

Catholics Vote Friday To Build New Church

Members of the St. Mary's Catholic Church in Wayne voted overwhelmingly Friday night at a general parish meeting to build the new church on which bids were opened Feb. 28.

The new church, which will stand on church land to the northwest of the present St. Mary's school, will cost about \$177,000 for the basic construction, not including the furnishings.

Bids will be let as soon as they can be stimed, according

to Dan Sherry, building committee chairman. Sherry said that Otto Construction Co. of Wayne was the low bidder on the general construction phase. Otto's bid was about \$127,000. Bid for the mechanical phase of construction (furnace, heat, air conditioning, water) was about \$38,000. Electrical bid was \$12,000. Low bids on these two phases of construction came from construction companies outside of Wayne.

The church, which will feature shake shingles and air conditioning, will have a southeast-sloped roof and will have the main entrance to the southeast. A ground level entrance will be at the south, an above ground level entrance to the southeast and a ground level basement entrance in the rear. Sherry said construction will begin on the church as soon as weather permits. Anticipated completion date will be about one year from start of construction.

Food Stamps Going On Sale April 9th

Wayne County Welfare Director Ethel Martelle said Friday that food stamps will go on sale in the county Wednesday, April 9.

The stamps will go on sale that morning from 9 to 10:30 at Dittman's Clinic in Winslow, from 11 to noon at the Carroll State Bank in Carroll and that afternoon from 1:30 to 4 at the welfare office in the county courthouse in Wayne.

People buying the stamps are to purchase a month's supply at a time. They can do this at either of the two Wednesday's in each month they will be on sale.

Mrs. Martelle also said that her office will begin taking applications for food stamps from non-assistance households Wednesday, Mar. 26. These will be taken at Dittman's Clinic in Winslow from 9 to 10:30 that morning, from 11 to noon at the Carroll State Bank in Carroll and from 1:30 to 4 Monday through Thursday afternoon of that week.

Those applying for the program will need verification of residence, income and resources. Mrs. Martelle pointed out. Income for farmers, she noted, will be verified by the 1040 income tax forms for the past three years.

Households on public assistance are automatically qualified for the program.

An explanation of the food stamp program was given to most of the grocers in the county at a meeting Wednesday night at the Wayne Chamber of Commerce office.

New Bins Being Built in Carroll

Slouland Fertilizer Inc. of Sioux City started constructing fertilizer storage facilities Mar. 12 south of the Granfield elevator in Carroll.

Daryl Granfield is the Carroll distributor for the dry fertilizer which will come from a blending plant in Randolph. It will then be stored in one of the three new 18-ton capacity storage bins.

Plans call for the installation of the three bins to be completed in approximately a week. Granfield Elevator and Slouland Fertilizer are co-sponsoring a Crop Information Clinic starting with a coffee at 9:30 a.m. on March 18 in the Carroll auditorium.

Both dry and liquid fertilizers will be discussed during both morning and afternoon sessions.

There will be a ham dinner at noon. Adjournment is planned for 3 p.m.

MRS. DONALD CARLSON, rural Wayne, said, "I was stunned" when she heard her name called in Wayne's Thursday night cash drawing. She was in the Super Valu store at 8 p.m. when her name was called. Al Wittig presented her with the \$400 check. Mrs. Carlson said later, "I didn't know what to do, think, or say." When asked how she intended to spend the money, she quipped, "I've thought about just framing it! I guess, however, there are about 150 things to spend it on." The cash night drawing March 20 will be worth \$150.

91 People Attend Regional Seminar At Wayne High

Ninety-one school administrators and school board members were on hand at the Wayne High School Wednesday to attend a regional finance seminar. The seminar featured talks on finance, insurance, federal programs, audio-visual materials and salary schedules.

Dr. Robert Hartog, assistant superintendent of Lincoln City Schools, opened the seminar with a talk on school finance and insurance. Dr. Jack Krueger of the State Dept. of Education followed up with a talk on federal programs. Dr. Krueger directs all federal programs in Nebraska.

