

Proposed Winside Elementary School Building

Winside Voters to Decide Dec. 3 on School Bonds

District 95R voters, Winside, will go to the polls Dec. 3 and decide whether or not Winside will have a needed new elementary building. The bond issue will be for \$495,000, which, if passed, would provide funds to erect a new elementary facility that would be located immediately south of the present high school and contain a multi-purpose room and hot lunch quarters for both the elementary and high school students.

Also included in the project is a complex of three rooms for the high school and public restrooms much needed particularly when the school is hosting football or basketball games.

Pana-Larson-Hoube and Associates, Omaha, have designed the proposed building with present needs in mind, and also have drawn into the plans those features which would allow for expansion, if need be, at some future date.

Total cost of the entire project is estimated at \$524,000, but by the use of funds already on hand in the building fund, the bond issue will amount to \$495,000.

Cost of the project to the individual taxpayer will be approximately 5 1/2 mills per year. There is presently a 2 mill levy for a building fund. If the bond issue is passed, there will be an increase of only 3 1/2 to 4 mills.

Winside's Community Club is sponsoring a meeting at the Winside auditorium tonight at 8 p.m. to discuss the new elementary project. The public is invited to attend and ask questions. Members of the Board of Education and the school's administrative staff will be present to answer inquiries.

elementary and high school students.

Mrs. Ley Heads College Campaign

Mrs. Henry Ley, Wayne, is chairman of the northeastern Nebraska committee for the Acceleration Program of Augustana College, Rock Island, Ill.

Mrs. Ley is an alumna of Augustana, which is seeking to raise \$2.9 million in private funds for new campus buildings.

A kickoff dinner for the Sioux City area and the northeastern Nebraska area was held Monday night at the Rodeway Inn, Sioux City. It was the 56th of 76 area campaigns to be launched throughout the country. Gifts to the Acceleration Program now exceed \$2.5 million.

Name Elary Rinehart Divisional Manager

Elary Rinehart of Wayne has been appointed divisional manager of Waddell & Reed, Inc., national distributor of the United Funds group of mutual funds.

A graduate of Chillicothe Business College at Chillicothe, Mo., Rinehart is a member of the Lions Club at Laurel. He owned Rinehart Food Centers for 21 years. He served with the U. S. Air Force as a pilot and gunner for 38 months during World War II.

Waddell & Reed maintains 300 offices throughout the nation. It is principal underwriter and investment manager of the United Funds group of mutual funds, the nation's third largest mutual fund organization. United has more than 330,000 shareholders and net assets in excess of \$2.5 billion.

Chest Drive Nearer Goal

Nearer the goal, but still short—that was the Saturday report on Wayne's Community Chest giving. Campaign Chairman Darrel Fuehlberth said gifts and pledges reached \$7,200.

The goal is \$8,400 to give seven agencies the amounts allocated by Chest directors. Of the total goal, \$2,900 is budgeted for the Wayne Youth Program.

Several business firms have not reported the contributions of employees. Where there are enough gifts coming in to top the goal remains in doubt, but Fuehlberth said he is optimistic that firms and individuals will give enough—and perhaps increase gifts already made—to make the campaign successful.

AFS Fund Drive for Exchange Pupil

Wayne Chapter of the American Field Service will sponsor a fund raising drive to help support a foreign exchange student for next year at Wayne High School.

Tonight (Monday) between the hours of 6:30 p.m. and 8:30 p.m., about 60 students, with Kiwanis Club members as drivers, will be selling AFB Christmas note cards from house to house.

These cards feature multi-colored pictures depicting the Christmas season from an international point of view, and have been designed by a foreign exchange student or AFS chapter members.

Note packages contain ten cards and envelopes with varying designs. Anyone desiring these note cards but not contacted, please see or phone one of the following AFS card committee members: Mrs. O. K. Brandstetter, Mrs. Ed Wolke, Mrs. Max Lundstrom, Mrs. J. M. Brown or Mrs. Howard Witt.

Chamber Elects

Four men were elected this week to serve on the board of directors of the Wayne Chamber of Commerce.

Chosen were Gene Fredrickson, Kent Hall, Arnold Reeg and Roger Fider.

Leaving the board will be Ted Armbruster, currently president of the Chamber, Kurt Otto, Robert Carhart and Norm Mordhorst.

Remaining as carry-over members are Robert Merchant, Francis Haun and Robert Lund.

New directors will meet with the present board to familiarize themselves with work of the board, then take office as of Jan. 1.

Start City Building Study

Task force committee members Friday noon heard Dave Ewing make a presentation offering property of Wayne County Public Power District to the city of Wayne.

Ewing outlined qualifications of the building and the land and its possible adaptation for a city clerk's office, fire station, police station and other city services.

Included in the offer was the pole yard owned by the district at the south end of Lincoln street and the 40 x 64 steel building on the pole lot.

The power district, Ewing said, is interested in moving to a more central location in the district it serves, but is not great hurry to make the move.

City Council members have already considered the purchase of the property but have not accepted or rejected the proposition.

The property containing the power district offices is located at the corner of Third and Lagan and includes office space, a vault, a 4-bay garage, private offices and a large meeting room, which Ewing said he felt could be used as a city office building and provide space for fire and police needs at the same time.

Task force members felt the council should inspect the property for a feasibility study before any action is taken, and at the same time make a study of possible future uses of the present hospital building, city office needs, remodeling costs of existing property that may be acquired and power and heat costs of existing buildings now in use so comparative facts may be presented to the council for consideration.

Task Force Chairman Bob Merchant assigned fact-finding chores to committee members so the comparative studies could begin immediately.

To be included in the study is the present fire hall, present city offices and city auditorium, hospital, new construction of a complete city complex of offices and the recently approved \$30,000 addition to the present fire hall.

Task force members recently requested the council to postpone letting of bids on the \$30,000 fire hall addition long enough to allow the force to try to find another solution to the problem of procuring space for city offices and fire needs.

VISIT LIBRARY. First Trinity Lutheran school at Altona visited the Wayne Public Library Thursday in observance of Children's Book Week. Shown here with their teacher, Richard Schuler, left, are Arnold Siefken Jr., Kathy Reinhardt, Paul Youngmeyer, Brad Pflueger, Mike Pflueger, Larry Meyer, Randy Nissen, Christy Pflueger, Carol Pflueger, Gina Stuthman, Janet Splittgerber, Mark Greenwald, Layne Matta, Joel Stuthman, Brian Magnuson, Cathy Pflueger, Robin Nissen, Tom Stuthman, Lonnie Matthias, Neal Greenwald, Marie Pflueger, Christy Stuthman, Lisa Magnuson and Marly Pflueger. Parents helping bring the students included Mrs. Arnold Siefken, Mrs. Don Matthias and Mrs. Les Youngmeyer.

Staley: Get Collective Power

An estimated 1,000 people participated in a sausage feed Wednesday evening in the Wayne City auditorium, sponsored by Wayne County members of the National Farmers Organization.

Mayor Koplin welcomed members and guests in the opening ceremonies. Ted Armbruster was master of ceremonies and Wayne County NFO Chairman, Roland Victor made brief remarks.

Oren Lee Staley, Rea, Mo., NFO President, was the featured speaker. Staley, 44, operates a diversified farming operation and raises purebred Shorthorn cattle. He was elected first National president of NFO and has served the organization in that capacity since.

Staley opened his remarks by saying, "It is particularly gratifying to me to be able to come back to Wayne County, Nebr., for several reasons. One is that I have been here before in the early days of our organizational effort of our collective bargaining program."

"It is gratifying to come back to this area for another reason, and that reason is, that no longer are we just talking about a philosophy, but as I outline the specific steps and progress that we have made, I believe that we can all agree, that we are not talking about philosophical future yearnings, but rather we're talking about things we're doing now that have come about as a result of our long, hard and untiring efforts, as so many people who make up the NFO know."

Staley continued, "We are today living in an organized economy." He then made the comparison of the auto industry saying "the automobile that you must buy in Wayne, Nebr. has a price that was determined on that automobile before it was ever manufactured."

He then described how the number of dealers throughout an area are limited, and by product control, investments are protected, and the industry is able to make a fair profit.

The NFO President continued to describe how large segments of working people have organized to protect their particular section of the economy to gain better working conditions and wages. Teachers are now also organized.

the past, on the price that the seller receives."

"We in rural America, whether we are farmers or small businessmen in rural America, must realize that our economy is tied to the price level, the profit level, that the farmers receive, or get for their products." Then Staley pointed out what would happen if farmers failed to make enough on their products in order to pay bills or buy equipment and merchandise needed, and as to how it affects the economy.

"The people in rural America are really the forgotten people, and with all the attention paid to the other problems in our nation, we are seldom mentioned. In an organized society, those that remain unorganized are going to get weaker and weaker," he emphasized.

"The NFO today must meet and is meeting the challenges of this year and the years ahead," he stated.

Staley likened a farmer's need for wisdom in collective bargaining to be like that of a football team, which has a huddle after each play, in order to determine their own destiny. No one else can do it for you or should do it for you."

The NFO President stated that the organization had now increased from 29 states to 41 states in the last 12 months, and that "the NFO can be no stronger than the people that make up the organization." He announced the Dec. 4 and 5 national NFO convention which is to be held in St. Louis dealing with analysis of collective bargaining.

Wives of Wayne County NFO members prepared the sausage supper. Entertaining the crowd with music during the evening were the "Hungry Five" and Harlan Brugger, Winside, on the electric organ.

Laurel High Class Play Starts Tonight

Laurel High School juniors and seniors will present their class play tonight (Monday) and Wednesday evening at 8 p.m. in the high school auditorium.

