American Education Week in November of each year is the result of a joint effort between the American Legion and National Education Association. It has been 48 years since they joined hands and designated the week in November, which includes Veteran's Day, as American Education Week.

During this week the "evolution" of the country, in the form of business, professional and agricultural personnel, and the various social, civic, service, political and religious organizations focus attention upon the school in terms of meeting educational needs to insure the future of our democratic way of life.

"Better Education . . . Your Job!" is the theme for this week of Nov. 9-15.

Education is often the largest business in a community. Much of rural American life centers

around school activities. A school can be definitely linked with the local economic outlook. Education is "big business" with each and every member of the community a stakeholder.

Education, like other businesses, requires constant evaluation and upgrading. Lack of funds, materials, qualified teachers and obsolete buildings hinder all too many school systems. At one time parents were satisfied if Johnny was taught "read'n, 'ritin', an' 'rithmetic," however Johnny cannot meet nuclear age problems involving highly complex social structures without also studying advanced mathematics, biology, chemistry and physics.

In an age when man visits with man from moon to earth, being able to communicate is of vital importance. Emphasis upon language, grammar, writing and public speaking is of absolute necessity.

Upgrading education begins on the local level right here in Wayne. Are our school buildings adequate? Are our teachers qualified and do they receive adequate salaries? Is the curriculum meeting student needs?

Are parents really acquainted with those persons who are daily teaching their offspring? Does the teacher know the student's parents on a personal basis? Many schools have scheduled parent-teacher conferences during American Education Week as a cooperative effort in bringing parents and teachers together. Face to face the parents and teachers gain a better understanding which may be focused on the student's development.

Today Wayne High School has 29 on the teaching staff, plus administrators and office personnel. Instructors have the advantage of using such equipment as modern sound projectors, over-

head projectors, tape recorders, well-equipped science laboratories, modern kitchen units for home economics, an assortment of tools and equipment in shop and the use of a new car in driver's education. It wasn't always so!

This writer compared a curriculum schedule of Wayne High in 1949, just 20 years ago, to a schedule of classes for the 1969-70 term. There is quite some difference between the two programs! During those 20 years of man's hand has observed the harnessing of nuclear fission, orbiting satellites, man orbiting the earth and then orbiting the moon only to actually set foot on its surface last July. A modern curriculum carries a full load in even keeping today's pupil current with all the "happenings," for alone preparing that pupil for the year 2000 and beyond. **EDUCATION**, page 4

RAILROAD WORKERS were busy Thursday trying to place a Chicago and Northwestern diesel locomotive back on its tracks. The engine and one box car derailed just east of Main Street crossing about 10:30 Thursday morning. The engine and car were back on their tracks late Thursday afternoon. According to L. H. Smith, Sioux City, engineer of the train, the derailment of the 247,000 lb. engine was caused by a broken rail (shown in the lower right inset). Although the exact date that the line was built is not known, the date of manufacture stamped on the rail was 1886.

Local Chamber of Commerce Selects New Board Members, Officers for '70

Arnie Reeg, owner of Arnie's store in Wayne, was moved up from the treasurer's post to the presidency of the Wayne Chamber of Commerce. He was selected for the spot by the board of directors in their meeting Thursday at Chamber headquarters.

Steve Brasch of Larson's Department Store was chosen as vice-president for the chamber, and Gene "Swede" Fredrickson of Fredrickson Oil got the nod from the board for the treasurer's position. The new officers will assume their duties Jan. 1.

The new members replace Bob Merchant, Merchant Oil, outgoing president and Bob Lund of Sav Nor Drug, present vice-president.

The Chamber also elected three new members to their board of directors in their meeting last Monday night. The new members are Brasch, Larry King of King's Carpets, and Bill Griess of Griess Rexall Drugs. They join board members Kent Hall of the Wayne Greenhouse, Bill Richardson of the Morning Shopper, Reeg and Fredrickson.

In other Chamber action Monday night Jerry Miller of Larson-Lorine Clothing, reported that the Christmas committee has purchased new Christmas decorations to be used on Main Street. The holiday bells used in previous years will be placed on the east and west streets on either side of Main. The decorations are slated to go up in the near future, with formal lighting to be held Nov. 20.

IT'S CURTAINS! A "Mousetrap" has been set to snap Friday and Saturday night in the Wayne High School lecture hall! A ticket will allow you to see it all happen! For more details turn to page 8.

'Farmer' Features Ag Specialist

Robert Fritschen, area swine specialist at the Northeast Station in Concord, was featured in this month's issue of the Nebraska Farmer for his experiments in hog raising. Fritschen is currently doing research on different types of housing for hogs under a program entitled "Nickels for Profit."

Under the program, which is jointly sponsored by the legislature, Northeast Experimental Farm Association and the Nebraska Pork Producers Association, experiments are being conducted on six different types of finishing houses for meat hogs. After the experiment is completed, farmers will be able to compare the rate-of-gain cost and cost of the unit before building a new structure for finishing hogs.

Six different buildings are being used in the test. They range from **FARMER**, page 4

ALL FOR THE COMMUNITY CHEST. Richard Hannan of Pender, at left, and Bob Matthews of Whiting, Ia., are two of the Delta Sigma Pi fraternity members who will be dribbling a basketball on the streets in downtown Wayne Thursday. The fraternity has challenged the Wayne Chamber of Commerce to a benefit basketball game with proceeds going to the Community Chest.

Wayne Fire Dept. Answers Two Calls Thursday Afternoon

The Wayne Volunteer Firemen were called out twice Thursday afternoon to extinguish a field blaze north of town and a car fire on the WSC campus.

The field fire, which was on the Don Brudigan farm six miles north and three-fourths mile west of Wayne, began when a brisk breeze fanned a rubbish pile Brudigan was burning. The ensuing blaze burned several acres of stubble and a section of corn approximately 150 rows wide and 130 feet deep, before the department was able to contain it.

The second fire occurred when the carburetor on the auto belonging to Wayne State coed Sharon Young caught fire in front of Rice Auditorium. Damage to the auto was confined to the engine compartment and hood.

Month Left for Overseas Gifts

Only one month remains for people planning to send gifts to servicemen or other people overseas if they want to ensure their delivery by Christmas, according to Wayne Postmaster Don Wightman.

Although the deadline for sending parcels by surface mail was Saturday, Wightman said that several other avenues of delivery are still open to people planning to send packages overseas. These are Space Available Parcel Airlift (SAM mail), Parcel Air Lift (PAL mail), and regular air mail.

The deadline for sending SAM parcels is Nov. 22, while the PAL mailing deadline is one week later, Nov. 29. The final date for sending parcels by regular air mail is Dec. 13.

Postmaster Wightman also reminded patrons sending packages that the bundles should be securely packaged, include a list of contents and a clearly written or typed address and return address.

