## Knipco—for the HEAT

that hits the spot

You can roll a Knipco portable heater just about anywhere. Plug it in and you get instant heat. Steady heat. Heat that lets you work in comfort in below zero weather. Outdoors or in.

Put a cold, stubborn tractor engine in the jet blast of a Knipco heater, and in a few minutes—no more starting problem! Keep livestock warm. Thaw pipes.

You'll find a hundred cold weather chores for this dependable heater. Control it with a Knipco thermostat and you can set it and forget it.

Come see us. You'll save money and get winter work done easier and quicker, with spot heat help from Knipco.

**FREE**

Propane Torch Kit with the purchase of any Knipco Heater.

of the Past Presidents Would You Like to Meet in Person? Prizes at cards went to Mrs. Dale Clausen and Mrs. Herman Thun. A family party is planned Nov. 15 with Mrs. Ray Loberg. Co-hostess will be Mrs. George Slegler. The club took in \$23.02 at the flea market.

### Happy Workers

Happy Workers Club met Thursday with Mrs. Lowell Rohlf with 12 members answering roll call with an exchange of recipes for poultry dressings. Plans were made for a Christmas party and exchange of gifts Dec. 13. Husbands will be guests. The meeting will be at the Woman's Club rooms at Carroll. New officers are president, Mrs. Lyle Cunningham and secretary, Mrs. Lyle Clifford Rhode. Reporter and in charge of flowers and cards for those of the club who are hospitalized is Mrs. Robert Blank and music, Mrs. Myron Larsen. Prizes at pitch went to Mrs. Myron Larsen, high, Mrs. Ed Fork, low and Mrs. Clifford Rhode, traveling.

Beatrice Tift, Sioux City, spent the weekend with Mrs. Agnes Duffy.

Weekend guests in the Arthur Cook home were Mrs. Harlan Poskocill and Virginia Cook, Lincoln, and Sgt. Warren Cook, Kansas City, Kan. They also visited their grandmother, Mrs. A. C. Sabs.

Guests in the Lynn Roberts home Friday evening in honor of Shaina's eighth birthday were Mr. and Mrs. John Rees and Holly.

## NORTHWEST Wakefield

by Mrs. Wallace Ring  
Phone 287-2620

Mr. and Mrs. Danny Lund, Denver, arrived Saturday to visit

home folks, Sunday dinner and supper guests in the Verdell Lund home were Ben Lund, Mr. and Mrs. Dale Clausen and family, Wayne, and Glyn Lund, Omaha.

Having Sunday dinner and supper Sunday in the Millard Walcheck home were Mr. and Mrs. Nels A. Nelson, Mr. and Mrs. Fred Salomon, Mr. and Mrs. Jim Salomon and Jennifer, Mr. and Mrs. Ed Nelson, Mrs. Nels Munson, Mrs. Velma Kirk and Tony, Kathy Draghu, Mrs. Albert Helges, Chuck, Larry, Janet and Connie. At this time, all the November birthdays were celebrated.

Albert Helges was a guest in the Harold Olson home to visit a nephew, Chuck Robinson, who attends college in Ames, Ia., and was a guest in the Olson home. Francis Turner, Sioux City, Mr. and Mrs. Preston Turner and Linda and Mr. and Mrs. Dennis Fredrickson and daughters were Sunday dinner guests in the Kermit Turner home.

A group of relatives and friends gathered in the Ronnie Sampson home Saturday evening to observe Terri's tenth birthday.

In honor of her guest, Mrs. Elin Reed, Randolph, Mrs. Eric G. Johnson entertained Mrs. Mabel Fleetwood, Mrs. Edith Ring and Mrs. Lillie Ilype Wednesday evening.

## Rites Saturday At Wakefield For Gene Park

Final rites for Gene Park, 64, were held Nov. 9 at 3 p.m. at Bressler Funeral Home, Wakefield. Mr. Park died Nov. 6 at Clarkson Hospital, Omaha.

Funeral services were held at 10 a.m. Saturday at the Presbyterian Church, Randolph, Ia. Pallbearers at Wakefield were Robert Blatchford, George Borg, Erwin Brown, George Holtorf,

Melvin Lundin and Walt Pearson. Burial was in Wakefield Cemetery.

Gene Park was born May 1, 1904 on a farm near Wakefield. He spent most of his life in the Wakefield community where he was in the implement business. He moved to a farm near Randolph, Ia. in 1953.

He was married Jan. 3, 1939 to Eleanor Ware at Wakefield Presbyterian Church. He was preceded in death by a daughter, Virginia Adele, who died in infancy, and a brother, Loren. Survivors include his widow; two sons, Jerry and Paul; four brothers, Floyd, William, Russell and Bernard; two sisters, Mrs. Jerome (Velda) Pearson

and Mrs. Elvis (Wassone) Olson, both of Wakefield.

### Business Notes

Dick Keldel, Clara Sullivan and Dorothy Brandstetter, all employees of Sav Mor Druggs in Wayne, attended a Kodak training school in Omaha Monday. All of Kodak's new camera models and projectors were on display and representatives of Kodak explained the improvements of the new models.

