Masonic Lodge to Be Dedicated Saturday

Wayne's Masonic Lodge 120, the dream of lodge members since about World War I, will be dedicated Saturday evening at 7 p.m.

Located at the intersection of 10th and Lincoln, the temple was only recently completed. The cornerstone ceremony took place last July.

Dedicating the building will be Norris W. Tallman of Hooper, Grand Master. The services are open to the public. The lodge will meet at 4 p.m. to receive the grand officers, followed by a dinner for the grand officers and officers of the Wayne Lodge and the dedication ceremony.

There are about 200 members of the Wayne Lodge. The Chapter of the Order of the Eastern Star, chartered at the beginning of the century, also has about 200 members.

Masonry in Wayne County had its beginning in LaPorte, an early settlement a few miles from Wayne. The masonic lodge was organized there on Apr. 22, 1880, and regularly chartered in 1881 as Corinthian Lodge No. 83.

Seeing that the future of LaPorte was dim, members of the lodge moved to Wakefield and Wayne. The lodge charter was moved to Wakefield, in 1883 several Masons in the Wayne area were approved for a lodge and the members started meeting in the upstairs room of a building located about where Feller's Pharmacy is now. The lodge was later moved several times about the town.

The Wayne lodge has had two grand masters since its formation. A. R. Davis in the late 1920's and Ralph M. Carlhart in the early 1960's.

Officers of the Wayne lodge are: Arnold Maier, worshipful master; Lelton C. Lark, senior warden; Robert Carlhart, junior warden; Richard Lund, senior deacon; Ivan Dahl, junior deacon; Bill Richardson and John Addison, stewards; and Jim Palmer, Tyler.

5 Wayne Lads Cheat Death in Wreck

Five Wayne youths escaped serious injury Monday evening about 8:30 p.m. when the northbound 1961 Oldsmobile convertible in which they were riding went out of control, on what is known as Troutman's corner, one mile north of Winslow on Highway 25.

According to Trooper D. Matejka, who investigated the accident with the assistance of Sheriff Wetzel and Deputy S. C. Thompson, Michael E. Jensen, 16, of Wayne, was driving the auto which, after rounding the corner, skidded, turned around heading south while continuing sideways, striking a former heavy utility pole which had been previously sawed off to approximately a four foot height.

Jensen's passengers, all of Wayne, were Dennis Fleck, Douglas Fluge, Warren Fiedler, and James Schultz. Trooper Matejka said the utility pole absorbed the impact, bringing the auto to a halt. Had the auto continued another 12 feet, Matejka said, it would have dropped into a 10 foot empty silage pit on the east side of the road, possibly resulting in one or more fatalities.

Several of the youth were thrown out of the vehicle, the Trooper said, upon impact with See 5 WAYNE LADS, page 8.

Fulk Tells NEN Stockmen 'New Farm Policy Needed'

"Our feeding people should be an image for the world," Iowa State Fair Secretary Kenneth Fulk told 366 members and guests of the Northeast Nebraska Livestock Feeders Association at their annual banquet Saturday evening. The 8 p.m. dinner was held in the Student Center at Wayne State College.

Creghton Inau of Des Moines, National Swine Council secretary, presided as master of ceremonies. Prior to the guest speaker's address, Donald Mayberry, president of the NEN Livestock Feeders Association, spoke briefly, as did Bob Merchant, president of the Wayne Chamber of Commerce, who welcomed the crowd to Wayne.

The association covers the following four counties: Thurston, Wayne, Dakota and Dixon. Officers are Don Mayberry, Pender, president; Henry Brunus, Pender, vice-president; Wilbur Troop, Wakefield, secretary; and Willis Meyer of Wayne, treasurer.

Kenneth Fulk, secretary of the Iowa State Fair, was guest speaker giving an address centered on the necessity of livestock feeders building an image that reflects a quality product which can be marketed with pride and resulting in a profit. Fulk's unique ability to inject humor throughout his address not only nailed down the point he was making but also kept the crowd amused.

Fulk pointed out that one-half of the people on Earth are underfed, many having only a single meal a day. He explained that the U. S. should create the image of being the one nation in the world capable of feeding people adequately. "Feeding people should be an image for the world," he said, noting that it takes 50 people to feed 100 in Russia, he told his audience that it takes only six people to feed 100 in the U. S.

