

SMILES COME EASY for Mr. and Mrs. Jean DeWald, shown in the Alvin Wagner home, Hoskins, with their son, Lance, even after they lost almost all their possessions in a fire DeWald wears no shoes because the removable brace for a broken foot (plus his crutches) were lost in the flames

## Hoskins Pair Loses Most Belongings in Fire at Farm

A young farm couple lost almost all of their possessions in a fire Sunday morning six miles north of Hoskins. Tragic though the loss is, they remain cheerful, grateful that they were able to escape with their seven-month-old son unharmed.

Mr. and Mrs. Jean DeWald and Lance were sleeping when heat and smoke awakened them at 1 a.m. DeWald had put extra coal in the basement furnace around 11 as the forecast called for the mercury to drop to about 15 below zero.

When they awakened, they got out of the house. Mrs. DeWald and son, Lance, went to the near-

est home, the Alvin Wagners, for whom they work. There was no telephone in the DeWald home.

While his wife and son were gone, DeWald tried to find the source of the heat and smoke. The register in the kitchen was red hot. He was unable to open the door to the basement because the doorknob was too hot.

He finally grabbed two armloads of clothing and got out of the house while he had time. Flames by that time were engulfing the interior of the two-story home.

Hoskins firemen were having their annual ham feed at the fire station when the alarm came in. They arrived at the farm at once but were unable to save anything, the house eventually collapsing into the basement. Some of the firemen remained until 5:30. Winside and Norfolk firemen were also called to help fight the flames and keep the fire from spreading to other farm buildings in the sub-zero weather.

Mr. and Mrs. DeWald, who came from Fairbury last October to work for Wagners, lost all of their possessions except the two armloads of clothing he carried out and the clothing they had on. None of the baby's clothing was saved.

Lost were the appliances, utensils, dishes, furniture, rugs, towels, linens, glassware, wedding gifts, photograph albums and other items. Nothing was insured. The Wagners did have insurance on the house itself.

Mrs. DeWald came to Wayne Monday to get duplicate driver's licenses. They had even lost their purses and billfolds.

DeWald had broken his foot when a rattle gate fell on it recently and had been on crutches, plus a removable brace

## Friends to Help

Commercial State Bank, Hoskins, reports a fund drive has been started for the Jean DeWald family. Donations may be sent directly to the bank.

The family will start from scratch even more than the couple did when they were married and received wedding presents. They have no sheets, linens, towels, clothing, utensils, canned goods, curtains, appliances, furniture or other items. In other words, they start with the clothes on their backs.

Donations of canned goods, clothing or other items may be left in Wayne with Chas. Greenlee at The Herald. He will be going to Hoskins each Friday and will take items to the DeWald's. Donations of money should be sent to Commercial State Bank, Hoskins, 68740, made out to "DeWald Fund."

Anyone wanting to take items to them can get in touch with the Alvin Wagners six miles straight north of Hoskins or four miles straight south of Highway 92 just one mile west of the Sholes Junction.

These young people need help. They are not asking for it but they will get it.

## Area Swine Group Gets Top Honor in Nebraska

The Northeast Nebraska Swine Association, which includes Wayne, Dakota, Dixon, Thurston and Cedar counties, has been presented an award as the outstanding area association in the state. Dick Sorensen, Wayne, is president of the area unit.

The award was presented at the annual meeting of Nebraska Swine Council in Laurel Monday night. Around 150 were in attendance.

Workshops were held on three subjects: Hog cholera eradication; planning and development of area associations; and producer investment program.

Reports were almost unanimously favorable for the five-cent voluntary deduction for each hog marketed. Swine producers throughout the state feel it will benefit the swine industry greatly.

Awards were presented to five Nebraska men for outstanding work in the swine industry. They are: Jim Volk, Battle Creek; Dr. Leo Lucas, NU; George McGulre, Wisner; Willard Waldo, De Witt; and Arnold Peterson, farm director for WOW-TV and WOW Radio, Omaha.

Roy Keppy, Davenport, la., vice president of the National Pork Producers Council, spoke at the evening banquet. He is one of the top swine producers in the nation.

Officers elected for 1968 are: Gerald Beattie, Sumner, president; Dick Sorensen, Wayne, vice president; and Jerry Schreck, Wilber, secretary-treasurer.

Nebraska Porkettes also had a meeting. Floral arrangement instruction and a film were main attractions. Mrs. Vincent Keller, Wymore, received the award for the outstanding work with the Porkettes the past year.

## Services Wednesday For Hugo Boock, 95

Funeral services for Hugo Boock, 95, were held Jan. 10 at 1 p.m. at Wiltsie Chapel, Wayne. Mr. Boock, a former Winside resident, died in Omaha. Survivors include a brother, Otto Boock, Wakefield.

## AFS Chapter Needs Help Now, or Else!

Will there be a foreign exchange student in Wayne for the 1968-69 term? There may not be unless some help is forthcoming from Wayne business and civic organizations and other groups and individuals.

Counselor Ken Deissler at Wayne High School reports the student council is willing to sponsor an AFS exchange student but money is needed. There is a deadline for having the required \$750, and fund-raising efforts so far have not produced nearly enough.

So far, the Boy Scouts is the only organization indicating it will donate money to what members consider a worthy project. AFS chapter members have been assigned various organizations to contact regarding help, but none have reported back yet on their assignment results.

Pupils of Wayne High have borne the load of raising the money for a Thailand boy and an Australian girl to come here. However, the community has not been asked to contribute much

## Thursday Night Prize Unchanged

The Silver Dollar Night drawing this week is unchanged. It remains at \$400 due to the fact there was no winner last Thursday.

Marlan Carson, former Wayne resident, would have been the winner had he been here. The prize would have paid for a ticket here maybe — he is teaching in England. Instead of \$400, he gets \$10 consolation.

## Huge Barn Burns Down During Cold

Fire destroyed a huge barn on the Roland Granquist farm 6 3/4 miles south of Laurel during sub-freezing cold Friday night. Firemen from Carroll, Wayne and Laurel fought the blaze.

Granquist noticed the fire at about 6:55 but by then the flames were already leaping high. He was able to get three small calves out of the burning structure but nothing else could be saved.

The firemen were there in a short period but some thawing had to be done on fire trucks with tanks. There was nothing they could do to save the building or contents but they remained until almost 11.

Granquist said he probably would rebuild. He said hay, straw, a milking machine, bulk tank, milking equipment, tools, implements, bridles and a saddle were among the items he knew had been destroyed by the fire.

He did not know how the fire had started. In the 10 below temperatures, the fire was hard to control and not until the last smoldering embers were out did firemen give up and go home.

## Assessing Work Slows Afternoons in Wayne

County Assessor Henry Arp reports "business is good" in the mornings but it really slows down in the afternoons. Assessing work started the first of the year in the county courthouse.

Arp and Art Storm are doing the assessing work. Irv Jones, Charles Millie and Owen Jenkins are visiting various communities in the county.

The latter three will be in Hoskins Jan. 15-16, in Carroll Jan. 11, in Sholes Jan. 12 and in Altona Jan. 22-23. There are also dates in February when they

## Two Airmen, Soldier in SWAY 'Winners' Circle

Two airmen and a soldier were in the winner's circle at the SWAY drawing Friday night at the Vet's Hall. They represent three different communities in the county.

Names drawn were those of: Kenneth Jensen, Wayne; Richard Pennington, son of Mr. and Mrs. Paul Pennington, Wakefield; and Dennis Stoltenberg, son of Mr. and Mrs. Allen Stoltenberg, Carroll.

