'Sound of Music' to Offer Variety in Scenes, Music

Seldom does a high school production offer such a challenge as "Sound of Music" does. That musical will be presented Thursday and Friday nights at 8 p.m. in the Wayne City Auditorium and 13 scenes plus many types of music will offer variety.

The scene of the action is Austria but the stage scenes include a mountain-side, office, abbey, corridor, garden, bedroom, terrace, cloister, concert hall and living room among others. Considerable work has gone into preparing the scenery.

Sallie Bergl has the lead role as Maria played by Julie Andrews in the screen version. Karen Wills, Joan Brandstetter, Mary Stevenson and Jo Merriman have other prominent roles.

Some youngsters had to be brought into the production to play the Von Trapp children. In all there are 26 speaking parts, ranging from one or two lines to the lead by Maria.

Clayton Southwick is director, Milton Jensen in charge of acting, Chet Christensen in charge of scenery and lighting, Donald Schumacher orchestra director and Marcia Olson student director.

Students make up the technical staff for lights, properties, tickets, sound effects, costumes, publicity, scenery and make-up. Many others have helped, so many that it is impossible to list them all here.

Tickets are still on sale at Wayne Music Store and Dale's Jewelry. They may also be purchased at the box office each night of the production.

County Extension Club Tea Friday in Hoskins

The annual extension club tea for Wayne County will be a centennial affair. It is scheduled Friday, May 12, at Hoskins Public School with registration from 1 to 1:30.

With the centennial theme, clothes and program numbers have been planned around a salute to Nebraska. "I Wanta Ask Ya, About Nebraska," is the theme, coming from a song of World War I.

Mrs. James Robinson, Hoskins, is home extension council chairman. Mrs. Arnold Wittler, Hoskins, is spring tea chairman.

A centennial chorus, Indians, cowboys, pioneers, flappers, World War I personnel and others will make up the cast. All will appear with narration telling the story as written by the spring tea committee.

Women from county extension clubs will participate in music, words and costumes showing the history of Nebraska. All residents of the area are invited to attend what has been called "the type of program that should be scheduled for other events so the fun can be shared and the work on costumes, numbers and rehearsals will not be lost after a single performance."

John Phillip Sousa award for the outstanding senior bandman went to Mark Johnson, Carroll; National Music Boosters honors to many.

Allen Band Mothers are sponsoring a bake sale Saturday, May 13, from 9 a.m. to 4 p.m. in the Fire Hall. Pie and coffee will be served. Proceeds are to be used for the summer music program and uniforms.

Mother's Day will be observed at United Presbyterian Church, Wayne, with the congregation asked to wear authentic or centennial clothes. Pastor John Voth plans to wear an old-time pastor's outfit and will preach a fire and brimstone sermon typical of the 1870's. Everyone is invited.

Area Shippers: Shippers to Omaha included Lloyd Hugelmann, Wakefield, 19 hufers, wt. 994, \$24, and 9 steers, wt. 989, \$24. Jimmy Murphy, Wisner, shipped 17 spring lambs, wt. 100, \$28.25.

Winside Child Dies in Mishap in Farm Yard

A five-year-old Winside girl, Pamela Sue Hoffman, was killed Saturday when the wheel of a manure spreader passed over her in the farm yard as she was returning from the field with her father and two older brothers.

The little girl had gone to the field with her father and her brothers, Brian and Bob. They had worked on fixing fence, played and then returned to the house.

Brian and Pam were riding in the spreader seated on the floor while the father, Russel Hoffman, and Bob rode the tractor. They were just about to stop when Hoffman looked back and saw his daughter lying on the ground.

He rushed her to a Norfolk hospital but doctors pronounced her dead on arrival.

It is not known what happened for sure but some feel that the little girl, excited about just being back to the house had gotten ready to get out and had fallen over the side. This is theory, however, and the facts may never be known.

Pamela Sue was born July 8, 1962 at Norfolk. In addition to her parents and brothers she is survived by her grandparents, Mrs. Rosie Hoffman and Mrs. Mrs. Herman Jaeger, all of Winside. One brother, Scott Douglas, died in 1961.

Final rites were held Monday afternoon at St. Paul's Lutheran Church, Winside, with Rev. H.M. Hilpert officiating. Burial was in Pleasant View Cemetery, Winside.

Music was sung by Mrs. Dwane Hintz, Mrs. Dean Janke, Mrs. Leroy Damm, Mrs. Paul Danberg and Jacqueline Skaven as accompanied by Mrs. Carl Ehlers. Pallbearers were Dan Jaeger, Mike Jaeger, Dave Witt and Fritz Weible.

Honor Students Friday at Feed

The top pupils of Wayne Elementary Schools, St. Mary's School and Wayne High School were honored at the third annual scholastic achievement banquet sponsored by the Wayne Kiwanis Club Friday night at the Birch Room, W.S.C. Dr. James Maly, Fullerton, gave a detailed review. See HONOR STUDENTS, pg 8

City Ambulance Service Will Start Next Monday

The city of Wayne enters the ambulance service business at 12:01 a.m. Monday. Two minutes earlier the county's only two private ambulance services will discontinue service.

Hiscox and Wittne in Wayne operate ambulances but will quit at midnight Sunday night. The city is taking the service over in order to give the county service, the venture being a joint operation with the county under city operation.

A used ambulance has been purchased from a Wisner mortuary. It is oxygen-equipped now and will soon be radio equipped. A police station wagon to be used as a patrol car and a "back-up vehicle" when the ambulance is out on call, was scheduled to arrive this week.

Charles Thomas, administrator at the Wayne Hospital, said hospital personnel will man the ambulance unit. It can be taken anywhere in the county and can take patients to any hospital in the area.

At present the city ambulance is being kept in the open behind the hospital. The needed ambulance service will have to call 375-3800 (the hospital) for the ambulance after midnight Sunday (Monday morning, that is).

Yeri Harris, Lincoln, is conducting the survey. He is with the program and planning division of the state highway department.

According to Harris, the survey is strictly routine and has nothing to do with the ideas advanced for traffic controls at Seventh and Main. The state is covered by such surveys regularly, the process taking around ten years.

LaPorte Cemetery is beginning to look "alive" again. A lot of work was done on it by less than two dozen workers Saturday.

College students made up about one-half the volunteers. They did not lack for enthusiasm and the spirit in which they entered the project was an inspiration to all present, mostly members of Wayne County Historical Society.

The collegians are planning another clean-up day on their own. They even talk of putting in flower beds and doing other work to make what was once an abandoned weed patch with hidden grave stones into a peaceful tree-shade grass-covered beauty spot.

Wayne County Public Power District and the county of Wayne supplier workers and equipment to help out. Debris was burned, trees trimmed and other work done in a six-hour period.

The stand of what appears to be native grass of the blue grass variety appears good. Much of the dead brush has been cleared away. Dead limbs from the trees have been removed.

Among the younger workers Saturday were three sons of the Merlin Beiermanns who live about a block from the cemetery. They and their pet turkey, spent much of the morning at the cemetery. The pet turkey goes where the boys go whenever possible.

Goldie Leonard, Mrs. Leland Thompson and Mrs. Dorothy Kabisch brought lunch to the cemetery at noon for all the workers.

Many left after lunch to take care of their own work while Bob Boeckenhauer, Beiermanns and Leland Thompson remained to do some final touching up well into the afternoon.

Formerly the brush was so thick and overgrown it was impossible to see through the thicket. The grass around the grave is green and healthy and with care will be beautiful later this summer.

Mad Dog, Angry Citizens Get City Council Attention

A mad dog and some "angry" citizens delivered Tuesday night's city council meeting. It was a long drawn-out session, official adjournment time being 12:30 Wednesday morning.

The council learned that a case of rabies had been verified in Wayne. A dog, kept in a pen at all times, fled and veterinarians confirmed the cause as rabies. It is thought the dog had been bitten by a rabid squirrel or other wild animal.

Because of this, the council has passed along a precaution to residents to have their animals vaccinated for rabies immediately. Also, any person bitten by a dog, squirrel or any other animal should report it at once to a doctor and to a veterinarian.

The "angry" citizens wanted to be "included" of the sidewalk district the council has proposed. A petition with over 200 names was presented opposing the sidewalk ordinance.

Names will be checked to see that they are authentic and the council decided that if the check shows a majority of the property owners of the proposed district are against the project it will be dropped.

