

## Urge Windbreak Planning

This is the time of year to make plans for next year's farmstead windbreaks. Personnel of the Wayne County Soil Conservation District urge planning for planting right now.

Full plowing is the best insurance for a successful windbreak planting, according to Arnold Marr, work unit conservationist with the Wayne County SWCD. He points out that plowing in the fall enables the earth to store winter moisture.

The soil becomes more

friable and mellow for tree planting with the saving of this valuable moisture, it was pointed out. Weeds are also easier to control in this type of seedbed.

There are two sources for tree seeds. They may be ordered through the SCS office or from the county agent's office after the first of the year.

Wayne County SWCD will operate a tree planter the same as it has in the past. ACP payment for farmstead windbreaks will be made by the ASC office on request.

## Business Notes

Darrell "Butch" Holdorf, Laurel, has purchased the lot, building and fixtures of the barber shop operated by Ed Schantell, Winside, and started operation of the shop Tuesday. He will call it "Butch's Barber Shop." Holdorf is a 1962 graduate of Laurel High School. His wife, the former Marsha Gaunt, Wayne, graduated in 1965 from Wayne High School as valedictorian. The Holdorfs have moved to Winside from Omaha, where he has been barbering three years and where she has been advertising manager for Philco Distributors. They have rented the Otto Kant house.

## Winside Juniors Work on Class Play

"Arsenic and Old Lace," a well-known but always-popular play, is to be the junior class production at Winside this year. Mrs. Shirley Trautwein is directing the three-act comedy to be presented Tuesday, Nov. 28.

The story concerns the elderly, charming and innocent women who "populate their cellar with the remains of socially and religiously acceptable roomers"—in other words, their murder victims. Also a character, in a more ways than one, is a brother of the dear little old ladies, who thinks he is Teddy Roosevelt.

Leads in the play are taken by Betty Anderson, Andy Mann, Lynne Troutman, Robert Farran and Lee Trautwein. Just behind the leads are Keith Wacker and Connie Deck.

Others having stage roles are Kevin Brockmoller,

Dan Bruggeman, Jim Rabe, Jim Jackson, Terry Davis, Tom Witt, Bob Wacker, Stanley Stenwall and Leon Husmann. The roles of the last two are interesting; listed on the program only as "bodies."

Patty Hoeman is stage manager with Kevin Brockmoller technical director. Beverly Gallop is costume master with Ellen Andrews, Sandra Coulter, R. Langenberg, P. Ave and Holly Carr on her crew.

Property masters are Lorence Johnson and Stan Stenwall with Leon Husmann, Bob Farran and Lee Trautwein on the crew. Painting masters are Denise Hansen, Patty Frevert and Phyllis Prince, assisted by the entire class. Kathy Pfeiffer, Glenda Morris and Susan Hamm are in charge of publicity and tickets, and Peggy Eckert, Robert Wacker and Linda Longe are make-up artists.

## Chest Drive Deadline Nears

Wayne Community Chest workers are supposed to be through with their collection and pledge-signing work Saturday, Nov. 4, according to Secretary-Treasurer Ted Bahe. All reports are to be turned in by Monday, Nov. 6.

As of Friday, the total in the fund has reached only 15 per cent. However, Bahe said he thought the drive was comparable to those in past years, workers getting out but not completing their area so going back again, thus holding up their full reports.

Most of the reports so far have come from the

business areas where a major part of the fund is always raised. The middle of last week the residential drive reports started coming in, Bahe said.

A meeting of the full board of the Community Chest is scheduled for Tuesday, Nov. 14. At that time all of the figures should be added up and a

final report should be ready.

Workers have been asked to get their contacts made by the end of this week so they can turn in reports Monday. Wayne has \$9,800 to raise this year and Community Chest officials are anxious to have the drive concluded early and successfully.

## Pedestrian Hit in Wayne Intersection

A Wayne resident, Oscar Liedtke, 72, was hospitalized Friday after being struck by a car in the intersection at Third and Main. He was not believed seriously hurt.

Liedtke told The Herald Friday night he felt fine but it was quite an experience. He said his only visible injury was a slight head injury.

He was southbound crossing Third south of the First National Bank. Southbound in a car on Main was Norman Herian, Pierce.

Perien told Officer Ron

Panlerick, he did not see Liedtke due to glare on his windshield suddenly hitting him. The shadow of the building had moved from in front of his eyes and the glare hit as he turned. The impact was not great and the car almost stopped before hitting the man, according to the police report.

Liedtke was taken by ambulance to the Wayne Hospital. Plans called for keeping him overnight for observation. This issue of The Herald was printed before further details on his condition were available.

## Over 150 Voters Registered

County Clerk Norris Weible reports 150 have registered to vote in Wayne County, but surprisingly enough some people still have the idea they are not required to register. The new law in Nebraska says every voter, farm, town or city, must be registered in order to vote.

VR Days (Voter Registration Days) are being planned when clerk's office staff members will be in Winside, Hoskins, Carroll, Wayne and Altona. These VR Days are set tentatively for Nov. 28-29.

If you intend to vote May 14, 1968, you must be registered by May 3. Even if you will not be 21 until

IT WAS COLD and W. R. Ellis is 98, but that did not stop him from walking to the courthouse to register to vote last week. He is shown with Clerk Norris Weible, Mrs. Howard Morris (center) and Mrs. Gene Perry.