Jensen is a 1954 graduate of Wayne High School and entered the army Apr. 4, 1966. After basic training at Ft. Leonard, Mo., he took special training in electrical engineering at Ft. Belvoir, Va. Last October he went to Vietnam, where he is now stationed. He is at Bien Hoa Air Base 20 miles northeast of Saigon working in the motor pool with the armed helicopter division.

Ken has served an extended three months in Vietnam so is scheduled to get out earlier than otherwise. In fact, he is scheduled to leave there Jan. 11 (today) and to get out soon after. Here is the address he won't see SWAY, page 8

## 'Women Only Night' for Area Residents Monday

Schranfs Receive Another Big Boost

Mr. and Mrs. Allen Schrantz, beaming with happiness brought on by thoughtful friends and strangers alike, accepted a box containing over \$500 at the benefit square dance in Winside Sunday night. This was considered a gratifying amount in view of the extremely cold weather.

Belles & Beaus Square Dance Club, Winside and Carroll, put on the dance with Winside donating use of the auditorium and Jerry Junk providing the speaker system, music and calling.

Commercial State Bank of Hoskins and Winside State Bank also accepted donations and Dennis Kelly, Osmond, also did some calling.

Sewer and water problems were among the top topics of the Wayne City Council meeting Tuesday night. However, airport hangars, buildings going up without permits, power plant changes, a new police car and landfill were among other major matters considered.

The sewer problem involves the line from Tenth Street south on Logan. Already used to capacity, it faces overloading when a new science building is built on the WSC campus. The line handles sewage from much of the campus and from the northwest part of town.

Another sewer line serves the east part of the campus but sewage cannot be diverted there from the area where the new science building would be. The city engineer was therefore authorized to proceed with a study of the sanitary sewer system on Logan to determine how to handle the matter.

The city has "water fields" where it is obtaining water for city use. The council has heard of plans for other wells in the same areas and it seeks to control drilling in the immediate area to safeguard the city's supply.

Authorization was also given the water commissioner to make arrangements for some additional test well sites. If tests show any promising areas for future wells, the city will seek option on land in the areas involved.

It was brought to the attention of the council that there are several development areas just outside the city in which buildings are going up without any permits issued. The city has jurisdiction over construction

## Police Activities During '67 Increase Over Previous Year

Wayne Police Department had a busy year in 1967. In most categories, activities were up sharply compared to a year ago, according to a report prepared by Chief of Police Vern Fairchild.

There were 489 complaints or requests for police service in 1967, up seven from the 482 of 1966. Criminal complaints were down, 52 compared to 68 a year ago. There were 28 vehicles towed in, four more than the previous year.

Arrests came to 307 with \$4,200 in fines. This compares to 259 arrests in 1966 with \$3,620 in fines.

Warnings rose a great deal more. There were 2,439 issued in 1967 for parking offenses. The year previous there were 2,201. Other warnings came to an

## WSC Business Section Asked to Join Group

The business division of Wayne State College has been invited to join the General Assembly of the Collegiate Schools of Business, Dr. A. C. Butler, division chairman, has announced. He said this is a tribute to the strength of our new curricula and staff, "about like Notre Dame inviting you to play them in football."

WSC is one of few colleges of its size in the US with a background of teacher education to become a member of the assembly. Ivy League schools and state universities, many of whom present business administration courses only on a graduate level, have made up the assembly. See WSC SECTION, page 8

## Community Chest Meeting at Noon

The public is invited to the annual Wayne Community Chest meeting. It will be held at noon in the Chamber of Commerce Building.

A nominating committee is to reveal a slate of officers for the coming year. Nominations will also be accepted from others present.

Other business will include a report on the receipts, payments and other information on the drive. Outgoing President Loren Kamish will be in charge. He, Mrs. Alan Cramer and Howard Witt are serving terms on the board that will expire.

## Aliens Advised to Report Addresses

Aliens in this area are advised that they have three weeks in which to report their addresses. Even if they are living in the same place they lived last year at this time, they must report. Report forms are available at all post offices. Information filled in for the reports is confidential.

W. R. Wilson, director of the Omaha district office of the Immigration and Naturalization Service, said that almost all aliens must report. These are people not citizens of the United States who are living in this country.

If anyone is ill or cannot pick up a card for any other reason, they may have a friend or relative obtain one for them. Cards should be returned to a post office or to the Immigration and Naturalization Service in Omaha.

Those 14 years of age and under must have their addresses reported also. Parents or guardians may do this for them.

## Local Man First From Here to Be Patrolman

Ronald Brown, Wayne, is a probationary trooper with the Nebraska State Patrol. As far as is known, he is the first Wayne resident to become a patrolman with the state organization.

Brown was in training in September and October. Nov. 1 he was sworn in as a probationary trooper. He remains on this status until May 1 when he is scheduled to become a full trooper.

At present he is assigned to Aurora, covering a district including Hamilton and York counties. He travels with either Trooper Don Olson or Trooper Jim Hruza.

Brown, son of Mr. and Mrs. Lloyd Brown, reports he is on duty ten hours a day five days a week. He works two weeks on a day shift, two weeks on a night shift and then goes back to the day shift for two weeks.

He is most fortunate in not having had any bad accidents to help investigate so far. He likes the work, reports most people contacted for violations or warnings are nice people who understand the work of the patrol and he is looking forward to getting his own patrol car in May.

The patrol uniform is not the first uniform he has worn. He spent four years in the air force after graduating from Wayne High School in 1961. He also attended Wayne State College two years.

## WCCS Urges All Being 'Tested'

Ready for a test? The Wayne County Cancer Society wants you to take one Tuesday, Jan. 16, at 9 p.m. in your home.

The occasion is the National Smoking Test. It is to be presented on CBS television for one hour. The audience self-inventory is one of a series being presented by the Columbia Broadcasting System.

Area residents can get the test on WOW-TV, Omaha, Channel 6; KEO-TV, Sioux Falls, Channel 11; or KMEG-TV, Sioux City, Channel 13. Those with Cablevision can pick up all three of those stations.

First part of the program will be questions on what the viewers know about cigarette smoking, animated questions, interpretations of scores and a report on how many are in each category ranging from "non-smoker" to "chain-smoker."

The public health service of the Department of Health, Education and Welfare is serving as consultant for CBS in putting on the test. The Tobacco Institute, City of San Diego and Educational Testing Service are also cooperating.

A BOX containing over \$500 was presented to Mr. and Mrs. Allen Schrantz Saturday night. The money was raised at the Belles & Beaus Square Dance Club benefit and through contributions at the banks in Winside and Hoskins. Julius Eckert is shown presenting the money on behalf of the club.

## Wayne State Wrestlers in Important Win at Chadron

A 28-11 win over Chadron State Saturday at Chadron gave Wayne State wrestlers a good start on the Nebraska College Conference championship. The title will be decided on the basis of dual performances between Wayne, Chadron and Kearney—each wrestling the others twice.

Kearney is Wayne's next foe, Tuesday, Jan. 16, in Rice Gym, 7 p.m. Among Wayne's victories over Chadron was the heavyweight Tom Firestack, making his debut as a Wildcat. A national junior college champion for Northeastern Junior College, Sterling, Colo., Firestack enrolled at Wayne State this second term. He is a husky 240 pounder, 6-2 tall—close to the dimensions of Wayne's former great heavyweight, Bob Kruse. Firestack defeated defending conference champion Steve Gremm, 5-1.