**'MISS HIGA JIGA WISH YOU ACCEPT GIFT.'** Wayne High School Saturday night at 8:15 in the lecture hall of the high school building. In this humorous scene from the comedy about the American occupation forces in Okinawa, Miss Higa Jiga (Mary Stevenson) offers a gift of several eggs to Captain Fisby (Ron Seymour). Sakini (Jon Merriman) translates for the American. Tickets cost \$1 for adults, \$.75 for high school students and \$.50 for youngsters 12 years old or under and may be purchased at the door.

**Black Power -**

(Continued from page 1)

In the question and answer session after his talk, Chamber noted that he is not another Martin Luther King. "King preached that all people would be equal in death, but freedom and equality have meaning only to living people and mean nothing once death occurs."

Questioned about the degree of his militancy, Chambers answered that his being on the campus and speaking to the audience was proof that he still thought words and talk could do some good. "However," he added, "there comes a time when words no longer do any good, when circumstances demand action from an oppressed minority group."

Pressed about what that meant,

Chambers said that the whites should expect the same reactions from the Negroes as they would from themselves if placed in a similar situation.

Chambers said he was pleased with the actions of the two Negro Olympic medal winners during the summer games in Mexico City recently. "I was glad to see them assert their individuality during the playing of the Star Spangled Banner and was sorry that the other Negro athletes didn't do the same thing."

The question and answer session was sparsely by applause for both Chambers and those in thought words and talk could do some good. "However," he added, "there comes a time when words no longer do any good, when circumstances demand action from an oppressed minority group."

Chambers answered that he wants merely to be treated like

a human being. "If there are opportunities available for white people then they should also be available to the black people," he said. "America is a huge joke and farce that has been played upon me and other black people if we cannot get this treatment."

**'B' Day -**

(Continued from page 1) suitable for giving or for using to decorate the home. On the gift shop committee are Mrs. Willard Wiltse, chairman, and Mrs. Edna Casper. Mrs. Faye Fleetwood is in charge of aprons. The candy booth will offer all kinds of homemade candy, popcorn balls and other sweets. Ideal for packing for a serviceman or to include in your Christmas giving, Mrs. Don Wightman and Mrs. J. M. Strahan are on the committee.

The food fair will offer sweet rolls, breads, cakes, pies, cream, eggs, poultry, jams and

jellies and other baked goods. Heading up the committee for the food fair are Mrs. Hattie McNutt, chairman, and Mrs. Melvin Wert.

Lunch will be served from 11 a.m. to 2:30 p.m. Hot soup, sandwiches, hot casseroles, baked beans, cabbage slaw, home baked pie and cake and coffee or milk. Anyone wishing to volunteer items for the lunch may call Mathilde Harms, chairman, Goldie Leonard or Mrs. Norbert Brugger.

Selling tickets for the two afghans were Mathilde Harms and Goldie Leonard. The afghans were made by Mrs. Armand Hixcox and Mrs. George Bornhoff. Mrs. Harms and Miss Leonard were also in charge of publicity. Mrs. Norbert Brugger is the chairman of the grab bag booth.

Heading the Wayne Hospital Auxiliary this year are Mrs. Julia Haas, president; Mrs. Clifford Wait, vice president; Mrs. Yale Kessler, secretary, and Mrs. R. E. Gormley, treasurer.

**HOSPITAL BAZAAR.** Mrs. Mathilde Harms, at left, and Goldie Leonard hold one of the posters announcing the Wayne Hospital Auxiliary's bazaar and luncheon Nov. 23.

**AFS Is Seeking Home for Youth**

American Field Service is looking for a family, according to local AFS Chapter President Alvin Ehlers. They are interested in a family that has a "heart large enough to share a portion with a teenager from another land for a year, and a probable friendship for life. The family should have understanding and be realistic in its approach to guidance; able to recognize and appreciate individual differences; a cheerful family open to the pleasure of a deeply human experience."

AFS is looking for a family that would meet the qualifications and enjoy having a young man or woman of between 16 and 18 years old, in their home for a year. He or she will have been chosen because selection committees here and abroad saw in him the qualities of adaptability, openmindedness and an eagerness to learn. His personality as well as his intelligence qualify him to make the experience a rewarding one both for himself and for those with whom he comes in contact.

What are the family responsibilities? To provide affection, care, guidance and discipline, food and lodging.

The host family budgets for the student's food, lodging, family trips and modest birthday, holiday and farewell presents in accordance with its own way of living. The student's own family contributes what it can afford, plus clothing, luggage, transportation in his own country and medical expenses for pre-existing conditions.

AFS International pays for overseas ship or plane fares, students' personal allowances, medical expenses, except dental and eye care, illness due to pre-existing conditions and preventive inoculations. AFS pays for necessary transportation within the United States, arrival and departure expenses, and orientation, baggage charges and end-of-the-year bus trip costs.

AFS brings over 3,000 students from more than 60 countries to the U.S. annually, and is also sending approximately 1,400 American students abroad each year.

Application forms will soon be available to a family that is interested. For first hand information as to how successfully it works out in having an AFS student in the home, contact one of the following families who have had or do have an AFS student: Dr. and Mrs. J. M. Brown, Mr. and Mrs. Ed Wolke and Mr. and Mrs. Kent Hall, all of Wayne.

**Survey Reveals High Interest in Community Center**

Many people in Wayne are concerned about the recreation available elderly people, according to a survey conducted recently by volunteer people.

Two hundred-fifty households were contacted during the survey. The survey was conducted to determine whether a recreation center should be established in Wayne, what kind of activities it should offer and how many people would be willing to help get it started and keep it going.