Each business place will be asked to give \$10 or more, the amount depending on the individual business man's wishes. All giving under the plan will be listed on the letter that will accompany a check to servicemen.

It was accented at a meeting Tuesday night that every cent given in for this project will go to servicemen. Administration costs will be paid by the four veterans organizations, Legion, VFW, World War I Barracks and DAV.

Four trustees have been named, representing the vet organizations and business places. Attorney Kenneth Olds is in charge of legal arrangements. Trustees are Alfred Sydow, Walter Chinn, Darrell Soden and Chas Greenlee.

Out-grown Boy Scout uniforms are being sought by the auxiliary of Troop 175. Plans are to pass the uniforms along to other Boy Scouts so that those who are going to summer camps will, as much as possible, be in uniform during their trips to and from camp. Persons with uniforms are asked to give them to the auxiliary for redistribution. Call Mrs. Robert Goshorn, 375-2741, if you have such uniform items to donate.

Winside Clean-Up Set This Weekend

Mayor N. L. Ditman, Winside, is calling upon residents of Winside to clean up vacant lots, yards and business premises Saturday and Sunday. A special clean-up campaign is on.

According to the mayor, the Winside dump will be open from 8 a.m. to 5 p.m. both days. Residents are asked to haul trash and debris to the dump during those periods.

Trees and bushes can be trimmed, yards can be raked, debris can be collected, litter can be cleared, attics can be evacuated, junk can be disposed of and other improvements made. Cooperation of all will be appreciated.

Money for Servicemen Project Will Be Sought

Six two-man teams will canvass the business district of Wayne Monday and Tuesday, seeking small donations for SWAY, the new organization which intends to let Wayne County servicemen (and women) know they are appreciated.

SWAY stands for Servicemen We Appreciate You. Each business place will be asked to give \$10 or more, the amount depending on the individual business man's wishes. All giving under the plan will be listed on the letter that will accompany a check to servicemen.

Centennial Day Planned in Wayne During County Fair

Tentative plans have been set for a Centennial Day in Wayne Aug. 11 during the Wayne County Fair. A group representing the Chamber of Commerce, County Fair Board, Wayne Jaycees and Wayne County Centennial Committee, took the action.

Included in the group were Kurt Otto, member of the Chamber of Commerce and the County Fair Board; Wes Wingett, Doug Lyman, Marvin Young and Dick Hamner, Wayne Jaycees; Al Bahr, County Fair Board; Mrs. Wanda Owens, Wayne County Centennial Committee member; and Bill Richardson.

Included in plans for the day are a prayer breakfast to open the activities, followed by a parade at 10 a.m.

County and area towns will be invited to participate in the parade with floats and other entries representing their communities along with entries from saddle clubs, civic and farm organizations, veterans groups, churches and other organizations.

Afternoon activities will begin with preliminary judging of beards in the Wayne County beard contest. Wayne Jaycees will handle the contest. County towns will be asked to send several of their best beard growers to represent them.

Future Nurses Day Observed at School

Future Nurses Club, Wayne High School, will mark National Future Nurses Day Friday, May 12. It is being observed to honor 5,000 future nurses in high schools for their part in steering young people into nursing and other health careers.

The anniversary falls on the 147th anniversary of Florence Nightingale's birth. The local club was founded this year under charter of National League for Nursing.

There are 15 members. Officers are: Lana Danielson, president; Cindy Meyer, vice president; Rebecca Bernthal, secretary; Ann Hasebrook, school nurse, sponsor.

Someone May Get Money Thursday

Some lucky person could get \$400 just for coming to Wayne Thursday night. Being in one of the business places just outside town or in town at 8 o'clock could be the difference between getting \$10 and \$400.

Rev. A. J. Collins, who formerly lived at Concord, was called Thursday. If he can be located, he will be sent \$10 consolation.

If there is no winner this week, the reserve fund will be up to \$300.

THREE HELPERS at the LaPorte Cemetery cleanup Sunday were (left to right) Mike, Todd and Mark Beiermann, son of the Merlin Beiermanns. They (and their pet turkey) posed beside a grave that was formerly obscured by weeds. The road behind the trees can be seen.

Greek Societies Will Do Work at Cemetery

The Interfraternity and Interscholarship councils at Wayne State College have decided to take on the LaPorte Cemetery as a permanent service project, according to word received after the front page story on the work had been written.

Bruce Dickinson, president of the men's Greek societies, and Alice Turner, president of the women's Greek societies, made the announcement. They had been joined by Bob Sosalla, president of the WSC student body, Jeanne Addison, Larry Hoffman, Linda Rader and Ann Wupper in working at LaPorte Saturday.

The group plans to work on the once abandoned cemetery May 27. They are making plans for beautifying it and will pass the work on from year to year so it is a never-ending project.

Among others helping at the clean-up Saturday were Al Ehlers, Dean Bruggerman and Ras Reiter from REA and John Surber, Robert Nissen and Robert Henniger from the county.

Northeast Wins in Fire Patrol 'Race'

Northeast Elementary not only had the most pupils attending the Junior Fire Patrol school this winter, it also had the best attendance record. A trophy was awarded the school for its feat.

Wayne Volunteer Fire Department sponsored the school for the sixth straight year. All fifth grade pupils were invited but only those who attended a minimum of five sessions or more received certificates.

Out of a possible 61 graduates, 59 received the certificates, turning out Monday night at the Fire Hall to see the youngsters get their awards were 173 adults and children.

After the awarding of certificates, rides were given on the fire trucks. A circus lunch of hot dogs and root beer was served everyone present.

The names of the pupils are included in the captions under the pictures. Separate pictures were taken of each group and they will be published as space permits.

Firemen expressed appreciation for the many who attended, took part in the school and brought the youngsters to classes so regularly.

The Wayne News Herald, Thursday, May 11, 1957

charge of the groom's party. The bride's mother wore a mint green beaded gown. The bridegroom's mother chose a light blue suit. Each had a corsage of pink and white carnations. A reception was held at the Wagon Wheel Steak House, Laurel, where Mr. and Mrs. Bernard Pehrson and Everett Hank, Mrs. Elvora Hank poured and Linda Martindale served punch. The wedding cake, which was baked and decorated by the bride's mother, was cut and served by Mrs. Floyd Johnson, Laurel, and Mrs. Don Sampson, Bardscroft. Gary Hank assisted with trays and waitresses were LaNae Johnson, Shelia Doeschler and Donna Doeschler.

The bride, escorted by her brother, Don, and given in marriage by her parents, wore a white linen sheath topped with a champagne lace bell shape cage. She wore a white net picture hat trimmed with yellow ribbon streamers and she carried an orchid corsage in a white prayer book with pink bridegroom's buttons. Mrs. Charles Kinney, Wakefield, was maid of honor; Donna Hansen, Oakland, was bridesmaid. They wore pale pink eye glasses and pale and rose-petal hats with white veils. Each carried a single white rose corsage with a pink rose-leaf.

Cheri Bingham and Jim Bingham, Lincoln, were groomsmen. The bridegroom and best attendants were Don Pehrson, Cheri Bingham, son of Mr. and Mrs. George M. Bingham, and George Bingham, Lincoln. Shelia Doeschler and Donna Doeschler were bridesmaids.

The couple will reside at Apt. 3, 1329 E. St., Lincoln.

Jerry Poulson Sets New Javelin Record

Wayne State's senior javelin artist, Jerry Poulson, broke his personal record again Saturday in the Howard Wood Relays at Sioux Falls, S.D. He placed second at 201-6 1/2.

A day earlier he had thrown 192-11 in the Wayne State Invitational. The WSC record is 210-8, by Tom Katsis in 1962, a distance that Coach Dale Pennybaker thinks Poulson might pass in the national NAIA meet next month.

The winning throw at Sioux Falls was 203-3/4 by

Iowa State's Birger Hanson

Poulson earned Wayne's only place in the meet's torrid competition. Dennis Katsis, running in the university mile against big-time entrants, came in tenth with his best clocking, a bit over 4:26.

The Wildcat squad goes to Chadron for the Nebraska College Conference meet Friday and Saturday.

Town Team Sets Practice Monday

Wayne Town Team will start practice Monday, May 15, at 7 p.m. at the baseball diamond. All area residents are invited to play.

In order to make the team a local unit as much as possible, a rule has been set up that college students, living on or off the campus, must be invited to play. In other words, they cannot take every college player that comes along and wants to play.

