

County Government — An 'Express Grant' of Power

By Martin Wright

(Last in a series of three articles explaining the operation of county government.)
"We admit of no government by divine right... the only legitimate right to govern is an express grant of power from the governed." So said William Henry Harrison in his inaugural address in 1841.

The county government is public administration of the people by the people and for the people in Wayne County, William Lloyd Garrison wrote in the late 1800's. "You cannot possibly have a broader basis for any government than that which includes all the people, with all their rights in their hands, and with an equal power to maintain their rights."

In explaining county government operations in the first article of this series and discussing mill levies in the second, emphasis was placed on the importance of people in Wayne County governing themselves. Reminding that importance, let us take note as to how those who serve in county offices are chosen and a few of their responsibilities.

Wayne County's three commissioners are elected by the voters in the county. Sitting as a board, these three men prepare and adopt an annual budget, pass on all claims for county money, fix within legal limits the salaries of county officers, deputies and employees, and cause the examination and audit of books and accounts of all county officers. Along with the clerk and assessor, the commissioners act as a board of equalization for property assessment. They oversee the establishing and maintaining of county roads and appoint for the filling of

vacancies of elected county officials.

Commissioners or other county officers may be removed by judicial proceedings, providing they are convicted of habitual or willful neglect of duty, gross partiality, oppression, extortion, corruption, willful maladministration in office, conviction of a felony or habitual drunkenness. A county officer may also be removed by recall.

If a commissioner dies, the remaining two commissioners, along with the county treasurer, clerk and county attorney may appoint someone to finish his term of office.

There are eight county officials, other than the commissioners, elected by the voters of the county. Officials are elected by the people of the entire county at the general election held on the first Tuesday after the first Monday in November of even numbered years, for a term of four years on a staggered basis.

The county clerk is what the name implies. He acts as clerk for the county board and keeps minutes of its proceedings. His office is the "clearing house" for practically all of the county's business. He issues all authorizations for the payment or receipt of money as ordered by the commissioners, receives and audits all claims on the county, and receives reports from precinct officers.

The Wayne County clerk, Norris Weible, is in charge of elections, fillings and fees of candidates for office. He is in charge of the printing and distribution of ballots and other election supplies. The clerk's office also prepares and posts notices of election, sends ballots and receives votes by mail and directs the canvassing of election returns.

The county treasurer, Leona Bahde, was elected by voters to be custodian of all state and local taxes and assessments for local improvements. All taxes from state, county, village, school district and other districts within the county are paid to the county treasurer and distributed by her to the proper officials.

Commissioners are charged by the voters to see that the county continues an improvement program, accounting for the Wayne County Improvement Fund. It was this improvement fund which provided the money to pay for the new county jail and sheriff's residence a few years ago. Money is used from this fund as other improvements are needed. The treasurer's June 30 semi-annual report showed a balance of \$245,657.40 in the fund.

All money in the improvement fund does not come from mill levy revenue; some of it is derived by inheritance taxes and interest on county investments.

Though the work of the county assessor, Henry Arrp, has been previously outlined, let us recall that the work of his office is to supervise the assessment of property, both real and personal, throughout the county. The assessor determines the value of real estate and improvements and keeps his record up to date as to changes in ownership and value. All motor vehicles are assessed by his office. These assessment rolls are prepared for the board of equalization and filed by precincts with the county clerk. The assessor must file other reports for state authorities.

The clerk of the district court, elected by the voters, keeps all records and papers of civil and criminal actions,

makes copies of them when requested, administers oaths, issues all necessary notices and processes (which the sheriff serves), assists in drawing juries, and collects costs and fees incidental to his office.

John T. Bressler, Jr., clerk of the district court in Wayne County, prepares the docket (a list of cases to come before the court), attends all sessions of the district court and keeps a record of all suits and transactions therein. Also, he has charge of naturalization papers.

Voters in Wayne County elect the county judge, who is presently Mrs. Luverna Hilton. She presides over the county court, issues marriage licenses and collects fees and fines pertaining to the office. Decrees of adoption are entered in this court as well as birth certificates for adopted children. The county judge may hold hearings and, if necessary, commit feeble-minded persons to a state institution.

As county judge, Mrs. Hilton maintains permanent records which are accepted in all other courts. The court has the original jurisdiction in all matters of probate, settlement of estates, appointment of guardians and settling their accounts and finding and determining heirships.

Her work includes handling civil and criminal cases. Civil cases are those which concern disputes between individuals and are usually about such matters as fulfilling contracts or business agreements, and payment of debts. Criminal cases are those arising out of breaking laws.

Wayne County voters also choose a county superintendent of schools. Mrs. Gladys Porter is now serving in this office. See 'GRANT,' page 6

Indian Tutoring Project Opens New Dimension For 50 College Students

About 50 Wayne State College students will find a new dimension to teacher training, and will provide an educational boost for Indian youngsters, when they begin a tutorial program late in October.

Two nights a week, on Wednesdays and Thursdays, the students will tutor pupils in the Winnebago school. Mostly co-eds who are prospective teachers, the students will work on a one-to-one basis with Indian and white children, beginning Oct. 29.

The tutors will help the pupils develop basic skills such as reading and writing and will help overcome weaknesses in various school subjects and homework. More importantly, however, it is hoped the Wayne students can become friends who can help the

children overcome some of the bumps on the road to learning.

Planning for the project began when classes started at Wayne State in September. An initial organizing meeting attracted six faculty members, but only five students. However, word about the program spread and 35 students came to the next planning session. Nearly 15 others have joined since.

The tutors have heard speakers from Winnebago in orientation programs, including Peter J. LaPoint and Reuben Snake, Winnebago Indians who are officials of the Goldenrod Hills Community Action Council at Walthill, and John Vandall, an Indian who teaches art at the Winnebago school. Other orientation sessions on Winnebago Indian culture and history are scheduled before Oct. 29.

Winnebago school officials met with some 20 Wayne State faculty members and students last week to discuss details of the program, and to present it to the Winnebago faculty, Orlando Merrill, superintendent, called the tutoring project "an important opportunity" for the school and promised full cooperation.

Teachers at Winnebago will identify pupils who could be helped by the tutoring, and they will be matched with Wayne students according to interests and needs. The program will involve elementary, junior and senior high school students. Parents of the children are expected to attend the initial tutoring session.

The program got its start last spring when a number of Wayne State TUTORING, page 6

Teachers Institute Set at Auditorium

An institute is planned for rural teachers in Wayne County starting at 9 a.m. Friday in the city auditorium, according to Mrs. Gladys Porter, county superintendent of schools.

A reading consultant from Oklahoma City, Okla., will speak on reading and demonstrate new reading equipment.

Morris Jacobson is in charge of the business session at 1 p.m. Supt. Porter will explain achievement tests following the business meeting.

COMMUNITY CHEST. Jerry Malcom, at left, Chest treasurer, is assisted by his 3-year old daughter Cathy Friday afternoon while painting the Chest fund-drive feather to the 20 per cent mark. Morris Weible, at right, Chest president, reports that the drive, which was started a week ago, is well underway and contributions are beginning to be turned in. Goal for the Chest drive is \$10,000 which will help fund seven agencies. The "red feather" is in the entryway of First National Bank.

Code Changed at Winside; Gas Firm to Drop Lawsuit

The Winside village board of trustees met Monday night with village attorney, John Addison, Wayne, and James Asbury, vice president of Kansas-Nebraska Natural Gas Co. operations, Hastings, and voted to adopt an ordinance that would allow the gas company to increase gas rates, providing the village will benefit from any reduced rates in the future and that the gas firm will dismiss a lawsuit filed early in September.

The suit was filed in Wayne County District Court last month by the Kansas-Nebraska Natural Gas Co. naming the Village of Winside as defendant.

The gas firm had asked 100 towns for rate increases November 1968. Village boards and city councils involved, who grant natural gas franchises, had to adopt new ordinances allowing the rate increases if such increases were acceptable.

Winside, along with seven other communities, refused to pass a

new ordinance thereby nullifying any rate change. The gas company, with headquarters in Hastings, then filed suit.

District Judge George Ditttrick issued a temporary injunction order preventing Winside from denying a rate increase. This allowed the gas company to raise the rates at least temporarily.

Monday night the board voted to modify the village ordinance to allow the rate increase with the following provisions: "Section 3—This ordinance shall be in full force and effect from and after its final passage and publication as required by law provided that if any of the various increases in rates being requested by the Kansas-Nebraska Natural Gas Co. in any of the villages and cities in the State of Nebraska at this time are not allowed or are reduced by subsequent litigation or agreement, the rates set forth in this ordinance will be re-

Linafelter, Krueger Get Band Awards

Three Wayne State musicians are recipients of Outstanding Bandsman awards sponsored by Kappa Kappa Psi and Tau Beta Sigma, national honoraries for bandsmen and bandswomen.