Scheduled this year is a three-act drama, Molly Morgan, based on a play by John Steinbeck. The play is about a young woman fresh out of college and so eager to get a career school position that she pretends her family is socially prominent although her father is a shiftless man. A local bully enrolls to "have fun" with the new teacher and makes life miserable for her.

Ann Pedersen was selected to play the lead role of Molly. Other members of the cast include: Lee Dahl, Debbie Nor-

A WILD ENDING. Allen High School's junior class presented "Desperate Ambrose" Friday and Saturday night. The three-act comedy ends with the bad "bad guys" sprawled on the floor and the "good guys" getting the women. The action takes place in Dead Man's Gulch during 1800 and centers around Ambrose Groves, a mild-mannered young man from the east. Student director of the play was Lucinda Mierchert.

Wayne Co. to Have Food Stamp Program

When will the Food Stamp Program go into operation in Wayne County?

[That is the question probably uppermost in the minds of folks who are expected to benefit from the program which Secretary of Agriculture, Orville L. Freeman, announced Monday will be extended to this area.]

The Food Stamp Program, to be administered by the Nebraska State Welfare Department in cooperation with the U. S. Department of Agriculture's Consumer and Marketing Service, helps low income and public assistance families to upgrade their diets and helps to expand food markets.

While welfare officials carry out their tasks, food stamp workers for the Consumer and Marketing Service will be busy getting in touch with retail grocers, bankers and others who will be involved in program operations. A small office may have to be established where the food trades will have ready access to C&MS personnel who approve food trade.

See FOOD STAMPS, page 3

Kordsmen Will Harmonize at Carroll

Carroll's churches are unitedly sponsoring a special gospel singing concert Nov. 26 featuring the Kordsmen Quartet from Nelso. The 7:30 p.m. program will be held in the Carroll auditorium.

Quartet members are David Ratzliff, first tenor; Dale McKnight, baritone; Tim Petersen, bass; and Jerry Schrader, lead tenor. Earl Henry McNare will be featured at the piano, accompanying the Kordsmen.

Many of the songs used by the Kordsmen are original. They have cut several records and have traveled nationwide with their unique presentation of gospel singing.

There is no admission charge but a free will offering will be taken. A luncheon of coffee and cookies will be served following the concert.

Public is invited.

Gary Lorenzen Fund Stands at \$846

Total for the Gary Lorenzen fund now stands at \$846.75. Groups and individuals have been contributing to the fund to help defray costs of hospital care for Gary who is still recovering from a severe abdominal operation in Omaha.

Kristi Kane spent the weekend in the Joe Svoboda home, David City. Mr. and Mrs. Doug Kane and family went to David City Sunday to attend the wedding of Theresa Svoboda and Ron Hammond. He is a cousin of Mrs. Kane. Kristi was a junior bridesmaid in the wedding.

A farewell coffee was held Monday for Mrs. Agnes Duffy, Mrs. Ellery Pearson, Mrs. Lillian Kenney, Mrs. Mave Ahern, Mrs. Anna Hansen and Mrs. Charles Whitney were guests. Mrs. Duffy will be leaving for California.

Robert I. Jones, Marion Glass, Mrs. Vernie Huribert, Mr. and Mrs. Keith Owens and Mrs. Jack Kavanaugh met Saturday evening at the Charles Whitney home to plan the visit of the Kordamen Quartet of Neff. The Kordamen will sing Nov. 26 at the Carroll Auditorium. The event is sponsored by churches of the community with Robert I. Jones, chairman of the planning committee.

...and let us
GIVE THANKS

This Thanksgiving Day let us remember, as did our Pilgrim fathers before us, to give thanks for the prosperity we enjoyed in the past year. We who share in the blessings of a good life should lift our voices in prayerful thanks for the abundance of our festive board, spiritual freedom and boundless opportunities. We have watched with pride as our friends and family blossomed... our community prospered in this land we can proudly call our own. Now, when we pause to take stock of our joys... let us not forget ours is a hard-won heritage, one we have worked for, fought for. Let us pledge to reaffirm our faith in this heritage and determine to preserve and cherish it...

... this is the time for
THANKSGIVING

Every Team Makes All-Star Squad

Every team in the West Division Husker Conference placed players on the first All-Star Team selected by division coaches and The Wayne Herald.

Laurel, West Division Champions, had the most number of players selected for the honor, five, followed closely by Wayne with four. Madison placed three men on the team, Bloomfield and Pierce each had two players selected and Neligh, Plainview and Stanton each had one player on the team.

Three men impressed the eight coaches highly enough to rate positions on both the offensive and defensive teams. Wayne's Bernie Binger made both offensive guard and defensive line-backer, while his teammate, Harry Lindner, was selected for both offensive tackle and defensive lineman. Laurel's Larry Smith made the offensive team as tackle and the defensive team as lineman.

Boyce was a strong blocker who made the defensive position work hard. His parents are Mr. and Mrs. Don Boyce, Wayne.

Bernie Binger, Wayne, guard—Like his teammate, Lindner, Binger averaged about 12 tackles per game as the Blue Devils went about winning eight and losing one. Binger, a senior, also helped his team by centering on all the punts and extra points. Coach Hansen said Binger never failed to give more than expected every night in practice. He has earned three letters in football and has also lettered in wrestling and track. His parents are Mr. and Mrs. Erwin Binger of rural Wakefield.

yards on pass completions in the 10 games this season. Coach Dale Lortz, first year at Plainview, said Pittack showed very good spirit in spite of the team record of no wins, nine losses and one tie. Pittack has lettered in football, basketball and golf.

A senior, he stands six feet, one inch and weighs 160 pounds.

backer—Binger was also selected by the coaches for the guard position on the offensive eleven.

Jim Schroeder, Laurel, line-backer—Another Junior, Schroeder stands an even six feet and weighs 165 pounds. Coach Brammer called him an all-around good player who could play both defensive halfback and offensive fullback. Sixteen years old, Schroeder intercepted six passes this year and made 42 tackles. He also ran the ball 129 times for 685 yards, and made six touchdowns for the Bears. His parents are Mr. and Mrs. Clayton Schroeder of Laurel.

Two Area Gridders on All-Area Team

Wayne's Bernie Binger and Laurel's Larry Smith have been selected for the 1968 Channel 9 all-area high school football team.

The two players will appear on a special show on Channel 9 Dec. 2 at 10:35 p.m. Appearing with them will be their coaches, Allen Hansen of Wayne and Vince Brammer of Laurel.

WHS Successful 8-1 Season Explained by Grid Statistics

Team statistics were indicative of the successful 1968 football season Wayne High School enjoyed while posting an 8-1 record under the helm of Coach Allen Hansen. The Blue Devils scored 291 points and held their opponents to 67 points in the process of netting down second place in the Husker Conference (western division).

Wayne more than doubled its opponents' total offensive yardage as the Blue Devils amassed 2892 yards as compared to the opposition's 1084 yards. Included in the local grid's total offense were 1939 yards rushing (384 plays) and 953 yards passing in 50 completions out of 115 aerial attempts.

Individual statistics found Dan Sutherland leading the Blue Devil rushers with 89 carries for 630 net yards. He was followed by Randy Helgren (78-359); Dwayne DeTurk (58-334); Randy Robbins (24-109); Les Echtenkamp (21-109); and Dave Tietgen (41-108).

Leading passer for Wayne was Dave Tietgen who completed 36 out of 80 passes for a total of 906 yards. Tietgen threw 12 touchdown passes and was intercepted four times. He was followed by Ted Armbuster who completed 11 out of 10 passes for 102 yards. Armbuster suffered one interception.

Randy Helgren was the Blue Devils' leading pass receiver with 16 receptions for 207 yards. He was followed by Doug Maurer (9-185); Jerry Titze (9-160); Dwayne DeTurk (6-121); and Dan Sutherland (5-67).

Leading scorer for Wayne was Harry Helgren with 51 points. He was followed by Jerry Titze with 37; Dan Sutherland and Dwayne DeTurk with 36 each; Doug Maurer with 34; Dave Tietgen and Randy Robbins with 18 apiece; and Les Echtenkamp with 13 points.

Forty-eight Blue Devils received "W Club" letters as a result of their efforts during the season. Seniors include Bernie Binger, Tom Donesla, Dwayne DeTurk, Chuck Fisher, Ethon Guzman, Harold Hamilton, Steve Hix, Jody Hoogner, Harry Lindner, Jim Lutt, Wayne Magdant, Jerold Meyer, Steve Mraz, Doug Nelson, Dan Roberts, Alan Thompson and Dave Tietgen.

The selection of the players for the All-Star Team was made by the eight coaches of the West Division Husker Conference with the help of The Wayne Herald.

Division coaches are: Wayne, Allen Hansen; Laurel, Vince Brammer; Stanton, Steve Brown; Pierce, Boyd Blumenkamps; Plainview, Dale Lortz; Madison, Jim Fisher; Neligh, Marvin Vrooman; and Bloomfield, Gary Tramer.

Larry Smith, Laurel, tackle—Six feet, four inches, Smith caught 13 passes for five touchdowns over the season. He also made 96 tackles and assisted in 33. A senior, Smith has earned three letters in football and one in basketball. He was a starter on the basketball team last year. He is the son of Mr. and Mrs. Bud Smith of Laurel.

DEFENSIVE TEAM

Dennis Maple, Neligh, lineman—Averaging over 14 tackles per game, Maple figured strongly in Neligh's late-season showing in the conference, according to his coach, Marvin Vrooman. Maple has earned four letters in football and has also lettered in wrestling and track. He qualified for state competition on the mats in 1966 and was runner-up in state competition in the 180-pound class last year. A senior and 17 years old, Maple is also outstanding scholastically—he ranks second in his class.

