Flying the crew of the Pueblo home is probably the happiest assignment U.S. Air Force Master Sergeant Dean L. Granfield of Sholes, has had in his job as a C-141 Starlifter flight engineer.

Sergeant Granfield, one of four sons of Mr. and Mrs. Roy H. Granfield of Sholes, was a member of the two aircraft from Travis AFB, Calif., that airlifted the 82 survivors from Kimpo Air Base in Seoul to Miramar Naval Air Station in San Diego after their release from 11 months captivity by the North Koreans.

Mrs. Roy Granfield said on the phone Wednesday that her oldest son, Dean, will be 40 in February and has been in the Air Force since he was eighteen. "He flies all over the world," she commented.

The sergeant and his crew made the 6,000 mile trans-Pacific crossing in 14 hours, with a refueling stop at Midway Island. He is a member of the 60th Military Airlift Wing at Travis.

Granfield is a veteran of the Korean War and also has served in Vietnam. It was his aircraft that carried the body of Service-

New 1969 Plates Puzzling

Wayne County Treasurer, Leona Bahde, can understand some of the confusion arising in the Omaha and Lincoln courthouses due to mis-matching of the new 1969 Nebraska license plates.

Miss Bahde said Friday that her office has issued 1,410 sets of plates so far and proportionately the Wayne County office may have as many mis-matched, mis-lettered plates as do the Omaha and Lincoln offices. Rate of in-

correct plates being found at the Wayne County office is running one per cent.

"The state department called this noon," Miss Bahde stated, "and has offered to send assistance to help correct the situation if we need it."

"Some feel that the simple solution to solve the problem of un-matched plates would be to find a second envelope containing the other two unmatched plates and then match the corresponding numbers. The solution doesn't happen to be that simple in that the second envelope containing the other two plates was either never printed or it wasn't sent to Wayne County."

Emmett Dennis, Jr., Director of the State Motor Vehicle Department said in Lincoln concerning the fouled-up plates, "It apparently resulted from slip-ups at the State Penal Complex where the plates are made and packaged."

Miss Bahde has her staff or the motorist examine the set of plates right in the office which has helped avoid the irritation arising when the erroneous plates are not discovered until all the paper work is finished and then has to be done all over again.

Another disturbing thing is that, on occasion, a State Penal complex workman will put an undesirable note inside the license envelope with the plates, according to the County Treasurer.

Miss Bahde also said Friday that "weather for the last two days has made license plate sales lag some."

UNMATCHED PLATES. This "set" of license plates found by Miss Leona Bahde in the County Treasurer's office inventory is an example of those causing confusion. Note the several errors on this one set: both plates should be either "A" or "B"; the "A" is located with the number on the right side of the dash while the "B" is located with the county number on the left side of the dash.

Leading Violinist Coming to WSC

Izhak Perlman, one of the leaders among the world's young violinists, will play at Wayne State College Tuesday evening at 8 o'clock in the Fine Arts Center.

The concert, part of the college's Special Programs series, is open to the public on a space-available basis.

Perlman, born in Tel-Aviv in 1945, is a musical product of both Israel and the United States. He says he cannot remember when he didn't want to play the violin. Though stricken with polio when four and one half, the illness and a year's convalescence left his musical ambition unchanged, but ever since he has been forced to play the violin sitting down.

His first studies were at the Tel-Aviv Academy of Music. By the age of 10 he had given many concerts in and around Tel-Aviv and become an experienced radio performer. In 1958 Ed Sullivan visited Israel seeking talent for his television show, and Perlman, then 13, was recommended to him, and Sullivan brought the youth to New York.

After two television appearances, Perlman decided to stay in America to continue violin studies at the Juilliard School of Music. In 1963, he gave his first Carnegie Hall performance,

but because of a newspaper strike it went unheralded.

Next year, however, he scored a major triumph by winning the Leventritt Memorial Award International Competition, considered the premier American musical contest. Like other winners before him, Perlman soon won lavish acclaim from critics. Since then, he has toured the United States, Canada and Europe extensively, and made a triumphant return to Israel.

Winside Dance Set

Winside High School's student council has planned a Valentine dance for all Winside high school students following the basketball game with Wisner Feb. 8.

Winside will meet Wisner on the home court at 6:30 p.m. The dance will begin after the game and end at midnight.

Concord School Gets Four New Students

Four new students were enrolled recently in the Concord grade school. They are the children of Mr. and Mrs. Lyle Bates, who previously lived in Iowa and Louisiana. They are Linda, 10, Sherry, nine, Pam, eight and Ralph, six. The children entered school about two weeks. They are the grandchildren of Mr. and Mrs. Ernest Bates of Concord.

Meets with FHA

Allen's town board met Wednesday evening with representatives of Farmers Home Administration to discuss the progress of the town's request for financial aid to help it build a sewer system.

Hill Snyder, city clerk, said there was a representative from the state level of the FHA and one from the Norfolk office at the special meeting. Also represented at the meeting was H. H. Backlund, engineer for the town. Not at the meeting was the town's legal advisor, Frank Kneiff of South Sioux City.

Snyder said the group discussed the preliminary plans on the sewer system and the preliminary cost estimates. He noted that the state representative of the FHA plans on meeting Jan. 29 with Kneiff and they will go over the legal matters involved in Allen's request for a loan and a grant. From then on, he said, it will be mostly a matter of waiting until the request is approved or rejected.

