

## Wayne State Will Present 'Bad Seed' This Weekend

The first production of the school year for the drama department of Wayne State College will be "Bad Seed," an exciting and dramatic play directed by Dr. Helen Russell to be given Sunday afternoon at 2 in Ramsey Theatre and Sunday, Monday and Tuesday nights at 8.

A psychological drama, the play involves a child-murderer, portrayed by Susan Cook, and her mother, played by Julie Hayden. The chilling story of how a mother finally understands her daughter is actually a cold-blooded murderer held stage production audiences spellbound in a long Broadway run a few years ago.

Maxwell Anderson is author of the play. Cast members, who have been rehearsing for weeks, feel sure the suspenseful play will capture the audience with its mounting tension and strong roles.

Other cast members are Bob Pierson, Georgia Wachholtz, Arne Nelson, Steve Taylor, Claudia Thomas, Fred Wigington, Marjorie Fréchette, Larry Larsen, Roger Bengtson and Bruce Dickinson. Bev Fullner and Sandy Spellman are understudies for the lead roles.

Ron Wachholtz is technical director with Gerry Melis assistant. Brad Ford and Steve Millnitz are stage managers with Roger Bengtson, Larry Larsen, Bruce Pease, Bob Pierson, Mike Reese, Fred Wigington, Ken Dugan, Arne Nelson and Blake Olsson on the stage crew.

Other assistants in paint, See "BAD SEED," page 8

SUSAN COOK has the lead in "Bad Seed." WSC production starting Sunday at a matinee with three night performances following.

JULIE HAYDEN plays one of the leads in "Bad Seed." First WSC drama department production of the year.

## New 'Fill' Hours

A new schedule is to go into effect for the city landfill on the Clair Vogels property southeast of Wayne after Sunday. City Clerk Dan Sherry reports the landfill will not be open Sundays after Oct. 29. Last Sunday for use of the public is Oct. 29. The "fill" has been open Sundays to accommodate those who are engaged in clean-up work. It will be open Mondays through Saturdays from now on.

## Winside Has Won Honors In Journalism

Winside journalism class has been revealed as winner in two categories for the 1966-67 school year. Mrs. John Picard, now at Gillner, was instructor at the time.

Mary Jane Hansen, 1967 WHS graduate, has been awarded a third place certificate of merit in the annual Freighton University Hy-Line Awards Contest. The Winside Winner, yearbook, won honorable mention in Class C.

Miss Hansen's award, given in editorial writing, was based on "apathy in a speed-reading course." It appeared in last year's school paper, "The Wildcat."

She is a daughter of Mr. and Mrs. Gurney Hansen, Winside, was feature editor of The Wildcat, underclass editor of the yearbook and World-Herald teen correspondent. In the state journalism contest last year she ranked in the top ten. At present she attends WSC.

Winside's yearbook was the only one from North-See JOURNALISM, page 8

## Deadline Later

County Treasurer Leona Bahde reports word has been received from state officials extending the time for driver's license renewal 24 hours. All licenses not renewed since the first of September will expire Tuesday, Oct. 31, at midnight. Anyone driving on an old operator's license after that time will be subject to fine. The treasurer reports people have been coming in for renewals at a convenient rate and if this continues there should be no last-minute rush.

## Winside, Wayne Men in Remembrance by SWAY

Two Winside men and one Wayne man were remembered in the Servicemen We Appreciate You drawing Friday night. The drawing was held prior to the Wayne-West Point Central Catholic football game at WSC Stadium.

Names drawn were those of James Baier, son of Mr. and Mrs. Otto Baier, Wayne; Eugene Longe, son of Mr. and Mrs. Alvin Longe, Winside; and Darrell Troutman, son of Mr. and Mrs. Carl Troutman, Winside.

Baier's uniform doesn't show the three stripes he has now. He is an airman first class after a recent promotion.

He has been in the air force over three years, 18 months of which were spent on Okinawa. He works as desk sergeant with a police squadron, controlling all two-way radio transmissions, making reports and doing other security jobs.

At times, he has been in charge of all security at the base. His address is: A/1c James J. Baier, AF 17695468, 834th SPRON, Box 1561, England AFB, La. 71301.

Longe graduated from Winside High School in 1963 and entered the service in August, 1965. He took basic training at Lackland

### Children's Week Being Observed

Children's Book Week is being observed Oct. 30-Nov. 4 at the Wayne Public Library. The public is invited to visit the library to see all of the new books for children now on the shelves.

Mrs. Rodella Wacker, city librarian, said school groups have been invited to tour the library to see the film, "The Library Story." Other groups wishing to visit the library during the week may also see this film if they will contact Mrs. Wacker in advance.

However, visitors are welcome at any time during the week when the library is open. Regular hours are Monday through Saturday, 2 p.m. to 7 p.m.

Eugene Longe

It is estimated 2,000 people visited the new high school in Wayne Sunday. This is based on 1,600 programs being handed out, many going to couples or families where only one program would be taken.

Supt. Francis Haun said over 500 took time to register and 750 cups of coffee were served. He admitted there was no way to give an accurate count, but said everyone concerned was gratified with the interest shown.

There were so many visitors and they spent so much time inspecting facilities, the open house lasted well beyond the scheduled deadline. A half hour after the open house was supposed

## New Bus Going Route

A new Chevrolet school bus was received for District 17 the past week. It went into use on the Wayne north route Tuesday, Supt. Francis Haun reports. Harry Leseberg is driving the new unit. It replaces one that had been loaned to the district until the new one was completed.

## Wayne Airport Getting Funds for 12 T-Hangars

The State Aeronautics Commission Friday authorized construction of 12 t-hangars valued at \$18,900 at the Wayne Municipal Airport. Five other cities in the state were awarded funds, the allotment to Wayne being double that awarded anywhere else.

City Clerk Dan Sherry said the grant does not mean immediate construction of the permanent hangars. He said money comes from a revolving fund that is provided interest free to towns. They rent the hangars, pay the state back and there is no cost to the cities.

It is possible Wayne's hangars may not be built for several months. Had

NEW LICENSE EXAMINERS for Wayne County are Jerry Reisdorf, center, and Joe Hunzeker, both of Wisner. They are shown with John Schaefer, Wayne, who was in the examining office when the photographer came by for this photo.

## Two License Examiners Will Visit Each Monday

Two driver's license examiners started coming to Wayne Monday of this week. They will be here all day Monday each week from now on.

The first word they have for Wayne County drivers is: Do not laminate your licenses! They "point out" that they must write on them and those laminated will only "make the job more difficult." They also point out that the licenses are to be signed by the drivers on the front, not the back.

Joe Hunzeker and Jerry Reisdorf have both moved to Wisner from Lincoln. From that point they will serve six counties. Hunzeker is a native of Sutton and Reisdorf is from David City.

Their schedule calls for them to be in Wayne each Monday; Tekamah each Tuesday; Stanton or Neligh Wednesday; West Point each Thursday; and Pierce each Friday.

Hours here in the county commissioners' room on the main floor of the courthouse are from 8:30 a.m. to 4:30 p.m. Mondays. Until Nov. 1, they will be giving the routine exams for those applying for new licenses, but after that they can give the exams to be required of every driver in the state. See LICENSES, page 8

## Prize of \$250 Set for Winner

The Silver Dollar Night "pot" has grown again. It now stands at \$250, which someone can claim by being in the light place at the right time Thursday evening.

Garry Dean Coble, Wayne, received a check for \$10 last week. He was not in any of the participating business firms at 8 when his name was called or he would have received \$200.