Also performing the first time was Jack Vaughn, who decided Francis Heagney, 4-0, at 177 pounds. He is from Fort Dodge, Ia., and attended Fort Dodge Community College and Winona State College before transferring to Wayne.

Other results: 115, Cal Johnson, Wayne, won by forfeit; 123,

## Lots of Sports Action in Week

There will be plenty of high school sports action in the area this coming week. Wrestling and basketball are both on the agenda in area high schools.

Thursday night at 8:30, Wayne will entertain Winside in wrestling at the Wayne City Auditorium. Jan. 16, Wayne wrestlers go to Wakefield for a dual meet.

Friday, Jan. 12, there are three high school basketball games. Wayne will be at Stanton, Osmond at Winside and Allen at Randolph. For the latter two there may also be volleyball games.

Wayne is the only team in action Saturday. The Blue Devils travel to Bloomfield. Allen goes into another tournament, its third of the season, when it plays Jan. 18-19 in the Newcastle Invitational. Pairings will be announced next week.

The teeth of rodents never stop growing. They are kept worn down by gnawing.

## Two More Bag Deer

Two more area men have bagged deer with bows and arrows. This brought to 450 the total of successful bowmen in the state during the 1967 season. James Atkins, Wayne, and Mick Daniel, Stanton, are among the latest reporting success at bagging white-tailed deer.

## WSC Swimmers in Action This Week

Swimming action resumes Friday night for Wayne State when Kearney State invades the Carlson Natatorium at 7 o'clock.

Coach Ralph Barclay expects a stiff challenge from the Antelopes, though his squad is in good condition and fortified by addition of several swimmers returning to competition.

The meet scheduled here with Morningside last Saturday was cancelled because illness reduced the Morningside squad to only five swimmers.

## Look for Kruse (62) During Super Bowl

Wayne football buffs watching the Green Bay-Oakland Super Bowl game on television Sunday will have another chance to see former Wayne State star Bob Kruse, now with the AFL champion Oakland Raiders.

Though as a rookie he gets only limited action, Kruse has been a regular on the specialist units for kicks and kick returns. His number 62 has been noticeable in the several Oakland TV games.

Kruse will be back in Wayne after the Super Bowl game to complete his final term at Wayne State. Football Coach John Jernier plans to bring Bob to the Second Guessers' lunch next Thursday, Jan. 18—which should attract a turnout larger than usual.

The muskrat, unlike the beaver, does not store up food for the winter.

## Chadron Loses Second Game to WSC; Wildcats Lead College Conference

Wayne State's Wildcats had their claws out Saturday night, and they looked like the Wildcats of pre-Christmas. Result: they mauled Chadron State for the second straight night, 80-56, and took a 2-0 position atop the Nebraska College Conference.

Wayne fans knew the mediocre Chadron performance in the Holiday Tournament was not normal, and the Cats proved it against Chadron. Both victories were convincing—the second more so than the first.

True, Wayne looked anything but good in opening minutes of the Saturday game when Chadron zipped to a 12-3 lead following a 5½-minute Wayne scoring drought. But this changed abruptly as the Wildcats broke Chadron's zone defense and forced the Eagles to play Wayne's game. By halftime Wayne led 28-23.

The second half turned into a rout as the Wildcats, with

Bob Strathman back in form after three so-so games, riddled Chadron's defenses. On 67 per cent field shooting, Wayne built the lead up to 28 points at times before Coach Dave Gunther cleared the bench.

Meanwhile, Wayne's defense forced Chadron into numerous turnovers and cashed the errors into repeated fast-break goals.

Strathman topped scoring with 19. Dave Schneider had his best night of the season with 10 points—five field goals on five shots—and Joel Parks and Dean Elofson also hit 10.

Paul Emanuel continued as the team's leading rebounder with nine grabs. After 11 games, he has a 9.4 rebounding average.

Humans have the longest life span of any mammal, followed by whales and elephants.

## WSC Beats Tall Hastings; Travel Next Two Weeks

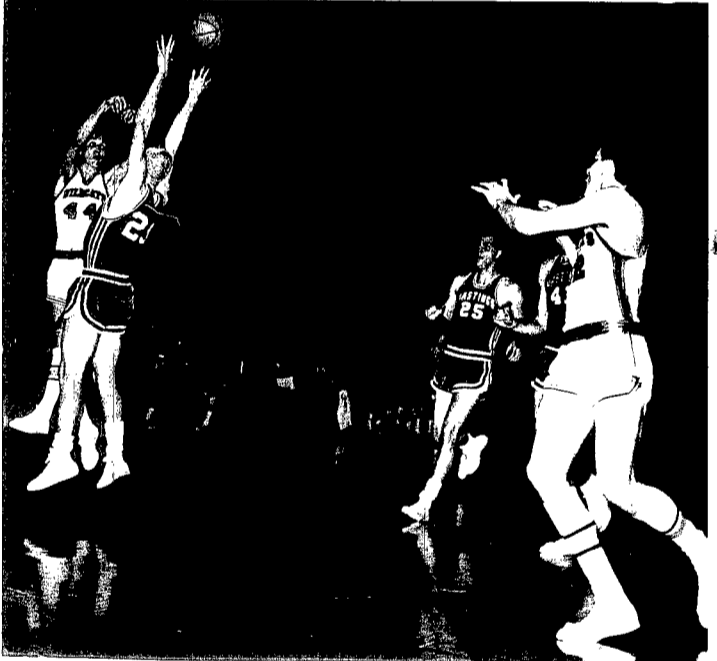

Chalk up another gem for Wayne State's basketball team. The Wildcats shakked Hastings, 75-49, Tuesday night on the Rice court, thus ran their conference record to 3-0, their season to 11-1. The Cats take to the road now, the next home game being Jan. 23 when Doane visits.

The 10-5 Broncos discovered what Wayne fans already knew—that there's no predicting which Wildcat will do the damage. This time it was Ron Hintz on top of the scoring, with 20 points, on 10 field goals out of 12 attempts. Once before he led with 21. No less than six Wildcats have topped the team in at least one game and several others have scored by games.

This adds up to statistical proof of what is easy to see anyway. Wayne has balance. And teamwork. And stamina. The latter points were conspicuous as the Wildcats repeatedly blocked Hastings' shots and broke up plays.

The Broncos, seldom able to make their game click, hurt themselves with numerous miscues—bad passes, muffed ball handling, wild shots.

Wayne took command from the first seconds and built up leads like 15-5, 26-10, and the half-time 33-20. Hastings rallied a bit after the rest to pull within 10 points, but fell victim to Wayne's slashing fast break, which worked neatly no matter

A TWO-IN-ONE fast break paid off for Wayne State. Joel Parks has just passed over the stretched arms of Mark Jensen to Dean Elofson who went in for a basket. Other Hastings players shown are Dave DeRose and Dick Beck.

## West Point Catholic Divides With Locals

West Point Central Catholic and Wayne split a pair of games on the Wayne City Auditorium court Monday afternoon. The visitors won the freshman game 49-41 and the local junior high squad won a 51-21 decision.

Next action for Coach Ron Carnes' freshmen and Coach Hank Overlin's junior high squads will be with Stanton. First game is at 3:45 in the Wayne auditorium.

WPC pulled away in the final quarter in the freshman game, hitting free throws as Wayne fouled in trying desperately to get the ball. Duane Helmann led scorers with 17 for the visitors. Glenn Evert had 12, Ron Greckel 10, Mark Westerman 4 and Tom Helmann and Tim Scherer 3. For Wayne, Don Mau had 13, Mike Creighton 10, Dick Tietgen and Craig Johnson 7 and Steve Peterson and Breck Glese 2.

