident was located who was wanted at home where a relative was sick.

Finally, the police broke into a house. A friend had found a woman sick inside her locked home. She had fallen and was unable to get up. Police were called, they helped break in, helped the woman to a chair and then called for a doctor to give her medical attention.