Free Tax Assistance

The Internal Revenue Service is providing Wayne area residents free assistance in preparing their Federal income tax returns.

Assistance will be available at the Norfolk Post Office and Courthouse building, 125 South Fourth, from 8 in the morning to 4:45 in the afternoon on the following Mondays: Jan. 20 and 27, Feb. 3 and 17, March 3 and 17, and April 7 and 14. Help will also be available on Tuesday, April 15.

Short Power Failure

Many Wayne residents probably got to work a few minutes late Thursday morning because of a short power failure at the city light plant.

Norbert Brugger, superintendent at the plant, said they have not been able to pinpoint the reason for the power failure. He said the new Cooper Bessemer engine started going off about 1 a.m. and then switched itself when the fuel was switched from gas to oil, but when the operator went to another room the engine shut down. Other equipment was put into operation and the engine was restarted and has been running good since then, he said.

The failure lasted for about 10 minutes in most of the city, Brugger noted.

Plan Chili Feed

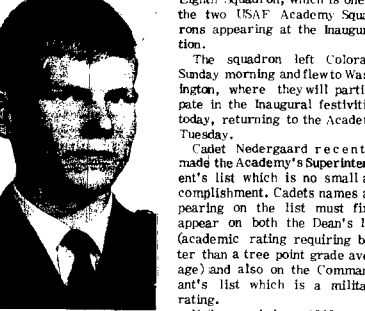

Anybody who enjoys a good bowl of chili can have all they can eat for just \$3.90 Thursday. That's the day Wayne's Mrs. Jaycees will be holding their annual chili supper. Serving gets started in the Woman's Club Room at four in the afternoon and will continue until 10 in the evening. Price for children is \$.50.

WINSIDE SOIL TEST. Richard Pike, Ahland, employee of Woodward and Clyde Assoc., Omaha, is in the process of removing a drill from the site where Winside's new half-million dollar elementary school is to be erected. The crew was doing some final re-checking Thursday afternoon before returning to Omaha. Previous tests have shown the soil to be spongy and in need of compaction before foundations are put in. Architects of Dana, Larson and Roubal, Omaha, told the school board that the area was at one time a creek bed. Construction will begin in early summer.

Search for Lost Aircraft

by Merlin M. Wright

A Wayne Air Service Cessna 150 sat on the taxi ramp Thursday morning at the Wayne airport ready to join other aircraft in the search for a plane that had been missing five days. Airport manager Don Johnson piloted our ship as we became airborne at 9:57 a.m.

Our mid-morning mission is to cover 130 square miles of gently rolling prairie land in northeast Nebraska attempting to locate a private airplane that presumably crashed on the night of Dec. 11. Six persons were on board the craft which had departed Colorado Springs, Colo., in the late afternoon with Sioux Falls, S.D., as their destination. Frayne D. Anderson, piloting the plane, contacted the Flight Service Station at North Platte reporting his altitude as 75 hundred feet with broken clouds below at 25 hundred. According to Lieut. Mike McCurdy of Omaha Civil Air Patrol public information spokesman, the pilot would have lost daylight about 6:30 p.m. in the vicinity of Anselmo, Nebr.

Nothing has been heard or seen of the plane since. Aboard the craft with pilot Anderson, who is head librarian of the Augustana Lutheran College at Sioux Falls, are K. Don Tibbetts, 34, director of forensics; Joyce Estwick, 21, Milan, Minn.; Linda Heldmann, 20, Rapid City, S.D.; Al Jensen, 18, Pipestone, Minn.; and James Houshe, 18, of Shawnee Mission, Kan. Instructors Anderson and Tibbetts had flown the debate team to Colorado to compete in the Pike's Peak Invitational Forensic Tournament sponsored by Colorado College. Deteriorating weather hampered search operations carried out by dozens of aircraft and helicopters over a wide area where-in the lost aircraft might be down. Johnson and I joined the search in the Wayne area Thursday when search operations were centered at Martin Field, South Sioux City. One reason for searching this area of northeast Nebraska was due to several area

Wayne County to participate in Food Stamps Ready Soon

Low income families and those now receiving public assistance grants may be eligible to buy more and better foods, with about the same amount of money now being spent for groceries, under the new Food Stamp Program going into operation in Wayne County in March.

The program will operate through the efforts of the Nebraska State Welfare Agency and the Wayne County Welfare Agency, in cooperation with the Consumer and Marketing Service of the U. S. Department of Agriculture.

The Food Stamp Program has two basic purposes. The first is to help you, as a low-income family, to get more food and a better diet for better health. Second, to make better and greater use of the big supplies of food produced by American farmers. American farmers produce more than enough food to provide everyone in this country with a good diet. But some families are not able to buy all the food they require for good health.

The Food Stamp Program is a method of getting additional food to you.

Under the Food Stamp Program, you will be able to purchase extra food at your retail store. In this way, everyone will benefit. By participating in the program, you will eat better and enjoy better health. The farmer will be able to sell more food. The community will be helped by your added food buying power.

How the Program Operates

You, as a low-income family, or one receiving public assistance, will be certified to participate in the program by the Wayne County Welfare Agency.

The welfare office, located in the Wayne Courthouse, will determine the amount of food coupons you must purchase and the amount of bonus or free coupons you will receive in accordance with a scale approved by the U. S. Department of Agriculture. You then spend these food coupons at your favorite grocer for any food produced in the United States, just as anyone would use money.