Randy Brooks, Stanton, line-backer—Brooks is a 17 year-old senior who has lettered all four years in football. His coach, Steve Brown, said Brooks had a good ability to read the opposition's plays and could often sense where the ball was going. Brooks stands five feet, nine inches and weighs 160 pounds.

Binger, middle linebacker for the Wayne Blue Devils much of the season, is the 17-year-old son of Rev. and Mrs. Erwin Binger of rural Wakefield. He also centered on all the punts and extra points during the season.

Smith, son of Mr. and Mrs. Ed Smith of Laurel, helped out on both offense and defense as the Bears rolled to championship honors in the West Division of the Husker Conference. He is 17 years old.

Both young men are seniors.

thirteen seniors and four juniors made it on the All-Star Team. Only one sophomore was selected by the coaches as worthy of the honor. Laurel's Steve Erwin, who quarterbacked for the division champions.

Following is a rundown on each of the players selected:

Steve Erwin, Laurel, quarterback—Only 15 years old, Erwin was the only sophomore selected to the All-Star Team. Erwin passed 73 times for 887 yards and 15 touchdowns as he led the Bears to the division championship. Six feet, four inches and 175 pounds, Erwin also carried the ball 49 times for 89 yards. Coach Brammer said Erwin played offensive end last year in football and switched this year to quarterback. The son of Mr. and Mrs. Verdel Erwin of Concord, he gained a letter in basketball as a freshman when he was a starter on the squad.

Craig Lemke, Bloomfield, lineman—Coach Gary Tramer said Lemke, a senior, was just as strong and important on offense as he was on defense. He was the leading pass receiver on offense for the Bees, and stopped the opposition from going around his end on defense. Lemke is six feet, two inches and weighs 180 pounds. He has lettered in football, basketball, track and cross country.

Mike Hoffman, Bloomfield, defensive back—Playing defensive halfback most of the time, Hoffman was the leading tackler for his team, gaining about 30 tackles and assists over the season. He was also a strong ball carrier despite his size, five feet, eight inches and 145 pounds. Hoffman, a 17 year-old senior, has lettered all four years in football and has also gained letters in basketball and track.

WRESTLING DEMONSTRATION. Coach Don Koenig staged a wrestling demonstration for parents on the stage of the lecture hall following open house Tuesday night at the High School. Dave Ellis, standing, is about to be thrown as part of the program. Other wrestlers participating are Steve Hix, Rick Ginn, Bruce Ring and Steve Hall.

OFFENSIVE TEAM

Brent Fahnestock, Laurel, end—An 18 year-old senior, Fahnestock caught 20 passes over the season for 378 yards and scored seven touchdowns. His coach, Vince Brammer, described him as a very good pass receiver and probably one of the best downfield blockers he has ever seen. He has lettered twice in football and earned letters in both basketball and golf. Fahnestock is six feet, four inches and weighs about 170 pounds. His parents are Mr. and Mrs. Bill Fahnestock of Laurel.

Larry Lindner, Wayne, tackle—Lindner, six feet, one inch and 185 pounds, played both offensive tackle and defensive middle guard for Coach Allen Hansen's Blue Devils. Hansen described him as strong, swift and full of desire. A senior, Lindner averaged about 12 tackles a game. He has earned three letters in football and one in basketball. His parents are Mr. and Mrs. Herman Lindner of Wayne.

Harry Lindner, Wayne, lineman—Lindner, six feet, one inch and 185 pounds, played both offensive tackle and defensive middle guard for Coach Allen Hansen's Blue Devils. Hansen described him as strong, swift and full of desire. A senior, Lindner averaged about 12 tackles a game. He has earned three letters in football and one in basketball. His parents are Mr. and Mrs. Herman Lindner of Wayne.

Jim Brom, Madison, defensive back—Although only five feet, six inches and weighing 145 pounds, Brom impressed his own coach this year by his strong playing on both offense and defense. A senior, Brom has lettered all four years in football and has also earned letters in track. He is 18 years old.

Wayne Wrestling Squad Totals 50

Coach Don Koenig has about 50 boys out for wrestling at Wayne High School this year, a good increase over last year's turnout of about 35 boys.

Forming the core of his squad this year will be nine returning lettermen: Dale Peterson (195 pounds); Chuck Peterson (103); Steve Hall (112); Doug Maurer (145); Steve Hix (120); Randy Lutt (133); Bernie Binger (165); Alan Wischoff (heavyweight); and Dan Stiefen (154).

This season's competition for the mat men includes 14 matches and the district and state competition. First action for the wrestlers is Saturday, Dec. 7, when Wayne plays host to Plainview. Action gets underway at 6:30 and 7:30 p.m. in the high school gymnasium.

Following is the season's schedule for the Wayne High wrestlers: Dec. 12, at Fremont Bergan; Dec. 16, Blair; Dec. 21, Wahoo Invitational Tournament; Jan. 4, Schuyler; Jan. 6, at Plainview; Jan. 9, Norfolk High; Jan. 14, Neligh; Jan. 17, at Albion; Jan. 21, at O'Neill; Jan. 28, Wakefield; Feb. 1, Albion Invitational Tournament; Feb. 3, at Neligh; Feb. 8, Husker Conference Tournament at Neligh; Feb. 14-15, District Tournament and Feb. 21-22, State competition.

Mike Mazuch, Madison, guard—Coach Jim Fisher pointed to Mazuch's high school record in sports when asked about his performance—Mazuch has lettered all four years in football. He stands six feet, one inch and weighs 170 pounds.

Roger Boyce, Wayne, center—This is Boyce's first year at Wayne High. He lettered in football last year as a sophomore in his high school in Smith Center, Kan. Coach Hansen said

Dave Dietrich, Laurel, running back—Dietrich makes up for his small stature, five feet, eight inches and 150 pounds, by his great speed—he runs the 100-yard dash in 10.2 seconds. Injured in the eighth game of the season, Dietrich was unable to play in the last two games. But in those games he did play in he built up some nice statistics. He caught three passes for a total of 100 yards, gained 22 yards on punts, returned a punt back five kicks for 14 yards and carried the ball 86 times for 553 yards. Dietrich holds the record for the 100-yard dash at Laurel High and was also on the team which set the 880-yard relay record. Dietrich is a senior and is the son of Leo Dietrich of Laurel.

Bruce Tomasek, Pierce, lineman—A 16 year-old junior who stands six feet, one inch and weighs 245 pounds, Tomasek is called "Tank"—affectionately by his teammates, not so affectionately by his opponents. He earned the name partially because of his treatment of the opposing team, which he treats roughly every chance he gets. He particularly likes to make the passers' job a tough one. Tomasek is the son of Mr. and Mrs. Arnold Tomasek of Pierce.

Phil Witt led his teammates in number of points gained toward membership in the Defensive 100-Point Club. He had 87 points. Points are given for tackles, fumbles recovered, passes intercepted, blocked punts or extra points, passes knocked down and fumble recoveries and pass interceptions which are returned for touchdowns.

Wayne Wrestling Squad Totals 50

Coach Don Koenig has about 50 boys out for wrestling at Wayne High School this year, a good increase over last year's turnout of about 35 boys.

Forming the core of his squad this year will be nine returning lettermen: Dale Peterson (195 pounds); Chuck Peterson (103); Steve Hall (112); Doug Maurer (145); Steve Hix (120); Randy Lutt (133); Bernie Binger (165); Alan Wischoff (heavyweight); and Dan Stiefen (154).

Wildcats Vote Bob Wacker Outstanding

Bob Wacker, a senior who gained 232 yards rushing for an average of 3.7 yards per carry and who racked up 37 ball carriers, was voted the most valuable player of 1968 by his teammates on the Winside Wildcat football squad.

Voted outstanding junior for the year was Phil Witt. Witt had 65 tackles and two pass interceptions over the season. One pass interception he ran back for a touchdown.

Dennis Wade was voted outstanding sophomore, and Larry Cleveland earned the honor among the freshmen. Wade's performance included 47 tackles and one fumble recovery; Cleveland's three tackles.

Doug Deck led in the rushing department, gaining 107 yards in 23 carries for an average of 4.6 per carry. Others strong in the rushing department included Robert Wacker with 232 in 62 carries for 3.7 average; Dave Witt with 40 in 11 for a 3.6; Keith Wacker with 390 in 155 for a 3.4; Kirt Schellenberg with 175 in 53 for a 3.3 and Bob Jackson with 99 in 44 for a 2.2 average.

Others gaining on the ground this season were Gary Soden, Terry Cleveland and Dale Miller.

Bob Wacker

During the 1968 Nebraska fire-arm antelope season, 1,420 animals were harvested making hunter success better than 81 per cent.

FISHING GOOD. A recent salmon fishing trip to Alesse Rapids, Ore., paid off well for Harry Schulz and Harold Severs. Fishing with Mr. and Mrs. Ray Schulz, former Winside residents, the group took salmon on casting rods and salmon eggs. Weight of the fish ranged from eight to 14½ pounds. Pictured with part of their catch are Mr. and Mrs. Ray Schulz. Ray is a brother to Harry Schulz.

LAUREL BEARS ANNUAL BANQUET featured Dewey Halford as guest speaker. Listening to Halford are (from left) James Withee, superintendent, Vince Brammer, head football coach, and Larry Moore, head basketball coach.

Bears Banquet Draws Large Crowd

A crowd of over 150 people attended the annual Laurel Bears banquet Wednesday evening in the high school auditorium. Doing the work for the dinner were the mothers of the football players.