If there is a winner this week, the prize will go back to \$100 the following week. However, if there is no winner, next week's prize amount will be \$300.

Other cities are able to pay the state back at a fast rate, the state will have money to loan to other cities sooner. Whenever the money is available, Wayne will be notified, the state indicating construction must start by Apr. 1, 1968.

Cities have up to 10 years to repay the interest-free loans. Priorities are given according to need and Wayne evidently was given a high priority for the hangars here are double those authorized for cities such as Scottsbluff, Crete, Wahoo and Minden.

## Wayne Community Chest's Workers Ready Reports

Wayne Community Chest workers are making the rounds in three areas, the business and professional places, the homes and the college. First reports are to be in this coming week.

Ted Bahde reports the workers' initial statistics had not started coming in by Wednesday but volunteers had only been out two days by that time. He expects a report meeting to show the results of the initial drive soon.

Wayne State College is giving more impetus than ever in the drive. First donation in fact was from a campus organization, Blue Key National Men's Honorary Fraternity.

At the Chest kickoff dinner Monday noon at Wayne City Auditorium, President Ron Withem presented a check for \$200, the money

## Wayne FHA Will Sponsor UNICEF

The Wayne Future Homemakers of America chapter is sponsoring a UNICEF drive in Wayne Tuesday, Oct. 31, from 6:30 to 8 p.m. Money will go to needy children of the world.

"Trick or Treat for UNICEF" will be the motto, although the girls will not have any tricks up their sleeves other than to raise as much money for the less fortunate as possible.

They join 3 1/2 million others in over 13,000 communities in raising money for the international children's emergency fund. Young people in Asia, Africa, Latin America and the Middle East will be helped.

Mrs. Marie Mohr, FHA sponsor, reports the girls will make the rounds in groups of two or three. They will have pamphlets and bookmarks to give to those who donate and they will carry orange and black containers for donations to make sure they are easily identified as the ones collecting for UNICEF.

Mrs. Alfred Sydow registered as a voter Monday at the Wayne County courthouse in the clerk's office. Clerk Norris Weible reports she is the first one to register in the county.

Assisting Mrs. Sydow in registering were Clerk Weible and his assistant, Mrs. Howard Morris. They expect no big lines to form for registration, since voters have until May 3, 1968, to do this.

However, anyone coming to the courthouse on business of any type may want to register to vote while See REGISTRATION, page 8

## Pageant Changed

"Nebraska Builders of the West," WCHS pageant, has been rescheduled for Monday, Nov. 5, at the Wayne City Auditorium. Dress rehearsal will be held Thursday, Nov. 2, at the auditorium. Several scenes of pioneer Nebraska are planned, according to the co-chairmen, Goldie Leonard and Mrs. Tillie Harms.

## On TV Program

Jo Merriman, son of Dr. and Mrs. Donald Merriman, Wayne, will be one of the young people appearing on "Teens Talk Up," a panel discussion program on KCAU-TV, Channel 9, Saturday, Nov. 28, at 12:30 p.m. Counselor Ken Deissler at Wayne High School reports the program was filmed a week earlier for the Saturday showing.

## Party, School, Christmas Plans Made for Winside

A get-acquainted party, another defensive driving school course and Christmas plans were the major projects in the future discussed at the Monday night meeting of the Winside Community Club at Trinity Lutheran Church.

The party will be for newcomers and oldtimers, and people of all ages are invited. It will be held Friday, Nov. 10, at 8 p.m. in the Winside Auditorium. Cards will be played, lunch will be served and there will be other features.

George Voss is chairman of the committee making plans with Vernon Hill and Dallas Schellenberg also on the committee.

With so many more wanting to learn about driving requirements now that Nebraska is requiring testing, the WCC decided another defensive driving course will be sponsored. How See WINSIDE, page 8

## Mrs. Sydow First Voter To Register

Mrs. Alfred Sydow registered as a voter Monday at the Wayne County courthouse in the clerk's office. Clerk Norris Weible reports she is the first one to register in the county.

Assisting Mrs. Sydow in registering were Clerk Weible and his assistant, Mrs. Howard Morris. They expect no big lines to form for registration, since voters have until May 3, 1968, to do this.

However, anyone coming to the courthouse on business of any type may want to register to vote while See REGISTRATION, page 8

## Six Chosen For All-State Choir

Six Wayne High School pupils have been chosen for all-state chorus, according to Joe Czickler, vocal music instructor at the school. There are two girls and four boys in the group.

Tryouts were held by pupils from all over the area Sept. 30 at Creighton. Top musicians were chosen to attend the all-state chorus activity Nov. 16-18 in Sidney.

Named from WHS were Bob Barr, Jo Merriman, Dave Brown, Tom Havener, Mary Stevenson and Chris Bernthal.

## Carroll Boy Injured in Chemical Blast in Home

A 14-year-old Carroll youth is a patient in Methodist Hospital, Sioux City, after seriously injuring his foot in an explosion. The blast occurred while he and a friend were experimenting with chemicals.

Injured is Dennis Harmeier, son of Mr. and Mrs. Harold Harmeier. Uninjured was Clark Craig, son of Rev. John Craig. Both Carroll youths are freshmen at Wayne High School.

According to Mrs. Harmeier, the boys were conducting experiments at the Harmeier home Sunday afternoon. The chemical reaction from some combination of chemicals exploded, the main blast hitting Harmeier's foot.

He was taken first to the Wayne Hospital but was transferred at once to Sioux City. His shattered foot was badly damaged and as of Wednesday morning it was not sure what part would be saved.

Mrs. Harmeier said her son's foot was split and there was a chance he would lose his big toe but doctors would not be sure until later Wednesday. She said his foot will take considerable time healing regardless of the decision regarding the toe.

In the meantime, cards, letters and visits will be appreciated. Address for the WHS freshman football player is: Dennis Harmeier, Room 109, Methodist Hospital, 29th & Douglas, Sioux City, Ia. 51104.

LYNN ROBERTS, school board president, steps forward to accept the keys to the new high school from the architect, Elery Davis, in the program Sunday. Seated facing the camera (from left) are Beulah Bornhoff, Jo Merriman, Prin. Fred Rickers, Lynn Pierson and Morris Sandahl.

## Help Appreciated For Fall Bazaar

Now is the time for all good citizens of the Wayne area to come to the aid of their Hospital. Members of the Hospital Auxiliary are urging all residents to take part in the fall bazaar, Nov. 18. Proceeds are used to purchase equipment for the hospital.

Anyone having articles suitable for a grab bag is asked to contact Mrs. Norbert Brugger or Mrs. Edna Casper. They will arrange to have the items picked up. This should be done as soon as possible as the ladies want to get the articles ready at once. Used nylon hose should be taken to Mrs. Faye Fleetwood.

Articles for the gift shop and apron booth are to be taken to the City Auditorium by 2 p.m., Friday, Nov. 17. So workers can price them. Candy and baked goods should be at the Auditorium by 10:30 a.m. the day of the bazaar, Nov. 18.

Listed below are chairmen who can be contacted if you have any items or questions concerning the various booths: Mrs. Julia Haas, Auxiliary president; Mrs. Willard Wiltse, gift shop; Mrs. Faye Fleetwood, aprons; Mrs. Vale Kessler, baked goods; Mrs. Clifford Wait, candy; and Mrs. Floyd Hupp, lunch.

Whether or not you are a member of the Auxiliary, your help is still needed.

by Gunther's one-yard keeper. Don Grubaugh kicked the point. Shortly after that, Wayne recovered a Jewell fumble on the Cardinal 16. Five plays later Jerry Luettke plunged a yard for his eighth TD of the season, and Grubaugh kicked the tying point.

