

ERASING TRAFFIC HAZARD. Workers from the Nebraska Department of Roads Thursday began laying bright strips of material at the intersection of Seventh and Main, officially signalling the end of that construction job and erasing what many considered a traffic hazard. The material placed by the workmen, which supposedly will not be harmed by graders this winter, includes arrows pointing left and the word "only." Drivers are cautioned to keep in the right lane if they wish to turn right or to travel straight through the intersection. The inside (left) lane is for use only when turning left at the intersection.

Queen coronation set for Wednesday

Variety Highlights WS Homecoming

Homecoming will bring a festive air to Wayne State College next week with a theme of "Sights and Sounds of the Sixties."

Coronation of the homecoming queen is scheduled as the opening event at 7:30 p.m. Wednesday in Rice Auditorium. The queen's identity among seven candidates remains secret until then.

Sharing the coronation program, Wayne State ballet students will make their season debut dancing original choreography by instructor Nina Youskevitch. One of the numbers "Song Without Words" to music by Mendelssohn, is planned as a memorial to Joy Nielsen, an Audubon, Iowa, ballet student last year who died in a recent car

accident near Omaha.

The six ballet dancers, chosen from 70, are Raymond Flores of New York, attending WSC on a ballet scholarship; Lannie Ilofmann, Omaha; Mary Houlehan, Omaha; Christine Sall, Omaha; Jane Knoll, Laurens, Iowa, and Patrick Brown, Tilden.

Thursday evening's schedule will feature lighting of campus displays built by dormitories and organizations to illustrate the homecoming theme.

Friday evening at 7:30 the sororities and fraternities will stage their annual Greek Olympics, a hilarious tournament of chariot racing, pyramid building, egg-tossing, tug of war and

the like. This takes place in the Grecian-like Willow Bowl.

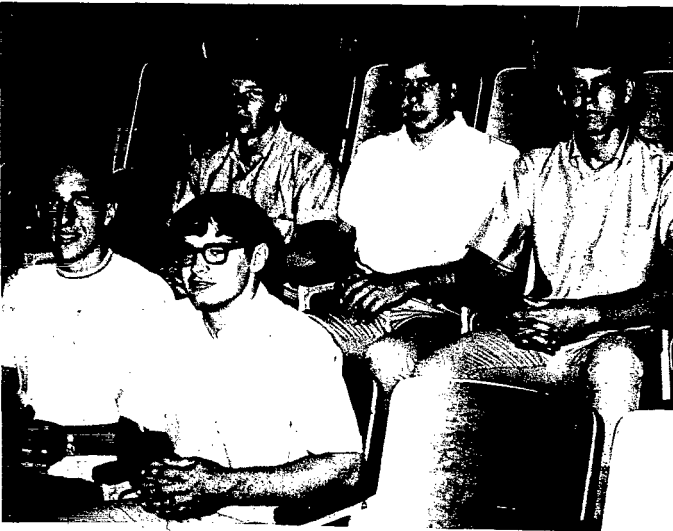

Saturday's events: an alumni reception from 10 till noon and the W Club's alumni lunch at noon, both in the Student Center; the Wayne-Chadron football game at 2 following 1:45 pre-game ceremonies; and the traditional homecoming ball at 9 p.m. in Rice Auditorium.

Three Wayne area men are members of the 1969 University of Nebraska Cornhusker Marching Band. Phil Kelton and Dan Rees of Wayne both play trombone and Mark Johnson of Carroll plays trumpet.

The Cornhusker Marching Band performs at Nebraska home football games and participates in parades and other functions, under the direction of Professor Jack R. Snider.

In addition to appearances in Memorial Stadium this fall, the 168-piece band will share the halftime spotlight with the 50-voice University of Nebraska Varsity Men's Glee Club at the halftime of the Nebraska-Kansas State football game in Manhattan, Kan.

A smaller group of bandmen, the Pep Band, will also raise Cornhusker spirits at the Missouri game in Columbia and the Oklahoma game in Norman.

