Offense Sparkles -- Blue Devils Overpower Madison 32-13

The Wayne High Blue Devils lost the toss of the coin but the rest of the game was all theirs as the Blue and White overpowered the visiting Madison Dragons 32-13 Friday night. Perfect weather enhanced the home crowd's enjoyment as the 1968-69 gridiron season got underway Friday night at the Wayne State College stadium.

Hard-hitting defense set up Wayne's first touchdown following the kickoff as Dan Sutherland recovered a Madison fumble on the Dragons' 40 yard line. One play was all the Blue Devils needed to get on the scoreboard as Quarterback Dave Tietgen hit Halfback Randy Helgren with a pass over the middle for the TD. The extra point attempt by Jerry Titzel failed but Wayne led 6-0 with 10:40 remaining in the first quarter.

Following an unsuccessful series of downs by Madison, Wayne

took over on its own 20 as the result of a 31 yard punt by the Dragons. The next play gave Madison its first scoring opportunity as Tietgen fumbled the pass from center and the Dragons assumed possession on the Devils' 20.

Four plays later Madison was on the nine yard line where Wayne's defensive unit rose to the occasion and forced a fumble which was recovered by Bernie Binger. Although Wayne was able to move to Madison's 33 before relinquishing control of the ball, neither team posed a scoring threat for the remainder of the period.

Almost five minutes had elapsed in the second quarter before Wayne took advantage of a bad pass from Madison's center on a fourth and seven situation and dropped the Dragon punter at the 17. A series of power plays up the middle capped

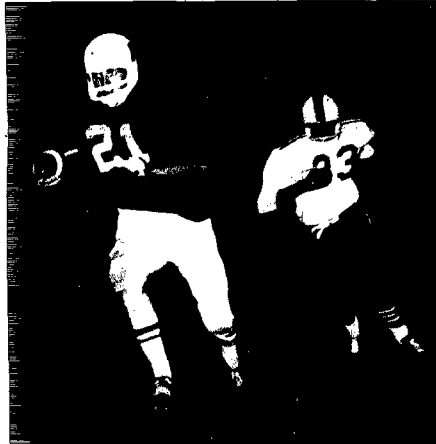

by a one yard dive by junior fullback Dan Sutherland gave Wayne its second touchdown of the evening. Again the PAT attempt by Titzel failed but the Blue Devils held a 12-0 advantage with 7:09 left in the half.

Madison was allowed one series of downs following Wayne's second TD before the Blue Devils were on the move again. After taking control of the ball on its own 39 following a 30 yard punt by the Dragons, Wayne needed nine running plays to advance the ball to Madison's 22. With 1:10 remaining in the half Tietgen again hit Helgren with a pass that put the Blue Devils on the four yard line. On the next play Tietgen ran off tackle for the necessary 4 yards and made the score 18-0. The extra point by Titzel split the uprights and Wayne led 19-0 with 1:02 remaining in the half.

Madison came right back to score its first TD on the kickoff return as Halfback Jim Brom scampered 86 yards in 12 seconds for the Dragons' first score. The PAT attempt failed and Wayne led 19-6. Neither team threatened to score in the remaining 50 seconds.

The third period began with Wayne scoring on its first series of downs as the Blue Devils moved the ball 51 yards in nine plays following Madison's kickoff. The drive was again capped by Sutherland who ran around the left end unmolested from the two yard line. The extra point attempt failed but Coach Allen Hansen's gridgers held a comfortable 25-6 lead with 8:12 left in the third quarter.

Wayne's final TD was added with 3:58 remaining in the third period when Halfback Randy Robins ended a 40 yard drive with a two yard plunge across the goal line. Sutherland set up the score with a fine defensive play when he stole the ball behind the line of scrimmage on Madison's 40. Tietgen's PAT with Tietgen holding was good and Wayne

ALAN THOMSEN (33) was three yards behind Madison's Allen Oswald (21) when this picture was taken but he closed the gap and made the tackle while stopping a Dragon touchdown drive early in the fourth quarter of Friday night's contest.

