EDITORIAL COMMENT

The editorial department of a weekly newspaper is an important department. Normally it is one person's opinion of topics that concern most of the readers.

A Tug on the Steering Wheel

There are powers other than hands which may grip the steering wheel of your car - like emotions. That some people never should drive a car is obvious.

Maybe you have experienced the effect that deep depression or being "mad" has on your own driving behavior? Perhaps you and your sweetiepie finished a grand argument just prior to your slamming the car door and zooming down the street?

How about chronic bad drivers - those whose records of violations over the years would suggest an emotional or attitudinal inability to drive? Many law enforcement officers wish they had the power to get such individuals off the road permanently.

Hundreds of licenses in the U. S. are taken from elderly persons each year, often at the request of their children. One wonders if an older person who may get confused in traffic is really a much worse hazard than a young person whose emotional makeup impels him to drive so that he gets arrested 10 or 20 or more times - especially since the Safety Patrol estimates up to 100 violations occur for every arrest.

You may not agree with an editorial - but if you read the editorial and give serious thought to the subject discussed you have gained. You, as a reader, have given careful thought to an important problem and the writer is proud to have called your attention to an important subject that you may have overlooked.

More than one chronic violator will continue to drive even though his license has been suspended, figuring that the chance of getting caught is not great, and perhaps knowing that some courts will let him pay a fine for some minor offense rather than convict him of driving under suspension, which carries a mandatory jail term.

The Nebraska Legislature might well come up with a law that would permit the State Motor Vehicle Department to take drivers with long records into court for a determination of their fitness to drive.

There are laws that make it mandatory for a driver to be of a certain age. One must be able to see well enough to pass the eye exam before being issued a license. Certainly those who are mentally ill cannot be given a license to be on public roads.

The driver letting emotion tug on the steering wheel may be spotted almost every day. Tires squeal in stopping or starting, speed limits are exceeded and he may pass other vehicles with an apparent attitude of complete disregard for their's or his own safety.

A Cry for Justice

If a law enforcement officer observes you violating the law in Wayne, you will surely be issued a ticket and fined in the Wayne County Court. Law officers are hired to perform such duties in order to protect the rights of others.

The new Chief Justice of the United States, Warren C. Burger, recently told the lawyers of the United States, during a visit in Texas, that the American people were "hearing the end of their patience with the American machinery of justice."

Chief Justice Burger is undoubtedly right in saying there is impatience among the people with present legal procedures. Several cases would appear to prove his point.

It has been nearly 10 years since Adam Clayton Powell was first in contempt of court which arose out of a case against him by Esther James. She went to court when Congressman Powell allegedly called her a "bag woman" on a television show.

hearings, attempts to disqualify the judge, and finally the conviction was set aside on a technicality that the judge should not have permitted a law officer's testimony which indicated Ruby had "premeditated" the killing.

Then, there is the Dr. Sam Sheppard case in Cleveland about which there has been confusion since 1954. He was finally acquitted in a new trial. This was after spending a number of years in jail.

Each case is different, naturally, and there have been other cases during the past decade which have caused the general public to be suspicious that the technicalities of the law are perhaps being used to evade justice rather than bringing it about. Some also feel that maybe the rich are judged by one law when they can afford clever lawyers; and another law for those who have little money or influence.

Now, the latest case being that of determining exactly what happened in the death of Mary Jo Kocoune, who was a passenger in the auto driven by Senator Edward Kennedy when the vehicle plunged over a bridge on Chappaquiddick Island.

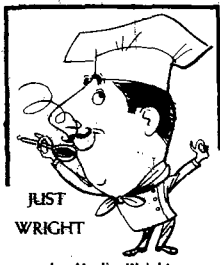

Let's hope Chief Justice Burger will have some answers for us soon as to the problem of public irritation with the "machinery of justice."

In Wayne County when a law enforcement officer issues a ticket for speeding, improper parking, or violating other laws, the rich and poor are treated the same. Justice has always been a very dear prize out here in the west. - MMW.

JUST WRIGHT by Merlin Wright

Some of us may still complain that the \$24 billion spent since 1961 to put man on the moon could have been put to better use here on earth.

American taxpayers paid \$125 billion as interest on the national debt during the past eight years - a figure truly out of this world.

Next time you think about the \$24 billion spent to go to the moon, remember the \$125 billion we spent in interest during the same period on a debt.

It remains a bit difficult to grasp the idea that humans have actually walked on the moon and that rocks were brought back for scientific analysis.

exactly what the moon-trib meant to all dwelling on earth will likely not be known for many years. Then looking back upon the historical accomplishment, perhaps a better perspective will be gained.

Primitive people, including the American Indians, measured time by the moon. To them a certain happening occurred a number of "moons" ago. Our word "month" comes from "mona" which is the Anglo-Saxon word for moon.

Actually, the moon circles Earth once every 27 1/3 days, or about 13 times a year. Although it always has the same side facing us, an observer anywhere else outside the moon's orbit could see it turn slowly on its axis once each month.

Our moon's average distance from the earth is about 237,000 miles which is only a step into space. At its most distant point in the sky, the moon is 252,710 miles away.

Our moon satellite is estimated to weigh about 81 quintillion tons. Earth, weighs, according to scientists, about 82 times as much.