The honorees are Bruce Linafelter of Allen, trombonist; Keith Krueger of Winside, trumpet; and Bonnie Goehener of Humboldt, Iowa, French horn.

The two honoraries initiated the weekly award to be given in marching season. A student committee chooses recipients for musicianship, attitude and marching skill. Later the awards will continue monthly through the concert season.

John Leonard of Woodbine, Iowa, is the band's new president. Also elected are Cheryl Haase, Denison, Iowa, vice president, and Jackie Armstrong, Milford, secretary-treasurer.

Livestock Producer Makes 2nd Mark at Texas State Fair

Leland Herman, owner of the local Hervale Farms, entered only eight head of cattle in the competition at the recent Pan-American Livestock Exposition during the Texas State Fair in Dallas, but he came home with a bundle of awards.

Herman showed both the reserve senior and the reserve junior champion heifer and the reserve junior champion bull in the competition.

Herman also earned three first four second, four third, one fourth and two fifth places in class competition. He took first places in competition among early summer yearling heifers, winter bull calves and senior yearling bulls.

This is the second year he has entered the competition at the Texas State Fair. He said that last year he won about the same number of honors. He plans on entering the coming American Royal Livestock Exposition at Kansas City and possibly the competition at Atlanta, Ga., in December.

Hahn: State Aid Equals 11 Mills

Parents of children attending the public schools in either Carroll or Wayne would have a tax levy about 11 mills higher than they would if the school district were not going to receive an increase in state aid to education this school year.

Superintendent Francis Hahn said that the levy for residents in the school district would probably be about 72 mills rather than the current 61.47 if it were not for this increased aid.

In early September Gov. Norbert Tiemann signed the bill increasing the state aid to education from last year's \$25 million to the current \$35 million. Although that is approximately a 40 per cent increase in state aid, the local school district will not get 40 per cent more than it did last year.

Reason for the school district not getting that 40 per cent increase: at the same time as it increased the aid, the Legislature broadened and lowered the qualifications for receiving the aid. The result is that more schools will be sharing the state See STATE AID, page 6

WH Royalty Named At Friday Ceremony

Randy Helgren and Linda Penn were crowned the 1969 Wayne High Homecoming King and Queen during the annual pre-game ceremonies at the Wayne State football field Friday night.

The new royalty and other candidates for the honor were paraded before the spectators prior to the announcement of the winners. Attendants to the two were Mike Bittorf and Cindy Bottolson. Crownbearers were Debi Penn and Rocky Johnson.

A picture of the royalty during the ceremony and a story on the Wayne-Plainview football field appears in the sports section of this issue of The Wayne Herald. A picture of the new royalty at Laurel also appears in that section.

New Theater Opens In Wayne Thursday

Robert Nelson, a long-time farmer in the Wayne area until only recently, will be the manager of the new Cine Theater when it opens in Wayne Thursday evening.

The new theater will give Wayne the benefit of three theaters—Ciné, Gay and Dude Ranch Drive-In. It is owned by the Cine Theater Company of Omaha, a company which has several small theaters in the Midwest.

The theater follows the new trend toward smaller movie houses. Fully air-conditioned, it will seat 200 people and is fully carpeted. It is located in the building formerly occupied by Doeschers Hardware at 212 Main. Owners of the new theater plan on showing films which will appeal to the high school and college students.

Lyle DeMoss of Radio KBON in Omaha will be the keynote speaker at the fourth annual Northeast Swine Association's annual banquet. The banquet is set for Nov. 9 at the Wayne State College Student Union. Starting time is 7:00 p.m.

DeMoss is a Nebraskan born in Anthony, Kan., and has been a broadcaster in his adopted state for the past 41 years. He has served in every capacity of radio and television from "prop boy" to assistant general manager. More recently he has been the host of KBON's "Home-makers' Party Line" for the past three years. Well known as a food expert, gardener and friend of the housewife, he practices what he preaches as the proprietor of Lyle's Patio Restaurant.

In his two-hour daily show DeMoss appeals to loyalhousewives with a variety of approaches. Each day from 10 to 10:55 a.m. he gives recipes and cooking hints in the segment called "What's Cookin'?" From 11 to 11:55 a.m. he has an expert guest to answer audience questions on the air. The guest may be an expert on sewing, nursing, horticulture, children or just about anything you can think of.

In September of 1967, DeMoss received the coveted Nebraska Broadcaster's Man of the Year Award—the second such award given in 25 years.

In November of 1967, DeMoss won the top award in the National Pork Cookout Contest held at Louisville, Ky. He wears the crown of National Pork Cookout King.

As an actor he holds the Fondra-McGuire Award from the Omaha Playhouse.

He has served as secretary-treasurer of the Better Business Bureau in Omaha for the past

Third Coffee Held

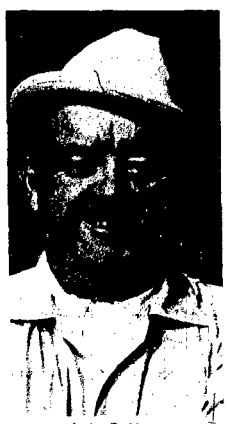

About 20 Wayne businessmen turned out for the third businessmen's coffee to be sponsored by the Chamber of Commerce. The coffee was held at The Wayne Herald Thursday morning.

Next coffee is scheduled for Swanson Television on Nov. 20. The coffee hour will be held from 9 to 11 in the morning and all businessmen are invited to stop by and visit with the people at the store.

Benefit Game Slated

The young football enthusiasts in the city recreation football program will be playing two benefit ball games Tuesday night in order to raise money for the Community Chest.

The Little League game will start at 6:45 and the Pony League game at 8:00. Price for admission will be 50 cents for adults and 25 cents for students.

Tickets for the banquet can be purchased from any of the Association directors. Directors and their respective counties are Ronnie Weststrand of Wakefield, Dean Rickett of Ponca, and Paul Bengston of Wakefield—Dixon; Elmer Klein of Fordyce, Curtis Papanhausen of Coleridge and LeRoy Wolfe of Harrington—Cedar; Morris Gustafson of Emerson, Kenneth Victor of See DeMOSS, page 6

Local ASCS Office Gets New Manager

Raymond Butts, formerly of South Sioux City, has assumed the duties as manager of the Wayne County ASCS office in Wayne. He replaces T. P. Roberts, who retired at the end of September after working in the office since about 1923.

Butts was transferred from the Dakota County ASCS office where he had been the office manager for the past three and

one-half years. He was raised on an irrigated farm near Burwell and operated the farm from 1958 through 1965. He started with the ASCS in 1961 in Burwell, took manager training in 1966 and accepted the management post for the Dakota County office shortly after completing his training.

College Students Plan War Protest

A group of Wayne State College students who are opposed to the war in Viet Nam plan on focusing attention on that war by holding several demonstrations during the nationwide moratorium to be staged Wednesday.

The protest to the war, which has snowballed in the past few days, has attracted such well known people as Sen. Eugene McCarthy, Mrs. Martin Luther King and Sen. Edmund S. Muskie to its ranks.

The protest by the college students will include a march through the business district, a panel discussion on the pros and cons of the war, films about conscientious objectors and a memorial service for the men who have died in Viet Nam.

Organizers of the protest emphasized that the demonstrations will be peaceful and respectful.

The students who are doing most of the work in organizing the protest have invited the local and area people to take part in some of the activities during the day. Those believing that the United States should continue fighting in Viet Nam will not be ridiculed or laughed at, they noted.

"We are not presenting just one side of the story, but we are trying to make people think about what is going on in that country," one of the organizers said.

The panel discussion scheduled for the day is planned to give

both sides a chance to be heard. It will be composed of students who are veterans of the war in Viet Nam, some who are opposed to the war and some who are in favor of it.

The students have also planned a memorial service for the soldiers who have died in that conflict. The service will be held either in front of the Wayne County courthouse or at Bressler Park. It will last about 30 to 45 minutes Wednesday morning.

Although very tentative, following are some of the events scheduled for Wednesday:

—Singing of peace songs and possibly speeches in the Student Union from 7:30 to 9:30 a.m. —March downtown and a mem-

orial service to the dead soldiers from 9:30 to noon.

—Panel discussion and showing of anti-war films from 1:30 to 4 p.m.

Also planned during the day are talks on the history of Viet Nam by Robert Brady, social science instructor at the college; a discussion on the semantics of the war by Dr. Robert Johnson, speech instructor at the college, and showing of films of an anti-war program originally shown over the Nebraska Educational Television Network.

The Cooperative Christian Ministries is helping the students organize the memorial service for Wednesday morning.