Wayne is in the revised Northeast Nebraska League which has shed its Iowa members and some Nebraska members but picked up other teams. First game will be Sunday, May 21, with Wakefield at Wayne at 2 p.m.

A tentative non-loop encounter is scheduled for Tuesday, May 23, with West Point here. Details on the league plans will be carried in Monday's Herald.

Nineteen Trophies Will Be Given Boys

Basketball trophies have arrived for the members of the three winning teams and the top scorers in each league of the winter recreation program, according to Hank Overin. In all, 19 trophies are to be given. Dave Tietgen led the high school league with 22.4 points per game; Don May the junior high league with 13.5 points per game; and Doug Sturm the grade school league with 22.0 points per game. Each will get a trophy.

Trophies for league champions will go to: Sophomores, Dave Tietgen, Charles Fisher, Joedy Hoogner, Tom Denesia and Harry Lindner; Mau, Don Mau, Mike Creighton, Craig Johnson, Ken Peterson, Dave Kudrna and Bob Nelson; and Sturm, Doug Sturm, Earle Overin, Marty Hansen, Pat Hochstein and Mike Neuss. Sophomore, Mau, and Sturm teams won their respective leagues.

Dean Gerths Has Contract in NFL

Dean Gerths, a burly 6-4, 270-pounder, last week signed a contract to play

with the Minnesota Vikings of the National Football League.

He is the second Wayne State gridders to land a pro opportunity. Bob Kruse earlier signed with the Okla-

land Raiders of the American Football League.

Gerths, a four-lettered all-conference performer, was a bulwark of Wayne's line for practically every game of his career here. He specialized on offense, but played considerable defense too, when the ranks were thin.

The Vikings tabbed Gerths for offensive tackle duty. They also signed Nebraska's fullback Pete Tattman at the same time. He had been an early-round draft choice of the Vikings, but Gerths, not drafted, was a free-agent selection.

Gerths played high school football at Scribner, coached by Del Stoltenberg, who was a graduate assistant at WSC in 1965-66 and now is coaching at Grand Island High.

Annual Banquet Saturday Night

Tickets are still available for the annual athletic and Pep club banquet Saturday night at the Black Room. George Kelly, NU coach, will be the principal speaker.

All those who have not obtained tickets yet may do so by contacting a member of the high school athletic teams or the Pep Club. Call 375-3150 for information as to someone who can supply them.

Awards will be made for various achievements in the cheering squad and on the athletic teams. Coaches, sponsors and others will have roles in the program.

Coach Kelly will have NU films to show and will tell of experiences with the Big Eight champion Nebraska team. The banquet is open to men and women as well as boys and girls.

WSC Hosting Tennis, Golf Meets for NCC

Wayne State will host this weekend to Nebraska College Conference championship tournaments in both golf and tennis.

The golf meet on the Wayne Country Club course Friday and Saturday is billed for 36 holes, instead of 18 as in past meets. All five NCC colleges are expected to compete for the crown won the past two years by Hastings.

Hastings also is the defending champion target in the tennis matches Friday, with Kearney, Peru and Wayne contending.

The Wayne team lost a close one to Chadron State here Friday, 8 1/2 to 6 1/2. Fred Wigginton led the Wildcats with three points; Don Koerber scored 2 1/2; Duane Blomkamp, one. Bill Butler's 81 was the best Wayne performance on the 18-hole tour, but he failed to score match points as his opponent, Larson of Chadron, carded a 76 for medalist honors.

Junior High Meet Here Next Week

There will be two divisions in the Husker Conference junior high track meet at WSC Monday, May 15. Freshmen will compete in one division and seventh and eighth grade in another.

The program gets underway at 9 a. m. with the freshmen field events. Preliminaries are in the morning with seven qualifying for the afternoon finals which should end about 3:30.

Allen Hansen is working with 34 seventh and eighth grade boys and will choose those to compete for that division. John Tollakson has only seven freshmen to choose from, all out for the regular track team.

Wayne holds four records. Harvey Hansen won the 220 in 25.0 and the 440 in 56.4 in 1965. Dave Brown won the high jump at 5'3 1/2 in 1965 and Gape Hansen, Steve Kerl, George Eynon and Melvin Meyer won the 440-yard relay in 49.8 in 1965.

Most of the schools in the conference are expected to have entries. Deadline for entries was the fore part of this week.

Track Program Gains Support This Season

A track program that started out because it was too cold for baseball in April and May has proved popular with the youngsters of the community. It may become a yearly program in the city's recreation league.

Hank Overin is working with the younger boys. He has a meet for them Friday at WSC and another next Wednesday.

Allen Hansen's seventh grade will compete against St. Mary's plus Wayne Elementary sixth grade Wednesday at 4:15. Broad Jump, pole vault and discus

will be first followed by 440, high jump and shotput and then the 60, 100, 220, 880, 440-yard relay, 60-yard low hurdles and 100-yard low hurdles.

Wednesday it will be St. Mary's versus WES sixth grade. It will mark the end of the spring track season in the rec program.

WSC Splits Two Games Saturday

Wayne State blanked Kearney State, 5-0, in the first game of a Nebraska College Conference pair here Saturday, but Kearney retaliated with a 2-1 decision in the second.

The split leaves Kearney with a 4-2 conference mark, Wayne with 3-2.

The Wildcats cashed a series of Kearney errors and walks for a three-run spree in the opener's first inning, then added two more tallies in the third.

Wayne starter Jim Rasicot went the route and gave only two hits as he evened his season at three wins, three losses. Kearney's Art Fritson took the loss before relief in the fourth by Ron Jiede.

In the nightcap Kearney scored in the first and got its second run in the second after Dan Hobersky doubled, and Rich Peters lofted a fly which eluded the Wayne outfield in the sun and fell for a double scoring hoefully. That was enough.

Bob Symmonds' solo homer in the third was Wayne's only outlier although Wayne outdid Kearney, 6-5. Del Prindle pitched the Antelope win. Jim Mau chalked up the loss, for a 2-3 season, before yielding to Jerry Kinman in the seventh.

Wayne has a doubleheader at Peru State Saturday and may reschedule a rained out game with Hastings if necessary to settle N.C.C. standings.

Kearney entertains Chadron State Saturday.

First game batteries: Fritz Gohl, Hiede (4th) and Lawson, Rasicot and Jurka.

Second game batteries: Mau, Kinnah (7th) and Jurka, Prindle and Aernie.

Ron Carnes WHS Only Winner in Tournament

Ron Carnes, freshman cage coach at Wayne High, was the only local entry to win any honors in the Husker Conference faculty golf tournament at the Indian Trails Country Club, Beemer, Saturday. He won three golf balls for being fourth in his flight.

Bill Erickson, Merville, Ia., was winner of the meet. Merville is not in the conference but a lot of faculty members came from outside the conference.

Participating from Wayne in addition to Carnes were Don Johnson, Mike Mallette, Allen Hansen, Supt. Francis Haun, Don Schumacher and Harold Maciejewski.

Winside Thinclads Second at WSC

Crofton and Winside finished first and second again this year in the high school division of the annual Wayne State Invitation Track Meet Friday, Peru capped the college division while Chadron finished second. Last year it was Chadron and Peru, 1-2.

Wayne State finished third, same as last year. Despite a chilly day, between 45 and 50, and a soft track, records were improved in six college and five high school events.

Most notable was the mighty discus heave of 174-3/4 by Bennie Francis of Chadron State. It was the second best throw this year among the nation's NAIA colleges, as listed on the latest NAIA national chart. Francis' loss bettered the meet record of 162-1/2 by Ed Humpal of Wayne State in 1965.

Another fine performance was the 192-11 javelin throw by Wayne State's Jerry Poulson, breaking the 1966 meet record of 192-2 by Ray Shearer, Chadron, who finished second this year. It was Poulson's best distance.

Event winners in the high school division, plus other placers from the Wayne area:

100 dash—Pat Hassler, 10.5; Randy Jacobsen, Harold Meyer and Reed Wacker, all of Winside, 2,3,4.

120 high—Dale Jackson, Allen, 16.3 (betters record of 16.7); Reed Wacker, Winside, third.

440 relay—Winside (Bob Dangberg, Randy Jacobsen, Reed Wacker, Harold Meyer), 47.4 (breaking Winside record of 48.0 last year).