Anyone having questions concerning the packaging or contents allowed in overseas mail is invited to stop at the local post office.

Chest Fund Drive to Win As Businessmen Play Ball

There will be two winners and one loser in a basketball game Thursday night in the Wayne City Auditorium. One of the winners already is certain—the Wayne Community Chest.

The other winner and the loser will be settled in normal basketball style by Delta Sigma Pi, a business fraternity at Wayne State College, which challenged the Wayne Chamber of Commerce to a benefit game at 8:30 p.m.

Fraternity President Jim Elting of Lincoln said Delta Sigma Pi suggested taking a collection for the Chest during the game, and the Chamber agreed. There will be no admission charge.

Lee Smith of Burwell, chairman of the fraternity's public relations committee, has plans for members to advertise the game by dribbling basketballs in the business district all day Thursday. Assisting him with arrangements are committeemen Randy Rogers of Lyons and Duane Beers of Correctionville, Iowa.

Twelve Pay Total of \$322

Twelve persons appeared before Judge Luverna Hilton in the Wayne County court during the period Tuesday through Friday and paid a total of more than \$322 in fines and court costs.

On Tuesday Gary L. Puetz of David City was fined \$5 and costs of \$5 for making an improper turn. Gerald K. Johnson of Hooper was fined \$10 and \$5 in costs on a charge of speeding.

Eight persons were in county court on Wednesday. Following are their names, charges and fines: Dennis Otte, Wayne, stoplight violation, fined \$10 and \$5 costs; Terrence H. Bartling, Wayne, illegal parking, fined \$10 and \$5 costs; Dennis Fegley, Laurel, insufficient fund check, fined \$10 and \$10.20 costs; Dennis R. Jensen, reckless driving, fined \$25 and \$5 costs; Roger Schwankie, Wayne, possession of alcoholic liquor by a minor, fined \$100 and costs of \$17.50; Oliver W. Miller, Cleghorn, Iowa, overweight on capacity plates, fined \$10 and \$5 costs; Michael Fox, Wayne, assault charge, fined \$25 and costs of \$5; and Debra Wolff, Norfolk, speeding, fined \$20 and costs of \$5.

John C. Yoder of Woolstock, Iowa, was fined \$10 and costs of \$5 Thursday on a charge of illegal parking.

Bruce Novak, Sheldon, Iowa, was fined \$10 and costs of \$5 Friday on a charge of illegal parking.

Food Stamp Sales Up

Nineteen Wayne County households with a total of 59 persons purchased food stamps for November, according to Mrs. Ethel Martelle, Wayne County welfare director. She said Friday that food stamps worth \$1,224 were sold for \$769.

Receiving help through the food stamp program in the county are three college students, two rural households, nine public assistance households and five non-assistance families.

Wayne County started the food stamp assistance last April and the director noted that a total of 24 households have been assisted.

Laurel Youth Hurt in Mishap

Gregg Carlson, son of Mr. and Mrs. Harold Carlson received a severe arm laceration last Sunday evening as he was helping with farm chores.

His right arm became entangled in a feeder wagon while they were grinding ensilage. His sleeve caught pulling his arm into the cutter injuring it severely from the wrist to his elbow. He was taken to the Wayne Hospital, then transferred to St. Luke's West Hospital in Sioux City.

He was in surgery three hours to repair the tendons and set the bones.

It will be a few days before he will be able to visitors.

Bid for Rehearing on Depot Closing Denied

An application for rehearing and/or reconsideration of the closing of the depot in Wayne and rail service for less than carload lots of freight on the line running through Wayne was turned down by the State Railway Commission during their meeting in Lincoln Oct. 27. The line is owned by the Chicago and North Western Railroad.

Wayne City Attorney John Addison, representing several Wayne business firms and civic organizations, had filed the motion for rehearing after the railway commissioners had authorized the railroad to close several "central agencies," including the

Classes Out Early For Play-Off Game

Students in grades five through twelve will be dismissed Tuesday at 11:45 a.m., according to Principal Rickers, making it possible for them to attend the 1:30 p.m. Husker Conference Championship game between Pender and Wayne at WSC Memorial Field.

The Wayne Blue Devils won the West Husker Conference crown by knocking off Pierce Friday night. Pender will represent the Fast Husker Conference in the championship title.

Principal Rickers noted that activity tickets cannot be honored at the Tuesday play-off due to it being a Husker Conference game. He said tickets are one dollar for adults and 50 cents for students with their identification cards.

Winside Marks Vets' Day

A Veteran's Day program co-sponsored by the Winside Public Schools and the American Legion has been set for 9 a.m. in Winside tomorrow (Tuesday).

Presentation of the colors will be made by the Legion followed by everyone giving the Pledge of Allegiance. Steph Carlson will present an explanation of the Pledge accompanied by the Winside High School mixed chorus singing "America." Donna Krueger is piano accompanist. The chorus will also sing "Battle Hymn of the Republic."

James C. Burt, head commander of the Veterans of Foreign Wars, will be the guest speaker.

Following the singing of "America the Beautiful" and "Star Spangled Banner" by the mixed chorus, everyone will sing "God Bless America."

GO BLUE DEVILS! "Beal Piercel" said Amy Coryell, seen here in her "devil" outfit, during the Friday afternoon Pep Club rally at Wayne High. Turn to the sports section in this issue to read the complete story as to how the Blue Devils beat Pierce in an 8-6 thriller Friday night.

Cash Prize Worth \$250

A check for \$250 would be of considerable help in paying Christmas bills. It is possible your name will be drawn Thursday night as the lucky winner of \$250 if you have registered in one of the participating stores.

There was no winner in Thursday night's cash drawing. Called at the 8 p.m. drawing sponsored by the Wayne Chamber of Commerce was the name of Mrs. Harold Smith of Wakefield. Had she been present to win the prize she would have been given a check for \$200.

This week's drawing will now be worth \$250. Going home with a check that size could sure brighten the holidays.

Paper Change

Area residents in and near Winside wanting to buy a copy of The Wayne Herald may now purchase the paper at the Edward Oswald residence one block north of George's Market.

Papers were formerly available at the market which recently closed.

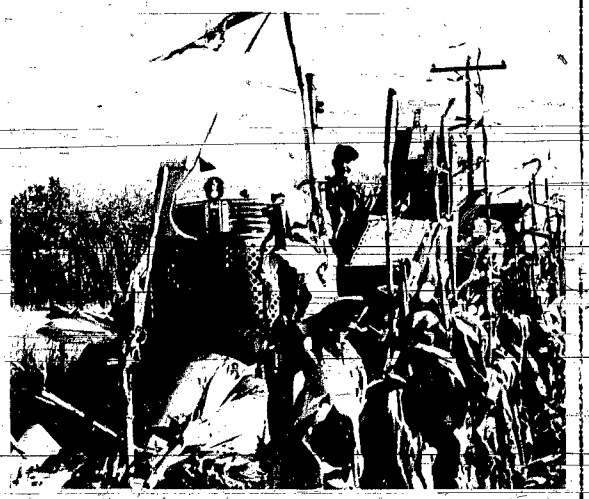

HARVEST TIME

Last week's sunshine was a welcome sight to farmers in Wayne and Dixon counties. The warm temperatures and sunshine dried out their fields considerably, enabling them to proceed with the harvesting of corn, soybean and milo crops after nearly a month of cold, damp weather.