Winside Out-Defensed in Oponer 25-0

Winside Wildcats lost their opening game of the season to Emerson-Hubbard Pirates 25-0, Emerson-Hubbard now stands 1-0 in the Lewis and Clark Conference.

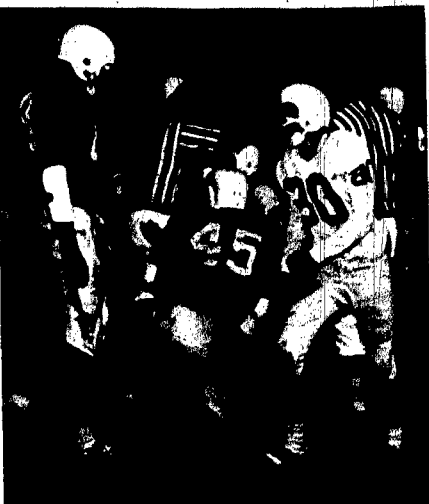

A strong defensive and offensive team, Emerson-Hubbard tallied up 216 total yards compared to Winside's 108. All Winside's yardage came from running plays. Emerson-Hubbard gained 147 on the ground and 69 in the air.

Opening kick off went to Winside but the Pirates stymied the visitors quickly, forcing Winside to hand over the ball on their own 32 yard line. The wildcats gave as good as they received and stopped Emerson-Hubbard on their first series of plays.

Taking over after holding Winside once more, the Pirates finally keyed off on their halfback Doug Jepsen. Quarterback Bill Brown rifled a 44-yard touchdown pass to Jepsen on the third down to put the Pirates out front 6-0. The extra point was good making it 7-0.

Both teams put up good defensive battles in the next series of plays, but the Pirates again broke the drought when fullback Rich Anderson exploded across the goal line from six yards to put his team out front 13 to 0. The extra-point try failed and Emerson-Hubbard took a 13-0 margin to the dressing room at half time.

Winside again played good defensive ball in the opening phases of the second half but they couldn't penetrate Emerson-Hubbard's equally strong squad.

NOW JUST ONE MINUTE! That seems to be what end Bob Albrecht is saying to one Winside player after one play in the game. Kneeling on the ground is Winside's center Gaylen Stevens. The Pirates out-defended Winside and treated the visitors to a 25-0 loss.

was out in front 32-6 with 3:58 left in the period.

The final TD of the evening came with 6:45 remaining in the game when Madison's Frank Hay ran 12 yards around the right end on a quarterback keeper. The stage was set for the score when an intercepted pass gave the Dragons control of the ball on Wayne's 12. The extra point was good but was to no avail as the game ended with the score 32-13 in Wayne's favor.

Randy Helgren was Wayne's leading ground gainer with 83 yards. He was followed by Dwayne DeTurk with 55, Dan Sutherland with 43 and Randy Robins with 25. Helgren was also the Devils' leading receiver with two receptions for 54 yards. Robins had one reception for four yards.

Bernie Binger led Wayne's defensive unit with six tackles and two assists. He was followed by Alan Thomsen and Gary Heitold with three tackles each, Harry Lindner with two tackles and three assists and Vaughn Korth with two tackles and two assists.

Wayne's next game will be at home with Winer Friday night.

IN HOT PURSUIT. Winside's Keith Wacker attempts to elude some persistent Emerson-Hubbard defensive boys in Friday's opening game of the season at Emerson. Despite halfback Wacker's try, Winside was never able to cross the Pirate's goal line, taking home a 25-0 loss.

McLarty-Dietrich Win Tennis Tourney

Bruce McLarty and Larry Dietrich defeated David Nordstrand and Mark Robinson Wednesday 6-3, 6-3 to win the doubles division of the first annual Post-Labor Day Tennis Tournament at Wayne State College tennis courts.