1 mile run—Glenn Loecker, Crofton, 4:51; Roger Oet-

ken, Emerson, second: Gene Barg; Winside, fourth.

180 low—Mike McCabe, Crofton, 22.5; Bob Dangberg, Winside, second; Keith Kruger and Bob Wacker, Winside, fourth and fifth.

440 dash—Dale Jackson, Allen, 55.3; Bill Holtgrew, Winside, fifth.

220 dash—Randy Jacobson, Winside, 24.6; Pat Hassler, Emerson, second; Harold Meyer, Winside, third; Bob Dangberg, Winside, fourth.

880 run—Duane Wilken, Crofton, 2:07.3 (breaks record of 2:07.7); Doug Carper, Emerson, third, Mike Rueber, Allen, fifth, Two-mile run—Keith Kube, Crofton, 10:38.5, Larry Wilson, Allen, fifth; (new event).

1 mile relay—Crofton, 3:46.4 (breaks record of 3:50.8); Winside, second; Emerson, fourth.

Shot put—Robert Bartz, Crofton, 44.2; Randy Brudigan, Winside, third; Terry Thies, Winside, fifth.

High jump—Jerry Schindler, Elgin St. Boniface, 5-6 1/2; Jim Jepsen, Emerson, third.

Allen Youth Wins Midwestern Title

Robert John Meyer, son of Mr. and Mrs. John Meyer, who live three miles north of Northeast Station, Concord, won the Midwest Air Force Judo Association championship Sunday at a meet at Offutt AFB, Omaha.

He competed in the heavyweight junior judo championships, Midwest Division, with 15 other entrants from a half dozen states. After losing the first match by decision he came back to win five matches and the championship.

The 178-pound freshman at Allen High School lost to a 200-pound boy from Des Moines in the first round but came back to beat the same boy. In his third match he had to go four two-minute overtimes before finally winning.

Bob was next-to-smallest entrant in his division and the smallest boy won second. Prize for first place was a gold medal with the added possibility that he may compete in the national finals.

The husky farm youth works out once a week at Sioux City Judo Academy under the tutelage of Frank Williams, holder of the black belt. Bob himself has a green belt and is working on a purple belt. Brown belt is next and black belt the usual log although a select few in the entire world have earned the red belt, highest of all for judo.

May 21 he is to compete in the first annual meet of the Sioux City unit at the air base. He will also go to Squaw Valley, Calif., for two weeks this summer to study with Bill Campbell, olympic judo champion.

Judo matches are on a penalty system with points taken off for each loss or even a win by decision. That is how he was able to lose a match by decision and come back to win all the honors. Judo is a form of self-defense with a lot of followers, clubs operating in Omaha, Sioux City, Des Moines, Lincoln and other cities in this part of the country as well as all over the world.

Concord, won the Midwest Air Force Judo Association championship Sunday at a meet at Offutt AFB, Omaha.

Final Rites for Mrs. H. Johnson Planned Friday

Funeral services for Mrs. Henry R. Johnson, 64, are planned Friday, May 12 at 3 p.m. at First Methodist Church, Wayne. Mrs. Johnson died May 3 at her home in Wayne.

Rev. Cecil Bliss will officiate at the rites. Music will be furnished by Mrs. Alvin Ehlers, Mrs. Gary Henders and Mrs. Richard Arett, vocalists, and Paulette Merchant, accompanist. Pallbearers will be Glenn Walker, Dick Banister, Dave Theophilus, Robert Merchant, Herman Lindner and Ed Wolske. Burial will be in Greenwood Cemetery.

Lula Estelle Young, daughter of Milton and Jessie L. Hoover Young, was born Oct. 13, 1902 at Petersburg, Ind. She was married Dec. 23, 1920 to Henry R. Johnson at Indianapolis. The couple lived in the Wakefield area until coming to Wayne 38 years ago.

She was preceded in death by her parents, two brothers, Leon D. and Opal C. Young, and twin daughters, in infancy.

She is survived by her husband, Henry; five daughters, Mrs. Raphael E. (Louise) Lehman, Lakeside, Calif., Mrs. Alfred B. (Joyce) Thomas, Costa Mesa, Calif., Mrs. Ray F. (Gloria) McNally, Las Vegas, Nev., Mrs. R. Lou (Faythe) Harrison, Millard, Nebr., and Juanita Estelle Johnson, Emerson; a son, Raymond Eugene Johnson, San Diego; five sisters, Mrs. Charles Crandall, Costa Mesa, Mrs. Ernest-

Named Aides-de-Camp

Walter Chinn and Roy Sommerfeld, Wayne, have been named national aides-de-camp of the Veterans of Foreign Wars by Leslie Fry, Reno, Nev., national commander. Both of the local men are members of VFW Post 5291. Aides are appointed on the basis of dedication to patriotism, national security and veterans assistance.

Hoskins Girls Win Trophies

Phyllis and Carla Miller, daughters of Mr. and Mrs. Vernon Miller, Hoskins, both received second place awards in their respective divisions at the thirteenth annual National Baton Twirling Association official state and openational baton contest in Omaha Saturday, May 6.

The girls are pupils of Mrs. Eileen Damme, Winside. Mrs. Damme also had several other entrants, some of whom won.

Sandy Breikretz, Stanton, won two trophies, one for first in her solo division and one for two-baton twirling. Bonnie Perkins, Stanton, was third in the 11-12 age group.

Debbie Jaeger, daughter of Mr. and Mrs. Herb Jaeger, Winside, participated in the Nebraska Centennial Twirl-O-Rama. Robin Perkins, Stanton, and Lana Lee Wantlin, Norfolk, also took part.

Police Receive Calls

The Wayne Police Department answered four calls during the past weekend in addition to accident investigating and making the regular street patrol. Saturday the department issued a warning to a resident who was burning rubbish before legal hours. A pop machine at the new high school was broken into Saturday and several dollars in change was stolen. Officer Reed investigated. Saturday evening an emergency message was delivered and Monday a stray dog was impounded.

Dies in California

Marvin McCollan, Galt, Calif., died Saturday. He was the son-in-law of Mr. and Mrs. Adu Reikofski, Wayne, husband of the former DeVoe Reikofski. His wife and two daughters, Lynn and Kelly, are among the survivors. Funeral services were held Wednesday at Galt shortly after receiving word of his death.

Postmasters at Hoskins, Allen, Concord, Winside, Carroll, Dixon, Wakefield and Wayne are endorsing the "National Mailbox Improvement Week" to be observed by the post office department May 15-20. It is for those with service on rural routes and carrier routes. The week is designed to call attention to the need to provide receptacles that will protect mail against weather, be located where they will be accessible but not a hazard and be a credit to the patrons. Many communities have organized activities and even contests for encouraging more attractive mail boxes. This is especially true in the rural areas where mail boxes can be surrounded with flowers, color and mail work. "Your mailbox is your 'welcome' to visiting friends," the post office points out.

Rural Schools —

(Continued from pg. 1)
 and District 61 at noon. The following day District 2, 65 and 9P (Hoskins Prinity) get out in the afternoon and District 93 at noon.
 The last two districts to dismiss for the summer are Districts 23 and 32. They will be dismissed May 23, a full 11 days after the earliest rural districts have dismissed.

Traffic Survey —

(Continued from pg. 1)
 moved to the rural areas and the other towns of the county.
 In the rural areas the counting boxes are mounted on utility poles. They are not dangerous but individuals are cautioned to stay away from them in order to insure an accurate traffic count.
 The devices work through air pressure. When a car passes over the rubber tubes, the air is forced into the counting device registering another number. For vehicles this means two sets of wheels pass over it but that is all considered when the counts are used by the highway department.

Centennial Day —

(Continued from pg. 1)
 pull and art auctions round out the afternoon program followed by the annual free barbecue at 5 p.m.
 All the activities will be coordinated with activities of the county fair.
 Evening will see the finals of the beard contest where Wayne County's representative to the state beard contest at Lincoln will be chosen.
 Grandstand entertainment for the centennial is planned to include an old-fashioned "mellodrama" and a group of professional musicians and entertainers.
 Persons wishing to take part in Centennial Day activities should contact any of the above-named for assistance.

