

Council Okays Plans for Fire Hall Addition, City Building

Program of Work Survey Questions Ready for Distribution within Week

Each Wayne business and professional office will receive a program-of-work questionnaire within the week, asking for ideas and recommendations for Chamber of Commerce projects for the coming year, Chamber Secretary Bernard Schulte said Tuesday.

Carol Blecke Named To Peace Corps Job In South America

Carol A. Blecke, daughter of Mr. and Mrs. Willard Blecke, has recently been named a Peace Corps volunteer after completing eight weeks of general training in Trinidad and two weeks of Spanish language instruction in British Honduras.

The volunteers will travel to primary schools throughout their districts holding demonstration classes, introducing new materials and methods and trying to stimulate interest in the centers. Other volunteers will teach secondary math and other subjects.

During training, the volunteers studied teaching techniques

City buildings, annexations, sewer and parking problems occupied most of the attention of the city council at its meeting Tuesday night.

Plans and specifications were approved for the new fire hall addition and approval also was given of specifications for a new city storage building on Clark street.

City Engineer Sid Magdanz revamped plans from the previous proposed fire hall addition to eliminate some of the costs, bringing the engineer's estimate down to \$27,000.

Magdanz said he deleted the hose drying tower, lowered walls on the building, revamped door sizes and styles. Plans are to let the bids on Oct. 28. He was instructed to prepare notices to bidders for that date.

An \$18,000 estimate was made on the 50x90-foot storage and work building, with the city employees to do much of the grading, wiring and heating work.

The type of construction was left open for the bidder's choice, but specifications called for 14-foot ceilings.

The chief of police and the street committee were instructed to prepare and submit to the council a standardized parking pattern for the city.

While most streets which have parking only on one side follow a specific pattern, not all do so. When ready, the diagram of the new parking pattern will be published in The Wayne Herald.

About 300 parking warning tickets have been issued so far this month Chief Vernon Fairchild said, but the number is expected to grow smaller once new residents of Wayne become accustomed to parking areas.

Annexation of three lots at the south end of Oak Drive was approved and the clerk and attorney instructed to complete the necessary legal steps to complete the annexation.

Vacok Construction, at an earlier meeting, had requested the lots be annexed. The property will be called Oak Ridge Section.

Vacok also questioned councilmen if they were successful in getting easements and funding plans for extending sewer to six lots on the north end of Oak Drive.

School District 17 is owner of the land in which easement is sought, and the board of education will consider the question at its October meeting, he was informed.

Funding of the project was discussed but the council arrived at no definite decision.

Wayne Herald Sponsoring All-Star Conference Teams

In order to give recognition to the outstanding football players, The Wayne Herald will sponsor the selection of offensive and defensive All-Star Teams in the Western Division of the Husker Conference.

All of the coaches of the teams have said they would be more than happy to help choose the All-Star players. Several noted

that this is "just what's needed for the boys."

Selection of the players for the two teams will be done by the eight coaches of the teams in the division. Each coach will choose 11 offensive and 11 defensive players. He will fill out his ballot and send it to The Wayne Herald at the end of the season. The newspaper will then award each player a certificate and will print pictures of each of the players chosen in a special part of the paper as soon as the votes are counted.

The coaches will choose players only from other teams and cannot choose players on their squad.

Following is a list of the eight teams and coaches in the Western Division of the Husker Conference:

Wayne, Allen Hansen; Laurel, Vince Branner; Stanton, Steve Brown; Plainfield, Dale Lantz; Pierce, Boyd Bloomquist; Weigh, Harry Vrooman; Madison, Jim Fisher; and Bloomfield, Gary Trimmer.

Christmas List Needs Fattening

The Wayne Herald has received a few names and addresses of area servicemen for the Christmas List we will publish soon.

If you have a son or daughter in the service or if you have the address of somebody else in the service, why not send it to Christmas List, The Wayne Herald. We will publish all the names we get in a coming issue of the paper so anybody wishing to write to the servicemen over the Christmas holiday will have an easy address reference.

Just jot down the name and address on a slip of paper and send it to us so we can begin preparing the list for printing. Although the Post Office has not yet announced the date when mail packages must be mailed to insure delivery overseas, that date is drawing very near. We must have our list ready to print by then so the people who will use it can be assured of their letters and packages reaching their destination on time.

Wayne ASC Office Releases Results of Community Committeemen Election

T. P. Roberts, manager of the Agriculture, Stabilization and Conservation Service (ASCS) in Wayne, announced Tuesday the results of the election for community committeemen held last week.

Farmers in each township chose five of their neighbors as chairman, vice-chairman, regular member and two alternate members. The first three named will act as delegates to the county convention, which is set for the ASCS office in Wayne Friday morning at 9 a.m.

The purpose of the convention is to elect one man to serve a three year term as county committeeman and two alternate

Peace Corps Volunteers Recruiting in Wayne Area

"The people both hate America and yet have a great desire to come to America."

That was the evaluation of the Turkish people by Charles Lee, one of two Peace Corps volunteers now attempting to recruit people from the Wayne area for the Peace Corps program.

Lee, 22, and Kathleen Schneider, 24, arrived in Wayne Monday morning and will be on the Wayne State College campus until Saturday talking to prospective volunteers, showing films and administering the Peace Corps language aptitude test.

Saturday morning from 10 to 10:30 the two will give the Modern Language Aptitude Test in the Senate Room of the Student Center on the Wayne State College campus. Anybody wanting to take the test who cannot be there at that time should contact one of the recruiters so a time can be set to take the test.

Wednesday afternoon the two recruiters showed a film on

Bad Day for Drivers in Wayne County

Monday was a bad day for drivers in Wayne County. County Judge David Hamer fined five drivers for speeding and one driver for driving left of the center line.

M. H. Kline of Wakefield paid a \$10 fine and \$5 costs on a charge of crossing the center line made by D. Matejka, safety patrol. Randy Anderson of Omaha, Curtis Van Fossen of Sioux City, James Sommerfeld of Wayne, Dennis Munderloh of Pender and John Ogden of Omaha all paid fines of \$10 and costs of \$5 on speeding charges. C. Franssen, safety patrol, was complainant on all the charges except one. Terry Rogers, safety patrol, signed Ogden's complaint.

Tuesday Thomas Wagner of Archer, Nebr., paid a fine of \$100 and costs of \$5 on a charge of minor in possession made by Vern Fairchild, city police. The same day Ray Spilken paid fines totaling \$190 and costs of \$5 on

New High School Gets OK by State Fire Marshal

With satisfactory completion of its fire alarm system the new Wayne High school has received a clean bill of health from the state fire marshal's office.

In an inspection last week deputy fire marshals found nothing wrong in the new building. Earlier, it was discovered that the alarm system was not loud enough in the band room and in three rooms in the east wing of the building.

Inspectors did find faults in the elementary and middle school buildings, all minor points. All these were corrected by Tuesday morning, Supt. F. I. Han said, except for adding more fire detectors in the locker room, storage room and library of the middle school.

A contractor has been engaged to make the necessary installation of the devices, Ham said.

Delinquent Taxes To Be Advertised

County Treasurer Leona Bahde has announced that all unpaid real estate taxes and delinquent special taxes will be advertised in The Wayne Herald the first three weeks in October. She urged all people who have not paid these taxes to do so as soon as possible.