The grocer redeems or deposits the coupons at his bank just as he does his other receipts or deposits. The grocer must be authorized to participate in the program by the Food Distribution Field Office of USDA's Consumer and Marketing Service, located at Norfolk.

Nearly all of the grocers in Wayne County are expected to take part in the program.

Not a Welfare Program

The Food Stamp Program, it is pointed out by USDA, IS NOT a welfare program. Rather, it is a food assistance program. The whole idea is to get more food to you as a low-income family by increasing your food purchasing power. It is not to make available for other purposes some of the monthly income you are now spending for food.

To make sure you actually buy more food, the Food Stamp Program rules require you to put up some of the money you would normally spend for food. If the coupons were absolutely free, some families might use them to buy only food they would have bought anyway and still have an inadequate diet. That would defeat the main purpose of the program.

Purchase Requirements

The amount of money you pay for food coupons and the amount of bonus or free coupons you receive depends upon several factors. One factor is the income of your family; another is its size. The idea is to charge you about what a family of your size and income could be expected to spend for food.

Here, for example, is a chart of selected households of various size and income showing the coupons they are required to purchase, the amount of bonus coupons received and the total coupons available for monthly food purchases:

\$59 in Roland Fund

Sourcees at the State National Bank in Wayne reported Friday afternoon that \$59 has been collected for the Finis Roland fund. Roland, 34 years old and the father of seven children, was injured Oct. 12 when struck by a car as he walked along the highway south of Wayne.

Several girls started the fund for the Roland family early in January. It started slowly, but lately several contributions have come in, the girls said. They will keep the fund open for about another month and then send the money to the Roland family.

Mrs. Roland wrote a letter to Mrs. Ed McVatt last week saying her husband has improved somewhat, and then telephoned Friday from Omaha and said that doctors planned on operating on her husband's eye Saturday.

Roland was hospitalized in Wayne for a few days after the accident and then transferred to Veterans Hospital in Omaha.

His wife moved to Sioux City following the accident. Her address is Mrs. Finis Roland, 2214 Hamilton Blvd.

Contributions to the fund may be sent or delivered to the State National Bank.

Allen Businessman in S. C. Hospital

An Allen businessman, Ken Linfeller, has been hospitalized in Sioux City suffering from bronchial pneumonia. He entered the hospital Jan. 9.

His wife said he lost quite a bit of weight in the past few days and that the doctors have been feeding him through the veins. She did not know how much longer he would have to be in the hospital.

He is in room 302 of St. Luke's West Hospital.

Police Investigate More Accidents

Police continue to have a busy schedule investigating auto wrecks in the city.

Tuesday afternoon, according to the police records, a 1965 Chevrolet driven by August Long pulled out of a parking stall and pulled into the path of a 1953 Chevrolet driven by Lyle Gamble who was headed north on Main in the 200 block. Damage was minor.

Later that afternoon Leonard Wachhof, Wakefield, was backing his pickup truck away from the curb in the 100 block on east Third and while doing so struck the left rear corner of a 1968 Buick owned by Rudy Kal, Pendleton.

Allen Superintendent Offered \$1100 Raise

The board of education of Allen Consolidated Schools voted Monday night to offer Superintendent Ed Heckens a raise of \$1,100 if he decides to sign a contract with the school for another year. Heckens has until Feb. 1 to sign the contract.

The board met Monday night because their regular monthly meeting, Jan. 6 had to be postponed since it conflicted with the Lewis and Clark Conference Tournament in Randolph.

In other action, the board discussed the coming contracts with their teachers and decided to meet again tonight (Monday) to discuss contracts with the teachers' committee which has been drawing up a proposal to present to the board.

EDITORIAL COMMENT

The editorial department of a weekly newspaper is an important department. Normally it is one person's opinion of topics that concern most of the readers.

It is the duty of an editorial writer to search all available facts before he sits down to write. From this basis the writer should be able to give a clear picture of important topics.

You may not agree with an editorial -- but if you read the editorial and give serious thought to the subject discussed you have gained. You, as a reader, have given careful thought to an important problem and the writer is proud to have called your attention to an important subject that you may have overlooked.

Safe by Decree

While Washington D. C. continues to be one of the more dangerous places in which to live, many of the government people living there, and holding high offices, are attempting to "protect" the rest of the nation through various "safety" decrees.

Surely, you have noted that with the startling increase in the crime rate within our nation, the legislators decided that the increase of murders, killings and assassinations couldn't be the fault of the people, so they laid the rap on the gun! It was the gun's fault that so many were being killed! Naturally, the thing to do was to implement "gun control" rather than "people control". Turn criminals loose but for gosh sakes get those dirty guns "controlled".

We Nebraskans have concluded what is yet the bloodiest year on the roads leaving 451 dead, not to mention the hundreds injured and handicapped for life. Once again our government leaders cannot look the driver in the eye and shout "guilty," after all, could that many people have erred? The conclusion drawn is that the increase in fatal traffic accidents has to be the fault of the car. That's it! A new record of fatalities surely must have been set due to cars with faulty equipment! (This is much easier to say than to charge all too many motorists with having faulty judgment!)

Free or Controlled Expression?

It is setting a dangerous precedent when public officials assume the prerogative of seeking to control by criticism or innuendo what a citizen, or an editor should write or print.