First-place honors in the singles division went to McLarty, who knocked off Dietrich 6-4, 7-5.

Twelve singles and 10 doubles entered the tournament, which started Sept. 6.

In the semifinals action Saturday, Sept. 7, McLarty knocked off Robinson 4-6, 6-3 and 6-3, and Dietrich downed Wes Fritz 6-3, 6-1.

Saturday's doubles action saw Nordstrand and Robinson defeat Fritz and Gary Oakeson 7-5, 4-6 and 8-6. In the other match Lyle Seymour and Neil Swanson lost to McLarty and Dietrich 6-3, 6-3.

Quarterback Club

WHIS Quarterback club will hold its weekly meetings this year from 7:30-8:30 a.m. at L & M Cafe. First meeting will be Tuesday.

Breakfast will be served at each meeting and coaches will be present to discuss and comment on games from the preceding week.

Football coach Allen Hansen said as game films become available they will be shown at Quarterback club meetings. Persons interested or having questions should contact Larry DeForge or Rowan Wiltsie.

Fishing for Northern

A group of fishermen from Concord just might bring home a nice string of fish from Minnesota if they have any luck at all. Ernie Roeth, Morris Johnson, Walt Bowers and Clarence Pearson left for Leech Lake near Walker last Monday morning for a week of fishing. Although rather late in the season, this is the time they usually make the trip for a try at some Northern Pike.

Teenage Marriages Topic of Meeting

Are teenage couples adequately prepared to face life's situations? Do these couples "live happily ever after" or are they bedeviled by strife and failure? What effect does pre-marital pregnancy have upon a young couple's chances for a successful marriage? Can parents help their young people face the challenge of young love and marriage during teen years?

"Teenage Marriage—A Problem for Parents" is the topic of a family life meeting to be held in the band room of Laurel Public school on Sept. 25 at 8 p.m. Parents, ministers, teachers, 4-H leaders and others who work with youth are welcome to attend.

Guest speakers will be Mrs.

THE STRAW THAT BROKE . . . Joe Erikson of Wakefield, superintendent of the fourth district in Dixon County, seems a bit puzzled about the collapse of this bridge on a county road just three-quarters of a mile north of Concord. Erikson said they were not sure when the bridge collapsed or who drove over it. The county was informed of the collapse Thursday. Built about 50 to 60 years ago, the bridge is a suspension bridge and probably was intended for nothing over 15 tons. It will cost under \$5000 to replace the bridge, according to county officials.

4-H Scholarships Offered by C&NW

Applications for a Chicago & North Western Railway Company 4-H scholarship are being considered now by the Cooperative Extension Service. The railroad provides 11 college scholarships of \$400 each to current or former 4-H Club members who are in their junior or senior year of college, or in graduate school. The scholarships are offered to students who plan to major or minor in the following: agricultural economics, agricultural business or forestry. Candidates must be in good scholastic standing, and have completed a minimum of three years in 4-H. The offer is restricted to youths residing in the eight-state area served by C&NW. The states are: Illinois, Iowa, Michigan, Minnesota, Nebraska, South Dakota, Wisconsin and Wyoming. The railroad is one of the pioneer backers of 4-H youth, having contributed to the program for 46 straight years. The present scholarships have been provided for the last 10 years.