Dixon Losing Father Rizzo

Father John C. Rizzo, who has served parishes at Dixon and Waterbury for the past several years, has been transferred to Geneva, Nebr.

He will be honored at a community farewell dinner at the Dixon auditorium Sunday evening beginning at 6:30 p.m. The Altar Society is making the dinner a community event because they feel that many Dixontes who are not St. Anne's parish members will want to attend. Everyone is invited to the dinner.

Father Rizzo has been very active in Boy Scouts, the Dixon County Fair religious service and many other community activities.

the same view of Americans. They think of America as a strong, rich and powerful nation and the life goal of many of the people is to go to America, she said. But at the same time, she noted, they think of America as a very imperialistic nation which tramples on the underdeveloped nations of the world.

Lee said that almost all of the people with little education in the underdeveloped nations he has been in wish America would pull out of Vietnam since they see America as a large nation forcing its will on an underdeveloped nation just like their own. However, he noted, many of the more educated people realize that America is stalling off a threat not only to this one nation but also to their own.

The two volunteers both agreed that their joining the Peace Corps was the best thing they have done in their lives so far. The experiences of living in another nation made them more conscious of the plight of other peoples and the rewards they got from their helping the people were very satisfying.

Kathleen Schneider

New Buffalo, Mich., spent her two years with the Peace Corps in Decemere, Ethiopia, a city about the size of Wayne. A 1965 graduate of Central Michigan University in Mt. Pleasant, Mich., with a Bachelor of Arts Degree in social science, she taught geography and mathematics to ninth and tenth graders. She also helped establish and edit a school newspaper and coached the volleyball team.

Lee graduated with a Bachelor of Arts Degree in English from Blackburn College in Carlinville, Ill., in 1966. He taught English, mathematics and science in Turkey.

Anybody interested in learning more about the Peace Corps or in joining the program should talk to one of the volunteers while they are on the campus.

A person has to be 18 years or older to join, Lee said, but he emphasized that a person does not have to have a college education. The organization needs people in all fields, including farming, mechanics, health care and many more. About all a person has to be is skilled in his area, Lee noted.

Lee outlined the steps a person must follow to join the Peace Corps. Persons interested should fill out an application form that the two volunteers have available. Then they take the Modern Language Aptitude Test, which measures a person's ability to learn a foreign language.

test, Lee noted, since it is just an aptitude test. After these two steps the applicant will be notified whether he is accepted for the program. If he is accepted he will later be assigned a site where he will be given various kinds of training, including language training.

On the original application, the person can state his preference for a certain country and if he is not assigned to that country he is not obligated to go. The application also permits the person to state his second or third preference.

After spending the rest of this week on the WSC campus, the two volunteers go to Vermillion. Later this year they will go to the Midwest Peace Corps Center in Chicago where they will undergo more training. Then they will again start recruiting Peace Corps volunteers across the United States. They will finish their year of recruiting for the organization in May.

Penn Pledges To Sigma Nu

Bob Penn, son of Mr. and Mrs. Robert Penn of Wayne, was one of 29 new students pledged to Sigma Nu fraternity during rush week activities at the University of Nebraska in Lincoln. Pledges must maintain a certain grade average before they will be activated into the fraternity at the spring quarter. Penn also belongs to the 60-member male club at the University.

Scout Open House

Set for Monday

Youngsters and parents of youngsters interested in the Boy Scout movement were reminded today of the one-day membership drive set for Monday at the Wayne Elementary school.

Boys who are interested in joining either Cub Scouts or Boy Scouts may attend an open house at the school's general purpose room to watch Scouts in action and to interview both Scout and adult leaders on the program. Time is from 7-8:30 p.m.

Members of each troop and pack in Wayne will be present. Boys who wish to enroll in the program may do so that night. Parents, however, must then accompany the boy for they, too, must sign the application forms. Youth recruiters will get special badges for bringing new boys into the movement.

WHS Staff Members To Omaha Meeting

Three members of the WHS staff will attend a curriculum conference Friday in Omaha. The members also will tour model educational programs in Omaha schools in Social Sciences, Mathematics, Science and English.

Consultants from the University of Nebraska and the State Department of Education will also attend. Sponsors of the conference are the University of Nebraska, North Central Association and the Omaha Public Schools.

Attending from Wayne will be Loren Park, Fred Rickers and Richard Metteer.

City Improvement

Committees Begin Making Scrapbooks

Members of the Community Betterment Committees in Wayne and several surrounding towns are busy compiling information and pictures about the projects undertaken this year so they can be included in the scrapbooks and final reports which must be turned into the state by Oct. 15.

Keth Mosely, chairman of the Wayne committee, reports that several projects will be included in Wayne's scrapbook and final report. Among them are the additional playground equipment, the new Masonic Lodge, the new hospital ambulance, the landfill project south of town and the new fronts on many of the downtown businesses.

Allen and Carroll are also busy gathering information for their final report and scrapbook. To be included in Allen's are the new library, the new football field and possibly the new cattle feeding station on Highway 20. Carroll plans on including their new community float, the recent improvement to the city auditorium, the new signs at the edges of the town and several other improvements in their final report and scrapbook.

The 1968 Nebraska Community

Improvement Program is administered by the Nebraska Department of Economic Development and the Community Development Department of the University of Nebraska Extension Division. The program is divided into three separate areas of competition: community awards contest, special program awards competition and all-Nebraska community competition.

Only communities below 30,000 population are eligible for the contest. Cash prizes of \$500, \$375 and \$250 will be awarded the first, second and third-place winners in each of the four categories of communities.

Sponsors of the contest are Iowa Electric Light and Power Company, Kansas-Nebraska Natural Gas Company, Nebraska Distribution Company, Nebraska Natural Gas Company, Northern Natural Gas Company, Northwestern Public Service Company, Peoples Natural Gas Division and Western Power and Gas Company.

Carroll Church Celebrates 80th Birthday Oct. 6

Bethany Presbyterian Church near Carroll will celebrate its 80th anniversary Sunday, Oct. 6.

Dr. Oliver Proett, pastor for many years at United Presbyterian Church in Wayne and now living in Lincoln, will speak at a service at 10 a.m. A covered dinner is scheduled for noon at the church. The public is invited to attend the celebration.

According to etiquette, a person addressing the President of the United States never uses his name but refers to him only as "Mr. President" or "Sir."

Originally from Baltimore, Md., Lee spent two years, 1966-68, teaching English at a local college in Konya, Turkey, a city of about 150,000. He said that the "ugly American" image is very real for the people in the Middle East. Everywhere he has traveled in that area, the people fear the American because he so often has no respect for the local customs and values. "The American GI, strong, arrogant, and loud, has not helped erase this image," Lee said.

Presenting Cadillac for nineteen sixty-nine

A masterpiece from the master craftsmen

Beautifully new, distinctively Cadillac

Even Cadillac has never built one like this!

The craftsmen who engineer and build Cadillacs are accustomed to creating the finest of motor cars, but they take special pride in these brilliant 1969 models.

A single glance at this automotive masterpiece reveals striking poise and beauty, dramatically new, yet unmistakably Cadillac. For 1969, Cadillac's traditional dignity is complemented by youthful styling unique in the luxury field.

New concepts in comfort and convenience.

The 1969 Cadillac is completely new inside, with major innovations in design, convenience and decor. A newly contoured "control center" instrument panel makes controls even more accessible, and virtually surrounds passengers with luxurious protection and convenience.