Honor Students —

(Continued from pg. 1)
 of his experiences in South America, including information on the plane crash in the jungle wilderness and the rescue that came. He also showed a multitude of slides.
 Raymond Schreiner, president of Kiwanis, presided. Ken Parke gave the invocation, Nancy Wolters sang selections and Claude Harder, chairman of the Kiwanis boys and girls committee, presented the honor students.
 Honored were those who have been on the honor roll for three consecutive nine-week periods. All except one of those honored was presented, Douglas Ritzke being absent due to the nuptials.
 Five different pictures were taken of the groups. They will be printed as space permits. Names will be included with the picture captions.

Music Boosters —

(Continued from pg. 1)
 Association award to an outstanding senior orchestra member went to Warren Wills, Wayne, and the award to the outstanding senior vocalist went to John Brandstetter, son of Mr. and Mrs. O. K. Brandstetter.
 Music Boosters provided the decorations. Mrs. Merle Ring was banquet chairman and Mrs. Roy Coryell was in charge of table decorations and programs.
 Dan Rees, band president, was master of ceremonies. Rev. Cecil Bliss gave the invocation, benediction and main speech. He talked on the difference between hearing and listening and between looking and seeing.
 Supr. Francis Haun also gave a short talk. Awards were presented by Don Schumacher and Clayton Southwick.
 Music numbers included a vocal duet, "An Ordinary Couple," by John Brandstetter and Sallie Berg, a vocal duet by Jo Merriam and Debi Armbruster,

"How Can Love Surprise," and a brass sextet, "Pizza Party," Merle Johnson, Bob Morris, Marty Wills, Dan Rees, John Brandstetter and LaVern Brown.

Wayne Professor to Grade Examinations

Professor Willard Wollenhaupt of Wayne State College is one of five accountants in American colleges selected by the American Institute of Certified Public Accountants to grade examinations for the certificate this summer.
 Professor and Mrs. Wollenhaupt will go to New York in June where the examinations from all over the nation are received and graded.
 The examination is uniform among the several states and is attempted four times on the average before being passed by those who eventually receive the certificate. It is preceded by two years' creditable service in the profession.
 Professor Wollenhaupt is the ranking professor at Wayne and has long been active in state and national units of the institute.

Mrs. Charles Heikes was hostess at a dinner Sunday in her home for three sisters and their husbands and five brothers and their wives, all of Dakota City. Assisting with serving were her daughters, Mrs. Lyle Stern and Mrs. Kermit Andrews, Blair, Mrs. James Hefferman, South Sioux City, is spending a few days with Mrs. Heikes.

Lung Cancer Toll Continues Huge

Warnings on packages of cigarettes, articles in magazines, cautions by doctors have not deterred smokers, Wayne County Cancer Society members reported.
 Today's daily papers reported people who give up cigarettes can escape lung cancer, one of the nation's leading killers. That is expected to have no effect at all because people wouldn't quit when they learned cigarettes caused cancer and many others started even after facts were made known.

According to WCHS, lung cancer killed 50,000 people last year, almost the population of Hastings and Grand Island combined. What's more, the incidence of lung cancer is increasing rapidly.
 Lung cancer kills more people than any other form of cancer, it is killing ten times more people than it did in 1937 and cigarette smoking is the cause of over three-fourths of the lung cancer cases.
 Teenagers become regular smokers at the age of 18, about 50 per cent of them at least and a higher percentage than that among boys. As a result, they will get lung cancer earlier, stand a chance to die sooner and will increase the mortality rate for the disease even more.

Wayne County Cancer Society members want to reduce smoking among teenagers by 50 per cent and by adults 25 per cent. If they can cut it even more, they will be happy.
 Lung cancer is preventable but once it takes hold there is no cure of reliability. Only about five per cent of those contracting the disease can be saved and then only if caught early.
 Films, "Who, Me?" and "The Time to Stop Smoking is Now," presents the case against anyone's smoking and emphasize that stopping smoking will give lungs a chance to heal themselves. These films are directed at adult, high school and elementary school audiences. All are available for programs.

ze and other property owners on Sherman Street between Fifth and Seventh appeared to protest assessments against their property for storm sewers. They said the new high school was causing additional water flow onto their property and the school district should pay costs for rechanneling water. No action was taken on this.

Bids were received on an aerial man-lift and a truck on which to mount it. The bids were referred to the electric and street committee for checking of specifications and making recommendations.
 Bids on the lift were: Wright Tree Service, Lincoln, \$10,505; Causco, Inc., Fremont, \$12,285; Badger Body Equipment, Omaha, \$11,366. Engineer's estimate, \$15,000. Bids on the truck were: International Harvester, Wayne, \$2,974.75; Wortman Auto Co., Wayne, \$3,100; Coryell Auto Co., Wayne, \$3,903. (All included locking rear ends) except the latter.)
 Street Improvement Districts 48 through 52, areas on Third, Blaine and Crescent Drive, were reported to have spots that do not meet compression specification tests. The pavement appears thick enough but quality is reported to be not up to specifications.
 The contractor proposed a five-year bond to cover discrepancies on the contract. In order to provide protection against cracking and breaking, the council decided instead to withhold 50 per cent of the payment for affected areas plus a five-year bond covering the same areas.
 Storm sewer District 67 received final approval. Some material is on hand and construction work has begun in the Circle Drive area.
 Construction has also started on the new runway at the airport. The local field is now closed to all traffic and will be closed until the runway is finished.
 A resolution for necessity of Sanitary Sewer District 31 was passed and the clerk authorized to advertise for bids. The district is on Fairgrounds Ave. east from Main to Nebraska.
 The zoning commission turned down a request for rezoning Lot 3, Block 1, Brewster's Addition, so the council has set a public hearing on the matter in June.

The police department reported checking on radio frequencies to be used by hospital, ambulance and police to provide direct contact with the police and sheriff. The chief was authorized to contact various agencies handling equipment for specifications and requirements for police-ambulance service.
 In street work, the council proposed closing the east-west alley between Seventh and Sixth east of Dearborn Street. The matter was referred to the street and alley committee for consideration.
 Also in street work, the

council authorized the attorney to negotiate with property owners on Dearborn Street to obtain additional land so the street can be widened.
 The finance committee proposed a new contract for Consolidated Engineers as city engineers. The contract was presented to the council and approved. Mayor Koerber appointed Consolidated Engineers as engineers, Kenneth Dahl to take the zoning commission to the place of Wayne Tietgen and George Thorbeck as chairman of the housing committee. Council approval was given all appointments.

 test. In Wayne, only the St. Mary's Catholic school children entered although the contest was open to all.
 Wayne winners in the fourth-fifth-sixth grades were Michelle Armbruster first and Valerie McLean second. For those in the seventh grade, Jean Bilson was first, Faye Eulberg second, Joan Garvin third and Jane Sharer honorable mention. They will get prizes Tuesday, May 16, at the Auxiliary meeting.
 Winners in Winside were: First, Scott Jackson, sixth grade; second, Patty Mollgrew, fourth grade; third, Nancy Morris, fourth grade. Honorable mention went to Tracy Kramer and Brian Wade, fourth grade, and Kenneth Christensen, sixth grade.

City Council —

 better. Mayor William Koerber reported on a meeting with state highway department representatives. While funds are available, the state did think it might furnish one-half the money for a \$35,000 project at the intersection.
 Proposed is a "reflectorized channeling" system allowing lanes for right turns and eliminating the need for a traffic light. State engineers will draw up plans and when ready these will be presented to the council for consideration.

Pierce County entered won both the girls division and the boys division in the 4-H public speaking contest at Wayne State College Saturday. There were nine girls and five boys entered.
 Barbara Wattier, Pierce County, spoke on "Three Cheers for Nebraska" to take one division. Runner-up was Kathy Jacobson, Madison County, talking on "Education, the Hope of Youth".
 In the boys division, Jack Atkins, Pierce County won with "America's Greatest Resource." Runner-up was Clifford Kumm, Knox County, who spoke on "I Pledge My Heart."
 Miss Wattier and Atkins will represent this district in the state 4-H public speaking contest in Lincoln June 6.

EDITORIAL COMMENT

The editorial department of a weekly newspaper is an important department. Not only is it one person's opinion of topics that concern most of the readers...

Remembering Our Servicemen

The Wayne County businessmen and veterans organization members who came up with the idea for remembering our men in service...

All over this beloved land of ours there are young people who have been lured by their fervor to exercise their rights...

But they are not the only ones, and considering their activities are those who serve in uniform. They do not ask anything special...

In this case our hats are off not only to the men in uniform but to the ones who have nurtured this plan and will bring it into reality this coming month...

