

Firms Receive Progress Awards

PROGRESS AWARDS Three additional Wayne business firms were presented Progress Awards last week from the Wayne Chamber of Commerce in recognition of their efforts to make Wayne an even better place to shop, live and work. Ron Otte (top photo) receives the award from Bob Merchant, Chamber president, for having remodeled and opened Pully's Pizza Parlor several weeks ago. Larry DeForge, manager of the Gamble Store, accepts the award from Bob Lund (center photo) for the extensive remodeling just completed by Gamble's. Bob Merchant presents the Progress Award to Dean Pierson (lower photo) who has just finished remodeling his insurance office. The Chamber's award program is to give deserved recognition to businessmen who, by their work, continue to help Wayne progress.

92 Wayne Youths In Summer School

Ninety-two students are enrolled in the reading and mathematics classes being offered by the Wayne public school system this summer. A total of 84 students are signed up for reading, 75 for math. The courses are for students in grades one through six.

Also being offered this summer are courses in driver education and instrumental music. Of the 92 students enrolled in the summer program, 71 are from West Elementary and Middle Schools, seven from Carroll elementary, five from St. Mary's and nine from rural schools.

Wakefield Lessons Begin

Red Cross swimming lessons begin at 12:30 p.m. today (Monday) at the Wakefield swimming pool. Registration for the lessons closed Saturday. Fee for the hour-long instruction in swimming was \$2 for each child.

Classes for Wakefield youngsters will be held on Monday, Wednesday and Friday. Lessons for Allen youth will be held Tuesday, Thursday and Saturday.

Senior life-saving classes will be held for students over 16 years of age who have completed a life-saving course.

Wakefield's pool opens at 1:45 p.m. on weekdays and at 1:30 p.m. on Sundays, according to V. H. H. Hanson.

Ed Service Unit 1 Sets Budget Hearing

Educational Service Unit 1 will hold a public hearing on the proposed budget for the fiscal year beginning July 1 at the Wagon Wheel Steak House in Laurel at 8 p.m. Tuesday, July 1, according to secretary R. G. Mosher.

The educational service unit covers Wayne, Cedar, Dixon, Knox, Dakota and Thurston counties.

Accreditation by the board means that a school meets all of its requirements for that class of school. Some of the requirements include teaching of certain required courses, adequate staff and staff certification, certain length of classes and so on.

Michael Baier Is Wayne Co. NAYI Delegate

Michael E. Baier, son of Mr. and Mrs. Richard Baier of rural Wayne, has been selected as one of 52 Nebraska youths who will serve as delegates to the third National Agricultural Youth Institute (NAYI) to be held August 4-15 at the University of Nebraska. He will represent Wayne County.

Fifty-six delegates have also been selected from 43 other states and are expected to attend.

Area youths selected to attend the Institute include James P. Schroeder, son of Mr. and Mrs. Clayton Schroeder of rural Laurel (Cedar County); Alfred L. Stark, son of Mr. and Mrs. Fred A. Stark of rural Ponca (Dixon); Roy M. Gerkins, son of Mr. and Mrs. Merle Gerkins of rural Randolph (Pierce) and Michael E. Schulz, son of Mr. and Mrs. Delvin Schulz of rural Pilger (Santee).

D. E. Loewenstein, Director of NAYI, said enthusiasm is high among the Nebraska delegates who will host the visiting youths. "We expect an exceptionally good Institute this year," he said.

The Knights of Ak-Sar-Ben have made \$2,500 available for scholarships to Nebraska delegates.

During the Institute, various symposiums on agricultural careers will be held, speakers will discuss the future in agriculture and outside delegates will be weekend guests at the farm homes of Nebraska delegates.

Mary Stolle

\$400 Still There; Reserve Now \$150

Mrs. Minnie Graef of Whiside was not present to accept a \$400 check from the Wayne Chamber of Commerce during the Thursday Cash Night drawing. As a result, this week's prize will remain at \$400 and the reserve pot will climb from \$100 to \$150.

The reserve pot will increase \$50 each time there is no winner in the weekly promotion.

The weekly drawing is held at 8 p.m. each Thursday. The name which is drawn is announced in all the stores taking part in the promotion, and that person must be present in order to collect the prize.

Theatre Students to Work

Shore Acres Summer Stock, comprised of 17 Theatre Workshop students from WSC, will present their first production of the season, "The Odd Couple," a Broadway comedy, Thursday through Saturday, June 26 through 28, at Shore Acres Theatre in Sioux City. Curtain time is 8:15 p.m.

This is the second season for the semi-professional Shore Acres Theatre, which was born last summer through the collaboration of Sioux City Community Theatre and Wayne State College Theatre Department. Possibly the first merger of its kind, this summer theatre is unique also in that the college is in one state and the theatre in another. Wayne State Players, under the direction of Dr. Helen J. Russell, are completely responsible for the productions, while the community theatre provides the physical plant.

Also scheduled for this season are "The Children's Hour," a powerful drama by Lillian Hell-

WSC THEATRE WORKSHOP students take a break while loading a pick-up Monday at the rear of the Fine Arts building in preparation of moving stage equipment to Shore Acres Theatre in Sioux City. Theatre students are: Back row (from left to right) Claudia Thomas, Coon Rapids, Ia.; Linda Knoebel, Omaha; Ken Graffis, Laurel; Cindy Fisher, Red Oak, Ia.; Bob Hillias, Neola, Ia.; Middle row: Gajy Fendrick of Schuyler and Rick Kuebler of Clete; Front row: Ron Wachholz, Columbus; Nancy Wachholtz, Columbus and Linda Garvin of Wayne.

Allen School Board Hires Home Economics Teacher for 1969-70

A native of Battle Creek and a graduate of Wayne State College has been hired to teach home economics at Allen Consolidated School next fall.

The board of education of the Allen school Monday night agreed to hire Mary Stolle to replace Mrs. Jane Jean Kunzman as home economics teacher, according to Superintendent Ed Heckens. Mrs. Kunzman and her husband have moved to Omaha.

Miss Stolle, who graduated from Battle Creek High School in 1963 and from Wayne State with a bachelor of arts in education degree in 1967, has taught one year at Grand Island and one at Bellevue.

Superintendent Heckens reported last week that yet to be filled in the school are the positions of principal and sixth grade teacher.

Sandy Moomaw on Dean's List at York

Sandra Kay Moomaw, daughter of Mr. and Mrs. Russell Moomaw of Wayne, was one of 39 students at York College in York to make the Dean's List.

To be eligible for the honor roll, students must carry a load of 12 or more hours, have no incomplete hours and have no grade below a C. Based on the four point system, students are required to have a minimum of 3.30 average.

Sandy carried 17 hours and attained a grade average of 3.65.

Wallwey: Self-Defense Bill Example of Overreaction

Senator Elmer Wallwey of Emerson said Friday night that the passage of the self-defense bill over Governor Norbert Tiemann's veto was an example of excessive reaction.

Sen. Wallwey, who was attending a meeting of the northeast Nebraska section of the Nebraska League of Municipalities at the Wayne country club Friday evening, said he was impartial to the bill. "I think we are just going to have to wait to see how the courts interpret the bill before we can say it is good or bad," he said.

"The bill is not a good bill as it stands," he said, "but everything depends upon how the courts interpret it. If they take it to

mean that a person must use only reasonable force when protecting himself or another person, then it is going along with the lines of the common law already established in the state."

"But the first time some young boy is killed in a watermelon patch by some angry farmer, the bill will be through."

Senator Wallwey said that the people and the legislators of Nebraska have been worried about the recent Supreme Court rulings which have favored the criminal. Passage of this bill, according to him, is one way of saying that the innocent citizen should also have protection.

The self-defense bill, which

was passed over the Governor's veto, would let a person use "any means necessary" in protecting himself, his family, his property or another person who is in danger of being assaulted, robbed, raped or murdered.