Ernest Carlson, pictured at right, said that he expected the crops on his farm north of Dixon would be average to above average in yield, although he was just beginning his corn harvesting as this picture was taken Thursday morning.

A moisture test on the corn in his fields revealed a moisture content of 21 per cent, which is considered to be a little below the average moisture content of 23 per cent for this time of year.

County Agricultural Agent Harold Ingalls reported that about 90 per cent of the soybeans and 10 per cent of the sorghum in Wayne County have been harvested, with 25 per cent of the corn in the county picked.

EDITORIAL COMMENT

The editorial department of a weekly newspaper is an important department. Normally it is one person's opinion of topics that concern most of the readers.

It is the duty of an editorial writer to search all available facts before he sits down to write. From this basis the writer should be able to give a clear picture of important topics.

Veterans' Day

Tomorrow (Tuesday) is Veteran's Day. The link on the calendar emphasizes that it is a nationally recognized American holiday. . . . a day for slowing the pace of living and doing some serious thinking.

We want to editorially salute each and every veteran. We say "thanks" for your dedication in keeping America protected from ideological opponents.

Another Demonstration!

Wayne's Planning Commission held a regular monthly meeting about the fire hall Monday night and 15 fellow townsmen appeared before the planning body for a hearing on a question of zoning in the Knolls subdivision at the west edge of the city.

Nine members of the commission listened and asked questions as the 15 visitors had spokesmen present their convictions about the matter. There was, of course, a direct confrontation of opposing viewpoints.

A number of things were demonstrated at the meeting—such as the freedom of speech and the right to present one's point of view. Following the meeting one gentleman remarked, "This is real democracy in action."

Coast To Coast Counter-Protests.

In Washington, D. C. the chief of the National Guard Bureau thus asked the nation's 500,000 guardsmen to stage what amounts to a counter-demonstration against war protest activities expected later this month.

Maj. Gen. W. C. Wilson sent the appeal and said, "I am concerned that those Americans who seek a capitulatory solution are creating a feeling of comfort in Hanol and are leaving the enemy with the impression that their vocal and active groups represent the majority opinion within the United States."

Another man, W. C. Rowell, head of the Fleet Reserve Association in San Diego, stated Monday, "People are fed up with peace demonstrations. We are going to show what the American people are really like . . . how the American people support their President."

Officials of nine veterans' groups, including Rowell's, planned a "Tell It to Hanol" counter-movement last week. Organizations from California to small towns in New York have joined in the effort, saying they speak for the nation's "silent majority," Rowell said.

The "Tell It to Hanol" movement urges former servicemen to telephone five persons each, asking each of those to call five more by Nov. 11 urging support of the President. On Veterans Day, they want the American flag to fly, cars driven with

protected and remain indebted for your efforts. Many of your buddies didn't make it home . . . alive. We remember them with hallowed thought. We shall never forget what they have given in providing this generation with the continuing privilege of speaking freely, printing the truth and worshipping as we see fit.

Get your flag out on the front porch tomorrow in tribute to every American who has served in the military. Not only will it be a demonstration what your country means to you but it is bound to fill you with pride. Now on the moon, "Old Glory" is a two-world flag . . . ever remaining a symbol of free people. —MMW.

Many of those at the meeting have served in the armed forces in past years. As we approach Veteran's Day and Thanksgiving, undoubtedly these veterans, as well as many others, are very much aware as to the cost of being able to speak openly and freely . . . and are thankful for it.

Demonstrations of men disagreeing, but nevertheless communicating as gentlemen, are only one of the many facets in the great jewel of a democratic government.

Americans need not turn to street parades to observe a real demonstration of priceless values. All we need do is "get involved" via the gateway of orderly governmental procedures. Doing something about things that bother us and offering a solution to a problem will accomplish a lot more than by marching in protest against things we dislike and offering no solutions.

Democracy with its many freedoms is a rare jewel indeed. A salute is in order to those gentlemen who polished that jewel in such good fashion Monday night. —MMW.

headlights on and lights to burn on porches. The Veterans of Foreign Wars have a national "Operation Speakout" program and are asking church and fraternal organizations to let the news media know of their solidarity behind Nixon.

LeRoy W. Clark, commander of Irwin L. Sears Post No. 43 in Wayne, has informed The Herald that the American Legion is calling upon all citizens and business firms in the city to observe Veterans Day by flying the American flag. "This will also be a perfect way to show recognition and appreciation of our newest generation of veterans, those from the Viet Nam war, whose willingness to serve the national purpose is in the finest tradition of our country," Clark noted.

It is just possible the "silent majority" may suddenly break that silence, for a few days at least, to let Hanol know that there is national unity in America.

How interesting it will be to see if the communists will use news of such a demonstration for propaganda purposes in the same way they used the news of the moratorium. You see the commies just don't understand that in America it isn't necessary for everyone to see "eye to eye" on any subject. We can disagree and still all be Americans because among other things we have protected the freedom and right of free speech. The cost has been extremely high in lives . . . but having the right to speak freely, even to disagree, makes America the greatest country in the world. —MMW.

Match Speed to... MERGE SLEEVES

Man seemingly has an inborn desire to travel. First trips amount to being transferred from a cradle to mother's lap and back to the cradle unless dad wants to hold the baby too. Then there are the first solo steps. Baby can walk!

There is the man who is not irresistibly attracted to some mode of transport. Some are railroad buffs, honda enthusiasts and others auto fans. Even that ancient servant of man, the horse, has enjoyed a rebirth of popularity. Overshadowing all else are the vehicles that now carry man into space. Men are leaving for the moon again later this week.

A cut below the moon vehicles are the jet aircraft. The most fantastic creation in the jet category is the supersonic transport or SST. The first glimpse of travel in the age of the SST will arrive when the 139-seat, 1,400 mile-per-hour Concorde goes into service around 1973. It is jointly built by the French and British and its creation will make our earth a 12-hour world.

The SST is expected to revolutionize human relationships and ways of doing business. A businessman may leave Chicago or New York on an early morning flight, spend the day in London and return home in the afternoon. Transcontinental friendships will be considered common.

The SST does present physical problems to which the traveler will have to become acclimated. A supersonic executive might fly through as many as seven time zones on a westbound trip and then fly back through them on the homeward trip the next day. Meal schedules will be highly confusing and the body is going to notice it. The rhythm of the human body finds it upsetting when the normal routine of eating and sleeping is disturbed.

