NEN Takes Step to Stall Alcoholism

Northeast Nebraska has become the first area in the state to get the services of a community alcoholism counselor.

The Northeast Nebraska Family and Community Affairs Council and Dr. Richard Sanders, clinical director of the Northeast Mental Health Clinic in Norfolk, announced last week that Neal P. Hoesbart of Laurel has been appointed community alcoholism counselor for a six-county area. Hoesbart will be counselor for Wayne, Dixon, Knox, Dakota and Thurston counties. His appointment became effective May 1.

Under the direction of the council and the clinic, Hoesbart will be responsible for promoting programs of alcoholism education among youth and adult groups. During the past year he has already spoken to numerous civic,

school and church groups. He is prepared to recommend speakers, films and other resources for groups seeking programs related to alcoholism.

Also available for individual and family counseling, Hoesbart can refer individuals or families to various sources of help when situations become severe enough.

The Northeast Nebraska Family and Community Affairs Council was probably the first organization of its kind in the state when it was initiated about two years ago. In early January it was incorporated so the group could become eligible for federal and state funds in working with alcoholism.

Hiring of a counselor is the first major step the group has taken since incorporation.

Officers in the group include Rev. John C. Erlanson of Concord, president; Kenneth Green of Allen, vice president; Mrs. Kendall Martin of Laurel, treasurer; and P. L. LaPlante of Winnebago, secretary.

The group, which serves the same six-county area of northeast Nebraska, has 18 members on its board of directors, three from each county it serves.

Adult and youth groups wishing to know more about how the community alcoholism counselor works are encouraged by the group to invite Hoesbart to speak to them. He can be contacted in Laurel by telephone at 294-3769.

The public is also welcome to

attend the regular meetings of the council at which Hoesbart will report his activities to the council. The council meets at 8 p.m. the second Monday of each month at the Northeast Station near Concord. Membership in the group is \$1.

Music Program Set

The elementary music students of the Laurel-Concord Grade School will present a program of music in the Laurel High School auditorium this afternoon (Thursday) at 1:45. The public is invited to attend the program.

Area Cagers Honored

Several high school seniors from northeast Nebraska have been chosen for the North Squad of the All-Star basketball team.

Selected for the honor were seniors from Laurel, Wausa, Hartington, Cedar Catholic, South Sioux City and Norfolk.

For a story on the selections and the coming all-star game, scheduled for late August in Lincoln, see the sports page of this issue.

Better Get Tickets For WHS Banquet

Anybody wishing to attend the annual Wayne High School Letterman-Pep Club Banquet slated for 6:30 p.m. Monday night had better telephone the high school and reserve tickets before Friday.

Tickets for the banquet, which will be held in the Student Injion's Birch Room on the Wayne State campus, will sell for \$2 each.

To be announced during the evening will be the winner of the coveted "Outstanding Athlete for 1968-69" award. Also getting recognition will be all athletes who have lettered during the year and Pep Club girls.

Speaker during the banquet will be Wayne State's head basketball coach, Dave Gunther, who has compiled a record of 47 wins and seven defeats in his two years at WSC.

Up n' Coming

—Today (Thursday), Husker Conference track meet at Wayne State, all day.

—Saturday, deadline to license dogs Wayne.

—Monday, Wayne High athletic banquet at Wayne State, 6:30 p.m.

—Tuesday, city council meeting at Woman's Club room, 7:30 p.m.

4 Wisner Drivers Take Honors at JC Road-E-O

Four Wisner High School students won trophies at the Jaycee Auto Road-E-O held at the Wornum Auto Company Sunday afternoon. The Road-E-O consisted of a written quiz, three driving tests and a 10 block course supervised by local police officers.

Pamela Heller placed first in the girls' division and Rod Berrit won the boys' division in the competition which included 14 drivers. Both winners will represent Wayne in the Jaycee's State Auto Road-E-O to be held in Holdrege June 8.

Second place trophies went to Nancy Frahm and Howard Holland. All four trophy winners are enrolled in Wisner's driver education class taught by Louer Nannen.

Three police officers, Keith Reed and Melvin Lamb of Wayne's police department and Trooper C. A. Franzen of the State Highway Patrol, were on hand to

Next Year's High School Band Will Step Lively in Bright New Uniforms

The Wayne High School band will probably have new band uniforms for the fall marching season as a result of a decision by the board of education of the Wayne City Schools.

The school board voted at its regular monthly meeting Monday evening to provide just over \$7,300 in the 1969-70 school

budget for the purchase of the new uniforms.

That amount, along with about \$4,500 the Band Boosters have accumulated, will probably purchase about 105 new uniforms for the approximately 100 sophomores through seniors who are expected to be in band next year. The

new uniforms will probably cost the school between \$109 and \$113 each.

The board reached its decision after listening to three members of the Band Boosters explain that the present uniforms, purchased about 12 years ago, have had numerous alterations and were originally meant for students from the seventh through senior grades. They noted that the band is well known in this area of the state and that new uniforms would help its appearance greatly.

Representatives of several companies which make band uniforms will now meet with Don Schumaker, Wayne High band instructor, to start working on the style the school wants.

The school board also decided to let the parents of fifth and sixth grade students in Carroll decide whether to send their children to the Wayne Middle School next fall.

Letters are being sent out to the parents explaining that they have the choice of either sending their youngsters to the Carroll school or to the Wayne school. If over half the parents decide on busing their children to Wayne, all the fifth and sixth grade children from Carroll will be brought to Wayne.

The board felt that this was the fairest method to use in deciding what to do with those children in Carroll.

A final decision was also reached on the touchy subject of baccalaureate services for this year's graduating class at Wayne High, a subject which turned into something of a Gordian knot for the school board following the decision earlier in the year to have the school cease sponsoring the affair.

The school board decided to have the school cooperate with the Wayne Ministerial Association in presenting baccalaureate services later this month.

The minister's group voted last month to hold the services for this year's senior class and to ask the school's cooperation. A place and a speaker for the services, which will be held Sunday, May 25, have not been decided upon by the ministers.

In other action the school board approved a detailed procedure which, if approved by the faculty, will be followed whenever a teacher or the school board has a grievance.

Superintendent Francis Haun noted that this procedure is merely one of following the correct channels in making complaints and has been in effect at the

"WOULD YOU BID ON THIS rocking chair, mom?" could easily be the question going through one and a half-year old Rebecca Pospishil's thoughts as she shares a small rocker with her five year old brother, Steve. Steve and Rebecca, children of Mr. and Mrs. Gerald Pospishil, Wayne, were taking in the auction Saturday of the Myrtle Suhr household goods six miles south and three-fourths of a mile west of Wayne. What fun on a summer day!

Then come the items which will be sure to create a few dirty stares between womenfolk as the bidding tempo increases on precious glassware, chests, chairs and tables. Under a thick

There Is Nothing Like An Auction!

By Merlin Wright

Looking over another person's furniture or equipment, the opportunity of shrewd buying, and visiting with friendly neighbors are the appeals that pull rich and poor alike to a country auction.

Auctions have been a part of the American scene since we first became a nation. Old records reveal that even Gen. George Washington attended at least one country auction where he spent over "one hundred and sixty-nine pounds and twelve shillings".

In Nebraska's earlier years, according to accounts in the Nebraska Historical Society's publications, a great number of auctions were held under the auspices of the local sheriff, and also during the depression days. It is said that neighbors would conspire and bid in farm equipment for \$1, or maybe entire groups of farm buildings for \$4 and \$5 dollars, then return the entire lot to the former owner, free and clear. Now, however, distress sales are the rare exception.

Auctions today, both in town and in the country provide the family with an opportunity of getting a fair price for merchandise and thus eliminates the cost of moving it.