Guest speaker for the evening was Dewey Halford, head football coach at Morningside College in Sioux City. He congratulated the Bears for their fine showing this year (eight wins and two losses) and for their willingness to stand up and be counted. He emphasized that football is a good sport for young people to take part in because it demands courage, confidence and self-control.

Included in the night's activities were the presentation of letters to members of the Bears team and showing of films of some of the season's action. Announced during the evening was the selection of Tom Erwin and Larry Smith as co-captains of the Bears and the decision to make Bill Norvell of Laurel an honorary member of the L Club.

A John Deere Exclusive --

WARRANTY

JOHN DEERE AGRICULTURAL EQUIPMENT

Highlights of John Deere Warranty

EQUIPMENT WARRANTY — 12 MONTHS — HOURS UNLIMITED.

All parts of John Deere equipment, except tires, tubes, radios, batteries and air conditioners will be repaired or replaced, as John Deere elects, without charge for parts or labor if a defect appears within 12 months from the date of delivery to the original purchaser, regardless of the number of hours of use.

EXTENDED ENGINE WARRANTY — 24 MONTHS/1500 HOURS.

In addition to the above warranty, engine blocks, cylinder heads, crank case pans and timing gear covers of engines, and the parts enclosed in those units, will be repaired or replaced, as John Deere elects, without charge for parts or labor if a defect appears after the period specified above but within 24 consecutive months after the date of delivery to the original purchaser, provided that the equipment has not been used for more than a total of 1500 hours when the defect appears.

EXTENDED COMPONENT WARRANTY — 24 MONTHS — PARTS ONLY.

If a defect in the following components of a John Deere engine or John Deere components of the power train in equipment equipped with an engine appears after the periods specified, but within 24 consecutive months from the date of delivery to the original purchaser, replacement parts will be furnished, but the purchaser will be charged for removal and installation of such parts.

1. Engine block (not including liners).
2. Crankshaft (breakage only).
3. Connecting rods (not including bushings or bearings).
4. Clutch housings.
5. Transmission housing.
6. Final drive housings.
7. Rear axles.

NE STATION AT CONCORD was the site of the Soil Conservation Service Training Day all day Thursday. A large group of men from Soil Conservation Service offices in counties in northeast Nebraska turned out for the event.

Under discussion during much of the day was much planning. Shown talking to the group is Elvin Peterson, formerly of Wakefield and now agronomist for the United States Department of Agriculture in Lincoln.

Nebraskans Owe Much to Farmers, Groups in Outstate Testing Program

As harvest ends for another year and new crop yields are being established, Nebraskans should not forget the farmers, many county extension agents and University of Nebraska agricultural scientists and specialists for their role in developing and contributing to the effectiveness of the Outstate Testing Program.

pathologists and entomologists will be able to work more closely with the programs under the proposed setup which will allow both professor and researcher to accomplish their assigned tasks more efficiently and more successfully, he said.

The program, which was established by Legislative Bill 284 in 1943, reflects the dramatic increase in the state's total agricultural output which has more than doubled in dollar-per-acre output in the last 25 years.

Under the Outstate Testing program this year 129 farmers were involved in 130 tests. Following are the area people involved in the out-state testing program:

Experiments have been conducted cooperatively between farmer and scientist and have been closely coordinated with the various plant breeding and soils projects under study at the University and its experiment stations.

Generally speaking, the farmers become laboratory technicians as they donated the use of portions of their farms for crops testing laboratories.

Norfolk Meat Show Adds Charolais

A fourth breed class will be added to the 1969 annual Norfolk Meat Animal Exposition, according to the Agriculture Committee of the Norfolk Chamber of Commerce.

The new class will be Charolais. The other three breed classes of the show are Angus, Hereford and Shorthorn.

The crossbreeds of these three breeds will show with the breed class, according to the predominant physical features of the animal, as has been the policy in past years.

WHS Students Tour

Forty-one Winside high school business students and sponsors will tour five large business firms in Omaha Dec. 4 in a familiarization program. The group plans to leave Winside at 5:45 a.m. arriving at Boy's Town, their first scheduled stop, at 9 a.m. During the day they will also visit G. H. Walker, School of Commerce, Federal Reserve Bank and IBM. Mrs. Fannell Lynch and Lynn Tomback are sponsors. Mr. and Mrs. Harlan Braggner will also accompany the group, and he will drive the bus.

ANTIQUE BICYCLE Mathilde Harms (left) and Goldie Leonard display a bicycle, built in the late 1800's which was given to the Wayne County Historical Society for a museum piece. The bicycle, presently stored in the attic of the Wayne County Courthouse, is in real need, along with all the other articles in the Museum, of a new Museum home with adequate space for display. The Historical Society's Board met Tuesday night and Mrs. Harold Klein reported that as of Nov. 13 there was a total of \$1,841.35 collected for the museum's building fund project. Response to the financial drive has been good, with out-of-town residents also contributing, but there is great need for more funds before the project can be completed.

embankments and the like.
 Drive slowly on rough or muddy surfaces and slopes, or when visibility is poor—such as when moving in high grass.
 Reduce speed when turning or near ditches.
 Keep guards and shields in place, and shut off the power before unclogging or servicing machinery.
 Avoid dropping a wheel off on a soft shoulder or in the ditch.
 Keep children off and away from farm machinery.
 Don't use "boy-sized" tractors for "man-sized" jobs.
 When on the road, display the Slow-Moving Vehicle (SMV) emblem. It is becoming universally recognized as designating a vehicle, such as a farm rig, traveling at less than 25 miles an hour.

Firemen Plan Dance

Winside's Volunteer Firemen will sponsor a Firemen's Dance Dec. 12 in the Winside auditorium.
 Arrangements have been made to have Art Schmidt and his Rhythm Swingsters from Winside provide the music.

DONATE GROUND TO CHURCH. (from left) Mr. and Mrs. Wallace Ring, Wakefield, are given an expression of gratitude by Pastor John Epperson and Merle D. Ring, chairman of the Christian Church Board. It was announced Sunday that the Rings will give a lot valued at \$4,000 to the Wakefield Christian Church, upon which to build a new \$18,000 parsonage.

Wakefield Church Plans Parsonage

Featuring an attached garage, the parsonage will have a total of 1,200 square feet of floor space, full basement, carpeted floors and air conditioning.
 Rev. and Mrs. John Epperson have been the congregation's ministers since September when they moved to Wakefield from Longmont, Colo.

Missionary Program

Wayne Wesleyan Church will have a special missionary program at 8 p.m. Nov. 27. Rev. Franklin Heer, missionary to Colombia, South America, now in the States, will be the guest speaker. Rev. Warrington, pastor of the church, emphasizes that the public is welcome to attend.
 Wayne Wesleyan is cooperating in a world-wide challenge for missionary conquest in 30 countries and is promoting a November Self-Dental offering. From Antigua to Zambia, from New Guinea to Mexico, the Wesleyan overseas missionary staff numbers over 250, including pastors, doctors, nurses and teachers. Sunday school enrollment has advanced 62% in the overseas churches during the past 10 years.

The National Safety Council is launching a Tractor Overturn Prevention and Protection (TOPP) program, a nation-wide, all-out attack on farm tractor upset accidents.
 Statistics gathered by the privately supported non-profit organization show that each year more than 600 persons in the United States are killed in farm tractor upset accidents. An additional 5,000 are injured.
 Leon J. Urban, manager of the Council's Farm Department, estimates that three or four persons now killed in tractor upsets could be saved if their tractors were equipped with protective frames or crush-resistant cabs and safety belts.
 Urban says these devices are now available for many makes and models of tractors.
 "If," says Urban, "you are thinking of buying a new tractor, ask your dealer about having it equipped with a protective frame or crush-resistant cab. It might save your life."
 The Chicago-based safety organization recommends the use of a safety belt along with these safety devices.
 The operator, Urban says, can do much to prevent overturn or any other kind of tractor accident by observing the following basic rules:
 Read and be familiar with the instruction manuals for your equipment.
 Keep yourself in good physical and mental condition by getting enough rest, dressing comfortably, working at a pace within your physical abilities and taking mid-morning and mid-afternoon rest breaks.
 Avoid operating on steep slopes, and stay clear of ditches,

stant leaders. Next meeting will be Dec. 4. Sharon Nobbe, reporter.

Sacred Concert

A concert of sacred music will be presented at Sioux City Auditorium Monday, sponsored by the Sioux City Gospel Mission. Curtain time is 8 p.m. Featured will be Tony Fontane, a radio and television personality who gave up that work to devote his talents to Christian service.

Sister of Judge Dies

Catherine Hamer, 78, of London died Nov. 10. Miss Hamer, sister of County Judge David Hamer, had been a registered nurse over 40 years. During World War II she was superintendent of one of the largest hospitals in London, 1500 beds. Miss Hamer visited here in 1955.

Airport in FAA's Five Year Plans

Federal Aviation Administrators have released their national airport recommendations in a five-year plan beginning July 1, 1969. It is their belief that Nebraska needs 18 new airports and improvements on 88 existing airfields, at a cost of approximately \$21,387,000.

FAA points out that the inclusion of a city on the planning list does not necessarily mean the work will be done within the coming five years, as FAA requirements must be met by local communities and Federal funds must be made available and allocated.

Wayne is listed along with Columbus, Creighton, Neligh, Norfolk, Valentine, Wahoo and York, in northeast Nebraska, as recommended for having existing airports improved.

home of Mr. and Mrs. James Legg, Omaha.