EDITORIAL COMMENT

The editorial department of a weekly newspaper is an important department. Normally it is one person's opinion of topics that concern most of the readers. It is the duty of an editorial writer to search all available facts before he sits down to write. From this basis the writer should be able to give a clear picture of important topics.

You may not agree with an editorial — but if you read the editorial and give serious thought to the subject discussed you have gained. You, as a reader, have given careful thought to an important problem and the writer is proud to have called your attention to an important subject that you may have overlooked.

Let's Prepare Now

Although certainly not as confusing as it once was, the intersection at Seventh and Main would create fewer quizzical looks by the motorists using it if the city would see to it that signs similar to those used on the Interstate system were installed there. Those signs would be easy to read and would help the drivers, especially those passing through the city for their first time.

They might even prevent an accident or injury. Anybody who has been around northeast Nebraska for any length of time doesn't have to be told about our winters. Another one is about upon us. When it hits, those arrows and words painted on the concrete at the intersection are going to be about as useful as sandals on a skier. We may as well prepare for that winter now. — NLH.

We Are Sorry

We are sorry that some people in our community were not given wisdom along with mentality. It is one thing to have a mind, but something more is required in putting it to good use.

We are sorry for that person or those persons who evidently felt compelled to burn the Wayne High School's bonfire wood early Thursday morning around 1:15 a.m. Anticipating homecoming, the WHS students put forth a lot of extra effort to assemble the pile of wood for their bonfire on Thursday night. The persons whose thoughtlessness this community could well do without, evidently figured it would be "smart" to destroy the bonfire material.

Not only did the fire destroy the efforts and hard work of the WHS students but made it necessary to do the work all over again. We're sorry the guilty party or parties didn't consider others

before falling prey to their own disturbed motives. We are sorry those who started the fire do not obviously know how many people were robbed of a good night's rest due to the blaze. Wayne's volunteer firemen were aroused out of bed to fight the fire after already having put in a hard day of work at their individual jobs. Likely those who set the fire do not know what a full day of work is like. The kind of individuals who would burn the WHS bonfire wood certainly would not have the mental capacity to think of anyone else other than themselves. We are sorry about that also.

We are sorry that though we live in an age when man has planted foot on the moon, he hasn't learned to plant that foot in the right place on the anatomy of a few social fools who get their kicks instead by destroying the efforts and work of others. — MMW.

Quotable Notables:

Claret is the liquor for boys; port for men; but he who aspires to be a hero must drink brandy. — Samuel Johnson.

Suffer women once to arrive at an equality with you, and they will from that moment become your superiors. — Cato the Censor.

JUST WRIGHT

These beautiful fall evenings, embraced by the lingering rays of sunlight, have been extra nice for working out of doors. It is fun to get out amidst the ever-deepening colors and watch them paint the neighborhood. Undoubtedly you've noticed too that O' Sol has been warning us of approaching winter by using the western horizon as a slippery slide, escaping his work a wee bit earlier each day.

There are only about three more weeks remaining of Daylight Savings Time for this year. It will mean turning the clocks back one hour. Now if a person could just figure out some way to get by with turning the clock back an hour every time the alarm goes off in the morning! Or would it be just as difficult to get up an hour later? One thing is for sure about changing the clocks — it creates a lot of conversation.

Those of you who have never had the opportunity of observing this great land of ours from the air have no idea what you are missing. Climb aboard the vehicle of words momentarily, and let me describe old Mother Earth as she appears from an altitude of only a thousand feet.

First of all you discover you are an invader into the world of birds and bugs! Most birds manage to dodge the airplane but those poor bugs! When we arrive back at the airport we'll find that literally thousands of baby bugs were "buggy" babies and found their cemetery on the leading edge of the man-made wings. Isn't it surprising to find there are bugs flying around even as high as 10,000 feet! Tell me why those parental bugs allow their children to get that high! Maybe those bugs that crash

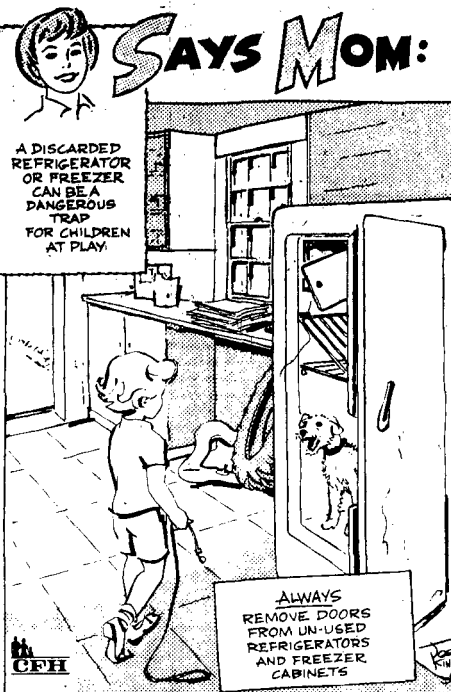

on your car windshield at night are the parents out looking for the offspring?

We gently bank to the right just prior to sunset and catch a glimpse of the Logan Creek far below. It appears to be a liquid necklace draped around the sun-tanned neck of Wayne County. The checkerboard of varying crops, squared off by mile roads, are infested with farmers harvesting the fruits of their labor.

Off to the left and below one can see a rising column of smoke ascending up an invisible ladder toward us. Yes, you can even smell the scent of burning leaves at this height. The gentle wind jests with the smoke and puts a twist in its tail.

We're flying along Highway 35 now and notice a big yellow bus. The thought occurs that it might be the Wayne High Pep Club on their way to the Friday night football game. From our aerial chair, it is obvious as to how carefree many drivers are when in the vicinity of a school bus. Drivers who are not even respectful of a school bus must have a great love affair going... with death as a potential bride.

Can you see the patch of bright orange directly beneath the right wing now? It is a pumpkin patch painted in the glow of an autumn sunset. Those pumpkins will soon, with the help of a youngster and knife, begin smiling with a toothy grin out of a front

room window as Halloween nears.

Noticing that it must be nearly supper time, because the farmer below us has the feed bins full and the cattle are maneuvering into position to feast in their out-of-door dining room, we head the airplane back to the Wayne airport. We ease the throttle off, enter the flight pattern, check for other air traffic, pull the flaps, and ease the ship onto the runway. It is a beautiful time of the year to fly. Thanks for going along.

Remember all the furor about "flying saucers" in past years? Have you noticed that all at once there ceased to be further sightings? Do you suppose those mysterious little creatures that pilot those space-jalopies may have been frightened away by seeing our three Apollo astronauts travel to another planet?

Whether you are traveling by auto, school bus, airplane or space-jalopy, you've still got another thrill coming when you get on a cycle! One of our Wayne High seniors invited me to accompany him on his cycle for a 20-mile spin recently. Following the trip, it is J. W.'s opinion that a cycle is exactly what all of us who are "fat and forty" need! Not only would it give you and your wife an opportunity to go out together once more, but she would have to sit close to you again! Due to motor vibration, cycle travelers get an automatic weight reducing massage during the trip. Now how can you beat that combination!

You won't forget to send your servicemen's addresses to The Wayne Herald for our servicemen's Christmas address list will you? The final list will not be compiled for about another month yet, but don't put it off too long!

Glue produced by barnacles has twice the strength of any commercial glue now on the market. The natural adhesive hardens in salt water and withstands more than 7,000 pounds of force.

Political Meet Set

Topic of a coming meeting sponsored by the Ponca Republican Women will be the election laws on the school, city, county and state level and of the laws on national convention elections. The public is invited to the meeting, which will be held at the Dixon County court house in Ponca on Tuesday, Oct. 14, at 7:30 p.m. Lunch will be served by the sponsors following the meeting.

SBA Offering Help To Area Businesses

The Small Business Administration is continuing its efforts to provide every small business with an opportunity to use the financial and management assistance it makes available. Arrangements have been made to conduct interviews at the Norfolk Chamber of Commerce on Thursday. A loan officer from the Nebraska office of SBA will be available to discuss management and financial problems. Those persons interested in SBA programs are requested to make an appointment by calling the Norfolk Chamber some time prior to Thursday.

You can rely on it if you read it in The Wayne Herald.

Table with market prices for various commodities like New Wheat, Corn, Oats, Cattle, Hogs.

Nebraska Short Notes

William Madgett has opened a new bank at Holstein, starting with a capital of \$10,000. J. Knollin & Co. have a large force of men at work at Norfolk building a winter sheep ranch for 10,000 head of sheep. Allen schools have grown until an additional teacher is required. The Elkhorn road is building a new depot at Hooper. Ground will be broke this week for Norfolk's new theater. Charles E. Schaffer, a train hand, fell from the cars at Johnston, last week and four cars passed over him, cutting his body in two. The Plattview post office has been raised from a fourth class to a presidential office of the third class.