We see this method used in the U.S. quite frequently, but so far it has not passed the stage of dirty politics used by candidates for office, or public officials seeking notoriety. It reminds one of the practice of the devilfish that can squirt out black liquid in order to cloud the water and hide his own ulterior motives.

Unhappily, this official desire to censor or control free speech and press grows, because freedom of expression is the one thing that political opportunists fear most. Without freedom of expression there is no freedom for the individual.

Newspaper Sounding Board

What is a newspaper? What is a newspaper like in a country where there is no freedom of the press, no advertising, no dissent, a country where the press is but the sounding board of a dictatorship?

The answer can be found in the comment of a U.S. writer, Rebecca Tarshis, recently returned from the Soviet Union, who had an opportunity to visit the headquarters of Pravda, official newspaper of the Soviet communist party. In an article in the Portland, Oregonian, she says, "Pravda... is not attractive by our standards. It has no comic strips, advice to the lovelorn, household hints, recipes, advertising, or any of the numerous other features that brighten American newspapers." She told the primary function of Pravda is to crusade for the principles of communism. It is published in a giant government printing establishment. Its profits are turned over to the communist party.

There can be no free press in Russia, since there is no free enterprise to support it. The color and diversity of the U.S. press, and its independence, are products of the very things

we hear criticized so often, such as advertising, promotion, private enterprise, the free market, competition, profits, things which do not exist in Russia.

We here at The Wayne Herald are thankful to live in a country where we depend upon our readers for news items, tips, leads, stories, accomplishments, promotions, awards, announcements, appeals and pictures. By such contributions subscribers help themselves and friends throughout the area to make the local paper a reflective sounding board.

When people such as yourself contribute ideas for editorials, and in many ways not only make the news but "use the news," then the paper you are reading will improve and readers may have the kind of newspaper they want. Remember, it can only happen in a "free" country.

So whether it be a story about your road conditions, a coming meeting, a special speaker, your club or organization, we hope everyone in the area will help make The Herald a better and "newsy" paper. -- MMW.

and an even speedier execution of sentence. One execution was the case of Albert Hamstine, a Custer County farmer convicted of murdering two neighbors on November 9, 1888.

Accounts of the Hamstine case appear in the newspaper files of the Nebraska State Historical Society.

Hiram Roken and William Ashley had gone to Hamstine's home in search of various

articles stolen from the local schoolhouse. Hamstine returned a clock to the men, and while Roken and Ashley were returning to their wagon, he shot them in the back, killing both men instantly. He then covered the bodies with straw and hid their horses on a nearby abandoned claim.

Leaving their home, Hamstine and his wife fled to Madison, Nebraska, where Hamstine

worked for three days husking corn. He then left for Columbus and was captured on the train after it had been stopped by the authorities.

Albert Hamstine stood trial during the March, 1889 session of District Court and was convicted of murder. He was sentenced to be hanged the following September. Attorneys appealed the decision to the State Supreme Court, which upheld the conviction and fixed April 17, 1891 as the new date of execution.

That afternoon, the jury found Hamstine sane. An enraged mob armed with sledgehammers and crowbars formed with the intention of taking justice into their own hands. Mrs. Roken attempted to calm the crowd, and they finally dispersed after being assured that the execution would be carried out according to law.

On May 22, 1891, a large crowd gathered at the courthouse in Broken Bow to witness the execution of Albert Hamstine. A large fence had been erected around the gallows to prevent the execution from becoming a public spectacle, but a half hour prior to the time fixed for the execution, someone gave a pre-arranged signal, and the crowd destroyed the fence.

Hamstine was accompanied to the gallows by a priest, and at 12:59 p.m. the trap was sprung. However, the rope broke some three feet above the noose, and the unfortunate man fell to the ground still alive. He was carried back onto the platform and again the trap was sprung. This time the rope held and Hamstine was pronounced dead at 1:19 p.m.

Area Girls Named 1969 Homemakers

Area high school girls named as 1969 Betty Crocker Homemakers of Tomorrow are Kathleen Dunklau, Wayne High School, daughter of Mr. and Mrs. Aiden Dunklau of rural Wayne; Betty Anderson, Winside High School, daughter of Mr. and Mrs. Marvin Anderson; Winside; Monica Dorcy, Emerson Sacred Heart High School, daughter of Mr. and Mrs. Joe Dorcy, Wayne and Kathryn Carlson, Wakefield High School, daughter of Mr. and Mrs. Vern Carlson, Wakefield.

The girls were named on the basis of their scores in a written knowledge and aptitude test on homemaking given senior girls Dec. 3.

A State Homemaker of Tomorrow and runner-up will be selected from the winners of the schools in the state. The state winner will receive a \$1,500 college scholarship, and her school will be awarded a complete set of the Encyclopedia Britannica by Encyclopedia Britannica, Inc. The runner-up will earn a \$500 educational grant.

The national winner—the 1969 All-American Homemaker of Tomorrow—will be announced at an American Table dinner in Willamaburg. The choice will be on the basis of her original test score plus personal observation and interviews during the tour, and her scholarship will be increased to \$5,000. Second, third and fourth ranking Homemakers of Tomorrow in the nation will have their original scholarship grants increased to \$4,000, \$3,000 and \$2,000, respectively.

Meetings Will Help in Making Wills

Few people realize how rich they are and therefore fail to understand the necessity of planning an estate and preparing a will, according to Anna Marie Krefrels, area extension agent at Concord's Northeast Station.