Governor Norbert Tiemann has vowed to have the bill repealed. Senator Wallwey said he voted against the bill which would increase the weight limitations on trucks in Nebraska from 73,280 pounds to 95,000 pounds. "I am against it because I don't think the roads in northeast Nebraska can take the beating that these trucks would give them," he noted. If we had good concrete See SELF-DEFENSE, page 6

Plans Made to Camp

Winside Boy Scout Troop 179 met Monday evening and discussed holding a father and son cook-out and camp-out in the near future at the Richard Miller home. Also discussed were plans for attending scout camp either in Minnesota or at Camp Eagle near Fremont in July.

Troop 179 members gathered old newspapers in Winside Saturday and Monday evening the Scouts distributed Goodwill clothing tags to each home in Winside. The bags will be picked up June 21.

Next meeting of the troop will be July 7.

'Farm Journal' Story Features Native of Pilger

Orville Vogel, a native of Pilger and brother to Claire Vogel, who farms just southeast of Wayne, is featured in the July issue of Farm Journal.

Subject of the cover story is Vogel's successful research in developing high yielding dwarf wheat at Washington State University in Pullman. Mostly by luck, Vogel came across a strain of semi-dwarf wheat while in Yuma, Ariz. The wheat, Norin 10, had been grown in Japan. He harvested the seed and planted it in a greenhouse at WSU. A graduate student hand-crossed the dwarf plants with a white wheat called Brevor.

Those first crosses of Brevor-Norin 10 yielded at the rate of more than 100 bushels an acre in fertile soil. Vogel's theory that you don't need long stems to produce food for the wheat plant was substantiated.

News of Vogel's discovery traveled quickly and scientists in New Mexico used some of his seeds to develop new spring wheats that are now helping Southeast Asia close the food gap, according to the Farm Journal article. See 'FARM JOURNAL,' page 6

Bob Dempster New Dixon Board Member

Bob Dempster was named last week to fill the unexpired term of E. C. Tomason on the Dixon town board.

Dempster was named to the post at a special meeting of the town board last Monday night.

F. C. Tomason, a well known long-time resident of the Dixon area, died earlier this year, shortly after being voted to the post of town board chairman. He had served as chairman of the board for over 30 years. Taking over the job as chairman is John Young.

Young said last week that the reason for the special meeting was to decide upon the tax mill levy for the village because it had to be reported to the county by July 1. The mill levy will remain the same as last year, 25.46, Young said.

Officers Named at Annual Chest Meet

Election of officers was held during the annual business meeting of the Community Chest Thursday noon in the WSC Student Center.

Mrs. Jack March and Darrel Fuelberth are new members elected to the board. Members going off the board are Mrs. Harold Kemble and Clarence Kuhn. Morris Weible was re-elected to the board and will also serve as president.

Other officers elected are Leland Foote, vice president and Jerry Malcolm, secretary. Members making up the Community Chest board are Norris Weible, Darrel Fuelberth, Mrs. Jack March, Leland Foote, Bob Johnson, Dale Gushall, Larry De Forge, Mrs. Cecil Wriedt and Dick Manley.

The group discussed potential plans for the campaign scheduled this fall, according to President Weible.

Area Youths Receive Degrees from NBT

Students from Wakefield, Laurel and Pender were among 51 receiving diplomas Wednesday evening at the NBT College graduation banquet in Sioux City.

Among those receiving degrees were Marlene Peters of Wakefield, Susan Wentworth of Laurel, and Gary Breitharth and David Melderderks, both of Pender.

Scouts Are Awarded

Boy Scout Troop 265 in Carroll held a court of honor in the Methodist Church Tuesday night with a 7 p.m. candlelight ceremony during which seven Tenderfoot badges were awarded. Dave Lair is scoutmaster.

Receiving the Tenderfoot designation were Terry Nelson, Don Nelson, Kirt Loberg, Gordon Bethune, Chip Chapman, Mark Frahm, Tod Hurbert and Rodney Kuhnens. Hurbert and Kuhnens were not present for the ceremony due to being in Camp Cedar Scout Camp near Fremont for the week.

The court included reviewing the 12 Scout laws and the three main points of the Scout oath, God, country and helping others.

Mayor, Councilmen Heading to Lincoln To Discuss 'Center'

Mayor Alfred Koplin and city councilmen Dick Banister and Ed Smith will meet Tuesday in Lincoln with the director of the State Advisory Committee on Aging to discuss plans for the elderly center which will be opened in Wayne later this summer. The committee earlier this

month approved Wayne's request for a grant of \$4,744 to help in opening an elderly center here. The city will now contribute \$1,000 as its share in setting up and operating the center for one year. The second year the center is in operation the state will fund 50 per cent of its cost, the third year it will fund 25 per cent.

Chuck Smith, VISTA worker in Wayne, may also make the trip to Lincoln. Smith and Frank Rinaldo, another VISTA worker, were influential in initiating the idea for the center.
 John Addison, city attorney, said last week that about the only thing yet to do before the center can be opened is completing the lease agreement with the owner of the building on Main St. where the center will be located.

THE SOLAR MONTH OF CANCER, THE CRAB, Part One, (for births between June 22 and July 23). If cultivated, your love will be quite clinging, even to the point that the loved one's freedom of movement might be restricted. Cancer's make fabulous parents and homemakers. Because love and emotions are two important keywords in your life, you must be completely satisfied with your partner if you plan to play it safe. Pater from those born under the signs of Libra and Arles. Here's the day-by-day horoscope for everyone:

June 23, favorable; 24, neutral; 25, neutral; 26, neutral; 27, favorable; 28, chaotic; 29, chaotic; 30, favorable; July 1, favorable; 2, favorable; 3, chaotic; 4, neutral; 5, neutral; 6, chaotic.

This two-week period is checked full of variety. On June 30 the Moon aspects favorably the amorous planet Venus. So do what you wish on this day, but exercise some self-control! July 2 is an ideal day for bratwork. Read a book.

Q. Can the Moon's power really be felt by us?
A. The Moon has a varying degree of power on all of us. For you Cancers out there, the Moon is your most important planet. When the full Moon is out, Cancers feel dejected, abused and, yes, even a little tizzy.

AFS Student Will Soon Say 'Goodby'

By Marlin Wright

"It is very hard for me to leave. It is easy to wish I could cry but man is not allowed to cry here. I am very happy to be here and hope the people have understood me." These were some of the thoughts going through the mind of eighteen-year-old Eghon Guzman Bustamante Monday afternoon as he made preparation to depart from Wayne June 24.

Eghon is the American Field Service exchange student from Santiago, Chile, who arrived in Wayne August 10, 1968 to make his home with the Kent Hall family while attending Wayne High School. With the school year over he plans to leave Wayne June 24 and will go to Sioux City where he will commence a month tour of several states on June 27.

Following the four weeks of traveling around the country on a sight-seeing trip, Eghon will leave New York City by jet July 24. "I will be home around noon July 25," he said.

"It is very hard to say thank you because the people have done so many things for me. It is hard to put one's gratitude into words. The town (Wayne) is small but the heart is big," Eghon remarked. Continuing he pledged, "I have made up my mind to help people to become successful and I promise to Wayne if I become a doctor, I am going to come back not very far in the future to say thank you again."

Recalling his experiences at Wayne High, Bustamante talked about his instructors, "I want to thank all the teachers for helping me. I didn't get the top grade but I had difficulty with the language. I wish I have satisfied them with better grade." Eghon laughed when it was suggested to him that perhaps the teachers should have flunked him in order to keep him here another year, in that he was so well liked.

During the past school term the AFS student participated in wrestling, football, a presentation of "Lil' Abner" and won his way into many friendships with both students and faculty. WIS instructor Don Johnson summed it up stating, "I had Eghon in typing and though he had a little trouble with the language he did real well. He was a real asset to the school with a good sense of humor. I think Eghon has a lot of ability and he seemed to appreciate any help given to

A FAMILY AT WORK. AFS student Eghon Guzman, left, said of the Kent Hall family of which he has been a part since August of 1968, "They have treated me like a son." Steve Hall and his father Kent, right, were making some changes in a greenhouse as Eghon observes how it is done.