Late in the second period Wayne's fumble of a punt reception gave Jewell possession on the Wildcat 15. Tom Dunn put Jewell ahead again with a six-yard sweep, and Meeker made it 21-14.

Lightning struck again seconds later when the Cardinals, on a short kickoff, pounced on the ball at the Wayne 25. Lucas dashed for a touchdown on the next play, and Meeker kicked a 24-14 margin, 3:58 left.

Wayne charged back with its own brand of ground lightning until a lost fumble gave Jewell possession on the Cardinal 25. Then an intercepted Wayne pass halted another effort before halftime.

Wayne defense stymied Jewell's first series in the second half. Fullback John Perkins capped a 31-yard Wildcat assault with a 10-yard bulldozer run, closing the gap to 20-14. The kick went wide.

Wayne reached the Jewell 25 a few minutes later but lost a fumble. The Cardinals then mounted their one long drive and scored on a 50-yard pass from Dick Fette to Bob Buschmann. The kick failed, and Jewell led, 34-20.

Another Fette pass, 30 yards to Bob Terbrock, made it 40-20 midway in the fourth quarter.

Still spunky, the Wildcats dug in for an 82-yard attack. Substitute quarterback Chuck Fickler, lading far back to pass, hit Perkins at the scrimmage line, and the Sioux Rapids, Ia., sophomore shook several tackles for a 38-yard touchdown run. Grubaugh's kick ended scoring at 40-27, with 41 seconds left.

Wayne Coach John Jermier summed it up Sunday: "We gave up the ball too often. We can't lose three fumbles and two interceptions against a quick team like Jewell. Besides that, they took away our passing game. Jewell has a fine pass defense."

Oddly, both teams reversed their usual performance. Wayne has favored passing. Jewell running. But it turned out Wayne gained 266 rushing and only 63 passing while Jewell netted 102 rushing, 166 passing.

Jewell, 6-0, avenged two losses to Wayne. The Wildcats are now 4-3.

Wayne returned to the 40. Kelly Dill carried on a reverse to the 20 and Todd Bornhoff passed to Don Hansen for those 20 yards and the TD.

Next time Wayne got the ball, Lonnie Biltoff went 20 yards to score. As on other long runs, the downfield blocking of Billy Fletcher, Dill and Bornhoff aided the runners.

Biltoff made another TD, going 8 yards, the first period. Dill went 10 on an end sweep for a second quarter touchdown and Biltoff went up the middle for five yards and six points to end first half scoring with the count 34-0.

In the third quarter, first offensive play, Hansen exploded for 65 yards and a touchdown on an off-tackle play. Pierce was held, punted and Bornhoff returned from the Wayne 30 to the Pierce 40. Hansen went off tackle again and this time covered 40 yards on a touchdown run.

Doug Sturm scampered 8 for a Wayne TD to end the third period. In the fourth quarter, Mike Mrsny caught two back-to-back passes, the first from Sturm on the middle for 10 yards and the final

score. Extra points were made by those making touchdowns plus Dave Kudrna and Rick Elotson.

Hank Overin played everyone and in the fourth quarter had linemen in the line but every combination clicked. Sturm, Mrsny and Dill made long runs in addition to their scoring efforts. Rick Field, Billy Fletcher, Dane Jolley, Chris Leuders and Dean Stevens looked best on defense for the locals.

### St. Mary's Gridders

### Play Public School

St. Mary's fifth and sixth grades will play Wayne Elementary fifth and sixth grades in a football tilt Thursday, Oct. 26, at 4 p.m. at the baseball field. If the game is close, a second game may be scheduled.

Boys from both schools are currently playing in the city league. They are on the Red, Gray or Black

teams, according to Hank Overin, director of city recreation.

### WSC Loses Game Against Jewell

It was supposed to be exciting, the Wayne State-William Jewell football game-and it was, except for the score of 40-27 favoring Jewell.

The fact that the Liberty, Mo., Cardinals had seven points on the scoreboard after 1 1/2 seconds of play, and without having possession of the ball yet, got the game off to a somber start. And another Jewell touchdown three minutes later warned the crowd of 3,700 homecoming fans they could expect a wild game. It was.

The first Jewell score came on the first play after kickoff. Wayne quarterback Steve Gunther elected a

### Wayne Sophs Smother

### South Sioux City '11'

Wayne Sophomores completely dominated a game with South Sioux City Monday afternoon on the West Elementary field, winning 28-0. Only some hard-running backs from SSC kept the Cardinals in the game.

This was the last reserve or sophomore game for the season. Coach John Tollakson's teams ended the season undefeated in six tilts.

So complete was Wayne control, the locals allowed SSC only 11 yards net rushing the second half. In that same period the locals were amassing a total of 161 yards passing and rushing.

Jerry Titze kicked off for the locals, the Cards returning from the 12 to the 31, then driving for three first downs, the only setbacks being 4 yards by Doug Maurer and 3 yards by Vaughn Korth.

Wayne took over and

drove for a TD. Mike Biltzoff made 9, Randy Robins 7, Biltzoff 5, Robins 6 and 15 and Robins going the final 10 aided by a terrific block by Dave Barker. Titze kicked the extra point to make it 7-0. Titze kicked to the goal with Rick Robins bringing the runner down on the 10.

The Red and White was held, forcing a kick. From the 43, Les Echtenkamp moved 3, Robins 7 and Wayne had to kick, Titze booting to the 10. Three plays later WHS had the ball, Robins recovering a fumble. Biltzoff picked up 2, Randy Helgren passed to Biltzoff for 23 and to Doug Maurer for 11. Robins went over from the 2. Titze added the extra point and it was 14-0.

Titze's kickoff went to the 28, Doug Maurer set SSC back 8, the visitors kicked and Rick Robins returned the ball 15 yards. Randy Robins gained 18 and 15, Ted Armbruster 9 and Robins went in from the 7. Titze added the extra point to make the half-

time count 21-0.

Robins returned the second half kickoff from the 16 to the 33. Echtenkamp gained 4, Armbruster 3 and

Robins 15 before SSC intercepted a pass. Two first downs were picked up before Wayne gained possession.

Helgren passed to Maurer for 18 and 24, Robins ran for 21, Helgren passed to Biltzoff for 15, Echtenkamp gained 4, Bilt-

toft 4 and Wayne tried a field goal but missed. First play from scrimmage the Cards fumbled, Rick Robins recovering on the 12. Helgren passed to Ken Jorgensen for 8, Echtenkamp gained 3 and the final 1 and with Titze's PAT boot good, it was 28-0.

Titze kicked to the 21 with SSC returning to the 42. Titze and Echtenkamp threw the visitors back 4, forcing a kick, Helgren returning to the 37 from the 28. Ted Armbruster passed to Maurer for 17, and to Gary Heithold for 17 and to Rick Robins for 5 before the visitors held. Rick Robins and Armbruster threw a 4-yard loss, Heithold threw them back 10 more yards. Wayne took over only to fumble and as the game ended Alan Wischhof threw SSC back another 2 yards.

Wayne led in first downs 21-9; yards rushing 142-76; yards passing 148-0; total yardage 290-76; passes 18-7; completions 9-0 and penalties 50-20. South Sioux led in interceptions 2-0; fumbles 8-2; and recoveries 8-2.

also an all-conference choice in basketball.