May 13, you can register, and unless you are registered, you cannot vote.

Weible said there are several problems that arise with almost every person coming in to register. He asked that those coming to vote be prepared to supply this information because it must be given:

First of all, be prepared to register as a Republican, Democrat or Independent. There is no other choice and if you sit around trying to decide which to be or trying to leave that off, you will waste time as without this filled in, the registration is not complete and therefore null and void. If you register independent, you get only non-political ballots at primary elections.

Secondly, if you are a naturalized citizen, bring your naturalization papers with you. These are re-

quired and only natural born citizens need not have proof of citizenship.

Finally, know how long you have lived where you live. You must give the number of years, months and days you have lived in Nebraska, in Wayne County and in your home ward or precinct. This should be pretty exact as to years, although the months and days can be approximate.

Once again, Clerk Weible emphasizes that registration applies to everyone, no matter how long they have lived here and how many times they have voted. Information will be given on Voter Registration Days in issues of The Herald coming up but in the meantime registration is going on at the clerk's office in the courthouse for anyone who wants to get it over with.

## Allen Play Presented Two Evenings

"The Red House Mystery" will be presented by the junior class of Allen High School Friday and Saturday, Nov. 10-11, at 8 p.m. in the AHS gym under the direction of Mrs. Margaret Kelly.

A pleasant summer party is being held at Red House when the master of the house gets a warning of death, a prank of a guest. The owner is upset and resentful, the servants terrified.

A violent argument takes place between the owner and his brother. A shot is heard, the brother is found dead and the owner vanishes. A conflict develops between police and an amateur detective as to how the case should be solved. Several would benefit from the death. The identity of the killer is kept secret through three action-packed and suspenseful acts.

Bob Anderson is the owner of the house; Valerie Koester a guest; Jill Fahrenholz, a match-making mother; Kevin Hill, a cousin and secretary; Cindy

Ellis, guest; Jean Serven, Cindy's mother; Bruce Linafelter, ex-army officer; Larry Carr, medical student;

Kathy Jackson, former actress; Doug Witte, amateur detective; Linda Rasmussen and Nancy Sullivan, maids; Nancy Swanson, housekeeper; Paul Calvert, police inspector; and Craig Schultz, policeman.

Marcella Shortt is assistant director. Alan Smith, Dan Rooney, Sue Thomas, Jeanine Emry, Bob Anderson, Mike Goodwin and Mark Carlson are pupils in charge of scenery with Roger Sandman, an instructor, assisting.

Sound effects will be handled by Bruce Trube, Jerry Schroeder and Jerry Roberts; properties by Debbie Jones and Diane Geiger; publicity by Steve Green, Sue Thomas and Jeanine Emry; programs by Linda Rasmussen and Kathy Jackson; and tickets by Linda Rasmussen, Sue Thomas, Diane Geiger, Don Hassler, Tom Maggart, Jerry Schroeder, Larry Wilson and Kathy Jackson.

## No PTA Meeting

There will be no Wayne Parent-Teachers Association meeting in November. The PTA would normally meet Tuesday, Nov. 14, but the meeting is being cancelled because of open house planned that night at both the elementary school and middle school. Supt. Francis Haun reports the following events coming up: Nov. 9, Wayne County Teachers Association; Nov. 9, NSEA executive board meeting; Nov. 17, Future Nurses Club entertains visitor from a Lincoln hospital; Nov. 17, FNC visits a Lincoln hospital.

## New Clerk at Carroll

Carroll has a new village clerk. He is Bob Johnson, rural mail carrier, who succeeds John Bergquist in that post. Bergquist, who has been employed at Farmers State Bank, has accepted a position at Homer. Johnson will take over his duties as clerk at the meeting Tuesday, Nov. 7, according to Mayor Perry Johnson.

## Altona Area Resident Misses Prize

An Altona area farmer missed out on the Silver Dollar prize in Wayne Thursday night. Had he been present in a participating business place, he would have received a check for \$300.

Forrest Magnuson, Wayne, was the name drawn. It was announced in

the various business places inside and outside the city at 8.

Because there was no winner, the amount in the fund increases to \$350 for the drawing Nov. 9. If there is no winner that night, it will again hit the maximum, \$400. If there is a winner, it will drop back to \$100.

## WH Concert Tuesday Night

Appearing in their new robes, the Wayne High School concert choir members will take part in a vocal music concert Tuesday, Nov. 7, at 8 p.m. in the WHS lecture hall. The girls glee club, ninth grade chorus and chamber choir will also take part.

Director Joseph Unzicker is the vocal division and this will be his first public production. He reports the concert is open to the public and there is no admission charge.

Mary Stevenson has the

only solo part. Accompanists are Nancy Hamley, Debi Armbruster, Beth Berg, Penny Rees and Chris Bernthal.

Ninth grade chorus will sing three songs from the Alpine people and one from the musical, "Oklahoma." The concert choir will sing four religious songs in one group and later four folk songs and two other numbers.

Girls glee club will sing a lullaby and three other songs. The chamber choir will sing a Negro spiritual and a number by Bach.

## Plan WM-WE Open House

Open House is being planned at Wayne Middle School and Wayne Elementary School Tuesday, Nov. 14, from 7 to 9 p.m. Supt. Francis Haun reports all staff members will be on duty those hours to meet visitors to the schools.