Many plans must be made to hold a successful sale. One must first decide what is to be sold and what is to be kept. How difficult it may be to decide at times! A realistic evaluation, however, will convince you that it is actually time to part with certain items, although you thought you'd keep them forever.

There are just too difficult to continue moving around, especially when you can use the cash.

There are sale bills to be printed and distributed; advertising to be arranged for; an auctioneer and clerk must be contacted; sale date set; plus many other details will need your attention. Then one prays for good weather!

The advertisements and posters scream to the scanning eye, "AUCTION!" or "SALE!" Sale

day arrives and the crowd commences to gather. Those arriving early will get a decent place to park whereas those coming late may have to walk farther than they really want to.

All of a sudden it is sale time. People who have been making last minute inspections of the sale items now commence to gather around the auctioneer as he starts the bidding.

Most everyone at the sale has in his or her "mind's eye" what he or she wants to bid on and about what top price would be. Ah! But in the heat of bidding one "may" go just a "tiny little bit" higher than first anticipations!

Auctioneers have assistants, of course, and a list is kept of the merchandise as it is sold. The new owner, sometimes with a bashful grin, tells his name so the clerk may record it along with the item. Payment will be made after the sale is over.

As the sale gets underway, normally the first items sold are by the box or bundle. Boxes, small tools, containers of miscellaneous "assorted junk", fruit jars, jugs, all of which are started at a ridiculously high price by the auctioneer and quickly reduced to a proper figure. A wise auctioneer can get people to cart home items that, before the sale, they didn't even know they needed! It is all a part of the "bidding" game and getting a "bargain". Smiles are everywhere, mostly smiles of understanding.

The household effects and furniture are usually next on the list.

Most usually the items are scattered haphazardly over the lawn from all of the many handlings and inspections from potential buyers in the search of a "real find".

By now the youngsters have lost interest and may find a big rocking chair in which to find a new form of entertainment on a summer day! Others play games of various sorts, whatever games there are that keep them tearing around under

Miller Issue Subject Of 'Capital News'

What's going to happen to State Education Commissioner Dr. Floyd A. Miller?

That question may be answered at a special meeting of the State School Board. The meeting has been scheduled for today (Thursday). If he is fired there may be all kinds of legal ramifications.

For a concise rundown on the legal aspects concerning the firing of the commissioner, see the "Capital News" column on the editorial page.

WWI Veterans Hold District Meet Here

About 40 Veterans of World War I attended the District IV meeting at the Wayne city auditorium Sunday afternoon.

Officers elected at the business meeting were Louis Riddle, commander; Wallace Curry of South Sioux City, senior vice commander; Harry Irwin, junior vice commander; Paul Larson of Wausa, quartermaster; and William Tipton of Tekamah, chaplain.

Good Old Golden Rule Days

By Merlin Wright

A little song you've likely not forgotten, "school days, school days, good old golden rule days" well describes the atmosphere at District 57, five miles south and one mile west of Wayne.

The "readin', rithin' and 'rithmetic" plus many other subjects are taught for the 17 students by Morris Jacobsen, 25, of Laurel. He is one of four male Wayne County rural school teachers.

Students take turns in raising "Old Glory" each schoolday after which, when students are assembled inside, the Pledge of Allegiance is said and a patriotic song is sung.

That young Jacobsen taught the "three R's" to the tune of a "hibyork stick" in his first year of teaching. A "hibyork stick" was no piece in sight and there was

no evident need of it Tuesday as the entire student body appeared courteous, respectful and well disciplined.

Morris is a graduate of Wayne State College and indicated last week that he plans on returning to District 57 to teach again next fall. With so many women teachers in the lower grades, some might wonder if a male instructor is able to meet with all the problems and emergencies of childhood. The answer is "yes," he can. In fact, about 15 years ago, "the Russian" was named "Pravda" was real concerned about the natural growth and development of this young boy who had always been instructed by women from elementary through secondary classes. The Russian

paper seemed alarmed at the possibility of rearing a generation of slaves. American schools, however, seem to have things balanced in good proportion with a mixture of both sexes teaching.

Let's take a look around the rural classroom and make a few observations. On the north wall are a series of up-to-date maps of Europe, Africa, North America, South America, Asia and the World. Students may consult the maps or the instructor with ease. As we look up toward the ceiling the directions of east, south, west and north are posted so the beginning students may learn their directions and become oriented to the position of the building in relation to the outside world.

Above the map board in front of the room is a display of the sun and its planetary system. Below are the penmanship posters.

Tuesday, the teacher had the following words on the board to see if the fifth and sixth grade students knew the meaning of botany, biology, biochemistry, cryogenics, conductivity, cryosurgery, neurosurgery, laser, cardiovascular, technologist, meteorologist, ecology, biocell, radiologist and ultrasonogram. Would any of our readers care to compete with the students in explaining the terms?

Jacobsen teaches 11 boys and six girls in seven classes. He has no students in the seventh grade.

Modern critics of the one-room rural school will point out that students are not able to give their full attention to their work when

DISTRICT 57 students, with parent's name in parenthesis, are from left to right: Back row Linda Woodward (Neayron); Pamela Glassmeyer (Floyd); Gaylin Woodward (Neayron); Scott Glassmeyer (Lowell); Vaughn Glassmeyer (Lowell); Middle row: Michael Morris Jacobsen, teacher; Middle row: Michael Sprouts (Lawrence); Tammie Schulz (Don);

Becky Glassmeyer (Lowell); Judy Janke (Fredrick); Mark Resac (Donald); and Ron Janke (Fredrick); Front row: Brian Biermann (George); Jay Langemeyer (Jack); Julie Sprouts (Lawrence); Mike Flier (Harold); Dennis Flier (Harold) and Wesley Sprouts (Lawrence).

In a room where other classes are reciting, etc. I couldn't help but note that while various classes recited the other students were concentrating on the materials before them and had literally "tuned out" the students at the recitation seat. A pupil in a one-room school learns to sharply focus his or her attention on necessity.

How many adults do you know who can sit in the midst of other people who are doing different things like reciting, consulting the teacher, getting books from the shelf, etc., and can maintain their attention on what is before them?

Perhaps the reason I noticed this ability of the students is that here in the Herald office our advertising staff, office staff and newswriting staff must be very adept in focusing one's concentration while working in the midst of ringing telephones, incoming news sources, consultations, requests, questions, visits and inter-office communications. Unless one has the ability to "tune out" that which is not of his or her immediate concern, to work would be impossible.

If your student can only study or concentrate under ideal conditions, when everything is conducive to study, then he or she will likely fail to develop those necessary strong mental powers of focusing one's thoughts while in the midst of distractions.

Space technicians, research scientists, bankers, factory workers and newspaper personnel are only a few folk whose ability to concentrate in the midst of distraction is so very imperative to work.

A rural school student learns to concentrate on a personal basis and also knows that he may have the services of his teacher, almost like a private tutor. Thousands upon thousands of successful American citizens today had their original "basic training" in a "little red school house," and it doesn't seem to have in any way stunted the nation's growth.

Morris Jacobsen moves about his school room without being pressured into being impatient. Some virtues cannot be learned from a book, such as those listed on a colorful bulletin board which states: "We R looking 4 helpfulness, kindness, initiative, sportsmanship, honesty, posture, cooperation, thoughtfulness, promptness, improvement, unselfishness, consideration, punctuality, attitude and responsibility."

Recess is always a favorite of most everyone and of course the youngsters enjoyed the old American ball game. Coach Jacobsen sets the pace and example of good sportsmanship.

"Good old golden rule days" Ah, yes! The delightful chatter of youngsters over a playground on a mild spring day is good for the soul.

"Good old golden rule days" Ah, yes! The delightful chatter of youngsters over a playground on a mild spring day is good for the soul.