Clavius is the moon's largest known crater measuring 146

miles across with mountain walls on its rim reaching 20,000 feet high. These are not the moon's highest mountains, however, for there are mountains reaching up to 26,000 feet or higher near the moon's south pole in the Leibnitz and Doerfel ranges.

How big is the moon? If one were to set the moon down on the western part of the U. S., it would extend almost from San Francisco to Cleveland, and tower about 2,160 miles high. This seems to be a great height until one realizes that our astronauts, after blasting out of an orbital trajectory around the earth to head for the moon, would reach such an altitude in approximately eight minutes!

There is no "weather" on the moon due to there being no atmosphere. If you were on the surface of the moon and observed the "sky" above you there would be only blackness and night and the glare of the sun by day.

Our moon satellite is estimated to weigh about 81 quintillion tons. Earth, weighs, according to scientists, about 82 times as much.

Earthlings cannot really brag about their one moon. Mars has two such satellites, Uranus has five moons, Saturn has nine and Jupiter has 12 moons.

Coming back down to earth, J. W. visited in a Sioux City hospital Wednesday evening and during the trip over found that Highway 35, between Wakefield and the Emerson junction, is a good substitute for a vibrating lounge chair.

Auto needed its front wheels aligned and I'm not positive, but after hitting one severe jolt, which nearly threw the front left wheel through the fender, it seems now that maybe both wheels are headed in the same direction again.

Moul Speaks Thursday To 35 at AAUW Dinner

"What is the United States seeking to accomplish," asked Francis Moul at the conclusion of his speech Thursday evening to 35 Wayne AAUW members and their guests at a dinner meeting in the WSC Birch Room.

Moul, an instructor in political sciences at Wayne State College, summarized in his talk Morgenthau's theories as described in "A New Foreign Policy for the United States," and explained Morgenthau's belief that our 1947 policy under Truman has not been updated to meet 1969 needs.

Moul went on to explain how Morgenthau feels we must make Europe take over more commitments in the fight against communism, and that we should not, except as a last resort, use nuclear weapons in our relations with foreign powers.

The dinner, AAUW's first fall meeting, was held in an attempt to interest women in the American Association of University Women's organization, which strives to keep its members actively involved in current events.

SUN SIGN DELINEATION FOR LIBRA, Vol. 1, No. 11. (For those persons born between Sept. 23 and Oct. 22 of any year. Newspaper astrology is not legitimate astrology). Libras are the type of people that continually sport kind words and suspend broad smiles, but the minute you turn your back they haul off and hit you one. Let's face it, that's the way they can be. Butterflies one minute, regular hornets the next - providing their self-control is zero.

EVERYBODY'S TWO-WEEK FORECAST (For Sept. 14-23)
ARIES (Mar. 21-April 19) Sept. 14-27: You're no longer "hot under the collar." A great time. Sept. 28: Collar grime returns. Stop resisting change.
TAURUS (April 20-May 20) Sept. 14-19: For once you're at peace with yourself, but your friends certainly aren't at peace with any part of you. 20-28: Gossip reigns high.

GEMINI (May 21-June 21) Sept. 14-19: Better able to reason your way out. 20-28: Yours is a thinly sliced narrow mind, but it'll heal.
CANCER (June 22-July 22) Sept. 1-28: That New Moon on Sept. 11 still caused occasional flare-ups.
LEO (July 23-Aug. 23) Sept. 1-25: Period of transition whose outcome remains solely up to you. Sept. 26-28: Ouch! Now you're a poor excuse.

VIRGO (Aug. 23-Sept. 22) Sept. 14-28: It took a little work, but we've certainly got you refined. Now if you can only lay off the idle talk.
LIBRA (Sept. 23-Oct. 22) Sept. 14-23: Lion-hearted in some ways. 24-28: Just for a moment or two you'll go queer on us. Don't worry, you'll snap out of it.
SCORPIO (Oct. 23-Nov. 21) Sept. 14-27: Make friends, influence people. Sept. 28: Tendency to fly off the handle, so tighten gasket and smile.

SAGITTARIUS (Nov. 22-Dec. 21) Sept. 14-28: As usual, your brains will be occupied with your pastimes of art, literature, antiques and such refinement.
GAPRICORN (Dec. 22-Jan. 19) Sept. 14-23: Take precautions to prevent any immoral acts that you might pull off. 24-28: Everything back to normal.
AQUARIUS (Jan. 20-Feb. 18) Sept. 14-19: Good time to study astrology! 20-28: Go into isolation now.

PISCES (Feb. 19-Mar. 20) Sept. 14-22: The week gets off to a great start. 23-28: Selfish, unloving, etc.

The Labor Department reports that physical or mental impairments limit the work activity of 16 million Americans 17 years of age and over.

To help these people to become productively employed, the Federal-State employment system engages in specialized job development for the handicapped, suggesting that employers modify hiring requirements or adapt the working environment to the capabilities of these individuals.

This Is Roy Korth

Roy is employed as a member of the yard crew at Carhart's. His main duty is to load and drive trucks on deliveries, but he assists with a variety of duties. Roy began his employment at Carhart's just this month, but comes prepared with 3 years of lumberyard experience.