Even as the astronaut continues to prove that man is adaptable being, surely the problems with SST travel can be overcome, just as man has overcome many other transitions in the past.

What will it be like to fly on an SST? The passenger will feel and hear an extra amount of thumps, bumps and grinds as the aircraft's wheels and nose come up. As the Concorde moves into supersonic speed the "droop snoot" nose eases up and locks like a bird's beak. At 60,000 feet passengers won't be able to

see much through the windows because of the delta shaped wings blotting out the view. As the SST slips along at 1,400 miles per hour, friction will heat its outer-skin to some 212 degrees, but the air-conditioning system will keep passengers comfortable.

The big question is not whether there will be SST's flying but what will come after them. Well, man already has a name for both the next type of airliner and the type to come after that. After supersonics will come the hypersonic transport—the HST. Then will come the sub-orbital craft. After that, of course, will be spacecraft for travel to the moon or shuttle trips to space stations orbiting the earth.

Maybe you don't care to fly at all so let's talk about creatures that do like to fly—birds. One need not necessarily be a student of ornithology to be interested in birds. Who hasn't at one time or another been entertained, fascinated and perhaps envious of our fine-feathered friends? Surely as a youth you paused on the side of a windy hill to watch a soaring hawk or other type of airborne creature?

A bird is a warm-blooded egg-laying vertebrate covered with feathers. It has a four-chambered heart, a body temperature two to 14 degrees higher than mammals, a relatively large brain, keen sight, acute hearing and has little sense of smell. A bird is streamlined beginning at its beak on through the tail and has wings enabling it to fly. Even the common and lowly sparrow can fly with its wings; rise from off the earth and skim over those structures built by man and God.

If you are "for the birds" then you may be interested in the following recipe contributed to us by a Wayne resident. When winter comes, the birds that remain need to be fed if they are going to survive. You can lure birds into your yard by keeping a feeder filled with bird food, both commercial and homemade.

Old bread crusts, leftover pancakes or waffles, biscuits, rolls, toast, etc. make good bird feed as it helps them to maintain a high body temperature.

Pumpkin, watermelon and cantaloupe seeds, cheese, grains, lettuce, plus many other foods will make a banquet for many varieties of the feathered family. Beef suet is a basic material. It can be melted and mixed with an equal amount of sugar syrup made by boiling one part sugar and three parts water. Before the syrup-suet sets, you can add cornmeal, bread crumbs, nutmeats, or peanut butter. You can roll the mixture into balls, surround with open-mesh netting, and hang the balls from a tree. You can expect visitors from sparrows, to hawks to come dine on your suet treat.

Another recipe "for the birds" contributed by a Wayne friend is as follows: Mix one-half cup flour; one-half cup sugar, honey or molasses; one-half cup wild bird mix seed; one-half cup yel-

The Election Election day dawned with a drizzling rain, which apparently was a forerunner of what the Republicans were to be treated to, although in Wayne County, the Republicans secured six of the county offices to three for fusionism. It was a battle of scratched ballots, and three of the Republicans went down to defeat, various reasons being given for it, but whatever the reasons were The Herald hopes that the last knife has been used and that in some manner or another Republicans will get together in the future.

To Sponsor Holiday

Fair in South Sioux

The annual Home Extension Holiday Fair will be held in the Exhibition Hall at Atolad Park near South Sioux City this Saturday from 12:30 to 4:30 p.m. The event, planned by the 13 home extension clubs in Dakota County, will feature "Suggestions For The Holiday Season."

Table arrangements and centerpieces, appropriate for the season, will be displayed. A "tasting table" with cookies, cakes, fancy breads, candies and salads has been planned. A recipe book on the featured foods will also be available. Along with the foods and displays will be many commercial exhibits, hobby suggestions and homemade gift items. Door prizes will be given during the afternoon. The public is invited to attend the "fair."

College Home Ec Workshop to Be in Lincoln Saturday

The college chapters of the Nebraska Home Economics Association will hold their annual workshop in Lincoln Saturday. The meeting involving students from Wayne, Peru, Chadron, Kearney, University of Nebraska at Omaha and the University of Nebraska at Lincoln will be held at the Nebraska Union on City Campus.

"EZ - BREATHE"

PORTABLE ELECTRONIC AIR PURIFIER from Mtron

A compact, light-weight air purifier specially designed for Hay Fever Allergy, Asthma and Emphysema sufferers.

Respiratory sufferers report getting dramatic relief with the EZ-BREATHE in their rooms. Stuffy noses clear up. That tightness of the chest, that "can't get enough air" feeling goes away. Coughing attacks are fewer and less severe. Many sufferers can once again breathe deeply and freely and enjoy a wonderful uninterrupted night's sleep.

Medical researchers have discovered that millions of tiny particles floating in the air inside the home—smoke, dust, household sprays, cooking grease droplets—are the cause of a lot of the suffering asthma and emphysema patients have to go through, just as pollen was found to be the cause of hay fever attacks. These particles are so small that ordinary fibreglass filters in furnaces and air conditioning systems cannot trap them efficiently. But the EZ-BREATHE totally removes all particles from the air, even bacteria and viruses, through a process called "Electrostatic Precipitation."

HERE'S WHY the EZ-Breathe air purifier is so effective:

Tiemann's Town Hall In Hartington Tonight

Nebraska Governor Norbert T. Tiemann will be in northeast Nebraska tonight along with several other state officials to conduct a town hall meeting in Hartington.

The meeting, which is scheduled for 7:30 p.m. in the new basement meeting room of the Hartington City Auditorium, is an innovation introduced by Gov. Tiemann to help citizens become better informed about their state government and to answer questions people may have concerning new legislation, taxes and other matters handled at the state level.

All written questions put to the Governor and other officials will be answered either during the meeting or in writing at a later date if the answer is not readily available to those presiding over the meeting. Verbal questions will also be accepted if time permits.

Those making the trip to Hartington with the governor are: Elmer Schlappoff, director of Department of Agriculture; James Moore, director of Department of Economic Development; Larry Johns, administrative assistant to the governor and director of Department of Motor Vehicles; Doug Bereuter, director of Office of Planning; Marvin Nuernberger, director of Department of Roads; Warren Fairchild, director of Soil and Water Conservation Commission; Murrell McNeil, Tax Commissioner; Bob Barnett, Counsel to Governor; Walt Weaver, director of Highway Safety.

All residents of northeast Nebraska are invited to attend and present their questions and opinions on state government of the governor and his staff.

'Parents' School'

Highlight of Laurel Ed. Week Program

The Laurel Community School will observe National Education Week (Nov. 9-15) Tuesday evening from 7 to 9 p.m. with an open house for parents and other interested persons.