A smoother, more responsive engine.

Cadillac's great 472 V-8 engine—the largest V-8 ever to power a production passenger car—is smoother, quieter and more responsive. Never before has power been employed so efficiently in the operation of a car and its equipment. And for 1969 front disc brakes are provided.

Your judgment is invited.

There are eleven different models of the 1969 Cadillac, more than is offered by any other luxury car manufacturer. Each is truly a masterpiece from the master craftsmen.

Your authorized Cadillac dealer welcomes your personal inspection of this once-in-a-lifetime motor car. Stop by and drive one at your earliest opportunity. We think you'll agree that this is the greatest Cadillac ever built.

THE NEW 1969 CADILLACS ARE NOW ON DISPLAY AT YOUR AUTHORIZED CADILLAC DEALERS

Aviation Open House Plans Stunt Show

The Aviation Open House at the Municipal Airport in Lincoln on Saturday will feature aerial demonstrations by the U. S. Army Parachute Team (Golden Knights) and the U. S. Air Force official aerial demonstration team (Thunderbirds). Their appearance in Lincoln, sponsored by the Nebraska Air National Guard, is one of approximately 100 air shows put on each year.

The Open House begins at noon on Saturday and the aerial demonstrations begin promptly at 1:30 p.m. with the skilled paratroopers of today's U. S. Army. The Golden Knights are recognized the world over as being among the finest in the realm of competitive parachuting. They have a record of 5,000 static line jumps and over 75,000 free-fall parachute jumps. The Thunderbirds begin their 30-minute show in their Super Sabres at 2:30 p.m. Their precision techniques in the six star-spangled jets demonstrate the high performance of their sleek F-100 Super Sabres as well as the high level of training and skill of Air Force pilots.

The public is encouraged to visit all of Lincoln's General, Commercial and Military Aviation locations. There will be several military aircraft on static display on the Air National Guard parking ramp and the public is encouraged to view the air show from this vantage point. There will be no admission charge and the general public is cordially invited.

Census Bureau To Survey Area In Early October

Wayne area households will be included in a nationwide survey of plans for consumer buying and home improvement to be conducted by the U. S. Department of Commerce, Bureau of the Census, according to Gay A. Lutz, director of the bureau's regional office in St. Paul.

Bureau representatives will visit a sample of households in this area during the first week of October to ask questions about expected purchases of new and used cars, new homes, household durables and plans for home alterations and repairs. They will also obtain information about recent expenditures for all these items.

The survey is conducted quarterly and is an important guide to trends in consumer spending. Since 1920, the rate of growth in consumer investment has been more than double that of business investment. The annual investment by consumers in durable goods and houses is now far larger than business investment in new plant and equipment.

All answers given to these interviews by families and households are confidential and are protected by Federal law.

Representing the bureau in this area will be Ruth Koehler of Norfolk.

AGONIZING DECISION. Wayne State quarterback Marly Going (16) typifies the problem of every passer who tried a gridiron — what to do as the enemy crashes in? Pass it, run it, eat it? And whatever the choice...ouch! Going's Moorhead State attacker is unidentified.

Jermier's Injured Wildcats Get Set for Mo Southern

AS in show business, the show must go on, so in football Wayne State will put on its scheduled show at 7:30 Saturday, with Missouri Southern College the opponent in Memorial Stadium.

But at mid-week Coach John Jermier and assistants were not sure who would put on that show — injuries still hanging heavily over the squad.

Another part of the show is more certain — the performance of bands coming for WSC's annual Band Day. Nineteen high school bands will join the college band in a 3:30 parade down Main Street and a halftime extravaganza at the football game.

Jermier's most urgent problem is at the crucial tailback spot. Sam Singleton, the most productive Wayne rusher, is still handicapped with a leg injury which may or may not heal by Saturday. Singleton's substitute in last week's game at Moorhead State, Don Grubaugh, suffered a bad hand laceration which likely will sideline him a game or two.

Starting end Jim Fletcher fractured his left arm in the Moorhead game, and defensive half-back-punter Mike Fox suffered a jammed neck of severity unknown yet.

When the coaches add up the injuries, prospects look questionable against the Missouri foe which is something of a question

mark. The Southern Lions are jumping into senior college competition this year. Last year they won eight of nine games, averaging 39 points to the opponents' 19, and ranked number three nationally in junior college ranks.

This year Missouri Southern lost its first two games, to North-eastern Oklahoma State and Pan-handle State. However, Wayne scouts say the Lions, coached by former Missouri U. quarterback Jim Johnson, are capable of mounting a dangerous offense.

To cope with it, Wayne's defense will have to perform better than it did against Moorhead, Defensive Coach Ralph Barclay opines. On the optimistic side, the defense is somewhat less riddled by injuries than the offense. The major loss is Grubaugh, primarily a defensive halfback who doubles on offense when necessary — that is, when Singleton is out of action.

Grubaugh went both ways at Moorhead and accounted for a sizable portion of Wayne yardage — 52 rushing, 101 receiving passes, plus a touchdown and extra point.

Actually, Wayne contained Moorhead pretty well in the first half, despite the Dragons' 14-7 mid-game margin. The Wildcats scored first on a 72-yard drive capped by Grubaugh's six-yard sweep.

Interception of a Wayne pass handed Moorhead its first scoring opportunity on the Wildcat 13, and Joe Blondi went the last two yards five plays later. Two minutes later Mike Quirk — probably the most potent runner Wayne has faced in years — dashed 49 yards to score. Quarterback Bob Kuhl kicked points for both touchdowns.

In the late third period Kuhl connected with Quirk on a 29-yard TD pass and booted his third point. Quirk finished with 251 yards rushing on 45 carries.

Wayne threatened twice in the first half with thrusts to the Dragon 11 and 10 yardlines, then missed field goal attempts both times. In the second half Wayne stopped three deep Moorhead assaults, but the ball control strategy employed by Moorhead gave Wayne little chance on offense.

Quarterback Club Meets, Sees Film

About a dozen men turned out Tuesday morning for the second meeting of the Quarterback Club at the L & M Cafe in Wayne. Meetings will be held every Tuesday morning at 7:30 a.m. at the cafe. No charge is made and anyone may attend.

When available, films of previous football games will be shown and the high school coaches

will comment on the films and the games.

Tuesday the group saw the films of the Madison-Wayne tilt on Sept. 13 when Wayne downed the visitors 32 to 13.

Allen Hanssen, head football coach at Wayne High School, told the group that he has not been scouting any of his opponents yet this year because he can't find anybody to do the job. He noted he would like to be able to send somebody to the Stanton-Bloomfield game to get an idea

of what to expect from Stanton, this year.

Stanton has a record of one win and one loss this year. After falling to Battle Creek 7 to 2 in the non-conference season opener, they came back last Friday to maul Plainview 42 to 6 in a conference game.

Wayne journeys to Neligh Friday night for the second conference battle this year. Neligh has lost both games so far this year, falling to Pierce 14 to 6 in the season opener and to Laurel 30 to 6 Friday night.

a team he expects may be tougher than 30 to 6 Friday night.

Laurel leads the Western Division of the Husker Conference with two wins and no losses. They downed Bloomfield 34 to 7 in their opener.