ZONING CONFERENCE: Hugh Johnson (left) Thursday evening on the WSC campus. Alfred Koplin, official from the State Department of Health, explained sanitary landfill requirements to the 35 persons attending the District III Nebraska Planning and Zoning Association meeting. Harry Anderson, (right) Millard, is chairman of the Nebraska Zoning Commission.

Zoning Personnel Discuss Urban Planning Problem

District III members of the Nebraska Planning and Zoning Association held a discussion forum Thursday evening in the Student Center on the Wayne State campus. Among the 35 present were planning officials from Lincoln, Millard, Norfolk and area communities.

Harry Anderson, Millard, chairman of the state zoning commission, addressed the group briefly concerning various present-day problems being confronted by growing cities in Ne-

braska. He noted, "We have to plan for another Nebraska as there will be another one and a half million people in the next 20 years."

The needs and requirements of sanitary landfills were presented by Hugh Johnson, Lincoln, an official of the State Department of Health. He pointed out necessary items as good access roads and limited access fences for sanitary landfills. Johnson told his listeners that 52 landfills in Nebraska used for dumps had been closed due to their possibly polluting water.

Paul Harm, city administrator at Norfolk, explained Norfolk's landfill project and development.

Law Enforcement Funds to Four NEN Communities

Projects to receive funds for law enforcement through the Region 11 and 25 Joint Planning Commission for Law Enforcement and Criminal Justice are those located in Madison, Stanton, Norfolk and Randolph, according to Richard Muething, Norfolk, consultant to the commission.

Meeting was advised last week by the executive director of the state planning commission that there were 20 applications for law enforcement matching grants sent in by local units of government in regions 11 and 25, an eight-county area, and that four of them will be funded. The projects are financed with 60 per cent federal and 40 per cent local funds.

The four projects receiving funds: Madison, \$480 for purchase of a two-way radio mobile unit; Stanton, \$1,470 for purchase of two two-way radios and receivers, one for a mobile unit and one for a base station; Norfolk, \$960 for purchase of communications equipment to enable Norfolk to install a new radio frequency for local police use; and Randolph, \$2,128.44 to purchase communications equipment and a police auto.

Wayne Lady Wins \$400

Now for the third consecutive time since June 26, a Wayne lady has happily discovered that it pays to shop in Wayne, especially on a Thursday night. Mrs. Harry Murray was in the Coast to Coast Store Thursday night when her name was announced as the winner of the \$400 drawing.

"I just couldn't believe it!" she said later. She and her husband have lived in Wayne since 1928 but, according to the surprised housewife, she had never won anything like it before.

"How did she feel when her name was called Thursday night?" "Kind of nervous and excited!" she said.

Mrs. Murray is now the third Wayne lady to win a \$400 jackpot this summer and the first

winner of the jackpot since Aug. 14. Mrs. Alvin Temme of rural Wayne won \$400 on June 26 and Mrs. Lena Munske won \$400 on Aug. 14. The three ladies have won a total of \$1,200 just by being in a participating store in downtown Wayne on a Thursday night.

The jackpot went unclaimed for six weeks as those whose names were drawn were not present.

What does she plan to do with the money? "I'm not sure but I've thought about getting a larger refrigerator," Mrs. Murray said Friday.

The drawing in downtown Wayne next Thursday night will be worth \$150 to the person whose name is drawn... if he or she is in a participating store.

WINS \$400 Mrs. Mel Elfson, left, presents a \$400 check to Mrs. Harry Murray, winner of the drawing in Wayne Thursday night. Mrs. Murray was in the Coast to Coast Store when her name was called and said later, "I couldn't believe it!"

Scouts Have a Word for It

When disaster strikes, some people panic, some keep cool. For the panicky, disaster may become disastrous; but the cool one may avert tragedy.

Why the difference? Preparation. Being ready to meet the unexpected.

For nearly 60 years Boy Scouts have expressed it with two words: "Be Prepared." That has been their motto ever since scouting came to America in 1910. They have had a durable slogan too: "Do a Good Turn Daily."

And an oath (or promise) which begins this way: "On my honor I will do my best... and continues with a pledge to "Do my duty" to God and country, to others, and to self.

In basic guidelines Boy Scout-

ing has not changed so much as one word since its origin. The same is true of Girl Scouting in America.