Speaking of farm problems, Fulk stated, "The government will never solve the farmer's problem, but it has been trying See FULK TELLS, page 8.

The local AFS chapter is also in the process of obtaining names of local students interested in participating in the Americans Abroad student exchange program, according to Porter. The chapter is examining the possibility of entering such a program.

Stickers Needed On Cars Bought Since April 1

A warning to Wayne County motorists: If you have purchased a new or used car from a licensed dealer since April 1 and it does not have a safety sticker, you are in violation of the state's new motor vehicle inspection law.

"However, the Wayne police and County Sheriff are not enforcing the law as yet because there have been no instructions issued in regards to the enforcement and administration of the law from the State Department of Motor Vehicles.

Such specifications will be forthcoming, however, in the future and the new law will be enforced.

Automobile dealers in Wayne are attaching the stickers to new autos and used cars being sold.

Carroll Farmers Report 84 Pigs Stolen Saturday

Eighty-four pigs, averaging 30 pounds each, were reported stolen from a farm several miles north of Carroll either Friday night or early Saturday morning, according to Wayne County Deputy Sheriff S. C. Thompson.

Valued at \$17 each, the pigs are owned by Loyal and Kearney Lackas, who discovered the livestock shortage Saturday.

According to the Sheriff's report the missing pigs were crossbred between a Duroc boar and Chester white sows, resulting in the pigs being of red, white and black mixed colors.

Anyone having any information that might relate to the pigs being stolen, or which might help in solving the theft, are asked to contact the Wayne County Sheriff's office.

Deputy Thompson reminds farmers to keep close check on their livestock and machinery, note license numbers of strange vehicles driving in the area, and report any theft to the Sheriff's office just as soon as possible. Time is an important element in the apprehension of criminals.

No Tax Refund? Wait 10 Weeks, Then Write IRS

Ten weeks from the date a Federal Income Tax return calling for a refund is mailed, the taxpayer either has his check or a letter explaining why it is held up, Richard Vinal, district director of Internal Revenue for Nebraska, said last week.

For this reason, a taxpayer who has not heard about his refund should wait ten weeks before writing IRS. By waiting this length of time, most taxpayers will find their inquiry unnecessary, Vinal said.

If it becomes necessary to write the taxpayer should indicate where and when he filed his return and give his name, address and social security number, Vinal said.

Millions of tax returns are handled every filing season at the Midwest Service Center in Kansas City, Mo., which serves Nebraska taxpayers. The volume of processing operations there makes it practically impossible for IRS to locate a particular return and to answer any question about it until processing is complete.

Wayne High Continues Undefeated; Demolishes Walthill, 17-5, Monday

Wayne High stretched its hitting prowess to the hill Monday afternoon when the Blue Devils slashed 15 hits, including two home runs, off the hapless Walthill pitchers and scored 17 runs as they went about chalking up their fifth straight victory in an aborted five-inning game.

Leading 4-0 at the end of three full innings of play, Wayne High exploded for 10 hits and eight runs in the top of the fourth before Walthill's relief pitcher Darrell Masonlanka was able to end the disastrous inning.

Rod Cook started the spree with a single, bringing Cook home, and Steve Hix walked. And then Jerry Tiltz walked a home run to clean the bases and give the visitors a comfortable 8-0 lead.

Another single, this one by Randy Helgren, and a base on balls set the stage for another bomb. Terry Hurlbert connected for this one to clean the bases, giving Wayne an 11-0 lead and forcing Masonlanka to replace Sappingfield on the mound.

Sappingfield gave up three more runs before he was able to get the Blue Devils out and end the fourth inning.

Wayne added three more runs in the top of the fifth to go ahead 17-0. Walthill finally got going in the bottom of the fifth when Randy Helgren gave up a double to lead-off batter Tim Springer and then walked two of the next three men to load the bases. A single by Leonard Morgan brought in one run and Mike Trench's grand slam homer cleaned the bases to give Walthill their five runs. Helgren got out of the inning without giving up another hit to earn his third straight win and forcing the game to be called because of the 10-run rule.

Wayne has now garnered an impressive 36 runs while yielding only 9 to their opponents. Eight batters, Terry Hurlbert, Randy Helgren, Steve Hix, Jim Kenny, Rod Cook, Mike Ginn, Jerry Tiltz and Dave Helgen-

are batting better than .300.