Guests Saturday evening in the home of Mr. and Mrs. Don Brunting, Laurel for Mrs. Brunting's birthday, were Mr. and Mrs. Hollie Granquist and family, Wayne, Mr. and Mrs. Cy Smith, Laurel, and Mr. and Mrs. B. H. Moseley.

Guests Sunday in the home of Mr. and Mrs. Carl Bring for the birthday of their granddaughter, Lori Bring, were Mr. and Mrs. Leroy Bring and family, Sioux City, and Marie Bring, Mrs. Arnold Bartels joined them for lunch in the afternoon.

and in seconds the computer matches his qualifications against the requirements for financial aid totaling over \$500 million from colleges, universities, foundations, corporations, and civic, professional, charitable, business, social and fraternal organizations and trade and labor organizations and religious and philanthropic groups all over the United States.

The computer then types out an individualized report to the student, listing the sources of financial aid for which he qualifies and to which he should apply.

The entire one-time cost of this service is \$15. Further information on the ECS Computerized Scholarship-Search Service is available from Kendall M. Carlson, Guidance Counselor, Wayne High School.

4-H Club News

Wranglers

Wranglers 4-H Club held an organizational meeting Nov. 4. John Warner called the meeting to order. Seven new members were present. New books and record books were handed out. Officers elected were Richard Kraemer, president; Bill Sachau, vice president; John Warner, secretary-treasurer; Jerry Warner, sentinel; Sharon Nobbe, reporter; Frank Plueger, organizational leader and Orville Nobbe and Larry Koester, as-

Computer Helps A Student Find Financial Aids

A new service for juniors and seniors seeking financial aid to attend college is being made available through the Guidance department, according to Guidance Counselor, Kendall M. Carlson of Wayne High.

The service, offered by North American Educational Computer Services, Inc. of Princeton, N.J., employs a computer to match an individual student's qualifications to the requirements of over 700,000 items of scholarships and grants contained in the computer's memory bank.

Until the advent of computer technology, the task of locating more than a small fraction of the financial aid for which he was eligible was physically impossible for an individual student. There was no central source for information relating to scholarships, and even if there was, it would occupy over 600 feet of bookshelves.

Employing the ECS Computerized Scholarship-Search Service, the student fills out a very detailed questionnaire about himself. This is returned to ECS,

EDITORIAL COMMENT

The editorial department of a weekly newspaper is an important department. Normally it is one person's opinion of topics that concern most of the readers.

Counting the Blessings

Yes, we all have a great deal to be thankful for. The Pilgrim Fathers were wise, indeed, who set us such a fine example in the fall of 1621. They chose a day to thank God Almighty for the many blessings conferred upon them.

How grateful we can be for the great basic documents of government, a Declaration of Independence that acknowledges God as the endower of all fundamental rights; and a Constitution for a government which would guarantee the enjoyment of those rights to all citizens.

We can be thankful for great statesmen in those early years of this nation's growth, whose intelligence, courage, patriotism, sacrifices and restraint gave the 13 colonies the opportunity to merge into one.

Can I Have a Gun for Christmas?

Many a youthful teenage boy, reared in an average American home, has been taught to respect parents and the law. He will likely also have learned in Sunday school that Cain killed.

He will have learned of death, struggle and chaos at the time of the great flood. He has read where Moses killed a man and that David is considered a hero because he killed a giant.

Our young man will know that Joshua "in the battle of Jericho" because he knew how to kill. The Nazarene who split history in two was murdered by crucifixion. And if the lad knows his Roman history, he will then be acquainted with continuous blood, brutality and violence.

Historical records of the Civil War, World War I, World War II, Korean War, and now the Vietnam War are soaked in human blood. The boy knows that modern research labs are concentrating on sophisticated devices with which to kill. He easily gets the idea that humans thrive on a diet of violence constantly. If he takes his date to a movie he knows they will witness at least one, and perhaps several, murders during the evening's "entertainment".

Ironic, isn't it, that as the Christmas season approaches, a boy who is helping his church choir rehearse "peace on earth, good will toward men" wants a gun this year? Or is it rather a natural desire to be expected of a young lad?

This boy was taught in his Sunday school class that David was a hero because he killed with this slingshot; his boy is entertained nightly by a colored video tube which teaches him that Indians are good for target practice; and that Dodge city could easily have 4,000 dead men buried in the local cemetery who were shot down by the sheriff; this boy observes telecasts that would

You may not agree with an editorial -- but if you read the editorial and give serious thought to the subject discussed you have gained. You, as a reader, have given careful thought to an important problem and the writer is proud to have called your attention to an important subject that you may have overlooked.

where small numbers gather to worship together, and for the big city churches that attract thousands equally devout.

We can be thankful for an educational system, for fertile farms that produce the food under the care of hard working farmers, and for the many various industries that make the comforts of life, so widely enjoyed.

Especially this year our hearts center once again on those homes and with those families who have an empty chair around the Thanksgiving Dinner table because one of the men is off to war. We're thankful for their courage.

Indeed we should be a thankful people, if for no other reason than just having the privilege of living in America and having enough to eat, enough clothes to wear and families to love.

Above all, we're thankful to a Supreme Being who watches over us as "one Nation, under God." -- MMW.

have no plot without violence and murder; this boy has learned to equate joining the military service and shooting down the enemy with being a patriotic hero; it is this boy that asks for a gun for Christmas.

And what gun does he want? He wants the gun that his Dad brought home from Germany during World War II. His "pop" has bragged about his adventure and war escapades in the presence of his son on various occasions. Dad brought home a gun as a "war trophy" and welded the barrel closed. He had it registered with the Deactivated War Trophy program. Now his proud offspring wants it because the boy equates it with his father's heroism.

Mom doesn't understand at all why her son wants the gun. Dad knows why the boy wants the gun but doesn't understand why the gun has to be registered under the new gun registration laws. Weapon registration has never forfeited its misuse.

Did men register their swords in the day of Solomon? Did men register their muscled in the day of Samson? Did men register felling walls in the days of Joshua? Did men register stones and slingshots in the days of David? Did men register hammers and nails in the days of crucifixion? Did men register bows and arrows in the time of Indians? Would any such registration have lessened the killing?

Samson claimed to have killed 1,000 men with the jaw bone of an ass. Why didn't the politicians of that day realize in all their wisdom that they should have had every jaw bone of an ass registered? Perhaps it would have then, as today, affected far too many politicians.

And now, all together, "Peace on earth, good will toward only a few men." -- MMW.

Out of Old

On Thanksgiving day, 1854, the Territory of Nebraska had been in existence less than six months. The first session of the Territorial Legislature had

yet to meet, and the new territory was divided by sectionalism, largely as a result of the controversy over the location of the capital.

My Dear Sons Joy, Paul, Mark and Carl Morton, "Thirty two years ago today in our little log cabin on the edge of the Missouri River Bluffs at Bellevue, your dear Mother prepared and served our first Thanksgiving dinner in Nebraska. Our guests were Col. Peter A. Sarpy and Judge Fenner Ferguson and wife and our 'spread' was a delicious saddle of venison, skillfully cooked and such concomitants as the times and circumstances would permit. No man ever had greater cause to be thankful than I then had, because I was the husband of your mother, and her bright brown eyes were aglow with health, happiness and hope. She was full of energy and courage and having

The thermometer registered 15 below zero at Kimball, the coldest in November for twelve years. There is no snow and stock on the range is doing well.

May Extend Railroad
A report comes from Denver that the Burlington road is acquiring land along an old survey from Akron, Colo., northeastward in the direction of O'Neill, Neb. This survey was made ten years ago but it is declared to be the one the Burlington will use for a connection with the Great Northern at O'Neill, Neb.

Kills a Gray Eagle
While Mart Mella was hunting in the western part of Sarpy County Saturday he shot a genuine gray eagle. It measured seven feet and seven inches from tip of one wing to the other. These birds are not often seen thereabouts, and it is said that never before was one killed in the

mercantile producer.

Also receiving awards were Paul Everingham, Wakefield, for having the champion carcass hog and the reserve champion live hog at the market hog show held this fall. The champion live hog trophy was presented to Nordhus Brothers of Randolph, receiving the reserve champion carcass trophy was Rodney Bonderson of Emerson.

Five new directors were elected for a three-year term as follows: LeRoy Wolfe, Cedar county; Ronnie G. Wenstrand, Dixon county; Wilber Uecht, Wayne county; Lee Anderson, Thurston county and Rodney Bonderson, Dakota county.

Bobwhite quail are native to Nebraska and are second only to the wily ring-necked pheasant as the state's top game bird.

Game is very plentiful in the bottoms of the Platte this year. Several coons have been killed and not long ago a panther was seen.

Hold War Dance in Hoop!
Forty Indians, who have been in Omaha for a week to testify before the federal grand jury in liquor selling cases, managed to secure a large amount of whisky and started a riot in the Klondike Hotel, where they were being quartered. They began with a war dance and ended the pow-wow in a bout with the police. Before being pacified a number of show cases and all the furniture in the office of the hotel were shattered, and the guests were scared from the hotel. Two chiefs, Morning Star and Spotted Horse, are in jail, and the others are being guarded at the hotel.

Shooting Affray at Santee
Details have been received from Santee of the shooting affray which occurred at that place a few days ago. During a drunken row William Bras and Smith Whipple assaulted an aged man named Gwin Whipple, uncle of Smith Whipple, and beat him so severely that several ribs were broken and he became unmanageable. Evidently they thought he was dead and they attempted to drag him to an old well nearby, with the intention of hiding their crime at its bottom. Owing to the darkness and their condition they failed to find the well and left their victim lying on the ground.

