to its present 9.6. His rebounding is at an 8.2 clip.

Also much improved is sophomore Dave Schneider of Blair, Neb., the team's tallest at 6-9. Lately he has become a demon with lay-ups and hook shots, and his field accuracy is a phenomenal 65 per cent. Both his point average, 6.0, and his rebounding, 3.8, have gone up in late season.

Two other sophomores, Rich McGill of West Point, and Mike Anderson of Oakland, have had sparing chances to prove themselves, but show promise for next year.

Likewise, three freshmen saw little action, but they did well in frosh games — Dale Kassmeier of Snyder, Rich Bean of Fremont and Joe Baumert of Omaha. In freshmen games they averaged 17.2, 12.8, and 11.2, respectively.

Between the seniors and sophs are three talented juniors. Joel Parks of Pawnee City, Neb., and Bill Kruse of Calumet, Ia., provide much of Wayne's vaunted depth. Close all season in scoring, Parks presently has 170 points, Kruse 163. Both are shooting above 50 per cent from the field and over 70 per cent at the free throw line. When they relieve the starters, usually early, there's no anxiety.

Johnson, of Bennett, Ia., had the misfortune of fracturing a finger shortly before the first game, and the lack of action for several weeks put him behind other forwards, though he was last year's sixth man and an occasional starter.

**PROPHETIC SMILES:** You'd almost think Head Coach Dave Gunther (right) and Assistant Ron Jones knew what was coming when they turned on these ear-stretching smiles way back in November. But nobody could have predicted then what their Wayne State basketball squad would accomplish: a 24-2 record, and with it the most exciting basketball in these parts since nobody knows when.

"Strive hard enough and anything in this world can be yours, if you have enough money," says *The Review of Plymouth, Wis.*

The *Houston (Mo.) Herald* claims the best definition of a minor operation is "one performed on someone else."

"Inflation," according to *The Kendall County News of Plano, Ill.*, "is when you have money to burn and can't afford matches."

The *Buffalo (S.D.) Times-Herald* advises: "A mule can't kick and pull at the same time, and neither can you."

"Minds are like parachutes," says the *Adair County Free Press of Greenfield, Iowa*, "in that they only function when they are open."

"You really can't judge a modern girl by her clothes," claims the *Mason County Democrat of Havana, Ill.*, "because there isn't enough evidence."

The *Lancaster Farming of Lititz, Pa.*, reports that the only exercise some people get is jumping to conclusions, running down friends, sidestepping responsibility and pushing their luck.

"All husbands are alike, but they have different faces so you can tell them apart," says the *Lake Mills (Iowa) Graphic*.

A kindergarten teacher is a girl who knows how to make the little things count, according to the *Chronicle-Herald of Macon, Mo.*

The *Mackinaw Valley News of Minier, Ill.*, says rumors may not have a leg to stand on, but they still get around pretty fast.

"Cigarettes are getting so long," complains *The Delavan (Wis.) Enterprise*, "that a secondary hazard of smoking is arthritis of the jaw muscles."

This thought comes from *The Herald of East Moline, Ill.*: "People who travel in the highest circles sometimes find it hard to be on the square."

The *Devils Lake (N.D.) Morning Journal* asks if you realize that it has been 160 years since France has needed an arch of triumph?

"You can't clear your own fields while you're counting the rocks on your neighbor's farm," says *The Post-Telegram of Princeton, Mo.*

This item was in the *New Richmond (Wis.) News*: "Some old folks are becoming alarmed today because they can't tell the young men from the young women — long hair, earrings, britches and now even miniskirts. It doesn't bother the country cousins when they have a problem like this (for example, ducks looking alike), they just put them all together and let them figure it out for themselves."

The *Pocahontas (Iowa) Record-Democrat* reports: "The medics haven't said too much about the side effects on men of pipe smoking, but it does tend to make a woman's voice harsh, particularly if you spill ashes on the rug."

# WAKE UP TO A TEMPTING BREAKFAST

by Betty Stern  
Farm and Home Food Consultant

Let the wonderful flavor and aroma of bacon, pancakes, or yeast rolls coax breakfast-skipper into good habits. Nutritionists say one-fourth to one-third of our daily food intake should be at the morning meal.

To help you plan nutritious meals here are four basic breakfast patterns. Try them soon. We'll wager you'll enjoy more cheerful good mornings at your house.

## BREAKFAST MENU NO. 1

Baked Apple  
Cream of Wheat  
with Brown Sugar and Milk  
Toasted No-Knead Bread  
Butterfly Orange Muffins  
Coffee Milk

### DOUBLE DUTY NO-KNEAD BREAD

2 packages active dry yeast  
6 cups flour  
2 tablespoons sugar  
1 tablespoon salt  
1 cup milk  
1 cup water  
½ cup margarine  
2 eggs

In a large bowl, thoroughly mix 2 packages of undissolved active dry yeast with 2 cups flour, 2 tablespoons sugar and 1 tablespoon salt.

Heat over low heat until warm 1 cup milk, 1 cup water and ½ cup margarine. (Margarine need not melt.)

Add liquid mixture to dry mixture. Beat 2 minutes at medium speed of electric mixer, scraping bowl occasionally.

Add about ½ cup flour (or enough to make a thick batter), and 2 eggs. Beat on high speed for 2 minutes, scraping bowl occasionally.

Stir in additional flour (¾ cups) and mix to a soft dough. Divide dough in half. Shape each half of dough into a loaf on a well-floured board. Place into 2 greased, 9x4x3-inch pans

and cover. Let rise in warm place until double in bulk, about 45 minutes to 1 hour. Bake at 350° for 1 hour.

### BUTTERFLY ORANGE MUFFINS

2 cups sifted flour  
3 tablespoons sugar  
1 tablespoon baking powder  
1 teaspoon salt  
1 egg, beaten  
1 cup milk  
3 tablespoons margarine  
1 tablespoon grated orange rind  
24 mandarin orange sections, drained

Sift together flour, sugar, baking powder and salt into mixing bowl. Blend together egg, milk, margarine and orange rind. Add liquid all at once to flour mixture, stirring until flour is moistened. Fill greased muffin cups ¾ full. Place 2 orange sections on each muffin in opposite directions to form butterfly design. Bake at 425° for 20-25 minutes or until golden brown.

## BREAKFAST MENU NO. 2

Chilled Orange Juice  
Cereal and Milk  
Bacon and Eggs Mornay  
Jam Filled Coffee Cake  
Coffee Milk

### JAM FILLED COFFEE CAKE

2 packages active dry yeast  
5 cups flour (about)  
½ cup sugar  
2 teaspoons salt  
½ cup water  
1 cup milk  
½ cup margarine  
2 eggs  
Fruit jam

In large bowl thoroughly mix 2 packages undissolved active dry yeast, 1½ cups flour, ½ cup sugar, and 2 teaspoons salt.

Heat together in a saucepan ½ cup water, 1 cup milk and ½ cup margarine until warm. (Margarine need not melt.)

Add liquid mixture to dry mixture and beat for 2 minutes at medium speed of electric mixer, stirring occasionally.

Add about ½ cup flour, or enough flour to make a thick batter and 2 eggs. Beat on high speed for 2 minutes, scraping bowl occasionally. Stir in additional flour to make a soft dough. Turn out on lightly floured board and knead until smooth and satiny. Place in greased bowl, cover and let rise until doubled (about 2 hours). When light, punch down. Divide into 2 equal portions. Cover and let rest 10 minutes. Working with one portion of dough at a time, roll into a rectangular sheet about 10 inches long and 15 inches wide. Spread jam lengthwise over ½ the rolled dough. Cut the other half of the sheet of dough into an even number of strips ¼-inch wide, cutting to the edge of the filling. Twist 2 adjoining strips together, and lay twist over filling. Fasten ends of twisted strips by tucking them under edge of coffee cake. Place on greased baking sheet. Let rise until doubled (about 1 hour). Bake at 375° for 25-30 minutes. Yield: 2 coffee cakes.

### BACON AND EGGS MORNAV

(ovenbaked)

1 pound bacon  
8 eggs  
4 English muffins  
Margarine  
Mornay Sauce

Lay strips of bacon with fat edge of one overlapping lean of the next strip on rack in any shallow pan. Bake on top shelf of oven at 375° for about 25 minutes, until desired crispness. Drain on paper toweling. Set aside 16 slices and break remaining slices into crumbles. Meanwhile break eggs into a saucer, one at a time, and slip into well-greased cups of muffin pan. When bacon is nearly done, place eggs in oven and bake 6-7 minutes, then turn off oven and leave eggs in until set, about 5 minutes. Remove from pan immediately and keep warm. Split, toast and spread margarine on muffins. Cross two slices bacon on each muffin half, top with egg and pour Mornay Sauce over. Garnish with bacon crumbles.

### Mornay Sauce

4 tablespoons margarine  
4 tablespoons flour  
2 cups milk  
½ cup cream  
½ cup shredded Cheddar cheese  
½ teaspoon salt  
Few grains pepper

Melt margarine over low heat in a medium size saucepan. Blend in flour, stirring to keep smooth. Remove from heat and blend in milk and cream. Return to heat and cook until thickened, stirring constantly to keep smooth. Remove from heat and stir in cheese and seasonings. Serve hot.

### PANCAKES WITH VARIOUS TOPPINGS

2 cups pancake mix  
1½ cups milk  
1 egg  
2 tablespoons melted margarine

Blend together pancake mix, milk, egg, and melted shortening. Bake on hot, lightly greased griddle; turn only once when tops appear bubbly and slightly dry at edges.