Wayne sees action for the sixth time today (Thursday) at 3 p.m. when the Blue Devils host Allen for the second time this season. First game ended with Wayne on top, 8-2. Monday Wayne hosts West Point Central Catholic at the same time.

Wills Turns in Low Links Score in WH Victory Over Laurel

Freshman Kyle Wills turned in the best score of the day, a round of 40, as the Wayne High golf squad knocked off Laurel in a home meet Tuesday afternoon.

Wills' 40, sophomore Jack Suh's 41 and senior Chuck Fisher's 42 gave the local squad a score of 123, seven better than the losing Laurel squad. Low scorers for Laurel were Steve Hurlbert with a 42, Jerry Nelson with a 43 and Brent Falnestock with a 45.

The Wayne squad now has a record of four straight victories.

Other Wayne scorers: Jim Sturm, 43; Joedy Bloomer, 45; Todd Hornbost, 45; and Craig Johnson, 49. Other Laurel scorers: Rick Smith, 46; Gary Chase, 48; Mike Olson, 48; and Tom Erwin, 51.

After another home match with Neligh yesterday, the Wayne golfers prepare to host South Sioux City this Tuesday. They travel to Schuyler May 1.

WAKEFIELD'S DIAMOND SPECIALISTS. This is the current crop of players out for baseball at Wakefield High School. Front row left to right: Dave Lehman, Rob Eaton, Jerry Nicholson, Kevin Peters, Kim Kline, Devon Fisher. Back row: Coach Larry Jess, Doug Samuelson, Rich Kline, Gary Priston, Lyle Brown, Denny Paul and Chuck Ellis.

WSC Hands Hastings 2 Shut-Outs Saturday

Two shut-out wins Saturday raised Wayne State's baseball record to 9-2 on 10-0 and 4-0 decisions over conference foe Hastings. The Wildcats, now 3-1 in NCC play, will meet another conference rival, Chadron State, 2-4, at Chadron Saturday.

Wildcat bats rapped nine hits in the opener at Hastings, which ended in five innings, and six hits in the nightcap to keep their

sophomore who was playing in his home town Hastings, gave up six hits but no runs for his second shutout. In 14 2/3 innings he has yet to yield an earned run.

Coach Fred Pierce, commenting on Wayne pitching in general, notes that seven hurlers have needed only three innings relief in 11 games. Six have won at least one game. Duane Mendall was the unfortunate pitching victim of both Wayne losses—the only two games when Wildcat bats were ineffective. Wayne has scored 49 runs to 15 by the opponents.

RELAY TROPHIES AND MEDALLIONS. These two school trophies, 14 relay event trophies and numerous medallions will be up for grabs Monday during the annual Blue Devils' Relays in Wayne. The meet will feature two classes, B and C. Class B defending champion is Blair, class C is Battle Creek.

Area Thincads Prepare For Blue Devil Relays

One of the big sporting events of the season—the Blue Devil relays—is scheduled for Monday afternoon at the Wayne State college track and field.

Blair, class B champion in 1968, will have to defend its title against eight other teams expected to compete in the meet. Battle Creek, class C champion last year, can expect challenges from over 20 other area squads.

The meet is tentatively set to get started at 1 p.m. First events of the day—480-yard shuttle high hurdle relay and shot put. Other events during the day, in order scheduled: 100-yard dash preliminaries, two-mile relay, 440-

yard relay, mile medley relay, 880-yard relay, 100-yard dash finals, sprint medley relay and mile relay.

Trophies will be presented to the schools who finish the meet champions. Trophies will also be presented to the winning relay team in each class. Medallions will be awarded each member of a winning relay team and to the first five finishers in the shot put and the 100-yard dash.

Class B schools expected to participate include Blair, Bloomfield, Harrington Cedar Catholic, Laurel, Madison, Pierce, Scribner, Telamah and Wayne. Class C schools expected to send thincads to the meet include Allen, Emerson-Hubbard, Newcastle, Norfolk Catholic, Pender, Pilger, Ponca, Randolph, Wakefield, Windsor and Wisner.

Sectional lightpoles fabricated of nickel stainless steel can be buried directly in the ground without the need for a base. Two men, using no special equipment, can erect such a pole in 20 minutes.