Laurel, Wayne High On Daily News List

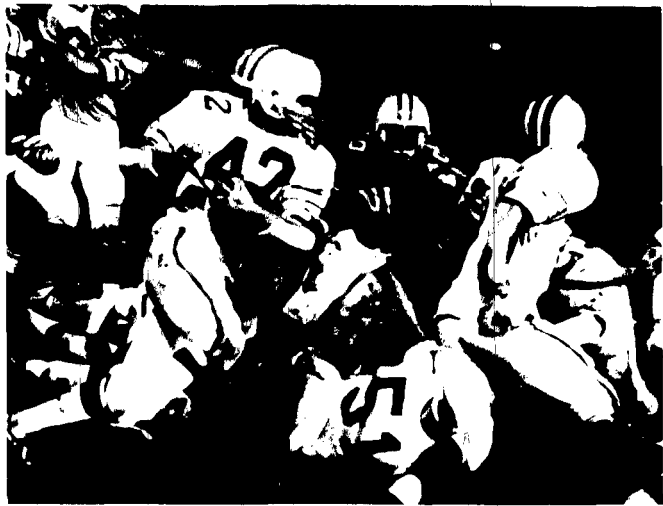

Laurel gets the nod for top spot in the first rating of Northeast Nebraska football teams by The Norfolk Daily News.

Holding down second place is West Point. Wayne is ranked third and Albion holds down fourth position.

All four teams have records of two wins and no losses so far this year. West Point is a class C school; the other three teams are class B.

The other teams rounding out the top ten include West Point Cedar Catholic (B), Valerite (B), Wausa (C), O'Neill St. Mary's Academy (C), Crofton (C) and Platteville (C).

Wayne holds down ninth spot in the first rating of Nebraska class B schools by the Omaha World-Herald. They give first spot to Sidney. In their class C rating West Point is awarded second spot, behind Springfield Platteville, Wausa is in the ninth spot among the class C schools.

WORKHORSE. For a fellow of slight build — he's on defense this year, but since Sam Singleton's injury he has also run the tailback position. — Don Grubaugh (42) mixes into considerable action for Wayne State. Usually

QUARTERBACK TED ARMBRUSTER gets set to pass in Monday's B game with Pierce Armbruster passed for two of Wayne's three touchdowns in their 20 to 6 win over the visitors. Wayne's first score came in the second quarter when tackle Lynn Gunderson recovered an opponent's fumble in the endzone. Pierce shortened Wayne's lead to 7-6 in the same quarter, only to see Wayne

move out in front in the third quarter on Armbruster-Randy Robbins and an Armbruster-Gary Heithold connection. Coaches Ron Carnes and Don Koenig cited Don Mau, Gary Heithold, Rick Robbins, Alan Wischoff, Charlie Weible and Scott Kerl for their fine defensive showing. Outstanding on offense, according to the coaches, were Dave Seivers, Lynn Gunderson and Ted Armbruster.

Autumn Duck Disease Strikes Only Hunters

By Chuck Griffith
Bureau of Sport Fisheries and Wildlife

Each autumn, as the continent's migratory waterfowl head for their wintering grounds, a recurrent disease sets in.

The disease is called the "Mexican slaughter syndrome" and, surprisingly, it affects duck hunters, not ducks.

The Mexican slaughter syndrome, or MSS, is an emotional ailment that occurs when the

annual duck hunting seasons and bag limits are announced. Its most obvious symptoms are unquashed protests that any season or bag restrictions are pointless because "the Mexicans slaughter the ducks anyway."

"I ain't necessarily so. As a matter of fact, the total annual kill of wild ducks in Mexico is in the neighborhood of a half-million ducks, give or take 100,000. Sound like a lot?"

Not when you consider that

hunters in the United States killed just under 15 million ducks in 1967 while Canadian hunters killed another 30 million.

MSS started several decades ago when market hunting flourished in parts of Mexico and wild duck was found on cafe menus throughout the country. Today, restaurants which feature wild ducks buy most of these from American hunters who are over their limit or don't want to take their ducks back across the border. Americans can bring back only 10 ducks and five geese a week during the Mexican season.

The demise of market hunting for ducks in Mexico began in 1931 when the government out-

lawed armadas or multi-barrel market hunting guns, capable of killing several hundred ducks at a time. Regulations there now prohibit use of more than three standard shotguns in one blind.

In 1936, Mexico signed the Migratory Bird Treaty with the United States and began strengthening laws banning commercial shooting of all wild game. In 1952, Mexico placed bans on the sale, bartering or advertising of "meats, products or remains of wild animals."

There's no doubt that some American hunters kill well over their legal limit of ducks, according to H. R. "Bud" Morgan of the National Wildlife Federa-

tion. But, Morgan says, this is due to lack of adequate game law enforcement in Mexico.

"If American hunters are concerned about this illegality, they should report the erring hunters to American authorities," Morgan says.

Two factors work against a higher kill of ducks by Mexican hunters. First, Mexico has extremely restrictive gun ownership and ammunition laws. These were expanded in 1967 to cover importation of guns and ammo to alien hunters. American hunters can sidestep this, to some extent, by renting guns and bag ammo after they cross the border.

Secondly, economic conditions in Mexico work against waterfowl hunting. Most Mexicans simply can't afford the high cost of guns and shells. When they can, they prefer to hunt deer or wild game which will put more meat on the table per peso invested.

The average duck kill per day by Mexican hunters has been estimated at a single duck, far below the average daily bag in the United States and Canada.

According to Dr. A. Starker Leopold, one of the foremost American authorities on Mexican wildlife, the total Mexican duck kill, even in market hunting days, probably was less than the opening day kill in the United States.

Today, the total season kill of ducks in Mexico is about equal to the opening weekend kill of ducks in Minnesota.

Mallards, the "bread and butter duck" of the U. S. and Canada, are almost a rarity in Mexico. The pintail is the most numerous of the "first class game ducks" wintering there. Other northern-reared species wintering there include teal, scarp, shovellers, gadwall and talpate.

Hunting pressure is spread thinly over the vast waterfowl wintering grounds of Mexico, according to Dr. George Saunders,

retired Bureau of Sport Fisheries and Wildlife biologist, who studied Mexico's waterfowl for many years.

"We have more duck hunters in Delaware than there are Mexican duck hunters in Mexico," Dr. Saunders says. "And American hunters probably killed more 'mistake ducks' during each of the three experimental teal seasons than were killed all last year in Mexico."

Most waterfowl managers who have studied the situation say gun pressure by American hunters in Mexico would be higher if it weren't for several problems.

These include lack of satisfactory accommodations in many places, delays in obtaining hunting licenses and permits for guns and ammo, and the discomfort of dysentery and insect pests and the language complications.

WSC Cross Country Team Drops Yankton

Wayne State's cross country team defeated Yankton College, 24 to 31, here Tuesday in the first Wayne dual of the season.

Paul Hlatko of Yankton won in 15:20 over the windy three-mile course, followed by three

BATTLING CENTERS. These two centers will see plenty of action in Friday's Wayne-Neligh grid tilt at Neligh. Coach Allen Hansen said Tuesday the two have been battling for the center position since opening practice, but Roger Boyce's 20-pound weight margin has given him the nod as a blocking center. However Scott Kerl, 55 at 160 pounds is seeing plenty of action

Blue Devils in Search of Third Victory Friday

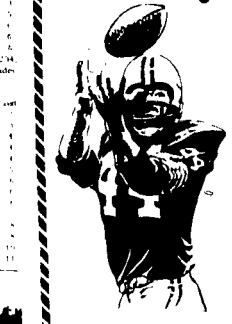

Coach Allen Hansen's Wayne High Blue Devils will be on the road this Friday night when they travel to Neligh in search of their third gridiron victory of the season.