All parents are urged to attend as the program has been set up to simulate a regular morning of class with 15 minute periods. Student council members will guide parents to the classrooms.

The informal program has been designed to better acquaint the public with the school teachers and administrators, help parents evaluate work accomplishments and projects of pupils and enable them to examine teaching tools and aids used in the school.

A luncheon will be served by the Parent Teachers Association after the program.

Winside Pupils To Get Vaccine

Educational Service Unit Iper-somel will be at the Winside Public Schools Nov. 25 to inoculate students, grades kindergarten through twelve. The purpose of the inoculations are to immunize against hard measles, whooping cough, diphtheria and tetanus. Parental consent must be given in order for students to take advantage of this service.

Children, one to five years old, may also take advantage of this

service. These children must be accompanied by the parents. Children of teachers not attending school here or not yet in school may also come, according to Tom Kramer, principal.

Vets' Widows May Be Eligible for VA Pension Benefits

Veterans' widows were reminded today that if they have a limited income they may be eligible for a Veterans Administration pension.

C. W. Nixon, manager of the Lincoln VA Regional Office, said that under current law, qualified widows of wartime veterans who have died of causes not related to their service are eligible. Their income must be no more than \$2,000 if they have no children, and no more than \$3,200 if they do.

If a widow does not qualify for a pension because of a higher income or because she remarries, her children may still be eligible to receive pensions.

Nixon said the pensions are based on need. Compensation, meantime, is paid to the survivors of veterans who died of service-connected causes, and the income of the survivors has no bearing on eligibility or the amount paid, he said.

Persons seeking further information were urged to contact the VA Regional Office, 220 So. 17th St., Lincoln, Nebr. 68508, or their nearest Veterans County Service Office.

Hearing Wednesday On Mental Program

The Nebraska State Plan for construction of facilities for the Mentally Retarded will be viewed at a public hearing on Wednesday at 3:30 p.m. in the governor's hearing room of the Capitol building in Lincoln.

The plan is based on a concept of regional services within which facilities are planned in such a manner as will enable the

mentally retarded of all ages to remain near their families. The facilities will be designed to provide for the care and treatment of the mentally retarded in every geographical locale of Nebraska.

In a list of six regions the state has been divided into, the one given a priority as demonstrating the greatest relative need included Wayne and the following counties: Antelope, Boone, Boyd, Brown, Burt, Cedar, Cherry, Colfax, Cuming, Dakota, Dixon, Holt, Keya-Paha, Knox, Madison, Nempe, Pierce, Platte, Rock, Stanton and Thurston.

The hearing is open to all groups or persons interested in the construction plan.

Funeral Services For Herman Kling Held Saturday

WCS Fraternity Men Run To Aid Crippled Children

Phi Sigma Epsilon men, members of the social fraternity on the Wayne State Campus, started taking turns running a share of the distance from Wayne to Sioux City November 1 in a project to raise funds to help purchase a bus for crippled children at Glenwood, Iowa.

Gathering at the National Guard Army parking lot at the east edge of Wayne November 1 around 7:15 a.m., the 25 fraternity brothers held a brief rally and bell-ringing ceremony after which the first two men started running east on Highway 35. Five cars formed the caravan which accompanied the runners, with one auto carrying the victory bell. The men report that a dog, fascinated by the runners, followed them east for six miles.

Phi Sigma Epsilon brothers collected funds in the downtown area Thursday, Oct. 30, and also on the Wayne State campus, reporting total donations amounting to \$322.51.

Running to Sioux City in one-mile shifts was done to focus attention on the need for a bus to transport the crippled and retarded children living at the home in Glenwood, Iowa. The \$322.51 is to be turned over to the Telephone Pioneers in Sioux City who will present the bus to the Glenwood home on either Nov. 30 or Dec. 7, according to a fraternity spokesman.

The special bus features a ramp designed for entering it in a wheel chair. Two of the Phi Sigma Epsilon men, Chris Nielsen and Ken Vanourney have been invited to be guests of the Pioneers at the presentation ceremonies when the bus is turned over to the home at Glen-

Blue Devils West Husker Champions

By Jack Manske
 Defense was the name of the game Friday night as Wayne High clinched its sixth western division championship in the 23-year history of the Husker Conference by winning an 8-6 thriller over Pierce.

An overflow crowd at the WSC Memorial Stadium witnessed the Blue Devils' ninth straight victory of the season giving them a berth in the playoff with Pender. That all-important showdown is scheduled for 1:30 p.m. Tuesday (Nov. 11) at Wayne.

Although Pierce's explosive offense racked up 275 total yards, the Blue Devil defense came through under pressure and held tight five times inside its own 25 — once at the one-yard line. In addition, Wayne's middle line stopped the Bluejays cold on a run for the two-point conversion and thereby averted a tie ball game.

According to conference rules, Pierce would have been named western division champs had the score been deadlocked since Wayne was in the play-off most recently.

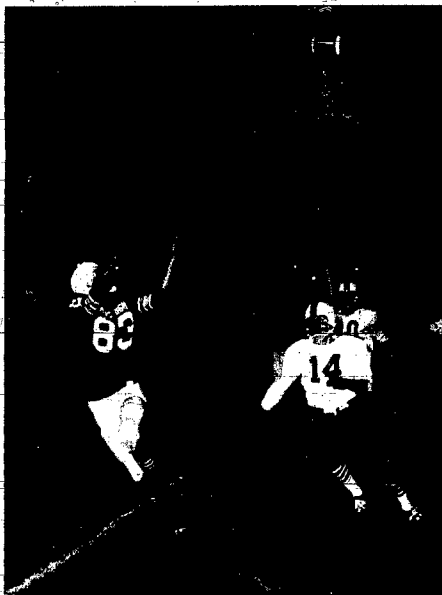

Coach Allen Hansen's local gridders scored the most important touchdown of the year on a fourth down play with 8:28 re-

maining in the first half when Mike Biltott capped a 77-yard drive by powering his way across the goal line from less than a foot out. Randy Helgren ran a quarterback keeper around the right end for the extra points, giving the Blue Devils a slim 8-0 advantage.

Then Wayne's defensive unit went to work. Up to that time the Bluejays had not posed a serious scoring threat, but four turnovers following Wayne's touchdown they were in good field position at the Blue Devils' 42.

Five running plays later Pierce

A PERFECT PASS to Pierce's Dave O'Neal turned into a 25-yard gain before Randy Robins (14) could force him out of bounds at Wayne's one-yard line.

quarterback Brian Pintunleashed a 28-yard pass to David O'Neal, putting the ball on the one-yard line with 96 seconds left in the half. Two power plays failed to penetrate Wayne's middle line as the football still rested at the one when time ran out.