The Wayne (Nebr.) Herald, Monday, June 23, 1968

him. I enjoyed having him in class." Upon returning to Chile, Eghon will return to high school and finish his senior year in December. In his homeland he will attend a school with an enrollment of 1,500 boys. Schools in Chile are not co-educational except on the college level. "Oh yes!" was the enthusiastic response from Bustamante when asked if he liked Wayne High where there are both boys and girls in classes. When Eghon graduates in December from his high school in Santiago, he will have graduated from high school twice, each time in a different language and country. "I will have two different diplomas," he pointed out.

With youthful eagerness Eghon wants so much to adequately express his gratitude to everyone, particularly the Kent Hall family. "They treated me like a son. They have treated me so well that I feel privileged. I am very proud of them," he exclaimed. The feeling is mutual as Kent Hall said, "It has been a mem-

orable year, one that will not be soon forgotten. My wife and I would recommend to any family to strongly consider applying for a student in the future. There is so much to be gained from an experience such as this."

Hall also said he believes the American Field Service is a fine organization whose work is accomplishing more than some of the government sponsored foreign aid programs.

"There is so little one can do for his country that I think taking a student and showing him our country and how it works, then sending him back home as a little ambassador, is one way of rendering service to one's country," Hall explained.

"I want to thank people for all the gifts," Bustamante said Monday as he made preparations to leave his Wayne home on June 24. "I am allowed only 50 pounds (baggage) on plane. I think I'll be 120 pounds overweight!"

Though the 18-year-old likes American food he said he will enjoy eating empanadas cooked in his mother's kitchen. He explained that the empanada is a type of meat cake.

Eghon Guzman Bustamante turned very serious as he explained his plans of entering college in 1970 and entering the field of medicine. "In order to become successful one must work very, very hard. My family is very poor and when I was nine years old there were times when my family didn't have enough to eat. I want to be a doctor so I can help people. You can help people as a doctor when they are poor."

Eghon was able to come to America when a friend in Chile contributed one-half of his expenses for transportation and the American Field Service provided the other half. He is very

Architect's conception of the proposed Trinity Lutheran Church-School in Hoskins

Hoskins Church Will Build Complex

The Trinity Evangelical Lutheran Church in Hoskins has announced its plans to erect a new church-school complex estimated to cost near \$90,000, according to the Rev. L. Edward Lindquist, pastor of the congregation.

Ground leveling on the site for the building got underway June 13 on one block west and one block south of the present church building. Keathler Co. architects from Wheat Ridge, Colo., who specialize in church structures, designed the new units to be built on the west edge of Hoskins.

Measuring 84 by 52 feet, the new church building will seat 360 with an overflow area able to accommodate another 150 worshippers.

The new school will be attached to the church structure giving the complex an L shape. Containing two classrooms measuring 31 by 20 feet, an office and a library-instruction room, the school will be used together with the present school building to accommodate the 86 children who will be attending.

The Rev. L. Edward Lindquist, pastor of Trinity Lutheran, said, "We are privileged, by the grace of God, to be able to build a house of God and a new school where God's Word will be preached and taught. Mindful of God's blessings in the past and imploring His blessings for the future, we, with great joy, look forward to the day when we will be able to worship in our new church and bring our children to our new school."

Wolland Menk, Mrs. Oscar Zander and Marcela Zander were the school's teachers last term. Instructor Menk and Miss Zander accepted calls to other congregations this spring. This fall Ronald Schmidt of De Pere, Wis., and Judith Schultz of Kiel, Wis., will join Mrs. Zander on the faculty. Schmidt will serve as principal of the school.

Members of the congregation serving on the building committee are Lyle Marotz, chairman; Ed Kollath, Marvin Grothe, Alvin Wagner, Carl Hinzmann, Ed Gritter, Richard Doffin and E. C. Fenske. Pastor Lindquist and Roland Menke are also on the committee as advisors.

Ground work on the building site was done by the Hartmann Construction Company of Hoskins.

roads across the state it would not be so bad, he noted, but the roads we now have cannot stand it.

Wallwey, representative from Wayne, Dixon and Dakota Counties, said he was also against the bill passed by the Legislature which would require flying the American flag above all public buildings all day until the war in South Viet Nam ends. "First of all, the bill is poorly written," said Senator Wallwey. "The United States has never declared that conflict a war and yet the bill says to fly the flag until that 'war' ends. Also, only the Commander in Chief can give approval to fly the American flag during the evening and he hasn't done so yet," he noted.

Senator Wallwey gave a short talk following the dinner at the country club. Also on the speaking program were Vern Fairchild, Wayne chief of police; Delmar Rasmussen, new executive secretary of the Nebraska League of Municipalities, and Captain E. P. Schroeder, director of safety education and training for the Safety Patrol.

Nearly 50 city officials from northeast Nebraska turned out for the dinner. Towns represented included Wayne, Dixon, Allen, Emerson, Ponce and South Sioux City.

Theatre Students-

fortable, fully air conditioned theatre. Admission is \$2 per person. A book of six tickets may be purchased by writing Dr. Helen Russell, Wayne State College. Special group rates are also available.

Members of the summer stock this season include eight graduate students, seven undergraduates and an apprentice who were selected from applications submitted. They will live in the furnished two-bedroom Martha Apartments about five minutes from the theatre. The students, four to each apartment, will find residence in the apartments comparable to dorm life, with a tight schedule leaving very little free time.

The group will rehearse from

10 a.m. to 1 p.m. every day except Sunday, and from 2 to 5 p.m. every day. They rehearse again from 7 to 11 p.m. except on performance days. Performances are scheduled for 8:15 each Thursday, Friday, Saturday and Sunday.

For each production new crews are assigned for costumes, properties, publicity, box office, stage and painting and KP duty.

Graduate students enrolled are Bob Hilligas, WSC graduate who has taught music in Neola, Iowa, the past three years; Bradford Hickerson, 1964 WSC graduate who has taught five years in Twin Falls, Idaho; Promotion manager James Koldenhoven, director of theatre and English teacher with a masters in English at Dordt College, Sioux Center, Iowa; Linda Garvin, 1969 graduate who was a member of last season's company; Ron Wachholtz, 1969 WSC graduate and Nancy Wolters Wachholtz, 1968 WSC graduate who teaches English in Columbus, both returning for their second season; Rita Mines, Hartington, 1969 WSC graduate; Linda Knoebel, Omaha, who will be a December WSC graduate, also returning for her second season, and Dianne Bashiara, 1964 WSC graduate who taught in Colorado three years and spent last year in Omaha.

Three of the graduate students who are formerly of Wayne are Brad Hickerson, son of Mr. and Mrs. Orval Hickerson; Nancy Wachholtz, daughter of Mr. and Mrs. Arthur C. Wolters; and Linda Garvin, daughter of Mr. and Mrs. Carlisle Garvin, all of Wayne.

Undergraduate members of the troupe are Claudia Thomas, Coon Rapids, Iowa; Cynthia Fisher, Red Oak, Iowa; Elaine Hess and Barbara Forman, Omaha; Richard Kuebler, Crete; Paul Eoff, Central City, and Gary Fendrick, Schuyler.

Jim Zirehling, Sioux City, who was just graduated from high school, has been accepted into the troupe as apprentice. He pays no tuition and receives no credit, but otherwise is a full fledged member of the company.

Students enrolled in Summer Theatre Workshop receive eight hours upper division or graduate credit.

Profits will be divided equally between Wayne State Theatre Department and Sioux City Com-

munity Theatre. Dr. Russell has stated that she hopes, through the profits of this venture, to be able to offer scholarships and grants for future summer workshops. Five such scholarships, totaling \$600 were granted students for this session.

'Farm Journal'-

(Continued from page 1)

By 1961 Vogel had hiked some of the problems in breeding in resistance to various smuts and foot rot and had developed a shortly wheat ready for farmers to grow.