The Blue and White is currently tied for second place honors

in the Husker Conference (Western Division) following a 32-13 win over Madison to start the football season. Last week Wayne overpowered non-conference rival Waverly by the score of 34-0.

The remainder of the season's schedule finds Wayne hosting Stanton Oct. 4; traveling to Plainview Oct. 11; hosting Bloomfield Oct. 18; making a road trip to West Point Oct. 24; hosting Laurel Nov. 1; and traveling to Pierce Nov. 8.

Introducing the new Lincoln-Mercury cars.

Three different cars you've never seen before, for people who have never been in our showroom before.

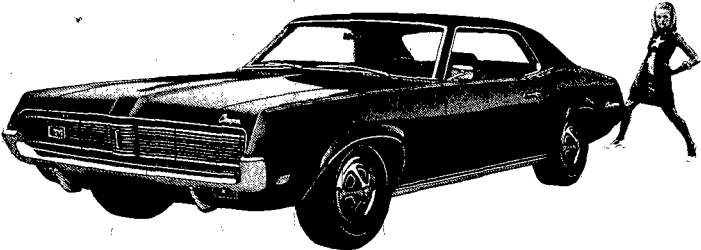

New Marquis. The most dramatically styled car since the Continental Mark III.

You won't see a medium-priced car like this in any other showroom. Marquis has a dramatic elegance, a majestic beauty that only the creators of the Continental Mark III could make. With this styling and the surprising price, you have no excuse to settle for a dull little car.

New Marauder X-100. Now you don't have to sacrifice comfort if you want a sporty road car.

A full-size road car with more thrills per inch than anything that has ever been in our showroom. You get a choice of bench, twin, comfort, or bucket seats; styled aluminum wheels, a horn that blows by squeezing the steering wheel rim, a 429-cu. in., 4-barrel V-8 and rakish fender skirts—all standard.

New American Cougar with a continental accent.

Cougar owners will tell you how much fun they are to drive. That hasn't changed. But the looks have. Compare it to the foreign sports cars. Anything the Europeans can do we can do better. Cougar is now available as a convertible. And Cougar continues to be the best-equipped luxury sports car in its class. A big 351-cubic inch V-8 is standard. So are concealed headlamps, sequential rear turn signals and bucket seats.

WSC Film Series
Starts Today with
WWI Film Classic
 A series of classic movies is planned again this year for Wayne State students—eight of them during first and second terms.
 Today the film offering is "All Quiet on the Western Front," based on the great story of World War I by Erich Maria Remarque. The showing, free of charge, will be at 4 p.m. in Ramsey Theater of the Fine Arts Center.
 Other movies in the series: "Devil's Wanton," "On the Waterfront," "Inside Red China," "Ballad of a Soldier," "My Little Chickadee," "One Potato, Two Potatoes," and "400 Blows."

Travel Editor Tips

Herb Beck, veteran travel editor and writer, makes this interesting comment:

"Dress comfortably and travel light, but don't forget that autumn weather can change on short notice. And don't forget to take along an extra pair of well broken-in shoes. Be sure to wear your seat belts at all times in the car."

As for your car, before starting out, see that your tires have plenty of good wear left, and the same goes for your brakes.

Among the most important items of wear are the windshield wipers. No matter whether the wiper mechanism still works like a metronome, if the blades streak you can't trust them. Have them refilled or replaced.

Don't wear signs or doodads or swinging knickknacks in the windows of your car. Keep your visibility as clear as the clear blue sky.

Take along a raincoat or a top coat that you can wear when needed away from home."

During the past summer we had much beautiful weather to enjoy, but from now until Christmas we can expect some of the worst. Rain is sure to ruin many autumn outings, many trips to games, many routine drives to and from work.

Rain quickly slows traffic to a crawl. Worse yet, it causes streaky windshields and obscures drivers' vision. The Highway Visibility Bureau points out that 90% of driving decisions depend on sight.

If you wear glasses, be sure they're clean when you drive. Be sure your windshield is clean and your windshield wiper equipment—arms, blades and washers—is in top condition.

Wiper arms should exert a pressure against the windshield of an ounce to each inch of blade length. If pressure is right and wiper still streaks, it means the blade is dead and calls for replacement or refill.

Headlights should be accurately aimed and all lights in working order.

Rhode Island, the Nation's smallest state in area, has three times the population of Alaska, the largest state, National Geographic says.

**Larson-Kuhn Tells
Personnel Changes**

Several personnel changes in the Larson-Kuhn stores in Norfolk, Columbus and Wayne will take place immediately, general manager Kermit Florine said at Norfolk Tuesday.

Main office of the company has been moved to Norfolk where Anna Mae Hensley will reside and continue as general office and credit manager. Norman Geyer and Don Mayberger will assume the assistant manager jobs at Norfolk where they have been employed since 1963. Dick Rakowsky is one of the sales force and Pat Wead from Norfolk will join the staff this week. Doris Adams is in charge of alterations.

Jerry Miller is manager of the men's and ladies' store in Wayne and has been with the firm since 1961. Keith Doeschler is assistant manager of the men's store in Wayne, having been with the firm since 1964.

Dan Jochem, who has been with Larson-Kuhn since 1957, will become a member of the firm in the Columbus store and assume the duties of general merchandise manager for all three stores. He will make his headquarters in Columbus and plans to move there as soon as housing becomes available.

Lester Bredemeyer is manager of the Columbus store and will continue in that capacity.

**Final Rites for
Mrs. Nina Cross
Held in Illinois**

Funeral services for Mrs. Emerson (Nina) Cross, 90, Winside, were held Sept. 17 at First Lutheran Church, Freeport, Ill., with Rev. Nels P. Bengtson officiating. Mrs. Cross died Sept. 15 at Freeport Memorial Hospital after a short illness.

Nina McCulloch, daughter of John and Susan McCulloch was born Aug. 25, 1878 at Lena, Ill. She was married Aug. 25, 1901 to Emerson A. Cross. She was a lifetime member of First Lutheran Church and taught Tri-Mu Sunday school class more than 50 years. She was a saleswoman at F. A. Read Co. for many years. Her husband died Oct. 7, 1930. She was also preceded in death by two brothers and two sisters. Survivors include a daughter, Mrs. Otto (Catherine) Mueller, Winside; a son, John A., German Valley; four grandchildren and six great grandchildren.

Those attending the funeral service included Mr. and Mrs. Jack Krueger and Mr. and Mrs. Russell Batrd, Winside, Mr. and Mrs. Willis Ritze and Bill and Mr. and Mrs. Dick Ritze, Bralwood, Ill.

Ladies of Trinity Lutheran Church, Winside, held a birthday tea in August honoring Mrs. Cross for her 90th birthday.

**Over 80 Women
Attend Annual
Achievement Day**

Over 80 homemakers from Dixon, Madison, Wayne and Cedar counties attended the Dixon County Home Extension Clubs Achievement Day at the Northeast Station at Concord Friday.

Gerda Petersen, extension clothing specialist from Lincoln, brought the group the latest information on the new fabrics used in piece goods and ready-made garments this fall. Garments featuring these fabrics were furnished by a local Wayne department store and were on display.