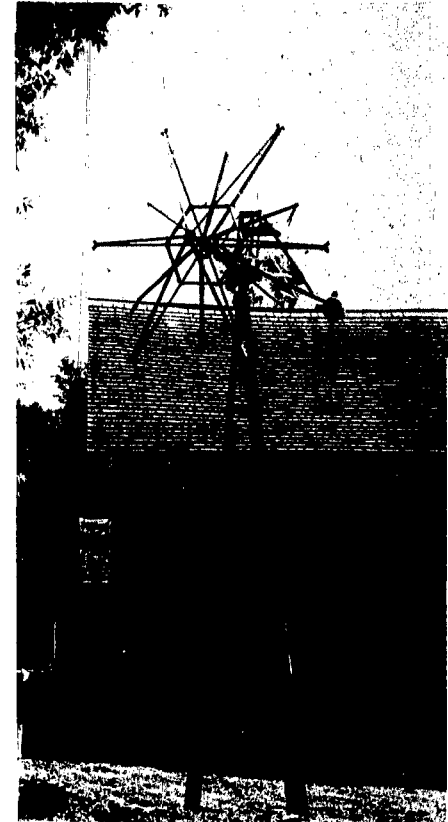

GAYLEN KJER of Allen displays the new piece of equipment added last week to the Allen Community Fire Department. Purchased Tuesday from Anderson Fire Equipment in Omaha for \$411.25, it is a resuscitator, aspirator and inhalator all in one. Not as large or as involved as many machines, it aids both adults and children in breathing in time of emergency and can be adjusted from 100 per cent oxygen to any percentage needed. Kjer, president of the Volunteer Fire Department, Clarence Jeffrey and Bernard Keil recently completed an advanced first aid course in Dakota City in which they learned the basics of this machine and other first aid practices. The course started in March and ran for 11 weeks with one three and one half hour session each week. The Allen Community Fire Department also recently purchased a stretcher and a first aid kit.

Expert Sees 100 Bushel Sorghum Yield

Sorghum yields in the United States have jumped dramatically since being triggered by the introduction of hybrids in the mid-1950's, but there is still an excellent increase potential ahead, according to Dr. Bruce Maunder, DeKalb's director of sorghum research.

Dr. Maunder doesn't necessarily agree with this theory and thinks the yearly increases will be more than this.

"I don't feel that we need to expect this reduction," declares Dr. Maunder. "I think we still have a long way to go yet, both in cultural practices and in new hybrids that we can develop."

What are the factors which will support a national increase to a 100-bushel average?

Dr. Maunder lists several items:

Fertilizer necessary to reach higher yield goals, including greater use of secondary and micronutrients; more efficient use of water, including better timing where irrigation is used; better plant spacing; continued improvement in plant breeding; and increased use of herbicides.

Since it is anticipated that improvement through plant breeding will be the major influence for increased yields, it is interesting to look at some categories of breeding improvements which might be expected. They

include:

More hybrid vigor by genetic diversity; more stress resistance; improved stalk strength; more disease resistance; better grain quality and type; improved plant efficiency; better vigor under cold stress for both seedling and more advanced stages of growth; earlier types with same hybrid traits as present maturities; and shorter, uniform hybrids containing the above improvements.

In concluding his discussion on the future of hybrid sorghum development, Dr. Maunder points out, "The main thing is that we can't go all the way with any one factor. We must have a balanced hybrid which not only has high yield, but also has the right maturity, the right disease resistance, superior stalk quality and drought resistance. Obviously the perfect hybrid and most efficient cultural practices are not presently available, but progress toward this goal will be the reward of efforts by modern farm operators as well

NROTC Exams Coming Up in December

Test date for the twenty-third annual national competitive NROTC examination has been set for Dec. 14. Parents and high school officials should remind eligible high school seniors and graduates to submit their applications before Nov. 15.

The regular NROTC program offers an opportunity for a young man to gain a regular commission while studying at one of the 53 NROTC colleges and universities. The Navy furnishes tuition, fees, books, and uniforms, plus a subsistence allowance of \$50 per month to NROTC midshipmen.

Each summer NROTC mid-

shipmen go on at-sea training periods. After completing his college course and all military requirements, an NROTC midshipman is commissioned as a regular officer in the U. S. Navy or Marine Corps and goes on active duty with the operating forces.

The program is available to male high school seniors and graduates who will have reached their 17th but not 21st birthday by July 1, 1969. Those who make a qualifying score on the Navy college aptitude test will be interviewed and given thorough medical examinations early in 1969.