### Pancake Toppings

#### MAPLE-NUT:

Combine 1 cup brown sugar, ¼ cup water and ½ teaspoon salt. Cook 5 minutes. Add ½ teaspoon maple flavoring and ½ cup chopped California walnuts. Serve hot over pancakes.

#### SAUCY ORANGE:

Blend together ½ cup margarine, ½ cup powdered sugar and grated rind and juice of 1 orange. Heat combined mixture and serve over pancakes.

### CHOCOLATE MORSEL OR WALNUT PANCAKES:

After spooning batter onto griddle, sprinkle tops immediately with semi-sweet chocolate morsels or chopped California walnuts. Chocolate Chip pancakes are good served for dessert with vanilla ice cream on top.

### BACON OR PORK SAUSAGE LINKS COOKED IN OVEN

Separate bacon slices; arrange slices on rack in shallow baking pan. (Jelly roll pan with cookie cooler over top works very well.) Bake in hot oven (400°F.) without turning until slices are well browned, about 10 minutes.

Separate sausage links; arrange on rack in shallow baking pan. Bake at 400°F. until done and browned, 20 to 30 minutes. Turn links after 15 minutes of baking.

## Carroll Drive Over

Pat Gross, representing Wayne County Heart Fund, reports the Carroll drive has been completed. The rest of the county is still carrying on a campaign to raise funds. Gross said Mrs. Bob Johnson was in charge of the drive in Carroll and had expressed deep appreciation for the way the people helped and responded to make the drive easier for the workers. He expects to have a report on the entire county later this month.

## Initial Standings Given in Herald's \$10,000 Contest

Only a few points separate most of the workers as the Wayne Herald hotly contested and thrilling subscription campaign is about to enter its second period. Close standings of the workers who are striving for the first place award of a 1968 Chevrolet Camaro is emphasized in the first tabulation of points. But while the circulation is going up, up, up—points will soon go down, down, down. That's because the first period of the campaign—when points are the highest for each subscription—will end Monday, March 11. So you can best help your favorite candidate now. All the indications point to a record vote pouring in before time for the closing of the first period, as workers seek to compile the highest points.

**SUBSCRIBERS WILL PROFIT**  
This campaign is an effort on the part of the publisher to make The Wayne Herald bigger and better. That should interest you, so get back to this drive to help put it over in a big way.

**MERCHANTS WILL PROFIT**  
The more readers, the more valuable is the merchant's advertising. A good newspaper means a good area; an area can be judged by the newspaper it supports.

**TO THE CANDIDATES**  
The question of territory and time requirements has frequently been brought in since this campaign opened. Let it be stated here and now that there are no

## Calf Pen Competition in County More Intensive

County Agent Harold Ingalls reports extra strong competition in the annual 4-H beef pen project for the show and sale in September. There were 16 pens weighed at Wayne Sales Co. Saturday.

In addition, there are the individual calves entered. They were weighed prior to Jan. 1 and will be competing in the rate-of-gain contest at the Wayne County Fair in August.

The top breed for pen calves this year is Charolais Cross. There are eight pens of this breed, exactly one-half the entries. There are five pens of Herefords, two of Angus and one of mixed breeding.

Charolais pens and the starting weight of the pens include: Michael Dunklau, 3380; Douglas Straight, 3280; Gregg Creamer, 2800; Alan Ekberg, 2630; Dennis Ekberg, 305; Warren Creamer, 3185; Lilla Mann, 3000; and Layne Mann, 2920.

Hereford pens and weights are: Dean Sievers, 2925; Jeff Willers, 3425; Jon Rethweh, 2980; John Sandahl, 3300; and Michael Baier, 2705. Angus entries are: Ruth Gustafson, 3435; and David Witter, 3355. Mixed breeds are entered by Judy Gustafson, starting weight 3270 pounds.

Wayne, Concord and Dixon firemen answered the call to the farm five miles north and two miles east of Wayne. However, there was little they could do except put out the grass and stubble fires started by sparks carried by a brisk northwest wind to nearby fields.

It was a comparatively warm morning, around 38 degrees, with a gusty wind blowing. Had the wind been from the west or southwest, it might have been disastrous, carrying sparks onto the Johnson house and other buildings.

Johnson said he had been in the barn around 6 p.m. when he finished milking. He was awakened at 2:30 a.m. and noticed a glow in the window, looking out to see the barn afire. The Wayne firemen were called first and then the Concord VFD, on the same line with Dixon.

The farmer and his sons, an eighth grade boy and a freshman, and a daughter who is a sophomore, carried water in pails to save the milk house and equipment near the barn. Johnson opened the barn door on the end opposite where the flames were the worst in case any stock could get out but there was no sound of animals so they evidently had suffocated earlier.

He said he had 80 head of hogs and five head of calves in the barn. A milking machine and other equipment were lost in the flames along with around 600 bales of straw, much of it

## Special Film Planned for Gay Theatre

A special engagement for a new color movie, "For Pete's Sake," is scheduled for four showings in Wayne Mar. 12-14. There will be showings Tuesday and Thursday at 7:30 and Wednesday at 6:30 and 9.

The show is centered around the life of a family, with teenagers and their problems the central theme. Life, love, laughter and action are offered in an exciting and suspense-filled drama.

Recommended for all members of the family for all age groups, the film is being advertised over a wide area. Advance sales of tickets are offered at a reduced rate for those purchasing them by mail or at the Gay Theatre boxoffice.

Special efforts are being made by several groups to get young people and parents to see this color picture. Further details will be given in Monday's edition of The Herald.

## To Vote for Two

Due to a misunderstanding, an item in last Monday's Herald indicated there were four board positions opening up for the Wayne County Public Power District. County Clerk Norris Weible points out that there are just two positions to fill. Two men have filed for the positions, Willis Meyer and Stanley Morris.

## Offer \$400 Cash

Sponsoring merchants are offering \$400 Silver Dollar Night prize Thursday, Mar. 7. In order to claim the prize, the one whose name is drawn must be in a participating business place at 8. Last week Ward Gilliland, Wayne, was called for the \$400 prize but failed to claim it.

## Lions to Offer New Eye Project

Wayne Lions Club will go along with a national Lions project on discovering another sight hazard—amblyopia, "the lazy eye." As soon as kids arrive, the local club will start contacting parents, members were told at the meeting Tuesday night at Lee's Steak House.

Amblyopia is the situation where the eyes do not "track" together. As a result, the one eye is used. See LIONS, page 8.

## District 70 Joins Wayne; Two Teachers Will Resign

### Limited Classes Offered Drivers

Margaret Stahly, area extension agent at Northeast Station, Concord, reports the defensive driving course to be offered in Wayne four Tuesday nights in March and April (Mar. 26, Apr. 2, 9 and 16) are limited in enrollment.

Trooper James O'Dell, who devotes full time to teaching the life-saving course now, prefers around 35 in a class. That is about the limit sought for the class to be held here and the one to be offered later this spring in Winside.

New materials include the latest information on accidents, new charts, new films and new tips on how to stay alive. Primary purpose of the course is to teach drivers to become aware of the six types of accidents and how to stay out of the situations that result in one or the other of them.

A \$4 fee, paid the night of See DRIVERS, page 8.

### Scouts, FFA Will Pick Up Bags in Four Area Towns

Boy Scouts in Hoskins, Concord and Wayne and Future Farmers of America in Allen will pick up Goodwill Bags in the annual Good Turn Day (Clothing drive for the handicapped employed at Goodwill Industries, Sioux City). The pickup in each town is set for Saturday, Mar. 9.

Contributors are asked to have filled bags and boxes set out by front steps by 8:30 a.m. as the FFA and Scouts will not ring doorbells. For those who were missed with a Goodwill Bag, they may still put articles in boxes and have the boys pick them up.

Badly needed are: Discarded clothing for men, women and children; shoes—with pairs tied together; curtains, drapes, linens and bedding; other items of household goods; electric appliances; and small household utensils.

The items collected will help 140 handicapped men and women earn their own living. In doing the good turn, FFA and Scouts join in helping turn waste into wages.

## Methodist Bishop Will Speak at Meeting Here

Bishop Kenneth Copeland, episcopal leader of the Nebraska Methodist Church, will be speaking in Wayne, Thursday, Mar. 7, at 8 p.m. at the First Methodist Church. Churches of the surrounding area will send members to the session.

Wayne Methodist Church is holding a series of Lenten meetings Wednesday night. The Thursday night session will replace the Lenten Chapel session this evening.

Bishop and Mrs. Copeland will report on their trip to the missions field in the Orient last summer at the Thursday night meeting. They visited the Philippines, Hawaii, Korea, Japan, Hong Kong, India, Pakistan, Iran, Lebanon, Israel and Switzerland.

He serves as head of the 436 churches served by 325 Methodist pastors in Nebraska. He has been bishop since 1960 after serving 11½ years as pastor in San Antonio, Texas.

On the Methodist general board of evangelism, he is also vice president of the board of missions and president of the joint commission on education and cultivation of that board. He has served on several other committees on commissions on state and national levels.

A coffee hour will follow the service with Wesleyan Service Guild serving. A child-care room has been arranged for pre-school children during the services.

## Sen. Wallway to Ask Re-Election

Sen. Elmer Wallway, Emerson, who represents Dakota, Dixon and Wayne counties in the state legislature, told The Herald Monday he had filed for re-election from this, the 17th district. He is just completing his first four-year term as a state senator.

He was elected first to represent Thurston, Dixon and Dakota counties. The 1965 legislature changed the state set-up and Thurston went to the 10th district with Clair Holmquist of Oakland as representative. Wayne County, formerly represented by Peter Clausen, Leigh, was transferred to Sen. Wallway's district.

A native of the Emerson area, Sen. Wallway attended school there, Morningside College in Sioux City and Parsons College, Fairfield, Ia. He has farmed northeast of Emerson for the past 31 years.