A Special Day

No legal holiday, next Sunday is nevertheless an important day. It is a day that no one should be able to ignore completely...

Of course, there are all kinds of mothers. They come in all sizes, shapes, dimensions, colors and personalities...

When God created woman, He added something precious to life. When He chose a mother for His Son, He chose a woman who has long remained an ideal for comparison to all mothers...

Capitol News... Legislature Will Battle On State Aid to Schools

LINCOLN—Battle lines are being drawn in the Legislature for the biennial struggle over state aid to schools...

You may not agree with an editorial — but if you read the editorial and give serious thought to the subject discussed you have benefited. You, as reader, have given careful thought to an important problem...

know she is the perfect mother? We'll ask ours. You ask yours. Chances are they will send us looking elsewhere...

The Hospital Need

Some hackles rose in doubt when Monday's Herald came out. The lead headline read: "Wayne Needs New Hospital." The headline was in quotes...

Well, perhaps Wayne does. Almost all of us have been in the hospital at times and are aware of its shortcomings. Whether or not this is the time to think about a new one is another matter...

One thing should be noted and that is the fact that several ways were offered for financing construction of a new hospital. One would include forming a nonprofit corporation with no profit returns to stockholders...

Hill-Burton Funds are not available, which may be good and may be bad. Where used, some communities have found meeting the federal requirements has added so much to the cost it is questionable whether the Hill-Burton Funds were much benefit...

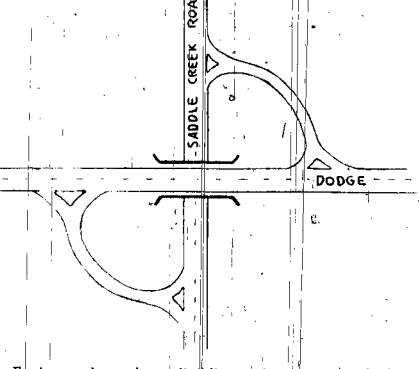

With Pender, Wakefield, Norfolk and other communities with hospitals close by, in addition to the special facilities available farther away in Omaha and Sioux City, the situation in Wayne appears to be whether to stay where we are and see more and more need to travel for complete hospital care...

There are some who are ready to say: "Let's go. Let's build a hospital." There are others who are ready to say: "Hold your horses. We have all the land we can bear now and we can go a few more years with the facilities we have..."

Who is to make the decision? You for one. As of right now, it's up to you to help decide...-CEG.

To be eligible for aid from the equalization fund, school districts offering instruction in kindergarten through high school must have a property tax levy of at least 22 mills...

"Do You Know?"

Engineers have been building safety into our highways since road-building began. The first two-level interchange in Nebraska was designed and constructed in 1934...

NEBRASKA DEPARTMENT OF ROADS

way this two-prong goal can be achieved." Whitney said \$20 million at the outset is "a big plenty." He said the Legislature should "go slowly in allocating money for a program that has never been tried..."

He referred to legislative repeal of the household goods, head and intangible property taxes. These now produce between \$6 million and \$9 million for local schools. Meanwhile, the Legislature has passed the bill returning a portion of the new sales-income tax revenue to counties and cities...

The purpose of the tax measure, swiftly signed into law by the Governor, is to insure cities and counties they will receive replacement revenue for money lost by repeal of present tax laws.

The bill (LB 554), which traveled a stormy voyage through the Unicameral, provides that the total amount of replacement money cannot exceed 1967 collections.

Under the legislation, sales-income tax funds will be distributed to the 93 counties on a formula giving equal weight to population and assessed valuation of real estate.

Each county will keep 20 percent of its allotment and distribute the remaining 80 percent to its municipalities on a basis of population. This two-step standard will result in some rural areas getting more money from the sales-income tax replacement dollars than is taken in under the taxes to be repealed...

Harsh estimates full funding will require \$11 million a year. The Education Committee and Gov. Norbert T. Tiehann have proposed \$20 million for the fiscal year starting July 1, 1968, to launch the program.

Harsh acknowledged that initial funding necessarily would come chiefly from personal and corporate income taxes. He also admitted the extent of financial reimbursement to the schools would have a direct bearing on the level of the state's first income tax rates.

The Education Committee chairman said it would be unwise to fund the plan during the school year beginning September 1, 1967, because the state's new tax system will not be in full force and effect by that time.

The sales tax begins June 1. The income tax does not start until 1968. The sales tax has a fixed rate of 2 1/2 percent. This will drop to 2 percent in 1969. The personal and corporate income tax rates are flexible and will be set annually by the State Board of Equalization, based on estimated expenditures.

If the Legislature enacts a school aid plan, the board must consider the funding when setting the income tax rates. The effect, therefore, is the higher the funding, the higher the tax rates.

You say there's actually an organization called "Beantits Anonymous." Joe asked Shmoose, as they rode home together, "How does it function?"

"Well, replied Shmoose, 'if a member feels like taking a bath, he phones another member who rushes over, shuts off the water, and sits with him until the feeling passes.'"

Watch for some more sensational news from Hokin's. There's a "Hot town" for you. We both care where we place the credit, and we're sure those who deserve it, credit aren't particularly seeking it but just want to see Hokin's prosper and grow. Pointers When Buying Fish

Generally you will want to allow 1/3 pound of fillets or steaks for each serving. This may seem small, but remember, there will be no waste. Of course the amount will vary somewhat with the recipe and how hearty appetites are likely to be.

Frozen fish will keep well at 0 degrees F. temperature or below. Temperatures above this lead to loss of color, flavor, texture and nutritive value.

Maximum home freezer storage time for fillets of cod, flounder and haddock is four months. Frozen perch fillets should be used in three months, while salmon steaks have a two-month storage life at home.

Whether buying for use today, tomorrow or two months from now, choose fillets or steaks that are solidly frozen. Frozen fish which has been allowed to thaw and is later refrozen will be poorer in quality.

"Okay," said the Texan, "if that's the way it is, I'll just pay cash."

hung from the ceiling of blue with silver stars. Native masks and starfish hung with fishing nets along the south wall. Near-life-size hula girls were placed around the room with lights subdued behind some.

On the tables were leis and garlands at each place. Palm tree nut cups were used and candles lighted the tables. At the main table make-believe pineapples were spaced every few feet.

Mothers of the juniors prepared the food and underclassmen served. The girls wore hula outfits and the boys had native outfits with straw hats, cut off pants and bright shirts. Hawaiian music was played from beyond the volcano throughout the dinner.

Steak, corn, salad, potatoes, celery, rolls, butter, coffee, milk punch, nuts, mints and upside-down fruit cake were served. Service was unusually fast and the servers came around often with more coffee or water.

South Sea Island Theme of Allen's Junior-Senior Banquet Last Week

"Paradise Isle" was the theme of the Allen High School junior-senior banquet and prom Saturday night with the South Sea islands furnishing most of the inspiration for the decorations.

A short program, "Lei Day in the Islands," was built around "Hawaii" with each letter starting one program theme. Ron Kraemer sang thanks, Wayne Rasmussen gave the welcome and Dale Jackson responded. The latter two are presidents of junior and senior classes respectively.

Supt. K. R. Mitchell gave an impromptu talk, "Hon Kraemer's song, 'Hon Hawaii'" accompanied by Cindy Ellis and the waiters and waitresses performed two island dances, one a hula and the other the traditional dance where two long poles are held and as they are clapped to the floor or together in rhythm the

dancers step between them and out again without being touched (well, it was supposed to happen that way and did most of the time).

The scene was completely enclosed with crepe paper decorations and a big mural of a volcano erupting. The south side had bamboo trees, the westside green and yellow crepe, the north was changed to a band shell for the combo (The Hangmen) and the volcano scene covered the entire east side.

Palm trees with coconuts stood around the room at various points. "Sunburst" flowers of huge size

Trooper Investigates Wakefield Accident

Two 20-year-old drivers were involved in a two-car accident near Wakefield Friday morning. Trooper Robert May investigated. The mishap occurred at 147 one-half mile north of Wakefield. Both vehicles were southbound when the driver in back attempted to pass, striking the front car.

Herman Uecht, Wakefield, attempted to pass Charles Sandahl, Wayne, was in the car that was struck. Both vehicles were heavily damaged in the resulting crumpling of metal.