Both the Boy Scout and Girl Scout organizations are major recipients of Wayne gifts to the Community Chest because Chest directors believe Scouting is a major force in developing boys and girls into well-prepared citizens.

Prepared for what? This is a question scoutmasters often ask of new scouts passing tenderfoot tests. And the answer: prepared for anything.

Prepared to weather a blizzard in a stalled car—which can become a coffin for the panicky. Prepared to give artificial re-

suscitation or to stop critical bleeding or to handle all sorts of first aid crises. Prepared to read an emergency message in code. Prepared to live off the land if stranded by accident in the wilderness.

Boy and Girl Scouts both learn many of these preparations. The girls also stress skills of home-making to ready themselves for adulthood.

Currently in Wayne there are about 125 boys in scouting and about the same number of girls. Nearly 100 men and women are registered leaders.

Wayne is known as an active town in Scouting, with a higher percentage of its boys and girls See **SCOUTS**, page 6

WAYNE RESERVE QUARTERBACK Dick Tietgen (11) had just eluded a host of Neligh tacklers Ron Ring (17), Rod Cook (52), Alan Wischof (73), and released a pass when this picture was taken. Blue Devils shown providing protection include Monte Nieman (52) and Don Hansen (31).

Blue Devils Post 52-8 Win

The Wayne High Blue Devils went on a scoring rampage Friday night on the WSC gridiron as they massacred Neligh 52-8 in a West Husker Conference battle.

Coach Allen Hansen's local team completely dominated the annual clash, garnishing 412 yards compared to an 8-yard total offensive effort by the Warriors.

Six Blue Devils took part in the scoring action as Wayne jumped ahead 24-0 in the first quarter, added another 14 points before halftime, crossed Neligh's goal line once in the third period and scored one touchdown in the final stanza. The Warriors reached paydirt once with eight minutes left in the game.

Wayne was quick to get on the scoreboard following Neligh's kickoff when Randy Helgren scored a TD via a 59-yard sprint around the right end on a third down and five situation. Mike Blitoff added the two-point conversion and the Blue Devils led 8-0 after only 17 minutes of play.

The local gridirers scored again following an unsuccessful series of downs by Neligh when Les Echtenkamp capped a 68-yard drive with a 23-yard run off left tackle. Helgren ran the two-point conversion and Wayne's lead increased to 16-0 with 4:57 left in the first quarter.

Wayne's defense again thwarted the Warriors' offensive attack following Lynn Gunderson's kickoff as Neligh was forced to punt from its own 25-yard line on a fourth and 17 situation.

Although the Blue Devils took control of the football on their own 42 where the punt was downed, they scored again two plays later when Mike Blitoff scampered 20 yards off right tackle to paydirt. Blitoff's run was set up on the previous play when Helgren hit Ted Armbruster with a 38-yard aerial. A pass from Helgren to Doug Maurer gave Wayne the two bonus points, advancing the score to 24-0.

Neligh was held on its own 30-yard line for a series of downs following the kickoff and the Blue Devils took over on that same field stripe due to a 29-yard punt return by Helgren. The quar-

ter ended with Wayne in control on the Warriors' 25.

One play, which cost the Blue Devils 15 yards because of a personal foul, had been executed in the second period before Lonnie Blitoff broke loose for 40 yards around right end for a touchdown. A pass from Dick Tietgen to Rick Robins for the extra points gave Wayne a comfortable 32-0 lead with 11:24 left in the first half.

The margin was increased a little over three minutes later when Lonnie Blitoff again capped a scoring drive with a sweep around the right end, this time for 30 yards. Tietgen's run for the two-point conversion failed but Wayne enjoyed a 38-0 lead which remained intact for the final 8:14 of the half.

Steve Kamish set up the Blue Devils' sixth TD of the night shortly after the start of the second half when he intercepted a Neligh pass on his own 48 and returned it 39 yards to the Warriors' 13-yard line.

Dan Sutherland climaxed the drive on the second play from scrimmage with a ten-yard sprint around left end. An incomplete pass foiled Wayne's conversion attempt but the scoreboard showed the Blue Devils leading 44-0 with 9:25 left in the third stanza.