Hog Cholera Breaks Out in Nebraska

Nebraska's relatively long period of freedom from hog cholera outbreaks has ended by the confirmation of five cases occurring last week in the Superior and York areas, according to Dr. S. H. Flora, state veterinarian.

More than 630 hogs were involved in the five herds, Flora said.

Details with regard to the possible source of infection are

being investigated by the federal and state officials. There is no evidence to date, according to Flora, that any imported swine are involved. Infected herds have been depopulated and increases surveillance has been instituted in the areas to prevent further spread of the infection.

Farmers in this area are urged by Flora to report any sickness in their herds to their local veterinarians.

Army Private William F. Kramer, 20, son of Mr. and Mrs. William Kramer, Jr., Wakefield, completed advanced individual medical training Aug. 23 at Ft. Sam Houston, Texas.

The 10 week course features instruction in military first aid, medical evacuation practices and combat and hospital patient care. Kramer entered the Army in April of this year and completed basic training at Ft. Lewis, Wash.

He was graduated in 1966 from Wakefield High School and was employed by Frank Allen Construction, Ponca City, Okla., before entering the Army. s12

Michael L. Salmon, son of Mr. and Mrs. Frederick W. Salmon, Wakefield, a student at the University of Nebraska in Lincoln, has completed Army Reserve Officers' Training Corps summer camp. The course ended July 29 at Ft. Riley, Kan.

During the encampment, he received six weeks of training in leadership, rifle marksmanship, physical conditioning and other military subjects.

Upon successful completion of summer camp and graduation from college, he is eligible to be commissioned as a second

pleted basic training at Lackland AFB, Tex. He is now assigned as an air operations specialist with a unit of the Air Defense Command at Stewart AFB, N.Y. Alrman Cornwell, a graduate of Pender Public High School, earned his B.A. degree from Dana College in Blair, Nebr. s12

SWAY Winners In Training

Information has been obtained about several recent SWAY winners.

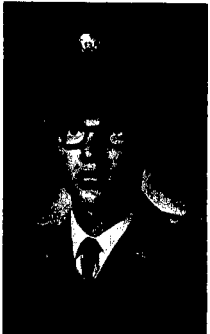

Amn. Kenneth Jones, whose name was drawn Aug. 12, spent his basic training at Lackland Air Force Base in Texas. He started his schooling Aug. 13 at Goodfellow Air Force Base in San Angelo, Texas, and is now taking training for Radio Intercept Analysis.

Jones graduated second in his class from Wayne High School in 1966 and went to Wayne State College. He is the son of Mr. and Mrs. Earl Jones of Wayne, Okla.

Also included in this issue of The Wayne Herald are letters to SWAY from Keith Lehmann, Kenneth Jones, Garlin Carmichael and William Kramer. All of these men have written to thank SWAY for the checks and the letters of appreciation.

Francis Clarkson, son of Mr. and Mrs. Jim Clarkson, Concord, was sent to Ft. Ord, Calif., for his second eight weeks of training with the Army. He is studying clerical work.

His new address is: Pvt. Francis Clarkson, US 56546296, BAAC Class 136 A, Co. C 1st BN, 4th BDE, Ft. Ord, Calif. 93941. s12

A new address has been received for A/IC Myron C. Heilmann, son of Mr. and Mrs. John Heilmann, Wakefield. Heilmann, who is stationed in Kusan, Korea, has the following address: A/IC Myron C. Heilmann, AF 26828770, 354 TAC FTR WG CMR, Box 213, APO San Francisco, 96264. s12

Seaman Apprentice Jeff L. Christensen, USN, 19, son of Mrs. Lloyd Christensen of Wakefield, is serving aboard the destroyer USS Cogswell in the South China Sea and Gulf of Tonkin.

The ship is providing gunfire support for U.S. and Allied forces ashore in South Vietnam and bombarding coastal defense sites on the coast of North Vietnam.

The destroyer also serves as plane guard during flight operations on Navy carriers at Yankee Station and as a search and rescue ship standing by in case a pilot goes down in the water.