Wolves Hiding Chickens

Wolves are numerous and daring in the country surrounding Winslow. They roam about in bands of five or six and attack poultry with impunity, even catching chickens before the very eyes of their owners and in spite of attempts to drive them off. In one instance the wolves stole 200 chickens from one farm.

Head Severed From Body

A switchman found the body of an unknown man on the track a short distance north of the B. & M. depot of Plattsmouth the other morning. Near by was found the head, which had been severed at the neck. There was a deep wound in the forehead about two inches long and one on the back of head, either of which would have caused death. His hair was cut short; he is about 25 years of age and wore a blue-black coat and vest, a pair of blue overalls, well worn, a good suit of underwear, a pair of heavy socks and shoes and a black stiff hat, comparatively new. There were no papers to identify the unfortunate victim, but \$25.85 was found on his person. Doubtless he was attempting to board or alight from a train and, falling, met his death. Other facts leading to his identity may be brought out by the inquest.

Local and Personal

A special to the Omaha Bee from Wabasha on Oct. 9 says: "Yesterday morning during the absence of their parents, Lawrence, aged 5, son of Captain J. H. Brown, while playing with matches in the front yard, set fire to the dress of his sister, Lucy, aged 2, and she was fatally burned, dying this morning at 6 o'clock. A neighbor who heard her cries smothered the flames with his coat, but was too late to save her life."

Rev. Mr. Barker is preaching some powerful sermons at the M. E. Church this week. Last night ten persons were at the altar and ten or twelve more arose for prayers. Mr. Barker has a wonderful faculty for winning souls for Christ. He does not scold or abuse anyone, but preaches the plain Gospel as he finds it in the Bible. He uses many illustrations and presents the truths in such an eloquent and forcible manner that many are convicted of their sins and led out into a purer and nobler life. The meetings will continue every night this week and next week.

Manager Britton has put in electric lights at the opera house and they will be lighted for the first time on Friday night, Oct. 13, at the Morris Cristo entertainment. This play is one of the most celebrated and will be produced by an excellent company, headed by Mr. Chas. H. Farnham. The people of Wayne are to be congratulated on securing this class of companies.

Wayne county is sure to roll up a good big Republican majority this fall. Every man on the ticket should be elected.

Dave Surber came near meeting with a serious accident the other day. He was hauling wheat and when crossing a bridge over the creek west of town the bridge gave away and for a moment Mr. Surber thought the horses, wagon, wheat and all would be piled up in a heap in the creek. Luckily the end of the bridge caught on the creek bank after falling about four feet and Mr. Surber drove off without any damage to team or wagon.

Mrs. R. Craven received a message from Carthage, Mo., on Tuesday, bearing the sad intelligence of the death of her brother, who passed away very suddenly.

The corner stone of the new German Lutheran Church will be laid next Sunday afternoon.

We have just received our fall supply of H. J. Heinz's goods. The Cherry, Strawberry and Blue Damson Plum preserves we venture to say are the finest things in that line ever brought into the city. Epler & Co.

Schedule Evening Of Gospel Music

Music will fill the air at Wakefield High School auditorium Wednesday evening as the Blackwood Brothers Quartet, claimed to be America's number one gospel quartet, are joined by the Kordsmen and the Royalaires in presenting to the public an evening of gospel music.

Tickets for the 7:30 p.m. performance will be sold at the door at a cost of \$1.50 each. Advance tickets may be purchased at \$1.00 each by writing Box 21, Nelligh, or by contacting Orval Hekerson or Myron Olson, Wakefield. Special seats, at \$1.50 each, can be reserved only by writing Box 21 in Nelligh.

The Blackwood Brothers, who have been recording, publishing, broadcasting and writing gospel music for 30 years, are managed by James Blackwood, only member of the original group, who also sings the lead part and acts as emcee. He is joined by bass London Harris, baritone Cecil Blackwood, tenor Bill Shaw, pianist Peter Kaups and guitarist Dwayne Friend, known as "Mr. Gospel Guitar."

The Kordsmen of Nelligh, featuring Dennis Haverport, Dave Hatzlaff, Tim Peterson and Darrel Baker, The Royalaires are of Sioux City, Iowa.

Wayne Club Plans 50th Anniversary

With foresight, ability and determination, 54 women met in 1919 to form what is now the Wayne Woman's Club. They set for themselves three goals, to improve their city, to contribute to the betterment of the nation and world, and most urgent, to raise money for a community club house.

Of the 54 women who chartered the club, three, Mrs. Fred Berry, Mrs. J. W. Jones, and Mrs. C. M. Craven, still reside in Wayne. Those three will be honored Friday, Oct. 24, at a 50th anniversary luncheon and a program at the city auditorium. Program theme will be "Foresight, Ability and Determination." State and district III officers are expected to be present and the public is invited to attend. Cake and coffee will be served.

A planning meeting was held Friday afternoon at the Woman's Club rooms.

Wayne Blanks Plainview 40-0 Friday

By Jack Manske

A convincing victory capped Wayne High's homecoming activity Friday night as the Blue Devils overpowered Plainview 40-0 on the WSC gridiron.

Following the annual pre-game coronation ceremony which found Linda Penn (daughter of Mr. and Mrs. Robert Penn) and Randy Helgren (son of Mr. and Mrs. Gene Helgren) reigning as queen and king, Coach Allen Hansen's

gridders smothered the Pirates with 453 total offensive yards while chalking up their fifth win of the season.

Wayne's previous successes include victories over Madison (34-0); Wisner (16-6); Neligh (52-8); and Stanton (46-13).

Five seniors shared scoring honors for the Blue Devils as they reached paydirt once in the opening quarter, twice in the second quarter and once in each of the remaining periods.

Les Echtenkamp scored Wayne's first touchdown on a two-yard plunge with 6:58 left in the first stanza. The run completed a sustained drive which began on the Blue Devils' own 34-yard line following a Plainview punt. A pass from Helgren to Doug Maurer gave Wayne the two-point conversion.

Possession of the football exchanged hands three times following Wayne's kickoff before the Blue Devils initiated their second successful drive late in the period.

Forty-five seconds had elapsed in the second quarter before Mike Biltoff crossed the goal line on a two-yard drive, spearheading the 41-yard drive which took Wayne seven plays to complete. An aerial from Helgren to Ted Armbruster gave the Blue Devils a two-point conversion and local fans enjoyed a 16-0 lead.

After a series of turnovers Wayne was on the march again from its own 37-yard line following a Pirate punt. Eight plays later Helgren capped the drive with a 16-yard sprint, advancing the

score to 22-0. Dan Sutherland ran for the extra points and the Blue Devils' 24-0 lead remained intact for the final 2:38 of the half.

Wayne was quick to score in the second half when it took Plainview's kickoff and played its way 77 yards to paydirt. Sutherland ended the drive with a one-yard powerplay and Echtenkamp added the two extra points. The Blue Devils' comfortable 32-0 advantage was un-molested for the remaining 8:13 of the third quarter.

Although the Pirates forged their way 67 yards to Wayne's 20-yard line in the opening minutes of the final period, they were forbidden to penetrate any further as the Blue Devil defensive unit held them on a fourth down and five situation.

After assuming control of the ball, Wayne marched 78 yards

in five plays to Plainview's goal line. A 26-yard pass from Helgren to Armbruster completed the drive and Jim Kenny added the two-point conversion.

Neither team seriously threatened to score in the remaining eight minutes of the game.

Les Echtenkamp was Wayne's leading rusher with eight carries for 70 yards. He was followed by Dan Sutherland (10-55), Mike Biltoff (6-52), Jim Kenny (4-52) and Randy Helgren (7-48).

Leading pass receivers for the Blue Devils included Randy Robins with two receptions for 70 yards, Doug Maurer with one reception for 32 yards and Ted Armbruster with one reception for 26 yards.

Seven players led Wayne's balanced defense. They were: Ken Jorgensen (six tackles and one assist); Bill Fletcher (5-1); Charles Weible (5-0); Sutherland and

Dennis Redel (4-2); and Gary Helthold and Helgren (4-1).

Future action will find Wayne traveling to Bloomfield next Friday night, hosting West Point CC Oct. 22, making a road trip to Laurel Oct. 31 and ending regular season play at home against Pierce Nov. 7.

Reds Manage 12-6 Win Over Whites in Championship Game

The Reds in the heavy division of the city recreation football program clipped the Whites, 12-6, Oct. 2 to emerge champions in their division.