Although the remaining minutes of the third quarter were relatively uneventful, the final period started with a bang as Wayne powered its way 34 yards to Neligh's 26—only to have a pass intercepted and returned 77 yards for a touchdown by the Warriors' Larry Hughes. The two-point conversion attempt succeeded but Wayne still maintained a formidable 44-8 lead with 8:18 left in the game.

Wayne's defensive unit in general, and Scott Kerl in particular, was credited with scoring the Blue Devils' final touchdown of the evening following a series of turnovers when the 162-pound senior guard grabbed a Warrior aerial and returned it 20 yards for a touchdown. Helgren ran the two-point conversion and Wayne's 52-8 lead survived for the final 3:10 of the ballgame.

Bluejays Emerge with 6-0 Victory at Laurel

After playing all but a few bruising minutes of the first quarter in their own territory, the Pierce Bluejays exploded across the Laurel goal line early in the second quarter to tally the only score in what will probably be one of the top games in the West Husker Conference this season.

The 6-0 victory for the visitors upped their record to three straight and gave them a big boost toward grabbing the divisional crown this year. Laurel—last year's divisional king—now stands 2-1 after soundly trouncing Bloomfield and Neligh earlier this season.

The defeat brought back bitter memories to the Laurelfans. It was Pierce who last year kept Laurel from having a perfect record in the regular season.

The slim margin of victory indicates the kind of contest it was. Neither team could mount any sustained drive, either in the air or on the ground, and it was only an exceptionally fine display of running on Gary Weber's part which put some figures on the scoreboard. Pierce, after exchanging 15-yard penalties with Laurel, called on the 160-pound back to carry the ball with just over one minute gone in the second quarter. And he delivered, racing 66 yards without being more than brushed by the Laurel defenders to put his team on the board.

Prior to that the game had been all Laurel's, beginning with a 50-yard drive to the Pierce 15 after taking the opening kick on their 35. A stout defense finally halted the Laurel drive and Pierce took possession deep in their territory. The possession was short-lived and Laurel again started a march from their 35 after taking the punt. This drive, highlighted by Steve Erwin's 21-yard pass to Rod Erwin as the other drive was by Steve Erwin's 16-yard run, went all the way to the Pierce 21 before an alert defender picked off an Erwin pass on the seven and returned it to the Pierce 30.

After Weber's dash into the end zone, the rest of the second quarter was the reverse of the first quarter as Pierce kept Laurel on their end of the field, punishing them for a total loss of 24 yards in the last three plays before the gun.

Hampered throughout the game by the long punts of the Pierce kicker, Laurel mounted the third of its four big drives in the game with about 10 minutes left in the third quarter. It began on the Laurel 21, went to the 35 before Pierce forced a punt, then began anew on the Laurel 27 when Allah Hanson pounced on a fumble. Another long Erwin pass, this one to Jerry Sarha for 26 yards, and some grinding yardage by workhorse Jim Schroeder moved Laurel to the Pierce 44 before they were halted. The quarter ended with Steve Smith's interception of a Pierce pass on his own 48.

But Pierce matched that interception seconds later and took the ball to Laurel's 25 before the whole Laurel line closed in on the Pierce runner on fourth and six. Steve Erwin hit Rod Erwin for nine yards, Paul McCoy for 36 yards and Allan Hanson for six yards before Pierce stopped the hosts on the 29.

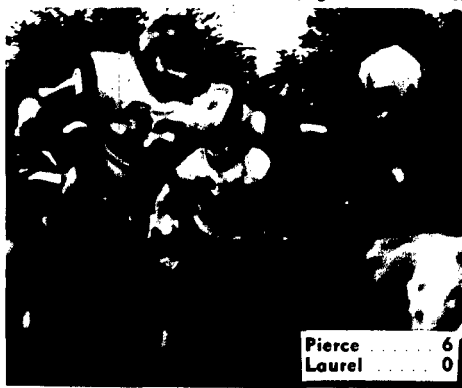

Another long punt by the Pierce kicker and a slip by Jerry Sarha put Laurel on their own eight with only about five minutes to play in the game. Steve Smith, substituting for quarterback Erwin, guided the Bears for a first down to the 27 before he was thrown for an 11-yard loss by Pierce's Rick Nave. That tackle and ones by big Bruce Tomasek smothered any hopes Laurel might have had about pulling out a victory. Pierce took over on the 29, moved to the 14 at the final gun.