The results were outstanding. Farmers who planted the wheat called Gaines, in honor of a friend he had when going to WSU from Nebraska in 1931 in Washington reaped over 100 bushels per acre consistently. One farmer had a 2.2 acre field that yielded 216 bushels an acre, a record which still stands, according to the article. Vogel's friend, Ed Gaines, hadn't agreed with his student's ideas about being able to develop shortly wheat but he urged him to continue his research.

Vogel, who graduated from Pilger High School in the late 1920's, attended Yankton College and Wayne State Teachers College before enrolling at the University of Nebraska. He received his undergraduate and graduate degree from NU. He also taught one year at Wymot before attending graduate school.

Hazardous Occupation Training

One hundred and twelve boys participated in the Hazardous Occupation Training for tractor drivers which was held at the Norfolk High School on June 7, 9 and 10.

The training was conducted by the extension service. Assisting in giving the training were the following county agents: Henry Kumpst of Pierce County; Milan Moore and Joe Watson of Cumming County; Robert Ehlers of Antelope County; Harold Ingalls of Wayne County; Don Spitze of Thurston County; Joe Bostand of Stanton County; Lyle Vawser of Cedar County and Vocational Agricultural Instructor Norman Ulerly of Randolph.

Roy Stohler, area youth specialist from the Northeast Station at Concord was in charge of the training.

The training fulfills the requirements of the Department of Labor law which requires training for boys 14 to 16 years of age to drive tractors and perform other specified jobs for persons other than their parents.

Tractors for the training were provided by the following Norfolk implement firms:

Chicago Lumber Company, Beckett Implement Co., Petring Farm Supply and Case Implement Co.

Business Notes

Mr. and Mrs. Don Brockman of Wayne were among the 250 people that attended the annual Felco Lakes Conference at Lake Okoboji this week. Cooperative managers and their families from Nebraska, Iowa, Minnesota, Illinois and South Dakota attended the meetings.

One of the highlights of the managers conference was an evaluation of farmers' buying habits showing how cooperative can more effectively serve farmers.

The annual sponsor of the Lakes Conference, Felco, is a regional farm supply cooperative serving local cooperatives in the upper Midwest.

Police Give Firms Protection Ideas

Following a noon luncheon in the Woman's Club rooms Wednesday, Vern Fairchild, Wayne's police chief, used a series of slide pictures in suggesting to 23 Wayne businessmen ways in which they might better protect their business houses from burglars.

In beginning, Fairchild reminded that there are few, if any, burglar-proof buildings in the area, and pointed out various features of downtown business houses which could be changed to make it more difficult for persons trying to break in.

Such things as wooden back doors which, in some cases, could be kicked out, Fairchild noted, could be replaced with metal doors to make entrance into the building more difficult. Large glass windows in the rear of business buildings, drainpipes allowing easy access to the roof, poor lighting in the back of businesses, and in one case a ladder to the roof, were all pointed to by the Wayne Chief as conveniences usable by a person desiring to burglarize the firms.

Fairchild's photos revealed a number of business firms have allowed trash and junk to gather in the vicinity of back entrances

which he points out, "makes it convenient for a burglar to hide" at night when a patrol car approaches.

Several firms in downtown Wayne have made it nearly impossible for the police to "look down the aisles" on the night rounds due to pulled drapes, poor interior lighting if any at all, too much merchandise displayed in the front window, and too many posters on the front windows, according to Fairchild.

The series of photos showed that some firms are well lighted at night both inside and around the backdoor, good strong steel doors and reinforced glass. Wayne's Chamber of Commerce and the police department cooperated in sponsoring the informative program.

'New Look' Planned

A fairly extensive remodeling program is scheduled this summer for the Allen High School.

Superintendent Ed Heckens said last week that the board of education has decided to replace all the old windows in the building with new ones. There are about 99 windows, which will be replaced.

Also planned for this summer is conversion of the school furnace from coal to fuel oil. Other work being done or planned for the school in the next few weeks includes installing new tables in the lunchroom, refinishing floors and painting several areas in the school.

Obituary Corrected

In the June 19 issue of the Wayne Herald it was incorrectly reported in the obituary notice of David Ferrier that he had been preceded in death by one brother.

He was preceded in death by

his mother and two brothers. Survivors include his widow, Norma, Security, Colo.; three sons, IN-3 David Ferrier Jr., Millington, Tenn., YN-2 William B. Ferrier, Norfolk, Va., and Pfc. Larry Ferrier, Ft. Wahington, Wash.; a daughter, Mrs. Larry Ottger, Danville, Ind.; brothers William R. Smith, Pueblo, Colo., and Albert Morfin, Yuma, Colo., and four sisters, Mrs. Mae Pohl, Pueblo; Mrs. Norma Ambrose, Yuma, Colo.; Mrs. Don McCalla, Eckley, Colo., and Mrs. Paul Lewandowski, Mitchell.

Ends European Tour

Bill Dickey, a 1967 graduate of Laurel High School, returned to Westmar College last week after a 23-day European tour with other members of the 57-voice Westmar Choral.

The choral made eight concert appearances in Germany, two in Switzerland and one in Salzburg, Austria.

Strong Wisner Squads Take Two from Midgets, Legion

Wayne's Midgets and Legion took two on the chin Wednesday afternoon when the visiting Wisner squads played their muscles.

The Midgets lost their first game of the season in the opener, 9-2. The Legion dropped the second game, 5-2.

Playing on their own field, Wayne's Midgets held the lead for only a brief time. Catcher Mike Creighton, who drew a game-opening walk, came home in the first inning on Charles Weible's single, the first of Wayne's four hits in the game.

Wisner tied the game at 1-1 in the second, then blasted out four hits off Wayne's Rod Cook and scored five runs in the third inning. The hitting spree included a triple by right fielder Stark

base. Randy Helgren, short stop, had scored earlier in the inning when Wisner committed the first of its two errors.

But Wisner poked out two hits and Wayne committed two errors in the top of the fifth inning, giving Wisner a 4-2 edge. Wisner added one more run in the top of the seventh.

Wayne blew its one big chance to recapture the lead in the bottom of the fifth inning when Butch Meyer, Chuck Fisher and Dave Tietgen connected for singles to load the bases with no outs. Wisner's Meyer eased out of the spot with a pop fly to the short stop and two strike outs.

Losing pitcher Wayne Magdanz went six and one-half innings before being replaced by Randy Helgren. Magdanz gave up four runs on five hits and one walk. He fanned two batters. Helgren allowed two hits, one run, walked one.

Wisner's Meyer fanned seven Wayne hitters, gave up five hits.

GETTING READY. These five women golfers were smoothing the rough edges from their swings last week in preparation for the Women's Open Golf Tournament this Thursday at the Wayne golf course. From left: Mrs. Fred Gilder-Sleeve, Mrs. Jim Heim, Mrs. Bob Dittman, Mrs. Wilmer Griess and Frankie Schmode.

Fuelberth's 37 Low In Wednesday Play

Darrel Fuelberth whipped around the Wayne golf course in 35 strokes in the men's golf league Wednesday. His score was two strokes better than the next lowest rounds, shot by W. Stems-gluz and Fred Gildersleeve.

Turning in rounds of 38 were Charles McDermott and Ken Dahl. Wayne Marsh and George Thorbeck both had rounds of 39.

Leading the first division in the men's golf league at the end of Wednesday's action was the team of Lyle Garvin, Wayne Marsh, Ralph Barclay and Marty Willers. Their 18 1/2 points is one better than the team of Charles McDermott, Kenny Whorlow, Bob Dittman and Swede Fredrickson.