Recess was over and as I waved goodbye, the inevitable question echoed in my mind: Why are we adults so anxious to push and rush, race and pace our youngsters into every conceivable activity, as if making an attempt to fill every possible second of the child's time participating in something other than the just plain simple fun of leisurely growing up?

It appeared that both the teacher and students in District 57 were still enjoying the relationship that maturing youth have with a capable teacher. Some institutions have lost that relationship.

Mom, the next time you don't even have time to catch your breath due to being involved in so many activities and you hear your husband complain about never having anytime any more except having to attend something every night, how about stopping in your tracks and asking your-

Savings Bond Sales

Total Near \$40,000
First quarter sales of U.S. Savings Bonds and Freedom Share Notes in Wayne County totaled \$38,984, according to Henry F. Lewis of Wayne County chairman. March sales of \$11,943 brought the county to 15.3 per cent of the 1969 sales goal.

Robert F. Anderson, Dixon county chairman, reported that sales in that county during the first quarter totaled \$64,376, 23.2 per cent of the yearly sales goal.

Sales during March in Dixon County amounted to \$12,073.

Statewide sales of the securities in March were \$3,650,000 and \$11,924,788 for the quarter to put the state at 23.6 per cent of the year's sales goal.

Keep Her Smiling! Visit A Nursing Home Patient Mother's Day, May 11

"A Better Life through Community Concern" is the theme for National Nursing Home Week, May 11-17. On behalf of their patients, nursing home leaders throughout the nation are encouraging members of the community to visit a nursing home. Many of the patients are all alone in the world, often chronically ill. These people need to know that the community which they helped to build has not forgotten them. That's why many American Nursing Home Association member homes and their patients are holding an Open House on Mother's Day, May 11. It's the first day of National Nursing Home Week. You are urged to take part by visiting a nearby, participating nursing home.

Maverick's hot! Any questions?

Measure it any way you like. By the crowds. The news stories. The sales. Few cars have caused a sensation like Maverick or broken so many records. Every day more and more people are asking questions about it. Here are the answers.

- Q. Why did you build the Maverick?**
A. We think of Maverick as another line of Ford Motor Company's answers to the gold grain. Now American who want that car economy, don't have to spend their U.S. dollars overseas.
- Q. Why did you call it Maverick?**
A. You know what a maverick is. A maverick breaks the rules. A Maverick is different. Maverick plugs the big gap between the compact and the imports. It has a wheelbase eight inches shorter than a 69 Falcon, eight and one-half inches longer than a VW 1500. Nothing else like it.
- Q. Why did you make it this size?**
A. Maverick pinches pennies, not people. We gave Maverick more leg room. More shoulder room. More luggage room. Good example: the front seat of a Maverick offers you nine inches more shoulder room than the front seat of the leading economy import and its trunk can handle all the luggage for a family of four, including a set of golf clubs.
- Q. What do I get for the price?**
A. You get your money's worth. A complete built-in Americans kind of car. Room. Hot styling. Color-keyed interiors. Even the heater is included. Some economy car interiors are about as luxurious as a park bench. Not Maverick's. You get plush seats cloth and vinyl upholstery with unique tartan plaid cloth inserts. You also get safety features like smart pull-out door handles. Strong safety door locks. Two-speed electric wipers. Safety belts. Head restraints. Plus conveniences like armrests, coat hooks, lighted heater controls... important little things that add so much to your driving comfort.
- Q. What about options?**
A. You can get them. You want em. You can order integral air conditioning. It's built in, not hung on. Other options include 3-speed automatic or low-cost semiautomatic transmission and a hefty 200 CID Six. But lots of people won't put an extra cent into this car. Because it's all there. A complete car, ready to drive home.
- Q. What kind of gas mileage can I get?**
A. That depends on you, as well as the car. You can get as much as 25 or 29 miles per gallon—if you have an educated toe and the right road conditions. If you have a lead foot, or do a lot of city driving, you will get a lot less. In tests by professional drivers at our tracks, where we do our best to duplicate actual driving conditions, Maverick averaged 22.5 mpg.
- Q. What kind of power does Maverick have?**
A. Maverick's Six has 105 galloping horses. That's 52 more than you get in the 4-cylinder VW 1500. Maverick can cover 417 feet in ten seconds from a standing start. That means you can get up to highway speed in a hurry. When you enter a 70 mph turnpike, you won't feel like a retired bookkeeper thrust into the middle of a pro football game.
- Q. If it has an eight inch longer wheelbase than the leading import, does it still handle and park easily?**
A. Maverick can turn in a tight circle (35 feet) than the leading economy import (36.0 feet). Maverick can slant through traffic like a hallway. It can turn on a dime and give you nine cents change. If you've been driving any other American car, you'll find Maverick's wheelbase adds up to 5 1/2 feet to any parking space.
- Q. Can Detroit really build a small economy car that's tough and long lasting?**
A. It's not easy, but we did it. Maverick's unitized body construction makes it light, strong and durable. It's welded like a battleship. Rustproofing compound goes into deep crevices that never see the light of day. There's an anti-rust treatment in 400 spots of paint for lasting beauty. Really, one tough little car that's just here to stay together. The service contract in the Maverick owner's manual goes up to 100,000 miles or nine years. That ought to tell you something about its rugged durability.
- Q. How about parts and service?**
A. Maverick is designed to be unusually easy to service. You're dealing with modern American parts and 6,000 easy-to-find Ford Dealers. Fast repairs and easy replacements mean extra savings in both time and money.
- Q. Is Maverick really easier and less expensive to maintain than an economy import?**
A. Definitely. Maverick oil changes come only every 6,000 miles and chassis lubrication once every 36,000 miles. The leading economy import recommends oil changes every 3,000 miles (twice as often as Maverick) and chassis lubrication every 6,000 miles (six times as often as Maverick). These are
- Q. Can I do my own maintenance work?**
A. Yes, if you have an average amount of mechanical ability. The Maverick owner's manual contains 24 pages of detailed diagrams and easy-to-follow instructions for routine maintenance jobs you can do yourself, if you wish. You'll find it easy to change spark plugs, replace ignition points... plus many, other do-it-yourself repairs and replacements.
- Q. Can a small car be safe? And how safe is safe?**
A. This small car incorporates the latest advances in engineering. Maverick's brakes are as big as a standard compact's—designed to stop cars weighing hundreds of pounds more. Maverick gives you weight... power... stability. Designed for American driving conditions.
- Q. How does Maverick ride?**
A. Here's where Maverick's longer, wider stance really pays off. You get a smoother, quieter ride. Maverick's tight, strong, unitized body helps eliminate squeaks and rattles. Special insulation blocks out road noise. The people who brought you a Ford that was quieter than a Rolls-Royce now bring you a small car that doesn't sound like a power mower.
- Q. Is there an advantage in the fact that Maverick is really a 1970 car?**
A. Sticker depreciation is one money-in-the-pocket advantage. Maverick's 1970 model designation means it keeps its trade-in value higher, longer. (Maverick is built to be a good investment from the minute you buy it to the minute you sell it.)
Better come take a look at this one. You'll find it where the action is... right in there with other great Ford values like specially equipped Ford Galaxie 500's... Fairlanes... Mustangs and Falcons. You'll find them at your Ford Dealer's... the place you've got to go to see what's going on.

For an authentic 1, 25 scale model of the new Ford Maverick, send \$1.00 to Maverick, P.O. Box 5387, Department N-50, Detroit, Michigan 48211. (Offer ends July 31, 1969.)

Dairy Group Looking For 1969 Princess

The 1969 Nebraska Dairy Princess Contest is slated for Laurel June 5. Entries blanks must be received no later than May 15 by the American Dairy Association of Nebraska in Fairbury.