WSC Wrestling Coach Don Pate will direct the mat clinic. A member of the national NAAIA champion Moorhead State wrestling team and a national meet placer, Pate can demonstrate mat techniques with authority.

The clinic is open to everyone interested in the sports.

The girls' playday, sponsored by WSC's Physical Education Majors Club, offers competition in softball, touch football, gymnastics, basketball, tennis, and swimming. The program starts at 9 a.m., lasts till 5 p.m. in the Carlson intramural gym.

### Former Wayne Stater

### Wins Marathon Race

Carl Owczarzak, Kansas City, Kan., won the AAU Region 6 Tri-State marathon race at Falls City Sunday. He covered a 26-mile-385-yard course in 1 hour 55 seconds, six minutes over his own record he set on the course in winning last year.

Owczarzak is a former Wayne State College cross country runner. He was one of 27 runners starting and 22 finishing the Sunday race.

Another former WSC runner was among the competitors. Ken Katzer, Lincoln, entered for the Lincoln YMCA. He is an armed forces champion in the 5,000 meter and 3,000 meter steeplechases.

### WSC To Host Two Sporting Events

Wayne State will host two Nebraska College Conference events Saturday, the cross country meet at 11 a.m. and the Wayne-Chadron football game at 7:30 p.m.

The cross country run seems likely to make history—namely, the appearance of a new name on the champion list. For the 14 years since cross country became a conference sport, there has been only one winning name, Kearney State.

Both Peru and Wayne, on the record, are potential champions. Peru is undefeated in dual and triangular meets this year and has two topflight runners in senior Tim Hendricks and freshman Jack Weyers. Wayne, in five scored meets, has posted two firsts and a tie for first. Leading the Wildcat harriers is senior A. D. Benson, one of Nebraska's best distance runners the past two years.

Peru defeated Wayne in a quadrangular course which will be the NCC meet site. Later, Wayne beat Kearney in a triangular with Nebraska Wesleyan. The first four places in that run went to Wayne.

The Wayne-Chadron football game matches team with 2-1 conference marks. Barring a tie, the winner will finish second in the NCC. Both have beaten Peru and Hastings, both lost to Kearney. Wayne has a string of eight straight wins over Chadron, with combined scoring of 233 to 72. However, the all-time Wildcat-Eagle record is even at 21 victories each.

An extra attraction at the football game will be a series of track events, weather permitting. A 100-yard dash will provide the first opportunity for Wayne fans to see one of the nation's fastest sprinters in action. He is Ken Dugan of Los Angeles, a sophomore transfer to Wayne this fall, who has frequently clocked :9.4 for the century and has been timed unofficially at :9.3.

Dugan plans to run in several major meets this winter and next spring, preparing for a shot at the 1968 Olympic trials.

Also on the track program are a 440 dash and a mile run by the cross country team, and a girls 440-yard relay race. Skill another attraction is scheduled for the game's halftime when the Omaha Westside High School Squires and Drill Team present a marching show. The girls are frequent performers at Omaha athletic events.

HIGH SCHOOL BAND  
WAYNE-NEBRASKA  
STATE CHAMPIONS 1927  
Prof. F.C. Reed - Director.

STATE CHAMPIONS, 1927, that was the Wayne High School Band. Mrs. Clarence Sorensen supplied this picture. The names were listed but not necessarily in order. Only one name could not be made out. Following are the senior band listings: Clarinets Stanley Davis, Gene Beaman, Benny Kay, Doris Judson, Dick Fenske, Newell Pollard and Marilyn Zimmerman; trumpets Stanley McChesney, Donald Albert, David Young, Joe Lutgen, John Kemp and Annabelle Davis; saxophones, Meredith Roberts, William Von Seggern, Donald Beaman, Max Hendrickson and Milford Wright; french horns, Herman Eickhoff, Naal Isom and Lawrence Wamberg; trombones, Evan Dennis, George Downing and Marjorie Ley; baritone, Helen Rundell; drums, Henry Reynolds and Robert Jorgensen; oboe, Kathryn Lou Davis; piccolo, Charles Ingham. F. C. Reed was director.

Junior band members listed (some of whom are shown in the picture, but we don't know which ones) were: Clarinets, Faye Beckenhauer, Prudence Bush, Natalie Cartwright, Frank Claycomb, Lloyd Erleben, Evelyn Heikes, Ernest Splitterger, Gretchen Teckhaus, Jan Von Seggern, Mildred Bonawitz, Dorothy Ross, Esther Theis and Marion Jones; trumpets, Murray Powers, Donald Smith, Oliver Shields, Charles McConnell and Arvid Davis; trombones, Orville Damme, Luther Doctor, Lawrence Greenwald, Evelyn Larson, Donald Miller (missing), Zola Wilson and Fauneil Beckenhauer; saxes, Ralph Austin, Textley Zimmerman and Franklin Philleo; saxophone, Arnold Lage, alto clarinet, Dorothy Winterstein; french horns, Melvin Brown, Irma Von Seggern and Verne Waller; baritones, Franklin Victor and Viola Yocum, piccolo, Clayton Powers; oboe, Ila Carlson; bassoon, Alma Martin, and drums, Dean Hughes and Walter Bressler.

COMMUNITY CHEST is a Wayne State College project too. First check for the local drive came from Blue Key, men's honorary. Ron Withem, right, president of Blue Key, is shown presenting a check to Ken Dahl, business org. drive chairman. Galen Johnson, left, vice president of Blue Key, and Loren Kamish, WSC instructor, who is president of Wayne Community Chest, are shown with the drive graph used at WSC. Kamish indicates the present status of the drive at the college.

THE WAYNE STATE College concert band will play at 9 a.m. Friday for the District III Nebraska State Education Association convention at Norfolk. Director Raymond Kelton's program includes an unusual number featuring the percussion section, pictured from left: Clayton Friis, Oakland; Jeanne Addison, Wayne; Lynn Dobson, Glidden, Ia.; Connie Black, Omaha; Dick Luhr, Laurel; Charlene Wendt, Ralston, and Jerry Bottger, Emerson. The percussionists will have their moment of glory in "Concertino for Percussion with Band."

CANDIDATES FOR FRESHMAN QUEEN: The freshman class at Wayne State will have its own royalty Friday night when the Queen of the Gr... crowned at a dance. The six finalists for... annual title are (seated, from left) Kathy Klein, Crofton; Connie Mitties, North Bend, and Linda Schroeder, Fremont; (standing) Ronda Moss, Sioux City; Joie Squires, Bellevue, and Trish Reed, Omaha. Only freshmen may vote to select their queen.

Lots of Accidents Reported in Region

This area had its share of injury accidents over the past few days. Most serious were a chemical blast in a Carroll home and a broken arm at the football field at Winside.

I WOULD LIKE to say "Thank You" to everyone who so kindly sent flowers, gifts, cards and visited me during my stay in the hospital; and a very sincere "Thank you" goes to Dr. Robert Benhack, Rev. de Freese and the Hospital Staff.

MAY I TAKE this means of expressing my sincere thanks to all for their prayers, flowers, cards and visits during my stay in the hospital and since my return home.

WE ARE MOST GRATEFUL to the men who came to our farm Friday and combined our milo. Thanks to those who brought combines, tractors, wagons, etc., and also to the many who came to help wherever they might be needed.

under a new law. Although the law becomes effective Jan. 1, it provides that drivers can take their examination any time up to 60 days ahead of their birth date. For those born in January, this means sometime in November they can go in for exams, if their age is divisible by 1, that is.

The two examiners have state-published booklets free of charge for anyone who wishes information on driving or who wishes to study the laws so the test will be easier to pass. They will be glad to answer questions anyone has concerning the new law.