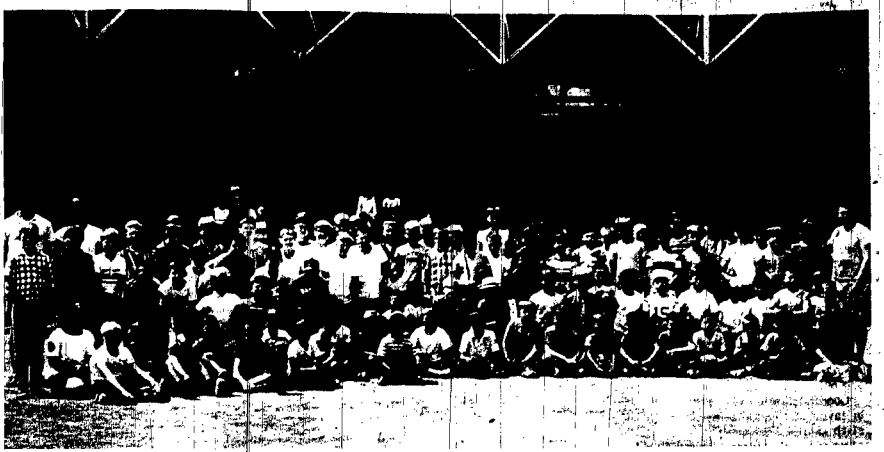

Leading the second division with 18 1/2 points is the team of J. Best, W. Stems-gluz, B. Taylor and R. Zicht. They were two points better than the second-place team of Fred Gildersleeve, John Addison, Mack Aucker and Harlan Parrens.

NEN League Hitters Demolishing Old Marks

Hitters in the Northeast Nebraska League are off to their most exceptional start in the league's history, as 19 players are currently batting over .300 after a minimum number of at bats.

One reason given for the increase is that the league has become the outlet for many of the area's fine college athletes.

This week's leader is Denny Turnure of Whiting who is hitting .643. Turnure, Morningside College's most valuable player this spring, also has the most triples, five, and shares the most hits, nine.

Trailing Turnure are Dan Sears of Decatur and Art Oordt of Whiting at .538. Oordt is the defending batting titlist.

Other leaders are Bob Jacobson of Homer, three doubles; Randy Jacobson of Wakefield,

Lawton Belts Wayne, 8-2, Wednesday Night

Lawton slapped out three straight singles and scored two runs in the bottom of the first inning as they went about ending Wayne's perfect season, 8-2, Wednesday night.

Playing on their home diamond, Lawton's Amlele, Murphy and Chartler connected for singles the first time facing Wayne's Bill Goodwin, a native of the Lawton area. Chartler's brought in one run, another scored when Wayne's right fielder, Karl, made a throwing error on Hersley's single.

Lawton added one more in the second inning and two in the fifth inning off Murphy's home run with one on.

Goodwin, pulled off the mound in favor of Dean Florson in the sixth inning, committed three straight errors at shortstop, loading the bases and setting the stage for three more Lawton runs in the seventh.

After scoring one run in the top of the first inning when Gordie Jorgensen and Bill Goodwin singled, Wayne posed little threat to the hosts until the top of the eighth when the locals loaded the bases with two outs on singles by Morris and Olson and a walk by Lessman. Lawton's Jones, who went the distance for the winners, walked in one run, then got Jorgenson out on an outfield fly.

Wayne garnered six hits in the contest, two less than in the winners. Wayne pitchers gave up five free passes to first while the Wayne batters drew 10. Losing pitcher Goodwin struck out six before being replaced in the sixth; Florson struck out five.

Wayne's record in the Northeast Nebraska League is now

three wins, one defeat. Next action for the squad, following a home game Sunday night with Decatur, is Sunday, June 29, at Homer.

Wayne Shooter Hits 25 Straight Rocks

Albert Anderson of Wayne was one of eight shooters who broke 25 straight blue rocks Wednesday night in the weekly Norfolk Gun Club shooting competition.

Also hitting 25 straight were Alfred Benson and John Averman, both of Pender.

The winner in the meet broke 49 of 50 blue rocks, just edging Mark Lamml of Stanton who broke 48 of 50.

SPORTS

Local Diamond Addicts Take Two from Wisner

Wayne's young baseball squads won two out of three games with Wisner last week.

The "Diddies" (ages 8-10) lost to the Wisner squad Tuesday, 6-5, after holding the lead twice in the game. The locals scored in the first inning when catcher Doug Karel belted out a double to bring in Tom Johanson, short stop.

Wisner went ahead in the third inning when three runs scored. Starting pitcher Maier walked four men when he ran into control problems in the third before being replaced on the mound by short stop Johanson. Johanson gave up one run in that inning when he walked the first man he faced, then allowed two runs in the fourth inning and one in the fifth.

Wayne had tied the game at 5-5 in the top of the fifth inning when Larry Creighton slapped out a double to score Johanson. Doug Karel drew a walk and he and Creighton came home in Klen's big triple. A new man on the mound for Wisner still didn't stop the locals from scoring the tying run, this one off Maier's single.

Wayne was unable to stop Wisner from scoring the winning run in the bottom of the fifth stanza. Wayne cut off one run at home plate, but then a single with two out drove in the needed run and halted the game.

Maier struck out five and held the visitors hitless in his 2 2/3 innings. Reliever Johanson struck out six, gave up three hits. Both pitchers walked six batters. Wayne gained five hits in the contest, two more than the hosts.

In the other two games with Wisner the locals had little trouble. Earl Overin pitched a no-hitter as the Little League rolled by the host squad, 4-0, at Wisner Tuesday. Overin posted nine strikeouts, three of them coming in the final stanza.

Wayne tallied one run in the first inning when Overin belted a double off Wisner's Kane to score Hansen. Two more runs came in the second and the third innings.

The locals compiled seven hits, committed only one error.

Wayne's Pony League exploded for eight runs in the fourth inning as they went about knocking off the visiting Wisner squad Monday.

Wisner went ahead in the second inning when Randy Nelson gave up three of his six hits in the game. Wayne tied the game at 1-1 in the bottom of the second, then added another run in the third. But then Glenn Bilfolt, Tom Kerstine and Ron Janke connected for three straight singles to open the fourth inning. Before they were through in the inning the locals were ahead 10 to 2. They added three more runs in the fifth after Wisner scored one, then held the visitors scoreless in the sixth inning and forcing the game to be called because of the 10-run rule.

Winning pitcher Randy Nelson fanned six, walked four in going the full route for Wayne. Wisner's Holland gave up nine hits, walked four and struck out five.

Legion to Meet Score of 106 Tops

Winners of the ladies blind partners golfing event Thursday were Joy Hein and Shirley Gaden. Their combined total was 106.

Low scorers during the day's action were Jean Christensen with a 40, Tracy Arrett with a 45 and Jby Hein with a 48.

Women's Open Slated Thursday At Country Club

About 100 women golfers are expected to descend upon the Wayne Country Club next Thursday for the semi-annual Women's Open Golf Tournament, sponsored by the women at the country club.

Included in the day's events will be breakfast, punch bowl and luncheon. Tee-off time will be from 7 to 9 in the morning. Women will be competing for a variety of prizes, including medalist honors for both women in and out of town. There will also be flag prizes and bridge prizes.

Mrs. Wilmer Griess and Mrs. Jim Hein are general co-chairmen of the event. In charge of the golf events are Mrs. Bob Ditman, Mrs. Fred Gildersleeve and Mrs. Jack March.

All the women in the Wayne area have been invited by the committee to compete for the golf and bridge prizes and to see the recently completed clubhouse.

Emerson Native New Bishop of Omaha

A native of Emerson was named Wednesday to provide spiritual guidance to more than 180,000 Catholics in 28 counties in northeast Nebraska.

Bishop Daniel Sheehan, currently auxiliary bishop of the Omaha Archdiocese, will be invested to succeed Archbishop Gerald T. Bergan as archbishop of the Roman Catholic Archdiocese. The archdiocese encompasses the northeastern third of the state.

Schultz's 32-32 Sets Record at Wayne Course

Bill Schultz, head football coach at Boemer, set a new course record for 18 holes at the Wayne Country Club Friday afternoon.

A summer school student at Wayne State College, Schultz raced over the course in only 64 strokes, eight under par.