The girl chosen for the honor, the 16th since the beginning of the event, will travel throughout the state during June and will appear at numerous celebrations and festivals as an ambassador of the Nebraska dairy industry during the summer. She will also receive a \$400 stipend, clothing allowance, numerous gifts and

take several trips.

At the end of her reign she will be flown by jet airplane to Chicago to take part in the national contest.

Requirements for entering the contest: high school graduate and unmarried dairy farm girl between 16 and 25 with a desire to represent the dairy farmers and dairy products as their number one spokeswoman.

Further information and entry blanks can be obtained from Fred Madson in Laurel, the state dairy inspector, or at the county Extension Office in Burlington or Sam Lewis, manager of the American Dairy Association of Nebraska in Fairbury.

Government Day in Wayne

Wayne County Government Day will be held Tuesday, May 13, at the county courthouse under sponsorship of the Legion posts and Auxiliary chapters of Carroll, Winslow and Wayne. Chris Hargrett and Carl Seibel are in charge of arrangements.

Registration will begin at 9 a.m., followed by a swearing-in of the junior officers and a guest speaker.

A noon meal will be served by the Legion Auxiliary at 12 o'clock in the Women's Club room, Hargrett said Tuesday. All the County officials will be invited as guests.

Officials for the day, chosen from junior classes in the Winslow and Wayne high schools will serve in their respective offices during the afternoon. Admittance will be around 3 p.m., Hargrett said.

The annual affair is designed to better acquaint high school government classes with government processes on the local level.

Bankers' Association Elects Jeffrey Head

Adon Jeffrey, president of the First National Bank in Wayne, was elected president of the Nebraska Bankers Association during the group's convention in Omaha Monday.

A native of Bossard, Jeffrey, president of the bank since 1967, will serve a one-year term. He has also served two years as chairman of the bank's credit committee and as chairman.

He will represent the bank at the annual meeting of the Nebraska State Bank.

'Work Day' Set For May 18 at Pleasant View

Members of the Pleasant View Cemetery board at Winslow met Friday evening to make plans for a work day to be held May 18 from 9 to 12 a.m. and 1 to 5 p.m., according to Mrs. Paul Zoffka.

Persons interested in helping clean the cemetery are asked to bring the tools necessary for such jobs as filling graves, trimming trees and cleaning up debris collected during the winter.

Any help previous to May 18 will also be appreciated. Mrs. Zoffka said, especially if unable to help on that Sunday.

Any further information concerning the work day, those interested are asked to call one of the cemetery board members: Frank Webbe, Willis Heitbert, Walter Hamm, August Bronzski and Mrs. Paul Zoffka.

NEW WVFD OFFICERS. New officers were elected by the Wayne Volunteer Fire Department at the group's annual meeting Tuesday evening. New officers include (front row, from left) Paul Rogge, president; Ivan Creighton, chief; Norbert Brugger, secretary; (back row, from left) John Hochstein, vice president; Harvey Brasch, second assistant chief; Cliff Pinkelman, first assistant chief; and Vern Nordhorst, treasurer.

Kindergartners Graduate May 22

Winslow PTA will sponsor kindergarten graduation May 22 at 8 p.m. in the high school gymnasium, according to Mrs. Victor Mann, kindergarten instructor.

Principal Ben Kramer reminds parents that students in grades three through six, and those in junior high and senior high taking physical education courses next fall will all need a physical examination prior to commencement of the fall term.

Elementary school students will have their annual all day picnic May 23 according to Kramer. Semester final tests are scheduled May 22 and May 23 for high school students.

67 Qualify for Special Honor Roll

Wayne High School guidance counselor, Kendall Carlson, released Tuesday the names of those students who raised their academic grade at least one grade in at least one course from the second nine-week grading period to the third nine-week grading period, qualifying for the Improvement Honor Roll.

In addition to raising a letter grade in order to qualify for recognition on the special honor roll, the student must maintain or improve letter grades in all academic courses of study during

the same grading period. "Recognition for such an achievement will be published each nine-week period," Carlson said. He also pointed out that "only nine-week grades will be utilized to determine academic improvement from one quarter grading period to the next."

The following 20 freshmen, 21 sophomores, 14 juniors and 12 seniors qualified for recognition on the Improvement Honor Roll for the third nine-week grading period of the 1968-69 school year: Freshmen: David Baler, Mark Beiermann, Beth Dunklau, Rick Fields, Joan Garvin, Mike Ginn, Kenneth Hall, Don Hansen, Sheryl Hansen, Claudette Harder, Cindy Hurd, Mike Kraemer, Jeanette Meyer, Mike Mersy, Rex Murray, Lorraine Neirnan, Baylene Penlerick, Shirley Peterson, Joel Renner and Bryan Stoltenberg. See SPECIAL HONOR, page 7.

City Planners Reject Rezoning Request, Elect New Officers at Monday Meeting

Got a Lucky Streak? Might Be Worth \$150

If you're doing anything tonight (Thursday) at 8 p.m., why not be present for the weekly Chamber of Commerce Cash Night drawing?

No purchase is necessary to be eligible for the drawing, which is worth \$150 this week. Just register in one of the stores taking part in the weekly promotion and be present at the time the winning name is drawn. You must be at least 18 years old in order to register for the drawing.

Wayne's planning commission voted 4-2 against a proposal by James Coan to rezone an area of his property so as to build an addition to and provide more parking space for the Dairy Sweet on East Seventh St.

Coan had requested the area be rezoned from R-2 (multiple dwelling) to R-1 (highway business). He explained to the commission that he wanted to build an addition measuring about 25 by 35 feet which would seat about 25 or 30 people. The addition would be a one-story building with one-half of two walls being glass.

His present business has parking space for about nine cars,

whereas the expanded project would have provided parking space for about 22 vehicles. The commission's decision will now go to the city council which will make the final decision on the request.

Three Wayne residents appeared at the hearing to oppose the proposed zone change, bringing with them a petition signed by 33 residents who also were in opposition to the rezoning proposal.

Opponents pointed out to the commission they felt the area should remain a residential area as the rezoning would undoubtedly bring more traffic, noise, congestion and possibly more late-hour neighborhood noise.

In further business the commission tabled a report on a proposed trailer amendment, voted to request retention of Hilschard Wozniak as consultant to the planning commission and acknowledged receipt of a letter in opposition to Wriedt, Mobile Court.

New members on the planning commission were introduced. They are Keith Mosley, chair; Merton Marshall, and Dick Dixon. They replace Ken Dahl, Harold Kemble, Bernard Meyer and Jim Meyer.

Elected officers for 1968-1970 were Keith Mosley, chairman; Leland Foote, vice-chairman; and Merton Marshall, secretary.

Prior to adjournment it was voted to change the regular meeting date from the first to the third Monday of each month.

Norbert Brugger Honored for 37 Years of Service

Norbert H. Brugger was honored for his long years of service to the Wayne Volunteer Fire Department at the group's annual meeting Tuesday evening.

Brugger was given a plaque for having served 37 consecutive years as secretary of the WVFD.

On top of that the group voted him in as secretary for one more year during the election of officers for the coming year.

Brugger joined the WVFD in 1931 and almost immediately took over the job of secretary. The next year he was elected to the office and he has held it for the past 37 years. About two years ago he was honored by the Nebraska State Volunteer Firemen's Association for his long service and that time his long service in the same office was a record.

He also noted that he has never missed a meeting of the Wayne organization, even going to the extent of returning from a vacation trip to California in order to make a meeting.

Other officers elected at the meeting were Paul Rogge, president; John Hochstein, vice president; Ivan Creighton, chief; Cliff Pinkelman, first assistant chief; and Harvey Brasch, second assistant chief.

Ten members of the WVFD attended the fire school at Grand Island last weekend, six for the Friday and Saturday sessions and four for the Sunday session. The school included discussions on the recent Crete railroad disaster, resuscitation and several other topics.