All of this activity is not new to the Cogswell. Twenty-five years ago it was operating in the Pacific under combat conditions. Now 25 years later only the faces have changed, as the veteran of 12 Western Pacific

ently stationed at Aberdeen Proving Grounds in Maryland. He began training as a machinist Sept. 6 and will complete the training Dec. 20.

He and his wife, Janet, live near Aberdeen. His address is Pvt. E2 Larry G. Slevers, Cranberry Hall, Route 3, Box 80, Aberdeen, Md. 21001.

An address has been received for Keith Lehmann, also a SWAY winner on Aug. 26. Lehmann, son of Mrs. Fred Lehmann of Norfolk, has sent the following address: Pvt. Keith Lehmann 56546241, DBtry, ENLSTU-BN, U.S. A.A.M.S., Fort Sill, Okla.

Also included in this issue of The Wayne Herald are letters to SWAY from Keith Lehmann, Kenneth Jones, Garlin Carmichael and William Kramer. All of these men have written to thank SWAY for the checks and the letters of appreciation.

Letters to the Editor

Dear Editor:

I wish to express my sincere gratitude for the SWAY check sent me. Such interest is sincerely appreciated and the money is always handy. Agah, thank you very much.

(Kenneth Jones, AF 68046980, Box 17766, Goodfellow AFB, Tex. 76901.)

Dear Editor:

I received the \$10 check from SWAY and want to thank you for it. The money really helped and you can always use a little cash. It is also nice to know that someone appreciates what you're doing. I'm on leave now and then I'll be heading out to Aberdeen, Md., to work in the Kirk Army Hospital. I will have a new address soon.

Thanks again for everything. (Pte. William E. Kramer.)

Dear Editor:

I received your letter and gift of ten dollars yesterday during our noon lunch break. It was very much appreciated and will be used wisely I assure you.

My course of study here in Fort Sill is the Artillery Survey Specialist Course. This is under the branch of the Army known as Artillery and Missile School. This course provides enlisted personnel with a working knowledge of artillery survey instruments, methods and computations. The course is eight weeks and two days long and is broken down into 9 subcourses. Successful completion of this course makes students eligible for Artil-

lery Survey Officers Course. That pretty well sums up what I am involved with here in Artillery and Missile School.

Anyone wishing to write to me is welcome to do so as I have seven more weeks of school and any news from the Wayne area will be welcomed.

(Pvt. Keith E. Lehmann, US 56546241, D Btry - ENLSTU BN, USAAMS Class ASSC 6, Fort Sill, Okla. 73503.)

Dear Editor:

I was not only gratified, but somewhat surprised to find that I had been selected by SWAY.

At the time I received your letter with the \$10 check enclosed, I was making preparations for an assignment to Korea. As a member of the 185th Tactical Fighter Group, I was called to active duty in January of this year. I was one of the many men who undertook the task of changing from civilian to military life.

Prior to my being called to active duty, I was living and working in Sioux City. One of my two jobs that I held was with Zenith of Iowa, as a radio repairman. In the evenings I worked as an operator in the various theaters of Sioux City.

Now that I have been in Korea some six weeks, I not only find that my job has changed but my world as I knew it has changed too! Once I return to the States, I know that I will appreciate the land in which I was born more!

I would like to say thank you for your support and kindness. Garlin G. Carmichael

on interfacing. "Does R Or Doesn't R?" We received 18 purple, 48 blue, 18 red and 3 white ribbons on our exhibits. Our achievement meeting was a family picnic at Gavins Point Dam on Sunday, Aug. 25. Everyone enjoyed this outing very much. Finished record books were handed in at this time. Cindy Draghi, Susan Ogier and Eileen Muller have now completed their work in 4-H for they have graduated from high school and are going on to school elsewhere. We will miss them but we wish them well in their new adventures.

Several of our entries at the county fair qualified to go to the State Fair where we received the following ribbons: one purple, two blue, three red and one white.