The tallied five birdies, three pars and one bogey on the front nine. The second nine he mastered with four birdies and five pars.

Jim Christensen, club professional, said the score is almost certainly a record for back-to-back rounds. Several golfers have shot 32's, but never twice in a row.

Schultz also holds the course record for a single round, 31. His first round: No. 1-3 (par 4), No. 2-4 (par 5), No. 3-4 (par 3), No. 4-5 (par 4), No. 5-4 (par 4), No. 6-3 (par 4), No. 7-4 (par 4), No. 8-3 (par 3), No. 9-4 (par 5). His second round: No. 1-3, No. 2-5, No. 3-3, No. 4-3, No. 5-3, No. 6-4, No. 7-4, No. 8-3, No. 9-4.

Bob Reeg, on summer vacation from Arizona State, also turned in a low round last week. He played the course in 60.

Some WSC Students Head to Europe; Others Prepare for Author-Traveler

It would be a routine experience for a few, but first-of-a-kind excitement for the rest as the W.S.C. Scandinavian Summer Institute participants left Thursday by jet from Sioux City.

Thirty-two students—all graduates or present students of the four Nebraska state colleges—and three Wayne State faculty members flew first to Chicago, then began what was to be the 11-hour Chicago-London non-stop flight would be routine.

But it would be only the first of numerous new experiences for all of the students as they headed for studies in three different schools—two in Denmark, one in Norway—before capping the seven-week session on a Scandinavian tour.

Accompanying the Institute group, in addition to No. 13strand, are Wayne State President W. A. Brandenburg and Dean of Administration Dale Johansen.

Meanwhile, on campus another Wayne State summer class, the workshop on teaching language arts, was getting ready for a different travel experience—bringing author-traveler Carol Morse Perkins here for a series of lectures Wednesday.

Mrs. Perkins has written several children's books, most of them based on observations as she traveled with husband Merlin Perkins on his safaris to film his TV wildlife series. She is scheduled to speak at 3 p.m. in Ramsey Theater, again following a 7 p.m. dinner at the Student Center.

Workshop Director Lyle Skov also has his children's literature class preparing a look display for 1:30 p.m. Tuesday in Ramsey.

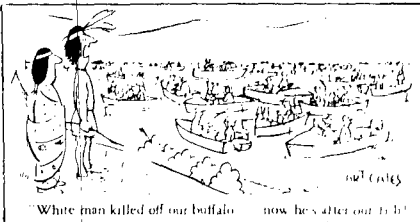

FAREWELL TO EGHON AFS student Egon Guzman stood between his American "parents," Mr. and Mrs. Kent Hall, during special Friday night ceremonies held in his honor at Brasler Hall. Kent Hall expressed his and his family's appreciation of Egon and recommended the AFS exchange program to other families. Following the 6:30 p.m. picnic, with Egon as a special

guest the WHS band presented a concert, directed by Don Schumacher, and the WHS choir, directed by Miss Arlene Cook, sang several selections. Ken Carlson, WHS counselor, was master of ceremonies, calling upon Bob Lund, Chamber of Commerce vice president, who presented Egon with a citation as a lifetime honorary citizen of Wayne.

'Star' Error Corrected
 It was incorrectly stated in the July 6 issue of The Wayne Herald that Marie Herrman and Evelyn Thompson were gold star mothers. Marie Herrman is a gold star sister and Evelyn Thompson is a gold star wife. Gold star mothers present for recognition at the Wayne VFW Auxiliary meeting were Mrs. Charles Steckman and Mrs. Nana Whitmore.

EDITORIAL COMMENT

The editorial department of a weekly newspaper is an important department. Normally it is one person's opinion of topics that concern most of the readers.

You may not agree with an editorial — but if you read the editorial and give serious thought to the subject discussed you have gained. You, as a reader, have given careful thought to an important problem and the writer is proud to have called your attention to an important subject that you may have overlooked.

Another Legislative Blunder

There's a hidden streak of lawlessness in the American people which has been only too evident since the founding of this nation. It makes itself evident in numerous ways — the high murder rate, the numerous gang wars among young people, the repeated instances of the honest citizen cheating on his income tax and even the disdain shown for simple traffic and speed laws.

And that streak of lawlessness is only going to be given freer rein if the Legislature refuses to repeal the self-defense bill passed over Governor Norbert Tiemann's veto.

Governor Tiemann has several criticisms of the bill. The best one is that the bill permits individuals to take the law into their own hands in order to deter other individuals from taking the law into their own hands. In other words, the bill allows each citizen of the state to become

the judge, jury and executioner when being attacked or robbed without fear of being forced to pay for an unreasonable force he may use in repealing his attacker.

Here's what might happen if the bill is not repealed: A person trespasses on another person's land and the owner tells him to get off. If he refuses, he could be shot by the property owner. With this bill, the person who shot the trespasser would not be subject to punishment.

We can only hope this never happens. But if it does ever happen, the onus of guilt must fall on the legislators since they would be forced to think that it might have been possible the incident would never have occurred had not they given the property owner little fear of retribution with the passage of the self-defense bill. — NLLI.

You Can't Legislate Loyalty

With nearly 1,500 bills to act upon, the Legislature can be permitted a few errors in judgment. But they have really gone overboard in passing a bill which would require dusk to dawn display of the American flag until the war in South Viet Nam ends.

The bill was passed last Wednesday. It failed to pass with the emergency clause attached, but when that was deleted it gained just enough votes to receive final reading approval.

What is in the minds of those legislators who voted for this bill is beyond us. We do think it is a poorly conceived bill which should be stopped before it becomes law. A letter to your legislator might help to stop it.

There have been numerous objections to the bill. Not the smallest is the expense which each and every city and town in this state would have to meet in order to install lighting equipment and provide dusk to dawn lighting all year long.

Several people have objected to the bill because it would require enforced demonstrations of loyalty throughout the state. The state in effect is making each city display the American flag as a visual demonstration of its loyalty to the nation.

The Seventh Street Blues

The Seventh Street blues sounds more like a song title than a problem, but Seventh Street in Wayne poses a problem due to Wayne being a growing and progressive city. Problems related to growth, however, can well be afforded.

Zoning is a touchy subject in any expanding city. It is a touchy subject in Wayne with no one seemingly having all the answers. With the blind courage of a side-line quarterback, let's think about our local situation.

There are Wayne residents who do not understand the comprehensive plan. Others understand it only too well having collided headlong with its zoning. Still other Wayneites have owned their homes for years, located off any highway, and are not overly interested in the comprehensive plan as long as everything continues on a status quo with no one upsetting the neighborhood with change.

Is Wayne really serious about growing? Do we really want new business and industry building here? The answer is obviously yes. Is there any possibility that in regards to Seventh Street's use for business that more new traffic related business is being zoned out than in?

What about Seventh Street? When Highway 35 was routed through Wayne from east to west, it would have been naive for anyone to have thought for a moment that the routing of a highway through the near-center of town could be accomplished without necessitating some change. Change, in turn, usually involves some very upset residents.

First of all, is there a place for a "nice quiet residential district" on a busy highway? If you had \$20,000 to build a new home in Wayne, are you about to build it on one of the highways "where the roaring traffic's boom shakes the house in every room"? In fact, if you had \$15,000 to buy an older home along the highway, would you consider such a location even then?

So what is going to happen to Seventh Street? There is not a strong likelihood of anyone building a new home on it, so what will Seventh look like in 20 years providing new businesses are zoned off it? Unless something is done, all that will remain along Seventh Street in 20 or 30 years is a row of old houses. Is this good planning as we head toward the year 2000?

Secondly, the highways are used by a buying public. As you drive into a city after having been on the road for several hours, are you wanting to look at houses, or are you interested in places to eat and sleep?

Growing cities have had to bend to the demands of a mobile public, whether liking it or not, because there is a lot of money that comes into a city via automobile. Whereas that money may stay

in the pocket and whiz right by houses on the highway, there is a good possibility of keeping some of the dollars by luring the buyer into a well kept attractive business on the highway.