A graduate of Wayne High, Roy is now married. He and his wife Elaine moved to Wayne this summer from Crete, Nebr. They have just purchased their own home at 612 Oak Drive. Elaine is a graduate of Wayne State College and presently teaches math at Wakefield High School.

In his spare time, Roy enjoys hunting and fishing.

Blue Devils Score 34-0 Win in Opener

By Jack Manske

The Wayne High Blue Devils started the 1969 football season where they left off last year by over powering Madison 34-0 on the Dragons' home field Friday night.

Coch Allen Hansen's gridders demonstrating unusual poise and aggressiveness in their premiere showing, controlled all aspects of the game while scoring the uncontested victory.

Total offense was the decisive factor in the annual clash as Wayne amassed 329 yards compared to Madison's 58. Not included in Wayne's official ground attack was a 52-yard punt return by Randy Helgren which gave the Blue Devils their final touchdown of the evening.

Neither team was able to initiate a sustained drive throughout most of the hard-hitting first quarter until Wayne assumed control of the ball on Madison's 45 following a Dragon punt. Twelve running plays later the Blue Devils were on the four yard line, third and goal to go, when time ran out.

Wayne was quick to score in the second period as Quarterback Helgren hit Doug Maurer with a touchdown pass on the first play from scrimmage. Helgren added the two point conversion (a new rule in Nebraska high school football) on a keeper around the right end.

Another Blue Devil score was set up three plays following the kickoff when Charles Weible recovered a loose ball on Madison's 22. Randy Robins carried the ball five yards on the first down and then scrambled 17 yards around the right end for a TD on the second down. Helgren again added the two point conversion, making the score 16-0.

The Blue Devil defense set up Wayne's third scoring drive with four minutes remaining in the half as it held Madison on a fourth down and one situation on the Dragons' own 13 yard line. Two plays later Helgren crossed the goal line on a one yard keeper.

A pass from Helgren to Maurer fell incomplete but the half ended with Wayne enjoying a comfortable 22-0 advantage.

Although both teams had trouble moving the ball throughout most of the third stanza, Mike Biltott showed some fine open field running with 6:40 left in the quarter when he took a handoff from Helgren and scampered 75 yards to Madison's 15 for the longest run of the game.

The Blue Devils lost the ball on downs but controlled the action again four plays later when Robins returned a punt 21 yards to the Dragons' 16. Robins also capped the scoring drive three plays later with a nine-yard plunge. The extra point attempt failed but Wayne's lead increased to 28-0.

Nearly seven minutes expired in the final quarter before Helgren capped the evening's performance with a 52-yard punt return after the Blue Devil defense forced Madison into a fourth down and 19 predicament. The conversion attempt failed but Wayne's lead remained intact for the last 5:24 of the game.

Mike Biltott was the Blue Devils' leading ground gainer with seven carries for 116 yards. He was followed by Lonnie Biltott (4-45), Randy Robins (8-35), Randy Helgren (7-31) and Dan Sutherland (9-28).

Leading Wayne's well-balanced defense were Tietgen (six tackles and one assist), Steve Kamish (5-3), Rod Cook (4-0) and Vaughn Korth (4-0).

AN INCOMPLETE PASS from Randy Helgren to Doug Maurer (in dark uniform at right of picture) halted Wayne's conversion attempt with 3:17 remaining in the first half of Friday night's game at Madison. Jim Kenny (32) is shown observing the play that left the Blue Devils with a comfortable 22-0 advantage.

The Blue Devils will see action on the road again next Friday night as they travel to Wisner. The first home game is scheduled against Neligh Sept. 26.

Opening Play Sets Stage for Laurel Victory

On the first offensive play of the game quarterback Steve Erwin rifled a pass to his cousin, Rod Dirks, which covered 55 yards for a touchdown for the Laurel Bears, starting a rampage that ended with the Bloomfield Bees bowing to the Laurel squad, 36-0, Friday night.

The game, season opener for both Western Division Husker Conference squads, was dominated throughout by the strong ground game of Laurel. The Bears put together ground plays which netted them an awesome 379 yards. Bloomfield managed to gain only 40 yards on the ground.

Spearheading the Laurel ground attack were junior Jerry Sarha and senior Ross Dirks. Sarha ate up 128 yards in 10 carries for close to a 13-yard average. Dirks added 100 yards to the Laurel stat sheet in eight carries, 12.5 yards a carry. Another senior, Jim Schroeder, came up with 96 yards in 14 carries.

Although strong on the ground, Laurel did little right in the passing department following that opening play. Quarterback Erwin managed to complete only five passes for 78 yards during the night's competition. Bloomfield came up with 50 yards off five pass receptions.

Steve Erwin put Laurel 14 points ahead in the first quarter when he bulled over the goal line on a three yard run. He had run the two-point conversion after passing for the first score.

Ross Dirks and Jerry Sarha teamed up in the second quarter to give Laurel a 22-0 lead going into intermission when Dirks took the ball into the end zone on a 22-yard run and Sarha added two points on the conversion.

After being stymied in the third quarter, Laurel came up with two more touchdowns and one two-point conversion in the final stanza. Jim Schroeder ran seven yards for the first score. Then Jerry Sarha scampered 70 yards for a touchdown on the last play of the game. Steve Erwin took the ball into the end zone for the extra two points.