Allen downs Ponca, 9-4

Trube's Pinch-Hit Double Sparks Allen to 1st Victory

Down four to two at the top of the fifth inning, Allen's Bob Anderson led off with a triple and pinch hitter Bruce Trube doubled home two runs to spark a scoring spree which pulled Allen ahead of Ponca in an away game Tuesday afternoon. Allen came off the diamond with a 9 to 4 victory, their first win in two outings.

Allen tied the game at the end of the second inning 1-1, but then with one out in the bottom of the third Ponca loaded the bases after Bob Calvert walked and Dan Chappellear and Aubrey Voss singled. Mike Knerl drove in Calvert when he got on base on a muffed fielder's choice.

Mike's brother, Jeff, singled in both Chappellear and Voss to give the hosts a 4-1 edge before Allen's Craig Schultz, pitching in relief of Dennis Gelger, got one man out on an infield fly and struck one man out.

Allen garnered one run in the top of the fourth when Brian Linafelter walked, stole second and then came home on John Warner's single, making it 4-2 Ponca.

But the big inning came in the fifth. Anderson came home and Kevin Hill made it first on the second baseman's error. Smith walked and Dave Ahts loaded the bases on another error. And then pinch hitter Bruce Trube doubled and brought home two runs to give Allen a lead of one run, 5-4.

Allen kept its momentum in the sixth inning when the Eagles turned stolen bases, passed balls

and a double by Dave Ahts into four more runs to go ahead 9 to 4.

Craig Schultz, who pitched one and one-third innings, was credited with the win. Jeff Knerl with the loss.

Next action for the Allen squad is today (Thursday) when they meet the undefeated Wayne High squad for the second time of the season. In their first match, Wayne emerged with an 8-2 victory.

A Hobby Is Now a Business

By Merlin Wright

Minnie Krause, 83 years young, is not Hoskins' oldest resident but she has lived in Hoskins longer than any other of that community's citizens. She has not only lived in Hoskins since 1910 but has also lived in the same house during those years which, in this day and age of mobility, is in itself, remarkable.

Mrs. Krause easily remembers when Hoskins had no electricity and when the first telephone system was installed. "Have you ever flown in an airplane?" she was asked. "No, but I have been to California on the train," she replied.

Having lost her husband about 20 years ago she turned lonely hours into what is now an exciting hobby. A table in front of her contained numerous examples of her careful needle work. "I suppose I've sewed as a business now for about 25 years," she said.

How long did it take her to make the eight sets of pillow cases? "It usually takes me from three to four days to make one set," she said with her eyes twinkling in satisfaction with her labors.

Mrs. Krause has been a member of the Trinity Evangelical Lutheran Church in Hoskins since 1904, but due to the severe water has not been able to attend during the past winter months. Mrs. Hans Asmus said of Minnie, who is her friend and neighbor, "She has turned an enjoyable hobby into a profitable one. She used to embroider and make dish towels, pillow cases, etc. to give away as presents, but now she gets orders for these items going as far as Oakland, California, Oklahoma City, Oklahoma, and Merile Beach, So. Carolina."

ing can easily frame a smile. Her daughter Margaret lives with her in the modest home on the east side of Hoskins. A son, Herbert, farms near Hoskins. She has a daughter Natalie in Merile Beach, So. Carolina, another daughter, Edna, lives in Concord, California, and Lawrence lives in Oakland, California.

Maintaining a good appetite and knowing how to continually be busy with a hobby that has turned into a small business, Mrs. Minnie Krause sets forth a shining example to all here as that even though a person is just 80, there are many creative things to do as contributions to one's society.

"She can make good jellies too," Mrs. Asmus commented, which caused this writer to think, when leaving, that undoubtedly her "making good jellies" was but only one of the many ways this long-time Hoskins resident had helped sweeten a world which can all too many times be sour.

As I drove out of Hoskins thinking of how busy this 83 year old citizen keeps herself, it occurred to me how many happier men and women would be if more of them could discover as she has, the secret of personal contentment and refusing to ever stop making creative contributions to a needy society.

FISHY FASHION. Sauger and walleye decked out with red tags like this fish will begin appearing on anglers' lines again this year as a result of a Game Commission study. The tags are attached with a large loop of monofilament line, which allows for growth of the fish but does not interfere with the fish's movements. Anglers catching one of these fish are asked to send the tag to the Game Commission with a note giving the date and location of the catch.