Trailing 6-0 going into the fourth period, the Reds came up with two touchdowns late in the game to tally their second victory of the season. Their touchdowns came on a 10-yard run off tackle by Kerry Jech and a pass from Jech to Scott Ehlers with only 14 seconds left in the game. The final touchdown drive covered 60 yards in three pass plays.

In the light division, the Whites scored a 14-6 victory over the Reds to finish the season undefeated. Brian Hedrick scored both touchdowns for the winners, the first in the opening quarter on a run from five yards out and the second in the fourth period on a run from 15 yards with only three minutes left in the game.

The lone White tally came in the first stanza when Larry Creighton took the ball over the goal from about 10 yards away.

The young grid players out for the city recreation program have now been divided into three leagues: Little League (youngsters 65 to 95 pounds), Pony League (all six and some seventh and eighth graders under 100 pounds) and Midget League (all seventh and eighth graders who don't start on the new junior high team).

Recreation program games will be played on Tuesday nights. Sunday afternoon games are no longer being held.

Next action for the youngsters is Tuesday night when they play two benefit games in order to raise money for the Community Chest. Games will start at 6:45 and 8:00. Admission is 50 cents for adults, 25 cents for students.

Norfolk Frosh Clip Wayne Squad, 20-12

Although Wayne freshmen gained more total yards than the Norfolk squad, they ended up 20-12 losers in the clash last week. Wayne came up with 190 yards rushing and 40 yards passing as compared to Norfolk's 137 yards rushing and 70 yards passing.

Wayne came up with touchdowns in the first and third quarters while giving up two touchdowns to Norfolk in the second quarter and another in the final period.

Leading defensive men for the local frosh were Randy Nelson with 12 tackles, Charles Morris with 11 and Tom Kerstine with nine. Doug Sturm compiled 73 yards rushing to lead in that department. Glen Biltoff had 67 yards. Both carried the pigskin 11 times.

Jr. High Gridders Rap Wisner, 6-0

The junior high recreation football squad blanked Wisner-Pfizer, 6-0, Thursday night to open the season on a winning note.

Only score in the game came on a Bill Schwartz-Farle Overlin pass late in the second quarter. The aerial play covered 20 yards. Wisner, which was forced to play the whole first quarter in their own territory, finally launched its only threat in the game in the fourth period. Wisner drove clear down to Wayne's 20, deep penetration in the clash, with about three minutes left in the

game before Wayne's defense halted the hosts.

Kerry Jech tallied the longest run of the night for the winners when he raced 35 yards on an end sweep. Outstanding on the defense was Gordon Cook. He intercepted three passes, one of which he took on his own 25 and returned to Wisner's 20 to halt that Wisner threat in the fourth period.

Other outstanding players included Bruce Kucera, Kerry Ehlers, Gordon Cook, Kerry Jech and Clark Clatanoff on offense, and Bill Schwartz, Farle Overlin, Marty Hansen, Kerry Jech and

Kim Baker on defense.

Starting lineups on the recently formed squad: offense—Earle Overlin, Kevin Helthold, Jim Chapman, Jeff Lamp, Mike Meyer, Kim Baker, Brian Johnson, Bill Schwartz, Marty Hansen, Kerry Jech and Gordon Cook; defense—Bruce Kucera, Kevin Helthold, Jim Chapman, Jeff Lamp, Gregg Swinney, Ed Sandahl, Scott Ehlers, Gordon Cook, Kerry Jech, Todd Bigelow and Clark Clatanoff.

The junior high squad will meet Laurel on Wednesday afternoon at 4:45.

Winside Passing Game Destroys Ponca, 20-12

The Winside Wildcats, led by the passing of junior Gary Soden, rambled to a 20-12 victory

over the injury-laden Ponca Indians in a road game Friday night.

Young Soden, 6-0 and about 160 pounds, rifled three touchdown passes in the night's action. Two of those passes went to one receiver—senior Fritz Weible. The other TD pass went to senior Bob Jackson.

Finally showing improvement in their aerial game after devoting considerable time and work to it in practice, the Wildcats almost immediately used that attack after seeing the Indians march to a touchdown the first time they got their hands on the ball.

Winside	7	6	7	0	20
Ponca	6	0	6	0	12

The drive covered 60 yards. Soden hit Weible from about six yards out for the first touchdown as the quarter came to a close and Kevin Frevort kicked his first of two successful extra point attempts to give the visitors a 7-6 advantage.

Neither team was able to score

again until late in the second quarter when Soden again called upon Weible when the Wildcats were down to about the Ponca 10-yard line. Weible snared the pass and broke several tackles as he raced into the end zone to give the Wildcats a slim 13-6 lead at intermission.

Ponca narrowed that lead to 13-12 early in the third quarter when the Indians capped a 60-yard drive after taking the kick by scoring their second touchdown of the night. But Soden again increased the Winside lead when he came up with his third TD pass of the night—this one going to Bob Jackson and covering about 20 yards. Frevort again split the up-rights to give the Wildcats their winning margin.

Coach Doug Barry, in his first year at Winside, noted that the Winside aerial game looked very good against the Indians. "They are hurt by injuries, but our passing game is really what pulled us through," he said. Winside tallied about 141 yards by passing and about 105 yards rushing.

Leading defensive men in the conference clash were Phil Witt, Dave Langenberg and Greg Troutman. Bob Jackson led in the rushing department, followed closely by Phil Witt.

Bear Offense, Defense Destroy Stanton

By Norvin Hansen

Aweome. That's the only way to describe the performance of the Laurel Bears Friday night when they rolled to a 50-13 homecoming victory over Stanton.

Laurel completely dominated the game until a few defensive errors in the fourth quarter allowed the Mustangs to cross the Laurel goal—something that had looked almost impossible to Stanton fans for nearly 40 minutes of action.

But up to that time the Laurel defense, like its offense, looked almost superb. Repeatedly, Laurel's Jim Schroeder broke through and around the slower Stanton defenders to either throw the Stanton quarterback for losses or harass him enough so he was unable to spot his receivers on pass plays or find his openings on running plays.

It must have seemed to the Stanton quarterback that the Laurel team was made up of Schroeders—if it wasn't Jim getting to

him, it was George. Defensive action by the two Schroeders and Paul McCoy, Dennis Dickey and Allan Hanson forced numerous mistakes by the Stanton ballhandlers and ended up in forcing

Stanton 0 0 0 13

them to punt nine times by the end of the third quarter. Laurel was forced to punt only once in that time and that was in the opening seconds of the first quarter before the Bears began eating up yardage as if this were the last game of their high school career.

And when Laurel got the ball—except for those few sputtering attempts in the opening minutes of action—there was little the Mustang defenders could do to stop them from scoring. A dazzling fake reverse on a punt return by Junior Jerry Sarha tallied Laurel's first score and opened the floodgates with just over two minutes left in the first stanza. The score came on exactly the same play that Sarha had turned into a 54-yard gainer a few moments earlier when the Bears had the ball on their own 38. After losing the ball to Stanton on a fumble on their next play, Laurel forced the visitors to punt for the second time in the game seconds later and Sarha scooped the ball up on Stanton's 45 and turned the reverse into six points.

Less than two minutes later Laurel used the same play—only this time Sarha handed off to Junior Steve Smith—and scored from the Laurel 48 on a punt return. Both times the Laurel runners were protected by a

LAUREL ROYALTY: Ross Dirks and Vicki Christiansen were crowned king and queen during the Laurel High School homecoming ceremonies Friday night. The affair capped a successful night for the bears, who had earlier handed Stanton a 50-13 beating on the gridiron. Other candidates for the honor were Rod Erwin, Jim Schroeder, Dale Magnuson and Allan Hanson, and Sue Schaefer, Toni Mallatt, Doris Dickey and Dixie Smith. Ross is the son of Mrs. Phyllis Dirks of Concord; Vicki is the daughter of Mr. and Mrs. Virgil Christiansen of rural Laurel.

strong defending wall in front of them until they broke into the open close to the goal.

Laurel kept up its aggressive offense in the second period, racking up two more touchdowns and

another extra point in less than three minutes.

Jim Schroeder came up with the first touchdown when he took a handoff from quarterback Steve Erwin and swept around his right end from 43 yards out. Erwin's pass for two points on the conversion failed, but he took the ball over for one point about two minutes later after passing to Sarha in the endzone for the fourth Laurel touchdown.

Laurel had gained control of the ball shortly after that Schroeder touchdown when George Schroeder swarmed over the Stanton quarterback to knock down two consecutive passes and forced Stanton into a punting situation. A bad pass from center gave Laurel control on the Stanton 35.

The Bears were unable to score the next two times they had possession of the ball, but an alert Jim Schroeder set up their fifth touchdown when he pounced on a Stanton fumble about midfield. With time running out, Steve Erwin guided the Bears to Stanton's 29. Then he rifled a pass to Rod Erwin who took the ball into the endzone with no time showing on the clock. Erwin went to the air again on the two-point conversion attempt and connected with Ross Dirks to give Laurel a huge 36-0 lead at intermission.