Wisner Rallies; Downs Winside

The Wisner Bulldogs had to play catch-up basketball on their home court Tuesday night to overcome a fired-up and hot-shooting crew of Winside Wildcats. The Black and Gold overcame a nine-point deficit to go on and defeat Winside 78-52.

Rebounding for Winside was led by Jacobsen and Fred Weible with 9 each. David Witt had 8, Bob Farran 6, Keith Wacker 5 and Bob Wacker 3.

### Forty 4-H Kids Take Bus Trip

Forty 4-H members from Northeast Nebraska are planning a two-week bus trip to Washington, D. C., and New York this summer. Half of the young people will be from Dixon County, the other half from Wayne, Cedar, Thurston and Dakota counties.

The 4-H members, their parents, county agents and others involved met at Laurel Monday night to talk over plans. They decided on the two-week period of June 8-22 for the jaunt.

Why does Dixon County have so many going? Because it was their idea first, they began working on it first and they had the most reservations made. On future trips, there will be a more equitable distribution.

Wayne County has four planning to go. They are Kathy Dunklau, Gloria Pollard, Sheryl Wittler and Dave Roberts. The Wayne County 4-H Council will help underwrite the costs of the local participants.

Sponsors will be Margaret Stahl, area extension agent at Northeast Station, Concord, and Art Moseman, extension agent for Dakota County.

Plans call for spending the first week at a citizenship short course in Washington. The second week will be for sight-seeing with New York City, Niagara Falls and other points on the agenda.

within a mile of the city limits, and permits will be required.

Tom McCright, who has land at the east side of town along Highway 35 and the C&NW Railway, seeks to develop property for commercial and residential use. His proposal will be referred to the planning commission for consideration. A plat of the proposed development was shown council members.

Unable to decide on having four, six or eight hangars built at the airport, the council has decided to authorize the engineer to proceed with plans for all three plans. Bids will advertise on each plan and the one most economical will be chosen and construction authorized.

The police are to get a new patrol car. It would replace the 1966 patrol car, not the station wagon used as a reserve ambulance. The chief of police was authorized to seek bids on a new car.

Two additional landfill sites are under consideration and the city clerk was authorized to seek a permit from the state department of health. Heretofore only approval was needed but now permits are needed for landfills.

Ordinance No. 657 was passed dedicating a portion of land lying on the west side of South Main as a street. The state had wanted the property dedicated to it for use in widening Highway 15. Instead, by dedicating the land as a street the city retains possession and the widening can still go on.

Councilmen voted in favor of fusing both units of the power plant separately at a cost of \$560. This would be a move to avoid both units being out at the same time. Separate fusing means one side can go out and the service of the other will still be available.

Ed Jaksha, Fremont, and Dan Tlze, local manager for Northwestern Bell Telephone Co., appeared to meet with the council regarding a contract between the city and NWB on handling of

charges on CATV pole usage. The council agreed to enter into a contract to handle management inspection of the CATV contract for 1968.

In other business, the city approved a no-parking area on the north side of Third Street from Blaine to Wilcliff and approved Keith Mosley as a new member of the Wayne Volunteer Fire Department.

They took the De Walds into their own home after the fire and are making arrangements for another home for them to live in, although there will be no furnishings to start with.

An over-heated furnace is blamed for the fire. The intensity of the flames kept firemen at a distance and prevented them from saving anything, except the nearby buildings.

ssembly during its 50 years of existence. In Nebraska, only NU has been a member so far.

The national organization is an accrediting body and will visit WSC for accrediting purposes, Dr. Butler says. He pointed out one of its standards involves the accrediting of the economics offerings as well as business administration offerings.

Accreditation is not to be confused with that of other bodies which look at the teacher education program. In the past two years the division of business at WSC has developed from teacher education to an equivalent offering in business administration. Majors in finance, marketing, management and accounting now outnumber education majors 350-275, Dr. Butler said.

Dr. Butler pointed out, "The interest in the relatively new profession of management is greater in the Midwest and the prejudice against business shown by some young people is less here. Business, with all its know-how, has somehow failed to do a good job of public relations as to its own image."

He pointed out that there is often a strong bias on both coasts in terms of the "fat-fingered, bejeweled Simon Legrees who

are supposed to lead our corporations down the primrose path of predatory profit." Actually, he said, managers are non-owners, trained to represent all interests, consumer, labor, public and owners, in a professional manner. They engage extensively in community betterment. Without them, arts and sciences could not flourish.

"Corporation recruiters want 20 per cent more of our people than we can supply them," Dr. Butler concluded. "A good graduate in management can join a trainee program with a large corporation and in many cases be paid a salary while working through a master's degree."

### Wife of Former Congressman Dies

Funeral services for Mrs. Lawrence Brock, 59, wife of former Democratic Congressman Lawrence Brock, will be held at 2 p.m. Friday at Salem Lutheran Church, Wakefield. Burial will be in the Wakefield Cemetery.

Mrs. Brock, formerly of Wakefield, died Jan. 9 at Arlington, Va. She had been taken to the hospital Monday apparently suffering from a blood clot.

The Brocks went to the Washington, D. C. area in 1958 when Mr. Brock was elected to the

House of Representatives. After being defeated in the 1960 general election by Republican Ralph Heerman, Dakota City, Mr. Brock was employed with the Farm Home Administration.

Survivors include her husband; four daughters, Mrs. Harold Tolson, Roselle, Ill., Mrs. Charles Soderberg, Wakefield; Mrs. Richard Rosenbom, Omaha, and Mrs. William Gibson, Santa Ana, Calif., and her mother, Mrs. Rose Utemark, Wakefield.

Birth defects account for almost three million mentally damaged individuals in the U.S., according to the March of Dimes in its fight against birth defects.

LOOKING OVER 19 head of 217-pound market pigs, the first consignment of the new year of the Laurel hog buying station, are (left to right) Art Lipp, Jim Lipp and Bob Klintberg.

### Laurel Farmers in New Swine Program

Art and Jim Lipp, father-son combination at Laurel, were the first producers to consign pigs Jan. 2 at the buying station in Laurel and thus became the first producers to have an opportunity to cooperate on the new producers investment program.

The program, nationwide, began Jan. 2 in most states and several months earlier in others. Each nickel per head that the Lipp and other producers check off is divided three ways.

A penny will go to the National Livestock and Meat Board for research-promotion. Two cents will go to National Pork Producers for promotion work in big cities to increase pork consumption and raise prices. Another two cents will be used in the state to help finance carcass shows, solve production prob-

lems on pork quality, breeding failures, management problems and others.

Short range programs are a small part of the plan. Over a period of time the benefits will be more noticeable.

Per capita pork consumption has declined one per cent per year for 15 years. To arrest the trend and reverse it will take efforts of all pork producers in cooperation with markets, packers, retailers and all segments of the industry.

Producers control the whole program. In Nebraska there are 12 area swine groups making up the Nebraska Council. Each area group is represented on the board of directors. The state council is represented on the board of directors of the national council.

Mr. and Mrs. Harry Wert were dinner guests Sunday in the Fritz Temme home and spent the evening in the Carl Sundell home. In the latter home to visit their sister, Mrs. Sara Barbey last week were Mr. and Mrs. Don Milliken and James Milliken.