The Home Economics Extension Program in northeast Nebraska is presenting the topic, "It's Yours—It's an Estate" at five meetings scheduled as follows:

Jan. 27, Northeast Station; Jan. 28, District Courtroom in Dakota City; Jan. 29, Fred Marquardt home in Hoskins; Jan. 30, Extension office in Wakefield and Jan. 31, County Courtroom in Hartington.

All meetings will begin at 1:30 p.m. and will be conducted by Anna Marie Krefrels.

Information is designed primarily for women who want to become more familiar with Nebraska laws of descent of property and with the steps to take in preparing a will.

Interested women are invited to attend any of these meetings. It is not necessary that they be members of a home extension club.

Navy Will Cachet Apollo 9 Covers

Manned Spacecraft Recovery Forces of the U.S. Navy will provide collectors with "Recovery-Day" cachet and cancellation services for the upcoming Apollo 9 manned space flight.

Philatelic coordinators designated for Atlantic and Pacific Fleet Recovery Forces (Task Forces 140 and 130) will receive all such envelopes and make the distribution to assigned ships.

To permit adequate time for required handling of covers, collectors should mail pre-stamped, self-addressed envelopes to reach the appropriate coordinator prior to Feb. 13. Covers received after this deadline will be cancelled at Norfolk or San Francisco.

Due to popularity of this service and postal facility limitations on recovery ships, the coordinator for Task Force 140 will accept only 6 envelopes while Task Force 130 will accept 8 covers from each individual collector.

Addresses for Atlantic and Pacific area coordinators are: TASK FORCE 140, Public Affairs Office (Apollo 9), Manned Spacecraft Recovery Force, Atlantic, Building SP-71, Naval Air Station, Norfolk, Va. 23511.

WHS Staff Observed

Winside High School's teaching staff will be host to a first group of observers from Wayne State College beginning today (Monday).

Wayne State students observing teaching procedures in the elementary building will be Sharon Scott, Sharon Andrews, Donna Steer, Carolyn Gray and Becky Pederson. Observing in the secondary building will be Gary Malnberg, Dick Gross, Larry Hartman, William Schwarz and Beatrice Koclan.

Grew 30 Million Bushels of Corn

Nebraskans produced about 30 million fewer bushels of corn in 1968 than in 1967, according to a weekly newsletter mailed out by Congressman Robert V. Denney.

Nationally, the corn crop was the second highest in history, he noted.

Production of other crops in the state: Wheat yields pushed the state's per acre average to 30.3. Returns for the years 1963-67 averaged 23.4 bushels to the acre. Sorghum yields were about 20 million bushels off the 1967 total of 123 million. Still, Nebraska joined with Texas and Kansas in accounting for 82 percent of the nation's production.

Nearly half the women in the population between the ages of 18 and 65 are in the labor force, and the percentage continues to rise. Nine out of ten girls can expect to be gainfully employed at some time during their lives, according to the Labor Department.

Eagles Fly High, Drop Randolph

"We've just been working a lot on fundamentals—passing, dribbling, moving the ball—and I think that's why we've really shown some improvement lately," said Coach Ray Vikander following the Allen High victory over conference-foe Randolph Friday night. "We had a lot of turnovers tonight, about 16, but we were shooting good from the field, 21 out of 53 for 49 per cent, and we were rebounding good and playing well as a team," he noted.

The Eagles did most of those things best in the second half of the game. They trailed the visiting Cardinals 25-24 when they went into the locker rooms, but they came back after the rest and went ahead by one point, 28-27, with about five minutes left in the third stanza on a bucket by high-scorer Dave Abts. And they never trailed after that as they went on to chalk up their second victory of the season.

Dave Abts not only led his team in scoring, he also stole the ball from the harassed Cardinals six times during the action, five of them in the first half.

Allen jumped to a 6-2 lead with about two minutes gone in the game and then fell behind the Cards 10-7 with only two minutes left to go. But two buckets and a free throw by Junior Bob Meyer let them gain a tie going into the second period.

Despite three steals by Dave Abts and two by Meyer in the second quarter, the Eagles fell behind the visitors in the second quarter.

But the Eagles came on strong in the third quarter, tallying 15 points while holding the Eagles to only eight. Randolph's Darlyn Hansen, a senior at 5-11 and a bothersome thorn most of the night, tallied six of those eight and grabbed five off the boards.

The winners did even better in the final period of action. They pumped in 20 points to the Cardinals' nine. Ten of those were by Dave Abts as his teammates fed him several times for easy lay-ups on their fast breaks. The Eagles' defense, which faltered only a few times during the night, sparkled in that quarter. Ran-

dolph never scored a point until Darlyn Hansen scored on a jump shot with just under six minutes left to play to move his team to within 11, 45-35.

That was the last point Hansen made in the action as the Eagles sieged only seven more points to the losing Cardinals.

If there was one weak spot in the much-improved showing of the Eagles it was the coverage of Darlyn Hansen. Although only 5-11, Hansen potted 19 points during the game and made his presence known under the boards. He led his team in both departments as the Eagles had trouble in keeping the stocky player covered. They did better on the rest of the Cardinals—second-highest in the scoring was 6-11 Joe Hansen with eight.