Two hundred and one people said they were in favor of such a community center. Forty-nine were against it. Sixty-one persons said they would be willing to help get the center started or would volunteer their help once it was started.

Asked what kind of activities should be offered the elderly in the center, most people suggested cards, bingo, checkers and so on. However, several suggested such things as having the men repair broken toys for underprivileged children, having the people there available for part-time work if a business in town needed it, offering a metal or woodworking shop and having classes in bridge or knitting.

A public meeting to discuss the results of the survey and determine what steps should now be taken will be held Monday evening at 8 p.m. in the United Presbyterian Church office. The office is located just east of the church in the 200 block of West

Third. Also up for discussion will be the possibilities of financial help from city and state agencies. Conducting the meeting will be the recently-formed citizens committee for a community center. Mrs. Frank Prather is the chairman of the committee. The committee urges civic groups and interested people to attend and take part in the meeting.

**Wayne County Courthouse Roundup**

**REAL ESTATE:** Nov. 12, Henry and Otto and Verona Wantoch to Richard L. Doffin, Vernon L. Delp, and Kyle I. Delp, Lot 12, block 3, original Hoskins, .55c in documentary stamps.

Mr. and Mrs. Chester Biglins, Renton, Wash., and Mrs. Ed Biglins, Gregory, S. D., spent several days last week with Mrs. Walter Savidge.

**Funeral Services Held in Wakefield For E. O. Fenton**

Funeral services for E. O. (Oliver) Fenton, 89, were held Nov. 13 at Wakefield Christian Church. Mr. Fenton died at St. Vincent Hospital, Sioux City. Pastor John Epperson officiated at the rites. Mrs. Epperson sang "Rock of Ages" and Pastor and Mrs. Epperson sang "The Old Rugged Cross." Merle Ring was organist. Pallbearers were Maurice and Harold Olson, Floyd and Paul Gray, Roy Wiggins and Merle Schwartz. Burial was in Wakefield Cemetery. E. O. Fenton was born Sept. 4, 1879 at Ponca. He was married

in 1914 to Bessie Gray. She died Feb. 14, 1963. The couple spent a few years in Elk Point, S.D. early in their married life. In 1926 they returned to Wakefield to make their home. Mr. Fenton was in the trucking business until his retirement a number of years ago. He was a member of Wakefield Christian Church. He was also preceded in death by two brothers and four sisters. Survivors include two brothers, Clarence Fenton, Compton, Calif., and Francis Fenton, Wakefield.

# EDITORIAL COMMENT

The editorial department of a weekly newspaper is an important department. Normally it is one person's opinion of topics that concern most of the readers.

## Does Familiarity Breed Contempt

In a barbershop several men from varying occupations got into a discussion as to whether or not it would be "fun" to be a passenger on the moon-ship, scheduled to orbit that nearest natural satellite in times, just prior to Christmas.

The general opinion among those gentlemen was that they wouldn't care about going along at all! And why? It would be too dangerous.

Involvement in the discussion were two farmers, with leathery faces caused by the not-so-gentle touch of Dame Nature's sun, wind, rain and snow. Farming is not an occupation for men having little courage or stamina, but rather, is a hazardous work demanding a strong physique and indomitable spirit.

It is in fact, many a strong man who constantly faces arduous tasks involving daily danger on the farm believes he would rather remain in the area of his own environmental "dangers" than to risk his life with the astronauts in confronting their "dangers" lurking in outer space.

Our point is this, each occupation has its native dangers which when observed from within the occupation do not seem insurmountable, but when surveyed by someone in another type of work, the hazards seem too many to contend with.

Farming is at the top of the list of dangerous occupations! Can you who farm imagine how your work looks to one who has always lived within a concrete jungle called a "city"?

Think of all the many accidents or things that "could happen" in and around your tractor and its accessories! Today's farmer must not only be a mechanical genius, but also a bookkeeper, chemical engineer, animal trainer, financial wizard, businessman and creative inventor.

Why do you farm when it is so highly dangerous? Probably, among other things, you have a firm belief that you can successfully contend with whatever dangers or hazards arise out of your work, right? Astronauts have the same belief about their work.

What is the real danger? Becoming so familiar with your dangerous occupation that you take chances and risks that are loaded in favor of disaster. Reaching into the mechanical teeth of a clogged complexer without shutting it off, for instance.

You may not agree with an editorial — but if you read the editorial and give serious thought to the subject discussed you have gained. You, as a reader, have given careful thought to an important problem and the writer is proud to have called your attention to an important subject that you may have overlooked.

## Here We Go Again!

When the Johnson administration created the Department of Transportation (DOT) several years ago, there were fears even then that DOT would grow into as massive and powerful a force as is the Federal Aviation Agency in the field of aviation.

Bureaucracy, like the tiny mustard seed, begins small. The FAA started very small but is now only outdistered by the Veterans Administration. What are the taxpayers paying via the FAA for flying safety? Recent statistics show that FAA spends about \$10,000 in administrative costs per licensed aircraft each year.

DOT has "asked" all fifty states to implement a vehicle inspection program or else lose a percentage of federal highway funds. What better way can the taxpayer's arm be twisted than with his own tax dollars?

Nebraska will have the Vehicle Inspection Law and it becomes effective Jan. 1, 1969. What will it cost? It will cost you \$2 for each vehicle inspected. That doesn't sound too bad does it, but remember this means a fifty state total cost of somewhere near the \$100 million mark! This is but a start.