Booklets are being printed to explain the middle school. Class schedules will be handed out and the new features of the only middle school concept in the state will be explained.

One of the top WMS features is the learning center with Mrs. Laura Fredrickson in charge. This will include controlled readers; tachistoscopes which give brief exposures to printed words, testing abilities to concentrate and improving the ability; record players with film strip attachments; mathematical computation

skill kits; Science Research Associates reading labs; all types of enrichment material; and many types of remedial material.

As in the high school, the library will be a feature at WMS. Mrs. Faunell Bennett is fulltime librarian and has all materials cataloged and many features to show.

All classrooms at the former high school have been changed for the middle school concept. There have been curriculum changes with the adding of physical education, art, a full year of homemaking, block-time teaching of English and social studies and modified team-teaching techniques.

A special education room for all four schools in the district (Carroll and

Wayne) is handled by Mrs. Gertrude Vahlkamp. This room has a multitude of uses.

Music is being accented at middle school with an orchestra room for the middle school and elementary school pupils. Choir and beginning band are also offered.

The elementary school now contains grades kindergarten through fourth. There is a new remedial reading classroom with Mrs. Anna Thomas in charge.

All elementary school teachers will be in their rooms. They will have work of the pupils on display.

Details on the open house arrangements will be announced in Thursday's and Monday's editions of The Herald.

### Outlook Good for Allen Musicians

In their first public appearance of the term, Allen High School musicians appeared to be on their way to another "winning season." They pleased a large crowd Tuesday night at the annual fall concert.

Mary Ducey directs the department. She presented a 50-voice mixed chorus and a band of around 60-pieces in addition to a select girls glee club, the first boys glee club the school has had in several years, a boys quartet, a woodwind choir and a percussion ensemble.

Deb Menkens and Cindy Ellis provided piano accompaniment for the vocals. Miss Menkens is also pianist in the percussion group that appeared as part of the band. Ron Kraemer was soloist with the mixed chorus.

The chorus stuck to religious music for five numbers, "Prayer for Peace" being outstanding in this

group. Members also had fun with five nursery rhymes.

The select girls glee club sang three folk songs and one religious number. Miss Ducey explained that there will be a regular girls glee club in addition to the select group.

Boys glee club sang a religious number, The boys quartet, Ron Kraemer, Tom Maggart, Bruce Lindefelder and Don Hassler, sang "Mosquitoes," another fun number.

The woodwind choir played two heavy numbers as arranged by Miss Ducey. The band played two chorale preludes, a march, a striking medley of Civil War tunes in "The Blue and the Grey" and a medley of tunes from "Gigi."

The percussion performers are band members. They played "Percussion Espagnole," which caught the audience's fancy with its unusual instruments and

## Wayne Ends Season With Perfect Record

Wayne High School finished its regular season play Friday night in below-freezing temperatures, downing Pierce 34-13 on the WSC gridiron. It was the first undefeated season for the Blue Devils in a quarter of a century.

Now comes the biggest test of all. A West Point Cadet team that has won 29 straight invades Wayne Friday at 7:30 for the Husker Conference championship playoff tilt. Coach Allen Hansen's team will be out to extend its skin to 19 while Coach Duane Cox will hope to make it 30 in a row for WPHS.

Defense again played a major role in scoring for Wayne. Harry Lindner intercepted one pass for a TD. Gordon Jorgensen picked up a loose ball Pierce had fumbled and ran for a score and Lindner partially blocked a Bluejay punt, enabling Lynn Lessmann to receive on the 35 and set up a score by carrying back to the 22.

Jerry Titze kicked to the 23 to open the game, Pierce returning to the 38. The visitors gained only 4 yards and kicked. From the 44 Lessmann carried for 15, Dan Sutherland I and Dave Tietgen passed to Lessmann for 40 yards and a score. Jorgensen booted the extra point to make it 7-0. Titze kicked to the Pierce 27 with Steve Sirek returning to the WHS 18.

Allen High School opened its final game of the season on a positive note Friday night, only to fall to a powerful Emerson-Hubbard team, 34-6.

The Eagles opened the game by driving to the one-yard line from the Pirate 40-yard line in 12 plays, highlighted by a 27-yard run by Roger Lanser. After a firm stand by Emerson, which put the Eagles in a 4th and goal situation, Richard Gensler recovered an Allen fumble in his own end zone to put Allen in the lead 6-0.

Mike Isom kicked off for the Eagles to the Emerson 40-yard line. The Pirates were unable to move the ball against a strong Allen defense, which forced Emerson to punt five plays later. The Eagles, too, were unable to advance the football, and the first quarter ended 6-0.

The second quarter saw Emerson take the football on their own 17-yard line and, under the capable leadership of quarterback Bill Brown, put together an 83-yard drive to tie the score at 6-6. The try for the extra point was blocked by Wayne Rasmussen, as-

isted by Bob Meyer. Allen was unable to put together an effective drive after the Pirate kick-off,

lost their spirit, however, and after losing control of the football through another intercepted pass by Emerson's Jim Jenson, effectively held the Pirates in the next series, to take possession of the football again with 17 seconds remaining. A series of pass plays put them to within ten yards of the Pirate goal line when the final gun sounded.