In the unicameral, he served on the committee of committees, public works and public health committees the past term. His previous political experience came on a school board, a rural fire board as treasurer and as county commissioner.

He and his wife have four children, a daughter in Oakland, a daughter in Emerson, a daughter in Sioux City and a son at NU.

K. R. Mitchell, Allen school superintendent, who retired the past year, is also seeking election as state senator from this district. No one else has filed as of this date.

## Winners in Winside Art Work Given

Winners in nine divisions of the Federated Woman's Clubs art contest were named at Winside the past week. The first place winners will enter their work in the district contest with winners there going to state and the winners at state being placed in a traveling art exhibit to tour Nebraska.

In the sophomore through senior classes there were two winners, both in the miscellaneous division. They were Joan Deck and Rita Quinn in that order.

The seventh through ninth grades had five winners. In oil work, Greg Armistead was first and Scott Jackson second and in miscellaneous work Gene Weible was first, Scott Jackson second and Greg Armistead third.

Kindergarten through sixth had 18 winners in six divisions. In water colors, Dale Bowler was first, Joy Titterington second and Mary Bowler third; crayon; Lynn Langenberg first, Norman Libenood second and Patty Quinn third.

Chalk or pastel, Connie Cleveland first, Janice Olson second and Phyllis Hoeman third; tempera, Joni Langenberg first, Julie Mahan second and Connie Jaeger third.

Pencil, Maryvne Herscheid first, Gregg Lage second and Bartley Armistead third; and miscellaneous, Janelle Trastwein first, Debra Buggstahl second and Peggy Stamm third.

## First Grafting May Be Scheduled for Little Girl

Mrs. Ed Milligan, Carroll, was home from Cincinnati this week but expected to return later in the week as grafting was tentatively scheduled for her four-year-old daughter, Charmi, a patient in the Shrine Burns Center.

According to Mrs. Milligan, almost all of the little girl's burns are third degree and some are extra deep on her stomach, back and armpits. The skin grafting scheduled now comes from donors much like blood for a blood bank is donated. The skin will be rejected eventually but it will give some protection so no infections or diseases can get started before Charmi's own skin can be used for grafting.

When Charmi can furnish her own skin, the most painful ordeal will come. The points where skin is taken will hurt more than those where skin is grafted. So far, Charmi has been brave, never crying or complaining, about the only time she talks being twice a day while her bandages are being changed.

Mrs. Milligan explained that the little girl is in a "stryker" See CHARMI, page 8.

UPPER GRADE winners in the art contest sponsored by Winside Federated Woman's Club were (left to right) Joan Deck, Gene Weible and Greg Armistead. Two of the works do not show up because they were either pastel or light pencil work.

HOBO BREAD, baked in tin cans was one of the variety of foods sold Saturday at the Wayne County Historical Society bake sale. Mrs. David Theophilus, who baked the bread, is shown with two loaves.

### Speaker Tells Beef Region's Feeders Cattle Prices Falling Behind Demand

Homer Jackson, PCA manager of Rife, Colo., and nationally-known speaker in all facets of the livestock and marketing industry, told 50 Wayne County farmers, several businessmen and bankers from the county and several hundred others at a meeting in Stanton Monday night the prices paid for beef are not keeping up with the demand for beef.

He cited the fact there were 123 million American in 1943 and they ate 50 pounds of beef a year, paying the lowest retail prices in history. Today there are 200 million people eating an average of 107 pounds of beef and veal a year and they are paying the highest retail prices in history.

There are 109 million cattle, up 58 per cent over 25 years ago. However, consumption is up 248 per cent. He also pointed out that Americans now consume beef about four days after slaughter. The supply is so low if slaughter would cease today, there would be less than a week's supply of dressed meat on hand.

Jackson said farmers are trying to operate in the most difficult financial position in history. For 17 years there has been a continuous downward trend in farm prices and farm income while farm costs are at a record high.

He cited 130,000 farm families going out of business last year, 11,000 a month. He said young people cannot enter agriculture

on the basis of ownership under present circumstances.

How much longer can PCA and rural banks continue to finance "losing businesses?" he asked. Unless stockmen can receive prices equal to operating costs, the rural economy is going bankrupt.

As a PCA man, he said stockmen are renewing 1967 loans because sale of stock did not meet costs last year. They want to renew the principal, add the interest to it and then ask to borrow new operating money in order to produce more 21-cent lambs or calves that sell \$40 below the cost of production or steers that may lose \$25 to \$50 per head.

Jackson said credit has been available and farmers try to pay bills, buy equipment and keep up, so the public, businessmen in particular, are not aware of the plight. The typical attitude of the Chamber of Commerce is that it is no concern of the members and they are skeptical when anyone mentions a "sagging economy."

Supply and demand are no longer the controlling factors over prices, he said. Because of this, stockmen have "lost their muscle" in the marketplace.

According to Jackson, there is a faction in the government, particularly in the department of agriculture, as well as others in industry and in agriculture itself, who believe it is inevitable that

3 million farm families should be reduced to 500,000 farming operations, but he said there is nothing to keep the trend from stopping at the "magic figure" of 500,000 so the net result will be the ownership of the food industry from the producer through to the consumer by a dozen or less giant corporations with higher retail prices and a lower standard of living.

He urged organized action. He said prices will have to be demanded and parity price "floors" will have to be put under all farm food commodities. Collective bargaining, holding actions or organized marketing are beginning to make sense, Jackson said.

He urged the C. of C. businessmen and others to support the farm people in the effort to save the rural economy and themselves. He concluded that rural America is entitled to parity prices for its produce and no one should ignore monopoly control of markets. Unless the problem is publicly recognized and honestly and fairly dealt with, a financial collapse with the biggest depression yet will follow, he said.

### March Starts in With a Big Bang

March started off with a bang—and a crash, and a sound of splintering glass and the squeal of tires, and the crunch of metal. Three accidents occurred on Wayne streets the first two days of the month.

Feb. had ended with an accident at Fourteenth and Main investigated by Sgt. Keith Reed. Arthur White, driving a Melody Cleaners van, was turning left to go south on Main, the sun blinded him and he did not see the southbound car of Elmer

McDonald, Belden.

Thompson swerved to miss the van and struck a sign owned by the city on the west side of Highway 15. No estimate of damage to vehicles or sign was given. Two accidents occurred Mar. 1. The first took place on West Third when Delbert Stevens, Randolph, backed out, striking the rear left panel of a car driven by Mrs. Kathryn Rockwell, Wayne.

Stevens had to back around a big vehicle parked beside him. Mrs. Rockwell was westbound and Stevens was backing out of a parking stall on the south side of the street. Assistant Chief E. L. Halley investigated. Later in the day at Seventh and

Main, John Thiel, Wayne, was following another vehicle. He stopped at the stop sign and then started across Main. James Dinklage, Fender, driving a car owned by John Dinklage, attempted to stop but brakes pulled him to the right and he hit the right rear of the Thiel car.

Assistant Chief Halley investigated. He reported \$137.05 damage to the Thiel car and \$126.30 damage to the Dinklage vehicle.

On West Second Mar. 2, Chief Fairchild investigated a mishap. Bernice Bressler, Wayne, was westbound and K. N. Parke, Wayne, was backing from a stall on the north side of the street, the rear of his car striking the

right side of the Bressler vehicle.

### Pupils Go to Norfolk

Three buses took 92 pupils from Wayne biology classes to Norfolk Wednesday. They toured the Gillette Dairy under the leadership of Vern Mills. A complete tour and explanation of all functions of a big dairy were features of the morning field trip.

**Daddy Date Night for FHA Held on Monday**

The annual Daddy Date Night of the Wayne Future Homemakers of America was held Monday night at Wayne Elementary School. A buffet supper was served for around 120, the girls having their fathers as guests.

A special talk was heard following the program. Details on the program were lacking.

The Wayne FHA recently had Terry Hasebrock speak to them. He read letters he has received from a serviceman in Vietnam who spends much time helping out orphans expressing the need for more soap and clothing items.

Members of the FHA gathered up 15 pounds of soap which they sent to the orphanage and are getting a bundle of clothing ready to be sent.

FHA is also sponsoring a light bulb and pure vanilla sale, according to Mrs. Marie Mohr, sponsor. Anyone who has not been contacted for either may call Mrs. Mohr at the high school and an FHA member will call.

Mrs. Jim Stephens was in charge of the guest book. Pink, red, silver and white decorations were used. The cake was baked and decorated by Mrs. Elder Lubberstedt, Wayne. Mrs. Ken Eddie, Carroll, and Mrs. Dale Curtright, Kearney, cut and served the cake. Mrs. Clair Swanson, Carroll, poured and Mrs. Robert Bodenstedt, Carroll, and Mrs. George Jagger, Winside, served punch.

Debbie Bodenstedt, Carroll, and Sally Leseberg, Wayne, were waitresses. Assisting in the kitchen were Mrs. Harry Leseberg,

### Wayne State Coach Dave Gunther Is District Choice for Annual Honor

Dave Gunther, coach of the Nebraska College Conference Wayne State Wildcats, the team that also won the District II NAIA championship, has been named the district "basketball coach of the year."

The coach is in his first season of collegiate coaching. The verb is present tense since the Wildcats are scheduled to play in the NAIA national tournament at Kansas City this coming week. Coach Gunther came to WSC from Kimball High in Royal Oak, Mich. He had been named coach of the year in the Detroit suburban area in 1965, a coaching post he had taken the previous year.