We are happy with all our ribbons but more important to us than the ribbons are all the learning experiences and the fun we have had together in doing our projects. It is lots of fun to wear garments that you have sewed yourself and to eat food prepared by you. We wish to thank our parents, leaders, area extension workers and our County Agent for all the patience, thoughtfulness and encouragement given to each of us. Carolyn Muller, news reporter.

4-H Club News

Wednesday Workers
The thirteen members of the Wednesday Workers 4-H Club have completed another busy, happy and successful year. We are fulfilling all five of our goals. Forty-one projects in the following areas have been completed: Sewing, Foods, Gardening, Photography, Know Your Heritage and Junior Leader.

Our last meeting was held at the Linda and Connie Helkes home where plans were made for exhibiting at the Dixon County Fair. Ten members answered roll call with "What I Do in My Spare Time." Mrs. Helkes served a delicious lunch.

All members exhibited their projects at the county fair. Eight members judged, six members participated in the dress revue and two members gave demonstrations at the fair. Kathryn Carlson gave a food demonstration on "Eggs" and Carolyn Muller gave a sewing demonstration

Community Council Wants to Incorporate

Discussion about problems of incorporation took place at the time of members of the Northeast Nebraska Family and Community Affairs Council during their meeting at the Northeast Station in Concord Monday night.

Neal Bosehart of Laurel, chairman, said the group is getting ready to incorporate so they

can qualify for tax deductions when they solicit donations from interested people.

The group is also applying for federal funds to hire a full time person to work in the areas of mental health and alcoholism.

The organization covers a six-county area: Knox, Cedar, Dixon, Wayne, Thurston and Dakota.

A special meeting limited to the board members and officers will be held in October to work further on the problem of incorporation.

what is a BANK?

A BANK IS MANY THINGS . . .

- It's the community cash register . . . the town's hope chest . . . the trustee for tomorrow . . .
- A bank is friend, partner, adviser, watchdog . . .
- It is lender, borrower, bookkeeper, accountant . . .
- It lends money . . . collects money . . . counts money . . . changes money.
- A bank is the community strongbox . . . the public pocket book . . . a sentinel of safe-keeping . . .
- A bank is more than just a building . . . It is more than bricks and concrete and windows and doors . . .
- A bank is people . . . and trust and integrity . . . honor and strength . . .
- There are old banks in new buildings . . . and new banks in old buildings . . .
- But young or old, large or small . . . a bank is a dealer in dreams . . .
- There are banks that help farmers plant crops and banks that help people build homes . . . and banks that help towns grow, expand, and make progress.
- Banks help people buy homes . . . send daughters and sons to college . . . pay hospital bills . . .
- A bank is the community wallet . . .
- A bank helps people buy cars, take vacations, start businesses, remodel houses, straighten little Susie's teeth and send Junior to the state university.
- A bank is more than a friendly lobby, a strong vault, money drawers and helpful executives . . .
- A bank is an idea exchange . . . a merchant of progress . . .
- Many a great factory grew because a bank had faith in a new idea . . . Many a community enterprise prospered because a bank helped along a dream . . .
- Banks are romantic . . .
- Little old ladies keep faded wedding pictures in safety deposit vaults . . . and parents keep birth certificates in banks for safety . . . and heirlooms . . . and deeds and marriage licenses and honorable discharges . . .
- Banks are filled with the drama of life . . . A proud father opens a \$1 savings account for a new child . . . A little boy deposits \$2.50 earned mowing lawns . . . A bashful lad withdraws \$5 to buy a corsage to take a girl to a social event.
- Banks sail the seven seas yet never leave home . . . The People Bank cashes a check from a son . . . and your bank sells a cashier's check for a purchase made in another country . . . and sells a travelers check that will be cashed in Bombay, India . . .

This is a bank . . . many things to many people . . . the financial heartbeat of the community . . . a friend and partner to all.