Following a supper at the school cafeteria, the group toured Wayne High's media center. Mrs. Beverly Merriman, Wayne High librarian, explained the center to the group. The media center consists of all audio-visual materials used in the schools, such as slides, film strips, 8 mm. and 16 mm. films, etc.

A panel discussion on the differential salary schedule closed the program. The panel, led by Hal Allen of the University of Nebraska Extension Division featured Dr. Krueger, Dr. Hartog and Wayne School Superintendent Francis Han. A differential salary schedule is an attempt to compensate professional teachers for various levels of responsibility as opposed to the lock step schedule, used by Wayne High, which advances teachers for years of service and additional education, according to Superintendent Han.

Drama Group Slated For Ramsey Tonight

A drama group from Los Angeles, The Covenant Players, will present "a contemporary view of the confusing world" tonight (Monday) at 8 p.m. in Wayne State's Ramsey Theater. The presentation had been postponed Mar. 10.

Introducing this new form of entertainment to WSC is the Cooperative Christian Ministry. The group will present one-act plays and shorter vignettes which are combined into a dramatic presentation. The players catch the audience's attention by presenting the unexpected in order to awaken people to what is going on around them.

Carroll Legion Sets Date for 50th Birthday

Carroll's Legion and Legion Auxiliary will mark the American Legion's 50th anniversary with a 7:30 p.m. meeting in the city auditorium Mar. 18, according to Mrs. Keith Owen's, Auxiliary president.

Mrs. Charles Whitney is general chairman for the affair. Auxiliary ladies will be presenting a special cake to Legion Commander Vernon Schnoor as a part of the anniversary.

Following a brief program the group will play cards. Legion men and their wives, Auxiliary women and their husbands are invited.

All-Stars Named

A full page in this issue of the paper is devoted to the 10 players selected to The Wayne Herald All-Star Basketball Team. The head basketball coaches of the eight teams in the western division of the Husker Conference made the selections.

The squad is weighted heavily with Laurel High School players. Four Bears made the team: Brent Fainstocck, Larry Smith, Tom Erwin and Steve Erwin.

Only one Wayne High Blue Devil was selected for the honor, Dave Tietgen. Stanton, a class C school which made it to state, placed two men on the squad, Gordon Miller and Bill Dillon. Madison High also had two players picked for the team, Frank Ray and Ron Schmidt. Rounding out the top ten players in the division is Neligh's Rick Cass.

Coaches selected 14 other players for honorable mention. Every school in the division placed at least one man on the team or had one selected for honorable mention.

This is the second all-star team selected by division coaches with the help of The Wayne Herald. The first one selected was at the end of the football season last fall. For a complete story on the selection of the team and pictures of those chosen see the sports section of this issue.

Carroll Firemen Hold Annual Meet; Talk of Building Needed Firehall

Members of the Rural Fire District number one met Mar. 8 in Carroll at the Kavanagh building for an annual meeting. Joining them in the 2 p.m. meeting were members of Carroll's volunteer fire department.

There are 23 volunteer firemen from both the town and rural area who meet monthly. Jack Kavanagh is fire chief in Carroll. Vernon Schnoor is secretary and treasurer of the fire department. Board members serving the rural fire district are Gilmore Sals, president; G. E. Jones, vice president; T. P. Roberts, secretary and treasurer; Frank Visak and Lynn Roberts.

A six-wheel heavy duty surplus army truck and a pickup have been recently purchased by the rural fire district to add to their equipment. The truck will be used as a tanker while the pickup will be put to use hauling small tools, chemicals and equipment. Before either vehicle is put into service, however, modifications will be necessary.

With the addition of the new equipment, firemen discussed the need of another fire hall. The present building was a WPA project in 1934 and will continue to be used but is not large enough to accommodate all the equipment, according to Vernon Schnoor.

Wayne Teachers Say 'Yes' To Board's Salary Schedule

Bids Will Soon Be Let on New Winside School

Winside School administrators and members of the school board went to Omaha Mar. 12 where they met with an architect from Omaha to look over final plans of Winside's new elementary building. Board members Ervika and Gertrude Vahlkamp were unable to attend the meeting.