A native of Le Mars, Ia., he was an all-state basketball player two years before going to Iowa University. He earned all-Big Ten honors two years there. Following graduation, he played pro ball, two years in the NBA, with Detroit in 1960 and with San Francisco, and two years in the old American Basketball League with the San Francisco Sentries in 1961 and with Chicago in 1963. He has stressed team effort at Wayne and it has worked. In spite of having the best season any team at Wayne has had, 24 wins and 10 losses, the Wildcats have no single star as conference scoring leader, having a well-balanced scoring attack featuring every man on the floor.

Emanuel 9, Parks 7, Eloffson 6, Kruse 5 and Strathman 2. Schneider had 23 steals and Hintz, Emanuel, Goodwin, Anderson and McGill 1. Eloffson and Hintz each had 3 assists, Goodwin 2 and Strathman, Schneider and Kruse 1.

Following is the box score:

Table with columns for Wayne State and Doane players and their statistics (Points, Rebounds, Assists, Steals, Blocks, Fouls, Minutes).

### Pairings Given for State Cage Tourney

Pairings were announced for the state basketball tournament the first of the week. Several Northeast Nebraska teams will compete. In Class A, Columbus is the closest representative, given little chance to get by Omaha Tech. In Class B, two area schools are given a good chance to play in the finals, Madison meeting Papillion and Schuyler playing Sidney and the opening round. Class C finds two area teams in the same bracket, Battle Creek faces Grant and Waussa meets Wood River. In Class D, the only undefeated team in any class, Elgin will play Sutherland, and Uehling, another nearby team, will open against Adams.

All classes will be in Lincoln except for Class A, which is in Omaha. Play begins Thursday noon with finals scheduled to start Saturday noon.

### Ike Directors Meet

The Nebraska Division of Izaak Walton League will hold a quarterly directors meeting at the Lincoln Chapter clubhouse Sunday, Mar. 10. Gerard Campbell, Ravenna, state president, will be in charge. State directors from the Wayne chapter are Edward Seymour and Arlen Fitch.

### Mike Roeber Scoring Leader at Allen High

A resume of the basketball season at Allen High School shows Mike Roeber the top scorer with 293 points. Dave Abts was second with 205, Rick Blank had 194, Jim Ellis 143, Alan Smith 111 and Kevin Hill 31. Best average was posted by Abts, who hit 32 of 46 attempts for 70 per cent. Ellis was right behind with 32 of 49 for 69 per cent and Roeber and Hill followed with 61 and 56 per cent respectively. Allen scored 977 points. The Eagles took 360 shots and made 204 of them. Team average was 57 per cent of shots.

### WSC Swimmers Win NCC, District Crowns Past Week

Wayne State won the joint swimming meet of the Nebraska College Conference and NAIA District II Saturday at Seward to complete a sweep of all three winter sports in the NCC. It also was the first of two Wayne NAIA district titles earned Saturday. Wayne cagers won the basketball crown Saturday night. In NCC scoring Wayne totaled 226 points to 93 by Chadron State, 69 by Kearney State and 4 by Hastings. In NAIA scoring it was Wayne, 216; Chadron, 82; Kearney, 65; Concordia, 39; Hastings, 4.

Buss Nyberg, junior from Chicago, Ill., led the Wayne tidal wave with three firsts in the 200, 500 and 1,650-yard freestyle. Jim Brown, senior from Omaha, was a double winner in the 50-yard freestyle and 200-yard breaststroke. Dave Noyes, a hometown Wayne sophomore, also was a twin winner in the 100 and 200 butterfly.

Other firsts among the 14 Wayne total went to Barry Phelps of Ralston, Nebr., in the 200 individual medley; Bob Meredith of Chicago, the 100 freestyle; Dwight Eveland of Omaha, the 100 breaststroke; Pat Driscoll of Omaha, the 400 individual medley; Rich Brown of Wayne, the one-meter diving, and the 400-yard medley relay and the 400 freestyle relay.

Rich Daniels of Concordia won the 100 and 200 backstroke. Rod Adams of Kearney won the three-meter diving. The real measure of Wayne's domination was notable in its depth of places. By conference scoring the Wildcats swept first, second and third place in five events, first and second in five others. By NAIA scoring this included Concordia-Wayne took the first three places in four events and the first two in four others.

So Wayne retained championship of the conference and the NAIA district for the fourth straight year—every year since the first meets in 1965.

### 'The Other' WSC Cage Team in Tourney Too

On to the national basketball tournament! That idea has double meaning at Wayne State this week. The girls basketball team has a chance Sunday night to earn a trip to the National AAU Women's Basketball Tournament. All they need to do is defeat the winner of the Saturday night Iosert-bracket game between Gerry's of Lincoln or Commercial Extension.

The Wayne Wildkittens beat Gerry's last Saturday, then C.E. Sunday, so remain undefeated in the double elimination Midwest AAU meet. If they lose Sunday night—the game is at 8 in Rummel High School, Omaha—they will play the same team Monday or Tuesday in the finals. But naturally the Wayne girls do not plan to lose Sunday, says Coach Peggy Myers. The WSC varsity basketball team already has gained the NAIA

### Allen Freshmen Win Tournament Trophy

In a complete turnaround from their lack-lustre Friday night showing, the Allen High Freshmen went on a scoring spree in the consolation of the Froeh tourney at Emerson and won the trophy with a 96-31 decision over Homer. In the championship game, the host Emerson team had little trouble beating Winer 49-38, Wisner having the same trouble Allen had the night before—they couldn't find the hoop.

Catch Larry Ahrendt's crew left little doubt about the outcome from the first jump. The Eagles led 20-5 after one period, 50-10 at the half and 71-23 going into the final stanza. They outscored Homer 25-8 in the final quarter. Bob Mitchell led AHS scoring with 32 points. Loren Reuter, top scorer for Allen in the tourney with 71 points, hit 21 against Homer. Brian Linafelter made 16, John Warner 11, Gary Troth 10 and Jerome Roberts 6. For Homer, Randall Criss had 10, Tom Chaille 8, Jerry Lauritsen 6, Bill Rhode and Doug Ellis 3 and Randy Georgesen 1.

### Ex-Laurel Coach Hits

Bill Hinnerich, former assistant coach at Laurel and now head coach at Arlington, S. D., hit the first year at AHS. His team has earned a berth in the state tournament in Sioux Falls and has compiled one of the best records in the state. There are only two classes in South Dakota. Class II is made up of the smaller schools, AIS being in a town of almost 1,000 population.

### WS Cage Team Ends Doane Playoff Series With Ease

In a convincing style, Wayne State's basketball team Saturday earned a ticket to the National NAIA tournament at Kansas City, Mo. An 85-62 victory over Doane here established Wayne as king of the Nebraska NAIA District.

Wayne's triumph over Doane Saturday came with surprising ease after the previous three cliff hangers, all among the toughest tests in the Wildcat season. After early skirmishing, Wayne worked with leads upwards of 10 all the way except when a Doane uprising late in the first half closed the gap to 29-23. After the 38-24 intermission, the Tigers again rallied to a 38-30 deficit.

From then on Wayne's trap defense took charge while the offense poured in 47 points. The onslaught included 14 of Bob Strathman's game-high 26 points and 11 of Dave Schneider's 18. No other Wildcats reached double figures though all 10 scored. Terry Egger led Doane with 14, but the Tigers' top scorer, Leslie Grant, had 11 before fouling out 13 minutes before the end. The district championship

## FERTILIZE PASTURES

Yes, pasture and hayfield profit action starts when you apply Nutra-Flo 21-7-3 pasture mix! Nutra-Flo fertilized pastures produced twice the grass... twice the beef. You can actually carry twice the number of cattle on your grass and pasture lands. Actual tests showed that the grass contained 50% more protein. Proof that real profit action does begin when you apply Nutra-Flo liquid fertilizer to your grass lands. Fertilizing grass lands is free of risk too! If dry weather comes, the fertilizer goes dormant and waits until rain arrives. With the first rain the fertilized grass lands the bloom again into lush, green nutritious forage. Jack Schrieber

### Coloridge Student in Wakefield Scout, Cub Banquet Held

The Wayne State College music department will present Jack Schrieber of Coloridge in a senior recital at 3 p.m. Sunday in Ramsey Theatre.

Schrieber attended Coloridge High School for three years and graduated from Wayne High School in 1963. While at Wayne State he has been a member of Music Educator's National Conference and is a charter member and officer of Kappa Kappa Psi, national honorary fraternity of bandmen.

The Sunday program will consist of a variety of music for euphonium, from baroque to contemporary. Two sonatas, one by Gaillard (baroque) and the other by Jano Takacs (contemporary), begin and end the euphonium selections. Andante and Allegro by Barat, and Concerto by Magnan, both romantic in nature, round out the euphonium part of the program. Miss Paulette Mercant of Wayne, will perform the piano accompaniment for Schrieber.

Two Episodes for Piano by Norman Lloyd will complete Schrieber's part of the program. Assisting in the recital will be a flute trio playing Scherzo and Rondo from Premier Trio by Kublak, and the Chamber Ensemble, under the direction of Miss Connie Matthews, Wayne State vocal director. The Chamber Ensemble will perform "Alles, was ihr tut" by Buxtehude.

The flute trio is made up of Joyce Piskac, Omaha, Judy Swan, Sloan, Ia., and Christine Otto, Omaha. Soloists for the Chamber Ensemble are Connee Black, Omaha, and Lee Carlson, South Sioux City.

The public is invited to attend.

### Six Fined in Court Over Two-Day Period

Six were fined in Wayne County Court Friday and Monday. All involved violations on the city streets.

Don Stadius, Wayne, was fined \$10 plus \$5 costs for overtime parking in a hearing Friday. Officer Melvin Lamb signed the complaint.