Mr. and Mrs. Alvin Sundell and daughters were visitors Sunday evening in the Kermit Johnson home. There Monday afternoon to observe the hostess' birthday were ladies of the neighborhood who served co-operative luncheon.

Mr. and Mrs. Elvins Olson were in the Jerome Pearson home Sunday for dinner to celebrate her birthday. In the afternoon all attended the baptism of Heidi, daughter of Mr. and Mrs. Ted Klapp (Marlene Park), LeMars, Ia., at Salem Lutheran Church. With other relatives all were luncheon guests in the Jack Park home together with Pastor and Mrs. Robert V. Johnson.

Last Tuesday afternoon, Mrs. Dick Sandahl was among nine guests of Mrs. Rose Helholt at

a quilting party in her home in Wayne.

Mrs. Charles Keyser, a frequent visitor in the Walter Chinn home, has been a hospital patient in Wakefield while her husband has been ill at home.

Mrs. Weldon Mortenson and Mrs. Marvin Mortenson were in the Alex Peterson home in Oakland Saturday at a one o'clock luncheon for 15 ladies honoring Mrs. Alvin Nelson, Omaha, on her 70th birthday.

Mrs. Phillip Ring was chosen leader of Circle 5 of LCW at the Mrs. Andrew Sorensen home Thursday afternoon.

At a telephone meeting in the Lawrence Ring home Monday evening, Jim Stout was elected to serve as president and Elvins Olson as secretary-treasurer for

the coming year.

Club Reorganized  
Coon Creek 4-H Club met in the Louie Hansen home Monday evening to reorganize. Mr. Hansen and Fred Utecht were re-elected leaders for the coming year. Other officers chosen were president, Ken Everingham; vice president, Connie Roberts; secretary, Carolyn Roberts and treasurer, Steve Oswald.

The March of Dimes, fighting birth defects, says that a new German measles vaccine should be available by 1970, preventing epidemics such as that in 1964-65 which caused severe defects in an estimated 20,000 infants born of mothers who had caught the virus disease in early pregnancy.

### Remind Veterans of Deadline on Report

Chris Bargholz of the Wayne County Veterans Service office and the Veterans Administration both remind veterans they have a deadline Jan. 31. Income questionnaires must be completed and returned to VA by that date.

Bargholz said these questionnaires were sent to Wayne County veterans, widows and parents receiving benefits. In all, 14,000

such forms went out in this state.

Unless the questionnaires are returned on time, the February check will not be sent by VA. Bargholz is ready to help any residents of the county in filling out questionnaires properly. His office is at 108 Main, Wayne.

### Supply Pastors Fill Presbyterian Pulpit

Supply pastors have been filling the pulpit at United Presbyterian Church, Wayne, since Pastor John Voth left for a new post in South Dakota. They will continue this arrangement until a call is extended.

Nebraska Christian College, Norfolk, has provided speakers for some services. Rev. James Walker, teacher of religion and philosophy at Hastings College, was in the pulpit last week. Rev. Harm Timmer, Osmond, has also preached here.

Sunday, Jan. 14, Rev. William Peters, Jr., first executive secretary of the Commission on Religion and Race of the Presbytery of Omaha, will be the speaker at the morning services. He has been a teacher in both high school and college and has served as a college chaplain. As executive secretary of ORAR, his primary duty is to "develop a strategy for metropolitan mission in the Presbytery of Omaha."

The following week, Jan. 21, Rev. Keith LeMay will conduct services at the local Presbyterian Church. He is the director of radio and television as well as hospital chaplain at Omaha.

He comes to Nebraska from the Synod of Appalachia, with offices in Maryville, Tenn. Graduate from Jamestown College in North Dakota, he received an MA at Michigan State and his BD from San Francisco Theological Seminary. He has also studied at the McCormick Theological Seminary. His office is maintained in the Presbyterian Headquarters Building, Omaha.

Rev. LeMay will install church officers while he is here. Officers are to be elected Jan. 17.

# EDITORIAL COMMENT

The editorial department of a weekly newspaper is an important department. Not many people are given the opportunity to express their opinions on the important issues of the day.

It is the duty of an editorial writer to search for all available facts before he sits down to write. From this basis the writer should be able to give a clear picture of important topics.

## Now About That Museum

The people will not let the issue die. Almost every week someone asks when there will be more in the Herald about a county museum.

One of our correspondents sent in information on the Dixon County Museum at Allen. It is getting more room and more features. It is our intention to get a story and pictures on it soon to show what a county can do when someone settles down and decides actions speak louder than words.

Then there's the Dakota County man who came over from Homer last week. He told about the fund building-up for a museum in that county, thanks to the people there approving a levy of one-tenth of one mill to provide a museum. Not now, but eventually, seems to be the idea over there.

In contrast, Wayne County keeps muddling along with only token action now and then. Offers of cash donations have come in. People have indicated they want to get rid of antiques in their homes but they hate to see them stored somewhere and they would like to see what they would be like in a county museum.

A Hamilton County resident tells about the museum that county has. It's in a big old house. The advantage of that is the house itself is an antique. There are many items there that would have been lost, perhaps forever, if Hamilton County had not taken action a few years ago to provide a suitable place. Now all the schools around send classes to Aurora to learn more about the past in Hamilton County - a past that is going to be more difficult to preserve as years go by.

One visitor to Wayne during the holidays told of a house such as the one here owned by Dr. L. A. Jensen, now used as a museum. Plaques over each room tell who made that room possible. Antiques bear placards telling who donated each. In some cases, a little history of what family used the items and the years they were used add interest to displays.

There are a lot of ideas that could be followed. No one has an exclusive right to such arrangements. Right now it appears that Wayne County is not having any part of any of them.

Maybe Dixon County or Dakota County will consider taking the antiques from here. At least they would be kept in Northeast Nebraska. No telling where they might wind up if someone doesn't take some action one of these years - like 1968, maybe. - C.F.

## The Word Is L-O-V-E

One of the most misused and abused words in this day and age is "love." Hippies have helped

You may not agree with an editorial but if you read the editorial and give serious thought to the subject discussed you have gained. You as a reader, have given careful thought to an important problem and the writer is proud to have called your attention to an important subject that you may have overlooked.

abuse it, but it has been undergoing distortion over the ages until for some it has no definite meaning at all.

A Wakefield mother explained recently how she was bringing up her children to know love. She tells them in various ways. She demonstrates love only a mother can give. The last thing she tells each of them as she tucks them in at night is: "I love you." No matter what they have done, they know they are loved.

Over at Allen, parents tell of their sons arguing violently, enough to cause tears to well up in the parents' eyes. Then, when it is over, a son understands that what has gone on is a bit shattering and he expresses a few words, in essence: "No matter what happens in situations such as this, we love you."

A Wayne youth writes to his parents, expressing appreciation for the years he has known at home, through good times and bad, sorrow and joy, appreciation for being brought up in a home full of love and worthwhile teaching. Parents value that letter, putting it away to remind them that life's hardships have not been quite as tough on them and their family as they had imagined.

There's a Carroll couple who found their child could not help elsewhere they could not give so gave up the presence of that child the major portion of the year. Now that maturing child comes back with love and appreciation for what they have enabled others to do they could not do themselves. Love made it possible.

Love is something special. It's a kindergarten girl's devotion to her teacher. It's a neighbor caring enough to check on an elderly friend. It's a father holding back emotions as his daughter gets married, one hand holding his wife's hand as she lets a few tears fall.

There is nothing wrong with love. True love has no sordid connotation. The world needs love, all kinds, but only the real thing. Cheap imitations are provided but love has nothing to do with cosmetics, perfumes, exotic hairdos and other sensations of the mind.