The Bluejays came right back in the third quarter and moved the ball 41 yards following Wayne's kickoff before Ken Jorgensen stopped the drive by recovering a fumble on his own 20. Pierce regained possession two plays later when Kim Thomas fell on a loose ball at the 24.

But again the Blue Devil defense rose to the occasion as it held its opponents to just nine yards in the next four plays. Wayne's middle line was credited with stopping Brent Tomasek on a crucial fourth down and one effort in that series.

Following a number of turnovers, Pierce chalked up its sole touchdown via a 13-yard run around the right end by Gary Weber. The score was set up when the Bluejays smothered Wayne's punter, Mike Biltott, at his own 13 as a result of a bad snap from center.

Remaining true to form, Wayne's defense came up with the big play as it thwarted Bruce

Tomasek's two-point conversion attempt and the Blue Devils led 8-6 with 1:43 to play in the third stanza.

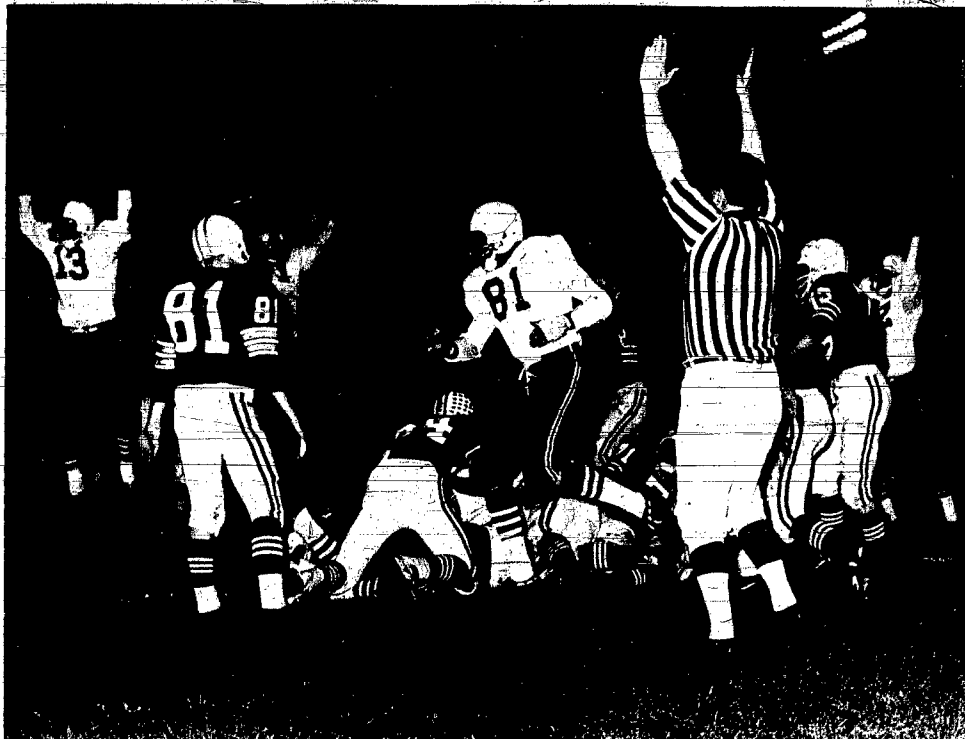

The fourth period opened with Pierce controlling the ball at its own 41-yard line. Ten plays later Wayne's stubborn defense again saved the day by forcing an incomplete pass at its own nine on a fourth down attempt. Gary Heltold and Charles Weble played major roles on that play by forging an aggressive pass rush.

Taking over deep in their own territory, the Blue Devils moved the ball four yards before punting from the 13. Biltott's kick sailed to the 45 where Pierce initiated its final serious drive with 5:59 left in the game.

A series of running plays advanced the ball to the 25-yard line before Dan Sutherland, Les Echtenkamp and Doug Maurer threw the Bluejays' Brad Wagner for a three-yard loss on a fourth down play. Although Pierce did regain possession two first downs later, it failed to reach paydirt as the final gun sounded with the line of scrimmage at the Bluejays' 47.

Dan Sutherland was Wayne's leading rusher with nine carries for 41 yards. Randy Robins (4/40), Mike Biltott (16/32) and Randy Helgren (7/10) followed. Sutherland also led the Blue Devils' passing game with one reception for 16 yards. Randy Robins hauled in one aerial for nine yards.

Wayne High Freshmen End Season With a 28-6 Triumph Over Wisner

Wayne High's freshman football team closed out its 1969 season on a positive note Tuesday afternoon as they traveled to Wisner to down the Wisner-Pilger frosh 28-6.

Randy Nelson opened the scoring for the young Wayne gridders with 5 minutes gone in the ball game as he carried the ball in from the three-yard line. The

plunge capped a 30-yard drive by the young Blue Devils. The points after attempt by Doug Sturm was good and the Wayne freshmen ended the first quarter with an 8-0 lead.

Dave Scheel added another six points for the Wayne 11 as he struck paydirt in the second quarter when he snagged a pass from

Tom Kerstine. The points after attempt failed, but the scoreboard showed Wayne with a comfortable 14-0 lead as the halftime gun sounded.

Glen Biltoft racked up another six pointers for the Wayne squad in the third quarter when he went over from five yards out. The points after attempt was no good and third quarter action ended with Wayne over Wisner 20-0.

Fourth quarter action saw another Kerstine pass play to Keith Kucera add the final touchdown to the Blue Devil score. Wisner also tallied their only TD of the ball game in the final period with three minutes of action remaining. Their points came on a pass play. The Wisner frosh then added a two-pointer to finalize the score at 26-8.

Sturm was the leading ground gainer for the Blue Devils, chalking up 47 yards in six carries, followed by Biltoft with 33 yards in seven attempts.

Charlie Morris and Randy Holdorf shared the defensive spotlight with eight tackles each, followed by Randy Nelson with six.

The final win over the Wisner-Pilger squad brought the frosh record to a respectable four wins, one loss and one tie.

Winside Drops Finale 10-6; L&C Conference Hopes Die

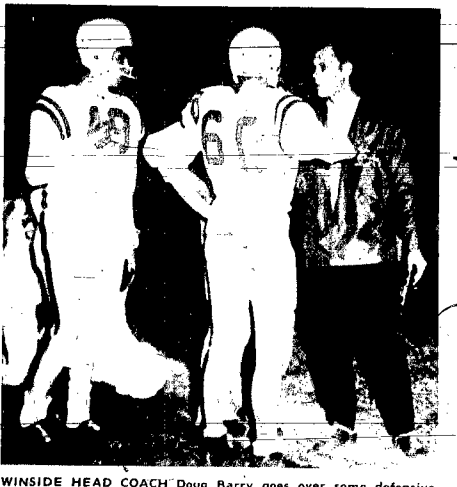

Norfolk Catholic mounted one sustained first-half scoring drive, were successful on the crucial two-point conversion attempt and made it stand up for a tight 10-6 decision over a determined Winside eleven Friday night at Winside.