Gavins Point Yields Weir-Looking Fish

The Gavins Point Dam tailwaters have yielded another "whopper"—this time a weird-looking fish identified as a member of the cod family.

Gene Brown of Pierce landed the fish April 12. Called a burbot or ling, the fish was enticed to the hook by a minnow. It tipped the scales at three and one-half pounds.

Rarely caught in Nebraska, the burbot is a scaleless fish resembling a bullhead or catfish. Its most distinguishing features are the long dorsal and anal fins that extend right up to the fish's tail, making them all appear as one structure. The fish appears only in the Missouri River or the lower reaches of its tributaries. Early biologists did not find the burbot in Nebraska, and no catches were reported until 1942.

Outstanding Students Will Be Recognized At Winside Friday

Outstanding students in several areas will be recognized at the annual Winside High School Athletic Awards Banquet slated for 6:30 p.m. Friday.

Awards in wrestling, basketball, football, track, pep club, journalism and music will be handed out to the students that night. In addition, Betty Anderson will be recognized as being the winner of the Betty Crocker outstanding homemaker award.

Two relatively new awards will also be given out during the activities—"Dare You" awards. These will go to the two students who have contributed the most to the school on their own initiative. The winners of these two awards are being kept secret until the banquet.

Also to be handed out during the night is the award for the Winside student who won at the inter-high school academic contest held at Kearney.

Research Helped by Firm's Second Grant

A grant-in-aid which will make possible research in northeast Nebraska has been provided by Terra Chemicals International, Inc., and two other firms to the University of Nebraska Agronomy Department for the second consecutive year.

The grant will support applied research into the effect of fertilizer on pastures to increase carrying capacity for livestock. Joining with Terra Chemicals is Fishom Valley Farm Products and Siouxland Fertilizers, Sioux City.

Dr. W. J. Moline, NE Extension agronomist, said much of the work will be done in the northern part of the state and will be conducted by himself and Russell Moomaw, area agronomist at the Northeast Station near Concord. The grant will not be restricted entirely to work in this area, Moline said, but can be used to help support other research in pasture fertility and management in other areas in the eastern portion of the state.

One of the goals of the research, Moline pointed out, is to bring the potential of optimum fertilization of grasslands to bear on upgrading pastures to the point that beef production can be expanded, resulting in increased profits to farmers.

Based on a yield of 80 pounds of beef from 60 pounds of nitrogen fertilizer applied on grassland at the present time, the correct management of fertilizer, grasses, soil and water should result in a doubling of the beef yielded, he predicted.

The Tennessee Valley Authority (TVA) is also cooperating with the University on the project, Moline said.

 since 1932. The majority will only do for you what will hurt them," he added.
 "We need a new farm policy. We need to develop a program of production and merchandising," the secretary commented.

Fulk touched upon the field of advertising and compared the \$200 million spent in the U.S. on advertising beer in 1968 to the \$100 million spent on advertising beef, pork and lamb by both packers and producers. He explained the difference between brand-name advertising and price-tag advertising, saying also that it isn't so much the needs of people that are necessarily being purchased and consumed as it is those items that people believe they want. He noted the difference between what people need and what they want.

Throughout his address Fulk hammered home the idea that feeders must develop pride in a quality product, maintain a high standard and sell effectively. "Science can help with the 'how', he stated, "but they can't tell the cattle feeder what to do."
 During his address to residents of the second largest feeding state, Fulk amused his hearers as he explained that "averages mean little." Illustrating, he said, "A man can have one foot on a cake of ice and the other on a hot stove, and if the law of averages is true then the fellow should be comfortable in the middle."

In concluding his address the State Fair secretary used a pound

Weather

Suddenly, everyone realizes spring is here. Robins are feeding in the backyard where each of the family has had a turn on the rake handle. Many flowers have even popped their heads out of the ground to grasp a little sunshine and moisture.

Norfolk's Weather Bureau says that temperatures for the remainder of the week will average near normal in the central portion of Nebraska, and from three to six degrees below normal here in the eastern portion. Normal highs for this time of the year are in the 60's, normal lows are in the upper 30's in the west to 40 to 45 in the east.

There has been no recordable precipitation during the last week. Following are the high and low temperature readings for Wayne during the past seven days.