Love is from the heart, not the brain. Love is real, meaningful, worthwhile and lasting. Love is needed on a number of levels, from the baby reaching for his mother, the newlyweds in their years of becoming as one just as their parents did, in friends caring for what happens to those living nearby, in men of different races showing compassion for each other and in appreciation to God for all that He has provided for us on earth.

There's nothing the matter with love, no matter how some try to distort it. - C.E.G.

# Lawmakers Are Seeking Plan For Redistricting

The special session of the Nebraska Legislature has opened for business, with lawmakers seeking a congressional redistricting plan that will satisfy the federal courts.

The agenda also includes a proposal to liberalize the state unemployment compensation act to permit jobless benefits and severance pay at the same time.

Legislative leaders, who bear the responsibility for moving the session along, say they are hopeful the Unicameral can complete its business soon.

"The longer the session, the greater the cost," said Sen. Elvin Adamson of Valentine, speaker of the Legislature.

The assembly, which opened last Wednesday, must last at least a week, and early indications were it could go much longer. There is no maximum limitation.

Considerable wrangling has developed over which counties should be moved from one congressional district to another, and whether the labor law proposal should be enacted at all.

Gov. Norbert T. Tiemann, who called the special session more than a month ago, appealed to the senators to reduce the population disparity between districts to three percent or less.

He also asked that shuffling of counties be kept to a "minimum" and that the new boundaries be fashioned so that counties remain contiguous.

"These objectives should not be too hard to accomplish," he said. "They set forth the guidelines that I would like to see followed."

The governor fears if the Legislature goes "much beyond three percent," the new law will not be accepted by the federal courts.

A special panel of three judges last Nov. 22 said that if present population imbalances are not corrected, congressional candidates in Nebraska must run on a statewide ticket in the May primary and November general elections.

The deadline for filing for Congress is March 14. While state legislators are elected on a nonpartisan basis, some hard political maneuvering

was highlighting the special session.

Republicans, which presently have a hammerlock on the state's congressional delegation, would like to keep it that way.

Democrats, on the other hand, want a plan that gives them a better chance of electing a congressman or two in the fall general election.

There is general agreement that to comply with the court decree, approximately 50,000 inhabitants must be removed from the first district, with 20,000 of these placed in the second district and 30,000 in the third district.

Rep. Robert V. Denney represents the first district which covers Lincoln and eastern Nebraska outside the Omaha area. Rep. Glenn Cunningham is from the second district composed of Douglas, Sarpy, Washington and Cass counties. Rep. Dave Martin is from the 59-county western third district.

**Federal Hearing Set on Trains**

The Federal Government has granted a Nebraska petition for a hearing on the Union Pacific's application to discontinue two passenger trains between Omaha and Los Angeles.

The Interstate Commerce Commission order came down only six days before trains No. 5 and 6 were scheduled to go off the line.

Fred N. Peterson, chairman of the State Railway Commission, said service will continue as usual until a final ICC decision is delivered after the hearing.

"The hearing will be held in the near future before the ICC," he said. "The railroad must prove and justify its request to remove this passenger service."

The Railway Commission had filed a protest last Dec. 15, a week after the U. P. asked the ICC for permission to drop the trains.

Peterson said the trains are "vitally important" to Nebraska as they provide the only daytime passenger service in the state. The trains service such major communities as Columbus, Grand Island, North Platte, and Sidney.

Peterson said several Nebraska mayors, state senators and

chambers of commerce joined with the commission in protesting the U. P. application.

"These people should be commended for their wonderful support of this important segment of Nebraska's transportation system," he said. "I am sure the ICC was and will be influenced by the wide public response to the railroad's application."

The trains involved had been used principally for transcontinental mail and express service before the Postoffice Department removed all mail from them last Oct. 12.

In its application, the U. P. alleged that of \$8,156,997 in total revenues from the two trains during the first nine months of last year, \$7,450,000 came from mail and express.

U. P. officials have pointed out that first class passenger trains, such as the City of Portland, make regular stops in 13 outstate Nebraska towns, plus 23 others if they are signaled to stop for passengers or mail.

In December the ICC authorized the Burlington Railroad to discontinue two passenger trains between Omaha and Denver after the Burlington contended operating costs were running too high.

That ICC action came without a hearing. A Nebraska protest was overruled.

**Highway Shuttle Continues**

Three more key personnel changes within the reorganized Nebraska Roads Department have been announced by State Engineer John W. Hossack.

Walter Witt of Lincoln, assistant right of way engineer, was named acting director of that division to replace W. H. Mengel of Lincoln, who retired after 36 years and 7 months of service.

Arthur H. Dederman of Lincoln was elevated from bridge engineer to field division engineer for the Omaha area, effective Feb. 1.

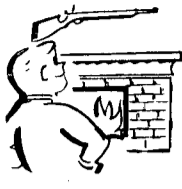

Dederman, 41, succeeds Marvin Nuernberger of Omaha, who has been named deputy engineer for design. E. W. Tupper, assistant division engineer at Omaha, will serve in the position on an acting basis until Dederman takes over.

Gerald Grauer, 29, of Lincoln was promoted from assistant to acting program and planning engineer, replacing Bruce Gillan of Lincoln, who was moved up to deputy engineer for planning last month.

Hossack said the appointments are part of the department's

**Livestock Inventory Slated**

Nebraska livestock producers can expect to be asked to complete an inventory of feeding operations early in 1968, according to Dean Axthelm, Extension agricultural engineer at the University of Nebraska.

Such an inventory will determine location and number and type of livestock operations.

Axthelm said the Nebraska Pollution Control Council has been asked to submit an inventory of livestock operations on interstate streams to the Federal Pollution Control Council by July 1, 1968.

However before an inventory can be taken, a regulation of the Nebraska Council must be issued requiring compliance by filling out the inventory form.

Axthelm noted that the inventory regulation probably will be acted on by the Nebraska Pollution Council early in 1968. At this time there is no regulation of any kind.

The Livestock Pollution Control Advisory Committee, composed of Nebraska feedlot operators and livestock producers, assisted in developing the inventory form.

The new law prohibits wastes from any source in Nebraska streams to the extent that water quality is degraded below Nebraska standards, Axthelm explained. This stipulation includes everyone and every industry, he emphasized. All types of livestock operations will be required to register in the inventory if they are of sufficient size.

**Tax Deadline**

Farmers have three important deadlines to consider in filing their income tax return for the calendar year 1967, a University

of Nebraska agricultural economist reminded this week.

Prof. James Greer said these two alternatives are available in filing income tax Form 1040:

1. If a declaration of estimated income tax is filed by January 15, income tax Form 1040 need not be filed until or before April 15, 1968.

2. If such a declaration is not filed, Form 1040 must be filed by February 15, 1968.

The tax due must be paid in full with Form 1040 when it is filed, Greer emphasized.

Here are further instructions compiled by Greer for the information of farmers in filing returns accurately and on time.

File Schedule F and Schedule SE with Form 1040. Don't confuse Schedule SE with Form 1040-ES. Schedule SE is necessary for receiving the proper social security credit for your self-employment income. Form 1040-ES is your estimated income tax return.

The "Farmer's Tax Guide, 1968 Edition" contains the dates for filing these various forms. If

1. you do not use the calendar year as your fiscal year,

2. your are in partnership, or

3. you are incorporated; then you have different dates than the above for filing the necessary forms.