The loss left Winside's final season record at 6-3, including a 5-2 mark in Lewis and Clark Conference play. It also ended any hopes that Coach Doug Barry's gridders had of tying for

the loop title.

The big and strong Knights of Norfolk simply overpowered the smaller Winside squad in the first half as they used ball control tactics to run off 44 first half plays to only 20 for the Wildcats.

Despite dominating the statistics, Norfolk walked off the field at intermission with only an 8-6 lead as they failed on several important third and fourth down plays against the rugged Wildcat defense.

WINSIDE HEAD COACH Doug Barry goes over some defensive strategy with two of his players during Winside's heartbreaking 10-6 loss to Norfolk Catholic at Winside Friday night. The Wildcats hit Norfolk with a stingy defense but couldn't get their attack rolling as the loss dropped them out of a possible tie for the Lewis and Clark Conference crown.

Bears Crush O'Neill High; End Season with 7-2 Mark

Laurel wound up its 1969 gridiron season by routing O'Neill High 43-12 on a road trip Friday night. The Bears turned in a typical performance, amassing 277 total offensive yards while limiting their opponents to just 111.

Coach Vince Brammer's seventh win of the year gave his team second place in the NEAC. Laurel placed third in the West Husker Conference behind Wayne and Pierce.

The Bears scored almost all will after they once got started as the 19-0 halftime score was stretched to 35-0 in the third quarter. Another eight points were added to Laurel's side of the scoreboard in the final 12 minutes of action.

A 28-yard pass from Steve Erwitl to Al Hanson put the Bears out in front 6-0 in the opening

stanzas. Two more touchdowns were added to Laurel's score in the second period when Steve Smith returned an O'Neill punt 75 yards to paydirt and George Schroeder intercepted a pass and returned it 28 yards to the goal line. Rod Erwin was credited with the Bears' lone PAT of the first half when he split the uprights following Schroeder's defensive performance.

Although the host team did manage to score one TD in the third quarter, Laurel's lead was insured by 16 more tallies. The first eight resulted from a 37-yard run by Schroeder and a two-point conversion by Steve Erwin again running the extra points, came on a 13-yard aerial

at the end of the quarter. Jech set up another scoring play in the final period of the ball game as he went off-tackle for 37 yards, carrying the ball down to the 3-yard line. Cook hit paydirt on the next play. A pass from Scott Filiers to Bruce Bucera added the final two points to the Wayne score. Lyons was able to save face in the final minutes of the game, as they found the winning combination to give the six points at the close of the action.

Coach Overin cited Gordon Cook as the standout of the ball game on both offense and defense. Overin also noted the offensive efforts of Jech, Jeff Lamp and Kevin Heitbold. Receiving Overin's praise for their defensive tackle efforts were Cook, Jim Chapman and Todd Bigelow.

Winside Drops - Soden's head completely out of the end zone for a Norfolk safety that made the final score, 10-6.

Both teams mounted moderate threats after this but the defense always came up with the big play to stop any scoring drives. Soden and Polak each showed flashes of passing brilliance with Soden finishing with 15 completions in 37 attempts for 131 yards while Polak had 11 of 32 for 125 yards. Winside intercepted three of Polak's tosses and Soden had two of his passes picked off by the enemy.

Phil Witt paced Winside receivers with five catches while Mike Jeffrey and Fritz Welbe, each grabbed three. Defense was the story of the game and Coach Barry spoke highly of his team's efforts as he commented, "I can't pick out

'MOUSETRAP' STAGE CREW. WMS Thespians Seymour, Doug Stanley and Amy Corvill (with her Pep Club Blue Devil 'tail' hanging over the table's edge) Instructor Sherian Frey observes the construction project in the background.

'Mousetrap' to Snap Friday and Saturday

Sounds of the hammer and saw have ceased in the Wayne High School lecture hall meaning the 12 Thespians on the construction crew for the production of 'Mousetrap' have completed their assignment. The trap is all set and the set is all a 'trap' for mystery this weekend. Building the stage scenery for the mystery made it necessary to turn the lecture hall stage into a home.

The Thespians are now inviting the public into this 'home' Friday and Saturday with adult tickets costing one dollar, 75 cents for students and 50 cents for children 12 years old and under.

The two-act mystery has two scenes in the first act for development of plot and a final act for the climax. Watha Christie wrote the original play and only until recently has the company owning the copyright permitted production of 'Mousetrap' by amateur casts.

Whereas there were 28 Thespians involved in 'Teabush of the August Moon' last year, only eight characters weave the thread of intrigue in this year's production.

Chris Peterson will appear as Molly Balston; Ron Seymour has the lines of Giles Talbot; Jon Merriman walks on stage as Christopher Wren; Jana Reeg interprets the personality of Mrs. Boyle; Mike Baier takes on the military figure of Major Metcalf; Elaine Lundstrom is known as Miss Caswell; Tom Karel appears as Mr. Parvanchi and

record jumped six steps up the national ladder in latest NAIA ratings. The Wildcats now are eighth in rushing defense on a 52.5-yard-per-game average. They had been 14th the previous week.

One step above Wayne, New Mexico Highlands has a 62.9 rushing defense average. And Highlands is the NAIA No. 1 team in current national ratings. The Wildcats have one more chance against Lea College next Saturday at Albert Lea, Minn., to improve all their statistics. Rushing defense is the main goal of Wildcat Improvement, where the team rates highest on the charts.

Concord Commercial Club to Give Away Holiday Turkeys

Concord's Commercial Club met last Wednesday evening to formalize plans for its Thanksgiving and Christmas promotions and also received a letter from the North Pole, advising that when Concord children would expect Santa's annual visit to town.

The club has decided to give away a total of 21 turkeys this year, six on Nov. 22, the Saturday before Thanksgiving, and five each the three Saturdays preceding Christmas.

Santa Claus informed the Commercial Club that he would be in Concord with treats for the children Dec. 20.

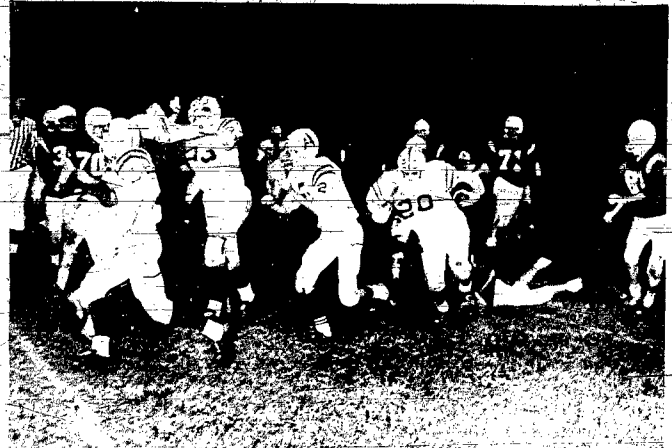

Bargholz: VA Benefits Depend Upon Income

Over 33,000 Nebraska veterans, widows, orphans and parents are receiving monthly benefit payments from the Veterans Administration. Continued entitlement to these benefits in many cases depends on the amount of their income, according to a VA announcement received by Chris Bargholz, Wayne County veterans' service officer.