Leading the rushing for the Laurel squad were Jim Schroeder with 59 yards, Steve Erwin with 20 and Steve Smith with 12.

Erwin also used his passing arm to come up with 110 yards in the air off 14 receptions. That yardage enabled the hosts to just edge the visitors in total offense, 245 yards to 240.

Rod Erwin and Phil Fisher teamed up to knock down Pierce ball carriers seven times each as they spearheaded the Laurel defense. Also grabbing the opponents several times were Jim Schroeder, Allan Hanson, Regg Swanson and Rod Spath.

The Laurel squad travels to Plainview next Friday night for another West Husker Conference battle.

LAUREL'S LEADING RUSHER Jim Schroeder is shown here tackling on another couple of yards to his total of 59 yards before being downed by Bruce Tomasek, 280-pound tackle for the Pierce Bluejays.

Ponca Indians' 16-6 Scalping Spoils Allen High Homecoming Friday Night

Ponca made use of four Allen fumbles to spoil the Eagles' homecoming 16-6 Friday night at Allen. It was one of those games where a team can lead in the statistics book but come out on the short end of the score.

After an ineffective first quarter by both the Indians and the Eagles, Ponca's Jeff Knerl connected with a pass to end Steve Diederker to put the Indians out front 6-0 with 7:20 left in the half. A Knerl pass to Larry McMannis added two more points for the Indians to give them an 8-0 half-time lead.

Following a blocked punt by Allen's John Warner early in the third quarter, the Eagles were able to move the ball to the Ponca four-yard line, where the Indian defense tightened to stop the drive. A field goal attempt failed and the quarter was ended with neither team being able

to mount an effective drive. In an explosive fourth quarter Ponca's Kent Carnell grabbed an Eagle pass on his own 20 that started an 80-yard march to the Allen goal. The drive climaxed when Warren Wood took the ball into the end zone from the 19 to give Ponca a 14-0 lead with 8:50 left in the game. Another Knerl-McMannis pass extended the Indian's lead to 16-0.

The only Eagle score came two plays later when sophomore John Warner hit Bob Mitchell with a pass that was good for 62 yards and six points. The try for the extra point failed and the game ended with Ponca downing the Eagles 16-6.

Ponca's Warren Wood was the game's leading rusher with 56 yards in nine carries, followed by Bob Calvert with 32 yards

ALLEN EAGLE Loren Rewter (right) is shown here picking up several yards before being downed by Ponca's Dennis Hurley. The Eagles fell to Ponca 16-6 in their homecoming game at Allen Friday night.

In ten carries, Loren Rewter was the leading ground gainer for the Eagles, carrying the ball seven times for 26 yards. He was followed by John Warner with 24 yards in ten carries.

Ak-Sar-Ben Gift Of \$1,000 Given To County Fair

The Wayne County Fair has received \$1,000 from Ak-Sar-Ben, according to Leland Herman, president, and Albert H. Bahe, secretary, of the Wayne County Agricultural Society.

The County Fair Improvement Program, now in its 16th year, is one of a series of projects of financial assistance to county fairs made possible by funds from Ak-Sar-Ben's annual race meeting, according to Tom Brock, general manager of Ak-Sar-Ben.

The popular county fair program follows the "dollar-matching" principle, in that Ak-Sar-Ben agrees to match dollars with each county fair which will match its contribution with at least an equal amount.

This year Ak-Sar-Ben has offered two programs to the county fairs. The first is the \$500 matching grant for new construction; the second is the \$500 "Spruce-up" grant for re-

Scouts -

than many towns have in the two organizations. Over the years Wayne has produced more than its share of Eagle Boy Scouts.

Like many human activities, Scouting has expanded its program over the years. Expansion takes money. And that's where the Wayne Chest comes in, with volunteer fund raisers to relieve the Scout organizations and five others of running separate campaigns.