Also, if you are an employer, you have additional forms to file. The Forms W-2 must be filed by January 31, 1968. All these filing dates can be found in the "Farmer's Tax Guide" available now at the County Extension Agent's Office.

The "Farmer's Tax Guide" is written in an informal style so that non-tax experts can understand the tax rules. It explains the tax rules and illustrates many of the rules with practical examples of importance to farmers.

Here is a list of general sources for income tax information.

1. "Farmer's Tax Guide" at County Extension Agent's offices.

2. "Income Tax Management for Farmers" at County Extension Agent's office.

3. Additional Federal Tax forms at the nearest Internal Revenue Service office or from your local post office or bank.

4. For further income tax information, call or write your local Internal Revenue Office or hire a good tax consultant.

# Letters to the Editor

Dear Editor,

In one of your editorials, it read that the feeling is, Wayne does not want industry because businesses feel that they would have to raise wages.

This might be true, but there is also a feeling that Wayne does not want the vocational training school or industry because that stores to compete and so forth might locate in Wayne and give too much competition.

The only industry that locates in Wayne are the ones that employ very few persons. This won't keep our young people here.

Clairs Vogel

Dear Editor:

I was very pleasantly surprised and pleased to receive the SWAY letter and gift and I would like to thank all of you for your thoughtfulness. It arrived on Christmas Eve shortly after the ships in our task group reached Sasebo, Japan, and really was a much appreciated Christmas present.

I am a pilot in Air-Antisubmarine Squadron Twenty-One which at this time is based aboard the USS Kearsarge. We left San Diego in August and since October have been conducting surveillance and "Sea Dragon" flights in the Gulf of Tonkin in S2E, Tracker, aircraft. Hopefully, we will return to California in early spring.

I am sure that this has been said to you many times but with all of the demonstrations and trouble we read about here, it is wonderful to know that there

is an organization like yours. I have no doubt that all of you would feel very proud if you could see this young, dedicated sailor on this ship and all ships hard at work day after day. It is my sincere belief that they, and not the agitators, represent the majority of young people today and I am very proud to be working with them. Your support for all of us is greatly appreciated.

I intend to visit Wayne sometime soon after I return to the States and hope that I can personally say "thank you" to all of you. The kindness you have shown is something I will always remember.

Sincerely,

Charles Koerber (Lt. C. J. Koerber, VS-21, FPO San Francisco, Calif. 96601).

Dear Editor,

Sitting here in a nice warm room, my feet up on the footstool, and sub-zero weather outside, trying to enjoy your SASS, I started laughing. My better half asked, "What's so funny?" I said I just read where we aren't supposed to ship our good steers to market but keep them for breeding, to better our quality of stock. We feed from 100 to 150 steers each year, and am afraid someone is kinda ignorant in the stock department. I'm afraid they would die of old age before they reproduce. Did anyone ever tell you a steer is a horse? To old farmers may not be too sharp on some subjects, but this I am sure of, if anyone else got a good laugh

# Way Back When

## 30 Years Ago

January 13, 1938: Girl Scout council, meeting with Mrs. J. M. Strahan, chairman, Tuesday evening made temporary plans for a Girl Scout banquet... Fire which is thought to have started from an overheated stove pipe damaged the school in district 8 three miles south and three miles east of Wayne Friday morning shortly before 9. The loss is estimated at \$300... Wayne prep came from behind with a rally in the second half to overcome Concord 25-18 on the loser's floor Tuesday night... Wayne Wildcats found their scoring stride against Buena Vista College five Monday night at Storm Lake to mark up their fifth straight victory 43-30 in a fast contest.

## 25 Years Ago

January 14, 1943: Wayne County draft board reports the following men as volunteering for service with the United States navy and marines: Gene P. Baird, Norman W. Gehrke, the navy, and Leon C. Lupp, Leslie Duane Frederick and Everett E. Lindsay the marines... Sgt. Dale Meyer arrived Wednesday to visit Bernard Meyers. He is being transferred from Baltimore to Camp Campbell, Ky... Mrs. Kal Thompson of Laurel, underwent a major operation in Wayne Hospital. Lt. Robert D. Lupp received his silver wings last week at Eagle Pass, Tex... Pvt. John W. Bressler, son of the John C. Bresslers of Wayne, is in training at Camp Bowie, Tex.

too. Am still one of the Carroll women who would like a little more news, ha. I do admit I never miss reading SASS though.

Mrs. Ervin Wittler (Credit us with knowing more than some congressmen. The whole point of our paragraph in SASS was that Congress wanted sheepmen to change lambing time for sheep to warmer weather—ask a sheepman how easy that would be—and keep good steers for breeding purposes. We recognized this as being funny and printed it. Now we're wondering how many others thought we were dumb and didn't know a steer was a "has been"?) After all, we have plans to start a stock ranch of our own, breeding capons and geldings. We're also waiting for our spayed poodle to have pups and then we'll start a kennel. Sorry you didn't get the joke we were trying to pull—we should be more explicit, but we do aim to put a few laughs in SASS, even at our expense.—Editor)

An old farmer was driving a truck along a highway exceeding the speed limit. A trooper stopped him and said: "Do you realize you were doing 55 miles an hour?"

"No, I didn't," said the farmer.

"Haven't you a governor on that truck?"

"Nope," replied the farmer, "the governor's in the state capital—that's fertilizer you smell."

A Concord mother found her 10-year-old son's pants pocket contained his assignment. It was headed "What Christmas Means to Me" and said: "I think Christmas is to give other people presents. I like to sing Christmas songs too and to help the old people. Christmas is to go to church and worship the saviour."

We run into all kinds. A big envelope came in with a picture enclosed. Instructions asked that we use the picture without change and return it unmarked. The trouble is, there was no story and there was no identification. So we can't use the picture. A woman called us collect with a new item. We took it down word for word. Later we found the same item in a daily paper—she had been reading it from a newspaper and we had a copy of it right beside us. A card of thanks came in thanking people for their kindness, cards, etc. No signature, no check, no return address so no card of thanks. A bride sent in the wedding report, omitting only one bit of information—the name of the bridegroom. Like we said—we run into all kinds.

After half an hour of searching through the library card catalog, a sixth grade boy approached the librarian and requested a book entitled, "Advice for Young Mothers."

SASS

With a note of surprise in her voice, the librarian asked the boy why he was interested in that particular book.

"It's about my hobby," replied the boy. "I collect moths."

Should we give the bouquet of the week (month, year) to Mrs. Chris Tietgen? After learning about all the work she has done on behalf of the cancer crusade, showing films to around 1,500 pupils, we decided she deserves a lot more recognition than she has been receiving. There is no way of counting the number she has helped in this program, but if she helped just one it would be worthwhile. There's no doubt about it, she deserves the bouquet of the week (month, year). But don't let us be the only one to tell her—you let her know you agree 100 per cent, because we know you do.

SASS

A retailer sent an order to a distributor for a sizable amount of goods. The distributor wired him: "Can't ship until you pay for your last consignment."

SASS

The retailer wired (collect): "Can't wait that long. Cancel order."

We've been telling you

SASS

We're going to be careful what we say in this column this week. A Carroll woman thought the paragraph we wrote about the bureaucrats in Washington wanting stockmen to keep their best steers for breeding purposes indicated a lack of knowledge of the facts of life on our part. She can't be blamed, apparently,

Wrestling is a good sport. Thursday night you have a chance to find out. Winside is here at 6:30. These friendly neighbors should produce a good crowd as both have good teams. Who knows, you might even become a fan—get out and cheer your favorites—it's a clinch you won't be able to keep quiet.