What if you fail a driving test? You can take it over again the following week. In fact, you can keep taking it until you pass it.

The two reported on the previous examiners who had been coming to Wayne. Robert Lee has left the service and is now in Kansas, Ron Meyer, who has been coming here since Lee left, is being assigned to St. Paul.

AFB, Tex., and then went to Charleston, S. C., where he took IBM training and traffic control work. He finished among the top ten in his class and received a letter of commendation for his work.

After six months at Charleston, he went to the Azores in July, 1966. He has been there since, his biggest jaunt away being a three-day leave to visit Madrid, Spain. He reports he has been ocean fishing and gets in other recreation when not doing IBM and traffic control work.

His address is: A/C Eugene A. Longe, Box 541, 1605 ABW, APO New York, N. Y. 09406.

Lt. Cmdr. Troutman graduated from Winside High School in 1953. He took one semester at WSC, entered the service and took army basic at Ft. Leonard Wood, Mo. He received an appointment to the Naval Academy, Annapolis, and graduated in 1958.

His first service was aboard the carrier, USS Forrestal, but he has been assigned for several months to the USS Con-

they are at it. Those not registered by the time the primary rolls around in May will not be allowed to vote.

The registration process has not been required in smaller Nebraska counties in past years. However, the legislature passed a new law requiring voter registration in all counties so the process got underway when Mrs. Sydow walked in and asked to register.

Those who will be old enough to vote next May will be allowed to register. They will have to indicate party preference, Democrat, Republican or Independent. Those registering as Independents will get only non-political ballots at primaries.

**Open House -**

(Continued from page 1)  
to be over, there were still hundreds in the building.

No part was missed. Supt. Haun said the shop, located off in a corner and down a long hallway, was one of the most-visited rooms. The library, language lab and all other departments were the object of a lot of interest.

Supt. Haun reported around \$5,000 in gifts to the school. This is a most unusual situation. As some said, churches sometimes get these gifts, but schools rarely get gifts in such quantity.

The superintendent listed these gifts: \$1,000 for library, anonymous; \$2,000 for library, anonymous; \$215 for art work; \$600 from the Cob Olson memorial for photographic equipment; \$1,020 in memory of Harry Fisher to provide extensive stage lighting; \$500 in memory of Dwight Cattanoff for a trophy case; a podium from the Class of '67; \$50 Bible from the Eastern Star; and art work in the library from the Class of '47.

Student council, FHA, PTA and teachers in their rooms were complimented on their part in the open house. The young drew special praise, their activities being a credit to the community and school and a genuine contrast to the activities that get the headlines for the few young trouble-makers in the nation.

Bouquets of flowers came from C. W. Suter & Son, Christiansen Construction Co., Risor & Barney, Wayne Greenhouse, Wayne Herald, M. M. Lessmann Co., State National Bank and Pierson Insurance Agency.

Donald Schumacher directed the WHS band in a musical prelude. Colors were presented by Boy Scout Troop 221 with Pledge of Allegiance led by Lynn Roberts, president of the board of education, who presided. Invocation was by Rev. John Voth, president of the Wayne Ministerial Association.

Dean Pierson of the board made the main dedicatory remarks, calling attention to what the new school means to the Wayne-Carroll district. He said a nine-month study by 70 people was the beginning of the project that led to two-thirds of the voters approving the bond issue.

Pierson told of the new subjects available, the vocational education some need who will not go to college, the progressive plan needed for a progressive plan, the good tools needed in the hands of competent instructors and the way the high school, middle school and elementary school fill the objectives in providing for the

needs of the pupils, the gradual change in type of teaching and the encouragement to think and develop in fields of interest.

He paid tribute to the faculty, as being "most dedicated." He recalled how Supt. Haun was chosen administrator after long study, and the hopes of the board for an able and capable administrator had been exceeded many times over. He called on the people to dedicate themselves as they dedicated the building and to push on with sound heads, strong hearts and humble spirits.

Elly Davis, architect, presented the keys. Lynn Roberts accepted for the board, again saluting Supt. Haun; Prin. Fred Riekers accepted for the school, pointing out that it was the beginning of much good that can come from the buildings, its blessing outlasting its physical structure;

Beulah Bornhoft accepted on behalf of the staff, expressing the hope to do better; and Jo Merriman, student council president, accepted on behalf of the students, stating the quality of students will be greater due to the higher quality of the building and facilities provided by a community that looked ahead and saw the need for something better.

**Schools on 'Vacation'**

Schools in Wayne, Wakefield, Winside and Allen will dismiss Wednesday afternoon for the annual teachers convention. For pupils it will be a vacation. For teachers it will be almost as much work as school. Supt. Francis Haun reports most of the area instructors will attend the convention in Norfolk although they are free to attend any convention in the state. Glen Baker, WSC, is candidate for secretary of District III.

**Business Notes**

Craig Williams, president and chairman of the board of Security State Bank, Allen, has been elected president of the Fayette State Bank, Fayette, Ia. He will leave Oct. 31 for that city and his family will follow later. He will continue to maintain his interest in the bank in Allen. Marvin Burgess and Bill Schneider are officers of the bank and Mrs. George Van (Leave is another regular member of the staff. Joining the bank as a new employee is Mrs. Randy Ellis.

**Honor Society Meets Monday in Wakefield**

National Honor Society convocation was held Monday, Oct. 23, in the Wakefield High School Gymnasium. Seven members were tapped for membership.

New members are Marilyn Felt, Kathy Carlson, Susie Gordon, Jerry Jensen, Guy Dunning, Jack Gustafson and Susan Ogier. The many obligations they met in order to qualify as members were explained by Mrs. M. C. Rolston.

Supt. Larry Jess gave the welcome and Mrs. Alvin Sundell the invocation. Vicki Lienemann gave the prayer and Linda Anderson and Phyllis Muller sang "Only a Rose."

A yellow rose (national flower) was presented to each new member as he was escorted from the audience. Four goals of NHS were explained by four members. A sextet sang "The Impossible Dream." A buffet supper was held at a cafe Monday evening honoring new members.

**Fire Threatens Gas**

**Tanks, Home in City**

The fourth fire in the Wayne area in the last two weeks threatened to become a major one for a while Saturday evening. A south wind blew the flames from a grass fire toward gas tanks and a home.

Firemen were called out at 5:10 p.m. when grass burning near Wriedt Trailer Court was sighted. The dry grass burned well and whipped the flames toward the Co-op tanks along Highway 35 and the Tom McCright home just east of Wayne.

The local smoke-eaters were able to stop the flames short of the gas tanks. Fire burned right up to the McCright yard before it was out.

Cause of the blaze is unknown. It apparently started near the C&NW railroad tracks but since there had been no train through Wayne Saturday, it is improbable that an engine caused the fire.

A large area of grass burned. Otherwise there was no damage. The other three fires in this area in recent weeks have been rural.

**Kiwanis Joins Chest Group's Noon Kickoff**

Wayne Kiwanis Club met in a joint session with the Community Chest drive committee kickoff dinner Monday noon at Wayne City Auditorium. Vice President Mern Mordhorst presided.

Kiwanis guests included Lloyd Goldie, a former resident, Don Morris, a jewelry sales representative and Gordon Schempp, commercial supervisor for Northwestern Bell Telephone Co., who was main speaker at the kickoff dinner.

West Point now has a Kiwanis Club, newest in the district. Kiwanians here are planning Queens Night Nov. 4 with reservations due by Monday, Oct. 30, through K. N. Parke.