Ricky Perry, Shelby, appeared the same day, charged with leaving the scene of a property damage accident. He paid \$25 fine and \$5 costs. County Attorney Don Reed signed the complaint.

A stop sign violation cost Thomas Bean, South Sioux City, \$15 total fine and costs. Chief of Police Vern Fairchild signed the complaint.

Final hearing that day involved Oran Nelson, Pottawattamie County, Ia., who paid \$10 fine and \$5 costs for an improper turn. Sgt. Keith Reed was complaining officer.

Darrell Handke, Wayne, was fined \$10 plus \$5 costs Mar. 4 for overtime parking. Charges were brought by Officer Lamb.

Durward Dubachek, Newman Grove, paid \$13 and \$5 costs for speeding. Trooper D. B. Whitted, Nebraska State Patrol, entered the complaint.

FURNITURE REFINISHING was the subject of a workshop at Northeast Station, Concord, Feb. 23. Among the 15 homemakers taking part were (left to right) Mrs. Cal Ward, Mrs. Gordon Nuernberger and Mrs. Vernon Fegley.

The affair closed with the retiring of the colors.

### 28 Wayne Students Defend Four Profs

An open letter signed by 28 Wayne State students which protest the terminal appointment of four instructors is currently being circulated on the campus.

The instructors are Dr. William Barlow, history; David Evans, political science; Charles Curby, English and Carl Hays, Ibraritan. The letter says in part, "We... have taken classes from these instructors (and) wish to attest to our faith and confidence in these men, not only as men, but as instructors who rank among the most competent of any whom we have had at Wayne State College."

The signers believe that the professors are being released because they have been critical of the college administration. "Barlow, Curby and Hays by right of their past service to their college are entitled to two more semesters of employment before they must leave," the letter says. "Evans was given the choice of not being recommended for reappointment or immediately submitting his resignation."

This portion of the letter refers to the rules of the American Association of University Professors, a professional organization of teaching faculty, and the state normal board. These rules require that faculty on a college staff for two or more years (up to four years-the probationary period) be given a terminal contract of at least two terms. This rule applies to the first three staffers mentioned.

First year people such as Evans must be notified of their non-appointment prior to March 1, the rules dictate.

W. A. Brandenburg, WS president told The Herald Wednesday, "I discuss the employment status of faculty only with the faculty member involved, administrative officers and members of the governing board. The board meetings are open to the public."

### SCS Promotes More Farm Tree Planting

Wayne County Soil Conservation District is promoting the planting of more trees in farmstead windbreaks, pointing out that they add beauty, variety and comfort to farm life. Arnold Marr, work unit conservationist, cites the fact that trees who planted in the past provided trees we enjoy today and we must continue this policy for those to follow us.

Establishment of a good farmstead windbreak may take six or seven years but will have an effective life span of 60 years or more. Success depends on selection of proper planting site, selection of proper species, proper seed preparation and planting and proper protection and weed control three to four years after planting.

Marr also points out that existing windbreaks can be improved by planting rows of cedar trees on the outside. SCS will assist with plans for this work or for new windbreaks.

Trees may be secured through the county agent's office or the SCS office. The local SCS office can encourage more planting with an incentive cost-share payment.

Wayne Volunteer Fire Department was called to a trash fire to save a shed Monday afternoon. It was one of three fire calls the local department made in a period from Thursday afternoon through Tuesday morning.

Scene of Monday afternoon's blaze was the John Violette home. Trash was being burned and threatened a nearby shed.

Firemen were able to get the blaze out in a few minutes. Although the small shed was scorched a little, no major damage was done.

### Wayne Firemen Go to Fire in Brush Pile

Wayne Volunteer Fire Department was called out Thursday afternoon. Dead limbs were being burned in an alley behind the Ben Lass home and threatened a small shed.

It was a good time to test out the new truck. It didn't operate just right so firemen used another truck to put out the flames and save the shed.

After the fire, the new truck was checked, the trouble found and it is now ready to go to fires of all sizes. Firemen feel fortunate to have had a "test run" on such a minor blaze.

### Set Two-County Feed

The Dixon-Cedar County Farm Bureau banquet was set for Monday, Apr. 1, at the Wagon Wheel, Laurel. The Dixon County board plans at a meeting Wednesday-Corvairton, Kans., WNA farm director, will be the main speaker. Tickets are to be available soon from board members in the two counties. Next meeting of the Dixon County board will be Mar. 27 at the office in Allen.

### Windbreaks Provide Shelter for Wildlife

C. W. Yost of the Dixon County Soil Conservation District reports windbreaks have provided a lot of shelter for upland game, wintering songbirds and deer during cold spells and storms. They provide an excellent area for hunting or observing wildlife.

During a severe storm, Yost points out, these windbreaks, along with natural stands of trees, may provide the only food readily available. Fruits, buds and cover from these windbreaks thus cover mortality of wildlife.

Dixon County farmers planted 30 acres of trees last year. Some were designed to protect farmyards, buildings, livestock or fields but they also provide an environment for wildlife, which is beneficial to man.

Through its plant materials centers throughout the country, the Soil Conservation Service continually searches for new and better trees and shrubs beneficial to wildlife. Yost concluded.

# Fire Burns Near Concord Sunday

Concord Volunteer Fire Department was called to a grass fire on the north edge of town. Cause of the blaze in grassland was unknown.

The fire was discovered behind the Evangelical Free church. A breeze from the south carried the flames to the north toward the Quintan Erwin farmyard.

Two trucks were used and firemen were at the scene for an hour. Estimated coverage was anywhere from 5 to 10 acres of grass.

### No One Hurt as Car Hits Cow at Winslow

A Wakefield family escaped uninjured when their car ran into a cow 1 1/2 miles south of Winslow Sunday night. The cow, owned by Mrs. Alice Hershfield, was injured as it may have been killed.

Trooper Ray Thompson investigated the mishap. He said two cows ran across Highway 35 in front of a car driven by Delbert Klitke, Wakefield.

Klitke, who was driving, was able to miss one of the animals but hit the other. The car was damaged so much it had to be towed into Winslow and other arrangements made for transportation.

### Will Study Business

Deloris Jean Hull, Wayne, was enrolled at Lincoln School of Commerce for the fall term beginning Sept. 3. She will train in the executive secretarial course at the school, having selected a business career. She is the daughter of Mr. and Mrs. Eldon Hull.

 tors from other schools of comparable size.

In the evaluation would come curriculum, extra-curricular activities, facilities, quality of staff and pupil achievement. The entire study would be aimed at getting better quality education through a complete analysis study.

Supt. Haun reported on the trip to the Nebraska education to Washington, New York City and other points; the work authorized Principal Loren Park and Laura Fredrickson to visit middle schools and learning centers in the Chicago area this spring; Supt. Haun reported on the special purpose Title II grant and the work done by Mrs. Beverly Merriman; and the superintendent reminded board members of the NBSBA seminar here Wednesday, all of portions of which board members planned to attend.

 in a big hay mow.

The fire is thought to have started in the southeast corner of the barn but the cause is not yet known. Even as Wayne firemen were enroute to the blaze they could see the orange glow in the sky from the fire seven miles away, so far had the flames grown.

First thing they were able to do was put out fires in fields. From then on it was a matter of waiting the rest of the night to keep anymore fires from spreading and spread out the straw and wet down what they could of the blackened remains.

Johnson said insurance would cover much of the loss. However, he said he knew it would not cover everything.

The barn was the second in two months to burn in northern Wayne County. Rolfe Granquist lost a big barn Jan. 5. As for the fire call, it was the third in less than a week for Wayne, in some ways indicative of the frigid dry conditions due to lack of moisture so far this winter.

the first class, is all the cost. This covers materials needed and the cost of bringing the trooper and equipment here.

It is not a course where they use a shock treatment. Those taking it do not see seats of pictures of bodies or injured. They are shown a few wrecks and learn how they could be prevented. In general, everything is geared to common-sense driving to watch out for what possibly could come up and what could be done to avoid making an accident out of it.

Pre-registration is needed by Mar. 18. Anyone wishing to take the course can send name and address to Northeast Station, Concord, Nebr., 68728. The fee goes down if more than one member of a family enrolls, \$4 for the first and \$2 for each one after that.

**DR. AARON BUTLER**, chairman of business, WSC, has been asked by Midwest Business Administration Association to deliver a paper, "Legal Aspects of AAUP Censure," at a meeting in Minneapolis in April. The paper will be based on Dr. Butler's experience with the campaign to remove AAUP censure from four state colleges. The Nebraska Normal Board was censured in 1965 for terminating an English professor's contract without a hearing. Dr. Butler attended Harvard Law School and took a degree from Harvard Business School.

**Wisconsinites Visit**

School representatives from Madison, Wis., will visit the Wayne Middle School soon. Supt. Francis Haun has been advised. The school board of the Madison public schools has written asking for information on the Wayne school system, which had been cited as an outstanding example of a "middle school concept." The board asked permission for representatives to visit WMS and requested information on it. Representatives from Columbus visited Wayne two weeks ago, that town also being interested in the middle school concept.

**Jaycees Set Event**

Wayne Jaycees have set a Josses Appreciation Night at the Black Knight Monday, Mar. 18. Roger Nelson is chairman for plans. Rolfe Granquist is a new member of the board of directors of the local chapter, replacing Larry Stevenson, who resigned. During the past week the Jaycees have revised their constitution and by-laws.

**4-H CLUB NEWS**

Busy Bees  
 Busy Bees 4-H Junior club met at the home of Judy Janke Feb. 26. Members answered roll call by naming a favorite cookie. Judy Janke demonstrated making cocoa and Carol Splittgerber made brownies. After the business meeting the girls played games and sang songs. Mar. 25 meeting will be with Tammie Schulz, Tammie Schulz, reporter.