Laurel put together its longest sustained drive of the night halfway through the third period. Workhorse Jim Schroeder tallied about 70 yards in four carries as he and Rod Erwin moved the Bears to the Stanton two before quarterback Steve Erwin tallied the next Laurel TD on a quarterback sneak. Laurel came up with eight more points—giving them a 50-0 lead—about five minutes later when Jim Schroeder took the ball over the goal from 15 yards out and then tallied the two points on the conversion.

Stanton, unable to control the ball for any length of time during the first three quarters, finally pieced together enough yardage in the fourth to score its first touchdown of the night. The tally came on a fourth down and ten situation on Laurel's 34. A pass from quarterback Doug Podoll to Marland Erbst went to the Laurel two for another first down. Erbst took the ball over with 8:57 left in the game.

Stanton capitalized on a bad pass by the Laurel center after forcing the hosts into their second punting situation of the game. A pass interference call moved the Mustangs to the 12 and another pass from Podoll—this one to Bob Schellpeper—put them into the Laurel endzone. Jim Peterson kicked the extra point with just over seven minutes left to play.

Now sporting a record of four wins and one defeat, the Bears travel to Crofton Friday night for a NENAC contest.

Tekamah Drops Wakefield, 19-8

Held to only one touchdown and a two-point conversion, the Wakefield Trojans suffered their third defeat of the season Friday night when they hosted Tekamah.

The defeat, 19-8, gave the Trojans a record of three wins and three defeats. That will be changed one way or the other Friday night when they travel to Oakland.

Held to only 13 yards on passing and 177 on rushing, the Trojans could manage only 11 first downs in the contest. Tekamah tallied 94 yards in the air and

236 yards on the ground. The visitors came up with 15 first downs in the contest.

Wakefield, down 13-0 at intermission, battled back for its only scores in the game about

midway in the third period. Rich Kline swept around his end from about four yards out to narrow the Tekamah lead to 13-6. He came back seconds later for a successful two-point conversion run to give Wakefield their final points of the tilt.

Led by workhorse Bob Littel—200 yards in 25 carries—Tekamah rolled to an early 6-0 lead in the first quarter when Littel carried the ball into the Wakefield endzone from 10 yards away. He showed his versatility shortly after by booting the extra point.

Late in the second stanza Danny Weatherly passed to Doug Martin for the second Tekamah score. The pass play, one of four Tekamah completions during the action, covered about 39 yards. Tekamah, after giving up the one touchdown and the conversion to Wakefield in the fourth quarter, led the game when Littel drove over the goal from 11 yards out to give his team the 19-8

margin.

Leading defenders in the action for Wakefield were Larry Schantell, Dennis Paul and Rob Mavis. Littel was the strong Tekamah defender.

Gaining the majority of Wakefield's yardage were Rich Kline (63 yards in 15 carries), Island Miner (54 yards in 19 carries) and Kevin Peters (39 yards in five carries).

Wakefield attempted 10 passes and completed two. Tekamah attempted nine, connected on four. In the fumbles department, Wakefield lost one of three, Tekamah three of four.

Winside Griddler Hurt

Scott Deck, quarterback for the Winside reserve squad, suffered a broken collarbone in the third quarter during the Winside-Pierce game last Monday night. He will be out for the season.

OVERPOWERING RUNNING PLAYS like this one by Junior Jerry Sarha enabled Laurel to tally a 50-13 homecoming victory against Stanton Friday night. Stanton's Odie Hill closes in on the speedy Sarha.

CANDIDATES FOR WINSIDE ROYALTY: A king and queen will be chosen from these two groups of royalty candidates and crowned in special ceremonies during the homecoming dance at the Winside High School Friday night following the football game. The students were chosen last week by classmates. Queen candidates (from left with parent's names in parentheses): Sandy Deck (Lester), Donna Krueger (Jack), Bev Gries (Howard), and Sharlene Brockmoller (Kenneth). King candidates (from left to right): Doug Deck (Myron), Phil Witt (Fritz), Dave Witt (C. O.), and Bob Jackson (Charles).

Winside Slates '69 Homecoming

Winside High School Wildcats will get their 1969 homecoming activities underway Thursday night at 7:30 p.m. with the traditional "Burning of the W" ceremony at the football field. Also scheduled Thursday night is the powder puff football game played by Pep Club girls. Junior and freshmen girls are slated to meet the senior and sophomore girls on the Wildcat gridiron.

Grades seven through twelve will each make a float for a downtown parade in Winside Friday at 1 p.m. The classes will also present skits at that time related to the homecoming theme "Join the Wildcat Generation!"

Friday's activities include the homecoming game with Randolph set for 7:30 p.m. followed by a dance in the school gymnasium. The 1969 royalty will be named

and crowned in a ceremony at the dance.

Contestants for queen include Sandy Deck, Donna Krueger, Bev Gries and Sharlene Brockmoller. King candidates are Doug Deck, Phil Witt, Dave Witt and Bob Jackson.

Get NU Scholarship

Two Wayne County upperclassmen at the University of Nebraska received scholarships totaling \$300 for the 1969-70 school year.

Receiving the scholarships were M. E. Boeckenhauer of Wayne, son of Mr. and Mrs. Robert Boeckenhauer, and Michael Scott Olson of Carroll, son of Mr. and Mrs. Phillip H. Olson. Boeckenhauer's scholarship was from Ak-Sar-Ben for \$200. Olson's was a Schoonover scholarship for \$100.

'Grant' -

(Continued from page 1)

Her duties are many, including visiting each school in the county at least twice each year, observing discipline, modes of instruction, progress and proficiency of pupils and making a record of her findings. Annual reports on these conditions are made to the Commissioner in the State Department of Education. She arranges for institutes and lectures to provide teachers in the county an opportunity to improve themselves in the art of teaching. The changing of boundaries of existing school districts or the forming of new districts are also the duties of this office.

The county sheriff, Don Waible, acts in behalf of the residents of Wayne County. It is his duty to see that public order and peace are kept in the county by enforcing the laws. He serves writs and orders for both county and district courts. He is in charge of the county jail and its prisoners. He sells at auction property under foreclosure and collects delinquent taxes or personal property by distress sale.

The county attorney, Don Reed, prosecutes and defends on behalf of the state and county all suits in which the state or county is a party or has an interest. He gives legal counsel and advice to the county board and other county officers when requested to do so. The legal requirement for this office is that the person hold a law degree.

Beside the elected officials, Wayne County has other appointed offices: county agricultural Extension agent - Harold Ingalls; county veteran's service officer - Chris Rargholz; county assistance director - Mrs. Ethyl Martelle, and a director of defense - T. P. Roberts. This, then, is a "bird's-eye" view of the power of the people, by the people and for the people, through county government.

Tutoring -

(Continued from page 1)

students expressed interest in tutoring. Fifteen students, taking summer classes, joined a tutoring project in July and August at the South Sioux City Community Center.

The initial contacts and planning for the project were then made during the summer by faculty members, including Richard Hursey, Stephen Weiser and Francis Moul. Now some 10 faculty members from the English, foreign language and social science departments are involved and will accompany the student tutors to Winnebago.

Plans for future expansion of the tutorial program are being considered for the Macy and Walthill schools. In addition, other programs are being discussed, such as bringing Indian students who are potential college students to visit the Wayne campus and forming student-faculty teams from Wayne to visit area schools and interest Indian students in college.

Wayne State College also is in the process of applying for a

aid than did last year, according to Superintendent Haun.

For the 1968-69 school year the local school district received about \$99,000 out of the \$102,000 it was supposed to receive. The rest was tied up pending the outcome of legal suits brought by districts who thought they were entitled to a larger share of the aid. This year's state aid will amount to about \$122,000, only about 20 per cent more than that received last year.

Superintendent Haun noted that if the Legislature had not broadened and lowered the qualifications for the aid this year, the school would be receiving a larger share and could therefore lower its mill levy, one of the reasons for increasing the aid.

"But we are receiving aid amounting to about 11 mills," he noted. "This is important and this should be realized by the people who are paying the taxes to support our schools."

Mrs. E. Hosh Services Held In Randolph

Funeral services for Mrs. Elizabeth C. Hosh, 89, were held Oct. 3 at St. Frances Catholic Church, Randolph. Burial was in the Parish cemetery.

Elizabeth Hosh, daughter of Mr. and Mrs. John Neiers, was born June 12, 1880 at Cascade, Iowa. She died Sept. 29 at Osmond General Hospital. On May 10, 1905 she married Michael L. Hosh at Cascade.