Sandahl was uninjured as were two other passengers in his car. Kenneth Nelson, Wayne, a passenger in the Sandahl car, was cut on the back of the head. Uecht suffered a cut on the forehead. The injured were treated at the Wakefield Hospital and released.

When you look for the most room and the smoothest ride and the best value, you'll end up with a Chevrolet wagon everytime.

Top left: Chevy II Nova Station Wagon. Foreground: Chevrolet Impala Station Wagon. Top right: Chevrolet Malibu Station Wagon.

Chevrolet Impala, roomiest in its class. While extra roominess is perhaps the best reason for buying a Chevrolet wagon, consider, also, these bonuses: Body by Fisher, Chevrolet dependability, flush-and-dry rocker panels, and Magic-Mirror finish. **Chevelle Malibu, smoother, quieter ride.** A Malibu not only gives you a Full Coil suspension ride, but the body mountings are double-cushioned. And Chevelle carries plenty. It opens wide, 54.6 inches, to be exact, 28.5 inches high. Flip the second seat down and you've got 86 cubic feet of cargo space for all your gear. Chevelle was built to take a lot. **Chevy II Nova, best equipped for the money.** All-vinyl upholstery is standard. Flush-and-dry rocker panels that clean themselves are standard. Separate panels beneath each fender to inhibit rust are standard.

Mono-Plate rear suspension to smooth the ride is standard. Price? Below standard.

WAYNE RESIDENTS, Mr. and Mrs. Claude Harder, right, are shown at the Standard Oil meeting in Kansas City. With the Harders are Mr. and Mrs. D. R. Stubbs. He is marketing manager for Standard.

'I Will Prepare Myself . . .'

They tell of the old lamp-lighter who lived in a small village. It was his daily duty to care for and light the lamps on the streets. He came downtown each evening, just before dusk, with his small ladder and his kit of tools and supplies. He always started with the first lamp, down in the lower end of town. He walked up to the lamppost, positioned his ladder and climbed up to where he could reach the lamp. He cleaned the glass windows and then lit the lamp. Down the ladder and on to the next lamp he would go. And so was his daily routine, lighting one lamp and then the next. One lamp at a time, he kept working up the hill, around the bend and out of sight. And the villagers said they could always tell where he had been by the lamps he had lit.

There is a thought in this story for us. Man cannot be at his best until he has learned to appreciate the thoughts, the feelings and the reactions of other people. Only after we have acquired the ability to walk, mentally, in the other person's shoes can we win his good will, his support and his esteem. Once we have learned to see things, honestly, from the other person's point of view, then we can expect his cooperation.

Each of us has the opportunity every day to light a lamp of kindness for someone. Or, if we choose, we can blow out a light and cause a bit of darkness to take its place.

If we really want to, we can develop the skills that enable us to get along graciously with others. History reveals that even Benjamin Franklin was quite arrogant and thoughtless to other people when he was a young man. But, through determined effort, he eventually developed a deep appreciation for the feelings of those with whom he came in contact. And, because he did, he became a great diplomat who was admired and respected by thousands. We can prepare ourselves for a richer life if we will follow his example.

Surely each of us want to live our lives so that people will say of us, too, we can always tell where he has been by the lamps he has lit in the hearts and lives of other people.

Two Cases Viewed by Wayne County Judge

Only two court cases were heard by Wayne County Judge David Hamor during the past week. Neither of the cases, which were brought before the court on Monday, involved Wayne residents.

May 8 Allen Larson, Irene, South Dakota, was fined \$55 for over gross weight, \$30 for overweight on group of axles, \$100 for overweight on tandem axle and \$10 for overweight on capacity plates. Court costs of \$5 were added as a result of the charge filed by scale operator H. Johnson.

Dean C. Pearson of Harrington paid a fine of \$10 plus costs of \$7.50 on Monday for writing an insufficient funds check. Restitution of \$7.50 was also made to Mern Morhorst, owner of M & S Oil Company, who filed the complaint.

Former WSC Staff Member Reports Nigerians Strive for Improvement

Dr. Russell Owen was in Wayne Monday. A former WSC dean, he is in Nigeria, Africa, where he has found the people are intensely interested in improving their lives and those of their fellow men. He said in an interview, "The Nigerians are fine people who recognize the value of education and who are making a strenuous effort to extend and improve educational opportunities in Nigeria."

Dr. Owen was a dean at Wayne State College when he left here last year to take a post in Nigeria. Now he has been promoted to "chief of party" for the Northern Nigerian Teacher Education Project sponsored by the Ford Foundation and the United States Agency for International Development.

The flow to the United States to work with the University of Wisconsin, Madison, for a few days in choosing 25 new staff members for the project. Orientation was held last Thursday, Friday and Saturday.

Working under him on the project are 40 professional educators from the US (white and Negro) working in teachers colleges and with the ministry of education. They work at seven government teachers colleges in Northern Nigeria, each with 400 to 500 students.

At Ahmadu Bello University where Dr. Owen is, the educators are working to improve quality and effectiveness in Northern Nigeria under a partnership arrangement with Nigerian educators developing a pro-

gram in the Nigerian concept.

The teachers colleges are much like our old normal colleges but the educational set up is different. In Nigeria a young person will take seven years of primary education and then five years of college. In those latter five years the student will get three years of academic disciplines and two years of professional training.

Dr. Owen's group is initiating a science program which starts in September. The schools have rural science (agriculture) now but still a general science starting this fall, something needed in an expanding nation.

Originally a consultant to the ministry of education, Dr. Owen is now chief. Wisconsin University is the contracting agency working with Ford Foundation and USAID to conduct and develop the plan.

As for the personal life of Dr. and Mrs. Owen and their two children, Jay and Kay, Dr. Owen reports "we live here just like we lived in Wayne." He meant they had all the comforts, but added later that they also have four household staff members, all boys, a cook, a steward, a gardener and a night watchman.

Jay and Kay go to the capital school in Kaduna, capital city. There are Americans, Nigerians, Pakistanis, Japanese, Indians, Lebanese and others attending the school, operated under the British educational system where the children go to school until July get five weeks

off and then return to school in August.

This coming year Jay will be in the seventh grade and since the school he attends goes only to the sixth grade he will go to a missionary school 180 miles from Kaduna. Dr. Owen reports both children are extremely happy in their present school with many friends of all races.

Kaduna is a city of an estimated 150,000 population with a location on a plateau where temperatures are more moderate. There are two seasons, wet and dry, both comfortable at that particular location 10 degrees north of the equator.

Language is no problem since English is the official language of the government and is used in schools. This was necessary because there are 200 distinct dialects in Nigeria and a common "working language" was needed.

The Owens like the area and find they are most welcome as the Peace Corps members. The latter are doing a fine job for both peoples, Dr. Owen said.

Summing up, he told of two radio stations, television aimed at Nigerians primarily, fine swimming pool, excellent sand green golf courses, lighted sports stadium, excellent stores and other modern accommodations in a beautiful city that was built specifically to be the capital.

Sports are emphasized, he added. Every college has an excellent sports program and every student participates. Women's athletics get heavy emphasis. Soccer and softball are the leading sports and instead of kids dribbling a basketball or tossing a baseball or football as in this country kids kick a soccer ball in Nigeria. A Japanese softball team plays the American softball team every other Sunday and Jay has been a regular in right field for the Americans.

The Owens like their assignment, they like the people and they like the country. Another thing they appreciate is news from here so the letters from Wayne area friends have been most welcome and will continue to be welcome as long as they are gone, which at present is expected to be until September, 1968.

Dixon School Closes

Dixon Grade School will close Tuesday, May 16, for the summer. The annual picnic is planned at the school Sunday, May 21, at noon. It is one of the first town schools in the area to dismiss for the summer.

BOYS' OCTET at Winside High School appeared in various attire for the musical Friday. Left to right are Jack Christensen, Andy Mann, Keith Krueger, Neal Brogren, Tom Witt, Dan Bruggeman, Phil Witt and Bob Jackson.

Large Crowd at Winside Musical

Extra chairs had to be brought in two or three times in order to accommodate the crowd at the annual spring music program at Winside High School Friday evening. They were rewarded with a variety of numbers and some unexpected laugh presentations.

Funniest number was the dance series by Joan Deck, Carol Bleich, Dave Witt and Phil Witt. They danced the dances of the 20's, 40's, 50's and late 60's. Best of all was the dance of the 20's in "Them Were the Good Old Days."