Trailing Eagle Dave Abts in the scoring department was his brother, John, who added 10 to the winners' column. Bob Mitchell and Roy Meyer garnered nine each during the evening. Jerome Roberts had four. Other scorers: Bob Anderson with three, Tom Maggart with two and Dave Gelger with one.

Leading the strong defensive

effort for the Eagles was Bob Mitchell. He grabbed 13 rebounds during the evening. Bob Meyer came off with seven.

Next action for the Eagles is Thursday night when they travel to Newcastle for a four-team, two-night invitational tournament. They take on Emerson Seared here at 7 Thursday.

Says Coach Vikander: "I think we can win that tournament if we keep playing well. Not only that, we still have a chance to make a good showing in the Lewis and Clark conference."

City Basketball League Finishes First Action

Action in Wayne's recently formed city basketball league got underway last week on the court in the city auditorium.

In Wednesday's A League action, Team I dropped it, 87-76, and III walloped IV, 82-61.

Mark Robinson potted 14 points in the fourth straight stanza to lead Team I's late-game surge which game them the win. Team I led at the end of the second quarter by only one point, 33-32, and at the end of three quarters by two points, 55-53. Their defense held the losers to only 23 points in the final period.

Leading scorer for the winners was Randy Bates with 22, followed closely by Gordie Jorgensen with 21 and Robinson with 20. Coming up with 12 was Rick Brown. Ron Dalton added five.

Chris Wickham's 37-point effort was high for the losers. Tallying 15 was Bob Rabe. Randy Olson had 12, Gerry Robins 10.

Team III had little trouble in taking IV in the second game of the A League action. They moved ahead early in the game and took a 39-31 advantage into intermission. They padded that lead in the third period by tallying 29 points while giving up only 16.

Dick Nelson scored 24 points for the winners for high-point honors in the game. Coming up with 20 was his teammate Lynn Lessmann. Other scorers for

Tell Bowling Results

Following are the first 10 winners in the recently completed city bowling league:

Singles event—LeRoy Barner (650), Glen Hixon (638), Chuck Ault (628), Gary Wilson (620), Jerry Esler (606), Dick Neuhauer (602), Ron Brummen (597), Scott Nelson (595), Elda Roberts (584) and John Dahl (583).

Team event—Swanson's TV and Langemeier, Inc. (2919), Budwieser (2914), Dahl Retirement Center (2811), Marley's Standard and Swan-McLean (2808), KTCH Hadio (2807), Elming Concrete (2793), Wayne's Body Shop and Red Carr Implement (2779).

Doubles event—Dahl-Marsh (1249), Mau-Nelson (1223), Weible-Thompson (1177), Neubaerer-Murray (1153), Roberts-Nelson (1149), Sprick-Franzen (1148), Bus-Anderson (1134), Clausen-Dranselka (1127), Hebensdorf-Baier (1119) and Carstens-Glover (1114).

A complete listing of who the bowlers placed in the tournament is posted at Melodee Lanes.

Cagers Drop Osmond

The basketball team of Wayne's St. Mary's Catholic School knocked off Osmond, 37-26, in a tilt Sunday, Jan. 12.

Osmond led the local cagers, 15-11, at half time but Bill Schwartz put on an individual 10-point scoring surge during the third quarter to pull his team ahead.

Schwartz also led his quintet in scoring, grabbing 17 points in the action. Danny McCright potted nine points.

Goodwin Grabs WSC Scoring Lead

A new name tops Wayne State's current basketball scoring chart. Bill Goodwin, junior from Lawton, Ok., took over first spot with 175 points, an average of 14.6.

Two points behind are Dean Eloffson, junior from Wayne, and Dave Schneider, junior from Blair, averaging 14.4. Senior Bill Kruse of Sutherland, Ia., ranks fourth with 143, at an 11.9 clip; Paul Emanuel, North Bend, junior, fifth with 133, averaging 11.1, and Marc Sommerfeld, junior from Odobolt, Ia., 102, averaging 8.5.

Says Coach Dave Gunther, "We don't care who leads the scoring. Four of them—Goodwin, Eloffson, Schneider and Kruse—have been on top at one time or another. We like to see the scoring balanced."

The top six have averaged a total of nearly 75 points—part of the reason Wayne has won 11 of 12 games with an average of 84.6. Another reason is stingy defense which has held opponents to a 66.5 clip. That's a winning margin of 18.1.

Eloffson continues as rebound leader with 9.4 a game, Schneider second at 7.7 and Goodwin third at 7.3.

Three foes will test the Wayne record next week. Doane, four

Blue Devils Post 55-39 Win Over Stanton Friday

The Wayne High Blue Devils managed to bounce back from a fright first quarter offensive attack to outscore the visiting Stanton Mustangs 55-39 at the WSC Hlice Auditorium Friday night. A total of only eight points was scored in the first period as a series of turnovers and impotent scoring abilities by both teams ended with Wayne leading 5-3. That two point margin was increased, however, in the second stanza as the Blue Devils found their range and tallied for 20 points to lead 25-17 at half-time.

Coach Dick Nelson's local cagers exerted an aggressive defensive effort in the third quarter and took advantage of Stanton's erratic ball control while increasing their lead to 40-26. Randy Helgren led Wayne's third stanza scoring surge with four field goals and one charity toss for nine points.

Stanton was outscored again in the final eight minutes 15-13 as the Blue Devils' lead was never threatened seriously. Wayne drew six fouls in the fourth period by utilizing strict ball control and was able to capitalize on five free throws while landing Stanton in its second defeat of the season.