Steve Smith dogged the Bloomfield runners all night as he sparked the Laurel defense to a respectable showing. He came up with nine tackles and three assists. Paul McCoy had four tackles and nine assists, Rod Spath had four and six, and Jim Schroeder had four and five.

Laurel will attempt to begin another long winning streak when they travel to Neligh Friday night for their second divisional Husker Conference game.

Allen Team Explodes Early In 20-6 Win Over Wynot

A 55-yard touchdown pass on Allen's first play of the game pleased the Allen fans as the Eagles went on to defeat Wynot, 20-6, Friday night. The season opener for both teams was played on the Allen field.

The Eagles kicked off in the game and then forced the Wynot squad to punt after the first series of plays. It was then that quarterback Gary Troth hit Bobby Mitchell for the 55-yard touchdown pass. Wynot's defense held tight to stop the extra point.

After Allen's kickoff, Wynot was again forced to punt, sending Allen back to their own 10-yard line. Wynot's defense held Allen and forced the Eagles into a punting situation.

Allen took the ball back again when a deflected pass landed in the hands of tackle Jerry Warner. Allen moved the ball well for a series of plays, gaining a first down, but at the close of the first quarter were forced to kick.

On the second play from scrimmage in the second quarter, Wynot's Darrell Wieseler carried the ball 32 yards to Wynot's lone touchdown of the evening. The extra point attempt failed.

After the kickoff Allen was hampered by two off side penalties in a row and lost the ball when Wynot's Stan Ketter picked off a pass on the 50-yard line. Wynot failed to move the ball and was forced to punt.

Halfback Bob Smith picked up the ball on the 20 and ran it to the 44-yard line of Wynot. This began an 80-yard touchdown march for the Eagles which included four first downs. The TD was scored by Bob Smith with 45 seconds left in the first half. Smith's attempt for a two-point conversion failed.

The third quarter was a defensive battle for both teams. Wynot opened by kicking off and Loren Reuter ran it back 18 yards before Wynot's defense held Allen and forced them to punt. Both teams ran about three series of plays each before the quarter ended.

The fourth stanza opened with the Wynot punter kicking in fourth down. Allen moved the ball down to the Wynot 15 and Loren Reuter scored on a reverse which covered 23 yards. John Warner ran the extra point play, putting Allen ahead 20-6.

The team's punters got their exercise in the final stanza with each team punting two more times. Allen's final attempt for a score ended on the seven-yard line when the final gun sounded.

was last year. Fremont will be the site of the zone contest, slated for Oct. 18.

Boys eight, nine and 10 will use a junior-size football for the competition. Boys 11, 12 and 13 will compete with a regulation-size football.

Tennis shoes are recommended for all youngsters taking part in the competition. No special footwear such as football shoes and boots can be worn in any level of competition, and barefoot kicking or punting is not allowed.

One winner in each age group from each zone will be invited to go on to district competition, scheduled for Oct. 25. District age-group winners will then progress to area competition, set for Nov. 2, 9, 16 and 23, which will be held in 16 National Football League cities. Area champions will compete in division contests to determine the 12 age group champs who will represent the Eastern and Western NFL divisions in the national finals. The national level of competition will be held at the NFL Play-off game Jan. 3 in Miami. Six national winners will emerge in that contest.

Sunday, Sept. 21, the Gray and White teams in the younger league play at 2:30 and the Gray and the White team in the older league play at 3:45 p.m. All games are played on the city ball diamond.

Winside Wins Season Opener Friday; Blanks Emerson-Hubbard Team, 18-0

Phil Witt, a 5-10 senior weighing about 179 pounds, scampered six yards around his left end for one touchdown, then broke two tackles to barrel his way 13 yards for another score as the Winside Wildcats blanked visiting Emerson-Hubbard, 18-0, Friday night.

The victory couldn't have proved much more satisfying for first-year coach Doug Barry, 8' Wayne State grad, as the Wildcat defense almost completely stymied the visitors, allowing them only seven first downs to their own 10.

Not surprisingly, Winside's Phil Witt led the rushing attack for the hosts as he picked up a total of 71 yards in 14 carries. Six of those yards came in the second quarter when he took the ball from quarterback Gary Soden and went into the end zone, capping a drive which went 33 yards in only four plays. He picked up another 13 yards early in the third quarter when he raced across the goal to give Winside a 12-0 advantage.

Dave Witt added six more points to the Winside score early in the fourth quarter when he

picked off a pass by Duane Kubik on the 24-yard line and turned it into a score. The interception came on the first Emerson-Hubbard play from scrimmage after Winside punted when unable to move the ball.

Junior Dave Langenberg and sophomore Jerry Wacker, who teamed to tally 21 tackles themselves, figured in on several important defensive plays in the game. In the first quarter the Pirates moved to Winside's 10-yard line before Langenberg downed the quarterback six yards behind the line of scrimmage. Winside took over on their own 20 after the field goal attempt failed.

In the fourth stanza Wacker was the first man to get to the quarterback to throw him for an 11-yard loss back on his own 34. Emerson had moved the ball over the midline—the first time they were able to pass that mark on their own—before they were penalized and then tackled for a loss. Emerson passed the center line shortly after being thrown for the loss on a fake punt play.