The following council officers for Dixon County were installed by Mrs. Alvin Rastede:

Mrs. Marvin Andersen, county chairman; Mrs. Paul Borg, vice chairman; Mrs. Clarence Nelson, group chairman; Mrs. Rollie Hank, secretary; and Mrs. Verdel Erwin, treasurer.

Door prizes furnished by the hostess Home Extension Clubs were won by Mrs. Marie Von Minden and Mrs. Maynard Hansen of Allen; Mrs. Ervin Kraemer of Concord; Mrs. Alma Davis and Mrs. Jim Nelson of Wakefield; and Mrs. Max Rahn of Dixon.

Marsha E. Mann, Roger Thompson Wed at Winside

Marsha Elaine Mann, daughter of Mr. and Mrs. Andrew Mann, Winside, and Roger Thompson, son of Mrs. Pearl Thompson, Newman Grove, were married Sept. 14 at 7:30 p.m. at St. Paul's Lutheran Church, Winside.

Pastor H. M. Hilpert officiated at the double ring rites. Mrs. Homer King, Newman Grove, sang "O Perfect Love" and "The Wedding Prayer." Mrs. Mervin Hamm was organist. The church was decorated with baskets of gladiolus, bronze mums and yellow pompons.

The bride, given in marriage by her father, wore a self-designed gown of bonded crepe with empire waistline and A-line skirt, accented with lace and fashioned with a detachable train held at the shoulder line. Her shoulder length veil was held by a white crepe bow. She carried an arrangement of white roses with stephanotis and greenery on white lace-covered Bible.

Mrs. Dean Janke, Winside, served her sister as maid of honor. Mrs. John Meyer, Ames, Ia., also the bride's sister, served as bridesmaid. Dorel Janke, Winside, was junior bridesmaid. They wore floor length gowns of copper color bonded crepe featuring flowing back panels. Each carried a single long stem tallisman rose.

Jerry Borer, Norfolk was ringbearer and Dawn and Darla Janke, Winside, were flower-girls. Dean Janke, jr., Winside, and Vincent Meyer, Ames, Ia., lighted the candles.

Verdell Nelson, Newman Grove, was best man. Leon Nelson, Newman Grove, was groomsmen. Junior groomsmen was Rodney Thompson, Newman Grove, the bridegroom's brother. The bridegroom and his attendants wore black tuxedos.

The bride's mother chose a turquoise bonded knit dress and the bridegroom's mother wore a dress of blue bonded crepe. Each had a corsage of tallisman roses.

A reception was held in the social room at the church following the ceremony. Mr. and Mrs. Duane King, Newman Grove, were hosts. Judy Wade, Wayne, was in charge of registering the 150 guests. Gifts were arranged by Mary Prince and Mrs. Jake Houdek, Norfolk. Mrs. Ebor Thompson, Newman Grove, and Mrs. Ella Ayers, Norfolk, cut and served the cake.

Mrs. Hubert McClary, sr., Winside, poured. Nadine Nelson, Newman Grove, served punch. Waitresses were Mrs. LeRoy Kruger, Mrs. Jake Houdek, Peggy King, Pat Finkral and Karen Lyons. Assisting in the kitchen were Mrs. Alfred Janke, Mrs. Elmer Monk, Mrs. Don Thies and Mrs. John Redel.

For her going away ensemble the bride chose an A-line shift of cinnamon color bonded knit

with a corsage of white roses and stephanotis.

The bride, a graduate of Winside High School, is employed at Sherwood Medical Industries, Norfolk. The bridegroom, a graduate of Newman Grove High School, farms northeast of Newman Grove.

Marcele Barelman Weds Irvin Skelton In Lincoln Rites

Marcele Barelman, Lincoln, daughter of Mrs. Herbert Barelman, Wayne, and Irvin Skelton, Torrington, Wyo., son of Mr. and Mrs. William Skelton, Jeffrey City, Wyo., were married Sept. 21 at 11 a.m. at Falth Lutheran Church, Lincoln.

Rev. Edgar Schmidt, Lincoln, officiated at the double ring ceremony. Mrs. Herbert Barelman, Jr., Mapleton, Ia., sang "The Wedding Prayer." The altar was flanked with bronze and gold mums.

The bride, escorted to the altar by her brother, Herbert Barelman, Jr., wore a white street length sheath trimmed with lace with a matching lace coat. She wore a veiled hat trimmed with a velvet bow and she carried a nosegay of white orchid and stephanotis.

Ann Barelman, Omaha, served her sister as maid of honor. She wore a street length gown of avocado green and carried a bronze chrysanthemum.

Brent Greenlee, Torrington, was best man. Ushers were Herbert Barelman, Jr., Mapleton, Ia., and Milton Small, Wheatland, Wyo. The bridegroom and his attendants wore dark suits.

The bride's mother chose a brown dress with a gold rose corsage. The bridegroom's mother chose a tangerine knit suit with a gold rose corsage.

A buffet luncheon was held at Parish Hall following the ceremony. Hosts were Mr. and Mrs. Ronald Hunter, Omaha, and Mr. and Mrs. Clarence Kramer, Norfolk.

Dee Clouse, Lincoln, was in charge of registering the 150 guests. Celine Simon and Margaret Stahly, Lincoln, and JoAnn Luzzo, Kimball, arranged the gifts. Falth Lutheran Ladies were in charge of serving.

For her going-away ensemble the bride chose a brown linen coat dress with brown and orange accessories and a white orchid corsage.

The bride was graduated from the University of Nebraska and received her master's degree from the University of Maryland, College Park, Md. Prior to her marriage she was employed as associate state 4-H leader at the University of Nebraska.

The bridegroom was graduated from the University of Wyoming at Laramie where he was a member of Acacia fraternity. He did graduate work at Colorado State University, Ft. Collins, and is employed as County Extension Agent at Torrington, Wyo.

The couple will reside at 2810 East A. St., Torrington.

Since the landing of the pilgrims, 9 species of mammals, 33 species of birds and 6 species of fish have become extinct. At least 78 other species are considered "endangered."

Quasar...color TV that's worth looking into...

Quasar "Color TV is the set with the "works in a drawer"

The works: 10 tubeless plug-in mini-circuits for solid-state dependability and fast at-home service. It's so dependable you get a two year guarantee.

Quasar is worth looking into because it's a different kind of Color TV. It's all solid state (except the rectifier and picture tube) That's different. Most of the components (or works) are in a drawer. In the form of 10 plug-in mini-circuits. And that makes Quasar different... because it's a snap to service in your home.

Quasar provides a difference in dependability, too. Because the mini-circuits are tubeless, solid-state devices, designed to work for years without burning themselves out. And that is a big difference. Tubes burn out as they work. In time, they just naturally go dead. Not Quasar! No tubes! But if Quasar should ever need service, there's a pleasant difference there, also. A serviceman can replace a mini-circuit in minutes in your home, not the repair shop.

If you've been looking for something different in Color TV... something better, stop and see the 23-in. picture (measured diagonally, 295 sq. in.) Color TV. It's worth looking into.

winter 17 members of the party died and were buried near the present site of Niobrara.

In the spring of 1947 this group of Mormons received orders from Brigham Young to join the others at their winter quarters at Florence so they could all continue the trip to Utah. The group from the Niobrara area made the journey back south by way of the Brazos Valley and then the Logan Valley in Dixon County.