Harry Lindner led the Blue Devils under the boards with 12 rebounds. He was followed by Les Echtenkamp with eight; Randy Helgren with four; Dave Tietgen with three; Dwayne DeTurk with two; and Ted Armbruster, Chuck

Fisher, Jerry Titze and Don Mau with one rebound apiece. Wayne's B Team also won its preliminary tilt by outscoring Stanton 45-37. Ted Armbruster led Coach Don Johnson's cagers with eight tallies. He was followed by Mike Blifoft, Lannie Blifoft and Don Mau with six each; Jerry Titze and Dick Tietgen with five each; Les Echtenkamp, Jim Sturm, Steve Kamish, Rod Cook and Terry Ellis with two each; and Mike Crelighton and Craig Johnson with one point each.

Armbruster also led the junior varsity under the boards with nine rebounds. He was followed by Echtenkamp with eight; Cook with six; Kamish with four; Tietgen, Mike Blifoft, Titze and Lannie Blifoft with three; Crelighton with two; and Mau and Johnson with one rebound apiece.

Following a home cage contest against Bloomfield Saturday (Jan. 18) night, the Blue Devils will host Neligh Friday (Jan. 24) at Hlice Auditorium. The Wayne-Bloomfield tilt will be reported in Thursday's issue of The Wayne Herald.

Mat Action This Week
The three high school wrestling squads in the area see action this week. Tonight (Monday) the Wakefield grapplers journey to Neligh for a meet. Wayne, after having their Friday meet at Albion called off because of bad weather, will try heading west again Tuesday night for a meet with the O'Neill squad. Thursday night Winside journeys to Howells for mat action.

AHS Quintet to See Action Friday Night

Allen High Eagles are starting to get in shape for two nights of action on the hardwood starting Thursday evening. The Eagles are taking part in the four-team Newcastle Invitational Tournament. First-round action sees Allen taking on Emerson Sacred Heart at 7 p.m. and Ponca challenging the hosts at 8:30. Losers of the two games will play at 7 Friday night, the winners at 8:30 Friday.

Coach Ray Vikander of the Allen quintet says his team has a good chance to go "all the way" in the tournament. Only team taking part in the tournament which his team has been up against so far this season is Ponca. The two traditional rivals met in the opening game of the season and Ponca took home a 44-31 victory.

WSC Grapplers Shut Out Buena Vista

A snowstorm won two matches, Wayne State won the other in what was scheduled as a three-time double dual wrestling meet here Friday afternoon. Yankton College's team was unable to travel because of snow, but Buena Vista College reached Wayne from less-snowy Iowa. Wayne defeated Buena Vista, 39-0, winning five of the nine matches by pins, three by decisions and one by forfeit. Results: 123-Bill Schwarz, decisioned Kevin Udow, 6-0. 130-Jim McCurley pinned Dan Hirschfeld in 3:56.

137-Max Brannum won by forfeit. 145-Bill Cartwright decisioned Steve Glass, 13-3. 155-John Yoder pinned Ed Dugan in 7:16. 165-Larry Michelson pinned Rich Schaffer in 3:13. 167-John Kletnick decisioned Kettl Fick, 15-2. 177-Bruce Cramer pinned Rich Welton in 3:42. 187-Tom Firestack pinned Steve Spark in 2:34. For the next week Coach Don

Pate's team will prep for a quadrangular at Bemidji State College, Minnesota, Friday. Joining Bemidji and Wayne will be Northern Iowa University and Minot State of North Dakota. It will, says Pate, be a stiff test for his Wildcats. A measure of the meet's value is the fact: 11 entrants were place winners in the national NIAA tournament last winter—47 of them on the Wayne team: Larry Michelson, Tom Firestack and Bill Schwarz.

Boxing Smoker Set for Wayne Jan. 28

Boxing fans in the Wayne area will be able to see one of the best cards available during a smoker at 8 p.m. Jan. 28 at the city auditorium. Those in charge of lining up fighters say that several people have remarked that it would be hard to gather any better fighters in the state. Sponsoring the smoker is the

St. Mary's Men's Club in Wayne. Reserve seats are selling at \$2.50 and are going rapidly, according to those in charge of sales. General admission price is \$1.50. Two Wayne State College students, Bill Cartwright and Doug Ladke, are on the card. Cartwright, fighting at 147 pounds, won the novice division at Nor-

folk in 1967. Among the three Omaha fighters expected to enter the ring are Larue Williams and Teddy Vahn. Williams, at 130, has had 15 fights and has won five by knockouts. Vahn, at 145 pounds, has won eight out of his last 10 fights. Several fighters from the South

Wayne Fresh Plan Schuyler Tourney

Wayne High's freshmen basketball squad will be taking part in the Schuyler Freshman Invitation Tournament set for Jan. 27, 28, 29 and Feb. 4, according to Coach Ron Carnes.

The frosh, now with a record of three wins and no defeats, will travel with David City Aquinas Jan. 28 at 6:30 in the evening. If they win that contest they will travel Jan. 30 with the winner of the Jan. 28 game between Fremont Dergan and Howells. Other teams in the tourney: Columbus Scotus, North Bend, David City and Schuyler. Admission prices: Adults, \$5.50 and students \$2.25. Trophies will be given to the top three teams in the action.