A CARROLL WOMAN, Mrs. Marjorie Frechette, has a supporting role in "Bad Seed," at WSC this coming week. She portrays a woman driven to drink by her son's death. Mrs. Frechette is a junior majoring in English. She was the state oratorical champion and the outstanding freshman of the National Forensic League in past years. She also has had experience in radio, working for CBS in Hollywood and for stations in Sioux City.

**Maybe There Are No New Taxes After All**

Are any taxes really new? Norb Bruger, Wayne power plant superintendent, wonders after a "find" this week by workers for the city.

Take dog tags. You probably thought they were a development of recent years. Bruger now has proof they had them 65 years ago.

Found near No. 5 lift station in Wriedt's Addition Monday was a dog tag. In the shape of an acorn, the well-worn brass plate had this inscription: "1902 Dog Tax 35 Wayne."

There is no indication of how much the tag cost. It could have been as little as 10 cents. At any rate, the form of "tax" for dog licensing is not as recent a development as some people thought. Just how much earlier the tags were required is not known.

**WS Foundation Gets**

**Gift From Graduate**

The Wayne State Foundation is the recipient of 244 shares of capital stock valued at about \$4,600, the gift of Mr. and Mrs. Haven Falconer of New York City. Mrs. Falconer, the former Vera Kalal, is a Wayne State graduate and a trustee of the foundation.

The gift was presented at the trustees annual meeting October 20. The Falconers have asked that their gift be used to sponsor a Foreign Affairs Institute on Latin America. The institute will be offered for a three-week period in the summer of 1968.

Mrs. Falconer is an executive with the educational division of Golden Press and a free-lance consultant in the audio-visual field. Mr. Falconer is a production executive with MGM.

Eighteen trustees attending the meeting adopted foundation projects to provide awards and scholarships for both students and faculty, two projects in fine arts, and sponsorship of a lecture series which will bring scholars of national reputation to campus next spring.

Val Peterson was re-elected president of the foundation, along with Henry Ley, vice-president; Adon Jeffrey, secretary; treasurer, and Kenneth Olds, resident agent. Paul McCuskey is executive secretary.

Alan Cramer of Wayne was elected to a three-year term as trustee.

The board praised Wayne area business and professional men for their outstanding support of the foundation in the past year.

# EDITORIAL COMMENT

The editorial department of a weekly newspaper is an important department. Normally it is one person's opinion of topics that concern most of the readers.

It is the duty of an editorial writer to search all available facts before he sits down to write. From this basis the writer should be able to give a clear picture of important topics.

You may not agree with an editorial -- but if you read the editorial and give serious thought to the subject discussed you have gained. You, as a reader, have given careful thought to an important problem and the writer is proud to have called your attention to an important subject that you may have overlooked.

who get into trouble and have to go to the pen are valued so much higher? How come a hard-working, honest, law-abiding working man or woman can't get a break in providing for their own families?

No wonder the cities find so many cases where the father leaves home because the mother gets more to support the children without him around than the family could possibly have if he stayed home and worked. No wonder there are more people on welfare rolls than ever before (some there because they can't help it, others there because it's the best living they can have, and they are not encouraged to work since "dole" is higher than pay).

It's enough to make someone get a little curious. Maybe angry. Isn't it about time things are brought into the proper perspective? Think about the \$18,000 for a job corps trainee the next time you see a \$600 off per child as a deduction on your income tax. Is that trainee worth 30 times more than your child? Uncle Sam seems to think so. C.E.G.

## Young People Arise!

The homecoming dances at Winside and Wayne were great. Poor suffering teachers though; they had to sit through the noise of teenage music. Perhaps it is time for the young people to "arise" and do something about it. Wayne might be a good starting point.

There is nothing wrong with your dances as far as we're concerned. Of course, your sacrifices may object, but that's something between you and your sacrifices.

However, when you think of the honor roll pupils, the ones who are natural leaders and the ones who are going to win scholarships, you should imagine that some of them would be smart enough to know that the loud music is not necessary to have fun.

Isn't it time the smart ones among the teenagers did something about the noise before permanent damage is done? This has been mentioned editorially before but the noise gets louder instead of quieter.

Our teenagers seem well above the average for good sense, good manners and high morals. We're glad they can have fun. We feel sorry for them because they are young in a mighty restless age. These things they cannot do much about. They can do something about the volume of combos at their dances.

We suggest that at the next dance they turn down the volume and see if they don't enjoy themselves just as much as they do with the noise so loud it makes bones vibrate in their sockets. Just because this idea comes from someone long beyond the teenage category doesn't make it a bad idea. The smarter ones among the teenagers should be able to figure it out for themselves.

Listen to your leaders, teenagers. If you don't, you may not be able to listen to anything by the time you're out of age. It won't be too funny then. Ask anyone with hearing problems. C.E.G.

## A Time For Questions

Are any Wayne area residents mystified by the government's thinking on certain programs? Would these include welfare, aid to refugees, job corps or dependents?

If not, then we'll probably get more of the same type of inconsistencies under every type of administration, no matter which party is in power. We choose to cite some of these inconsistencies right now.

Take the Omaha woman who wrote that she once had to accept welfare but finally found a job. It was not enough, so in addition to fulltime work she takes part-time jobs in the evening. This widow's take-home pay is \$328 a month.

A woman in similar circumstances is out of work and won't take work because she would get less for working than she does for not working. The non-worker gets \$550 a month from welfare.

Uncle Sam has helped Cuban refugees, which is fine. We're in favor of giving genuine help to those we can. Each refugee gets \$1,200, plus \$1,000 a year for each boy or girl going to school.

VISTA training costs \$3.1 million to train 202 young people. This is more than \$15,000 per year per trainee.

The Job Corps is even more out of line. For each high school drop-out, the government spends \$18,000 a year.

If a woman has an illegitimate child, she gets \$800 a year to take care of the child. The government furnishes the money.

Send a boy to a federal penitentiary and its costs Uncle Sam again. It costs \$2,300 to keep him in the pen.

With all of this outlay for programs, what does the government allow you, the common man, as a deduction for each child in your family when you figure your income tax? A mere \$600!

How come the Cuban refugee, the illegitimate child, the VISTA volunteer, the high school drop-out and the youths

# Taxpayers To Soon Note Smaller Take-Home Pay

Barring a State Supreme Court decision striking down the 1967 Revenue Law, Nebraskans will begin paying their first state income tax on Jan. 1.

It won't take wage-earners long to discover that fact. The levy will be withheld from their checks, meaning smaller take-home pay.

The rate, as established by the State Board of Equalization, will be 10 percent. It is applied against the amount of federal income taxes paid.

For example, if a taxpayer owes the federal government \$500, his state income tax will be \$50,

with \$7 off for each dependent for a so-called food sales tax credit.

The corporate rate is automatically one-fifth of the individual levy, setting it at 2 percent. Unlike the personal income tax, it will be assessed against taxable income after normal business tax credits. Collections thus will vary according to annual earnings.

The rates will remain in effect until a year from now when the board must review the state's fiscal posture and determine whether an upward or downward adjustment is in order.

Gov. Norbert T. Tie-

mann, board chairman, said he would like the levy to remain stable next year. But, he added, to do this, a three percent sales tax will be necessary.

The sales tax, enacted along with the income tax last April, is now 2.5 percent. It is scheduled to drop to 2 percent in 1969.

However, the governor said he will ask the legislature to increase the sales tax, possibly at a special session next year.