Emerson charged to the Winside's 25 on two pass plays

after recovering a Winside fumble on the 50, but another interception—again by Dave Witt—halted any threat to put the Pirates on the scoreboard.

Winside gained 169 yards in the contest—105 on the ground, 64 in the air—while Emerson-Hubbard tallied 141 yards—64 on the ground, 77 in the air.

Ken Moody led the losers in the rushing department, picking up 22 yards in 12 carries.

Winside meets another Lewis and Clark Conference team Friday night when the Wildcats travel to Allen. Allen rolled by Wynot, 20-6, in their season opener Friday night.

Tests Planned For WHS Pupils

Freshmen at Wayne High School will be given the Iowa Test of Educational Development, an achievement test, and the Primary Mental Abilities, an intelligence test, Tuesday and Wednesday, according to Ken Carlson, guidance counselor. Carlson said freshmen will report to the city auditorium by 8:50 a.m. Tuesday to begin testing. The students will be at the auditorium until 4 p.m. with approximately a 45-minute break for lunch at noon. The counselor noted that on Wednesday, freshmen will report to the auditorium at 8:50 a.m. to complete testing. Students will be dismissed shortly after noon and will be expected to be at the high school for fifth period classes at 1:10 p.m. All junior students will meet Thursday in the city auditorium at 8:50 a.m., Carlson said, for testing with the Kuder Vocational Interest Inventory. He noted that this is not a test in the usual sense of the word, but rather an assessment of vocational interests which is designed to aid students in planning for the future.

ties, a two-mill levy would have brought in more funds than had been budgeted. Members of the board reduced the levy to 1.65 mills to coincide with the budget. The reduced mill levy will mean a reduction in taxes assessed for support of the college in Wayne County as the evaluation remained unchanged in the county.

Winside Youths May Now Apply For NROTC Test

Applications for the Navy's twenty-fourth annual regular NROTC qualification test are now available according to Mrs. Brum, guidance counselor at Winside High School. The nationwide examination will be given Dec. 13 and all eligible male high school seniors and graduates may apply. A successful candidate receives financial aid for four years of college. This includes tuition and educational fees, books, uniforms and \$50 per month subsistence allowance. After successfully completing baccalaureate degree requirements and naval training, graduates are commissioned as officers in the U. S. Navy or Marine Corps. Registration for the test will close Nov. 14, according to Mrs. Brum. The 1970 NROTC bulletins containing eligibility requirements and qualifying test applications are available from her office in the Winside school or the U. S. Navy Recruiting Station at Norfolk.

AFS Officers Are Named

The American Field Service Chapter in Wayne has announced its officers for the 1969-70 term, according to Ken Carlson, guidance counselor at Wayne High School. Members and their offices are: Robert Porter, president; Al Philips, treasurer; Mrs. Miriam Witt, secretary; Kent and Lois Hill, family liaison; Rachel Wolke, project director; Dr. and Mrs. Walter Peterson as host family; Dorothy Brandstetter, publicity; Mrs. Max Lundstrom, speaking date recorder; Kendall Carlson, AFS school liaison officer, and Francis Haun and Fred Rickers, school administration. Affiliated with the American Field Service International is the Americans Abroad program by which American youths may study in foreign countries. Americans Abroad Committee members in Wayne are: Mrs. Leroy Simpson, chairman; Mrs. Gay Thorbeck, Mrs. Jean Bentback, Robert Boeckenhauer, the Rev. C. Paul Russell and Kendall Carlson. The AA committee is planning, in cooperation with Wayne High School, an all high school assembly during early October for the purpose of introducing the Americans Abroad program to all students. Students interested in the program will be required to fill out application forms during the first part of October to be considered for placement abroad during the summer of 1970, or for the 1970-71 school year. Kendall Carlson emphasized last week that the committee is in need of financial help in its attempt to accomplish its goal of international understanding. He also noted that persons desiring to learn more about the Americans Abroad work may contact any of the members listed. As it orbits the earth, the moon spirals outward at a rate of about one foot every 30 years.

Business Notes

Lee Wittler, 42, a former Winside resident and the son of Mr. and Mrs. Fred Wittler, Winside, has been elected president of the First Cheyenne Corporation which has holdings in Wyoming, Colorado and New Mexico. He succeeds A. H. Trautwein, also former Winside resident. Trautwein served as president of the corporation since helping form it in 1965. He will continue with the corporation as chairman of the board. Wittler and his wife have two daughters. The family lives at 213 West Fifth Ave., Cheyenne, Wyo.

Gator '11' Blanks Wakefield, 26-0, In Friday Game

Wisner-Pilger exploded for two touchdowns in just over six minutes in the fourth quarter to tie their game with Wakefield Friday night. Wisner won the contest, 26-0, on the Wakefield field.

Quarterback John Rabe connected to Allan Meier with 8:35 left in the game for the first of two late-game touchdowns. The pass covered 20 yards and gave Wisner an 18-0 lead. The drive, which also included an earlier pass from Rabe to Meier, had started back on the Wisner-Pilger 40-yard line.