Unofficial statistics show Kevin Hill the leading ground gainer for the Eagles with 46 yards, followed by Rick Hank with 42 yards. Quarterback Hank was also strong on defense with 7 tackles and 8 assists, following Roger Lanser, who had 7 tackles and 9 assists.

isted by Bob Meyer. Allen was unable to put together an effective drive after the Pirate kick-off,

MIKE ROEBER, Allen, pulled in a pass from Craig Schultz for a good gain against Emerson. Coming after him are DeWayne Rasmus-

sen (33) and Pat Hassler (22). Alan Smith is No. 42 (on far right) for AHS.

Coach Bill Silverberg, Peru State did even better as it claimed the team title with 21 points. Wayne scored 36 for a second, far ahead of Kearney State's 67.

Kearney's defeat was a momentous occasion since the Antelopes had won all 14 previous NCC cross country outings.

Benson, a senior, fought off Peru's Jack Wyers, who finished two seconds back. Jim Forbes, a freshman, came in sixth for Wayne at 21:35, for his best effort yet. He has been handicapped by a sprained ankle. Larry Kuehl, another freshman, was eighth at 21:37; Jim Betts, a sophomore, tenth, 21:58; Dennis Kasischke, a senior, eleventh, 22:05.

Scoring behind Weyers for Peru were Tim Hendricks, third, 21:11; Van Allen, fourth, 21:28; Jim Swanson, fifth, 21:34, and Ron Jones, seventh, 21:36.

Scoring for Kearney were Bill Young, ninth; Rich Molczuk, 12th; Vincent Zavala, 13th; Dan Flores, 16th, and Elden Stokebrand, 17th.

Chadron and Hastings did not compete.

## National Champion

### Runs in WSC Meet

A two-time national NAIA champion is expected to run against Wayne State's cross country team at Omaha Tuesday. Pat McMahon, winner of the national cross country meet the past two years, will run with his Oklahoma Baptist College team against Omaha University, Wayne State and Peru State, according to WSC Coach Bill Silverberg.

McMahon last year set a record of 19:53.6 over the rugged four-mile course in Omaha's Elmwood Park, site of the annual NAIA national cross country meet. That's where next Tuesday's 3 p.m. will be run.

Thus Wayne will be involved in another sterling cross country exhibition. Last Saturday, the Nebraska College Conference meet produced one of the finest runs ever seen here, A.D. Benson of WSC came in the individual champion with a 20:41 time—excellent considering the 27-degree, 20-mile an hour wind, and snow-flecked course.

Though the Wayne team turned in probably its best show of the year, says

## Visit Bellevue Center

Prin. Loren Park, Mrs. Beverly Merriman, Laura Fradrickson and Mrs. Dorothy Lay were in Bellevue Thursday to look over the Bellevue Junior High media center. Bellevue received a special Title II grant last year for the center. Wayne had also applied for such a grant, but did not get one. An application for this coming year and local school representatives plan to use the Bellevue center as a model for the one planned here.

The giant beavers of prehistoric Nebraska were larger than modern black bears. They reached a length of 7½ feet.

and Emerson took over on their own 44-yard line, scoring 5 plays later. The try for the extra point was good, and Emerson took the lead, 13-6.

After the Pirate kick-off the Eagles, sparked by a 35-yard run by halfback Kevin Hill, moved the ball to the Emerson 8-yard line, but were unable to push across for the score, and the half-time gun sounded with the score Emerson 13, Allen 6.

Emerson came roaring back after the halftime ceremonies to add another six points in as many plays to extend their lead to 19-6. The try for the extra point was good to put the score at 20-6. Allen was once again unable to advance the football, and was forced to punt, giving Emerson possession. Emerson combined an effective series to push the ball across for another six points. The try for the extra point was good, making the score 27-6.

After the Emerson kick-off in the closing minutes of the third quarter, neither team was able to move the football effectively until late in the fourth quarter when Emerson's Jim Jenson intercepted an Allen pass and carried the ball to the Eagle 20-yard line. FOUR BROTHERS traveled together on a six-week trip to Alaska this summer and were the toast of the cruise ship. They are shown here in front of Mendenhall Glacier, Juneau, Alaska.

**Concord Man Enjoys**

**Unusual 'Relations'**

Earl Hughes, Concord, enjoys unusual "relations." He is in his 70's as is one brother. Two others are in their 60's. They were the toast of the trip on a summer cruise to Alaska.

The four brothers have remained close to each other as they continued their separate ways. They have gotten together in past years for fishing trips to Minnesota, visits in Idaho and holiday reunions but this last summer they capped all their gatherings by taking a six-week trip to Alaska.

On board the ship it was learned the four elderly men were brothers. It was considered so unusual to have brothers of their age traveling together, they were given the honor table in the ship's dining room for meals.

Earl Hughes is 76. Oldest of the group is Ray Hughes, Idaho Falls, Ida., 77. Wendell Hughes, Omaha, is 64, and Harlan Hughes, Council Bluffs, 67.

Pictures of the four taken at various places on ship and in Alaska are now back. One of them at Mendenhall Glacier is shown with this article.

Three of the four men are widowers. They have two sisters at Albion, where all the Hughes family members were raised. Another sister lives at Nebraska City and a fourth sister at Kearney. All were children of Mr. and Mrs. Ed Hughes, Albion, and they had two brothers who died in infancy.

The four brothers plan more gatherings in the future, the next possibly at Christmas. They have no idea where their next trip

together will take them, but there could be faunts to more distant points as long as all are in good health.