Ikes Plan Meeting

Wayne's Izak Walton League members plan to meet at the lake site Monday at 7:30 p.m. for a luncheon and program.

Wayne, Laurel Men In Honor Fraternity

Young men from Wayne and Laurel were among the 37 freshmen students at the University of Nebraska initiated into Phi Eta Sigma, a nation-wide freshman scholastic honorary fraternity.

Initiated into the society were Donald A. Skolan of Wayne and James F. Mallatt of Laurel.

Phi Eta Sigma, which encourages scholastic excellence and published a booklet entitled "Hints on How to Study" selects as its members freshmen who have attained a 3.5 grade average (4.0 is an A) while carrying at least 12 hours in their freshman year of study.

SURPRISE SERVICE AWARD. Norbert Brugger (left) proudly accepts a plaque he received from the Wayne Volunteer Fire Department in honor of his 37 years of consecutive service as secretary to the Wayne group. Presenting the plaque to Brugger at the group's annual meeting Tuesday evening was President Paul Rogge.

COOLING OFF. Members of the Concord Kids Cleanup Klub take a few minutes off from their work for a cool drink. The one young boy looks like he plans on stocking some of the drink away.

Janet Bergman Marries Bruce Dunning In Candlelight Rites Saturday Night

Janet Bergman, daughter of Mr. and Mrs. Dale J. Bergman, Hartington, and Bruce Dunning, son of Mrs. Janis Otto, Los Angeles, and Darrel L. Dunning, Winner, S. D., were married Saturday noon at Holy Trinity Catholic Church, Hartington. Father Mahony of Dixon officiated at the double ring rites.

The bride, given in marriage by her father, wore a floor-length organza and Chantilly lace gown with full gathered back draping into an aisle wide chapel train.

Her silk illusion veil was caught to a cluster of illusion petals and she carried a cascade bouquet of pink roses with removable orchid corsage. She also wore a family heirloom necklace.

Marilyn Bergman, Hartington, served her sister as maid of honor. Bridesmaids were Sara Brodersen, Tekamah and Louise Bergman, Hartington. Their toe length fitted princess styled gowns were of pink acetate featuring white Chantilly lace bell sleeves. Their matching illusion veils were caught to clusters of illusion flowers and each carried a single long stemmed white mum with pink streamers.

Best man was Robert Otto, Los Angeles. Groomsmen were Harry Otto, Los Angeles, and Ron Harder, Ronald Bergman, Hartington, and Jim Brodersen, Herman, were ushers.

Five Northeast Nebraska Cage Stars Selected for All-Star North Squad

Brent Fahnestock, a 6-4 member of this year's highly successful Laurel High School basketball team, was one of 12 high school seniors selected to the North Squad for the 1969 All-Star Basketball Game.

The all-star game, the first of its kind in the state, will be played on Aug. 22 at Lincoln's Pershing Municipal Auditorium. The next day the Shrine Bowl football game will be played in Lincoln.

Plenty of devoted basketball fans from all over northeast Nebraska will probably make the trip to Lincoln for the all-star game, joining Fahnestock on the North Squad are Wausa's 6-2 Dave Holmquist, Hartington Cedar Catholic's 6-7 Steve Becker, South Sioux City's 6-3 Tom Zimmerman and Norfolk High's 6-4 Dennis Edwards.

Fahnestock, son of Mr. and Mrs. Bill Fahnestock of Laurel, led the Bears in scoring with 536 points, averaging 24 points a game. His head basketball coach, Larry Moore, said his strongest assets are his rebounding ability and his potency on the fast break.

Also selected to the North Squad were two guards from class A state champion Creighton Prep: 5-9 Bob Matthews and 6-1 Mark Langer.

Other squad members: Galtburg's 6-2 Vernon Banks, Lincoln High's 6-2 Gary Carbaugh, Lincoln Northeast's 5-10 Dan Cook, Pliborn St. John's 6-2 Dave Hahn and Omaha North's 6-2 Jerry Sorenson.

Tallest member on the team is Hartington Cedar Catholic's 6-7 Becker. Shortest man on the team is Creighton Prep's 5-9 Matthews.

Prior to the All-Star game there will be a training session for all team members at Wayne State College. The team reports for workouts on Aug. 14. Coaching the North squad will be Ed Johnson of Lincoln Northeast. Assisting him will be Creighton Prep's Tom Brosnihan.

"Coach Johnson said, 'We think we have selected a team that has good balance, both offensively and defensively. I think offensively we have good outside shooters and our forwards and guards are also good drivers. Our centers have good movement and are both good scorers.'"

Even though the North averages 6-2, Johnson sees height as a possible weakness. "If we have a weakness, it could be in rebounding as our inside boys are matched with taller opponents. We will have to play for good position by keeping ourselves on the move and not get caught standing still," he noted.

Boys selected to play in the All-Star basketball game will not be eligible to compete in the Shrine Bowl football game which

will be played in Lincoln the next day.

The basketball game will conclude a three-day coaching clinic for members of the Nebraska Coaches Association. The clinic will also be held in the air-conditioned Pershing Auditorium.

Elderly Couple Take Part in Game Dads' 'Acres for Wildlife'

"You're as young as you feel," the adage goes, and a western Nebraska couple apparently had this in mind when they entered a plot of their ranch land in a wildlife conservation program designed primarily for youth.

The exact age of the couple is not known, but it does not matter, since the Game Commission did not specify age limits when the program was set up. The Commission is processing the application with the outlook that if the husband and wife want to participate then they are young enough to enter.

Called NEBRASKAland Acres for Wildlife, the program encourages young people to secure one acre of land or more to be set aside exclusively as wildlife habitat. The plots must not be burned, grazed or mowed, and land already retired from agricultural production under government programs is not eligible.

In the first month of the program, 18 applications for mem-

16 Husker Conference High Schools To Do Battle Today at Wayne State

Athletes from 16 area high schools have been preparing for one of the big events of the track season—the annual running of the Husker Conference track meet. This year's meet will be held on the Wayne State track and field today (Thursday).

The track meets will not only be looking forward to racing up enough points to win the track meet but will be eyeing the record efforts in the 17 events in the hope of etching their names into the books.

Pender is written into those books more often than any other school. In 1968 Pender's speedy Jim Novak ran the 100-yard dash in 10.1 and the 200-yard dash in 22.6, both new records for the meet. The year before, Pender's Doug Radke leaped 5-10 in the high jump, equalling the record set by Bloomfield's Rod Lemke in 1966. And in 1964 Pender's Doug Young tossed the iron ball 52-7; for a meet record which has remained unchallenged.

Membership enrolling a total of more than 77 acres have been received by the Game Commission.

Individuals or groups may participate. Individuals receive shoulder patches and a certificate signed by Governor Norbert Tiemann. Groups receive a wall plaque after one year's participation by half their members and at least 10 acres enrolled.

Jim Hepburn Wins Jr. Bowling Singles

Jim Hepburn won the junior bowling singles action last Saturday afternoon by rolling a 163 and a 143 for a 306 series. Coming in second with a 224 series (150 and 144) was Virgil Kar-

dell. Taking third with a 284 series (123 and 161) was Sam Taylor. Donna Johnson turned in a 277 series.

Trophies were awarded the first three finishers in the afternoon's action.

The regular junior bowling league action will get started Saturday at 1 p.m.

Allen Chicken Fry Slated for May 17

The benefit chicken fry slated for the Allen fire hall will be held on Saturday, May 17, and not on May 9 as reported in the last issue of the newspaper.

Scheduled to start at 7:00 p.m., the benefit chicken fry is being held to raise money for Allen's summer baseball program for the youngsters. Sponsoring the event is the Allen American Legion.

If any extra money is raised, it will be used to form a men's softball team this summer.