After halting a Wakefield drive which carried the Trojans to the Gators' 40, Wisner-Pilger began a series of plays which were capped by a two-yard run by quarterback Rabe for the final score of the game. The drive included passes from Rabe of 15, 18 and 17 yards. Warren Stork ran the ball into the end zone for the extra two points, extending the Gator winning margin to 20 points.

The visiting squad had scored two touchdowns earlier in the game. The initial one came in the middle of the first quarter when Rabe galloped 41 yards into the end zone. Rabe figured in on the next score also when he passed 27 yards to put Wisner-Pilger ahead 12 to 0.

The visitors tallied 11 first downs in the contest compared to Wakefield's nine. Both teams came up with one first down each by passing. Wisner-Pilger completed five of seven passes, Wakefield three of nine. Leading rushers for Wakefield were Rich Kline, Kip Bressler and Leland Miner. Wisner's Rabe and Warren Stork led their team in rushing.

Co. Auction -

(Continued from page 1) Meyer, Denise Roberts and Connie Baker. Only the champion and the reserve champion heifers earned purple ribbons from the judge, Joe Watson, Cuming County agricultural agent.

Lou Ann Dunklau, daughter of Mr. and Mrs. Alden Dunklau, Wayne showed her pen of five to the top purple ribbon in the Thursday show. Wayne Grain and Feed purchased them for \$31.75 cwt. Packer's bid on the group had been \$28.50. Miss Dunklau was the only exhibitor to earn a purple ribbon in the pen of five competition.

Over 50 young 4-H members took part in the steer and heifer show and sale. Another 19 youngsters showed animals in the pen of five portion of the show and sale.

The difference between the packer bid and the sale price is profit for the youngster. A person or firm buying an animal can either keep it or turn it back to the packer and pay the difference in bid.

Although meat prices have climbed considerably in the past year, young Stevers' animal did not top the selling price of last year's top animal in the sale. One year ago Judy Herman of Laurel sold her animal for \$39.50 cwt. Top steer in 1967, exhibited by Jean Meyer of Wayne, sold for \$37.75, and top steer in 1966 sold for \$37. That animal was owned by John Claus of Wayne. Following is a complete listing of the results of the sale:

Department of Labor Man Coming to Wayne

A representative of the Norfolk Department of Labor will be in Wayne one more time during September, on the 24th. He will be in the Wayne Chamber of Commerce office at 9:30 a.m. that day for consultation with anyone having difficulty obtaining a job. There were 460 job seekers registered at the Norfolk office during the month of August. Jobs filled by that office in August numbered 338, 66 of these on farms and ranches.

The Labor Department reports that many companies which once shied away from hiring the disadvantaged have found that these workers, after special training, often are more productive than workers trained in the conventional manner.

the public notices in this paper were printed in a special disappearing ink which was visible only from 5:00 p.m. till 5:01 p.m., they would certainly not be very effective tools - nor would they reach many potential readers - nor make a lasting impression - nor have the readership they must have.

Your dollar must be used to its fullest advantage - IN PRINT . . . and in a NEWSpaper where readers take a second and a third look at the visitor which they invite into their homes.

Rodney Reeg, son of Mr. and Mrs. Alvin Reeg, Wayne, has this new address: Sp/4 Rodney Reeg, E 508-60-5235, 497th Engr. Co. (PC), APO San Francisco, Calif. 96312.

Airman Emery W. Field, son of Mr. and Mrs. Harold W. Field of Wayne is among the thousands of personnel from Keesler AFB, Miss., who have joined the massive effort to help nearby communities recover from the devastation of Hurricane Camille.

Airman Field and others from the Air Training Command base located at Biloxi are aiding Civil Defense teams and city crews in the distribution of food, clearing debris and directing traffic. Heavy equipment is assigned throughout the Biloxi area to help clear wreckage. Medical teams from the base are augmenting health staffs in the stricken communities of Bay St. Louis, Waver-

land, Pass Christian and Gulfport as well as Biloxi.

The Keesler airfield is the center of airlift operations for giant cargo planes bringing in food, supplies and medicines and for continuous shuttle missions by helicopters.

The airman is a graduate of Wayne High School and attended Wayne State College.

His wife is the former Deanna J. Jorgensen.

Fireman Apprentice Hal H. Wade, USN, son of Mr. and Mrs. Harold Wade of Wmside, is serving aboard the aircraft carrier USS Bennington homeported in Long Beach, Calif.

The Bennington is an anti-submarine warfare aircraft carrier. It is currently operating off the California coast in preparation for its 12th deployment to the Far East.

The carrier is the flagship of the commander of Anti-submarine Warfare Group Three.

Weighing 44,000 tons and capable of steaming for 60 days without refueling, the Bennington carries one-and-a-half million gallons of fuel. It is as long as three football fields and as tall as a 15-story building.

Sgt. Fred Peters, 22, son of Mr. and Mrs. Gordon Helgren, Carroll, is presently attending school at Chamute Field, Ill., preparing to be a non-destructive inspection specialist. This

work involves locating defects on aircraft parts and associated ground equipment through the use of radiography, ultrasonics, eddy currents and magnetic particles.

Peters previously has been in airframe repair work and is now attending school for retraining. He and his wife, the former Sharen Winterfeld, Ireton, Iowa, are living in Paxton, Ill. Address: 627 S. Washington St., Paxton, Ill. 60957.