State Tax Commissioner Murrell B. McNeil estimates the 3 percent sales tax will yield \$65 million a year and the income tax another \$35 million annually.

He said this will be enough to carry state government safely through the 1967-69 biennium without red ink spending—which is outlawed by the state constitution.

## Dispel Dillusion

Two New Yorkers who conducted an in-depth study of Nebraska's one-house legislature have dispelled what they said is a common misconception about the Cornhusker State.

Abe Seldin, a former assemblyman from New Hyde Park, and Ted Black, a Nassau County publisher, said many Eastern seaboard residents believe Nebraska is a politically backward state but that this is a disillusion.

"Nebraska has a political heritage of progressivism and even radicalism," they said.

The "Great Commoner," William Jennings Bryan, silver-tongued spokesman for populism and the farmer-labor leftism of the late 19th century is a state hero, as is Sen. George Norris, a modern day progressive whose ideas on public power, modernization of congressional rules and unicameralism were considered wild-eyed radicalism at the time.

Seldin and Black studied Nebraska's odd legislative system last February as delegates to the New York State Constitutional Convention.

Their remarks were contained in a 19-page report to the convention on the Nebraska Unicameral and how it might relate to New York.

The report neither recommended nor rejected the one-house approach for New York, although it did conclude that due to the population difference (Nebraska with 1.5 million people compared to New York's 18 million), a unicameral would present certain representation problems.

The New Yorkers also wondered if Nebraska's method of electing legislators on a non-partisan basis would work in their state.

"Nebraska's constitution seems to be self-contradictory here. Why is it right, proper and safe for the state's federal-level legislators to be chosen along party lines but wrong, improper and dangerous for state legislators to be selected in this way?" Seldin and Black asked.

"Why does Nebraska fill the office of auditor—presumably a coldly political position—in a party-line election, while forbidding state lawmakers to conduct their campaigns in the same way?"

The report said Nebraska's non-partisan system appears to create a leadership vacuum within the legislature, resulting in occasional confusion.

Budget Authority Curbed Atty. Gen. Clarence Meyer has informed Governor Tiemann he has no authority to restrict the expenditure of tax funds to those agencies not under his direct control.

This includes, the attorney general said, the University of Nebraska, state colleges, education department and all other "constitutional" offices of state government.

The conclusion was reached in a letter made public Tuesday by State Administrative Services Director Robert P. Rogers.

The effect is that the University and state colleges can use their own discretion in going beyond "legislative intent" in distributing tax funds for salary increases.

In the past, the legislature has frowned on state agencies shifting funds to cover federal paychecks that the lawmakers had envisioned when they appropriated the money.

### Safety Is 4-H Project

Well over a half million 4-H Club youth are actively engaged in safety projects, estimates the National 4-H Service Committee. Projects cover farm and home, machinery, recreation, traffic, fire and health.

Accidents know no season, nor are they confined to any one age group. In the U.S. accidents are the leading cause of death among all persons ages 1 to 37. Not only do 4-H members learn safe practices in their day-to-day living, but they influence their families and communities to be more safety-minded year-round.

Individual 4-H Clubs take on community projects such as clean-up and health campaigns and aid to the Red Cross. They cooperate with law enforcement officers and city officials in accident and fire prevention drives.

Another effective activity is the hazard hunt. This may cover certain areas in the town; a group of farms and homes, public buildings or parks. When the hazards are found, the 4-H's take steps immediately to eliminate or correct them.

Records of personal safety achievement are reviewed annually by club leaders and extension workers in charge of 4-H. Best and most effective safety projects are rewarded by General Motors, the national 4-H safety program sponsor for 23 years.

Hunter Etiquette Hunters who expect good results this fall should be thinking about etiquette. The etiquette referred to concerns attitude toward farmers and ranchers. Good human relationships are built as a result of genuine concern for others and their properties. Some approaches which landowners and tenants will appreciate are:

1. Never hunt on any property without permission. If you do not have permission you could be arrested for trespassing.
2. Treat the farmer or rancher as an equal. This is the least you can do. Ask him to hunt with you. It might be the shrewdest move you ever made because he knows where the game lives.
3. Respect his property.

We hope the US never agrees to quit bombing North Vietnam unconditionally in the hopes the North Vietnamese will negotiate. This idea some people propose is about as sensible as asking one basketball team not to take any shots when it gets the ball while the other team goes on shooting everything it does. We know the war in Vietnam is no game, but we also know that "peace in our time" is no more sensible as a world policy now than it was when Chamberlain yielded to the Nazis and helped bring the whole world into war before most of the protestors of today were born.

Wow, did they have some appetizing food! Talk about plenty! We wish Dr. McDonald could show some of his American experiences in Russia, including "Life in Altona." No wonder the Communists don't want information coming into their curtain-shielded countries. Not only would they lose a lot of supporters in this country were the truth better known about Communism, but there might be even more of a trend toward capitalism than there is now with the little garden plots Russians have for their very own. We suggest you invite Dr. McDonald to speak. And if you want to eat well afterward, invite the Altona Trinity ladies to come along with their superb, duper baking efforts.

When is the state going to do something about that intersection north of Laurel? It is one of the most poorly designed in the area and way out of date with the times. Coming from the east we've missed the entire intersection because it appears the left-turn must be further on and we sure don't want to turn into what looks as if it is a one-way road for opposition traffic. Coming from the west one has blind spots in every direction, has to go through the extra hazard of business places on the right being obscured and has curbing on narrow pavement. Coming from the south you could be hit from about any direction for any number of reasons. How many more people have to get hurt or killed there before the state invests the some money in modernization?

Are you as sick of daylight saving time as we are? We'll admit we were not against it for ourself but thought it would be a pain for the farmers. Now that we have gone through a summer of it, we're wondering why it has to start so early in the year and last so late. Our suggestion is that people vote on what dates they want it to be as long as we must have it. May we offer our idea for the dates? Say from Lincoln's Birthday to Valentine's day!

The girl was worried about the amount of money her boy friend was spending on her on dates. "Mother," she asked, "what is the best way to keep him from spending so much money on me?"

You explain some people to us. They object to paying 20 cents to insure their children safe bus transportation to school the year around. We know, we've heard them complain as they enjoyed their second or third beer or purchased a carton of cigarettes which would last the man and wife in the house only a few days. They don't object to shelling out for beer, cigarettes or other luxuries, but don't ask them to spend 20 cents on their kids so they won't have to walk 8-12 blocks to school and the same number back. Something doesn't figure and it's as hard to explain as some things our federal government does (see editorial).

A TRAINING SESSION at Northeast Station, Concord, was in session when this picture was taken. Cal Ward, station superintendent, is shown talking to FHA supervisors and committeemen. Many groups use the NU station facilities for meetings.

## Northeast Station, Concord, Proves Useful to Many Groups in Many Ways

Northeast Station, Concord, is proving its worth many ways, according to Cal Ward, station superintendent. Many groups make use of facilities the area now has that it would not have had, had the counties not joined in the project.

The University of Nebraska station is the site of regularly-held field days and various educational meetings scheduled by NU and station personnel. Organizations make use of the facilities in various ways.

For instance, Farmers Home Administration supervisors and committeemen met there recently. Henry Ley, Wayne, member of the state FHA advisory committee, Heasty Reesman, state FHA director, and Dean Reid, district FHA supervisor, reviewed last year's loan business and FHA's present lending policy for committeemen and supervisors from Cedar, Cuming, Dakota, Dixon, Stanton, Thurston and Wayne counties.