Will the inspection program lessen accidents? Likely not, inasmuch as most vehicle accidents are not caused from mechanical failure, but rather by misjudgments behind the wheel.

Will the inspection stations make big money? No! In fact, there is a good possibility they will lose money, unless the auto owner purchases his auto repairs from the firm doing the inspecting.

Washington's "spendacrats" are not amateurs in getting taxpayers' money spent for "safety's sake". You may be driving your "safe" auto and meet a drunk who steers his "safe" auto right into your radiator! Is it the auto or driver that needs to be made more "safe"?

Over one-hundred Americans are killed daily in traffic accidents, however, in 1969, those who die in such mishaps will be doing it in certified and "serviced" to be safe" vehicles.

Systems to expand the computer use are being developed by three task forces, he said, and the new programs should be ready by the middle of 1971.

## Tips from a Pro

# THE WINTER DRIVER'S BEST FRIENDS

of the Hoover Commission's proposals unacceptable. Robert E. Barnett, the governor's counsel, said team members from the Hoover Commission would be invited to discuss with agency heads those recommendations objected to as unacceptable.

"I believe that with further discussion," Barnett said in a report to the governor, "the recommendations can either be explained more fully to the agency heads so that they will find them acceptable, or the agency heads can explain the operation of the agency in more detail to the Little Hoover Commission so that the philosophy of the recommendation may be implemented."

Barnett said he was studying the "cost savings or cost avoidance figures of all recommendations" and expected to be able to provide a total amount the state could save by implementing the Hoover proposals.

The Hoover Commission—formally known as the Nebraska Management Analysis Study Committee—was appointed by the governor to analyze all phases of state government and recommend methods of improving efficiency.

The commission was financed by Nebraska businessmen and "loaned executives" from firms in the state conducted the investigations.

The governor has promised to offer legislation for the implementation of all the commissioner's recommendations. It has been estimated as many as 100 bills will be introduced in the 1969 Legislature dealing with the commission's proposals.

The recommendation which caused the biggest reaction was one which said the governor should have the authority to appoint the secretary of state, treasurer and attorney general and the legislature should appoint the state auditor. All four are now elected.

## Northeast Extension Notes

by Myrtle Anderson  
Let's Talk Turkey  
Did you know that if Benjamin Franklin had gotten his way in 1782 the Great Seal of the United States would bear a turkey on its face instead of a Bald Eagle.

Today's turkey is even more tender and flavorful than the bird that earned the title of America's traditional feast food. Turkeys are available in sizes and forms to suit every occasion today, and the selection of the bird should be determined by the menu use.

Medium to large-sized birds weighing 10 to 24 pounds are excellent for roasting as whole birds or in halves or quarters. For smaller families, half turkey roasts offer the economical goodness of a large bird. It is possible to buy the larger bird frozen and have it cut in half at the grocery or meat market. Have one half for Thanksgiving and keep the other frozen in freezer for Christmas.

Fresh-chilled turkeys—cooled but not frozen—have a shorter shelf life, are more susceptible to spoilage and are usually more tender due to the aging process. They must be kept below 45 degrees F. however.

Following the processor's directions on the package covering for the frozen turkey in thawing and preparation will insure good eating whenever it is served.

4-H Club News  
Pleasant Valley  
Pleasant Valley 4-H Club met Nov. 4 at Northeast Experimental Station. Yearbooks were passed out. Two new members are Kelly Hansen and Ricky Gathie. Dave Roberts showed slides of his 4-1 trip to Washington, D. C. A Christmas party is planned Dec. 3 at Carroll auditorium. The John Gathies and Otto Hermanns served lunch. Ronnie Magnuson, reporter.

## Capitol News — Roads Department Plans On Six-Year Projections

LINCOLN—The State Roads Department will present the 1969 Legislature with a six-year program for highway construction, according to the new state engineer, Marvin L. Nuernberger.

Traditionally, the department has restricted its projection of construction work to a two-year period. Nuernberger said the long-range outlook will be expanded so that highway system planning can be done on a more orderly basis.

Eventually, he said, 12-year construction programs will be prepared. The emphasis on planning deeper into the future was recommended by the consulting firm of Ernst & Ernst, which studied the highway department at the request of the Legislature.

Nuernberger, who succeeded John Hossack Nov. 1 as state engineer, said the department has completed "an extensive manpower survey." He said every position has been evaluated as to its worth to the department and "adjustments in personnel have been made and will continue to be made to place them in areas suited to their capabilities as well as their abilities."

## County Agent's Column

by Harold Ingalls  
Handling New Cattle  
You can normally expect sick cattle shortly after they arrive in the feedlot in the fall. But careful management during shipment and the first few weeks after they arrive, will help reduce both the number of sick cattle and the severity of disease when it occurs.

Stress during the period beginning with the roundup of the cattle and continuing through the first week in the feedlot, has a strong influence on disease which occurs. Early treatment of sick animals also is very important in reducing weight and death losses in "new" cattle.

Stress can be minimized by: —Quiet and quick sorting, weighing, loading and movement from the ranch to the feedlot. —Filling with good quality prairie or grass hay before loading and immediately after arrival at the lot to prevent starvation. —Giving the cattle a normal fill of water before loading to prevent dehydration and provide flowing water in adequate trough space at stops and after arrival. —Turning a few older cattle in with the new arrivals. —Confined cattle close to feed and water until they have filled adequately.