Superintendent of the Winside schools, M. J. Masten, said Thursday there were a few final minor changes made in the plans for the structure. Bids will be opened in about ten days. Bids will be let Apr. 22 according to the administrator. "Work on the plans is coming along as well as can be expected," the Superintendent said.

Voters in Winside's school district 95H passed the \$495,000 bond issue last Dec. 3. Plans call for construction to commence this spring.

Allen Principal Not Returning Next Year

Ed Ieckens, superintendent of Allen Consolidated Schools, reported last week that Principal Raymond Vikander is one of three teachers who will not return to teach in the school system next year.

Vikander, also head basketball and assistant football coach, did not sign his contract by the deadline, last Monday. This was Vikander's first year at Allen.

The two other teachers who will not be returning next year are sixth grade teacher Mrs. Jean Parsons of Wayne and home economics teacher, Mrs. Jenep Kunzman of Wakefield.

Need Writer Now For Concord News

Mrs. Jerry Allvin, who has been the Concord correspondent for The Wayne Herald a number of years, will be sending in her last report for Thursday's issue, Mar. 20. The Allvins will be moving to Wakefield where she will no longer be able to contact Concord residents for news.

Anyone in the Concord area wishing to write news may contact Mrs. Allvin within the next week or may call The Wayne Herald collect at 375-2600. Mrs. Allvin has said she will give as much assistance as possible to the new correspondent.

Wayne High Teacher To Attend Institute

Wayne City Schools Superintendent Francis Han has announced the resignation of Vern Mills, Wayne High biology instructor. Mills is leaving the Wayne High faculty to attend an Academic Year Institute in Biology at Ball State University in Muncie, Ind.

The institute, which runs during the 1969-70 school year, offers research, seminars and study to those attending.

A graduate of Wayne State College, Mills has taught biology at Wayne High for the past two years. He also served as president of the Wayne Faculty Club.

8 Allen Students Make All A's

Six seniors, one freshman and one seventh grader attained all A's during the fourth six weeks period at Allen Consolidated Schools.

Making straight A's were seniors Kathy Jackson, Linda Rasmussen, Robert Anderson, Cynthia Ellis, Jeanne Emry and Craig Schultz, freshman Kathy Chappman and seventh grader Kim Jackson.

Making the second honor roll (three A's, rest B's) were seniors Valerie Koester and Nancy Swanson; juniors Cindy Hirschert, D'vce Koester and Deb Menkens; sophomores Linda Book and Sandra Jones; freshmen Vickie Hirschert, John Warner, Lorraine Hall and Janice Kraemer; eighth graders Cindy Carr and Richard Burgess, and seventh graders

The Wayne City Schools faculty voted Thursday evening to accept the salary schedule adopted earlier in the week by the board of education. The new schedule raises the base salary of a beginning teacher with a bachelor of arts degree from \$5,700 to \$6,000 and provides for a salary increase of three and one-half per cent of that base for each year of teaching experience or for the advancement to each of six steps beyond the four-year degree. Last year's increase was three and one-quarter per cent.

Dixon County Extension Board Members Named

A mail vote was conducted recently in Dixon County to select three members of the extension board whose terms were expiring. Elected were Louis Isinger, Newcastle; Mrs. Sterling Borg, Dixon; and Don Lehmann, Wakefield. Glennard replacing Harland Hingsel, Emerson. The other two board members were re-elected.

Duane Koehner, Allen, and Audrey Rickett, Ponca, who has served as chairman of the group, are hold-over members. Elmer Pearson, Ponca, and Willis Kahl, Wakefield, are 4-11 representatives and Mrs. Marvin Anderson, Dixon, and Mrs. Paul Borg, Concord, are the home extension representatives.

The newly re-organized board will begin its work by considering possible replacements for Edward Gillaspie, county agent who retired last fall.

The complete salary schedule showing the salary increments for various levels of experience and education will be printed in the next issue of the paper.