None have large families. Coming from a family of ten, the Hughes children wound up with the largest number in any family being 2. Wendell has no children; Ray, one son; Earl, one daughter; Harlan, one son; two sisters, no children; one sister, one

son, one daughter; and one sister, two daughters.

Concord residents report Earl Hughes is a jovial fun-loving businessman. They figure if all four Hughes brothers are the same, they must have a lot of fun at their gatherings, accounting for the unusually close relationship that has resulted in their latest get-together taking them to Alaska.

### Wayne Eighth Grade Beats Pilger Team

Wayne eighth grade avenged one of its two defeats by downing Pilger freshmen and sophomores 12-0 Thursday afternoon on the local baseball field. It gave the locals a 5-2 season, their only losses being to the freshmen and sophomores of Wynot and Pilger.

Lonnie Biltoft made the first touchdown, receiving a punt on the 30 and running 70 yards to pay dirt. Chris Lueders blocked two men and Joel Renner and Don Hansen one each to break Biltoft loose to the 50, where he shook a tackler loose and went the rest of the route alone.

Pilger threatened with first down on the Wayne 12. Wayne held for nine downs in a goal-line stand and on the last play of the half Renner downed the runner on a sweep play with a shoestring tackle on the Wayne 1-yard line.

With a minute left in the third quarter, Pilger passed, Don Hansen hit the passer's arm and Biltoft intercepted on the 50, going all the way to score. Wayne mounted one more threat, moving from the 30 to the 2 with Kelly Dill, Doug Sturm, Todd Bornhoff and Biltoft carrying. Time run out in the fourth

stanza before the locals could score.

Lueders had his best game of the year on defense and Biltoft looked good on both defense and offense for Hank Overin's team. Other standouts on defense were Tom McCright, Rick Fields, Billy Fletcher and Renner.

### Dr. G. E. Hartman, 99

#### Moves to Blair Home

Dr. G. E. Hartman, probably the oldest resident of Wayne, now calls Blair home. He moved to Crowell Memorial Home in that city the first of this month.

An active dentist until this year, he has been forced to give up many activities due to his health. However, he is still alert and interested and is taking the Wayne and Norfolk newspapers to keep in touch with the area he has served so long.

He was the oldest practicing dentist in the nation for years and was the subject of an article in the Herald at the age of 98. Dr. Hartman is the father of Mrs. Ruth Ellis, Wayne; Robert Hartman, Orland Park Ill.; Mrs. Marjorie Boggs, Tallahassee, Fla.; Mrs. Georgia Rees, Riverside, Calif.; Harold Hartman, Omaha; and Mrs. Hazel Hiter, Overland Park, Kan.

COLD WEATHER did not stop the SWAY project. Showing up to draw names Friday were (left to right) Don Echtenkamp of Don's Better Shoes, Wayne Price of Wayne Book Store and Rowan Wiltse of Wiltse Mortuary.

### Wakefield Junction Scene of Accident

The junction of Highways 35 and 16 two miles north of Wakefield was the scene of a two-vehicle accident Wednesday, Nov. 1. The sheriff's department investigated.

Lucy M. Thorson, Wakefield, was northbound on Highway 16. Larry G. French, West Point, driving a vehicle owned by Wayne Grain & Feed, was eastbound on Highway 35.

French told the investigating officer he did not see the oncoming Thorson car before pulling out after stopping. The resulting impact did \$203.38 damage to the Thorson car, left front fender and left back fender, and \$82.30 damage to the vehicle driven by French, right front fender, right front bumper and right back fender.

There were two people in the Thorson car, one in the other vehicle. No one was injured.

An all-day affair, the clinic will be conducted by Prof. John Zei from the University of Nebraska. He will direct the choir in concert at 8 Monday, the public being invited.

Attending from Winside will be: Kathy Pfeiffer, Glenda Morris, Teresa Stenwall, Sandra Deck, Rita Quinn, Debbie Peter, Diane Bruggeman, Lynne Trout-

man, Renee Langenberg, Peggy Eckert, Donna Krueger, Pat Hoeman, Gaylen Stevens, Robert Farran, Neal Brogren, Roger Deck, Andy Mann, Jack Christensen, Dave Langenberg, Phil Witt, Charles Prince, Dan Bruggeman, Gary Soden and Kevin Johnson.

### County Lags in Bond Purchases

Wayne County is lagging in the purchase of savings bonds and savings notes, according to Henry Ley, volunteer chairman. With 75 per cent of the year gone through September, the county's purchases came to only 64.5 per cent of the quota.

Sales in Wayne County in September came to \$32,698. Ley's report showed. This brought the total to \$262,436 for the nine-month period. Statewide, Nebraska has hit 72.4 per cent of its

quota. Sales came to over \$4.3 million in September, putting sales for the year to over \$53.1 million.

No summary of other counties was received so the Wayne County record cannot be compared with those compiled in neighboring counties.

**Area Shippers**  
Edgar Marotz, Winside, visited the Sioux City stock

yards recently with his grandsons, Kevin and Kurt, sons of Chester Marotz, Hoskins. The hogs sold on the market belonged to Chester Marotz. They averaged 278 lbs. and brought \$16.50. Robert Boschenhauer, Wayne, sold over 100 head of shorn slaughter lambs which brought top market price. They weighed 100 lbs. and sold for \$24.75.