**Winside Seniors Practicing Play**

Winside seniors have started learning their parts for their class play, "We Shook the Family Tree." It will be presented Friday, Apr. 5, at the Winside Auditorium under the direction of Mrs. Shirley Trautwein.

Try-outs were held the past week for the various roles. Seven girls and five boys were selected for the speaking parts. Several other class members will handle presentation and behind-the-scenes work.

Girls in the play are Diane Krueger, Dianne Mann, Peggy Hoeman, Donna Allemann, Diane Wacker, Barbara Jenkins and Carol Bleich. Boys are Nell Brogren, Dennis Swanson, Kirk Troutman, Danny Jaeger and Richard Duerling.

Stage manager will be Sharon Paulson; technical director, Charles Prince; costume mistress, Rita Quinn and Donna Allemann; property masters, Bob Jenkins, Roy Wagner and Randy Jacobsen; publicity and ticket committee, Lois Dieckmann, Jessa Deest and Mark Witt; and make-up artists, Teresa Stenwall, Lynette Carstens and Sandra Muehlmeier.

**Winside, Allen Plays Praised**

One-act plays presented by Winside and Allen both rated "superior-minus" in the Lewis & Clark Conference contest at Winside the past week. Coleridge received the only superior rating.

"The Wall," by Coleridge, rated best play. "The Trysting Place," by Allen, was ranked second and "Early Frost," by Ponca, ranked third. "The Cornhusk Doll," by Winside, ranked fourth.

Productions by the above four all rated superior or superior minus. Rating excellent were entries by Randolph, Hartington and Emerson.

Dave Domina, Coleridge, was named best actor and Linda Harder, Ponca, was rated best actress. Bruce Linafelter, Allen, was named best supporting actor and Marria Bohlen, Coleridge, was rated best supporting actress.

For the two area schools, Teresa Stenwall was rated as doing the best job of acting for Winside and Bruce Linafelter was credited with the best acting job for Allen.

Donations will be \$1 in advance with all proceeds going to the Schwartz family. A concession stand will also be operated and proceeds from that will also go to the family.

Schwartz is critically ill in an Omaha hospital and his wife is still with him. Their seven children are staying with various friends of the family. Schwartz has been unable to work since last September due to serious illness.

Donations are being received at State National Bank, Wayne. A report on donations will appear in Monday's paper.

 eye becomes weaker. If this is corrected between the ages of 4 and 6, there will be no trouble. Otherwise it could be a case of "lazy eye" for life.

Members also heard about the new radio station from representatives of KTCH, Wayne, who were guests. They explained how the station would operate, FCC rules and regulations and progress on work. The guests from the station are Mel Gleason, owner, who lives in York and Roger Elder, manager.

A card from Margot McKay's parents in Brisbane, Australia, expressed appreciation for kindness shown Margot. A kit of material on Australia is being prepared by the McKays to be sent to Wayne as a part of international understanding projects of the club. McKay is a Lions Club member in Brisbane.

Bill Kemp and Bob Nelson reported on the district cabinet meeting they attended in Oakland. Glenn Cooper, Oakland, was elected new district governor.

It was learned that 11 Leader Dogs have been supplied by the district and there are 15 more needed. Some of the dogs supplied have "washed out" but others are about ready to "graduate" from Leader Dog School.

A songfest and the business meeting, a nominating committee is to report at the Mar. 19 meeting of the club.

**Allen Girl Among Top Performers in Dramas**

Roni Ann Meyer of Allen, a student at the University of Nebraska, received second in oral interpretation and three students from Chadron State College won awards in the Festival of Communications Arts Saturday, cl-

pected to have this replaced. Anyone giving blood to the Red Cross or the Bloodmobile can give it in the name of Charmi Milligan at the Cincinnati Shrine Burns Center and it will be credited to the amount she is needing.

Much of the dead skin has now been removed in a "de-breeding" process. This was most painful for Charmi but she continues to bear it. She is able to eat and is not fed through the veins but she is motionless except for eyes and lips throughout the day. Her condition is considered critical and she could go either way, specialists have told the Milligans, burns being of such a nature that conditions can change in a few moments.

A benefit dance and card party is to be held Tuesday, Mar. 19, at the Carroll Auditorium under sponsorship of the Carroll American Legion, Saddle Club, Fire Department, Community Club and Belles and Beaus Square Dance Club.

Donations are being accepted at First National Bank, Wayne;

Winside State Bank, Winside; Farmers State Bank, Carroll; and V&L Bar and Hansen's Grocery, Carroll. A report on the latest donations will be given in Monday's paper.

**Concord Girl Gets Nurse's Cap Sunday**

Diane Magnuson, daughter of Mr. and Mrs. Wallace Magnuson, Concord, was one of 49 student nurses capped at the First Presbyterian Church, Sioux City, Sunday, Mar. 3.

Miss Magnuson attends St. Luke's School of Nursing. Present to see the ceremonies were the Wallace Magnuson family, Mr. and Mrs. Winton Wallin and Karen, Mr. and Mrs. Glenn Magnuson, Mr. and Mrs. George Magnuson, Mr. and Mrs. Melvin Magnuson and Mr. and Mrs. Arvid Peterson.

The Wallace Magnusons entertained the group at a Sioux City cafe following the ceremonies. Mr. and Mrs. Iner Peterson and Ricky were guests in the Magnuson home that evening.

LOCAL TEACHERS attending the Helpmobile demonstration in Fremont Saturday were (left to right) Robert Porter, Mrs. Louis Luit and Mrs. Lloyd Behmer.

OPEN FRONT building on the left and an environmentally controlled swine unit (right) are part of the swine research project at Northeast Station, Concord.

## Swine Research Meeting Topic

Swine research will be one of the topics discussed at the Northeast Nebraska Experimental Farm Association annual meeting Tuesday, Mar. 12, at Wakefield in the high school. Bob Fritschen, area swine specialist, will give the report on the program.  
Questions to be answered include: Can growing-finishing swine perform best in open or enclosed buildings? Should growing and finishing be done in two buildings or can they be done in one? What is the optimum slotted floor required for maximum performance? Can supplemental heat be beneficial in swine housing? What ventilation is necessary in confinement housing?  
Fritschen reports the trend is toward confinement housing for swine. He and others at the Northeast Station, Concord, have programmed research designed to answer the questions.  
He will tell about the research

now underway. A report will be given on the finances that have come in to make the research possible.  
The NNEFA meeting will begin with coffee at 9:30 a.m. Area residents are invited.  
Other topics of interest are: Sources of water pollution with special emphasis on the farm

and feedlot; farmers and bargaining power; narrow rows; phosphate on alfalfa; fertilizing pastures; time and rate of application of nitrogen; phosphate placement on corn; and beef feeding work at Northeast Station.

## 'American Food Best Protected in World'

"The American homemaker has the best protected food products in the world," stated Mrs. Lorena Meyers, guest speaker at the Food Consumer Forum held at the Wayne City Auditorium Feb. 29. Mrs. Lorena Meyers, consumer specialist with the food and drug administration, explained how this agency functions to

control and prevent adulteration and fill in marketed food products. She showed exhibits of products which have been seized from the market because of adulteration, misbranding, deceptive packaging or false advertising.

Dr. Glenn Froning, food technologist from the University of Nebraska poultry science department, spoke on the topic "New Frontiers in Food Packaging and Labeling." Said Froning: "Packaging foods is a multi-million dollar industry. Packages must be designed to fulfill the functions of proper protection from the control of moisture, air, odors and bacteria. Convenience, shelf space and attractiveness are also given due consideration. Research is presently being done on edible packaging. American foods are the best packaged food products in the world."

"Meat on the Menu," was the topic of Elmer Harder, Safeway Stores, Omaha. Harder showed slides of the various cuts of meat. He gave tips for meat preparation and for meat shopping. "Lower priced cuts of meat" said Harder, "can be as tasty and as nutritious as expensive cuts if the homemaker uses proper cooking methods. In fact, many of the less tender cuts of meat have more flavor than the expensive tender cuts."

Each of the guest speakers conducted discussion sessions during which homemakers asked questions about packaging, purchasing and preparing foods.

About 90 people registered for the program. Margaret Stahly, area extension agent, presided. Myrtle Anderson, area extension agent, and Mrs. Cal Ward and Mrs. Elgin Toelle of the Wayne County Live and Learn Extension Club were in charge of registration. The Wayne Chamber of Commerce served morning coffee and doughnuts.

The Food Consumer Forum was sponsored by the University of Nebraska Northeast Area Extension Service. Anna Marie Kretzels was in charge of pro-

white altar with gold leaf. The old altar, in the church since 1918, was hard to clean, needed new gold leaf that would have cost more than the entire new altar and had some broken parts that were not replaceable. It was also difficult to clean.

Wayne Finley made the altar, cross, baptismal font, paraments, dossal and flower stands. Also provided for the altar are new candelabra, flower vases, missile stand and book.

Concordia Lutheran organized in 1885 with the church built around 1900. Fifteen years later the altar that was to remain until 1968 was installed.

The statue of Christ and all of the old altar appointments are being built into a "Concordia Heritage Center" in the basement of the church where items of the congregation, past, present and future, will be preserved.

## Name Points for New Food Stamps

Dixon County's food stamp plan goes into effect Wednesday, Mar. 13. Points for issuing stamps have been selected.

Mar. 13 they will be issued at the courthouse in Ponca 9:30 to 11:30 a.m. and in the fire hall at Newcastle 1:30 to 3:20. Mar. 14 they will be issued at the fire hall in Waterfield 9:30 to 11:30 and in the Emerson City Auditorium 1:30 to 3:30. All is in readiness for launching the project to supplement the diets of those with low income. Food stamps will be sold to them with added stamps according to income and size of family so more food can be purchased than could otherwise be bought with the same amount of money.