ED SKEAHAN, Wayne County caterpillar operator, points to three of six bullet holes left in the glass of his cat's cab by vandals over the weekend of March 9. The 14-ton cat with a V-blade snowplow on the front was left parked overnight two miles west of Wayne on the south side of Highway 35. There were six bullet holes in the shatterproof glass, which, according to Skeahan is expensive to replace, and one slug had struck the metal cab. The Wayne County Sheriff's office investigated. It is their opinion that a .38 or .45 caliber gun was used at rather close range.

VANDALISM. Sometime during Wednesday night or early Thursday morning there were 17 windows broken on the north side of McCullough's furniture store at the intersection of Fourth and Main. City police are investigating. The broken panes pictured is sample of what all 17 panes looked like when the firm opened for business Thursday morning.

EDITORIAL COMMENT

The editorial department of a weekly newspaper is an important department. Normally it is one person's opinion of topics that concern most of the readers.

It is the duty of an editorial writer to search all available facts before he sits down to write. From this basis the writer should be able to give a clear picture of important topics.

You may not agree with an editorial -- but if you read the editorial and give serious thought to the subject discussed you have gained. You, as a reader, have given careful thought to an important problem and the writer is proud to have called your attention to an important subject that you may have overlooked.

When Is a Person "Adult"?

While thousands of we middle-agers are trying to be younger at an older age, legislators in Lincoln voted Wednesday to make youth older at an earlier age. What difference is it going to make by making a law that says a person is adult at 20 instead of 21? Is it a question of responsibility? Haven't we all met 35 year olds who were not as responsible as some 18 year olds? And then there are those folk who may outlive all the lawmakers in the country and never actually reach adulthood. Some Vietnam vets are old at 19.

Yet another problem faced, when we start legislating as to the year one is an adult, is that few people become adult in mind at the same time they have become adult in body.

As long as the Nebraska legislators were going to change the legal age at which one is recognized as an adult, why didn't they change it from 21 to 18 or 19? Or is this too young?

An 18 year old is adult enough to have had a driver's license for at least two years. There is a lot of responsibility behind the wheel of a \$4,500 automobile which is capable of traveling 100 mph, but the public believes that a youth is adult enough to drive such a vehicle when 16 years old.

Nebraskans voted in the last election as to whether or not to reduce the voting age from 21 to 19. Wayne County residents voted against the constitutional amendment by a vote of 1,749 to 1,442, so the thinking in Wayne County, about lowering the voting age, is nearly split in half.

The Revised Statutes of Nebraska 1943, section 28-1020 states tobacco; use by minors; penalty. Whoever, being a minor under the age of eighteen years, shall smoke cigarettes or cigars, or use tobacco in any form whatever, in this state, shall be fined in any sum not exceeding ten dollars; provided, any minor so charged with the violation of this section may be free from prosecution when he shall have furnished evidence for the conviction of the person or persons selling or giving

him the cigarettes, cigars or tobacco.

Legally then, anyone less than 18 years old who smokes is breaking the law. Existence of the law and designating the age of 18 evidently came from gentlemen believing that when a person is 18 years old he or she is old enough to legally smoke.

So far we've reminded ourselves that the public has made it legal through the courts of law for a 16 year old to assume the responsibility of driving a machine which kills 50,000 individuals each year. Also Nebraskans, through their laws, believe that at 18 a person is adult enough to smoke tobacco. Whenever there is a movie with "adults only" scenes involved, most theaters will allow you to enter if you are 18 or over.

When a male reaches his 18th birthday he must, according to law, register for the draft. Whether or not he is "adult" or "mature" enough to do so is not questioned. When he is 18 he registers, period. By law then, when there is killing to be done in behalf of the citizenry, an 18 year old boy is "old enough".

In the old days who do you think they hired to ride the Pony Express which carried the mail? Lads who rode the Pony Express (trails were between the ages of 15 and 20). Were they responsible?

There are as many opinions about reducing the "adult" age from 21 to 18 as there are people 21 and over.

It appears to this writer that it might be very wise for us to lend an ear to the opinion of those lads who by our own laws are permitted to drive, smoke, see adult movies, and legally kill as a soldier. Whether we like it or not, an 18 year old who has a craving to drink may find the beverage as close as his father's refrigerator.