A couple of our features need your help. One is Service Station. We never get enough service news. Some comes direct from bases, some from the men themselves and some from family members. Most men are in the service only two years. If we do not get their news and pictures in during that period, the chance is lost for good. How about sending in a picture and some information about your servicemen—anyone in the area? Then there's Spook Speaks. We need true incidents for this. We're out right now so there will not be more unless someone comes to our aid. (Don't forget, we cut down on editorials and SASS to give you room for your "I See by the Herald" items so help us get news about visits and visitors from a distance).

Teacher: "This is the fifth time I've had to punish you this week. What do you have to say to that?"

Pupil: "I'm glad it's Friday."

SASS

Winside residents got a chuckle out of a news report coming out over the wire services, apparently through Norfolk, that people were having to go to a pump in the park to get water during the recent water main trouble. Winside has two city pumps supplying water to the standpoint and one happens to be in the park, but the way it was carried in a daily newspaper published between Hoskins and Clearwater and over the wire services you would have thought they had a hand pump down in the park and everyone was carrying pails down there to pump enough water for home purposes. Nice to get some laughs out of an unfortunate situation. Someone sure pumped that story dry though.

**NEW MUSIC TEACHER** at Allen High School is Todd Tucker, Akron, Ia., shown at the school piano. He was a piano major while earning his bachelor's degree in music at USD.

## Allen High Has New Instructor

Allen High School has a new music instructor. He is Todd Tucker, a native of Akron, Ia., who is finishing the current term at the University of South Dakota, Vermillion.

Tucker will start his instruction at Allen Monday, Jan. 22. He will be taking final examinations at USD prior to then and will receive his degree at graduation exercises in June.

He is a 1962 graduate of Akron High School. He has been attending USD on a music scholarship the past year, having switched to that school after changing courses following three years at Iowa State University.

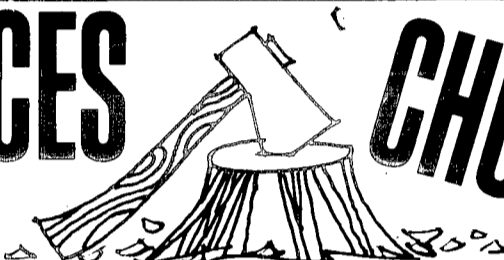

He was an all-state musician three years, once in orchestra, once in band and once in choir. He plays the piano and french horn and has also been a vocal soloist.

Supt. F. C. Hechens said Tucker will be music instructor for junior and senior high, vocal and instrumental. He will arrive in Allen just two weeks before the Lewis & Clark music clinic in Emerson.

Tucker has done practical teaching at Vermillion High School the past semester. He gave a piano program as his senior recital, part of the requirements for graduation. He had a piano major at the school.

He is hoping to continue the traditions for excellence in music Allen has been recognized for over a period of many years. Tucker is enthused about the outlook at AHS and anticipates his return to a small town, having grown up in one.

## Family Life Series

Starts at Emerson

"These Are Your Children" is the topic of a series of family life meetings to be sponsored during 1968 by the Northeast Nebraska area extension service. It will be held Thursday, Jan. 18, at 7:30 p.m. in the Emerson grade school.

Parents, teachers, baby-sitters and others interested are invited. Mrs. Harriet Woodward and Mrs. Robert Petelle of the department of human development and the family, NU, will be in charge.

The two will discuss physical and emotional needs of pre-school and elementary school age children. Guidelines will be given for preparing children for school. Health factors, behavioral patterns, discipline and temperament will be topics.

Mrs. Woodward and Mrs. Petelle are in charge of the nursery school laboratory on the NU east campus. They believe that through better understanding adults can provide more adequate guidance for children and enjoy them more.

The public is invited. Time will be allowed for questions from the audience.

## Business Notes

Dr. W. E. Wessel, Wayne, has been appointed county chairman of Children's Dental Health Week, Feb. 4-10. State chairman is Dr. L. A. Ambrose, Omaha. "Grow Up Smiling" is the theme. Good Dental habits started early in life will be emphasized.

## Ask Something New

Census bureau workers, Ruth Koehler, Norfolk, and Catherine Moeller, Wisner, will be asking new questions in Wayne County this month. Information will be sought from working people on the length of time they have been on their current jobs. It is sought for the department of labor's bureau of labor statistics and will be in addition to the regular monthly inquiries on employment and unemployment. Information will be collected from selected sample households in the area.

is hand labor with outside feeding and watering in the winter.

"Where there is a calf problem and remodeling or building a calf barn is out of the question, this house offers an opportunity to save calves," Kubik states.

When it comes to replacements, it takes a lot to build a good herd. Culling is important in herd improvement and good home-raised replacements are hard to beat.

Kubik says farmers able to build or remodel calf barns should take care to get enough and the right ventilation, the real key to a successful calf barn. More information is available from county agents or from Northeast Station.

## No Fire Saturday

It was 14 below Saturday night. The fire alarm sounded. Firemen responded. It turned out to be a false alarm, and although firemen were sorry to be called out on such a cold night, they were happy to return home so soon. Someone, no one seems to know who, called the department. Firemen went to the Allen Shufelt home on West First and gave Shufelt quite a start as they came up to where he was burning trash in an incinerator. He had not called the department and neither had his wife. He has been burning trash in the same spot in the evenings for years so he does not know why someone decided all of a sudden there was a fire, unless the glow was particularly red that frosty night.

## Six Accidents Occur in City

Wayne police investigated six traffic accidents in the period of Jan. 4-7. Ice streets were a contributing factor in several of them.

Jan. 4, at Third and Nebraska, Esther Dewitz Carlson, Wayne, was southbound on Nebraska Street. Her car was struck in the side by the eastbound car of Richard Elckhoff, Fordyce, who was unable to stop on the icy surface. Sgt. Keith Reed investigated.

Two mishaps occurred Jan. 5. The first was at Seventh and Main, Officer Ron Penlerick investigating. Dennis Newbrand, Algona, Ia., was driving a car owned by Steve Gunther, Le-Mars, Ia. He was northbound on Main, stopped to make a left turn and the car was struck in the rear by one driven by Duane Mendlik, Dodge, who had looked back for a moment and failed to notice the car ahead was stopped.

Later at Sixth and Douglas, Assistant Chief E. L. Halley investigated a two-car accident. Janet Preston, Wayne, driving a car owned by Merlin Preston, was northbound on Douglas. She attempted to turn right onto Sixth to get away from the eastbound car of Melvin Bruns, Wayne, driven by Jayne Bruns. The Bruns car struck the Preston car on the left front.

There were also two accidents Jan. 6. The first was in the 700 block on Sherman, Steve Johnson, Wayne, driving a car owned by Robert Johnson, was southbound, attempted to stop and skidded on the snow-covered street, striking the left rear panel of the car of Wilfred Jahn, Columbus, parked headed north. Assistant Chief Halley investigated.

At Third and Windom, Officer Penlerick investigated another mishap involving a parked car that day. Harry J. Kay had his car parked on the terrace on East Sixth. Someone hit the car on the left rear fender but did not stop to give information on the accident.

Jan. 7, at First and Pearl, William Winch, Wayne, was driving a Fleethe Plumbers Heating Co. vehicle eastbound on First. Emil Hoggren, southbound on Pearl, tried to stop at the stop sign but skidded on the icy surface and struck the Fleethe pickup. Assistant Chief Halley investigated.