Most of us have been to Colorado, Remember Loveland, Fort Collins and Boulder? Maybe you've been to Longmont? These communities learned long ago some of the techniques of getting the traveling public off the road and into their traffic related business places located on the highway. These cities have beautiful homes, lovely trailer parks, modern apartment houses and bustling industries. Each is zoned into its rightful place and as you drive into these towns the "beautiful homes" are away from the highway.

Why is it important for Wayne to plan 30 years in advance? Basically because Wayne is centrally located between Norfolk, Sioux City, Fremont and Yaniton and we are going to grow in proportion to the services rendered to both the area people and the inter-area traveling public.

Traffic on Highway 35 is increasing. Most tourists are strangers and do not like to leave the main highway while in strange territory, particularly at night. Imagine you are tired from driving and suddenly realize you are about seven miles east of Norfolk. As your destination is Sioux City you keep on going, thinking you'll start looking for a place to stop as it is quite late. Hoskins and Winsdale both sit off the highway so you keep on going.

As you enter the west edge of Wayne you note a business on the north, a field containing new vehicles on the south, a new high school, houses, houses and more houses, and the Seventh Street stop sign. Since you've been eating snacks all day you're looking for a steak house convenient to the highway. Not being any, you drive on.

Or perhaps you're driving through Wayne on Highway 35 looking for a grocery store, a drug store, a barber shop, as you know you have done while on vacation. You want to get postcards, aspirin, sunglasses, stamps, or wash out a few clothes at a highway laundromat. You can't do that on Seventh Street in Wayne, at least today.

Bringing the mobile public through Wayne on Seventh Street was brilliant planning only if it can be taken advantage of by rendering the travelers the necessary services and getting them to return again and again.

The big colorful sign north of Wayne states "Wayne on the grow". Wayne is going to grow someplace. The ripe question is "going to grow in what place?" Downtown? Yes! At the edge of town? Yes! Across town? It might be worth some more consideration. — MMW.

Quotable Notables:

We sometimes think we hate flattery, but we only hate the manner in which it is done. — La-Rochefoucauld.

The place to be happy is here; the time to be happy is now; and the way to be happy is to help make others so. — Ingersoll.

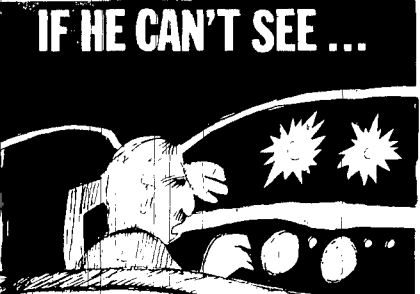

Wayne City Code: Section 18-703: "Every motor vehicle when operated upon the streets of this city shall be equipped with a horn in good working order capable of emitting sound audible under normal conditions from a distance of not less than two hundred feet. It shall be unlawful, except as otherwise provided in this section, for any vehicle to be equipped with or for any person to use upon a vehicle any siren, exhaust, compression, or spark plug whistle

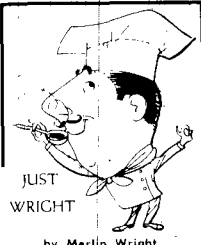

or for any person at any time to use a horn otherwise than as a reasonable warning or to make any unnecessary or unreasonable loud or harsh sound by means of a horn or other device. Police and fire department vehicles and ambulances used for emergency calls shall be equipped with a bell, siren, or exhaust whistle.

Tips from a Pro

YOU MIGHT BE IN TROUBLE

Dancing is older than Christmas and seems to be the thing to do when you're happy. In fact, I visited a certain institution once where they confine "happy" people, and they were teaching them to dance hoping it would help their rehabilitation. You can see why I think all too many "happy" people on the TV are being rehabilitated when dancing...and many of them need it.

Will there be dancing in the street? It's possible, even if there is nothing more than a pay as you "go-go". One thing about this is that everything is exercised except discretion.

Undoubtedly some boss will go home and as he commences reading a bedtime story to his children following the late business hour of 10 p.m. he may likely start out "Once upon a time-and-a-half" as he considers his employee's long hours Tuesday. To each his own and a little madness for everyone!

There is always a little madness during conversations at the morning coffee break. Voices float out of the next booth saying things like "She told me that you told her the secret that I told you!" "Well, another voice injects, "I told her not to tell you I told her!" "O dear, don't tell her I told you that she told me!" says the first voice and the conversation drifts off into the illusion of logic.

Years ago missionaries were sent to Africa in hopes of getting Africans to cease some of their rhythmic gyrations, but of course it backfired and instead they taught us how to do the "Swim", the "Frog" and the "Jerk". Now we wiggle more than they ever did! In fact, dancing is now such that at the 10-minute intermission they haul out the wounded. The non-athletic type just doesn't make it. He becomes a drop out.

And you know what happens to drop outs today. There is a government rehabilitation program for them. Can you dare guess what they do? I can hardly bring myself around the verbal circle to tell you! Dropouts are rehabilitated, sometimes by teaching them the refinement of dancing. "One, two, three, we're as happy as can be..."

A friend of mine told me that one night during a pause in a comatose din a waitress dropped a tray of silverware and four couples got up to dance. From the way they danced my friend said he is sure they were entirely rehabilitated by the time the guitar-pickers started again.

Everyone should possibly have a little of their own madness. It can save, under certain circumstances, a bill at the psychiatrist's office. In fact, if you were to give a full fledged confession as to some of the things you think about, certainly some of the rest of us would be delighted in putting up a few big question marks in the midst of your phraseological sanity. A little madness may help you when you visit with yourself in a mirror.

Then again there may be a dash of "method in your madness" such as will hit "Main in Wayne tomorrow night from 7 to 10 p.m."! Store clerks will be dressed in all kinds of garb, some of which was obviously kept back from the latest scout clothing drive. Whether there will be moonlight, no one can tell, but madness there will be as bargain hunters have their heyday. Businessmen will be performing their holly duties while customers save dollars with every purchase.

I can just see it all happening in our fair city Tuesday night! There will be a woman likely to keep trying on shoes until the clerk has a fit. Some will run from store to store, making like Teddy Roosevelt, yelling "Charge!" Ah, but it is fun to get a bargain, so whatever you do, come to town Tuesday to claim a little of the moonlight madness for yourself.

Local and Personal
Dixon Tribune: Two young girls and a couple of "kidd" dudes from Wayne were in Dixon last Sunday afternoon, and were undoubtedly under the impression that they were "painting the town red." They secured a variety of drinks at the saloon, and leaving their teams down town, proceeded to the school house steps, where they boldly drank the contents of the bottles, afterwards becoming quite hilarious. Evidently their mamma's "didn't know they were out;" but when they find out that they were, we suggest that they take the whole outfit across their knee and use a paddle.

A six hundred yard race between "Rockwood," owned at Dixon, and "Katydid," owned by the Salting Bros. of this city, at the fair grounds on Saturday resulted in favor of the latter. The purse was for \$100, and in addition to this the Dixon sports left a considerable sum here besides as an evidence of their poor judgment of race horses.

Wakefield Republican: The new \$28,000 court house at our neighboring city of Wayne is now in process of construction. It will be an elegant structure and its attractiveness will be enhanced by its commanding situation. We presume it will prove to be the best investment the county ever made. Wayne is a grand county peopled by as prosperous and progressive a body of citizens as there are in the state or the west. All it lacked was a court house commensurate with its dignity and that want will now be speedily supplied.

The heaviest hail storm ever known in that section occurred in the southeast part of this county in Leslie precinct last Friday afternoon, greatly damaging small grain and corn. The corn, however, will come on again, but the wheat on many farms is a total loss, although a great deal of it is insured. It is said that in places the hail was piled up two feet deep.

Miscellaneous
The subsidence of yellow fever in Cuba suggests the possibility that Spain was as short of soap as she was of gunners.