I haven't been able to fully decide, after the 18 year old is allowed to do these other things, why the majority of my generation does not, as yet, want the lad's opinion marked on a ballot in an election. -- MMW.

Business Imagination

Imagining is a new word which might be useful to every man in business. In fact, some large corporations in America insist their executives spend some time each day leaning back in their swivel chairs for day-dreaming. Not the kind of day-dreaming which is fruitless, but the kind that results in imaginative creation profitable to the company. Brainstorming has given birth to many ideas. Following are a few of them.

An Illinois manufacturing company arranged a special "open house" for the town's 200-odd barbers. It included a welcome by the company president, movies showing human-interest details of the company's operation, lunch, a full tour of the factory. The company figured that barbers chat with their customers, and was glad to provide them with something to talk about!

Eight automatic washing machines were installed in an Arkansas drive-in theater. Patrons could watch the show and have their laundry done at the same time.

In Texas a filling-station operator kept a caged parrot near his gas pumps. Whenever a car drove up, the parrot -- carefully coached -- squawked, "Fill 'er up! Fill 'er up!" Amused customers nodded in agreement, and the filling station sold extra gas.

In Kansas a merchant offered to pay 25 cents

for any local club for every member who toured to dry-cleaning and laundry plant. Some 465 people from 36 clubs made the tour, cost him \$116.25. But the stunt paid dividends: a 10-percent increase in laundry business and a 15-percent increase in dry cleaning.

A Florida florist offered a special favor for his out-of-town customers sending flowers by wire. He mailed them a colored slide of the actual bouquet he had delivered for them.

A drugstore chain decided to guarantee swift service of food at its counters and booths. A four-minute egg-timer was placed before each customer as his order was taken; if it ran out before the food arrived, the meal was free.

These are only a few of the ideas illustrating that businessmen can come up with innovations which will please the customers and increase business.

Imagining or brainstorming works on the principal that the imaginative mind is creative if allowed to work. A particular problem or subject is given the mind and then it is turned loose with complete freedom to seek a solution or idea. Try it out sometime when you're having to wait on someone to keep an appointment, or just any time you have free. Here is to your new game of imagining! -- MMW.

Council Decisions Worth Commending

The city council made at least two decisions Tuesday evening which should be commended. The councilmen voted to buy water heaters for the swimming pool and to give the city engineer the go-ahead for making preliminary plans for additions to the present fire hall which would house the volunteer fire department equipment, the city police and the city clerk.

The decision to purchase the heaters for the swimming pool was long overdue. With the number of people in the city who enjoy swimming, Wayne should have a pool that can be used from the time it is opened in the spring to the time it closes in the fall. Last year the pool couldn't be used, except by the bravest of swimmers, for some time in the spring, because of the chilly weather. Now, it will be more enjoyable for the youngsters who take swimming lessons each spring, the swimmers who probably work up a sweat in any water anyway and the people who lounge about getting a good tan.

The other decision, to begin making rough plans for something of a city complex out of the present fire hall, cannot be considered long overdue. About two years ago voters in Wayne turned down a bond election for \$72,000 which would have resulted in a city complex.

We feel that the voters were in error when they voted against that issue. The city police, the fire department and the city clerk all need more space. They are not going to get it unless the voters let them have it. If the current plans ever progress to the bond election stage, we hope the voters will give their approval for the construction of a city complex to house these three departments.

A city complex built on city property where the fire hall now stands seems the most economical and most desirable of several plans kicked around lately for several reasons.

The city would not be forced to purchase more land or another building in order to build it. The fire hall, providing it is structurally sound and worth adding to and remodeling, is probably the best city building to be used for a complex because it is centrally located. A complex built on that property would result in an attractive and valuable asset for the city.

And it would get the job done. The police would have room for record filing and investigative or interrogative work. The fire department would have room to house all its fire fighting equipment. The city clerk would have room for his employees, files and office equipment. -- NLH.