District Judge

Grants Divorces

District Judge F. H. Pollock of Norfolk opened the September term of district court Thursday at the Wayne County courthouse by reading the docket. He set Oct. 29 as the day for pre-trial conferences with the attorneys and Dec. 2 as the day for jury trials.

Judge Pollock also granted a divorce to Gerold K. Fulberg, plaintiff, and awarded Pauline C. Fulberg \$5,600 in alimony. One thousand dollars was due immediately and the rest to be paid in monthly installments of \$100.

In another divorce case, Judge Pollock granted an absolute divorce to Flo Sandahl, plaintiff. Costs and attorney fees were taxed to the defendant, Frederick Sandahl.

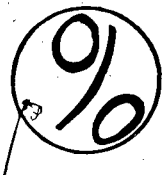

Mormons Journeyed Through Dixon County

Several Mormons traveled through part of Dixon County on their way to Utah. The journey through this area came about in an unusual manner.

Led by Brigham Young, the Mormons left Nauvoo, Ill., in the spring of 1846 and set out for Utah, planning to travel as far as the Rocky Mountains by fall. However, the Mormon group of 500 young men was called and were forced to spend the winter near the present site of Florence, Nebr.

One company of Mormon pioneers consisting of 65 families and about 50 wagons went ahead of the others and received an invitation from the Ponca Indians to spend the winter on the Niobrara River.

The Indians were very hospitable and there was plenty of food and wild game. This group even considered making this their permanent home and during the winter of 1846-47 Newell Knight chiseled a set of mill burrs from some native stone to be used for grinding their grain. During the

Representatives from 26 Nebraska towns attended a two-day meeting of Northeast Nebraska Fire Chiefs association this weekend in Wayne.

The meetings, in the Woman's Club room and the Fire Hall attracted 54 chiefs, assistant chiefs and members of the state fire marshals' office.

Most of the meetings were panel discussions and bull sessions about problems and their solutions met by fire chiefs, Wayne Chief Ivan Creighton said. Main topics were duties of chiefs, techniques in case of suspected arson, need for rescue squad, attendance at drills and meetings.

Points made by fire marshals included the need for fire chiefs to be notified when fire drills are planned and the need to call the fire department when false alarms are turned in at schools or colleges.

Also emphasized was the necessity to call the department in case of small fires that are extinguished by school or college employees.

State officers attending the meeting included Edward Burke, Valley, President of the Nebraska Fire Chiefs association; Russell D. Salak, Schuyler, secretary-treasurer of Nebraska Fire Chiefs; Donald Venter, Lincoln, state fire marshal; Joe Range, Lincoln, University of Nebraska Fire Control Extension specialist; Willy Barnett, Lincoln, assistant state fire marshal; Bill Berens, Gibbon, chief state fire instructor; and Bruce Wilson, state fire instructor; Louis Peterson, Plainville, and Paul Thien, Ainsworth, both deputy state fire marshals.

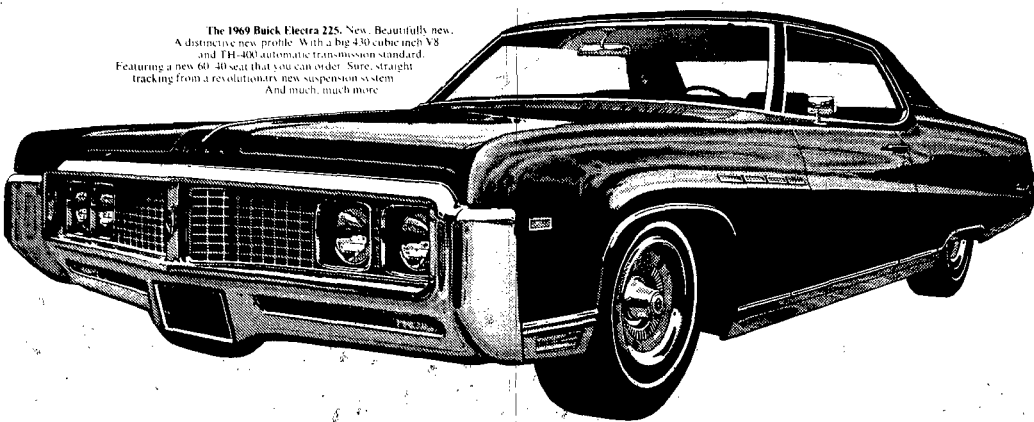

The Wayne department hosted the meeting and served coffee and doughnuts following the meetings.

Greve and family, Mr. and Mrs. Emil Greve and Mrs. Don Dolph and children were in the Art Greve home Sunday afternoon helping Lisa and Jodi observe their birthdays.

EDITORIAL COMMENT

The editorial department of a weekly newspaper is an important department. Normally it is one person's opinion of topics that concern most of the readers. It is the duty of an editorial writer to search all available facts before he sits down to write. From this basis the writer should be able to give a clear picture of important topics.

WSC Projections

Projections made by experts in the various fields often are viewed with skepticism, but usually are reasonably accurate. A case in point is the enrollment projection made two years ago for the number of students enrolling at Wayne State College this fall. Although the projection was made in 5-year periods, calculation brought out a figure of 3,007 for this fall's enrollment. The figure now is slightly higher than that, for the 3,000th student was registered more than a week ago. The point is this: The consultants and their staff seems to be able to do an accurate and fairly detailed projection. If the rest of their projections are even reasonably close to eventual fact, we think they will have done an excellent job. All of which points up the reason for following their advice given in the Comprehensive Plan for the city, which is exactly where the foregoing projection was made regarding WSC.

Confrontations

During the recent Democratic convention Chicago's Mayor Daley was severely criticized in newspapers, TV and radio broadcasts, from the speakers stand and nearly every place else in the U. S. and abroad, for his handling of the dissident elements who sought "confrontation" with the police and members of the Democratic party. At that time we said we had no quarrel with Mayor Daley and his police for the way they handled the unruly demonstrators on the streets and in the city's parks. We felt these were not just idealistic young people willing to take a few knocks to call attention to their ideas, or a semi-organized bunch of poli-

tically-minded people who felt they should have a voice in our government. J. Edgar Hoover probably said it best when he told law enforcement officials:

"These extremists openly avow that their aim is to overthrow the existing order. Under the guise of academic freedom and freedom of speech, they profess to seek a dialog, when actually what they seek is a confrontation with established authority to provoke disorder. Through these confrontations they expect to smash first our educational structure, then our economic system, and finally, our government itself."

"It is vitally important to recognize that these militant extremists are not simply faddists or 'college kids' at play. Their cries for revolution and their advocacy of guerrilla warfare evolve out of a pathological hatred of our way of life and a determination to destroy it."

A careful observation of what these New Left militants want reveals nothing. They are articulate only about what they do not want. This seems to encompass any authority, prosperity, property or rights of an individual which may conflict with the desires of the dissident.

Those who have been interviewed in recent weeks have no apparent hesitation about saying they are for the overthrow or destruction of our government. They usually are articulate, intelligent, well-informed and well-educated.

We still have no quarrel with Mayor Daley's handling of these tough, artful and dedicated destructionists.

If—as they say—they oppose the Establishment (whatever that is) and can offer no alternative, then they are trying to destroy for the sake of destruction.

If they have other ideas—and many responsible thinkers believe this is so—they should come under close scrutiny by police, FBI and college administration.