In the 1970 Chest budget the Boy Scouts are allocated \$1,800, the Girl Scouts \$1,500. These sums go to the council offices in Omaha and Columbus, respectively. Some citizens wonder why the money goes there. Why not keep it for local Scout units?

The answer comes quickly from the professional leadership from council offices is essential. Actually, there are only a few professionals—about one for every thousand boys and adults in Boy Scouting, even fewer in Girl Scouting. Those few professionals keep Scouting organized.

Part of the money finances camps, although both the Boy and Girl Scout organizations have also needed special capital fund drives for camp building. These drives, however, do not reach the public generally, but appeal to a limited number of donors. The Girl Scout camp near Nickerson was bought and developed entirely from the famous cookie sales—little girls selling boxes of candy.

Many Scout units, especially the boys, earn their own money for troop equipment or camping trips. Sometimes people wonder why the Scouts are out collecting money again. They aren't collecting. They are selling products or services of some value. And in this way they learn still another kind of being prepared—to earn by doing something useful.

Winside School Sets Bus Rules

Following inquiries by WIS students as to transportation to athletic events away from Winside, the school administrators announced the following policy.

Students desiring to ride a bus to an athletic event must obtain a parental-permission slip from the principal's office during the week in which the athletic event occurs. It will be necessary for the parent to fill out the slip, sign it, thereby signifying approval for their child to ride the school bus. This slip must then be presented at the school's office on the day before the event. This will allow the administration time to determine as to whether it is necessary to take the extra bus.

Principal Ron Kramer noted that it may occur that a bus will not make the trip due to a lack of riders, however, he said it was his hope that such a thing would not occur.

The principal expressed the administration's hope that stu-

dents will take advantage of the school's transportation to athletic events to help support the Winside Wildcats. He stated that parental cooperation will be necessary to make the undertaking of the transportation system a success and that all students are urged to participate in all of the events.

In other school news, Supt. M. J. Masten met with the State Department of Education school lunch personnel in Lincoln Tuesday to discuss the kitchen facility in the new elementary building being constructed, and the school lunch program.

Winside High's Journalism class attended a workshop at Howells last week where the group studied procedures in editing annual year books. The twelve students were accompanied by their instructor, Mrs. Faunel Lynch and Supt. M. J. Masten.

The following students from Wayne State College will be in the Winside Schools observing on Tuesday: Connie Weeder, Carol Murdock, Vanita Thomsen, Wallace Kucera and Thomas Iversen.

Your Place in the Stars

by Tom McDermott

(Vol. 1 No. 12) This week I chose to answer some interesting questions sent to me from all parts of the country.

Dear Tom McDermott: I am not really interested in astrology because I really don't understand it or know very much about it, but I love reading horoscopes about me and people I know. I also love guessing a person's sign by his personality. One sign that is rather easy is Aquarius. Sincerely, Miss Miriam Smith, Washington, D.C.

The sign that a person was born under happens to compose only ten per cent of any chart delineation. Therefore, it is rather absurd to try to forecast and analyze on the basis of such insignificant data as sun signs. Unfortunately many people, particularly those who religiously read "horoscope" magazines, are often very gullible and willing to always prove what they have read in such literature.

Dear Tom: I read your article in "Fate" and I'm very interested in hearing what you will have to say about me. I don't know what information you need, Thank you, Miss Sandra Keesman (age 19), Natrona Heights, Pa.

The reason I have publicly decided to answer this question is because of Sandfa's statement of not knowing what birth data were needed to cast (set up) a horoscope chart. Everyone might think they have read their own horoscopes at one time or another, but in most cases they really haven't. A horoscope chart can ONLY be cast when the astrologer is supplied with the exact time and place of birth. By "time" I mean not only the month, day and year of birth, but also the hour and minute.

The horoscope chart, NOT the interpretation or delineation (which comes later), is purely astronomy. Astrology separates from its offshoot, astronomy, when an interpretation of the planetary configurations is given in connection with the "astronomical" horoscope chart. Even though I firmly believe in legitimate astrology and its worth, I can see where a certain amount of initial gullibility is necessary before anyone becomes interested in the subject.