H. Piventzky, Kirkland, Wash. The W. H. Piventzky's returned to Washington after several month's vacation in Germany and in this area.

## Hays Pursuing Advanced Study

Carl Hays, 309 E. 10th St., Wayne, is among 27 persons, many of them experienced professionals from America's library world, now carrying out advanced studies in the University of Wisconsin Library School at Madison under a fellowship program supported by the U. S. Office of Education.

The fellowships—12 held by doctoral candidates, 5 by specialists and 10 by masters candidates—were provided through a \$176,700 grant to Wisconsin under the Higher Education Act, Title 11B. They aim at producing more highly qualified persons at the higher levels in adult and reader services, bibliographical and information sciences, and children's and young peoples services as well as faculty for library schools.

Mr. Hays, former assistant librarian for reference services at Wayne State College, is a specialist's candidate at the University.

# Wakefield Man Is Optimist

By Morlin M. Wright  
 Charlie Oleson, owner and manager of his own shoe repair shop at 302 Main in Wakefield, is made from that type of inner fibre which jumps into the challenge of the future.

Oleson says, "One has to think ahead to new ideas for successful business expansion." Here is a businessman who practices what he believes, as he is now working experimentally with leather. "Though still experimental," Charlie remarked, "the line of leather garments, tailor-made to order, will provide a new service to my customers."

Thirty-three year old Oleson was born April 1, 1935, at Tyler, Minn., where he also graduated from the public school system. After graduation he spent three years with Uncle Sam's Army, of which two and one-half years were spent in France. Upon being discharged in the spring of 1956, Charlie attended school in Minneapolis, training for the shoe repair field.

Broadening his experience in shoes, he worked as the shoe department manager for Montgomery Wards in Brookings, S.D. for four years, then went into business for himself for one and a half years at Lambert, Minn. In 1964 Charlie moved to Wakefield and opened a shoe shop in conjunction with a clothing store, but was able to open his own business again in 1966 at his present address.

The young businessman is a member of the Salem Lutheran Church where he serves as an usher; he is first vice president in the Lion's Club; and for the past four years he has worked vigorously with the Boy Scout program, of which he is the Assistant Scoutmaster. Versatile Oleson is a member of the John Birch Society, and is a Post service officer in the American Legion, also a member of the County Service Officers Board which consists of a Legion member from each town in the county.

When venturing into his store, one may find the businessman repairing boots, shoes, a heat-house cover, perhaps a tent, or even a combine canvas or conversing with some local individual who is paying their telephone bill, as he handles the collection for Wakefield Bell Telephone service.

Oleson's most recent adventure is working with custom made leather garments on an experi-

CHARLIE OLESEN, versatile Wakefield businessman, says "one has to think ahead to new ideas."

mental basis. He has hired and trained two teenage employees to help him. They are Douglas Backstrom, son of Mr. and Mrs. Alden Backstrom, Wakefield, who has worked for Charlie during the past three years. Judy Gustafson, daughter of Mr. and Mrs. Jim Gustafson, Wakefield, was hired for part-time work about six months ago. Working as a

team, the first project in the leather garment department is a skirt and vest for teenagers.

Charlie believes he lives in a wonderful country where a man with initiative and foresight can still move successfully into the business world. Here is a young manager who is, at least, going to try.

## CONCORD NEWS

Mrs. Jerry Allvin—Phone 584-2440

## Seniors Receive Lockheed Offer

Wayne High's guidance counselor, Kendall Carlson, has announced that 16 scholarships, some worth more than \$10,000 each, are being offered by the Lockheed Leadership Fund to qualified high school seniors planning to start college next fall.

Scholarships provide free tuition and basic expenses at a major college or university for four years plus \$500 a year for personal expenses. Eleven of the awards are in the fields of engineering or science. Five are in business-related fields. The purpose of the grants is to help prepare students for scientific and business careers in aerospace and electronics.  
Seniors who are US citizens and who are eligible to start college next fall may apply, regardless of their race, color, religion, sex or national origin. They will be judged on their leadership qualities, as reflected by school grades and participation in school and community activities.

Since most colleges have early deadlines for the filing of applications, students are urged to contact their principal, science teacher or counselor now on how to apply for a Lockheed Leadership Fund Scholarship.

A FUMBLE stopping Wayne's only scoring opportunity in the third quarter of Friday night's contest had just been recovered by Pierce when this picture was taken on the Bluejay's 12 yard line. The turnover failed to alter the outcome of the game, however, as Wayne went on to score two more touchdowns in the final period while winning its 27-13 season finale.

# WHS Blue Devils End Grid Season with 27-13 Victory

Coach Allen Hansen's Wayne High Blue Devils ended their 1968 gridiron season on a winning note Friday night by overpowering Pierce 27-13 on the Bluejays' home field. The final game victory was Wayne's eighth of the season against one defeat. That loss, to Laurel, prevented the Blue Devils from representing the Western Division in the Husker Conference playoff for the second consecutive year.

Over eleven minutes had elapsed in the first quarter of Friday night's contest before Wayne scored its first touchdown. The score was set up by Blue Devil Defenselessman Vaughn Korth when he tackled Pierce's punter on the Bluejays' 40 yard line as the result of a bad pass from center. Wayne took over on downs and on the next play from scrimmage Junior Fullback Dan Sutherland broke off tackle for 40 yards and a TD. Jerry Titze kicked the extra point with Randy Helgren holding and the Blue Devils led 7-0 with 40 seconds remaining in the first period.