PROMOTED — Douglas D. DeLozier (left) 21, son of Mrs. Evelyn L. DeLozier, Yankton, S. D., was promoted to Army specialist five August 4 on Ryukyu Islands, Okinawa. Presenting the promotion orders is Lieutenant General James B. Lampert, commanding general, U.S. Army Ryukyu Islands. Spec. 5 DeLozier is the commanding general's back-up driver in the Office of the High Commissioner. His father, Melvin H. DeLozier, lives in Randolph.

Marine Corporal Robert E. Duncan, son of Mr. and Mrs. Russell L. Duncan of Pilger was promoted to his present rank while serving with the First Marine Aircraft Wing in the I Corps area of Viet Nam.

His promotion was based on time in service and rank, military appearance and his knowledge of selected military subjects.

The First Marine Aircraft Wing provides aviation support for the First and Third Marine Divisions on the ground in Viet Nam.

Budd B. Bornhoff Jr., son of Mr. and Mrs. Budd Bornhoff, Wayne, has this address: Lt. B. B. Bornhoff Jr., JAGC, USNR, Assistant Force Judge Advocate, Commander Amphibious Force, U. S. Pacific Fleet, San Diego, Calif. 92155.

Lyle V. Carlson, 22, son of Mr. and Mrs. Vern L. Carlson, Wakefield, received the silver wings of an Army aviator and was appointed a warrant officer August 12 upon graduation from the Army Aviation School, Ft. Rucker, Ala.

During the 16-week course, he was taught various fire techniques and tactical maneuvers for helicopters supporting ground troops in combat. He also received instruction in helicopter

maintenance and survival techniques.

Second Lieutenant Larry P. Cornwell, son of Mrs. Madelyn F. Cornwell, Pender, has been commissioned a second lieutenant in the U. S. Air Force upon graduation from Officer Training School (OTS) at Lackland AFB, Texas.

Lieutenant Cornwell, selected for OTS through competitive

examination, is being assigned to Lackland AFB, Texas, for training as a security police officer.

A graduate of Pender High School, the lieutenant earned his BA degree in 1968 from Dana College, Blair, Nebr.

Letters to the Editor

San Diego, Calif.

Dear Editor:

I am in receipt of a \$10 gift and want to thank SWAY very much for the thoughtful gesture. All of my military associates, as well as other military personnel, are very impressed with the program that SWAY has instituted. Their efforts speak very well for Wayne County.

Budd B. Bornhoff Jr.

Kifissala, Greece

Dear Editor:

This is to thank SWAY for the gift of \$10 and to let you know a little about my new duty station.

It is one of the main communications stations the Navy has for the Atlantic fleet. Built on a mobile van concept, the station can be completely moved in a week's time. It is located on Marathon Bay approximately 25 miles northeast of Athens, Greece. Surrounded by a low ridge of hills, it reminds one of Arizona.

We hope to do a lot of traveling in the next three years. As this area is one of the first places of civilization, there are many sights to see.

One other thing which makes this country so beautiful is the fact the people love flowers. Each yard is a mass of color and abounds with grapes, peaches and all kinds of fruit. They spend several hours daily working in the yards to keep the flowers in bloom and the plants trimmed. The weather so far is quite nice, staying around 85 degrees during the day and never lower than 70 degrees at night.

Well, that is a quick rundown of our new home. Thank you again.

K. Kluge

Augsburg, Germany

Dear Editor:

I received the \$10 SWAY gift today and cannot say how much it was appreciated.

I am stationed in Augsburg, Germany which is about 40 miles west of Munich, a city known for its Oktoberfests and Fasching celebrations.

I am clerk in our S-2 sections which deals with military intelligence and special weapons. I am also cross-trained as a surveyor. My unit, the 35th Artillery, is now preparing to go to the military reservation of Grafenwohr to participate in a battalion ATT (Army training tests). This

is a test given to the battalion under war time conditions to test the battle effectiveness and combat readiness of the unit. This test is given once a year and will last 35 days. During this time all sections are tested in one way or another concerning their jobs. It is also a test of every man from the private up to and including the battalion commander. Teamwork is stressed continually.

I wish to thank each and every merchant, individual and almost of all the Wayne County veterans group which sponsors SWAY.

A family reunion was held in the Glen Magnuson home Sunday for Gloria Magnuson and Tom Erwin, who will attend the University of Nebraska at Lincoln. Guests were Mrs. Gertrude Erwin, the Quinten Erwin family, the Verdel Erwin family and Rich Erwin, Fremont.

Guests in the Delmar Holdorf home Wednesday afternoon in honor of Mrs. Holdorf's birthday were Stanley Starks, Allen, Mrs. Mable Erwin, Mrs. Jim Clarkson, Mrs. Dick Rastode and Mrs. Art Johnson.

Mrs. Gorda Johanson, a former Concord resident of Los Angeles, Calif., visited her home town Tuesday afternoon. Mrs. Johnson was brought up by Mr. and Mrs. Bert Nelson who owned and operated the shoe and harness shop in Concord.