Grocers, banks and others have been informed of their obligations. Most grocers are going along with the program. Information on eligibility can be obtained at the courthouse in Ponca.

## Youth Fellowship to Present Color Movie

Youth Fellowship of Wayne First Baptist Church will present a program including the 55-minute color movie, "So Little Time," Sunday, Mar. 10, at 7:30 p.m. The public is invited.

Pastor Frank Pedersen reports the film is from World Vision International. It shows the inside scene of Hong Kong's lawless walled city, scenes of heartache, dramatic pictures of missionaries at work in Japan and other true reports on suffering.

This is a picture all age groups can appreciate. It portrays a side of the Orient not often shown and the young people are hoping for a large crowd for this one-night showing. There is no admission charge.

## Dixon County Pioneer Earlyday Homesteader

(The Dixon County Historical Society is preparing a series of articles on earlyday pioneering. Mrs. Sterling Borg, Dixon, is preparing them for area papers. This is the first such article to be submitted.)

Strom Peter Baltzley, an early pioneer in northern Dixon County, is thought to have been the second individual in the state to file for a tract of land under the terms of the 1863 Homestead Act.

This law, which President Lincoln signed on May 20, 1862, provided that upon payment of a ten dollar fee an adult citizen could file a claim on as much as a quarter-section of unappropriated public land. After living on the land for five years and improving it the claimant could receive a final patent from the government.

Jan. 1, 1863, Baltzley walked over 20 miles in deep snow to the U. S. Land Office, Dakota City, to file a homestead tract on a piece of land 6 1/2 miles northwest of Ponca along the Missouri River. Later he made numerous trips to Dakota City to furnish proof of residence.

He was a forward looking pioneer. He impounded spring water in a reservoir and piped it to his home with lead pipes purchased in Omaha to make his dwelling the first in the county to have running water. He also planted an extensive orchard and irrigated it with this spring water. The farm was a local showplace until the Missouri River eroded the south bank leaving only a few acres of the Baltzley homestead.

# EDITORIAL COMMENT

The editorial department of a weekly newspaper is an important department. Normally it is one person's opinion of topics that concern most of the readers.

It is the duty of an editorial writer to search all available facts before he sits down to write. From this basis the writer should be able to give a clear picture of important topics.

## Go Easy, School Districts

That time of year is coming around again. School districts are talking of taking action regarding merging, redistricting or contracting. Our advice: Take it easy.

Do not let anyone talk you residents of rural districts into a set-up where you will be sorry later. It is much easier to stay out of bad situations than to get out of them once you're in.

Some rural districts are considering merging with other rural districts and possibly even building a two-teacher school. This idea should be mulled over from every angle. No one wants to build a school now and then have to make another change in just a few short years.

The wise districts are the ones that investigate. They check with other districts that have merged with town districts or with rural districts in the past. They check with the county superintendent and the state department of education as to all that is involved should they choose to merge or dissolve.

This matter of too many rural districts is going to be resolved some way some day but that does not mean it has to be rushed into this month or next. After all, merger or dissolution has been a long time coming so what can it matter if another month or so is taken for full consideration and investigation of all facets of the idea.

"Chances are a district seeking a way out of its problems will have more than one "exit" to consider. No fast-talker should convince any school district residents that his way is the only way.

Nebraska is going too slowly on redistricting. It is true. Some people have actually dedicated themselves to opposing redistricting at all costs and we believe in the long run they are doing a disservice to the people, the schools and most of all to the young people involved.

Everyone should be willing to take steps to provide the best educational facilities possible to our youngsters from the first year of school to the last. If there is some disagreement as to what "the best educational facilities" consist of, that is understandable since there is freedom of thought and opinion.

However, when it comes to delay tactics that are aimed at keeping our rural school system intact at all costs, then someone has another kind of coming. If improvement groups worked as hard to really "improve" as they do to delay improvement, they would be helping themselves and the youngsters a lot more.

There are going to be some who resent these remarks. They are the minority, and they are the uninformed. All over the United States there is pretty general agreement on what schools must do to meet the new challenge of providing young people with education. The few dissenters are mighty reluctant to go along with the informed majority.

Whether you agree or disagree with what other states and other districts have done, you owe it to yourself, to your neighbors, to your school district and to the youngsters in school now and coming of school age soon to see that you take it easy on any action. Don't jump into this without talking it over, investigating every aspect, holding OPEN meetings that the public has been promised and making every effort you can to handle this matter as responsible adults.

The future of your district depends a lot upon you and what you help do today or keep someone else from doing tomorrow. Think first of the general interests and not of anyone with any special reasons for wanting quick action taken on any move considered in your school district.—CEG.

## Not in Norfolk!

Surely Norfolk could not be chosen by thinking people! That is not true!

Now, before this goes further, tell yourself what the subject of this editorial is about. Chances are, those of you in this part of Northeast Nebraska will say to yourself: The vo-tech school.

You're wrong. The subject is the district basketball tournament.

Who votes on the site? The coaches. If they had to fight their way in as the paying fans do, chances are in the future they might think twice before scheduling any tournament at the Norfolk City Auditorium.

Complaints were heard by the hundreds on the Class B tourney last week. Fans were shut outside at 7:10 the night of the semi-finals. Facilities are poor compared to the state-owned facilities on the WSC campus. Seating capacity is much greater here than at Norfolk. The Norfolk Daily News admitted more people were "locked out" the night of the finals than most school auditoriums can hold.

So what decided the vote? It must have been

## Capitol News

# Release of Criminal News Not Now a State Problem

LINCOLN—Nebraska State Bar Association (NSBA) officials have adopted a "wait and see" position on state adoption of proposed curbs on the release of information in criminal cases.

C. Russell Mattson of Lincoln, NSBA president, said there is no need for immediate implementation of the American Bar Association recommendations in Nebraska.

He said the procedure would be for the NSBA to incorporate the limitations in its code of ethics that governs the conduct of the state's lawyers.

Any change in the NSBA's ethics code must be approved by the State Supreme Court before it would be binding, Turner explained.

Mattson knew of no present

You may not agree with an editorial — but if you read the editorial and give serious thought to the subject discussed you have gained. You, as a reader, have given careful thought to an important problem and the writer is proud to have called your attention to an important subject that you may have overlooked.

that Norfolk was closer to some towns than Wayne is. That should not even enter the picture because the first consideration should be the facilities for teams, fans and others. WSC has them.

Sure, Wayne High plays games on the Rice Gym court but when seating is put in the new high school gym the Blue Devils will play up there and the best gym facilities in the area will still be on the WSC campus.

Personally, we got a little sick of people walking back and forth selling pop and popcorn at Norfolk. You don't have to put up with that at Rice Auditorium.

People stood in the doorways blocking views. They also stood in the walkways that run along parallel to seats. You don't have the latter at WSC.

The floor at Norfolk's auditorium sounds dead. It may not be, but it definitely does not compare with the floor at the college gym.

If nothing else, the state should step in and pick the sites for tournaments from now on. The NISAA was beaten out of some money because the tourney was held at Norfolk when more tickets could have been sold at Wayne.

Before another district tournament schedule rolls around, this matter should be settled once and for all. Are these tournaments to be held at sites to satisfy the whims of elite coaches or are they to be held where the most people can be accommodated in the best facilities and to the advantage of the majority?

If the tourney is shunted elsewhere just because of Wayne High, let the state assign the Blue Devils somewhere else and have a Class B team (Schuyler, maybe) sent here. The NISAA would end up benefitting and so would everyone else.

It's just possible the coaches who vote against Wayne think the home court advantage is too great and will never vote for a tourney here as long as WHS plays games at Rice Auditorium. If so, it behooves the school district to get seating in the new high school gym so that excuse can no longer be used.

A district tournament in Norfolk City Auditorium again? Not Class B! Perhaps Class D.—CEG.

## Winside's Promotion Plan

Someone snickered when they saw that Winside was planning a Saturday night promotion. Without even knowing what was planned, they ridiculed the idea of a town of 420 population daring to promote Saturday night shopping in that town.

Well, brother, it is hoped the last laugh is on you. Winside deserves a pat on the back, instead of a snicker behind the hand for this idea brought up by the Winside Community Club.

Little towns still have a lot to offer and every effort they make to keep trade or even increase trade deserves consideration. Maybe a few examples might be worth considering.

Ernie's Store is in Ceresco (Pop. 429) just 13 miles out of Lincoln. You should see the people from Lincoln who shop in Ceresco, especially at Ernie's Store, but at other Ceresco business places too—as long as they're in town, they look around.

With Lincoln's 150,000-plus population, you would think few people would go to Crete to shop, but Wanek's of Crete is a furniture store that advertises extensively in Lincoln's daily papers.

As a result, people go to Crete, over 30 miles away, to shop at Wanek's. Some of them are bound to buy something else while in Crete, even if it is just gas, a loaf of bread or a sandwich. It all adds up.

These little towns in our area are not to be laughed at. They are good towns, peopled with our neighbors and friends. If they can do anything to help their economy, they are doing something to help the entire area's economy.

Granted, Ernie's at Ceresco and Wanek's of Crete advertise extensively as private firms, but they are in little towns. Because they are located near a much bigger city did not give merchants the idea they should fold up, and because a few choose to stay and fight in the small towns instead of switching to big cities the little towns benefit.

Winside has its Saturday night promotion coming up; Allen has a tightly-knit community that works together for the common good as few towns can nowadays; Hoskins has brought in two small but important industries; Carroll has new business places and is talking of a sewer system; Dixon and Concord are on the look-out for ways to make their towns better, putting on such things as basketball tournaments and special Thanksgiving and Christmas crowd-drawing events.