Pierce came right back in the second stanza and added six points to its side of the scoreboard on a ten-yard pass from Mike Nave to Don O'Neal. The touchdown capped a 40-yard drive that began with Wayne's kickoff late in the first quarter. The PAT by Gary Weber failed and Wayne maintained its lead with 9:35 left in the half.

Not content with a one-point margin, Wayne marched 67 yards following Pierce's kickoff and added another TD to its score. An 18-yard pass from Dave Tietgen to Randy Helgren capped the drive. The PAT by Titze was good and Wayne led 14-6 with 4:44 remaining in the half.

Leading rusher for the Blue Devils was Bernie Binger with nine tackles and seven assists. He was followed by Harry Lindner (9-4); Mike Biltorf and Les Echtenkamp (9-3) each;

A QUARTERBACK KEEPER by Senior Dave Tietgen had just added four more yards to Wayne's ground attack in the first quarter when this picture was taken. The Blue Devils amassed 368 total yards, 284 of them on the ground, in posting their eighth victory of the 1968 season.

Neither team threatened seriously for the rest of the half.

Although neither team scored in the third quarter, Wayne had one potential drive abruptly halted on Pierce's 22 as the result of a fumble.

The final period had just begun when the Blue Devils scored their third touchdown on a nine-yard pass from Tietgen to Helgren. The TD capped a 75-yard drive that began late in the third quarter. Again Titze added the extra point as Wayne increased its lead to 21-6 with 9:52 left in the game.

Six minutes later the Blue Devils scored their final touchdown of the season on a five-yard run by Dwayne DeTurk. The score ended a 51-yard drive that began after Pierce fell six yards short on a fourth down and ten situation. A bad pass from center foiled Wayne's PAT attempt but the Blue Devils held a comfortable 27-6 lead with 3:23 remaining in the game.

Pierce decreased the winning margin on its final drive when the Bluejays marched 78 yards on ten plays and scored on a two-yard plunge by Dale Timperly. The PAT attempt was good but the 27-13 score remained intact for the final 28 seconds.

Dan Sutherland was Wayne's leading rusher with 16 carries for 143 yards. He was followed by Randy Helgren with 10 carries for 25 yards and Randy Robins with four carries for 14 yards.

Leading defenselessman for the Blue Devils was Bernie Binger with nine tackles and seven assists. He was followed by Harry Lindner (9-4); Mike Biltorf and Les Echtenkamp (9-3) each;

Vaughn Korth (8-2); Dwayne DeTurk (7-5); Ken Jorgensen (7-4); Randy Helgren (7-3); Steve Mirny (7-1) and Dan Sutherland (6-2).

## Wakefield Scores Win Over Lyons In Season Finale

The Wakefield Trojans ended up on top in a see-saw game with visiting Lyons Friday night to finish the season with a record of three wins and seven losses.

The hosts took the lead in the game in the first quarter but were then forced to come from behind twice as the Lyons tried to take home a win in this conference clash, the last game of the season for both teams.

Bill Gustafson moved the Trojans out front in the first stanza when he bulled over the goal from seven yards out. The extra point was no good and Wakefield held a 6-0 lead at the end of the first quarter.

In the second quarter the Lyons came close to scoring as Curt Going connected on a pass to Chuck Gull. The drive was finally killed when Wakefield's Lyle Brown knocked down another Going pass, giving Wakefield possession on the one yard line. Unable to move the ball, Wakefield was forced to punt from deep in their own territory, only to see the Lyons explode on a fullback draw which went 40 yards into the endzone. The extra point attempt was successful and Lyons moved ahead 7-6 with less than two minutes left in the first half.

Attempting to move after receiving Lyons' kick, Wakefield fans saw Lyons' Paul Hegy intercept an aerial about midfield. A 43-yard run into the endzone by Lyons was called back because of a clipping penalty. The half ended as a Lyons pass was broken up by Wakefield defenders on the one yard line.

Robbie Eaton moved the Trojans out in front early in the third quarter when he scored off tackle from 25 yards out. The drive began with a 40 yard run-back of the opening kick off. The extra point attempt failed but Wakefield held a slim 12-7 lead.

WAYNE'S FINAL TD of the football season was scored on this five-yard run by Sanier Hultback to go situation. The score came with 3:23 remaining in the game on a second down and goal.

# Christmas Is Only 365 Days Away

## Quarterback Club's Annual Dinner Set For Monday Evening

The Tuesday Morning Quarterback Club will hold its annual dinner for all the Wayne High School football players Monday evening at 6 p.m. at Les' Steak House.

Guest speaker for the evening will be John Jermier, head football coach at Wayne State College.

Public is invited to attend the dinner. Tickets can be purchased from Rowan Wiltsie, Gene Fletcher, Larry DeForge or Melvin Froehlich. Tickets cost either \$5 or \$2.50. The \$5 ticket pays for both the buyer's dinner and a football player's dinner. The \$2.50 ticket just pays for the buyer's dinner.

Last year nearly 100 people turned out for the dinner, held at the Wagon Wheel Steak House in Laurel.