Roger said Phadet is about 300 miles from where he is but there are trucks going that way to get equipment and bringing it back so he or Phadet could ride with the drivers. Roger operates a bulldozer, and he says he can see how some Thailand homes are destroyed by accident as they are so small, little shacks with grass roofs in some cases. The trees the bulldozers move sometimes fall on the homes while clearing jungle areas. However, they try to keep from this and help the families get re-established when it does happen. Roger reports packages coming through in six days for his birthday, Nov. 9, so they got there even faster than the senders expected. He is taking a lot of pictures and making tape recordings so his parents will be able to see and hear him soon. His address is: Pfc. Roger L. Johnson, US 55857241, Hq. Co., 538th Eng. # EDITORIAL COMMENT

The editorial department of a weekly newspaper is an important department. Normally it is one person's opinion of topics that concern most of the readers.

You may not agree with an editorial — but if you read the editorial and give serious thought to the subject discussed you have gained. You, as a reader, have given careful thought to an important problem and the writer is proud to have called your attention to an important subject that you may have overlooked.

## It's What's Inside That Counts

Touring the new Wayne High School building, one could not help but take pride in the physical plant this community has provided. At the same time, the thought should have been considered that the building is but a shell and what is inside is more important.

This can be taken several ways. Some may think of "what's inside" as being the equipment provided. Others may think of the pupils. Skill others will think of the faculty.

The latter is what comes to mind right now. The most fantastic and best-equipped building in the nation is worth a lot more staffed by competent instructors than staffed with whatever shows up. Here is where Wayne is fortunate. It has a competent and qualified staff. Over the years the school system has built up a reputation for quality so it attracts top men and women. When possible, those who excel have been kept.

It goes back to having a dedicated school board. That group of men and women

had to choose a capable administrator. The administrator then had to surround himself with teachers of quality.

What would be your choice if we had to take a choice, a beautiful building or a top-ranking staff? We presume Wayne has already proved that it wants the best in instructors for its young.

No matter what your answer, the situation remains unchanged: Wayne has both the best in physical facilities and the best in teaching staffs. Count yourself lucky to be living here.

The quality of personnel runs right through the staff, administrators, teachers, cooks, office staff, drivers, custodians and others. This is a most fortunate school district. It cannot be called "lucky" because it didn't just happen. It took planning, work and dedicated service on the part of a lot of people to bring about the existing circumstances.

Thanksgiving is coming. Here's one more blessing for which to be grateful. —CEG.

## The — Memorial Museum

Wayne County should be starting action toward getting a museum. What better year than the state's 100th birthday? There are a few families in this area who could almost provide the site for a museum. Some might even consider buying a building to give as a memorial to the family.

Put your own name in the blank in this statement: "The — Memorial Museum will open in Wayne County this week." Does it sound natural? Does it sound possible?

Every avenue for obtaining a museum here should be explored. Any group that is interested in helping to get one should indicate that interest. Some group should spearhead the drive to get a museum started — not next year, but now.

Some have spoken of the former jail as a museum. Others think the former Dr. Jensen residence would be one of the big attractions of a museum because it is in such good shape, would require little work and has fixtures themselves which are features left from an earlier age.

It matters not where it is located. The important thing is, too many times

before the matter of having a museum has started, interest has swelled and then the move has subsided with nothing definite in view.

Surely you must know that the only way to get something is to work for it. Very seldom is something for nothing to be obtained. So, if you are waiting for someone to fill in that blank in "The — Memorial Museum," you could be wasting your time.

Someday it could happen, but Wayne County cannot afford to wait until it is too late to find out. The museum is needed now. Too long have we waited, storing items in an unused room at the courthouse, putting articles away in garages, barns, attics or basements, planning to keep them to donate to a museum in case one is ever established.

Who will lead the way? An individual? A group? A federation of groups? No one? The answer doesn't have to come from some other part of the town, county or even the building you're in. It could come from that chair in which you are sitting right now.

Who, you? Yes, you! —CEG.

## The Refreshing Look

This part of the nation, and more especially this part of Nebraska, has a group of young people who have that "refreshing look." It is gratifying to see that the young who find time for school activities, rural activities, community activities and other activities also have time for church.

Take football players. In Wayne, Winfield, Allen and Wakefield you will find a group of dedicated players. One night they can be out there fighting to win for the honor of the team, rough as all get out, and two days later they are in church or Sunday school, at their shining best.

The girls are the same. They can be cheering "Hit 'em again, harder, harder," one night and two days later be model young ladies in church or Sunday school.

More often than not, the young people in towns and on farms such as we have in this area have a strong Christian background. Going to church is a part of their life. Religion comes naturally.

It is not true everywhere. In some parts of our nation the ones fighting to win on the football team can be out on the streets the same night, getting into trouble, cooking up mischief or plotting rebellion against school or home. Girls

are the same, following the path that often leads to Hippyville, Dope town or Alcoholberg.

Teachers, parents and others must take some credit for the proper mental attitude most of our area young people carry with them. However, the most credit of all must go to the young themselves for they certainly are living in a hectic period and the ways to go astray are more numerous and convenient than ever before.

Every community has its exceptions but by and large the percentage of fine Christian young people is exceptionally high in this area. It shows up in many ways but it is not called to the attention of the people often enough. These youngsters are the ones who are doing the right things today, making it a safe bet that they'll be doing the proper things in the future.