Tickets are selling for \$5 for two people and can be obtained at either the Cash Store or the State Bank in Allen.

Bad Weather Aside, Some Units Yielded Plenty of Turkeys

In spite of poor weather, hunters chasing Nebraska's elusive turkeys during the recently completed spring hunt reaped up an impressive 27 per cent hunter success ratio during the last weekend of the 10-day season, according to the Game Commission.

A total of 332 hunters bagged

the gobblers. The Round Top Unit in the Pine Ridge country of the extreme northwestern part of the state provided the best hunting. Hunters there bagged 226 birds for a success ratio of 30 per cent, the unit's best spring showing since the first spring turkey season in 1964. High winds and wet weather hampered hunters there the last five days of the hunt.

The Niobrara unit along the state's northern border was also kind to gobbler hunters, yielding 69 birds for a success ratio of nearly 28 per cent. A cold spell in this area during the last weekend of the hunt probably slowed hunter successes which would have resulted in new records, according to the Commission. The Wildcat Unit was third in hunter success, yielding 13 birds for a ratio of 26 per cent.

3 Bowling Leagues End Season's Play

The Friday Nite Ladies, Friday Nite Couples and Saturday Nite Couples have finished their league play for this bowling season.

Champions in the Friday Nite Ladies League was Blake's, Bowling High game during the season was Silk Schroeder with a 229. Day's (Regard's) 328 was high score rolled in large games. Delores Schultz captured honors for high average with a 148. Winning the Friday Nite Couples League was the team of Thompson and Weible. Jane Haler rolled a 275 for highest game rolled. Highest series during the season was a 555, rolled by both Boyd's Whitney and Jane Haler. LeRoy Warner's 256 took honors

for single game and his 580 took honors for high series.

In the Saturday Nite Couples, Joyce Hansen captured high game honors with a 233 and high series with a 590. John Dalip's 245 and 645 took honors in the men's division.

Officers elected for the coming season in the Saturday Nite Couples League were Marty Willers, president; Frederick Janke, vice president; Esther Hansen, secretary and Floyd Burt, treasurer.

\$147.00 less

than last year's Camaro with comparable equipment.

If you equip Camaro with Powerglide, the new 250-hp 350 V8 that runs on regular gas, advanced design power disc brakes, whitewall tires and wheel covers, the price is \$147.00 less than last year's model with comparable equipment, including head restraints.

\$69.00 less

than last year's Chevelle with comparable equipment.

We're not talking about a stripped-down car, either. We're talking about a Malibu Sport Coupe with head restraints and 200-hp V8 that runs on regular gas. If you add Powerglide, power disc brakes, wheel covers and whitewall tires to your Malibu, you'll find it's \$69.00 less.

\$101.00 less

than last year's Impala with comparable equipment.

Add a few options like these to your Impala: Turbo Hydra-matic, Big 300-hp V8, Power disc brakes, Head restraints, Whitewalls, Wheel covers. All together, the price is \$101.00 less than it was for last year's Impala, comparably equipped. **Putting you first, keeps us first.**

Wayne State's Double Win Tightens Scramble for NCC Baseball Crown

Wayne State's double win over Kearney State in baseball here last Saturday tightened the Nebraska College Conference championship scramble.

Wayne finished the league campaign at 6-2, leaving Chadron State, 5-1, and Kearney, 4-2, to settle the title question Saturday at Kearney. Chadron could emerge as solo champion with a pair of wins. A split would mean a Wayne-Chadron co-championship. A twin Kearney victory would divide the title between Wayne and Kearney.

The Wayne-Kearney first game belonged to the pitchers until Wayne reached the bottom of the sixth with the score tied, 2-2. Then Wayne hurler Jim Haslock, senior from Richfield, Minn., decided to settle matters. He scissored a deep single to center field, scoring two runners, and pulled up at second on a fielder's choice. For being, he scored on another single for the 5-2 final score. The win was Haslock's fifth without a loss this season. John Makavicka, a Antelope starter, took the loss. Ed Sharp homered for Kearney in the second.

Bill Goodwin hurled a three-hitter with a blazing fast ball in the nightcap while Wayne posted 10 hits in the five-inning 10-0 decision. Four runs in the first, including three on Lynn Tomjack's homer, four more in the second with three on Larry Reifschneider's homer, 133 most of the damage. But Goodwin—a center fielder when not pitching—added another home run to the attack in the third.

Kearney used three pitchers in the opener, four in the second game.

Golfing Lessons for Women in Progress

Group golfing lessons for women are now being taught at the Wayne country club by the club pro, Jim Christensen.

Christensen is giving the lessons every Tuesday morning from 10 until 12. Price for the series of lessons, which will last all summer \$3 for each person taking them.

Christensen said all women in Wayne are eligible for the lessons and new country club members can take them without any charge.

Over 25 Softballers Want in City League

Over 25 young men have already contacted Hank Overlin and said they want to play in the men's slow pitch softball league now in the process of being formed.

Overlin said he hopes that another 15 or 20 players can be obtained for the league so that four teams can be formed.

The league, the first to be formed in Wayne for several years, is open to all people living or working in Wayne and graduates of Wayne High School.

Games will be played every Tuesday evening at 6:30 and 8:00. The first practice session will be held at the Wayne ball park next Tuesday evening. League games will begin May 20 and will run through July 22.

Overlin said that anybody who wants to play in the league should make sure they telephone him and let him know that they want in the league.

Wayne State Splits Doubleheader with Concordia Tuesday

A baseball loss and a win Tuesday raised Wayne State's record to 19-6 before a Wednesday afternoon doubleheader at home with Concordia. Results of the Concordia pair may have weight later in selection of playoff teams for NAIA District 11 championship.

Tuesday Wayne lost its first with Westmar, 5-0, at LeMars, Ia. The hosts got one run in the bottom of the first all they needed, but Vince Erdmann's grand slam homer in the fifth was frosting, and stingy Westmar pitching kept Wayne runless on four hits. Jerry Nicolarsen gave up seven hits in his full-game stint. He has now won two, lost two.

In the second game Wayne bats came to life with hits in all seven innings, including four that scored five runs in the third inning. Results, a 13-6 score. Barry Carlson, a Central City sophomore, started for Wayne and got his first victory. Ron Hofles and Nick Indra relieved in the seventh when Westmar

Tennis Win Over Creighton Makes WSC Record 7-0

The final doubles match settled a Wayne State-Creighton tennis meet with a 5-4 victory for Wayne Monday at Omaha. Vince Emery and Frank Catania, both Omahans, subdued Byron Blase and Mike Schultz, 9-7, 10-8, to top the meet Wayne's way.

Other results: Singles: Bob Breunig, Creighton, defeated Emery, 4-6, 6-3, 6-4; Bruce McLarty, Wayne, defeated Jim Butkus, 12-10, 6-3; Gary Cakeson, Wayne, defeated Dick Holmes, 6-4, 9-7; Blase, Creighton, defeated Ken Dietrich, 6-3, 6-2; Mark Robinson, Wayne, defeated Bill O'Brien, 3-6, 6-9, 9-7; Schultz, Creighton, defeated Catania, 6-1, 8-6.

Doubles—Breunig, Butkus, Creighton, defeated Cakeson-Robinson, 6-3, 4-6, 6-3; McLarty-Dietrich, Wayne, defeated Holmes-O'Brien, 10-8, 6-3.

Wayne remains undefeated in seven meets with area colleges, not counting a 4-4 record on a southern tour as an independent team.

One dual is left on the Wildcat slate, with South Dakota University at Vermillion today (Thursday), before the Nebraska College Conference meet at Hastings May 16.