Livestock feeder associations, area swine improvement associations, agricultural workshop groups in dairy, farm management swine and beef, civic bodies, extension boards, fair boards, fair superintendents, 4-H club member and leader groups, home extension leader training sessions and home economics workshops are making use of

the facilities. Agriculture and home economics dominate at meetings, but other subjects also came up. Special interest groups may contact the station for assistance in arranging educational programs.

Ward said the station is Northeast Nebraska headquarters for NU research and cooperative extension work in agriculture and home economics. Twelve professional research and extension workers are headquartered at the station, many on combination research-extension appointment. The Concord station also serves as a point of contact with Northeast Nebraska for NU personnel in Lincoln.

The station had its beginning about 12 years ago when agricultural leaders organized the Northeast Nebraska Experimental Farm Association and sold memberships to raise money to purchase a farm for research purposes. C. D. Haskell gave the farm to NU through the NNEFA.

Research work in crop varieties, soil fertility, crop management and beef cattle feeding began with the establishment of the station. Buildings are being constructed for the addition of swine research. With the completion of the C. D. Haskell building in 1965, the station became area extension headquarters in addition to an experiment station.

## 'Catching Up' on Traffic Mishaps

Wayne motorists are about to catch up with last year's traffic accident record. Four more mishaps occurred the last week, bringing the total to 107 for the year, compared to 129 at the same date a year ago.

Oct. 19 at Tenth and Main a three-car accident occurred. Mary Morgan, Fort Lee, N. J., driving a car owned by Jerry Walker, Winnebago, was southbound and stopped to make a left turn onto Tenth.

The rear of her car was struck by one driven by James Colter, Corning, Ia. In a chain reaction, a car driven by Mrs. Robert Dempster, Wayne, struck the rear of the Colter vehicle. Sgt. Keith Reed investigated.

At Second and Main Oct. 21, Officer Ron Penlerick investigated an accident in which a pedestrian was struck. Laurence Ruwe, 71, Wayne, suffered minor abrasions on the right elbow and a bruised right leg. He did not seek medical attention.

Ruwe was crossing Second Street. Wilma Allen, Wayne, was turning right off Main and was blinded by sun glare on her windshield, failing to see the pedestrian.

Officer Penlerick also investigated an accident at Seventh and Main Oct. 22. Gale Lundahl, driving a car owned by Leroy Lundahl, Wakefield, stopped to make

a left turn while northbound.

Vernon Sarha, driving a car owned by Al Sarha, Laurel, told the officer he was unable to stop as his brakes failed. His car struck the rear of the Lundahl vehicle.

At Tenth and Nebraska Oct. 22, Sgt. Reed investigated another turning mishap. Martha Bartels, Wakefield, was northbound, turning right onto Tenth from Nebraska.

She cut the corner a little too short in order to avoid a westbound car on Tenth. Her car put a small dent in the parked car of Gayle Volmer, Beemer. Sgt. Reed investigated.

## Firemen at Concord Called to Farm Fire

Concord Rural Fire Department was called to the Harold Fredrickson and Dick Hanson farm 3 1/2 miles southeast of Concord Sunday afternoon. Wind had fanned into life a fire that was thought to have been extinguished.

The fire began in a pile of corn shucks on the Fredrickson farm. The Fredricksons had burned shucks Friday and thought the fire was completely out but two days later the wind fanned the site enough to cause fire to start.

The flames jumped the farm strip and burned into a cornfield owned by Dick Hanson. In all, a strip 100 feet wide and 400 to 500 feet long was burned.

In addition to the Concord fire truck that used two tanks of water, Hanson filled a fertilizer wagon with water and this was used. Farmers in the area showed up to help the owners and firemen get the blaze out.

# Meet a 1968 "youngmobile" from Oldsmobile.

## Now that you've been introduced, why not get together?

Why not take the wheel of this Cutlass S—youngest of the "youngmobiles" from Olds. A new 350-CID Rocket V-8 delivers more power at lower operating cost. (And does it more smoothly and quietly, as well.) You say you prefer a Six? Olds has a 250-CID Action-Line 6, too. These are only openers. You can tailor Cutlass S to your fancy and finances. 4-speed stick to stereo to sporty pinstripping. Front disc brakes to dual

exhausts to Rally Sport Suspension. (All the new GM safety features are standard.) What it adds up to is this: If you like cars with a lot of pizzaz in the way they look—cars with a lot of moxie in the way they drive—your Oldsmobile Dealer is the man to see. They're the only kind he carries.

National Merit Test Scheduled for Alien

Allen High School pupils expecting to enter college in 1969 can register now to take part in the 1968-69 National Merit Scholarship program, according to Mrs. Violet Diamon, counselor.

First test is to be given in February. This is the qualifying test and will cost one dollar per pupil.

When scores are reported, each pupil will get a handbook to help evaluate scores, compare his performance with that of other pupils all over the US and give information on choosing a college and financing education. All are a part of the NMS program.

Highest-scoring pupil in each state will be named semi-finalists and will be eligible for Merit Scholarship consideration, Mrs. Diamon said. In addition, over 350 businesses, foundations, colleges and other groups offering scholarships will be informed of the results.

## Organize Auxiliary Meeting in Morning

A group of women from the Dixon-Concord-Laurel area have organized an auxiliary to the Cedarview Toastmaster's Club. They plan to meet mornings from 6:30 to 8 at The Den Cafe, Laurel.

First meeting is scheduled Tuesday, Nov. 7, at 6:30 a.m. Any women in the area interested in this introductory meeting are invited to attend.

Cedarview Toastmasters are so enthusiastic in their work and have developed so much proficiency and competence in speaking before groups, large and small, the women decided they wanted to get into the activity too. They hope to become as enthusiastic and as competent as the men are.

## Stealing From Cars

Three cases of "stealing" were reported to Wayne police the past week, two from cars. One college student reported seven shirts taken from his car on the WSC campus. Another reported someone had removed the seat belts from his car. An elementary school pupil reported his bicycle had been taken. One call the past week was for a violation of the ordinance against burning trash or leaves on Sunday and police made a call to a professional man who had left his office door unlocked.

## WSC Faculty Members Attend Meet at CSC

Several Wayne State College faculty members attended a two-day meeting of the executive board and curriculum specialists of the Nebraska Curriculum Development in Teacher Education Project at Chadron State College last week.

Dr. Lyle Seymour, WSC, is project director. Peru, Kearney, Wayne and Chadron colleges are represented in the project with representatives from each college.

Members of the executive board include Dr. Stanley Willis and Dr. Walter Peterson, WSC. Curriculum specialists in attendance included Dr. Laura Franklin and Dr. Robert Johnson, WSC.

This was the first meeting of the executive board with the curriculum specialists. A report was given by the specialists and guide lines were drawn for their use. Curriculum specialists met with CSS curriculum associates.

## More Counties Seek Food Stamp Program

J. R. Williams, in charge of the USDA consumer food programs field office, Norfolk, reports several counties have made application to participate, in addition to those already in the program, Boone, Holt, Cuming, Dakota, Edway, Rock, Antelope and Cedar counties.

Williams said many people can participate but are unaware of its benefits or do not know they are eligible. Those in the eight counties participating who feel they are not supplying their family with adequate diet simply because they do not have enough money, should check with their county public aid office.

The food stamp program helps low-income people obtain adequate diets. They can purchase food stamps with money normally spent for food and are given additional bonus coupons to increase food buying power.

There are 131 stores in the eight counties taking part after being authorized to do so by USDA. Others interested in taking part can contact the consumer food programs office, Granada Building, 509 Norfolk Ave., Norfolk, for information.