Look Again

Even if you have 20/20 vision, you can still miss seeing hazards while driving. O. L. Hogsett, University of Illinois safety specialist, lists five factors which can cause you to look directly at a road object and fail to see it. (1) Temporary blindness, caused by bright lights directly in your eyes; (2) slight distance, which shrinks from 80 feet at 20 mph to only a few yards at 60 mph; (3) age, meaning you need more light for clear vision the older you get; (4) familiarity...you see familiar objects further away than unexpected ones, and (5) the red defect, which causes 80 per cent of the nation's drivers to think red tail lights are farther away than they really are.

Plan to Prevent Fires
Farmers could prevent much of the great tragedy and material loss from fires by giving more thought to proper spacing and construction details of homes and farm buildings, a new U. S. Department of Agriculture publication advises. "Fire Resistant Construction" explains that using fire-resistant materials in constructing farm buildings reduces the chances of fires starting and slows the spread of fires that do get started. Proper spacing between buildings retards spread of fire from one building to another. The illustrated, 18 page publication recommends that major farm buildings be spaced 100 feet apart to give adequate protection. Poultry brooder houses, heated hog houses, farm shops where welding is done, and buildings used for heated-air drying of grain or hay should be 100 to 150 feet from the house and other buildings. Spacing buildings properly around a hard-surface court makes for efficient use of labor and for easy movement of tractors, trucks, and, if needed, firefighting equipment.

Meat Know How

There is no such thing as tough meat. If it's properly prepared. Even tough cuts can be made tender and juicy.

To achieve maximum tenderness and juiciness, cook meat at low to moderate temperatures—not over 325 degrees F. This gives a more pleasant aroma and color with less evaporation, shrinkage and drippings. Overcooking also causes excessive

cooking losses. Three clues indicate a particular cut's tenderness. These are the connective tissue, the shape of the bone and the amount of fat in the lean or marbling. The toughening of the muscle fibers caused by heat is less noticeable when the lean is well marbled with fat. Toughness from connective tissue increases with the age of the animal and the exercise of the muscle. The T-bone, rib and wedge bones indicate tender cuts. Prepare tender cuts by a dry heat method of preparation, such as roasting, broiling and pan broiling. Tough cuts need a moist

heat method as braising or simmering. Moist heat softens the connective tissue making the meat more tender. Braising is cooking in trapped steam. Liquid, either water or vegetable juice, is added and the container is tightly covered. Smaller cuts such as steaks may be prepared in a skillet. Add a small amount of fat for browning if necessary. Added liquid may be unnecessary for some cuts when a tight fitting cover is used. Braising the larger cuts of meat is often called potroasting. It may be done on top of the range or in the oven. Liquid is added and the container is covered.

Group Says State Wasting \$180,000 Yearly on Travel

LINCOLN—The Little Hoover Commission thinks a State Transportation Services Bureau with broad authority for vehicle operations, maintenance and replacement could save the state a lot of money. The bureau would operate under the Department of Administrative Services as part of a re-organization plan the business men-consultants have drafted for Gov. Norbert T. Tiemann. The commission said the proposed bureau would "provide guidance to all state agencies in the utilization and operation of state-owned vehicles and would be responsible for monitoring all transportation requirements."

The bureau would also "maintain complete records on each state vehicle and would maintain the best possible utilization of vehicles." The Hoover report said that by increasing the average utilization of cars to the national average of 28,000 miles per year, an annual savings of at least \$180,000 would result. There would be further savings, the commission said, because pooling of "the transportation resources of the state would result in the elimination of substantial numbers of vehicles."

The report recommended establishment of a central motor pool in Lincoln "to increase the utilization of the large number of automobiles stationed there and to make cars available to individuals whose travel requirements are less than full time."

Because no pool cars are available now, the report said, the state is paying a high bill in expenses for privately-owned cars used for state business. "Based on the most recent figures available," the commission reported, "the state reimburses employees for the use of their own cars at a rate of approximately \$750,000 a year. Through the use of rigid controls and the establishment of motor pool operations, it is estimated that approximately half of this travel could be accomplished in state-owned vehicles."

And the report said the state is losing money by buying gasoline from retail pumps. The commission said the state contract price for gas is 19 cents per gallon and the retail prices are more than 30 cents. Whenever possible, fuel should be purchased through a state facility, the report said.

The commission said all state aircraft should be consolidated into the Department of Aeronautics and their use should be scheduled by the Transportation Services Bureau. Agencies such as the Game Commission, the Highway Department and the National Guard now have their own planes. The consolidation, the report

Board to replace Dr. Freeman B. Decker as coordinator of the four state colleges.

Gustad is now associate dean of the College of Arts and Sciences at Ohio State University. He will assume his Nebraska duties Oct. 1 at a salary of \$25,000 a year.

Decker resigned this summer to take a teaching position at Wayne State College.

Gustad, who is a native of St. Paul, Minn., and a former Naval officer, said he plans to spend his first few months on the job traveling to the colleges at Wayne, Peru, Chadron and Kearney to become acquainted with personnel and programs.

He said his initial impression is that Nebraska has "a good board, good presidents and good colleges."

Although he comes from one of the nation's larger universities, he said he applied for the Nebraska position because he be-

lieves state colleges have "the most promising" position in the future of higher education.

PONTIAC ANNOUNCES THE GREAT BREAK AWAY!

This is the year to say good-bye to humdrum driving!
'69 Wide-Track Pontiac Grand Prix.

If you've never driven a car like this before, that's because there's never been a car like this Pontiac Grand Prix before. So new, it's got its own 118" wheelbase. So new, it's got its own aircraft-type interior. A new steering wheel with a "soft" material rim. With a Wide-Track on big tires. With a new hidden radio antenna we're daring everybody to find.

Or maybe you'd like to break away with a brand-new Firebird. With typical Wide-Track handling and a range of available V-8 choices that'll make your head spin (including the fabulous 400 Ram Air option). Brand-new styling, too. Lean, clean, ready looks. Plus 13 exciting new colors... new anti-theft ignition, steering and transmission lock.

There's also The Great One. Our GTO, the one that started it all. Complete with baseball-bat-proof bumper, fully padded instrument panel, distinctive Redline tires, along with specially designed suspension. Plus an assortment of V-8's that'll make your break from dull driving just about as pleasing as any you've ever made.

And don't forget our luxurious Bonneville. With a standard, 360-hp, 428-cubic-inch V-8, a long, long 125" wheelbase, a new upper-level ventilation system, color-keyed energy absorbing bumper at both front and rear, plus the kind of interiors you'd like to install at home. Bonneville. Who needs more?

SS Q & A

Q—Should a person ever check on his social security record of earnings?

A—Yes. We suggest you check the record every 3 years to make sure your earnings are being properly reported and recorded. You can check the record by obtaining form OAR-7004 from your Social Security Office and sending it to Baltimore, Md.

Q—What should a person do if he finds an error on his earnings record?

A—Contact your social security office right away and explain what the error is. Bring the correct evidence of your earnings with you and the office will make sure your record is corrected. This evidence of earnings could be your W-2 form or Federal Income Tax Return.

Concord has also started of-

fering Spanish instruction to some of its students. Mrs. Rafael Sosa, wife of a Wayne State College instructor, teaches Spanish to the elementary students in Laurel and on Friday's goes to Concord for about 15 minutes of instruction. The instruction at Concord is aimed at creating interest in the students so they will follow up the instruction when they go to high school.