Federal Tax Booklet Answers Questions For Businessmen

Claiming a Dependent Living Elsewhere? Better Keep Records

If you claim as a dependent someone not living with you, you must keep good records of the support you provide, advises Richard Vinal, District Director of Internal Revenue for Nebraska.

Failure to keep these records caused some taxpayers to lose a dependency exemption they otherwise would have been entitled to last year. For others it meant the problem of assembling the needed records months after the expense was paid. Vinal said that there are five

Curtain-Faced Man Dead
Michael Kelley, who for twenty-five years was the puzzle of scientists, the fright of children and, in fact, the strangest case Bellevue (New York) hospital ever had, died the other day in that institution. He was known as "The Curtain-faced Man". Upon his head, neck and face, long stringy bits of flesh grew, forming a fringe of living tissue. The nature or composition of the growth was never determined, the physicians and surgeons being content with the generic name of tumor, to designate Kelly's malady.

by Merlin Wright
Did you have your pictures taken by the orbiting Apollo spacecraft early last week? Chances are you did! Almost all of the astronauts who have flown have taken photos of the earth, but this time the Apollo crew mounted four 70-millimeter cameras against one of the spacecraft windows and photographed U. S. farmland from about 120 miles high.

Another effort of night is that people are not completely unlike plants in that they seek sources of light. Wayne's lights at night seen from the airport will make it look like a big city. And when you come into town from the east the airport's rotating beacon tells you that you're nearing home. Home! It's a wonderful world! Home where you'll be able to see the lights have been turned on in the house by your loved ones who are waiting for you. Some one of the family has been thoughtful enough to leave the porch light on for you.

When it's bedtime and all of the lights are out have you ever opened your eyes and observed all the various sources of light playing with the shadows in your room and on the walls? Sure you have. Streetlights, moonlight, and the sunlight are constant companions we rarely recognize consciously. Do you like a kitchen on the east side of the house or maybe an upstairs bedroom on the east so when you awake, or when you're having breakfast, the room is flooded with the sunshine of a spring morning?

Albert Schweitzer has written so many good things. Listen to him here: "It is not enough merely to exist. It's not enough to say, 'I am earning enough to live and to support my family. I do my work well. I'm a good father. I'm a good husband. I'm a good churchman.' You must give some time to your fellow-men. Even if it's a little thing, do something for those who have need of a man's help, something for which you get no pay but the privilege of doing it. For remember, you do not live in a world all your own. Your brothers are here, too."

Ardis Koerwitz Marries Dean Weible In Double Ring Ceremony at Las Vegas

Ardis Louise Koerwitz, daughter of Mr. and Mrs. W. E. Koerwitz, Las Vegas, Nev., and Dean Weible, Las Vegas, son of Mr. and Mrs. J. J. Weible, Wayne, were married Feb. 15 at 7 p.m. at Mt. View Lutheran Church, Las Vegas.

Rev. A. D. Holm officiated at the double ring ceremony. The church was decorated with arrangements of white pillars topped with urns filled with bouquets of red and pink gladioli and mums and the pews were marked with white bows and ribbons.

Melody Dowler sang "The Lord, the Lord" and "The Lord's Prayer". Mrs. Charlotte McCann was organist.

The bride, given in marriage by her father, wore an overdress of white chiffon with appliques of floral lace. The hemline and cathedral train were accented with scalloped French lace. The bride had desheveled and made her wedding gown and train.

Her four-tier flycatcher veil was held by a beaded headpiece and she carried a cascade of large white gladioli with feathered fern and lace ribbon streamers.

Mrs. Bill Koehler was matron of honor. Her bridesmaids wore white dresses with long sleeves and a total weekly weight loss of 6-7/4 pounds. The wedding queen's loss was 6 pounds. Officers will be elected Mar. 19 at 7 p.m. Anyone wishing more information about TOPS may call 375-3138 or 375-3171.

pink waltz-length gloves and each carried pink satin roses with red velvet leaves nested in tiers of pink tulle with bouquets of pink gladioli.