Survivors include two sons, Francis of Ackley, Iowa, and Lawrence of Chapman, Neb.; five daughters, Mrs. Reynold Loberg, Carroll, Mrs. Ted Dicks, Kesley, Iowa, Mrs. Leonard Bradley, Monticello, Iowa, Mrs. Joseph Bonewitz, Ackley, and Mrs. Herbert Harrison, Stockton, Calif.; one brother, Raphael Neiers, Cascade; 38 grandchildren and 51 great grandchildren. She was preceded in death by her husband, one son, six brothers and one sister.

Personal Taxes Now Delinquent Exceed \$23,500

The Wayne County treasurer, Leona Balde, reported Friday that 151 distress warrants representing \$23,535.03 in delinquent personal taxes were certified to the county sheriff's office for collection.

The amount is \$13,300.64 less than one year ago when there were 330 distress warrants amounting to \$36,835.67, according to Miss Balde.

According to county law, the sheriff's office may seize and sell personal property when delinquent taxes are not paid. The delinquent taxes represent those levied in 1968 and previous years. Only business and farm establishments pay personal property taxes since the tax on household goods was eliminated in 1968.

Winside School Man Named in Directory

M. J. Masten, superintendent of Winside Public Schools, was notified last week that the editor of "Personalities of the West and Midwest," a publication of the News Publishing Co., Raleigh, N. C., has approved the superintendent's nomination for inclusion in the 1969 edition.

Personalities are selected from nominations furnished by colleges and universities, businesses, civic clubs and individuals. Purpose of the publication is to recognize individuals who have contributed to the life of their community either by profession or civic activities.

The 1968 edition of "Personalities of the West and Midwest" contained over 3,000 biographies of prominent citizens.

Job Help Offered

A representative of the Norfolk office of the Nebraska Department of Labor will be at the Wayne Chamber of Commerce office at 9:30 a.m. on Oct. 22 to help any area people with their employment problems.

Two hundred fifty-two job seekers were registered for work at the close of September as compared to 382 at the close of that month a year ago. That represents the lowest supply of available labor in this area for several years, the office reports.

Funeral Services For Edwin Longe Held Saturday

Funeral services for Edwin Albert Longe, 55, were held Saturday at the Grace Lutheran Church, Wayne. Mr. Longe died Thursday at Sioux City, Iowa.

The Rev. E. J. Bernthal officiated at the rites. Frederick H. Mann sang "Be Still My Soul" and "Heaven Is My Home," accompanied by Mrs. Ed Bernthal. Pallbearers were Arnold Brudigan, Rollie Longe, Wallace Giese, Marvin Brudigan, Ivin Nelson and Frank Brudigan. Burial was in Greenwood Cemetery, Wayne.

Edwin Albert Longe, son of Theodore and Elizabeth Brudigan Longe was born March 15, 1915 in Wayne County. He was baptized and confirmed by Rev. H. L. Borneman in St. Paul's Lutheran Church southwest of Wakefield.

He was preceded in death by his parents and one sister. Survivors include three sisters; Mrs. Otto Test, Mrs. Edward Everett and Mrs. Herbert The John Powers family and Don Harmer family, all of Carroll, Mr. and Mrs. Bernie Bowers joined them for the evening.

Teachers Hold Meet

About 50 elementary, secondary and college teachers from Wayne and Cedar Counties met Tuesday night in the Birch Room on Wayne State campus in a special regional Nebraska State Education Association meeting.

Main purpose of the meeting was to discuss the possibility of teachers paying one lump sum in dues in order to belong to several professional organizations. Speaking to the group were Paul Bells of Lincoln, assistant to the NSEA executive secretary, and Dale Lestins, regional representative for the National Education Association. Also present for the meeting was Lorine Smith of O'Neill, president of this district.

Wayne Students Told of Foreign Study Program

The newly-formed Americans Abroad Committee of the Wayne American Field Service Chapter sponsored an all-school assembly Oct. 7 in the Wayne High School lecture hall, according to Kendall Carlson, guidance counselor. It was the first all-school assembly for the 1969-70 school term.

Carlson noted that the purpose of the program was to acquaint all students with the purpose and functioning of the Americans Abroad program and how it may affect high school students.

Vance Stead, superintendent of schools at LeMars, Iowa, was the featured speaker. Stead has worked with the AFS program for many years. He recently lived in Norway for six weeks as a recipient of an AFS educator's scholarship in order to study people and customs of that country.

Stead explained to the WIS

students that the Americans Abroad program offers young Americans the opportunity which America offers to students in other lands. He said a junior or senior at Wayne High School could live in a foreign country, through the program, for either a summer or for a full school year if he or she is selected to participate in the program. Final selection of Americans Abroad candidates is made by the AFS in New York, Stead explained.

Wayne High School may send a student abroad if he or she meets the following requirements: Must have excellent health, age 16 or older, a U.S. citizen, attend a high school which currently has an AFS student from abroad, has a year and a half to two years of any foreign language and has a broad academic background.

Mrs. LeRoy Simpson, chairman of the Americans Abroad Committee in Wayne, spoke to the students concerning application forms and local screening procedures. The New York office of the AFS, she noted, makes the final selection of candidates

to go abroad next summer or for the school year 1970-71. The Wayne AA committee may submit two names for the New York AFS to consider for final selection.

The cost for sending a student for the summer AA program is \$850 while the cost for the full school year program is \$950. Limited funds of the AA program necessitate that a major portion of the money be obtained from the parents of the interested student. Such students should contact Mrs. LeRoy Simpson or Kendall Carlson for further details.

Deadline for completing application for either the summer or the full school year program is Oct. 18.

Other AA committee members present at the assembly were Mrs. Gay Thorbeck, Mrs. Robert Benthack, Mrs. Dorothy Brandstetter, Robert Boeckenhauer, Elaine Lundstrom and Ken Carlson. Robert Porter, president of the Wayne AFS chapter, and Tessie Urian, current AFS student attending Wayne High from the Philippines, were also present.

WS Music Majors Give Joint Recital

Two music majors at Wayne State College, Barbara Boe of Madison, and Joan Bobenmoyer of Hartington, presented a joint senior recital Friday in Ramsey Theatre.

Both have performed in the college's major musical organizations and several small ensembles. Both are members of Tau Beta Sigma, national honorary sorority for bandwomen.

Miss Boe, a 1966 graduate of Madison High School and daughter of Mr. and Mrs. Elmer Boe, played the alto saxophone in this recital. Miss Bobenmoyer, a 1966 graduate of Coleridge Community High School and daughter of Mr. and Mrs. Fay Bobenmoyer, sang a number of soprano selections for her part of the program.

Their accompanists were Sallie Bergt, Wayne, and Linda Anderson, Wakefield.

The recital was the first in the year's series of senior recitals required of students majoring in music. The public is invited to hear all of them.

N. Gene Carlson

Crusade Dates Set by Church

A Wakefield High School graduate and former member of the congregation will return to Wakefield Oct. 26-30 as guest speaker for a special series of Evangelistic crusade services scheduled at the Wakefield Christian Church, according to John Epperson, minister.

N. Gene Carlson, son of Mr. and Mrs. Ivar Carlson, Wakefield, is presently minister of the Westlink Christian Church in Wichita, Kan. He is married and has two children.

The 32-year-old evangelist is a graduate of Manhattan Bible College, Manhattan, Kan., where he received the AB degree; a graduate of Christian Theological Seminary, Indianapolis, Ind., where he received the BD degree and holds a masters degree from Wichita State University, Wichita, Kan.

As a high school student in Wakefield, Carlson was an outstanding athlete setting a broad jump record which remained unbroken for over ten years. His interest in sports continues as he now serves as a member of the board of directors for the Wichita chapter of the Fellowship of Christian Athletes.

The former Wakefieldian will be speaking nightly in the 7:30 p.m. crusade services.

Area Schools Observe National Lunch Week

Wayne City Schools and other schools in the area and across the nation will be observing National School Lunch Week all this week.

This is the 10th year that the Wayne public school system has been serving food to school children. During that decade, the program has grown from the 350 meals served on the first day to the 875 meals served daily this year. The school at Carroll has been serving noon lunches to the Carroll students for the past seven years.

Children from West Elementary, Middle School and Wayne High are served through the Wayne lunch program.

Drug Use Telecasts Will Begin Tonight

Edward F. Samore, Woodbury county attorney, Sioux City, has announced that his office will cooperate with Channel 9 in offering a week-long series of telecasts related to problems of using drugs. The series will be seen at 10:35 p.m. each evening starting tonight on KCAU-TV.

Attorney Samore notes that the use of pop drugs is growing and there seems to be a lot of misunderstanding concerning dangers involved. The attorney said, "Many young and old people are not well informed. Many of them turn away, wanting to believe that the problem does not exist."