Increased in number each year since 1955 except for one year. Success has been excellent compared to other states, with more than 26 per cent of the bowlers in 1963 bringing home venison. Six other years show successes over 20 per cent and the average for the past 12 years is nearly 20 per cent. Even 16 per cent success shows a high degree of skill on the part of the bowler. The national average runs well below 10 per cent.

Several fighters from the South Sioux City boxing team will be taking part. Those with enviable records: Dick Pelster, 147 pounds, who has won 38 out of 41 fights, 14 by knockouts; Bob Hixon, 156 pounds, who has gone to the national one and who has had 40 fights; Rick Bailey, 170 pounds, who has won six out of his last seven fights; Tim Frankl, Wayne State student at 126 pounds, who has won eight out of his last 10 starts; and Junior Pelster, 130 pounds, who has won six of his last seven.

Nips Norfolk Jr. High

Hank Overin's recreation league cagers posted another win for the season by knocking off Norfolk Junior High Thursday in a low-scoring game. The Wayne squad nipped Norfolk, 22-20.

Leading only 7-5 at the end of the first period, Wayne came back to pot nine points in the second stanza, eight of them on Sturm's four buckets, while holding the hosts to only one basket. But Norfolk came close to overtaking Wayne in the final two periods, scoring seven in the third and six in the fourth, while giving up only three to Wayne in each period.

Leading the scoring for the winners were Sturm with 12 and Scheel with five. Tallying three were Saul, Nelson and Brown added one each. High scorer for Norfolk came in with eight points.

Nebraska Bow Hunters
Although all figures are not yet in, it appears that archery deer hunters did pretty well for themselves during the season which ended on Dec. 31. Success has already reached nearly 16 per cent. Figures now show that 364 deer were downed by the 3,577 permit holders, says the Game Commission. This tally can climb some when all reports are in.

The number of permits issued again increased markedly over the previous year, reflecting the growing interest in archery hunting. Archery deer hunters have

Carhart LUMBER CO.

What a change from my drab, dingy old kitchen!

When a gal spends a large part of her day in the kitchen, she deserves a convenient, pleasant place in which to work!

I told the experienced remodeling advisors at Carhart's about my old kitchen. We discussed my ideas for features I'd like in my new kitchen. We picked out some new cabinets and built-in appliances.

They came out and measured my kitchen space, then drew up special plans. When we agreed that everything was as we wanted it, they put a contractor to work.

Now, I have a bright, convenient, easy to use and easy to keep clean kitchen.

Concord Church Planning Conference

A missionary conference will be held at the Evangelical Free Church in Concord beginning Wednesday night and continuing through Sunday, except Saturday. Services will begin at 7:30 each evening and 11 a.m. Sunday morning.

Three veteran missionaries and one missionary candidate will participate representing four mission fields.

Ray Olstad, who has served two terms in Japan will be the speaker at both the first and last services, Wednesday and Sunday nights. Arlas Johnson, who will be here Thursday night, first went to Congo in 1951 and was involved in the evacuation during the unrest there in 1960 and 1964. Walter Erickson is a mis-

sonary candidate for the field of Philippines and plans to leave with his wife and infant daughter for that field this summer. Marjorie Johnson, a missionary with 33 years experience in Venezuela, will be speaking at the Sunday morning service at 11 a.m.

Colored slides and curios will be shown at the evening services. Everyone is invited to attend.

Labor Notes

From 1964 through 1967, the number of disabling injuries suffered by America's work force averaged 4.6 million annually. This was twice the number resulting from automobile accidents. Since the work force represents only one-third the total population, the rate of job-related injuries was actually six times as great, according to the Bureau of Labor Statistics.

Veterans Will Not Receive Pensions Unless Questionnaires Are Returned

The new year could begin with a financial jolt for many Wayne area veterans and widows on Veterans Administration's pension rolls who have failed to return their annual income questionnaires to VA.

Totally and permanently non-service-connected disabled veterans and wartime veterans' widows who meet income limitations are eligible for pensions.

The law requires these beneficiaries to report their income each year in order that the VA can determine the amount of pension to which they are entitled. Such pension is related directly to income. The questionnaire requesting data on 1968 income received and 1969 income estimated was sent to over two million pension recipients about the first of November. Deadline for returning the questionnaire to VA was set at January 15. With this deadline past, approximately 645,000 pensioners have not returned the questionnaire.

C. W. Nixon, manager, VA Regional Office, Lincoln, said that until the VA receives 1969 income

Medicare Rates Up

New Year's Day held more than its usual significance for some Medicare beneficiaries, according to Robert L. Pelkey, social security district manager.

Those who entered a hospital under Medicare on Jan. 1 or thereafter will be required to pay an additional \$4 of their hospital bill.

Previously Medicare paid for all covered hospital expenses except the first \$40 during each term of illness. Effective Jan. 1, however, this amount was increased by ten per cent, or to \$44.

A Medicare beneficiary who is in a hospital for more than 60 days will pay \$11 per day for the 61st through the 90th day instead of \$10. Likewise if he is in an extended care facility and receiving covered Medicare services he will pay \$5.50 each day instead of the previous cost of \$5 toward the costs of the 21st through the 100th day.

Medicare beneficiaries who entered the hospital before the end of 1968 are not required to pay the increased deductible and co-insurance costs even though they may receive some or all of the services after Jan. 1, 1969.