# O'Neill Eagles Plucked By Laurel Bears 53-6

Steve Erwin passed for five touchdowns to lead the Laurel Bears in a 53-6 romp over the O'Neill Eagles Friday night. The Bears end their regular season of play with a record of eight wins and one loss and have earned the right to a playoff with Scribner Friday night for the Husker Conference championship.

Paul McCoy, out of action for almost a month after suffering a broken arm in the Laurel-Stanton game Oct. 11, started the rampage for the visitors when he intercepted an Eagle pass and romped 50 yards for a touchdown in the first quarter.

Steve Erwin gave his team a 12-0 lead at the end of the first quarter when he connected for his first touchdown pass, a 20-yard completion to Larry Smith.

The Bears rolled up a 33-0 lead going into intermission on a 10-yard touchdown pass from Erwin to Brent Fahnestock, a touchdown from two yards out by Jim Schroeder and another touch-

down pass by Erwin, this one to Jim Schroeder for 50 yards. Erwin kicked all three extra points. In the third quarter Laurel upped its lead over the Eagles on two more touchdowns, both passes from Erwin. One was an aerial to Brent Fahnestock for 53 yards, the other to Dewayne Stanley for 15 yards. Rod Erwin ran in the extra point after the second touchdown to give the Bears a huge 48-0 lead going into the last stanza.

Jerry Sarha bulled over the goal from 15 yards out and Steve Smith connected on a pass to Dewayne Stanley for the point after and the final score for Laurel.

O'Neill's lone touchdown came in the fourth quarter on a 10-yard pass from Randy Nickeson to Dan Philbrick.

The Bears completely dominated the game both offensively and defensively. They held the Eagles to only 40 yards on the ground and 30 in the air while

racking up a total of 220 yards rushing and 166 yards passing. The Bears' passing attack helped break the backs of the hosts—they completed seven of eleven attempts. Defensively, the Bears were all over the Eagles' receivers—intercepting six Eagle passes and holding the hosts to only two completions in 20 attempts.

Leading rushers for the Bears were Jerry Sarha with 81 yards in four carries and Jim Schroeder with 50 yards in 7 carries. Sarha had one punt return of 70 yards and Schroeder had one of 43 yards.

## Wakefield Wins -

(Continued from page 1)

lead with 8:33 left in the third quarter.

The Trojans saw that lead disappear two minutes later when Chuck Gull scored from six yards out. Gull had started the successful drive when he ran the ball from the Lyons' 27 yard line to the 20 of Wakefield.

Kip Bressler and Leland Miner teamed up to move the ball from their own 40 yard line to the

Lyons 40. Bob Gustafson gained two first downs and Gary Preston picked up five yards before the line broke open a hole for Gustafson and he went in from 20 yards out to move Wakefield ahead once again. Gustafson ran in the extra point to put the Trojans out front 19-13 with only 2:05 left in the third quarter. Lyons failed to take advantage of a Wakefield error late in the fourth quarter. With about 4 minutes left to play in the game, a Trojan runner fumbled the ball and Lyons recovered on Wakefield's 40. They were unable to mount a sustained drive and had to hand over the ball to Wakefield, giving the hosts a 19-13 win.

Wakefield 6 0 13 0 - 19  
Lyons 0 7 6 0 - 13

## Gun Control Law

### Says Some Guns

### Must Be Registered

Anyone having an unregistered machine gun, sawed-off shotgun, short barreled rifle or other gangster-type weapon, or a device such as a bomb, grenade

or land mine, may register it with the Alcohol and Tobacco Tax Division of the Internal Revenue Service without penalty before Dec. 1.

The Gun Control Act of 1968, signed into law last week, establishes a 30-day period for the registration of certain weapons and destructive devices. The requirement does not affect ordinary rifles, pistols and revolvers.

Former servicemen should register any automatic weapon, pistols with shoulder stocks or other National Firearms Act weapon they might have as a souvenir of their military days.

The registration requirement for gangster-type weapons dates back to the National Firearms Act of 1934. There is no federal registration requirement for ordinary rifles, shotguns, pistols and revolvers, although certain controls on the sales of these weapons become effective Dec. 16 as part of the new gun law.

Anyone who possesses a firearm or destructive device, as

defined by National Firearms Act, and who fails to register the weapon before Dec. 1 as required by the Gun Control Act, will be subject to imprisonment up to 10 years, a fine up to \$10,000 or both for each weapon not registered. Under certain conditions, the law provides civil penalties and property forfeitures.

Following is a list of some of the weapons and devices which must be registered: Shotguns with sawed-off barrels less than 18 inches; shotguns less than 26 inches overall with barrels or stock or both sawed off; rifles with barrel sawed off to less than 16 inches; rifles less than 26 inches overall with barrel or stock or both sawed off; any gun that can shoot or be made to shoot more than one shot with a single pull of the trigger; DEWATA's—weapons deactivated by closing the barrel with welding material and registered under the Deactivated War Trophy program must now be registered;

a pistol or revolver with smooth bore barrel that will fire a shotgun shell; a silencer or muffler for any gun, weapon or firearm; an explosive, incendiary or poison gas bomb; heavy caliber shoulder guns with a bore in excess of one half inch not designed for hunting or sport shooting.

This list is not complete. Further information can be obtained from Alcohol and Tobacco Tax Unit, Internal Revenue Service, Room 2513 New Federal Bldg., 17th and Capitol Streets, Omaha 68102.