April 15	High	Low
April 15	74	48
April 16	54	40
April 17	53	35
April 18	60	26
April 19	74	46
April 20	80	40
April 21	66	30

Not much moisture is expected in the next few days although there is a chance for a measurable amount in eastern Nebraska today (Thursday) in the way of showers.

Draft Q & A
Q: Recently I heard that one must register with Selective Service at age 18. If that is so, I am in Chicago with my family instead of at home in Nebraska when I turn 18, may I delay my registration until we go back to Nebraska?
A: No. You are required to register on your 18th birthday or within 5 days thereafter, hence a delay is not permitted. You can go to any Selective Service local board in Chicago or wherever you are at that time and complete your registration. Your registration card will then be sent by Selective Service to the Nebraska local board having jurisdiction over the home address you indicate on line 2 of the card.

Q: My son is 17 years old. Can he volunteer for induction even though he has not yet registered for the draft?
A: Yes, by completing and filing with his local board two copies of the Application for Voluntary Induction (SSS Form 254) on both copies of which the consent to his induction has been signed by his parents or guardian.

IS THE HOUSE HAUNTED? That was the question Friday evening during the Winside senior class play "Creeping Shadows." Trying to iron out the mystery of various strange noises are, from left to right, Bob Wacker as Bill Frazier; Glenda Morris as Kit; Bev Gallop as Mrs. Frazier; and Robert Farran as Jack.

400 See Winside Mystery

By Merlin Wright
Lights flickering off and on, women's shrill screams of terror, a mysterious hand reaching through a wall, all happening inside a dilapidated old mansion on a stormy night!

The dandelions are coming! The dandelions are coming!

There may not be a dandelion in sight right now. But one day soon, when it warms up, they'll be all over the lawn. That's where SCOTT'S TURF BUILDER PLUS 2 comes in. Plus-2 clears out dandelions and a couple dozen other weeds easily and surely. Full-fertilizes your lawn at the same time, so that grass grows greener and sturdier filling in those places where the weeds were.

These and other "creepy" scenes framed the story of "Creeping Shadows," a three-act mystery, presented Friday evening by the Winside senior class in the Winside city auditorium. First curtain went up shortly after 8 p.m. before a crowd of around 400.

Germaine Haney wrote the dialogue involving a cast of 24 characters. Mrs. Richard Powers and Jim Connick were staff directors of the production.

Any stage production involving intrigue and mystery must depend largely upon lighting, sound effects and character interpretation to project the mood to the audience. Each of these departments were well prepared. Casting of characters was excellent.

Playwright G. Haney could have captured the basic story in less dialogue, I felt, as the play was two and a half hours in length, demanding tremendous energy and memorization by the cast. However, with the enthusiasm of good troopers the seniors were able to sustain characterizations even with Haney's over-writing.

"Creeping Shadows" had a good plot which involves a youthful maiden inheriting a run-down mansion. The place is old and in a perfect state of decay for thrill theatre. She and her family attempt to turn the place into a tourist's resort.

What the new owners do not know about the estate is it's real value due to oil. Mr. King, a plotting neighbor, suspects the property's worth to be extremely lucrative and plots to get his hands on it.

The audience, of course, doesn't find out until the end of the presentation that it is King who is responsible, along with his maid, for all the mysterious noises, strange voices in the night, chains rattling in the attic, objects disappearing and many "creeping shadows".

If all works out, of course and everyone, it is assumed, lives happily ever after. Final curtain comes down with a young couple in love stealing a kiss.

Seniors in the cast were Robert Wacker, Bev Gallop, Lynne Troutman, Glenda Morris, Tom Witt, Robert Farran, Andy Mann,

Written Examinations For U. S. Academies Scheduled for July 8

Senator Carl T. Curtis of Nebraska announced this week that the Civil Service Commission will conduct a written examination for young men who are interested in a nomination to the United States Air Force, Military, Naval and Merchant Marine Academies at various locations throughout the state on Tuesday, July 8.

The purpose of this examination, which will be for the classes entering the academies in the summer of 1970, is to provide an objective testing method to assist in the screening of candidates. A young man's high school record, extra-curricular activities and achievements are also taken into consideration.

The academies provide a four-year curriculum composed of academic courses, leadership and military training, physical education and athletics. Completion of the curriculum entitles the cadet to graduate with a Bachelor of Science degree and a commission.