Afterward Moses Whipple, a son of the old man, coming home, missed his father and followed a trail of blood to where he was found, still unconscious. He then procured a shotgun and proceeded to avenge the bloody deed, with the result that four shots were fired, one taking effect in the body of Smith Whipple, who is lying at the point of death.

All the men are Indians.
Hoskins
J. F. Crosby ate turkey at Bloomfield today. Rex Green had a live pigeon shoot here yesterday. It is hard to say who was the best shot, but from all reports more birds got away than were killed.
Geo. Colbert has bought H. S. Strickland's butcher tools and fixtures and will run a shop at the old stand. Lou Williams will be in charge until Mr. Colbert can move to town.
A small crowd attended the spelling school last Friday evening.

Double Whammy Stops WH School Bus

In an almost unbelievable set of coincidences a Wayne High School bus was involved in two separate accidents in three days, at the same time of day, at the same intersection, in the same town and with the same driver.

Monday morning about 7:15 Arthur Cook's school bus would not start. Frank Krov took another bus to push Cook's bus. While the bus was being pushed it hit a pickup driven by County Commissioner George Stolz at an intersection on Main street in Carroll.

Minor damage was inflicted on all three vehicles, but Cook's bus was damaged worse with dents front and rear.

Wednesday morning, about 7:15, Cook was turning the same

corner when he was blinded by the sun and drove into the end of a parked semi-trailer owned by Jack Kavanagh. More damage was inflicted, this time more extensive, and calling for new radiator and fan and repairs to the grill and hood of the bus. This time the bus is out of commission until repairs can be made.

Morris Stamm of (arksburg, W. Va., has laid claim to the record for the most hunting trips to Nebraska by a nonresident, according to Conservation Officer Bill Earnest of Riverdale. Stamm has made 24 hunting trips here in 15 years. He evidently likes Nebraska, and Nebraskans like hunters like Stamm.

Swine Awards At Pork Banquet

Snow, rain and cold winds weren't enough to keep 183 producers from attending a banquet Sunday evening.

The banquet, held in the Wayne State College Union, was the largest in three years for the sponsors, the Northeast Swine Association. Featured speaker was Roland "Pig" Paul, executive vice president of the National Pork Producers Council.

Paul's talk emphasized the importance of producers involvement in the nationwide pork promotion efforts. He also told the group that some of the funds are being used to solve production problems, through research, at home.

Special awards were also given. Gene Sohler of the Laurel Livestock Auction received the Pork Booster award given annually to a non-producer who promotes pork. Dick Sorensen, Wayne, received the Pork Builder award for his contributions as a purebred producer. Curtis Pappenhansen, Coleridge, received the Pork Cook award for his outstanding efforts as a com-

Letters to the Editor

Letters to the editor may be published under a pen name if the writer desires, however, the true signature and address must be a part of the original letter. Letters must be pertinent and current, be brief as possible and contain no libelous statements. The Wayne Herald reserves the right to edit or reject any letter.

Dear Editor:
May I ask the people to remember Rick Alderson with a card for his birthday. I am not sure of the date, either Nov. 26 or Nov. 29. Rick was injured in a car accident in Lincoln.

Rick's mother wrote that he will not be able to attend school for at least a year or more, and that he has a long way to go to being well. I know how much it would mean to Rick to hear from his friends at Wayne.

Rick will be 17 years of age come his birthday. Let's all remember Rick with a card and maybe a letter. His address: Rick Alderson, 2135 Garfield, Lincoln, Nebr. 68502.
Sincerely, Mrs. Herman Oetken.

I See By The Herald

Dr. R. E. Gormley returned last Tuesday evening after spending several days in Alexandria, Va. He visited his daughter, Ruth and family, Lt. Col. and Mrs. Robert Haas, and attended the wedding of his granddaughter, Susanne to Ensign Robert Meadows. Other relatives attended from California, Colorado, Iowa and Michigan.

Will You Be in THIS PICTURE?

We Hope So Because . . .

This Week YOU May Be The Lucky Winner of \$100.00

If you are in a participating Wayne store at 8:00 p.m. Thursday and your name is drawn.

You win even if your name isn't drawn because Wayne stores are loaded with bargains.

Farmer's Idea Grows Into Business

In 1964 Marvin Green, who has a small farm three miles west of Allen on old Highway 20, started thinking that he could build a few hog farrowing crates cheaper than he could buy factory-made ones. Then he began thinking he could possibly make a little extra money making them for his neighbors and friends.

Larry Custer, who farms west of Green, told Green that he would buy a couple from him if he wanted to try it.

Green went ahead with his idea. The result has been a small business that has slowly built itself up and provided Green with the extra money he needs to make farming enjoyable.

Since Green started his own

MR. AND MRS. GREEN show off the map of Dixon County presented to them by the Soil and Water Conservation District. The map shows all the places the Greens have planted trees over the past four years.

small factory in his yard, he has constructed about 400 hog farrowing crates. He is able to turn out a completely finished hog farrowing crate in about 10 or 12 hours and can sell it for about \$30. This is a few dollars cheaper than the factory-built crates, Green says. The cost of his materials amounts

to about \$12 for each crate. The materials are mostly discarded rods and pipes which he picks up at junk yards.

Each crate has about 125 welds on it and there are over 100 feet of pipe used in each one. The crates usually measure from six to six and one-half feet long and 39 inches high.

The crate is large enough for a hog to farrow in and its construction allows the young pigs to get out of the way of the mother so they won't be trampled. The crates can also be positioned side by side so that only one heat lamp is needed to warm the young of two sows. On most factory-built crates, Green said, you

have to use a heat lamp for each set of young.

Green built his small shed where he does most of the work on the crates out of the old Sand Hills school house. He bought the school house in 1959 and moved it to his farm in 1960 when he built the 22 by 30 foot shed.

Green also does quite a bit of mechanical work for his neighboring farmers.

"I don't claim to be a professional motor repairman, but my neighbors keep me plenty busy repairing their tractors, lawn mowers or pickups," Green noted.

Green also built two tree planters out of old car parts and an old lighter. He sold them to Dixon and Cedar Counties in 1964 and now he and his wife, Grace, work each year at planting trees in Dixon County both for the county and for farmers who want shelter belts or more trees planted.

Green can hardly estimate the number of trees he and his wife have planted in the past four

years. But in the spring of 1967 they planted about 8,300 trees. In 1967 they planted about 11,000. The most trees they planted for one farmer was over 7,000 for Joe Carlson on his land north of Dixon. Another farmer, Phillip Verzan of Ponca, had the Greens plant at least 5,000 trees on his land.

Cedar, pine, elm, blue spruce and mulberry are some of the more common trees farmers usually want planted on their land. But the Greens have also planted a large number of hackberry, honeysuckle and honey locust.

The Greens have two sons, both graduates of Allen High School. Roger, 25, has been a minister at a church in O'Neill the past three years. He graduated from Miltonvale Wesleyan College in Miltonvale, Kan. Another son, Victor, 21, is serving with the Army at Da Nang in South Vietnam. He also attended Miltonvale Wesleyan College for one year, after graduating from Allen High School.

State Labor Man Here

State of Nebraska Department of Labor, division of employment, will have a representative, Frank Nejedly, in Wayne on Dec. 4 and 18, at 9:30 a.m. at the Chamber of Commerce building. He may also be contacted by phone those days at 375-2240.

The world's longest fence, a 3,500-mile dingo barrier, encloses the central sheep-raising country in Queensland, Australia, National Geographic says. Six feet high and barbed a foot underground, the sturdy wire netting protects sheep from marauding wild dogs.

FINISHED PRODUCT. Marvin Green displays some of his freshly painted hog farrowing crates that are ready for sale. The crates can be folded flat for easy handling.

NE Swine Project Progress Story

Nebraska swine producers will have an opportunity at the 1969 Area Swine Days to learn more about the swine housing-management research center at the University of Nebraska Northeast Station. The one-day educational programs will be held Jan. 28, 29 and 30 at Holtzberg, Albion and Oakland, respectively.

This word comes from Bob Fritschen, NU Area Swine Specialist, who is coordinating development of the new facility. Fritschen outlined progress on construction of the center, located in the state's prime swine-producing area, as follows:

—Construction began in 1967 with the erection of two growing units and establishment of a sewage lagoon, well and bulk tanks.

—Two growing units occupied in January, 1968, with a second group of pigs put on test since that time.

—Bids let in the spring of 1968 for four more growing-finishing units which are now nearing completion.

—A maintenance-laboratory unit is in the process of being developed.

"Northeast Station personnel are pressing toward completion of this unit to coincide with completion of the four growing-finishing units now under construction," Fritschen commented.

The purpose of the swine housing-management research center is to study some of the components of confinement rearing of hogs, Fritschen explained. Some of these variables include open front housing vs. environ-

Disabled Veterans Missing Chances

Thousands of disabled veterans—largely young veterans—are falling to take advantage of a valuable insurance opportunity, C. W. Nixon, Manager of the VA Regional Office, said today. The VA gives disability ratings to about 7,000 veterans each month and each man is encouraged to apply for special low-cost RH insurance. However, Nixon said, currently only about 16 per cent submit applications despite premiums so low that a 25-year-old veteran, for example, can start a \$10,000 insurance program for only \$2.60 a month. The Manager said RH National Service Life Insurance is available only to veterans separated from service after April 24, 1951, who have been rated by the VA as having a service-connected disability. After the rating is established, VA insurance offices in Philadelphia or St. Paul inform each veteran that he is entitled to apply for low cost RH insurance. Applications must be submitted within one year from the date the disability is established. Nixon emphasized that veterans who receive disability ratings may apply for RH insurance whether or not they converted their Servicemen's Group Life Insurance (SGLI) to a private policy after they got out of military service. Even if the veteran converted his SGLI policy, the VA encourages him—if he can afford to do so—to apply for the RH insurance. RH and a converted SGLI policy offer disabled veterans an opportunity to carry \$20,000 insurance at standard premiums. Many could not qualify for other insurance or could do so only at increased premiums, he said. Nixon urged disabled veterans to get additional information from the Lincoln VA office or their local County Service Officer as soon as possible after receiving a disability rating from the VA. A legally appointed guardian or other person acting in a veteran's behalf may apply if the veteran is incompetent, he said.