You have a right to be proud of the young people of our community, even if none of them are your own. The records they wrote in the past, the records they are writing now and the records they will write in the future will be a credit to their parents, their teachers, their schools, their communities, their churches and themselves. —CEG.

## Out of Old

Flying Saucers — 1890's. When newspapers report sightings of flying saucers, a few people may be reminded of the "mysterious airships" which appeared over Nebraska towns in the 1890's. The newspaper files of the Nebraska State Historical Society contain references to these phenomena. The story of the "airships" seen in 1897 may be found in an article written by Rudolph Umland and published in Prairie Schooner in the winter of 1938 and re-printed in the winter of 1966. On February 2, 1897, the Omaha Bee reported that a "most powerful" light

had been seen to the west of Hastings for the preceding few months. According to the paper, the light "has the appearance of an immense star, but after a closer observation the powerful light shows by its color to be artificial. . . . Whatever it is it travels with great speed." On February 6, the Bee reported that a group of people returning home from a prayer meeting in Inavale (35 miles southwest of Hastings) "suddenly saw what appeared to be a very bright light passing almost directly over their heads. (The airship) seemed to be con-

ical shaped, and perhaps thirty to forty feet in length, with a bright headlight, and seemed to have two sets of wings on a side, with a large fan-shaped rudder." Six days later, the Bee reported that a "mysterious light was seen in the sky" west of York on February 7. "It stood perfectly still for some time and then shot down some distance and zig-zagged to the north and south, finally disappearing in a northwesterly direction. The light was intensely bright."

Various theories were proposed to account for the sightings. One was that the people had seen the work of a man west of Hastings, who flew illuminated kites at night. A Creighton University astronomy professor suggested that the sightings were actually of the planet Venus. During the remainder of February, sightings were reported in Beatrice, Wymore, North Platte, Kearney, Grand Island, Lexington, and Omaha, thus discounting the kite theory. Some of these reports were almost certainly due to an over-active

## How to turn a 14-year-old boy into a hardened criminal.

Just forget your keys in your car. It's a simple thing to do, but it could be a costly mistake. The car thief is always on the lookout for an opportunity to steal. If you leave your keys in the car, you are giving the thief a green light to take your car. The thief will be able to start the car and drive away with it. This is a very serious crime, and you could be fined or imprisoned if caught. So, always take your keys with you when you get into your car. Don't let a simple mistake turn your car into a target for a thief.

Don't help a good boy go bad. Lock your car. Take your keys.

imagination on the part of local people and local newspaper editors.

The sightings continued through March and April. The Bee of April 6 reported that an airship passed over Omaha the night before and had been seen by a group of Ak-Sar-Ben members, by a street-car crew, and by several people downtown. The streetcar operator described it as "about ninety feet in length and elliptical in form. Forward and aft on the sides were large projections which seemed to be large wings, and upon the forward end there was

a bright light, which evidently was used as a headlight. Upon the rear was carried a red lantern."

What were these mysterious airships? Today, 70 years later, it is impossible to say. They were certainly not air-planes or weather balloons. Some of the reports were probably exaggerated, if not created, by local newspapermen. But even when allowance is made for exaggerations and fabrications, it seems possible that some people did see something in the skies over Nebraska in the spring of 1897.

## Letters to the Editor

Dear Editor:

I would like to thank SWAY, the Wayne County Veteran's Groups and the merchants and friends in Wayne County for your interest in us servicemen. The \$10 was greatly appreciated and helped out very much as it was getting close to the end of the month. As every serviceman now or whoever was in the service knows, it gets rough toward the end of the month.

I am stationed at Camp Page, Korea, which is about 70 miles northeast of Seoul. I was participating in a field problem when I received the SWAY letter. The letter brightened the whole day. I work as an intelligence analyst.

My term in the Army is just about over. In fact, in 24 days (Nov. 22) I'll be out.

Thanks again for the thoughtfulness!

Sincerely yours,  
Roger Wattier  
(SP5 Roger C. Wattier, US 55855759, HHC, 4th USAMC, APO San Francisco, Calif. 96208).

Dear Editor: We would like to take this opportunity to express our appreciation for the fine coverage given our unit both at our Mead Training Site and Ft. Carson, Colo.

We felt that the pictures taken were the best we have ever seen.

The men of the 1st Bn (M) 134th Infantry are grateful for what you have done for them with this coverage. It is not very often that a newspaper such as yours shows as much interest in the National Guard. Many people associate the "Guard" with riots and flood duty, and not with the role in which they are currently employed; namely, a backup of the Regular Army.

It is our opinion that your coverage of our unit revealed to the public the real role of the National Guard.

Once again, we thank you for a job well done.

Sincerely yours,  
Ross V. Winters  
(Ross V. Winters, CPT, Inf., Nebr. ARNG Staff Adm'n. Asst., Omaha, Nebr. 68106).

(The credit for pictures and coverage goes to Bill

Richardson, a real outdoorsman. He enjoyed the trek with the Wayne unit and thanks the Nebraska National Guard for making it possible for him to cover the maneuvers. — Editor).

Dear Editor:

We want to thank you for the fine public service The Wayne Herald performed in giving generous coverage to the 1967 Trick or Treat for UNICEF program.

Without the interest and excitement generated by such publicity, our drive could not have met with such success. The losers would have been needy children and mothers in all parts of the world.