Senator Curtis will have a

vacancy in each of the Air Force, Military and Naval Academies. Nebraska is entitled to fill three vacancies at the Merchant Marine Academy and each member of the Nebraska Congressional Delegation may nominate ten young men to compete for these three openings.

In order to qualify, a boy must be a resident of Nebraska. He must have reached his 17th birthday and not his 22nd by July 1, 1970. He must be single, responsible, trustworthy and of good moral character, and he must also pass the required physical examination.

Any Nebraska boy who meets the above requirements and is interested in attending one of the academies, should promptly write to Senator Carl T. Curtis, 5313 New Senate Office Building, Washington, D. C. Additional information will be provided upon request.

1969 WSC Graduation

ROBERT B. DAUGHERTY, president of Valmount Industries, Valley, Neb., addresses Wayne State graduates Thursday. With him on the Rice Auditorium stage are (from left) Dr. Robert Sutherland, the Rev. Paul Begley, Alan Cramer, President W. A. Brandenburg, Dr. Marion Waggoner, and Dr. Stanley Willis.

Photos by Dick Mantley and Burns McCulloh.

GERALD FLORINE of Wayne earned his MAE degree from Wayne State with a major in history. He is pictured being hooded by his adviser, Dr. T. H. Stevenson.

DARREL D. HEIER was among four receiving master's degrees with a major in business at Wayne State. Dr. Orvid Owens, his adviser, presented the master's hood. Heier teaches at Wayne High.

FREDERICK LARSON graduated from Wayne State with a master's degree in guidance. Pictured with Larson, a social studies teacher in the Wayne Middle School, is his adviser, John Parr.

JANET DREYSEN CARLSON of Wayne, formerly of Hoskins, receives a master's hood from her English major adviser, Katharine Lewis. Mrs. Carlson has been a graduate assistant in English at WSC.

GALEN JOHNSON of Oakland receives a \$100 award from Wayne State Foundation President Val Peterson at the college's spring commencement. The award honored Johnson as the senior who has been of most service to the college.

MRS. MILDRED JONES is honored at the Wayne State commencement with the annual excellence in teaching award bestowed by the Wayne State Foundation. Val Peterson took special delight in the presentation — they were contemporaries as students at Wayne.

FINALLY, AT LAST, AFTER FOUR YEARS! A college degree! Few moments in a lifetime equal this glorious feeling, typified by Vickie McManigal of Capistrano Beach, Calif., as she emerges from Wayne State's commencement in Rice Auditorium.

EVEN AFTER COMMENCEMENT, the college graduate has a college chore to perform — turning in cap and gown. Accomplishing this duty are Paula Townsend and husband Doug of Grand Island, followed by Priscilla Shortenhaus of Eagle Grove, Ia.

STEVEN BACKHAUS (center) of Omaha and George Kahlandt (right) of Craig were sworn into the U.S. Marine Corps as second lieutenants in a special ceremony during the WSC commencement. Capt. Bruce McKenna of Des Moines congratulates them after administering the oath.

DAVID NORDSTRAND was among Wayne residents graduating from Wayne State Thursday. He plans to study in Norway for a time before returning to the U.S. for additional graduate work.

ROBERT LICHTENBERG (right) of Spalding is congratulated by Dean Lyle Seymour as he graduates magna cum laude with high honors in physics — highest ranking student in the spring graduating class.

The program includes briefing sessions, separate science and journalism panels, tours of the Nebraska Psychiatric Institute and discussion periods with various professional workers engaged in training, research, treatment and community services.

Theme of this year's conference is "No Man Is An Island." It conveys the fact that man must interact with others; a career in the human sciences provides him an opportunity to help himself and others live productively and in harmony.

Sponsors of the conference are the Department of Public Institutions, Department of Health, Nebraska Psychiatric Institute and the Nebraska Congress of Parents and Teachers.

Two Wayne High school students are among about 80 students and counselors from Nebraska high schools who will be attending the eighth annual conference on the Human Sciences in Lincoln at the Nebraska Center for Continuing Education.

Attending from Wayne are Tracy Preston, daughter of Mr. and Mrs. Merlin Preston, and Roger Boyce, son of Mr. and Mrs. Donald Boyce.

The conference begins today (Thursday) and continues at the Nebraska Psychiatric Institute in Omaha tomorrow.