Senior Master Sergeant Richard N. Taylor, son of Mrs. Glenn Harriman, 335 Locust Ave., Las Animas, Colo., has arrived for duty at Seoul, Korea.

Sergeant Taylor, a weather

superintendent, previously served at March AFB, Calif. The sergeant is a 1948 graduate of Bent County High School.

His wife, Bernadine, is the daughter of Mr. and Mrs. Henry A. Bauer, Rt. 1, Plainview, Nebr.

retary-treasurer; resolution committee, Mrs. Maurice Lindsay, chairman, with Mrs. Eva Lewis and Edna Rasmussen assisting. Summerfest was played with prizes going to Edna Rasmussen, high and Mrs. Maurice Lindsay, low. Next meeting will be Dec. 4 at the Walden Brugger home with an exchange of gifts.

Mr. and Mrs. Carl Mulso, Ormsby, Minn., came Tuesday to spend a few days in the Herbert Peters home.

Mrs. William Cary returned home Monday from a Lincoln hospital. Mr. and Mrs. Cary were weekend guests in the Oscar Fine home, Lincoln.

Mrs. Henry Warmunde was

taken to St. Luke's Medical Clinic at Sioux City this week for treatment and observation.

Dear Editor: I want to thank you for the letter and gift which I received. I appreciate the fact that the people in Wayne are standing behind their men in the service. I am presently stationed at Ft. McClellan, Ala. working as crew chief on an Army twin engine Beechcraft, at the Aviation Det. Sincerely, Dave Stringer, 1515 Noble, Anniston, Ala. 36201.

Dear Editor: I would like to thank you for

I'm now stationed at Lowry AFB, Colo., training to be a munitions specialist. I graduate Dec. 13, so I'll be able to make it home for the holidays. There is nothing in the world better than coming home to a town that's not too indifferent to stand behind you. Ann. Warren D. Korth, AF 68047101, Box B1123, Lowry Air Force Base, Colo. 80230.

G. Phelps Named IDS Zone Manager

George Phelps, Harlan, Ia., has been appointed zone manager in the Wayne area for the sales organization of Investors Diversified Service, Inc. He will be working out of the Sioux City divisional sales office.

Prior to his association with IDS, Phelps was a sales manager for a manufacturer of livestock supplements in Harlan. Previous to that he taught five years. He holds a masters degree from Iowa State University.

Mr. and Mrs. (Connie) Phelps and their children, Gail, 10, and

SWAY DRAWING. Those drawing the SWAY winner's names this week in Wayne are, from left, Keith Mosley, People's Natural Gas Co., Bob Allen of Shrader & Allen Hatchery, and Harold Shell of Standard Feeds. Servicemen's names drawn for \$10 SWAY checks were Robert Leo Greiner, John L. Doring, and Larry L. Ritze.

Winside

Mrs. Edward Oswald
Phone 284-4872

PTA Meets

PTA met Tuesday evening at the Winside school lunch room. Mrs. Marvin Kramer presided at the business meeting. Mrs. Robert Peterson won the meal ticket at the monthly drawing of the PTA. Mrs. Cecil Prince presented the PTA with a flag which will be used for the flag salute at the beginning of each meeting.

The promotion of a new elementary school building was discussed at length. Next meeting will be in January.

Busy Bees Meet

Busy Bees met Wednesday evening at the Bruce Wylie home with all members present. Mrs. Carl Mulso, Ormsby, Minn., was a guest. Roll call was answered by telling what each wanted for Christmas. Mrs. Duane Thompson gave the lesson on Christmas decorations. Each member showed a Christmas decoration they had made. Next meeting will be a Christmas dinner Dec. 11 at the Robert Cleveland home.

Friendly Wednesday

Friendly Wednesday met Wednesday afternoon at the Edward Niemann, sr. home. Six members answered roll call by telling what gift each would like for Christmas. Guests were Mrs. Robert Erwin and Lola Erwin. The afternoon was spent socially. Next meeting will be Dec. 18 with Augusta Beckner, Norfolk.

OES Meeting Held

Order of Eastern Star met Monday evening with 26 members present. Guests were Mr. and Mrs. Stanley Hansen and JoAnn Hansen and Mrs. John Bergquist, Homer. Initiation was held at Monday's meeting. Lunch was served at Witt's Cafe with Mrs. Charles Farran, Mr. and Mrs. Earl Davis, Mrs. Don Harmer, Mrs. Gordon Davis and Mrs. Dranselka. Next meeting will be Dec. 16.

Contract Club

Contract Club met Wednesday in the I. F. Gaebler home for an 8 o'clock dessert carried out in the Thanksgiving Day motif. Guests were Mrs. Wayne Imel and Mrs. Howard Morris. Prizes were won by Mrs. N. L. Ditman and Mrs. Rosemary Mintz and the guests. Next meeting will be Dec. 11 with Rosemary Mintz.

Social Circle

Social Circle met Wednesday with Edna Rasmussen with 12 members present. Mrs. Warren Holmgren was elected president; Mrs. Charles Farran, vice president; Mrs. Kent Jackson, sec-

retary-treasurer; resolution committee, Mrs. Maurice Lindsay, chairman, with Mrs. Eva Lewis and Edna Rasmussen assisting. Summerfest was played with prizes going to Edna Rasmussen, high and Mrs. Maurice Lindsay, low. Next meeting will be Dec. 4 at the Walden Brugger home with an exchange of gifts.

Dear Editor: I want to thank you for the letter and gift which I received. I appreciate the fact that the people in Wayne are standing behind their men in the service. I am presently stationed at Ft. McClellan, Ala. working as crew chief on an Army twin engine Beechcraft, at the Aviation Det. Sincerely, Dave Stringer, 1515 Noble, Anniston, Ala. 36201.

Mr. and Mrs. (Connie) Phelps and their children, Gail, 10, and

the \$10 I received from SWAY Inc. It was most welcome and appreciated.

I am deep in academics now. They are becoming progressively more difficult. Next semester I will take an overload of approximately 23 hours. This enables me to finish the core curriculum early and start on my major of aeronautical engineering next year.

I'll be home for a 14-day leave over Christmas and I am really looking forward to it.

Thank you, C/4c Eric Nede-gaard, Box 5858, USAFA, Colo. 80840.

Dear Editor: Thanks to SWAY for the \$10 as it sure came in handy on airmen's pay.

I'm now stationed at Lowry AFB, Colo., training to be a munitions specialist. I graduate Dec. 13, so I'll be able to make it home for the holidays. There is nothing in the world better than coming home to a town that's not too indifferent to stand behind you. Ann. Warren D. Korth, AF 68047101, Box B1123, Lowry Air Force Base, Colo. 80230.

Thanksgiving... 1968

by Rev. E. J. Bornthal
Grace Lutheran Church

THANKSGIVING—a national holiday for our land of plenty, of opportunity, of freedom and of singular blessings.

For many Thanksgiving means: a day off, family get-togethers, football on TV, home from college, turkey and pumpkin pie.

Its beginning, as well as its continuation, however was intended to be more. Thanksgiving Day was set aside for giving thanks.

One does not give thanks by simply living through the 24 hours of Thanksgiving Day. The day itself is neither thankful or thankless. It is WE who make it one or the other.

Perhaps we may be helped to do a little of the THINKING which is the indispensable prerequisite for THANKING if we try to visualize what Thanksgiving Day, 1968, will mean to some who are less blessed than we, and for whom Thanksgiving needs to be made a bit easier and more meaningful.

There are those for whom Thanksgiving means just another day—another day to eat beans or spaghetti with some discarded bread salvaged from some garbage can.

Or just another day of loneliness, emptiness and hopelessness.

Possibly a day that reminds that another unhappy, forlorn, dismal Christmas is just around the corner—a holiday you'd rather not have because you don't have a job to be on holiday from.

Another one of those slow days because nobody's on the downtown streets to beg a dime or a quarter from. A day when it will be tough to get a drink or a fix.

Or, if you're lucky, a good day for a square meal at the Salvation Army or in the "clink," maybe the white meat of chicken.

A good day to break into an unguarded store to see if there might be a couple of items for the kids.

Just another day to dodge sniper bullets and to sidestep land mines, to wade through swamp mud knee deep with guerrillas breathing down your neck. To kill a few villagers by mistake. Or to get killed.

A day you wish you had a better place to live in a neighborhood where your kids would have other companions than "hoods" and marijuana smokers and sex perverts.

Just another day to lie on your hospital bed with no pastor and no friends to visit you. And no money to pay the bills when you get out—if you get out.

Just a day you'd like to go to church for a change. But you haven't been at church for so long, everybody'd stare at you.

Meanwhile, "O give thanks unto the Lord. Bless the Lord, and forget not all His benefits."

And don't forget, "He that hath pity upon the poor lendeth unto the Lord; and that which he hath given will He pay him again." Proverbs 19:17.