Many thanks are in order for the girls that showed a lot of enthusiasm and maturity while out on the drive, knowing that they were giving up their own Halloween fun.

We are grateful to the many adults and teenagers without whose help in preparing the Halloween program and in giving tirelessly of themselves Wayne could not have participated in the nationwide UNICEF program.

Traditionally generous, our fellow-citizens opened their doors and their hearts to the UNICEF Trick or Treaters. We received \$275, much more than the \$119 donated last year. We wish to thank them, one and all.

Sincerely,  
The Wayne FHA Chapter

Down The Downspout. Checking those gutters and downspouts before the first snowfall will pay off in added protection to your home.

# 60 YEARS AGO THIS WEEK

Wayne Herald, Nov. 7, 1907

The democrats had good reasons for bolstering up an enthusiasm for election day, because of W. J. Bryan's coming to Wayne. The great Nebraskan was certainly greeted by a big crowd Friday evening when he appeared at the opera house. Never before has the building contained so many and half of the people were turned away. Bryan, at least, is certainly a drawing card. A special train up from the branch was loaded to the platform with those who came to hear him. His address was purely political and of course there is quite a difference of opinion as to its merits.

When the Clan Norton family arose Sunday morning they discovered four horses gone from their barn together with a spring wagon. Every indication pointed to midnight marauders, and Mr. Norton immediately notified the neighborhood as well as Sheriff Mears of his visit by horse thieves. By the use of the telephones, the news was spread in every direction, and the Wayne County Live Stock Protective Association, of which Mr. Norton is a member, soon had printed descriptions of the property in the mails. Mr. W. H. Gildersleeve is secretary of the Wayne county anti-horse-thief association and a reward of \$650 is offered for the thieves and property. Of the reward \$500 is offered by the association, \$100 by the owner and \$50 by the county. This is the first theft to affect the Wayne county association. The four horses stolen were black. One was a gelding weighing 1,000 pounds, one was a gelding weighing 1,200, and two mares weighing about 1,100 pounds each. One mare has a white foot, the other has both hind feet white. The small gelding has a lump on the right ankle, is a kind family horse and will single foot some. Three of the horses have their foretops clipped. The spring wagon was heavy and covered with mud. The harness has three tugs spliced on the ends. One was an old bridle, one a new.

Since it has been decided to have school Saturday mornings, another change has been found necessary. Hereafter the literary programs will be given on Saturday

to start, and take another look around Thanksgiving time.

Some downspouts can be painted inside and out to protect against corrosion and rust. However, the paint should be suited to the metal of the pipes. Lead chromate primer, followed by a coat of exterior paint, should be used for galvanized steel; zinc chromate primer and exterior paint for aluminum. Both galvanized steel and aluminum need to be weathered or cleaned with acid before paint will adhere properly.

Gutters of anytype metal should be mounted with a slight pitch to allow water to run freely. Good clean

gutters prevent washaways around the foundation and keep the basement dry.

WAYNE COUNTY'S 4-H representatives are at the front table in this picture taken at Northeast Station. Included are Mrs. Merrill Baier, County Agent Harold Ingalls, Richard Baier and Ann Baier.

**Panel Discusses 4-H Club Opportunities**

"Could 4-H provide more opportunities for more young people?" That was the subject of a panel discussion by Northeast Nebraska representatives from Northeast Nebraska, pondered at a recent panel discussion at Northeast station, Concord.

The one attending expressed concern about the task of growing up in this day and age. They feel the best opportunities possible should be offered in order to help youths become better adults.

Facts and figures regarding Nebraska as a whole and the individual counties were presented by John Orr and Marcelle Barleman of the state 4-H office. Figures pointed out population, education

and employment trends, educational programs for the young, changes in community structure and 4-H enrollment and potential.

With this information in hand, groups went home to plan, to take a look at the present and future situations and to pinpoint some of the needs of youth and then present ideas for a youth program to help ful-

fill these needs. The 4-H club program is an educational program of the Cooperative Extension Service, N.E. It is for all 9-19 years of age, led by local volunteers with assistance from county, area and state extension personnel, according to a report on the meeting by Margaret Stahl, area extension agent.

**Wayne Post Office Cited for Service**

A citation for patriotic service in support of the United States Savings Bond program has been awarded the Wayne Post Office by the treasury department.

The citation is made to all offices having 5 to 24 employees with 100 per cent purchasing bonds through the payroll saving plan. Postmaster Don Wightman reports all 16 employees in Wayne's postal service participate.

Oklahoma, Kansas and Nebraska make up this region, which leads the nation in participation. It has 99 per cent of its 16,000 postal employees buying bonds through payroll savings.

Regional Director Charles Shoemaker said 144 offices in the three states qualified for cita-

tion. He cited the bond program as an expression of patriotism and thrift.

**Plan Wakefield Hospital Event**

Wakefield Hospital Auxiliary will not have a smorgasbord. Instead, it will have a fall festival Saturday, Nov. 18, from 9 a.m. to 5 p.m. in the Legion Hall.

The women of the WHA are planning a rummage sale and will serve lunch. Fancy work, stationery, baked goods, coffee, rolls and other items will be sold throughout the day.

Anyone wishing to help can make donations of items to be sold or can give cash. Auxiliary members will appreciate help from area residents in making the festival a success.