Dreyfus probably feels that he has been sufficiently humiliated without being compelled to wear the uniform of a French officer.
Still a skeptical public will attribute the result more to Jeffries' short arm jabs than to Sullivan's long-distance prayers.
The biggest liar in the world is the one who tells half truth.

Relocate County Seat
Petitions are being circulated at Wausa asking the county board to call a special election to relocate the county seat. The originators of the move are interested in a rural site located in the center of the county about fifteen miles from the railroad. Enough signatures, it is thought, will be secured to the petition to call the election.

Carroll and Winsdale
The manager of the Carroll ball club is looking for a game for the Fourth. Where's the team that wants to be beaten on that day?

During the past week crops have made wonderful progress in the Carroll area and by July 4 will be just as far along as last year at that time. Corn especially has made a wonderful growth and with another week of warm weather will be a good two and one-half feet high.

W. C. Lowry of Winsdale picked up a board in his house-yard east of town Monday and was bitten by a rattlesnake which had been hiding under the board; the wound was between two fingers of his left hand and the arm immediately began to swell. It is now thought that Mr. Lowry is out of danger from the bite but he is still suffering; he killed the snake however.

Fourth of July Concessions
The committee on concessions has fixed the following prices for privileges on the Fourth:
Steam Merry-go-rounds, \$25.00
Cane racks, \$2.50
Sinking machines, \$2.50
Shooting gallery, one gun \$2.50, each additional gun, \$1.50
Tobacco racks, \$5.00
Throwing at Parkey's head, \$3.00
General refreshment stands, \$5.00
Transient fruit peddlers, \$10.00
Small refreshment stands, \$5.00
For prices on concessions not here enumerated, see any member of committee.

It is just possible the Hollywoodites had a real thing when they made, "It's A Mad, Mad, Mad, Mad World". Well, don't occasionally ride on the fender of madness...and have a whole of a time enjoying it.

The family originally numbered ten. Two sons are now married. One couple travels with the family, while the other is presently keeping up the home residence and is employed in Springfield.

Friday both Lund families visited Galyn Lund, Denison, Iowa, and in Omaha. Saturday the Lund families were picnic supper guests in the Vern Carlson home and Sunday they and others had a picnic at Gavin's Point.

Mrs. Emil Miller visited in the Louie and Art Pharmacia homes, Lyons, Saturday.

Mr. and Mrs. Art Chandler, Robert and Ronald, Oxnard, Calif., arrived Saturday to visit in the George Da's home.

Marcel D. Ring, Chicago, was among dinner guests Sunday in the Wallace Ring home.

Nancy Proett, Wayne, and Jane and Jeanne Ring will attend Nebraska Christian Camp in Iowa this week.

Friends and relatives enjoyed cooperative lunch in the Leo Schulz home Tuesday for his birthday.

Brian and Billy Newton are spending the week with their grandmother, Mrs. Louisa Newton, Obert. Annette is with Mr. and Mrs. Darrell Nelson, Newcastle.

A TIRING JOB Most farmers have already begun over their corn crops at least once with the cultivator, according to County Agent Harold Ingalls. Ingalls said Tuesday that some of the farmers in the area are becoming concerned about the effects of the cool temperatures on the corn and would like to see several hot days. The recent rains, Ingalls noted, have given the alfalfa fields already cut a good start on the second growth. Here, Alvin McMillan cultivates a large field of terraced corn on land about two miles north and two east of Winside.

The Service Station

Two brothers, David and Jim Ring, arrived home Tuesday for a visit in the parental, Mr. and Mrs. Austin Ring home, Wakefield. Both men have been on board the USS Neches and returned from Viet Nam April 19. Jim Ring has completed his service with the Navy. David Ring is on a 30-day leave.

Dan Siefken, son of Mr. and Mrs. Arnold Siefken, Altona, recently enlisted with the 185th Tactical Air Command of the Air National Guard stationed at Sioux City. He left June 14 for basic training at Lackland AFB, Texas.

Siefken is a 1969 graduate of Wayne High School.

Fireman Apprentice Andrew M. Stahl, 155, son of Mr. and Mrs. Harlow Stahl of Pilger, is serving aboard the aircraft carrier USS Kitty Hawk off the coast of Viet Nam.

This is the fourth combat de-

ployment for the carrier. Earlier this year it became the first carrier to receive the Presidential Unit Citation during the Viet Nam war.

Upon completion of flight operations the Kitty Hawk will return to the United States for a nine-month yard period.

Army Private Orville W. Eagle, 21, son of Mrs. Lorraine Eastman, Kearney, was assigned May 27 to the 86th Engineer Battalion at Camp Viking, Viet Nam, as a combat engineer.

His wife, Hattie, lives in Fort Thompson, S. D.

Pvt. E2 Terry G. Magdanz has this new address: US 56547931,

Co. F., 12th Bn., 5th AIT Bde. (MP), Ft. Gordon, Ga. 3rd Plt. 38905.

U. S. Air Force Airman First Class Curtis J. Boatman, son of Mr. and Mrs. Gordon E. Boatman, Randolph, is on duty at Korat Royal Thai AFB, Thailand. Airman Boatman, a vehicle operator, is in a unit of the Pacific Air Force. Before his arrival in Thailand, he was assigned to the 118th Transportation Squadron at Myrtle Beach AFB, S. C.

The airman is a graduate of Laurel High School.

Wayne Men Attend Disabled Vets Meet

Chris Bargholz and Walter Chinn were the two Wayne people attending the 23rd annual state convention of the Disabled American Veterans in Columbus Friday through Sunday, June 13-15. Bargholz was elected to serve a three-year term on the budget committee during the election and installation of officers on Sunday. Elected as new commander for the Department of Nebraska was Albert Martin of Valentine. He will serve a one-year term. Speaking to the group during the Saturday banquet was National Senior Vice-Commander Raymond Neal of California.

Sioux City. The 183rd was called to active duty in January, 1968. Johnson returned to the States and Wayne about a month ago. Wilmer Marra introduced the guest speaker and his father to the club. Johnson compared the Vietnamese culture with that of the early American Indian. In that they cook over open fires and go to bed upon the arrival of darkness. Their main diet is made up of fish and rice, Johnson said, and they are without the convenience of refrigeration. He mentioned that if a Viet-

namese father has five or fewer children he can be drafted. The speaker said the Vietnamese are handy with their hands, mostly Buddhist, smart, and where as Americans customarily put their wealth in a bank, the Viet Nam people, when and if they do have money to save, invest it in gold jewelry. Temperatures hit as high as 130 degrees last summer around Phu Cat. Then during the monsoon season, Johnson said it would rain from 50 to 60 inches a month. He related how most homes have dirt floors, with pigs often

times running through the houses. Guests attending Kiwanis Monday were Russell and Bruce Johnson and Joel Jeffrey, son of Adon Jeffrey.

Employment Man Here

13th Annual Fertility Tour Will Include Stops in Wayne Co.

Tentative plans call for stops in Wayne County during the 13th annual Nebraska Soil Fertility Tour which will be held July 3 and 10.

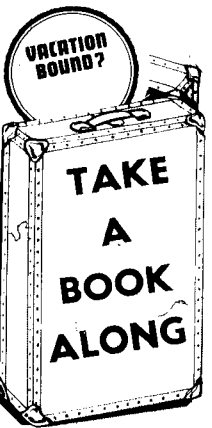

Sponsored by the Nebraska Fertilizer Institute Inc., in cooperation with the University of Nebraska Agricultural Extension

Service, the tour will include stops in Wayne, Holt, Madison, Antelope and Pierce Counties. It will originate and end in Norfolk.

Emphasis during the tour will be placed on minor elements, zinc and sulphur, and general fertility problems of corn, oats, soybeans and alfalfa for dry land and irrigated farming.

Requests for travel arrangements and bus reservations should be made directly to the Nebraska Fertilizer Institute, 522 Terminal Building, Lincoln.

A tour itinerary and details will be available later. Anybody interested in the research work being done in northeast Nebraska is invited to attend the tour.