More power to them all. We'll help them all we can, with a partially selfish motive—when we help them we help ourselves.—CEG.

plans to act on the matter in Nebraska. He said most lawyers probably want more time to study the ABA recommendations.

"I don't think there's any great problem in Nebraska that requires immediate action," he said.

Attorney John Wilson of Lincoln, who represented the NSBA at the ABA House of Delegates meeting in Chicago, agreed with Mattson.

Wilson acknowledged, however, that he voted for adoption of the so-called Reardon report, which sets forth the proposed information restrictions.

He said he did so because the ABA committee that prepared the report had given the issue thorough study and the objective is to assure an accused person a fair trial.

In this year's Interstate Program, State Engineer John W. Hossock reports.

Contracts for grading and structures on the estimated \$8 million project will be awarded this spring, he said. Paving work will wait until 1969.

"If all goes well, we should have it open to traffic by late next year—at least that's the target we're shooting at," Hossock added.

The State Roads Department recently reviewed its new construction priorities because of the cutback in federal highway funds for this year.

The government pays for 90 percent of the Interstate costs. Hossock said the Big Springs-to-Chappell segment was placed at the top of the list "since it has tremendous importance as regards accommodating traffic wanting to use U. S. Highway 30."

Highway 30 is a major east-west roadway serving the Nebraska panhandle and eastern Wyoming. The Interstate parallels this route across central Nebraska, then dips away from it at Big Springs.

When the Interstate system is completed across Nebraska, expected about 1975, the super-highway will also follow Highway 30 through the panhandle.

"But until that time we have a responsibility to facilitate traffic wishing to use highway 30 in the panhandle," Hossock said. "This can be done by completing the Chappell segment."

Ease Nurse Problem Plan

A plan has been offered to relieve nurse shortage problems at state hospitals through a student loan program.

Drafted by Sen. Ross H. Rasmussen of Hooper and endorsed by the State Institutions Department, it would obligate participating students to serve the hospitals for a specified time after graduation.

"This would be a big boost to our staffing problems at the Norfolk and Beatrice hospitals," said Dr. Robert Osborne, deputy institutions director for medical services.

"We have a critical shortage of nurses at those two institutions at present and something must be done about it in a hurry," Rasmussen, a member of the legislature's mental care study committee, said the plan would be similar to the federal government's teacher loan program.

Students would have their tuition and other college expenses paid by the state in return for serving on the hospital staffs for two to three years. Program dropouts would be required to repay their loans with interest.

"This serves a twofold purpose: It encourages young women to go into nursing and it helps meet a need of our state hospitals," said Rasmussen.

He said the loan program would require legislative authorization. He said financial institutions such as banks and savings and loan associations might cooperate in the venture.

Normal Board Gives Raises

The Nebraska Normal Board has authorized a seven percent salary increase for faculty at the four state colleges.

A pay hike, which goes into effect in July, is in line with a recommendation of the 1967 legislature's budget committee.

The board said the average salary for a professor at Wayne, Peru, Chadron and Kearney state colleges will move from \$9,085 to \$9,810 a year.

Special Session Possible

Gov. Norbert T. Tiemann says a special legislative session this fall is possible to freeze the state sales tax at 2½ cents. It is slated to drop to 2 percent on Jan. 1, 1969.

Tiemann said the special assembly could also consider emer-

Tips On Right Alfalfa Variety

Many good alfalfa varieties are available on the market today, due to active breeding programs conducted by commercial companies and agricultural experiment stations.

Because so many are on the market, choosing the proper alfalfa variety sometimes poses quite a dilemma for the farmer. W. J. Moline, Extension forage specialist at the University of Nebraska, has some tips for farmers who are choosing alfalfa varieties.

"Choosing the right variety depends largely on how you plan to use the alfalfa," Moline says. "How long do you plan to leave the stand down? A year? Two years? Or longer?"

If you plan to leave the stand only one or two years, then you don't need to worry so much about bacterial wilt. High yielding, quick to recover Flemish varieties are generally satisfactory for short-lived stands.

But if you're wanting highly productive stands for three years or longer, you'll need to select a variety that is resistant to bacterial wilt. Susceptible varieties usually die by the third harvest year, and often by the second year on poorly drained soils. Resistant varieties include Dawson, Vermont, Ranger and others. Also, consider choosing Dawson for its insect resistance; this too may play a role in achieving higher yields.

Insect Control Guide Available

Nebraska farmers troubled by cutworms, rootworms or other corn and sorghum insect pests should consult the "Insect Control Guide for Corn and Sorghum."

This pamphlet, E. C. 68-1509, prepared by three Extension entomologists at the University of Nebraska, lists common pests and suggests insecticides for controlling them.

It also tells when insecticides should be applied, the amount per acre and restrictions on usage.

Copies of E. C. 68-1509 are available at County Extension offices or from the University of Nebraska.

Prune Fruit Plants Now

Fruit plants should be pruned late during the dormant season. Evidence has shown that extremely low temperatures following the pruning operation are likely to result in serious freezing injury to trees or canes.

Pruning wounds heal best if the cuts are made at about the time when active growth begins. There is considerable art involved in doing a good job in pruning. There must be an objective and a mental picture of the completed job. Improper pruning can seriously reduce the production of a tree, vine, or cane.

Pruning tools are important. The tools should be sharp to make cuts clean and smooth. Ragged cuts heal slowly and often improperly.

In removing branches, large or small, make the cut close and

Dear Editor:

First of all let me thank SWAY for the gift to me. I certainly did appreciate it and I put it to good use.

Next, I am sorry for taking so long to answer the letter. Since I have been back I have been quite busy. I plan on making my home here in Philly and within the next few months I will be retiring from the service. With the many things that need getting taken care, I had to take a 3-week vacation in the hospital. I'm back to full duty now and am finding a little time to take care of some of the back log.

My wood station here at the shipyard is quiet after my tour in Vietnam. There is a lot of new construction going on, and they are putting the Battleship N.J. back in commission here. My job is in the laboratory at the yard medical facility. We take care of both the civilian yard workers plus the military and are kept pretty busy.

I know that you had a news release that pretty well covered my job in Vietnam so won't go into that. I can tell you one thing though and that is it's nice to be back and know there are a lot of people who do care what's going on over there.

Again I want to thank you for the gift and the thought that went with it.

Sincerely,  
Joe

An out-of-state reader sends word that he reads The Herald avidly twice a week. Then he adds this comment: "I still read every other paragraph in SASS by Clax." What we want to know is: Does he just read these paragraphs, such as this one, or just the jokes, such as in the next one?

While traveling in Mexico, Smooze discovered a "fish and chip" stand that two priests had started. It stood on a road in front of a monastery.

One morning Smooze straggled over to this unique enterprise and inquired of the padre on duty: "Are you the fish friar?"

"No," the padre replied, "I'm the chip monk."

Would you believe Charmi Milligan could use some funny or cute cards to brighten her days? She cannot handle them, of course, but nurses and aides do hold them up for her to see, and some especially cute ones can be hung above her so she can look at them. This little four-year-old lies motionless hour after hour because of the pain from burns over almost one-

half her body. If you have a colorful card a girl that age might enjoy, send it to: Charmi Milligan, Shrine Burn Institute, Cincinnati, Ohio. (We don't know the zip number since this is the new burn center.) Charmi doesn't even know about the fund-raising but in days ahead she may get some joy out of something funny or colorful especially for little girls. With her mother asked to be away a little more to get Charmi used to her absence, a few cards may help take her mind off how much she misses mommy. You've all been so good about helping in other ways so we're sure you'll help this way too.

Joe: "Has your son's college education proved of any value?"  
Smooze: "Yes, it did. It cured his mother of bragging about him."

Here's the governmental way of doing things. We had to look up the Pt. Lewis, Wash., zip code the other day in one of those huge post office directories with hundreds of pages. Beside Ft. Lewis, instead of putting the zip number, it had (Pr. Tacoma (see appendix)). Then we had to look up Tacoma and find Ft. Lewis and the zip code. In other words, three lines were used where one would do. Imagine how many of those appear. Here's another example. We had to look up Texarkana, Ark. Beside that it said: "See Texas." So we looked up Texarkana, Tex. It gave the zip code for the post office in Texarkana, Tex. and then used four more lines to give zip codes for all other Texarkana addresses (including Arkansas) and all of them were the same except they put the main post office. They couldn't have put the zip code in the Arkansas section and two lines with Texarkana, Tex., indicating the zip code for the post office was 75502 and all other addresses were 75501. That would have been too simple. We'll wager there are hundreds or more thousands of just such long drawn-out situations—all printed at taxpayer cost, of course.

"All right," the license examiner for truckers said, "you're going down this steep grade when the brakes go out. The truck is sailing along at 70 miles an hour. Right in front of you is a farmer on a tractor pulling a load of hay. There is heavy traffic coming at you in the other lane. The ditch is too steep to go off the road. What do you do?"

"I'd walk up Harvey."

"Asked to explain, the license applicant said: "Harvey's my co-driver. Pd wake him because he's never seen a really big accident."

"We sang a song about Andy."

"Andy? I've never heard such a song. How does it go?"

"Andy walks with me, Andy talks with me, Andy tells me I am his own."

SASS

Okay, so we're going to have a defensive driving course here AND a defensive driving course at Winside. The Good Lord knows there are enough drivers around here that need it. How about you signing up right now. Chances are, taking a course to improve your driving may be the very thing you need to stay alive this year. It's worth the time, besides being interesting and a lot of help at license examination time.