Clark H. Tester was best man. Rex Goodell, Jerry Koerwitz, Ken Koerwitz and Bill Koehler were groomsmen.

The bride's mother wore a light pink silk ensemble with matching accessories. The bridegroom's mother wore a light blue suit trimmed with satin with matching accessories. Each had a corsage of triple pink carnations.

A reception for 145 guests was held at the Mesquite Clubhouse.

The bride graduated in 1963 from Western High School in Las Vegas. In 1968 she graduated from Northern Arizona University with a B.S. degree in education. While in college she was fraternity snow queen, high school in American colleges, cheerleader, member of Phi Kappa Phi sorority and president of Gamma Phi Beta. She is presently employed by Nevada Power Co. in Las Vegas as home economist. At present she is a member of Las Vegas Sororists.

The bridegroom graduated in 1963 from Wayne High School and in 1967 was graduated from Wayne State College. He is presently a coach and physical education teacher at Western High School, Las Vegas.

Following a wedding trip to San Francisco, the couple reside at 4300 Evergreen Place, Las Vegas.

Out-of-town guests at the wedding included Mr. and Mrs. Will Lewman and daughters, Upland, Calif.; Mr. and Mrs. Ben Sedgewick and family and Mr. and Mrs. Richard Little, Little Rock, Ark.; and Mrs. Nita Taylor, Pomdale, Calif.

Letters to the Editor

Milwaukee, Wis. Dear Editor: I appreciate very much your appreciation of the servicemen and for choosing my name as a weekly winner. A portion of the money was contributed to "Milwaukee Remembers" to be used in their program of entertaining and contributing small necessities to the wounded Vietnam returnees at Great Lakes Military Hospital.

I am presently stationed at the 5th District Recruiting Main Station in Milwaukee, Wis. My duties are numerous and varied with the majority of my time the past month and one-half being spent visiting the colleges and universities in Wisconsin and Michigan's Upper Peninsula presenting the Officers Candidate Program. I have been well received on my visits and have had no unfortunate encounters with our much publicized "long haired" students. It is plain to see that our Nation is raising and schooling some of

the greatest young people since our beginning and undoubtedly they will continue to make this country a safe and prosperous one in which to live.

I was grateful to have returned from Vietnam late last year and am looking forward to my separation from active duty next month. Thank you again for your gift. Dale D. Yurnberg

McChord AFB, Washington Dear Editor: I wish to thank the members of the Wayne County Veterans Group and all of the people associated with it for the gift I have received.

Presently I'm stationed at McChord AFB, Washington.

It really is nice knowing that so many people are thinking about the guys who are in the service. Thank you again. Morde Pfeil

Dear Editor: Once again thank you SWAY (Veteran's groups, merchants and friends) for drawing my name as a weekly winner and for the gift.

I am still stationed at the 3525th Pilot Training Wing, Williams AFB, Texas. I was promoted to 1st Lieutenant on Aug. 6, 1968. I am the Assistant Wing Foreign Training Officer, responsible for monitoring the Wing Foreign Training Program and for implementing an effective informational program for foreign military trainees.

My work is very interesting and challenging and provides me a great deal of satisfaction. I would like to compliment SWAY and all those associated with it for their interest in local servicemen. I am sure that all the servicemen are very appreciative of being a SWAY winner and especially of being remembered by their friends.

Thank you again. Roger Denesa

FL Belvoir, Va. Dear Editor: I want to take this opportunity to thank everybody in the SWAY organization for the \$10 sent to me recently. I wish everybody here could have a town that cares as much for the people in the service as mine does. It really brings up the spirits.

Well, to tell you a little bit about what I am doing here. I've been at Fort Belvoir for about two and a half months. I was sent here from Lackland AFB to go to school for heavy equipment maintenance. I am about half through my school right now, so I am on the down hill slide. As far as what we do outside of school is pretty routine.

We have a personnel inspection every morning before we go to classes. We start classes at 8 a.m. We get off an hour for dinner then we have classes until 5 p.m. We have mail call at 6:30 p.m. and then we are usually off for the night unless we have to pull detail. On Saturdays we have to work until noon and then we are usually off for the rest of the weekend to go on pass or do whatever we want to do.