A former drug addict and a college student who has used narcotics will appear with other guests on the series of programs which are designed to inform viewers of the problems, causes, results and cures of drug use.

Area Youth Places 10th at Texas Fair

A northeast Nebraska youth, Carry Sellin of rural Norfolk, placed 10th among 18 finalists competing for the Western U. S. Tractor Operators' Championship during the Texas State Fair at Dallas.

Sellin, 17-year-old son of Duane Sellin, represented Nebraska in the contest by winning a series of county, district and state driving eliminations. He has been in 4-H seven years and in the tractor project five years.

The championship contest was conducted by the Extension service at Texas A&M University and those in participating states and the National 4-H Service Committee.

Winside Pupils Given Physical Exams by ESU I

Educational Service Unit I personnel conducted physical examinations in the Winside Public Schools recently, according to Principal Ron Kramer. He noted Thursday, "During the past three to four weeks, post cards have been sent to the parents of the children which have shown indications that medical attention is needed in relation to their eyes, ears, nose, throat and teeth. It is recommended by the ESU and by the school's administration that special effort should be made by parents to see that proper medical attention is given."

Kramer said that it is through the joint effort of the school and parents that a proper environment can be created for learning. "A student," he explained, "experiencing a difficulty due to some ailment which can be corrected through proper medical attention, will also experience a handicap in producing satisfactory school work."

ESU conducted hearing tests at Winside with tests indicating several students are experiencing problems in hearing.

Principal Kramer pointed out that the ESU will notify those parents whose children are having hearing difficulties.

In other Winside school news, Supt. M. J. Masten and Prin-Principal Kramer attended the sixteenth annual conference for superintendents of schools Oct. 8 at Morningside College, Sioux City, Iowa. Among subjects discussed during the half-day program were the Great Plains Project, modular scheduling and teacher-administration relations and negotiations.

Parents Day Slated At WSC Saturday

Parents Day is on Wayne State's calendar next Saturday. It is an annual event when the college invites students to invite their parents for a day of campus visiting.

Dormitories are planning open house from 11 a.m. to 5 p.m. There will be a buffet dinner from 10:45 a.m. to 1:15 p.m. in the Student Center and supper from 4:30 to 6:30.

In between meals and dormitory visiting the parents can go to Ramsey Theatre at 2 p.m. for the third annual Greek talent show. If it's like the first two, this will be hilarious.

The day's finale will be the Wayne State-Kearney State football game at 7:30 in Memorial Stadium.

One thing about Parents Day: moms and dads can come for fun instead of heavy labor, now that they have already hauled their children's goods into a room.

Area People Attend Cancer Division Meet

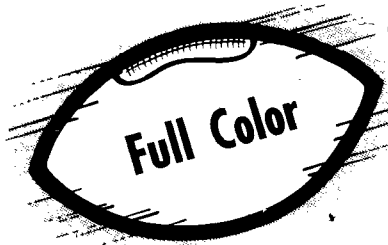

Mrs. Rudy Longe of rural Wakefield and Dr. George John of Wayne attended the annual meeting of the Nebraska division of the American Cancer Society in Omaha last Friday and Saturday.

The volunteers attending the annual meet saw the Society's new film, "Journey into Darkness," a documentary on cancer quackery. This is a dangerous problem even in Nebraska, according to the speaker following the film.

Mrs. Longe, unit president, noted that new film strips, resource materials and teaching aids are available to students and biology teachers to help them in understanding cancer. She also pointed out that a committee of volunteers is needed to serve with the public education chairman to help in distributing these materials.

The restaurant and bar business has grown to such a degree over the past decade that employment has risen 50 per cent and sales have increased more than 80 per cent. Many handicapped persons are among those who have been trained to join the 2 million workers in this industry.

Mitch Opens Season

Mitch Miller will be in the guest spotlight for the opening concert of the Sioux City Symphony Orchestra on Sunday, Oct. 19 at the Municipal Auditorium. The musical showman, whose 19 "Sing Along" albums have sold over 16 million copies, has designed a program that should appeal to the young and old.

The other four concerts on this season's schedule include Tibor Yusti, a highly individualistic pianist, on Nov. 16; the "All-Orchestra" concert on Jan. 18; Nicanor Zabaleta, known as the King of the Harpists, on Feb. 15, and David Abel on March 15.

The first four concerts will be at the Municipal Auditorium where the new intimate theater seating arrangement will be used.

Your Place in the Stars

by Tom McDermott

Dear Tom: While I was in your city in August with my teacher-husband, I was very interested to read the article about you in the newspaper concerning astrology. I, too, draw up charts for various people, although I do not accept a fee for this. Do you also interpret charts, or do you just give the character analysis? I do both and analyze the person's handwriting at the same time to see which characteristics are the most prominent at the time. There are times when I can tell the person about a previous incarnation, but it is not easy to see in most charts. Mrs. L. P., Iowa.

Reply: It's interesting to know what some people believe, even if we do not always agree. Many things involved with astrology are so abstract it is impossible to disprove, or sometimes even prove, the thing. Thanks for writing.

Dear Tom: I have heard some very interesting occurrences relative to a late clairvoyant that we knew. He actually knew he was not going to be on this earth plane too long. I truly think astrology is linked to psychic things. It is fascinating. My regular paper that I get from my astrologer warned these people to take care of their health. He knew he had a condition no doctor could cure. The autopsy proved it. Mrs. J. E., Buffalo, New York.

Dear Tom: Now that I am married, does my new name change things in my favor according to numerology? Reply: Numerology? Fgad.

Got a question? Have someone write it down for you. Then take it to The Wayne Herald and tell them what it's for.

Three C's Meet

Three C's Extension Club met Monday evening with Mrs. Clarence Pearson. Eight members and one guest were present. Christmas projects were discussed and Carolyn Hanson received the door prize.

Anna Marie Kriefels, home extension agent, spoke on her trip to Arrow Mount Art & Craft School, Gatlinburg, Tenn., this summer and displayed projects she had made there. Mrs. Pearson served a dessert luncheon. November meeting will be with Ina Relth.

Circle IV Meets

Circle IV of Concordia LCM met Tuesday evening with Helen Carlson. Seven members were present. Mrs. Virgil Pearson led the Bible study and plans were made to work on the

Christmas at the next meeting. Miss Carlson served.

Mr. and Mrs. Richard Johnson, Lincoln, were visitors Saturday in the Roy E. Johnson and Mrs. Ruth Wallin homes.

Guests Monday in the Roy E. Johnson home were Mr. and Mrs. Chester Jones, Santa Ana, Calif., and Mr. and Mrs. June Swanson, Allen.

Clara Johnson spent Sunday to Tuesday with Mrs. Josephine Kunhart, Omaha.

Mr. and Mrs. Roy Pearson were guests Friday to Monday in the Jerry Pearson home, Gordon. Sunday Roy Pearsons and Jerry Pearsons visited in the August Miers home, Ardmore, S. D.

Guests Tuesday in the Raymond and Keith Erickson homes were Mrs. Linnea Nygren, Norfolk, and Mrs. Martin Decker and Kristine, Boulder, Colo.

Pupils May Now Register at WHS For Merit Tests

Wayne High School students who expect to complete their secondary school requirements and to enter college in 1971 can register now to participate in the 1970-71 National Merit Scholarship Program. Principal Fred Rickers announced today.

The first step for all students who wish to enter the nationwide Merit Scholarship competition is to take the National Merit Scholarship Qualifying Test (NMQT). The test will be given in the school at 9 a.m. Tuesday, Febr. 17, 1970.

Taking the NMQT is also the first step for students who wish to participate in other scholarship programs administered by the National Merit Scholarship Corporation (NMSC). These programs include the National Achievement Scholarship Program for outstanding Negro students and Special Scholarship programs administered by NMSC for business and industrial firms.

NMQT participants pay a \$1.25 test fee. If an unusually promising student is unable to pay the \$1.25 test fee, it will be paid by NMSC at the request of his principal.

When his NMQT scores are

reported, each participating student will receive a handbook to help him understand his scores and compare his test performance with that of other high school students across the country. The handbook, which contains information about making college choices and financing a college education, is furnished as a part of reporting the student's test results. Other interpretive materials are sent to the school.

The highest-scoring students in each state will be named Merit Program Semifinalists and will be eligible for Merit Scholarship consideration. In addition to the National Merit Scholarships (financed by NMSC), more than 400 business corporations, foundations, colleges, professional associations, unions, trusts, other organizations, and individuals offer scholarships through the Merit Program.

About 21,800 students have won Merit Scholarships in the four-teen programs to date. Approximately 3,125 new winners of Merit Scholarships entered college this fall.