Vernon Broberg Kidney Transplant Doing Well; Now Has 'Growing Pains'

Wayne Kiwanians learned Monday that Vernon Broberg has received a kidney transplant and doctors are well pleased with the results of the operation.

Broberg wrote the letter to Ray Schreiner who was instrumental in getting Kiwanians to help sell "Trick or Treat" candy to help provide funds for a kidney foundation in which Broberg is interested.

Broberg said in his letter: "As you probably know, I had a transplant on the 25th of October and to the present time the doctors are well pleased with the results.

"I am presently on a normal diet and can eat and drink as much as I like. It is a wonderful feeling.

"I am having some problems with the calcium in my bones. They ache a lot as they were depleted of calcium. All the tests show that the new kidney is returning the calcium to the bones so they tell me I'll have "growing pains" for a while.

"Our major problem still facing us is that of rejection. We have blood tests taken daily and the medication is regulated accordingly. We will probably be here until after the first of the year if all goes well.

"I want to take this opportunity to thank you personally and ask you to pass the thanks on to the Kiwanians, Circle K and Epsilon Pi Tau for your help with the candy sale.

"We were so happy over the results of the candy sales in our chapter in Moline. With the help of people like the group in Wayne,

Newman Grove and Albion we sold \$14,600 worth of candy.

"Research funds already have been granted to doctors who are working on the rejection problem."

Rev. E. J. Bornthal gave the Thanksgiving message to Kiwanians, speaking on the benefits of the American way of life, abundance and the personal feeling in Thanksgiving.

Kiwanians asked for volunteers among members who would be able to drive WIS students Monday in their Christmas card sales to raise AFS funds for next year's foreign exchange student.

Stores Open Friday; Drawing Worth \$100

Stores in Wayne will be open Friday night this week because Thanksgiving holiday falls on Thursday.

Also, for this week only, the Cash Night drawing will be held Friday night at 8 p.m. rather than on Thursday night. Up for grabs this week is \$100. Mrs. Laverne Wischhof of Wayne finally broke the dry spell in the weekly drawing last week when she was in the Wayne Bookstore when her name was called. As a result, she took home a check for \$350.

To register for the weekly drawing you must be at least 18 years old. The only requirement to win if your name is called is that you have to be in one of the participating stores when your name is called.

Highway Opening Ends Long Drouth For South Side Wayne Merchants

With last week's opening of Highway 15 south and the Seventh and Main intersection merchants

on the south side of town heaved a sigh of relief and prepared to get back to business.

They have suffered—but complained very little—during the work this summer and fall on the highway, knowing it was a needed improvement. Though their businesses have suffered from lack of accessibility.

Now that the road is open they have taken a special ad in this issue of The Wayne Herald to point out the fact they still are there and in business.

The 23 businesses, calling themselves the Southside Merchants, included in their ad a map of that portion of the city and pinpointed individual locations by number, along with an index.

The group includes Fullerton Lumber Company, Wayne Farm Equipment, Wayne Motor Express, Feeders Elevator, Schrader-Allen Hatchery, Wayne Livestock Sales, Melodee Cleaners, International Harvester Company, Wayne Body Shop, The Wash House, Wayne Skelgas, Farmers Cash Market, Weber's, Logan Valley Nursery, Farmers Co-op, Mert's Econ-O-Way, Marra Home Improvement, Morris Machine Shop, Standard Farm Service and Gene Fletcher's Tank Wagon, Olson Feed Store, Smitty's Auto Clinic, Harry's Body Shop and Rohrke's Farmers Elevator.

State Would Pay Part of Cost of Community Center

State funds are available for financing a community center in Wayne, according to Vista Volunteers Frank Rinaldo and Charles Smith.

The state will furnish 75 per cent of the money needed for the first year of operation, Smith said, with the city furnishing the other 25 per cent. This money could be used for renovation and rent for the building, salary of an administrator and to help finance programs.

In the second year of operation the state portion would drop to 60 per cent with the city furnishing the rest and in the third year and those thereafter, the state would furnish 50 per cent.

The 65-and-over age group is the fastest growing age group in the county, Smith said, in outlining reasons for having the center created.

It would also: —Provide an opportunity to have a productive and creative elderly population by stimulating their activities and channeling them along productive lines.

—Provide Wayne with another method of competition with other communities by providing public services that attract or keep people in Wayne.

—Provide an outlet for state money to be used in Wayne for the betterment of the community.

—Provide a fountainhead for additional services to the community such as charitable activities, meeting place, repairing broken toys for gifts to underprivileged children and others.

—Provide a source of parttime or emergency employees for businesses in the area who could use the experience and talents of the over-65 population.

—Allow the people of Wayne to prove they still are interested in the welfare and well-being of the elderly, and

—If located properly, the community center could serve as a place for supervised public rest rooms.

A recent survey showed strong support in favor of a community center, both to serve the elderly and other groups in the city.

Mrs. Frank Prather is chairman of the Citizens Committee for a Community Center.

WINSIDE area residents discuss a public meeting Monday night to discuss the project of erecting a new elementary school building, numbered around fifty. The meeting was sponsored by the Winside Community Club.

Village Meeting at Winside On New Elementary School

In NU Chorus

John Brandstetter and Eric Manley, both of Wayne, are members of the University of Nebraska Singers and will take part in the choral group's annual Christmas Carol Concert at 4 p.m. Dec. 8, in Lincoln's First Plymouth Congregational church.

Jaycees 'Honey Money' is \$503

Wayne Jaycees and Mrs. Jaycees were literally as busy as "honey" bees Sunday afternoon as they carried out their "honey" program to raise funds to aid the mentally retarded. The afternoon drive resulted in \$508.60 raised from sales.

Darrel Fielbert, project chairman, said all the honey that had been ordered was sold. The public's response to the project is greatly appreciated.

Roger Nelson also remarked about the cooperation of WSC students. "The students are just as charitable as any other people in Wayne."

"Honey Sunday" funds will be used in the Wayne area if needed, otherwise the money will be sent for work in the retarded program being carried out at Beatrice.

Six Wayne Teachers At NSEA Meeting

Six Wayne educators were among some 300 teachers, superintendents and school board members attending the Nebraska State Education Association's (NSEA) annual Professional Rights and Responsibilities conference at Grand Island Saturday.

They included Dr. Gus Baker, WSC; Loren Park, Richard Matter, Marlan Rennick, Beulah Bornhoff and Gertrude Vahlkamp, all of WHS.

Main targets of this year's conference were the establishment of guidelines for the processing of grievances at the local education association level and a better understanding of how hearings are conducted under Nebraska's continuing contract law.

Speakers included John Grinnell, national Education Association legal counsel; John Lynch, executive secretary of the NSEA; and Ross Rasmussen, executive secretary of the Nebraska School Board Association.

Cantata Members Rehearsing Sundays

Rehearsals are being held each Sunday afternoon at the Allen High School Auditorium for the coming presentation of John Peterson's Christmas Cantata, "Wondrous Night of Miracles". The presentation will be given Sunday, Dec. 15, at 8 p.m. in the high school auditorium.

BUSINESSMEN'S COFFEE. Some of those attending the coffee Monday morning at the Chamber of Commerce building, for new businessmen were, from left, Jerry Bass, Glen Hixon, Gary Anderson, Bob Vakoc, and Dennis Skokan.

Faculty Wives Schedule Tree Lighting Dec. 3

Wayne State Faculty Wives are again planning to decorate a tree and sponsor the Christmas Tree Lighting Service this year which will be held Dec. 3 at 7 p.m. in the Willow Bowl.

Included in the brief program is the singing of carols by all present, and Dr. W. A. Brandenburg will officially throw the switch to light the tree.

Students in all of the College dormitories will be participating in the program, which, by the way, includes a personal appearance of Santa Claus.

Following the presentation, there will be free cocoa and cookies served in the lounge at Berry Hall. Public is invited.

Students Warned on Crossing Practices

With the re-opening of the Seventh and Main intersection a new problem has arisen according to crossing guards employed by Wayne schools.

Elementary and middle school children, accustomed to crossing the corner at random while barricades were in place, now find it difficult to return to previous rules.

Supt. Francis Hahn emphasized that children crossing the intersection MUST walk their bicycles on the north side of Seventh street to cross Main street, and stay in the company of the crossing guard.

If guards are already on the west side of the street, Hahn said, the children are to wait until the guard returns to accompany them before starting the crossing.

Awarded Scholarship

Arlis Dirks, daughter of Mrs. Phyllis Dirks, Concord, has been awarded a scholarship from Aid Association for Lutherans, a fraternal life insurance society with home office in Appleton, Wis.

She is a junior at Concordia Teachers College, Seward, having graduated from Laurel Public High School. Miss Dirks plans to become a teacher. She is a member of Immanuel Lutheran Church in Laurel.

M. G. WALDBAUM'S Egg processing plant in Wakefield will soon have a new building measuring 140 feet long and 60 feet wide, to be used for a truck garage, and will also contain compressors for freezer units in nearby buildings. In the background, at left, is Dave Jensen. Steve VonMinden, Ponca, finishes laying a block in the right foreground. Both are employees of Book Construction Co., Ponca.

JAYCEES AND MRS. JAYCEES gathered at the Lil' Duffer Sunday noon just prior to launching their "Honey Sunday" campaign. From left, Jerry and Ruth Bose, Wes Wingett, Nancy and Darrel Fielbert, Mrs. Wes Wingett, Dick and Gilda Hamner, Mr. and Mrs. Stan Bauer, Mr. and Mrs. Bob Scott, Roger Nelson, Rolfe and Karen Grams, Mary Margaret and Don Brockman.

Wayne Coupon Days Friday, Saturday