WSC Javelin Thrower Sets Another Record

Wayne State's ace javelin thrower Frank Burgess posted a new record Saturday at the Howard Wood Relays, Sioux Falls, S. D. On his first and only toss, Burgess sent the spear 236-6, despite a headwind of 30 miles an hour.

Constantly troubled by bursts in his throwing arm, Burgess passed up competition when Wayne entered the Doane Relays at Crete Tuesday. The Wildcats did not score. Coach Roger Bentley described performances as "the best we've gone against this year". For example, Larry Koehl finished sixth in the mile with a good 4:28 clocking, but the first four finishers were under 4:19, Bentley noted.

WH Blue Devils Take 3rd Place In Quadrangular

Although winning more events than any of the other three schools, the Wayne High track squad still had to settle for third place in Friday's quadrangular at Wayne State's track and field.

Wayne High ended the day with first places in seven of the 16 events, Pender with six and Wisner with only three. Vel, Wisner tallied 75½ points, five more than second place Pender and almost 20 more than third place Wayne (57½). Beemer tallied 30½ for fourth place.

Wayne's Bernie Binger, a senior, gave Wayne three of its seven first places. Binger broke the high school record in the 60-yard high hurdles, set by Dick Robins, with a run of 7.7, and equaled the school record in the 120-yard low hurdles, set by Dave Brown, with a run of 13.5. He also gained first place in the pole vault when he cleared 16½, over one foot shorter than the 12-0 he has cleared on at least two occasions this year.

Les Echtenkamp claimed another first place for Wayne when he ran the 880-yard dash in 2:09.2, and Steve Kamish threw the discus 120-10 for a first place in that event. The other first places

TOP DRIVERS. Gene Brudigan (right) and Gerald Bruggeman, both of Hoskins, finished right at the top of the pack in last year's final standings at Norfolk's Riviera Raceway. Brudigan, whose car they are standing by, ended up high point driver. Bruggeman ended up in second place 12 points behind him. Gene Wagner, another stock car enthusiast from Hoskins, finished third. Hoskins also has one other stock car driver who regularly makes the trip for the Sunday night races in Norfolk, Harold Brudigan. These drivers will join others from northeast Nebraska in opening the 1959 racing season at Norfolk this Sunday night, a week late because of the rain last week. Highlights of the night's racing will be a devle Marie Hamm Memorial Race. Hamm, also a devle stock car driver, died last year from a heart attack. He was originally from Wayne County and at one time lived in Wayne. Racing action gets underway at 8 p.m.

SDU Golfers Rap Wayne State, 12-3

Wayne State golfers lost a 12-3 match with South Dakota University Tuesday at Sioux City.

Results: Dale Erwin, Wayne, 77, defeated John Mitchell, 80, 2½; Steve Monolis, SDU, 74, defeated Ken Wellman, 84, 3-0; Stan Ward, SDU, 78, defeated Steve Strong, 87, 3-0; Roger Ledebuhr, SDU, 79, defeated Don Koerber, 83, 2½; Doug Hakanen, SDU, 79, defeated Craig Smith, 89, 3-0. The Wildcats were looking for their first victory Wednesday against Augustana at Sioux Falls, and they have another meet Friday at Concordia.

"BET MY DAD CAN..." Robert Johnson, 5, (left) helps display the large walleye his father, Lowell Johnson of Wayne, landed in the Missouri River near Decatur recently. The walleye weighed in at 9 lbs. 4 ozs. and won for Lowell a Master Angler Award from the Game Commission. Johnson said he caught the near-record fish on chub. He plans to have it mounted to prove that this one "didn't get away" Robert's neighborhood friend, Les Moore, son of Mr. and Mrs. Darrell Moore, had to help hold the fish for the picture.

BELDEN'S TROOP 263 constructed the only signal tower at the "fun fair" Saturday afternoon. Assembly and erection were a bit "touchy" in the gusty wind but, as you can see, the determined scouts got the job done! Philip Fuchs is on the tower securing the flag pole. Lawrence Fuchs is Scoutmaster. The troop received a blue proficiency flag for their project.

THESE PAK 200 PONCA INDIANS are really "whooping" it up in front of their "fun fair" teepee in what must have been a "rain dance" because three hours after this dance in the sun, rain commenced to fall! Dale Krause is Cubmaster of the Ponca Pack.

Indians are Jeff Beckner, Kevin Kastrip, Sheldon Koeppe, Roger Carnell and Brad Lowe. The boys received a blue proficiency award for their efforts.

Fun-Day for Area Scouts!

Lewis and Clark District Boy Scouts and Cub Scouts had a "fun fair" on East Second Street Saturday afternoon from 1 to 5 p.m. Scout exhibits revolved around the theme "This Is My Country."

Sponsored this year by the Wayne Junior Chamber of Commerce, the "fair" entertained several hundred youngsters and adults on a beautiful spring day.

Scouts from throughout the Lewis and Clark District participated with display booths covering the complete scouting program. Exhibits covered such areas of scouting as citizenship, cooking, first aid, camp site preparation, pioneering, rope work, Indian lore, flags of America, communication and physical fitness.

Red ribbon winners in the standard division were Pack 128 cub scouts from Pilger for a display concerning physical fitness; Troop 176 of Laurel for their "name the flags" booth; Troop 179 of Winslow for a first aid exhibit.

Top awards, winning blue ribbons of proficiency, went to: Pack 200 at Ponca for their teepee; Troop 263 of Belden for their signal tower; Troop 221 of Wayne for a citizenship exhibit; Pack 263 of Belden for a geology exhibit and Troop 165 of West Point won a blue proficiency ribbon for preparation of a meal and cooking it outdoors.

Pictures speak louder than words, so the rest of the story is a photographic record of the scout's "fun in the sun" Saturday, May 3.

WAYNE TROOP 221 had a "citizenship" exhibit at the Lewis and Clark District "fun fair" Saturday for which they received a blue proficiency ribbon. Displaying the newly acquired award are, from left, with parent's name in parentheses, Gary Glass (Verlin); Greg Stammer (Wayne); and Mark Smith (Lawrence). The citizenship display was one of the many woven around the theme "This Is My Country."

PINEWOOD DERBY. Scouts brought small race cars they had carved with individual ingenuity and then entered them into the big "race" at the fun-fair Saturday afternoon. Rowan Wilkie, at right, announced the races while Larry Turner, at left, and Marvin Burgess of Allen (not pictured) handled the entry table. There were many tense moments in the final competition which saw Rodney Turner win first place, Robin Turner, second place and Bob Burgess took third.

M-M-M-MM GOOD! West Point Scout Troop 165, with Scoutmaster Dean DaMoude, at left, won a blue proficiency ribbon for outdoor cooking ability. Scouts cooking up the "fit for a king" meal are, from left to right, David Worthman, Dean Schmidt, Douglas Bowman, Lowell Nelson and Rodney Wagner. Scoutmaster DaMoude and his boys set up camp in Scout Park overnight.

PINEWOOD DERBY RACE WINNERS! With his winning racer in front of him, each of the following Cub Scouts placed in the exciting competition of the fun-fair derby Saturday: (from left to right) 1st place - Rodney Turner; 2nd place - Robin Turner (both sons of Mr. and Mrs. Larry Turner, Wayne); 3rd place - Bob Burgess, son of Marvin Burgess, Allen, who is holding the camera behind his son. Marvin is Cubmaster of Pack 199 at Allen.

WAYNE'S VFW POST 5291 members were busy during the Saturday fun-fair making bicycle safety checks. Post members gave owners reflective stickers for their bikes and one which notes "Safe Bicycle Driver." Norb Darguz prepares to check out the brakes on Neal Whitney's bike. Neal is the son of Mr. and Mrs. Merle Whitney of Wayne.

Weather Dame Nature brought Wayne County residents some precipitation in her "May basket" with .03 of rain May 1, .15 on May 3, .54 fell May 4, and another .10 Monday night.