**EARLY SCORES.** Two bucks taken early Saturday by Wayne deer hunters were in the five-point bracket. Photo above shows Leslie Dosecher with his trophy whitetail taken about 8:30 a.m. in the Allen area. The deer weighed 175 pounds, field dressed. Below Vern Schulz shows off the 160-pound field-dressed whitetail he shot near Wisner about 8 a.m. Schulz' son Rocci, 4, casts a worried eye at the photographer.

**PINE RIDGE RUNNERS.** These two 18-pound gobblers were taken by Charles Carhart, Neigh, right, and Bill Richardson, left, hunting in the Crawford area the first weekend of the Nebraska turkey season.

QUARTERBACK CRAIG SCHULTZ gets tripped up by Emerson-Hubbard's Duane Kubik in Friday's season finale for both teams. Also identifiable are Allen's John Warner (70) and Kenney (62) and Emerson-Hubbard's Steve Schwarzen (51).

never let the hosts penetrate beyond their 30 until the closing seconds of the game.

Leading the Eagles defensively in Friday's action were Bob Meyer with two tackles and 10 assists, Rick Hank with three tackles and nine assists, Larry Carr with three tackles and five assists, Craig Schultz with one tackle and six assists, and Curt Wheeler and Mike Isom with two tackles and four assists each.

Summary statistics table for the game between Emerson-Hubbard and Allen. Includes scores, first downs, yards rushing, yards passing, passes completed, punts/average, fumbles/lost, and penalties.

SHOESTRING TACKLE by Allen's Craig Schultz slowed up Emerson-Hubbard's Rich Anderson enough so that other tacklers could bring him down. Rushing in to give Schultz a hand are Jerry Werner (76) and Larry Carr (20).

or his tactics. "If we can't beat them this late in the season then it's our tough luck."

His starting lineup will not include left halfback Dave Dietrich or right halfback Tom Erwin. Dietrich suffered a torn ligament in his knee during the game with Wayne. Erwin had a bone chipped in his back during the Crofton game.

Tickets for Thursday's game will cost \$1 for adults and \$0.50 for students.

Emerson-Hubbard Blanks Allen Eagles 18-0 in '68 Season Finale Friday Night

It has to happen to about every football team sometime or other—they look better in the statistics department than the other team but they end up on the short end of the scoreboard. It happened to Allen Friday night against Emerson-Hubbard.

Allen finally mounted its first sustained drive in the game after Al Smith ran the kick out to the 27. The drive took them to the 26 of Emerson-Hubbard and included a 39-yard pass completion from Craig Schultz to Tom Maggart and an eight-yard run by Smith, but the reversing of the field must have affected the Eagles because they were thrown clear back to the 35 and faced a fourth and 24 situation in the opening seconds of the second quarter.

Allen's next sustained drive came in the third quarter when Rick Hank pirated a Pirate pass on his own four and ran the ball to the ten before being tackled. A pass from Schultz moved the ball to the 42, but the drive fizzled out on the 45.

The Pirates scored heavily in the game, twice in the first quarter and once in the third, but were held to only three first downs while giving up nine to the visiting Eagles. The two teams were close in total yards gained—Allen had 110, Emerson-Hubbard 170.

After several more exercises for the punters on each team, Emerson-Hubbard keyed off on another Allen mistake when they jumped on the loose pigskin on Allen's 25 after it was bobbled by an Allen man accepting the punt. A pass from Brown to Pat Sarzel put Emerson out front 18-0 with only :52 left in the third quarter.

Both teams have cavorted to large wins over almost every opponent this season. Scribner ended its season with its record unmarred at nine wins and no losses, while Laurel's record was spotted only once, early in the season when they visited Pierce and came home second best.

The Pirates' three touchdowns all came on passes, two from Quarterback Bill Brown. The first one came shockingly early in the game—the first play from scrimmage after the Pirates accepted the Eagles kick. The play was a reverse which covered 45 yards for the first score in the game.

Allen came close to scoring with less than five minutes in the game when a 15-yard penalty

Laurel Bears Will Try Bringin' Home the Bacon

Two strong northeast Nebraska football teams will square off today (Thursday) at 2 p.m. at Scribner in a do-or-die game to determine the Husker Conference Champions for 1968.

Laurel will represent the Western Division and Scribner will stand up for the Eastern Division.

The Scribner Trojans were the ones who finally ended West Point's long winning streak at 32 games when they treated the visiting Cadets to a 25-14 loss in their third game of the season. Prior to that feat, the Trojans had walloped Pender, 33-7, and shut out Lyons, 27-0. They gained their perfect season by taking wins over North Bend, 23-7, Wisner, 47-19, Hooper-Euhling, 25-6, Tekamah, 7-6, Wakefield, 54-12 and Oakland 31-13.

from their 14-19 loss to Pierce in their third contest of the season to finish in strong fashion. Their late-season surge included the all-important win over the Wayne Blue Devils. Their season record of eight wins and one loss includes the victories over the following teams: Bloomfield, 34-7, Neligh, 39-6, Plainview, 58-7, Stanton, 37-6, Crofton, 33-0, Madison, 51-0, Wayne, 19-7 and

O'Neill, 53-6. Vince Brammer, head football coach of the Laurel Bears, said he expects a tough game against Scribner. "They have a big line and a big backfield and we're going to have to stop them," he noted.

Brammer said he will go into the game without making any drastic changes in his lineup