Well, that about sums it up as to what goes on down here. I want to thank everybody back home again for the ten dollars you sent me. I really appreciate it very very much.

(AMN Stephen L. Stalling, AF 68047088, Class 42-62B20, HHC 5th In., USAFES Bde., Ft. Belvoir, Va., 22600.)

Blue-winged teal seldom have to worry about old age, with an average life span of less than three years. But, one of these ducks, banded by the Game Commission near Lakeside in 1955, may hold some sort of record.

The bird was taken by a hunter in Mexico in November, and the band was sent to the U.S. Fish and Wildlife Service. The old-timer survived 13 round-trip migrations, not to mention hunting seasons.

Rural Teachers Hold Institute

Wayne County's Rural Teachers met Mar. 12 in the County courtroom for an all-day institute. Thirty-four teachers participated according to Mrs. Gladys Porter, County Superintendent of Schools. Dr. Irvin C. Brandt, WSC instructor, presented two sessions of a science workshop on the morning program. Coffee was served by the teachers during a fifteen minute break.

Judy Peters, instructor in District 51, had three pupils present for a reading demonstration. They were Kenley Mann, son of Mr. and Mrs. Fredrick Mann, Wayne; Dustin Tubek, son of Mr. and Mrs. Jack Tubek, Carroll; and Ward Wacker, son of Mr. and Mrs. Elmer Wacker, Wayne.

Also on the afternoon program was a science demonstration by Richard Beker and an art demonstration by Marjorie Beker. Afternoon coffee was served by the County Superintendent of Schools, Mrs. Gladys Porter.

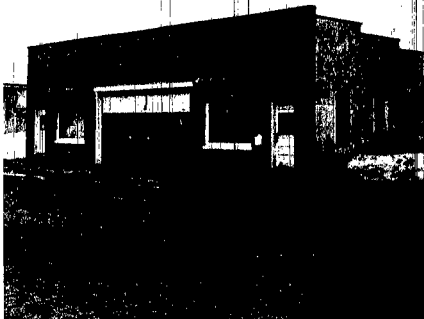

A business meeting was held at 2:45 p.m. with Mrs. Edith Cook, president, presiding.

The teachers association voted to give a scholarship for the next school year to a deserving Wayne State College junior from Wayne

County, majoring in elementary education. Members of the scholarship committee are Judith Hult, Flo Sandahl and Morris Jacobsen.

An election of officers was held with the following results: Morris Jacobsen, president; Darrel

Grothe, vice president; Betty Ream, secretary; and Gloria Leisberg, treasurer. Outgoing officers who have served this past year are Mrs. Edith Cook, president; Irene Hamilton, vice president; Morris Jacobsen, treasurer; and Janet Sullivan, secretary.

CARROLL'S PRESENT FIREHALL is this building which also houses a small library and barber shop. It was built as a WPA project in 1934 and is crowded with equipment. Carroll's mayor, Perry Johnson, stands in the open doorway. A new facility is being considered in which to house equipment recently purchased by the Rural Fire Protection District No. 1 in Wayne County.

Cars Collide Near Hoskins

A two-car crash occurred Thursday around 5:30 p.m., slightly less than a mile east of Hoskins on Highway 35. John C. Morris of Lincoln had been westbound in a 1967 Ford station wagon. He was turning left onto a mile road going south when in collision with an oncoming car headed east, driven by Dennis E. Long of Norfolk.

Morris was alone in his vehicle and said afterwards that he was not hurt except for a tear in his trousers. Mrs. Long was with her husband accompanied by their three-year old daughter. An ambulance from Hoskins was called and took the Longe family to a Norfolk hospital.

Mrs. Longe received cuts and bruises in the crash. Three-year old Chris suffered a lip and head cut, and Longe himself had to have six stitches to close a head wound. They were treated and released from the hospital.

State highway patrolman Dan White investigated the accident, assisted by Trooper G. D. Esley, both of Norfolk.

Students -

(Continued from page 1)