Concordia Luther League held their freshman special meeting Sunday evening at the church. The program was given by Rod Erwin and Dale Magnuson. Linda and Ronda Erwin and Larry Nobbe served. A hayride for October was planned.

FARMALL 1st in SERVICE!

Why are we first in service? Here's why:

SUPER VALU HOME ECONOMIST

Suggests:

ROAST TURKEY-TOPSY TURVY

For more moist breast meat, and to be sure dark meat is thoroughly done, roast the turkey topsy-turvy, or with the breast down, rather than up. Thaw the turkey in its original wrap in a Super Valu grocery bag. Close the bag with paper clips and thaw at room temperature. Allow about 16 hours to thaw a 20 to 25 lb. turkey; 12 hours to thaw an 8 to 12 lb. bird. Do not leave at room temperature any longer than 16 hours for small birds (8 to 10 lbs.), or any longer than 20 hours for 12 to 24 lb. birds. Refrigerate immediately after thawing at a temperature no higher than 38°F. To Roast: Plan roasting time so turkey will be done 20 to 30 min. before serving time - makes carving easier.

Place turkey breast down on an open rack (the V shaped rack is best) in a shallow roasting pan. This allows heat to circulate evenly around the bird during roasting. Brush bird with melted shortening.

Insert roast meat thermometer so that tip is in center of thickest part of breast meat. Thermometer will register 185°F. when bird is done.

Roast, uncovered, at 325°F. allowing:

2 1/2 to 3 hours	for 6 to 8 lb. turkey
3 to 3 1/2 "	" 8 to 12 "
3 1/2 to 4 "	" 12 to 16 "
4 1/2 to 5 "	" 16 to 20 "

The roasting chart is from the University of Minnesota Agriculture Extension Service.

TURKEY and ALMOND LOAF

Most homemakers buy a large enough turkey so their families can enjoy it in one form or another for several meals. My family likes leftover turkey fixed this way:

3 cups chopped, cooked turkey	2 eggs, beaten
1/2 cup sliced almonds	1/2 cup finely chopped celery
1 teaspoon instant diced onion	1 cup canned chicken broth
1 pint half and half	1/2 teaspoon salt
1 cup soft bread crumbs	1/2 teaspoon pepper

Mix ingredients in order given. Pour into greased bread pan 9x5x3". Bake in 350°F. oven 1 hour. Slice and serve with mushroom sauce made by thinning cream of mushroom soup with 1/4 to 1/3 cup milk. Serves 6 generously.

FRENCH PEAR PIE

Looking for an elegant dessert for your next "dessert and coffee" party? Delight your guests with French pear pie.

1 unbaked 9" pastry shell
5 fresh, large Bartlett pears (5 cups)
3 tablespoons thawed frozen orange juice concentrate (Flav-o-rite brand)

1/2 cup sugar
1/2 cup flour
1/4 teaspoon salt
1 teaspoon cinnamon
1/3 cup butter or margarine

Peel, core and slice pears thinly. Mix lightly with undiluted orange juice concentrate. Arrange in unbaked pastry shell. Mix rest of ingredients with pastry blender or two knives until mixture is crumbly. Sprinkle over pears. Bake in 400°F. oven about 35 to 40 minutes. Serves 6.

BAKED BANANAS

Baked bananas may be served as dessert, or as a garnish around baked ham.

3 bananas (not too ripe)
1/2 cup orange juice (Flav-o-rite brand)
2 tablespoons brown sugar
1/2 teaspoon cinnamon
1 1/2 tablespoons butter or margarine

Peel bananas and cut in half lengthwise. Lay banana halves in buttered, shallow baking pan. Mix orange juice, brown sugar and cinnamon; pour over bananas. Dot with butter. Bake in 350°F. oven 15 to 20 minutes. Serves 6.

FUDGE 'N' ICE CREAM CAKE

My teenagers devoured this cake so fast I couldn't believe it. Fudge 'n' Ice Cream Cake with a glass of ice cold milk is an energy-booster.

1 pkg. Pillsbury Fudge Batter Cake Mix
1 pint chocolate ice cream, softened
3 eggs
1 cup water

Preheat oven to 350°F. Combine dry cake mix, ice cream, 3 eggs and 1 cup water in large mixer bowl. Blend and beat as directed on package. Bake in generously greased and lightly floured 13x9" pan at 350°F. 35 to 45 minutes, or until cake springs back when touched lightly in center. Cool cake completely. Super Tip: For a milk chocolate cake, substitute vanilla ice cream and reduce water to 1/2 cup. Frost with Pillsbury's Buttercream Fudge Frosting Mix.

CRUNCHY PEANUT-TOPPED CANNED HAM

The combination of flavors of peanut butter, brown sugar, mustard and vinegar added to ham gives a superb treat.

1 canned ham (about 3 lb. size)
1/2 cup crunchy peanut butter (Good Value brand)
1/2 cup brown sugar
1/2 teaspoon dry mustard
1 tablespoon vinegar

Let ham stand at room temperature about 1 hour. Remove from can. Place in shallow baking pan. Mix rest of ingredients and spread over top of ham. Heat in 375°F. oven 1/2 hour. Serves 9 to 12.

Super Tip: Since a canned ham is boneless and completely cooked, you can toss it on 2 to 4 servings per pound.