Best number was Keith Krueger's trumpet solo. A little extra for some old-time western songs was guitar playing by Charles

Moritz and Dave Langenberg with boys on saddles mounted on sawhorses.

The girls wore continental or authentic oldtime dresses for the program. The boys wore oldtime clothes too.

Performers, all directed by Mrs. Pete Kropp, included the junior high choir, eighth grade girls, girls' sextet, double sextet plus one, mixed ensemble, boys octet, mixed chorus and combined choirs.

Solosists included Diane Krueger, piano; Barbara Gallop, soprano; Diana Weible, piano; Neil Brogren, baritone; Keith Krueger, trumpet; Teresa Stenwall, soprano; Donna Krueger, piano. Accompanists were the three listed as piano players, Mrs. Kropp and Mrs. Jack Krueger.

Six Weeks Honor Roll Announced for Pilger

Honor roll members and honorable mention members have been revealed at Pilger for the fifth six-weeks period. Only seven PHS pupils were on the honor roll.

High school pupils on the honor roll were Kipp Kruse, Don Husmann, Linda Alexander, Janet Sladet, LeAnn Boutler, Jon Lind, Marilyn Kumm, Jean Johnson and Gale Miller.

Junior high pupils named were Alan Tage, Tamra Mann and Sam Renick. Grade school pupils were Danny Taeg, Penny Brahmmer, Judy Koch, Marta Mann, Tammy Clarkson, Jeff Beckman, Margie Hupp, Jeff Schiermeyer, David Hanzlik, Tom Podany, Mark Carlson, Rosalie Hanzlik, James Kollath, Sandra Mann and John Gillham.

High school honor students were Mary Jane Daum, Larry Hupp, Mary Andersen, Trudi Pfeiffer, Reed Miller, Randy Rood, Janie Taeg, Elaine Raabe, Marlene Timm, Kevin Meyer, Pat Renick, Cindy Chace, Dave Goeller, Tom Meyer, and Pat Dohren. Junior high honor students were Julie Goeller, J. D. Alexander, Margene Timm and Patsy Meier.

Three Accidents in City During Weekend

Three car accidents were investigated by the Wayne City Police Department during the past weekend. No injuries resulted from the mishaps and damage estimates are expected to be low.

Thursday afternoon an auto owned by Lawrence Turner of Sioux City was damaged when it was struck while parked behind Swanson T.V. Officer Keith Reed investigated the accident and reported the motor vehicle was not found. A damage estimate was not made available.

Friday afternoon on the 200 block of Main Street a car driven by Shirley Tietgen of Wayne was damaged when it was run into by a car operated by Don Hanks of Wakefield. The accident occurred when the northbound Tietgen auto was slowing down to traffic and the Hanks car could not stop in time. Reed again investigated the accident and reports no damage estimate.

The final accident of the week happened sometime between midnight Thursday

GIRLS GLEE CLUB of Winside High School. Mrs. Pete Kropp is shown directing the chorus as they appear in oldtime dress for Friday's concert.

and 7:00 p.m. Friday. According to investigating officer Reed, someone ran into a car owned by Ralph Sherer while it was parked in front of his home on East 8th Street. The other car was not found and no damage estimate has been made.

in determining if the simple corn and alfalfa ration furnishes the needed protein. The amount of hay fed is a factor too because alfalfa is higher in protein than corn is, Tolman said.

The tests come up because researchers are trying to determine if it pays to add a protein supplement to a corn and alfalfa ration. Usually it does but some other supplement may pay better and the improvement by protein supplement may be due to stilbestrol contained, to mineral, vitamin or antibiotic content or just the need for extra protein.

Tests at Concord are with rather high protein corn, over 10 per cent, full fed, so a corn and haylage ration calculates near 11 per cent total protein. In one ration, an added

3/4 pounds of soybean meal daily brings the ration to 12 1/2 per cent total protein and in another 1 1/2 pounds of soybean meal brings the ration to about 14 per cent protein.

Two levels of haylage are being fed: two pounds of dry matter from haylage or twice that amount. Tolman says protein deficiency is more apt to develop in the lower haylage ration since less protein will be furnished by alfalfa and because total feed consumption (and total protein consumption) is often less in low roughage rations.

The tests will close at the cattle ranch market condition. Visitors may see the experimental cattle at the station anytime and a meeting to explain tests and give results is planned before the cattle are marketed.

Two Accidents, Cars Heavily Damaged, Injuries Minor Due to Seat Belt Use

Trooper D. Matejka investigated two accidents in this area Sunday. In each case a 1967 car was all but demolished and the driver escaped with comparatively minor injuries due to having his seat belt fastened.

A former Wayne youth was in one and a Wisner resident in the other. One mishap occurred early Sunday morning and the other that evening.

Keith Lehmann, 18, son of Fred Lehmanns, Norfolk, was enroute to Norfolk from his present home in Sioux City, at 1 a.m. on Highway 35 1/2 miles south of Hoskins he fell asleep.

The car he received two weeks ago went off the east shoulder, into a ditch, across a creek and hit an embankment. Lehmann suffered severe facial lacerations, stitches having to be taken later to close a cut across his nose, over one eye and down his cheek.

He was able to get out of the car, went up onto the highway to get help and two cars passed him before Don Asmus, Hoskins, stopped. Asmus took Lehmann to Lutheran Hospital, Norfolk, where medical care

was given. That evening, Andy Anderson, 27, was on county road 7 miles south and 2 1/2 miles east of Wisner in his 1967 car. The car blew a tire, skidded on the gravel surface, hit a farm driveway and overturned. The vehicle was a total wreck but Anderson was just shaken up, although he told Trooper Matejka he was going to a doctor to be checked.

The patrolman said he thought in each case the fastened seat belts could have been the difference between death or major injuries and the comparatively minor injuries reported in the two mishaps.

Concord Testing Report Revealed

Tests are being made on cattle fattened on corn and alfalfa (as haylage) supplemented with minerals, antibiotics, vitamin A and stilbestrol plus either of two different levels of added protein or with no added protein at all, according to Walt Tolman, cattle feeding researcher at Northeast Station, Concord. He points out that the protein content of both grain and hay are important

Dr. Russell Owen on Program for Kiwanis

Dr. Russell Owen, back in the United States from Africa on a short visit, was a guest of the Kiwanis Club Monday noon. A former member, he was given the speaker's podium for the program so he could tell of his work. He told of his work in Africa and outlined some of the aims of the project. Members learned that he is back in this country following a promotion in rank.

Details of the story are contained in another article written up from a personal interview with Dr. Owen later in the day at The Herald office.

Young People Taking First Jobs Advised

Young people who will be taking summer jobs and working for the first time outside family jobs are advised that they will need social security numbers. Robert Pelkey, district Social Security Administration manager, advises applying for these at once. In June the number of applications for numbers is four to five times greater than in any other month.

This means delay so applications should be sent now, using forms available at post offices.

Robert Swan of the Norfolk office will be in Wayne Tuesday, May 16, from 1 to 3 at the courthouse. No appointment is necessary. The Norfolk office is open weekdays 8:30 to 4:30. Extra hours for the convenience of the public are Saturdays from 9 to 12.

Wedding Day Mishap

At 1 p.m. the wedding came off on schedule. The groom was hampered as he walked and knelt and the bride had difficulty smiling but all went well, friends hoping the hectic start in married life was an indication of "peaceful sailing ahead."

All but Ruins Rites

Mr. and Mrs. Larry Schlines will never forget their wedding day for more than the usual reasons. They were involved in a traffic accident that all but spoiled the day for them. Schlines is the son of Mr. and Mrs. Virgil Truby, Allen. His wife is the former Carla O'Donnell, Sioux City.

Saturday morning at 1:45 they were enroute from the apartment they had been preparing to her home in Sioux City. They were involved in a traffic accident in an intersection.

His compact foreign car was at total loss and the other car was also figured a total loss. The other driver was uninjured except for a shaking up.

Schlines had a knee injury, Carla had three teeth knocked out and several more knocked loose. Both were taken to a Sioux City

hospital where she remained until 11:30. Doctors agreed she could be released for the wedding rather than having the first money in the hospital as first considered. (Monday it was learned Mrs. Schline's jaw was broken and she was admitted to the hospital again.)

At 1 p.m. the wedding came off on schedule. The groom was hampered as he walked and knelt and the bride had difficulty smiling but all went well, friends hoping the hectic start in married life was an indication of "peaceful sailing ahead."