More than 15,000 of these claimants were sent a questionnaire with the benefit check they received on or about Nov. 1.

Bargholz stated the questionnaires must be properly completed and returned to the VA not later than Jan. 15, 1970; otherwise, the January check will not be released. He offers his help to all residents of Wayne County in the proper completion of the questionnaire.

The Service Office is located at 108 Main St. in Wayne. Office hours are from 8 a.m. to 5 p.m. daily, Monday through Friday. His office will be closed Nov. 11 in observance of Veterans' Day.

EAGLE HALFBACK BOB SMITH receives plenty of protection here as he moves around his left end to help the Allen eleven chalk up a 21-0 victory over Emerson-Hubbard Friday night. Grid defenders protecting Smith are Loren Reuter (26), John Warner (33), and Gary Truitt (7).

AHS Eagles Cap Season by Shutting Out Emerson 21-0

Allen ended its season on a winning note Friday night by overpowering Emerson-Hubbard 21-0. The Lewis and Clark Conference game was played before the largest crowd of the season of 11,000.

Allen had a fine night on the ground, setting a new school record for first downs in a single game. The Eagles pushed for 22 first downs beating the old mark of 20.

Allen returned Emerson's kickoff to their own 30 to start the game. The next play saw Emerson's Gale Laeth pick off an Allen pass, but the Eagle defense held tight and forced a fourth down kick by Emerson. Allen was also unable to move the ball and kicked to put Emerson on their own 15-yard line.

E-H moved the ball to their own 48-yard line, but had to kick on fourth down, which moved the ball to the Eagles' 16-yard line as the quarter ended.

Allen began a march to the goal line and got as far as the Emerson 10-yard line when the ball slipped out of quarterback Gary Troth's hands. The ball was picked up by Emerson's Dennis Rhode. Emerson-Hubbard was thrown back to their own five and forced to punt. The Eagles took possession of the pigskin on the E-H 38-yard line and began their march to the goal.

With six minutes left in the half Loren Reuter crossed the goal from four yards out for the evening's first touchdown. The points after attempt was thwarted by the Emerson-Hubbard defense.

Emerson-Hubbard took the Allen kickoff, but lost the ball three plays later when Jon Rastede

landed on an E-H fumble. Allen was unable to put together a successful drive and attempted a fourth down kick. The kick was blocked and bounced back to the Allen 37-yard line. E-H quarterback Ron Carder connected with Layton Jensen on the next play to put them on the Eagles' 18-yard marker. Emerson then went to the four-yard line on a pass interference call against Allen.

The following play Brian Linafeller intercepted up with an Emerson pass to give the Eagles the ball with 25 seconds remaining in the half. The Eagles ran the clock out to end the half. Allen's Mike Isom kicked to the E-H 14-yard line to start the second half of play. They were forced to punt on the Allen 46 but Warren Steele picked up the ball when it slipped out of the Allen receiver's hands. Emerson went down to the seven-yard line but lost possession when Allen's John Smith picked up a loose ball. Fumble was the word for Allen three plays later and this time Emerson's Dennis Rhode picked up the ball on the Allen 40-yard line. Two plays later Mike Ellis intercepted an Emerson pass to give the Eagles possession on their eight-yard line. Allen ran eight plays and gained five first downs to put them on the Emerson 30 as time ran out in the third quarter.

The march to the goal continued and two more first downs racked up, before John Warner capitalized on the 92-yard march by swinging across the goal with 10:30 left in the game. Loren Reuter added the points after to put the home team ahead 14-0.

Emerson took the Allen kickoff on their own 12-yard line,

Wayne Junior High Team Undefeated In '69 Grid Action

Coach Hank Overin's Junior High gridlers wrapped up an undefeated season last Tuesday as they downed the Lyons Junior High 24-6. The victory put their fifth game in the plus column with no losses.

After a scoreless first quarter Gordon Cook put the Wayne line on the scoreboard early in the second quarter when he plunged off-guard for five yards and six points. Bill Schwartz passed to Ferie Overin for the bonus points, giving the Juniors an 8-0 edge at half time.

The Wayne team took the opening kick in the second half and was able to drive to the Lyons three-yard line before they were forced to give up the ball on downs. The Wayne Juniors then mounted a tough defense and held the Lyons team to one yard in the next series of plays. The Lyons punt put the ball back to the 30-yard line, but Schwartz connected with another aerial to Overin for the distance. Kerry Jech went off-guard to add another two points, giving the Wayne eleven a comfortable 16-0 lead

at the end of the quarter. Jech set up another scoring play in the final period of the ball game as he went off-tackle for 37 yards, carrying the ball down to the 3-yard line. Cook hit paydirt on the next play. A pass from Scott Filiers to Bruce Bucera added the final two points to the Wayne score. Lyons was able to save face in the final minutes of the game, as they found the winning combination to give the six points at the close of the action.

Coach Overin cited Gordon Cook as the standout of the ball game on both offense and defense. Overin also noted the offensive efforts of Jech, Jeff Lamp and Kevin Heitbold. Receiving Overin's praise for their defensive tackle efforts were Cook, Jim Chapman and Todd Bigelow.

Score by quarters: Wayne 0 8 16 8-24; Lyons 0 0 0 6-6

Winside Drops - Soden's head completely out of the end zone for a Norfolk safety that made the final score, 10-6.

Both teams mounted moderate threats after this but the defense always came up with the big play to stop any scoring drives. Soden and Polak each showed flashes of passing brilliance with Soden finishing with 15 completions in 37 attempts for 131 yards while Polak had 11 of 32 for 125 yards. Winside intercepted three of Polak's tosses and Soden had two of his passes picked off by the enemy.

Phil Witt paced Winside receivers with five catches while Mike Jeffrey and Fritz Welbe, each grabbed three. Defense was the story of the game and Coach Barry spoke highly of his team's efforts as he commented, "I can't pick out

Heavy Schedule Set for Wayne Coed Cage Season

MAKING A PRELIMINARY SURVEY. Erv Marr, left, and Alfred Arasmith, soil surveyors from the Department of Roads in Lincoln, were in the Wayne area Thursday taking soil samples which will be needed for future highway construction. The men are shown here taking samples from the roadbed on Highway 15 north of Wayne. At this particular location the right-of-way will be extended five feet on either side of the highway, and the dirt from the excavation will be moved down the hill, making the highway nearly level. No date has been set for the construction.