Though .82 of an inch of moisture is not any large amount, most everyone was glad to see at least that much fall. More moisture may be on the way according to the U. S. Weather Bureau at Norfolk.

They forecast temperatures through Saturday to average near normal with minor daily changes. Normal high 70, normal low 46. Precipitation will average around an inch in eastern Nebraska occurring between now and Saturday.

Temperature chart for the past week looks like this:

	HI	LO
April 30	66	42
May 1	74	56
May 2	70	56
May 3	80	58
May 4	82	52

Dear Editor:

I am a student at the University of Nebraska School of Nursing and have become alarmed about the impending future of our nursing schools. In the past year two nursing schools (St. Catherine's and St. Elizabeth's) have closed. Due to lack of financial funds, the University of Nebraska's School of Nursing had to turn away 60 of its 120 qualified applicants! These girls were very upset about not being accepted as they had earned a 2.0, the required grade for acceptance. But our school could only accept those with a 2.6 or above.

This is an intolerable situation, especially when one considers that Nebraska alone has 700 unfilled positions for registered nurses. By 1978 this figure is estimated to rise to 1600.

What can we do about this situation? With more funds we could double the baccalaureate enrollment and start a masters program in Nebraska. This would help supply the needed teachers, administrators, supervisors and specialists. You as a citizen could support the allocation of state funds to help our school grow. You can write to the representative and tell him of your feelings. Remember that those who receive their education within the state tend to stay in the state.

his topic deals with a systems approach to training. This concept was developed as a result of the space program and his project has generated a great deal of enthusiasm throughout the nation.

Budde used the systems approach to set up and operate a program which contains progressive choice training. The procedure enables trainees to develop social and work responses at their own rate. Reinforcement therapy or operant conditioning is used to motivate trainees and fix desired responses. Both tension and stimulus control are used to increase to the limits the educational process.

Budde, whose parents still live in Wisner, attended Wisner Public School and received his BA degree from WSC. He spent five years at Technical School in Omaha as an instructor, coach and counselor.

During this time he conducted several research projects for the federal government and ob-

tained his M. A. degree. Prior to accepting the position at Glenwood, he was employed by Northern Systems Company as an educational systems specialist.

May 11-18 Set As Conservation Week

A proclamation by Governor Norbert Tiemann officially established May 11-18 as Soil Stewardship Week in Nebraska, according to Warner Mann, chairman of the Soil and Water Conservation District in Wayne County.

Mann said that Governor Tiemann calls upon every citizen in the state to join in the observance as it is planned for in their communities.

How can we avoid wastes, erosion, flooding, disorder and ultimate shortage of our natural resources with more people in more places imposing greater demands on the limited supply of those resources, Mann asked. We may have to modernize our policies and devise new systems for

more effective resource management, he said. Theme of this year's Soil Stewardship week is "Confronting the Issues". Mann noted that it is time to overcome whatever adversities exist that are sapping the capability for conservation and resource development in our country and that we should be willing to explore new concepts and try new programs to "confront the issues" of resource management.

Police Check Wreck

Wayne police were called to investigate a slight accident behind the Gamble store Saturday. Lloyd McRight was taking up in his 1949 Studebaker pickup and struck a parked 1965 Ford owned by LaVerle Obermeyer of Wakefield, according to the police.

Police officers ran traffic control for a memorial service, received a report that a child was bitten by a dog and informed a business man he had left a door unlocked on the firm's

office. Plans are being made to hold a bicycle safety school here with classes meeting from 8 to 10:30 a.m. at the fire station.

WHS Math Teacher Attends Annual Meet

Robert Porter, chairman of the mathematics and science department at Wayne High School, attended last weekend the annual spring meeting of the Nebraska section of the National Council of Teachers of Mathematics.

Held at Kearney State College, the meeting centered on the future of computers in education. A representative of International Business Machines told the group that by about 1971 at least one course in computer science will probably be required for college graduation.

Group discussions concerned high schools which have computer courses. Grand Island High School and Westside High School in Omaha are among the few which now teach computer courses.

GOOD NEIGHBORS LEND A HELPING HAND. Over two dozen friends and neighbors arrived at the Pete Haberer farm two and three-fourths miles southwest of Wayne Friday morning to have a "plowing bee" for their friend who was recently hospitalized. Pausing for the photographer just before dinner are, from left to right, (back row) Boyd Hedrick, Ed Frevert, Louis Lutt Jr., Irvin Fleer, Jerry Dorcay, Don Lutt, Dale Thomp-

son, Howard Mau, Clarice Vogel, Adolph Korn, Melvin Uecht, Bob Turner, Gene Perry, Ray Larson, Don Brockman and Paul Sievers; (front row) Bob Haberer; Bill Mau, Willard Holdorf, Tom Mau, Bernard Koch, Gus Koll, Alvin Anderson, Merlin Preston and John Mohr Jr. Henry Claus was also a member of the crew but is not in the picture

Friends Hold Plowing Bee

Eighteen tractors and plows literally "plowed" into 90 acres of ground Friday morning immediately north of the house where Pete Haberer and his wife make their home just two and three-fourths miles southeast of Wayne.

perenced using a mechanical artificial kidney on three different occasions.

Knowing Pete was not able to finish up the job of plowing, neighbors brought their wives, food, tractors and plows to the Haberer farm Friday morning and plowed a 90 acre field in three hours.

As the 18 units finished the job and pulled out of the field shortly before noon, Don Brockman had his truck handy, loaded with gas and diesel fuel, and refilled the tractors. After emptying 118 gallons, which filled everyone's tank again, Brockman said the fuel was a contribution of farmers' co-op with his compliments.

"So many have helped," Mrs. Haberer said. Ladies bringing food to help with the dinner Friday noon were Mesdames Tom Mau, Bob Haberer, Bernard Koch, Karl Otte Jr., Paul Otte, Erwin Fleer and Merlin Preston.

Men who helped with small grain and shelling corn are Marlyn Koch, Bernard Koch, Burnell Baker, Tom Mau, Howard Mau, Bob Hergt, Louis Lutt, Erwin Fleer and Bob Turner.

The Haberer's were overwhelmed with the neighborly generosity and hope everyone who helped in any way will know how much their work was appreciated.

ORVILLE LAGE GETS A BID Saturday afternoon on a selection of items at the Myrtle Suhr household goods sale. Assisting him are Willard Wittig and Don Reed. An enjoyable part of any auction is getting a "buy," or making a real "find." Auctions such as this have been a part of the American scene since the nation was founded.

Auction

(Continued from page 1)
\$125. In the audience a youthful hard-working farmer declares that he wouldn't have hauled it home even if it would have been given to him.

Several items are sold quickly and cheaply as the antique dealers are not interested. Then prices commence to spiral ever more, accompanied by looks of wonderment and headshaking as the neighbors whisper, up and up goes the bidding on the ancient picture frames! Who would ever have thought those old frames were worth \$10 and \$15 each!

As the sale begins to near the end a number of folk are already leaving. Many of them, laden with the spinning wheel, homespun bedcover, pitcher and bowl, chairs and what-have-you, pull out and head for home with their new found treasures.

If there is machinery and farming equipment to be sold, then the farmers are in their element. Prices take startling rises and falls as choice equipment is bid on, and the not-so-good is financially rejected.

Afternoon shadows begin to creep across the landscape before the bidding is over. Bidding seems to slow while the auctioneer's pace goes faster. The haggling is more brief and the "sold" comes a bit more rapid-

arrangements for their new possessions to be transported home. Everyone must settle with the clerk and another country auction is over. Left behind are those who wish they would have bid a little more!

If you haven't attended an auction lately and are looking for some interesting entertainment, be sure to attend one this spring. Who knows, you may get the buy of the year!
